Soil Stewardship Week Events Set

Soil Stewardship Week has been proclaimed for this county May 11-18 by County Judge Elmer Martin with the Soil and Water Conservation District to sponsor its observance.

Two special programs will highlight Soil Stewardship Week here.

Friday, the three noon-hour civic clubs will have a joint meeting in Civic House at 12 noon.

Kiwanis Club, Jaycees, and the Noon Lions Club will lunch together to see a Soil Stewardship film.

Also on the program will be formal presentation of the Outstanding Conservation Award for Mitchell County Soil and Water Conservation District, for 1968.

The award will go to Jimmy Maddox, large scale rancher in Mitchell and Nolan Counties, cattleman, and sheep raiser.

Dr. W. J. (Dub) Waldrip will serve as master of cermonies for the three-club event.

A program set for Thursday at noon at the Villa Inn Restaurant will have as guests members of the Ministerial Alliance for Mitchell County.

Speaker will be the Rev. Cecil Tune, pastor of the First United Methodist Church in Loraine, and president of the Ministerial Alliance.

The Soil Stewardship film strip will also be shown to ministers present, said Don Hodges of the Soil Conservation Office here.

Mitchell SWCD has been distributed to churches of all faiths bulletins and booklets concerning this year's observance, Hodges said.

Theme for the week is "Confronting the Issues" with emphasis on man's responsibility to God as stewards of the soil, water, and other related natural resources.

"Conservation is the preservation of our natural resources for food, fiber, economical use and for the preservation of the American way of life," said the proclamation by Judge Martin.

Governor Preston Smith has also proclaimed the week as Soil Stewardship Week throughout Texas.

Governor Smith's proclamation began with the Biblical quotation "The earth is the Lord's and all things there in," and noted that "all people are dependent upon our soil and water resources for their livelihood. . .We cannot afford the loss of land, waste and pollution of water and other abuses to our natural resources."

Cost Sharing ACP

Practices Help Soil

"Practices encouraged by the Agricultural Conservation Program helped to improve and conserve soil and water resources on about 350 farms in Mitchell County in 1968," Curtis E. Latimer, Chairman of the Agricultural Stablization and Conservation County Committee, said Saturday.

Each year, throughout the country, about a million farms take part in ACP and well over 2 million different farms participate in 4 or 5 years, he added.

Under the Agricultural Conservation Program last year, conservation measures on Mitchell County farms represented a total investment of around $105,000.00.

Cost-sharing under ACP for about half this amount, and farmers matched the public investment with their own resources.

On permanent practices cost shares amounted to $31,955 and $20,397 was paid on recurring practices. Since similar investments were made through ACP and by farmers in all of the Nation's agricultural counties, the people of America benefited from close to a half-billion dollars' worth of ACP conservation work, said Latimer.

The ACP for 1969 — the 34th program year — is now well underway, and most farmers who intend carrying out needed conservation measures on their farms this year have already arranged for ACP cost-sharing to help expand soil, water, and wildlife conservation work.

Being carried out on participating farms in Mitchell County are the establishment of a permanent vegetative cover for soil protection or as a needed land-use adjustment; and the improvement of an established vegetative cover for soil or watershed protection.

Controlling of competitive shrubs on range or pasture by bulldozer, shredder or chain, root plowing, kerosene, diesel fuel or chemicals and control of prickley pear by grubbing or spraying, and control of mesquite by aerial spray are other practices in progress.

Under the ACP cost-share program, chiseling or pitting noncrop grazing land to prevent soil loss and improve water penetration; constructing dams for stock water; pipelines for stock water, and establishing permanent sod waterways are other important phases.

Permanent fences, construction of diversion terraces, and reorganizing farm irrigation systems are also carried on on participating farms and ranches in the county.

"Subject Was Roses"

In a tensely dramatic moment, Patricia Neal is about to smash a vase of roses which she mistakenly believed had been bought for her by her husband, Jack Albertson. The scene is from "The Subject Was Roses" which begins Sunday (Today) at Palace Theatre.

Miss Neal Stars in Palace Film

Film version of Frank D. Gilroy's play, "The Subject Was Roses", which won the Pulitzer Prize begins Sunday (today) at Palace Theatre.

The film marks Patricia Neal's first appearance on the screen since winning her Oscar for her work in "Hud".

Jack Albertson portrays the father of the Cleary family and Martin Sheen is Timmy, the son who returns home after three years in the Army during World War II to find that things are not the same.

Timmy's welcome home starts off with a bang with a gala night club tour of the town with his parents, but disillusionment soon sets in when he becomes aware of the discord between John and Nettie Cleary.

Timmy at first tries to make peace between his parents without siding with either, but gradually comes to feel that Nettie has inveigled him into joining her in ganging up on John.

HAPPY Mother's Day, all you other mothers!

Maybe we'd all better celebrate the day in some very special way while it's still part of our heritage, because NOW (National Organization for Women) intends to put an end to Mother's Day observance.

Members of NOW are the same gals who staged sit-ins at New York City bars restricted to men only rules. NOW members are bound and determined to fight for equal rights for women.

Get a bunch of women organized and anything can happen. A ban on Mother's Day to make women (mothers) equal to men (daddies) strikes my funnybone to the ridiculous point, but let's all celebrate while we can!

* * *

NOTE with great glee that NOW lost a staunch supporter when NOW president Betty Friedan announced her proposal to ban Mother's Day.

Representative Martha Griffiths, Michigan Democrat and one of 11 National Congresswomen to bless NOW, walked out. She got up and left the speaker's table at a press conference for NOW in Washington, D. C., goodie.

Martha Griffiths seems to be more interested in legislation to give women the same benefits as men. . .Social Security laws, pension plans, insurance rules and so on.

* * *

SO BLESS the congresswoman named Martha Griffiths. She makes better sense than this Betty Friedan NOW president, who would do away with flowers, candy, gifts, and pretty cards for all us po' little mothers.

There are, certainly, some restrictions on the feminine sex — many of them peculiar to Texas, we might as well admit right here.

But what a ban on Mother's Day would accomplish in the way of equal pay for women and equal laws, is not quite clear to this reader.

* * *

NEXT thing you know, NOW will tackle Father's Day. . . Birthdays. . .Anniversaries. . .senior proms. . .church night suppers. . .and Valentines.

What a dreary world it would be if nobody ever celebrated anything!

Some of us mothers are natural born celebrators. Some of us like to celebrate everything from the first day of spring to the last car payment.

Betty Friedan, author of that thing "The Feminine Mystique," may not know it but even Congress would be hard put if they ever try to legislate love.

WE'RE GOING TO DO IT LIKE YOU SAID!

Thanks For Telling Us How To Channel Our Cable TV . . .

We asked you, our Abel Cable TV viewers, which TV Channels you liked the best and you told us. And, Frontier Electronics is channeling your Cable TV just as you suggested.

KMID-TV (CHANNEL 2, MIDLAND) WILL BE THE REGULAR CHANNEL 2 SPOT ON YOUR CABLE TV DIAL. THE RECEPTION IS BETTER, YOU SAID, THAN KRBC-TV (CHANNEL 9, ABILENE), THE ALTERNATE CHOICE.

However, when weather conditions interfere with KMID-TV (Midland) reception on our Cable TV and reception is better from KRBC-TV (Abilene), then Abel Cable will switch to KRBC-TV. This will provide the best possible NBC television at all times for Cable TV viewers.

ALL OTHER CABLE TV CHANNELS WILL REMAIN THE SAME, BRINGING YOU THE VARIETY OF ABC, CBS, EDUCATIONAL PROGRAMMING IN ADDITION TO NBC.

Frontier Electronics expresses sincere thanks for you, our Cable TV viewers, for heeding our request and telling us your ideas for keeping our TV viewing the best possible. Thanks again for all your letters, phone calls and personal visits.

VERDANT GEMS

Perhaps because it's spring, my thoughts turn to some of the lovely green gems that are found in our mineral world. Besides the emerald – the most valuable of green jewels – we have the very attractive peridot, green tourmaline, and demantoid garnet. One other green gemstone is chrysoprase, which is often seen today carbed in leaves or shaped in beads for necklaces. I could also mention jade, but that is another article in itself.

Many may be surpirsed to find that the garnet family has a lovely green member – the demantoid garnet – which closely resembles an emerald in color and translucency. These gems are rather rare, yet relatively inexpensive when you consider that they are both scarce and beautiful. They are suitable for rings or pins, and for either men's or women's jewelry.

The peridot, which is a yellow-green, brilliant gemstone, is sometimes referred to as "olivine" or "evening emerald." It combines well with diamonds, and makes a lovely cocktail ring or pendant. Green tourmaline is another jewel that closely resembles the finest quality of emerald. It is a deeper green that the peridot, and works extremely well in all types of jewelry. While most popular in Europe, tourmaline is not seen as often here. I have always thought this was a great shame since it is a lovely stone, available in larger sizes, and one that takes a good cut. It is also less expensive than the other verdant gems I mentioned, and an excellent choice for one who wants a lovely green jewel to sparkle brightly on her hand.

Webb AFB Plans Big Celebration

Two military drum and bugle corps are among the 23 units scheduled to participate in the 1969 Big Spring Webb AFB Armed Forces Day parade which begins at 10 a. m. Saturday, May 17.

The parade, the first held in conjunction with Webb's Armed Forces Day celebration in several years, also includes three marching bands, a sheriff's posse, antique automobiles, boy scouts, beauty queens, the Youth Horseman Club and other participating units.

Drum and bugle corps are coming from Goodfellow and Sheppard AFBs. Both are volunteer organizations who are adept at performing in many Texas city and county civic functions.

The corps has participated in the Miss Wool of America Pageant in San Angelo, college homecoming parades in San Angelo and Lubbock, and other Armed Forces Day parades. Also, it has played at historical celebrations, rodeos, county fairs and Christmas parades in San Angelo, Lubbock, Colorado City, Ozona, Brownwood, Midland, Abilene, Junction, Merkel, Carlsbad, Ballinger and Coleman.

The two groups, in addition to participating in the morning parade, will play during Webb's afternoon air show at the base, beginning at 1 p. m. next Saturday.
