

THE FLOYD COUNTY HESPERIAN

VOLUME 35

FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, FEBRUARY 14, 1929.

NUMBER 51

Road District Election Petition Refused Following Hearing Monday

Vigorous Protest Registered by Large Delegation of Land Owners.

So vigorous and unanimous was the protest of a large delegation of property owners in the section of the county affected by the proposed road district along the new line of the Fort Worth & Denver, against the proposal to create a road district and vote bonds for the improvement of the highway, that commissioners Tuesday afternoon late voted unanimously not to pass the order for a vote on the road district, recently petitioned for by property owners.

Baker Presents Argument

Argument in favor of the creation of the proposed road district was presented by Artie Baker, who with H. B. Adams and others were named on a committee from those favoring the proposal, to present the matter to the court. Maps of the proposed route, together with the line callings of the road district proposed to be created, were presented by Mr. Baker, together with evidence indicating the interest of the Highway Department in the new route, which would be designated as a state highway as soon as put up to specifications. The proposal of Mr. Baker's committee contemplated the expenditure of approximately \$15,000 and would have opened up a northeast and southeast route that would prove instantly popular with the traveling public and add greatly to the convenience of the section involved, he pointed out.

At the same time Mr. Baker presented an alternate proposal, if the court refused to permit the election to be held, by which the road would be opened by the issuance of warrants against the county road and bridge fund, the amount necessary to meet interest and sinking fund to be assessed against the funds each year of Commissioners' Precinct Two. Much time and effort toward getting the plan in shape to be submitted had been expended. The petition presented bore more than the required number of names.

Speak Against Plan

Early in the morning Tuesday opponents of the proposal residing in the strip of country proposed to be included in the road district, began to arrive to attend the hearing, and when the matter was called up by the court in the afternoon, the seating capacity of the court room was taken up with men standing around the wall. 100 to 125 persons were present, with only a few of them on-lookers. Among those who spoke against the plan were W. M. Massie, of this city, who owns land in the proposed district, R. L. McLaughlin, who owns land in the proposed district, and W. B. Hatchett, who resides in the district and would have had a vote in the election.

Mr. McLaughlin insisted that the construction of highways should be accomplished with a gasoline tax, that the people who used the highways would then pay the bill and not the real property.

Mr. Hatchett's talk was also in opposition to the proposal, his expressed belief being that tax indebtedness against property should not be increased under present conditions.

Mr. Massie's arguments followed the lines on which he has been basing his arguments against highway proposals of the past two years—that the tax burden is getting too great for the land to carry, and that the highways are not worth the money they cost. He also injected feeling against "these little

Chamber of Commerce Officers To Be Named at Meeting Tuesday Night

The business men of Floydada who are to guide the destinies of the Floydada Chamber of Commerce for the year 1929 will be selected next Tuesday evening when the annual membership meeting is held in the County Court room, beginning at 7:30. Officers who are to be elected are a president and a vice-president. Five directors for the year will also be named.

"We especially urge that every member of the organization plan to be present at this time and be prepared to cast your vote for men whom you know are qualified to act as officers and directors," President Frank Moore said, "And suggest that before the meeting you secure the consent of those men to act. Special emphasis should be laid on the fact that the positions require some time, careful consideration of various problems and an earnest desire to serve the community. The present Board has served you for two full years and we believe that we should step aside for the coming year."

This week the membership of the Chamber of Commerce will receive

New Martin Store Adds Prestige To Floydada

Low Temperature Opening Day Reduces Crowd To View Elaborate Institution.

The new Martin Dry Goods Company department store, which adds materially to the prestige of the retail business interests in Floydada, was formally gotten under way last Friday afternoon and night, when the store personnel received visitors from two in the afternoon until nine o'clock at night and although inclement weather cut down the expected two thousand or more visitors to less than half of that number, the lack of numbers was made up for in a measure by the warm appreciation expressed by those who did attend for the new establishment. For completeness in arrangement and detail the new store, visitors found, is not excelled in this section.

J. G. and Claude Martin, proprietors, were assisted in showing visitors over the building by the members of the sales force in various departments.

Mrs. J. T. Howard and Mrs. E. Ray Smith presided at the refreshment counter, where coffee and cakes were served. The afternoon and evening were given over to visiting and inspection at the store, no merchandising being done.

Dirt Work At Blanco Nears Set Grade Level

Work of moving the rock and dirt on the north side of the Blanco Canyon Crossing at Section 12 on the Falls-Floydada Highway, is nearing completion, although no work has been done on the job by J. M. Gambin and his crew since the earlier part of last week. Cold weather has been the cause of the delay. After the Fresno work is done, there will be some grading machine work necessary to change the road from its present routing to the hill over to the new route. This change will not be made for some time yet, however, on account of the necessity to await better weather for the concrete abutments to be put in at the foot of the hill.

A maximum grade of seven per cent with a curvature of only four per cent is expected to be attained in the finished job.

C. Snodgrass Residence Burned Tuesday P. M.

Entailing a loss probably in excess of \$5,000, the residence of C. Snodgrass was destroyed by fire Tuesday shortly after noon, and considerable loss and damage was also done to the household furniture and effects of the family. No insurance was carried on the house or household goods.

Mr. and Mrs. L. L. Collins, who had rooms in the Snodgrass residence also lost practically all their furniture and clothing in the fire.

Mr. Snodgrass, who had been confined to his bed for sometime, rested as well as usual Tuesday night and Wednesday following the fire, although he got out of bed and worked to help extinguish the flames.

January Postal Gain 23 Per Cent Over 1928

Postal receipts of Floydada continue to show a steady gain, the January figures for 1929 showing an increase over the same month last year of better than 20 per cent.

In January of 1928 the income at the office was \$1532.85, this year it was \$1879.95, an increase of \$347.10, Postmaster Starks said.

Chamber of Commerce Officers To Be Named at Meeting Tuesday Night

The business men of Floydada who are to guide the destinies of the Floydada Chamber of Commerce for the year 1929 will be selected next Tuesday evening when the annual membership meeting is held in the County Court room, beginning at 7:30. Officers who are to be elected are a president and a vice-president. Five directors for the year will also be named.

"We especially urge that every member of the organization plan to be present at this time and be prepared to cast your vote for men whom you know are qualified to act as officers and directors," President Frank Moore said, "And suggest that before the meeting you secure the consent of those men to act. Special emphasis should be laid on the fact that the positions require some time, careful consideration of various problems and an earnest desire to serve the community. The present Board has served you for two full years and we believe that we should step aside for the coming year."

This week the membership of the Chamber of Commerce will receive

C. Of C. Banquet Plans Are Being Formulated

350 Visitors Expected to be Present to "Break Bread" With Members February 22

Three hundred and fifty visitors from the rural communities and neighboring towns will be the guests of some 200 citizens of Floydada on Friday evening, February 22, when the annual banquet of the Floydada Chamber of Commerce is held in the spacious gymnasium of the Andrews Ward School. Of this number of visitors there will be approximately 200 from the various rural communities of Floyd County who will "break bread" with the Floydada people on this occasion.

Continuing their splendid policy of hearty co-operation with all progressive movements the members of the home demonstration clubs of the county have announced that the food for the banquet will be furnished to the Chamber of Commerce by them without cost. Not to be outdone by this spirit of friendliness the ladies of the different organizations in the city have announced that their service in furnishing the silverware, dishes and other materials, as well as serving the banquet, will be without cost to the organization.

The program for the event, although not yet completed, will be under the able direction of Lon M. Davis, Master of Ceremonies. The program committee, composed of J. G. Wood, Chairman, E. L. Norman and W. L. Fry, state that the program will begin at 7:00 p. m. This hour may be considered rather early for many but in the opinion of the committee it is best that the program start at this time and be completed as early as possible in order to give the visitors time to return to their homes before a late hour.

Captains of the service for the banquet are Mesdames G. A. Linder, W. I. Cannaday, S. W. Ross, O. P. Rutledge and J. B. Jenkins. Each captain has selected a number of the ladies in the city to assist them and the promise that this will be the best served and largest banquet ever held in Floydada is made.

"The leaders of the home demonstration clubs of the county are enthusiastic over the banquet and you may count on them responding in their usual manner," Miss Bass said, "And the indications of interest manifested by those with whom I have talked would fully convince the business men of Floydada that this group of women are anxious to take part in the event."

Tickets for the banquet will go on sale Saturday and only 200 will be offered to Chamber of Commerce members. The sale of these tickets will be under the charge of G. C. Tubbs, T. P. Collins, R. E. Fry, J. C. Wester and J. C. Gilliam. An admission of one dollar will be charged the members.

JEFF PRICE INJURED IN ACCIDENT THURSDAY NIGHT

Jeff Price is in the local sanitarium recovering from a fractured leg and minor injuries which he sustained when a car in which he was riding was turned over seven miles northeast of Floydada last Thursday night.

The car was driven by Joe Browning and the two boys were going north when the lane ended in one running east and west. They failed to see the sharp turn in time to take it and the car hurled over a ditch and a fence into a field. Browning received only minor injuries. The car was wrecked. Jeff is the son of Mrs. P. V. Price.

FLOWERS FOR OPENINGS FROM THE FLOYDADA GREEN HOUSE

In the openings of the Quannah, Acme & Pacific Railway Company's new station and the new Martin Dry Goods Store, bouquets of flowers in profusion from friends and well-wishers were much in evidence. This particular feature of the affairs, adding greatly to their enjoyment, was made possible through another growing institution in Floydada—Hollums, Floydada Florist. Some of the baskets of flowers at the openings were elaborate affairs, pink and red carnations being the prevailing blossoms in evidence.

REMODELING STARTED FOR C. E. STONE STORE HERE

Remodeling work on the Masonic Temple Building on the west side of the square started on Wednesday, of last week, preparatory to the occupancy of the building by the C. E. Stone Company, chain stores. Opening date for the new firm will probably be announced next week, it was stated by managers in charge.

J. O. Harris, of Lockney, will be manager of the Floydada store. Mr. Harris is a grandson of Mr. and Mrs. J. H. Shurbert, of this city.

The C. E. Stone Company has a chain of more than forty stores in Texas. The Floydada store is one of a large number which will be opened during the coming year.

BAND TO PRESENT MUSICAL COMEDY "ROSE TIME" FEB. 26

"Rose Time," a musical comedy, will be presented at the high school auditorium Tuesday evening, February 26, by the Floydada Municipal Band.

The cast will consist of local players and rehearsals will begin Saturday from Atlanta, Ga.

Mayor, Council Hosts To Citizens Tonight

Housewarming For New City Hall And Fire Station 4 to 8 O'clock.

This afternoon and evening, from 4 to 8 o'clock Mayor W. D. Smith, members of the council and other officials of the city will play hosts to the citizens and taxpayers at a housewarming and inspection of the new home of the city, where the office of the city, where hall and other departments of the city are now housed.

A committee of the council, composed of Frank L. Moore, J. M. Willson and B. K. Barker, made the plans for the formal opening of the new quarters, of which the council feels proud, and which they are anxious for all the citizens to view.

Engineer Geo. A. Linder and Contractor H. E. Cannaday, are expected to be present on the occasion.

"We think the new station is one of the prettiest architecturally and one of the most complete for utility purposes and the public is going to be pleased with it," Frank L. Moore of the committee of the council said when the announcement was made. "We have spent the people's money here for a building and equipment that most of them will never go to the trouble to look over unless we make it a special occasion, which is the reason we have planned the affair."

An orchestra from the Floydada Municipal Band, with Director A. L. Lundgren as leader, will furnish music for the event, and the ladies of the Nineteen-Two Study Club will serve refreshments. There will be no formal program.

Odd Fellows Install Officers Tues. Night

Officers of Floydada Lodge No. 34, I. O. F., will be installed at a meeting to be held beginning at 7 o'clock Tuesday night of next week at the lodge home southeast corner of the square. The opening session at 7 will dispose of the regular routine of business, following which the installation ceremonies will be observed, and after the installation coffee and sandwiches will be served.

The new officers of the lodge, to be installed Tuesday night are E. Nichols, Noble Grand; S. E. Thurman, Vice Grand; Price Scott, Chaplain; Bailey Green, Secretary; Price Scott, Treasurer; C. M. Stephenson, W. A. Gound and Lon M. Davis, Trustees.

Appointive officers of the lodge for the year are yet to be named.

Many Thousand Attend Funeral For Tom Ross

A crowd numbering probably three thousand attended the funeral Tuesday of this week at Lovington, New Mexico, of Tom Ross, whose remains reached Texas Sunday night. The funeral service was a double funeral, Clay McGonigal, an old friend of Ross, being buried at the same time in the same cemetery. McGonigal had died in a sanitarium at Roswell.

Ross' age was 59. He was born in Mississippi and came west as a youth, changing his name from Hill Loftus to Tom Ross. During his absence in Montana, following his escape from the Texas penitentiary, Ross went by the name of Charles Gannon. He is said to have committed suicide in that state last week.

He is survived by his wife and one daughter.

C. B. DAVIS IS VICTIM OF DOUBLE PNEUMONIA

Carl E. Davis, 36, died in the local sanitarium Monday, February 11 of double pneumonia. Funeral services were held at the Nazarene church Monday, Rev. C. E. Hage-mer conducting, and the body was shipped to Duncan, Oklahoma, for burial.

The deceased was a resident of Lakeview community, having moved there about one month ago from Duncan, Oklahoma. He had been in poor health for several years.

Scout Jamboree Near Liverpool July 31st

At least 30,000 Boy Scouts, including one from each scout area in the world, are expected at the big Boy Scout Jamboree at Arrowe Park near Liverpool, England, which opens on July 31 and continues through to August 13.

In addition to the fun and study at the Jamboree proper, a number of side trips will be available to the lucky boys who get to attend the gathering. The expense of the trip from New York City and return is \$155, and the boy would be out 75 cents a day while in the encampment.

W. A. Gound, one of the local Scout Masters, says the trip is going to be a great thing for the fortunate boys who attend.

SNOW AND LOW TEMPERATURE MAKE REAL WINTER

Two or three inches of snow, the first this season, fell here last Thursday and Friday and the mercury dropped Friday night to 5 degrees above zero, the lowest temperature for the year. Saturday and Sunday were warmer and the sun was shining but the temperature was 12 degrees Saturday night and 7 Sunday night. Weather was normal the remainder of the week.

Slick streets and roads made traveling dangerous, although few accidents were reported.

JNO. W. GROVES DEAD

Mrs. O. T. Williams and her brother, G. P. Groves left at 2:30 Wednesday morning for Olney, Texas, where they went to attend the funeral of their uncle, Jno. W. Groves. Mr. Groves died Tuesday afternoon at 6:30 at the age of 75.

110th Judicial District Created By Bill Signed Monday by Moody

Bain Named Judge and Folley District Attorney Wednesday.

Approval of the bill creating the One Hundred and Tenth Judicial District, composed of Floyd, Briscoe, Motley and Dickens Counties, was given by Governor Dan Moody Monday, and Wednesday it was announced from his office that he had appointed Kenneth Bain and A. J. Folley, both of this city, as judge and district attorney respectively. The bill is effective at once and it is probable that the two officials will receive their commissions and be sworn in this week.

First Court at Matador

The first session of the new court will be convened on the fourth day of March at Matador, and it will be in session for the first time in regular session in Floydada on the twentieth of May. All cases in the respective counties which had been set for dates to conform to the itinerary of the courts in the old districts in which they were located are validated for the new dates of the 110th District in the law which passed the legislature last week and was given to governor's okay this week, all processes of service thus being maintained without the loss of time or expense on the part of litigants.

The bill which has thus become a law was introduced in the first week of the sessions of the Legislature. It was introduced first in the senate by Senators Small and Parrish. A committee of members of the bar from the counties, proposed to be affected visited the capitol and went over the measure with the two senators. As at first framed the bill included Crosby County in the new district and attorneys of Lubbock immediately announced their determination to fight the measure. As a compromise Crosby County was left in the Lubbock District and the bill was given support from that quarter with the result that there was no opposition in the legislature against it, no objection being raised by the bar in the Sixty-Fourth District nor in the Fiftieth District. Floyd and Briscoe were taken from the Sixty-Fourth and Motley and Dickens from the Fiftieth.

Bain Native Son

Kenneth Bain, the new judge, has resided within the confines of the district since the days of his youth. Reared at Silverton, he completed high school work there. He is a graduate of Clarendon College and finished his law course at the University of Texas. He began the practice of law twenty years ago at Silverton and has practiced in the district ever since, moving to Floydada twelve years ago. He is 41 years of age. He was married to Miss Lucy Stevenson daughter of a pioneer Briscoe-County family, in 1910, and has two children, a daughter and son. T. S. Stevenson, of this city, is a brother-in-law. In point of service, Bain is second oldest practicing attorney in the District.

A. J. Folley will be one of the youngest district attorneys in this section of the state. He was reared at Mart, Texas, finished his academic and law work at Baylor University. He has been engaged in the practice of law here for the past four years as a member of the firm of Mathews & Folley. He is 33 years old.

Need for the new district was created by the development of this section in the past few years. Economic administration of the judicial affairs of Floyd and Briscoe Counties demanded the assignment of more time for court as each.

In Dickens and Motley Counties, while more time for court was also desirable, the greatest inconvenience to attorneys, litigants and officials was occasioned by the long distances necessary to travel. Baylor County, with Seymour as the county seat, was in the same district with these counties, and the district judge resides there and has since the establishment of the district.

Approval of the bill creating the One Hundred and Tenth Judicial District, composed of Floyd, Briscoe, Motley and Dickens Counties, was given by Governor Dan Moody Monday, and Wednesday it was announced from his office that he had appointed Kenneth Bain and A. J. Folley, both of this city, as judge and district attorney respectively. The bill is effective at once and it is probable that the two officials will receive their commissions and be sworn in this week.

SNOW AND LOW TEMPERATURE MAKE REAL WINTER

Two or three inches of snow, the first this season, fell here last Thursday and Friday and the mercury dropped Friday night to 5 degrees above zero, the lowest temperature for the year. Saturday and Sunday were warmer and the sun was shining but the temperature was 12 degrees Saturday night and 7 Sunday night. Weather was normal the remainder of the week.

Slick streets and roads made traveling dangerous, although few accidents were reported.

JNO. W. GROVES DEAD

Mrs. O. T. Williams and her brother, G. P. Groves left at 2:30 Wednesday morning for Olney, Texas, where they went to attend the funeral of their uncle, Jno. W. Groves. Mr. Groves died Tuesday afternoon at 6:30 at the age of 75.

Father-Sons Banquet Of F. F. T. Tonight

Dr. Paul W. Horn to Address Members of Vocational Class and Their Fathers.

"Future Farmers of Texas" club, members of the Floydada High School Vocational Agriculture Classes, will sponsor a Father and Son banquet this Thursday evening at the First Baptist Church building. Mothers of the club members will serve the banquet to the boys and their fathers. Plans are to serve approximately 125 plates at the feed.

Dr. Paul W. Horn, of Texas Tech at Lubbock, will make the main address of the evening. His subject will be "Farmers of Tomorrow." Joe Smith, member of the class, will act as toastmaster, and the following program has been outlined by P. T. Williams, class instructor; piano solo, Lois Sitton; song, high school sextette; introduction of guests, Orval Moore, club sergeant-at-arms; welcome address, Superintendent W. E. Patty; response, E. C. King; address, "Vocational training," Kenneth Bain; talk, "My Project," Martin True; talk, "The F. F. T. Movement," O. T. Williams and talk, "Things we have learned," Elvin Rainer. Visitors will be called upon for one minute talks, Mr. Williams stated.

The baked chicken dinner will be served at 7:30 o'clock, it is planned.

Floyd Co. Natl. Again Depository For County

The Floyd County National Bank of this city was named depository for the funds of Floyd County for another year at the regular session of the Commissioners' Court Monday morning.

Their bid was two per cent on daily net balances, interest payable every thirty days, on all county and county school funds. This was an increase of one-half of one per cent over their bid of last year, when they paid one and a half per cent on daily balances. No other bids were submitted.

Lundgren Elected To Direct Band For 1929

Prof. A. L. Lundgren was elected director of the Floydada Municipal Band for the third consecutive year last Tuesday evening by the band membership at the regular practice hour. Prof. Lundgren during the past two years, has given many of the band members their first lesson on band instruments, and under his supervision, the organization has grown to a large membership and has attracted widespread attention over this territory. The director accepted the position.

At the beginning of the new year, the band also elected their Board of Directors. The same board was elected, with the exception of C. M. Wilson, who is moving from this city. The board of directors is composed of Ed Bishop, Burl Bedford, J. C. Wester, Tom Goslee and Le Roy McDonald.

Plans were made to give Sunday afternoon concerts each Sunday at 2:30 o'clock, weather permitting. The concerts will be held at the band stand at the northwest corner of the court house square.

REMODELING GLAD'S STORE

The front of the store of Glad Snodgrass, gents' furnisher, is being remodeled this week, the windows being re-arranged and made deeper for greater display capacity, and the interior finish changed and brightened up.

Mr. Snodgrass reached home Tuesday of this week from a buying trip to Chicago for his store.

Floydada Station of Quannah Line Inspected By Hundreds At Opening

Floydada station of the Quannah Route—a plant which cost in excess of \$50,000—was formally opened to the public Monday afternoon of this week with Agent Robt. Medlen and other officials of the line acting as hosts, and several hundred, probably a thousand, persons enjoyed the hospitality of the railway company, inspected their plant and the fine new passenger train, "The Plainsman."

As the stream of visitors poured into the building for more than two hours, they made the tour of inspection and stopped in the business office where, as they passed through they were served coffee and cakes, with the ladies of the Nineteen-Two Study Club in charge of the service.

Among Quannah Route officials present were vice-President A. F. Sommer, G. E. Hamilton, general attorney, W. H. Crawford, terminal agent, A. R. Turner, master mechanic, B. F. Wiley, roadmaster, W. L. Richardson, general agent, and J. R. Meacham, agent of the company at Matador. Vice-president

MARCH DATES SET FOR SCHOOL MEETS

Floydada to Entertain County Schools Over Two Week-Ends.

March 15 and 16 are the dates set for a preliminary meeting of the Floyd County Interscholastic League, preceding the final meet on March 29 and 30, both meets to be held in Floydada, it was decided Saturday of last week when directors of the county organization met at the County Court Room. The preliminary meet will be held for the elimination of Class B and Rural School Contestants and the final meet to decide county representatives among Class A representatives and the winners of the preliminary meet.

Four Days Necessary

Because of the increase in scholastics and the increasing number of Class B and Rural Schools entering the County League, the directors have found it necessary to hold the annual school meet over two week-ends this year. All Class B and Rural schools will compete in the preliminary meet on March 15 and 16 and the winners of this meet will compete with Class A representatives on March 29 and 30. It was explained by Director General W. D. Biggers, of Lockney, "The County Organization has grown so rapidly during the past few years that it will be almost impossible to hold the entire meet in two days, and under our new plan it will be much easier on the contestants as well as the officials" he said. It will also be easier to determine Class B championships of the county, he stated.

Among other changes made by the directors last week, was the decision to have five judges in charge of the final meet, whereas only three have judged the meet heretofore. Three of the judges will handle the literary events, one for the tennis and one for play ground ball, it was decided. Five judges will be invited from the West Texas State Teachers' College at Canyon. Mr. Lockhart, who will be one of the judges invited to hold the meet, will be asked to head the list of officials in all athletic events.

Three judges will be selected from out of the county to hold the preliminary meeting on Friday and Saturday, March 15 and 16. The judges will be from Wayland College at Plainview, it was decided.

The "My Home Town" contest sponsored by the Floydada Chamber of Commerce, and the L. G. Mathews Oral Spelling Contest will again be conducted by the League during the meet, according to a unanimous decision by the directors while in meeting. It was also decided that two additional events be added to the program, declamation and story telling for Sub-Juniors. Rules and regulations for junior play-ground ball were submitted by W. D. Biggers, and accepted by the committee, also.

Work in practically every school in the county has already started preparatory to the county meet, and present indications are that this year's county meeting will be more hotly contested than ever before. Supt. Biggers is predicting larger attendance this year at both meets than ever before.

LEAVE FOR MARKET

J. G. Martin, buyer for the Martin Dry Goods Company, left the latter part of last week for market, being accompanied as far as Fort Worth by Roy Eubank of the shoe department, where they attended the National Retail Shoe Dealers' Convention.

Before his return, Mr. Martin will visit a number of the larger markets including St. Louis, Cincinnati and New York City.

Floydada Station of Quannah Line Inspected By Hundreds At Opening

Floydada station of the Quannah Route—a plant which cost in excess of \$50,000—was formally opened to the public Monday afternoon of this week with Agent Robt. Medlen and other officials of the line acting as hosts, and several hundred, probably a thousand, persons enjoyed the hospitality of the railway company, inspected their plant and the fine new passenger train, "The Plainsman."

As the stream of visitors poured into the building for more than two hours, they made the tour of inspection and stopped in the business office where, as they passed through they were served coffee and cakes, with the ladies of the Nineteen-Two Study Club in charge of the service.

Among Quannah Route officials present were vice-President A. F. Sommer, G. E. Hamilton, general attorney, W. H. Crawford, terminal agent, A. R. Turner, master mechanic, B. F. Wiley, roadmaster, W. L. Richardson, general agent, and J. R. Meacham, agent of the company at Matador. Vice-president

Sommer was accompanied by his wife and his mother, Mrs. A. L. Sommer, the latter of Galveston. The president of the line, Chas. H. Sommer of St. Louis, was unable to be present, he advised Frank L. Moore, president of the Chamber of Commerce, in a telegram at noon Monday, expressing his regrets. Mr. Sommer is mightily appreciative of the cordiality which has marked the reception of his company here and so expressed himself in the telegram, Mr. Moore said.

The new station, begun early last summer, is probably the most elaborately constructed building of a similar nature in this section. In addition to its arrangement for utility in the service of the patrons of the line, the building is also one of much beauty architecturally, inside and out, and the officials of the line were recipients of flattering comment from a large proportion of the visitors.

J. M. Wilson was the purchaser of the first ticket sold from the new offices of the company here. He bought a ticket to Fort Worth.

HOOVER'S FIRST BLUNDER

It is to be hoped that President-
elect Hoover does not carry into
the high office with which he has
been honored, the arbitrary manner
in which it develops he handled his
good will trip through South Amer-
ica. Undoubtedly the trip was the
thought of a master, and so far
as is known it had only one un-
savory feature. The engineer-mind-
ed man, passenger on a govern-
ment-owned man of war, set up a
censorship on the reports which
trained newspaper reporters were
allowed to send out to their news-
papers. The censorship was made
real and effective, these reporters
declare. For instance, a gigantic
"war problem" was being worked out
by the navy at about that time off
the coast of South America. There
was quite a "throw back" in South
American countries about the Good
Will ship being sent out on a visit
while our country's navy moved in
at about the same time and began
demonstrating their superior fight-
ing craft. We hardly heard of it back
home, although the reporters are
said to have filed plenty of stuff
about it. These reports didn't get
past the censorship.

Free speech and free press are
probably not to be compared with
the national safety in times of
war, when censorship are not only
desirable but probably essential to
the welfare of a people. However,
this is peace-time, and it may be
taken for granted that the large
newspapers and news-gathering as-
sociations are thinking a lot more
than they are saying. The presi-
dent-elect's blunder was far more
serious than it appears on first
thought. Keeping the facts hidden
from the people who are footing
the bill is the worst blunder any
public man can make regardless of
how good the intent may be. It is
to be hoped that Mr. Hoover's act
is not an index to his habitual
state of mind but rather was the
result of unwise counsel.

THE STREET SIGNALS

The Hesperian did not get enthu-
siastic when it was announced that
street signals would be installed in
the down-town district of Floydada.
We felt it was going a fit far. But
we've changed about and now we
think the council did the smart
thing, and we'll be glad when the
installation is completed, giving
automatic protection for traffic.

Those who feel that the farmers
will not like the new plan, will find
instead the farmers are for it, as
affording them more adequate pro-
tection in traffic. Farmers are

just folk like the rest of us, a fact
which some people sometimes for-
get. They like an up-and-doing
place and that's where they're
going when they start somewhere
to spend their money. You ask
them.

PAVING MAKES A TOWN

That's a statement which is not
altogether true, but it certainly is
true that it helps a mighty lot.
Of course, paving assessments are
burdensome, but so are church and
lodge dues, and school taxes, and
automobile license fees for that
matter, and the grocery and dry
goods bills.
One year's use of the paving will
more than pay the bills, and prop-
erty on the paved streets is going to
show the result of this relatively
light investment made by the own-
ers in the improvements, by being
in greater demand. Paving makes
a town by making the paved areas
more accessible—by getting out of
the mud. It is said of Dallas that
the city had a terrific and pro-
longed campaign when the forward-
looking citizens attempted to "lift
Dallas out of the mud." Its tre-
mendous growth began when its
first large paving projects were
finally put over. But there are
still good men in Dallas who think
it ought not to have been done.
It may not be—probably isn't—
practical to pave an equal amount
in Floydada in 1929 as was done in
1928, but it would be the greatest
thing that could happen to the
town, almost.

THE PARTY TONIGHT

Citizens and taxpayers of Floyd-
ada are to be their own guests to-
night when they are expected to vis-
it by the hundreds at the new city
hall, now completed and occupied
by the city's official family.
Prompted by a very commendable
pride in the accomplishment, the
council have planned open house
from 4 to 8 o'clock, and there will
be hundreds of citizens who ordi-
narily might never go to the trou-
ble of looking past the secretary's
office to see what has been the re-
sult of the planning done by their
accredited representatives, who will
go away from the building better
acquainted with their own (public)
affairs, and, we feel sure, better
pleased with the work of their
servants. For the new city hall and
fire station is really a thing of
beauty, and a whole lot for the
money spent.
Take our advice, if you live with-
in the corporate limits, join the
crowd, and you'll feel better for it.

ON LOSING SEVEN FAMILIES

Recent decision of the Santa Fe
operating officials to make changes
in their operating plans in the
Floydada District have resulted in
a loss locally of a payroll of seven
well-paid men, a payroll that
amounted to some \$2,000. As a con-
sequence there has been some
storming, an occasional acrimoni-
ous word, and some criticism of
the Chamber of Commerce. The
latter organization has had some
experience in having the Santa Fe
change its mind about what it
plans to do. Those who feel that
the chamber should not have al-
lowed it, have a good opportunity
to try their hand at telling the
Santa Fe what to do. Its officials
are easily accessible by telephone,
telegraph, rail, and highway. The
Hesperian, speaking for no one else
of course, would have preferred the
schedule left alone as it was. But
in the final analysis the Santa Fe
as an entity in Floydada, like the
rest of the business enterprises,
should not be asked to operate their
business in a way that in their

**Nature Thought
Everything**

Nature thought of everything when
the human body was made. When the
body is about to become ill, nature
planned danger signals to warn us.
Thus, if our children grind their teeth
when they sleep, or lack appetite, or
suffer from abdominal pains, or itch
about the nose and fingers, we should
know that they may have contracted
worms. Then, if we are wise, we buy a
bottle of White's Cream Vermifuge and
safely and surely expel the worms. Thus
we avoid the danger of very serious
trouble. White's Cream Vermifuge costs
only 35c a bottle, and can be bought from
Floydada Drug Co.

LAND

We have land to Sell and
to Lease for Farming,
Stock-Farming and Graz-
ing purposes, from about
80 acres up, in Floyd, Bris-
coe, Hall, Motley and other
counties. Also large list of
Lots in Floydada.

Floydada, Texas

judgement, will give less efficient
service and consequently less reve-
nue, simply because some of us
want a shot at the \$2,000 payroll
and some of the rest of us find the
old schedule served our needs bet-
ter.

'Round
The
Square

With Old Battleaxe (Himself)

Well, dog gone it, here we have
been attending so many of these
formal openings that we just haven't
had time to write any spasms for
this week. Formal opening of the
Martin Dry Goods Company new
home last Friday and Saturday,
formal opening of the new "Quit
Arguing and Pave" station Monday
and now the formal opening of the
new City Hall today.

Here's for more formal openings
—with more eats.

And a basketball tournament on
top of all that, too. Well, O. B. is
just going to have to move to
Amarillo or somewhere that there
is nothing doing, if he wants to
catch up. Floydada is just grow-
ing too fast.

Haven't slept a wink since last
Friday. Went through Martin's
five times and drank as many cups
of coffee.

Fun fer nothin'—watching a local
man hunt for his wife and his car.

Boy, these white way lights are
sure going to help the looks of this
town. And how!

Believe it or not—a car was ob-
served "stuck" on the pavement in
a down-town section this week.
That's a fact. Stuck and had to be
pushed out. What was that some-
body said about a street sweeper?

That guy on California Street
liked to have had an attack of
heart failure last week. He was
sitting in his car, which was stall-
ed in the mud on a highway when
a deputy sheriff waded in and
handed him a summons to pay his
road tax.

You know, if this snow would
stay on the ground, it wouldn't be
necessary to paint that court house.
That's one thing the snow helped
to hide.

If you make money at poker, it's
gambling. If you make it at play-
ing bridge, it's a social duty. But
if you make it in business without
advertising, it's a miracle.

And that's all. "I Faw Down an
Go Boom!"

**FLOYD COUNTY
14 YEARS AGO**

News items taken from files of
the Floyd County Hesperian pub-
lished in Floydada fourteen years
ago.

ISSUE OF FEBRUARY 18, 1915

G. L. Fawver sold and delivered
four head of hogs to N. A. Arm-
strong in Floydada last Friday, the
four netting a total weight of 2090
pounds. He received six cents per
pound for the hogs, or approxi-
mately \$120.

The safe in the post office at Es-
tacado was robbed Monday night of
last week. About ninety dollars in
cash was taken by the robbers. The
post office is in the store of Dil-
lard & Fullingim.

The Carnation Club had a most
enjoyable meeting last week with
Mrs. Young in spite of a blustery
afternoon. After a brief business
session, the following officers were
elected: Mrs. McMillan, president,
Mrs. Hughes vice-president, Mrs. G.
V. Smith secretary-treasurer.

G. H. Miller, of the Lakeview
neighborhood, is one of the most
successful cotton raisers in the
county. He makes it his money
crop each year. The first of the
week he loaded his year's crop on
the train for shipment to Houston.
He had sixty-two five hundred
pound bales which he gathered from
seventy acres. He intends to hold
this cotton at Houston some time
before putting it on the market.

**MORE HEAT
LESS GAS**

There is only one suggestion for the better use of a
radiant type Gas Heater, beyond having a good flame,
proper connections, keeping burners and heating ele-
ments clean and general care in not burning gas need-
lessly.

This suggestion is to watch the flame so that it does
not GO OVER THE TOP of the radiant grid which
throws out the heat. This wastes heat and gas, be-
sides not giving you all the heat that there is in the
gas that is burned. The flames should be just high
enough to heat the grid or other radiating material
and no higher.

The principle of this radiant type heater is incandes-
cence, the use of a small amount of gas to produce a
great deal of heat, practically all of which is utilized.

Simply turn on enough gas to make the entire grid
glow—and no more.

Nine-Tenths Preventable

Nine-tenths of all the diseases of the
American people can be traced directly
to constipation, doctors say. Constipa-
tion throws into the system poisons
which taint and weaken every organ
of the body and make them easy
victims for any germs which attack
them. Prevent constipation and you
will avoid nine-tenths of all "aga-
with their consequent pain and fi-
nancial losses. Herbie, the good old
vegetable cathartic, will prevent con-
stipation in a natural, easy and
pleasant way. Get a bottle today from
Floydada Drug Co.

The Movie as a Community Asset

We know a professional man who
says he finds perfect rest and mental
relaxation at the movie. When he is
tired he goes to th picture show.

We know a family who plan to go
to the movie together once a week.
"Movie night" is an extremely enjoy-
able event to them.

We know many country people
who find in the movie a source of
year-round recreation.

We know hundreds who have im-
measurably broadened their vision of
life by glimpses of distant lands and
of important events in our own coun-
try.

We do not believe that boys are led
astray by bandit pictures or that the
movies in general are exerting an
unwholesome influence on the youth
of our community. We consider the
moving picture house a real commu-
nity asset, a source of pleasant recrea-
tion and amusement.

Here in Floydada we have two
movie houses. Their program
standards are high. They
bring to our city the best talent
in the world, and we are able
to enjoy it for a few cents.
More power to our movies!

Floyd County Hesperian

Ralls Wins Basketball Tournament Over Ten Teams Friday And Sat.

Ralls High School Jackrabbits were declared winners of the 1929 South Plains Basketball Tournament Saturday night when they defeated the Quitaque quintet in the final game of the meet. The Ralls five worked their way to the finals through hotly contested games from the first preliminaries to the last game. The Jackrabbits were winners over ten other quintets who were entered in the tournament. The score of the final game was 21 to 10, in favor of Ralls.

Despite bad weather conditions and snow covered roads, eleven teams were entered in the annual invitation event held in this city last Friday and Saturday. Original plans were made for sixteen teams although only fourteen accepted the invitations, and the snow which fell during both days prevented three teams from attending.

First preliminaries were played off Friday afternoon and evening, second preliminaries Saturday morning and the semi-finals were played Saturday afternoon. All games were played in the Andrews Ward gym.

Good attendance by fans marked much interest in the games. Especially was attendance good at the evening games. A crowd estimated at between four and five hundred witnessed the final game Saturday night. Saturday night's game brought out many beautiful plays and the crowd was well satisfied. The game was exceptionally fast and it was easily seen that the Ralls squad was by far the best team represented at the meet. Froggie Lovvorn's Jackrabbits were good on the pivot and their short shots from beneath the basket were dangerous. They worked many signal plays

that seldom failed to carry the ball down to within shooting distance. They were equally good on the defensive, also. The Quitaque team featured long shots and fast work. This squad received many comments upon their fighting spirit. They entered every game with vigor and kept up their fighting until the final whistle. The final game between these two teams was truly one of science versus stickability. Kimbrough, of Wayland, refereed the final game.

Following the final game Saturday night, Superintendent W. E. Patty presented a silver trophy to Otis Burk, captain of the Jackrabbits. This trophy became the permanent property of the Ralls High School and was presented by the Floydada Chamber of Commerce. Miniature gold basket balls will be presented to the following members of the Ralls team who took part in the game at the tournament: Burk, forward; Walker, forward; Wicks, center; Tidwell, guard; and Richards, guard. Silver basketballs will be presented to the following members of the Quitaque team who were runners-up in the tournament: Draper and Hines, forwards; Woods, center; and E. Hines and Taylor, guards.

Entries in the semi-finals Saturday afternoon were Quitaque and Post, Slaton and Ralls. The entries in the finals won over these two opponents with little effort, although the games were fast and exciting. In the Slaton-Ralls game Coach Lovvorn sent in a complete new team in the last quarter and the fresh material continued to pile up the score. The score of this game was 29 to 14. The Quitaque Post game witnessed many personal and technical fouls on the part of both teams. The final score was 25 to 16 in favor of the Quitaque squad.

Undoubtedly the tightest and most exciting game of the tournament was played in the second preliminaries when Slaton met the Plainview Bulldogs. An extra three minute period was required to play off the tie resulting at the end of the regular game. A personal foul on a Plainview player resulted in a free toss at the basket by the Tigers and the Slaton lads were winners by the score of 27 to 28. Not once during the entire game, was there more than two points difference in the scores. At the close of the first quarter, they were tied up, 7 and 7, at the end of the half, the score stood 11 and 12 in favor of Slaton, and at the close of the third period, the score was again tied up, 20 and 20. The score at the end of the game was 27 and 27 and the final score at the close of the extra period was 27 and 28. Both squads put out the best and the tussle was fast and exciting. Both were supported by large crowds of rooters.

Floydada High School Whirlwinds ran true to their form of presenting a big question mark to local fans and were eliminated in the first preliminaries by the Petersburg five, a team that they had beaten earlier in the season. Floydada took the lead by a streak of ordinary playing in the first period and held a doubled score until the third quarter, when they failed to score a single point. The scores at the end of the quarters were Floydada 6, Petersburg 4; Floydada 16, Petersburg 8; Floydada 16, Petersburg 12 and the final score was 27 to 29 in favor of the visiting team. Why the locals lost still remains a question to local fans. But the fact remains that they lost in the first preliminaries of their own tournament.

Complete results of the South Plains tournament are as follows: First preliminaries—Idalou defeated Olton, 36 to 25; Silvertown forfeited to Quitaque by failure to show up; Petersburg defeated Floydada, 27 to 29; Acuff forfeited to Post by failure to show up; Plainview defeated Wilson, 15 to 26; Amherst forfeited to Slaton by failure to be present; Lockney and Ralls drew bys.

Second preliminaries—Quitaque defeated Idalou, 18 to 27; Post defeated Petersburg, 26 to 40; Slaton defeated Plainview, 27 to 28; Ralls defeated Lockney, 32 to 25.

Semi-finals—Quitaque defeated Post 16 to 25; and Ralls defeated Slaton 14 to 29. Finals—Ralls defeated Quitaque, 10 to 21.

In spite of all the difficulties that we had to overcome and other hardships, we believe that the South Plains Basketball Tournament has met with another successful year" is the latest word from Whirlwind Coach Troy Jones, who was sponsoring the meet. "Citizens of Floydada were unusually courteous to the visitors and we feel sure that next year's tournament will meet with even a greater attendance and more interest than this year's" Superintendent Patty stated.

Commissioners shall hold office as such until the first Tuesday in April, 1929, at which time a Mayor and two Commissioners shall be elected as provided by law.

VI. It is further ordered that a copy of this notice shall be published for a period of thirty days in some newspaper of general circulation in said city and one notice shall be published once a week consecutively for a period of not less than thirty days prior to the date of said election and a copy of this order signed by the Mayor of the City of Floydada and attested by the City Secretary of said town shall serve as a proper notice of said election.

Witness the hand of the Mayor and City Secretary of the City of Floydada, this 24th day of January, A. D. 1929.

(SEAL) W. D. SMITH Mayor.
BURL BEDFORD, City Secretary.

"United We Stand, Divided We Fall"

—Abraham Lincoln

Abraham Lincoln, pleading for a unity of effort and spirit, expressed the policy that has been proven successful not only in government but in every line of industry, commerce, and city-building.

A city divided against itself cannot grow and prosper. United citizenship can build despite many handicaps.

Our company believes in the application of Lincoln's statement: "United We Stand, Divided We Fall."

The spirit of unity existing on the South Plains is creating an empire of agricultural importance to the Nation. It is building transportation facilities, bringing all the comforts to the homes and making cities grow into thriving centers of industry, commerce and education.

A business whose employes are divided in effort and spirit cannot prosper.

WHEREAS more than ten percent of the qualified voters of the Incorporated city of Floydada in Floyd County, Texas, an incorporated town of over five hundred and less than five thousand inhabitants, have petitioned me as the Mayor of said city in writing, requesting that an election be ordered to determine whether or not the city of Floydada shall adopt the Commission Form of Government as set out in Chapter Twelve of title 28, 1925, Revised Civil Statutes of the State of Texas:

I. Now, therefore, by the authority invested in me by the laws of Texas as the duly elected and qualified Mayor of the City of Floydada in Floyd County, Texas, I, W. D. Smith, as such Mayor of Floydada, hereby order that said election be held on Tuesday, the 26th day of February A. D. 1929, at which time the proposition as to whether the City of Floydada as aforesaid shall adopt the Commission Form of Government as aforesaid shall be submitted to the qualified voters of the City of Floydada, and further, if such Commission Form of Government is adopted at said election to select two commissioners at said election who shall hold office until the first Tuesday in April, 1929.

II. Said election shall be held at the City Hall in the City of Floydada, Texas, and I hereby appoint E. P. Nelson and J. G. Wood as the judges of said election, the first named to be designated as the Presiding Judge, and I also appoint T. C. Russell and W. H. Henderson as clerks to assist said judges in holding said election.

III. The said election shall be held and governed by the General Election Laws of Texas except as hereinafter otherwise provided as modified by said Chapter Twelve of title 28, 1925 Revised Civil Statutes of Texas, and the returns shall be made to the Mayor of Floydada, Texas, within five days after said election shall have been held.

IV. The Ballots in said election which shall determine whether or not the City of Floydada adopts said Commission Form of Government shall have written or printed thereon, "For Commission" or "Against Commission" and all voters who favor the proposition of adopting the Commission Form of Government for the City of Floydada at said election shall have written or printed on their ballots the words: "For Commission", and those opposed shall have written or printed on their ballots: "Against Commission", and if a majority of the votes cast are "For Commission", then the Mayor of Floydada shall enter an order to that effect upon the minutes of the City Council and after said entry of said order said incorporated city shall be under the commission Form of Government.

V. There shall be also at said election, a separate ballot which shall have written or printed on it the names of candidates for Commissioners for Place Number One and Place Number Two, said names to be placed on said ballots in accordance with the laws of Texas regulating said election within said incorporated towns, and in the event said Commission Form of Government shall have been adopted by a majority of the votes cast at said election from the returns made to the Mayor, the person that receives the highest number of votes for Commissioner Place Number One shall be deemed elected as one Commissioner and the person who receives the highest number of votes for Commissioner Place Number Two shall be deemed elected as the other Commissioner, and upon the qualifying as such Commissioners as provided by law, they, together with the Mayor of the City of Floydada shall constitute the "Board of Commissioners" and shall supersede the present City Council and Board of Aldermen of the City of Floydada, and said City Council and Board of Aldermen shall be abolished and said Board

of Commissioners shall hold office as such until the first Tuesday in April, 1929, at which time a Mayor and two Commissioners shall be elected as provided by law.

VI. It is further ordered that a copy of this notice shall be published for a period of thirty days in some newspaper of general circulation in said city and one notice shall be published once a week consecutively for a period of not less than thirty days prior to the date of said election and a copy of this order signed by the Mayor of the City of Floydada and attested by the City Secretary of said town shall serve as a proper notice of said election.

There shall be also at said election, a separate ballot which shall have written or printed on it the names of candidates for Commissioners for Place Number One and Place Number Two, said names to be placed on said ballots in accordance with the laws of Texas regulating said election within said incorporated towns, and in the event said Commission Form of Government shall have been adopted by a majority of the votes cast at said election from the returns made to the Mayor, the person that receives the highest number of votes for Commissioner Place Number One shall be deemed elected as one Commissioner and the person who receives the highest number of votes for Commissioner Place Number Two shall be deemed elected as the other Commissioner, and upon the qualifying as such Commissioners as provided by law, they, together with the Mayor of the City of Floydada shall constitute the "Board of Commissioners" and shall supersede the present City Council and Board of Aldermen of the City of Floydada, and said City Council and Board of Aldermen shall be abolished and said Board

Would You Know One If You Saw It?

If you ever came face to face with a germ, would you recognize it? Of course it is not likely that you ever will see a germ, unless you own a tremendously powerful microscope, for you would have to magnify one over a thousand times to make it as big as a pin head. But you should recognize the fact that these tiny germs can get into your blood streams through the smallest cut, and give you typhoid fever, tuberculosis, lockjaw, blood poisoning, and many more dangerous and pernicious fatal diseases. There is one sure safeguard against these dangers — washing every cut, no matter how small, thoroughly with Liquid Borozone, the safe antiseptic. You can get Liquid Borozone at FLOYDADA DRUG CO.

The GREATER HUDSON

and Motordom calls for **LARGEST HUDSON output of all time**

Every experience and suggestion of the world's largest 6-cylinder ownership is incorporated in the 64 improvements of the Greater Hudson.

As co-authors of these creations the 1,000,000 Super-Six owners are naturally first to want to see, inspect and drive them. It is particularly interesting to observe their special satisfaction in the numerous body improvements. In comment, these important developments in body design and appointment, fully equal the more dramatic qualities of the more than 80-mile-an-hour performance.

They definitely set Hudson apart from like-priced cars, just as Hudson performance stands alone among all cars.

Come, see and drive the Greater Hudson. We believe one ride will make it the car of your choice.

Already in response to the public's demand, production of the Greater Hudson has been increased, and then increased again — by far the largest schedule Hudson ever found necessary.

In their own words, by their marked and recorded ballots, motorists by tens of thousands are telling us the Greater Hudson is truly the greatest of all time.

Voting in every Hudson salesroom in the country, these enthusiastic multitudes have piled up the most convincing endorsement in Hudson history. Perhaps even more important, they have bought these beautiful new Hudsons in such numbers that we must make thousands more of them to insure prompt delivery.

\$1095 and up - at factory

Standard equipment includes 4 hydraulic two-way shock absorbers — electric gas and oil pump — radiator shutters — auxiliary lamps — windshield wiper — rear view mirror — door locks — control on steering wheel — all bright parts chromium-plated.

Rutledge Motor Company

Floydada, Texas

Dougherty News

(By Miss Lottie Ellison)

Mr. and Mrs. J. Earl Pipkin moved the first of this week to Lakeview, Texas where Mr. Pipkin will be manager of the City Drug Store of Lakeview.

J. R. Bradley is doing several plumbing jobs in Floydada; in fact, much of Mr. Bradley's work this fall and winter has been in our county site. Jimmie Lynch has charge of the Wanda Leach Cafe.

Mr. and Mrs. B. L. Anderson, of Crosbyton, visited Mrs. Anderson's parents, Mr. and Mrs. Berry Ellison this week.

Luther Theford, formerly of Dougherty, visited our city last Sunday.

Mrs. Garner is agent for the Fort Worth Star-Telegram. You can also buy your magazines at the post office.

Mr. and Mrs. Allmon, who bought George Graham's home in North Dougherty, moved to town last week. Mr. Allmon has charge of the cotton yard for the remainder of the season.

A Ladies Missionary Society was organized Wednesday afternoon. The ladies met at the home of Mrs. J. M. Brownlow. Due to the fact that the organization was completed after the writing of this account, I am unable to give a complete report at this time.

Sunday was a banner day for Sunday School attendance in Dougherty. At the time of organization the enrollment was twenty. There has been a steady increase in attendance with sixty-eight present last Sunday. The aim is to make this Sunday school still larger and better.

Misses Irene and Johnnie Brownlow, Lloyd Readhimer and Gus Ferguson motored to McAdoo Sunday.

Truman Cumble, of Athens, Texas, a nephew of Mr. and Mrs. J. M. Brownlow, is visiting relatives in Dougherty.

Elmer Cook and Buck Brownlow spent Saturday night with relatives in McAdoo.

Mr. and Mrs. Elois Nickels of McAdoo were guests of Mr. and Mrs. J. M. Brownlow Sunday.

Misses Margaret and Donna Mae

CUMBERLAND PRESBYTERIAN CHURCH

A. A. Collins, Pastor
B. F. McIntosh, superintendent of Sunday School.
Sunday School 10 a. m. Be on time, bring someone with you.
Preaching at 11 a. m., and 7:30 p. m.

Junior and Senior Christian Endeavor at 6 p. m. Sunday is young people's day and there will be a special program at the Christian Endeavor hour, which will be interesting and uplifting.

Always a warm welcome awaits you at the Cumberland Presbyterian Church. Come, let us say with David, "I was glad when they said, let us go into House of the Lord."
Prayer meeting Wednesday evening, 7:30.

METHODIST CHURCH

Considering the inclement weather of last Sunday the attendance was very satisfactory. However, we are anxious that those who have been out will be in their place next Sunday. We are expecting a large attendance. Let every one boost for a bigger and better school.

Preaching by the pastor at 11 a. m. and 7:15 p. m. Senior League 6:30 p. m.

We shall be glad to have you worship at the First Methodist Church.

G. T. Palmer, Pastor.

THE FIRST BAPTIST CHURCH

"The Church with a Welcome"
Dick O'Brien, Pastor

We here record our gratitude for the services last Sunday. Although it was cold and disagreeable well over 200 were in Sunday school. A full auditorium greeted the pastor at the morning preaching service. Well over a hundred were in the B. Y. P. U.'s at 6:30 and a splendid crowd attended the evening preaching service.

The evening service proved to be a real revival service in which seven were converted and three were reclaimed. This is what we have been praying for and expecting. And we feel that the good work has just begun. We expect to see many others saved, and rededicated from time to time. We are in this fight to press the battle to the gates.

We are expecting Rev. J. Matt Hale of Ralls to preach next Sunday morning. We did not exchange pulpits last Sunday on account of the bad weather. We want the folks to hear Brother Hale. He is one of the best preachers in West Texas. Visitors always welcome.

ANNOUNCEMENT

Because of inclement weather last Thursday night the Quarterly Conference and the locating committee for Fairview did not meet. I am again calling a session of the Quarterly Conference for the same purpose as announced. A meeting of the locating committee will also be held at the same time. Friday night, February 15, at Fairview.

A. D. Jameson, Pastor.

METHODIST CHURCH AT DOUGHERTY

The Sunday School at Dougherty is growing by leaps and bounds. Beginning with a little more than 20 members, it grew to 68 last Sunday.

Plans for building the new church are going forward rapidly and we hope to have it in process of construction as soon as the weather will permit.

A pie supper will be given in the office of the J. C. Woodruff Lumber Co. next Friday night. The proceeds will go for the purchase of folding chairs for the office. Too much cannot be said for the kind courtesy extended us by this lumber company and the manager, Mr. Duval, in giving us a place in which to publicly worship God until we are able to build for worship. These people will always have a warm place in our hearts. May God in his infinite goodness and mercy abundantly bless them.

A. D. Jameson, pastor.

CHRISTIAN CHURCH

Rev. G. B. Schmid, of Dalhart, will preach at the Christian Church Sunday morning and evening, it was announced this morning.

The Dalhart minister will be accompanied by his wife and they plan to reach here Saturday.

CHURCH OF CHRIST

All services at the City Park Church of Christ are being very well attended, and you are always cordially invited to attend each service. We are having a very interesting Bible Study on each Sunday morning at 10 o'clock. Young people's meeting Sunday at 5 p. m. Ladies Bible Study Monday at 3 p. m., also preaching and communion from 11 to 12 o'clock each Sunday and preaching again at 7:30.

The subject for consideration next Sunday evening will be "A case of Non-Conversion." Come and worship with us.

H. P. Cooper, Minister.

INTERMEDIATE B. Y. P. U.

Last Sunday night we had a very interesting lesson, and everyone discussed their part well. We had about twenty-five or thirty members present and nine visitors. We are always ready to welcome visitors and anyone who might join our B. Y. P. U. work.

Our program for February 17, is as follows:

"In the Beginning" — Juanita Hand;
Song—Patty Looper;
"Money and its owner"—Etha Williams;
"We are Stewards" — Marvin Crow;
"Jesus Here"—Juanita Hand;
"Stewards of our Money"—Clo-elda Abernathy;

"How much shall we give to God"—Gordon Bullard;
"When Shall We Give"—Hazel Probasco;
"For What Shall We Give"—Virginia McClung.

B. Y. P. U. PROGRAM

Subject—"Baptist and Denominational Loyalty."
Leader—Robyn Swinson;
The program will be given in form of a dream. Roy O'Brien will be the Dreamer.

"Learn Baptist Language"—B. C. Lanier;
"How Baptist Churches Co-operate"—Addie Williams;
"Loyalty is Obedience to Christ"—Zelma McRoberts.

"Loyalty and Efficiency"—Louise Wright;
"Loyalty not narrowness"—Pearl Burrows.

Last Sunday the program was in the form of a Baseball game. Score being 3 to 2. All Seniors are invited each Sunday.

HOW EDISON GOT HIS START IN EARLY NEWSBOY DAYS

Thomas A. Edison tells the story of his first \$100 windfall, which supplied him with the opportunity to study telegraphy and enter the electrical field, in an interview with Irving Bacheller. Young Edison was a news agent on a train running between Saginaw and Detroit at the time.

"Coming down from Saginaw one day I was passing through the smoking car with an armful of newspapers," says Edison. "A man stopped me. He was a Southerner, well dressed, standing collar, string tie, sparkler in his shirt front, long cigar tilted in his mouth. A negro sat beside him.

"Boy, what you got there?" he asked.

"Newspapers," I answered.

"Chuck 'em out the window," he commanded. "I'll pay for 'em."

"Taking him at his word I flung them through an open window. He lazily turned to the negro at his side, and said: "Nicodemus, settle with the boy."

"The colored man paid me. I returned to my trunk. I had never sold papers with so little effort. I thought I would try him again. I returned to the smoking car with a load of magazines that staggered me. It was enough to give a horse the heaves. I left none behind.

"The same performance was repeated. I was ordered to throw them out the window, and Nicodemus paid me the full price.

"I understood the situation. My customer was evidently having a few days of princely relaxation. Like many men of that time, on pleasure bent, he was playing the part of a lavish Roman Emperor. I decided that if I had been chosen by fate to ride his hobby, far be it from me to lag behind.

"I hurried back to my trunk, which was half full of paper-covered novels. The brakeman helped me

stack them in my arms. I tumbled into the smoking car, wondering if my streak of luck would hold. Again came the welcome order, "Chuck 'em out the window."

"Gladly I chucked them. For a minute the air was filled with mystery and bloody murder. Every tramp on that railroad must have become a walking library.

"Once more Nicodemus paid the bill, and I returned to an empty trunk. I closed and locked it for the last time. Then I decided to try my luck once more. I dragged the trunk through the aisle to the smoking car and approached the throne of generosity. Again the familiar greeting: "Hello, boy, what ye got there?"

"Trunk," I answered.

"Chuck it out the window," came the order.

"I was out of the news business for good. I used the astonishingly acquired money to take up telegraphy and begin the serious study of electrical science."

FARM POULTRY BRINGS BILLION DOLLARS YEARLY

The farm poultry industry now ranks in the billion dollar class, and is the sixth agricultural commodity in value in the United States according to Harry R. Lewis, president of the National Poultry Council. In line with the increasing importance of poultry to the farmers as a source of income to the farmers of the nation, Mr. Lewis and several leading poultry authorities, recently called upon General Lord, director of the Federal Budget Bureau, to ask for larger appropriations in 1930 to solve new problems arising in the industry.

This is an indication that chickens on the farm cannot any longer be treated as a side issue, but should be considered one of the principal "crops" and the one most readily convertible into "ready cash." Last year approximately \$1,181,000,000 was the farmer's net income from poultry and eggs, which ranks them well above wheat, oats, fruit, potatoes and a long list of other farm products so far as actual monetary return is concerned.

It is on this basis that the National Poultry Council appealed to Uncle Sam for more funds to secure improved methods of poultry keeping which may assist the farmer in obtaining still larger profits from his poultry flock.

The first step to great profits from poultry is in increased egg production, according to poultry authorities and farm bureau agents. Hens must lay from 140 to 170 eggs per year to return a good profit to their owners. The principal trouble lies in the fact that the average farm hen now lays only 70 eggs a year, which is not enough for the farmer to realize an adequate profit in return for the labor and feed he expends.

In a drive to assist in bettering the quality of stock on American farms leading hatcheries of the country recently united under the slogan "Hatchery Chicks for Great-

er Profits," pledged to produce profit making stock at fair prices. Because of the great growth in the hatchery business in recent years has enabled the poultry industry to attain its present size, leaders in this field are looking to hatcheries as the most logical source of better farm stock for the future.

CATTLE PRICE CYCLE NOW NEAR THE HIGH POINT

An explanation of the present relatively high price of beef and beef cattle appears in the annual report of the Secretary of Agriculture. "Records of the last 28 years show," Mr. Jardine writes, "that under normal business conditions the prosperity of the cattlemen in this country varies inversely with the per capita supply of beef available for consumption. A yearly supply in excess of 61 pounds per person tends to depress cattle prices to such levels as to force liquidation. On the other hand, a per capita supply maintained at or below that amount will bring about a rise in prices. In 1926 the per capita supply of beef amounted to 63.3 pounds. In 1927 it dropped to 53 pounds, and average cattle prices advanced 18 per cent. For the current year the per capita supply will probably not exceed 54 pounds, and will be the smallest for any year for which records are available. As a result average prices for cattle during the first eight months were 27 per cent

higher than in 1927 and 44 per cent above those in 1926." As regards the future, the report continues: "The cattle industry has a definite cycle averaging from 14 to 16 years. Apparently it is now near the low point of the production cycle and the high point of the price cycle. Previous similar points occurred in 1912 and in 1898. It requires three to four years to sufficiently increase beef supplies through restocking and herd expansion to make production unprofitable. Since the population of the country is increasing at the rate of more than 1,500,000 annually, the general outlook for the cattle industry is extremely favorable." ble reminders of premiums due in any current month.

Ira Gamble was in Mineral Wells this week on business.

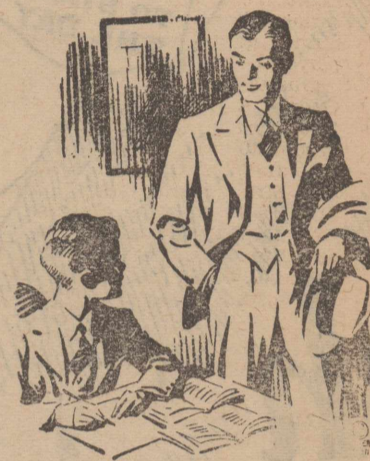

Cecil Gibbs returned Saturday from a short business trip to Dallas.

L. D. Moss, manager Texas Utilities at Ralls was here Monday on business.

H. P. Watson returned Tuesday from a market trip to Dallas and Fort Worth.

W. A. Baker returned Monday from a buying trip to St. Louis, where he purchased spring merchandise for the Baker-Campbell Company stores. While enroute home he visited the Baker-Campbell company stores at Munday and Weinert.

SOCIETY

Mrs. O'Brien Honored On Seventy-third Birthday.

The Alathean Sunday School class, the North Circle and the South Circle of the W. M. U. met at the church Wednesday afternoon, February 13, and went in a body from there to the Baptist parsonage to honor Rev. P. D. O'Brien's mother, Mrs. C. B. O'Brien on her seventy-third birthday. They presented her with a number of nice gifts in which was included a big birthday cake adorned with 73 candles. Mrs. Harper Scoggins presented the gifts with a few remarks of appreciation for the life of the honoree. The assembly then joined in singing favorite hymns of mother O'Brien.

Refreshments were served to the following: Mesdames S. G. Bishop, O. Stephens, Jerry Withers, E. R. Borum, G. M. Bullard, Bee Nichols, F. M. Smith, Harper Scoggins, Dick O'Brien, C. F. Foster, S. T. Harris, W. B. Clark, J. T. Dawson, Edd Barnes, W. L. Cannaday, W. Paschall, W. D. Smith, R. S. Moore, A. H. Manning, Frank Johnson, Miss Lou Boothe, Miss Ruby Bradford, Rev. O'Brien and the honoree.

Dinner Given Today By Mesdames Looper And Brown.

Mrs. C. P. Looper and daughter, Mrs. Martin Brown entertained with a dinner at noon this Thursday at the home of Mrs. Brown.

Valentine colors were used in decorations for the table where covers were laid for the following: Hazel Probasco, Ruth Rutledge, Winona Felton, George Iris Shaw, Wendolyn Snodgrass, Patty Looper, Mrs. Hazel Hughes, Ted Glover, Mr. and Mrs. Ed Lewis, Lester and Homer Lewis, Mrs. Walter Hyde of Vernon, John Henderson, Mary Looper, C. P. Looper, Martin Brown and the hostesses.

Entertained Jointly At Series of Parties.

Mr. and Mrs. Thurmond Bishop and Mr. and Mrs. Robert McGuire entertained friends Monday and Tuesday nights with a series of Valentine parties at the home of Mr. and Mrs. McGuire, 411 West Mississippi street. Games of eighty-four were played. Refreshments were in keeping with the Valentine idea.

They will entertain with two more parties tonight and tomorrow night.

In the games of eighty-four played Monday evening Mrs. Kenneth Bain, Mrs. Lon V. Smith, R. E. Fry and J. E. Horton tied for high score with Mrs. S. M. Cole, Mrs. O. P. Rutledge, S. M. Cole and N. W. Williams.

Guests Monday evening were: Mr. and Mrs. T. P. Guimarin, Mr. and Mrs. W. L. Boerner, Dr. and

Mrs. Lon V. Smith, Mr. and Mrs. John E. Horton, Mr. and Mrs. H. O. Pope, Mr. and Mrs. W. C. Griggsby, Mr. and Mrs. J. B. Jenkins, Mr. and Mrs. L. G. Mathews, Mr. and Mrs. George A. Linder, Mr. and Mrs. N. W. Williams, Mr. and Mrs. S. M. Cole, Mr. and Mrs. R. E. Fry, Mr. and Mrs. H. L. Crow, Mr. and Mrs. O. P. Rutledge, Mr. and Mrs. F. C. Harmon, Mr. and Mrs. G. C. Tubbs, Mr. and Mrs. Kenneth Bain, Mrs. E. C. Henry, Mrs. E. L. Angus, Mrs. G. V. Slaughter and Mrs. John N. Farris.

Mrs. Byron Clark, Mrs. B. P. Woody, Dr. W. M. Houghton and J. G. Wood got high score in the games played Tuesday evening.

Guests attending the party Tuesday evening were: Mr. and Mrs. W. Edd Brown, Dr. and Mrs. George Smith, Mr. and Mrs. J. G. Wood, Mr. and Mrs. Boon Hall, Mr. and Mrs. E. P. Nelson, Mr. and Mrs. Ben Morton, Mr. and Mrs. Sam Thurmond, Mr. and Mrs. O. M. Watson, Mr. and Mrs. E. L. Norman, Mr. and Mrs. Dave Standifer, Mr. and Mrs. Cecil Gibbs, Mr. and Mrs. R. C. Henry, Dr. and Mrs. W. M. Houghton, Mr. and Mrs. J. B. Bishop, Mr. and Mrs. Byron Clark, Mr. and Mrs. T. S. Stevenson, Mr. and Mrs. Joubert Clements, Mr. and Mrs. B. P. Woody, Mr. and Mrs. J. U. Borum, Miss Ruby White, W. H. Henderson and A. L. Bishop.

Dinner Party Given Wednesday Evening.

Mr. and Mrs. Elbert Norman entertained friends with a dinner party at their home Wednesday night, February 6. A three course turkey dinner was served. After dinner games of eighty-four were played.

Guests included: Mr. and Mrs. George A. Linder, Mr. and Mrs. O. P. Rutledge, Mr. and Mrs. J. G. Wood, Mr. and Mrs. O. M. Watson, Mr. and Mrs. Kight Dickey, Mr. and Mrs. Frank Moore, Mr. and Mrs. E. P. Nelson, Mr. and Mrs. Norman; Misses Jessie Mae Wood and Robbie Archer.

Misses Wood and Archer assisted the hostess in serving.

Inventions Subject of Study Club Program.

Mrs. J. U. Borum was hostess at a meeting of the 1922 Study Club Thursday afternoon, Feb. 12.

Modern inventions was the subject of study and the roll call was answered by mentioning a short cut in housekeeping. Mrs. Edd Johnson discussed "Labor saving machinery for the home," and Mrs. R. E. Fry gave a talk on "The Inventor as woman's Liberator." Round table discussion on the greatest invention was led by Mrs. J. B. Jenkins.

Parliamentary drill was led by Mrs. E. B. Massie.

At the close of the meeting refreshments were served by the hostess.

Owls Club Meets With Mr. and Mrs. Davis.

The Owls Forty-two club met Thursday night, February 7, with Mr. and Mrs. Lon M. Davis as host and hostess. Mr. and Mrs. W. Edd Brown were guests of the club.

Mrs. George A. Linder got high score in the games.

The Valentine idea was carried out in the decorations and refreshments.

Those attending the meeting were: Mr. and Mrs. O. P. Rutledge, Mr. and Mrs. R. E. Fry, Mr. and Mrs. C. M. Wilson, Mr. and Mrs. E. B. Massie, Mr. and Mrs. George A. Linder, Mr. and Mrs. W. Edd Brown, Mrs. R. C. Henry and Mrs. E. L. Angus.

Social Calendar

San Souci Bridge Club will meet Wednesday afternoon, February 20, at 2:30 o'clock with Mrs. Terrell Lorain.

The American Legion Auxiliary will meet Monday night, February 18, at the Legion home.

The Woman's Missionary Society of the Cumberland Presbyterian Church will meet Monday afternoon at the church at 2:30.

S. J. N. Farris will be hostess Monday afternoon at 3 o'clock at the regular monthly birthday meeting of the Woman's Council of the First Christian Church.

Mrs. Snodgrass Hostess To Wednesday Club.

Mrs. Roy Snodgrass was hostess to the Wednesday Bridge Club Wednesday afternoon. The Valentine motif was observed in the decorations, tallies and refreshments.

Mrs. L. T. Bishop, Mrs. Flynn Thagard and Mrs. Joe M. Day were guests of the club. Mrs. Thagard received high score for the visitors and Mrs. Jack Henry high score for the members.

Refreshments were served to Mesdames Jack Henry, S. W. Ross, J. I. Hammonds, Bert Barker, A. A. Bishop, Robert Eubank, A. B. Keim, Travis Collins, Luther Fry, L. T. Bishop, Flynn Thagard and Mrs. Joe M. Day.

The club will meet next with Mrs. Homer Steen Wednesday afternoon, February 27.

Woman's Council Meeting Held Monday.

The Woman's Council of the First Christian Church met Monday afternoon at the church. Mrs. J. B. Jenkins led a very interesting missionary program. She was assisted by Mrs. Luther Dorrell and Mrs. W. M. Houghton in giving the program.

Mrs. John N. Farris will be hostess at the next meeting which will be held Monday afternoon at 3 o'clock.

South Circle Met at Church Monday.

South Circle of the Baptist Woman's Missionary society met at the church Monday afternoon with six members present. The hour was spent with a Bible lesson and business session.

The next meeting will be held Monday afternoon, February 18 at 3 o'clock in the T. E. L. class room.

Mrs. Brown Hostess To K. K. Klub Tuesday.

Mrs. Fred Brown entertained members of the K. K. Klub at her home Tuesday afternoon. In the games of bridge Miss Virginia Lewis won high score.

A salad course was served to: Mrs. W. H. Hilton, Mrs. D. Johnson, Mrs. Otis Abston, Mrs. John Hammonds, Mrs. Jerry Morrow, Mrs. Ray Dickey and Miss Lewis.

Mrs. Ray Dickey will entertain the club Friday afternoon, February 22.

Friendship Club Meeting Held at Thagard Home.

Mr. and Mrs. Flynn Thagard entertained members and guests of the Friendship Bridge Club with five tables of bridge at their home last Friday evening.

Valentine colors and motifs were used in decorating the house and in refreshments. Present were: Messrs. and Mesdames J. I. Hammonds, Ray Dickey, Bert Barker, Leon Collins, and L. T. Bishop, visitors: Messrs. and Mesdames A. B. Keim, A. A. Bishop, C. H. Davis, J. C. Gilliam and J. E. Dickey, members. Mrs. Hammonds and Mrs. Collins won high score for visitors and Mrs. Davis and A. A. Bishop for members.

Mr. and Mrs. A. A. Bishop will entertain the club Friday evening, February 22.

East Ward P. T. A. Program For Friday, Feb. 15.

The following program will be given at a meeting of the East Ward P. T. A. Friday afternoon, February 15 at 2:15 p. m.

Thirty minute musical program by East Ward Primary Orchestra.

Candle Lighting ceremony in honor of 31st Birthday of P. T. A. by 26 East Ward pupils.

Reading, "A Child," Ruth Key Green.

Piano duet, Margie Norton and Thelma Crawford.

A prize will be given to the room having the most mothers present.

Pastor's Helpers Class With Mrs. Henry.

Pastor's Helpers Class of the Methodist Church met Tuesday in all-day meeting with Mrs. E. C. Henry. Each member brought a dish for lunch. The forenoon was spent in piecing quilts and embroidery.

In the afternoon the house was called to order by the president and a short business session followed. Mrs. W. W. Porter led the devotional. Mrs. W. H. Alexander gave the scripture lesson from the twelfth chapter of Romans. Prayers were offered by Mrs. P. M. Felton and Mrs. Walter Birch. The meeting closed with a consecration service led by Mrs. W. W. Porter and a prayer by Mrs. Wm. McGehee.

Those present were: Mesdames W. W. Porter, R. M. McCauley, G. V. Slaughter, T. P. Guimarin, Wm. McGehee, W. H. Alexander, Walter Birch, A. P. McKinnon, Ella Johnson, W. L. Boerner, members and Mrs. George Dickey and Mrs. Wm. McGehee and the hostess, Mrs. Henry.

Night Ramblers Club Hold Meeting.

The Night Ramblers Club had its weekly meeting with Miss Lola House Monday evening. The evening was spent playing games of forty-two, with Noble House and Carl Ivy winning high score.

A color scheme of red, in keeping with the Valentine idea, was carried out.

The hostess served refreshments to the following members. Mr. and Mrs. Buck Slaughter, Mr. and Mrs. Gains Teepee; Misses Nita Merle Hanna, Helen King, Francis Kinard, Gladys House; Messrs. Otto Austin, Ted Glover, Carl Ivey, Murray Spears, Noble House and Charlie Lewis.

The gentlemen of the club will entertain with a theatre party Tuesday evening, February 19.

WHAT HOURLY VALUE HAS A HOMEMAKER'S TIME?

The modern homemaker knows that by doing her own housework she can save money for the family. All tasks, however, do not bring her an equal return for her labor. With some of them she has no choice; they must be done in the home, and she herself must do them. Others she does because she prefers her own product, or because she is obligated to be in the house during certain hours. But if she is debating whether or not to spend time on one job rather than another, she could make a wiser choice if she knew how much money she saved by doing each and how much time it took to make this saving.

Shall she make cotton school dresses for the children, or buy them ready made? Do the washing, or send it to the laundry? Bake or buy bread? Hire help for general housework or manage alone?

Convenient information on all these points is lacking. Each woman must be her own investigator. The Bureau of Home Economics of the United States Department of Agriculture suggests that the homemaker might start first with the tasks in which she is most interested and keep track of the time and money she spends in doing the work herself, including time and car fare spent in purchasing supplies and the cost of owning and running any equipment which she uses. She must then estimate what she would have spent had she bought a commercial substitute of a similar type and quality, or hired a domestic worker whose results are about as good as her own. From the amount of money saved and the amount of time used she can calculate what she is worth per hour in this particular task.

The speed at which she works makes a difference in the value of her time per hour. In general she can expect to find a lower money value for her time when the use of machinery has cut factory-labor costs to a minimum, as in ready-made cotton house dresses, which she can buy in good-enough quality for but little more than she would pay at retail for materials. Time would be better expended on work that saved a larger amount. For example, piecework commercial laundering requires much ironing by hand; the housewife receives a good return on her labor by doing this work herself. Again, ready-made silk dresses are partly hand-finished, and if a woman sews nicely it may pay her to make such dresses at home and save this labor cost. Perhaps the greatest benefit of a study of the dollars and cents value of the homemaker's time is a fuller appreciation of her contribution to the family finances.

BIRD BANDING ADDS THRILL TO HUNTING OF WILD FOWL

Hunters may now add a new thrill to their sport, the Biological Survey of the United States Department of Agriculture points out. In any bag of ducks, for example, there may be one or more birds banded by the survey or some of its cooperating helpers. These bands are made of aluminum or copper, and each carries a serial number and the legend "Notify Biological Survey, Washington D. C."

In return for this favor, the survey will send to the hunter the information on file as to where and when the bird was banded. At the opening of the 1928 season nearly 20 stations were in operation for banding waterfowl. These stations extend from Maine and South Carolina on the Atlantic coast, to Washington, Oregon, and California on the Pacific. There are also stations in Canada and Alaska. More than 30,000 ducks and geese have been banded, and valuable information as to feeding and flights has been obtained from reports sent in by hunters who have killed banded birds.

Most of the ducks coming to any particular locality are likely to come from more or less the same region, north or south, but there are records of many east-and-west flights. It a hunter were fortunate enough to kill several banded birds in the course of a few seasons, he might well have an enduring trophy of his skill in the form of reports from the survey as to the points where these birds were banded.

A hunter at Robertson Lake, Tex., killed a mallard on November 27, 1926, that had been banded only a month and four days before at Leduc, Alberta, and has winged its way across the whole United States in the meantime. Two mallards banded at Browning, Ill., in the fall of 1922 got widely separated. One was killed near Sacramento, Calif., in the winter of 1923, and the other in Georgia in the fall of 1924. There are frequent reports of wild fowl banded in Canada and shot on the Gulf coast and vice versa. Any hunter might bag in a few years not only the birds but their records as well, and in addition would have the satisfaction of helping the Biological Survey, which is active in promoting sportsmanship by preserving the flocks of wild fowl.

Scouting Has Purpose Eastridge Tells Dads

Boy Scout Anniversary Banquet
For Troop No. 43 Interesting
And Beneficial.

"Scouting is not merely to teach the boys how to build fires, or how to hang a flag correctly or to cook spuds, but the real purpose of the organization of the Boy Scouts of America is to train boys in the way they should live." E. F. Eastridge, scoutmaster of Floydada Scout Troop No. 43, told mothers and fathers of the troop members last Friday evening when the mothers served a banquet to the sons and fathers at the First Baptist church. The occasion of the banquet was the closing of the Nineteenth Anniversary of Scouting in America.

Scoutmaster Eastridge gave, in a most impressive talk, the purpose of the organization and the part that the fathers and mothers should play in the work. "Get acquainted with your own boy, Mr. Business Man, and you, boys, learn to know your fathers," he said. "The boy steps in his dad's shoes and, if that boy is to have the right impression of life in general, the father must teach him. Play his games and live his life and you will be younger and the boy will be benefited," he said. Mr. Eastridge told, in well

chosen words, a story of how the father, the church, the school and public interest will attain success for the boy, and how the Scouting movement was striving to bring these four forces together.

Rev. P. D. O'Brien gave a very impressive address to the boys, and a number of short talks were called for from visitors.

Following the invocation by Rev. P. D. O'Brien, Scoutmaster Eastridge gave a toast to the flag and the entire assembly drank to the toast with water. Geo. McWhorter gave a number of songs, accompanied by Miss Jessie Merle Scoggin at the piano. The scouts joined in several of the songs.

Thirty-four plates of chicken dinner were served to the scouts and their parents. Nineteen candles were lighted on the scout birthday cake and the scout director cut the cake. O. P. Rutledge was toastmaster.

At the close of the banquet, the members of Troop 43 sang "Taps" and gave their scout oath.

WAYLAND STUDENTS EVINCE INTEREST IN ESSAY CONTEST

Plainview, Texas, February 11.—Erasmus Tack of the Amarillo News-Globe attempted to break into the literary world by sending a manuscript to the Saturday Evening Post. Students of Wayland College will reveal their literary ability soon as they are going to compete in an essay writing contest

in response to an offer made by Rev. P. D. O'Brien, pastor of the Baptist Church of Floydada.

Rev. O'Brien is offering a prize of \$15 each for the two best essays written on the following subjects: "The Advantages of A Junior College," and "The Advantages of Wayland College." The essays will be under the direction of the English department of the college of which Miss Wilma Friedsam is supervisor. The one-hundred-sixty-five students in this department will all compete for the prizes. The above questions are also being debated in the Argumentation and debating classes and much valuable material is expected to be presented on the subjects.

Mr. O'Brien has also stated that the two prize winning essays will be printed in pamphlet form and mailed to all high school seniors in the Plains-Panhandle country. The stories will also be offered to the leading Texas dailies for publication.

BUYS FLOYDADA TRANSFER FROM WEAVER AND WARREN

A. N. Ward Monday assumed charge of the Floydada Transfer, heretofore owned and operated by Weaver & Warren for the past two years, having negotiated the purchase of the business Saturday.

The business will continue to be operated from the same office in the building with L. & O. Top Shop Mr. Ward said. For a number of years Ward has been in the employ of Pitts Transfer Company, also of this city.

SHERIFF'S SALE

The State of Texas,
County of Floyd.

NOTICE IS HEREBY GIVEN That by virtue of a certain Execution issued out of the Honorable County Court of Floyd County, on the 12th day of January 1929, by Tom W. Deen Clerk of said Court for the sum of Three hundred forty three and 67-100 Dollars and costs of suit, under a Judgment, in favor of The Security State Bank of Lockney, Texas in a certain case in said Court No. 579 and styled The Security State Bank of Lockney, Texas vs. A. J. Mason and Velma Wilkinson, a widow, placed in my hands for service, I, P. G. Stegall as Sheriff of Floyd County, Texas, did on the 24th day of January 1929, levy on certain Real Estate, situated in Floyd County, Texas, described as follows, to-wit:

Being all of Blocks two (2), three (3), four (4), and Five (5) in Wilson Addition No. 1 to the town of Lockney Floyd County Texas, as shown by plat of record in deed records of Floyd County, Texas, and levied upon as the property of Mrs. Velma Wilkinson and that on the first Tuesday in March 1929, the same being the 5th day of said month, at the Court House door of Floyd County, in the town of Floydada, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said execution I will sell said above described Real Estate at public vendue for cash, to the highest bidder, as the property of said Mrs. Velma Wilkinson.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Floyd County Hesperian, a newspaper published in Floyd County.

Witness my hand, this 24th day of January 1929.

P. G. STEGALL
Sheriff Floyd County, Texas

We Call for and Deliver

Suffered 15 Years; Then Found Sargon

"For fifteen years I suffered from a complication of troubles. I was weak, nervous and generally rundown. I frequently had sharp, shooting pains in my side. My

A. J. MASON

sleep was poor and I lost weight, strength and energy. Nearly everything I ate caused indigestion. I took a trip to Hot Springs, but got no relief there, and then I visited several health resorts in the North seemingly without benefit.

Right after I started taking the Sargon treatment I began to sleep better and to eat anything I wanted and now I feel like a new man. My appetite is fine. The pains in my side have disappeared. I am not the least bit nervous, and am full of new energy. I have gained weight and my friends are all commenting upon my wonderful improvement.

"Sargon Soft Mass Pills are wonderful. They ended my constipation and biliousness without griping in the least. I wouldn't be without Sargon if it cost twenty dollars a bottle."

The above remarkable statement was made by A. J. Mason, residing at the Colonial Hotel, Ft. Worth, and owner of considerable property in that city.

Sargon may be obtained in Floydada from Floydada Drug Co., and in Lockney from Stewart Drug Co.

as, on January 15, 1929, upon a judgment rendered in said court on May 22, 1928, in favor of the National Supply Company of Texas, a corporation, and against Mrs. W. D. Long, a widow, in a case so styled, and numbered No. 79092 in such court, I did on the 21st day of January, 1929, at 10:00 a. m. levy upon the following described tracts and parcels of land situated in the County of Floyd, and State of Texas, as the property of said Mrs. W. D. Long, to-wit: 320 acres of land, the N1/2 of Survey 13, in Block D-1, Certificate No. 4-529, Abstract No. 218; 640 acres, Survey No. 77, Block G-M, Certificate No. 3-382, Abstract No. 453; Survey 88, Block G-M, Cert. 3-387, 640 acres, Abstract No. 1544; Survey No. 80, Block GM, Certificate No. 3383, 640 acres, Abstract No. 1545; West one-half Survey No. 18, Block D-1, Certificate No. 4-535, 320 acres, Abstract No. 1722; Survey No. 90, Block GM, Certificate 3-388, 640 acres, Abstract No. 1548; Survey No. 96, Block GM, Certificate 3-391, 640 acres, Abstract No. 1547; also the following lots and blocks in Wilson Addition to the Town of Lockney, in Floyd County, Texas, to-wit: Lots Nos. 1, 2 and 3, and the W1/4 of Lot No. 4, in Block No. 19; Lot No. 10, in Block No. 2; and all of Blocks Nos. 1 and 6; according to the plat of said Addition of record in the Deed Records of Floyd County, Texas.

Said levy being made subject to the amounts unpaid, if any, under any and all prior valid and outstanding liens against such proper-

ty, or any part thereof, which are duly recorded in the public records of said County.

And on the 5th day of March, 1929, being the first Tuesday of said month between the hours of 10:00

a. m. and 4:00 p. m., on said day at the courthouse door of said county I will offer for sale and sell at public auction for cash all of the right, title and interest of the said Mrs. W. D. Long in and to said

property. Dated at Floydada, Texas this 21st day of January, A. D. 1929.

P. G. STEGALL,
Sheriff of Floyd County, Texas.

Big in every way except in price

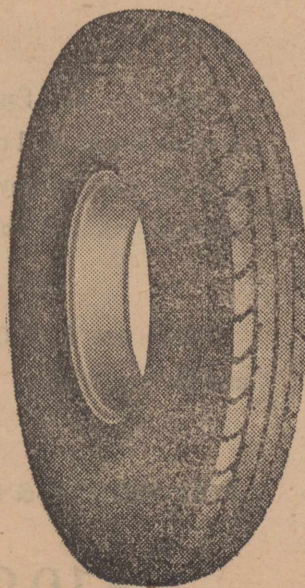

The 4-Door Sedan, \$845, Body by Fisher

A great furor is being created in the automotive world these days. People are all agog about a new low-priced six that offers every desirable big car quality. It is the New Pontiac Big Six... Since the Pontiac Big Six went on display, men and women of every type have been coming to see and drive it. But most of the buyers belong to one particular group. They have taste. They love fine things. They want to step up the quality of their automobiles—and the New Pontiac appeals to them—for it's big in every way except in price!

Prices \$745 and up, f. o. b. factory, plus delivery charges. Bumpers and rear fender guards regular equipment at slight extra cost. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

PRODUCT OF GENERAL MOTORS

For Those Who Want the Finest

When Purchasing a New Car, why not equip it with Tires that will be as fine as the car? Especially when you can do this at little cost.

We offer you this unusual plan: Trade us your equipment tires for the famous Double Blue Pennant Balloons. We'll allow you list price for your tires—you only pay the difference, which is comparatively small.

Then you will have your fine new car equipped with Tires equally as fine. Ask us about it.

What's Doing In West Texas Today

Fort Worth—(WTCC) A warning to West Texas farmers contemplating pecan planting, that trees which have been bred to high rainfall conditions will not develop properly in West Texas has been issued by Col. R. L. Penick, chairman of the Agricultural Committee of the West Texas Chamber of Commerce. The West Texas organization, conducting an extensive pecan planting campaign at this time, advises planters to be constantly on their guard against any trees which were not developed for comparatively dry climates.

Col. Penick stated that many West Texas farmers have been interested in planting pecans to the extent that they have bought a few trees for experimental purposes and were very much disappointed when they died. This failure of the trees to live was because they had been raised in a climate where from 60 to 70 inches of rain fall each year and were planted in a climate which averaged 20 inches of rainfall per year.

The western varieties have smaller leaves than the eastern varieties and require less water. Reputable western nurserymen sell no other kind.

Originally the West Texas Chamber of Commerce undertook to distribute one thousand trees at very nominal prices but a new deal whereby all orders for trees during the season can be filled has been made. The orders will be received at the headquarters office at Stamford for Halberts, Nuggetts, Burkets and Success, all proved western varieties.

Mayview News

Mayview, Feb. 11.—About 68 people attended church and Sunday School at Dougherty Sunday morning. Brother Jameson also preached Sunday night.

Bill McNeill spent Saturday night with Vallie McNeill. Loyd Readhimer spent Sunday afternoon in Floydada.

A number of young folks called to see Mr. and Mrs. H. L. Handley Saturday. A good time was reported. All enjoyed the music.

Miss Grace McNeill spent Saturday night with Misses Winnie and Mabel McNeill of Fairview.

The TOWN DOCTOR

(The Doctor of Towns)

SAYS

THERE ARE THOSE WHO'LL SAY, "IT'S ALL A LOT OF BALONEY"

Almost every honest endeavor to induce people to DO something for their community is branded by certain types of individuals as hot air, bunk, hooey and "It's all a lot of baloney." The fellow who starts whispering, "Tie it outside," when THINKING residents talk about the value of "boosting" is usually the fellow who goes outside the record regarding the truth when making conversation about himself. Such people are so engrossed in their own littleness that they cannot grasp the BIGNESS of COLLECTIVE thinking.

The greatest service anyone can do for his community is to THINK about it. Let everyone think a community is GOOD and it WILL be—not overnight—not in a month—nor perhaps even in a year. But THINKING it is good will create and cause ACTION that will gradually and surely MAKE it good. On the other hand, think your town is NO good and it will be just that and nothing different!

THINKING about those things that will improve your community is not a DUTY—it's BUSINESS; therefore, it isn't a question of why you should but why SHOULDN'T you be a booster?

A booster is one who supports his town enthusiastically—one who gets BEHIND and PUSHES vigorously, consistently and PERSISTENTLY. The other fellow gets in FRONT and leans BACKWARD, or gets in the road making it tough going for the PUSHERS.

A booster is an optimist and a joy-maker; he is not a cynic nor a crepe-hanger.

A booster cheers; he never jeers, sneers, or hisses.

A booster sticks up for his community; he never turns his nose up at it.

A booster gives every fellow a "break"; he never "dishes the dirt."

A booster says, "I'll do it for the good of the community;" not, "What do I get out of it?"

A booster admires success; he never infers, "There must be something crooked about it."

A booster says, "You bet this is a good town;" he never says, "Oh, yes, it's all right if you like it."

A booster is for anything that is good; a KICKER objects to everything good or bad.

A booster is a POSITIVE quantity; a KICKER is a NEGATIVE minus.

A booster pushes and goes AHEAD; a KICKER balks, stands still and never gets anywhere.

A booster, instead of saying, "It's all a lot of baloney," says, "There may be something in that," and then THINKS about it.

You are the one to decide on which side of the fence you are going to be. Choose the side you think is for your own best interests, and then STAND UP for what you THINK.

Sunday School Lesson

P. D. O'Brien.

Date—Feb. 17.
Theme—Prayer.
Scriptures—Matt. 6:5-13; Luke 18:9-14; I John 5:14-15.
Golden Text—If ye abide in me, and my words abide in you, ask whatsoever ye will, and it shall be done unto you. John 15:17.

We do not hesitate to say that prayer is the very greatest of all the privileges enjoyed by man. The fact that it means access to Divine power, wisdom, forgiveness, and fellowship makes it the greatest of all privileges. I had rather know how to pray effectively than to possess the ability to do anything else in the world. There is nothing worth while that we can do before we pray, and there is nothing worth while that we cannot do after we pray.

The Model Prayer

The prayer in the 6th chapter of Matthew; is too often referred to as "The Lord's Prayer." It is not His prayer, but rather the pattern prayer, which is designed to teach us how to pray, not the Lord's prayer, but the disciple's prayer. Certainly Jesus did not mean that we were to memorize these words and use them every time we pray. But in this model will be found all the elements that make up a successful prayer. His approach to the subject of how to pray is very important. This will be found in verses 5 to 8. Here He warns us to avoid the manner and motive of the Pharisees in their prayers. They stood praying to be seen and heard of men. They used many words, made their prayers long, and used many repetitions. Jesus says this form and motive of prayer will avail nothing with God. They prayed to be heard of men rather than of God. This is a danger which we should always guard against. We should not be concerned about what men think of our praying, as long as we get the ear of God, and receive His answer. He admonishes us to enter into our closet, and make our wishes known to God secretly, and promise that He will reward us. Of course He does not mean that we are to go into an actual closet every time we pray, but rather that we are to shut out the world from our minds, and center our thoughts upon Him. This is essential to real prayer, whether we pray while alone, or in the congregation. In closing this door we shut out all worldly matters, and shut ourselves in with Him. Then and not till then can we really pray.

Essential Elements in Prayer.
An analysis of this model prayer will reveal every essential element in praying. Let us make such an analysis and sincerely lay to heart these lessons, that we use them to make our praying more effective.

1. Our prayers must be reverent. There is no other combination of words known to any language that carries a greater weight of reverence than the opening sentence of this prayer, "Our Father which art in heaven, hallowed be thy name." The success of our praying depends not only on WHAT we ask for, but upon HOW we ask for it. We are to always remember when we come to God in prayer that we are creatures approaching the Creator, subjects approaching the King, Servants coming to our Lord and Master, little children approaching our Father. And as such we are to show the proper respect and deference to His greatness and majesty. 2. The next element is submission. He who cannot say, "Thy will be done," cannot pray. Unless we are willing to admit that His ways are higher than our ways, and His thoughts than our thoughts, then we waste the time spent in trying to pray. We need to learn to pray for Him to lead us in helping Him to do His will, rather than be always asking Him to help us do our way. 3. After we have shown proper reverence in our approach to His throne, and expressed our willingness for His will to be done, then we are permitted to make our petitions to Him for whatever we want and need. We are ready then to ask, "Give us this day our daily bread." Some have said that this means a prayer for temporal blessings, still others have said it means spiritual bread, but we contend that it means both. In fact it includes every need that may arise in our lives. Again let us notice that He says, "daily bread," teaching us that we are to pray day by day for the things we need for that day. Certainly we should not pray less than once a day. 4. Next we find in the model prayer the element of forgiveness. "Forgive us our debts" etc. If we are as reverent as we should be, and as submissive as we ought to be, then we are in position to ask for and receive forgiveness for the sins of which we are all guilty. This, too, should be a daily prayer, for every day we are guilty of sins either of omission or commission, or both. Jesus knew that as long as His followers were in the flesh that they would be subject to sin, therefore He taught them to ask for forgiveness. This is the only point in the model prayer upon which He comments after He has finished the prayer. He says, "For if ye forgive not men their trespasses, neither will your heavenly Father will not forgive your trespasses." We receive forgiveness from Him in proportion as we are willing to forgive others. A man with an unforgiving spirit cannot pray. 5. The fifth element in prayer is dependence. "Lead us not into temptation...deliver us from evil." In this we confess that we do not know the best way to go to avoid the evils that are in the pathway of life, therefore we submit His leadership who knows all things. In closing He comes back to the idea of reverence. It is helpful to connect the first and last verse of the prayer together, "Our Father who art in heaven, hallowed be Thy name... For thine is the kingdom,

the power and the glory forever, Amen."

The Parable in Luke

The Pharisee represents the self-righteous man who feels that he has need of nothing. The Publican represents the penitent sinner who feels that he needs everything. The Pharisee prayed with himself, and boasted of his goodness. The Publican prayed to God and confessed his sinfulness. The Pharisee felt the need of nothing, asked for nothing and got nothing. The Publican felt the need of forgiveness, asked for mercy and received justification.

Boldness in Prayer

In First John we have recorded the need of confidence or faith when we pray. This confidence, when our faith in His word inspires in us, makes us bold to come into His very presence, and ask for anything we will, as long as we are impressed that it is according to His will. This reminds us of the Scripture in Hebrews which says, "Let us come boldly to a throne of grace, that we may find grace to help in time of need." When Reverence, boldness, confidence, submission, petition, forgiveness and dependence characterize our prayers, we may expect great results.

Five Hundred Present For Plainview Banquet

Joseph Leopold Discusses "Present Day Business Problems" at Annual Feed.

Five hundred people, representing approximately twenty towns in the Panhandle and the City of Plainview, met in the large Plainview auditorium last Tuesday evening when the annual banquet of the Plainview Chamber of Commerce and Agriculture was held. Joseph Leopold, manager of the Southern Central Division of the United States Chamber of Commerce, was the speaker of the evening and held the attention of the audience for one hour with an eloquent discussion of "Present Day Business Problems." The program was interspersed with vocal and musical numbers by Plainview talent. "In the enthusiasm of the growth and development of their cities many of the prominent business men of today are continually making every effort to secure a large number of factories and wholesale houses without first considering the fundamental principles of city building that are absolutely necessary before those industries can grow and prosper in that city." Mr. Leopold said in speaking of the present day desire for "more smokestacks and a bigger payroll for our town." His discussion led into the principles of the chain store and present day business methods.

H. S. Hilburn, editor of the Plainview Evening Herald, was the Master of Ceremonies and introduced the following visitors and speakers: Dr. Paul W. Horn, president of Texas Technological College, Dr. J. A. Hill, president of the West Texas State Teachers College, Henry Ansley, of the Amarillo News-Globe, Arthur E. Boyd of Plainview, Fay Guthrie of Lockney, D. F. Eaton, president of the Panhandle-Plains Dairy Show, A. B. Davis, manager of the Lubbock Board of City Development, Sterling Evans, district A. & M. Extension service agent, R. M. Milholland County Agent Hale County, Mrs. Julia Kelly, Home Demonstration Agent Hale County, John P. McGarr and Fred Lowe, Master Farmers of Hale County, Ed Bishop and R. E. Fry of Floydada.

The work of Maury Hopkins, secretary of the Plainview organization, came in for several complimentary remarks and Mr. Hopkins introduced the newly elected officers and directors of the Chamber. Music for the occasion was furnished by the Plainview Municipal Band, under the direction of Harold E. Dallinger.

BIRTHS REPORTED

Among the births reported this week are:

A son, born to Mr. and Mrs. E. A. Colston, of Baker, February 7.

A daughter born to Mr. and Mrs. G. L. Lotspeich at Dougherty, January 29. Mr. and Mrs. Lotspeich live at Dumas.

A son born to Mr. and Mrs. G. L. Laminack, of Campbell, February 4.

Mr. and Mrs. L. E. Lewis and sons, Lester and Homer, moved here last week from White Deer to make their home. He is a brother of Mrs. C. P. Looper and will be employed in the C. P. Looper grocery.

Mrs. C. M. Thacker and baby are expected home this week from a two weeks visit with her parents, Mr. and Mrs. A. C. Sullivan near Big Spring.

Mrs. W. F. Deatherage returned to her home in Kim, Colo., Tuesday after a visit here with Mr. and Mrs. A. R. Hanna and other relatives. She was accompanied home by her son, Ray, who came for her Saturday.

Singing Lions Warble For Lincoln Program

"A Lion that sings! Why, there ain't no such animal!" But, yes there is, too. Floydada has four of them. They're members of the Floydada Lions Club, and they compose the Official Lions Quartet. These four vocal warblers are Lions E. S. Randerson, J. G. Wood, W. L. Fry and O. T. Williams. Although they made their debut two weeks ago, they were not officially recognized until Tuesday of this week when they insisted upon giving another demonstration of their talents at the regular meeting of the club at the noon hour.

Other than committee reports, no official business was taken up at the meeting Tuesday, and the Program Committee, with P. D. O'Brien as chairman, used a majority of the time with a very interesting program. As the club met on Lincoln's Birthday, the program was centered around this idea. It was found that of the club membership, eight are sons of Civil War veterans and twenty-seven are grandsons of Civil War veterans. Three North-erners and thirty-two were south-erners.

Mrs. Clyde Davis read Lincoln's Gettysburg Address, and O. P. Rutledge gave a short talk on the birth and childhood of the Executive. A round-table discussion of

humorous and historical events in Lincoln's life proved very interesting. Thirty-seven members and one guest was present Tuesday.

A. F. Daniels, of Dallas, assistant engineer on the paving projects in Floydada, spent the first of the week here.

Mr. and Mrs. T. H. O'Neal of Lorenzo will move here this week to make their home. He will be plant manager for Texas Utilities Co.

Miss Edra Robinson, a nurse in the Smith and Smith Sanitarium for four years, resigned her position Monday. She went to Turkey for a visit with her parents, Mr. and Mrs. Bob Robinson, after which she may be connected with the Traweck Sanitarium at Matador.

Mrs. D. M. Willson of Fort Worth came Saturday for a visit with her son, J. M. Willson and Mrs. Willson. She was accompanied by her brother-in-law W. M. Willson who returned home Monday.

They're All Talking!

ABOUT THOSE NEW LOW PRICE

WHIPPETS

Motorists everywhere enthusiastic in their praise of the new Superior Whippet. You hear them expressing their admiration of Whippet's ultra-modern style and the outstanding beauty effected by long bodies, graceful lines, rich colors, higher radiator and hood, sweeping one-piece full crown fenders.

More spacious interiors afford extra leg room and elbow room. Seats are wider and have form-fitting contours. Other important factors in riding comfort are the increased wheelbase, oversize balloon tires, snubbers and longer springs both front and rear.

Yet with all its many improvements, the new Superior Whippet Four Sedan is still the world's lowest-priced four-door enclosed car. And the Whippet Six Sedan is the world's lowest-priced six-cylinder four-door enclosed car, with the impressive advantages of seven-bearing crankshaft, silent timing chain, full force-feed lubrication, Nelson type aluminum alloy invar-strut pistons and "Finger-Tip Control."

Basketball Tournament Won by Ralls

The South Plains basketball tournament, which was staged in the Andrews Ward Gymnasium on Friday and Saturday, was won by the Ralls high school team. There were about sixteen teams invited from towns over the South Plains, and many of them were present for the tournament. The final game was played between Quitaque and Ralls. The winners were presented with a beautiful silver trophy by the Floydada Chamber of Commerce. The runners-up and winners will later be presented with silver and gold basketballs. The attendance at the games was somewhat lessened by the weather, but the crowd on Saturday night was very large.

Girls Defeat McCoy

The girls basketball team played the first game of their season with McCoy on Wednesday night. They defeated the McCoy girls a score of 16-14. The girls have been hindered in their games by the various plays that have been presented, and sometimes the weather. The team has bright prospects for a successful season.

Good Citizenship Club Meets

The Good Citizenship Club, which was organized in the Civics class some time ago, held its first meeting at class period on Friday. The president, Winfred Newsome, presided at the meeting. Oleta Jackson, secretary, read the minutes of the organization of the club. The following program was given: "The White House," a talk by Margie Norton; "What President-elect Hoover is doing at the present time," was told in an interesting way by Annie McNeill. The remainder of the period was occupied by the reading of "The Common Sense of the Constitution." The club will hold its regular meet-

Higgins Battery and Electric Co.

Mother, Daughter Banquet

The members of the Girls Reserve of Floydada High School honored their mothers last Thursday evening with a Mother, Daughter Banquet. The banquet was held in the dining room of the Baptist Church. The room was beautifully decorated with a blue and white color scheme. The place cards were small blue triangles with the letters "G. R." engraved.

During the course a very interesting program was given. The program was as follows: A welcome talk by the toastmaster, Emma Lee Crawford. A song by members of Girls Reserve; a toast to mothers by Juanita Shirley; Response by Mrs. Enoch; Violin solo by Mrs. A. D. Cummings; reading by Mrs. Sone; a talk on the girl reserve by Mrs. Harper Scoggins.

The teachers have had to allow gum chewing in classes lately on account of sore throats and as long as this prevails I think that tonsillitis will also.

Well so long as the ink remains frozen in the fountain pens a student cannot be expected to compose such astonishing compositions; however we are looking forward to the time when the intense heat of the radiators will force all the students to sit on the opposite side of the room.

Believe it or Not

We can say something that many high schools cannot; that is, that we have healthy students who never have bad colds and sore throats. We have decided that one reason for this is that our building is so well heated. Every classroom and especially the study hall, is very comfortable.

The comfortable building is a help to students in another way, also; that is, the students can study much better than if the building were cold and uncomfortable.

THE STATE OF TEXAS,

To the Sheriff or any Constable of Floyd County—GREETING:

YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Floyd if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published once each week for four consecutive weeks previous to the return day hereof J. H. Applewhite, Mrs. Mary Applewhite, J. W. Golden, and the heirs and legal representatives of any of said parties deceased, whose residence is unknown, and Tom P. Steen, nonresident to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Floyd, at the Court House thereof, in Floydada on the 4th day of March A. D. 1929 then and there to answer a Petition filed in said Court on the 26th day of January A. D. 1929, in a suit numbered on the docket of said Court No. 2126, wherein C. W. Mitchell is plaintiff and T. P. Adams, Tom P. Steen, Mrs. Mary Applewhite, J. H. Applewhite and J. W. Golden, and the heirs and legal representatives of Mrs. Mary Applewhite, J. H. Applewhite and J. W. Golden if said parties be deceased are defendants. The nature of the plaintiffs demands brings as follows, to-wit:

Plaintiff brings suit in trespass to try title to recover of and from defendants title to Lots numbers nine (9) and ten (10) in Block 108 in the town of Floydada (Floyd City) in Floyd County, Texas. Plaintiff also pleads title by five and ten year statutes of limitation.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Floydada, Texas, this, the 28 day of January, A. D. 1929.

(SEAL) T. P. GUIMARIN,
Clerk District Court, Floyd County, Texas. 494tc.

SHERIFF'S SALE

The State of Texas, County of Floyd.

NOTICE IS HEREBY GIVEN That by virtue of a certain execution issued out of the Honorable County Court of Floyd County, on the 4th day of January 1929, by Tom W. Deen Clerk of said Court for the sum of Three hundred sixty four & 43-100 Dollars and costs of suit, under a judgment, in favor of Tom B. Triplett in a certain cause in said Court No. 454 and styled Tom B. Triplett vs. V. N. Dillard and Velma Wilkinson, executrix of the estate C. R. Wilkinson, deceased, placed in my hands for service, I, P. G. Stegall as Sheriff of Floyd County, Texas, did on the 24th day

of January 1929, levy on certain Real Estate, situated in Floyd County, Texas, described as follows, to-wit:

Being lots numbered eleven (11), twelve (12) and thirteen (13) in Block number six (6), Walling addition to the town of Lockney Floyd County, Texas, as shown by plat of said addition of record in the deed records of Floyd County, Texas, and levied upon as the property of Mrs. Velma Wilkinson, executrix of the estate of C. R. Wilkinson, deceased, and that on the first Tuesday in March 1929, the same being the 5th day of said month, at the Court House door of Floyd County, in the town of Floydada, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said execution I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Mrs. Velma Wilkinson, executrix of the estate of C. R. Wilkinson, deceased.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Floyd County Hesperian, a newspaper published in Floyd County.

Witness my hand, this 24th day of January 1929.

P. G. STEGALL,
Sheriff Floyd County, Texas. 494tc.

Worried Night after Night as health declined

"I SUFFERED frequently from nervous headaches, and I could not sleep well," says Mrs. Cora Dover, R. F. D. 2, Hickory Grove, S. C. "I was thin and pale. I was so weak I could scarcely walk."

"I tried several remedies but nothing seemed to help me. Night after night I worried because I could see I was going down-hill. I had my children to look after, and I was afraid of what would become of them if anything happened to me."

"I began to take Cardui. It wasn't long until I was beginning to pick up. My strength gradually began to return. I rested better at night and was less nervous. I took several bottles of Cardui, and when I had finished taking it I was in fine health."

for Your baby chicks

THE SOUTHWEST'S MOST POPULAR CHICK STARTER!

MORE baby chicks in our great Southwest are raised on SUPERIOR Orange-Vitamine Chick Starter than on any other feed. Poultrymen tell us that it reduces mortality to a minimum... raises bigger, stronger chicks... makes broilers ready for market earlier... makes pullets lay sooner... and it always yields a larger net profit for their time and work.

WHY There is no other Chick Starter like SUPERIOR

It contains everything you would expect in a high quality Chick Starter; ground oatmeal, ground hard wheat, yellow corn meal, wheat gray shorts, Kaffir meal, dried buttermilk and bone meal. In addition to these, it is the one baby chick feed that contains dehydrated orange peel and pulp—the richest practical source of the health-giving and growth-promoting vitamins!

IT COSTS NO MORE to Raise Your Chicks the SUPERIOR Way

By the way, SUPERIOR naturally costs a little more than low quality brands or makeshift "home-mixes." But poultrymen who keep accurate cost records find that SUPERIOR always raises more chicks and thus pays them a larger net profit.

We Have a SUPERIOR Feed for Every Need!

Road Dist. Election Petition Is Refused

(Continued from page one)

town fellows" who are attempting to impose a burden on the farm owners of the county. "When the backbone of the county—the farmers—begin calling for a bond issue to build roads, then I'll begin to incline my ear to listen to them," he said. His hearers were with him, practically unanimously, and as he made his points hearty applause followed.

During the speech-making and the two-hour session, a running debate was held by those for and against the proposed road district, members of the court occasionally injecting a question to clarify the points made.

An informal vote of the delegations present held shortly before the close of the hearing, resulted in a unanimous vote against the proposed road district. A similar vote asked for on the proposal to issue warrants to take care of the cost of viewing out the road, assessing damages and paying for its opening and grading, also resulted in a practically unanimous negative.

Following the hearing the court voted unanimously not to call the election for the purposes requested.

COLVILLE WITHDRAWS FROM RACE FOR CITY SECRETARY

W. M. Colville asks The Hesperian to state that on account of his health he has decided to withdraw from the race for city secretary of Floydada.

He appreciates the encouragement and interest evinced by friends in his candidacy but feels that he must get out of the running for the above reason.

Sand Hill Will Give Play Again This Week

Play Presented Friday Night Will Be Presented Again by P. T. C. Society.

Because of the bad weather conditions and the small crowd that was present last Friday night to witness the presentation of "Hold That Line Jimmie" at Sand Hill, plans are being made this week of the Sand Hill P. T. C. Society to again present the play on Friday night of this week. Holders of the Sand Hill P. T. C. Season tickets are especially urged to attend this week as this play is the first on the new season's schedule.

According to Ed Holmes, president of the society, the play was accepted as "Great" by the small crowd that came out in the near zero weather. Arthur Wonack especially received bouquets for the way he presented the leading role of Jimmie Graham, young college president. Holmes stated, Zoel Watson and his band of Lockney Musicians entertained between acts.

Only about one-tenth of the season ticket holders were present last Friday and it is for their benefit that the society is giving the play this week. "Remember you still have time to see all the plays on the new season ticket and we believe you will enjoy this play" Holmes said.

The Lockney musicians will again entertain between acts, and all who enjoy old time numbers on the violin, guitar, mandolin, bass violin and piano are urged to hear them this week.

Center News

Center, Feb. 12.—Had fairly good crowds out to both services Sunday, especially considering the day was so cold. A few others would have been present if they could have gotten their cars started.

Mr. and Mrs. Clifton Crabtree attended church with us Sunday. We welcome them to our community and hope we may make them feel at home with us.

Mr. and Mrs. Elvis Gill spent Sunday with her parents, Mr. and Mrs. Hollins.

Mr. and Mrs. C. O. Spence, and Mr. and Mrs. Claude Carpenter and their children took Sunday dinner with Mrs. Montgomery and children. Mr. and Mrs. Ross visited with Mrs. Ross' parents, Mr. and Mrs. Guffer, of Fairview.

Had a pretty good singing Sunday afternoon. Not so many visitors as usual but we surely appreciate every visitor present and invite you with us again.

Mrs. G. C. Tubbs and children visited with Mrs. Jordan awhile Sunday afternoon.

Mrs. Bryant and Miss Georgia, Mr. and Mrs. F. O. Bryant took Sunday dinner with Mr. and Mrs. Marion Carpenter.

Miss Lillian King spent Saturday night with Miss Gertrude Lightfoot and Sunday night with Mr. and Mrs. W. B. Jordan.

A daughter was born to Mr. and Mrs. E. W. Lightfoot last Friday morning. The little child lived only about nineteen hours. The funeral was conducted at the home by Rev. P. D. O'Brien, with burial in the Floydada cemetery at three o'clock Saturday afternoon.

Mr. and Mrs. H. B. Mankin and Miss Bernice, took Sunday dinner with Mr. and Mrs. W. B. Jordan.

The Reverend and Mrs. Merle Weathers spent two days last week with his parents at Plainview.

J. W. Cole spent Saturday night and Sunday with Roy O'Brien at the home of C. M. Meredith.

Remember, next Friday night is Club Night, weather permitting. We hope to give you the program prepared for last meeting, night that was weathered out. Come.

FINDS WEATHER BAD DOWN-STATE DURING LAST WEEK

S. L. Rushing, who returned Saturday of last week from a business trip down-state, found the weather mighty unsatisfactory in the central portion of Texas, he said. For eleven days he did not see the sun and practically all the time moisture in some form was falling.

Fort Worth and Waco were among the cities he visited during his absence.

Hillcrest News

Hillcrest, Feb. 11.—The bit of snow which fell last week was appreciated by almost everybody. A. T. Swepton returned Wednesday from a business trip to Fort Worth.

Mrs. W. B. Garrison returned Sunday from a week's visit with relatives in Brownwood.

Mr. and Mrs. Jess Bartlett visited Saturday with her parents, Mr. and Mrs. Meek, of Fairview.

Little Lewis Bostick suffered an attack of pneumonia last week at the home of his grandparents, Mr. and Mrs. L. H. Lewis. He was removed to Floydada, and is recovering there now.

Miss Mary Anne Swepton and brother, Hurschel, were business visitors in Lockney Monday.

Porter Garrison is home for an indefinite visit with his parents, Mr. and Mrs. W. B. Garrison. Sir e he was home last, he has spent several months in the State of Washington and in Colorado. However, he returned home from Amarillo.

Fairview News

Fairview, Feb. 12.—Mrs. A. A. Beedy accompanied by her granddaughter, Ida Lou Beedy, visited in Clarendon last week.

S. R. Peak suffered an accident Sunday evening when a cow attacked him and threw him into the air. No bones were broken but he was badly bruised when he fell.

Mrs. E. C. Austin has gone to join her husband at her daughter's in Abilene, where he has stopped on his return from Temple. Mr. and Mrs. Ed Bullard are taking her through the country and the whole party will return Thursday.

We were shocked to learn of the death of C. B. Davis, at 2 o'clock yesterday morning. He was ill of pneumonia when he died. He is survived by his wife and two children. Mr. Davis was residing with his cousin, J. B. Tinnin, preparatory to settling in our community.

A. A. Beedy was on our sick list last week but is better again. The Senior B. Y. P. U. will have a social Wednesday night at the home of Mrs. W. B. Wilson.

The Dramatic Club after quite a few postponements started to work on their play Monday night.

School was dismissed Friday as snow and cold weather prevented pupils from attending.

A. C. McCAda, of Center, has moved to the Clifton Crabtree farm.

CARD OF THANKS

We wish to express through the Hesperian, our thanks and appreciation to the kind friends who in any way helped us during the recent illness and death of our baby, When the clouds hang heaviest over your own homes, may you have just such loyal friends to sympathize with and comfort you. May the Heavenly Father reward each one of you.

We thank Center Community for the beautiful flowers.

Mr. and Mrs. E. W. Lightfoot, and children;

Mr. and Mrs. E. M. Weathers.

F. M. BUTLER INJURED WHEN FEET SLIP ON ICY PAVEMENT

F. M. Butler, of Amarillo, is in bed for a rather extended time with a badly shattered shoulder, the result of a fall Saturday morning on an icy pavement in Amarillo. His relatives here were advised that it would be a matter of weeks before the shoulder could be taken out of the cast.

He was enroute to work Saturday morning when the accident occurred. A passing autoist stopped to offer him a ride, it was said, and as he stepped to the pavement he fell with his weight on his left shoulder with the resultant injuries. Mr. Butler is vice-president of The American State Bank.

BUILDING HOME

'Wonderful Trip,' Miss Bass Says On Return

Silver Anniversary of Extension Service Work Celebrated At Houston Last Week.

"It was a great gathering of Extension Service workers held at Houston last week, with re-escortatives of practically every southern state present, and all Texas extension service workers, including county and home demonstration agents, totalling probably a thousand and persons were present at the sessions from Monday to and including Wednesday night," Miss Blanche Bass, Floyd County Home Demonstrator said this week.

She returned from the trip Sunday, the arrangements for the entertainment of the extension service workers having included a mammoth banquet Wednesday night, and a trip through the Rio Grande Valley Friday. Miss Bass said Rio Grande Valley people knew the art of entertaining. From Edinburg to Brownsville everything was arranged for the pleasure of the visitors and to set before them the attractions of Valley. A wild game banquet at Matamoros, across the international boundary, was the crowning event of the trip.

Dr. H. A. Knapp, founder of extension service work first begun in Texas near Terrell twenty-five years ago, was the honor guest at the big convention.

INFANT DAUGHTER BURIED AT FLOYDADA CEMETERY

Funeral services were held Saturday afternoon for Jenell, infant daughter of Mr. and Mrs. E. W. Lightfoot, of the Center Community, who died Friday afternoon, after living only a few hours.

Rev. P. D. O'Brien conducted the funeral services which were held at the residence north of the Cedar school. Interment was made in the Floydada Cemetery.

JUDGE GETS RAISE

County Judge Wm. McGehee was given a raise in salary this week by the Commissioners' Court, amounting to a little over \$20 per month. His salary has been about \$1968 per year, the raise gives him \$2250 per year.

MRS. B. L. BLACKLOCK ILL

Mrs. B. L. Blacklock is in an Abilene sanitarium recovering from a major operation which she underwent last Saturday. Mr. Blacklock who has been with her returned Wednesday afternoon. He reported that she was doing well but would not be able to come home for several weeks.

J. H. Bass, superintendent of the Haskell Public Schools, is here this week to visit with his mother, Mrs. Grace Bass, who has been ill for several days.

HARMONY CLUB

Harmony Demonstration club met at the home of Mrs. L. E. Williams Wednesday February 6. Mrs. M. D. Ramsey was leader.

Miss Blanche Ramsey discussed the things that constitute an adequate diet. Planning a budget to meet the family needs was a subject of general discussion. Miss Bass could not be with us to give her demonstration but will give the same one next meeting on "One dish dinners."

At the conclusion of the meeting hot chocolate and cake were served to fourteen members and three visitors. The next morning will be held February 18 with Mrs. Harris. The family garden will be the subject.

BLANCO CLUB MEETS

The Blanco Home Demonstration Club met at the home of Mrs. Will Snell on Monday, February 11, at 2:30 o'clock. Seven members were present and we were very glad to enroll one new member, Mrs. Leo Bryant.

Our president appointed the following committees: Membership—Mrs. D. R. Badgett and Mrs. Will Snell; Program—Mrs. Horace Simpson, Mrs. Wright and Mrs. Leo Bryant; Finance—Mrs. W. C. Cates and Mrs. L. C. Wheeler.

We decided to send our president to the Short Course this summer and discussed plans for raising the necessary funds.

Assignments were made for preparing the club's part of the Chamber of Commerce Banquet, after which we adjourned to meet on Monday afternoon at 2 o'clock with Mrs. L. C. Wheeler. We have some more important business to attend to and should like to have every member present.

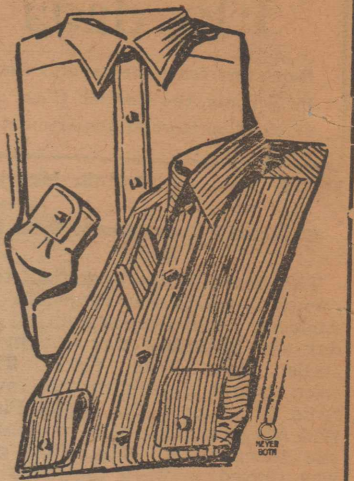

Lawrence Lewis began work this Thursday at Matador as distributing agent for the Continental Oil Company.

Roy L. Jameson who has been attending the School of Mines at El Paso, the past year and a half, returned home last week. He will probably not return to school this school year. He is a son of Mr. and Mrs. J. A. Jameson.

Ben Roberts has returned to Floydada from Lubbock, where he has been in the shoe repair business for the past few months. He plans to re-establish himself in the business here.

Mr. and Mrs. T. C. Russell will return this week from Temple where Mrs. Russell went through the clinic. Word was received here that she was found to be very much improved in health. Mrs. G. R. May went with Mr. and Mrs. Russell and visited relatives in Waco.

Mrs. Theron Bishop of Midland came Saturday for a visit with her parents, Mr. and Mrs. W. H. Meachum.

Now's The Time!
