

Wanda's Corner

by Wanda Hallmark

The Senior Play will be presented on Friday, February 24, at 7 p.m., in the High School auditorium.

It was reported that Mr. Jim Puryear, Cisco Junior High principal, weighed himself at a store recently and said that if someone laughs hard for 5 minutes, it will use up 15 calories.

The Senior Play is a hilarious play that will last for 90 minutes. It was also reported that just attending the Senior play a person could use up 270 calories.

That either means someone could use up those calories, or someone who is on a diet could eat a candy bar, and it wouldn't hurt their diet.

So be sure and attend the Senior play Friday, for your health.

A gentleman who was from out of town stopped by The Press last week and was asking about the weather and how much rain Cisco received last week. He said he heard about a man in Cisco who went outside to see what causing a strange loud noise.

When a drop of rain hit the man on the forehead, it knocked him out and they had to throw 3 buckets of sand in his face to bring him to.

Aubrey McIntire dropped some old newspapers by The Press recently. One was "The Cisco Daily Press" dated January 17, 1946.

Cisco was noted then as being the healthiest area in the U.S.A., with a countryside

devoted to blooded cattle hogs, sheep, peanuts, cotton, fruits, feeds, poultry, gas, oil, two railroads; Bankhead highway; huge concrete swimming pool; bass and crappie fishing.

Back then they also bragged about having 127 blocks paving; A-1 high school; Junior College; natural gas, electric and ice plants; and home of the Boss Walloper Work Glove.

An ad from Southwestern Bell Telephone company explained why it took so long to get a telephone line hooked up. Telephone numbers on most of the ads had only two or three numbers.

A.B. O'Flaherty, was the publisher and general manager. Subscriptions were only \$2 per year, or \$1.50 for six months.

A 5-room home in Humbletown sold for \$3,500. Sixty acres well improved on the highway sold for \$5,500.

He also had a copy of The Putnam News, dated Thursday, January 17, 1946.

Mrs. J.S. Yeager was the editor and manager. It was published every Friday. At Janette's Beauty Shop a permanent wave was \$3.00, and F.P. Shackelford & Son Co., sold John Deere quality farm equipment in Putnam.

Mrs. McIntire kept the papers over the years, because her sister's obituary was in them. Her sister was Mrs. Clifton McClellan.

Her sister was only 32 years old when she died. Rev. Mart Agnew officiated. Pallbearers were Arlin Birt, J.L. Thornton, Richard Turknott, Travis Kelley, Henry Pence, and Ed Pence.

CISCO JUNIOR COLLEGE will present its annual Nostalgia Night Friday and Saturday, Feb. 24-25. Each year six Wrangler Belles are selected to perform with the musical group. Those chosen for this year's performances are shown in the above photo. They are, front row,

left to right, Rhonda Moore of Austin, Christine West of Abilene, Debbie Endsley of Cisco, and Shannon McBride of Clovis, N.M. Top row, Angie White of Early and Donna Duran of Abilene. Reservations for Nostalgia Night may be made by calling 442-2567.

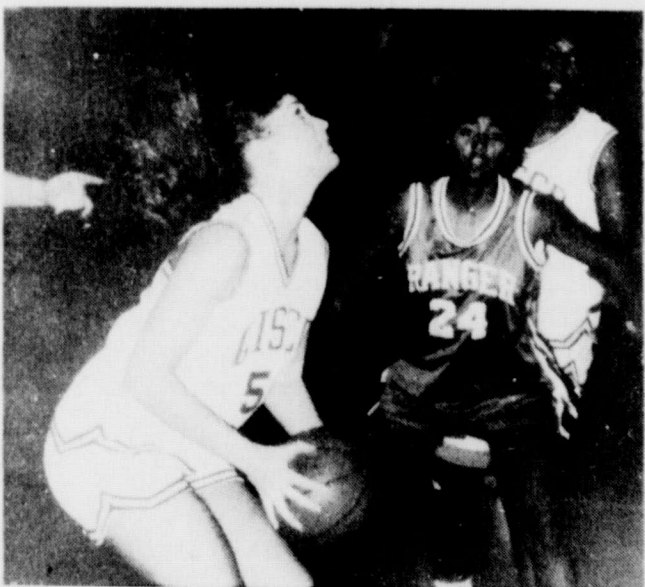

Wranglers Rout SWCC 132-To-101

The CJC Wranglers scored 75 points in the first half enroute to an easy 132-to-101 victory over the Southwestern Christian College Rams at Wrangler Gym Saturday. The 75 point half is believed to be the most points ever scored by a CJC team in one half.

With the win, the Wranglers improved their conference record to 4-7 and kept alive their slim hopes of a playoff berth. In order for this to happen, the Wranglers must win all three of their final three games this week, and McLennan must lose both of their games to Weatherford and Southwest Christian. Cisco was to have played TSTI in a makeup game at

home Monday, and will travel to Hillsboro to play Hill Wednesday. The final game is at home Saturday against Grayson.

In the SWCC game, CJC jumped out to an early lead and was never threatened. They hit on 60 percent of their field goal attempts, and were 12 for 19 from the three-point range. Four players, led by Lewis Hicks' 29 points, scored more than 20 points. Ronald Ateman, Mark Chambers, and Eric Brown added 24, 23, and 22 points respectively, while Trevor Lemon chipped in with 16. Ateman and Chambers led the rebounding with 10 apiece, while Lemon and Brown were the assist leaders with five each.

Alicia Rawlins, 5'10" post from Duncanville High School, scores another basket against Ranger.

CJC Lady Wranglers Win One Lose One, In Last Week's Games

By NIKKI TATE

The Cisco Junior College Lady Wranglers defeated Southwest Christian Community College 113-to-70 Saturday night in Cisco.

The Lady Wranglers jumped out to an early lead and went on to take a 53-to-31 halftime advantage. In the second half, they outscored Southwest Christian 60-39 to get the 43 point win.

Six Lady Wranglers scored in double figures for the night. Kelley Page led the way with 22 points. Stacy McPherson added 16, and Kayla Cooley and Cynthia Wilson each had 15. Elayne Caruthers finished with 12 and LeeAnn Moore had 10. Nikki Tate added 9, Alicia Rawlins six, and Kamie Windham and Tracy Seabourn each had four.

Leading scorers for Southwest Christian were Chapple with 22 and Gombé with 16.

The Cisco Junior College Lady Wranglers lost to Weatherford Junior College Lady Coyotes 67-to-53 Wednesday night in Weatherford. Things started off slow for both teams and continued that way the entire first half as Weatherford led 23-to-19 at the break. Scoring picked up in the second half, but the Lady Wranglers could never get closer than eight points.

Michelle Holder led the Lady Wranglers in scoring with 13, followed by Alicia Rawlins with nine, and Elayne Caruthers with seven. LeeAnn Moore, Cynthia Wilson and Claudette Ford each had six points, and Stacy McPherson, Kamie Windham, and Kelley Page all had two point each.

Leading scorers for Weatherford were Cocke with 19 and Wells with 16.

(More Pics Inside)

Six Wrangler Belles Are Chosen To Perform

The annual Nostalgia Night presented by the Cisco Junior College Stage Band is set for Friday and Saturday, Feb. 24-25.

Each year six Wrangler Belles are selected to perform with the musical group. This year the girls selected

are Donna Duran of Abilene, Debbie Endsley of Cisco, Rhonda Moore of Austin, Shannon McBride of Clovis, N.M., Christine West of Abilene and Angie White of Early.

During the evening, dinner will be served and dance

music will be provided by the CJC Stage Band. To highlight the evening of entertainment the band and Wrangler Belles will present a night club style floor show featuring tunes from the 50's and 60's with just a touch of modern thrown in for good

measure.

To make your reservation, call 442-2567. The annual event is an ideal way to spend a "night on the town" and has proven to be quite popular over the years. Be sure to call early for reservations.

Sun Oil Sells To North Ridge Corporation

North Ridge Corporation has purchased the Sun Oil Corp.'s interest in 15,000 acres of oil property in the Ranger area, according to a statement from William Boles, Vice President of North Ridge.

Although there had been speculation about the sale, this is the first public announcement here of the large transaction. North Ridge took possession of the field last December, adding this acreage to the 15,000 acres already operated by the Company in various parts of Eastland county.

The purchase from Sun Oil takes in the land in the historic Ranger Boom field, scene of the large oil discovery in 1917. Sun Oil began buying royalty in the old field in the 1970's, and started a nationally publicized venture in oil recovery in 1980-81. Water was piped from Possum Kingdom Lake for injection.

North Ridge has acquired around 200 injection (water flood) and producing wells in the sale, and some wells which are temporarily shut down, Boles says. Owners of North

Ridge are J.R. Bilhartz, Leland W. Carter and William Boles. J.R.B. Operating Co. is involved with the North Ridge Corporation.

Privately owned North Ridge has three head offices—at Dallas, Grand Prairie, and Duncanville. The Corporation presently has 15-20 employees in the Eastland County area. The Company views the future with optimism.

"We will attempt to keep the water flood units going and make them produce," Boles says. "We'll probably

drill a few new wells soon."

He says that J.R. Bilhartz and two Bilhartz sons have special experience and expertise in dealing with oil recovery.

"We are looking forward to their work with the field purchased from Sun Oil," Boles says. "Of course the price of oil right now makes it more difficult, but we are expecting this field to pay off in the future."

Ranger CofC Banquet Set For March 9th

Ranger Chamber of Commerce members and representatives from Rising Star, Gorman, Eastland, & Cisco area, met at 7:00 p.m., Monday night, February 2, at Olney Savings in Ranger to discussed details of welcoming the guest speaker, Vice-Chairman of Texas Department of Corrections, Jerry Hodge, for the Annual Ranger Chamber of Commerce Banquet, to be held Thursday, March 9, 1989, 7:00 p.m., Lone Cedar Country Club.

Discussion on the possible benefits from having a prison built here, were

Baptist Churches To Take Students To Abilene Lock-In Friday

A High School Lock-In will be held on Friday, February 24, from 11 p.m. till 7 a.m., Saturday, in the Abilene Family Life Center, in the First Baptist Church in Abilene.

The cost of the Lock-In will be \$8.00 per student.

Two church buses, one from Calvary Baptist Church and one from East Cisco Baptist Church will be leaving the Calvary Baptist Church's parking lot, 18th

and Conrad Hilton, at 9:30 p.m., and at 10 p.m., Friday. Students will be able to play volleyball, basketball, racket ball and pool at the Lock-In. They will also be able to skate, bowl and play ping-pong.

For more information call David Digg, East Cisco Baptist youth leader at 442-4125 or John Gonzales, Calvary Baptist youth leader at 442-4229.

UP WITH THE PEOPLE OF EASTLAND COUNTY-- Is what Robert A. Lamb, chief assistant with the HOOS-GOW Program, is saying in the above photo. Mr. Lamb started working with the program last week. (Staff Photo)

Robert Lamb To Volunteer His Time With HOOS-GOW Program

"Eastland County is a dynamic county," according to Robert Lamb, with the HOOS-GOW Program. He added, "Leaders in all segments of this area should step forward and show this positive aspect to the Texas Department of Corrections, so Eastland County will be chosen as the site of a new prison."

Mr. Lamb, of Carbon, has volunteered his services to the HOOS-GOW Program. The HOOS-GOW Program is an incentive way to get a prison to come into Eastland County. He said the prison will bring in other businesses.

Lamb said he lived in Eastland County in the late 60's and early 70's. During that time he worked at Victor Cornelius, Burgess Industries, and for Missouri Pacific Railroad. He re-enlisted in the U.S. Army, and stayed with them for 20-years until his recent retirement. He moved back to the little community of Long Branch, close to Carbon in Eastland County.

Lamb said whenever he would come back to Eastland County during a military leave, he saw the financial change in the county over the years. Lamb said he doesn't want the county and schools here to die as other communities have had to do over the years. He said he hates to see the children of this county go off to col-

lege and then they can't come back home, because there are no places in Eastland County for them to use their new skills.

He said when he was stationed in San Antonio and Fort Hood, he could see the impact made when civic leaders came together and invented incentives for businesses to come in. Lamb said those cities brought in new industries, and this is what is going to happen in Eastland County.

Lamb volunteered to help with the HOOS-GOW Program after he saw an ad in the local newspaper asking for volunteers. Lamb said with lots of work, Eastland County could be chosen as the site of a new prison. He said the people in Eastland County are fighters, and they won't give up. He said once the county gets to moving, they will also get other businesses to come in.

Mr. Lamb said, "While I was in the U.S. Army, I was taught to be positive. The Army's motto is, 'Minimum Soldiers Are Never Winners' and that minimum is in desire or performance." He added, "Some of the best farmers and some of the best minds in Texas are living in Eastland County, and everyone has to make up their mind to take charge and not give their minimal effort. We will succeed."

Joe Wheatley Files For Re-Election Of Mayor

Joe Wheatley, Cisco mayor, filed his name to run for the position of Mayor of Cisco in the May 6, 1989, city general election, last Monday, according to a report from City Hall. Candidates have until March 22, 1989, to file their names at city hall to be placed on the election ballot.

The positions of Mayor, Council Place I, and Council II, will be voted on in the general election. Anyone wishing to file may do so at the office of the City

Secretary at City hall during normal working hours. There is no filing fee.

Candidates must be 25-years of age or older, and be an American citizen to file for one of these offices. They must also be a qualified voter of the State of Texas and of the City of Cisco. They must be a city taxpayer and they cannot do any work for the city directly or indirectly for a profit. They cannot be a city employee.

Cisco Police Officers Arrest One In Drug Raid On Monday

Officers with the Cisco Police Department and Steve Foster with the Department of Public Safety made a drug raid at a home in the 1500 block of Beech Street in Cisco around noon on Monday, February 20.

A 38-year old white male was arrested and charged with possession of a controlled substance, which was suspected to be methamphetamine, a small quantity of marijuana, and drug paraphernalia.

The man was placed in Eastland County Jail.

Cisco Police Chief Billy Rains said the man will be indicted after reports come back from the drug lab in Abilene.

Chief Rains investigated a criminal mischief report from a woman in the 500 block of West 7th, on Monday. The woman said someone shot out the back window of her vehicle with a pellet gun. Damage was set at \$175.00.

Last Friday, officer Morris Hardin investigated a report from a man in the

housing authority who said someone had broken into his home through the back door and stole a bag of Fritos and a bottle of Pepsi cola. The theft occurred between 2-3 p.m.

Chief Rains investigated the theft of cameras and equipment at the Student Union Building last Friday. He said Gus Smothers, reported that a Nikon 35mm 1.35L.F camera and a Chinon 35mm 35F camera were taken along with a small Realistic battery charger and \$80.00 cash from her office located in the SUB. The total value of the items was placed at \$275.00.

Cisco officer Darryl Shipman arrested a 19-year old white male on Saturday at 6th Street and Conrad Hilton for a class B possession of marijuana.

stated. They are "826 jobs, 1.6 million payroll per month, were just a couple of the benefits Eastland County could derive from this prison.

Dr. Barnes, Chairman of Project Hoo's-Gow, stated that the possibility of escape is very slim. According to probation files in Eastland County 460 persons convicted of felonies & misdemeanors report to the probation office.

There are two possible sites for the prison, and will be shown to Mr. Hodge upon his arrival.

Ranger Chamber President, Shawn Wells stated that you must purchase your tickets before the banquet, because NO TICKETS WILL BE SOLD AT THE DOOR!

Tickets are available from your local newspaper offices and any Ranger Chamber member.

Senior Play To Be Held Friday

(From Page One)

Aki Kleiner, and others under the direction of Janice Shepard, a Senior sponsor. Leila Hawari, Senior, will supervise make-up.

Jimmy Cearley and Tommy Claborn and their Ag Mechanics classes constructed the set; and other Senior sponsors Rick and Lori Whitley and Charles Parnell have assisted with set, properties, costumes, and publicity.

The play, directed by Lou Jane Davis, was written by Tim Kelly and published by Pioneer Drama Service in 1984.

Tickets are on sale at \$1.50 for students and \$2.00 for

adults. They may be purchased now from a member of the class or at the door on the night of the performance.

Anniversary

Mr. and Mrs. Ples Ray observed their 68th Wedding Anniversary Tuesday, Feb. 14, 1989. Mr. Ray is 90 years of age, and Mrs. Ray, the former Aline Leveridge, is 86. Both were born in Scranton, and lived in that area until moving to Cisco in 1984. They live at 610 West 5th Street. Mrs. Ray is currently in Canterbury Villa Nursing Home.

Robert Lamb Volunteers Services

(From Page One)

At the present time Mr. Lamb is producing a TV tape about the need for a prison in Eastland County. He is the chief assistant with the HOOS-GOW Program.

Dr. Charles Barnes, project manager of the Eastland County Economic Development Committee, said, "Mr. Lamb is working almost full-time. He is a manager-trainer and has the personality and skills to get the job done."

Barnes added, "Evaluation of Mr. Lamb's character has shown us his dependability, adaptability, selfishness, and his devotion to his work. We are delighted to have Mr. Lamb join our organization."

Some of the awards Lamb has won are the Bronze Star award, a presidential citation, two (with one on the way) Meritorious Service awards, (this is the highest award given for non-combat service), Army commendation medal, two Army achievement awards and a leadership award presented by Brigadier General Billy Johnson. Lamb served as a combat medic with the 101st

Airborne in the Viet Nam war and was stationed in Central America, Panama and Germany.

He has a bachelor of science degree from Troy State University and a Master of Arts degree in human relations from Webster University. He graduated Magna Cum Laude.

He and his wife Emma, have three children, Anthony, 17, Vanessa 11, and Marcus, 9. His parents are Mr. and Mrs. Bobbi Jo Lamb of Carbon.

Mr. Lamb has been meeting with citizens in Eastland County and to tell them about the HOOS-GOW Program. At the present time there are 22 sites in Eastland County where the new prison can be built. He said this is enough to start with, but they prefer an area near a lake. It would be more economical for Eastland County and for the prison to be near a lake he said.

If anyone would like to help with the HOOS-GOW Program, they are invited to call Dr. Charles Barnes at his office, 442-3413. His office is located at 700 Avenue C, in Cisco.

Grandson Of Ciscoan Receives Eagle Scout Award

Derek Glenn Farrow, 15, received his Eagle Scout Award in a special court of honor held February 12, 1989, in Manchaca, Texas. Derek is a freshman at Crockett High School in Austin. He plans to continue

working with the Boy Scout program in the leadership corps.

Derek is the son of Mr. and Mrs. Jimmy Dale Farrow of Austin, and the grandson of Mr. and Mrs. William Graham of Cisco.

Carbon Cemetery Work Day Sat.

The Carbon Cemetery Association needs your help.

On Saturday, February 25th we plan to clean the fence row on the west side of Murray Cemetery. We need to clean out a lot of brush and trash and move a lot of dirt and sand to fill low spots in the cemetery where water

stands in wet weather.

If you can donate a few hours work to make these improvements please come and bring your tractors, loaders, truck, or whatever tools you may have.

We will start at 9:00 a.m. on Saturday the 25th. Please come help us if possible.

Mobile Cancer Detection Unit To Be At Graham Feb. 28

In an effort to find cancers at the earliest possible stage and prevent unnecessary deaths, a Mobile Breast Cancer Detection Unit will be made available to local women on February 28, 1989.

The mobile unit will be parked at E.L. Graham Memorial Hospital. Appointments may be made by calling (817) 442-3951. For more information you may call the Regional Breast Cancer Center at Women's & Children's Hospital at (915) 334-8888 or (915) 561-9999.

According to the American Cancer Society, one out of every 10 women in the United States will develop breast cancer sometime during her lifetime. Every year over 37,000 women die as a

result of breast cancer.

According to a spokesman from the Regional Breast Care Center at Women's & Children's Hospital in Odessa "the death rate from breast cancer can be drastically reduced if women would have mammograms done before a problem exists". By using modern state of the art X-ray equipment breast cancers can be found when they are about the size of a grain of rice and well before the cancer can be felt. A woman who is diagnosed with breast cancer at this early stage has 90%-97% survival rate. However, a woman who is not diagnosed until a lump can be felt has approximately a 50% survival rate in five years.

Cisco Firemen Attend Fire Fighters School In Ranger This Month

Five members of the Cisco Volunteer Fire Department travelled to Ranger on February 9, to participate in a fire fighting school. The school is sponsored by the Ranger Volunteer Fire Department and the Texas Forestry Service. The firemen are scheduled to attend the school again on Thursday.

The school, training in grass and rural fires, was attended by Cisco firemen, C.W. Guthrie, Mark Dopson, W.T. Eaton, Phillip Cockrell and David Gill.

Cisco firemen have not been called out on very many alarms during the past two weeks. Cisco firemen

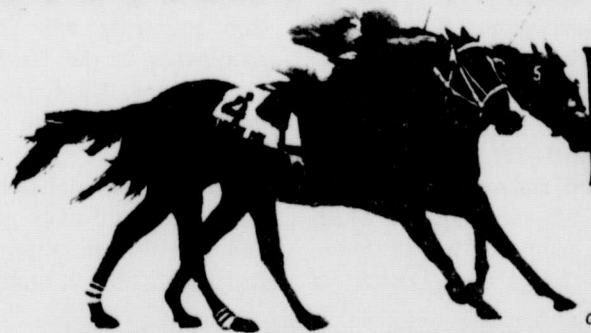

were called out to a home in the 1300 block of West 13th on Monday, February 6. Owners of the home reported seeing smoke, but firemen were unable to find a fire. Fireman David Gill speculated something that was burning in the fireplace created the smoke.

On Wednesday, February 8, Cisco firemen extinguished a grass fire in the 1500 block of Conrad Hilton. The fire started in the backyard of a home.

Cisco firemen were called out to a car fire on north Highway 6, but the fire was extinguished by the car's owner before firemen arrived.

EASTLAND

The Eastland Chamber of Commerce President John Berry has announced all the Committee appointments for the year. A number of people have agreed to serve on the nine different committees. The Chairmen are as follows: Special Events, Doyle Maxwell, Membership, Clint Ferguson, Retail Trades, Ann Folsom, Finance, Ken Parker, Parade, Lawrence Janecka, Tourism, Dub Hoffmann, Airport, Don Bradshaw, Sports, Larry Vernon, Economic Development, Randy Roper.

The new Skinny's Store on East Main St. in Eastland is now open for business. Pat Swinney manages the convenience store which is open 24 hours a day, seven days each week. Grocery items, candy, drinks, ice, ice cream, school supplies, and some hardware, motor oil and pet foods will be available. The store has ten Shell gas pumps, offering four unleaded, four super unleaded, and two regular. Pat Swinney promises weekly specials and sales, and there will be a Grand Opening soon. The store presently has four employees, and is taking applications.

The State Music Club President, Mrs. W. Lavoy Whitworth is visiting Eastland this Wednesday, Feb. 22. She will be at Eastland High School Band Hall at 4 p.m., where she will attend a program presented by the Eastland Music Study Club. There will be a concert by the Eastland Maverick Jazz Band, and also the presentation of the Anna Barbara Kinnard Scholarship Award to an outstanding music student. The public is invited.

Dr. Paul Duncan, Eastland veterinarian, has been elected to membership in the American Angus Association, with headquarters in St. Joseph, Missouri. The American Angus Association, with over 30,000 active adult and junior members, is the largest beef cattle registry association in the world. Its records include detailed information on nearly 11 million registered Angus.

Video One, a new VCR tape rental store, has opened in the Shady Oaks Shopping Center on East Main in

Eastland Peggy Robinson, owner, has opened Video One next door to her Beauty Connection, with a doorway between. She plans to manage both businesses. Video One will offer more than 500 tapes, with new tapes coming in weekly. There will also be some TV and VCR accessories. The store will open at 9 a.m. Monday through Saturday, and 2 p.m. on Sunday. It will close at 6 p.m. on Sunday and Monday, 8 p.m. on Tuesday, Wednesday and Thursday, and at 9 p.m. on Friday and Saturday.

CISCO

The Cisco Civic League has donated \$1,000 to the Cisco Public Library. Mary Bob Leveridge, Librarian, says the money will be spent to buy educational materials for the library. This is money the Civic League made last year from the Cisco Folk Life Festival, and they are giving it to this worthy cause. The Twentieth Century Club established this public library a number of years ago, and have continued to operate it for the benefit of the town.

Cisco Junior College has an all-time high enrollment

of 2015, a 14% increase over the spring of 1988. This is the first time the 2,000 student barrier has been broken, notes Olin Odom, CJC Registrar and Dean of Admissions. The Southern Association of Colleges and Schools reaffirmation committee will visit CJC on March 13-16. CJC President Roger Schustereit has praised the work on the self-study by the steering committee and all of those who have worked to prepare for the visit. Dr. Ken Hammes is Chairman of the Self Study Steering Committee.

The Cisco Junior College Stage Band, directed by Tim Jones, will present the sixteenth annual Nostalgia Night performances on Friday, Feb. 24, and Saturday, Feb. 26. The programs will take place in the Corral Room of the Laguna Hotel, and will begin with dinner at 7 p.m. Dinner will be followed by 30-40 minutes of listening/dancing music, with dessert and coffee being served afterward. After a short intermission the band will return to the stage to present vocal and instrumental solos, medleys, and three select routines by the CJC Wrangler Belles. The Belles are directed by Nicki Harle. Tickets are \$9 per person, and seating preference is by date of reservations. Call Pat Dill at the Cisco Junior College switchboard

for reservations. The phone number is 442-2567.

Ken Martin, city engineer with Jacobs and Martin Inc. has suggested to the City Commission that they meet with the State Water Commission and see if there could be alternatives to making a study to reevaluate the structure of Williamson Dam. Martin said the cost of the study would be from \$69,000

to \$200,000, and that Cisco would probably want to spend that money on the search for more water. He suggested setting up a monitoring program on the dam and bridge to see if there is any movement in a 6 mo., 1 yr. and 2 yr. period. Martin also said the Water Commission wants the city to realize there might be trouble with the dam if a large amount of water comes in. City Manager Mike Moore

noted that the city has put up barricades on the dam and bridge to prevent any traffic going across it.

RANGER

The Ranger Chamber of Commerce Banquet will be held on Thursday, March 9, 7 p.m. at Lone Cedar Country Club. Jerry Hodge, Vice Chairman of the Texas Board

of Corrections, will be the featured speaker. More plans will be announced for this event. Golden Deeds awards will be presented, and Outstanding Students, Teachers, and Farm Family of the Year recognized. A large attendance is expected.

Howard Haber, 21, of Fort Worth has been hired as a

Fireman, replacing Buddy Davis. Haber attended Paschall High School and North Richland Hills Fire School.

Obituaries

Carl Brock Clemmer

ABILENE--Carl Brock Clemmer, 89, died at 10:30 a.m. Friday, February 17, 1989, at Mesa Springs Nursing Home.

Services were held at 10:30 a.m. Monday, Feb. 20, at Elliott-Hamil Chapel of Memories, 542 Hickory, Abilene, with Rev. Doug Moore officiating. Burial was in the Merriman Cemetery, south of Ranger.

He was born August 16, 1899, in Ranger. He was the son of Nora Belle Brewer Clemmer and John H. Clemmer, who were early settlers of the Merriman Community, south of Ranger. His grandparents Martin Van-Buren Brewer and Eliza Thomas Brewer were also early settlers of the Merriman Community in 1873. He married Jewell Weekes on January 1, 1925. She preceded him in death on January 24, 1933. He and Effie LeRoy Dillon were married May 12, 1934, in Baird.

He worked for the Ohio Oil Company in Ranger with the Pipeline Division for several years. In 1941, he took a job with the Hospital Heating Plant at Camp Barkley, after the closing of Camp Barkley, he then went to work for Kraft Food Company and retired in August of 1964.

He was a member and an elder of the First Christian Church, a member of the Friendship Class, and a member of the Ranger Masonic Lodge for over 50 years.

Survivors include two sons, Louis Lester Clemmer of Rowlett and Albert Buford Clemmer of Anaheim; two daughters, Phyllis Marilyn Clemmer Harper of Terrell and Arrilla Kathryn Clemmer Bruton of Abilene; two sisters, Mildred Pitcock of Portales, N.M., and Myrtle George of Dallas; a brother, Buren Clemmer of Wichita Falls; 16 grandchildren and 18 great-grandchildren.

Grandsons served as pallbearers. Burial was in the Merriman Cemetery, south of Ranger.

Doris Barnes Busby

RANGER--Doris Barnes Busby, 78, died Thursday, Feb. 16, at a Lake Charles, Louisiana hospital.

Graveside services were at 2 p.m. Saturday, Feb. 18, at Evergreen Cemetery with the Rev. James Upshaw officiating, directed by Edwards Funeral Home.

Born in Ranger, she moved to Rio Grande Valley in the late 1940s and then to Lake Charles, La., in 1983. She worked in several ladies dress shops most of her married life. She was a graduate of Ranger High School and Ranger Junior College. She was the widow of David Lawson and J.B. Busby.

Survivors include a daughter, Mary Lou

Faulkner of Lake Charles, La.; and two grandsons, King Faulkner of Fort Worth and Benjamin Faulkner of Ruston, La.

Della Fox

COLORADO CITY--Della Fox, 81, died Saturday, Feb. 18, at an Abilene nursing home.

Services were at 2 p.m. Sunday, Feb. 19, at the First United Methodist with the Rev. Rudy Fambrough officiating, assisted by the Rev. Julius Early. Burial was in the Colorado City Cemetery, directed by Kiker-Seale Funeral Home.

Born in Eastland County, she was a longtime Colorado City resident. She attended school in Cisco, Randolph College and graduated from Hardin-Simmons University.

She was a teacher at Hyman, Cooke, Burford, Horne's Chapel and Loraine, and taught fourth grade in Colorado City. She retired from full-time teaching in 1972, but continued to substitute teach for several years.

A member of the First United Methodist Church, she was a Sunday school teacher and officer and member of several church circles and the United Methodist Women. She was the widow of Wilfred Fox.

Survivors include a son, Fred Fox of Hawley; a brother, James Matthews of Moran; four sisters, Dona Reed of Abilene, Dora Fambrough of Tye and Faye Matthews and Jane Matthews, both of Odessa; two grandchildren; and several nieces and nephews.

B.W. McGough

EASTLAND--B.W. McGough, 84, died Friday, Feb. 17, at a Stephenville hospital.

Services were at 2 p.m. Sunday, Feb. 19, at the Baker Funeral Home Chapel with the Rev. Jim Andrews officiating. Burial was in the College Station Cemetery in College Station.

Born in McGough Springs, a community founded by his family, he grew up in Eastland County.

A production administrative supervisor for Exxon for 34 years, he retired in 1961. He was a Baptist and the widower of Minnie Myers McGough.

Survivors include a brother, W.C. McGough of Eastland; three sisters, Nova Gatch of Eustis, Fla., Margie Taylor of Midland and Nina Sheehan of Big Spring; and numerous nieces and nephews.

Trudy Andrews

CISCO--Trudy Andrews died Sunday, Feb. 19, at her home.

Services are pending at Kimbrough Funeral Home.

Inzer F. Carroll

COMANCHE--Inzer F. Carroll, 76, a farmer, died Thursday, Feb. 16, at an Abilene hospital.

Services were at 2 p.m. Saturday, Feb. 18, at Comanche Funeral Home Chapel with the Rev. Sam Randolph officiating. Burial was in DeLeon Cemetery.

A lifetime resident of Comanche County, he was a member of Sweetwater Baptist Church.

Survivors include his wife, Lila V. Walker Carroll of DeLeon; three sons, Volney Franklin Carroll, Charles David Carroll and William Dwayne Carroll, all of Comanche; a daughter, Mary Lee Holland of Comanche; a brother, Weldon Carroll of Cisco; three sisters, Mildred Eggleston, Izora Bingham and Dorothy Chalk, all of DeLeon; 12 grandchildren; and nine great-grandchildren.

Zona Alford

SHAWNEE, OKLA.--Zona Kathryn Miller Alford, 72, died Sunday, Feb. 19, at a Shawnee, Okla., hospital.

Services were at 10 a.m. Tuesday, Feb. 21, at First Christian Church with Dr. Steven Williams officiating. Graveside services were at 10 a.m. Wednesday, Feb. 22, at Oakwood Cemetery in Cisco with the Rev. Alan Gray officiating, directed by Resthaven Funeral Home.

Born in Cisco, she moved to Shawnee, Okla., in 1987 from Wichita Falls. She was raised in Cisco and attended Texas Christian University in Fort Worth. She graduated with a degree in music and art education in 1938. She taught school in Roby and Wichita Falls.

She was a member of the Daughters of the American Revolution and Daughters of the Nile. She was a 30-year member of Air Force Officers Wives Association. She was an active volunteer for the American Red Cross, where she received training in disaster team work. She was a lifetime member of the Garden Club. She was also a member of the Needlepoint Guild, the Shawnee Sew and Sews and the First Christian Church in Cisco.

Survivors include a daughter, Patti Lanier of Shawnee, Okla.; a son, Michael Alford of Boston, Mass.; a sister-in-law, Martha Miller of Austin; and three grandchildren.

Charles Cox

CISCO--Charles R. Cox, 54, of Breckenridge died Wednesday, Feb. 15, 1989, at Anson Place Nursing Home in Abilene.

Services were at 2 p.m. Monday, Feb. 20, 1989, at

Morehart Mortuary in Breckenridge with Rev. Otis Richardson, pastor of Calvary Baptist Church, officiating. Burial was in Hart Cemetery.

Born March 28, 1934, in Oklahoma City, Okla., he grew up in Walters, Okla., and attended schools in Walters and graduated from high school in Lawton, Okla. He attended Oklahoma State University majoring in engineering. A U.S. Air Force veteran of the Korean conflict, he was the owner of Sight and Sound in Breckenridge and Cisco.

He married Dot Doyle Donley in Breckenridge May 12, 1976. He had lived in Breckenridge since 1977. He was a member of Pythian Lodge and Calvary Baptist Church.

Survivors include his wife of Breckenridge; a son, Steven Ray Cox of San Jose, Calif.; two brothers, Frank A. Cox of Pensacola, Fla., and Donald W. Cox of Lawton, Okla.; a sister, Jeanette Ward of Albuquerque, N.M.; a step-son, Lonnie Roberson of Breckenridge; a step-daughter, Kathy Vassar of Wichita Falls; and 11 step-grandchildren.

He was preceded in death by his parents.

Memorials may be made to the Calvary Baptist Church in Breckenridge and may be left at Morehart Mortuary.

Roy J. Solomon

CISCO--Funeral services for Roy J. Solomon, 63, of De Leon, formerly of Cisco, were held at 3:30 p.m. Sunday, Feb. 12, 1989, at the Nowlin Funeral Home Chapel in Ranger with Dr. Joe McClain officiating. Burial was in De Leon Cemetery.

Mr. Solomon died of a sudden illness Thursday, Feb. 9, 1989, in the De Leon Hospital.

He was born on July 21, 1925, in Comanche to Alpha A. and Willie Mable Stibler Solomon. He married Bonnie Sue Swindle in Cisco on Oct. 25, 1942.

He was a U.S. Army veteran of World War II. He was a police officer in Abilene before moving to Brownwood in 1966 to work for the Fort Worth Star Telegram. He returned to De Leon in 1980 and had recently been employed by Dabney Hardware.

Survivors include his wife, Bonnie Sue Solomon of De Leon; two brothers, Alpha A. and Edward Del Solomon of Florida; a sister, Alice Mae Padilla of Abilene; a brother-in-law and sister-in-law, Ray and Ben Bailey of Cisco; and a niece, Jackie Smith of Cisco.

Pallbearers were Lexy W. Alexander, Wayland Freeman, Lex Shelby, Wayne Clark, Terry Fields and Dewey (Boss) Gilchrist.

Maud Croft

RANGER--Services for Maud Wynne Croft, 89, was at 10:00 a.m., Wednesday at Edwards Funeral Home Chapel in Ranger with Dr. Joe McClain officiating. Burial was in the Eastland Cemetery.

She died Friday at an Eastland nursing home. Born in Crystal Falls, she moved to Ranger in 1918.

She attended school in Breckenridge. She was a homemaker, a member of the Ranger Senior Citizens and a member of the First Baptist Church. She was the widow of Col. B. Croft.

Survivors include a son, Dick Wynne of El Paso;

three daughters, Enia O'Brien of Ranger, Margaret Hatfield of Strawn and Mildred Sledge of Lake Leon; a stepdaughter, Juanita Keith of Henderson; a sister, Cordie Smith of Brownboro; eight grandchildren; 14 great-grandchildren; and two great-great-grandchildren.

WORD of GOD

Jesus said:

Blessed are ye, when men shall revile you, and persecute you, and shall say all manner of evil against you falsely, for my sake.

Rejoice, and be exceeding glad: for great is your reward in heaven: for so persecuted they the prophets which were before you.

USE THE CLASSIFIEDS

Pharmacy Topics

By Bob Mueller

Regular exercise seems to stop bone loss and may even increase bone density, a study at Tufts University found. Postmenopausal women who walked briskly 45 minutes a day, four times a week, had a 3 percent increase in density in a year; sedentary control group lost 10 percent.

Some orthodontists are getting an early start on straightening teeth and jaw. Researchers at the University of Pennsylvania say early care may ward off later problems and shorten teen time in braces.

Free pamphlet on orthodontics, "Special Years for Special Smiles," is available from the American Association of Orthodontists, 460 Lindbergh Blvd., St. Louis, MO 63141.

Reminder: adults should have tetanus boosters every seven to ten years.

Activated charcoal first aid is more effective than syrup of ipecac in removing toxic substances from the body. Another advantage, says the Western Journal of Medicine, is that the black material can indicate to doctors when stomach pumping is completed.

Check YOUR first-aid supplies, then stock up at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347. Make us your family health headquarters. cer 104

Hand in Hand

A successful business is built on good, strong relationships . . . with its customers, its employees, its suppliers . . . and its bank. Mutual commitment and respect are crucial to business survival.

That's why we work hand in hand with our customers. Consistently providing dependable financial services, we're always there . . . lending our support . . . offering a little friendly advice. Our customers have come to expect nothing less than the best. And that's what we deliver. With a smile and a handshake, you've got our word on it.

Together, we'll be the best we can be.

the best we can be.

CJC To Present Sixteenth Annual "Nostalgia Night"

The Cisco Junior College Stage Band, under the direction of Tim Jones, will present the sixteenth annual Nostalgia Night performances on Friday, February 24, and Saturday, February 25, 1989. The programs will take place in the "Corral Room" of the old Victor Hotel, and will begin with dinner at 7:00 p.m. "NOSTALGIA NIGHT" music by the stage band will consist of 40's and 50's listening and show tunes. The 7:00 dinner will be followed by 30-40 minutes of listening/dancing music, which will then be followed by dessert and coffee. After a short intermission, the band will return to the stage to present a floor show featuring vocal and instrumental solos, familiar medleys, and three select routines by the CJC Wrangler Belles. The belles are directed by Nicki Harle. The menu will consist of pineapple glazed ham, can-

industry of agriculture. Larry case, national FFA advisor, said the face of American agriculture is changing rapidly. "The American agricultural industry is competing in a global marketplace, and, as a result, new emphasis has been placed on marketing and innovation," Case said. "New occupations are developing rapidly and FFA members are working hard to be on the leading edge of these new fields. Agriscience, biotechnology, communications, marketing, research and computers are just a few of the careers for which FFA members are preparing." Each year FFA Week is held during the week of George Washington's birthday to recognize his leadership and commitment to American agriculture. Both the National FFA Center and the National FFA Hall of Achievement are located on part of Washington's original Mount Vernon estate near Alexandria, Virginia. FFA is a national organization of 404,500 students in 7,800 local chapters preparing for over 200 different agricultural careers. FFA activities and award programs complement instruction in high school agriculture by giving students practical experience in the application of agricultural skills and knowledge gained in classes. Developing agricultural leadership, cooperation and citizenship are FFA's major objectives.

Kappa Gamma Meeting

On February 18 Beta Upsilon members Ruby Lee Pirtle, Bernice Carter and Ruth Stewart attended an Area X Delta Kappa Gamma luncheon at the Colonial Country Club in Fort Worth. The Beta Upsilon chapter includes women educators from Eastland and Callahan counties.

Nearly 200 members from Area X chapters and several Alpha state officers were present. Twenty-five year members and fifty year members were given special honors.

The special speaker was Rose-Mary Rumbley, who gave honor to her former speech and elocution teachers in her speech entitled "School Days."

Announcements were made concerning upcoming conventions on the state, regional and international levels.

The delightful lunch and elegant surroundings were greatly enjoyed by those attending.

The Cisco group wishes to thank Stanley Pirtle for chaffering.

Mangum Baptist

Mangum Baptist Church will hold their annual monthly meeting Thursday, February 23 at 7 p.m.

All area singers and visitors are invited to attend.

Gordon Spot

By DeMarquis Gordon, County Agent—

How many fire ants are there in Texas? An estimated 160 trillion—about 2 billion mounds containing an average of 80,000 ants per mound. That's 125 mounds per person or 10 million ants for every man, woman and child.

Fire ants infest 50 million acres in Texas, with an average of 40 mounds per acre. At last 125 counties, including Eastland County, are affected.

If you lined up all the fire ants in Texas end to end (6 ants per inch), they would cover 420,875,421 miles. In other words, they could form a continuous line from the sun almost out to Jupiter or encircle the earth 16,900 times.

All fire ant workers are female, but they're sterile. Only the queen can lay eggs (between 1,000-2,000 eggs per day). A queen produces

between 2 to 4 million eggs in her lifetime.

Fire ants, like honeybees, mate in the air. The males, or drones, die within 24 hours after mating. The queens only mate once, storing the sperm that will be used to fertilize their eggs. Fertilized eggs develop into females. Unfertilized eggs develop into males. The colony will raise males only during the late spring, summer and early fall.

Roughly 90,000 new fire ant queens are produced per acre in Texas every year. That's four and a half trillion new queens for the state of Texas. Luckily for us, only one percent of these new queens will successfully start a new colony.

Fire ant workers come in all sizes. The largest workers in a colony weigh up to 10 times as much as the smallest

worker.

Fire ant workers cannot eat solid foods. They have an elaborate structure in their throats that screens out all but the smallest particles, allowing only liquids to pass. Bits of solid food are given to immature ants (the last larval stage) to digest for the rest of the colony.

Up to 80 percent of the fire ant's diet consists of other insects, but fire ants will eat just about anything they come across, including the material used in highway joints.

The age of a fire ant worker largely determines its job in the colony. The youngest workers take care of the immature ants. The oldest workers look for food. Although colonies seem to be teaming with activity, looks are deceiving. Workers are idle up to 60 percent of the time.

A mound may look permanent, but fire ants pack up and move frequently. It's now believed fire ants occupy up to four mounds on a rotating basis.

Prices were somewhat more stable than in previous years, they were still at low levels," he said. "The low prices tended to discourage exploration for new reserves, while the existing reserves simply shrank."

While commercial real estate showed virtually no change in value, commercial personal property rose by over three percent in the 1988 study results and industrial personal property rose by almost five percent. "These figures show that inventories and equipment were growing at the start of 1988," said Patterson. He noted that economic indicators from the State Comptroller's Office show that unemployment in Texas was falling at this time while personal income, retail sales,

"Managing For Ag Profit" Is Shortcourse Topic

A shortcourse to explore income generating and tax saving opportunities in agriculture will be held February 28-March 1 at the Eastland National Bank in Eastland.

The shortcourse, planned by local citizens and Agricultural Extension Service Professionals, is aimed at providing farm and ranch business management training for landowners, operators and managers, points out DeMarquis Gordon, County Extension Agent and Agricultural Program Leader, Eastland County.

"This will be an in-depth shortcourse to help farm and ranch managers, operators, and landowners improve their potential for increasing in-

factory output, and exports were rising.

One property category with the big drop in value for 1988 was multifamily residential property. According to the SPTB study, multifamily residences were worth over seven percent less at the start of 1988 than they were a year earlier, following a nine percent value loss in 1987. "The apartment market was still suffering from overbuilding," said Patterson. He also noted that changes in federal tax law took away many of the advantages of owning apartments that were losing money, further depressing their value.

The SPTB conducts its annual study of school district taxable values in conjunction with a study of the tax appraisals performed by appraisal districts. For the 1988 study, the agency analyzed sales and appraisal information for 185,000 prop-

erties from across the state. The SPTB conducts its annual study of school district taxable values in conjunction with a study of the tax appraisals performed by appraisal districts. For the 1988 study, the agency analyzed sales and appraisal information for 185,000 properties from across the state.

Other discussions the first day will deal with the budgeting process, including enterprise budgets, whole farm and ranch budgets, cash flow projections, partial budgets and financial statements.

Presentations will include how to use financial statements as a tool to evaluate a business' performance and financial condition as well as

Shortcourse speakers include Dr. Danny Klinefelter of College Station, Dr. Ashley Lovell of Stephenville and Jose Pena, Extension Economist from Uvalde.

Individuals in Eastland and surrounding counties who are interested in attending the shortcourse should call the Eastland County Extension Office (817) 629-1093 or contact Dr. Lovell at (817) 968-4144, Route 2 Box 1, Stephenville, TX 76401 for registration information.

maximizing the use of accounting data in financial planning.

The second day's program will feature discussions on alternatives for restructuring the agricultural business, such as refinancing, changing the size or business organizational structure, and partial liquidation. Shortcourse participants will actually develop solutions to a case situation.

Other topics during the seminar include leasing arrangements, income tax management and preview of new Texas A&M Whole Farm Planning and Analysis Software.

Shortcourse speakers include Dr. Danny Klinefelter of College Station, Dr. Ashley Lovell of Stephenville and Jose Pena, Extension Economist from Uvalde.

Preliminary Study Shows Slight Drop In 1988 School Tax Base

AUSTIN—The 1988 school district property tax base fell by 1.74 percent from its level of a year earlier, according to the State Property Tax Board (SPTB). The preliminary results of the agency's 1988 Property Value Study, which will be finalized in May, show the taxable value in the state's 1,056 school districts was \$657.1 billion on January 1, 1988.

"This is the third straight year the value of a school district tax base has declined," said Ron Patterson, the SPTB's executive director. He noted that the agency's previous studies showed declines of one-and-a-half percent for 1986 and over three percent for 1987. "Since 1985, school districts have lost more than \$45 billion in taxable value," he said.

"The Education Code requires the SPTB to make annual estimates of the taxable property values in each school district," explained Patterson. "The Texas Education Agency uses our value estimates in the formulas for distributing state aid to the districts. The SPTB values indicate the school district's resources for funding a basic educational program."

The study shows that taxable values declined in 558 school districts and increased in 498 districts.

Patterson believes the preliminary results of the 1988 study reflect a generally weak

real estate market and a state economy that was just beginning a recovery. "Residential property, vacant lots, minerals, and utilities all declined in value from the levels in our 1987 study," he said. "In the real estate market, housing prices were down, it took longer to find buyers, and there were many foreclosures. The lack of growth in real estate tended to discourage growth in utility companies."

In the case of mineral properties, which consist mainly of oil and gas reserves, Patterson said the five percent decline in taxable value was mainly the result of declining reserves. "While oil and gas

The Next Best Thing -

...to a clear conscience and a good night's sleep is the feeling of security in owning your own home with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then comes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

Rev. & Mrs. Dale Noska Named Missionaries To Argentina

Rev. And Mrs. Dale A. Noska

RICHMOND, Va.—The Rev. and Mrs. Dale A. Noska were among 20 people named missionaries by the Southern Baptist Foreign Mission Board Feb. 14 at New Bridge Baptist Church in Richmond, Va.

The Noskas will live in Argentina, where he will be starting and developing churches and they will be involved in a variety of outreach ministries.

Since 1983 he has been pastor of the Bethel Baptist Church in Eastland.

Born and reared in El Campo, Texas, Noska is the son of Mr. and Mrs. Steve Noska of Olden, Texas. He considers Memorial Baptist Church in El Campo his home church. During college he attended Oak Lawn Baptist Church in Waco, Texas.

He received the bachelor of science degree from the University of Mary Hardin-Baylor in Belton, Texas, and the master of religious education degree from Southwestern Baptist Theological Seminary in Fort Worth.

will set up and get ready for the Petting Zoo.

The 4-H Rec Team will also need to be present at that time, and meet with Patu Cozart.

4-H Junior Leaders And Rec Team To Meet Sunday, February 26

The 4-H Junior Leaders Association will meet Sunday, Feb. 26, 2:30 p.m. at the Eastland County Livestock Show Grounds. The group

TXAS.

He has been pastor of King Baptist Church in Gatesville, Texas.

Born in Hobbs, N.M., Mrs. Noska, the former Juanita Hiser, is the daughter of the Rev. and Mrs. Thomas E. Hiser of Odessa, Texas. Her father is pastor of Sherwood Baptist Church in Odessa. While growing up she also lived in Fairfield, Fort Worth, Odessa and Hawley, Texas. She considers Fairfield her hometown and First Baptist Church there her home church. Sherwood Baptist Church and Pioneer Baptist Church also were instrumental in her Christian growth.

She received the bachelor of science in nursing degree from the University of Mary Hardin-Baylor and also attended Hardin-Simmons University in Abilene, Texas. She achieved registered nurse standing by examination in Texas.

She has been a nurse in Waco and Fort Worth.

The Noskas have three children: Jeffrey Dale, born in 1982; Jason Scott, 1983; and Stefanie Lynne, 1988. The family will go to Rockville, Va., in March for a seven-week orientation before leaving for the field.

With 14.7 million members, Southern Baptists are the largest Protestant denomination in America. Their missionary-sending agency, the Foreign Mission Board, is the largest Protestant career foreign missionary force based in the United States. With 3,800 missionaries in 114 countries, they have a goal to locate 5,600 missionaries and 20,000 short-term volunteer missionaries in 125 countries by the year 2000. This is the denomination's part in seeing all the world has a chance to hear the story of Jesus Christ.

New Information Release By Texas Commission On Alcohol And Drug Abuse

AUSTIN—The Texas Commission on Alcohol and Drug Abuse today presented startling new information on the extent of alcohol and drug use among children and adolescents in Texas. The data, part of the Commission's 1988 Survey of Substance Abuse Among Secondary School Students in Texas, was unveiled at a meeting convened by the Commission to coordinate the efforts of health and human service, educational and criminal justice agencies and organizations to address the myriad of needs brought to light by the survey results.

Among the more significant statistical findings of the study are:

* 76% of all Texas secondary school students (86% of seniors) have used alcohol during their lifetime, with 43% (58% of seniors) reporting use within the last month.

* The average high school senior who drinks alcohol consumes an average of 41 alcoholic drinks per month, of which 31 were beer.

* About 12% of seniors have attended class while drunk at least once during the last school year.

* Use of inhalants is higher among younger students than among seniors. For example, 28% of seventh graders reported using inhalants as opposed to only 17% of seniors. This pattern of use is radically opposed to the norm, and suggests that many young inhalant users may drop out of school before reaching the twelfth grade.

* Of those seventh graders who use inhalants, 31% reported their first use at age 10 or younger.

"The data from this historic youth survey holds powerful implications," said Bob Dickson, TCADA Executive Director. "Implications that call for coordination among not only the chemical dependency and education fields, but among all other systems in Texas that are impacted by this generation of youth that are growing up without the benefit of sufficient education and treatment services." Dickson added that the data was presented first to the directors of these other agencies to emphasize the need for continuing cooperation and commitment from all involved.

Larry And Cyndie Mace To Perform At Red's Steakhouse And Club Friday and Saturday

Larry and Cyndie Mace of Corpus Christi, TX, will be performing Friday and Saturday nights, February 24 and 25, at Red's Steakhouse and Club, Hwy. 80 West, Eastland, Texas. They play a variety of music consisting of C&W, Blues, Rock and Roll, Big Band and Show Tunes.

Larry Mace is a former resident of Eastland, Texas and is a graduate of Eastland High School. He has previously recorded an album in Nashville consisting of songs he has written, and is presently pursuing a career in the Country and Western Music industry. His mother, Arleta Mace, presently resides in Eastland, Texas.

Cyndie Lynne (Wakefield) Mace is a former resident of Midland, Texas. She is a graduate of Midland College with an Associates Degree in Arts and Music and has per-

formed in various theatrical productions to include Opera and Dance. She also writes

her own music and is pursuing a career in the professional music industry.

RECEIVE YOUR IRS 1988

REFUND TWICE AS FAST!!!

The Advantage of Electronic Filing

- Reduces IRS Processing time; In 1987 the average refund was received in 18 DAYS saving 2 to 3 weeks per IRS estimates.
- Returns are more accurate; IRS doesn't need to rekey returns eliminating 75 % of the errors/mistakes.
- Refund deposit can be made directly to your checking or savings account with Direct Deposit (D.D.) - saving even more time.
- You will still be provided a paper copy of your return for your records.
- For your convenience, you can pay for your return with Visa or Mastercard.

Congressman Stenholm Lays It On The Line For Coordinators

One Countian commented that "He doesn't always tell us what we want to hear because he tells it like it is, but he's never lied to us."

The commentator was speaking of Cong. Charles Stenholm who visited informally with the coordinators from Eastland, Comanche and Shackelford Counties at a breakfast meeting in Eastland Saturday morning.

Some 55 turned out on a cold, foggy morning to discuss matters large and small with their representative in Washington.

Eastland Mayor C.W. Hoffmann extended the formal welcome and Commissioner Grover Hallmark gave the invocation.

After some 30 minutes of up-dating by the Congressman, it turned into a question and answer session with some hard questions and tough answers coming out.

Charley began by remembering that it was some ten years ago that he first was elected to office after having run as "Charley Who?" Complimenting President Bush, he emphasized that there truly is a "honeymoon" between the administration and the Congress, and that he's very optimistic because President Bush did not run against the Congress and is giving every evidence that the two branches of government are truly going to be able to work together.

"And President Bush's budget didn't arrive in Congress D.O.A.," he said. It's a starting point and I'm confident that we can work it out. It's going to be tough.

If we take Social Security out of the picture (which supposedly is going to have a \$68 million surplus), we're going to have a \$209 billion deficit, and even allowing for borrowing the S.S. surplus we'll have a target of some \$141 billion deficit to attempt to meet Gramm-Rudman.

It all depends on what the economy does, he said. If all the good things happen, then we're probably okay, but, if not, well that's another story and we could have a \$26 billion miss.

Where we going to cut? Some are saying \$2 billion in agriculture. What about health care? "I've got 12 hospitals in my district right now just hanging by their teeth." Can we afford to cut Medicare? There is this, he pointed out, right now, we've got a coalition of some 92 in Congress who are pledged to rural health care. That's good. I know that your county is looking inward and that's good. In April there'll be bills to help rural hospitals. I've got a staff who spends 95 per cent of his time on medical problems.

Our veterans program is going to fall \$400 million short; what do we do there?

Speaking of the recent congressional pay raise fiasco, he called it a new low in public esteem, and guessed that Speaker Jim Wright was getting more than his fair share of blame. The Administration and the entire leadership of the Congress is responsible. "They let it happen." I

do know that we're losing good people on the judge-ships and in key government posts because of lagging salaries. Should we eliminate all outside income for Congressmen? We can't legislate morals. I'm lucky, he said, I always max out, meaning that anything over 30 per cent of his \$89,000.00 salary goes to charity. I never go to any speaking that I don't think will help my legislative program, and I never accept more than \$2,000.00 per engagement.

Health care for small employers? Whoknows? It could be a disaster and we'll soon know how that's going to shake out.

A pharmacist asked about no controls on drug manufacturer who sell their wares for 50 per cent less in Mexico and Canada.

One citizens guessed that some federal judges might be a part of the nation's problems.

Thoughts on a constitutional convention is fading because of the fear that it could

be a run-away.

Oil import fee? The Bush budget offers some hope for the oil industry, he said. A national gasoline tax sure wouldn't help us.

Bottom-line: I don't think we can balance the budget without the "T" word—but I'm going to let someone else suggest it.

Some are learning that the catastrophic insurance coverage isn't as bad as has been thought at first.

If and when social security taxes go to 40 per cent which they're projected to do in the '90s, there's probably going to be a social revolution of some kind.

On the savings and loan mess? Well, in fact, the tax-

payers won't be bailing out the institutions, they'll be bailing out the depositors. Regulation oversight in the S&L business is the culprit.

Will Tower be confirmed? "50-50 chance."

The graying West Texan truly enjoys visiting with his people and the 300 or so coordinators in his district express appreciation for the chance to visit with Cong. Stenholm.

Standing tall in black cowboy boots with "17th" engraved on the pull-straps, he broke down his cost to the taxpayers:

It figures out at 15 cents for my salary, 73 cents for my staff, 23 cents for office expenses and maybe nine cents

for perks, for a total of \$1.20 per tax payer annually.

He's going to recommend a further cut in congressional franking (free postage) privileges to help cut expenses.

words, they will all be on a level playing field, under the same rules. On John Tower being our next Defense Secretary—Stenholm said he had a 50/50 chance after all the rebuttals were through.

He feels there is too much scrutiny on public office holders, on the local level as well as the national level. On Hormone-Free Cattle, he stated that Hightower has now taken the European side. He stated that nothing has ever been proven that hormones are harmful and without them feed costs would rise and the cost of meat would go up. A "Middleground With Europe" needs to be found.

Final comments by the Congressman included: The salary of his office costs the district taxpayer around \$1.20. He broke this figure down and stipulated that he does not mail out but 6 times a year. This is a big savings to the taxpayer and he will continue to cut where he can.

He ended the session with a quote from Mother Teresa and the words are very significant with our present economic times. "I cannot do what you do, you cannot do what I do; but together we can do God's work." By working together, we will get through these hard times.

Desdemona Musical

Desdemona musical will be held Saturday, Feb. 25 at 7:00 p.m. in the Desdemona Community Center Building.

Congressman Charles Stenholm

By Patti Cozart

"If we could just get as excited about the deficit as we did about the Congressional Pay Raise, I would be thrilled!"

This open remark by our 17th District Representative Charles Stenholm was met with jovial, light-hearted openness from around 50 persons representing Eastland County Saturday morning at the Crossin' in Eastland. Congressman Stenholm was in town to meet with the representatives to form a economic taskforce for our county.

Each person introduced themselves and an informal discussion and talk began.

Stenholm began his talk with a short summary of his 10 year term and private family happenings. He jokingly referred to Congress as being rated with used-car dealers, but the dealers took offense and now Congress is rate below them!

Social Security and the Budget were the first topics of discussion. The new budget is being reviewed by Congress and it was met with consideration by both Republicans and Democrats. A reduction from 141 billion to 100 billion must be met in order to meet Gramm-Rudman specifications.

Agriculture will have to be reduced by 2 billion and the farmers will have to do their share of the "hurting". He stated, if we deal meaningfully with the deficit, interest rates will come down. On Health Care—he stated that we have 12 hospitals in the District "just hanging" and the Congress is talking of reducing Medicare by 5 billion. A Rural Health Coalition was formed. It is comprised of 92 members. After much discussion, they concluded to "stop griping and look for a solution". Stenholm has retained the service of Dr. Ridge Gilman to help him understand the technical standpoint involved in this issue. As he sees it, there are 3 factions involved: Delivery, Technology, and Legislation.

The last phase of his talk, was one of the most interesting. He jokingly began about the Pay Raise, and stated that Congress did not originate the raise. It was proposed as a way to help judicial salaries. He, himself, thought it was a conflict of interest to vote for more money for himself. The main reason for the issue was the fact that Congress had not kept up with Cost of Living increases on their salaries. On the judicial end, he stated that in order to keep good people in the country and working

for U.S. they need to be paid well. On the topic of Honorariums, he stated that Congressmen go and talk to special interest groups and are paid for their expenses. In 1974, a law was enacted to put a limit on the amount earned for these trips. 30% of their salary is allowed and anything over that he earns goes to a charity in his District. If we were to eliminate these trips and not allow any expenses, only the very wealthy would be in Congress.

A Question and Answer session followed his talk, with several persons participating. Several topics were discussed, such as; more controls on the pharmaceutical companies so that prices could be controlled. Stenholm stated that the liability laws would have to undergo some changes before this could happen. Forced retirement of federal judges was ensued and Stenholm responded that he hated to tamper with the constitution but he agreed that some judges should retire.

As far as an oil import fee, he hopes to see a balanced package. That being a gas tax with an import fee.

On Catastrophic Insurance it would range about \$800 a person under 65 years of age. After you look at the whole package, it is not a bad package for those under 65 and the first payment would be due in 1990. Over 65—

only if you have taxable income, would you pay premium.

He feels taxes should go toward deficit not for more spending. On Social Security "Notch Babies" if we tamper with the system and raise the year (from 1917 to 1921) it will increase SS payments by \$8 billion

Two major questions that stirred a lot of discussions were the S&L situation and Hormone-Free Cattle. On Savings & Loans—Stenholm asked the audience if they thought we needed an S&L System and in what form or shape? First of all, The U.S. promised in good faith to insure deposits up to 100,000 through the FSLIC. But with this institution bankrupt, President Bush has appealed to Congress to act within 45 days. He stated that we are not "bailing out savings and loans, we are bailing out the system". The Congress will take all it can from the healthy S&L's and the rest in interest and taxes from the taxpayers.

He would like to see the FDIC and FSLIC be under the same umbrella with the same rules and regulations.

Stenholm stated that under this one umbrella, the S&L's would earn their way in and follow the same guidelines as a bank. He looks for insurance companies, real estate firms, etc., to be like banks and banks to be like insurance companies. In other

BREAST CANCER DETECTION UNIT available to area women!

TUESDAY, FEBRUARY 28th
E.L. GRAHAM MEMORIAL HOSPITAL
CISCO, TEXAS

Call 442-3951 for appointment

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated

that over 37,000 women die each year as a result of breast cancer. Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97 percent five year survival rate and a 90 percent 10 year survival rate. (The cost is only \$55.00) A mammogram can detect a cancer this small, even before it can be felt.

Operation Valentine Considered A Big Success

What was Operation Valentine? It was a salute to hospitalized veterans — they helped keep us free! Nationwide the response was just great.

Nationwide valentines flowed into V.A. Hospitals to the tune of 1.6 million! After taking part of those that were donated in Cisco to Dallas and the rest to Temple, we added 412 to that number!

Emma Morris and Dolly Simmons accompanied me to Dallas Feb. 10 for the Opening Salute. The speaker was a colonel from Carswell Air Base. He gave the definition of a veteran: "Those that served and are no more and those that served and gave but are still here but left to depend on others and the hospitalized ones are those." He said some people wished everyone would forget but we must never let people forget! The program was well attended.

In Temple Linda Cozart and I met Mr. Young, the Chief of Volunteers, who thanked all the students and teachers who participated and sent their love from Cisco.

We met Miss Texas and she sent her love and best wishes to all the students. She is a very lovely lady!

We in the Veteran Auxiliary and veterans organizations salute each and everyone of you.

We of the LAMOPH and DAVA would like to say "thank you" to the students of the Cisco schools, the teachers, the Senior Center,

Dr. Chief and Marg Brown, Miss Lela Latch Lloyd, Roy and Lola Cozart, Dolly and Jessie Simmons, Kenneth and Delores Way, Emma and Derward Morris, Hut and Joe Nelms, Clyde and Beth Coats, Mr. and Mrs. E. L. Jackson, Mr. and Mrs. Antonio White, and those that gave but did not sign.

An extra special thanks to Mrs. Velma Owens and Bonnie Petree and those in their group who made 100 valentines and sent candy kisses — they were a real hit!

Thanks to everyone who had a part in sending a ray of sunshine to the most worthy people — The American Hospitalized Veterans. Let's never forget them and help them in our hearts and prayers. Freedom is not cheap!

Louise Nelms

Cisco To Participate In Slogan Contest

Rita Clements, wife of Texas governor William Clements, will be in Cisco on Wednesday, April 19, in a special ceremony at Cisco High School. She will present three prizes to the winners in a logo contest to be held in Cisco.

Junior High and Senior High students are busy designing a logo to be used in the "Just Say No" anti-drug campaign. There will be also be a general public winner in the contest so that adults will not be competing with students. All

State Music Clubs President To Visit Eastland

Mrs. W. Lavoy (Louise) Whitworth of Austin, President of the Texas Federation of Music Clubs, will visit Eastland on Wednesday, Feb.

22 at 4 p.m. at the High School Band Hall.

The State Music Club President will attend a Parade of American Music program at the Hall, where she will be greeted by Eastland Music Study Club President Joyce Hewett and other Club and Civic leaders.

The Program will include a concert by the Eastland Maverick Jazz Band, directed by Philip Hewett. Another highlight of the event will be the local Music Club's presentation of the Anna Barbara Kinnard Scholarship Award to an outstanding music student.

"The Eastland Music Club is highly honored to have a visit from our State President," says Joyce Hewett. "All interested persons are invited to come out Wednesday and meet Mrs. Whitworth and enjoy the American Music Program the Band has prepared."

Ruth Boyd Celebrates 85th Birthday

Ruth Boyd of Cisco celebrated her 85th birthday Sunday, Feb. 12, 1989.

Helping her celebrate the occasion were Margie, Rance and Kevin Graham, Bobby and Joyce Boyd, Tommy, Dorothy, Donnie Boyd and Lisha, Gaston, Wanda and Leo Boyd, Wayne and Kathy Taggart and Shelly Agnew, Buster, Gloria and Angie Boyd, Danny and Shelia Boyd, Nolan, Jamil, Jarred, Shalia Kay and Michael Lantham, Derryl and Sara Boyd, Pamela and Jan Alexander, Wilma Trunbull, Dollie Cooper, Beluah Brooks, Naomi Hutton, Sherill Boyd, Tianay, Michael and Leann Rabb, Jenny and Glenn Wade Boyd, Audra and Clyde Spain.

A wonderful time was had by all who attended.

Some Problems With Predators Are Solved

"Texas sheep, goat and lamb producers have once again proved that a little common sense and a willingness to try a few new tricks can go a long way toward solving a huge problem," Texas Agriculture Commissioner Jim Hightower said recently.

"We're not saying that the problem of predators attacking sheep and goats is solved, but we are saying that after one year of a comprehensive predator control program, we are making a difference," Hightower said.

"Hundreds of Texas ranchers are using guard animals such as dogs and donkeys to reduce livestock losses. At the same time, the judicious use of the livestock protection collar has proven to be an effective supplement to other control methods. We are recommending that our program — inaugurated in January 1988 —

which includes the livestock protection collar, be continued."

"Texas leads the nation in the number of sheep and goats and in wool and mohair production, with production of 3.6 million animals and annual sales of more than \$150 million," Hightower said.

"Unfortunately, Texas sheep, goat and lamb producers also lose more than 190,000 animals, valued at more than \$9 million, every year to predators — many to coyotes."

"Thankfully, Texas now leads the nation in developing and implementing a sensible, comprehensive and effective predator control program — a program that balances ranchers' valid concerns over livestock losses with the equally valid need to protect wildlife and the environment."

In its report to EPA detailing one year's use of the livestock protection collar, TDA noted:

—Forty-three applicators purchased 827 collars.

—Thirty-seven coyotes were believed to have been

killed by the collars.

—Only one non-target animal — a lamb poisoned by a ruptured collar — was reported killed by the collars.

—Thirty-nine collars were reported lost.

—We found that several ap-

plicators were successful in killing coyotes believed to be responsible for thousands of dollars of damage," Hightower said. "Use of collars was effective in some instances where other methods failed."

Leeann Moore, 5'7" guard from Duncanville High School, makes 4 three-point shots against Ranger.

Stacy McPherson, 5'5" guard, excels on the defensive end of the floor.

Claudette Ford, 6'1" post from Lovington, N.M., scores 22 and grabs 18 rebounds against Ranger.

On Sunday we are temporarily meeting at the Best Western Convention Center to accommodate the crowds. Join us "where going to church is fun."

Extension Service Appreciation Dinner--Work Summarized

Warmth and good food greeted those attending the annual meeting and appreciation dinner of the Eastland County Extension Program Council at Lone Cedar Country Club on Thursday, Feb. 16.

None of the area farmers and ranchers complained about the rain outside, however. Several were heard to remark that the downpour was "the best thing that ever happened to us." The mood was up-beat as friends greeted each other.

Hosting the annual event were Eastland County Extension Agents DeMarquis Gordon, Janet Thomas and Crystal Akers Wilbanks. Donors were the Birdsong Peanut Company, the Eastland National Bank, Production Credit Association, First National Bank, Cisco, and First State Bank, Eastland.

Charles Walker, Chairman of the Extension Program Council, presided over the meeting. Jack Phillips gave the Invocation. The Guest Speaker was Dr. Don Knotts of Tarleton State University, Head of the Department of Agricultural Services and Development.

Judge Scott Bailey and County Commissioner Norman Christian were among local officials attending the gathering.

After greeting Program Council members and guests, Charles Walker summarized the many accomplishments during 1988 in Eastland County Agriculture, Home Economics, and 4-H work. The programs were each planned and directed by local Committees, and addressed critical issues in the County.

Chairman of these area Committees are: Crops Committee, Benny Hagan, Livestock and Forage Committee, Jay Lafferty, Pecan Growers Committee, Charles Walker, Home Economics, Dorothy Underwood, and 4-H and Youth Committee, Barbara Long.

Walker said that none of the accomplishments would have been possible without the knowledge, dedication and hard work of Eastland County Agents Gordon, Thomas and Wilbanks.

"Their work is superior in every way," he stated.

County Agents (Agriculture) DeMarquis Gordon and Crystal Wilbanks then reported on the special work of the local Agricultural Demonstrators in 1988.

Gordon told how these people "practiced out on farms and ranches with new concepts of doing things ... new varieties of crops." He told of some things they had learned from these new methods.

The Demonstrators were listed as Lin Boch, Lynn Hagan, A.W. Niska, Gene Snider, Jerry Doyle, Benny Hagan, Sid Waynick, Dick Wooley, Jay Grimshaw, Ernest Reich, Agnes Rushing, Cody McDaniel, Wayne Carlile, Dr. Jim Cole, and James and Charles Chesshir.

Guest speaker Dr. Don Knotts by-passed his own honors to take note of this work and optimism. He said he was happy to be among the "heartbeat, the producers and supporters of agriculture." He stated that happy people were of great importance to agriculture or anything else. That, and communicating and exchanging ideas is vital to progress, he said. His prediction was that 1989 would be a good one for agriculture.

As the meeting dismissed the talk around the room echoed that idea. For as people in agriculture know - there's nothing wrong with Eastland County that a good rain won't cure!

Scout Troop To Have Supper

Cisco Boy Scout Troop 287 will have a Chili and Soup Supper on Saturday, February 25. The supper will be held in the American Legion Hall, located at 5th Street and Avenue E. They will serve some of the best tasting chili and soup between the hours of 11 a.m. till 6 p.m.

Donations will be accepted in place of an admission price.

Bruce Watson, scout master, said all proceeds will be used to help buy camping equipment and to help defray the expense of camping out. Assistant scout leaders for the troop are Royce Ingram, Robert McCurry and Amanda Hoffman. The American Legion members are the sponsors for the scout troop.

The food will be served by the boy scout members of troop 287. Everyone is encouraged to attend the dinner and help support the Cisco Boy Scouts.

First Industrial Arts Club Honor Citizens Of 90 Plus Years Of Age

The First Industrial Arts Club held their regular meeting last Thursday, February 16, in their club house. Their program was "Honoring 90 Plus Years of Age." Five Cisco citizens were honored at the meeting.

Mrs. Paul Copeland, Luke Pippen, Ples Ray, E.L. Jackson and Mrs. M.D. Bailey were guests of honor

at the meeting. Each honoree was over 90-years of age. County Judge Scott Bailey, Mrs. M.D. Bailey's son, was the speaker. A quartet from the Cisco Nutrition's Band sang several songs at the meeting.

Evelyn Fry presided over the meeting, and Johnnie Jeffcoat was the leader.

Refreshments of angel food cake and punch were served by the hostesses Pearl Trapp, Helen Brashar and Ruby Lee Pirtle.

The quote of the week was by Robert Schuller, "Be happy, you are loved."

The next meeting will be held on Thursday, March 2, in the club house.

AARP To Sponsor Free Tax Aide Program

The American Association of Retired Persons, a National Organization of 27 million members, sponsor a FREE TAX AIDE program to assist senior citizens in the preparation of their income tax returns.

MORAN NEWS

By Mrs. Luke Huskey

Moran and community were blessed last week with some much needed rain. More than 4 inches fell very slowly and did much good. There was no run-off water, as the ground soaked the moisture up as it fell. Now people can garden, and the grass will soon be coming, and then the lawnmowers will be running. No one is complaining, however, as the moisture was very much appreciated. We can still use more rain.

The government commodities will be given away at the Moran City Hall on Tuesday, March 14. If you are eligible for the commodities or want more information, call the Moran City Hall.

Juli Adams and Eric Kiddi of Paris Junior College, Paris, spent the weekend with her grandmother, Mrs. Mildred Smith. Mrs. Smith and Juli were honored with a birthday dinner at the home of Mr. and Mrs. Dennis Campbell in Cisco Sunday. Mrs. Smith celebrated her birthday on Saturday, and Juli had a birthday on Sunday.

Funeral for Mrs. Merle H. Weir was held at the United Methodist Church on Friday with Rev. James Carroll, pastor, officiating. Mrs. Weir, 80, passed away Wednesday about noon in the Albany Hospital. Burial was in the Moran Cemetery under the direction of Gelfrey Funeral Home.

Mrs. Weir was a member of the Methodist Church, American Legion Auxiliary and Order of the Eastern Star. She is survived by her hus-

band, Ezra Weir, and nieces and nephews.

Pallbearers were Marvin Kays, Jerry Gotic, J.R. Colinsworth, Bert Jones, Maurice Newton, and Bryan Edwards.

BIRTHDAY CLUB MEETS

Due to weather conditions, only nine members of the Moran Birthday Club were present for the regular February meeting on Tuesday night, Feb. 14, at the Ridge Cafe in Breckenridge. A very enjoyable time was had with the exchange of Valentines, each reading the message from the Valentine they received.

Mr. and Mrs. Marvin Kays had charge of the program and each gave a history of Valentines, with appropriate sayings for the man and woman with comical remarks. Others made comments on Valentines and Valentine Day.

Mildred Smith was the only one present to celebrate a birthday in February and the "Happy Birthday" song was sung to her.

Those present were Mr. and Mrs. Marvin Kays, Mildred Smith, Mae Delle Jones, Modell Greene, Mr. and Mrs. Lucion Brooks, Frances Green, and Elma May Huskey.

A St. Patrick's Day program will be celebrated at the next meeting and everyone will wear some green.

CITY ELECTION

The Moran City election will be held on Saturday, May 6, at the Moran City Hall. Monday, Feb. 20, was the first day that one may file for a place on the ballot and the deadline for filing is

Wednesday, March 22, at 5 p.m.

A mayor and two councilmembers will be elected. Those whose terms expire are Grant Robinson and Harry Prince.

BLANTYE COPELAND

Blantye Copeland Celebrates 93rd Birthday

Blantye Copeland was honored on her 93rd birthday at the Senior Center. Her son, Gilbert and wife, served ice cream and cake to 150 senior citizen friends.

Mrs. Copeland was born in Valley Mills, Texas, on Feb. 5, 1896. She has two sons, Gilbert Copeland of Cisco and Cecil Copeland of Abilene; one daughter, Eddie Lou Papasan of Midland; seven grandchildren and 11 great-grandchildren.

Blantye takes an active part in the activities at the Senior Center. She has missed very few days at the Center since she moved to Cisco in 1980.

Mrs. Copeland is a member of the First Baptist Church in Cisco.

Funeral
Directors

BURIAL

CAN WE TOUR YOUR FUNERAL HOME?

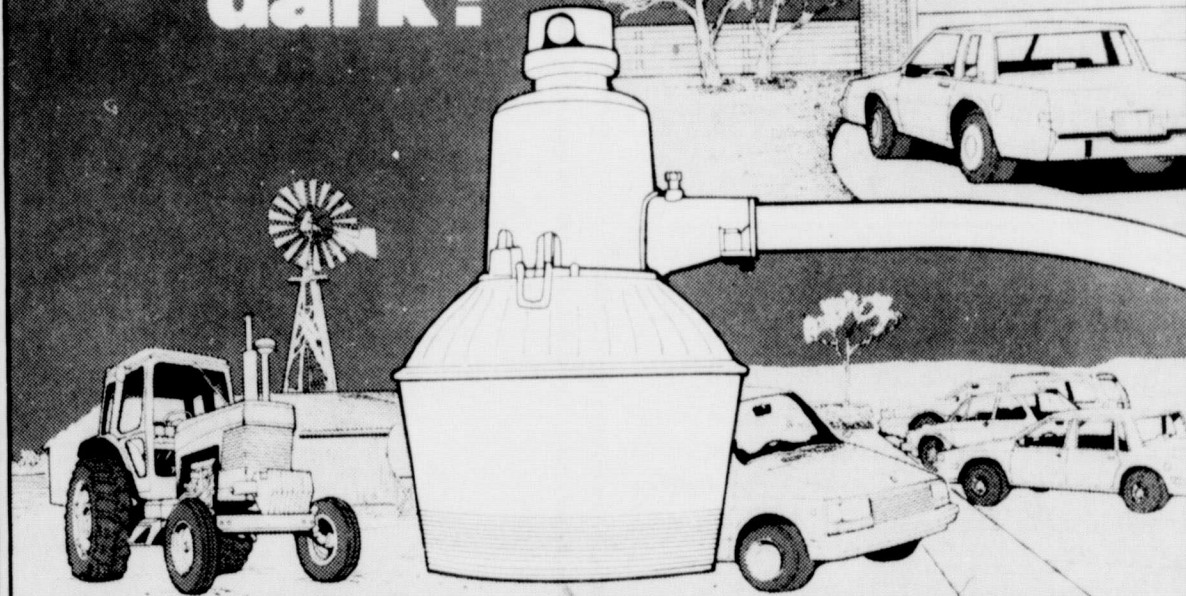

As professionals dealing with death and bereavement, we funeral directors feel a close kinship with the clergy. We work closely with them before, during and after the funeral service.

It is for this reason we extend an invitation to members of the clergy in the area to visit with us, view our facilities, and become better acquainted with our funeral home, our staff and directors. It also becomes an opportunity to discuss how we can serve more appropriately your congregations from a religious viewpoint.

This invitation is also extended without reservation to all others whose professional or personal interests would be served or benefitted by our "open house" visit. Please be phone in advance so we can personally spend this time with you.
