BILL APPROVED IN THE CAUCUS

DEMOCRATIC TARIFF MEASURE
WILL BE READY FOR DE-
BATE ON WEDNESDAY

FREE LIST IS ENLARGED

Measure Approved Overwhelmingly in
Caucus—Some Ask Freedom
Caucus Pledge

By Associated Press.
Washington, April 19.—The Demo-
cratic tariff revision bill with its
sweeping reductions and its lengthy
free list which was increased today
and with its income tax now is ready
for debate in the House. It was ap-
proved overwhelmingly late today by
the Democratic caucus after two
weeks' discussion. Monday, Mr. Un-
derwood will re-introduce it, Tuesday
the ways and means committee will
report it favorably and Wednesday
debate will begin. Mr. Underwood
predicts the bill will pass the House
by May 15. Administration leaders
think two months will be enough for
it to pass the Senate. They believe
Congress will be ready to adjourn
about July 15 unless it is decided to
bring in a currency bill after the
tariff.

Some Want Freedom From Caucus
Pledge.

Several Democrats took advantage
of the rules granting them freedom
from the caucus pledge to support
the bill in its entirety. The members
released from caucus pledge were
four from Louisiana, three from
Ohio, two from New Jersey, two
from Connecticut, one from Wiscon-
sin and one from Illinois.

Only minor changes were made in
the bill. These changes are shoe
machinery, buckwheat, rye, rabbit fur
and phosphoric acid, transferred from
the dutiable to the free list; onyx
reduced from 65 cents to 50 cents a
pound; cut diamonds are un-
changed, but cut diamonds are in-
creased from 15 to 20 percent. Cas-
tor oil is reduced from 15 to 12 per-
cent; cod, seal and herring oil re-
duced from 5 to 3 percent; shark oil
increased from 5 to 8 percent. Van-
illa beans were reduced from 50 to
30 cents a pound; salts and other
compounds of which Bismuth, gold,
platinum, radium, silver, tin and
uranium constitute the chief value
are cut from 15 to 10 percent.

Argument Over Shipping Discount.
The big argument today was over
a provision to allow a 5 percent dis-
count on merchandise imported in
vessels built in the United States and
owned entirely by American citizens.
This was opposed on the argument
that it was a subsidy. There was
then proposed an amendment to
make this clause apply to include all
vessels entitled to be registered un-
der the American laws. On the vote
on this question the first break in
the ways and means committee oc-
curred. The committee was split but
finally accepted this last change as
quoted.

Hearings By Brief Before Senate
Committee.

Oral hearings on the tariff will not
be granted by the Senate finance
committee, according to Democrats
on that committee. Business men in-
terested will, however, be allowed to
file briefs.

LOCAL TEAM WILL PLAY BURKBURNETT

Game at Lake Park This Afternoon
Promises Much Interest—Game
Called at 3:30

A picked team comprised mostly of
clerks will play the Burk Burnett
team at the lake park this afternoon.
The Burk Burnett team contains a
number of players from the oil field,
some of whom have played profes-
sional ball. The local team is made
up of some good talent including Joe
Henson, Frank Collier, W. M. Huey,
L. Smith, Fred Smith, Jim Elliott,
Clyde Winfrey, Charlie McKeehan,
Russell Jones and others. Fred
Smith will probably do the twirling
for the local team.

An admission of 25 cents will be
charged and an interesting contest
may be looked for.

Optional With Governor.

By Associated Press.
Austin, Texas, April 19.—Attorney
General Looney communicated an
opinion to Governor Colquitt this
morning in which he advised the gov-
ernor that it was optional with him
whether he granted a requisition for
the return of a person wanted for a
crime from another State.

NO TROUBLE IN SERVING ROCKEFELLER

Oil Magnates in New York Treated
Texas Legal Emissary With
Much Courtesy

By Associated Press.
Houston, Texas, April 19.—Richard
G. Maury, district attorney of Harris
county, who has been retained by the
attorney general to assist in the
prosecution of ouster suit against cer-
tain oil companies filed in the dis-
trict court at Greenville, has re-
turned from New York, where he went to
issue service upon Rockefeller, Arch-
bold and other non-resident defend-
ants.

"I had no trouble in serving Rocke-
feller, Archbold and the others," he
said, "I simply went to their repre-
sentatives and told them what I want-
ed and asked them to make it as
easy for me as possible, assuring
them of our desire to put them to no
greater inconvenience than possible.
I found that method worked splendid-
ly and I was treated with the great-
est courtesy by Mr. Rockefeller and
Mr. Archbold. We now have service
on all the non-residents in the suit
and of course we expect an early
trial."

GUAYMAS IS ATTACKED

Rebels Mount Machine Guns On

Is Proclaimed

By Associated Press.
El Paso, Texas, April 19.—Seventy-
five Mexican Federals were killed
when insurgents dynamited a troop
train near Chihuahua City. Refugees
arriving here tonight brought this
news. The dynamiting occurred a few
days ago.

By Associated Press.
El Paso, Texas, April 19.—The
federal garrison at Juarez finds it-
self in a serious predicament. It
was discovered today that the breech-
locks of all the cannon are missing
rendering the pieces useless. A sup-
ply of ammunition also sent here has
failed to arrive and is said to have
been seized en route by State troops.
General Vasquez is in command of
a strong force here but they are vir-
tually without artillery. Jose Peces
who was an official of the border
town has been arrested for complicity
in the disappearance of the
breechlocks but they have not been
found. They can be replaced only af-
ter considerable expense of time and
money and it is reported that both
ammunition and artillery will be
needed by the federals at Juarez be-
fore the breechlocks can be replac-
ed.

American Residents Ask For Guns.
By Associated Press.
Mexico City, April 19.—The Ameri-
can residents of Tampico, Monterey
and Terreon have appealed to the
American Ambassador for rifles so
that patrols may be organized in the
foreign residence districts where
there is fear of attack by the rebels
or mob. The American Ambassador
has recommended that these be fur-
nished if the government is not able
to afford adequate protection. They
are only small garrisons in these
towns and there are many maraud-
ing bandits in the immediate neigh-
borhood.

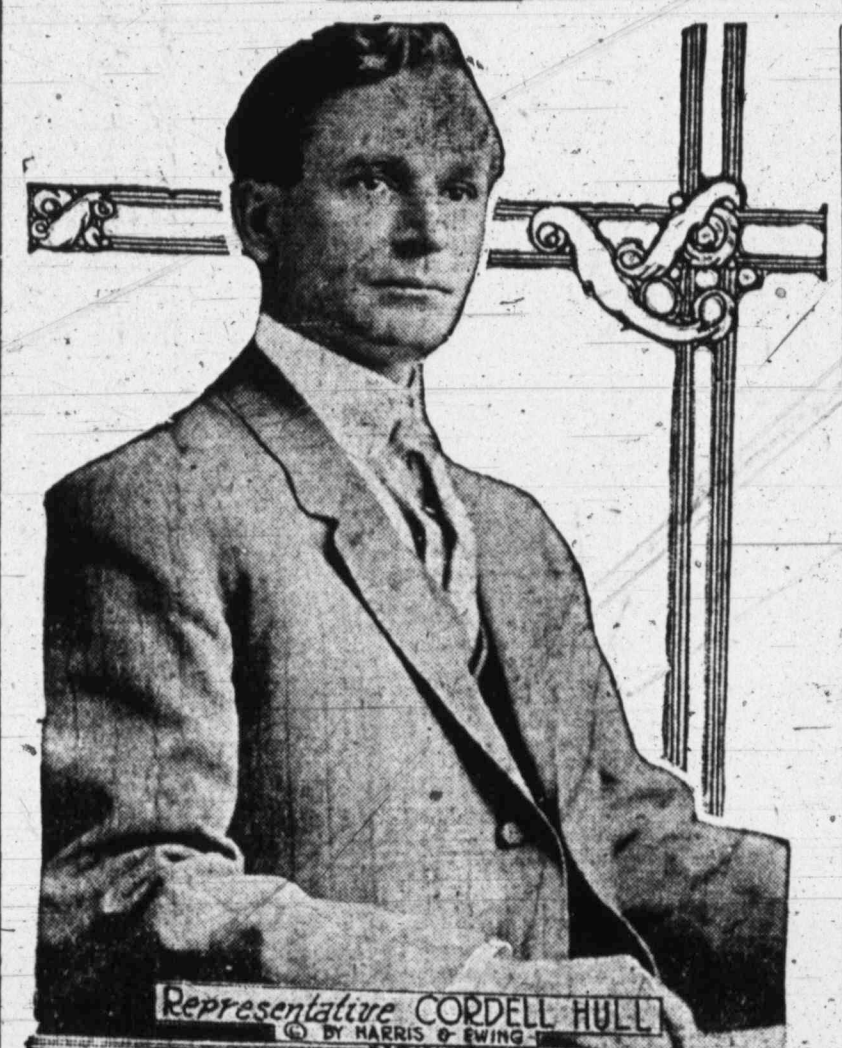

State Troops Bombard Guaymas.
Nogales, Ariz., April 19.—Insurgent
State troops began the bombardment
of Guaymas at long range today
from across the Gulf of California. A
federal garrison of 600 is defending
the city while the insurgents are
said to number 1,000 and have re-
inforcements on the way.

After vigorous firing from Empalma
across the bay to Guaymas the firing
subsided late this afternoon. Bullets
fell near the hospital but none of
the American colony in that vicinity
are reported to have been killed.
The rebel troops successfully em-
ployed machine guns mounted on
steam launches. The rapid fire guns
are said to have played havoc with
the federal artillery. Eight federal
artillerymen were killed.

The Man Who Drew Up Income Tax Provisions of New Tariff Bill

Washington, April 18.—Representa-
tive Cordell Hull of Tennessee, who
is the author of the income tax sec-
tion of the Underwood tariff bill, is
a pretty busy man just now explain-

provisions. To many even in the of-

its puzzling features. Representatives
first of all sought out their southern
colleagues and asked him how the tax

POPE'S CONDITION IS SATISFACTORY

His Brother Angelo Sargo Visited
Plus Saturday—The Meeting
Was Pathetic

By Associated Press.
Rome, April 19.—The Pope's con-
dition was regarded as satisfactory
today. The Pope's brother, Angelo
Sargo, visited him today and the
meeting brought tears to the eyes of
the onlookers. Angelo, although only
one year younger than the Pope, is
 hale and robust while the Pope ap-
peared thin, languid and pale. The
bright sunshine which flooded the
Pope's room this morning caused the
Pope to exclaim, "On such a day as
this, I cannot imagine that anyone
could be ill."

men and wounded twenty-three. 21-

heat generated by sulphur caused

MORGAN'S WILL REMARKABLE ONE

INTIMATE FRIENDS SAY DOCU-
MENT IS A PORTRAIT OF
MR. MORGAN HIMSELF

TO PROBATE ON MONDAY

Bulk of Great Estate Left to Son—All
His Employees Were Re-
membered

By Associated Press.
New York, April 19.—"I commit
my soul into the hands of my Savior
in full confidence that having re-
deemed it and washed it in his most
precious blood, he will present it
faultless before the throne of my
Heavenly Father; and I entrust my
children to maintain and defend at
all hazards and at any cost of personal
sacrifice the blessed doctrine of the
complete atonement for sin through
the blood of Jesus Christ, once of-
fered, and through that alone." This
is the extraordinary and striking ut-
terance that begins the will of J.
Pierpont Morgan.

Most interesting American Will.
Of all interesting wills of promi-
nent Americans this one which will
be offered for probate Monday morn-
ing is, by far, the most interesting.
There is nothing in the will to give
any accurate idea about the amount
of the estate. The executors say no
announcement will be made on this
point until they appraise has been
made for the state inheritance tax.

Bulk of Estate To J. P. Morgan Jr.
The amount of the bequest in
trusts named by specific sum is un-
der twenty million dollars, but the
entire remainder is left to J. P. Mor-
gan Jr., who is made chief heir not
only to Morgan's fortune but to his
charitable and patriotic activities.
Two or three intimate friends of Mr.
Morgan who have seen the will say
it is a portrait of Mr. Morgan him-
self. The religious side of his char-
acter was known to his close asso-
ciates but not to the world.

Makes Plain Own Hopes About Art
Collection

Concerning Mr. Morgan's wonder-
ful collection of pictures and other
art treasures he makes perfectly
plain what his own hopes on this
point have been, but nevertheless he
leaves to his son entire freedom in
disposing of this matter. His promi-
nent charitable bequests are com-
paratively small and are given to
those charities with which he had
been closely associated.

Thought For All Employees.

One unusual clause shows Mr. Mor-
gan's thought for all of the people
who had been near him in his daily
work, this clause gives to each em-
ployee at the time of his death of the
firm of J. P. Morgan & Company, an
amount equal to one year's salary.
He also gives one year's salary to
certain employees of his London firm
which was dissolved several years
ago. His valet receives \$15,000.

TRIPLE MURDER IS REVEALED

Boy Held Pending Investigation of
Deaths of Illinois Woman and
Children

By Associated Press.
Elgin, Ill., April 19.—What appears
to be a triple murder was revealed
by the finding of the mutilated bodies
of Mrs. Nannie Slep, and her two
small children in an abandoned clear-
ing on the Slep farm five miles west
of Elgin today. The trio had been
missing since Monday evening. Late
this afternoon Herman Coppes, a six-
teen year old boy of the St. Charles
school for boys who had been on
parole with the Slep family for six
months was taken into custody and
held in connection with the murder.
Mrs. Slep and her children disappeared
Monday afternoon, her husband
found their bodies this morning in a
cistern the only opening to which is
through the kitchen floor. The skulls
of both children were crushed and
there were five bullet holes in the
mother's body. Blood stained axes
with which it is believed the children
were killed were found in a wood-
shed adjoining the house.

buildings. The convicted members
signed their own appeal bonds.

BELIEVES COLQUITT HAS MADE MISTAKE

Action in Vetoing 9:30 Closing Law
Will Likely Precipitate Strife at
Special Session

By Associated Press.
Austin, Texas, April 19.—Even the
friends of Governor Colquitt believe
he has made a mistake in vetoing
the 9:30 saloon closing bill. They
believe he should have affirmed the
bill, disregarding the actions of the
comptroller. They say the com-
ptroller would have had no grounds
on which to enforce his own views in
the matter of relicensing saloons.
The introduction of the 9:30 closing
bill into the special session of the
legislature will revive the agitation
of liquor legislation and may divide
the House and make it harder to
pass the appropriation bills asked by
the governor.

WICHITA COUNTY BAR ASSOCIATION

ATTORNEYS OF COUNTY MET
FRIDAY NIGHT AND PERFECT-
ED AN ORGANIZATION

PRECEDED A BY BANQUET

Hon. R. E. Huff Elected President of
Association—Will Urge Fed-
eral Court

At a meeting of the lawyers of
Wichita Falls Friday evening, a
Wichita County Bar Association was
organized. The association at present
includes a membership of twenty-
five.

The meeting held Friday evening
was preceded by a banquet at the
Westland Hotel, which proved a very
enjoyable occasion for those in at-
tendance.

The following officers were elected
by the association to serve for a term
of one year: R. E. Huff, president;
J. M. Blankenship, vice president;
Fred Householder, secretary and
treasurer. The board of directors is
composed of the following: W. N.
Bondar, John C. Kay, A. H. Carrigan,
W. T. Carleton and A. A. Hughes.
Various committees will be appointed
by the president at a meeting to
be held in the near future. These
committees will include entertain-
ment, ethics and legislation.

A constitution and by-laws were
adopted and in them a provision made
for business meetings to be held
quarterly, although social gatherings
will be held by the association at
least once a month. The member-
ship fee is \$6. Wichita Falls has in
all 40 licensed lawyers, all of whom
will probably become members of the
association.

During the meeting there was a
motion adopted that the sense of the
meeting should be provided for in
the endeavor the association will
make to obtain for Wichita Falls a
federal district court. Members of
the association will intercede with
congressmen and representatives
throughout the northwestern portion
of this State requesting their aid in
bringing about the location of a new
district with a federal court to be
sustained in this city. There are
now four districts in the State, the
nearest federal court presently be-
ing located in Fort Worth.

It will mean a great deal to the
lawyers of Wichita Falls if this
measure is adopted at the next ses-
sion of Congress, when it is pro-
posed to have it brought up. It will
not only bring them a great amount of
business, but will eliminate the large
expenses "necessitated by visiting
Fort Worth and Amarillo to try all
government cases.

WOLGAST BEATEN BY HIRAM TONEY MURPHY

Wolgast Received Worst Beating of
His Career at Hands of
Murphy

By Associated Press.
San Francisco, Cal., April 19.—
Hiram Toney Murphy was given the
decision over Ad Wolgast in their
20 round fight here today. The re-
sult brings Murphy forward as first
in line to fight the light weight Cham-
pion Ritchie. For 16 rounds the fight
was a draw, but the 17th Wolgast
missed a right swing and spun
around like a top and Murphy struck
him so hard in the face that blood
came and Wolgast wilted like a leaf
and clutched at the end of the fight
to avoid a knockout. Wolgast re-
ceived the worst beating of his ring
career in the 18th round. After the
fight Wolgast was a ghastly sight.

WILSON'S VIEWS ON ALIEN LAWS

TRANSMITTED THROUGH SEC.
BRYAN TO GOV. JOHNSON
OF CALIFORNIA

FAVORS SENATE BILL

President of Opinion House Measure
Might be Construed to Vi-
olate Treaty

By Associated Press.
Washington, April 19.—President
Wilson and Secretary Bryan today
made public their views on the leg-
islation now pending in Califor-
nia by which Japanese would be pre-
vented from owning land in that
State. Secretary Bryan telegraphed
Governor Johnson of California that
President Wilson believed the Califor-
nia House bill might be construed
as a violation of treaty obligations
with Japan, but that the California
Senate bill as now drawn would not
be objectionable. The assembly bill
would prohibit aliens from owning
land.

The language of the Senate bill
restricting ownership of land to citi-
zens of the United States "or to
aliens who have declared their inten-
tion of becoming citizens" is approved
by the president, who has discov-
ered that this is the wording of the
laws already in force in New York,
Delaware, Kansas, Minnesota, Ken-
tucky, Washington, Missouri and the
District of Columbia. All these laws
make it impossible for Japanese to
own land until they are able to de-
clare their intention of becoming
citizens, a privilege which the lower
courts thus far have not given them
because they are not of "white or
African descent." By enacting a law
similar to those in several other
States, California would not em-
barrass the government because no
protest has been made against these
other statutes.

It is probable the Japanese will at-
tempt to have this question settled in
the higher courts.

Telegram May Defeat Legislation.
By Associated Press.
Sacramento, Cal., April 19.—The
defeat of the proposed alien land leg-
islation in California may result from
the telegram which Secretary Bryan
sent Governor Johnson today. Sec-
retary Bryan's preference for the
Senate bill caused the formation of
two opposing factions which are
about equal in strength. Both sides
admit that it is doubtful whether
either faction will be able to muster
the 21 votes necessary to pass the
land legislation in the Senate.

BASEBALL CONTRACT FORM OF PONAGE?

Ty Cobb's Case May Cause Congress-
sional Inquiry Into Baseball
Employment

By Associated Press.
Washington, April 19.—The con-
troversy between Ty Cobb and the
Detroit American League Baseball
Club over the signing of Cobb's con-
tract this season may cause an in-
vestigation by Congress to determine
whether this contract violates the
Sherman anti-trust law or the law
against ponage.

Representative Hardwick of Geor-
gia is preparing a resolution for an
investigation which he expects to in-
troduce in the House next week.
Senator Hoke Smith, of Georgia, who
believes Ty Cobb is one of the
South's most prominent citizens,
telegraphed Cobb in Georgia today,
asking him to forward to Washing-
ton a copy of his contract and in-
formation regarding conditions which
players find.

HOT SPRINGS SHERIFF REMOVED FROM OFFICE

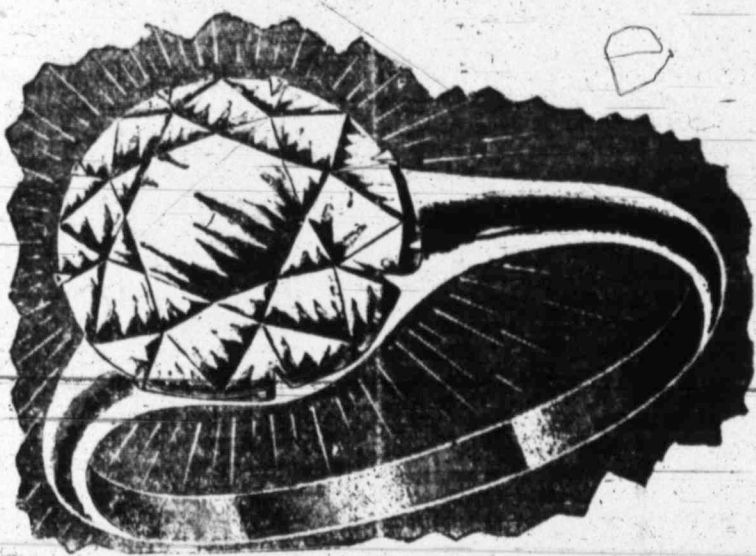

By Associated Press.
Hot Springs, Ark., April 19.—Sheriff
R. L. Williams was removed from of-
fice temporarily this afternoon when
a grand jury return eleven bills of in-
dictment against him charging non-
feasance in office. Indictment for the
same offense were also returned
against three other city officials or
former officials including Mayor W.
W. Waters. Waters was defeated for
re-election a month ago. All the in-
dictments charge failure to enforce
gambling laws. Sheriff Williams is-
sued a statement tonight saying his
indictment was the result of revenge
by gamblers whose places he had
closed and because he had supported
the felony law which was passed by
the last legislature.

Locals, However, Appear to be Playing in Better Form Than Here

Special to The Times. Ardmore, Okla., April 19.—The Drillers won from Ardmore in the second game of the series today, by a score of 5 to 3. Jones, on the mound for the visiting team kept the locals' bingles well scattered but 7 hits being gained off his steady delivery. Given perfect support the Wichita twirler easily led his team to victory.

Allen, twirling for the locals allowed the Drillers to garner 11 hits off his erratic delivery, the latter including a home run by Catcher White, a three bagger by Morris.

The visitors played a clean fielding game behind Jones. Two fast double plays by the locals kept down Wichita Falls' scores. The score:

To the Man Who Wants a Better Suit

Last week I offered a Blue Serge suit for \$18. It was a dandy good one, and one worth more money, but a number of my customers asked if I couldn't offer as good a bargain in a little higher priced goods—some more suitable for all occasions, that looks snappy for business and dressy for informal social events. Such suits usually cost \$35 to \$40, and good dressers pay that price, and think nothing of it. They're worth it.

However, I've got ten pieces of English Cheviots, English worsteds and basket weave worsteds, in gray, tan, brown, and checks and stripes, as well as solids that I can sell for

\$25.00

I will make these up to measure, with hand-fell-ed collars, shaped shoulders, unbreakable fronts, hand worked buttonholes and full mohair linings, and guaranteed a fit. This price is for a two-piece suit—the vest will be \$3.50 extra, if you want it.

For the man who wants a better suit, this is the best proposition in Wichita Falls. The clothes are the season's accepted materials, all wool, and the patterns are the prettiest of a big mill's entire output.

ALBERT TAYLOR'S CO. TO REMAIN THIS WEEK

This Decision Announced Saturday Night—"Peace Valley" Pleased Everyone

At the Majestic last night Albert Taylor revived Sol Smith Russell's old play, "Peaceful Valley," and pleased a good sized audience. Mr. Taylor is very much like Russell in all of his characteristics, and the play is particularly suited to him. He was well supported by the Misses Hollingsworth, and a well selected company for all the parts makes of "Peaceful Valley" a very delightful production.

The company has decided to stay

In Wichita Falls all this week and during the time a repertoire of popular plays will be produced, not the least of which will be Jack London's great play "The Game."

THREE DROWNED IN SINGULAR ACCIDENT

Auto in Which Were Two Children and Governess Dashed Into River

By Associated Press.

Paris, France, April 19.—Two children of Isidore Duncan, the American dancer, 5 and 3 years old and their English governess were drowned as a result of a singular accident today when the auto in which they were

riding along the Boulevard Bourbon in the suburbs plunged from the roadway into the River Seine. The machine had been brought to a stop because another automobile was approaching from the opposite direction and had lost power. The chauffeur descended to the ground and started the engine, but as the power had not been turned off the machine started abruptly and gained headway so swiftly that the chauffeur was unable to regain his seat. The automobile with no guiding hand left the roadway, ran over the embankment, which is not protected with a parapet and then dashed into the river.

Did you ever think of figuring the amount you are spending on collars yearly? You ought to do so, you would be astonished at your own figures. You will go in at a store and ask for a couple of linen collars, plank down 25c for them. You and the dealer are under the impression you are getting a linen collar, but you do not get what you are expecting to get unless it is stamped inside of the collar "Warranted Linen". There is but one manufacturer manufacturing linen collars stamped "Warranted Linen" made out of linen cloth at a cost of 40 cents a yard instead of cotton cloth at a cost of 10c a yard at the same price as cotton collars—2 for 25c. All styles and sizes as well as 14 sizes.

Wichita Falls, Texas, April 20, 1913

State Senator W. A. Johnson of Memphis, writes The Times from Washington that he is there for the present "helping our friend Woodrow getting the ship of State under way" and intimates that the work of "turning the rascals out" is on at rate that meets with his entire approval.

The revolutionists of Mexico, now said to number 70,000 armed men under the direct leadership of Gov. Carranza, have delivered their ultimatum to the slayers of Madero which in short is: The immediate resignation of Huerta and his cabinet; departure from the republic forthwith of Gen. Huerta, Gen. Felix Diaz, Gen. Mondragon and Gen. Blanquet. The perfidy of Huerta, it would seem, has created a storm that will not be still until he and his followers have paid the penalty for their butchery of Madero and Suarez. An army of 25,000 revolutionists is now said to be prepared to march on the City of Mexico, which is a much larger force than the federals can count on and June 15 has been set as the day upon which the Huerta government will collapse. As to how optimistic or overdrawn this may be of course cannot be ascertained, but this much is certain: Huerta is not as strong with the people of Mexico as was Madero, and this being true, it is hardly possible for him to remain in control many days longer. His forces are deserting rapidly and there is hardly a doubt but that he would entertain a proposition to compromise if the opportunity was given him.

The New York World sizes up the situation as follows: "It is not protection that is to be removed from the tariff by the Congress assembled. It is monopoly. It is not an American system that is to be destroyed. It is privilege—an institution alien and monarchistic. There will be plenty of protection in our tariff when monopoly, plunder and oppression shall have been taken out of it." That is just what the Democratic administration is going to do. If, by doing this, the people whom it is sought to benefit, and who will in the end be benefited, become timid, scared and finally panicky, then it will be their fault. There is no cause to become alarmed, and if those who are good at the art of alarming the people that they may add further to their riches bring about a panic (and they have the power and the means to do this)—they are apt to be disappointed. Things are not now like they used to be. If we can read aright the man who now fills the president's chair is one who knows no fear, and threats will not go with him. Even if there threats are put into execution they will fail of their purpose. The American government, for the first time in years, is now controlled by the people through the president and Congress and not by the money kings and monopolists. Their day is past, at least for the present. Let us hope they will never again gain the strong foothold they once had.

PLAYING THE GAME ACCORDING TO THE RULES

"The Commercial Secretaries are now coming in for another season of lambasting in strictly political circles, it appears. No doubt the secretaries are mostly a mighty dangerous lot of fellows and need watching; prominent citizens of any state in various useful callings, industries and professions are always trying to tear down and destroy the foundations of their own prosperity, and but for the sleepless alertness and earnest solicitude of their more astute political brethren, the Secretaries of Texas might ruin themselves entirely and thousands of others along with them. But there is one thing that can be said in extenuation of even the acts and activities of the Commercial Secretaries, and as they are, and iconoclastic and "sinister" as Brother Tom Campbell regarded them. They have conducted their campaign in the open light of day, and have never attempted to unload anything on the public under mask and cover of demagogic appeal. They have presented facts and figures and have tried to bring others to their way of thinking by legitimate arguments and reasoning based upon such facts and figures. Consequently, to be afraid of the secretaries looks somewhat like being afraid of the truths, they have been telling, unless the gentlemen who are scared can show that Texas facts have been manipulated in the interests of private lines of logic on the outside. The secretaries, for example, have contended that Texas needs more railroads and is not getting them fast enough; that it needs

more industrial plants, and they are coming too slowly; that the mineral wealth should be developed but development is dragging; that good roads and improved farming should be pushed more and more vigorously; that a more equitable adjustment of tax burdens and a more liberal attitude toward capital and enterprise would hurry along all the other desired and important features of material progress. If they have enlisted a great army of thinking men in their campaign, they have done so under the latest and strictest rules of publicity. If their work and their proposals, up to this time, be treason, then the brothers of "suspicion and alarm" will have to make the most of it—and that will not be much. There are a lot of public and quasi-public men in Texas who don't seem to realize which way the procession is moving. Instead of trying to head the Commercial Secretaries off they should try to catch up with them and thus get nearer the band wagon.

The above is a clipping from the Fort Worth Star-Telegram with reference to the Commercial Secretaries. We do not agree with the Star-Tele-

gram in its opinion of ex-Gov. Campbell in general, but we are inclined to think that Governor Tom was not justified in some of the things he said about the Commercial Secretaries. We are acquainted with many of the gentlemen who compose the official board and executive committee of the Commercial Secretaries and who, in a great part, supply the news of war for the splendid organization. Almost without exception they are broad-gauged, liberal gentlemen who are working for the good of Texas, and are generally the most enterprising and public spirited citizens of their respective communities. The manager of the Commercial Secretaries may, at times, go off a little wrong, but in the main its work has been for the uplifting and development of Texas. We have not always agreed with them in the past and do not expect to agree with them at all times in the future, but we most heartily endorse the work they have done and are doing for Texas.

The DETROITER

The Greatest Little Car
in the World

THE DETROITER flashed to success almost in a day—one year ago. The public has never before seen a car embodying all the fundamentals of highest-priced motor car practice at this price of \$850. Here is an attractive, straight line automobile with the long stroke motor, multiple disc clutch, full floating rear axle, platform rear springs, left-hand drive, and center control—six best features that ninety-nine out of a hundred experienced motorists would check off as those most to be desired in any car at any price. But these six features are not all. Every part of the mechanism follows those ideas which experience has shown to be the safest, the least wasteful of power, and the most conducive to the comfort of the passengers—such ideas as a unit power plant with enclosed fly wheel mounted on a three-point support, a selective three-speed transmission, and ball-bearings throughout the car. Every defect of the low priced field is corrected in this high product of engineering skill.

By Associated Press. St. Louis, April 19.—The program of the fourth American Peace Congress which will be held in St. Louis May 13th was announced today. Among the speakers for the first day are Andrew Carnegie and Senator Burton of Ohio. Others who will speak during the Congress are Edward Mead of Boston, John Lewis, Editor of the Toronto Star, Justice W. M. Siddell of the Supreme Court of Ontario, Justice D. Russell of Halifax and Booker T. Washington.

Secretary of State Bryan will deliver two addresses and Mrs. Percy

Pennybacker of Austin, Texas, president of the General Federation of Women's Clubs will speak at the closing meeting.

IT COSTS TO BE AN AMBASSADOR

Paris, April 19.—The American at home who reads of the difficulty of finding suitable ambassadors because the salaries are so small may wonder why \$17,500 a year isn't enough for any American family to live on, whether at home or abroad. That sum does not seem sufficient, and more, to the every-day onlooker until he sees what an ambassador and his wife are really expected and compelled to do. Then doubts may arise.

The first serious thing is the house. When the ambassador reaches his field of work he begins to realize that his country will be judged by what he does; that he is no longer an individual American who may act as he pleases about most things, but that his country will be misjudged unless he conforms, to some extent at least, to the ways in which other ambassadors do things. Therefore, he determines that he should occupy a house and not live in a flat. If he cannot afford a house in the center of the exclusive section, it must at least be on the fringe of this quarter. The house which has been occupied in Paris by several American ambassadors is neither large nor particularly imposing, yet the rent is \$12,000 a year unfurnished. The residence is about one-quarter as large as the British, the Russian or the German embassies. If the new ambassador should decide to take over the house of his predecessor, two-thirds of his salary will go in rent. He may, by searching, find a smaller house, or he may engage a furnished apartment. The latter would save him an expense of about \$5,000, the cost of moving his household goods from the United States to Paris and back again. But even a furnished apartment on the borders of the desirable districts would cost him a third of his salary.

The ambassador and his wife, upon their arrival and continuously thereafter, are invited to other embassies, to the entertainments of the high officials of government, and to the home of the important people of the capital. Everywhere the ambassador and the members of his family find expulsive dinners, flowers, numerous servants, beautiful costumes. He does not choose his associates. They are made for him by his position as ambassador of the United States.

He is not invited on personal grounds, but because he is ambassador of one of the great governments. If he were not invited, the government of the United States might have just cause of complaint. If he did not go freely among his colleagues and people of equal rank, it might have further cause of complaint and his work as an ambassador would be the more difficult. The social life of an ambassador is so interwoven with his official position that to fill the one serviceably, he must give time, thought and money to the other. Being entertained, he must entertain. Proper feeling compels him to do so, and strive as he may he is drawn into expenses on which he never reckoned. He is humiliated in his own opinion, if he endeavors to avoid them.

One ambassador to a continental state, on a salary of \$17,500 a year, once said to a friend:

"I read in the American papers that I am saving money out of my salary. You know I live at a hotel; that I have a hired carriage; that I do everything about as simply as I can. Well, I have just gone over my books, and I find that during the past twelve months I have spent \$37,000."

ACME LAUNDRY WILL SOON START OPERATIONS

The work of remodeling and placing machinery is rapidly progressing at the plant of the Wichita Laundry Co., located at the corner of Fifth and Ohio streets. The plant was formerly operated about a mile and a half east of the city the building having been removed to its present location about two weeks ago.

The owners, R. B. Ross and E. D. McHam, are confident that in their new location their business will be greatly increased and are making provisions to handle a larger quantity of work than the capacity of the factory formerly allowed. The plant will be operated under the name of the Acme Laundry.

Considerable new machinery has been added to the plant's equipment. A force of about twenty laborers will be employed in commencing operations, although this number may be increased later. The owners expect to be prepared to open up their plant about May 1st.

CITATION BY PUBLICATION

The State of Texas, To the Sheriff or any Constable of Wichita County—Greeting: You are hereby commanded to summon J. J. Mullins and the unknown heirs of J. J. Mullins by making publication of this Citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Wichita County, to be holden at the Court House thereof, in Wichita Falls, on the first Monday in June, A. D. 1913, the same being the second day of June, A. D. 1913, then and there to answer a petition filed in said Court on the 5th day of April, A. D. 1913 in a suit, numbered on the docket of said Court No. 4561, wherein J. P. Lynch, Bishop of the Roman Catholic Church of the Dallas Diocese, State of Texas, and Trustee of the church of the Sacred Heart at Wichita Falls, Texas, and the Roman Catholic Church of the Sacred Heart at Wichita Falls, Texas, are plaintiffs, and J. J. Mullins and the unknown heirs of J. J. Mullins are defendants, and said petition alleging that on or about the 11th day of December, 1907, plaintiff was and is now lawfully seized and possessed of the following described lands and premises, situated in the County of Wichita, State of Texas, holding and claiming the same in fee simple, to-wit:

Five acres of land out of the Simpson Holloway Survey, Patent No. 21, Vol. No. 26, Certificate No. 1045, situated about two miles west of Wichita Falls, in Wichita County, Texas, described by metes and bounds as follows: Beginning at a point 912.6 varas North and 1171.6 varas west of the Southeast corner of said Simpson-Holloway Survey; Thence South 237.6 varas; Thence West 181.8 varas; to a stake in the West line of said Simpson-Holloway Survey; Thence North with its well line 237.6 varas a stake; Thence East 181.8 varas to the place of beginning. That on the day and year last aforesaid, to-wit December 11th, 1907, plaintiff acquired said land by deed of conveyance from W. Hund by which he conveyed to E. J. Dunn for the benefit of the said Roman Catholic Church for a cemetery in the said County of Wichita and State of Texas, the said land. That said deed was immediately filed for record in the office of the County Clerk of Wichita County, Texas, to-wit: on the 1st day of February, 1908, and was on said date duly recorded in the Deed Records of Wichita County, Texas. That since said time, to-wit: the 11th day of December, 1907, the plaintiffs and Trustee beneficiary, claiming the same under said deed, duly registered, has had peaceable, continuous and adverse possession of said land and tenements hereinabove described, occupying, using and enjoying the same and paying all the taxes thereon for a period of more than 5 years, and claiming the same under said deed by limitation of five years.

Plaintiffs further claim through a deed from W. Hund, who also claims through deed from Theodore F. Reed, dated Feb. 14th, 1902, and by statute of limitation of ten years all the right, title and interest of said land in favor of the said J. J. Mullins on Feb. 18th, 1887, the said J. J. Mullins claiming under deed from A. Schulte, dated August 2nd, 1886. That on the first day of April, 1913, the defendants unlawfully entered upon said premises and ejected plaintiff therefrom and set up an unlawful claim to said land, and unlawfully withhold same from plaintiff's possession to his damage in the sum of Ten Dollars.

Wherefore plaintiffs pray that citation be published in some newspaper in the County of Wichita, State of Texas, be issued to said defendants and that said citation be published in a newspaper in said County of Wichita, State of Texas, as the law directs, citing the said J. J. Mullins and his unknown heirs to appear and answer this petition and that upon final hearing hereof plaintiff have judgment for the title and possession of said land and premises and that writ of Restitution issue and a decree quieting plaintiffs in his title to said land and for such other further relief, both special and general, in law and in equity that he be justly entitled to.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness A. F. Kerr, Clerk of the District Court of Wichita County. Given under my hand and seal of said Court, at office in Wichita Falls, Texas this 5th day of April, A. D. 1913.

OF ALL

the masculine luxuries there is probably none that produces a keener sense of enjoyment than a good cigar properly kept. To the man who thinks a cigar is a cigar and who is merely looking for something that will make a fog regardless of taste or smell any kind of a stick will do. But to the smoker, who is a connoisseur of tobacco and recognizes the bouquet of blend of a high class cigar the cheap or badly kept cigar is a hideous nightmare, a bitter joke and a disgusting disappointment.

We cater to the taste of the man who knows. First, we buy the best cigars we can get. Second, we examine them closely every day to see that they do not get dry and that they do not get too moist. And third, our stock is always fresh, not a cigar in the house that has been there over sixty days.

MEETING OF AUSTIN SCHOOL MOTHER'S CLUB.

The Austin School Mother's Club enjoyed a short but very interesting talk Thursday afternoon by Rev. J. W. Hill. The meeting was held at the school and about twenty-five members were present. Seven children of different grades added much interest to the program with songs and recitations. Mrs. Garth and Mrs. Gladys Herron contributed vocal solos that were much appreciated. At this meeting a nominating committee was named to place in nomination names for the new officers to be chosen on the first Thursday in May.

A vote of thanks was extended to Mrs. Hortense Ward, the press of Texas, William Hard and the Delinquent, Hon. Horace Vaughan, Hon. Chester A. Terrell and Hon. John W. Woods for their untiring and successful efforts in securing the enactment of a law extending the property rights of married women. After a discussion of public playgrounds for the city the club adjourned to meet on the first Thursday in May.

MRS. J. W. LEE HOSTESS TO NEW CENTURY CLUB.

A most enjoyable meeting of the New Century Club was that held Wednesday afternoon with Mrs. J. W. Lee when nearly every member of the club attended and several features not on the regular program were added. In ratification of the selection of one of its members to be president of the district federation Mrs. R. P. Watts proposed a pretty toast to the new president, Mrs. S. H. Burnside and was followed by Mrs. Harris with a toast to the new secretary, Mrs. D. J. White, who is a member of the Art Literature Club. Other delightful features of the meeting were vocal numbers by Mrs. G. H. Carpenter, Mrs. Garth and Mrs. Murchison and readings by Mrs. Bragg and Mrs. Adams. Strawberries and cream were served by the hostess. The annual open meeting will be held Wednesday at the home of Mrs. C. J. Barnard when each member will be privileged to invite two guests.

MOONLIGHT PICNIC AT LAKE WICHITA THURSDAY.

Thursday evening a crowd of young people students of Henry's Business College, chaperoned by Mrs. Chas. Moler, enjoyed a moonlight picnic at Lake Wichita. Boating and dancing were the most enjoyable features of the evening. Lunch was served on the pavilion veranda and the abundance of good things in evidence were heartily enjoyed by every one. Those present were Mrs. Chas. Moler, Misses Ethel Bridwell, Ethel Reed, Edna Duke, Bessie Gullahorn, Mabel Cloud, Goldie Moore, Leola Marshall, Messrs. Preston Manley, Vance Lowery, Stanley Weidman, Irving Duke, Howard Hurst and Mr. Robbins.

ANOTHER DELIGHTFUL AFFAIR COMPLIMENTARY TO MRS. OLIVER

Another delightful affair complimentary to Mrs. C. C. Huff's guest, Mrs. Oliver of West Virginia, was the bridge party Tuesday afternoon given by Mrs. T. T. Reese. Seven tables were arranged for the players. At the conclusion of the play Mrs. Oliver was presented with the favor, a very pretty cut glass perfume bottle. The decorations were of carnations. A two course luncheon was served. The guests were Mrs. Oliver, the honoree, Mrs. Ogston of Springfield, Mo., Mrs. J. H. Barwise of Fort Worth, Misses Dora and Cora Coons, Lucile Sherrod, Chamberlain, Hindman of Vincennes, Ind., and the Mesdames Fenton, Roberts, Duke, Eugene Sherrod, Toney, Bruce Smith, C. C. Huff, R. E. Huff, R. L. Miller, Everett Jones, Wiley Blair, Duval, McGregor, Sheppard, W. H. Walker, Burnside, Montgomery and Gray.

ART LITERATURE CLUB MET WITH MRS. FILGO.

A very interesting session of the Art Literature Club was held with Mrs. G. W. Filgo Tuesday afternoon with Miss Emma Childers as leader. The program continued the study of Mexico. So well pleased, interested and benefited by the course during the season were the members that they voted at the meeting Tuesday to continue the Bayview course next year. The date for the open house meeting of the club was set for May 11 with Mrs. G. W. Filgo and a committee comprising Mrs. D. J. White, Mrs. C. W. Bean and Mrs. E. O. Filgo was appointed to arrange for this session. Following the program an ice course was served by the hostess. The next meeting will be with Mrs. Gebhardt.

The following were present at Tuesday's meeting: Mesdames Ward, White, Harris, Bean, Blankenship, Filgo, Robertson, Craveff, Gebhardt, Rountree, E. O. Filgo, Miss Childers and Miss Seelinger.

MRS. JOE DANIELS HOSTESS AT BRIDGE FRIDAY AFTERNOON

Mrs. Joe E. Daniels was hostess at a delightful bridge party Friday afternoon when six tables of players enjoyed her hospitality. Pink and white carnations were used in the decorations with charming effect the same colors prevailing in the ice course. The favor of the afternoon—a beautiful bouquet of sweet peas went to Mrs. Crawley.

The guests included Mesdames Mytinger, M. M. Walker, Artley, Bessy, Burnside, Crawley, Duval, Fenton, Grisham, Greenwood, Griffin, Everett Jones, Lamie, Campbell, E. L. Smith, Whitney, Mrs. Wade Walker, and the Misses White.

MRS. GRISHAM ENTERTAINS WITH "HEARTS" PARTY.

"Hearts" was the diversion at a very delightful afternoon with Mrs. J. W. Grisham Thursday afternoon when she entertained in a most charming manner. Cut flowers and ferns were used in the decorations. Punch was served during the play and the games were followed by an ice and salad course.

In the cut a pretty heart shaped cut glass nappy went to Mrs. Strange and a hand-painted plate to Mrs. Geo. Harrington.

The guests were Mesdames E. P. Greenwood, E. L. Smith, D. J. White, T. B. Noble, George Harrington, Fred Harrington, McNeil, Mark Moore, P. Smith, Griffin, Silk, Daniels, Burnside, Guest, Orlopp and the Misses Coons, Grace Nolen, and Della and Lele White.

FAREWELL RECEPTION FOR REV. CHESTER WOOD.

The home of Mrs. T. R. Borer was the scene of a reception Monday night by the Parish of the Good Shepherd to their rector, Rev. Chester Wood who left on the following morning for New York from whence he intends to sail later for Egypt where he will spend the summer with friends in exploration work. Rev. Wood during his short stay in Wichita Falls has endeared himself with the members of the parish here and has been instrumental in building the church from a mission organization to an independent parish and has made its members proud of their membership. It was not surprising therefore that nearly every member was at the reception to bid him farewell and wish him Godspeed.

The hostess was assisted in receiving by Mrs. Nat. L. Inge and Mrs. C. L. Fontaine and in the dining room, by Mrs. Gates, Mrs. R. G. Smith, Mrs. Sammons, Mrs. McGregor and the Misses Marshall, Chamberlain and Childress, while Miss Edna Gaston and Miss Lillian McGregor were at the punch bowl.

Potted and blooming plants wrought a pretty effect in green and white in the hall and living room while the dining room was in green and yellow. Musical numbers by J. W. Bradley, Mrs. E. E. Sanders and Miss Mabel Simpson were delightful features.

RECITAL OF MRS. FOSTER'S PIANO PUPILS FRIDAY NIGHT

The recital of Mrs. S. M. Foster's piano pupils which took place Friday night at the residence of Mrs. J. P. Boone on Yenth street, proved a remarkable success and was greatly enjoyed by the many patrons and friends present.

While some of the students showed rare musical talent, all of them evidenced the most careful training not only in the purely mechanical part of piano playing, but also in the more subtle art of musical interpretation. To one acquainted with the difficulty of developing this art in the embryo musician, it was indeed a pleasure to observe how the pupils, without exception, had been taught to rightly understand and convey the meaning of a musical composition. Mrs. Foster is to be congratulated upon her success in this particular line of instruction. Following is the program: Sunshine Morning—Jelena Kehnedy, Magic Heart—Adelle Marcus, Silver Spring—Louise Maricle, Over the Wave—Mabel Morris, Gondoliera—Agatha King, Coquetting Meadow Lark—Louise Hines.

To Arms Duet—Myrtle Morris and Mrs. Foster.
Valse Impromptu—Marion McKick.
Chapel in the Forest—Mado Foose.
Vivacity—Agnes Leachman.
May Day Trio—Allen Crockett, Mattie Corlett and Myrtle Morris.
Serenade—Louise Leachman.
Water Nymph—Annie Ellinger.
Love Song—Ila Cook.
Chanson Joyeux—Annie Ellinger.
To Spring—Ila Cook.

MOTHERS SCHUBERT CLUB MET WITH MRS. HARRISON.

Mother's Schubert Club held its usual interesting meeting at the home of Mrs. Harrison Tuesday, April 15 with Mrs. Sullivan as hostess. Geo. F. Handel was the subject for this meeting. Mesdames Cockrell and McDowell giving his biography. At the conclusion of this interesting subject a musical program was rendered as follows:

Piano Solo, by Mrs. Rhode.
Vocal solo by Mrs. Bates.
Piano solo by Mrs. Cockrell.
Piano selection by Mrs. Sullivan.
Refreshments were served by the hostess. Next meeting will be with Mrs. McDowell.

MRS. CHRISTENSEN ENTERTAINS WITH INFORMAL PARTY.

Mrs. J. V. C. T. Christensen was hostess at an informal but none the less enjoyable forty-two party at her home on Ninth street Friday night. In a cut the prize, a book, went to Mrs. G. H. Carpenter. Thoughts On Memorial Day

As Memorial Day draws near we re-
member with loving sympathy those
departed ones who so bravely defend-
ed our Southland in her hour of dark-
est trial.

We thrill with pride as we tell our

and heroism of our fathers who so
unselfishly fought long weary years
to defend honor, country and home.

They fought against overwhelming
power, as a few figures from statistics
will show more plainly and simply
than any multiplicity of words. Dur-
ing the entire war the Confederate
army had 600,000 men; Federal army
had 2,856,132 men; Confederate losses
from all causes, 437,000 men; Feder-
al losses from all causes, 485,000 men.

So we have set aside Memorial Day
to do especial and public reverence
to these brave men. They have gone
before but are not forgotten. Their
names are written indelibly on the
tablets of memories and their influ-
ence will be felt throughout time.

While we miss them yet we know
"There was a Power whose care guid-
ed their flight through the desert and
illimitable air, lone wandering, but not
lost, for they are not dead, but have
been called into that large and full-
er life designed by the Great Cre-
ator."

We shall feel their loss, but we
bow our heads in submission in our
sorrow for in Faith we accept the
Divine decree of our God. With bow-
ed heads in obedience, we hold their
memory in reverence. On Decoration
Day we go to the last resting place
of all that is mortal of these departed
heroes and lay a wreath in loving re-
membrance on the grave of all sol-
diers, whether they wore the Blue or
the Gray, for we know

"God knows best, he was somebody's
son."

"Somebody's heart enshrined him

"Somebody waited his name above
"Night and morn on the wings of pray-
er."

NOCONA TO PLAY HIGH SCHOOL MONDAY

Montague County, Lads Are Coming
Here To Retrieve Recent
Defeat

The Wichita Falls high school nine
on Monday afternoon at the City
Park will compete with the Nocona
high school team. The contesting
teams met earlier in the season, the
local boys easily defeating the visit-
ors.

However, the locals admit that
their victory was due mostly to the
lack of practice of the Nocona boys
and expect that in Monday's game

Silhouette Effects the End And Aim of Women's Dress

New York, April 18.—In the last word into the category of fashion has changed the whole trend of style for women's garments, and that word is "silhouette." Silhouette has become the end and aim of women's dress. It is the center about which all style revolves. It is the indefinable correctness of outline which lends grace and charm to feminine apparel. And how, you ask, may this elusive silhouette be obtained? With some happy beings it is a gift of nature, with others it has to be achieved by much taking of thought and the aid of a good dressmaker. The woman who is today said to be stylish has arrived at it. She is—how shall we describe her? Slender, and willowy, ample of waist and tapering to slender proportions at her dainty ankles. That is the hasty sketch. She who has breadth without length in the present regime is handicapped. To eliminate hips where hips were intended seems a hopeless undertaking. It is difficult for the broad-hipped woman to wear with grace the costumes devised for her hipless sisters. But good corsets and attention to details will accomplish wonders. The broad effect produced by the wide cutaway fronts, for instance, may be overcome by ingeniously directed lines. The cutaway year or two the introduction of one should be narrow and tapering. Gir-
die ends ending in tassels, buttonholes and buttons extending from waistline to skirt hem, instead of short and bouffant drapery, are all valuable aids to slenderness of outline. Materials in sarpe or plain effect should be chosen. Trimmings extending cross-wise are taboo.

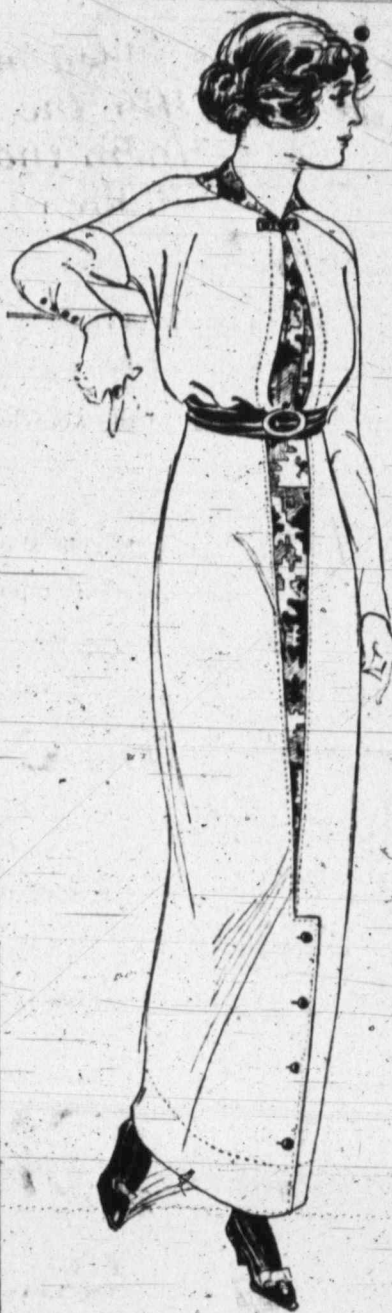

Entirely in keeping with these requirements is the dress of the first illustration. It follows the slender silhouette without making that fact too evident. The cleverly-inserted section extending from throat to knee, the close-fitting lines of sleeves and skirt, were devised in the interest of the modern silhouette. The dress was developed in gray cashmere; Bulgarian silk in shades of cerise, gray and purple was used for the collar and insets and cerise silk for the belt.

Narrow vests, either stimulated or real, introduced in jackets and waists have a similar effect. Very attractive are the vests of satin attached to the gumpies this season. To these vests have been assigned a two-fold duty, that of yoke and of vest. The rumple, although without sleeves, is nevertheless worn as a vest under the jacket of the tailored suit.

Neckwear in vivid coloring predominates. The old-time collar-and-cuff sets are again seen, effectively developed in Bulgarian shades, with a touch of black introduced. These may be made of silk or satin with printed motifs, or of scrim, moire, batiste, linen or satin, with embroidery done in silk, cotton or linen thread.

Among other dress accessories for spring, neck ruches of maline are having an unusual vogue. These are often made to match the hat, but should be hat and suit be of dark color, it is quite effective to have the ruche fashioned of maline of the gayest tones, either red and purple, pink and red, or corn and golden yellow. They are about twelve inches wide, and just long enough to extend round the neck. They are finished at each end by three or four long satin ribbon loops.

But not alone do the designs or details of the new costumes command

interest. The novel fabrics and colors used have raised the afternoon gown to a place of artistic importance. From time to time this spring we have spoken of the new fabrics, and still there are those of which we have made no mention, so varied and fascinating are the present designs and textures. A new weave of taffeta, as soft and pliable as crepe, which bears little resemblance to the old-time material, has been imported and is being much used for smart afternoon gowns. There are dark tints, with flowers or conventional designs sparsely scattered over the surface, and bright shot effects combining greens, blues and yellows. Bulgarian, Cebist and Futurist silks are receiving much notice, and are seen in the gowns as well as in the trimmings and linings for more conservative taste. Crepe, both silk and cotton, plain, brocade or in the stripes, has been much worn during the winter. Its dull finish has a tendency to lessen the apparent stoutness of the figure. This material still remains fashionable, and as spring gives place to summer promises to be even more popular, because of its laundering qualities, as no ironing is necessary.

What could be daintier for afternoon or street wear than the frock seen in the second illustration? It was developed in white crepe. The waist blouses slightly back and front, and the skirt is slightly full at the back. The inset section at the front of the skirt is an up-to-date touch. The dash worn with the frock is of Roman striped ribbon; it is tied at the center front, a recent innovation in the arrangement of this charming accessory.

The slashed skirt, it is said, has almost gone out of fashion. Women in his country have been extremely hesitant about taking it up. Although they accepted the mode readily enough for evening wear, the feature for street dress was looked at askance.

Those whose custom it has been to save odds and ends of materials, either lace, figured silk, chiffon or net, will be glad of the opportunity which the fashion of odd sleeves and yokes affords for turning these to account. These bits from the scrap-bag may be fashioned into the most up-to-date yokes, or into sleeves to be set into dropped shoulders or inserted at the elbow. At one of the recent fashion exhibitions, a gown which created much remark was of black satin, with yoke and slightly puffed sleeves of red chiffon. Another, of gray crepe, had sleeves of blue chiffon. Full and half-length sleeves of lace have been a notable feature for some months.

DRUGGIST GIVES MONEY BACK.

Dodson's Liver Tonic Gets a Four Square Guarantee From Miller Drug Store

When an article is sold a druggist who is willing to give it his personal guarantee, it's a mighty strong proof of real merit.

That's exactly the case with Dodson's Liver Tonic. It is a pleasant-tasting, vegetable remedy for a slow and sluggish liver. Since Dodson's Liver Tonic came on the market the sale of calomel has gone way down. The reason is simply this: Dodson's Liver Tonic is safe and harmless and guaranteed to be satisfactory. Calomel is often uncertain, sometimes dangerous, and no druggist wants to risk a customer's health by giving him a medicine that it won't knock you out

of a day's work and may be send you to bed.

Miller Drug Store sells Dodson's Liver Tonic and guarantees it. For you and for your children, it's a good thing to keep a bottle always in the house.

Electra Secures Spring Water Supply
A deal was closed today whereby the city of Electra secures the water right of the springs on Mrs. George Proud's farm, northwest of town. A lease has been signed up for twenty-five years and now the first step has been taken by our mayor and commissioners towards securing water for Electra.

Mr. King will continue to haul water to Electra from these springs un-

til arrangements are completed to pipe the water to the city limits. This is certainly a step in the right direction and we are fortunate to secure such good water for Electra. This water is in a class by itself, being, we think, far superior to the Vernon water. If the supply is found to be inadequate for the use of city waterworks there has been a provision made to take care of this feature of the lease.

Now the next thing we want to do is to get a test on these springs and see if this supply is adequate, and if found sufficiently large, then steps can be taken to get the water piped into town.—Electra News.

THE WOMAN WITH MARKET BASKET

THAT IS THE VISION WILSON
SEES IN HIS EFFORTS FOR
LOWER TARIFF

ASPIRATION OF MAN

Meaning of His Appearance in the
Hall of Congress To Read
Message

Washington, April 19.—President
Wilson seems to be impressed with a
profound conviction that a straight
line is the shortest distance between
two points. There is about the man
a directness and a force that can not
fail to achieve results.

When a snowplow, driven by a
mighty locomotive, steadfastly drives
its way through the banked snow that
blocks the track the air is filled with
confusion and a mantle of snowflakes
and drift hurled into the air, but all
the confusion and all the obscurity is
caused by the snow that is being re-
moved from the path of traffic.

Wilson and the Platform.

Woodrow Wilson, president of the
United States, takes seriously the
democratic platform pledges made to
secure tariff revision in the interest
of the consumer. His methods are
direct and he will never rest until the
new tariff is in genuine accord with
the pledges of his party and his own
platform. No euphemism of compro-
mise such as "substantial accord" will
be tolerated by him. Protectionists
in his own party will receive no more
consideration than protectionists in
the republican or bull moose parties
and, as that fact is borne in on the
protected interests, there arises the
sound of wailing in the streets of As-
calon. Louisiana sugar protectionists,
Texas wool protectionists and Florida
citrus fruit protectionists must volun-
tarily or involuntarily submit to a
self-denying ordinance for the good
of the consumers of the country.

What Wilson Sees.

A little old woman with a market
basket, a little woman wearing a
threadbare shawl and anxiously
counting her pennies as she prices
food in the stalls of the market place
and thinks of the many hungry
mouths at home; is the figure that
Woodrow Wilson sees when he con-
sider the tariff question. If he can
take a penny from the price of her
loaf or increase its size, if he can en-
able her to add the simple delicacy
that she has so often done without,
he will be better pleased than if he

adds rolls of fatness to the adipose
trust magnates.

Caviar and truffles, the dainties of
the rich and the spiced foods of the
luxurious, he has not troubled to
cheapen. Such things are not neces-
saries of life and can even bear an
added tax, but bread and meat and
vegetables and butter and milk are to
be robbed of forced, fancied and pro-
tected values.

If the little old woman can buy
warmer stockings for her children's
thin legs and warmer clothes a bit
cheaper for their shivering little
bodies and if she may indulge herself
in an extra lump of sugar in her tea
then that seems something worth
striving for.

"But," the reactionaries shriek,
"how can we run the government if
you chop off \$50,000,000 of annual
revenue in sugar and wool alone and
reduce the price on necessities of
life for the market basket?"

To that the answer is simple. We
will let those who have prospered
most under the government and the
institutions of this country support
them in the ratio of their prosperity.
An income tax will be so graduated
as to make up the deficit. Those
who have received in flood shall let
a trickle of their prosperity reach the
treasury and those shall eat who need
the food and those shall pay who can.

A Simple Method.

That is all there is to the Wilson
tariff and revenue program. And the
manufacturers and the cattle raisers
and the wool growers and the sugar
planters may lift up their voices and
weep, as they are doing, in doleful
chorus, and may send their lobbyists
to Washington and lobby, but this
program is to be carried out and the
name of the lobbyist is legion. By
this program is to be fixed out and the
president is fixing on the democ-
rats, in power in both houses of con-
gress, the responsibility of carrying it
out.

That is all that was meant by his
epochal visit to the capital to read his
own first message to congress, reviv-
ing a precedent that had slumbered
in the dust of decadence for 112
years, in order that, as man to man,
in accepting the joint responsibility
for a solemn duty, the barriers that
hindered free conference might be
broken down.

Wilson's Visit to the Capitol.

To accomplish a democratic fact
he was quite willing to utilize an ob-
solete federalist form.

When, over a century ago, John
Adams, in peruke and court dress,
with silver buckles on his shoes and
silk stockings on his legs and a dress
sword girded about him, made his
visit to congress, it was but to utter
a pean of praise of the nation's pros-
perity and to contrast it with the
doleful condition of France, where the
star of Napoleon as consul was begin-

THE WOMAN WITH THE MARKET BASKET

responsibility, thus ignoring the dead
letter and complying with the living
spirit of democracy.

"Monarchal arrogance," yelled the
chorus of critics who have no creed
save that of laissez faire.

"Interference with a co-ordinate
branch of government," shrieked the
lobbyists of the interests, who see no
salvation for the rights of privilege
and extortion save in setting the pre-
sident and congress at loggerheads of
jealousy and misunderstanding.

Will Make History.

President Wilson, however, is a
reader of history and a writer of it,
and now proposes to be a maker of
it. He is familiar with the methods
by which Cleveland's efforts to carry
out party pledges were rendered null
and void. He knows how the Wilson
tariff of that day was made a com-
promise measure and filled with pro-
tection jokers until it has become a
laughing stock, and if breakers are
ahead for him they are not on an un-
charted coast, but he well knows
where the hidden reefs lie and how
the cross currents set.

As a president he has no idea of
occupying a Crusoe's Isle, where he
is monarch of all he surveys, but is
not allowed to survey anything, and
from which he must heliograph his
messages to a far away congress.

An Exhortation to Loyalty.

Granting that he has a sense of
dramatic values, he places no value
on the gold lace and tinsel and frip-
peries of his position. He did not care
a penny for the tableau effect of his
visit to congress, although the stage
setting formed a mighty tableau. He
is in no sense a poseur, but he came
as an evangelist. His hands trembled
and his voice, clear and high bred,
had once or twice a quaver, but it
was of emotion and earnestness and
not of irresolution. He was there to
present a political gospel, and he
wanted to do it with his living voice
and with the flashing eye of fellow-
ship. His carefully couched phrases
were, after all, an exhortation to loy-
alty to the lofty purpose for which
he had called them together.

So while the event was dramatic it
was not theatrical. The front rows of
listening senators; the hall packed
with congressmen, many of them new
to their surroundings and brought
there by a pledge and a fealty to such
duty as he exhorted them; an Ameri-
can president for first time exercising
his right to be on the floor of con-
gress; the galleries breathless with
attention, and the diplomatic gallery

filled with the representatives of
every foreign power accredited to
this country, who tried to divine
what manner of man the ne wpre-
sident was; and finally the swinging
doors, the escorting committee and
the tall figure of the chief magis-
trate of the nation as he ascended the
forum where Speaker Clark presided
with Vice President Marshall on his
right hand all these things made the
great scene.

So solemn was the occasion, so
tensely taut the nerves of the partici-
pants, and every spectator was a par-
ticipant, that applause would have
been an anti-climax, and there was
no applause, but in the deference of
silence the message was uttered and
the import was in keeping with the
solemnity of the occasion.

What the Message Meant.

That message was that every form
of special privilege must be destroyed.
"Privilege delenda est." Privilege is a
Carthage behind whose high walls and
heaven kissing towers lurk every des-
perate foe of free institutions. So
spoke the new Cato of democracy, the
great tribune of the people, in the
solemn hour when he bowed his back
to the burdens of his office, as a few
days previously he had bared his head
to its honors.

Backward raced the memory of his
hearers to other utterances. Some re-
membered the lad at school who had
torn up his lot that assigned him to
defend a protective tariff and had lost
by default a debate for himself and
his society rather than utter sophis-
tries in defense of an institution he
thought iniquitous.

Others recalled his warning to Wall
street that if any man deliberately
sought to bring about a panic he
would place that man on a gibbet
higher than Haman's.

All doubtless remembered his in-
vitation for all patriotic men to come
to his aid and stand there during the
battle that may not be escaped, and
men thought of those other tall, gaunt
presidents, Andrew Jackson and Abra-
ham Lincoln. Those whose spirits
were attuned to the spirit of the mes-
sage knew they were listening, in
those simple words uttered without
elocutionary or rhetorical effect, to
a blast from Roderick's horn and that
its note was that of "Boots and Sad-
dies" for the war against Privilege,
whose stronghold, the protective tar-
iff, was to be assailed.

That, and no lesser thing, was the
meaning of President Wilson's visit
to the capitol to utter his message to
congress with his own tongue.

A farm engine driven by a gas
motor has been invented in Europe
that is equipped with its own produc-
ing plant for making gas from waste
material, such as bark, sawdust or
dry leaves.

FISHERMEN CATCH 21-POUND BUFFALO

Good Catch of Catfish, Croppie and
Bass Also Landed at Lake
Wichita

This is the first "fish story" of the
season. However for the benefit of
the skeptical we will state further
that this happens to be one of the
true fish story variety.

Bill Moore, otherwise known as
"Old Uncle Bill" is the hero of this
narrative. While fishing at Lake
Wichita Friday night in company
with Henry and Tony Smith, about
thirty pounds of croppie were caught
and several large channel catfish.
The party camped on the shore dur-
ing the night before turning in set-
ting a night line out in the lake.
The line they claim was baited with
jack rabbit and craw fish.

Upon examination of the line early
yesterday morning, the fishermen dis-
covered that they had been success-
ful in their venture far beyond their
greatest expectations. Besides hav-
ing caught a large number of very
fine specimens of bass the anglers had
hooked on their line a giant Buffalo
which when placed on the scales
registered twenty-one pounds. It is
said to be the largest fish of any kind
ever caught at the lake. The bass
caught ranged from two to four
pounds. It is the first bass catch of
the season that has been reported.

Many are enjoying the good fish-
ing at the lake, the piers at the
pavilion each day being thronged
with anglers. The usual catch off the
piers is croppie and channel cat. The
above anglers fished from the shore
quite a distance up the lake from
the pavilion.
