Six Are Dead, 19 Injured In Area Wrecks

Reds Claim War Would 'Bury' Capitalism

EMPTY CRIB — Mr. and Mrs. Henry Komorek gaze despondently at the empty crib from which Mrs. Komorek said Saturday her six months old son, Stephen, was kidnapped by an unknown man. The New York mother admitted under questioning late Sunday night that she dropped the child while feeding him. He had been found dead in a millpond with a fractured skull. (AP Wirephoto.)

Infant's Death Is Ruled Accidental

Mother Says Story Of Kidnapping False

(By International News Service)

NEW HARTFORD, N. Y., Nov. 6. —The Oneida county coroner ruled tonight that six-weeks-old Stephen Komorek, reported kidnap victim, died an accidental death after his mother dropped him on the floor while feeding him.

Mrs. Stella Komorek weepingly told the coroner's inquest that she picked up the baby and found him dead. Then, she said, she became panicky and decided to get rid of the body.

The 29-year-old mother broke down on the stand as she related how she went to the basement and placed the body in a small sack and then tossed it into the nearby dam spill-way to prevent her husband from finding out.

Made Up Story

Mrs. Komorek, whose only other son was killed four years ago in a traffic accident, said she made up the story of the kidnapping so her husband would not learn of the baby's death.

Her husband Henry who was present at the inquest but did not appear as a witness broke down and cried while his wife haltingly told her story.

She was released by the police after the verdict was returned and Henry placed his arms around her and comforted her as they walked out of the police station.

Mother Is Questioned

The inquest was called tonight following a questioning of Mrs. Komorek by state police this afternoon. The infant's body was discovered earlier today.

The body was found bobbing on the edge of a dam spillway 400 feet opposite the Komorek's modest home on the outskirts of Clayville in upstate New York. It was wrapped in three blankets and a burlap bag.

The father, who was at work at the time of the baby's disappearance, collapsed when he saw the shrouded body raised from the pond.

Coroner Dr. Preston Clark said an autopsy showed the infant had no water in his lungs and therefore was dead when thrown in the pond.

Yesterday, Mrs. Komorek told police that shortly before midnight Friday a mysterious stranger snatched the boy from his crib and disappeared in a black automobile.

She said she pursued the man in her nightgown and bare feet over newly fallen snow but he escaped when she slipped and fell.

At the time the state police said they were baffled in their search for the man Mrs. Komorek described because of her vague account of him and the car.

Rex Mays Dies In Race Mishap

DEL MAR, Calif., Nov. 6. (AP)—Automobile racer Rex Mays, one of the country's leading speedsters, was killed in a race here today.

Mays, who was named national champion by the American Automobile association for 1940-41, was fatally injured on the 13th lap of a 100-mile AAA race.

He was running second to Jim Davies of Los Angeles when his car was hit by one driven by Johnny Parsons on the south turn.

Struck By Two Cars

Mays, who lived in Los Angeles, was thrown onto the middle of the track. He was hit by two other cars.

He was taken to the Scripps Memorial hospital in La Jolla, where he was declared dead.

The tragedy was witnessed by 22,000 spectators, who had turned out to witness the first big car races ever held here.

Mays had raced at nearly every track in the country and had won many of them.

Raced In Classic

He raced in the 500-mile classic at Indianapolis numerous times but never managed to win there.

Mays was also a car-owner in the midget auto racing world. But he would never drive one. He said they were too dangerous.

The 34-year-old Mays, married and father of two children, failed in 12 attempts to win the 500-mile race at Indianapolis. His best finishes were seconds in 1940 and 1941.

Mays was one of auto-racing's most popular drivers—one of the "hot-foot" pilots who seemed born without fear. He started the last

Soviet Leader Denies USSR Desires War

By EDDY GILMORE
Associated Press Staff Writer

MOSCOW, Nov. 6.—Georgi M. Malenkov, a rising star in Soviet inner circles, threatened today that any new "blood bath" of war would dig the grave of capitalism.

Russia, though she "possesses the atomic weapon, does not want war and is doing everything to prevent it," said the 48-year-old member of the Politburo and vice-chairman of the council of ministers. But the United States, he warned, has plans for a "world American empire" which dwarf the schemes of German and Japanese aggressors together.

Top Post Held

Malenkov, who appears significantly at the immediate left hand of Prime Minister Stalin in official photographs of the Politburo, spoke amid the brilliant red velvet and gilt of the Bolshoi theater at the gala celebration on the eve of the 32nd anniversary of the Bolshevist revolution.

Among his 2,000 auditors was U. S. Ambassador Alan G. Kirk.

As official orator of the occasion, he succeeded V. M. Molotov, former foreign minister, who delivered the addresses in 1948 and 1947. Molotov, who appeared at the right hand of Stalin in official Politburo pictures, was succeeded as foreign minister by Andrei Vishinsky last March.

Molotov Hears Speech

Molotov was present to hear the speech and he looked in fine health and spirits. Other high ranking Soviet leaders on the platform included Politburo Members L. M. Kaganovich, K. E. Voroshilov, L. P. Beria, N. A. Bulganin, A. N. Kosygin, A. A. Andreyev and N. M. Shvernik.

An order of the day dated Monday from Marshal Alexander Vasilevsky, minister of the armed forces, declared that Russia fights for peace but that the Soviet armed forces "must not forget the tasks confronting them."

Vasilevsky called for an artillery salute of 20 salvoes for Moscow and other Soviet cities Monday to usher in the actual anniversary day.

He said that Russia's army, air force and navy had increased their political and military knowledge in summer maneuvers, and that in winter maneuvers the three branches of the service "must continue to perfect their military and political training."

Malenkov, who is one of the best orators in the U.S.S.R., spoke in a clear, firm voice in demanding reduction of world armaments

Chicago Stockyards Strike Threatened

CHICAGO, Nov. 6 (INS)—Frank Monoghan, president of the CIO Livestock Handlers' union, said tonight that if his union goes on strike tomorrow, it will tie up the entire operation of the union stockyards.

Union and management officials have scheduled last minute peace talks for 1 p. m. EST tomorrow to attempt to iron out difficulties. The strike is set for 6 p. m.

Monoghan said that if management attempts to use supervisory help to handle the livestock, members of other locals of the packing house workers' union will refuse to process stock processed by such personnel.

The union seeks three weeks vacation after 15 years service, a ten-cent-an-hour wage increase, and other benefits.

PROMINENT LAWYER DIES

HOUSTON, Nov. 6 (AP)—Raymond P. Elledge, 53, prominent Houston attorney, died last night of a heart attack at his home. Funeral services will be held here tomorrow.

DIRECTORY ISSUE STIRS DEBATE

Texas Junior Chamber Closes Annual Two-Day Board Meeting

THE Texas Junior Chamber of Commerce annual fall board meeting was concluded here at 1:15 p. m. Sunday only after a heated debate concerning the awarding of a contract to Bob Thomas of Austin to publish the state Jaycee directory.

When State President E. M. Kirkpatrick of Baytown asked for discussion of the resolution to award the contract, R. S. Wilkinson, president of the Lubbock club, threw a bombshell in the meeting by stating "We don't want Thomas to come back to Lubbock and we are against the resolution."

He gained quick support from Fort Worth and Wichita Falls. Kirkpatrick then asked for a standing vote. The vote was so close, he then ordered a roll call vote.

However at this point, Thomas entered the Hilton hotel ballroom and marched to the speaker's platform.

Briefly he stated that he had co-operated as best he could with the Jaycees but had encountered trouble in gaining support of the local organizations in receiving material for the publication.

He emphasized the state organi-

DEWEY'S STRENGTH FACES TEST

Lehman-Dulles Senate Race Is Highlight Of Tuesday Election

By WILLIAM THEIS
INS Staff Correspondent

WASHINGTON, Nov. 6 — Tuesday's senatorial election in New York state —highlight of the 1949 off-year balloting across the land— may settle once and for all Gov. Thomas E. Dewey's future as a presidential prospect.

Many veteran political experts are convinced that Dewey, beaten by President Truman just a year ago, chose to make the Dulles-Lehman senatorial contest a test of his own strength and political power.

President Truman recognized the importance of the New York race by joining in a radio appeal to voters there to back ex-Gov. Herbert H. Lehman, the Democratic candidate.

The slam-bang fight between Lehman and GOP Sen. John Foster Dulles is the most significant of five national interest elections being settled Tuesday.

Governors in New Jersey and Virginia and a congressman each in California and

Big Three Expected To Map Future Policy At Paris Meet

BY KINGSBURY SMITH
European General Manager INS

PARIS, Nov. 6—Plans of far-reaching import for the future of Europe and the Far East will be formulated at a momentous meeting of the big three western foreign ministers in Paris next Wednesday and Thursday.

Although it is scheduled to last only two days the conference is expected to be one of the most important diplomatic parleys since the end of the war.

It may lead to acceptance of western Germany into a much closer economic and political partnership with the western world.

Joint Policy Possible

It may also lead to adoption of a joint western policy toward the new Communist regime of China and the setting of a date next year for a Pacific conference to consider the Japanese peace treaty.

Those are the major issues on the agenda of the secret meeting of Secretary of State Acheson, British Foreign Secretary Bevin and French Foreign Minister Schuman.

Thus the decisions to be taken are likely to affect the fate of both the western and eastern worlds.

Out of the conference may emerge an agreement to end the still existing state of war between the western allies and Germany.

German Inclusion Expected

The foreign ministers also are expected to agree to participation of western Germany in the Council of Europe, although the French position on this matter may cause difficulties.

As the price of French acquiescence France is demanding acceptance of the Saar as a separate member state in the Council of Europe.

The Bonn government is strongly opposed to this move which in effect would be recognition of the political as well as economic separation of the Saar from Germany.

However the American and British ministers are expected to accede to the French wishes.

Other Proposals Slated

Other proposals the ministers will consider include:

1- Participation of west Germany in the west European economic integration plan advocated by Paul G. Hoffman, economic cooperation administrator, to make the Marshall plan counries self-supporting eventually.

2- British cooperation in this continental economic unity scheme.

3- American willingness to guar-

Acheson Meets Vishinsky Today

By RICHARD M. PALMER
INS Staff Correspondent

WASHINGTON, Nov. 6.—State department sources said today that a major development in the cold war might "possibly" result from Secretary Acheson's scheduled talk with Foreign Minister Vishinsky and the big three conference to follow in Paris.

A State department source said that while Vishinsky's visit with Acheson Monday was arranged as a courtesy call, "you never can tell what Vishinsky has up his sleeve."

Minister, Party Arrive

The Russian Foreign Minister and his party arrived in Washington aboard the Congressional Limited shortly after 8 p. m.

Vishinsky said he had "no comment" to make to newspapermen and immediately headed for the Russian embassy.

Speculation on the No. 2 Russian's visit was encouraged by reports that Acheson, leaving for Paris Monday evening, will tell Britain and France that Europe must speed up economic and political union or President Truman will cut off the Marshall Plan.

The Russian embassy said it did not know what Vishinsky will dis-

Amarillo Solon Scores Foes Of Annual Session Amendment

AUSTIN, Nov. 6 (AP)—Senator Grady Hazlewood of Amarillo charged today that "major company" lobbyists have taken the lead in fighting the proposed constitutional amendment for annual salaries and annual sessions of the legislature.

"If the amendment is defeated it will be another of the many successful victories originated by the so-called third house, or major company lobbies in Austin, such as oil, gas and sulphur. The opposition started at this source," Hazlewood said in a statement released here.

Hazlewood said that all the opposition to this particular amendment up before the voters Tuesday is not affiliated with the lobbyists, but "if you will check the membership of organizations opposing this amendment you will find the tracks of this group everywhere."

TWO KILLED IN WRECK

KIRBY, Ark., Nov. 6 (AP)—An automobile plowed into a highway guard rail two miles west of here today, killing the driver and a passenger. The victims were identified as Lee E. McGowen, 30, Franshaw, Okla., and William Ernest Hammonds, 45, Denison, Tex.

New Moves To End Coal Strike Loom

By WILLIAM A. PADDOCK
INS Staff Correspondent

CHICAGO, Nov. 6. — John L. Lewis and the 200-member united mine workers' policy committee moved into the backyard of the Illinois-Indiana coal operators' tonight.

The UMW chieftain scheduled a meeting tomorrow in Chicago with the council amid increasing indications that the government may intervene unless the 49-day-old coal strike is ended swiftly.

Lewis Visits Mother

While newsmen and lesser union officials paced the hallways of the Sheraton hotel in Chicago where Lewis was registered, the mine chieftain spent a quiet Sunday with his mother at her home in Springfield, Ill.

He arrived in Chicago early today and then went to Springfield by automobile. His arrival and departure in Chicago was so swift that reporters spent anxious hours attempting to locate him.

It was expected that Lewis would motor back to Chicago either late tonight or early tomorrow.

Lewis, who has made overtures to the Illinois and Indiana operators to break ranks with the remainder of the mine owners, is believed ready to crack open managements stout forward wall.

Owners Reject Pleas

Previous mine walkouts have resulted in a split from the front by the midwestern owners, but so far they have steadfastly refused to yield to Lewis's pleas or those of Indiana Gov. Henry T. Schricker and Illinois Gov. Adlai E. Stevenson.

Observers anticipated that Lewis may make a dramatic move during the Chicago conferences and declare a temporary strike "truce" while disclosing new contract demands.

Recent settlement of the steel walkout by Bethlehem and other minor companies and the pending agreement by Republic make an end to the mine shutdown even more imperative. Hence, the belief the government will step in.

Intervention May Come

Federal intervention undoubtedly will become even more of a

Pact Is Studied By Steel Firm

By ROBERT VINCENT
INS Staff Correspondent

CLEVELAND, Nov. 6—Republic Steel indicated today it has reached an agreement in principle with the CIO-United Steelworkers to end their 36-day-old walkout.

A spokesman for the nation's third largest steel producer said the firm's lawyers were drawing up terms of a possible settlement but refused to commit the company to a definite settlement.

Meanwhile, CIO President Philip Murray, who headed the union negotiating team in three bargaining sessions yesterday, left Cleveland for Pittsburgh after a joint management-USW conference today was called off.

Murray left with his aides after the Republic spokesman declared:

"Lawyers are getting the language written on the basis of three sessions with Mr. Murray yesterday. We can't say (whether a specific agreement has been reached) because sometimes these things look different when reduced to writing."

Despite Murray's departure, however, observers felt that a long management huddle this morning—coming as it did on a Sunday—meant a break is not too far in the offing.

Such a crack in the industry-

Flomot Man Severely Beaten By Assailant

MATADOR, Nov. 6 (Special)—Doctors at Stanley clinic here today were fighting to save the life of a 60-year-old Flomot bachelor, severely beaten about the head by an unknown assailant as he slept early this morning.

Victim of the beating, Pearl Panner, was moved to the clinic from his Flomot home after a neighbor had discovered the man lying unconscious in his bed about 8 p. m. Hospital attendants said he had suffered a fractured skull.

Sheriff's officers meanwhile, were seeking a motive for the assault. It was believed nothing had been taken from Panner's home.

Highway Accidents Take Ghastly Toll

Four Persons Killed In Collision Near Justiceburg; Two Claimed Near Post

By EMMETT SHOCKLEY
Avalanche Staff Writer

IN WHAT is probably the bloodiest Sunday on South Plains highways on record, a total of six persons were killed and 19 injured, three critically, in six separate auto wrecks in the area.

The death toll started when a Latin American working near Slaton was killed when a car he was driving overturned near Southland, about 2 a. m.

The list jumped up to five dead when four members of an Abilene family were killed about 5:53 a. m., in a bloody two-car wreck near Justiceburg.

And then about 10:30 p. m., a Denison man was killed and a woman companion was critically injured near Post, when their car caromed off a gasoline tank truck and was demolished.

★ ★ ★

Casualty List In Area Car Wrecks

Following is a list of dead and injured in six accidents over the South Plains Sunday.

Dead are:

John Floyd Reynolds, 48, of Abilene, who was killed, apparently instantly, in an accident near Justiceburg at 5:53 a. m., Sunday.

His wife, Inez, 43, who was killed also apparently instantly.

Their son, Roy Luther, 17, also killed apparently instantly.

A daughter, Mrs. Vida Mae Cook, 19, of Clyde, who died at 10 a. m., Sunday, in Lubbock Memorial hospital, from injuries received in the accident.

Leo Vasquez, 30, of Cuero, who was killed apparently instantly in an accident near Southland at 2 a. m.

A man identified as James D. Fair, 42, of Denison, and believed to be formerly of Lubbock. He was killed in an accident near Post about 10.45 p. m., Sunday.

Critically injured are:

Clifton Campbell, 3, of near Tahoka, who is in very critical condition in Prohl clinic at Tahoka suffering from skull and internal injuries, in an accident at 1 p. m., ten miles east of Tahoka.

Mrs. O. C. Campbell, 34, his mother, who is in critical condition with a broken back, a fractured skull, and lacerations.

Seriously injured are:

Wanda Reynolds, 12, of Abilene, who is in serious condition in Lubbock Memorial hospital suffering from a brain concussion, a broken leg, and cuts and bruises, in the Justiceburg accident.

Harry Duke, 53, of Post, who suffered a broken hip and several broken ribs in the accident near Justiceburg.

Mrs. Lucy Whittenburg, 60, of Sweetwater, who is in Prohl clinic in Tahoka suffering from a broken right leg at the knee, a broken left wrist and several broken ribs, in the Tahoka accident.

Her son, Thomas Whittenburg, 34 of Sweetwater who is in Prohl clinic in Tahoka with a fracture at the base of the skull.

A woman identified as Lela Howard, about 40, of Denison, who is in Lubbock Memorial hospital after being injured in an accident near Post about 10:30 p. m., Sunday. She suffered a broken jawbone, two broken arms, possible skull fracture, and deep lacerations

See CASUALTY LIST Page 6

Mother, Child Injured

A mother and child were critically injured ten miles east of Tahoka about 1 p.m., and nine others were injured, when a Chevrolet sedan crashed into the side of a Model A Ford.

The accidents brought the toll for the past nine days to 13 dead and 55 injured on South Plains highways. Totals for the year are 68 dead and over 605 injured.

A man identified by papers as James D. Fair, 42, of Denison and formerly of Lubbock, was killed apparently instantly at 10:30 p. m., Sunday, two miles northwest of Post, when the 1940 Pontiac he was driving struck the side of a Gulf Oil tank truck, plowed along the side, and spun around before coming to rest at a 90 degree angle with the highway.

Denison Woman Injured

Another occupant of the car, identified by papers as Lela Howard, about 40, and also of Denison, was rushed to Lubbock Memorial hospital by a Mason and Company Funeral home ambulance from Post.

Hospital attendants said her condition at midnight Sunday was critical. She suffered a broken jaw two broken arms and a possible fracture of the skull.

The truck going northwest on the highway, apparently was passing another truck when it met Fair's car coming from the opposite direction.

Mason and Company Funeral home of Post has Fair's body.

The most serious accident occurred three-fourths of a mile southeast of Justiceburg, where four were killed and three injured at 5:53 a. m., Sunday, when a 1946 Mercury coupe being driven southeast on U. S. Highway 84 by Harry Duke, 53, of Post, collided with a 1941 Chevrolet sedan being driven northwest by John F. Reynolds, 48, of Abilene.

Reynolds, his wife, Inez, 43, their son Roy Luther, 17, and a daughter Mrs. Vida Mae Cook, 19, of Clyde, all were killed. Mrs. Cook died in Lubbock Memorial hospital at 10 a. m., Sunday, from injuries sustained in the wreck. The other three apparently were killed instantly.

Daughter Seriously Hurt

Injured seriously were another daughter, Wanda, 12, and Duke, the sole occupant of the other car.

Investigating highway patrolmen said details of the accident were incomplete, since Duke was unable to give them a coherent account of what had happened, and all surviving occupants of Reynolds' car were asleep at the time of the collision.

The front of Duke's car was smashed in, and the Reynolds car evidently had been struck on the right side. Highway patrolmen said they would continue the investigation.

A three-year-old boy and his mother were critically injured and nine others were injured, two seriously, in a two-car collision about

Official Urges Care In Dealing With Russia

Red Objective Of Austrian Dictatorship Stresses Desire For World Domination, U. S. General Claims

By IRVING R. LEVINE
INS Staff Correspondent

VIENNA, Nov. 6. — The United States deputy high commissioner in Austria charged today that Russia's objective in Austria —and throughout the world—is the establishment of a Communist dictatorship.

Brigadier General Jesmond D. Balmer, who relinquishes his post this month after almost three years in Austria, declared:

"In negotiations on lower levels as well as on high levels you must never forget Russia's overall, long-range objective is world domination — the establishment of communism all over the world."

In an exclusive interview with International News Service, Gen. Balmer recalled the many hundreds of hours he has spent in direct negotiation with the Russians in Vienna, Paris, London and New York and said that he had learned these lessons:

1. Never reply to false Soviet accusations. This only plays into Russian hands by dignifying their "filthy" charges and giving them greater circulation.

2. Stay on the offensive: Don't let the Soviets get you on the defensive.

3. Try to get all Russian agreements in writing. The Soviets seem to have greater respect for a document with their signature affixed than for a verbal agreement.

Close Exam Advised

4. Examine every Russian proposal carefully, no matter how innocent it may appear at first. Many minor Soviet proposals fit into some long-range Soviet scheme which initially may be obscure.

5. Maintain a firm, fair attitude

Texas Tech Graduates Wed In Waxahachie

WAXAHACHIE, Nov. 6.—First Baptist church of Waxahachie was scene of the marriage of Miss Gretchen Earle Clift and James Paul Sammons, jr., performed Sunday afternoon at 5 o'clock by Dr. W. H. McKenzie. The bride is a daughter of Mr. and Mrs. O. E. Clift and the bridegroom is son of Mr. and Mrs. J. P. Sammons of Paris, Tex.

The candlelighted altar was banked with woodwardia fern and five floor baskets of white pocket mums. Single white tapers and cascade arrangements of white pompons marked the bridal aisle. Mrs. Augusta Bates Coleman, organist, accompanied Mrs. T. N. Hughston, Dallas violinist, as she played "Beause" and "At Dawning." "Indian Love Call," traditional Ko Shari song, was offered as vows were said.

Mr. Clift gave his daughter in marriage. She wore a gown of white bridal satin, designed in period style. The yoke of bridal illusion was bordered with a three-tiered fold of satin, and the full skirt, flowing into a short train, was fashioned with unpressed pleats and a three-tiered bustle. Matching satin covered buttons extending from the high round neckline to the low bustle fastened the back of the fitted bodice. The bride's three-quarter length veil of illusion fell from a half-halo of braided satin interspersed with seed pearls. She carried a white Bible topped with white orchids.

Sister Is Attendant

Mrs. Ed McElroy, jr., sister of the bride and matron of honor, wore a gown of American Beauty satin fashioned with a deep heart-shaped neckline with a satin fold creating a collar effect. The fitted bodice was fastened in front with tiny self covered buttons and was accented with tiny cap sleeves. A full skirt of unpressed pleats fell in graceful folds. She wore matching satin gauntlets and carried bronze chrysanthemums.

front with tiny self covered buttons and was accented with tiny ap sleeves. A full skirt of unpressed pleats fell in graceful folds. She wore matching satin gauntlets and carried bronze chrysanthemums.

The bridesmaids, Mrs. R. M. Crittenden of Dallas, sister of the bridegroom, Mrs. Charles R. Mooney of Lolita, Miss Beverly Williams, Miss Sara Moss, Mrs. F. R. Woodward, jr., of Fort Worth, and Miss Jane Holden of Lubbock, wore turquoise satin dresses identical to Mrs. McElroy's and carried yellow chrysanthemums.

Lewis Randolph Short of Paris served as best man and Herman Cook, jr., R. M. Crittenden, Ed McElroy, jr., Jack McCarter, jr., Howard Hayes of Plainview, T. N. Hughston of Dallas and Bill Horton of Plano were groomsmen.

After the ceremony a reception was given in the home of Mr. and Mrs. Charles Lewis Penn.

The couple will be at home in Paris, Tex. For travel, the bride wore a three-piece cocoa brown gabardine suit with brown accessories and matching felt cloche. She is a graduate of Texas Technological college where she was a member of Ko Shari social club. Mr. Sammons, a Navy veteran, is also a graduate of Tech and a former member of Kemas social club.

MRS. JAMES PAUL SAMMONS, JR.

Westerner Mothers Honor 'L' Members

The Westerner Mothers club honored members of the Westerner "L" association and their fathers Saturday night with a turkey dinner at the George M. Hunt school cafeteria, with 125 persons present.

Master of ceremonies was E. K. Hufstedler, whose son, Don, is a member of the 1949 Westerner football squad, and he introduced the guests and coaches to those present at the dinner.

Arrangements for the dinner were made by Mrs. Hufstedler, president of the club, and serving as ecmmittee chairmen under her were Mesdames Herman Brown, A. W. Young and L. R. Wienke. Table decorations were made on a fall theme, with multi-colored leaves, grapes, candles made to resemble pumpkins and apples, and other colorful decorations.

Short talks were made by R. W. Matthews, superintendent of schools, and Coach C. R. (Pat) Pattison, each expressing his appreciation to the mothers for making the dinner possible.

Following presentation of their fathers and mothers by "L" association members, a brief musical was presented, with Richard Allen, Morris Turner and Jimmy Sexton singing while Sexton accompanied the trio on the ukelele.

BEAUTY

Assure Glowing Complexion By Use Of Mask, Cream

By BETTY CLARKE
AP Newsfeatures Beauty Editor

This is the time of the year when your skin resembles dirty old parchment. You watch your diet, go to bed early, cleanse your skin, but still your face gives an indication of dissipation.

It happens every fall and spring, that change-of-seasons look. The only thing that seems to help is a good mask or a special stimulating cream or other preparation that will slough off the parched dryness and stimulate the skin.

Some people are partial to special cleansing preparations which are meal-like cleansers closely resembling ground up oatmeal. You mix a quantity of the meal with just enough water to make a thin paste. The mixture is then applied to face and then is whisked off briskly with fingertips or dry cloth. Then skin is washed with warm water and patted with a tingling cold water rinse.

This face pick-me-up gives a gentle friction as it flakes off dull, discolored skin. It helps remove surface blackheads and blemishes due to clogged pores and leaves the complexion fresh and clear.

If skin is inclined to be dry, a little vegetable oil or cream after this special cleansing will help. Oily skin will like astringent lotion patted on after the cleansing.

If your skin really is sallow and dingy, use this special cleansing preparation every day for a week. After the first week, you will note improvement, and treatments can be cut to three times a week, then to twice a week, and finally to once a week.

Drink enough water, eat enough green vegetables, cleanse your skin sensibly, and your complexion can be youthful, even when you are an old lady. Home treatments can do it very effectively. You need not envy movie stars who can run to beauty parlors every day to have facials. Most of them consider it a chore, and besides do not like to look forward to wrinkles, often the aftermath of too many skin-stretching facials.

The annual harvest of oysters in the United States is about 11,700,000 bushels, valued at $5,000,000.

TEEN TALK

Warning Is Given To Youth To Curb Cynical Learnings

By VIVIAN BROWN
Associated Press Staff Writer

YOU can keep yourself from becoming a cynic by curbing the tendency while you are in your teens. It usually begins when your friends seem to have more than you do. Maybe they dress better than you, perhaps they have bigger allowances, maybe their parents are more congenial than yours.

In any case you might have a tendency to envy them, just a little bit.

One thing you must remember is that the grass always looks greener on the other side of the fence. The girl who has all the spending money she desires at her command, might have other crosses to bear. Perhaps she doesn't like her home; her father or mother might have habits that keep her from bringing her friends to the house.

Watch Conversation

If you notice yourself speaking sharply to other people for no reason at all, particularly people for whom you have some admiration, you should examine your mind to see whether you are indeed becoming a cynic. Here are some other signs:

1. You never compliment anyone but almost always find something about him to criticize.

2. People are nice to you even though you are rude to them, so you think you are getting away with something. Actually they feel sorry for you.

3. You are jealous of girls who have nice boy friends because yours doesn't quite measure up.

4. You dislike girls who have prettier faces, clothes and brains, instead of trying to improve yourself.

5. You secretly think you are the most terrific person in the world but nobody appreciates you.

6. You criticize a person for his religious beliefs.

It isn't just the fact that you are a cynic, and might grow up to be a problem to anybody who is unfortunate enough to marry you, work with you, play with you. It is the fact that you always will see the seamy, dull and unpleasant side of everything, and make your own life miserable. Worse than that, you can't escape payment in kind for the unhappiness you bring to others.

Deposit Pleasantries

Here's how you can start depositing pleasantries in your personal bank and fighting your tendency to be a cynic.

1. If you can't say anything nice about or to a person, don't say anything. Bite your tongue if necessary.

2. Try to do something extra nice for somebody at least once a week.

3. Instead of envying somebody who has more than you, use it as a goal to get ahead yourself.

4. Appreciate the things you have. Your mother and father might be poor, but they might be rich in wisdom which can see you through a lifetime.

5. Take personal pride in your clothes, even if they have a home-made look. Show them off to your friends, and you'll get more pleasure out of them, than trying to hide the fact that "Mamma made them."

When you are searching around watch for signs of the cynic. You'll find this type of man is the supreme critic. No matter what you want to do or waer, he will put the kibosh on it. He will never enjoy the recreation you prefer. The movie or show you have just seen, even the food you have just eaten, will give him reason to disagree with your enjoyment of it. This man hardly ever says anything pleasant to his wife or anybody else. He will nag at her when they are alone and just as vehemently when she is surrounded by friends.

He will criticize your cooking, and nothing will ever suit him. Everything should have been cooked five minutes more, or is over cooked. If he does like something, he will never tell you.

You can spot the boys in your own group who show tendencies to be cynics. Even in your day-to-day chit-chat with them, they always will asume the role of heckler, at first in a good humored way. But don't let it fool you, girls. Here is a future cynic.

Reburial Services Held For Airman Son Of Lubbock Couple

Reburial services were conducted in the Asbury Methodist church at 2:30 p. m. Sunday for Sgt. Harold M. Mankins, son of Mr. and Mrs. E. R. Mankins of 3102 Thirty-fourth, who was killed Feb. 25, 1945 in a mid-air B-26 bomber collision over Germany.

Dr. C. A. Bickley, pastor, and Rev. O. A. McBrayer, pastor of the Wolfforth Methodist church, officiated. Burial was in East Lawn cemetery under direction of Bryan McDonald and Son Funeral home.

South Plains Contractor Group Plans Meeting In Lubbock Today

A dinner meeting of the South Plains chapter of the Painting and Decorating Contractors of America will be attended by approximately 40 members and guests in the Fiesta room of the Hilton hotel at 7:30 p. m. today.

Organized in July, 1947, the local chapter is currently headed by G. E. Jones, with Edwin Merrit as vice-president and Marvin A. Fann financial secretary.

George Warner of the Sansom Paint and Paper Company will play the piano at the informal dinner.

TO BE HONORED—Miss May Jones, of Stephenville, above, state president of the American Association of University Women, will be guest at a tea to be given Wednesday afternoon at 3:30 o'clock at the Lubbock Women's clubhouse, 2020 Broadway. The legislative committee of the Lubbock AAUW branch will be hostess and invitations are extended to all AAUW members to attend. Sharing honors with Miss Jones will be Miss Marjorie Temple of Washington, D. C., legislative program associate from national headquarters.

Funeral Rites Conducted For Elmer B. Christian, Hockley

LEVELLAND, Nov. 6. (Special)—Funeral services were conducted at 4 p. m. today in the First Methodist church here for Elmer Bernard Christian, 64, a Hockley county farmer for 13 years, who died at 10 a. m. Saturday.

Rev. Jordan Grooms officiated at the services and burial was in Levelland cemetery under direction of George C. Price Funeral home.

Survivors include two brothers, J. W. of Levelland and Z. T. of Abilene; and one sister, Mrs. Gussie Marx of Palo Alto, Calif.

Last Rites Conducted For Mrs. J. R. Fain, Levelland

LEVELLAND, Nov. 6. (Special)—Funeral services for Mrs. J. R. Fain, 51, a 22-year resident here, were held at 2 p. m. today at the Levelland Assembly of God church. She died Friday.

Rev. E. E. Mason of Kermit officiated at the services and burial in Levelland cemetery was under direction of George C. Price Funeral home.

Survivors include her husband; a son by a former marriage, Charlie McWhorter of Amarillo; two daughters, Mrs. Thelma Hyde of Amarillo and Mrs. Alice Jo Fortenberry of Lubbock; three sisters, Mrs. Edith Brandon of Brownfield, Mrs. Opal Lewis of Eldorado, Okla., and Mrs. Leona Cleveland of Levelland; and six grandchildren.

There are 500 flowering plants, including the grasses, in Mount Rainier National Park, Wash.

FUEL SUPPLY IS BUILT UP

Allies Stock Berlin Against Possible Renewal Of Blockade

BY MORRIE HELITZER
INS Staff Correspondent

BERLIN, Nov. 6—The Western Allies in the past six months have moved more than one million tons of coal—a five months' supply—into Western Berlin and built up a two months' reserve of food—just in case.

This disclosure by a responsible official made it clear that the blockade-seasoned western powers are sharply conscious of Soviet efforts to strangle Western Berlin, even though the physical blockade was lifted last May.

"Second Blockade" Opened

It underscored Maj. Gen. Maxwell Taylor's recent warning that the Russians have clamped a "second blockade" on the city with western Berlin's trade—its lifeblood—the target.

The American commandant pointed out this is being done through financial and economic restrictions imposed by the Russians.

The official who revealed the extent of the Allies stockpiling preparations said he did not expect renewal of the defeated physical blockade of the city by the Russians.

But he emphasized that the West is determined not to be caught short again.

He said that in addition to coal and food, the west has poured 7,000 tons of gasoline—a half year's supply—and 16,000 tons of diesel oil—enough for a year—into Berlin by barge, rail and truck.

The Allies also have sent in grain sufficient for 87 days, a 101-day supply of flour, a 38-day supply of fats, a 34-day supply of meats and a 31-day supply of sugar.

Federal Rent Controls To Be Lifted June 30, Senator Says

WASHINGTON, Nov. 5. (INS)—The chairman of the Senate Housing subcommittee today predicted that federal rent controls will be scrapped next June 30 and "the job will be turned over to states and cities."

Sen. Sparkman (D-Ala.), made the forecast in declaring that states and cities should realize that federal controls "will not be extended again."

The senator's subcommittee authored the 1949 rent act which empowers local authorities to drop federal controls with the approval of state governors. The act expires June 30.

MEET THE WOMEN — Mrs. Harmon Jenkins became executive secretary of The Placement Service at Texas Tech when that office was established in November, 1947. She is a graduate of Texas Tech, where she majored in government, and is a member of the Episcopal church. Mrs. Jenkins is treasurer of the board of directors of the Lubbock Women's club and also is a member of A.A.U.W. She was elected to the State Advisory committee of the Texas Personnel and Management association at a meeting held on the University of Texas campus in Austin last week. Mr. and Mrs. Jenkins reside at 1917 Twenty-fourth. (Staff Photo).

Dallas Man Jailed After Mistake On Allowance Check

DALLAS, Nov. 6. (INS) — A 23-year-old man is sitting in the Dallas county jail tonight because of one important thing he didn't know about family allowance checks.

Bob Young is charged with stealing a letter containing a $50 treasury check and trying to get it cashed.

A federal inspector told U. S. Commissioner W. Madden Hill:

"Young took the check, made out to Willie M. Gileky, and tried to cash it at a pawnshop. To provide identification, he changed the name on his draft card to conform with that on the check.

"But the pawnbroker got suspicious when he saw it was marked 'family-allowance' check — a type issued only to women. Willie Gilkey is a she."

Young went to jail when he was unable to post the $250 bond set by commissioner Hill.

Galveston Man Is Found Dead In Cell

HARRISBURG, Pa., Nov. 6 (AP)—Peter N. Duca, Galveston, Tex., novelties manufacturer, was found dead in his Dauphin county prison cell last night only a few hours after he was flown here from Texas to answer charges of violating his parole.

Prison authorities said he suffered a heart attack.

Duca, who was 55, was convicted in Wilkes-Barre in 1932 for the slaying of Alex Campbell and Peter Reilly on a Pittston, Pa., street in 1928.

In 1945 he was paroled and permitted to join his wife and children then living in Dallas. Later he established a plant to manufacture bread boards and novelties in Galveston.

Last week Duca was arrested in Dallas, Tex., and police there questioned him in connection with the slaying of Vincent Vallone, Houston restaurant owner.

C. V. Kern, Harris county (Houston) sheriff, said the former Pennsylvanian was a friend of two men accused of the slaying. Duca admitted knowing the two—Diego L. Carolino, 28, Houston grocery store operator, and Louis J. Marino, 37, beer and ice house proprietor, but said he had nothing to do with the slaying, Kern said.

Minister Claims Liberty Exists In Romania For Working Class

BUCHAREST, Romania, Nov. 6 (AP)—Foreign Minister Ana Pauker said today there is liberty for the working class in Romania, but none for those who want to restore the old order (monarchy).

The Communist leader spoke at a meeting of railway workers in honor of the 32nd anniversary of the Russian revolution.

She charged that Americans and British were "hurling calumnies and lies at our Romanian popular republic." This was a reference to United Nations debate on Western charges that Romania is violating human rights clauses of her peace treaty.

The government disclosed plans for a special stamp to honor Soviet Prime Minister Stalin on his 70th birthday in December. It will bear his picture and the words "Glory To Stalin."

Blast Destroys Tipple Used In Kentucky Coal Operation

JACKSON, Ky., Nov. 6 (INS)—A dynamite blast today destroyed a tipple used to separate coal at the H. C. Barrs plant in Jackson, causing an estimated $13,000 damages.

No one was injured in the explosion.

Jackson Police Chief Clarence Hemsley said the Barrs plant was not a mine but bought coal from small mines in the area.

Cause of the blast was being investigated.

70 Die In Blast Of Red Powder Magazine, German Paper Claims

BERLIN, Nov. 6 (INS)—The German newspaper Social-Democrat reported today that 70 persons were killed "a few days ago" when a powder magazine exploded in a uranium mine in the Soviet zone of Germany.

The news[illegible] said the [illegible] occured in western Saxony and destroyed a large part of the mine, caused flooding of an adjacent pit and halted work.

Garnet Reeves Says:

"I am mighty proud . . .

Of that new policy contract my company came out with recently — THE JEFFERSON FAMILY PROVIDER. It's a new low cost plan — a special plan for preferred risks only.

For a little more than the regular cost of $5000 whole life insurance, the plan provides for $14,460 total protection for your family.

Rites Slated Today For Ralls Resident

RALLS, Nov. 6 (Special)—The body of Mrs. J. E. Reed, 68, who died at 5 a. m. today, will be taken overland Monday to Collinsville for funeral services at 2:30 p. m. at the Mount Bryan church near there.

Mrs. Reed died today at the home of her daughter, Mrs. E. J. Jones of Floydada. She had been ill for some time, moving to Floydada from Ralls recently after living here for 20 years.

Mrs. Reed's body will be taken to Collinsville by the Marr funeral home of Ralls. Rev. Caff Rayzor of Collinsville will officiate at the services.

Survivors include her husband; two daughters, Mrs. Jones and Mrs. Horace Boggs of Hemet, Calif.; three sons, Joe and Raymond Reed, of Floydada and Durward, of Ralls; one brother, J. J. Harkey, of Ralls; three sisters, Mrs. Ida Adams and Mrs. J. W. Click, of Collinsville, and Mrs. A. J. Porter, of Gainesville; 17 grandchildren and 14 great-grandchildren.

CRUISER MAKES PORT

PORTSMOUTH, Eng., Nov. 6 (AP)—The 14,000-ton U. S. cruiser Columbus, held up by a gale at Spithead for 30 hours, entered Portsmouth harbor today. Just back from a Mediterranean cruise, she is to be inspected by King George Tuesday.

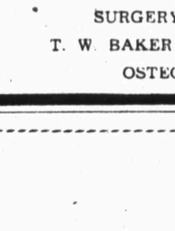

Three dunces' galleries — raised platform for desks — have been removed from Trimley St. Mary School, in Suffolk, England.

Noted Throat Specialists Report on 30-Day Test of Camel smokers...

NOT ONE SINGLE CASE OF THROAT IRRITATION due to smoking CAMELS!

Yes, these were the findings of noted throat specialists after a total of 2,470 weekly examinations of the throats of hundreds of men and women who smoked Camels—and only Camels—for 30 consecutive days.

"Camels agree with my throat!"

"The 30-Day Test was the first time I'd ever given Camels a real trial. Now I know how mild a cigarette can be! Camels for me!" H. Southwell, Jr., lawyer.

"The 30-Day Test changed my ideas about cigarette mildness. I'm smoking the brand that agrees with my throat—Camel!" Rita Tennant, secretary.

"The day I started was the day I began to get more fun out of smoking. That good-tasting flavor won me to Camels completely!" Mrs. Edna Wright, housewife.

College student Anne Hogan: "My doctor's report came as no surprise to me. My throat kept telling me: 'Camels *are so mild*—so cool and mild!'"

"Yes, I tested Camels for 30 days. I have real smoking proof that Camels agree with my throat!" William S. Davis, Jr., travel representative.

Meet Mr. and Mrs. Richard Cole of Fresh Meadows, New York, who made the test. Both found Camels the mildest cigarette they ever smoked.

ELAINE BASSETT, television stylist of New York City, reports on her 30-Day Test—

MISS BASSETT is one of hundreds, coast to coast, who made the 30-Day Test of Camel Mildness under the observation of noted throat specialists. She smoked Camels for 30 days. Her throat specialist's report, after careful weekly examinations—NO SIGN OF IRRITATION due to smoking CAMELS!

Start your own 30-Day Camel MILDNESS Test Today!

Yes, make the test yourself. Smoke Camels, and only Camels, for the next 30 days. See if it doesn't add up to more smoking enjoyment than you've ever known before. Compare Camels in your "T-Zone" (T for taste, T for throat). See if you don't find Camels the *mildest, best-tasting* cigarette you ever smoked.

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

Post Meets Slaton Friday For District 4-A South Title

Both Clubs Are Unbeaten

"D-day" is almost at hand in District 4-A South.

Which means, of course, that Post and Slaton are about to collide for the district championship.

These arch-rivals of the gridiron meet Friday at Post, and all indications point to an overflow turnout for the title tussle. Interest in the clash between Bing Bingham's high-scoring Antelopes and the steady Slaton crew of Clarence Tillery has been mounting for several weeks.

Both Are Unbeaten

Both clubs are unbeaten and untied in conference play, each having turned back O'Donnell, Seagraves and Tahoka. Against these rivals, Post rolled up the more impressive point total—with 145 in the three tilts—but past performances mean little when the Antelopes go against Slaton in this traditional scrap. Last year, Post went into the game a top-heavy favorite, then hed to battle all the way to eke out a 12-6 decision.

Tahoka Meets O'Donnell

Slaton was idle last week, while Post dropped a 20-13 verdict to the tough Crosbyton Chiefs. In the only 4-A South game, Seagraves broke into the conference win column by thumping Tahoka, 38-0. O'Donnell battled Stanton to a 6-6 draw in a non-district encounter.

In addition to the Post-Slaton setto, this week's docket lists Tahoka at O'Donnell, and Miles at Seagraves. The latter game is a non-conference affair.

THE STANDINGS

Teams	W	L	P	OP
Post	3	0	145	13
Slaton	3	0	76	12
O'Donnell	1	2	20	92
Seagraves	1	3	50	51
Tahoka	0	3	12	134

Last Week's Results

Seagraves 38, Tahoka 0 (c).
Crosbyton 20, Post 13.
Stanton 6, O'Donnell 6 (tie).

This Week's Games

Slaton at Post (c).
Tahoka at O'Donnell (c).
Miles at Seagraves.

Spur Faces Tough Ralls This Week

The two front-running teams in District 3-A face tough assignments this week.

Spur's Bulldogs, who stayed in a first-place tie with Floydada last week by tripping Abernathy, play hosts to the dangerous Ralls Jackrabbits, while Floydada entertains the up-and-coming Crosbyton Chiefs.

At present, Spur and Floydada are rolling smoothly along with 5-1 records in conference play. Should both win this week, the district championship would hinge on their Nov. 17 engagement at Floydada.

Two other teams mathematical chances in the title scramble are Lockney, the defending titlist, and Crosbyton. Each has dropped two district decisions.

Floydada barely got by Tulia last week, an extra point giving the Whirlwinds a 7-6 verdict. In other games, Paducah handed Ralls a 19-12 setback non-conference triumph over Post, current co-leader in District 4-A South.

On this week's 3-A docket are Lockney at Paducah, and Tulia at Abernathy. Matador has an open date.

THE STANDINGS

Teams	W	L	P	OP
Spur	5	1	123	68
Floydada	5	1	60	18
Lockney	5	2	132	43
Crosbyton	4	2	87	77
Paducah	3	3	82	89
Ralls	3	3	77	60
Tulia	2	5	80	73
Abernathy	1	6	37	68
Matador	1	6	31	163

Last Week's Results

Lockney 35, Matador 6 (c).
Floydada 7, Tulia 6 (c).
Paducah 19, Ralls 12 (c).
Spur 19, Abernathy 6 (c).
Crosbyton 20, Post 13.

This Week's Games

Lockney at Paducah (c).

13,641 Tickets For Orange Bowl Game Sold In One Hour

MIAMI, Fla., Nov. 6. (AP)—A total of 13,641 tickets to the 1950 Orange Bowl football game were sold in less than an hour today to 3,653 patrons, some of whom had waited in line nearly 24 hours.

The Orange Bowl committee's first public ticket sale was the "smoothest ever staged," General Manager Ernie Seiler said. "There was no trouble and nobody got mad."

Previously, all tickets were distributed through the mail.

Kilgore Player In Serious Condition From Head Injury

BEAUMONT, Nov. 6. (AP)—D. L. Ashley, Kilgore Junior college football tackle, remained in serious condition tonight from a head injury suffered in last night's game with Lamar Junior college.

Hospital attendants said they had not yet been able to make X-rays.

Ashley, a big boy, revived so violently from a three-hour coma last night that he had to be put back to sleep, attendants said.

Each Team To Play Seven More Games

WT-NM Will Expand Schedule Next Year

By CHOC HUTCHESON
Avalanche Sports Writer

Officials of the West Texas-New Mexico baseball league, in their annual fall meeting in the Hilton hotel, voted Sunday to expand the 1950 league schedule from 140 to 147 games for each team.

The WT-NM executives also voted approval of a proposed national rules change which would liberalize the definition of a "limited service" player. The proposal, due to be acted upon at next month's national minor league convention in Baltimore, is designed to permit more experienced players to remain in lower classification leagues of Organized Baseball.

No other major changes were made at Sunday's all-day session. However, a proposal to increase the WT-NM active player limit from 16 to 17, and to simultaneously boost the monthly team salary limit from $3,200 to $3,400, narrowly missed passage. The measure failed when the vote ended in a deadlock — Abilene, Albuquerque, Borger and Lubbock approving the proposal, and Amarillo, Clovis, Lamesa and Pampa vetoing.

Milton E. Price, Dallas, who presided at the meeting, was re-elected for an 11th term as league president. Paul Dean, Clovis, and D. M. Specter, Borger, were chosen vice-presidents, succeeding H. G. (Cy) Fausett, Albuquerque, and R. L. Edmondson, sr., Pampa.

Other Developments

Lesser developments of Sunday's session were:

1) Approval of a motion that the WT-NM circuit adopt a plan providing for annual selection of a "Rookie of the Year" and "Umpire of the Year."

2) Announcement by H. A. Duke of Lamesa that his club definitely would have a new park, of 2,400 seating capacity, ready for use by the opening of the 1950 season. Bob Seeds, Amarillo, said the Gold Sox also are planning construction of a new park, although it is doubtful that it will be completed before mid-season of next year.

3) Formal announcement of the transfer of stock in the Borger baseball club from Dr. Marshall Dike, former co-owner, to D. M. Specter, president, and Abe Latman, vice-president.

4) Grant of special permission to H. G. Fausett, Albuquerque, to establish a special "student ticket" in that city. Fausett said he plans to admit students 13 through 15 years of age for 50 cents, instead of full adult fare (74-76 cents)—as is the current practice in all other league cities.

5) Announcement of Jan. 21-22 as the dates of the annual league schedule meeting, to be held in Albuquerque.

There was no mention of changing the circuit from "C" to "B" classification.

Only Pampa's Edmondson objected to the seven-game expansion of the league schedule for 1950. Under the new schedule plan, play will begin April 19 and end Sept. 10, with three doubleheader dates. This means that each club will meet every other club 11 times during the season. Proceeds from the "odd" game in each inter-club series, to be designated on the schedule, will be split evenly between the two competing teams.

Schedule Set For January

Complete schedule details will not be announced until after the January meeting in Albuquerque.

Other routine matters — such as the December national convention in Baltimore, the winter player draft, quality of the ball used in WT-NM play.

The increase in player and salary limits was the only controversial issue of the day. After the 4-4 vote, several team representatives called for a re-count, when it appeared that Lamesa's H. A. Duke might change his original vote to "No." With this, Edmondson moved, and other officials voted, to go into closed executive session—the first time in history that visitors had been barred from a WT-NM annual meeting. However, at the end of the closed meeting, President Price announced to newsmen that league officials had decided to leave the current 16-player, $3,200 limit unchanged.

Representatives at the meeting were: Abilene, W. V. Young and Hayden Greer; Albuquerque, H. G. Fausett; Amarillo, Buck Fausett and Bob Seeds; Borger, D. M. Specter, Abe Latman and Eddie Carnett; Clovis, Paul Dean; Lamesa, H. A. Duke, Jay Haney and Walter Buckel; Lubbock, M. L. Wilkison, Harry Faulkner and Jackie Sullivan; Pampa, R. L. Edmondson, sr., R. L. Edmondson, jr., and Grover Seitz.

Others in attendance were radio and newsmen Collier Parris, Abilene; Harry Gilstrap, Amarillo; Bill Clark, Borger; Wes Youngblood, Lubbock; Bern Gantner, Clovis; and Warren Hasse, Pampa.

Visitors included: Bud Mills, Miss Lee Specter, I. B. Palmer, Royce Mills, C. T. Oliver, George Schepps, Joe Bailey Cheaney, Harry James, Frank McAlexander and Sled Allen.

Los Angeles Bows To Eagles, 38-14

PHILADELPHIA, Nov. 6. (INS)—The National Football League champion Philadelphia Eagles turned today's much ballyhooed "playoff preview" into a rout by slaughtering the Los Angeles Rams, 38 to 14.

A record Shibe Park football attendance of 39,000 saw the eastern division leaders hand the Rams their first defeat of the season.

Bob Waterfield, passing star of the Rams, fired seven aerials for 66 yards and a touchdown in the first five minutes, but it was strictly an Eagle show the rest of the way.

The Rams were helpless against the Philadelphia line, and Waterfield's passes were harmless after his initial flurry.

Automatic Cliff Patton booted a 18-yard field goal for the first Philadelphia points.

Russ Craft scored one touchdown on a 29-yard jaunt after he stole the ball from a Los Angeles runner. Fleet Bosh Pritchard sped 35 yards for another six-pointer and Pete Pihos, Jack Myers and Johnny Parmer also broke into the scoring parade.

The Rams' second touchdown came shortly before the final gun on V. T. Smith's three-yard sweep.

Meadow Continues 4-B Title Rampage

Coach Lloyd Hunt's Meadow Bronchos continued their undefeated, untied march through the ranks of District 4-B last week by turning back the challenge of Ropesville's Eagles, 26-13.

It was the Broncs' sixth straight triumph in conference competition, and left them in sole possession of top spot in the district chase.

Meadow draws an easy assignment this week, going against winless Frenship. Then, on Nov. 18, the pace-setters take on New Deal in the game which will decide the district championship.

New Deal, now tied for second place with Whiteface, romped over Frenship, 53-0, last week for its fifth victory against one setback. Whiteface nosed out Idalou, 19-14, while Cooper achieved its second conference success by whipping Plains on penetrations, 3-2, in a 7-7 tie game.

Other games on this week's slate are Whiteface at Cooper and New Deal at Petersburg. Ropesville clashes with the Lubbock High Pioneers in a Thursday night setto.

THE STANDINGS

Teams	W	L	P	OP
Meadow	6	0	192	54
New Deal	5	1	200	26
Whiteface	5	1	107	33
Ropesville	5	3	201	70
Petersburg	3	3	114	108
Idalou	3	4	164	105
Cooper	3	4	53	196
Frenship	0	6	14	242
Plains	0	7	13	236

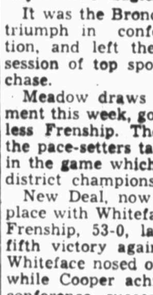

Last Week's Results

Meadow 26, Ropesville 13 (c).
New Deal 53, Frenship 0 (c).
Whiteface 19, Idalou 14 (c).
Cooper 7, Plains 7 (Cooper won on penetrations, 3-2) (c).

This Week's Games

Frenship at Meadow (c).
Whiteface at Cooper (c).
New Deal at Petersburg (c).

Captain Allen, rated an All-American tackle candidate by Duke boosters, first played for Wade as a freshman in 1946. He now is in his final season. Allen entered Duke in 1946 after two years in the Navy.

LONG MINER GAIN SATURDAY — Halfback Bill Chesak (44), one of the brighter spots in Texas Western's 13-0 defeat by Texas Tech in El Paso Saturday night, is shown making a lengthy gain in the second quarter of the game. Chesak took a handoff and rambled 12 yards around the Red Raiders' left end, but it availed the Orediggers little, Tech stiffening and forcing the home club to punt. Halfback Pug Gabrel is shown trying to block Tech Quarterback Ernest Hawkins, who avoided the block and made the tackle. Fullback Bud Conley (15) is coming up to lend assistance, which wasn't needed. In the right background is Guard Dan Pursel (62). (Photo Courtesy of The El Paso Times.)

Pampa's Tom Tipps Gets Vote As State's Outstanding Coach

Harvesters' Hayes On List Of Stars

FORT WORTH, Nov. 6. (AP)—A coach, not a player, gets the Fort Worth Star-Telegram's vote as the outstanding figure in Texas High school football circles last weekend. He's Tom Tipps of Pampa.

Tipps' Pampa high school football team beat Amarillo 20-12 in a crucial District 1-AA game Saturday afternoon. It was the first Pampa victory over Amarillo since 1943 and put the Harvesters out in front in the chase for the 1-AA grid title this year.

Tipps started the season with only six returning lettermen, none of them regulars, and built them into a machine that has scored six victories and lost only to mighty Lubbock, 20-33, and to Wichita Falls, 6-14.

The Star-Telegram's weekly "honor roll", a roundup of outstanding individual performances by schoolboy gridmen selected from nominations made by more than 100 Star-Telegram correspondents throughout the state include:

Jimmy Hayes, Pampa back, who's running accounted for one touchdown, helped set up two others, intercepted an Amarillo pass late in the final period to halt a desperate Sandie drive and was spearheading another Pampa attack from the Amarillo 25-yard line when the game ended.

Leon Taylor, Pampa center, intercepted an Amarillo pass on the Pampa 38 and returned it to the Amarillo 36 to set up the Harvesters' first touchdown drive.

James Duncan, Marshall center, his hard tackling enabled the Mavericks to recover a Texarkana fumble to set up their first touchdown. He ran his string of conversions to 23 straight, kicked a 20-yard field goal for good measure, and along with End James Gist, was one of the key figures in holding Texarkana to 44 yards net rushing. Marshall won the 9-AA game, 29-7.

Freddie Muniz, Harlingen back, scored on a five-yard plunge and a 52-yard run to pace his team to a 19-6 victory over San Benito in District 16-AA.

H. C. Knox, Graham, scored on runs of 56, 90 and 75 yards and Dean Smith, who ran 17 and 76 yards for touchdowns as the Steers trimmed Quanah, 41-0 in a District 2-AA game.

Jack Howton, Plainview back, passed for one touchdown and quarterbacked his team to a 20-13 upset victory over Borger in a District 1-A game.

At Ellensburg, Wash., recently he "tried that game called golf" and suffered a wrenched knee. "Swung too hard, I guess," he remarked.

Instant And Correct Decisions Make Football Referee's Life Hard One

BY WHITNEY MARTIN
Associated Press Staff Writer

NEW YORK, Nov. 6 — Well, young feller, so you think that football referee blew a decision and cost your team the game, do you? He was wrong on that pass interference ruling, wasn't he? Or the holding he saw was just some player holding his breath.

Could be, of course. The guy who says he never made a mistake is making a mistake when he says it.

But we maintain that a qualified football official does a remarkable job of calling them right, particularly as his decisions must be made while a couple of tons of agitated beef is milling furiously around him. He can't retire to a quiet library to ponder the question. He can't even wait to see the movies.

Maybe you'd like to try it some time. You'd have to qualify, of course, but that would be easy. If, for instance, you wanted to officiate in the Eastern Intercollegiate Football Association, you'd have to do only this:

Be examined regularly throughout the season both for physical fitness and knowledge of the rules.

Attend eight or nine meetings of your particular chapter of the Officials Association during the season for discussions of problems of the game, interpretation of plays, and the exchange of ideas.

Attend two or more clinics during the season also with the view of interchanging ideas.

Be subject to reports by the schools after each game you work, and to rating by your brother officials.

What? That's too much bother? All you need, you say, is a striped shirt, a pair of white knickers, black socks, shoes, a whistle and a rule book to stow in your back pocket and you're ready to go.

You'd go, all right. You'd either go off the field on a stretcher when your winded bellows and wobbling legs wouldn't let you get out of the way of a play, or you'd go over the fence with a few gross of slightly infuriated fans breathing on your neck.

Raiders Face H-SU November 26

Techsans Head For Third Border Title

PHEONIX, Ariz., Nov. 6—(AP)—On the path of a third straight Border Conference football title, the hard running Red Raiders of Texas Tech have only one major hurdle left in their path.

They cleared one out of the way Saturday with a 13-0 victory over the stubborn Miners of Texas Western at El Paso. It won't be easy for Dell Morgan's Raiders to surmount the Nov. 26 obstacle thrown up by the Cowboys of Hardin-Simmons university.

But with one of the two an apparent cinch to take the diadem, the hopes of Border Conference football gaining stature nationally have faded. Neither Tech nor the Cowboys has shown to advantage outside their loop stronghold. Between them they've won three non-Conference games. The Raiders have dropped four games—all to southwest Conference foes—and H-SU has lost two and tied one.

Friday's loss by the Cowboys to Loyola of Los Angeles, 39-35, didn't help things. The underdog California club scored 26 points in the second half to win.

All other Border Conference clubs saw action Saturday. Arizona showed new strength to topple New Mexico 46-14 while Arizona State at Tempe bowled over New Mexico A&M 68-32. That set the stage for this week's backyard scrap between Arizona and ASC. West Texas State overpowered Arizona State college at Flagstaff 47- 6 in the other conference tussle.

In addition to the Arizona-Arizona State battle at Tempe this week, other games find West Texas playing host to H-SU at Canyon, New Mexico playing Colorado of the Big Seven at Albuquerque, Texas Western traveling east to meet West Virginia, and New Mexico's Aggies and Flagstaff deciding who will control the basement this season. Tech has an open date.

THE STANDINGS

Wildcats Lead 4-A North Race

The deciding game in the 1949 race in the north zone of District 4-A is on tap this week at Littlefield.

Coach J. S. Fikes' potent Wildcats, still atop the district standings after a first-class scare from Sudan last week, meet the rebounding Levelland Lobos in the tilt that will decide district honors.

Littlefield, by besting Coach Truett Rattan's team, can gain undisputed possession of the title. Levelland, on the other hand, possibly can throw the chase into a three-way deadlock. Should the Lobos upset Littlefield, and should Sudan triumph over Sundown (as seems probable), Levelland, Littlefield and Sudan would finish in a first-place tie, and a vote would be necessary to determine the north zone representative in the state Class A playoffs.

Off the records, Littlefield will be a heavy choice to trounce Levelland. Earlier, Sudan whipped the Lobos by 26-7, and last week Sudan and Littlefield battled to a 7-7 tie, with Littlefield getting the nod via the decision route, 3-2.

Although Sudan slowed the heralded Wildcat attack considerably, the Littlefield crew retained its 40-point-per-game scoring mark in conference competition.

Levelland had a surprisingly easy time last week in downing Muleshoe, while Sundown outscored Morton, 19-14, for its first district win of the year.

Other tilts this week will be Morton at Muleshoe and Sudan at Sundown.

THE STANDINGS

Teams	W	L	P	OP
Littlefield	4	0	160	13
Sudan	3	1	80	27
Levelland	3	1	111	33
Muleshoe	1	3	38	109

TWO NINES JOIN LOOP

BURLINGTON, Ia., Nov. 6—(INS)—Baseball teams from Fort Madison, Ia., and Hannibal, Mo., were admitted today to the Central Association League for 1950. At a league meeting in Burlington, the two squads were incorporated in the Pro-ball Association, replacing Rockford, Ill., and Cedar Rapids, Ia., which withdrew during the 1949 season.

East Texas State's Lions Heading For Lone Star Title

(By The Associated Press)

East Texas State's Lions have a couple of more games to play but for all practical purposes the season is over—they already are Lone Star Conference champions.

The Lions beat Southwest Texas State 13-6 last week to clinch the title.

Saturday they play Trinity of the Gulf Coast Conference and Nov. 19 close out with North Texas State of the same conference.

While East Texas was kicking Southwest Texas last week, Sam Houston State was taking a 21-13 lacing from Hardin of the Gulf Coast Conference and Stephen F. Austin was walloping independent Daniel Baker 40-0.

Saturday Stephen F. Austin plays University of Corpus Christi at Corpus Christi while Southwest Texas State and Sam Houston State tangle in a Conference game at San Marcos.

Rice Aiming For Cotton Bowl

Methodical Owls Now Tops In SWC

By HAROLD V. RATLIFF
Associated Press Sports Writer

Dust off a spot in the Southwest Conference hall of champions and reserve a place in the Cotton Bowl for Rice. The Owls will be moving in soon.

This is said with due deference to the way football is carried on in this area. It also takes into consideration the fact that only when the play follows the script is it an upset.

Rice rides high and dry. Baylor looks down the trail of broken dreams. Southern Methodist sees the handwriting on the club-house wall.

Saturday was another of those occasions—those should be in quotation marks. Texas lumbered out of the travail of three defeats to knock Baylor from the unbeaten ranks and out of the nation's top ten. The score was 20-0.

Texas A. and M. grabbed its greatest glory in three years by fighting Southern Methodist to a 27-27 tie on the great running of Sophomore Bob Smith. The team that had won only one game in 17 starts in almost two seasons grinned at Doak Walker's press clippings and SMU's national rating and threw Aggieland into ecstasy. It was a greater boost to sagging gridiron fortunes than even the tie A. and M. played with Texas last Thanksgiving Day.

While Baylor was being pitched behind the eight-ball and Southern Methodist was losing virtually all hope, methodical Rice was rolling over Arkansas 14-0. Ahead are A. and M., Texas Christian and Baylor. Of course, the Owls could stumble but if they do it will be the upset of upsets. Baylor and SMU are even going to help Rice. They meet each other next Saturday. One of the two will definitely be slugged out of the championship running.

Rice plays A. and M. Saturday at Houston while Arkansas and Southern Methodist are battling at Dallas and Texas Christian goes to Austin to tackle Texas. Texas Christian took last week off just to get ready for the team it had rather beat than any other.

Baylor plays an intersectional game and the opposition looks like another problem for the Golden Bears. Wyoming, unbeaten and untied and 103-0 winner Saturday over Colorado State, comes to Waco to challenge Baylor.

DOAK WALKER SCORES AGAIN — Southern Methodist's star back drives over for a touchdown in the first period of the game with Texas A & M at College Station Saturday. Others identified in the picture are Aggie Guard Carl Molberg (67) and SMU Center Dick Davis (57). The Aggies staged a belated last half rally to tie the Ponies 27-27 in one of the Southwest Conferences biggest upsets of the year. (AP Wirephoto.)

Professional Grid League Title Races Ease Up; Bills Beat Yanks

(By International News Service)

The races in both major football leagues are a lot less tight as the result of Sunday's games.

Briefly, the New York Yankees dropped out of a first-place tie in the All-America Conference when they were upset by Buffalo, 17 to 14. The Yankee loss left Cleveland all alone in first place.

And the National League's so-called playoff "preview" between Philadelphia and Los Angeles developed into a runaway. The eastern division leaders trimmed the previously unbeaten Rams, 38 to 14.

Rams Blow Lead

The Rams led, 7 to 3, at the end of the first quarter, but then the roof fell in. The Eagles scored two touchdowns in the second period and two more in the third to all but chase the Rams out of Philadelphia's Shibe Park.

The Eagles' two closest competitors in the eastern division both lost. The New York Bulldogs won their first game of the year by trouncing the runner-up New York Giants, 31 to 24. And the Steelers—tied for second with the Giants—were trampled by Washington's closing rush, 27 to 14.

Cards Drop Lions

In other National League contests, the Chicago Cardinals spanked the Detroit Lions, 42 to 19, and the Chicago Bears romped over Green Bay, 24 to 3.

A dramatic field goal by ancient Chet Adams in the waning minutes gave Buffalo its 17-14 win over the Yankees. Meanwhile, Cleveland didn't have a bit of trouble beating the Chicago Hornets, 35 to 2.

San Francisco Wins

The Yankees can still throw the All-America circuit back into a tie if they can beat Cleveland next Sunday in New York. However, the Browns now are in a spot to virtually clinch their fourth straight championship if they defeat the Yankees.

San Francisco defeated the Baltimore Colts, 28 to 10.

Joe Vetrano, Frisco's place-kicking expert, set an all-time professional record with four conversions to bring his lifetime total to 176. The old record of 174 was set by Don Hutson of the Green Bay Packers.

Olton's Mustangs Clinch 3-B Crown

Olton's Mustangs are the 1949 champions of football District 3-B.

With one game to play, Coach T. M. Cox's high-scoring Ponies already have clinched the conference crown. Even should they fall before Hale Center — which isn't likely, in view of season records — the Mustangs still would finish no worse than in a tie with Dimmitt. And, by virtue of an earlier win over Dimmitt, Olton would be declared district champion.

The Mustangs stampeded over Friona, 39-0, last week for their eighth straight district win. Meantime, Hale Center — the last team with a chance to overtake Olton—skidded out of the championship picture by losing to Dimmitt, 33-12.

Although Olton has the title sacked up, the Ponies' game with Hale Center at Hale Center this week is still the top 3-B attraction. It other frays, it will be Farwell at Springlake, Anton at Friona, Spade at Dimmitt and Amherst at Whitharral.

THE STANDINGS

Teams	W	L	P	OP
Olton	8	0	264	19
Dimmitt	7	1	216	63
Springlake	6	2	207	73
Hale Center	5	2	122	98
Farwell	5	3	179	113
Anton	3	4	144	109
Friona	3	5	104	192

Anton at Friona (c).
Amherst at Whitharral (c).
Spade at Dimmitt (c).

There are more than seven thousand different kinds of ants.

Lamar Faces Tyler In Deciding Game Of Southwestern Loop

(By The Associated Press)

Lamar of Beaumont has just one more obstacle in its path to the championship of the Southwestern Junior college conference.

The Cardinals last week clinched at least a tie for the title by beating Kilgore 14-7. Now Lamar has only Tyler to lick to be undisputed champion.

Tyler lost to Kilgore 14-7, thus Lamar will be a top favorite to sweep over Tyler, too.

Lamar is the last undefeated, untied team in the Conference.

Interscholastic League Council Wants Girls Basketball Program

AUSTIN, Nov. 6. (AP)—The Interscholastic League's advisory council recommended today that the League inaugurate a plan of competition for girls basketball for Class A and B schools.

The recommendation was made by School Superintendent G. M. Blackman of Pettus.

The council voted to defer action for a year on whether to sponsor a state music contest.

The council meets again tomorrow.

Kermit, Wink Meet Friday

The District 5-A football race comes to a boil Friday night when Wink's Wildcats invade Kermit for an important engagement that probably will decide the conference championship.

At present, the high-scoring Wink club is out front in the 5-A scramble with six victories and one defeat. Kermit is in second place, with six wins, a loss and a tie.

Should Wink win Friday night —and it will go into the game a slight favorite — the Wildcats will be all but "in" as district champions.

A Kermit triumph, or a tie game, would project the Andrews Mustangs back into the title picture. Andrews now is third with five successes, a setback and a tie, but should Wink lose or tie, Andrews would be in line for the 5-A crown. The Mustangs beat Wink earlier this year, so should the two finish in a deadlock, the nod would go to the South Plains crew.

Biggest surprise last week was Seminole's resounding 27-7 walloping of Monahans. The Indians turned in one of their top performances of the year as they thumped the defending state champions. Pecos smothered Denver City, 58-7, Andrews rolled over Fort Stockton by 40-0, and Crane blanked McCamey, 14-0.

Other games on this week's slate are Seminole at Denver City, Pecos at Fort Stockton, McCamey at Andrews and Crane at Monahans.

THE STANDINGS

Teams	W	L	T	P	OP
Wink	6	1	0	216	49
Kermit	6	1	1	162	48
Andrews	5	1	1	139	47
Crane	4	2	1	86	58
Monahans	4	3	0	98	73
Seminole	3	2	2	75	92
Pecos	3	4	0	136	121
Fort Stockton	1	5	1	52	229
McCamey	1	5	0	57	126
Denver City	0	7	0	57	246

Last Week's Results
Seminole 27, Monahans 7 (c).
Andrews 40, Fort Stockton 0 (c).
Pecos 58, Denver City 7 (c).
Crane 14, McCamey 0 (c).

This Week's Games
Wink at Kermit (c).
Pecos at Fort Stockton (c).
Seminole at Denver City (c).
Crane at Monahans (c).
McCamey at Andrews (c).

NEW ELECTIONS SLATED

CAIRO, Egypt, Nov. 6. (AP)—The Egyptian cabinet decided today to dissolve parliament and set a date for new general elections in the first week of January. Both actions become effective by royal decree, expected not later than Monday.

Five Teams Have Perfect Records

Schoolboy Leaders Face Crucial Tilts

Schoolboy football swings into the home stretch this week with just five undefeated, untied teams in the City Conference and Class AA.

Grand Prairie fell last week, beaten by Highland Park of Dallas, 14-6, in a game that practically clinched the District 8-AA crown for the Scotties.

Corsicana, Wichita Falls, Lubbock and Port Arthur are the others with perfect records. Baytown and John Reagan of Houston are unbeaten but tied.

A couple of district titles were as good as clinched last week. Pampa knocked off Amarillo, 20-12, to take a stranglehold on the 1-AA crown. Marshall whipped Texarkana, 29-7, to clear its last tough hurdle in 9-AA.

Paschal's 20-6 victory over Arlington Heights, defending City Conference champion, moved it a step clocer to the Fort Worth district title.

Many of the districts are still a long way from being decided, and it may take the final games on November's schedule to straighten them out.

The San Antonio district of the City Conference could be cleared somewhat this week. The two big teams in this district, Thomas Jefferson and San Antonio, get together.

Lubbock runs into Odessa and the Broncs are rated the Westerners biggest barrier to a playoff spot.

Corsicana clipped Waxahachie last week, 47-13, to roll toward its crucial meeting with Temple in 13-AA.

Port Arthur downed South Park of Beaumont 34-7; Baytown beat Galena Park, 13-7, and John Reagan beat Jeff Davis of Houston, 32-6.

Some of the top games this week include:

Sunset-Crozier Tech (both of Dallas); Paschall-Poly (both of Fort Worth); Lamar-John Reagan (both of Houston); Pampa-Plainview; Wichita Falls - Childress; Bowie-Austin; (both of El Paso); Brownwood - Abilene; Breckenridge-Weatherford; Paris-Gainesville; McKinney-Highland Park; Marshal-Longview; Conroe-Bryan; Port Neches-Port Arthur; Baytown-Freeport; Corsicana-Ennis; Kerrville-Austin; Kingsville-Alice, and Brownsville-McAllen.

Last week's results:

City Conference

District 1—Crozier Tech (Dallas) 18, Forest (Dallas) 0; Sunset (Dallas) 15, Adamson (Dallas) 0; Woodrow Wilson (Dallas) 34, North Dallas 0.

District 2—Poly (Fort Worth) 40, Fort Worth Tech 0; Paschal (Fort Worth) 20, Arlington Heights (Fort Worth) 6.

District 3—John Reagan (Houston) 32, Jeff Davis (Houston) 6; San Jacinto (Houston) 40, Sam Houston (Houston) 13; Milby (Houston) 47, Austin (Houston) 0.

District 4—Thomas Jefferson (San Antonio) 51, Alamo Heights (San Antonio) 0; Burbank (San Antonio) 19, Lanier (San Antonio) 14.

CLASS AA

District 1—Plainview 20, Borger 13; Pampa 20, Amarillo 12.

District 3—Childress 24, Electra 6; Graham 41, Quanah 0.

District 3—Midland 26, Brownfield 7; Odessa 32, Lamesa 14.

District 4—Austin (El Paso) 8, Ysleta 7; El Paso 14, Mesa, Ariz. 7.

District 5—San Angelo 45, Big Spring 6.

District 6—Weatherford 32, Cisco 7.

District 7—Gainesville 26, Denison 14; Greenville 25, Bonham 13; Paris 39, Sherman 14.

District 8—Denton 14, McKinney 12; Highland Park (Dallas) 14, Grand Prairie 6.

District 9—Marshall 29, Texarkana 7; Henderson 25, Kilgore 0; Longview 18, Tyler 6.

District 10—Conroe 33, Jacksonville 0; Lufkin 14, Bryan 0; Palestine 21, Nacogdoches 14.

District 11—Port Arthur 34, South Park (Beaumont) 7, Beaumont 21, Orange 7.

District 12—Galveston 18, Freeport 6; Baytown 13, Galena Park 7; Texas City 26, Pasadena 13.

District 13—Cleburne 21, Ennis 6; Corsicana 47, Waxahachie 13.

District 14—Austin 40, Victoria 0.

District 15—Alice 20, Freer 0; Robstown 19, Laredo 14.

District 16—Edinburg 34, Brownsville 0; Harlingen 19, San Benito 6; Donna 13, McAllen 0.

McMurry Tops Texas Circuit

(By The Associated Press)

McMurry's high-scoring Indians this week can clinch at least a tie for the Texas Conference championship. All they have to do is beat Howard Payne.

Brad Rowland played only a little while in McMurry's 46-20 victory over Sul Ross last week, but he scored two touchdowns to boost his total for the year to 18 for 108 points, keeping him at the top of the nation's scorers.

Texas A & I walloped Abilene Christian, 50-13, to move into a second place tie with Howard Payne in the Conference standings and Austin blanked Southwestern, 28-0, and Howard Payne nudged East Texas Baptist, 7-6, in other games last week.

Abilene Christian faces Austin and Southwestern meets A & I in two other conference tilts this week.

McMurry shared the Conference title in 1947, won it last year and is a big favorite to keep a clear crown this season.

John Duke paced Ray Morrison's Austin Kangaroos to their first Conference victory, scoring two touchdowns that boosted him up in the list of leading scorers in the circuit. He has 42 points for the season.

A & I scored almost at will against Abilene Christian.

Sierra Leone, Africa, hopes to export 4,500,000 pounds of ginger this year.

That beautiful sun-tan you had this summer didn't fade; it disappeared because you shed your outer skin.

Six Persons Die In Area Wrecks

(Continued From Page One)

1 p.m., ten miles east of Tahoka at the Grassland road intersection.

Near death in Prohl clinic in Tahoka, where all the victims were taken, is Clifton Campbell, son of Mr. and Mrs. O. C. Campbell, who live five miles from the scene of the accident. Mrs. Campbell, who is 34, also is in critical condition with a broken back and a fractured skull.

The child is suffering from head and internal injuries, and was placed in an oxygen tent in an effort to keep it alive.

Sweetwater Man Injured

Seriously injured were Thomas Whittenburg, 34, principal of Sweetwater Junior High school, and his mother, Mrs. Lucy Whittenburg, 60, also of Sweetwater.

The accident happened when Campbell, driving a Model A Ford, pulled out on the Tahoka-Post highway into the path of a 1936 Chevrolet sedan being driven by Whittenburg. The Chevrolet struck the Ford in the side.

According to those who arrived at the scene a short time afterward, Campbell, who was driving the car along the Grassland road, said he stopped when he reached the highway, but did not see any cars coming. There were four passengers in the Whittenburg car and six in the Campbell car. All were injured.

Were Returning From Church

The Campbell group was returning from church. Whittenburg and his family had been visiting relatives, Mr. and Mrs. Jeff Wharton, in Tahoka.

Highway patrolmen said Leo Vasquez, 30, of Cuero, was killed about 2 a.m., Sunday, when the 1936 Plymouth coupe he was driving one mile southeast of Southland, eased off the road to the right and turned over. Vasquez was thrown through the top of the car. No other vehicle was involved in the mishap, they said.

A relative, Rosario Vasquez, also of Cuero, who was a passanger in the car, was taken to Mercy hospital in Slaton by a passing motorist. Hospital attendants said he suffered a broken clavicle and was not in serious condition.

The dead man and relatives have been working in the cotton fields in the Slaton-Wilson area. Funeral services will be in Post at 4:30 p. m., Monday, with burial in Post under the direction of the Hudman Funeral home.

Doors Forced Open

In the Justiceburg accident, Mr. and Mrs. Reynolds and their son, Roy Luther, were sitting in the front seat and were believed to have been killed instantly. Highway patrolmen said the doors of the Reynolds car had to be forced open before the dead and injured could be lifted out.

Duke, who was treated early Sunday morning at Post clinic, was transferred by plane to Oklahoma City at his own request for treatment by personal physicians there. The plane, which was sent from Amarillo, left Post at 11 a. m. Doctors at the clinic said that although his condition was serious, he was strong enough for the trip.

According to relatives who came to Post Sunday to make funeral arrangements, the family was on the way to Lubbock to visit Reynolds' parents, Mr. and Mrs. John C. Reynolds, who live on the south edge of town.

All four bodies were taken to the Hudman Funeral home in Post, but they reported that the bodies were taken to Abilene Sunday night for burial there Tuesday.

Immediate survivors, besides Reynolds' parents, include two other daughters, Mrs. Opal Hawkins of Abilene, and Mrs. Ruby Fisher of Winters.

Two Hurt At Plainview

Two men were hurt slightly in accidents near Plainview Sunday, the Hale county sheriff's office reported.

They were identified as Fred L. Padgett, 44, of Amarillo, whose car left the highway five miles northeast of Plainview about 4:30 p.m.; and R. T. Spence, 73, of Lockney, injured in a two-car collision two miles east of the city at 2:30 p.m.

Both men were treated at Plainview sanitarium. Padgett was being held for observation.

The accident in which Spence was injured occurred when cars driven by J. C. Spence, 40, of Lockney, and Elirio De La Garza, 43, of Seguin sideswiped.

Taxi Driver Bruised

John R. Hollins, about 23, of 908 Ave. M, was slightly bruised shortly after 1:30 a.m. Sunday when his taxicab hit the rear of another vehicle about 14 miles north of Lubbock on the Littlefield highway.

Hollins, a driver for the Domino Cab company, Lubbock, said he was blinded by the lights of an approaching car and failed to see the vehicle in front of him on the highway. The other car involved in the mishap was driven by a Latin-American youth who was not injured.

Hollins was released after examination at West Texas hospital. An unidentified passenger riding in the cab was unhurt.

Berlin Paper Claims Reds Used Atom Power To Blast Mountains

BERLIN, Nov. 6. (INS) — The Soviet-licensed newspaper Nacht Express claimed last night that Russia has used atomic power to blow a hole in the Ural mountains in an ambitious irrigation project.

Nacht Express boasted this marked the first time the world's deadliest harnessed force has been used for peaceful purposes.

The German newspaper said the atomic blast ripped open a section of the Caucasian part of the Urals to change the direction of the Siberian rivers Ob and Jenissei. It added that this explained President Truman's Sept. 23 announcement in which he said:

"We have evidence that within recent week an atomic explosion occurred in the U.S.S.R."

NEWS BRIEFS

Odd Fellows lodges from Abernathy, Sundown, Levelland and Brownfield will be guests of the Lubbock lodge in a meeting at 1913 Ave. K at 8 p. m. today. Refreshments will be served by the local group to the members of the South Plains circle attending and several initiatory degrees will be conferred by the Levelland degree team.

Casualty List

(Continued From Page One)

about the face.

Others injured are:

Ted E. Cook, 24, Of Clyde, who was treated for bruises, lacerations, and shock at Lubbock Memorial hospital and released.

Gertrude Whittenburg, 33, of Sweetwater, in Prohl clinic at Tahoka with a fractured ankle and lacerations.

Wendell Whittenburg, 9, several teeth knocked out.

Barbara Whittenburg, 5, head injuries.

O. C. Campbell, 33, of near Tahoka, under observation in Prohl clinic at Tahoka.

Leona Campbell, 12, possible fractured leg.

Vivian Campbell, 8, head lacerations.

Joy Riley, 9, of near Tahoka, posible back and chest injuries.

Rosario Vasquez, age unknown, of Cuero, in Mercy hospital in Slaton with a fractured clavicle.

Fred L. Padgett, 44, of Amarillo, under observation in Plainview sanitarium.

J. C. Spence, 40, of Lockney, treated for cuts, bruises and shock at Plainview sanitarium and released.

John R. Hollis, 23, Lubbock cab driver, bruises.

Two Are Charged In Death Of Crane Man

BEAUMONT, Nov. 6. (AP) — Aaron E. Hardin, 50, of Crane, died after a family fight here early today. His brother and sister-in-law were charged with murder.

An autopsy was performed, but the findings had not been disclosed tonight. The side of Hardin's head was bruised and officers said his skull might have been fractured.

The murder charges were filed against Bailey Hardin, 45, and Carrie Hardin, 35, before Justice of the Peace Horace Blades.

Aaron Hardin, a mechanic, had been visiting his brother about two weeks.

Police Capt. M. G. Hickman said Bailey and his wife signed statements.

Mrs. Hardin's arm was hurt when, she said in her statement, she tried to separate the brothers. Her husband was treated for a black eye and a cut on the head.

Hickman said Bailey Hardin's statement related that the three had returned from a party early today. They had been quarreling, the statement said.

Four Negro Children Die As Flames Raze Tennessee Home

TRENTON, Tenn., Nov. 6 (AP)—Four young negroes—one of them crippled since birth—died in a flaming sharecropper's cabin yesterday.

Three were children of Dennis and Bertha Burns, who were picking cotton in a nearby field. The fourth was a six-year-old niece.

One of the victims was an eight-year-old girl, crippled since birth. Her body was found sitting in a chair where she had been placed by her mother.

The father tried to rescue the children by breaking a window, but flames gushed out to bar the way.

Relatives believed the children may have been trying to build a fire.

Bi-Partisan Foreign Policy Ruining U. S., Senator Says

WASHINGTON, Nov. 5. (INS) — Sen. Malone (R-Nev.), charged today that the bi-partisan foreign policy "is ruining the U. S. economic system and has long since ruined the Republican party."

Malone made his statement in lauding the resignation of GOP finance Chairman James S. Kemper, who quit because he said the Republicans should cease backing the bi-partisan foreign policy which he contended is "extremely dangerous."

The Nevada senator said he agrees with Kemper. He added:

"Further foreign aid must be predicated upon a United States of Europe, including a Germany without barriers to trade and a complete convertibility of foreign currencies in terms of dollars."

New Typhoon Threatens To Batter Philippines Islands

MANILA, Nov. 6 (AP)—New storm warnings flashed through the Philippines today only six days after a typhoon that took more than 600 lives and did an estimated $50,000,000 damage.

The Weather bureau reported that the new storm, with winds up to 55 miles an hour, was expected to intensify and hit the northern tip of Mindanao Monday morning.

Unless its course changes, the central Philippines and southern Luzon will be in the danger zone.

Dynamite Charge Found Against Wall Of U. S. Army Club In Berlin

BERLIN, Nov. 6 (AP)—Five sticks of dynamite were found today lying against a wall of the American Enlisted Men's club near the headquarters of the U.S. high commission in Berlin.

American authorities said the dynamite lacked a fuse, so the danger of an explosion was virtually nil.

Russian Claims

(Continued From Page One)

and the outlawing and destruction of the atomic bomb.

Atomic energy in capitalist hands, he declared, "is the means of bringing death" while, "in the hands of the Soviet people, it must and will serve as a mighty weapon of unprecedented technical progress and further speedy growth of the productive forces of our country."

"We do not want war," he continued, "and are doing everything to prevent it. The peace policy of the Soviet Union is the very basis of the Soviet system."

Enslavement Plan Claimed

But, he warned, the United States has a plan "to enslave the entire world" which was "borrowed from the mad plans of Hitler and Goering" and the "no less crazy plans of Tanaka and Tojo." Tanaka is a pre-war Japanese imperialist and Tojo was the wartime premier of Japan.

He said the American aims were different from German and Japanese designs only in that they "exceed the plans of both together."

The United States, he averred, aims no less than at "the creation by means of violence and new wars of a world American empire which, in scale, is to surpass all the world empires of conquerors that ever existed in history. "It is nothing more nor less than a matter of converting the whole world into a colony of the American imperialists, of reducing sovereign peoples to the position of slaves."

Red Voices Warning

He then voiced this warning:

"If the imperialists unleash a third world war, this will not only be the grave of individual capitalist countries, but of world capitalism as a whole."

"Let nobody think that we are scared by warmongers rattling their weapons," he added. "Let them know that it is not we but the aggressors who should be afraid of war.

"The American people are beginning to understand that if there is a new blood bath there will be weeping mothers, wives, sisters and children also in America.

"America's atomic diplomacy is now fully exposed," he said. "The U. S. A. thought they had a monopoly. But in fact, the Soviet Union posses the atomic weapon."

Loud applause greeted this statement.

Cannon Fodder Limited

The American people, he added, can no longer be fooled by the supposition they would have no heavy sacrifices and that there would be "sufficient cannon fodder for the war in Europe and Asia."

Malenkov added that "imperialists" put their trust in military adventures because "they are afraid of the peacetime competition of socialism."

"The Soviet people are not afraid of peacetime competition with capitalism. Therefore they are against a new war, in defense of peace, although they firmly know and are absolutely convinced of their own indomitable strength."

The basis of American "preparations for a new war," he declared, is the Marshall plan, which he said contemplates the "Americanization of all countries and continents."

Atomic Weapon Admitted

For the first time, a member of the Politburo made the assertion, first contained in the statement of the official news agency Tass on Sept. 25, that Russia has had an atomic weapon since 1947.

"The Soviet government made no secret of the fact that she possesses the atomic weapon," Malenkov said. "In 1947 the Soviet government informed the world public that the secret of the atom bomb no longer existed. However, the engrossed warmongers, having lost a sense of reality, still continue their notorious atom diplomacy."

The Soviet Union, he declared "does not need expansion, it does not need to seek a way out in war as capitalist states do."

"Never before in all its history has our country been surrounded with neighboring countries so friendly to our states."

Secure Position Cited

He pointed out that on the borders of the Soviet Union there are the friendly "people's democratic" nations of Poland, Czechoslovakia, Hungary, Romania, Bulgaria, Mongolia, and (Northern) Korea, where before there had been hostile regimes and vassals of Hitler.

All these, he said are "cemented with the peoples of the Soviet Union by ties of eternal friendship."

And "lastly, instead of a China reduced to servitude by foreign capitalist marauders, we now have in the East a great and friendly neighbor, the free (Communist) people's republic of China."

Boasting that the population of countries under Communist regimes now totals 800 million, he said the victory surge of Chinese Communist armies was of "historical significance."

China Called 'Link'

American war-planners, he said, had counted on China as "one of the decisive links in the encirclement of the Soviet Union" and as a main base for domination in Asia and the Pacific Ocean basin.

He recalled Lenin had said in 1923 that the outcome of the world struggle between capitalism and Communism depended in the long run on the fact that Russia, India and China "comprise the gigantic majority of the population."

Saying that fears of another great depression were growing in America, Malenkov declared American unemployed and "paritally employed—those not working a full week," now total more than 14,000,000.

On the other hand, he asserted the "economy is constantly on the upgrade" in Russia and other people's democracies.

FORT WORTH BOY KILLED

FORT WORTH, Nov. 6 (AP)—Jay Everett Drummond, 10-year-old son of Mr. and Mrs. Joe Drummond, was killed today when the horse he was riding became excited and ran in the path of a cattle truck. The accident occurred on state highway 183 two miles west of Euless.

W. L. Davis, 74, Of Post, Dies

POST, Nov. 6. (Special)—W. L. Davis, about 74, one of the leading citizens in this community, died at 4:30 a.m., today, at his home here, after a short illness.

Funeral services have been set for 3 p.m. Monday, at the First Baptist church, the Rev. T. M. Gillham, pastor, officiating. Burial wil be in Post cemetery under the direction of the Hudman Funeral home.

Davis came here to settle when the country first opened up shortly before the first world war. A carpenter by trade, he later went into partnership with Marshall L. Mason in the furniture and undertaking business. He retired about five years ago.

Post Of Mayor Held

He served as mayor of Post in the early 1920's and was a long-standing member of the Masonic lodge here. A Masonic graveside ceremony will be held during services.

Although he was retired in business, he still was very active in church work. He had served as a deacon of the First Baptist church here since 1920.

He became ill about six months ago, and was treated in Lubbock and then released. He had been in poor health since that time and again became ill Tuesday.

Survivors are his wife and one son, Bill J., of Austin.

Acheson Talks

(Continued From Page One)

cuss with Acheson. A spokesman, however, confirmed a State department report that he has no intention of calling on President Truman.

The ostensible purpose of the Vishinsky visit is to join his compatriots at the embassy in the celebration of Soviet Russia's national holiday, the anniversary of "the great October revolution" which brought Communism to power in 1917.

Diplomatic observers, meanwhile, believe Acheson's message to British and French foreign ministers Ernest Bevin and Robert Schuman will be an urgent plea for immediate action on economic integration, lest the opportunity pass.

U. S. Urging Explained

One State department source explained U. S. emphasis on speedy accomplishments toward European union by saying:

"The longer integration takes, we believe, the less likely it is to happen. It gets harder and harder. This is the time to try to get things accomplished."

Acheson, however, is not expected to make any specific proposals for a "United States of Europe" but will hit hard with a plea for concrete progress toward that goal before Congress meets in January.

The conference, scheduled to begin Wednesday, is expected to last only one day, but one department official said that while it might "slop over" an additional day Acheson is due back in Washington Nov. 16 to receive the Shah of Iran.

Council To Meet

The Paris meeting will follow a session of the Council of Europe, which is the foundation set up for the projected continental political union.

Convincing evidence that the big three talks will be exclusively devoted to European problems was seen in the list of assistants that will accompany the state secretary to Paris. It includes the department's chief economic advisers, Paul H. Nitz, and Assistant Secretary for European Affairs George Perkins.

The presence of Col Henry A. Byroade, German affairs expert, added substance to London and Paris reports that Bevin and Schuman will give the German question a prominent place on the agenda.

Coal Strike

(Continued From Page One)

threat after Tuesday with state and local elections out of the way.

Federal Mediation Chief Cyrus S. Ching conferred in Washington for two hours Friday but gave no hint of the results. He may possibly come to Chicago to meet with the UMW board following sessions with the southern coal operators tomorrow and possibly with the western and northern owners Tuesday.

While Lewis was en route to Chicago, a UMW spokesman in Washington said:

"From Monday on, all negotiations or major decisions in the coal strike will come from Chicago.

Conclave Site Given

"Major or minor coal operators anxious to end the dispute will have to contact the Sheraton hotel (where the conclave will be held) and the union's policy committee."

Lewis reportedly fears a federal crackdown through the use of the injunctive provisions of the Taft-Hartley act and still hopes Gov. Stevenson will whip the Illinois owners into a separate deal with him.

Observers believe Lewis may recommend that the diggers go back to the pits pending a settlement — provided the agreement is retroactive to the Sept. 19 starting date of the shutdown.

They feel whatever his strategy it will be based on the assumption that he can forestall government action in the dispute by ending the walkout in some mines and thereby easing the coal shortage.

Red Victory In China Hailed By Italian Communist Leader

KXTZIA, Italy, Nov. 6 (AP)—Palmiro Togliatti, speaking on the eve of the 32nd anniversary of the Russian revolution, said today the victory of Communism in China has the same importance as the Russian revolution.

The Italian Communist leader said workers of the world know that "capitalism must die and will not be saved by a campaign of lies against the Soviet Union.

Spirited Crowd Throngs City On Day Off

Mexicans Bring Color, Life Of Native Land To Lubbock

BY KENNETH MAY
Avalanche Staff Writer

You're in Lubbock, two blocks from the downtown business district. It's Sunday and you worm your way along streets crowded with Mexicans.

For this is Sunday and everybody has come to town.

They came on Saturday, many of them. Whole families—maybe three families—in one big truck. They stayed overnight, sleeping on pallets and under quilts. Old Mexicans and young Mexicans . . . muchachos. They're all here, living together, laughing, and having a good time.

Smiling Faces Prevail

"Buenos tardes—good afternoon," you say and dozens of smiling faces with bright shiny teeth grin and give you a nod.

There are tamales and tortillas . . . an old woman with a basket . . . street vendors and trinketshops . . . and even a juke box. For this is Sunday and everybody has come to town.

You see a senora, selling fruit from a sidewalk stand. There are college students selling their old clothes from a make-shift rack . . . a muchacho calling "Madre" and asking for a soda pop.

You close your eyes and make believe this is another land, but when you open them, there you are . . . in Lubbock, two blocks from the downtown district. And there are senors and senoritas and thousands of laughing faces with lips speaking in an unknown tongue.

Two Languages Used

You walk down the street past a sign which reads "Calzada Nuevo y Usado, por menos precio—new and used shoes for less money." For everything here is written in two languages. You see black hair and flashing eyes, open air cafes and stores fenced in with chicken wire.

There's an old man trying to trade a pocket knife . . . lovers waiting for their pictures "while you wait" . . . and a dirty-faced ninito begging for a soda pop. There's the Mexican version of "the bull session" and talk of senoritas hermosas . . . a coy smile and rustle of a skirt . . . a disapproving look from madre.

There's tacos and garlic and Spanish rice . . . a Mexican tune and a picture show. There are men in suits and others in corduroy . . . khaki pants and American sombreros. There's the low-cut Mexican blouse and the high-neck kind freshly off the raffle rack. For this is Lubbock, the U.S.A. and Amerisan clothes are in vogue.

Great Variety Available

You walk past a dry goods store . . . an open house with clothes for sale . . . there's a clothesline stretched between two poles, laden with apparel others do not want. There are apples and oranges and crackerjacks . . . a muchacho begging for a soda pop.

Tomorrow, Monday, will be another day. It'll be the cotton field and a six-yard sack. But, tomorrow? Aw, senor, why worry about tomorrow? That is another day. This is Sunday and everybody has come to town. Let's ramble around the beauty shops . . . el barberias . . . see, el cafe, the sign says "Bien venido entrado—welcome in". There'll be tamales and enchilados and Spanish rice . . . everything hot and good for your appetite.

You can see pawn shops and guitars and glittering jewels . . . watch as the customers try to talk down the price. Sandwiches and crackers and whole families eating inside a truck. Senoritas laughing and straightening their skirts . . . putting on make-up and flashing a smile. For blocks and blocks as far as eye can see . . . thousands of Mexicans talking and laughing and having a good time.

Night Draws Near

It's getting late . . . dark is not far off. A few are leaving already . . . "Adios . . . see you Saturday". Mixed Spanish and English and last-minute buys. A few things to eat to last until next time.

As night falls the crowd is getting thin . . . a good night's rest and then the cotton field. The old woman closes her shop . . . puts her unsold merchandise in a basket and closes up the chicken wire. El ninito quits begging for a soda pop . . . the old man no longer has a pocket knife.

It is late Sunday night and all is quiet in Lubbock's "Little Mexico."

Tech Group Returns From Baptist Meet

Eighty-nine Texas Tech students returned last night to Lubbock from Dallas where they participated in the three-day program of the 30th annual Texas Baptist Student convention.

The group made the trip to Dallas in chartered buses Friday, leaving that city shortly after the close of the meeting at noon Sunday.

High points of the convention were addresses by Dr. J. Howard Williams, secretary of the Texas Baptist convention, and Charles Wellborn, Texas Tech student, who spoke Saturday. Outstanding among the six choirs which sang at the meet were those of Hardin-Simmons university at Abilene, the Phyllis Wheatley high school at Houston, and Wayland college at Plainview.

Jackie Robinson, of the Southwestern State Baptist Theological seminary, gave the keynote speech and presided at the Friday meeting assisted by Janice Berry, of Texas Tech. Gordon Mayes, president of the Texas Tech Baptist Student union presided at the remaining programs, all held in the auditorium of the First Baptist church in Dallas.

Travis Key, University of Houston student, is state president of the student group.

Reds Seek World

(Continued From Page One)

with the Russians. Convince them that they can trust you.

Gen. Balmer said he learned these rules in weekly meetings with the Russians in Vienna since March 1947. As high commissioner Lt. Gen. Geoffrey Keyes' deputy, Balmer has sat at Keyes' side every second Friday at sessions of the allied control council which guides Austrian affairs. On alternate Fridays he has represented the United States in the executive committee which sets the agenda for the council.

Other Posts Filled

Prior to coming to Vienna, Balmer was military adviser to the American delegation at postwar parleys with the Soviets on peace treaties for Italy and the so-called Soviet satellite states.

Elaborating on the lessons he has learned, Balmer said:

"Their propaganda is designed to say nasty, untrue things in an effort to force their opposition to defend themselves, and consequently to focus more attention on their charges.

"It is a mistake ever to respond to such filthy stories as they put out.

"In dealing with the Russians you must constantly keep them on the defensive.

Logical Reply Difficult

"When they are on the defensive they are in no position to give anything resembling a logical reply because they have to send higher up for instructions.

"Because of this limited authority of Soviet representatives, negotiations with the Russians frequently come to a dead end."

The 54-year-old general who served in both world wars will take on a new assignment as assistant commandant of the guided missile center, Fort Bliss, Texas. Drawing on his long experience in East-West bargaining Balmer continued:

Reds Take Time

"The Russians usually have infinite time and patience and try to wear down western negotiators by obstinate inaction in the hope that the opposition will become tired and disgusted and weaken to the point where they will make some comment in a weak moment which the Soviets could play up to gain their end."

Balmer described the limited personal contact he has had with the Russians as "always friendly and dignified." In "office hours" dealings, he added: "It is important that anyone who negotiates over a long period with the Soviets maintain a firm and fair attitude until they finally come to know you as an individual whose word they can trust."

Balmer, a veteran of 32 years of military service who rose from enlisted ranks, described the Russians he has faced over round-table bargaining as "always suspicious." Even in telling a joke, said Balmer, the western negotiator must be careful to make it direct and easily understandable.

Otherwise the Soviets are likely to think that they are being made the butt of ridicule.

Uruguay is filling an order from the United States to supply 3,214,000 pounds of beef — about $750,000 worth — to Austria, Asuncion reports.

Steel Pact Studied

(Continued From Page One)

wide shutdown would be the second since the walkout began Oct. 1 and idled 470,000 steelworkers in a dispute over pensions and social welfare programs.

Bethlehem Terms Studied

Bethlehem, the second largest producer in the country, broke the ice by settling with the union last Monday. But U. S. steel, bellweather of the industry still is considering the terms on which Bethleem agreed.

Should Republic go along with an employe-financed pension plan, 54,000 more USW members will return to their jobs.

Already several smaller producers have accepted the pension proposal first broached by a presidential fact-finding board and others are scheduled to confer with union negotiators this week.

Jones and Laughlin, fourth-largest producer in the industry, is scheduled to talk with union leaders tomorrow and the fifth-ranking company, Youngstown Sheet and Tube, has an exploratory meeting slated for Tuesday.

Murray Leaves Cleveland

Murray's departure from Cleveland in the midst of the Republic negotiations was believed tied in with the J & L negotiations tomorrow.

Coming to agreement yesterday were Lukens steel of Coatesville, Pa., which employs 5,000, and McLouth Steel Corp. of Detroit, which has 1,800 workers. The shutdown at Newport steel in Newport and Wilder, Ky., also was ended.

In Ohio, however, employes in five Timken plants struck yesterday. They are located at Canton, Columbus, Mount Vernon, Wooster and Zanesville.

Some doubt was expressed whether the walkout would be effective at the Wooster plant because the workers are not fully organized. It was in operation yesterday and it is believed it will be running tomorrow.

Mr. and Mrs. J. T. Martin of 2413 Avenue J on birth of a daughter weighing 8 pounds at 3:45 p.m., Sunday at Luobock Memorial.

Mr. and Mrs. C. L. Lipscomb of Route 2, Lubbock, on birth of a daughter weighing 7 pounds 11½ ounces at 11:52 p.m. Sunday at Lubbock Memorial. The father is a student at Texas Tech.

Mr. and Mrs. C. J. Lynch of Route 4, Lubbock, on birth of a son weighing 5 pounds at 12:01 a.m. today.

Tuesday Election

(Continued From Page One)

New York also will be chosen. In addition, millions of voters will pick mayors and other local officials in scores of cities and towns.

Whatever the full import of the New York senate battle, Democratic lieutenants in Washington are not taking too seriously talk that Lehman is sure to win. One observed:

Dewey Going All Out

"Dewey is going all out. He's trying to make this another Oregon. Too many people forget that he has the biggest organization in the country, and it's not under control of federal law."

The Oregon reference was to the GOP governor's successful primary campaign against Harold E. Stassen in the northwest. This gave Dewey his biggest push toward the 1948 GOP presidential nomination.

Although Lehman is favored in New York, Republican Gov. Alfred E. Driscoll is the favorite in nearby New Jersey to defeat former congressman Elmer H. Wene, Democrat, in that state's gubernatorial contest. As in many municipal elections, local issues may be an important factor in New Jersey.

Virginia Demo Favored

In the only other governorship election, Virginians are expected to choose John S. Battle, Democrat backed by Sen. Harry F. Byrd, over Republican Walter Johnson.

The two House vacancies to be filled are in the fifth California and tenth New York districts. Democrats are favored in both.

The San Francisco district has labor leader John F. Shelley, Democrat, opposing Lloyd B. Cosgrove, Republican attorney, and Charles R. Garry, independent Democrat. Candidates here are picked without party labels.

The New York Brooklyn district is a three-way race with Mrs. Edna Kelly, Democrat-Liberal, running against George H. Fankrichen, Republican, and Max Torcin, American-labor.

Mayoralty elections find such political veterans as Democrats David L. Lawrence in Pittsburgh and James M. Curley in Boston seeking re-election.

In New York City Mayor William O'Dwyer is a candidate, while mayors are to be chosen also in such centers as Cleveland, Louisville, Providence, Detroit, Paterson, N. J., Scranton, Pa., and Ogden, Utah.

With them will be elected hundreds of other local officials.

On Nov. 10, two days after the elections, GOP National Chairman Guy Gabrielson is to leave for a ten day West Coast political trip. It will be his first across the country as GOP chairman.

Rex Mays Dies

(Continued From Page One)

Indianapolis Memorial day race in the rebuilt Novi Mobil special in which Ralph Hepburn, another racing veteran, had been killed the year before.

Mays' teammate, Duke Nalon, crashed into a wall early in the Indianapolis race and Mays' own car stalled. The mishaps didn't keep him from stunting with Irish Horan's "thrill circus" last summer.

The Glendale Air Force veteran was the only driver who ever won the pole position four times in the Indianapolis race by outspeeding other pilots in the qualifications.

Davies kept the lead he held at the time of the accident and went on to win.

Mays had been racing for 16 years.

He carried no good luck charms and in the race which cost his life drove without a safety belt.

He held track records at the Indiana state fair grounds, the New York state fair, Wisconsin state fair, at Springfield, Ill., and Phoenix, Ariz.

Belgian Police Skirmish With Reds Observing Soviet Revolt

BRUSSELS, Nov. 6 — (INS) — Twelve thousand Belgian Communists fought minor skirmishes with police today during a parade to mark the 32nd anniversary of the Bolshevist revolution in Russia.

The paraders, carrying 400 huge red banners, paralyzed traffic as they marched through the center of the city.

Many of the marchers shouted slogans against exiled King Leopold whose return is to be decided in a referendum.

Former Southland Resident Claimed

SOUTHLAND, Nov. 6 (Special) —Funeral services for Samuel Perry Anthony, 87, former Southland resident who died at 5:3[illegible] p. m., Sunday in his home in Amarillo, have been set for [illegible] p. m., Monday, at Southland.

The services will be in the Southland Methodist church, with the Rev. A. J. Harmonson, Southland Baptist minister, officiating. Burial will be in the Southland cemetery under the direction of the Blackburn-Shaw Funeral home of Amarillo.

Anthony had been in bad health for some time. He was a farmer in Southland for 28 years before moving to Merkle six years ago, and then to Amarillo in 1947.

He is survived by his wife, Frances; two sons, Sam of Brownfield, and W. W., of Amarillo; and four daughters, Mrs. R. D. Wickoff of Farmington, N. M., Mrs. Walter Lincecum and Mrs. Andrew Jackson, both of Clyde; and Mrs. T. E. McRae of Amarillo.

Texas Jaycees

(Continued From Page One)

zation receives $2,000 from him for the right to publish the directory and to sell ads to pay for the printing and executive costs.

The roll call vote was taken with 46 votes favoring pasage and 13 against. However, 18 of the delegates said they did not want him selling advertising in their respective cities because they felt it would take money from their towns.

Jaycees Table Motion

Another heated debate during the business session ended in tabling a motion by Bryan Jaycees that the state Jaycee constitution be amended at the convention in Fort Worth to enable payment of a salary of $7,200 a year to the president of the Texas Junior Chamber of Commerce.

A resolution submitted by the Amarillo club asking that the name "convention" be stricken from the meeting and changed to "Work Conference or "Work Congress" resulted in much laughter but failed to bring a second and subsequently died on the floor.

Motions that passed with unanimous standing votes included appreciation to the Lubbock Jaycees for their genuine hospitality and support and appreciation of Clifford D. Cooper, president of the U. S. Junior Chamber of Commerce.

Similar Motion Passed

A similar motion was expressed in behalf of Dr. J. W. Marshall, president of Wayland college at Plainview; John Rudisill, executive vice-president of the Kansas Jaycees; Bill Brownfield, a national vice-president from Columbus, Ohio; Dutch Keslar, Ohio president; Melvin Evans of Wichita Falls, a national vice-president, and John Ben Shepperd, past national president from Gladewater.

Kirkpatrick also announced that next year's Miss Texas contest will be held at New Braunfels instead of Port Arthur.

Of the 45 clubs represented at the meeting, Tyler was awarded the Travel Trophy.

Dr. Henry Schlichting of Midland was named chairman of the youth committee and Tommy Cook of Baytown was named state chairman of "Operations Economy" or the Hoover commission report.

The meeting commenced as soon as a "Wake Up" breakfast had been concluded.

L. D. Whiteley of Lubbock, a national director and chairman of the meeting, said about 200 delegates had registered for the meeting and several score others came along in advisory capacities from their respective units.

Shepperd said the meeting was one of the best fall board meetings he had ever witnessed in his many years of Jaycee work.

U. C. JAYCEE PRESIDENT TO SPEAK HERE TODAY

Clifford D. Cooper, President of the U. S. Junior Chamber of Commerce, will stay over in Lubbock another day in order to speak to the Lubbock Jaycees at the regular weekly luncheon meeting in the Hilton hotel today.

The 33-year-old industrialist said he will talk along similar lines of his keynote address Saturday at the annual fall board meeting here.

Big Three To Map

(Continued From Page One)

antee stabilization of west European countries if these countries agree to a virtual economic union.

4- The Bonn government's offer to cede to the western allies partial ownership in German factories earmarked for dismantling providing those plants are kept in operation.

5- West Germany's request for modification of the occupation statute permitting greater German independence, including establishment of a ministry of foreign affairs.

6- Russia's desire for a new meeting of the council of foreign ministers to consider German unification again.

Rangers in the national forests are using portable radios to save time, distance, useless effort, and timber.

Outlawing Of Communist Party Favored In New York Survey

By GEORGE GALLUP, Director
(American Institute Of Public Opinion)

PRINCETON, N.J., Nov. 6.—The conviction and sentencing of the 11 American Communist leaders has raised the question whether Congress should do anything about curbing the Communist Party.

The voters of New York State, where the historic nine-month trial was held, believe the party should be outlawed, judging by results of a state-wide survey just completed by the Institute.

Persons who favor the Republican candidate in the current Senatorial race, John Foster Dulles, are more in favor of outlawing the Communist than persons who prefer the Democratic candidate, Herbert H. Lehman.

New Yorkers have a special interest in the issue because one of the convicted Communist leaders is City Councilman Benjamin Davis, who is up for re-election Nov. 8, and because the American Labor Party candidate for Mayor of New York, Congressman Vito Marcantonio has frequently been accused of Communist leanings.

New York residents were asked two questions, one dealing with outlawing the party, and the other dealing with a proposal made two years ago, in the Mundt-Nixon bill, which would require all members of the Communist Party to register with the Federal government. A survey of national attitudes on these subjects is now in progress.

Here is how New York votes:

"Do you think membership in the Communist Party in this country should be forbidden by law?"

NEW YORK STATE
Total Sample

Yes	60%
No	28
No opinion	12

Here are the views of persons who say they either plan definitely to vote for Lehman for Senator or who are "leaning" in that direction, and the views of those who are definitely for or leaning toward Dulles.

	Outlaw C. P.	Don't Outlaw	No Opin.
Prefer Lehman	53%	35%	12%
Prefer Dulles	71	19	10
Not registered or not planning to vote	59	24	17

The second question in the survey was this:

"Would you favor or oppose a law requiring all members of the Communist Party in this country to register (file their names) with the Justice department in Washington?"

The vote:

	Favor	Oppose	No Opin.
Total Sample	68%	19%	13%
Prefer Lehman	62	27	11
Prefer Dulles	81	8	11
Not registered or not planning to vote	62	16	22

U. S. Nears Completion Of Draft For Proposed Jap Peace Treaty

WASHINGTON, Nov. 6. (AP) — The State department Saturday neared completion of the first full American draft of the proposed allied peace treaty with Japan. It would provide for ending the military occupation.

Separately, the United States intends to make a military treaty which would retain U. S. bases in Japan after the occupation ends.

The U.S. version of the peace treaty may be ready for opening consultation with Britain and other Pacific war allies around Dec. 1 as a preliminary to a peace conference next year.

Under the proposed treaty, the Japanese government would take full control over the nation's internal and foreign affairs, subject only to provisions designed to make it a peaceful member of world society.

One or more separate American economic agreements covering aid to Japan's deficit economy are expected.

Poll Tax Issues Face Virginians

RICHMOND, Va., Nov. 6. (AP) — A referendum on the poll tax has pumped a lot of political heat into Tuesday's general election in Virginia.

Virginians will name their new governor, too, and the outcome seems hardly in doubt. Such matters are decided in Democratic primaries in Virginia and John S. Battle, backed by Senator Harry F. Byrd's organization won the dominant party's nod last August.

So, what big contest there will be at the polls will be on whether to amend the state constitution to do away with the poll tax. The matter affects Battle and the organization mainly in the matter of prestige. Battle, Byrd and Governor William Tuck all have endorsed the constitutional amendments.

Adoption Is Opposed

Against adoption of the amendments are a number of groups and individuals who have been most vocal in their opposition to the poll tax.

Their opposition is not against repeal of the poll tax, but to other changes in the election machinery the amendments would make or permit the general assembly to make. Anti-organization Democrats led by Francis P. Miller have been joined by middle-line Democrats, Republicans, labor, church and negro groups in opposition to the change. It was Miller, runner-up to Battle in the primary for governor, who gave the organization one of its stiffest fights in 25 years.

The view of the anti-amendment forces is that the poll tax repealer is only the sugar-coating on some pretty strong medicine. They object particularly to a proposed change which would give the state legislature broad authority in setting requirements for registration of voters. The change would permit the establishment of literacy tests and such other requirements as the general assembly might prescribe. The opposition is particularly leery of the "such other requirements" phrase. It sees in this a means for the controlling faction of the party to perpetuate its control.

The amendments were drawn by a bi-partisan commission and were approved by the 1946 and 1948 legislatures as is required by the state constitution.

The proponents' view is that Virginia had better act on the matter of poll tax repeal before the federal government acts to avoid the confusion of one set of ground rules for federal elections and another for state elections.

Besides, they say, the amendments are designed to safeguard elections. And they feel the voters should be willing to trust their elected representatives in the general assembly not to abuse the leeway that the amendments would allow them.

Three Shot To Death In Political Campaign

MANILA, Nov. 6 (INS)—Three men were killed by machinegun bullets today and three others wounded when pre-election violence flared in Cavite City, 30 mile southwest of Manila.

The victims were engaged in a house-to-house campaign in support of the incumbent candidate, President Elpidio Quirino, when they were fired on by unidentified assailants.

The campaign group was riding in a jeep with a police guard at the time of the attack.

Philippines authorities, meanwhile, ordered strict enforcement of the national firearm ban announced for the period Nov. 1 to Nov. 20. They also banned the sale of alcoholic beverages until the results of next Tuesday's elections are known.

Quirino is opposed by Jose Laurel, puppet president during the occupation, and Jose Avelino.

Because 60 homeowners wanted to keep their garbage, the town of George, South Africa, abolished its compulsory refuse removal service.

Strike Threatens Three Major Potash Companies In Carlsbad

CARLSBAD, Nov. 6. (INS) — A strike has been authorized against Carlsbad's three major potash companies.

Announcement of the strike authorization was made yesterday by officials of the CIO Mine, Mill and Smelter workers union.

Attempts to settle "a number of differences with the companies" will be made Monday at two special union meetings, officials said.

Officials added that wages are "a major issue."

Airman Shoots Self To Death After Telling Friend Of Plan

DALLAS, Nov. 6. (AP) — Air Force Sgt. Charles H. Nester killed himself Saturday after telephoning a friend he was going to do it.

"I'm going out in your shed and kill myself," Benjamin Ira Cook told police Nester told him. "I'll be dead by the time you get there."

Cook, at work, called police. They found Nester in a shed with a gun shot wound in his head.

Justice W. E. Richburg returned a suicide verdict.

Aid Sought For Typhoon Area

MANILA, Nov. 6—(INS)—Philippines health authorities in eight typhoon-ravaged provinces battled today to prevent outbreak of an epidemic among the nearly 200,000 persons left homeless by the devastating storm.

The Red Cross reported an official casualty toll of 585 dead and missing, while unofficial estimates placed the death toll alone at more than 600.

Continued bad weather has hampered relief work. However, health authorities successfully delivered two plane loads of medical supplies and relief goods into Cebu City, center of the damaged area, after three unsuccessful attempts.

Homeless Near 200,000

Red Cross authorities reported that 194,519 persons are known to be homeless in the typhon areas and at least 20 towns have failed to report damage and dead because of disrupted communications.

The agency, which yesterday appealed for financial assistance from sister Red Cross societies throughout the world, added that 30,650 homes have been destroyed in 105 cities and towns in eight provinces. This does not include any public buildings.

The typhoon roared through the south-central Philippines Wednesday, striking with greatest fury at Negros and Cebu islands. Areas on the islands of Mindanao and Leyte were also battered.

Red Cross Appeals

The Red Cross appealed for financial help from chapters in other countries in order to meet the "alarming devastation."

Dr. Manuel Lim, chairman of the Philippines Red Cross, cabled the request to the league of Red Cross societies headquarters at Geneva. He said the anticipated relief needs are beyond the resources of the Philippines Red Cross.

He asked for financial assistance rather than donations in kind because of shipping problems.

The majority of the deaths were attributed to drownings in typhoon-lashed waters and the death toll may rise sharply when unreported cities are heard from. An unconfirmed report said that 500 persons were drowned in flood waters that swept Kabangalan village on Negros island.

THREE BODIES FOUND

CARACAS, Venezuela, Nov. 6. (AP)—Police said today they had recovered three bodies in the debris of Friday's flash flood along the Guaire river. These were the first to be found. Officials previously estimated 20 persons had drowned in the swollen waters.

WHEN SLEEP WON'T COME AND YOU FEEL GLUM

Try This Delicious Chewing-Gum Laxative

● When you roll and toss all night—feel headachy and just awful because you need a laxative—do this . . .

Chew FEEN-A-MINT—delicious chewing-gum laxative. The action of FEEN-A-MINT'S special medicine "DETOURS" the stomach. That is, it doesn't act while in the stomach, but only when farther along in the lower digestive tract . . . where you want it to act. You feel fine again quickly!

And scientists say chewing makes FEEN-A-MINT'S fine medicine more effective—"readies" it so it flows gently into the system. Get FEEN-A-MINT at any drug counter—25¢, 50¢ or only . . . . **10¢**

Mrs. Mesta Stages First Party At U. S. Luxembourg Legation

LUXEMBOURG, Nov, 6 (INS)—Mrs. Perle Mesta, Washington's famed party-thrower staged her first dinner part last night in her official role as minister to Luxembourg.

And like her parties in the nation's capital which attracted America's "big wigs," her Luxembourg debut was a success.

Fifty guests, including seven American senators, attended the dinner which was held in the U. S. legation.

There was no music nor political discussion during the dinner, as Mrs. Mesta has always believed that people who come to eat want to eat not be distracted.

But when the dinner was over, the guests retired to the concert room where they were entertained by Isaac Stern, famed violinist.

Then the fun started. A Luxembourg band went into action and the guests led by fun-loving Mrs. Mesta went into their dance.

Senator Thomas of Oklahoma, in describing the affairs, said:

"Mrs. Mesta already has put Luxembourg on the world map. We are delighted. Mrs. Mesta is better known in European countries than in the United States with the exception of one country which I visited and which I won't name.

"There they don't think much of women in politics."

The senators reference to the woman-shy political country was interpreted in some quarters to mean France.

Other American senators attending the dinner were Senator and Mrs. Dennis Chavez of New Mexico; Sen. and Mrs. Burnet R. Maybank and daughter, Elizabeth, of South Carolina; Sen. and Mrs. John L. McClellan of Arkansas; Sen. and Mrs. John C. Stennis of Mississippi; and Senators A. Willis Robertson of Virginia and Edward J. Thye of Minnesota, the lone Republican in the group.

European Ministers End Session After Failing To Produce Unity

PARIS, Nov. 5. (AP) — Foreign ministers of western Europe ended a three-day meeting last night without taking a single concrete action to bring Europe's peoples together economically, politically or culturally.

Sitting as the upper house of the Council of Europe, the 12 ministers agreed only that the West German republic and the Saar basin should be associated members at the European family hearthside. Even there they failed to make a final decision.

Actual invitations to West Germany and the Saar to join the council's assembly of delegates was delayed until next week to give the United States a chance to be heard. It shares with Great Britain and France occupation of western Germany.

Riot Follows Buenos Aires Police Attack On Red Rally

BUENOS AIRES, Nov. 6. (INS)—A riot broke out last night when police attempted to break up a Communist party rally in Buenos Aires and arrested 7$5 persons, including 187 women.

One report said that police originally authorized the meeting but the action was vetoed by Argentine authorities who claimed the meeting place lacked facilities for such a large gathering.

The riot broke out when police were ordered to break up the meeting and a number of those arrested were charged with attempting to set fire to the building.

Texans' Opinion Divided Over Dangers Of New Business Slump

By JOE BELDEN
Director, The Texas Poll

AUSTIN, Nov. 6.—Twenty years after the stock market crash of 1929, public opinion in Texas is about evenly divided on the question whether there will ever be another big depression.

Four out of every ten adults questioned in a statewide survey predict the lean years will come again. Almost the same number say there will never be another depression like the one that started in 1929.

One out of every four tend to disagree with Secretary of the Treasury, John W. Snyder, who believes there is "tremendous business ahead for a good long while." They predict a big depression will hit the country within the next few years.

Opinion Is Balanced

The survey finds Texans of below average means are more likely to believe a depression is coming. And more of them will tell you that business in their communities is getting worse now, instead of better. By way of contrast, opinion among Texans of average and above-average means seems to be fairly evenly balanced.

There is a general feeling that if a depression comes, everybody will be to blame, but especially the government. Among the upper-income groups, labor would be blamed more than business. But among the lower-income class, business would get more blame than labor.

People who say there will never be another big depression rely on governmental measures, general experience, full employment, and industrial expansion to avoid it.

These findings are based on five questions put to a representative cross section of adults, including correct proportions of upper and lower income classes.

The questions and answers:

1. "Do you think business conditions around here are getting better, getting worse, or staying about the same as they have been in the last month or two?"

	Upper Class	Lower Class	All
Better	23%	15%	18%
Worse	24	34	30
Same	52	44	47
No opinion	1	7	5
	100%	100%	100%

2. "Do you think we will ever have another big depression, like the one that started in 1929?"

	Upper Class	Lower Class	All
Yes	42%	40%	41%
No	46	34	39
No opinion	12	26	20
	100%	100%	100%

3. The 41% who expressed the opinion there would be another big depression were asked: "When do you think such a depression will come—would you say within a few years or sometime in the distant future?"

Within few years	26%
Distant future	11
No opinion	4
	41%

4. The 39% who said there would never be another big depression were asked: "What do you think will keep us from having such a depression again?"

Government	10%
Experience	6
Full employment	3
Industrial expansion	2
High prices	1
Low prices	1
Misc. other answers	9
No opinion	7
	39%

5. Everybody was asked "If another big depresson comes, who do you think will be most to blame—the government, business men, labor, or everybody in general?"

	Upper Class	Lower Class	All
Government	24%	22%	23%
Business	7	9	8
Labor	16	7	10
Everybody	42	44	44
No opinion	11	18	15
	100%	100%	100%

Kitchen Revealed As Battleground In Marital Hostilities

CHICAGO, Nov. 6. (INS) — Records show that the battle of the sexes — in the Chicago area at least — is fought most often within the confines of the household kitchen.

For when the embattled couple appear before the divorce judge the story will out.

A survey of divorce suits filed last week in Cook county indicated that marital bliss runs into its most serious trouble in the kitchen.

Lethal Weapons Handy

The records show that nine out of ten connubial battles are fought on the kitchen battlefront — where any number of lethal weapons such as dishes, salt shakers, and coffee pots are handy. Not to mention the rolling pin.

A few recent divorce suits listed the following missiles:

A ketchup bottle, a serving plate, one cup of coffee (cream and sugar), one butcher knife, an orange squeezer, a window pole, and, believe it or not, the kitchen sink.

Each one cause sufficient "great pain and anguish" to bring an end to hostilities via divorce.

Top Chinese Red Gets Demand For Release Of U. S. Official

WASHINGTON, Nov. 6. (AP) — State department officials said yesterday they have finally succeeded in delivering to a top Chinese Communist leader a demand for the release of Consul General Angus Ward and his staff held by Communist authorities at Mukden.

The demand was set forth in a letter which Consul General O. Edmund Clubb delivered to Chou En Lai at Peiping. The letter demanded the release of Ward and the four members of his staff arrested with him, and also the evacuation of American officials from Mukden. The letter said promises of evacuation were given by Communist officials there last June.

Chou En Lai is foreign minister of the new Communist regime. Clubb, it was said here, dealt with him, however, not as foreign minister but as a Communist leader.

Holland's beer consumption has dropped below the prewar level, while consumption of gin, fruit drinks and cola juices has zoomed.

LUBBOCK MORNING AVALANCHE

Lubbock, Texas, Monday, November 7, 1949

FLYING BOXCAR CRASH — Wreckage of an air force C-82 "flying boxcar" is shown in a cotton field near Shreveport, La., after a crash in which two were killed. One of those killed was a cotton picker, the other a plane crewman. Air force personnel are inspecting the wreckage. (AP Wirephoto.)

Education Week Observance Set

Doors of the Lubbock city schools will be thrown open this week as teachers, children and parents observe the 29th annual American Education week.

Special days and hours have been set aside by some of the schools as the time for parents to visit their childrens' rooms, while other schools in the system have extended an open invitation to come at any time.

Programs Are Planned

Short skits and programs by the students, lunches for the parents, and a dinner for school administrators are among the plans for the week. Only four days will be observed, since schools will be closed Friday for Armistice day.

"Making Democracy Work" is theme for the week and it will be carried out in the many displays and programs prepared by the students. The week is sponsored each year by the National Education association, the American Legion, the United States Office of Education, and the National Congress of Parents and Teachers.

Lubbock itself is especially proud to open its school doors to visitors, according to Supt. R. W. Matthews, who points to the system's record of improving classroom crowded conditions since he became superintendent in 1942, in spite of continued skyrocketing enrollment.

Visits Are Urged

"The 'Visit Your Schools' motto employed throughout the nation for the week goes double for Lubbock," he declared, "We are especially anxious for parents to visit our classrooms this year."

Observance of American Education week got underway Sunday with pastors of Lubbock churches reminding parents to attend school this week. In the schools, the Lubbock Senior high students will officially start the observance today as home rooms hear a special broadcast from New Salem, Ill., the early hometown of Abraham Lincoln.

Also on the agenda for today is the Junior Chamber of Commerce program furnished by students of Carroll Thompson Junior high school, with Carl Baily, principal and chairman of the committee in charge of civic club programs making the address. Some 90 members of the ninth grade chorus will give a program of songs built around the seven themes for the week, under direction of Mrs. Elois Elliott.

Educational Opportunity is the theme for today, while Responsible Citizenship, Health and Safety, Home and Community, Our Freedom, and The Next Decade in Education, will follow in that or-

See LUBBOCK SCHOOLS Page 8

Lions Minstrel To Open Tonight

A capacity crowd of students and military personnel is expected in the Lubbock high school auditorium at 8 p.m. today for the opening performance of the fourth annual Lions Club Minstrel.

The rank-and-file of Lubbock citizens may purchase tickets for either of subsequent performances Tuesday and Wednesday nights, but tonight's seats are reserved for the students and military personnel. Tickets cost from 60 cents to $1.50 and may be purchased in the Hilton hotel lobby.

Girl Scouts To Benefit

Given this year for the benefit of the Girl Scouts camp at Buffalo Lakes, the minstrel is expected to see a near-capacity crowd every night, according to Groves Denman, president of the club and co-ordinator for the minstrels. An adequate supply of good seats are available if reservations are made early enough, however, he said.

Twice weekly rehearsals have been staged by the chorus and those appearing in special numbers for several weeks, under direction of Dr. Clyde C. Craig. Richard Richards is musical director and Lawrence Ivy, pianist.

As in the past, Dr. Doyle D. Jackson is interlocutor who'll toss the jokes back and forth among the half dozen black-faced endmen.

Sailor Killed, One Injured In Illinois Auto-Truck Wreck

KNOXVILLE, Ill., Nov. 6. (INS)—One California merchant marine sailor died today and another remained in serious condition as a result of a truck-auto collision five miles east of Knoxville.

The dead man is Nels Drost, of Salinas, Calif., said by his companion to be about 44. In serious condition is William Peterson, 53, with internal injuries.

Drost's son, Carl, was reported to be on his way from Salinas.

Fred Fingers, 41, driver of the truck, was released last night under $3,500 bond. He had been held by police on charges of reckless driving. State's Atty. Ben Robinson said the charge would be changed to negligent homicide.

Peterson and Drost were enroute by auto to New York where they were to embark on a trip to Denmark.

Midland Man Buys Interest In 43 Producing Wells

$1,750,000 Crane County Oil Field Transaction Is Revealed

Principal properties involved in a cash transaction involving more than $1,750,000 was a one-half interest in 43 producing oil wells in the Sand Hills-Tubb field of central Crane county.

The transaction, which has just been reported, was in a deal between Andrew A. (Jack) Bradford of Midland and Sweetwater and J. C. Bertrand of Pinehurst, N. C.

In that trade Bradford and his wife acquired all the stock of Bertrand and his wife in the corporation, Bertrand & Bradford, Inc. The Bertrands had owned half of the stock of the concern.

That concern owned the 43 Sand Hills wells and scattered undeveloped oil and gas leases and mineral rights in West Texas, west-central Texas and in New Mexico. The transaction is to be effective as of Oct. 25, 1949. However, the details of the matter have just been closed out and the legal instruments covering it are now being put on record.

Bertrand has resigned as vice president of the corporation and is not connected with it in any way. Bradford is president of the organization and Mrs. Bradford is secretary.

Bradford owns other oil properties, including producing leases in the Slaughter field of Cochran county, which are officially carried as assets of Andrew A. Bradford, Inc., another corporation in which Bradford is the principal stockholder.

Bertrand & Bradford, Inc., have maintained a production office in Midland for several years under the direction of G. E. Trimble, production superintendent.

Headquarters for the corporation which have been maintained at Sweetwater, are to be moved to Midland shortly, and Bradford will move his family to this city as soon as a new home is constructed on property he has recently acquired in North Park Hill. Work on that residence is to be started shortly.

TERRY COUNTY WILDCAT WILL BE DRILLED DEEPER

A central Terry county wildcat which was barren in the San Andres-Permian in drilling to 5,505, is to be drilled on down to 9,600 feet to explore into the Pennsylvanian.

Then venture is to be at Stanolind Oil & Gas company No. 1 Sawyer, five miles south of Brownfield, and 1,980 feet from west and 660 feet from south lines of section 123, block T, D&WRR survey.

It was originally drilled as Lynn D Durham of Midland and associates No. 1 Sawyer. Those operators carried it to 5,505 feet and found no signs of production or of formation water.

It has been shutdown for about a week. Stanolind has made a deal to take the exploration over and deepen it. The small drilling rig used to dig to 5,505 feet is being moved out and a large rotary is to be moved in.

It is understood that Durham and associates retain a one-eighth over ride on the well and on the 160 acres lease on which it is located.

NEW TEST SLATED FOR COCHRAN COUNTY

Lion Oil company No. 2 F. O. Masten is to be a south offset to the operator's No. 1 F. O. Masten, recently completed three-quarter mile southwest extension to the Levelland field in central Cochran county.

No. 2 F. O. Masten is to be drilled to 5,200 feet to test the San Andres, using rotary and cable tools.

Location is 440 feet from south and east lines of labor 12, league 132, Carson county school lands survey. That makes it 14 miles southwest of Whiteface.

Drilling is to begin immediately.

GAINES COUNTY WILDCAT FAILS TO SHOW OIL

Samedan Oil corporation and Anderson Brothers of Midland No. 1-E-A Andrews, central-south Gaines county wildcat which has indicated the possible discovery of oil and gas in the top of the Ellenburger, failed to develop any signs of production in a drillstem test at 12,005-045 feet.

The tool was open one hour. There was a very slight blow of air during the period. Recovery was the 3,500-foot water blanket and 90 feet of drilling mud, with no shows of oil, gas or water.

The venture is drilling deeper. It is planned to drill ahead to 12,080 feet and then take a drillstem test from 11,970 feet to 12,080 feet.

The section between 11,913 feet and 11,970 feet showed considerable free oil and some oil and gas cut drilling mud in drillstem tests. The interval between 11,970 feet and 12,045 feet has been checked by two drillstem tests, but neither of them developed any petroleum signs.

This wildcat has also shown for production from the lower Permian and for a possible discovery from the Devonian.

It is on the northwest side of the Robertson field, which produces from the Glorieta and from the upper Clear Fork. The drillsite is 660 feet from north and west lines of the northeast quarter of section 19, block A-24, psl survey. That makes it 15 miles southwest of Seminole.

DUAL COMPLETION MADE ON ANDREWS EXPLORATION

Dual completion has been made from the Clear Fork and from the Devonian at Cities Service Oil company No. 2-T-E Cowden in the Dollar hide field of southwest Andrews county.

The well rated a calculated 24-hour potential of 792 barrels of 39.1-gravity oil, plus four tenths per cent water from the Clear Fork. The flow was through a 24/64th inch tubing choke from perforations in the casing between 6,630 feet and 6,730 feet. The interval was treated with 5,000 gallons of acid. Gas-oil ratio was 864-1.

From the Devonion the well made a calculated 24-hour potential of 309.6 barrels of oil, flowing through a 31/64th inch choke from open hole between the top of the pay at 7,920 feet and the total depth at 7,990 feet.

Gravity of that oil was 39.8 degrees, with a gas-oil ratio of 999-1.

The open hole section was treated with 2'500 gallons of acid. It made five-tenths per cent drilling water.

The new producer is 1,980 feet from south and west lines of

See MIDLAND MAN Page 8

Rita And Aly Go Into Seclusion

LAUSANNE, Switzerland, Nov. 6. (AP)—Prince Aly Khan and Rita Hayworth, his screen star princess, have taken a hotel suite here and a Lusanne information service says they plan to stay until the birth of their baby some weeks hence.

Neither could be aproached directly for information.

A hotel official disclosed the couple arrived here by train from Paris yesterday and went into deep seclusion. The hotel refused to put any calls through to their suite and said all announcements would have to come from the information service.

Prince Aly confirmed Aug. 18 that Rita was an expectant mother. The Prince, heir to spiritual leadership of the Ismaili Moslems and one of the world's greatest fortunes, and the Hollywood actress were married May 27 at Vallauris, on the Riviera.

Miss Hayworth has visited Lausanne several times in recent months to consult physicians at the Mont Choisi clinique (hospital).

The information service said the couple would stay in Lausanne until the birth of the baby and then go to Gstaad, a popular Swiss winter resort.

May Move Dec. 15

The prince has rented a chalet at Gstaad and the family is expected to move in about Dec. 15.

Miss Hayworth long since has had her maternity wardrobe prepared by Jacques Fath, the same Parisian designer who prepared her wedding gown.

The child will be of Persian-It-

Visiting With The South Plains Press

Petersburg Editor Adds To Appeals For Safer Driving

By TOM DAVIS
Avalanche Staff Writer

All over the South Plains, newspaper editors continue to do what they can to check the high rate of traffic fatalities and injuries. Most of them agree that editorials, news stories and pictures have little effect on the motorist under the wheel. But they keep trying.

This week, it was J. L. Suits, editor of The Petersburg Journal, who made another attempt, however futile, to impress his readers of the dangers of the highway. And for good measure, he noted the great number of deaths in airplane crashes.

"We have been checking the daily papers here of late on airplane and automobile accidents," Suits writes. "Every day we notice headlines where some one has been killed in an airplane or auto wreck. For several weeks now not a single day has been missed.

"These two modes of travel are sure killing a lot of people. In fact in a few years we are going to kill as many people by this method as were killed in the last world war, and we thought that was awful.

"There is no use in being afraid of the atom bomb, we have just as deadly weapons shooting over the highways and through the air every day. In fact we were out on the highways Sunday and met a lot of them, but squeezed by without an explosion."

* * *

The Texas Spur, published at Spur, says this was overheard in front of the city hall there:

"If the city doesn't buy a street sweeper soon, it'll probably be more profitable to buy a wheat drill instead."

* * *

A slightly different view on church building in Lubbock is taken by the editor of The Ralls Banner, Ernest Joiner, a man noted for his slightly different views. As he puts it:

"We regularly drive over to Lubbock, park on West Broadway and spend a couple hours gnawing our knuckles over a preplexing problem. We don't know who started the church-building war in Lubbock, but it is now in a critical stage.

"No sooner do the Methodists announce a new million-dollar edifice than the Baptists pass the hat and find themselves building a million-and-a-half dollar temple. Then the Christians get their dander up and lay foundation for a skyscraper cathedral. By the time this 'calling and raising' has made the rounds of donations, the poor Methodists are out of date even before they've said grace over the dwarfed million-dollar church.

"Our problem is, how high and how wide can each build before the saturation point is reached, the notes called in—and funeral homes start taking them over?"

COFFEE PRICES

They Can Be Cut

THE answer to the problem of skyrocketing coffee prices is in the hands of American consumers, if they care to use it. The answer in three words is: Buy less coffee.

Unless they do reduce their purchases, shoppers can be sure that prices not only will remain high, but will climb higher. There's already talk in some quarters of $1 a pound coffee before Christmas.

The excuse for the huge price increases of the past few days has been that the Brazilian coffee crop is extremely short, due to drouth. There have been charges, however, that the real reason for the claimed shortages, and consequent price rises, has been manipulation.

But, regardless of the reason, American consumers can check the rise and force them backward, if they will. And it should not be particularly hard to do.

Most people are wasteful with coffee. They put more of the ground bean into the pot than would be needed if boiled or perked a little longer. Grounds are thrown out when they still could be used to make good coffee. Much coffee also goes down the drain after each making.

If most consumers would make each pound of coffee last a day or two longer than they usually do, the aggregate of the saving would be enormus. This they might do by such devices as using less in the making, drinking less with actual benefit to themselves, and pouring whatever may be left in the pot into a thermos bottle or jug for later use.

If most users would reduce purchases by an average of as much as 10 per cent, shortages probably would be succeeded speedily by such surpluses that prices would come down swiftly.

The result might mean considerably more than cheaper coffee. If many people should rebel against paying fantastic prices for coffee, then costs of many other foods are less likely to go up. But if shoppers go ahead and pay the skyrocketed price for coffee, they can expect that cost to climb still higher. They also can expect that those who may be in position to regulate the prices of many other foods will be encouraged to raise them to the limit that people will pay.

Dallas Sets An Example

REGARDLESS of what anyone may say in criticism of Dallas, they will have to acknowledge, if they are fair, that it is made up overwhelmingly of the kind of people who build cities.

Illustrative were the results of an election a few days ago. One of the propositions involved a charter change raising the limit of the debt the city could incur from $50,000,000 to $75,000,000. This was asked so as to enable the city to go ahead with a $34,000,000 expansion program to be financed with bonds voted a few months ago.

Almost needless to say, the proposal was approved and Dallas is preparing to go ahead with the huge expansion program.

Dallas has become one of the important cities of the nation, outstripping many rivals through the years, because progressive, far-sighted people have been in the majority. They have acted on the realization that, to sustain continuing growth, they must spend. And it seems a safe prediction that Dallas is far from the limit of the city's eventual growth.

It has set an example which such cities as Lubbock will be wise to study and follow.

Blessed are the poor. They don't have to fear about being victims of extortion rackets.

"Driving a car with one hand is dangerous," a test has revealed. It has frequently resulted in matrimony.

An old timer is the one who can't get over the fact that a woman has been named editor of The Police Gazette.

Success story: To keep up with living expenses many a man works himself to death.

Someone To Love

BY IRENE LONNEN ERNHART
Distributed By NEA, Inc.

XXXI

JENNY was waiting on an important customer. When one of the girls told her she had a call, she took up the phone rather impatiently.

"Jenny?" It was Tod's voice.

"Yes," she said in a husky whisper.

The faintest pause. "Jenny, I—well, I was thinking about Christmas. I mean, do you think an electric train for the boys would be too—that is, do you think they'd like it?"

She must keep her voice steady, be casual.

"Yes, Tod, they'd like it, I'm sure."

"I'll have it sent then. I'll be gone over Christmas. Would it be asking too much to let me see them sometime before then?"

"You know perfectly well you were to be allowed to see them any time. Mrs. Drew is still caring for them."

"I see. Well, I hope everything's all right with you—"

"Everything's fine." She was proud of herself, the crisp business-like tones, cool and clipped. She'd have made a wonderful actress.

"Hope you have a fine Christmas."

The phone clattered back into its cradle. She got up, murmuring something about being excused and went back into the office she and Nina shared.

Yes, she thought, I'll have a wonderful Christmas. Just wonderful! Ducky!

She read in the Sunday papers that Mr. Jamison Conover and daughter Elizabeth, and Mr. Todhunter Duncan and some others were leaving soon to spend the holidays at Sunrise Valley. And it was about then that she decided to give Rick a definite answer.

* * *

SUNRISE VALLEY was a paradise for the well-to-do. You met the most exhilerating people there, everyone from Indian princes to movie stars. Everything was done in style. Those pictures and write-ups you saw in magazines were not exaggerated, Tod thought.

If they could just have left those irritating little Christmas bells off the doors of the hotel, and not made such a fuss over the holiday.

He kept thinking, in spite of himself, of that miserable trailer near the Markwood campus, red candles in the tiny windows, three silver bells on the front door, that idiotic artificial Christmas tree on his desk, and Jenny wrapped in that pink chenille robe he'd bought her. Rick had given her a musical powder box that played Rockabye Baby.

Liz got furious with him once when he tried to tell her about it. Of course, you couldn't blame her, could you? Only Liz seemed to be impatient with him quite often of late. Or maybe her natural petulance was more apparent to him since they were together almost constantly.

Or was he critical of Liz on account of the contempt he secretly felt for himself? Liz's words that day back in September had a way of popping into his head at odd times. "You were hired for me, not because you have any advertising talent. You don't have talent for anything."

Had Jenny suspected why Mr. Conover had hired him?

In January they started home. Mr. Conover was anxious to get back. Liz was already planning the wedding which would be in March.

"Do you think people would disapprove too much if I had a lovely church wedding? You really aren't supposed to make so much of a second marriage," she said, "but the first one really doesn't count being a silly elopement, does it?"

No, he supposed the first one didn't count much. Only, if it hadn't happened, things would have been a lot different now.

"Father suggested that we honeymoon in Mexico City, Tod. They say it's lovely, and there's lots to see and do, bullfights and so on."

"Yeah, sounds great." He was thinking of that shabby garish parlor of the justice of the peace, the mottos on the walls, the bouquet of dusty paper roses on the upright piano, the soiled lace curtains at the windows. Jenny in a pink suit and a funny, adorable pink hat.

* * *

HE remembered that honeymoon with Jenny, when the car broke down and they had to stay in dingy, one-room tourist cottage. Funny how you remembered some things so clearly, like that sleazy blue spread on the white iron bed, the old insurance calendar on the wall, the smoked cracked mirror on the dresser, and Jenny laughing because she wasn't tall enough to see any higher than her nose above the smoked part.

He hadn't wanted to hurt Jenny, but this was the way it had turned out. Anyway, she'd probably marry Rick eventually, and he would be good to her.

"You haven't been listening to a word I've said," Liz cried out suddenly. "For heaven's sake, Tod what's the matter with you?"

She sat upright, glaring at him, her dark eyes burning with anger.

His glance fell away. He hated seeing her like that, her lovely face twisted. He rubbed a fist into the palm of his hand. "I don't know, Liz," he said quietly. "Nothing really."

"You've been morose this whole trip. It's been embarrassing, having you turn into a deaf mute when people expect you to be pleasant. Really, Tod, you seem changed. I'd like you to be at least halfway amusing!"

"Is that why you want to marry me, to be amused?" He said it abruptly and quite without thinking.

A dangerous glint came into her dark, slanting eyes. And she reached over and slapped him hard on the cheek. He didn't move. Just sat there for a few moments, feeling the stinging sensation in his cheek and the rush of blood across his face.

(To Be Continued)

On The Line

By BOB CONSIDINE
INS Staff Correspondent

(By International News Service)

NEW YORK, Nov. 6.—This is an attempt to write a piece about the phenomena of New York City's most torrid mayoralty race in memory, and to steer clear of political partisanship. In the year 1949 A. D., that isn't especially easy.

Besides, it has been the loudest and perhaps most expensive period of campaigning and electioneering the city has ever known. It has had more than its share of partisanship. And, in some ways, it is the strangest we've ever had.

In the first place, Bill O'Dwyer, the incumbent, announced he did not want to run, then changed his mind. The elegant Newbold Morris, who ran on something called the No Deal ticket in 1945, now runs on the Republican-Liberal-Fusion ticket. Vito Marcantonio is running for the American Labor party. There are the customary stragglers, without funds enough to bring their ideas to the posters, newspaper, radio programs and sound trucks.

* * *

Close Vote Seen

It is going to be close. O'Dwyer rolled into office in '45 with 867,426 votes to Morris's 408,408, and Judge Jonah Goldstein (Republican-Liberal-Fusion) polled 431,601.

Of O'Dwyer's 867,426 votes, 257,929 were provided by American Labor party registrants. This time, presumably, they are pledged to Marcantonio, the congressman who has consistently followed the Communist line for years. On top of that support, Marcantonio can count with assurance on the votes of tens of thousands of Puerto Ricans who have been brought into the city since 1945. Many regard Marcantonio, rather than the taxpayers, as the power that cares for them.

* * *

MORRIS, leader of a ticket with names that seem curiously at odds, politically, seems to have found it inconvenient to campaign also in behalf of the Republican John Foster Dulles, running for retention of his seat in the Senate. Dulles is another who said he would not run, only to change his mind. O'Dwyer, on the other hand, has campaigned for the Democratic choice, former Governor Herbert Lehman, with almost as much gusto as he has sought office on his own.

The three top candidates for the top political post in the world's

"No anesthetic, please—I want to make a full report to my club!"

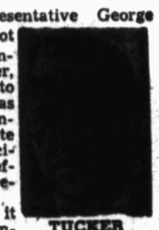

IN 1950 ELECTION

Pepper Faces Fight

By RAY TUCKER
Special Correspondent

MIAMI — The fair-haired darling and the Patrick Henry of the early and extreme Roosevelt New Deal—Senator Claude Pepper of Florida — stands in danger of defeat next year at the hands of voters who have become more interested in new industries than bathing beauty contests. Therefore, they may want men at Washington whose principal claim to recognition will rest on a more solid foundation than a willingness to exercise their vocal chords for the benefit of the press gallery.

Although young Representative George Smathers of iMami has not formally announced his candidacy against Mr. Pepper, his friends expect him to enter the May primary as the champion of business interests and an electorate growing increasingly conscious of the need for the effective and practical representation at the Capital.

TUCKER

In fact, so certain is it that he will attempt to unseat the "boy orator" that the incumbent refused to pose for pictures with his handsome rival at a recent football homecoming celebration at the University of Florida, where Mr. Smathers is regarded as one of the institution's most distinguished graduates.

* * *

ASHAMED: Ironically, the young coeds dramatized the reasons why many Floridans want to get rid of the noisy and bumptious Mr. Pepper. His impersonator in a collegiate skit first delivered a "long but confusing explanation" of the devaluation of the British pound.

The imitation Pepper also disavowed any interest in organizations with socialistic tendencies — a sly slap at his pre- convention association with the Henry Wallace clique in 1948 — but admitted that he belonged to the 4-H Club of "Hoot, Howl, Holler and Harangue."

In short, the more conservative folks here are slightly ashamed of their senior Senator at Washington.

* * *

PATRONAGE: Mr. Smathers expects powerful support from the faction headed by Senator Spessard L. Holland, who does not get along with Mr. Pepper any more pleasantly than the majority of members on both sides of the Senate aisle. Besides disliking his colleague's general philosophy and mannerisms, Mr. Holland maintains that Pepper tries to grab off all the patronage and public works—a feeling shared by many members of the House delegation.

In many respects, a Smathers-Pepper contest will resolve itself into a battle between northern and southern Florida, the same sort of regional rivalry that besets so many political communities.

Senator Holland comes from the southern section, while Mr. Pepper hails from Tallahassee, the capital in the north. Since Mr. Smathers represents Miami, his election would give two Senators to that portion of the state.

This geological situation will be one of Mr. Pepper's great assets, and his gifts of rabble-rousing should enable him to capitalize on it along the northern tier.

* * *

PROMISES: A Pepper defeat would have national interest and significance. It would indicate that even in such a Democratic stronghold as Florida the people grow weary of promises rarely fulfilled, but which, if carried out at Washington, would saddle even more unendurable taxes on the people.

The Senator was one of Franklin D. Roosevelts favorites, largely because he never voted against a major New Deal proposal. His unquestioning approval of every New Deal reform alienated even White House spokesmen like "Jimmie" Byrnes and "Dear Alben" Barkley.

Although he originally opposed the germ of the Marshall Plan — financially and military aid to Greece and Turkey — he shifted quickly after the Truman election, and he has been a "hoot, howl, holler and harangue" advocate of every Fair Deal scheme during the recent session.

Thus he has laid the basis for a typically demagogic appeal to organized and unorganized workers, farmers, the old folks and elements who like a man who talks like a Senator is supposed to talk.

* * *

SUSPECT: The Pepper crowd is angling for White House support, but it is doubtful if President Truman will intervene in a Democratic primary, especially as Mr. Smathers has backed all except the most fantastic Administration demands.

Moreover, the Senator's unswerving allegiance since the election must be suspect at 1600 Pennsylvania Avenue, where the hard-boiled and stubborn Missouri politicians adhere to the Pendergast tradition of tolerating not the slightest deviation from orthodoxy.

They know what a political acrobat the Senator has been. When it looked as if Henry Wallace might build up a strong third party, Mr. Pepper echoed the Iowan's pro-Moscow line. In fact, he was mentioned as a possible vice presidential candidate on the "Progressive" ticket, and he did not repudiate this talk.

* * *

CAMPAIGNER: Mr. Pepper, however is smart, although "cunning" is the more apt description. He never misses a political trick in major or minor suits. A recent maneuver was typical.

The Miami Daily News, which is owned by James M. Cox of Ohio, who headed the Roosevelt-Cox ticket in 1920, opposes the Senator's re-election. But a few weeks ago, when the coal and steel strikes began to jeopardize industrial production, Mr. Pepper unearthed and inserted in the Congressional Record Mr. Cox's 1947 proposal for creating a TVA to supervise key industries.

Moreover, the Senator is a rattling good campaigner. He travels 400 miles a day even in off years, visits hamlets that have never seen a member of Congress, and promises and promises and promises.

Despite the mounting opposition against him, he will be a hard man to keep down.

Down Memory Lane

(Taken from the files of The Lubbock Morning Avalanche, Nov. 7, 1929.)

Lauro Izaguirre, counsul of Mexico, with headquarters at Sweetwater, arrived in Lubbock Wednesday afternoon, including this city in a tour of the cities under his jurisdiction in this section. He has jurisdiction over 82 West Texas counties while his general headquarters are at El Paso.

A meeting was called in his honor last night in the Mexican colony of the city and a speaking program was held.

Principal speakers of the evening were Mr. Izaguirre, Mayor Harley D. Woods, Dr. J. C. Granberry, head of the history department at Texas Tech, and Albert Melindez, student at Texas Tech.

* * *

Mrs. R. W. Crowder, jr., was hostess to members of the 1928 Bridge club Wednesday afternoon in her home, 2212 Seventeenth. Autumn flowers were arranged in the entertaining rooms, where tables were placed for games of bridge.

In the games, prizes were given for high guest score, high club score, and general out.

Refreshments were passed at tea time to Mesdames Leo Edwards, H. B. Herald, Forest Lindsey, J. A. Phipps, jr., Newma Roberts, O. A. Terry, Hale, Wylie, Bush, Schelton of Slaton, N. M., Fred Childress and J. B. Jackson.

Believe It Or Not - - By Robert Ripley

TO NAME PARTY CANDIDATES

More Popular Vote Is Suggested

By THOMAS L. STOKES
Special Correspondent

WASHINGTON. — The continuing debate among Republicans as to what the party can do to revitalize itself and win a presidential election is enlivened by the approaching off-year and special elections which project politics back into the limelight.

An interesting and provocative contribution is offered from the Middle West — by Raymond A. McConnell, jr., editor of the Nebraska State Journal of Lincoln. It commands attention as it proposes expansion on a national scale of an experiment he promoted in his state last year which attracted notice all over the country.

This "Nebraska idea" was the presidential primary authorized by the state in which all leading candidates for the nominations were entered, whether they consented or not, and which drew out an unusually large vote for a primary election, indicating wide popular interest. In Nebraska, unlike other states where presidential primaries were held, the voters had a choice of all candidates, instead of only those who chose to submit to a test. Such primaries were held in only 14 states in 1949, and very few were binding.

STOKES

* * *

Nationwide Vote Suggested

In a series of editorials in his newspaper, Mr. McConnell suggests a similar nationwide primary in which the people will have a chance to express their preferences for presidential candidates and thus, by this vote, will themselves reveal their desires as to party policy.

With particular reference to the Republican party's problem of policy and direction, the Nebraska editor rejects the theory that what the party needs is to adopt a set of principles, arguing that "no nine, no 900, no 9,0000 Republicans . . . can agree with another nine or nine thousands on how to spell out such a set of principles." The reason they can't is "simply that the issue today between conservatives and proponents of the service — or welfare — state is not clear cut between black and white, but simply one of where to draw the line on the extension of government activity."

* * *

INSTEAD of a few leaders at the top trying to formulate party policy and principles, which can't bring agreement anyhow, he says the process should start at the other end, from the bottom, that "the job should be turned over to the people themselves," that is, rank-and-file party members. As for operation of a nationwide presidential primary for the Republican party he explains:

"In a presidential year the party would hold its national convention in January or February, instead of June. Instead of nominating a candidate for President, it would nominate any and every presidential possibility who could muster, say, 25 percent of the convention votes.

"The names of these would go on a ballot to be cast in a national primary or party plebiscite to be held in the spring, after the candidates had fought it out for popular favor in true democratic fashion. Fighting it out for votes, the candidates would adapt their views or their campaigning methods, or both, to what they conceived to be the popular conservative mold.

* * *

People Would Decide

"This is the process in which the people would dictate the direction and tempo of their party, for the winner in the election or plebiscite would then appear at the final national convention in June to make his acceptance speech and to preside over writing of the platform and the organization of a campaign in accord with the popularly endorsed views."

Recognizing objections of various sorts, among them the cost of extensive campaigns necessary for the candidates, he suggests as to this that the party could finance these from its own treasury and could put on a series of debates among the candidates, with national radio hookups, a modern version of the Lincoln-Douglas debates.

* * *

AS for the mechanics, he suggested that Congress could authorize a uniform national primary for the major parties, or the states themselves, could adopt laws for a uniform primary. Conceding difficulty there, he proposed the alternative of a national plebiscite through use of the party organization, itself, starting with precinct committees.

The present nominating system just grew up. There's nothing sacred about it. Many people have advocated changes through the years. The Nebraska editor's suggestions offer a good basis for discussion in seeking to devise a system that will give rank-and-file members more to say about who are their party's candidates, and thus, about party policy and direction.

There's often a pig-in-the-poke aspect about our present method.

ALL EMPLOYES HIGHLY SKILLED

Alderson Cadillac Co. Gives Complete Automotive Service

When you drive your car into the service department of Alderson Cadillac Co., located on the corner of Ninth and Ave. H, you can rest assured that it will receive not only the benefit of the most up-to-date repair equipment, but also the attention of skilled and experienced workmen.

The trained repair and maintenance men at Alderson Cadillac have that special "know-how" that comes only with long years of experience in automobile service work.

For example, Carl McFarland, foreman of the service department, has been doing automobile service work since 1909, the last 20 years of which he has specialized on General Motors automobiles.

And Johnny Ford, foreman of the body and paint department, has had more than 30 years experience in his particular line of work.

Nor is lengthy experience at Alderson Cadillac limited only to these two foremen. C. E. Pettey has had 23 years experience in automobile service work. Frank Price has had a quarter-century of experience while Henry "Red" Johnson has been in automobile service work for the past 20 years.

Carl Edwards has 12 years of lubrication experience behind him, and Hardy Barrow has been in this work for seven years. Lloyd Collum has been in automobile painting and body work for the past six years.

In addition to their years of solid experience in automobile service work, the trained staff at Alderson Cadillac Co. also has specialized at least part of those years in work on General Motors cars, particularly Cadillac automobiles.

Training and experience also is reflected in other departments of the automobile firm. Lonie Montgomery, manager of the parts department, formerly worked for Kuykendall and Dickson motor companies here. George Caddel, used-car salesman, was associated for three years with the Cadillac agency in Amarillo. Mrs. Jack Pales, bookkeeper for the firm, has worked with bookkeeping departments for several General Motors automobile agencies.

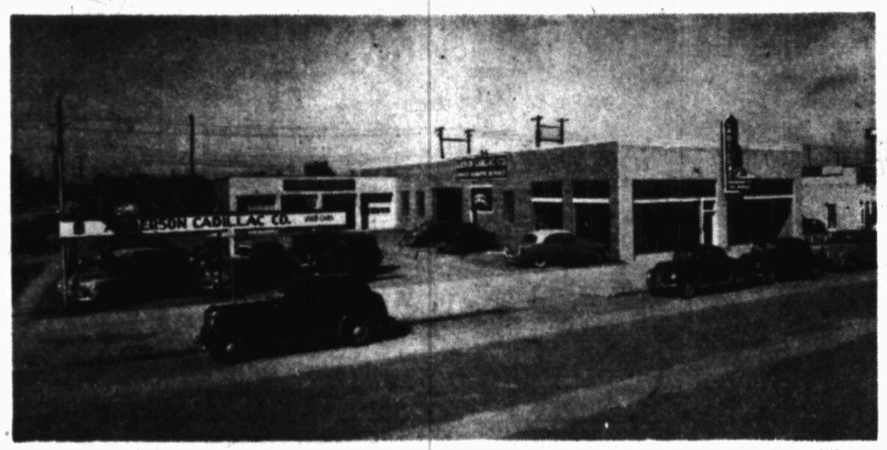

W. G. Alderson, manager and partner in Alderson Cadillac Co., was general manager of Kuykendall Chevrolet Co. for 14 years prior to opening the Cadillac agency in September. Gene Alderson, also a partner in the firm, worked for two years with General Motors Acceptance Corp., and for the past three years was truck manager at Kuykendall Chevrolet.

When Alderson Cadillac Co. opened its doors for business two months ago, one of the primary aims was to provide a complete service department for Cadillac owners over the South Plains, in addition to offering new-car sales.

Another aim was to provide a complete stock of genuine parts for Cadillas automobiles.

As a result, the firm now offers complete mechanical and body repair services for Cadillac automobiles, and for other makes of automobiles as well.

So, when your car needs attention—be it a major overhaul or just a thorough lubrication — take it to Alderson Cadillac Co., and be assured it's getting A-1 service.

CADILLAC HEADQUARTERS — Complete "one-stop service" is offered to owners of Cadillac automobiles by Alderson Cadillac Co., 814 Ave. H. Directly behind the new car sales department in the main building is the complete automobile service department. The automobile body repair and painting department is maintained in the auxiliary wing at the rear of the lot. Alderson Cadillac Co., also has a wide selection of clean used cars, which have been reconditioned and bear the company's guarantee of dependable service. Alderson Cadillac Co., which opened Sept. 1, 1949, is owned and managed by W. G. Alderson and Gene Alderson.

B. E. Needles Stocks Brunswick Tires

It's B. E. Needles and Son tire company 1502 Ave. H, for famous Brunswick automobile, truck, and tractor tires.

The firm is dealer for a large area of West Texas and New Mexico for this well-known line of tires. The company always maintains a complete stock of Brunswick tires for the selection of their many customers.

Other featured products at B. E. Needles and Son include Southland automobile batteries, and farm trailers.

The company was established here in 1921 and has been in business in Lubbock continuously since. B. E. Needles and his son, Belverd Needles, are partners in the operation of the firm.

In line with the company's policy of providing the highest quality products and the most satisfactory service, a program of expansion currently is underway. A new warehouse with its own railroad siding now is in the process of construction on the Slaton highway. When completed, it will enable the B. E. Needles company to maintain in reserve a larger quantity of high-grade merchandise for its retail stores in Lubbock and in surrounding area.

Fish can be frozen in solid ice for long periods and still survive. They have to thaw out gradually, however.

Special Classes Offered At Singer Sewing Center

Evening classes are offered at the sewing center of the Singer Sewing Machine Co., 1313 Texas Ave., for the convenience of those who work during the daytime.

The skilled instructors at the Singer company specialize in teaching the fundamentals of sewing to those who have had no previous training or experience. Under their guidance, "students" soon learn how to give a professional touch to the clothing they make. They also learn the knack of making draperies and slip covers which look as though they might have come straight from a decorating shop.

Californian Completes First Lap Of Planned 12-Year Trip

ROME, Nov. 6. (AP) — Rome's English-language Daily American reported from Amalfi today that Colvin Crichton of Alameda, Calif., has arrived at that Italian port after completing the first lap of a 12-year, 17,500-mile voyage.

Crichton, now 30 years old, has 2,500 miles behind him in his 33-year-old, 25-foot long oaken boat. It is named Rozinante, for Don Quixote's storied horse.

He told the American he hopes to add another 15,000 miles to the stretch that brought him from Goeteborg, Sweden, which would according to his plans—land him in Tokyo 10 years hence. Success he said, would put the Rozinante on record as the smallest vessel in navigation's history to sail a deep water run of that length. The craft depends entirely upon sail.

QUICK SERVICE, LOW COST

Want quick, efficient taxi service at the lowest possible cost?

If you do dial 5711 and ask for a Bryant's Taxi. One of their cabs will be at your door in a matter of minutes and will give you safe, quick, low-cost transportation to your destination.

That's why more and more people are depending on Bryant's for cab service.

DEALERS WANTED

FOR

SPECIAL MEDICINE SALE

Watkins Menthol-Camphor Ointment
Only 5c

Yes, during this sale you can actually get a regular 5 oz. tin of Watkins Menthol-Camphor Ointment, at the almost give-away price of Five Cents. Just buy an 11-oz. bottle of Watkins Liniment and a bottle of Watkins Inhalant; or a bottle of Watkins liniment and Watkins laxative Cold Tablets.

MENTHOL-CAMPHOR OINTMENT — Only 5c . . . This soothing, penetrating ointment relieves nasal congestion, croup, sore throat, frost bite, chilblains, and chapped hands and face.

WATKINS LINIMENT . . . Every home should have a bottle ready to bring soothing comfort in cases of muscular aches, pains, and soreness due to over-exertion, strains and drafts.

WATKINS INHALANT . . . Place a drop or two on a handkerchief and inhale the soothing vapors. Notice how quickly it clears headcold stuffiness.

WATKINS LAXATIVE COLD TABLETS . . . Their three way action controls the fever associated with common colds, relieves those "grippy" aches and pains, and helps eliminate poisonous wastes.

Get Menthol-Camphor Ointment for only 5c with your purchase of 11 oz. liniment and inhalant; or liniment and laxative cold tables.

Apply at Warehouse

THE GENTLEMAN SAID:
"I'LL WAIT!"

A few days ago a prospective customer walked into our salesroom and said he wanted to buy a used car. Not just any used car. He wanted a certain type—the model and the amount he wished to pay.

It so happened we didn't have the car he wanted at the time and we told him so. We told him that the way trade-ins were coming in these days that we might have one any day.

"I'm perfectly willing to wait . . . I want to buy it here because you folks have been mighty fair to me. I hope it won't be long before you find the car for me."

THAT'S CUSTOMER CONFIDENCE

We're proud of the fact that our way of doing business has built a reputation that makes customer confidence possible. This has been our policy for 20 years.

Midland Man Pays $1,750,000 For Interest In Crane Field

(Continued From Page One)

section 14, block A-52, psl survey.

DRILLING SLATED TO START ON SCURRY TEST

Sttandard-Fryer Drilling company is to begin drilling soon at its No. 2 Wilkinson, contracted 7,000-foot venture in north-central Scurry conty, three miles northwest of Snyder.

No. 2 Wilkinson will be an east offset to Standard-Fryer No. 1 Wilkinson, Canyon lime discovery between the North Snyder and Kelley fields.

The drillsite is 467 feet from south and 1,854.5 feet from west lines of the south half of the southwest quarter of section 17, block 1, J. P. Smith survey.

TWO NEW LOCATIONS STAKED IN SCURRY

Pan American Production company has staked locations for two projects on the northwest side of the Kelley field of central Scurry county, both of which are to be drilled to 7,000 feet to test the Canyon lime reef, using rotary tools.

The company's No. 1 E. E. Woolever is to be 660 feet from south and east lines of northeast quarter of section 249, block 97, H&TC Survey.

The other development is to be the concern's No. 2 Effie Ramsey and will be 660 feet from north and east lines of the southeast quarter of section 205, block 97, H&TC survey.

Operations are to begin in the near future.

PRODUCTION TESTS ARE SLATED ON SCURRY WELL

Cities Service Oil company No. 1-H Johnson, which has indicated for a one-half mile north extension to the Diamond-M field of southwest Scurry county, is preparing to run casing to make production tests.

After topping the Canyon reef at 6,681 feet on an elevation of 2,428 feet, it drilled to a total depth of 6,808 feet.

On the top of the Canyon reef it was five feet low to the nearest completed wells on the Diamond-M field. The section in the Canyon lime so far penetrated has shown that it will make a well.

The development is 1,980 feet fro north and 614 feet from east lines of section 200, block 97, H&TC survey. That makes it 11 miles southwest of Snyder.

THREE NEW EXPLORATIONS IN DIAMOND-M FIELD

Lion Oil company has made locations for three more explorations to test the Canyon reef lime on the northwest side of the Diamond-M field of southwest Scurry county. All of the ventures are to drill to 6,800 feet.

Slated to begin immediately, Lion No. 27 McLaughlin will be 662.5 feet from north and 610 feet from east lines of the south half of section 200, block 97, H&TC survey.

The company's No. 31 McLaughlin is to be 662.5 feet from south and 610 feet from east lines of section 200, block 97, H&TC survey.

The other operation will be concern's No. 32 McLaughlin and is to be 662.5 feet from south and 1,831.1 feet from east lines of section 200, block 97, H&TC survey.

All of the ventures are about ten miles southwest of Snyder.

DRILLSTEM TEST STARTED ON SCURRY OIL WELL

Olson Drilling company No. 1 Green, central Scurry county wildcat between the town of Snyder and the North Snyder field, was bottomed at 8,137 feet in the Ellenburger, which had been entered at 7,920 feet, and was taking a drillstem test.

The venture tested for one hour at 7,995-8,075 feet. There was a slight blow of air during the test. Recovery was 150 feet of drilling mud with no shows of oil, gas or water.

In drilling ahead to 8,137 feet a soft section was logged at 8,085-8-120 feet.

This prospector drilled through the Pennsylvanian section without finding any possibilities of production. Location is 660 feet from north and west lines of the northwest quarter of section 157, block 3, H&GN survey.

NORTH SNYDER WELL IS COMPLETED AFTER TEST

Danciger Oil company has completed its No. 1 Periman in the North Snyder field of north central Scurry county, for a calculated 24-hour potential of 148.50 barrels of oil from the Canyon lime reef.

The flow was natural through a 22/64th inch tubing choke from open hole between the top of the pay at 6,925 feet and the total depth at 6,980 feet.

Gravity of the oil was 42-degrees and the gas-oil ratio was 800-1. Flowing tubing pressure was 1,250 pounds and the flowing casing pressure was 1,250 pounds.

No formation water was reported.

The new well is 467 feet from north and east lines of section 394, block 97, H&TC survey.

YOAKUM COUNTY WILDCAT ABANDONED AFTER TEST

Cabot Carbon company of Midland has plugged and abandoned its No. 1 Bessie Clay, east Yoakum county wildcat four miles northeast of Tokio as a failure in the San Andres of the Permian.

The project was drilled to a total depth of 5,336 feet and failed to develop any signs of commercial production.

The dry hole is 660 feet from south and west lines of section 12, block D, J. H. Gibson survey.

TWO NATURAL PRODUCERS COMPLETED IN SCURRY

Two new natural flowing producers from the Canyon reef lime have been completed in the North Snyder field of North Central Scurry County.

Sunray Oil corporation completed its No. 6-B Brown for a calculated 24-hour potential of 1,200 barrels of 44.4-gravity oil and no water. Gas-oil ration was 1,008-1. Flow was through a one-half inch tubing choke.

Completion was from open hole between the 5½ inch oil string set at 6,450 feet and the total depth at 6,768 feet. Flowing casing pressure was 920 pounds and the flowing tubing pressure was 500 pounds.

Location is 660 feet from north and 1,947 feet from west lines of section 21, block 1, J. P. Smith survey.

Flowing natural through a three-quarter inch tubing choke, Barnsdall Oil Company No. 1 J. P. Collins made a calculated 24-hour potential of 888 barrels of oil, plus one-tenth of one per cent drilling water.

Gravity of the new oil was 43.1 degrees, with a gas-oil ratio of 766-1. Flowing casing pressure was 450 pounds. Flowing tubing pressure was 200 pounds.

It was finished from open hole between the 7-inch oil string cemented at 6,762 feet and the total depth at 6,899 feet in the Canyon reef.

This new producer is 467 feet from north and east lines of section 20, block 1, J. P. Smith survey.

SCURRY WILDCAT KICKS OFF AFTER ACID TREATMENT

S. B. Roberts of Abilene and associates No. 1 Lewis, central-west Scurry county wildcat, treated the open hole section in the top of the Canyon reef at 6,840-68 feet, with 1,000 gallons of acid.

The swab was pulled six times after the injection and the well kicked off and flowed for 30 minutes and then died. During the 30 minutes considerable amounts of acid cut oil and drilling mud was flowed out. Some gas was shown.

The well started heading shortly after the 30 minute flow and headed fluid for two hours and 45 minutes. During that time the recovery was oil, acid residue and drilling mud.

Operators are now pulling the swab twice each hour. The recovery is still oil, acid residue and drilling mud. No formation water is being shown. The well is making some gas.

Swabbing will continue until the hole is cleaned out and it will then be re-acidized with 5,000 gallons and tested further.

This prospect is 467 feet from south and west lines of the southeast quarter of section 246, block 97, H&TC survey.

That makes it two and one-quarter miles west of the Kelley field, and one and one half miles northeast of the northeast side of the Diamond M field — both of which produce from the Canyon reef.

Visiting Press

(Continued From Page One)

at all impressed by the moonlight and roses stories about Vice President Barkley. He writes:

"Aren't you going to be glad when Vice President Barkley and the Missouri widow get married. The V-P can not even leave town without some big to-do about his social activity. If the old boy is young enough to want the beautiful young widow, let have her."

* * *

In The Way Of Slogans

W. H. Curry, editor of The Crosbyton Review, says the newest slogan of the West Texas Chamber of commerce is: "Dam West Texas or West Texas Is Damned."

His one-line comment is: "Well, I'll be damned."

* * *

Doesn't Like Cold Weather

Everybody talks about the weather, but few do it as well as A. M. Jackson, editor of The Slatonite, who comes up with this:

"There are a few advantages in having cold weather but not many. The best I can think of is not having to cut the lawn, the slackening of hay fever and that women do not wear slacks or shorts out in the open on cold weather.

"These mornings when I stop at the post office and am greeted by some red nosed, shivering individual who says, 'isn't this a brisk, invigorating morning,' I agree but I go my way mumbling that he or she does not like the wind blowing up their legs any better than I do.

"Gimme the birds singing, the bugs crawling, the sun shining hot, the baseball players playing and the sweat aflowing and you can have your fur coats, long handled underwear, turkey dinners, chapped lips, runny colds and slippery sidewalks. I'm no Eskimo and I don't care who knows it."

* * *

Coffee Price Hike Hit

Higher coffee prices don't seem right to Art N. Wall, who writes the column, "Riding Circles Around Whiteface" in The Morton Tribune. He says:

"Now they say it is going to cost us a dime for a cup of coffee. They say this is because of a dough in South America. I'm asking you, does cotton go up when we have a dry spell? A drouth somewhere in South America. That's something."

On The Line

(Continued From Editorial Page)

greatest city unquestionably have spent fortunes wooing the city's 2,763,308 registered voters—a record turnout, by the way. They have pulled out all the stops. Marcantonio's headquarters, incidentally, have been kept open 24 hours a day, partially to accommodate dole-seeking Puerto Ricans.

Some Democrats, who at first believed O'Dwyer would sweep in (as he may) have begun to worry about two counts. They wonder if, in the utter confusion and wanderlust that has descended on the once-rigid political parties, Morris might slip in—not entirely on his own strength but on the votes which Marcantonio (through the A. L. P.) might pull away from O'Dwyer.

* * *

Marcantonio Is Threat

They worry, too, about Marcantonio himself. Nearly half of the million votes Henry Wallace attracted in the nation in his bid for the presidency were cast in New York City. Henry endorses Marcantonio, one of the rare natural alliances of the daffy race.

Marcantonio has campaigned very actively, too, among the city's million negroes ("I introduced the congressional resolution which brought Jackie Robinson to the Brooklyn Dodgers!") among its 1,100,000 Italians (an effort to become a "favorite son") and, somewhat curiously, among Catholic circles. He has withheld his endorsement of the Barden school aid bill, denounced by Catholic spokesmen, and appeared barefooted to march in a religious procession through little Puerto Rico.

* * *

PRESIDENT Truman said, "I hope I have helped you," to Bill O'Dwyer, after a brief stay in New York for the laying of the cornerstone of UN's permanent headquarters. But it was plainly no day to campaign for his good friend. Jim Farley and Franklin D. Roosevelt, jr., once pretty barbed toward each other, have joined to support Bill.

One of the odder quirks of the bed-fellowing is that Morris, backed by the city's conservative press, and carrying the banner of the G. O. P., heads a ticket which also contains the name Stanley M. Isaacs, candidate for the city council now headed up by Vincent Impelliteri. Isaacs, enrobee in the toga of Taft, is cited 38 times in the reports of the House Un-American activities committee, and was a member of the committee for the protection of foreign born—which put up the bail enabling Gerhart Eisler to skip the country and help fashion the Communist government of Eastern Germany.

And Ben Davis, running as a Communist for the city council, is under sentence with ten other members of the U. S. Communist hierarchy, convicted of seeking to overthrow the U. S. government by force.

One of Helen Hokinson's last great carttons appears in the New Yorker this week. Her unforgettable club-woman is peering quizzically from behind the curtains of a voting booth, inquiring, in effect, "which is the one in favor of a garden for the library?" Obviously she wasn't voting in O'Dwyerville. For, if she were, she would have been too completely bewildered to ask anything at all.

Death Toll In Crash Of B-29 Boosted To 11

HAMILTON, Bermuda, Nov. 6. (AP)—Capt. Clee S. Maddox of Kokomo, Ind., died today of injuries suffered in the crash of a B-29 weather observation plane into sea off Kindley field late Thursday. This increased the death toll to 11.

U. S. Air Force authorities released the names of the others:

S/Sgt. Preston L. Treadway of Chelsea, Okla.

Sgt. James H. Sapp, maintenance, Watertown, Fla.

T/Sgt. Clarence Hyatt, engineer, Waynesville, N. C.

Cpl. Robert D. Myrmam, radio operator, Minneapolis, Minn.

S/Sgt. Harry H. Barker, radio operator, Farmington, Mich.

Cpl. Harry N. Carden, radar scanner, Orange Blossom Trail, Orlando, Fla.

Capt. John C. Mays, weather officer, Corsicana, Tex.

Lt. James E. Shewey, navigator, Bronson, Fla.

Maj. Roy H. Bruns, pilot, Brookville, Ind.

Lt. Andrew J. Rooks, co-pilot, College Park, Ga.

The death of Capt. Maddox, radar officer left alive only two of the four men who survived the accident, which came as the plane sought a landing after developing engine trouble on a weather observation flight. He succumbed to peritonitis after suffering facial burns, dislocation of an arm and internal injuries.

Sgt. Sapp, it was disclosed, died on his way to Kindley field hospital. The two rescued uninjured are T/Sgt. John J. Fisher of Great Neck, N. Y., and Sgt. Gaspero M. Tornatore of Poughkeepsie, N. Y.

Facilities of the U. S. Navy dockyard and the Kindley Air Force base were pooled today in an effort to raise the wreckage from the ocean floor. It lies in about 50 feet of water. The work started at dawn but was impeded by showers and gusty winds.

Rita And Aly

(Continued From Page One)

alian-Spanish-American stock. The prince was born of the marriage of Aga Khan, a Persian, and an Italian woman. Miss Hayworth, born Margarita Carmen Consino comes from Spanish emigrants to Brooklyn and Hollywood. Aly has said the child will be reared as a Moslem.

Miss Hayworth has a daughter from her former marriage to Orson Welles, the movie and radio actor and producer. Aly has two sons from a previous marriage to an English woman.

Lubbock Schools

(Continued From Page One)

der throughout the remainder of the week.

Parents of students in the School of Exceptional Children will visit today during the hours their children are in school, while all three junior high schools are staging open house any day during the week. Dunbar high and elementary schools are doing the same thing.

Dupree teachers have divided their schedule so that parents of children in four rooms of the school will report Monday for a visit to see their children at work and three rooms each remaining day. About 400 parents have responded to written invitations thus far.

Senior High Program Set

Tuesday is the day Senior high students will give a program based on the seven themes for the week and a special Administrator's dinner will be given at 6:30 p. m. at J. T. Hutchinson cafeteria. Sanders and Walter Posey schools have also designated that day for visitations. Some rooms at Chris Harwell are issuing special invitations for certain days.

Thursday will be the big day in several schools, with a trip to Senior High by the American Legion for their Annual Armistice Day program heading the list of activities. Arnett, K. Carter, McWhorter, Guadalupe and Wolfforth schools have set aside that day for visiting.

Other schools have issued open invitations to parents to visit schools at any hour any day of the week, while both P. E. Brown and Roscoe Wilson schools have issued special invitations to parents to visit classes at designated hours throughout the entire week.

Other plans for the week include shorts in local theaters and posters placed throughout the city.

RED BIRTHDAY OBSERVED

LONDON, Nov. 6. (AP)—An estimated 8,500 persons attended a celebration of the Soviet Union's 32nd birthday sponsored by the British Soviet society in Empress hall today. By acclamation, they approved a greeting to Prime Minister Stalin.

Although Mt. McKinley in Alaska reaches up above 20,000 feet, its timber line is low, only 3,000 feet above its base.

Man Shot To Death By Young Brother As Result Of Quarrel

CLAYTON, Nov. 6 (AP) — Wiley Hittson, jr., was shot to death by his younger brother, Charles, Saturday on the family ranch near Des Moines, Sheriff Claude Goodson said.

The sheriff told this story.

Charles was working on a car at the ranch, and became involved in an argument with Wiley. Wiley started to attack Charles with a rake handle, and Charles took a .38 revolver out of the car glove compartment and shot Wiley four times in the chest and side.

Illinois Scientist Discovers New Penicillin Treatment Of Tetanus

By ROBERT N. SCHWARTZ
INS Staff Correspondent

CHICAGO, Nov. 6. —A University of Illinois scientist announced tonight that he has discovered a method of using penicillin to combat the deadly tetanus, better known as lockjaw.

The scientist, Prof. Milan Novak, head of the department of bacteriology at the University of Illinois college of medicine, said penicillin, if combined with procaine, can stop tetanus, fatal in 75 percent of the cases once symptoms develop.

Drug Destroys Spoors

Dr. Novak said it has long been known that penicillin was very effective against the spoors bred by the tetanus bacteria. It is these spoors that produce the deadly tetanus toxin. He explained:

"Although we knew penicillin was useful as a tetanus prophylaxsis (preventative) it could be used only in very special cases because the patient had to be hospitalized and injections given every three hours.

"Penicidllin is a highly soluable acid and is speedily absorbed in the body."

Several years ago, he continued, it was learned that ifg penicillin was combined with procaine, which has the chemical properties of a base, its solubility was slowed and one injection would last for about a week.

Tried On Tetonus

On the basis of this information Dr. Novak decided to try penicillin-procaine as a tetanus preventative.

He used 2,000 mice and infected twko groups with a dose of tetanus spoors more than 100 times stronger than the minimum amount necessary to give the animals tetanus.

One group was treated with the common anti-tetanus serum. All these animals died.

The second batch of mice was treated with penicillin-procaine and only 5 per cent of these animals died.

Although the new treatment has not yet been tried on humans, Dr. Novak is confident that it will work just as it did with the mice.

Serum Has Short Comings

Such a phophylaxsis as penicillin-procaine has long been sought by medical men because the serum currently used has several serious shortcomings:

It is a horse serum and a person who has once taken it can never again take a horse serum for any other disease, such as diptheria; in some cases, even though the dose is adequate, it does not furnish protection; and, finally, on occasion it results in paralysis.

Best protection against tetanus, explained Dr. Novak, is vaccination with anti-tetanus toxoid. This is absolutely foolproof. He said the military forces vaccinated all their men during the war, but the vaccinations have to be renewed every year and most people neglect to have this done.

Public health authorities estimate that some 75 percent of the population in the U. S. is susceptible to tetanus.

The tetanus bacteria are carried in human excretion and go to work producing their death-dealing spoors when they gai nentry into an open wound.

They multiply with incredible rapidity.

Even the most minor wound or cut can be dangerous, Dr. Novak emphasized. He said that another great advantage of penicillin-procaine is that although doctors might hesitate to use anti-tetanus serum on a minor wound, they need have no hesitation or doubt about using the penicillin-procaine.

King George Leads British In Remembrance Day Observation

LONDON, Nov. 6. (AP) — King George VI led the British commonwealth today in observance of Remembrance Day. He carried a huge wreath of poppies to the Cenotaph in Whitehall.

King and people honored the memory of men and women of the services who lost their lives in both world wars in the English equivalent of the American Armistice Day.

The sun shone brightly and there was no sound from thousands massed in Whitehall as the King, in the uniform of an admiral stood at attention for two minutes before the Cenotaph. The moment of silence was observed throughout the commonwealth.

Wreaths were deposited also by Princess Elizabeth, Prime Minister Attlee, wartime Prime Minister Winston Churchill and heads of governmental and service departments. Artillery on the horse guard parade grounds boomed salutes.

The owl cannot move its eyes in their sockets but instead can rotate its head in a large arc of 273 degrees.

Michigan Farmer Is Killed By Bandits

ROMEO, Mich., Nov. 6 (INS)—Two bandits attempting to invade the farm home of 28-year-old George Schmidt in Macomb county Saturday night killed the young farmer and critically wounded his three-year-old daughter.

The child, Mary Ann Schmidt, wast taken to St. Joseph Mercy hospital in Mt. Clemens with a bullet wound in the chest. State police at Romeo said the missile passed dangerously close to the little girl's heart.

The gunmen drove up to the rear of the Schmidt home, told Schmidt it was a stickup and ordered him to open the door. Schmidt refused and they pumped several bullets through the door and fled.

State police said they have "very little to go on," but detectives are working on the case.

Schmidt managed to stagger to a neighbor's home despite his fatal wounds and asked permission to use the telephone. But he died before he could call the state police.

Schmidt's 26-year-old wife, Violet, was in an adjoining room when her husband and their child were felled.

The dying man reached the home of the neighbor, Arnold Tipton, just as Tipton and his wife were about to leave to investigate the shots.

They opened the door and Schmidt fell through the doorway. He died 20 minutes before an ambulance from Utica, four miles away, arrived.

State Police Captain Lawrence Meehan said he could see no reason why the Schmidt's, an average-income family, should be the target of bandit-killers.

The City of Dublin has approved a $12,000,000 house-building plan.

Waco Firm Awarded Contract For 40,000 Seat Stadium

AUSTIN, Nov. 6. (AP)—Directors of the Baylor Stadium corporation here Saturday awarded the contract for a 40,000 seat football stadium for Baylor university in Waco to the Swigert construction company of Waco at a cost of $990,428.

The Swigert firm also was awarded the site improvement contract for $136,760 and the plumbing contract for $52,766.

Award of the electrical contract was deferred to a later date.

There were 12 bids offered on the general contract.

Presiding at the meeting was Robert B. Dupree, president of the First National Bank of Waco and chairman of the Baylor stadium corporation.

India will aid a firm to make a new-type tractor using kerosene and selling for about one-half the price of imported tractors.

Exemption Figure On Goods From Mexico Raised To $500

MEXICO CITY, Nov. 6. (U.P) — American tourists now can take home up to $500 (U.S.) worth of Mexican goods without paying duties.

The U. S. embassy here announced Friday night that "basic exemption figures" have been raised for tourists.

Americans returning to the United States through Texas, Arizona and New mexico border towns can take $200 worth of Mexican goods through customs after a visit of "even less" than 24 hours, the embassy said. Those going through California ports of entry must stay in Mexico 24 hours to be eligible for the exemption.

The exemption figure is raised to $500 after a 12 day visit to Mexico.

The embassy said the regulations are even now in effect.

Lovington Justice Refuses To Bind Hobbs Man To Trial

LOVINGTON, N. M., Nov. 6. (INS) —Lovington Peace Justice Sidney Reeves Saturday refused to bind over for district court trial Hobbs Police Chief Wicker Kerley.

Kerley had been charged with perjury by a Lea county grand jury.

The peace justice declared the evidence insufficient to hold the police chief for trial.
