Court Denies Plea For Registration Extension

BEGINNING A NEW YEAR—These six members of the Snyder School Board were on hand last night to begin a new year. From left are Clifford Terry, new vice president of the board; William J. Schiebel; Kenneth Wilson, new president of the board; Ted Crenwelge, newly-elected board member; Max von Roeder, who was appointed to the board in February, and Dillard Teal, newly-elected board member. Charles Hartman, the other board member, was not present at Tuesday night's session.

Wilson Elected President Of Snyder School Board

Kenneth Wilson was elected president of the Snyder School Board last night as the trustees launched a new year and seated two new members.

Clifford Terry was elected vice president of the board and Doug Flynn was re-elected secretary.

Dillard Teal and Ted Crenwelge who were elected to posts on the board in Saturday's election, took the oath of office and were seated as members of the board.

Thus the board has acquired its third president and three new board members since the first of the year. Buster Anderson, who took over as president of the board following the resignation of Harold Bennett in February, was not a candidate for re-election this year. Max von Roeder, the third new member of the board, was appointed to fill the board vacancy when Bennett resigned.

J. L. (Broadway) Browning, an unsuccessful candidate for re-election last Saturday, and Anderson were on hand last night for the canvass of election returns and Anderson presided until the new officers were elected. Browning, before departing, told the board that he felt the experience of serving on the board had been beneficial to him as a citizen and that he had the utmost confidence in the new board. Anderson had made his farewell remarks at the last meeting.

In the board's business meeting, a physical examination policy for school personnel was approved by the board. The school will bear the expense for the initial examination; after which annual examinations will be required at the expense of personnel themselves. It was estimated that $9,750 would be required to initiate the physical examination plan. Ted Crenwelge cast the only dissenting vote on the issue, noting that he favored the physical examinations but felt that more study should be given to the policy before committing the school to all the expense for the first examination.

The board voted to make high school facilities available next Sept. 17 to Eluvanna Young Farmers who will host their area convention. Over 500 Young Farmers and Young Homemakers are expected for the event.

The remainder of the session was devoted to reports by administrators and other personnel on several areas of the school program.

Mrs. Maurine Robinson, director of special education, outlined plans for a summer "day camp" which has been planned for "trainable" children for June 20-July 1. Volunteer workers will conduct the camp, but school facilities will be used and some school transportation equipment will be used.

High School Principal Ben Brock told the board that the summer school program would be expanded this year to enable many students to take courses which they are unable to schedule during the regular term. Brock said a growing

Ruling Is Unanimous

By LEE JONES

AUSTIN (AP) — The same three-judge Federal Court that outlawed the Texas poll tax ended weeks of controversy over free voter registration Tuesday by denying a federal plea for two more registration periods.

"I am very pleased with the decision," said Gov. John Connally, who denounced the federal move last week as undue harassment of Texas.

The court overruled a request the by U.S. Justice Department to compel the state to reopen voter registration April 8-19 for the May 7 primaries and Aug. 22-Oct. 8 for the general election.

"We think that the people had knowledge of the new right, and while time was limited there was afforded reasonble time and facilities within which to register" during the March 3-17 emergency registration period, the court's unanimous three-page opinion said.

Joining in the opinion were Circuit Judges Homer Thornberry and John R. Brown and Dist. Judge Adrian A. Spears.

The march registration period and the later federal bid for additional sign-up of voters had Connally and Atty. Gen. Waggoner Carr in a stew from the time the Justice Department announced that FBI agents would monitor the registration period.

Both high Texas officials repeatedly attacked the Justice Department and U.S. Atty. Gen. Nicholas Katzenbach. But U.S. Sen. Ralph Yarborough, a foe of Connally in Democratic party politics, praised the FBI surveillance.

More than 600,000 Texans signed up as voters during the March 3-17 period, but an estimated two million were left without the franchise.

The Justice Department, represented by Asst. U.S. Atty. Gen. Stephen J. Pollak, contended in court Tuesday that 15 days was unreasonably short to register all eligible voters.

But, the Federal Court said, "We are of the view that while the time was extremely short there were afforded reasonable opportunity to register..."

Nothing that the 15-day period applied only for this year's election, the court said: "It was not, in any sense, a legislative means of perpetuating the unconstitutional discrimination which our decision struck down."

The decision was handed down 3½ hours after the end of a four-hour hearing, marked by an irritated exchange between Brown and Carr.

"Texas is a proud and responsible state of this nation," Carr said, beginning to read his prepared remarks. "It is, and always has been, vitally interested in seeing that all its citizens have had full opportunity to vote..."

"Then why did they just give 15 days to vote?" snapped Brown. "I don't think pride has a thing to do with this case. I just wonder where we get to this constant appeal to this sort of suggestion."

Brown, reddening, interrupted Carr moments later when Carr said that the Justice Department, not a Texas citizen, had brought the poll tax suit.

"We are not fighting a civil war. I don't know what you keep going back to that for," Brown said.

Carr replied that the Justice Department was "trying to tell us in minute detail how to run our registration. No other state is receiving this treatment."

Shaking his finger for emphasis, Carr said:

"This is one of the most important cases in the judicial annals of this nation."

CITY OFFICIALS SWORN IN—Newly-elected city officials were sworn in at the council meeting Tuesday night at city hall. From left are M. L. Broman, mayor; James Kincaid, Place 4 Councilman; Jack Lawrence, Place 2 Councilman, and K. O. Pitner, city secretary who administered the oath. Rayburn Burgess, newly-elected Place 6 Councilman, was out of town and will take the oath later.

City To Destroy 6 Old Buildings

City Councilmen last night approved a motion to destroy six dilapidated buildings under a city ordinance which prohibits such buildings from becoming hazards.

The Council also conducted the official canvass of Tuesday's election to fill four vacancies. Rayburn Burgess was elected to Place No. 6, previously held by Guy L. Sullivan, with 110 votes. Mayor M. L. Broman was re-elected with 109, James Kincaid won Place 4 with 107 votes, and Jack Lawrence was re-elected to Place 2 with 101 ballots. Jack Inman received five write-in votes. Kincaid succeeds H. A. Johnson who did not seek re-election.

In other action, the council renewed the contract of Edgar Taylor as collector of delinquent taxes for another year and approved a request of the Snyder High School Student Council to paint a mascot Tiger on a water tower, subject to the approval of the city manager.

The city attorney was instructed to draw up an ordinance for the annexation of four acres of land in the vicinity of Huffman Avenue and the new Highway 84 by-pass. The request for annexation was made by Leon Autry.

The apparent low bid of $4,790, submitted by Water Tank Service Company of Dallas for cleaning, repairing and painting the 100,000 gallon elevated water storage tank at Fortieth Street and Midland Avenue, was accepted after the council determined that $5,000 had been provided in the 1966 budget for this work.

New Delay For Launch

CAPE KENNEDY, Fla. (AP) — High-altitude winds today forced the third postponement of an attempt to launch an Atlas-Centaur rocket on a vital test flight.

NASA said this morning that the shot has been rescheduled for 11 EST tonight, after having announced earlier that the planned liftoff time would be 12:05 a.m. Thursday.

The postponement was the eighth in nine days here for a pair of space rockets. Tuesday, an effort to launch an orbiting astronomical observatory aboard an Atlas-Agena was delayed for the fifth time when an electronic sensing system detected pressure switch trouble.

The countdown on the Atlas-Centaur, whose goal is the first double ignition of a hydrogen engine in space, was halted at 90 minutes Tuesday night when the high winds were noted 25,000 feet above Cape Kennedy.

Troopers Guard College Hot-Spot

LORMAN, Miss. (AP) — A shield of National Guardsmen and state troopers defended the gates today at Alcorn A&M College, where tear gas clouds choked 2,000 angry demonstrators into retreat during the night.

Student protests seeking to depose Alcorn President J. D. Boyd boiled into violence again Tuesday night when patrolmen tried to clear a highway leading onto the campus.

Carbines at the ready, the patrolmen stepped into the mass of Negroes when a demonstrator shoved a trooper and reached for his rifle.

The two men struggled. Another patrolman slugged the Negro on the head with a billy-club. The crowd roared.

Leaping onto the hood of a parked car, a Negro youth hurled a soft drink bottle into the face of the officer who wielded the nightstick.

Troopers pushed quickly into the crowd, lobbing volleys of tear gas grenades. Gasping, screaming, cursing, the crowd scattered into the darkness.

There were no serious injuries, and no arrests.

The troopers moved to disperse the throng after about 175 National Guardsmen arrived on campus with bayonets fixed to serve as reinforcements.

Three companies of Guardsmen were marched to the north gate after patrolmen ordered back 1,500 Negroes who sought to stage a protest march on the campus.

In this earlier confrontation, held in the glare of floodlights, officials again warned Negro leader Charles Evers that a Chancery Court injunction bars him from the college grounds and forbids such a march.

Evers, state field secretary of the National Association for the Advancement of Colored People, asked: "What would you do if we marched anyhow? Would you draw your guns and shoot us?"

"I won't answer that," countered Giles Crisler, the highway patrol spokesman.

Turning back, Evers led his followers in an emotional prayer.

At his campus home, Boyd denied Evers' charge that he had suspended students who took part in civil rights work and had refused to allow students and faculty to campaign for civil rights on or off the campus.

Devenport Service Set Here Friday

Lloyd G. Devenport, 56, who lived at 600 Thirty-first Street, died at 10:35 p.m. Tuesday in Cogdell Memorial Hospital.

Mr. Devenport, who formerly operated a dry cleaning firm here for many years, was born at Dublin, Tex., and had lived in Snyder since 1926. He was married on Dec. 25, 1937, in Snyder to Miss Thelma Huffman.

He was a member of the Northside Baptist Church; where funeral services will be held at 2 p.m. Friday. The Rev. John Duke, pastor, will officiate. Burial will be in Hillside Memorial Gardens, under direction of Bolger Funeral Home. Nephews will be pallbearers.

Mr. Devenport is survived by his wife; a daughter, Mrs. Janis Thompson; five sisters, Mrs. John Gayle of Wilson, Mrs. W. B. Upshaw of Roby, Mrs. David E. Scott Sr. of Arkadelphia, Ark., Mrs. J. B. Lincecum of Holliday, Tex., and Mrs. Mack Lyles of Wichita Falls; and three grandchildren.

AEC Announces Low-Yield Test

WASHINGTON (AP) — A nuclear test of low yield, with a force less than 20,000 tons of TNT, was set off underground today at the Atomic Energy Commission's Nevada test site.

The blast is the 11th weapons-related test this year and the 68th since the nuclear test ban treaty became effective in August 1963.

Ex-Senate Secretary Dies In Washington

WASHINGTON (AP) — Leslie J. Biffle, former secretary of the U.S. Senate, died today of pneumonia at a Washington nursing home. He was 77.

A native of Piggott, Ark., Biffle served as a Senate employe and official for 44 years before he retired as secretary in 1952. Subsequently he was a business consultant in Washington. He is

Ky Says Crisis Can Be Resolved

By THOMAS A. REEDY

SAIGON, South Viet Nam (AP) — New antigovernment demonstrations rocked Saigon and Hue today, but Premier Nguyen Cao Ky's military regime appeared to be making some headway toward ending the grave political crisis that has threatened to tumble it.

Ky called the situation still serious but said he is confident the difficulties with dissident military men in Da Nang can be resolved peacefully.

A few hours after his optimistic statement, 1,000 demonstrators surged through the center of Saigon tonight, wrecking a Vietnamese newspaper office on the way. The youths moved out from a student headquarters at whistle commands from a group of young Buddhist monks.

The mob gathered strength as it surged downtown and attacked the ground floor office of the paper Song, smashing machinery and furniture with knives and sticks. The demonstrations came on the heels of a report of a pact between Saigon authorities and militant student leaders to ease tensions in the capital.

About 10,000 Vietnamese demonstrated peaceably earlier in the day in Hue, 400 miles northeast of Saigon. Because of the continuing agitation in the northern Buddhist stronghold, some 70 foreign civilians—half of them Americans—were evacuated to nearby Marine bases at Phu Bai and Da Nang.

The U. S. Embassy, which cancelled its first evacuation order Tuesday, decided to act after it was told by Vietnamese authorities they could not assure the safety of American installations in Hue.

Most U. S. advisers with the Vietnamese army's 1st Division in the Hue area also were called into U. S. Command compounds in Hue and elsewhere, but some American advisers remained in the field with Vietnamese troops.

Greek Sailors Ask Ship Be Detailed

KOBA, Japan (AP) — Twenty-eight Greek sailors appealed today to the U.S. consulate general today to keep their ship from sailing to North Viet Nam.

U.S. Consul John Coffey referred the four-man delegation representing the sailors to the local representative of the Greek Ministry of Maritime Transport.

The latter said he had persuaded them to leave Friday with the ship — on what he said would be its last trip to Haiphong.

Mexico Bars Frank Sinatra

MEXICO CITY (AP) — Frank Sinatra, once the guest of a Mexican president, has been barred from Mexico by authorities who claim a recent movie he made depicts the country as a land of quickie divorces and shabby officials.

The Interior Ministry said Sinatra had been declared persona non grata because "Marriage on the Rocks," a film he produced and starred in, is "injurious and denigrating" to Mexico.

In Los Angeles, a spokesman for Sinatra denied a report he had been halted by Mexican authorities at Tijuana, on the California frontier. Sinatra had been reported planning an Easter vacation in Acapulco, where he owns property.

WEATHER

SNYDER TEMPERATURES: High Tuesday, 62 degrees; low, 37 degrees; reading at 7 a.m. today, 38 degrees.

North Central, Northeast Texas: Fair and a little warmer this afternoon, tonight and Thursday. Low tonight 44 to 54. High Thursday 78 to 88.

Northwest Texas: Fair and warmer this afternoon, tonight and Thursday. Low tonight 33 northwest to 47 southeast. High Thursday 78 to 88.

Coast: Mostly southerly winds 8 to 18 knots this afternoon, tonight and Thursday.

South Central Texas: Clear to partly cloudy and warmer this afternoon, tonight and Thursday. Lowest tonight 44 to 54 North and 52 to 62 South. High Thursday 72 to 82.

Southeast Texas: Clear to partly cloudy and warmer this afternoon, tonight and Thursday. Lowest tonight 46 to 58. High Thursday 68 to 78.

Southwest Texas: Clear to partly cloudy and a little warmer this afternoon, tonight and Thursday. Lowest tonight 38 to 48 north and 46 to 56 south. High Thursday 72 to 82.

Extreme Southwest Texas: Clear to partly cloudy and a little warmer this afternoon, tonight and Thursday. Lowest tonight 36 to 50. High Thursday 70 to 84.

Pentagon, Secret Service Ink Presidential Safety Pact

WASHINGTON (AP) — The Defense Department and the Secret Service have agreed formally to stay in close touch, to insure the timely exchange of information on possible dangers to the life of a president.

The agreement was signed last Dec. 14, about 15 months after publication of the Warren Commission report recommending such an action, among others, to prevent a recurrence of an assassination like that of President John F. Kennedy.

The pact came to light today when copies were bound into a batch of routine orders. The document still bore the stamp "For Official Use Only."

The Pentagon gave no explanation as to why the agreement had not been made public officially and said, "It still is for official eyes only."

As spelled out in the document, the purpose of the Defense Department-Secret Service agreement "is to provide procedure for and define the types of information to be furnished by the Pentagon to the Secret Service so the Secret Service may best fulfill its responsibilities to protect the person of the President of the United States.

The Warren Commission had found there was an information gap between the FBI and the Secret Service prior to the assassination of Kennedy. It criticized no other agency of government, but urged Secret Service agreements with each federal arm to insure receipt of vital information bearing on possible peril to the life of a president.

One of the categories of information which the Pentagon is now obligated to give the Secret Service involves "individuals who have threatened or attempted to redress, by other than legal means, a real or imaginary grievance against the federal government, including a less than honorable discharge."

Spring To Try Texas Comeback

A new counterattack by spring promised today to rout a late touch of winter cooling most sections of Texas.

Clouds disappeared nearly everywhere in the state as wheat growers still rejoiced over freakish snowfall Tuesday in parts of the Panhandle and South Plains.

The snow, measuring up to 4.5 inches at Farwell and 4 inches at Bovina, startled residents of an east-west strip between Amarillo and Lubbock. It melted quickly, providing moistue at a critical time for the wheat crop.

There also was a little light rain Tuesday night in a North Texas area from around Mineral Wells and Jacksboro eastward to Lake Texoma on the Red River.

It was still chilly in the Panhandle this morning with temperatures ranging down to 25 degrees at Dalhart by daylight. Brownsville at the southern tip of the state registered a low of 53.

Clear to partly cloudy skies and rising temperatures were in prospect throughout Texas.

New long range forecasts for the period through Monday, however, called for readings 2 to 7 degrees below normal. Moderate showers were predicted over the weekend for Southeast Texas but little or no moisture was expected elsewhere.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: My TV set went on the blink, so I called my neighbor's brother-in-law because he was in the TV repair business. He came over and looked at the set. I told him I didn't want him to fix anything until I knew how much the job would cost. He said the "cost" would depend on how nice I was to him. I thought he was kidding. Well, I let him take the set to his shop and after a week I didn't hear from him so I called him and asked him when he was bringing my set back. He replied, "When you tell me your husband isn't home." I told him I paid my bills in cash and that he had better get that set back in a hurry. That was three days ago, and I still don't have my set. What should I do?

NO SET

DEAR NO: Call the Better Business bureau and report the bum. His mind is running in channels for which respectable women have no use.

• • •

DEAR ABBY: When I met my wife, 18 years ago, I had a mustache. I kept it for five years after that, then I shaved it off. Every year for the past 13 years, once a year we have a celebration in town called CHARRO DAYS. Every man is compelled to wear either a full beard, a goatee or a mustache. Each year I go thru the same thing. My wife refuses to kiss me, love me, or have anything to do with me while I have this mustache. It takes a good two weeks to get it going, and I wear it for a month. This is a long time to go without a kiss. What should I do?

THE MUSTACHE KID

DEAR KID: Where's your imagination? Get a false mustache at a costume house. It can be glued on and ripped off easily. That way you can participate in the CHARRO DAYS without missing anything at night.

• • •

DEAR ABBY: My husband is a banker in a small town. People don't realize how annoying it is when they call him at home to conduct business they should have conducted at the bank during banking hours. They want information on loans, they ask him to withdraw money from their savings. Some even bring deposits to the house because, "It's so much trouble trying to park," or, "I work and don't have time to go to the bank." (The bank stays open evenings Friday night.) Once my husband mislaid a deposit someone brought to the house, and we were up 'til 2 a.m. tearing the house apart. Another time, a man brought his loan payment to the house on Sunday and my husband forgot to take it to the bank, so I had to dress myself and two small children and drive to town with it on Monday morning. Abby, will you do a lot of small town bankers' wives a big favor and print this?

ONE

DEAR ONE: You can bank on it!

• • •

CONFIDENTIAL TO JANITOR'S DAUGHTER: **Hold your head high, honey. Your daddy is making an honest living. Tell them, "The work may be dirty but the money's clean!"**

Fluvanna YF Session Set

FLUVANNA — Another educational program has been planned by Fluvanna Young Farmers for their meeting set for 7:30 p.m. Thursday at the community center.

The speaker will be Dr. Sam Little of Lubbock. Dr. Little's topic will be "Soil Building Crops."

Dr. Little grew up in Massachusetts and received his doctor's degree at the University of Maryland. In the fall of 1958 he joined the faculty at Texas Tech in the field of soils, and in 1960 he went to Puerto Rico as agronomist and entomologist for a plantation. He returned to Texas in 1962 as assistant professor of animal husbandry at Sul Ross College. In the fall of 1964 he joined the staff of Lindsey Seed Co. at Lubbock as an agronomist.

Anyone interested is invited to attend the meeting Thursday night. Following a refreshment break, the Young Farmers Chapter will conduct its business meeting. Final plans will be outlined for the rabbit drive scheduled to begin at 8 a.m. Friday.

Lions Club In Session

The Snyder Lions Club met Tuesday at Fellowship Hall of First Methodist Church for their regular weekly luncheon meeting. Vice president Frank Taylor presided in the absence of President George Patterson.

Members were reminded of the district Two-T-Two convention to be held in Lubbock April 22-23. Local club sweetheart, Miss Kay Pitner, will represent Snyder Club in the district queen's contest. Several club members plan to attend the convention.

Guests at the meeting included Harold Davis of Austin and R. Elmer Dunnam of El Paso. The high school Stage Band, under direction of Melvin Montgomery, presented the program. Their selections included several numbers made famous by big bands of the '40s.

WILSON

Continued From Page One

number of high school students express interest each year in elective courses for which they do not have time during their regular three-year senior high careers unless they can get them during the summer. Summer courses may not be used to enable a student to graduate early. However, Brock said he believed the expanded summer school offerings would result in some students accumulating 22 to 24 credits by the time they graduate. Also, the senior high will offer some courses next fall with classes beginning as early as 7:30 a.m., Brock said. This will permit some students to increase their academic loads and for others it may mean that they will have a study hall period for the first time.

Dan Martin, director of audio visual services, reviewed the activities associated with the school's weekly closed circuit television program over Snyder Community Antenna Television. Martin said some of the equipment should be up-dated before next season, and also that some new developments in television recording equipment may lead to a new educational use of television. He said that costs have been lowered and efficiency improved in television tape recording devices. Such equipment would make it possible for educational programs to be recorded and used at the convenience of istructors.

Pat Falls, assistant superintendent, gave a brief report on projected personnel needs for next year. Indications are that a slight decrease in enrollment at the elementary level may be expected, with slight increases at the junior high and senior high levels. Although projections have not been firmed up, Falls said there is a possibility that system - wide there may be four additions to the faculty.

Dr. Robert Clinton, superintendent, said over 20 teachers and administrators in the local system will work for one month this summer to prepare curriculum guides for the entire system in English. Arrangements have been made with Texas Tech to furnish a consultant and the local personnel participating will receive graduate credit at Tech for the project.

Keith Miles, athletic director and head football coach, reported that some improvements to athletic facilities are needed. Topping the priority list is a proposed addition to the athletic field house to provide a combination weight room and film room. Miles also said he is studying some of the new types of tracks, since the track in Tiger Stadium must be rebuilt or replaced soon. Improvements to the track have been under study for more than a year.

NEARLY VOTING TIME

It was sixty years ago this year my father drove down. He knew each ox by name. Thirty years ago while he was running for commissioner in precinct 2 my father told a lot of this. Sometimes while I was churning, churning butter sure was lonesome with no TV to watch then. On one occasion he told me my great-grandfather was named Jeptha and was born in 1800. Long string of us ole boys. His father died about 1872. Around 1845 my great - grandfather Jeptha lived about one hundred years. In 1915 I can just hear my great - grandmother saying "Jeptha come on home it's nearly supper time." Come on now all ye citizens it's nearly voting time

Two Vehicles Are Involved In Mishap

City Police investigated a two-car accident at El Paso and Thirtieth Street at 6:44 p.m. Tuesday. Damage was minor.

Involved were cars of Leon C. Bruns, 3211 Fortieth Street, and Jan Williamson, 2806 Denison. Damage to Bruns' 1961 Model Ford was estimated at $150. Damage to the other vehicle was set at $15.

Child Welfare Board Has Annual Meet

The Third Annual Meeting of the Scurry County Child Welfare Board was held Monday in the Scurry County Health Unit with the members and County Commissioners present.

The regular monthly business meeting was followed by a financial report for the previous calendar year. A period of open discussion was held in which questions were answered.

The new chairman, Jim Erwin, presided over the meeting. Other officers for the year are as follows: vice chairman, Fred Davis; secretary, Mrs. Wayland Walton; treasurer, Raul Rosas. New members recently appointed to the board by the commissioners are Mrs. Harley Carmichael, Mrs. Idolph Crooks, and Raul Rosas.

During the last year 134 children received some type of service through the Child Welfare Office. The majority of the children were referred by relatives, school officials, the county health nurse, or other interested individuals. Seventy-five per cent of these children were dependent and - or neglected. Approximately fifteen per cent of the cases concerned children who had behavior problems. The remaining ten per cent were children given service at the request of other agencies.

Since the establishment of this office in May, 1963, 275 children have been served through counseling, arrangements for psychological testing, and foster care for children who are temporarily in need of a home because of neglect or abuse.

Circus Due Tomorrow

The circus is coming to town tomorrow.

The Kelly-Miller Bros. show, second largest tent circus in the world, will present two performances in Snyder under sponsorship of the Veterans of Foreign Wars. The tent will be set up on the VFW show grounds.

A matinee performance is scheduled for 4 p.m. Thursday, with an evening performance booked for 8 p.m.

Texan's Kindness To Be Repaid

DALLAS (AP) — It was the fall of 1944 when his captors delivered Sgt. Hiroshi Funasaka to a prisoner compound on Peleliu in the Caroline Islands.

The Japanese soldier was bleeding from wounds in the shoulder and hand. Marine Cpl. Vernon Crenshaw routinely directed a medical corpsman to attend to him.

Several weeks later Funasaka was sent to another camp for prisoners. Crenshaw also moved on, eventually winning a battlefield commission before the end of World War II.

After the war Funasaka returned to Tokyo and became a publisher. He also started writing letters and questioning American visitors in quest of Crenshaw, whom he credited for saving his life.

It proved to be a long search. Only Tuesday did the two men converse again, this time by phone. Soon they'll be reunited.

A letter from Funasaka to the Defense Department finally got results. It was translated and published in both the Leatherneck magazine and Navy Times.

"I was astounded by the respect toward human life shown an enemy by the American forces," wrote Funasaka, "and also by how well we, as prisoners of war, were treated by the conquering forces.

"One gentleman in particular was so very kind to me that I have spent many futile hours in the past 18 years trying to locate him so that I might in some way repay him for his kindness."

Sgt. G. L. Luther of the Marine Reserve training center here read the letter. Luther had served with Crenshaw in the Pacific and knew he was the "Cpl. Grenshaw" whom Funasaka sought.

Crenshaw, 47 and white-haired, now is vice president of Texas-Oklahoma Express, Inc., in Dallas. He speaks Japanese fluently.

The Tokyo publisher and Crenshaw exchanged several letters. Funasaka invited the former Marine to visit in Japan, asking to pay their fare by plane.

Crenshaw accepted Tuesday, and it was agreed that he and his wife will spend three weeks as house guests of the Funasaka family. They expect to reach Tokyo May 2.

TODAYS MARKETS

AUSTIN (AP)—Poultry: South steady. Supplies barely adequate to short. Demand good. Movement brisk. Ready-to-cook broilers is good for current Easter weekend. Prices 3½-5½ lbs 17.50.

Germany Reports New Red Space Probe

BOCHUM, Germany (AP) — The Bochum Space Observatory said today the Russians have launched a new space probe.

The observatory said it started receiving signals from the probe at 12:50 p.m. (6:50 a.m. EST).

Spellers Are In Contests

Rebecca Huddleston, daughter of Mr. and Mrs. Billy Huddleston and pupil of Kenneth Lynch won first place honors in the spelling contest held at North Elementary.

Second place was copped by Danny Chaney, son of Mr. and Mrs. Walter Chaney and also a student of Kenneth Lynch.

Cindy Morris, daughter of S. L. Morris, and student of Jim Traugott won third place.

These winners will compete in a system-wide spelling match to be held at Lamar junior high April 15 at 7:30 p.m. The winners at Lamar will participate in a county-wide contest.

The county winner will compete in regional contest sponsored by the Lubbock Avalanche Journal.

How much milk should you drink? The Daily Food Guide of the United States Department of Agriculture recommends the following amounts: **3 or 4 glasses for children; 4** or more glasses for teen-agers; 2 or more glasses for adults.

Why "Good-Time Charlie" Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild but annoying bladder irritations — making you feel restless, tense and uncomfortable. Doan's Pills often help to bring prompt relief in two ways: (1) By a soothing effect to ease bladder irritation; and (2) a mild diuretic action through the kidneys tending to increase output of the 16 miles of kidney tubes.

And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery — don't wait — try Doan's Pills. With their speedy pain-relieving action, Doan's Pills work promptly to ease torment of nagging backache, headaches, muscular aches and pains. So get the same happy relief that millions have enjoyed for over 60 years. For convenience, use Doan's Pills large size. Get Doan's Pills today!

WOMEN

DUNN NEWS

By MRS. JAMES STEWART

The Dunn WMU met with Mrs. Arthur Beauchamp Monday afternoon for business and social. There were 12 members and one visitor, Mrs. O. N. Laster, Mrs. Jack Ann Merritt, Mrs. Donna Gray, Mrs. Shelby Jones, Mrs. T. A. Echols, Mrs. Milton Winter, Mrs. Marcus Johnston, Mrs. Perry Echols, Mrs. Joe Hairston, Mrs. Will Johnston, Mrs. Florene Merritt, the visitor, Mrs. L. T. Nail, the hostess, and three children.

Mrs. L. A. Scott visited Mrs. Royce Fambro in Snyder Monday.

Mrs. Bobby Wilson and son Brad spent Monday visiting Mr. and Mrs. E. J. Goodlett.

Mrs. J. W. Motley and Mrs. C. E. Laster attended funeral services in Menard for Mr. W. E. Plunkett Friday. He was the brother-in-law of Mrs. Motley and an uncle of Mrs. Laster.

Mr. Gerald Crawford has returned home from a trip to Guatamala. Mrs. Crawford met him in Huston on his return to Texas.

Keith Mitchell of Lubbock visited Jacque and Susan Stewart Sunday.

Mr. and Mrs. John Bond and children of Big Spring visited Mr. and Mrs. Grady White Monday and Tuesday.

Linda Fuller is home for Easter holidays from Howard Payne College.

Rev. and Mrs. Shelby Jones and Pam have returned home after visiting Mr. and Mrs. T. B. Embry and other relatives in Waco.

Mrs. H. F. Billingsley visited Mrs. Ted Billingsley and Jane Ann in Snyder Monday.

The family of Mr. and Mrs. M. H. Hanson Sr. got together Saturday night at the Dunn community center to welcome the newlyweds A3C Tommy Winter and his wife Jewel, home on furlough. Tommy will be stationed in Houston where he is in Air Control Warning. Besides Mr. and Mrs. Hanson, those attending the gala affair were the honorees, Mr. and Mrs. Marvin Hanson Jr., Marvin and Virginia, Mr. and Mrs. James Naizer and son Ronnie of Fort Worth, Mr. and Mrs. Malcolm Hanson and Sandra, Mr. and Mrs. Milton Winter and Ted, and Mr. and Mrs. Mickey Winter, all of Lubbock. Mr. Hanson reported that 47 years ago there were only two and now there were 26 members of the Hanson family.

Girls Unit Elects New Officers

The Scurry County Junior Girls Unit No. 8231 held a regular business meeting Monday evening with President Linda Coy presiding.

A report was given by Linda Sowell on the units visit to the Big Spring Junior Girls Unit which was on Thursday night, March 31. Girls making the trip were Linda Coy, Elizabeth Lane, Sheryl and Charlotte Cargile, Mary, Cindy and Cathy Spivey and Linda Sowell.

Mrs. Ethel Sowell, Department of Texas Junior Unit chairman, went to inspect the Big Spring Unit and they had invited the Snyder unit since Mrs. Sowell is also the counselor of this unit.

Election of officers for the coming year was held. They are Linda Coy, president; Sheryl Cargile, senior vice president; Charlotte Cargile, junior vice president; Janice Holcomb, treasurer; Cathy Spivey, chaplain; Linda Sowell, conductress; Mary Spivey, guard; Ginger Norris, secretary; Elizabeth Lane, patriotic instructor; Linda Sowell, historian; and Cindy Spivey, musician. The group will be installed in May.

Eleven members were present and the next meeting is set for April 18.

Premiums For State Fair Set

Crafts as old as macrame lace and as current as pepper jelly are among the 836 classifications listed in the Women's Department premium list for the 1966 State Fair of Texas.

Dates of the "Exposition of Young America" in Dallas will be October 8 through 23.

"Actually, almost all of our crafts are old—just the techniques and interest are new," said Mrs. Leah Jarrett, director of the Women's Department.

Some 3,500 of the premium lists have gone into the mail to points all over the United States and to Australia, Finland and Canada.

A new section has been added to the Creative Hobbies Division, known as non-woven fabrics (single element processes). The Designer-Craftsmen Division has included a special section for teachers and professionals, and the Antiques Division includes special classifications open to dealers in antiques.

Among the many classifications for Arts and Crafts are new listings for items made of papier-mache, and the Hobby Collection Division includes a classification for old or new papier-mache articles.

Premium awards offered in the Divisions are: Art, $1,004.00; Designer-Craftsmen, $2,432.50; Leathercraft, $235.00; Hand Painted China, $612.00; Ceramics, $180,000; Creative Hobbies, $670.00; Holiday Corner, $591.00; Needlework and Sewing, $2,895.00; Foods, $400.00; Antiques, $1,313.00; Hobby Collections, $858.00; Clothing Contest, $500.00; Hat Contest, $262.50.

Premium Lists are available by writing to the Women's Department, State Fair of Texas, Dallas, Texas, 75226.

Ira Youths Have Meet

The Ira Methodist Youth Fellowship met Sunday at 6 p.m. in the home of Connie Sterling. The youths elected Mrs. Howard Sterling as sponsor.

The group was asked the following questions: (1) How do we know there is a God? (2) How do we know He is like Jesus? (3) How do we know He cares for us? (4) How do we know that human history is in His keeping? (5) How do we know that He hears us when we pray? (6) How do we know there is life after death?

An interesting discussion followed. The Ira MYF would like to welcome any youth who would like to attend.

Refreshments were served to Ed Murphy, Larry Wiggins, John Rogers, Dennis Grizzle, Gary Vineyard, Jan Williams, Connie Sterling, Jean Williams, Carolyn Rogers, Patty Sterling, Mrs. Donald Crowder, Mrs. W. H. Murphy and Mrs. Howard Sterling.

For a Quickie Cocoa: In a saucepan heat 1 quart milk until desired serving temperature is reached. Stir in 6 tablespoons instant chocolate flavor mix. Top with sweetened whipped cream, if desired.

A friend is one who knows us yet loves us. Bible Book Store, 1403 Lubbock Highway.

By MRS. N. F. HALL

Mr. and Mrs. Leonard Allen recently visited Mr. and Mrs. Rockey Allen and children of Big Spring.

Mrs. Tommy Jones of Lubbock visited Mr. and Mrs. Pete White and Rayburn Sunday.

Billy Adams of San Angelo visited his parents, Mr. and Mrs. Ed Adams over the weekend.

Mrs. Charlie White visited her mother, Mrs. Jewel McEarland of Dunn over the weekend.

Recent guests in the N. F. Hall home were Mrs. Raymond Seale and Mrs. Pearl Clark of Roswell, N.M., Mr. and Mrs. Hollis Mize Jr. and Naomi of San Angelo, Billy Adams of San Angelo, Rayburn White and Mr. and Mrs. R. L. Hall and family.

Mr. and Mrs. Paul Hunter and son of Colorado City recently visited Mr. and Mrs. Floyd W. Merket.

Mr. and Mrs. Mac Allen and family of Snyder recently visited Mr. and Mrs. Roy Allen.

Viennese Torte

½ cup fine dry bread crumbs
½ teaspoon each baking powder and cinnamon
¼ teaspoon each allspice, cloves and nutmeg
¾ cup fine - grated blanched almonds (use a rotary grater)
1 tablespoon brandy
¾ cup finely cut dried table figs
¼ cup finely diced candied pineapple
5 large eggs, separated
1 cup less 2 tablespoons sugar

In a small bowl, thoroughly stir together the bread crumbs, baking powder and spices; stir in almonds, sprinkle with brandy, with your fingers mix in figs and pineapple. Gradually beat sugar into egg yolks until very thick and pale colored. With a spoon, beat in crumb mixture. With clean beater beat egg whites until stiff; fold into yolk - crumb mixture until no white shows. Bake in an ungreased 9-inch spring-form pan in a slow (325 degrees) oven for 1 hour. Invert pan on wire rack to cool; remove sides of pan. Serve with whipped cream.

Saute strips of green pepper in butter, then add seasoned beaten eggs and scramble. The combination makes a delightful sandwich filling when layered between the two halves of a crusty roll.

Whether your family numbers two or twelve, there's a bottle of milk for you. Whole milk comes in slim cardboard quarts, larger half gallons, bottles and gallon jugs. There are pints and half pints, too, for restaurants, schools and vending machines.

Big Dream Of Employment Surpassed In Last Report

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Henry Wallace dabbled in astrology, threw boomerangs, liked to wrestle, learned Spanish and Russian in middle age, and he was a dreamer.

But he was one dreamer who lived long enough to see his dream come true. The only trouble was that his dream wasn't nearly big enough, although it seemed too big at the time.

Back in 1944, while Wallace was still vice president, he talked about the years ahead after the war, the need for full employment, and the need for Congress to pass legislation making 60 million jobs possible. The peak for nonfarm jobs that year was 38.4 million.

That was his dream: 60 million jobs some time in the postwar years. But not everyone took him seriously. The reaction of some was: "Oh, that's Henry Wallace talking."

He had hard days ahead.

He ceased to be vice president because the Democrats wouldn't renominate him in 1944 — they picked Harry S. Truman — and then he became secretary of commerce only to be fired from that in 1946 in a dispute with President Truman.

Wallace led a third party movement in the 1948 election, lost, broke with the new party over the Korean war, retired to farming, and gradually the cloak of obscurity enfolded him.

But his dream remained alive. And in 1946 Congress, although pussyfooting around the idea of pledging itself to full employment, passed an employment act which simply said the government had a responsibility for promoting useful employment.

(The act was probably more memorable for something else it contained: for the first time in history Congress went on record as saying the federal government had a responsibility for the general welfare.)

But there never had been any sensible reason for brushing off Wallace's goal of 60 million jobs.

The truth of what he envisioned was simple and obvious enough: the 60-million figure, and many more millions than that, was inevitable as the population of the country multiplied by the millions.

And year by year the number of people and jobs increased.

By the time Wallace died last November the government was reporting that more than 60 million people were employed in nonfarm jobs. With farm jobs added, the total employment figure was even higher.

Tuesday the government announced that the number of people on nonfarm payrolls in March was 61.7 million, a record high for this season.

But when others were added — the self-employed, farmers, and housemaids — the total number of civilians at work in March was 72 million. The number of unemployed was only 3.8 per cent of the labor force.

Junior Editors Quiz on MONEY

QUESTION: What happens to old money and how does new money come into use?

• • •

ANSWER: When badly-worn bills (A) show up at banks, they are withdrawn from circulation and sent to the nearest Federal Reserve Bank. This bank will then slice unusable bills lengthwise (B) and send them (each half separately) to the Treasury Department in Washington. Here (C) the scraps are burned. New money is being constantly printed by the government (D) and is sent to the banks in exchange for the old bills they have turned in. The new money is then given out in the regular business of the bank (E) and so goes into circulation. In addition, extra new money is always being held in reserve, to be circulated as needed by the Federal Reserve System. As the population increases, more money is needed. The Federal Reserve System takes care of this, too, distributing new bills to the banks. Defaced coins are also withdrawn and sent to the United States Mint, where they are melted down. New coins are sent out to replace the old. A bright new coin from the Mint is said to be in "mint condition."

• • •

FOR YOU TO DO: Fortunately for coin collectors, enough old coins circulate around to make coin collecting a fascinating and profitable hobby. Watch your change for Lincoln pennies of 1914 with "D" under date, 1914 with "S" or "D", 1915, 1909 and 1931 with "S" under date. Check a coin catalogue for other valuable coins.

4-6

(Jo Ellen Miller of Muncie, Ind., wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

These Are Hectic Days For IRS

By KELLY SMITH

WASHINGTON (AP) — With 10 hectic days left to file income tax returns, home life at the Sheldon S. Cohens is "getting wilder all the time."

Cohen is the internal revenue commissioner.

"Pressure starts about the first of the year," says Faye Cohen, who has striking brown eyes and red hair. "It gradually builds up until April. To spend time together, we run our home like an office. It sounds terrible, but if we didn't we'd be squelched."

The deadline is April 15 — Friday of next week.

Fortunately, Cohen filed their 1040 form March 18 — they owed $71.05. There would be little time for it now. Phones ring frequently in the three-bedroom brick house with black shutters. Mail is piled high, many tax payers from Hawaii to Maine want personal consultations.

In the morning Cohen gets up at 6 o'clock with the youngest of his four deductions — Sharon, age 2 — and by 7 has fed and dressed Sharon, read the newspaper and prepared breakfast for the rest of the family. The other children are Melinda, 9, Laura, 6, and Jonathan, 4.

"We set the table the night before," says Faye. "My husband is very good in the kitchen and the children love it.

"He figures we still have to eat and it's a good time to be together. I think if you're going to let your job interfere with your home completely, it isn't worth it.

"He never comes home without a briefcase, but he has a great capacity for watching television, looking over paper work and listening to me on the telephone all at the same time."

Each bill or prescription receipt — already 28 this year — that will figure in the Cohens' tax records is slipped into a cigar box in a kitchen cupboard, recorded separately on a green stenographer's pad and tallied weekly.

Yearly, the bills are put in one box and sent to an Army surplus desk in the basement. The Cohens have been married 15 years and there are that many cigar boxes.

Faye Cohen has to listen to criticism, as well as compliments, about her husband. She says he remains "thick-skinned, but it still boils me a little.

"People seem to think it's hard to be a nice guy and also be a tax collector. Wherever we go, people say, 'How can you do this or that?' I don't think the general public is aware that the IRS commissioner doesn't make law."

Palo Duro Park To Be Spruced Up

CANYON (AP) — The Texas Parks and Wildlife Department is spending more than $250,000 to spruce up Palo Duro Canyon State Park and make it the stage for a summer musical drama.

The department is getting federal money to supplement funds appropriated by the legislature for the Panhandle park.

Officials of the Panhandle Heritage Foundation are working with dramatist Paul Green to stage a musical drama, "Texas," which is to run nightly in the Pioneer Amphitheater from July 1 through Labor Day.

Ohioans May See Assembly In Action

COLUMBUS, Ohio (AP) — Ohioans soon may be able to watch their General Assembly in action via television. But the proposal would cost the state an estimated $100,000.

A legislative study committee Monday recommended live radio-TV coverage of General Assembly sessions. Final approval of the proposal rests with the legislature when it convenes next year.

Rains To Bring Increased Raids

By BOB HORTON

WASHINGTON (AP) — The United States plans unrelenting and perhaps stepped-up B52 attacks against the Viet Cong during South Viet Nam's approaching rainy monsoon season, sources said today.

American forces are expected to lean heavily on the big jets when the Communists launch their expected offensive timed with the arrival of bad weather.

The Communists last year used the monsoon rains to advantage, striking while muddied roads and clouded skies limited defensive operations.

This year the B52s are available — they entered the war last June — and can be used on a daily basis to support ground forces and knock out enemy bunkers, tunnels, storage facilities, supply dumps, munitions caches and resting areas.

Defense Department spokesmen say the multimillion-dollar B52s are expected to encounter no problems from thunderstorms which brew over South Viet Nam in late April and May.

Although the B52 has visual sighting capability, its pilots generally prefer radar for locating targets even in clear weather.

In severe storms, B52 pilots might choose to skirt towering cloud formations and thus forego a target, they said, but such cases would be rare. In any event, the jet could be diverted to another mission.

The Air Force may put jets with expanded bomb capability to use in the next few weeks. Since November work has been under way to modify B52 interiors to hold more bombs. Spokesmen acknowledged Tuesday that the revamped aircraft have not yet been used.

Presently the B52s carry 51 750-pound bombs. Modifications will permit one to tote 84 500-pounders inside and 24 750-pounders under its wings for a total 60,000 pounds — 57 per cent above the present 38,250 pounds.

The all-weather capability plus the big bomb load are among reasons the B52 has become a favored instrument of war in Viet Nam.

Military officers returning from the Southeast Asian country have invariably praised B52 operations, although there has been some debate on whether the cost is justified.

Marine Lt. Gen. Lewis Walt told newsmen at a recent Pentagon briefing that intelligence shows the sudden rain of explosives from B52s has had a "tremendous psychological effect" on the Viet Cong.

Rabbit Drive Is Scheduled At Fluvanna

FLUVANNA—The Fluvanna Young Farmers Chapter will sponsor a rabbit drive in this community Friday and Saturday.

The hunt will be organized and conducted in an orderly manner, with certain rules which must be observed by those wishing to participate. Basically, these are rules for safety and to assure that there will be no property damage. Moreover, if observed by all, it is felt that the rules will afford a more enjoyable hunt for all participants.

Hunters will meet at the Fluvanna Community Center at 8 a.m. Friday, and the hunt will continue until about 6 p.m. Lunch will be served by the ladies of the community. Guns to be used are shotguns firing shells loaded with shot no larger than No. 4-No. 6 being preferred. Shells will be available on the hunt at a substantial discount.

Individual hunters must be of high school age or above. Anyone under age must be accompanied by an adult at all times while on the hunt. Other rules will be explained when the hunters gather before the start of the hunt. Transportation while on the hunt will be provided.

Yarborough Backs Loan

WASHINGTON (AP)— Approval of a $71,400,000 loan by the Rural Electrification Administration to the Brazos Electric Power Cooperative drew support Tuesday from Sen. Ralph Yarborough, D-Tex.

In a note to the Senate Appropriations sub-committee, which is studying the REA budget for the next fiscal year, Yarborough said the loan drew criticism from private utilities after it was made last year.

Yarborough said he "wholeheartedly" supported the Brazos loan at the time it was under consideration. Expressing pleasure at the REA's approval, Yarborough told the sub-committe it is a "sound loan and meets all of the stands of law and administrative policy."

There is nothing, he said, in the REA Act which requires that such a cooperative solicit power supply contracts before seeking an REA loan for acquisition for additional generating capacity.

Warning Fails To Slow Smokers

BEAUMONT (AP)—Smokers here don't seem daunted by the new health warning affixed on sigarette packages.

"I can't keep enough cigarettes to keep up with the demand," one retailer said.

A survey of 10 outlets revealed no change in the packs sold since the inclusion of the words: "Warning: Cigarette Smoking May Be Dangerous to Your Health."

OPEN HOUSE IN TAMPA—The might of a tornado is illustrated in this airview of a wrecked home in North Tampa, Fla. Note the two wrecked automobiles plus the complete shattering of every room in this large residence. Many injuries were reported in this area in the wake of the twister that swept out of the Gulf of Mexico. (AP Wirephoto)

Russians Plan For Economic Growth

By FRED COLEMAN

MOSCOW (AP) — Premier Alexei N. Kosygin has outlined a five-year economic plan based on peace abroad to concentrate on economic growth at home.

He issued a veiled appeal to the United States to cooperate in cutting the arms race and pushing on with economic competition. He also assailed former Premier Nikita Khrushchev for setting "economically unjustiable targets" in the previous plan.

"Any initiative genuinely aimed at the preservation and strengthening of peace will meet a positive response and support on our part," Kosygin said.

"A new world war can be and must be prevented," he told 6,000 Soviet and foreign Communist delegates to the 23rd congress of the Soviet Communist party in the Kremlin.

Kosygin said the international situation has a key influence on plans for Soviet economic growth.

"We have said repeatedly and say again that we consider the arms race, which the imperialist powers, notably the U.S.A., have imposed upon mankind, as harmful and dangerous."

Kosygin was quoted by both Tass and Moscow radio in identical terms. Non-Communist correspondents have been barred from the congress.

The Soviet premier took a tough stand on Viet Nam, denouncing the U.S. role there.

"The war in Viet Nam served as a new pretext for launching a new armaments drive in the United States," he said.

Kosygin reiterated that the Soviet Union is rendering and will render all necessary assistance to Vietnamese communists.

His economic talk, while stressing the need to increase the supply of consumer goods, also made it clear that the country was concentrating on supplying its armed forces with the latest military hardware.

Kosygin presented an economic plan that abandoned the ambitious goals of Khrushchev to surpass the U.S. economy by 1970.

Kosgyin also attacked Khrushchev indirectly for setting the goals so high in the first place.

Prince Gets Midget Auto

LONDON (AP) — Six-year-old Prince Andrew will take delivery in a few days of an $11,000 model of James Bond's souped-up sports car, complete with toy machine guns, bulletproof windshield, two-way radio and rear radar.

The car will be a gift from Aston Martin, who made the original for the movie "Goldfinger."

Prince Andrew's parents, Queen Elizabeth II and Prince Philip, saw the midget car in action Monday when they visited the Aston Martin plant in nearby Buckinghamshire.

The prince, third of the queen's four children, will use the car around the grounds of Windsor Castle. Electrically driven, it can go six miles an hour. Its radar system operates over a radius of three miles.

Blaring Radio Explained As Habit Of Superior Students

LOS ANGELES (AP) — If your teen-ager turns up the volume while studying — don't fret.

"It may be a sign of intelligence," says an educator.

Dr. John E. Hoffman, who has a daughter 19, and feels like an authority on teen-age study habits, recently tested 281 11th-grade pupils while recorded music blared at them with a force of 85 decibels for 30 minutes.

By comparison, the average office noise is 60 decibels, a busy street 70 decibels, a pneumatic drill 90 decibels.

"The sound was not deafening," says Hoffman, "but it was as loud as a symphony orchestra during a crescendo."

Despite the noise, students of higher than average intelligence scored as well or better on examinations than they did when tested in a quiet room, Hoffman said.

"Superior readers tended to perform more effectively under loud noise than poor readers," said the educator. "Students of average and below average intelligence seemed to be bothered more by the sound."

Hoffman made the experiments in earning a Ph.D. in education at the University of Southern California. He elaborated on his findings in an interview.

"Teen-agers like the radio, record-player or television turned on loud at any time because they want to feel the sound. They want to participate — to actually feel the beat," Hoffman said.

They do it when they study because this puts them in a good mood, and thus they are more receptive. Also, forcing themselves to learn under this form of stress increases their concentration, and the superior students seem to learn more rapidly."

But it only works for teen-agers, he cautioned.

"It doesn't work for pre-high school students nor for those in college," he said.

"And it certainly doesn't work for adults. I know. I spent eight hours a day for four days giving those tests in all that noise.

"It almost drove me nuts."

Four different jockeys rode Prince Saim during 1965. Joe Culmone had him four times and won the Garden State Stakes with the roan colt.

AN APPEAL TO THE CITIZENS OF SNYDER AND SCURRY COUNTY!

I see from the daily paper and radio we will have circulating another petition for the sale of beer by the end of this week. Apparently these petitions, in one respect, are like the West Texas sandstorm, they come again and again. Just as persistent as some are for the sale and use of liquors, I am against it.

This petition goes a step farther than other petitions in the past. You will notice it appears to ask for sale not "Off-Premises" but "On-Premises," by the drink. This means bars and saloons.

The arguments for the sale and use of liquors, wines and beers is as old as the product. The arguments against its sale and use is not new, but should be, by those who care, stated again and again. Therefore, I would like to register again why thinking people should not lend their signature, voice or vote by any means to obtain or use any kind of liquors, wines or beers for beverage. If one lends one signature, voice or vote one is a participant in the results, and not only in this life, but God has said, "no drunkard shall inherit the kingdom of God."

Morals have broken down from one end of our country to the other, and liquors, wines and beers have had their part in morals downfall. Someone has said, there is not one problem that liquor will not make worse." How true this is! The finished product of liquors is not more joy - happiness - prosperity - home with content-well fed and educated children - good churches - a peaceful community - but the finished results of the use of liquors is: grief - discontent - sorrow - wrecked lives - twisted minds - broken homes - poverty in the land that our Lord has so abundantly blessed - debts unpaid - hospitals full and running over. Three weeks ago the President ask Congress to tax and appropriate for more hospitals for alcoholics. Crime is on the increase - One third of the crimes reported in 1964 to the F. B. I. statistics center was caused by liquors. Drivers Licenses are being taken away from people. Death and destruction on the highways. Jails and penitentiaries full. My friends, these are some of the finished products of liquor. These results may be confirmed right here in our county from the records. We may not like to believe it, but if we lend our signature, voice or vote in providing liquor in any way to our neighbors, we may not be held responsible by a legal, earthly court, but we will be held responsible in the courts of Heaven. May I beg you for your good and others, to consider.

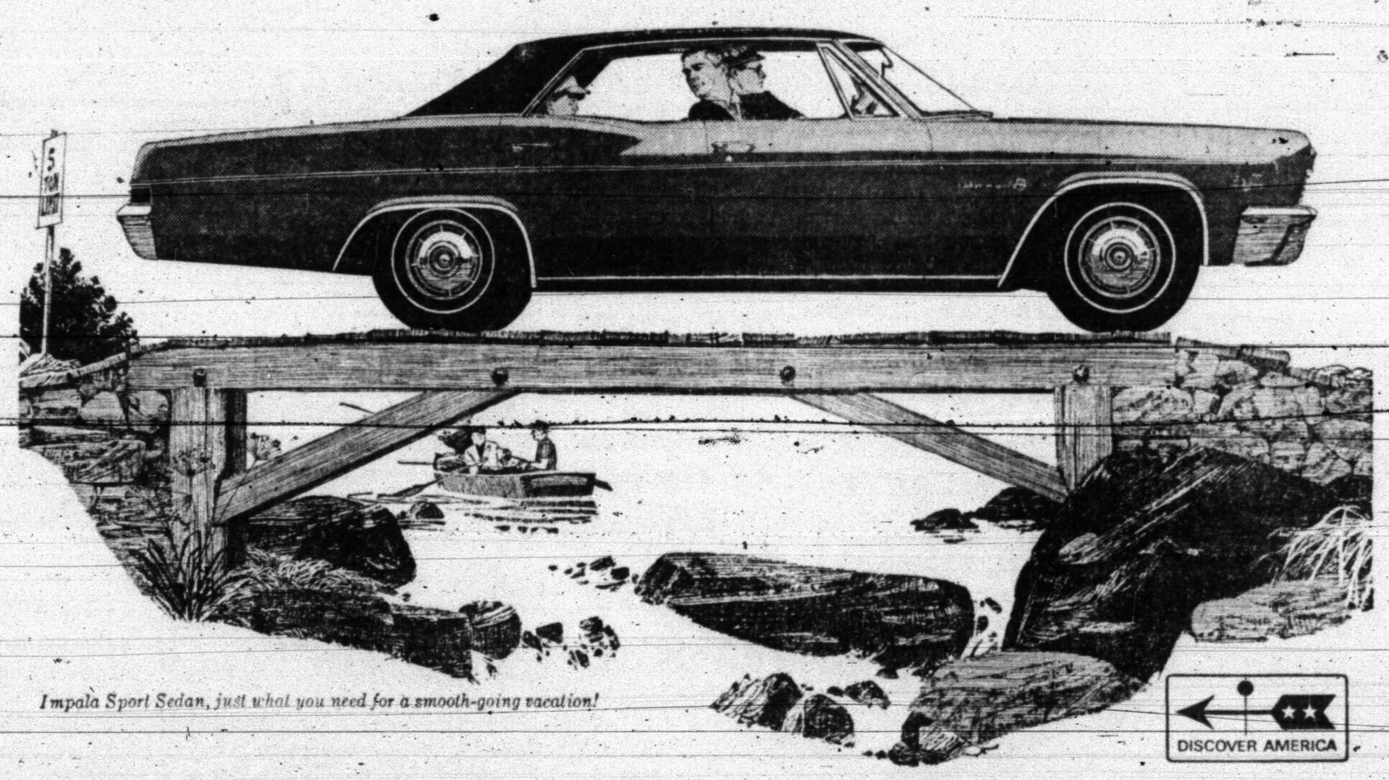

Friends, come by and we will go drink a good glass of milk or tea, or a cup of coffee or soda pop and still be in the condition to return to our work, or business or home without hurt to ourselves or others.

May I ask you - may I beseech you as a citizen, as a father of children, as a neighbor, as one who has observed the results and effects of this product for over fifty years, not to have any part or lot in obtaining of liquor in our county. The results may be seen any day. What a pity! But we may say, I did my best to keep it from happening.

As a preacher may I ask you to bow your head and pray: "Lord, I register my voice and vote against the liquor traffic and its evils." Amen.

Sincerely,
Cone J. Merritt

2nd Annual Spring Round-up Cow Sale
Saturday, April 16, 1966
AT
Brownwood Cattle Auction Arena
Sale Starts At 1:00 o'clock

This will be an opportunity to buy load lots of uniform size and quality cattle. Both Hereford and Angus breeds will be represented in numbers. We will have some good crossbred cows.
Here are a few reasons why YOU should attend this sale:
(1) There will be 1500 good quality native cows and some good breeding bulls.
(2) Many of these cattle consigned are choice cows from reputation herds of this area and have calves at side that will top this summer's calf market.
(3) Cows will be toothed — (Men and facilities are available for you to check teeth if you desire).
(4) Cows that do not have calves will be pregnancy tested.
(5) All cattle are bangs free and can go anywhere.
FOR INFORMATION about cows and where they can be inspected from now until sale time, please call or write:

Tigers Thrash Loboes; Meet Cubs Thursday

LEVELLAND — The Snyder entry in the opening frame and of his mates were able to get Tigers made a successful debut inside second. But, he died there during the remainder of the in the District 3-AAA baseball and that was farther than any game.

race with a stunning 3-0 victory in which pitchers Freddie Benitez and Roy Hunter shared honors in a "no-hitter."

Lobo second baseman Jack Geffken reached first on an

BACK TO BACK—Doug Sanders, left, currently red hot on the professional golf tour, goes after his bouncing ball during a practice round for the annual playing of the Masters Golf Tournament at Augusta, Ga., course. With him is Bob Charles of New Zealand. (AP Wirephoto)

Hunter relieved Freddie in the bottom of the 3rd. None of the Loboes were able to tag either of the Tiger hurlers for any hits. Between them they sent nine down swinging and allowed only one walk. Hunter retired the side in 1-2-3 order in the 3rd, 4th, 5th, and 6th innings.

Snyder pushed across two runs in the 3rd after two men were out. Benitez walked, Mack Galyean singled, and both scampered home on a line single by David Holt.

The Bengals added an insurance run in the 6th as David Cadena drilled a double to score David Holt who had reached first on an error ahead of him.

The safeties by Galyean, Holt and Cadena were the only three hits the Tigers were able to get off two Levelland pitchers—Pharies and Williamson. Benitez was the winner and Pharies was the loser.

Coach Speedy Moffett's team will seek its second league win in as many outings Thursday with a 4 p.m. clash at Brownfield. The Loboes are 0-2 in district play.

Big Baseball Trial Ends

MILWAUKEE (AP)—A trial that baseball lawyers say could crack the foundations of the game comes to a close today, five days before the opening of the 1966 major league season.

Only final arguments in the case of Wisconsin vs. the Braves and the National League remained to be heard before Circuit Judge Elmer W. Roller began writing a decision.

Judge Roller is expected to rule before opening day—April 13—whether the Braves and the league violated Wisconsin's antitrust laws by stripping Milwaukee of major league baseball.

If he rules they did, he may include in his judgment an order directing the Braves to return to Milwaukee. Braves officials insist this would mean bankruptcy.

Judge Roller will have closing briefs and thousands of pages of testimony from the six-week trial to study before deciding the case, which one league attorney said was "an attack on the whole structure of baseball." Another argued the case could lead to the "ruination of baseball as we know it."

Should the Braves and the league lose, an appeal to a federal court is a foregone conclusion.

Astros Are 100-1 Shot

LAS VEGAS, Nev. (AP) — Pitchers Sandy Koufax and Don Drysdale are back in uniform, and the Los Angeles Dodgers are 2½-1 favorites to win the National League pennant.

Las Vegas oddsmakers listed the odds Tuesday as: Dodgers 2½-1, San Francisco 3-1, Cincinnati 5-1, Pittsburgh 6-1, Atlanta 8-1, St. Louis 15-1, Chicago 30-1, and Houston and New York 100-1.

In the American League, Baltimore and Minnesota are cofavorites at 3-1, New York and Detroit 5-1, Chicago 6-1, Cleveland 8-1, California 20-1, and Boston, Washington and Kansas City 100-1.

Giant Foes Flail Aces

By DICK COUCH
Associated Press Sports Writer

Sandy Koufax and Don Drysdale bowled over the baseball oddsmakers without throwing a pitch. All they have to do now is catch up with the National League hitters.

San Francisco sabotaged the Los Angeles aces' spring debut Tuesday, roughing them up in a 7-2 exhibition victory over the Dodgers. Koufax and Drysdale were clipped for six runs and 10 hits in their first competitive appearances since they ended a 32-day salary holdout last Saturday.

The Giants salvaged the last game of a three-game spring series with the world champions while Las Vegas gambling experts were installing the Dodgers as 2½-1 favorites to repeat in the National League. San Francisco had been the best bet, at the same odds, before the Dodgers finally signed their pitching mainstays for a reported total of $245,000.

In Tuesday's other exhibition play, the Chicago White Sox edged Cincinnati 2-1 on Gene Freese's run-scoring single in the 17th inning, the New York Mets blasted Detroit 11-2, Baltimore outslugged Boston 11-6, Atlanta nipped Pittsburgh 3-2, Cleveland trimmed the Chicago Cubs 8-5 and Philadelphia blanked St. Louis 2-0.

Jim Hart drove in four runs with two homers, leading the Giants past the Dodgers at Mesa, Ariz. Drysdale, who pitched the first three innings, yielded four runs on five hits, including a three-run homer by Hart. Tom Haller homered off Koufax, who worked the middle three innings and gave up two runs on five hits.

Hart hit his second homer off Johnny Podres in the seventh. Willie Mays, who missed the two weekend games between the clubs because of a sore wrist, played seven innings and had a single in four at-bats.

The White Sox, who lead the exhibition standings with a 19-6 mark, rallied with two out in the 17th against Cincinnati, breaking the 1-1 tie on a walk to pitcher Bruce Howard, Tom McCraw's single and Freese's hit. The game consumed 4 hours, 21 minutes and 41 players saw action.

Home runs by Dick Stuart, Ken Boyer, Ron Hunt and Jerry Grote led the Mets' barrage against the Tigers. Curt Blefary hit two homers, for a total of four in two days, as the Orioles pounded the Red Sox.

Denis Menke doubled in the seventh inning and scored the deciding run for the Braves on Woody Woodward's single. Tony Martinez sparked the Indians' 12-hit attack against the Cubs with three singles. Ray Herbert and rookie Grant Jackson scattered nine hits in the Phillies' victory over St. Louis.

Tennis Team Thumps Big Spring, 10-1

The Snyder High School tennis team [illegible] the Court Tuesday, winning 10 matches while losing only one.

Coach Ken McAllister's boys have not lost a dual match since Feb. 18. Their record now is 7-0-3. Their last match at home will be held in Towle Park at 3 p.m. Thursday with Levelland providing the opposition.

The only loss of the day was in the No. 1 singles match with Gordon Stokes losing 6-4, 6-3 to Big Spring's Randy French.

Jerry Bell defeated Russ McEwen, 6-2, 6-3, in the No. 2 singles match. In other matches, Sandy Wellborn defeated Robert Gossett, 7-9, 6-3, 6-3; Mickey Almond defeated Richard True, 6-1, 6-2; Wayne Anderson defeated Craig Frank, 7-5, 6-1; and Gary Sanders defeated Jacky Cathey, 6-4, 7-5.

Bell and Wellborn teamed up to defeat McEwen and Gossett, 6-3, 6-1, in the No. 1 doubles match.

Stokes and Almond defeated French and McEwen, 6-3, 6-2 in another doubles match.

In girls matches, Emily Kincaid defeated Connie Hadley, 6-4, 6-2, in the No. 1 match.

Pam Cumbie defeated Collette Took, 6-2, 6-4, and Kincaid and Cumbie teamed up to defeat Vaughn and Harralson, 6-1, 7-5.

Two Shoot Top Scores

History was made Sunday afternoon at the Canyon Gun Club trap shoot as B. L. Johnson and David Palmer shot a perfect score in the same match.

Darwin Baze and Buddy Treyey are the only ones to shoot a perfect score previously and they did it in separate matches.

Johnson placed first in the shootoff with 23 out of 25 while Palmer took second with 21 out of 25. Tommy Valentine hit 24 of 25 for third place.

Other good scores were turned in as 23 shooters tired for honors.

The next scheduled match will be held at 1:30 p.m. Sunday, April 17. Rules call for .222 caliber and over weapons with 10 shots at 100 yards from the bench rest position. Trophies will be awarded the top three shooters.

Ags Take Lead In SWC Tennis

By The Associated Press

Texas A&M took the lead in Southwest Conference tennis Tuesday but the defending champion Rice doesn't open the campaign until Saturday.

The Aggies beat Texas 5-1 to move past the Longhorns, who had been tied for the lead. A&M has an 11-1 record; Texas 7-5.

Baylor downed Texas Christian 4-2 to climb into second place with an 8-2 record.

Rice opens the race against Texas Tech at Houston Saturday in the only match left on the schedule for the week.

Donkey Basketball Game Set April 19

Tickets are now on sale for a donkey basketball game to be played in the Snyder High School gym Tuesday night, April 19.

This game is being sponsored by the local huddle of the Fellowship of Christian Athletes. The price of admission is $1 for adults and 50 cents for students. Pre-school children will be admitted free with their parents.

The FCA Boys have challenged men teachers in the Snyder Public Schools for this game. The contestants must ride the donkeys while passing and shooting the ball.

The donkeys will be provided by D. L. York of Guthrie, Okla. They wear special rubber shoes to prevent slipping and damage to the gym floor.

There will be an added attraction for the halftime show. George Parks is bringing a trampoline act from the Roscoe Boys Club. Included in this group are Danny Pitts, Teddy Head, Phil Strother, Gary Rayburn and Roddy Wharton.

The FCA part of the proceeds will be used to send some members to the national FCA conference at Estes Park in Colo. June 12-17 and finance other local activities.

The Spanish Club will have a concession stand for this program to help sponsor a project in Peru.

The FCA is a national movement whose primary purpose is to confront athletes and coaches with the challenge and adventure of following Christ in the fellowship of the church, according to local leaders.

Tickets may be purchased from any member of the FCA, the Spanish Club or at Bullard's Athletic Center.

Sen Swims 22 Miles

MADRAS, India (AP)—Hibir Sen landed today at Dhanushkodi after successfully swimming the Palk Strait from Ceylon to India in 25 hours and 44 minutes.

He entered the sea at Talaimanner, Ceylon. Sen battled against high tides and winds and he finished the grueling swim in a fatigued condition.

Sen was the first Indian to accomplish this feat. The actual width of the Palk Straits is 22 miles.

The Palk Straits had previously been swum by two Ceylonese, in 1954 and in 1963.

It is a stormy sea infested with sharks and other sea creatures.

The Indian Navy provided Sen with French made chemical repellants to keep away the sharks and other creatures.

ROSTER AXE CUTS VETS

By ED SCHUYLER JR.
Associated Press Sports Writer

It was a busy cutting day as major league clubs continued to trim their rosters to reach the 28-man limit by the opening of the baseball season, and several veterans felt the axe.

The Cincinnati Reds delivered the hardest blow against veterans Tuesday by sending three of them to the minors and asking waivers on another — pitcher Roger Craig.

Craig was placed on waivers for the purpose of giving him his unconditional release.

The 35-year-old right-hander previously played with the Los Angeles Dodgers and the New York Mets. He was 1-4 with the Reds last season.

Sent to Buffalo on a 24-hour recall basis were pitchers Jim Duffalo and Dom Zanni. Outfielder Charley James, a member of the 1964 world champion St. Louis Cardinals, was sent to the Reds' minor league camp for reassignment.

Southpaw relief pitcher, Bill Piels, a five-year Minnesota veteran, was sent to the Twins' minor league training base for reassignment as was infielder Frank Quilici, who joined the Twins in mid-season last year and wound up as their regular second baseman in the World Series.

Another veteran sent down was New York Met catcher Chris Cannizzaro, like Craig and original member of the team. He was traded to Richmond for outfielder Don Dillard and an undisclosed amount of cash. Dillard then was sent to the Mets' minor league camp for reassignment.

Court Decree Stops Cassius?

MIAMI, Fla. (AP) — Cassius Clay, who boasts of the money he makes as heavyweight boxing champion, has until 5:30 p.m. Thursday to come up with $26,250 or go to jail for 30 days.

He was found in contempt of court Tuesday after he failed to show up in court and make at least an installment on the alimony he owes his pretty ex-wife, Sonji.

At first Clay's lawyer had told Sonji's attorneys he had two checks for part of the money Clay owes—$22,500 in fees and $2,500 for two months' alimony.

One of the checks was written on Islam Temple 2 in Chicago.

But one of Sonji's lawyers turned the offer down because "Cassius already bounced one on her for $1,250."

Two deputy sheriffs were already on the road with an arrest warrant when Clay's lawyer worked out a compromise with the judge and Sonji's layyers.

The compromise gives Clay until 5:30 p.m. Thursday to pay $26,250—$22,500 for her lawyers, $1,000 for the expense of two hearings that Clay did not show up, $2,500 to cover the first two months alimony and $250 for Sonji's expenses in getting to the hearing.

DEDICATES TREES

Lynda Follows Mom's Example

By FRANCES LEWINE

JOHNSON CITY, Tex. (AP) —Lynda Johnson isn't quite the tree planter her mother is, but she showed she's got the beautification spirit.

The President's 22-year-old daughter donated $1,500 to help beautify her father's home town and she dedicated the planting of six live oak trees in the courthouse square Tuesday in memory of her grandparents, Sam and Rebekah Johnson, "who loved this town."

Mrs. Johnson watched smiling as her daughter performed.

When Lynda slipped a little on her high-heeled bone-colored shoes in the soft soil during the dirt-shoveling ceremony, Secretary of the Interior Stewart Udall commented jokingly:

"Obviously your mother didn't give you the training you need in shoveling."

Lynda did very well in the speechmaking. She cited her own love for Johnson City, where she attended school, and the affection of her family for the ancestral place.

"I know it meant a lot to my grandparents," she said in explaining why she choose this gift.

She said she wanted to plant trees "because I've always been a little jealous of them. I've always wanted to have my feet in the ground—my roots—and my head in the stars."

Although she was just a spectator at her daughter's tree-planting, Mrs. Johnson got called on by Mayor George Byars to speak.

Noting she had planted trees all over the country in her beautification efforts, Mrs. Johnson said "I don't know when anything gave me quite the pleasure this has because everything we do begins at home—that's where it radiates from."

Lynda bought the 12-foot-tall trees with money she made from a magazine article about her travels out west last summer. A major part of the cost was installing an underground watering system and oval cement curbing for the trees.

Johnson City is engaged in some beautifications of its own, including a bank building across the courthouse square and a new park. Two blocks away, the President's boyhood home, restored and freshly painted, was a beauty spot with wisteria and lilac ablaom in the yard.

Mrs. Johnson said "whenever I come down with guests, like Secretary Udall, I like to be able to drive around the streets of our town and say: 'See, we're doing it, too.'"

A Johnson City High School quartette sang "This Land Is Our Land," and "America the Beautiful."

School children got out of classes for the big event. About 300 persons turned out in the courthouse square out of a local population of slightly more than 600.

Mrs. Johnson decided at the last minute to remain at the LBJ Ranch instead of returning to Washington after the ceremony as had been planned. The President was scheduled to join her there for the Easter holidays.

Connally Cites Need For Leadership

DALLAS (AP) — Gov. John Connally, observing that Texas' population is increasing by 200,000 a year, says prudent leadership is needed to make sure this growth means "greater progress rather than greater problems."

Speaking at the Texas Cotton Ginners Association Convention, Connally declared Texas was "industrializing at the fastest rate in history. As just one example, 20 years ago four out of five bales of cotton in Texas were harvested by hand labor. Today four out of five bales are picked mechanically."

He added that "it has become all the more important that government be both responsive and responsible, and both progressive and prudent."

ANATOMY OF A FLOOD—Here's what a jamup of flood waters looks like at close range at Crookston in northwestern Minnesota. This clogging of big ice chunks, timber, branches and other debris threatened to spill water into streets of the city of 8,500 persons. But work crews freed much of the barrier and Crookston appeared safe from flooding of the Red Lake River. (AP Wirephoto)

Car Makers Plan Safety Standards

By JOHN CHADWICK

WASHINGTON (AP) — The auto industry has told Congress it has "gotten the message" about auto safety and, if given a chance, will develop a voluntary, cooperative safety program geared to producing significant results within a year.

But John S. Bugas, testifying for the nation's largest industry at a Senate commerce hearing Tuesday, appealed to Congress to let the industry show what it could do before government standards are imposed.

Bugas, vice president of Ford Motor Co. and chairman of the Safety Administration Committee of the Automobile Manufacturers Association, voiced support for most of President Johnson's highway safety program and added that "if we haven't gotten the message of safety before, we've got it now — believe me."

The car makers have been under increasing fire from critics who contend that not enough stress had been put on safety in designing automobiles.

Part of the highway safety bill would give the secretary of commerce discretionary authority to establish motor vehicle safety standards after two years. It was to that provision Bugas objected.

He argued against vesting in one man "the very vital, complicated responsibility for setting standards that affect the design, engineering and construction of our automobiles."

Also essential, Bugas said, to a cooperative industry program was relaxation of the antitrust laws to permit manufacturers to exchange information and share developments relating to the safety of cars.

"We want to be sure that once a company has developed a significant safety item, it can pass this on to others," he said.

Sen. Vance Hartke, D-Ind., quizzed George Russell, a General Motors executive who attended the hearing with Bugas, about GM's request that owners of 1964-65 Chevelles and 1965 Chevrolets with Powerglide transmissions return the cars to their dealers for adjustment.

Russell said the company announced last week in Detroit it would install splash guards over the throttle linkage to prevent possible sticking of the accelerator. The free service is being provided because five cases of sticking accelerators were reported.

This is "another example of how we are interested in doing all we can for safety," he said.

Bugas said that all the motor companies have a policy of acting quickly to correct any defect they discover that might even remotely endanger life or limb.

At another point, Bugas outlined the auto maker's own program for safety.

Under it, a Motor Vehicle Safety Board would be responsible for "establishment, adoption and progressive strengthening of safety performance standards on an industrywide basis," he said.

The board would be composed of the presidents of the four auto companies and a chairman from outside the industry who would be nominated by the industry, subject to approval by the secretary of commerce.

The San Francisco Giants enjoyed the longest winning streak in the National League in 1965, stringing together 14 from September 4 to 16.

London Influence Is Strong In New Fashions For Men

NEW YORK (AP) — There was a time when all Dad got for Easter was the bills. But not this year.

If he gets a tie, it may be a Paisley print and three inches wide. And he may be wearing a new iridescent jacket and a polka-dotted shirt.

This year, stores across the nation report increased business in their men's departments.

"The Carnaby Street, London, influence is coming on like gangbusters," said R. K. Einstein, vice president J. L. Brandeis & Sons, Omaha, Neb. "It's a whole new approach to young men's clothing, the most significant change since the Ivy look."

Einstein was one of the many merchants contacted by The Associated Press in a nationwide check of department stores and discount houses.

Last year, retail sales of men's wear were an estimated $13.5 billion. This year, the forecast is for $14.5 billion. Boys' wear is expected to be up 10 per cent from last year's $3-billion mark.

"Men have awakened to fashion, more than ever before," said Ella Waters of Strawbridge & Clothier, Jenkintown, Pa.

And color it is this spring — gunbarrel blue coordinated outfits in Detroit; Burgundy jackets in Dallas, Tex., and Menands, N.Y.; iridescent suits in Boise, Idaho swim trunks splashed with plaids and polka dots in Portland, Maine; plaid sports coats in San Diego, Calif., and Tucson, Ariz.

"Carnaby Street of London may not be acceptable to men of good taste," said Melvin E. Dawley, President of Lord & Taylor, the Fifth Avenue department store in New York. "But it is influencing his clothes.

Thieves, Vandals Cause Auto Mishaps

DALLAS (AP) — The growing number of automobile accidents at construction sites may be due in part to vandalism and the theft of barricades, signs and other safety markers, the Southwestern Insurance Information Service reports.

Jack Sanders of San Antonio says in a study for the service that the problem was serious enough to require emergency measures during the last legislature.

Texas legislators passed a law making it unlawful to tamper with any construction safety device. A fine as high as $1,000 and imprisonment are possible penalties.
