A Paid Circulation Newspaper Serving Aransas County Over 100 Years

VOL. 108 NO. 7 | ROCKPORT, ARANSAS COUNTY, TEXAS 78382 | THURSDAY, APRIL 28, 1977 | 40 PAGES IN THREE SECTIONS | 15 CENTS PER COPY

Notable Notes

School Out Early

Superintendent Joe Randow announces the Aransas County Independent School District will dismiss classes at 2:30 p.m. Wednesday, May 4. Busses will run at that time. The early dismissal will allow the maintenance crew of the school to gather in the school auditorium to receive service awards.

Installation

V.F.W. Post 3904 and Auxiliary will hold a special joint meeting Tuesday, May 3 at 7:30 p.m. in the V.F.W. Hall on Market Street in Rockport. Officers for the coming year will be installed at that time.

SS Representative

A representative of the Social Security Administration will be at the Courthouse in Rockport Tuesday, May 3 at 9 a.m. The representative will answer questions and also will help claimants file applications for the regular Social Security benefit payments as well as for Supplemental Security Income benefits.

Proclamation

Rockport Mayor Walter S. Falk, Jr. has issued a proclamation urging citizens to take advantage of the national observance of Loyalty Day, May 1, and display the United State flag at their homes or businesses. Loyalty Day activities will be conducted nationwide by the Veterans of Foreign Wars.

NRTA Meeting

The Coastal Bend Retired Teachers Association, recently chartered by the National Retired Teachers Association, will hold the final meeting of 1976-77 at the Aransas Pass Junior High School at 2 p.m. Monday, May 2. The program will be presented by Keith Jarrell, N.R.T.A. Insurance Consultant. An explanation of all phases of the N.R.T.A. Insurance plan will be discussed. All retired teachers are invited to attend.

Scout Track Meet

Cub Scouts from Pack 340 will have a track meet starting at 9 a.m. Saturday, April 30 at the High School track. Randy Ramey is in charge of the Meet and he promises the cub scouts are all in good form to compete in these events. The events will be the broad jump, tug a war, sack race, three legged race, softball throw, 50 yard and 100 yard dash. Awards will be presented to the outstanding athletes. If you are looking for some excitement, come on out and watch them compete.

Shrimporee

Crab races, a shrimp eating contest, gumbo cookoff, snake shows, a parade and a free street dance are just a few of the activities planned during the 26th annual Shrimporee May 13-15 in Aransas Pass. The event kicks off Friday night at 6:45 p.m. with the crowning of a Shrimporee King and Queen. A downtown land parade highlights Saturday morning activities. The gates at the main festival site, Roosevelt Stadium, open at 11:30 a.m. where various food concessions, arts and crafts displays, games, a flea market and other entertainment will be offered.

Band Boosters

In addition to the usual club business, the Rockport-Fulton Band Boosters will install the slate of officers for the next school year when they meet Monday night, May 2 at 7:30 p.m. in the band hall.

Young Homemakers

The Aransas County Young Homemakers will meet on Tuesday, May 3, at 7 p.m. in the Junior High Homemaking Dept. A program on "Cooking Crepes" will be presented by Frances Mutscher.

Car Wash

Students of the Presbyterian Church Junior and Senior High School classes will hold a car wash Saturday, April 30 from 2-5 p.m. at the Church, 514 N. Live Oak. A wash and vacumn will be a steal at $2, with proceeds going toward youth summer recreation activities.

Presbyterian Kindergarten

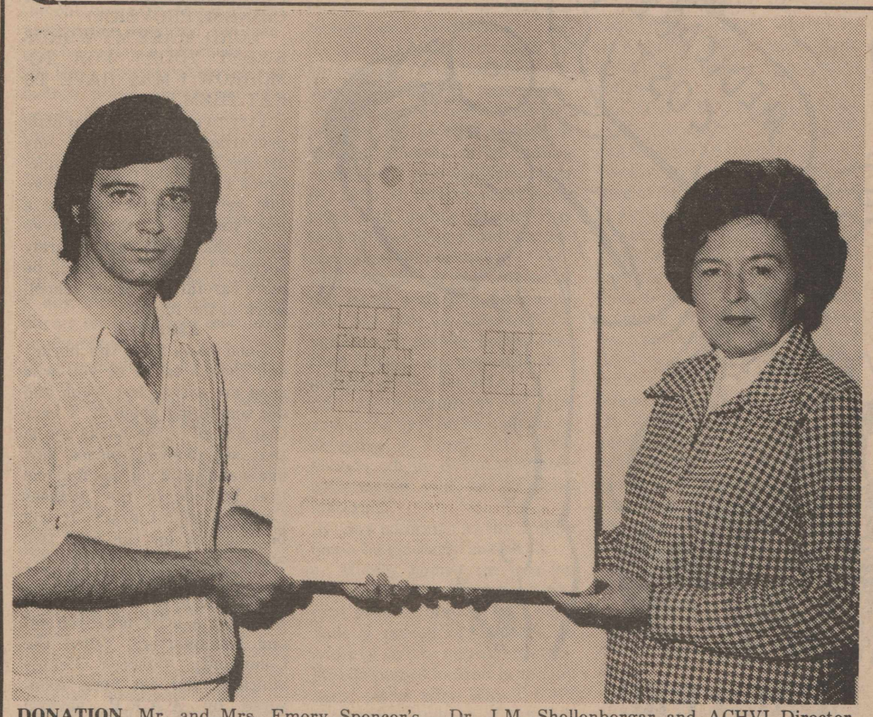

Registrations are now being taken for the fall term of the Presbyterian Kindergarten. The Kindergarten is for children aged four and one-half through five. Call Mrs. Somer Smith at 729-6025 for more information

Cancer Answer Line

Over 4,000 Texans have called M.D. Anderson's new Cancer Information Service (CIS) during recent months to get answers to their questions about cancer. Operating statewide since January of this year, the toll-free number represents a new weapon in the war against cancer--that of separating the facts about cancer from the fears and myths. The statewide number is 1-800-392-2040.

DONATION. Mr. and Mrs. Emory Spencer's donation of a suitable site has paved the way for extensive pre-planning on a possible medical clinic for the Rockport area. ACHVI President Dr. J.M. Shellenbergar and ACHVI Director Peggy Bloch are shown with an architect's drawing of one approach to proper utilization of the land. (Photo by Mark Simmons)

Land For Clinic Donated To ACHVI

Mr. and Mrs. Emory M. Spencer of Rockport have donated a 6.872 acre tract of land at the corner of Sparks Colony Road/Farm Road 2165 and East Enterprise Boulevard to the Aransas County Hospital Volunteers, Incorporated for the purpose of building a clinic together with doctor's offices.

The gift is a giant step for the non-profit organization toward creation of a major medical facility with out-patient capability to serve Rockport and Aransas County.

The facility would compliment and serve as a home base to the organization's successful emergency medical treatment ambulance service, in service to the city and county since Jan. 15.

The Spencers made the gift free of restrictions, but suggested in their letter of announcement that the organization consider changing its name to reflect the goal of an out-patient clinic rather than an in-patient hospital.

Any final decision on a name change, which can be accomplished by filing appropriate papers with the Secretary of State's office, will be up to the ACHVI Board of Directors.

The donation of the tract was accepted with thanks and bouyant good humor by ACHVI Director Mrs. Peggy Bloch and ACHVI President Mr. Michael Shellenbergar in an informal meeting in Spencer's 501 Market Street office Friday morning, April 21.

The gift came by surprise after earlier discussions between ACHVI representatives and Spencer about the tract. George Cone first approached Spencer, one of the county's major landholders, months ago about possible purchase of the land. Spencer took the request under consideration and after "a lot of thought" said he just "decided to give it to them."

It is the most recent in a long string of donations which have been made by the Spencer family to various county and city civic organizations. Spencer, a Rice University graduate and resident of Aransas County for more than 50 years, first made his mark as one of the major independent oil producers in the county. He has served as County Judge, County Attorney and Chairman of the Democratic Executive Committee, and watched over community development for several decades.

Both the Spencers and the ACHVI hope the donation will be as important to the establishment of a local clinic as the Carl B. King Foundation's gift of funds for the Modulance was to the ACHVI emergency ambulance service.

Recent developments make it seem that the donation comes at an especially appropriate time. Shellenbergar told the Pilot that he and Mrs. Bloch and other committee members had met recently with two physicians, one a retiring Air Force general surgeon now building a Harbor Oaks home, the other in intern with a specialty in cancer therapy. Shellenbergar said both could perform general practice duties as well, and that both seem

HO&M Agrees To Muffle Rig After Citizen Protests

City Council took almost five hours to wade through one of the longest and most controversial agendas ever April 25.

The first item, and the one which stirred the most citizen protest, was a request by Houston Oil and Minerals Corporation (HO&M) for permits to drill five directional wells with bottom holes inside the city limits. Members of the Save Our County Committee, who earlier won reversal of a HO&M plan to place a separation facility and wells on a site the Rockport Cemetery, were on hand to urge rejection of the request.

At the request of Committee members, Council tabled consideration of the requests until the May 9 meeting, to give HO&M time to install muffling devices on the existing drilling platform. The noise level of the present bay rig was the chief concern of the SOCC, which had backing from numerous citizens and Mayor Walter Falk in its contention that the decibel level was intolerable and damaging to the bayfront tourist based economy, as well as a nuisance to homeowners and commercial businesses.

HO&M later withdrew one of its five requests, and substituted another request for a well to be drilled as No. 3 from State Tract 169, approximately one half mile from the shoreline. A Public Hearing was set on the request for May 9 at 7:30, in combination with the original four permit requests.

In a second public hearing Monday, Council heard discussion on and alter approved a federally mandated ordinance on flood plain area building control (discussed in detail in Pilot story, page one).

Under old business, Council once again took up the request by the Aransas County Little League Association for exclusive use of the Pony League diamond at Memorial

(Continued on Page 16)

Laurel Line In Redistricting

The Aransas County Commissioners Court Wednesday, April 20 approved a recommendation by the city of Rockport that Laurel Street be used as one line of demarcation in the redistricting of county voting precincts.

City Council approved Laurel by a 3-1 vote (Shaw, Ward and Jackson for, Zambrano against) Monday, April 18 in regular session, and Mayor Walter Falk and City Secretary Herman Johnson were on hand at the Wednesday Commissioners' Court meeting to make the proposal.

The Court still has substantial work to do in drawing lines for its four precincts, and

(Continued on Page 16)

Garrett Contests City Election

May 3 has been set as the tentative date for a hearing by 156th District Judge Rachael Littlejohn on a contest of the April 2 City Election results in the ward One race which pitted incumbent Charles Garrett against challenger Joe "Pepe" Zambrano.

Garrett alleged, in the notice of contest he served on Zambrano April 14, that at least eight votes were counted in

(Continued on Page 16)

Armstrong Third In Slide Rule

Wynne Armstrong will be competing in the State University Interscholastic League Slide Rule competition May 6 after taking third place at the Regional UIL competition, held last weekend in Corpus Christi. Miss Armstrong finished first in the 15-3A District UIL competition held earlier in West Oso.

She is the only contestant from Rockport in the state UIL competition. Four other Rockport students competed in the Region meet.

Bonnie Evans participated in the preliminaries of the Poetry Interpretation competition. Ginny Harder placed sixth in Shorthand competition. Melinda Hearn and Cam Leonard took fifth and ninth, respectively in the Slide Rule competition.

ACHVI VOLUNTEERS. These 15 students recently completed training to the level of Emergency Medical Technician, Level Basic under area doctors, Volunteer Pat Farley and Paramedic Bill Aston. Drs. G.M. Pattillo, Thelma Frank, Mike Renfro, Fred Warren, J.F. Benjamin, Jerry Shaw and Clifford Painton provided basic instruction to First Row, L to R: Tom Hickman, William Browne, Robert Allred, Ralph Gonzales, David Crawford, Second Row: Iris Jenkins, Betty Kelly, Mary Fleming, Peggy McLester, Patty Palmer and Wendy Warren. Back Row: L.D. Crawford, Cullen Reeves, A.J. Fliris, D.E. Moore. The class completed 90 classroom hours and 40 hours of in-hospital training, and the majority of the students began training April 25 which will bring them up to EMT-Advanced (Paramedic) level.

County To Pass Flood Ordinance

The Aransas County Commissioners' Court was expected Wednesday, April 27 to approve a master flood hazard prevention ordinance which will bring the county into line with new federal construction and elevation requirements.

The county ordinance will cover the entire county, with the exception of those areas which are already under the jurisdiction of an incoroporated city. However, the Rockport and Aransas Pass City Councils are expected to pass an identical ordinance, bringing the entire county under the new regulations.

The areas of special flood hazard were indentified by the Federal Insurance Administration in a scientific and engineering report entitled "The Flood Insurance Study for Aransas County," dated September 26, 1976.

It requires development, building or mobile home permits to ensure compliance with its terms. The permits will be issued by a Building and Flood Inspector to be appointed by the Commissioners' Court.

The Inspector will furnish forms and applications as needed to persons or business whose

All Sports Banquet Set For May 7

The third annual Rockport-Fulton High School ALL-SPORTS BANQUET will be held May 7 at 7:30 p.m. in the High School Cafeteria. Honored guests will include the coaching staff and all boys and girls who have participated in High School Athletics this school year.

The featured speaker at this year's banquet will be Clark "Corky" Nelson, Defensive Coordinator for Baylor University and former AAAA State Champion coach at John Tyler High School in Tyler, Texas. His championship team was led by current University of Texas star Earl Campbell.

Nelson began his coaching career in the San Antonio school system before moving to North Texas State University as defensive lineman and linebacker coach. From there he moved to the head coaching job at Tyler where he enjoyed a three year coaching record of 26-8-1 and his state championship. Baylor was his next stop and in his first year as defensive coordinator the Bears marched to the conference championship and a berth in the Cotton Bowl against Penn State.

Clark Nelson

Tickets for the Banquet will be on sale this week and next at the ACISD Central Office and at the Rockport Chamber of Commerce office. Price of admission this year will be $3.50 per person. Tickets will be sold on a first come, first served basis.

Students Can Preregister On May 2—6

Pre-registration for Kindergarten and First Grade for the 1977-78 school year will be held at all Elementary Schools in the Aransas County Independent School District during the week of May 2-6, 1977. Registration will be in the school offices.

Any child who is five years of age on or before September 1, 1977 is eligible to enroll in Kindergarten. Any child who is six years of age on or before September 1, 1977 is eligible to enroll in First Grade.

Parents must bring, at the time of registration, their child's Certified Birth Certificate and Immunization Records. Immunization requirements are:

--D.P.T. - Minimum of three doses with one dose since the

Editorial

Promotion

State law give cities of 500,000 or less the right to appropriate not more than one percent of the general fund budget for any one year for "advertising and promoting the growth and develpment of such city."

Under the act, the City Council or governing body would create a "Citizen's Advisory Committee" of five members appointed by the governing body for two-year terms.

The Committee would "investigate the desirability of various methods of advertising and promoting the city and make appropriate reccommendations to the governing body", which could accept or reject them, as the Rockport City Council currently does with the reccommendations of the Planning and Zoning Commission.

The Rockport Chamber of Commerce has gone before the City Council asking for such an appropriation but has been turned down. We believe that such a Citizens Advisory Board, made up of responsible citizens could be an effective promotional arm for Rockport. A suggested appropriation for the first year would be $1200, the current advertising budget of the Chamber of Commerce, and one with which it has been able to obtain considerable success.

Loyal

The first of May is Loyalty Day and as such it is a day filled with activities designed to involve the community in an overt display of loyalty to flag and country. Therefore, every loyal citizen should eagerly participate in the festivities in an effort to make this Loyalty Day the best observance ever held.

Loyalty Day has become a tradition with the Veterans of Foreign Wars. With the passage of Public Law 85-529 on July 18, 1958, the V.F.W. won a long hard battle to have Loyalty Day approved by Congress. However, this day does not belong to the V.F.W. alone, it belongs to all Americans.

Most Americans have heard the quote "Ask not what your country can do for you--ask what you can do for your country." This is a sound principle to live by in a country such as ours, where the government is elected by the people and where the public is expected to participate in the governing process.

In these times of global political turbulence, Americans shoud pause and ask themselves, "What have we done and what are we doing now to demonstrate to the world just how we feel about our country?" After all, ours is a country that has held high the beacon of liberty and asked nothing of the other nations except that they send to her, in the words of Emma Lazarus emblazoned on the Statue of Liberty, their "huddled masses yearning to breathe free." Ours is country that has taken the abstract ideal of "Freedom and Justice for All" and made it into a way of life.

We must pledge ourselves to maintain a free society in which loyalty is always encouraged and respected. For, without loyalty the United States, the world's best hope for a future blest with freedom, cannot long survive. And, if we fail, the flame of freedom will diminish and fade forever. So, join in and become a part of the Loyalty Day Celebrations, let the world know that Americans are behind their country and that America, because of this, is still a strong vibrant nation.

Corrections

Last week's picture and caption on the RFHS UIL district finishers listed Wynne Armstrong twice in the Slide Rule results. Armstrong, Melinda Hearn and Cam Leonard finished one, two and three respectively in the event. Bonnie Evans finished second instead of third in Poetry Interpretation, and the Slide Rule instructor was incorrectly listed as Barbie instead of Barney Buchhorn.

Bitter Pill!

Rural Rate Challenge

G. William Fowler, attorney for the local Fair Electric Rate Group and rural residential and commercial customers of Central Power and Light (CPL) in 44 South Texas counties, is currently preparing interrogatories for filing in 53rd District Court.

The questions will be directed to CPL and the Texas Public Utilities Commission (PUC), defendants in the class action suit Fowler filed Feb. 25 on behalf of the more than 55,000 rural residential and commercial CPL customers.

They are the second step in a case which may be as much as a year away from final resolution.

Fowler began work on the interrogatories after both the PUC and CPL filed blanket denials of charges made in Fowler's Feb. 25 suit filing.

The suit, which came on the heels of the PUC's denial of Fowler's Feb. 15 motion for a rehearing on its Jan. 24 amended final order, asks the court for rulings on several points.

It first asks the court to declare the PUC's Jan. 24 ameded final order excessive, and to void it. It further asks that a refund of all charges in excess of a "fair and reasonable rate" be refunded to rural consumer, and that rural consumers be reimbursed for all reasonable expenses incurred in contesting CPL's rural rates.

Fowler alleges the rates approved were excessive because of four considerations. First, he states that the indices used by CPL were not PUC approved (a requirement of the Texas Public Utilities Act) and that their use resulted in an overstatement of the rate base totalling more than $7,000,000. Secondly, Fowler holds that evidence for CPL's need to estimate fuel costs and consumer demand is insufficient, and that the PUC erred in not imposing a "reasonable limitation" on CPL's fuel cost estimate proceedures. Lastly, the suit alleges that evidence does not support CPL's inclusion of a 345KV transmission line interconnecting with Houston Lighting and Power in the rate base.

Overcharges of $2,640,000 are alleged between July 20, 1976 and Feb. 25, 1976. And Fowler states that the PUC has the power to grant a refund retroactively, citing the 1935 case of United Gas Public Service Company v. State, which grew out of a Railroad Commission refund order: "The rule is settled that a public utility commission has the power to make its rate order retroactively effective...and... may order the refund of excessive rates paid from and after the retroactively effective date of the date order."

In asking for reimbursement for the cost of the rural consumers' rate challenge, Fowler states that the PUC has the power to grant such request, and cites Sec. 16 of the Utilites Rate Act, which states, in part: "The Commission has the general power to regulate and supervise the business of every public utility"

Watch Rockport Grow

By "Uncle John" Leslie

"WATER AND WORDS ARE EASY TO POUR, IMPOSSIBLE TO RECOVER." (A CHINESE PROVERB.)

"LORD, MAKE MY WORDS SWEET TODAY FOR TOMORROW I MAY HAVE TO EAT THEM."

I try to make these two little proverbs the basis of my articles for this column. Sometimes I stump my toe. I have just been taken to task for a few statements that I have made that were not entirely correct. I apologize and will be more careful and do my schoolwork in the future.

LIBRARY

Good news from the library and thanks to all of you who read my article last week and did something about it. I hear that not all of the books are in that are overdue--please look again and see if you can find one that belongs to the Aransas County Public Library. It will be fine-free for the next two weeks. Thanks for reading.

CONCERN CENTER

We have in the community of Rockport a little organization, and headquarters, called the Community Concern Center which is and has been sponsored by A.A.R.P. several years. This operates out of a little building at 206 N. Magnolia and the phone number is 729-7722. It is a place where "needs may be brought and solutions sought." It is a place where you may call if you need help, need a job, or have a problem or are lonely. They are there to help you. The volunteers say, "Try us."

Through this same center the Aransas County Council on Aging operates its Dial-A-Care program. They are today calling and checking on approximately 20 people in the Rockport area who are living alone and need to be checked daily, to see if they are in good shape. If phone contact cannot be made, a personal contact will be made to see why they have not reported. We are doing everything we can at this little office to keep an accident from happening and no one knowing about it. This place of business is open Monday thru Friday from 9 a.m. to 4 p.m. The Dial-A-Care is taken care of seven days a week. Information & referral--no fees charged.

Now see if you are good reader and can read quickly and accurately, by reading the following nonsense: "Betty Botta bought a bit o' butter. "But," said she, "This butter's bitter. If I put it in my batter it will make my batter bitter." So Betty Botta bought a bit o' better butter and put it in her bitter batter which made Betty Botta's bitter batter a bit better."

****

"SOME PEOPLE KNOW A LOT MORE WHEN YOU TRY TO TELL THEM SOMETHING THAN WHEN YOU ASK THEM SOMETHING."

****

SENIOR CITIZENS

Texas is wasting one of its most precious treasures--the services of senior citizens--said Janey Briscoe, wife of Texas Gov. Dolph Briscoe, in a brief speech Wednesday before the Generation Connection Forum in Edinburg, Texas.

"Our generation has the idea that because a person has reached 60 or 65, he no longer is able to contribute," said the Texas First Lady. "These mature citizens have been segregated from the mainstream of our society.

"They have so much to offer--so much to give...so much wisdom. There is no way to get wisdom until you live. These mature citizens can do so much for the rest of us." Those of us working with the Senior Citizen program in Rockport and Aransas County realize this and we are doing everything in our power to help.

****

I want to say that I appreciate the comments that I receive as I ramble around the streets of Rockport day by day from those people who are reading my little column and telling me how much they enjoy it. I know I do not please everyone and I do not intend to. I thank you and I am always glad to hear from anyone who has an idea that I might use.

NEWS AND INFORMATION

My wife and I, accompanied by six other Rockport citizens, spent three days at Mo Ranch Presbyterian Encampment west of Kerrville attending a Senior Citizens Seminar. The beautiful hill country was good for the soul and body. It is a beautiful place to go for a few days.

On our return I received an AARP Insurance Claim Form from my doctor in which he diagnosed my recent stay in the hospital as follows: "Acute low back pain, presumably secondary to degenerative to lumbosacral disc disease and osteoarthritis of the lobosacral spine." After reading this I suppose I had better reduce my jogging to a slower race track--ha! ha!

Now in closing, I must make a comment. I'VE GOT NOTHING AGAINST T.V. I JUST WISH I HAD A LOWER I.Q. SO I COULD ENJOY IT. Uncle John

When to Drop Collision Insurance

WHEN TO DROP ——

Ever think you'd hear me suggest dropping insurance coverage? In the case of automobile collision insurance, it makes sense to take a closer look after a certain period of time.

This type of coverage pays for accident damage to your car no matter who is at fault. It is normally written on a $200 or $250 deductible basis which means that the company pays the repair bill over the deductible amount.

Since the insurance company will never pay you more than the current market value of your car, you reach a point where you may be paying rather high premiums for a small amount of coverage.

The repairs needed after a fairly serious accident might run more than the car is worth and thus more than your insurer will pay. So, if your car is five or six years old, it's a good idea to consider dropping your collision insurance.

QUICK DRAW. County Commissioner Charlie Hale puts the draw to one of the 1,916 lottery tickets sold by the Fulton Volunteer Fire Department for an April 21 giveaway of a 40 channel CB radio. The winning ticket belonged to Dale West of Rockport, a shrimper who was on the bay and picked up his prize later. The department cleared more than $1,600 on the sale and will use the money to buy needed equipment. The winning ticket was sold by Danny Cox at the CB Club's April Fool's Fair April 2-3

Sorenson Named To Business Council

Announcement was made today of the appointment of James H. Sorenson Jr. of First National Bank located in Rockport Texas as an Action Council Member of the National Federation of Independent Business (NFIB) in San Mateo, California and Washington, D.C.

NFIB is a non-profit, nonpartisan organization representing the needs of small businesses across the country. Founded in 1943, it was designed to promote the concept of free enterprise and to give independent business a greater voice in shaping the laws which govern business and government.

The idea of the Action Council Member was developed by NFIB President Wilson S. Johnson, who felt the need for members to take a more active role in furthering the cause of small and independent business at the grass roots and federal level.

An enthusiastic business person, Sorenson reflects the involvement and interest of the Action Council Members. His civic interests include: Chamber of Commerce (President); Port Bay Club (President); Rotary Club, American Business Association and the Texas Business Association.

Young On House Energy Committee

U.S. Representative John Young has been appointed to the Ad Hoc Committee of Energy of the House of Representatives, it was announced April 21.

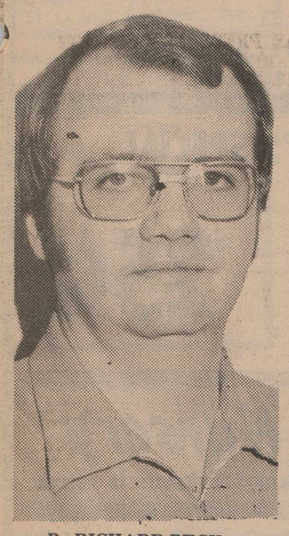

The Committee was created in connection with the Carter Administration's national energy policy proposals, and will be the action arm of the House in establishing an energy policy for the nation.

Harden New B&PW President

Members of the Rockport Business and Professional Women's Club were entertained at the home of Mrs. Deane Steele with a covered dish supper Monday, April 25.

The nominating committee, composed of Virginia Shivers, Ruby Hart and Penny Baldwin, presented the following slate of officers for the year 1977-78: President -- Tony Harden; Vice President -- Fay Henderson; 2nd Vice President -- Margaret Vogler; Treasurer -- Lois Gove; Recording Secretary -- Barbara Rogers; and Corresponding Secretary -- Eunice Hamon.

The State Convention will be held in Fort Worth June 10, 11 and 12. Plans were made for Florence Griffith, Tony Harden, Gayna Harrell and Corinne Homburg to attend as delegates from this club.

The Scholarship recipient was voted upon after applications were presented by Lois Gove, Chairman. Committee Chairmen were appointed for the Conference of District 13 to be held in Rockport.

There were 25 members present. Bonnie Hinton, Kitty Carlin and Bird Harrell, a former member now from San Antonio, were special guests.

ENGAGED. Mr. and Mrs. Homer Fridge of Beeville announce the engagement and approaching marriage of their daughter, Kay, to Floyd Clark, the son of Mr. and Mrs. Steve Clark of Rockport. The bride-elect is a graduate of A.C. Jones High School, and a student at Bee County College. The prospective bridegroom is a graduate of Rockport-Fulton High School and is currently employed by Wagley Lumber Company in Rockport. The couple plan to marry at 7 p.m. August 20 in the First Baptist Church of Beeville.

Club Histories Needed By Pilot

The Pilot is preparing a "Progress Edition" for publication sometime this summer. Similar to The Pilot's 1969 Centennial Edition, but broader in scope, the edition will touch on many facets of Rockport's recent growth as a community, and as a resort of increasing recognition nationwide.

To reveal the scope and size of community invovlement, we would like to present a short article on each of the many local civic and church organizations.

This information is best prepared by the historian of the club, official or unofficial, and for this reason, we are soliciting short histories of local organizations, their founding, evolution, and a short listing of their services to the community. We would also, in the next few months, like to take a picture of the president only of each local organization which submits the requested historical copy. Appointments for picture (studio pictures are usable, in most cases) taking sessions can be made by calling Mark Simmons, Editor at The Pilot office, 729-2357.

Many local organizations were covered in The Pilot's Centennial Edition, and in those cases, the groups should simply bring the community up to date on their activities since 1969, except in such cases where grievous errors have been made in chonology or, attribution.

These organizations are: Rockport Chamber of Commerce, Rockport Fire Department and Auxiliary, Rotary Club, Fulton Fire Department and Auxiliary, Rebekah Lodge, Lamar Women's Club, Lamar Fire Department, Lions Club, Aransas County Riding Association, IOOF, Peace Lutheran Church, Masonic Lodge, Rockport School of Fine Arts, Calvary Baptist Church, Troop 49, First Methodist Church, Fulton Baptist, St. Peter's Episcopal Church, First Baptist Church, Veterans of Foreign Wars Post and Lamar All Faiths Church.

Those organizations who submitted no information in 1969 or were not yet formed are of course welcome to begin at the beginning.

Lamar Women Select Officers

The Lamar Woman's Club chose its officers for the coming year April 20 in a regular meeting at the Sandollar Restaurant.

The new officers were chosen by acclamation from a slate reccommended by the Nominations Committee headed by Mrs. Allan D. DuBose. Elected were Mrs. Otis Stubbs, president; Mrs. R.W. Blair, vice-president; Mrs. Hector Guertin, secretary; Mrs. Frank Ruttiger, treasurer; Mrs. Tom Hickman, historian.

The April 20 meeting was hosted by Mrs. Troy Garner and Mrs. Edward Hall, and presided over by outgoing President Mrs. G.B. Williams.

Members enjoyed a buffet luncheon during the afternoon. The theme of the meeting was flowers. Serving tables were decorated with wildflower arrangements, and the guest speaker. Mr. R.E. House presented a discussion of gardening techniques. Each member brought a plant to the meeting for an end of the meeting exchange.

A total of 30 members were present, as well as guests Mrs. Bob Johnson, Mrs. Carol Callendar, Mrs. G.D. Lingo, Mrs. Lou McGlathery, Mrs. Judy Baergen and Mrs. Jessie Lashbrook.

Holds Weekly Card Party

On Thursday, April 21, the weekly AARP card party was held at Paws and Taws Building, Fulton Beach Road.

Hosting the players for the afternoon were Glen and Beulah Whitaker.

In Ladies' Bridge competition, Rose Smith bested Beulah Whitaker.

Robert Sayre took first place in the Men's Bridge and Doug Duncan followed.

The Canasta winner was Nelle Doering. Evelyn Horton was runner-up.

There were two "Finale" winners, Gordon Conger and Helen Jones.

The next card party will be on Thursday, April 28 at 1:15 p.m. Don't forget the dance, same date at 7 p.m.

WEDDING PLANNED. A May wedding is planned for Miss Audrey Ankele, daughter of Mrs. Pat Ankele of Rockport and the late Charles E. Ankele, and Mr. John O. Debler, son of Mr. and Mrs. R.A. Debler of Holiday, Texas. The couple, engaged in early April, will make their home in Rockport after a short wedding trip. Mr. Debler will take over the management of Ankele's Hardware upon his return. The business had been managed by Charles E. Ankele until his recent death.

Gamma Psi Initiates New Members

Gamma Psi Chapter of The Delta Kappa Gamma Society International met in the Ingleside First Baptist Church Fellowship Hall Saturday, April 16 with Ingleside members serving as hosts.

The formal initiation of nine new members was conducted by Mrs. Nadeane Barber, president; Mrs. Elsie Fay French, first vice-president; and Mrs. Delores Ezell, second vice-president. A business meeting followed the initiation and new members were individually welcomed during the social hour.

Delta Kappa Gamma, founded in Austin, Texas May 11, 1929, is an educational, honorary, professional society. Its members are women who have made outstanding contributions in the field of education. Gamma Psi Chapter membership includes active and retired teachers from Rockport, Aransas Pass, Ingleside, Portland, Sinton, Taft, Refugio, Woodsboro, and Odem.

Rockport members attending this meeting were Elsie Barton, Jane Eller, Sue Randow, Helen McCague, Jeannette Stalker, Margaret Harris, and Mamie Ruth Caton.

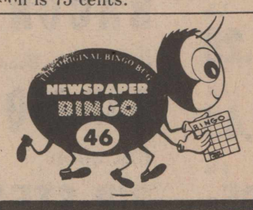

The May meeting will be a luncheon at the Sandollar Hotel in Rockport.

AARP Dance Held

Everyone had a nice time at AARP's first dance of the month Thursday, April 14 at Paws and Taws Building, Fulton Beach Road.

Gene Rickles' music made the evening enjoyable for all.

Thursday, April 28 at 7 p.m. will be the next dance date. All are invited to attend. Admission is 75 cents.

Church Fellowship Day May 6

The Rockport Council of Church Women United held its April meeting at the Peace Lutheran Church with Rose Taylor, president, presiding. Six churches were represented.

The main purpose of the meeting was to plan for the May Fellowship Day which will be held at the Episcopal Church on May 6 at 10:30 a.m.

May Fellowship Day was first observed in 1933. Since then it has been traditional for church women to come together on the first Friday in May to emphasize the creative and healing relations that are possible among people in the 2000 communities where Church Women United is organized in local units.

The theme for this year's service, "Gifts to Claim," carries the strong implication of the freedom to choose. Out of the countless gifts of God, this May Fellowship Day Celebration centers on three: the gift of extravagance, the gift of faith, and the gift of love.

Women from the Baptist, Lutheran, Methodist, Catholic, Episcopal and Roman Catholic churches will present this service in Rockport, but persons of all denominations and faiths are invited to attend.

New Film Depicts Life Of Christ

The story is old, but the perspective is up-dated and brought into sharp focus by the film, THE GOSPEL ROAD, to be shown Sunday, May 1 at 7 p.m. in the Fellowship Hall of the First Baptist Church, Rockport.

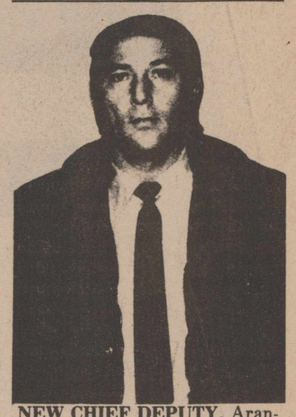

THE GOSPEL ROAD, distributed by World Wide Pictures, was conceived and produced by Johnny Cash and his wife, June Carter Cash, whose desire was to tell the story of Jesus Christ in a realistic and meaningful way.

The film is a unique blend of scripture-based narrative, an abundant supply of specially written songs, and a series of in-depth character portrayals, with Israel itself as the mixing bowl.

You are there, walking beside the Jordan and the Sea of Galilee; you are there, seeing Him in many human situations that establish a practical and personal rapport with every viewer. You are there, being introduced to the disciples, and gaining insights into their varied personalities. You are there, experiencing the highly charged emotional impact of the trial before Pilate, and becoming so personally involved that you feel sympathetic pain when Robert Elfstrom, in an outstanding portrayal of Christ, suffers the physical attack that precedes the Crucifixion.

Adding to the effectiveness of THE GOSPEL ROAD in its endeavor to convey reality for this day are: the fascinating treatment of the Cruxifixion, making this tragedy an event of significance that reaches from its own time across the years to take on meaning for all men of all ages; and the songs and background music of Johnny Cash and other outstanding musicians, whose contemporary style is not out of keeping with the story...a story that revels that His darkest day has become our brightest.

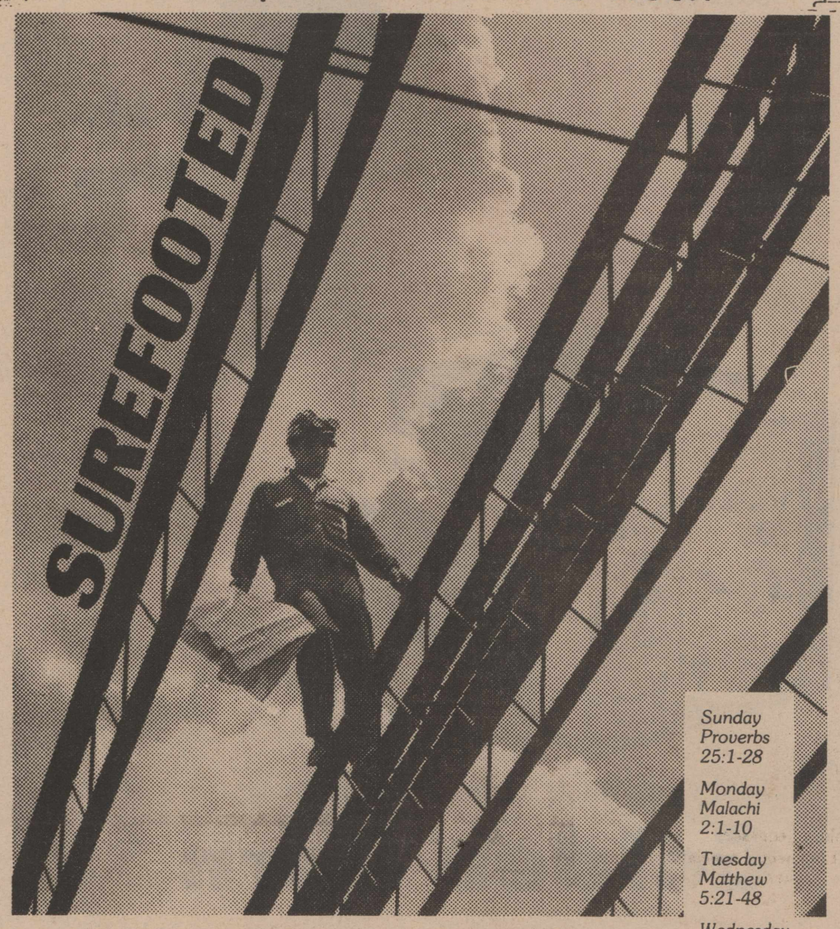

The public is invited!

NEW CHIEF DEPUTY. Aransas County Sheriff Bob Hewes has appoited Deputy Jim Pridgen of his department as Acting Chief Deputy Sheriff of the County until a return to duty by injured Chief Deputy E.A. Stautzenberger, who was almost killed in a recent automobile accident, but who is currently recovering in a Corpus Christi hospital. Pridgen is a seven year resident of Rockport, and the son of Mr. and Mrs. Milton Harrel of this city. Pridgen, 35, is married to the former Sherry Grett of Corpus Christi. He first became a deputy with the Sheriff's Department March 13, 1976. He had previously attended Texas A&I College in Corpus Christi, and Law Enforcement Training classes at Del Mar College.

Luke 10:25-37

Here is a man who can walk a steel girder hundreds of feet high — as casually as if he were hiking down a highway. Yet last summer he nearly panicked when he took his kids for a boat ride on a subterranean river at the bottom of a cavern.

What one man can do easily another flinches from. It really seems as if God planned it that way. He made us in varying sizes, shapes and colors. He gave us all different talents. When you add up the sum total it means that each of us is **unique.**

Next time you're feeling down, think about the uniqueness. You are **you** — you even have fingerprints that don't match those of any other person in the world. Being you is important. Don't let anyone tell you otherwise.

Why not take that important person to church next Sunday?

The Inn Provides A View That's Hard To Beat

Variety And A View Make Key Allegro Inn A Favorite For Dining Out

Editor's Note: This is the first in a series of articles on places to dine out in the Rockport-Fulton-Lamar area.

The Key Allegro Inn Restaurant is one of the main attractions for visitors and residents alike on famed Key Allegro.

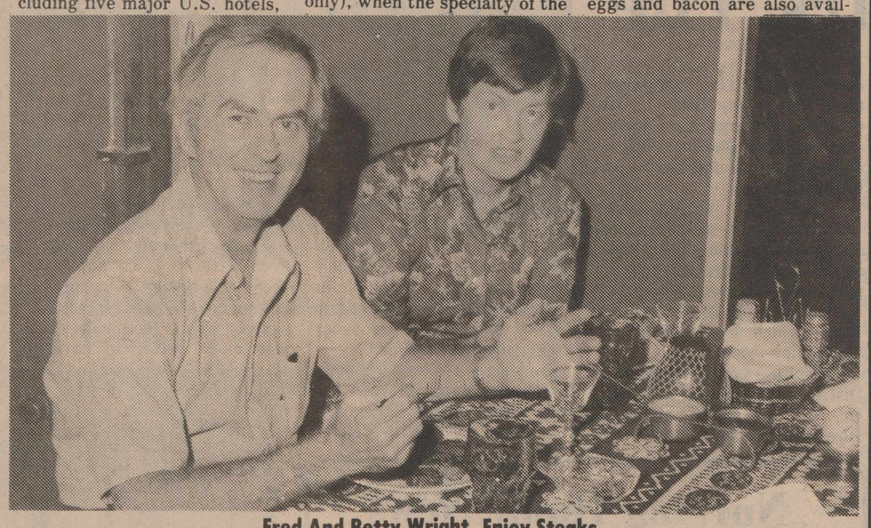

The restaurant features an unmatched view of the bay and island boat channels from both of its dining levels, as well as one of the area's best salad bars, two fulltime cooks and complete bar service featuring Paul Masson wines and large stocks of scotch, bourbon and gin.

Saturday nights, the restaurant features special entertainment by Jack and Bonnie Wendell, who perform a variety of dance music beginning at 7 p.m.

The restaurant is managed and operated by Fred and Betty Wright, who oversee a staff of 18.

Fred Wright, in his third year at Key Allegro, is former architectural engineer who designed and built a variety of commercial developments, including five major U.S. hotels, shopping centers and restaurants.

The restaurant's day begins with breakfast (on weekends only), when the specialty of the house is the omelet. The cook will prepare one to order with any available ingredient on request. Old standbys such as eggs and bacon are also available, of course.

Fred And Betty Wright Enjoy Steaks

Luncheon specials include the Fisherman's Special, with oysters, shrimp, crab, fried fish and scallops, plus salad and hot rolls. In addition, there is a $1.15 open-faced hamburger for those on the run.

Dinner specialties include the excellent Shrimp Polynesian, served on a spit. The shrimp are marinated in wine, vinegar and oil, pineapple juice, soy sauce and fine herbs, then broiled on a stove with bacon, pineapple, tomato, onion and bell pepper slices, all on a bed of curried rice.

Another dinner specialty is crabmeat dressing, which livens up both the stuffed redfish and the special stuffed giant mushrooms.

For five dollars, dinners can enjoy Trout Almondine, Steak Sandwhich, or Shrimp Curry. For $5.50, a Crab Meat Special or the Seafood Platter, perhaps the best deal on the menu, are available.

The restaurant salad bar, open evenings and Sundays, begins with fresh tossed salad and relish daily, and features macaroni, three bean, cucumber, cole slaw, potatoe, beet, carrot and raisin and other salads on a rotating basis. Hot rolls and butter are included with most meals.

The bar, besides the old standbys such as scotch, bourbon and gin, features a special double mix Pina Collada, a combination of creme de cocoa, lemon, pineapple juice, and rum, as well as exotics such as the Mai Tai, the Hurricane, and anything else you can name. The wines, again, are Paul Masson.

Restaurant hours are 12-2 and 6-10 weekdays for the kitchen, with the bar open as late as 2 a.m. if needed.

Weekends, the kitchen hours are 9 a.m. to 1 p.m., with the bar open late as needed.

Key Allegro Restaurant closes Mondays during the winter, but is open seven days a week now and throughout the summer.

There's Water On Every Hole Of Goose Island's Championship Course

The $150,000 Clubhouse Commands A View Of One Of Four Resort Lakes

Goose Island Lake Estates Nears The End Of A Long Haul

"I fell in love with my own deal, says developer Joe Conlen, smiling for the first time during a long, hectic morning. "And I'm here to stay."

Conlen, 53, is head of a family of second generation developers who have created Goose Island Lake Estates on the Lamar Peninsula.

He has spent the morning wrangling with employees and finances, talking to prospective buyers (including one woman who had the wrong number--he never misses a chance) and showing his baby to the press.

He has come through it all as a vital, imaginatively profane man who knows he is a good fighter but would much rather it not be necessary.

So he is settling down at Goose Island, preparing to live the rest of a hopefully long life in very successful peace.

Although you couldn't tell from the cluttered sales office and the tiny chair his stocky build smothers, he is sitting on top of a mountain right now, looking at the Down side.

The climb was long and drawn out, requiring perserverance more than a sudden winning burst of enthusiasm, and his face is puffed with the exertion and the tension, his hands well used.

But the quick bulldog eyes are seeing that long down slope now and it would be hard to bet against him. "I've been in this business 30 years," he says. "You meet a lot of people and get a lot done in that length of time. I know people from everywhere." "Jackson, Mississippi," I say. He laughs. "Jackson, Mississippi. I just talked to a guy from Jackson the other day." He shows a card from a bulging billfold. Sure enough, Jackson, Mississippi.

All those contacts meant that much committment and personal give-and-take-training, in Conlen's case, for the battle of Goose Island.

Conlen got his first look at the Lamar peninsula in 1972 and fell in love. He says that he was wanted to "do it right" since that first encounter.

Such a reaction is the result of the land's singular ability to touch those who deal with it. The trees, the lakes, the bay when it can be seen the climate, the isolation from but nearness to Rockport and facilities such as Goose Island State Park (a few miles down Park Road 13, which serves as the main entrance to the development) and the Aransas Wildlife Refuge make it easy to love, hard to forget and certain to be discovered and exploited.

That Conlen was going to "do it right" was scarce consolation for old-time residents who didn't want it done at all. The proposed 1,100 unit developement (counting condiminiums) went over like the measles with families who enjoyed low evaluations, ran livestock, and lived quietly on land some have owned since before the Civil War.

Most of the animosity between the landowners and the developer has been soothed, at least once by court order, and the peninsula is becoming used to the new resident. Conlen predicts in time that those who fought him in the beginning will be grateful for his expensive committment to proper drainage, sewage, drinking water, roads and other housekeeping functions which county developments in the past have sometimes shortchanged or underrated.

His crowning achievement to date is the creation of Aransas County Municipal Water District No. 1 to serve the development. The district was established as a completely separate entity, its Board of Directors filled with individuals outside the development corporation.

It's track record is so far flawless, with a first bond issue totalling $1¼ million sold out in a single day to a single firm, a coup unheard of in these days of high interest and tight money.

Conlen boasts that the District, which has the approval the Texas Water Quality Board, the Texas Water Rights Commission, The Aransas County Commissioners Court and the State Board of Health, will provide the finest treatment facilities in South Texas.

The District's approach has been unique in the area, to be sure. Sewage from development units will be treated conventionally, piped to a holding lake, sent through chlorinators, and pumped through an competerized undergound sprinkler system onto the nine hole golf course at the rate of 125,000 gallons per day. The course has water on every hole and a sandy base that will serve as a completely natural purifier of the water, giving the development a self-contained ecological cycle. Extra water in times of heavy rains goes through the three main lakes, canals, catch basins and a county ditch network to St. Charles Bay.

The system is called reverse osmosis, and comes highly recommended by government experts, but is so new that Austin is the only other location in Texas which has a similarly functioning system.

Consulting engineers for the District are Williams and Miller, Inc. of Corpus Christi. Directors include Donald E. Gammon, President and director; Robert M. Rogers, Secretary and Director; Charles McClesky, Director; August W. Olson, Director; and Charles W. Warren, Director. the Tax Assessor-Collector for the District is Mrs. Beverly Gammon.

The Board will charge residents $12.00 for the first 10,000 gallons of water, $1.60 for every 1,000 thereafter to 20,000, and $1.30 for every 1,000 gallons over 20,000.

Conlen says that with additional development, the District will probably encompass everything north of the Copano Causeway, and that his original vision of an ecologically sound development bolstered by the propower municipal organizations and treatment and administrative facilities will be applauded by the people on the peninsula and county-wide.

He is probably right, and even if there is no applause, there will likely be grudging acceptance of the fact that despite rising land values, it was much better to have it "done right."

So Conlen looks at the long Down side and plans a May 1 reopening of the sales office to begin the final push to sell out the first portion of the development. Sales were stopped in November to allow completion of the golf course and various service facilities such as tennis courts, swimming pool and the $150,000 club house, which features jacuzzi baths, saunas and dining facilities.

Wendell Addresses Republican Women

Aransas County Judge John Wendell, a lifelong Democrat, commanded the attention of a large group of members of the Republican Women of Aransas County April 21 in the home of Mrs. Betty King, 15 Whooping Crane, Key Allegro.

Admitting he was out of his element surrounded by Republicans, Judge Wendell discussed the proposed nonpartisan redistricting of Aransas County voting precincts.

He explained in detail the inequities of the current precinct alignments and the provisions or requirements of the Texas Election Code as to the percentage of difference allowed among voting precincts.

He told the women the Commissioners Court is currently working on a redistricting plan and hopes to finish June 1 so the realignment can be put into effect Jan. 1, 1978.

Judge Wendell emphasized that "much publicity will be needed to inform the approximately 1,500 voters who will be affected by the precinct changes.

Legal Notice

(Continued from Page 15)

ments shall constitute a misdemeanor. Any person convicted of such misdemeanor shall, upon conviction, be fined not more than One Hundred Dollars ($100.00); and shall, in addition, pay all costs and expenses involved in the case. Each day such violation continues shall be considered as a separate offense.

SECTION B. SEVERABILITY

It is hereby declared to be the intention of the City of Rockport that the Sections, paragraphs, sentences, clauses and phrases of this Ordinance are severable, and if any phrase, clause, sentence, paragraph or section of this Ordinance shall be declared unconstitutional or invalid by the valid judgment or decree of any court of competent jurisdiction, such unconstitutionality or invalidity shall not affect any of the remaining phrases, clauses, sentences, paragraphs and sections of this Ordinance, since the same would have been enacted by the City of Rockport without the incorporation of this Ordinance of any unconstitutional or invalid phrases, clauses, sentences, paragraphs or sections. This ordinance shall repeal all other Flood Plain Management Ordinances passed by the City of Rockport and shall become effective as set forth herein.

SECTION C. EFFECTIVE DATE

This Ordinance shall take effect on the 1st day of May, 1977.

PASSED AND APPROVED this 25th day of April, 1977.

City Secretary

Nursing Home News

Activities at the Aransas Pass Nursing and Convalescent Center for the Week of April 18 through April 24 included:

--A Monday morning visit from regular Mary O' Quinn, and a Monday afternoon "Blue Grass" music concert by John Blair, Altie Albers, Fannie Brunson and Fannie Brunson's daughter and her friend, all of Rockport.

--Tuesday morning, exercise classes were held, and Tuesday afternoon, the Friendship Club of the Mobile Inn Trailer Park of Fulton were out for their monthly bingo game. The Friendship Club, which will be losing many of its winter stalwarts, is soliciting help from local citizens who want to participate in the monthly bingo parties. Interested persons can call Mrs. Henry Schnabel at Mobile Inn Trailer Park.

--Wednesday residents had a free day while the nurses held an in service workshop which featured a film provided by James McCoy.

--Thursday morning was Pentecostal Hour, with the ladies of the Pentecostal Church of God of Aransas Pass out for their weekly program.

Thursday afternoon, the V.F.W. Auxiliary of Aransas Pass held their monthly bingo day.

--Friday afternoon, Father James Hamilton and members of St. Mary's Star of the Sea Catholic Church held mass for Catholic residents and friends. Resident Roy Archey assisted.

--Saturday evening was "Dance Time" with Mary Frances, Farenthold and Sandra Mathis and Terry Holden furnishing the music. The ladies of the Altar Society of the Aransas Pass Catholic Church served cookies, cake and punch.

--Sunday morning Church services were held by Reverend Al Bankert. Sunday noon, Mrs. Bill Glenn brought two cakes in observance of her father Mr. Abrahan Harris' birthday. Mr. and Mrs. Glenn and Mary O'Quinn served the cake, including a portion for resident Rachael Smith, another resident who was celebrating a birthday.

Sunday afternoon was "Sing In" with the pastor and members of the First Christian Church of Ingleside.

Thanks go to the Byron Walker family and Dr. and Mrs. Bill Glenn for flowers.

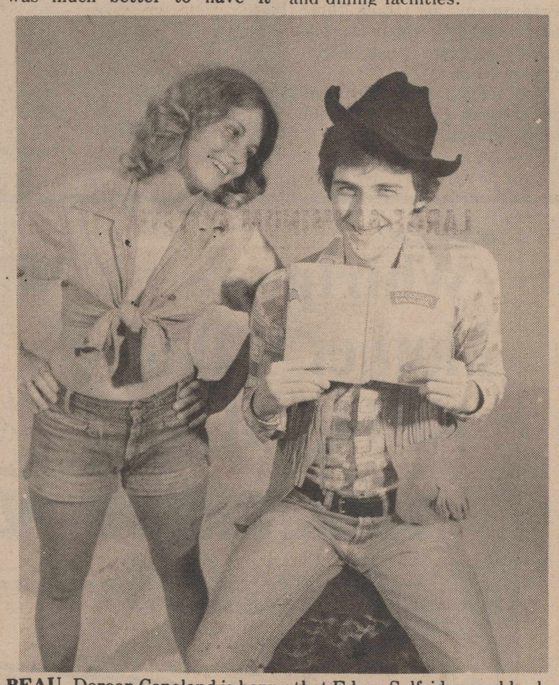

Dinner Theatre Planned

The Allegro Women's Club of Rockport has arranged for a DINNER THEATER on May 19 and 20. The Repertory Theater of America will present the "Hackberry Cavalier." This musical comedy is full of songs, laughs and tall tales about love and life in the Texas hill country during the 1930's.

The Dinner Theater will be at the Key Allegro Islander Restaurant. Mr. Fred Wright, owner-manager, will serve a buffet dinner before presentation of the "Hackberry Cavalier".

Mrs. Jane Tait, President of Allegro Women's Club pointed out that this visit to Rockport by a national touring group of professional players coupled with a good dinner enables an informal fun-filled evening.

Seating is limited. Dinner Theater tickets should be purchased early by calling 729-1358; 729-5079; 729-6499.

BEAU. Doreen Copeland is happy that Edgar Selfridge could solve her boyfriend problems in the Dinner Theater presentation "Hackberry Cavalier" May 19 and 20 at the Key Allegro Islander Restaurant.

It's A Boy

Mrs. Zenon Hernandez announces the birth of her first grandson to Mr. and Mrs. Jose Alaniz. Named Jason, the baby boy weighed eight pounds, 15 ounces at birth March 2. Paternal grandparents are Mr. and Mrs. Isabel Alaniz, Yorktown, Texas.

Library News

A Collection of Overdue Books" campaign has begun at the Aransas County Public Library. Overdue books returned will be FINE FREE beginning April 27 through May 8. Charges against lost or damaged books will be determined by age, condition, initial cost and value of the book to the library collection. The names of patrons with books due on or before June 2 will be sent to James Anderson, County Attorney, for further action.

Books new to the library collection include Peter Tomphins' "Secrets of the Great Pyramid". This book is an account of the adventures and discoveries of the explorers and scientists who for two thousand years have been probing the mystery of the Great Pyramid of Cheops. Also new to the collection is "Overboard" by Hank Searls. "Overboard", has received a number of good reviews, including the review in the Sunday Corpus Christi Caller. Two juvenile books by Judy Blume have been added to the collection: "Tales of a Fourth Grade Nothing", and "Then Again Maybe I Won't".

Some 160 patrons registered at the library during library Week. "Audubon", "The Honorable Sam Houston", and "Indoor Plants", were viewed by interested patrons. The library thanks Wilkins Nursery for furnishing the flowers for the refreshment table.

SHOW TIME is scheduled for 10:30 - 11 a.m. Friday April 29 All preschool children are invited to attend this event.

The library gratefully acknowledges gifts of books, donations and memorials from the following: Mrs. A.L. McCraw, Mrs. Shirley Souther, Mrs. Floyd Brown, Mrs. Everal West, Lloyd Holgran, W.E. Foster, Mr. and Mrs. Max Gardner, Mr. and Mrs. Thomas A. Goodin, Mr. and Mrs. Fred Bracht and Mrs. Frank Kirk.

Superintendent Addresses Demo Women

Joe Randow, Superintendent of Schools, was the featured speaker at the Aransas County Democratic Women meeting. Superintendent Randow has been with the Aransas county Independent School District since 1959.

Superintendent Randow gave a most interesting talk including topics on the make up of school policy, workings of the School Board, and how a school is rated for interscholastic competition.

Scout Troop Attends Lab Open House

Boy Scout Troop 280 attended the University of Texas Marine Science Institute Open House Saturday. They attended a showing of the movie, "Graveyards of the Gulf", toured the research vessel, Longhorn, and toured the research laboratories. They will be able to use this trip in working on their Oceanography badge.

Those who made the trip were Raymond Arnold, Clyde Barre, Jeb Beall, Peter Booth, Michael Hanzelka, Robert Jack, Ed Lane, Robert McMillan, Jay Merrett, Keith Morrison, Ronnie Roe, Jon Shaw, and Michael Von Heuvel. They were accompanied by Scoutmaster, Martin Jack.

PLAY NEWSPAPER BINGO

RED

Is The Color Card For This Week's Game

HERE'S YOUR CHANCE TO WIN

$50.00

FOR 13 WEEKS

Play as many cards as you wish

No Purchase or Obligation

First Game In This Week's Pilot

RULES OF THE GAME

NO OBLIGATION OR PURCHASE NECESSARY:

There is no obligation or purchase necessary. A copy of the paper is available for playing the game at the office of this newspaper - also at the public library - also a Bingo card and/or a copy of The Rockport Pilot for that day containing the Bingo numbers may be obtained by mailing your request to this newspaper (please print your name and address clearly). You may play as many cards as you wish - they are free. Get additional cards - one at a time - each day of the week - from the merchants listed below (adults only).

DIFFERENT COLORED CARDS EACH WEEK:

The color of the cards changes each week. To be a winner, you must play Bingo cards of the correct color for that week. Mutilated or altered cards will not be honored. ALL 24 NUMBERS ON A CARD MUST BE MATCHED TO WIN.

CHANCE DETERMINES NUMBERS:

Bingo numbers for each week's game are drawn strictly at random at the office of this newspaper. Some duplication of Bingo numbers may appear in the merchants' ads - or elsewhere in the paper. This duplication does not affect the game or the total numbers drawn. All numbers for each week's game will appear someplace in the sponsoring merchants' ads - and possibly elsewhere in the paper. Employees of this newspaper and members of their families are not eligible to win any of the prizes. Newspaper Bingo is a program copyrighted and registered by Marketing-Research Associates, Minneapolis, Minnesota.

NOTE

Only one Bingo card and one newspaper will be sent per request and a self-addressed, stamped envelope must accompany each request.

PICK UP FREE BINGO CARDS

Each week (adults only, please) pick up your FREE Bingo cards from any of the sponsoring merchants listed below. Rules of the game allow the merchants to give you only one card on each store visit. However, you may make as many visits as you wish each day of the week. THE MORE CARDS YOU PLAY - THE BETTER ARE YOUR CHANCES OF WINNING.

HOW TO PLAY:

Check the ads in each week's issue of The Rockport Pilot. The ads of the merchants listed below will contain one or more "Newspaper Bingo" numbers in the "Bingo Bug" symbol (shown above). Occasionally numbers, in the "Bingo Bug" symbol, may be found elsewhere in the newspaper. Be sure to check the Classified Ad section for additional numbers. IF YOU CAN MATCH (JUST CIRCLE OR "X" THE MATCHING NUMBERS) **ALL 24 NUMBERS** ON ANY ONE OF YOUR BINGO CARDS WITH THE NUMBERS PUBLISHED IN THE WEEKLY ISSUE OF THE PILOT - YOU HAVE A "BINGO"! - AND YOU ARE A WINNER! ! !

AT LEAST $50.00 WEEKLY! !

Winners will share a weekly prize of $50.00 (in "Bingo Bucks" - they spend the same as cash with any of the sponsoring merchants listed below). If there is only one winner, he wins all of the $50.00. If there is more than one winner, all winners will share the $50.00 in equal amounts. If there are no winners any week, the $50.00 weekly prize will be added to the following week's prize fund.

CHECK EACH ISSUE OF THE PAPER:

Each game is complete in each week's issue of The Rockport Pilot. A new set of Bingo numbers will be published each week in the sponsoring merchants' ads - and possibly elsewhere in the paper. A new color of Bingo cards for each week's game will be available at the sponsoring merchants' stores. To be eligible to win, you must play Bingo cards of the correct color for that week's game. The color of the cards for each week's game will be announced on this page.

Edler Region Meet Bound

Rockport's Charlie Edler won a trip to the Regional meet Friday, April 22 in Beeville, placing second in the 220 yard dash at the District 15-3A track meet.

Edler's 23.18 time was just a short step behind champion Carl Salone of Sinton, and it was the best among half a dozen top performances by Rockport's formidable crew of young sprinters.

Shut out as usual in the field events, where Gregory-Portland and Tuloso-Midway reign supreme, the Pirate, coached by Gene Rogers and Roy Chapa, came on in the running events to post 48 points and finish a surprise fourth in one fo the toughest fields in Texas 3A competition.

As expected, Gregory-Portland's Wildcats easily outdistanced the rest of the district in the team point standings, finishing with 182, almost double second place Sinton's 109. Beeville, the host and a first year competitor in 15-3A, was third with 79 points, and the Pirates fourth. Tuloso-Midway, Flour Bluff, West Oso and Calallen made up the second division.

For Rockport, the good news began in the 440 yard relay, where Edler, Algie Simmons, Jolly Lewis and Darryl Green posted a 44.28 time good for third place.

Bill Adams was next on the scoreboard with a 16.64 time good for sixth place in the 120 yard high hurdles.

The 100 yard dash was the Pirate showcase, however, and a warning to the rest of the district that the team will be a contender next year if it can find strength in the field events and keep its speedsters healthy. The Pirates finished third, fourth, and sixth in the 10.11 clocking. Edler was right behind him at 10.27, and Simmons two places back with a 10.50 finish.

Green was a bare one one-hundredth of a second behind Edler in the 220, and Raul Ramirez ran third with a 4:32.74 to finish the individual scoring for Rockport.

The Pirate mile relay team posted a 3:35.12 time good for fifth place.

The Rockport Pilot
Sports

DIGGING OUT. Junior sprinter Charlie Edler had to pull out of hurdles competition just before the district meet because of a minor back problem, but the injury gave him no problems in the 220 yard dash Friday in Beeville, and he'll be representing Rockport this Saturday at 3:20 p.m. in the Region IV track meet in Buccaneer Stadium, Corpus Christi. Edler has a personal best of 22.7, which should make him competitive even in a region that stretches from New Braunfels to the valley.

Spring Is Here, So Are Fish Say Biologists

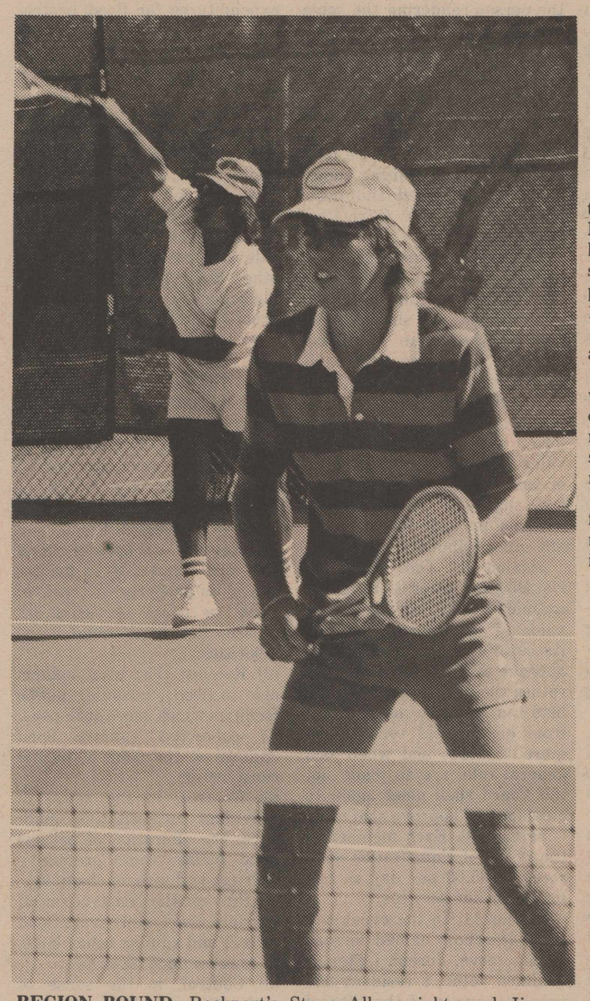

Coastal biologists of the Texas Parks and Wildlife Department say that their catches on the lower Texas coast indicate that spring has definitely arrived and has brought the fish with it.

Recent gill net sets have made large catches in Aransas and Corpus Christi Bays and in the Laguna Madre. These are the nets that catch very little during colder weather because they depend on the movement of the fish. When the water is cold the fish eat very little and move about only when it is absolutely necessary. Now, it seems, the fish have really begun to move.

One net set overnight in Aransas Bay took 300 gafftops. They averaged three pounds apiece. A net in Shamrock Cove that same night took 19 two-pound redfish.

A net set in Corpus Christi Bay on the night of March 29 took 12 redfish, 13 speckled trout and seven black drum. At the same time a net in Laguna Madre took 20 two-pound specks. The net in Aransas Bay on that night caught 17 redfish that averaged between two and three pounds.

Stomach analysis made on any redfish that had been injured by the net indicated that they had been eating blue crabs and shrimp.

REGION BOUND. Rockport's Steve Allen, right, and Jimmy Aleman will be out to win a trip to the state meet Friday and Saturday, April 29 and 30 in the Regional Tennis Meet at the H.E.B. Tennis Center in Corpus Christi. The duo is a two-time 15-3A champion, and barely missed a trip to the Austin finals last year when Aleman injured his hand in a shop accident only days before the meet. This year, experienced and healthy, they should be hard to beat. The pair is coached by A.C. Blunt.

Outdoors 'n Things

By L.D. Nuckles

It won't be long before white-tailed deer fawns will start to show up in Texas. As usual, some people will get themselves in trouble and do a terrific injustice to the fawns--just because they're so "kind hearted."

The baby fawns, with their beautiful coloration and soft brown eyes, should be born with a large red tag attached that reads, CAUTION -- DO NOT TOUCH. Since this is impossible, the outdoors public should be aware that (1) the fawn is probably NOT abandoned, (2) he is much SAFER if left untouched by you, (3) he will, in a very short time, become a NUISANCE around the house, (4) within 18 months it is quite possible that it will be DANGEROUS to have him as a pet, especially to women and children, and (5) it is ILLEGAL for you to pick him up and take him home without a permit from the Texas Parks and Wildlife Department (TP&WD) -- which they will probably refuse to issue.

The chances are very good that fawns found in the woods are not abandoned at all. It is normal for a doe to leave her fawn to search for food and water. She will return in time for his next feeding.

The fawns' dappled coloration blends in with his surroundings and during his first 10 days to two weeks he seems to have no scent to betray his presence. If you handle and pet him it is possible that you will leave a scent that will attract curious predators.

If you take the fawn home it is quite possible that you are virtually assuring his early death. You really know nothing about caring for a fawn--love and sympathy is not enough. If he lives you'll soon find yourself wishing he hadn't.

Simmons' Sprint Double Gives JVs Fourth Place

James Simmons won both the 100 and 200 yard dashes Friday, April 22 in Beeville to lead the Rockport Junior Varsity Track team to a fourth place finish in the District 15-3A meet.

The JVs totalled 52 points, all in running events.

Other top individual finishes were Esequiel Hernandez' second place finish in the 880 yard run and Miguel Contrerras' second place finish in the mile run.

Alvin Bardwell finished fourth in the 330 yard intermediate hurdles to wrap up the individual scoring for the JV Pirates. Hollis Durham finished third in the 440 yard dash, but stepped out of his lane at one point and was disqualified by meet judges, erasing his points from the team standings.

The JV mile relay team of James Stevens, Hollis Durham, Esequiel Hernandez and Alvin Bardwell finished third

NEWSPAPER BINGO 10

Lady Pirate Erin Falk Second At Regional

Erin Falk will be representing Rockport in the state tennis meet May 6-7 in Austin after taking second place in Regional competition Saturday, April 23 at the H.E.B. Tennis Center in Corpus Christi.

Erin, a sophomore, defeated Lori Tassman, the girl who had kept her out of the State meet last year, in the first round of play, 6-3, 6-1.

In the second round, she took Terri Newton in split sets, 1-6, 6-2 and 6-3. The two consecutive match wins guaranteed her a place at the state meet.

In final round play Erin, who had been seeded second in the opening draw, lost to top-ranked Martha Garza of Mercedes 6-4, 3-6, 5-7.

Seeds and match times won't be announced for the Austin meet until late in the week.

Erin won the right to compete in the Region meet by taking the 15-3A singles title for the second consecutive year.

Pirate Golfers Take Fourth In District

The Rockport-Fulton High School Golf Team competed in the District 15-3A golf tournament Monday and Wednesday, finishing fourth. Monday, April 18, the Pirate golfers played the Riverhills Country Club course with other district schools and finished with a team score of 332, good for fourth place behind Beeville, Sinton and Calallen. The following Wednesday the second round of district play was held at the Sinton Municipal course and the Pirates shot a team score of 331, again good for fourth behind the same three schools.

Beeville won first place with a two day score of 623; Sinton was second at 642 and Calallen third at 658, just five strokes ahead of the Pirates.

The Pirate first team in district play was composed of Bill Wilson, Jeff Dietze, Mike Solle, Bill Adams and Steve Flanagan. The second team was composed of Chris Oliver, Robert Wheeless, Harry Thomas and Dolph Hiller. Oliver played on the first team in several warm-up tournaments.

Wilson's 77 in the first round of district play was the best competitive round for the Pirate golfers this year. The Pirates played in the Beeville, Calallen, Corpus Christi and Rockport tournaments before district play, finishing fourth at Beeville and Rockport.

Seniors playing their last round of golf for the Pirates were Jeff Dietze, Bill Wilson, Steve Flanagan, Robert Wheeless, Harry Thomas and Chris Olvier.

Sailing Club Sunfish Races Set April 27

The Rockport Sailing Club will hold Sunfish Races Wednesday, April 27, on Little Bay. Skippers' meeting is at 5 p.m. at dockside behind the Meredith Long Art Gallery.

The club has also scheduled a cruise for the bigger boats this Saturday and Sunday--weather permitting. The cruise destination is indefinite at this moment, but anyone interested should call C.M. Henkel, 729-1636, or Park Gerdine, 729-0272. All boats are welcomed.

Eleven boats took part in the races last week. The first race winners were: 1 - Wake Wideman with crew Kyle Johnson; 2 - Donald Kamens; 3 - Andy Gehring. The second race winners were: 1 - Donald Kamens; 2 - Dolph Hiller; 3 - Jon Shaw with crew Peter Booth. Tad Bailey came in second overall in the first race on his windsurfer.

This was the first event of a weekly boardboat race program the Sailing Club is planning for the season. So far only scratch races are being held. Beginning in May, ribbon trophies will be given each week with more significant trophies to be awarded the winners of each 6 weeks series of races.

Migration Beginning

Despite one of the hardest winters on record, brown shrimp which comprise the largest segment of Texas' multimillion dollar shrimp industry, are showing up in net sample collected in Galveston Bay nursing grounds.

"Good numbers of browns were collected in March by coastal fisheries biologist, although we are a month or so away from being able to evaluate the strength of the spring crop," said Tom Moore, Texas Parks and Wildlife Department coastal fisheries chief.

ORDINANCE NO. 419
AN ORDINANCE BY THE CITY COUNCIL OF THE CITY OF ROCKPORT, TEXAS, APPOINTING THE MEMBERS OF THE BOARD OF EQUALIZATION FOR SAID CITY FOR THE CURRENT YEAR AND SETTING THE TIME FOR THE MEETING OF SAID BOARD
BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKPORT, TEXAS:

Section 1. The City Council of the City of Rockport, Texas, does hereby appoint W.B. Allen, Murray C. McMillan and Mrs. E.F. Everett, each a qualified voter, a resident and property owner of the City of Rockport, Texas, who shall be styled the Board of Equalization.

Section 2. Such Board shall meet on May 19, 1977 and May 20, 1977 from 9:00 o'clock a.m. to 4:30 o'clock p.m. at the City Hall; and before such Board enters upon its duties, it shall be sworn faithfully and impartially discharge all duties incumbent upon it by law as such board.

Section 3. The Board shall convene, at the time so fixed, to receive all the assessment lists or books of the Assessor for examination, correction, equalization, appraisement, and approval. At each meeting of said Board the City Secretary shall act as secretary therefor; or make appointment to act as such.

Section 4. The Board of Equalization shall cause the assessor to bring before them, at the time so fixed, all the assessment lists or books of the Assessor for their examination. Said Board shall have power to send for persons and papers, to swear persons who testify, to ascertain the value of such its proper value; and, if too low, they shall raise the value of such property that may appear on the Assessor's lists of books.

Section 5. Any person may file with said Board at any time before the final action of the Board a complaint as to the assessment of his or any other person's property, and said Board shall hear said complaint. Said complainant shall have the right to have witnesses summoned in sustaining said complaint as to the insurance on said property or the rents and profits it may bring to the holder thereof.

Section 6. The City Assessor, when he delivers to said Board his lists and books, shall also furnish a certified list of the names of all persons who either refuse to swear or qualify or to sign the oath as required by law, together with a list of the property of such persons situated within the corporate limits of the City, as made by him through other information. The Board shall examine said lists and appraise the property so listed by the Assessor.

Section 7. In all cases, where the Board of Equalization shall raise the value of any property appearing on the lists of books of the Assessor, they shall, after having examined such lists or books and corrected all errors appearing therein, adjourn to a day not less than ten nor more than fifteen days from the date of adjournment, such day to be fixed in the order of adjournment, and shall cause the secretary of said Board to give written notice to the owner of such property or to the person rendering the same of the time to which said Board has adjourned, and that such owner of person rendering said property may at that time appear and show cause why the value of said property should not be raised. Such notice may be served by depositing same, properly addressed and postage paid, in the City Post Office.

Section 8. The Board of Equalization shall meet at the time fixed in said order of adjournment, and shall hear all persons the value of whose property has been raised. If said Board is satisfied they have raised the value of such property too high, they shall lower the same to its proper value. The action of said Board at said meeting shall be final, and shall not be subject to revision by said Board or by any other tribunal.

Section 9. The Board of Equalization, after it has finally examined and equalized the value of all property on the Assessor's lists or books, shall approve said lists or books and return them, together with the lists that he may make therefrom his general rolls as required by law; and when said general rolls are so made up, the Board shall meet again to examine and approve said rolls.

Section 10. Each member of the Board of Equalization shall receive $35.00 per day as pay for his or her services.

Section 11. In the event any one of the above named persons cannot serve, Joseph Lister, a qualified voter, a resident and property owner of the City of Rockport, Texas, shall be the other member of said Board of Equalization.

PASSED AND APPROVED this the 25 day of APRIL, 1977.

ORDINANCE NO. 418
FLOOD DAMAGE PREVENTION ORDINANCE
ARTICLE I
STATUTORY AUTHORIZATION, FINDINGS OF FACT, PURPOSE AND OBJECTIVES

SECTION A. STATUTORY AUTHORIZATION
The Legislature of the State of Texas has in Art. 8280-13, Art. 1581E delegated the responsibility to local governmental units to adopt regulations designed to minimize flood losses. Therefore, the City Council of the City of Rockport, Aransas County, Texas, does ordain as follows:
SECTION B. FINDINGS OF FACT
(1) The flood hazard areas of the City of Rockport are subject to periodic inundation which results in loss of life and property, health and safety hazards, disruption of commerce and governmental services, and extraordinary public expenditures for flood protection and relief, all of which adversely affect the public health, safety and general welfare.
(2) These flood losses are created by the cumulative effect of obstructions in flood plains which cause an increase in flood heights and velocities, and by the occupancy of flood hazard areas by uses vulnerable to floods and hazardous to other lands because they are inadequately elevated, floodproofed, or otherwise protected from flood damage.
SECTION C. STATEMENT OF PURPOSE
It is the purpose of this ordinance to promote the public health, safety and general welfare and to minimize public harm and private losses in special flood hazard areas with provisions designed to:
(1) Restrict or prohibit uses that are dangerous to health, safety or property in times of flood, or cause excessive increases in flood heights or velocities;
(2) Require that uses vulnerable to floods, including public facilities which serve such uses, be protected against flood damage at the time of intitial construction;
(3) Control, in the sense of providing authoritative guidance, the alteration of natural flood plains, their protective barriers and stream channels;
(4) Prevent the construction of barriers which will divert flood waters and subject other lands to greater flood hazards;
(5) Control, in the sense of authoritative guidance, development which would cause greater erosion or potential flood damage such as grading, dredging and excavation.
SECTION D. OBJECTIVES
The objectives of this ordinance are:
(1) To protect human life and property exposed to the hazards of flooding;
(2) To ensure that potential property owners are notified if property is in a special flood hazard area;
(3) To minimize the need for rescue and relief efforts associated with flooding and generally undertaken at the expense of the general public;
(4) To minimize prolonged business interruptions;
(5) To minimize damage to public facilities and utilities such as water and gas mains, electric, telephone and sewer lines, streets and bridges located in special flood hazard areas;
(6) To minimize expenditure of future public money for costly flood control projects.
ARTICLE 2
DEFINITIONS
Unless specifically defined below, words or phrases used in this ordinance shall be interpreted to give them the meaning they have in common usage and to give this ordinance its most reasonable application.
Appeal--means a request for a review of the Flood Plain Management Inspector's interpretation of any provision of this ordinance or a request for a variance.
Area of Shallow flooding--means a designated AO Zone on a community's Flood Insurance Rate Map (FIRM) with base flood depths from one to three feet. This condition occurs where a clearly defined channel does not exist, where the path of flooding is unpredictable and indeterminate, and where velocity flow may be evident.
Area of Special Flood Hazard--is the land in the flood plain within a community subject to a one percent or greater chance of flooding in any given year.
Base Flood--means the flood having a one percent chance of being equalled or exceeded in any given year.
Breakaway Walls--means any type of walls, whether solid or lattice, and whether constructed of concrete, masonry, wood, metal, plastic, or any other suitable building material which are not part of the structural support of the building and which are so designed to breakaway under abnormal riverine velocities, or high tides and wave action, if applicable, without damage to the structural integrity of the building on which they are used or any buildings to which they might be carried by flood waters.
Coastal High Hazard Area--means the area subject to high velocity waters, including but not limited to hurricane wave wash or taunamis. The area is designated on a FIRM as Zone V1-30.
Development--means any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.
Existing Mobile Home Park or Mobile Home Subdivision--means a parcel (or contiguous parcels) of land divided into two or more mobile home lots for rent or sale for which the construction of facilities for servicing the lot on which the mobile home is to be affixed (including, at a minimum, the installation of utilities, either final site grading or the pouring of concrete pads, and the construction of streets) is completed before the effective date of this ordinance.
Expansion To An Existing Mobile Home Park Or Mobile Home Subdivision--means the preparation of additional sites by the construction of facilities for servicing the lots on which the mobile homes are to be affixed (including the installation of utilities, either final site grading or pouring of concrete pads, or the construction of streets).
Flood or Flooding--means a general and temporary condition of partial or complete inundation of normally dry land areas from:
(1) The overflow of inland or tidal water.
(2) The unusual and rapid accumulation or runoff of surface waters from any source.
Flood Hazard Boundary Map (FHBM)--means an official map of a community, issued by the Federal Insurance Administration, where the areas within the boundaries of special flood hazards have been disignated as Zone A.
Flood Insurance Rate Map (FIRM)--means an official map of a community, on which the Federal Insurance Administration has delineated both the areas of special flood hazards and the risk premium zones applicable to the community.
Flood Insurance Study -- is the official report provided by the Federal Insurance Administration. The report contains flood profiles, the water surface elevation of the base flood, as well as the Flood Hazard Boundary-Floodway Map.
Habitable Floor - means any floor usable for living purposes, which includes working, sleeping, eating, cooking or recreation, or a combination thereof. A floor used for storage purposes only is not a "habitable floor".
Mangrove Stand -- means an assemblage of mangrove trees which are mostly low trees noted for a copious development of interlacing adventitious roots above the ground and which contain one or more of the following species: black mangrove (Avicennia Nitida); red mangrove (Rhizophora Mangle); white mangrove (Languncularia Racemosa); and buttonwood (Conocarpus Erecta).
Mean Sea Level -- means the average height of the sea for all stages of the tide.
Mobile Home -- means a structure, transportable in one or more sections, which is built on a permanent chassis and designed to be used with or without a permanent foundation when connected to the required utilities. It does not include recreational vehicles, travel trailers or mobile homes on display in a mobile home sales lot for sale; however, does include the sales office in a mobile home sales lot.
New Mobile Home Park Or Mobile Home Subdivision -- means a parcel (or contiguous parcels) of land divided into two or more mobile home lots for rent or sale for which the construction of facilities for servicing the lot on which the mobile home is to be affixed (including, at a minimum, the installation of utilities, either final site grading or the pouring of concrete pads, and the construction of streets) is completed on or after the effective date of this ordinance.
Sand Dunes -- means naturally occurring accumulations of sand in ridges or mounds landward of a beach.
Start of Construction -- means the first placement of permanent construction of a structure (other than a mobile home) on a site; such as, the pouring of slabs or footings or any work beyond the stage of excavation. Permanent construction does not include land preparation; such as, clearing, grading, and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for a basement, footings, piers or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings; such as, garages or sheds not occupied as dwelling units or not as part of the main structure. For a structure (other than a mobile home) without a basement or poured footings, the "start of construction" includes the first permanent framing or assembly of the structure or any part thereof on its piling or foundation. For mobile homes not within a mobile home park or mobile home subdivision, "start of construction" means the affixing of the mobile home to its permanent site. For mobile homes within mobile home parks or mobile home subdivisions, "start of construction" is the date on which the construction of facilities for servicing the site on which the mobile home is to be affixed (including, at a minimum, the construction of streets, either final site grading or the pouring of concrete pads, and installation of utilities) is completed.
Structure -- means a walled and roofed building that is principally above ground, as well as a mobile home.
Substantial Improvement -- means any repair, reconstruction, or improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure either, .(1) before the improvement or repair is started, or (2) if the structure has been damaged and is being restored, before the damage occurred. For the purposes of this definition "substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor, or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. The term does not, however, include either (1) any project for improvement of a structure to comply with existing State of local health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions, or (2) any alteration of a structure listed on the National Register of Historic Places or a State Inventory of Historic Places.
Variance -- is a grant of relief to a person from the requirements of this ordinance when specific enforcement would result in unnecessary hardship. A variance, therefore, permits construction or development in a manner otherwise prohibited by this ordinance.
ARTICLE 3
General Provisions
GENERAL PROVISIONS
SECTION A. LANDS TO WHICH THIS ORDIANCE APPLIES
This ordinance shall apply to all areas of special flood hazard within the jurisdiction of the City of Rockport.
SECTION B. BASIS FOR ESTABLISHING THE AREAS OF SPECIAL FLOOD HAZARD
The areas of special flood hazard identified by the Federal Insurance Administration in a scientific and engineering report entitled "The Flood Insurance Study for the City of Rockport", dated September 26, 1976, with accompanying Flood Insurance Rate Maps and Flood Hazard Boundary-Floodway Maps and any revision thereto are hereby adopted by reference and declared to be a part of this ordinance.
SECTION C. ESTABLISHMENT OF DEVELOPMENT PERMIT
A Development Permit, Building Permit, & Mobile Home Site Permit shall be required to ensure conformance with the provisions of this ordinance.
SECTION D. COMPLIANCE
No structure or land shall hereafter be located, altered, or have its use changed without full compliance with the terms of this ordinance and other applicable regulations.
SECTION E. ABROGATION AND GREATER RESTRICTIONS
This ordinance is not intended to repeal, abrogate, or impair any existing easements, covenants, or deed restrictions. However, where this ordinance and another conflict or overlap, whichever imposes the more stringent restrictions shall prevail.
SECTION F. INTERPRETATION
In the interpretation and application of this ordinance, all provisions shall be: (1) considered as minimum requirements; (2) liberally constructed in favor of the governing body; and (3) deemed neither to limit nor repeal any other powers granted under State statutes.
SECTION G. WARNING AND DISCLAIMER OF LIABILITY
The degree of flood protection required by this ordinance is considered reasonable for regulatory purposes and is based on scientific and engineering considerations. On rare occasions greater floods can and will occur and flood heights may be increased by man-made or natural causes. This ordinance does not imply that land outside the areas of special flood hazards or uses permitted within such areas will be free from flooding or flood damages. This ordinance shall not create liability on the part of the City of Rockport or any officer or employee thereof for any flood damages that result from reliance on this ordinance or any adminstrative decision lawfully made thereunder.
ARTICLE 4
ADMINISTRATION
SECTION A. DESIGNATION OF FLOOD PLAIN MANAGEMENT INSPECTOR
The Flood Plain Management Inspector is hereby appointed to administer and implement the provisons of this ordinance.
SECTION B. DUTIES AND RESPONSIBILITIES OF THE FLOOD PLAIN MANAGEMENT INSPECTOR
Duties and responsibilities of the Flood Plain Management Inspector shall include, but not be limited to:(1) Maintain and hold open for public inspection all records pertaining to the provisions of this ordinance;
(2) Review, approve or deny all applications for development permits, building permits & mobile home permits as required by Article 3, Section C of this ordinance;
(3) Review permits for proposed development to assure that all necessary permits have been obtained from those Federal, State or local governmental agencies from which prior approval is required;
(4) Where interpretation is needed as to the exact location of the boundaries of the areas of special flood hazards (for example, where there appears to be a conflict between a mapped boundary and actual field conditions) the Flood Plain Management Inspector shall make the necessary interpretation. The person contesting the location of the boundary shall be given a reasonable opportunity to appeal the interpretation as provided in Section D(2) of this Article.
(5) Notify adjacent communities and the Texas Water Development Board prior to any alteration or relocation of a watercourse, and submit evidence of such notification to the Federal Insurance Administration;
(6) Assure that maintenance is provided within the altered or relocated portion of said watercourse so that the flood carrying capacity is not diminished.
(7) When base flood elevation data has not been provided in accordance with Article 3, Section B, the Flood Plain Management Inspector shall obtain, review, and reasonably utilize any base flood elevation data available from a Federal, State or other source, in order to administer the provision of Article 5.
SECTION C. PERMIT PROCEDURES
(1) Application for a Development Permit, Building Permit, and Mobile Home Site Location Permit shall be presented to the Flood Plain Management Inspector on forms furnished by him and may include, but not be limited to, plans in duplicate drawn to scale showing the location, dimensions, and elevation of proposed landscape alterations, existing and proposed structures, and the location of the foregoing in relation to areas of special flood hazard. Additionally, the following information is required:
a. Elevation in relation to mean sea level, of the lowest floor (including basement) of all proposed structures;
b. Elevation in relation to mean sea level to which any nonresidential structure shall be floodproofed;
c. A certificate from a registered professional engineer or architect that the non-residential floodproofed structure shall meet the floodproofing criteria of Article 5, Section B (2);
d. Description of the extent to which any watercourse or natural drainage will be altered or relocated as a result of proposed development.
(2) Approval or denial of a Development Permit, Building Permit or Mobile Home Site Location Permit by the Flood Plain Management Inspector shall be based on all of the provisions of this ordinance and the following relevant factors:
a. The danger to life and property due to flooding or erosion damage;
b. The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner;
c. The danger that materials may be swept onto other lands to the injury of others;
d. The compatibility of the proposed use with existing and anticipated development;
e. The safety of access to the property in times of flood for ordinary and emergency vehicles;
f. The costs of providing governmental services during and after flood conditions including maintenance and repair of streets and bridges, and public utilities and facilities; such as, sewer, gas, electrical, and water systems.
g. The expected heights, velocity, duration, rate of rise and sediment transport of the flood waters and the effects of wave action, if applicable, expected at the site;
h. The necessity to the facility of waterfront locations, where applicable;
i. The availability of alternative locations, not subject to flooding or erosion damage, for the proposed use;
j. The relationship of the proposed use to the comprehensive plan for that area.
(3) A minimum permit fee of Ten Dollars ($10.00) shall be charged for construction of Five Thousand ($5,000) or less; and additional One Dollar ($1.00) per One Thousand Dollars ($1,000) over the Five Thousand Dollar ($5,000) cost. Mobile Home Site Location Permit shall be Ten Dollars ($10.00). In addition to the Permit Fee, there will be a Ten Dollar ($10.00) Inspection Fee covering any and all required inspections.
SECTION D. VARIANCES PROCEDURES
(1) The City Council shall hear and render judgment on requests for variances from the requirements of this ordinance.
(2) The City Council shall hear and render judgment on an appeal only when it is alleged there is an error in any requirement, decision, or determination made by the Flood Plain Management Inspector in the enforcement or administration of this ordinance.
(3) Any person or persons aggrieved by the decision of the

Many Thanks From
Alvie & Christine Wyatt
We want to thank all of our friends and customers for the business you gave us during the years we had our store. We will miss all of you. When I opened the store 13 years ago I ran an add in the paper asking for your business to keep the loan company from owning my business, hundreds of you helped us out, we want you to know we appreciated it very much. We will be living here and hope to see many of you.

1975 CHEVROLET Malibu, low mileage, good gas mileage, $150 equity and take over payments of $115 a month. Phone 729-5173 or after 6 p.m., 729-0180.

1973 GRAND PRIX, cream over brown. Good tires, air, AM-FM-Stereo radio, automatic, new brakes. Excellent running condition, $3495. Ph. 729-0144 after 5 p.m.

GOOD CHEVY PICKUP, $600. Copano Drive, Box 273, Copano Village.

55. Motorcycles

SMALL MOTOR BIKE. Good running condition. Just overhauled. Must sell, $80. 729-7383.

SAVE GAS & HAVE FUN with one of our Mopeds, 150 M.P.G. Ride to work, or just plain fun. No helmet, no drivers license. Frazier Auto Sales, corner S. Church at Murray Sts.

(Continued from Page 14)

City Council may appeal such decision in the courts of competent jurisdiction.

(4) The Flood Plain Management Inspector shall maintain a record of all actions involving an appeal and shall report variances to the Federal Insurance Administration upon request.

(5) Variances may be issued for the reconstruction, rehabilitation or restoration of structures listed on the National Register of Historic Places or the State Inventory of Historic Places, without regard to the procedures set forth in the remainder of this section.

(6) Generally, variances may be issued for new construction and substantial improvements to be erected on a lot of one-half acre or less in size contiguous to and surrounded by lots with existing structures constructed below the base flood level, providing the relevant factors in Section C (2) of this Article have been fully considered. As the lot size increases beyond the one-half acre, the technical justification required for issuing the variance increases.

(7) Upon consideration of the factors noted above and the intent of this ordinance, the City Council may attach such conditions to the granting of variances as it deems necessary to further the purpose and objectives of this ordinance (Article 1, Sections C and D).

(8) Variances shall not be issued within any designated floodway if any increase in flood levels during the base flood discharge would result.

(9) Prerequisites for granting variances:

a. Variances shall be issued upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.

b. Variances shall only be issued upon (i) a determination that failure to grant the variance would result in exceptional hardship to the applicant, (ii) a showing of good and sufficient cause, and (iii) a determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public, or conflict with existing local laws or ordinances.

c. Any applicant to whom a variance is granted shall be given written notice that the structure will be permitted to be built with a lowest flood elevation 4.0 feet below the base flood elevation, and that the cost of flood insurance will be commensurate with the increased risk resulting from the reduced lowest floor elevation.

d. A Fifteen Dollars ($15.00) Application Fee for requesting variances.

ARTICLE 5
PROVISIONS FOR FLOOD HAZARD REDUCTION

SECTION A. GENERAL STANDARDS

In all areas of special flood hazards the following provisions are required:

(1) All new construction and substantial improvements shall be anchored to prevent flotation, collapse or lateral movement of the structure;

(2) All new construction or substantial improvements shall be constructed by methods and practices that minimize flood damage;

(3) All new construction or substantial improvements shall be constructed with materials and utility equipment resistant to flood damage;

(4) All new and replacement water supply systems shall be designed to minimize or eliminate infiltration of flood waters into the system;

(5) New and replacement sanitary sewage systems shall be designed to minimize or eliminate infiltration of flood waters into the system and discharges from the systems into flood waters; and,

(6) On site waste disposal systems shall be located to avoid impairment to them or contamination from them during flooding.

SECTION B. SPECIFIC STANDARDS

In all areas of special flood hazards where base flood elevation data has been provided as set forth in (i) Article 3, Section B, (ii) Article 4, Section B, (7) or (iii) Article 5, Section D, (2) the following provisions are required:

(1) Residential Construction - New Construction or substantial improvement of any residential structure shall have the lowest floor, including basement, elevated to or above the base flood elevation. A registered professional engineer, architect, or land surveyor shall submit a certification to the Flood Plain Management Inspector that the standard of the subsection, as proposed in Article 4, Section C (1) (a), is satisfied.

(2) Non-residential Construction - New construction or substantial improvement of any commercial, industrial or other non-residential structure shall either have the lowest floor, including basement, elevated to the level of the base flood elevation or, together with attendant utility and sanitary facilities, be floodproofed so that below the base flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy. A registered professional engineer or architect shall submit a certification to the Flood Plain Management Inspector that the standards of this subsection as proposed in Article 4, Section C(1)(c), are satisfied.

(3) Mobile Homes

a. No mobile home shall be placed in a floodway, or if applicable, a coastal high hazard area, except in an existing mobile home park or existing mobile home subdivision.

b. All mobile homes shall be anchored to resist flotation, collapse, or lateral movement. Specific requirements shall be:

(i) over-the-top ties at each of the four corners of the mobile home, with two additional ties per side at intermediate locations and mobile homes less than 50 feet long requiring one additional tie per side;

(ii) frame ties at each corner of the home with five additional ties per side at intermediate points and mobile homes less than 50 feet long requiring four additional ties per side;

(iii) all components of the anchoring system be capable of carrying a force of 4,800 pounds; all tie-down strapping components will be a metal material.

(iv) any additions to the mobile home be similarly anchored.

c. Mobile homes on location within the city limits of Rockport prior to May 1, 1977 shall have a period of 45 days to comply with requirements. Mobile homes located in mobile home parks after May 1, 1977 shall have a period of ten (10) days to comply with requirements.

d. For new mobile home parks and subdivisions; for expansions to existing mobile home parks and subdivisions; for existing mobile home parks and subdivisions where the repair, reconstruction or improvement of the streets, utilities and pads equals or exceeds 50 percent of value of the streets, utilities and pads before the repair, reconstruction or improvement has commenced; and for mobile homes not placed in a mobile home park or subdivision require:

(i) stands or lots are elevated on compacted fill or on pilings so that the lowest floor of the mobile home will be at or above the base flood level. A registered professional engineer, architect, or land surveyor shall submit a certification to the Flood Plain Management Inspector that the standard of this paragraph complies with Section B(1) of this Article.

(ii) adequate surface drainage and access for a hauler are provided; and,

(iii) in the instance of elevation on pilings: (1) lots are large enough to permit steps, (2) piling foundations are placed in stable soil no more than ten feet apart, and (3) reinforcement is provided for pilings more than six feet above ground level.

(4) Coastal High Hazard Areas (V Zones) - located within the areas of special flood hazard established in Article 3, Section B, are areas designated as Coastal High Hazard Areas. These areas have special flood hazards associated with high velocity waters from tidal surge and hurricane wave wash, therefore, the following provisions shall apply:

a. All buildings or structures shall be located landwards of the reach of the mean high tide.

b. All buildings or structures shall be elevated so that the lowest supporting member is located no lower than the base flood elevation level, with all space below the lowest supporting member open so as not to impede the flow of water, except for breakaway walls as provided for in Article 5, Section B (5) (h).

c. All buildings or structures shall be securely anchored on pilings or columns.

d. Pilings or columns used as structural support shall be designed and anchored so as to withstand all applied loads of the base flood flow.

e. Compliance with provisions contained in Article 5, Section B (5) (b), (c) and (d) shall be certified by a registered professional engineer or architect.

f. There shall be no fill used as structural support.

g. There shall be no alteration of sand dunes or mangrove stands which would increase potential flood damage.

h. Breakaway walls shall be allowed below the base flood elevation provided they are not part of the structural support of the buildings and are designed so as to breakaway, under abnormally high tides or wave action, without damage to the structural integrity of the building on which they are to be used.

i. Prior to construction, plans for any structure that will have breakaway walls must be submitted to the Flood Plain Management Inspector for approval.

j. If breakaway walls are utilized, such enclosed space shall not be used for human habitation.

k. Any alteration, repair, reconstruction or improvements to a structure started after the enactment of this ordinance shall not enclose the space below the lowest floor unless breakaway walls are used as provided for in Article 5, Section B (5) (h), (i) and (j) above.

l. The placement of mobile homes is prohibited, except in an existing mobile home park or existing mobile home subdivision.

SECTION C. STANDARDS FOR AREAS OF SHALLOW FLOODING (AO ZONES)

Located within the areas of special flood hazard established in Article 3, Section B are areas designated as shallow flooding. These areas have special flood hazards associated with base flood depths of 1 to 3 feet where a clearly defined channel does not exist and where the path of flooding is unpredictable and indeterminate; therefore, the following provisions apply:

(1) All new construction and substantial improvements of residential structures shall have the lowest floor, including basement, elevated above the crown of the nearest street to or above the depth number specified on the community's FIRM.

(2) All new construction and substantial improvements of non-residential structures shall:

(i) Have the lowest floor, including basement, elevated above the crown of the nearest street or above the depth number specified on the FIRM, or;

(ii) Together with attendant utility and sanitary facilities be completely floodproofed to or above that level so that any space below that level is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy.

(3) A registered professional engineer or architect shall submit a certification to the Flood Plain Management Inspector that the standards of this Section, as proposed in Article 4, Section C (1) (a), are satisfied.

SECTION D. STANDARDS FOR SUBDIVISION PROPOSALS

(1) All subdivision proposals shall be consistent with Article l, Sections B, C, and D of this ordinance.

(2) All proposals for the development of subdivisions shall meet Development Permit requirements of Article 3, Section C, Article 4, Section C and the provisons of Article 5 of this ordinance.

(3) Base flood elevation data shall be provided for subdivision proposals and other proposed development which is greater than the lesser of 50 lots or 5 acres, if not otherwise provided pursuant to Article 3, Section B or Article 4, Section B (7) of this ordinance.

(4) All subdivision proposals shall have public utilities and facilities such as sewer, gas, electrical and water systems located and constructed to minimize flood damage.

(5) All subdivision proposals shall have adequate drainage provided to reduce exposure to flood hazards.

BINGO WINNER. Yolanda Garcia picked up her winning "Newspaper Bingo" contest card at Super D Food Store in SeaAire Plaza. She played a total of eight cards and went through the paper just two times. Pictured with her is Super D Assistant Manager Cliff Green.

BINGO WINNER. Newspaper bingo winner Betty Birdsall of Rockport captured her share of the weekly $50 prize money by going through The Pilot twice and completing one of her six cards. She's pictured with Peggy Monroe of Monroe's Surplus and Floor Company, 501 E. Liberty, Rockport. Monroe's is one of 15 local merchants sponsoring the 13-week contest.

BINGO WINNER. Mrs. Davis C. Edwards of Rockport played two bingo cards and went through The Pilot twice on her way to a partial share of the $50 weekly prize in the ongoing contest. She is pictured with Joyce Henderson of True Value Hardware, Encina Plaza, Rockport, one of the 15 local merchants helping to sponsor the weekly contest.

BINGO WINNER. Newspaper Bingo was the best game in town for Gilbert Hitzfeld of Rockport last week. He will take home a share of the $50 prize money awarded every week to winners in the weekly contest put on by The Pilot and 15 local merchants. One of the merchants is The Oil House, 404 S. Austin in Rockport, and Oil House owner Elizabeth Trank poses

City Council

(Continued From Page 1)

Park. Council approved the request for exclusive use during the league season, making the Association responsible for the utility bill and for allowing public use of the field on off days.

The Association and City have a similar agreement for use of the Little League field. A third field currently being constructed will be available for public use and use by girl's softball leagues as well.

In other business, Council:

--Approved an indemnity agreement covering all past and future wells with HO&M. The agreement makes the company responsible for full compliance with all city ordinances and holds them liable for all costs (no limit) incurred as a result of violations of the ordinances.

--Denied a request by residents along Hooper street to erect a barricade to prevent crossover traffic, and ordered an existing fence taken down.

--Awarded a contract for repairs to Glass Avenue to Vermillion Construction Company of Fulton. Bid price was $5470.

--Heard good news on repair to a broken Paisano Street sewer line. A television picture of the line showed extensive damage but City Engineer Gene Urban told the council that sliplining of the line with a 16 inch liner would be adequate, and that the cost of the operation would be approximatley $38,000 instead of the $55,000 orginally estimated.

--Approved a request by Jim Allen, Youth Director of the Rockport Tennis Association to hold a Summer Youth program on Memorial Park courts from 2-4 p.m. Sundays during the summer. The program is free to junior players and equipment will be provided.

--Approved a Blue Cross Blue Shield Hospitalization plan for employees which will cost the city $1,258.52 per month. The policy pays 100 percent of hospital costs, and 80 percent of most other costs with a $100 deductible for non-hospital costs only. Dependent coverage will be available for employees for $38.04 per month.

--Approved changes in the tariff manual issued by Central Power and Light which will not cause city rates to rise. The changes were largely wording, and allow the company to substitute high pressure lights at their expense in the future.

--Appointed W.B. Allen, Murry McMillan and Mrs. E.F. Everett to the Board of Equalization and set May 19-20 as the Board meeting dates. Hours will be 9 a.m. to 4:30 p.m. both days. Property owners whose evaluations will rise will be notified, and may appeal to the Board if they desire. Further details are available from City Secretary Herman Johnson at the Rockport City Hall, 729-2213.

--Approved the paving of 6.9 miles of city roads, including portions of Water, Laurel, Racine, Young, Hooper, Dana, Shadyside and Main Streets and Drives.

--Passed an ordinance in behalf of the Port Aransas Council's opposition to legislation banning motor vehicle traffic on public beaches.

Hospital

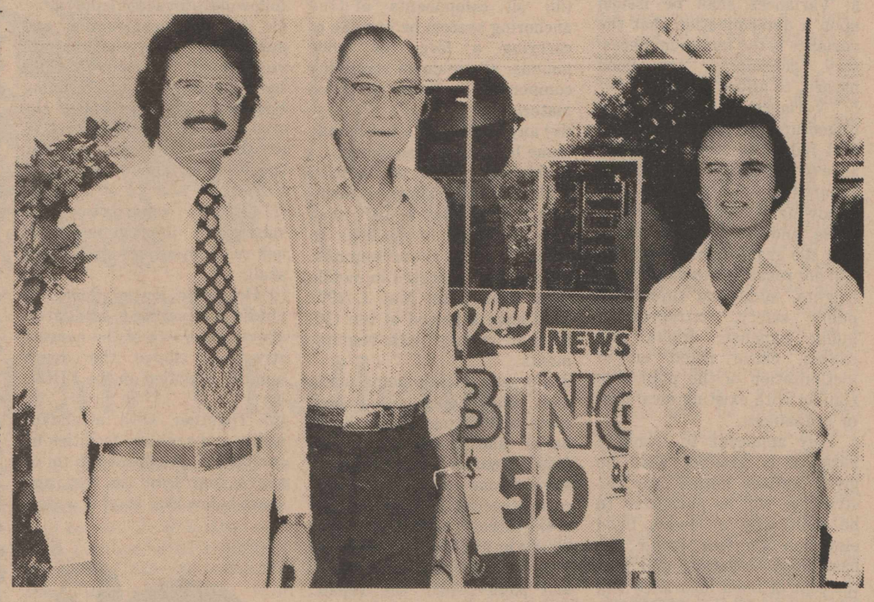

(Continued From Page 1)

interested in making the move to Rockport. Shellenbergar said he hoped the growing potential for a clinic facility would make the recruitment of other potential staff members possible in the future.

As envisioned by Spencer and the ACHVI committee, a clinic facility would include treatment facilities and doctor's offices, with perhaps accompanying pharmacies and other related services.

Shellenbergar says he sees the clinic as a vital first step toward a community hospital sometime in the future when population and patient traffic levels warrant.

"Right now there just isn't enough population in the area to provide the kind of taxation revenue that would be required to create and maintain a public hospital.

BINGO WINNER. Mr. Eddie Kuehn of Rockport is one of the winners this week in The Pilot's "Newspaper Bingo" contest. He'll take home part of the $50 weekly prize money for his efforts. He's pictured in front of Johnson's Drug and Boutique with Assistant Manager Troy True and owner Bob Eschberger.

Election

(Continued From Page 1)

Zambrano's favor which should not have been.

The eight votes are listed in Section II of the contest papers filed by Garrett's attorney, Lola Bonner of Rockport, who states therein that each of the eight lived outside Ward One at the time they cast their ballots.

A reply to the contest notice was prepared by Attorney William G. Walston of Rockport on behalf of Zambrano late last week, and a copy presented to Garrett Monday.

Garrett filed the original notice and the reply with District Clerk Tony Harden Tuesday morning, and Mrs. Harden then put the case on the 156th District Court docket.

By state law, the case has precedence over all other cases pending before the court, hence the quick trial date.

State law also requires that Zambrano, since his election is contested, file bond with the Court totalling double his council salary for two years, or $4128. If Zambrano does not post a bond within 20 days of Garrett's filing, Garrett has 10 days from the notice of the District Clerk to post a similar bond, and could then take over the office.

If both should fail to post bonds, the Governor would award the powers of the office to the contestee, Garrett.

Judge Littlejohn has wide powers in the disposition of the case, and can order a recount, request testimony, and even void the election if "a true result cannot be determined."

If the eight votes are sustained as illegal, the result of the election would be reversed. Zambrano won by six votes, 105-99 on April 2. A reversal of all eight votes would give the race to Garrett by a 99-97 margin.

The possibility remains that Judge Littlejohn's examination could also result in the loss of votes to Garrett, as well, or even to both candidates.

The contest is the second in recent years at the city level. Joe Lister contested a two vote victory by Zambrano two years ago, but lost by judgement of the court, 77-79.

WINNER. Lynda Barnes of Star Route 1, Rockport, is one of this week's "Newspaper Bingo" winners. She played four cards and cruised through the paper three times on her way to victory. Her winning card came from Super D Food Store in SeaAire Plaza.

Nursing Home Association Names Officers

The Coastal Bend Activities Director's Association met Monday, April 11 at 12:30 p.m. in the Spanish Main Room of the Sheraton Marina, Corpus Christi, to install officers for the coming year.

Mr. Phillip Howard, administrator of the Aransas Pass Nursing and Convalescent Center installed Maxine Mayer, manageress of the Aransas Pass Nursing and Convalescent Center, as resident of the organization. Johnnie Wilson, from the Lynhaven Nursing Home of Corpus Christi, was installed as vice-president, and Carolyn Keeling, from the Retama Manor, Taft, as secretary-treasurer.

Ordinance

(Continued From Page 1)

new construction, remodelling in excess of 50 percent of market value or mobile home falls under the terms of the ordinance. A minimum fee of $5 will be charged for the permit on construction of $5,000 or less, with an additional $1 per $1,000 thereafter. A mobile home tie-down permit will be $10.

The ordinance requires a minimum elevation of 8.5 feet for the lowest floor, including basements. If construction falls below the minumum level it must be, together with attendant utility and sanitary facilities, floodproofed so that below the base flood level the structure is watertight with walls "substantially impermeable" to the passage of water.

Mobile homes shall be permitted only when they are placed outside of floodways and properly anchored. Anchoring requirements include over-the-top ties at each of the four corners, with two additional ties per side at intermediate locations. Mobile homes of less than 50 feet in length require an additional tie per side. In addition, frame ties will be required at each corner along with five additional ties per side. Four additional ties per side will be required for mobile homes of less than 50 feet in length.

All components of the anchoring system must be able to carry a force of 4,800 pounds minimum. All additions will be similarly anchored.

Certifications of compliance must be submitted to the Building and Flood Inspector for both mobile homes and homes or businesses by a registered professional engineer, architect or land surveyor.

Mobile homes on location within Aransas County prior to May 1, 1977 will have 45 days to comply. Those located after May 1 will have 10 days to comply.

All buildings approved will be located landwards of the reach of the mean high tide, and securely anchored on pilings or columns if necessary to achieve the 8.5 foot level. No fill can be used as structural support. Beakaway walls will be allowed below the base flood elevation provided they are not a part of the structural support of the buildings and are designed to break away without damage to the structural integrity of the building on which they are used.

The new regulations do not apply to piers, docks or wharves, only to enclosed roof structures. The Commissioners' Court may grant variances on elevation requirements for constructions or additions as low as four feet above the base flood elevation. The cost of insurance, however, will commensurate with the increased risk. County Judge John Wendell told the Pilot that a $30,000 home built below the 8.5 foot level would cost an additional $25 per $100 to insure, or a total yearly bill of $7500, far beyond the reach of most homeowners in the $30,000 range.

Redistricting

(Continued From Page 1)

will take up the matter again Wednesday, April 27. County Judge John Wendell said April 20 he hoped the County could complete the redistricting by June so that the new boundaries could be put into effect by January. Any redrawing of the county precincts must first have approval of the United State Justice Department before it is effective on the local level. The County can move on redistricting only during the summer months, hence the rush to complete the revision now.

In other business, Commissioners

--Approved a payment of 40 percent salary to Aransas County Sheriff's Department Chief Deputy E.A. Stautzenbergar, who has been hospitalized for three weeks after narrowly escaping death in an automobile accident early in April. Stautzenbergar was due to come home early this week after making a remarkable recovery. Sheriff Bob Hewes says the Deputy could return to active duty in a matter of weeks, although he will be elegible for retirement as early as December, 1977, with 12 years of service. The county payment, in addition to payments he receives from Workmen's Compensation, bring Stautzenbergar up to a level comparable to his net salary while employed.

--Gave permission to County Judge Wendell to advertise for bids on the car which was wrecked in the accident which injured Stautzenbergar.

--Designated the Pilot as the official newspaper of the county for one year.

--Approved the appointment of Blas Ramirez, Dennis Jenkins and Gilbert Hill, Sr., to the County School Board, thus avoiding the necessity for an election which would cost the county at least $300. As Judge Wendell noted, the County School Board is being phased out by the State Legislature, possibly as early as January, and at least by the end of 1978.

--Gave permission Road and Bridge Crew Foreman Raphael Chapa to attend a Maintenance and Management Seminar conducted by Texas A&M University in Corpus Christi May 24-25. The seminar will cover a variety of topics related to road construction, planning, repair and crew management.

--Accepted subject to inspection a compressor from County Attorney James Anderson for use at the County Dump. Anderson gave the compressor free of charge.

ACISD

(Continued From Page 1)

child's fourth birthday.

--Polio - Minimum of three doses with one dose since the child's fourth birthday.

--Measles and Rubella - Immunization.

The Texas Department of Health recommends that children immunized in the past with only inactivated Measles vaccine should also receive a dose of live measles vaccine.

Pre-registration for these grades is very important. Unless we know the number of children that will be in Kindergarten and First Grade; we will be unable to determine the number of teachers and text books needed for these grades.

Please come in and register your children if they are of age to go to school during the 1977-1978 school year.

If your child is presently enrolled in the Rockport Elementary School Kindergarten, it is not necessary to register him/her for First Grade.
