

THESE ROCKET STARS WILL FIGHT FOR NORTH PLAINS TITLE

Here are four of the eighteen Rocket boxers who will take part in the southern division fights of the North Plains Boxing League, and judging from their past record, they'll likely represent the southern division in the all-district fights next Tuesday. From left to right they are Junior Montague, Will Joe Cummings, Lee Roy Jones, and Don Smith. Each of these boys is a Golden Gloves winner. Cummings, Jones, and Smith were winners in the recent Lockney Tournament. Smith is also a winner in this year's district Golden Gloves Contest.

School Districts To Name New Trustees Saturday

New trustees for all school districts in the county will be named in the regular election Saturday, April 4.

Interest has been quiet in a majority of the communities, reports reveal, and consequently only a light vote is expected in most districts.

In Wellington, only two candidates were certified, both for reelection.

Voting will be at the regular polling place in each community, and for the regular hours.

Candidates in the various districts, as announced by John Harper, secretary of the Wellington School Board, and B. W. Beaird, county superintendent, follow:

Wellington Independent District: Dr. C. B. Jones and Paul Starr.

Samnorwood Rural High School District: T. R. Cunningham and Lee Roark.

Buck Creek Sid Session and D. F. Lacy.

Quail Rural High School District: W. S. White and Malcolm Horton.

Fresno: F. C. Moses. Dodsonville Independent District: R. J. Holland and Merlyn Carter.

Rolla: J. R. Godbey.

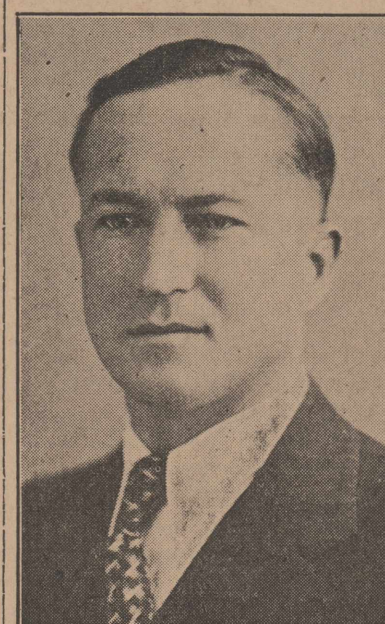

Shinnery: Floyd Nipper and W. C. Reeves.

China Grove: W. M. Elder and Clarence Sutton.

Cottonwood: C. G. Little and W. M. Williams.

Needwood: Dave Walker.

5 Seek City Offices In Election Tues.

Five names have been listed as candidates for alderman in the April 7 election, according to Joe Thompson, city secretary. They are E. C. Scott, Stanley Larson, C. R. (Monk) Leggett, O. B. Raburn and Lawrence Warrick. Out of this list three aldermen will be elected.

Mr. Thompson pointed out that the terms of E. C. Scott, Stanley Larson and Dave Thomas are expiring. He said that Mr. Thomas was not a candidate for reelection.

The election will be held in the Justice Court Room and E. B. Haralson has been appointed election judge. Mrs. J. A. Dukeminier and Mrs. Stella Mattox were appointed clerks.

Boxers To Fight At Childress

Eighteen Wellington boxers will take part in the bouts to determine the winners of the southern division of the North Plains Boxing League, to be held in Childress Thursday, Friday, and Saturday, April 2, 3, and 4. Coach John Lee announced this week.

Schoolboy fighters from Lefors, Memphis, Childress and Wellington will take part, including approximately sixty fighters. Thirteen winners will be selected to represent the southern part of the district in the all-district tournament to be held in Pampa Tuesday, April 7.

Among the boys to make the trip are Noel Cudd, Nathan Wat-

Between 2,500 and 3,000 boys and girls will be guests of the Wellington Kiwanis Club at their annual Easter Egg hunt Saturday morning, April 4. This event, a tradition with the boys and girls, is to include not only those who live in Wellington, but every boy and girl in the county under 15 years of age.

"We're expecting the largest group in the history of the Easter Egg hunts," commented Paul Cornwell, who is helping with the arrangements.

The Easter Egg hunt will be held at the old Fair Park, located near the northeast corner of the town section. This is the same place the hunt was held last year.

The boys and girls will begin their search at 10 o'clock promptly, and arrangements have been made for the small children to hunt in a section apart from the larger ones, in order that they may be at no disadvantage, according to Cliff Campbell, president of the Kiwanis Club.

More than 10,000 candy eggs await the children. But in addition to this, there will be the usual gold and silver eggs which the children may exchange for prizes at local stores. Each prize egg will have the name of some merchant printed on it, and the finder may take the egg to the merchant named and exchange it for a gift.

Knowing that many children of the county have already begun their defense stamp books, and that others will buy stamps in the near future, a number of local merchants have indicated that they will give prizes in Defense Stamps rather than cash this year.

As a special treat, Mr. Cornwell has announced that every child under 12 years of age will be privileged to attend the Ritz Theatre for only a nickel during Saturday afternoon. This is the first time that this feature has been included in the Easter Egg hunt.

"Right now, we want to invite every boy and girl in the county to attend the hunt," said Mr. Campbell. "It has been a great pleasure to everyone in the club to plan and work up this Easter event, and we want every youngster to get his share of fun and enjoyment from it."

Tucker Asks Attorney's Post

W. M. Tucker this week authorized The Leader to announce his candidacy for the place of County Attorney of Collingsworth County. His statement follows:

In announcing my candidacy for reelection to the office of County Attorney, first, I wish to express my most sincere appreciation of the loyal support and encouragement that has been accorded me in the past in my earnest endeavor to discharge the duties incumbent upon me as a public servant.

I especially thank those loyal citizens who have served on the juries in which I have tried cases, together with the grand juries with whom it has been a great source of pleasure to labor during my tenure of office, and all the officers of the court for the fine and unsurpassed cooperation that I have had in the past.

If you believe in strict law enforcement in this county, then I covet your continued support, on the other hand if you do not want the laws enforced and the offender brought to justice, then I cannot

Cemetery Work At Needwood

A cemetery working has been announced for the Needwood Cemetery on Monday, April 6.

All persons interested, and especially all those who have relatives or friends buried in this cemetery, are invited to attend. Those who care to be asked to bring shrubs to set out.

Dinner will be served on the ground at the noon hour, according to John H. Walker of that community.

The Needwood cemetery is one of the oldest in the county, and is located nine miles east of Lutie, at the Needwood School.

Four Tires And Tubes Stolen Early Monday

Four tires and tubes were taken from the cars of two Wellington residents during the early hours of Monday morning in the second tire theft in the county since these products were frozen by the government.

Two of the tires were taken from the car of Miss Allegra Gibbs and two from that of Bill Fincher. Both cars were parked in front of the houses where their owners live, and in both cases the cars were jacked up and placed on bricks, then the entire wheel taken.

Deskins Wells Named Navy Relief Chairman

Attorney General Gerald C. Mann this week appointed Deskins Wells, publisher of The Wellington Leader, as county chairman of the Navy Relief drive now under way. Mr. Mann is state chairman of the drive.

So far, no quota for the county has been received, but Mr. Wells urged all county residents wishing to voluntarily contribute to the drive to leave their money with John D. Glenn or Ernest Lewis.

The Texas quota for this drive is \$210,000; the national quota \$5,000,000.

"This is a most worthy cause, being a vital part of our national war effort," Mr. Mann wrote Mr. Wells. "The money is used to look after the families of Navy men who may be killed in the ser-

Simple but reverent services, commemorating the Eastertide, will be held in most of Wellington's churches Sunday, the pastors report.

Special music will be featured at the First Baptist Church, under the direction of Raymond White. The Lord's Supper and the traditional Easter sermon will be given by the adult choir and the junior choir.

A processional with boys and girls of the church carrying the American Flag and the Church Flag will be a part of the Easter program at the Methodist Church, according to Rev. J. E. Kirby, pastor. Easter music will be given by the adult choir and the junior choir.

Regular services will be conducted at Our Lady of Mercy Catholic Church by Rev. Andrew Quante, at 8:30 a. m. War Time. Special singing will be featured.

Revival services now in progress at the Church of Christ will extend over Sunday, until Tuesday, April 7. Min. Horace W. Busby is the evangelist, and Herbert

The State Highway Department set aside \$97,000.00 to hardsurface the road from Quail to the Donley County line in their March 26 meeting. At that time Judge C. C. Bishop and Commissioner Jason Young appeared before the Commission in behalf of the road in Collingsworth County.

Following the order of the Commission, the resident engineer P. S. Bailey has been instructed to make a survey of the road from Quail west by the district engineer, P. S. Bailey. As soon as the survey has been completed the Commissioners Court will begin purchasing the necessary right-of-way.

Judge Bishop also asked for hardsurfacing for the two miles north from the northwest corner of Wellington to the intersection of the Quail road. He said that he thinks the request will be granted.

With the completion of the road west from Quail a hardsurfaced road through Collingsworth County will be assured. To add significance to the road, the Oklahoma Highway Commission let a contract recently for hardsurfacing seven miles from Mangum toward Wellington. At the present time the road from the river bridge is a screen gravel all-weather road and in time it is thought the Oklahoma Commission will let contracts for hardsurfacing the remainder.

This will leave only a strip of road in Donley County to complete a hardsurfaced road from

Turkey Preacher Here April 12

Rev. J. O. Richardson of Turkey will preach at the Missionary Baptist Church in Wellington Sunday, April 12, it was announced this week.

This is the first time for Rev. Richardson to preach here, but he comes here highly recommended in his work. A cordial invitation has been extended the public to attend these services.

The Missionary Baptist Church is located on Arlington Street two blocks south of the Chevrolet Garage.

W. F. Decker Named To Head Dodson Schools

W. F. Decker of Wellington was elected superintendent of the Dodson Schools, it was announced following a recent meeting of the trustees of that district. Mr. Decker has served as principal of the local high school for the past 13 years.

He follows Jack Davis, who was not an applicant for reelection as Dodson Superintendent.

Mr. Decker was awarded a two-year contract by the Dodson trustees. He will move to that town some time during the summer months.

"We have been happy in our work here, and we have many friends that we hate to leave," Mr. Decker said.

Both Mr. and Mrs. Decker have been leaders in the civic, religious, and social lives of the town since coming here.

Mr. Decker holds a Master's as well as a Bachelor's degree, and is regarded as one of the outstanding and progressive school men of the lower Panhandle.

Citizens Demand Strike Action At Mass Meeting Friday Night

Pledging their loyalty to their country, but at the same time condemning the attitude of labor and industry that is holding up production of war materials, more than 500 Collingsworth County citizens met Friday night, discussed the matter fully, then drew up a resolution asking the leaders of this nation to lengthen the working week in industry in order that arms and materials might get to those men who are in the battle line and on the war front.

Dr. E. W. Jones was in charge of the meeting. He spoke briefly of the purpose of the meeting, then read the names of the 208 men from Collingsworth County who are now serving in the armed

forces of the nation.

"This is not a Fifth Column meeting, and it is not a Sixth Column meeting, and if Washington wants to make inquiries about this meeting, let them," he made plain in the beginning. A few minutes later, he spoke of the meagerness of equipment of men serving in the armed forces, as revealed in their letters, and urged "Speed things up so your boys will have something to do something with."

Dr. Jones then asked the men and women assembled for their expressions and their opinions.

Following the thorough discussion of the problem, Clark Anderson introduced a resolution seeking the lengthening of the working week, and the direct action against strikes. Opinion of the group, however, was that more teeth should be put into this reso-

lution, and Dr. Jones appointed a committee to redraft the resolution, and this was done Saturday morning.

Exactly 350 local men and women signed this petition before copies were mailed to President Roosevelt, Senator Tom Connally, and Senator W. Lee O'Daniel.

The final draft of the resolution read:

RESOLUTIONS
TODAY WE SPEAK AS CITIZENS OF AMERICA. WITH CONFIDENCE IN AND LOYALTY TO OUR GOVERNMENT, WE OFFER OUR SONS, OUR TIME, OUR MONEY AND OUR MORAL AND MENTAL SUPPORT TO AN ALL-OUT EFFORT FOR VICTORY.

Jesse James Here In Interest Of State Office

Jesse James, who was appointed State Treasurer last October 25 by Governor Coke Stevenson to succeed Charley Lockhart who resigned because of failing health, is a candidate for this office, he has announced. Mr. James was in Wellington recently in the interest of his candidacy.

In making his announcement for a first full term, James, who is 37 years old, stated that he is well qualified by training and actual experience to assure successful functions in this important office, in that he served for more than four years as Assistant State Treasurer.

"I will make no promises to the voters that I cannot keep, but I do promise to give my undivided attention to the financial affairs of Texas, conduct the office in an honest, efficient, economical and courteous manner, and expend my every effort in the service of all the people," James said.

Jesse James represented Milam, Lee and Burleson Counties in the Legislature three successive terms, beginning in 1933. He lost no time in starting through the legislative hopper a number of highly important measures dealing with state financing, which were enacted into law without a hitch.

His work in this particular field of finance was so outstanding during his term as a lawmaker that he was tendered the position of Assistant State Treasurer.

The only aid received by pensioners up to the last session was provided for in a tax bill he sponsored.

James' first actual experience in finances began when his father died and left him, the eldest of 10 children, to bear the main burden of supporting the family on a farm near Thorndale, Milam County. He faced the responsibility, and with meager resources saw that his brothers and sisters were fed, clothed and educated, as is attested by the upstanding citizens that they have grown up to be. Jesse James worked his way through college and was a farmer-merchant in Milam County when he entered the Legislature.

Treasurer James has emphasized the service of an efficient and courteous staff in the treasury department and the cooperation that exists between the treasury

and other departments of the state government.

Records reveal, he said, that during the more than four years that he has been affiliated with the treasury department not one cent in state funds has been lost through the treasury to the taxpayers of Texas.

"Fully realizing that the taxpayers of Texas are entitled to information regarding the condition of the state's current finances, I have made it a practice to prepare a monthly statement which shows the financial condition of the state," James emphasized. "This report is sent to state officials and the press, and is open for the inspection of the public," he added.

"The State Treasurer is merely the paying agent for Texas, and has nothing to do with the enactment of laws governing the state's finances," James emphasized. "I solicit the support of everyone purely on my qualifications, and if elected, I shall do my utmost to justify their confidence and loyalty."

Postal receipts in Texas were 6.2 per cent greater in January than during the comparable month of last year, the University of Texas Bureau of Business Research reported

LETTERS From the PEOPLE

(The following letter was written by Ina Handley Conner of Dallas, formerly of Wellington, and published in The Dallas News. She is the daughter of Mr. and Mrs. D. H. Handley. Members of the family asked that The Leader publish the letter, believing it will be of interest to Mrs. Conner's friends.)

Our Representative in Washington is credited with saying that the huge number of protests concerning legislation on labor and the war production industry, that are pouring into Washington, are doing more harm than good. Maybe so, but I doubt this honorable man's opinion. I think that not only Texas members, but every man in Washington, needs to be jarred into the sad realization that we are at war. We are asking Washington to act, and to do something now to protect us from further aggression.

Within a twenty-five-mile radius of where I live there is more than fifty million dollars worth of war production industry, none of which is in full operation twenty-four hours a day. Why? Outside their gates and in the congested employment offices stand or sit hundreds of men and women, many of them trained in government-approved defense schools to do the work that needs to be done in these plants and shops, but they are not hired. Why? In many instances they are not even given a chance to ask for a job. Why? Red tape.

Trivial matters such as living across the county line, having had no experience, not being able to furnish references, not being over 40 years of age are excuses offered men. Men who want to work. Men who feel it in their bones that they can do something to win the war, and men who will work at a reasonable pay. In normal times industry might get by with these excuses, but these are not normal times, and industry can not afford to be choosy about the age of the men that are to take hold of the wheel.

Forty hours per week is fine, too, in normal times, but this is not normal times, and it is only fair that labor do as other phases of life are doing, by conceding part of the ground that it has gained, by relinquishing its demand for time and a half and

double time. It is their patriotic duty to kick in, and they will, if the chance is given them.

I operate a small business to earn my bread, and I do now and have always worked from twelve to sixteen hours every day to make the ends meet, to be able to pay taxes, and there is no double pay for the time I put in on Sunday; yet my taxes will in turn become part of the wages paid some defense worker. There is little justice in paying such high wages to these men, when it is going to come indirectly from the taxpayers' pocket. They can have my sugar, candy, chewing gum, soda-pop, tin cans, wrapping paper and paper bags. I'm not squawking, we'll get along with the rest of America, but the thing I'm thinking of is getting this war on a winning basis and getting Johnny back home before some Jap gets him under the fifth rib.

If it is additional production that we need, put all the men to work that are prepared to work, and if that is not enough, ask for a donation of one extra hour a day to be given by every man now employed. I say they will gladly give it. As Will Rogers said of the American people, their charitable spirit is their saving grace. There is no harm in trying to get a little action.

I'm just one of several other million Americans who are fed up on this hum-drum fighting spirit manifested here and in Washington. This is My War and if Johnny comes home, I have not only got to keep the home fires burning, but I have got to get the fires burning night and day under the boilers and in the forges of industry and build a good hot one under the seat of our legal representation in Washington.

HERE'S HOW CERESAN BOOSTS COTTON PROFIT!

Hiding on cottonseed are many crop enemies—disease organisms that impair stands, reduce yields and quality, cut cotton income! But easy, economical seed treatment with CERESAN kills many of these organisms! Temple, Texas, reports tests in which "germination was doubled . . . seedling diseases greatly reduced." CERESAN treatment generally reduces seed rotting, sores and certain other seed-borne diseases; commonly gives stronger, more uniform stands at a saving in seed; usually increases yields, often as much as 10 to 25%. Inexpensive; easy to use. Get it now and treat your own seed, or buy seed marked with the Ceresan Certificate Tag.

WHY AMERICA NEEDS MORE COTTON PRODUCTION

Secretary of Agriculture Wickard has called upon cotton growers to plant their FULL COTTON ACREAGE ALLOTMENT—4,000,000 acres more cotton than we planted last season, because the United States vitally needs more of the products of cotton and cottonseed. These needs include:

MORE COTTONSEED OIL to supply the nation's need for food and industrial fats, and to replace oil formerly imported from Pacific areas.

MORE COTTON LINTERS to supply the increasing needs of the munitions industry for this essential raw material.

MORE COTTONSEED MEAL AND HULLS to supply feeds needed by livestock producers for the efficient production of "Food for Victory."

MORE LINT COTTON of certain qualities and grades, especially longer staple cotton, to meet increasing needs of the United Nations in their war efforts.

COTTON is the ONLY CROP THAT SUPPLIES ALL OF THESE PRODUCTS

HOW YOU CAN HELP GROW MORE COTTON

In order to produce this cotton, it is highly essential that every cotton grower throughout the South follow these sound practices:

PLANT THE FULL COTTON ALLOTMENT: Be sure that you plant every acre of cotton which the AAA legal allotment permits. Replant as often as necessary to insure a full stand on all of this acreage.

PLANT GOOD SEED: By using quality planting seed, with a high germination test, you will help to insure maximum yields.

FERTILIZE ADEQUATELY: Be certain that you use adequate amounts of fertilizer, adapted to your soils, on every cotton acre.

FIGHT THE INSECTS: No cotton farmer can afford, this season, to suffer costly losses from insects. Poison promptly and as frequently as needed to reduce insect damage.

KEEP IT CLEAN AND PICK IT CLEAN: Keeping fields free of weeds and grass, and picking all of the cotton this fall, moving it promptly to the gin, are important to insure maximum production.

In addition to distributing this information as a public service to the Nation and the Cotton Industry, our Cotton Oil Mill will gladly assist you in any way that we can to insure maximum cotton production. Call on us for any service that we can render.

brands by far. Not one came nearer than 58% of its mileage!**

Down where the desert slew gold-hunters—down where 100° heat is "cool"—down in Death Valley six cars streaked. All were alike . . . all ran till wrecked. All started with 5-quart fills of oil—locked in. All conditions were alike—certified. Five cars—five boasted brands of oil—went as dead as the cattle skulls in the sands, while the other oil still had quarts to go!

That was Conoco Nth motor oil, which can refill your crankcase today with the Nth degree of mileage and engine endurance. Changing from weakened Winter leftovers to Conoco Nth gives your engine OIL-PLATING for Spring. And OIL-PLATING is closely fastened all over inner engine parts as if "magnetized" against all draining back down to the crankcase. Bonded in place—even on straight-up surfaces—even overnight—OIL-PLATING can cut down the raw rubbing of precious parts during starting and running.

That's all against hollowing out your engine till it eats too much oil, and may demand replacements that are getting scarcer. But another big thing is to keep the oil itself in shape. And Conoco Nth oil—at a popular price—comes to you with Thialkene inhibitor . . . the modern synthetic developed to check or inhibit effects that would otherwise degenerate your oil.

The science of it is a long story, but the mileage is a thousand times longer, and Death Valley proved it. So can you by changing today for Spring, at Your Mileage Merchant's Conoco station. Continental Oil Company

Final Rites For W. H. Slagle, 83, Held Wednesday

William Hamilton Slagle, 83, died in Wellington at the home of a daughter, Mrs. Mattie Warren, Monday evening, March 30, at about 8:30 o'clock. His death followed an extended period of ill health.

Funeral services were conducted Wednesday afternoon from the Kelso Funeral Chapel with Rev. J. R. Lawson of the Calvary Baptist Church in charge. Pall bearers were Lee Slagle, Darrell Slagle, Lunsford Jordan, Charlie Jordan, Haskell Jordan and Pat Patterson.

Hymns included "Where We'll Never Grow Old," and "Nearer My God to Thee," by the Kelso Girls Ensemble. Interment was in the Dodson cemetery with the Kelso Funeral Home in charge.

Mr. Slagle, who was a retired carpenter, was born in Arkansas March 21, 1859, and at the time of his death he was 83 years and 1 day of age. He was the son of John and Frona Record Slagle, both of whom came to Arkansas from North Carolina.

With his family, Mr. Slagle lived in Collingsworth County a number of years ago and had a wide circle of friends throughout this area. He lived away from Collings-

Typists, Stenos, Needed In Capitol

The United States Civil Service Commission announces open competitive examination for the positions of Junior Stenographer \$1440 a Year and Junior Typist \$1260 a Year. The register resulting from this examination will be used in filling vacancies in these positions in Various Government Agencies in the States of Louisiana and Texas.

The age limits for this examination are 18 to 53. The maximum age limit does not apply to persons granted military preference because of military or naval service.

Competitors will be notified when and where to report for the written examination.

Application Card Form 4000 ABC may be filed with the Manager, Tenth U. S. Civil Service District, Customhouse, New Orleans, Louisiana, until further notice.

Further information and application forms may be secured from the Manager, Tenth U. S. Civil Service District, Customhouse, New Orleans, La., or from any first- or second-class post office in the States of Louisiana and Texas.

Civil Service Needs Builders

The U. S. Civil Service Commission has just announced that persons experienced as superintendents of construction are being sought for the Federal Service. Positions exist in the United States and foreign countries. Salaries range from \$3,200 to \$6,500 a year.

Applicants will be rated on their experience and training. From 7 to 12 years of appropriate experience in the field of construction are required. Provision is made for the substitution of college courses in engineering, for part of the experience. Duties are to direct large construction projects, coordinating the work of foremen, organizing men and materials, supervising installations, and inspecting materials and workmanship.

The announcement for Superintendent of Construction is the first issued by the Civil Service Commission since the new War Service Regulations went into effect on March 16, 1942. Appointments generally will be for the duration of the war but in any case will not last for more than 6 months after the war.

There are no age limits. Applications must be filed with the United States Civil Service Commission, Washington, D. C., and will be accepted until the needs of the service have been met.

Full information as to the requirements for this examination, and application forms, may be obtained from Lee M. Gragg, at the Wellington post office, or from the Secretary of the Board of U. S. Civil Service Examiners, at any first- or second-class post office.

Traffic Deaths Down In State

AUSTIN.—Traffic fatalities in Texas decreased 19 per cent during the first two months of 1942 as compared with the same period of last year, State Police Director Homer Garrison reported today.

As of March 18 for the respective years, 294 persons were reported killed in January and February of 1941 and 239 were reported killed in January and February of 1942, a reduction of 55 fatalities.

Although the Highway Planning Survey found a 6.4 per cent decrease in highway traffic at 28 points in the state in January and February, the Comptroller's Department reported a 10.6 increase in gasoline consumption. This divergence, Garrison explained, probably is due to the enormous amount of defense traffic not on principal highways where traffic counters are kept.

Speeds have been reduced noticeably, drivers are exercising more care, and local and Highway Patrol officers are bearing down a little harder on violators as a result of the recent emergency traffic control conference in Dallas, where representatives of five Southwestern states met to formulate plans for more vigorous traffic law enforcement, Colonel Garrison said.

Mr. and Mrs. Haskell Manuel and son, Don, spent Sunday in Childress visiting Mr. Manuel's sister.

Mrs. Cleo Stonecipher of Paris will spend a week with Rev. and Mrs. L. Stonecipher.

Former Resident Dies At Vernon

Pink Haynes of Vernon, who formerly lived here, died Sunday, March 29, at 3:30 o'clock. His death was due to heart trouble, according to Mrs. Roy Shumate of Wellington, his sister.

Mr. Haynes worked for one year at the Dryden Gin, and during the time he lived here made a number of friends in this locality.

Rites Held For Finley Infant

Funeral services for James Elmer Finley, the infant son of Mr. and Mrs. J. T. Finley, were conducted at the Wellington Cemetery by Jas. W. Reynolds, minister of the Church of Christ, at 4 o'clock Thursday afternoon, March 26.

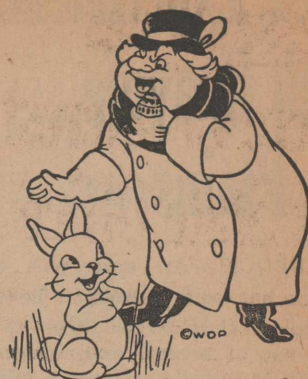

The child was born early Thursday morning and died six hours later.

Survivors, in addition to the parents, include a brother, Marion Tippins, and these grandparents, Mr. and Mrs. J. O. Finley and Mr. and Mrs. E. W. Kincaide, all of Wellington.

The Kelso Funeral home was in charge of arrangements.

The state and federal government distributed \$3,206,966 among 166,079 recipients of Old Age Assistance in Texas during February.

Tech Experiments With Guayule On Plains

LUBBOCK.—An acre plot of guayule has been planted on Texas Technological College farm this week, one of several experimental plots to be distributed over a wide area in Texas and other southwestern states. One-year-old plants shipped from the Salinas valley in California have been transplanted in 40-inch rows, with plants spaced 30 inches apart.

The experiment is being made here as result of a visit to Tech campus March 16 by J. T. Presley, in charge of the federal program for Texas, for conference with Dr. A. W. Young, head professor of plant industry. Rubber from guayule can be used for most purposes for which Para rubber is used, although necessary removal by chemical processes of 16 to 20 per cent of resin adds several cents a pound to production cost.

The guayule plant, a gray, shrubby perennial two or three feet high at maturity, grows wild over north central Mexico and in the Texas counties of Brewster, Presidio, Pecos and Terrell. It contains 3 to 7 per cent rubber under cultivation. Elevations of 2500 to 4020 feet where the climate is dry and warm most of the year, with long periods of hot, dry weather, and winter temperatures which rarely go below 15 degrees Fahrenheit, seem most desirable.

The present experiment is being made by the federal government to determine the extent of the area within the United States which can be used for this plant.

Production information on the growth of guayule indicates that it is necessary to allow the plant to grow for about four years before harvesting, since approximately 300 pounds per acre of extractable rubber is formed each year for the first 4 years during the growth after transplanting. In harvesting, the entire plant including the root is removed from the soil and the rubber extracted. It is necessary, therefore, in the culture of the plant that new plantings be made every four years.

EASTER

NEVER see white candles
That march in proud parade
On altars Easter morning,
Or lilies, slim and staid,
But I remember Mary
Who saw a tall lad die
Upon an Eastern hillside
One day as Spring came by.

THE high road to Golgotha
Held half the crowded town;
Long, long before the twilight
Strange darkness settled down...
Did Mary leave recalling
How He who hung so high
Once asked for love and stories
As April dusk swept by?

NEVER hear glad anthems
That tell how He arose,
How angels moved the great stone,
And loosed the binding clothes,
But that I know a gladness
Because each grief and loss
Must find a gracious healing...
Some Spring will hide the cross.

War Doesn't Stop Farm Home Improvements

While buyers are figuratively "drawing in their belts" so far as many types of purchases are concerned, home building goes right ahead, reports from over the county indicate.

Among the new homes now under construction is that of Mr. and Mrs. George Lewis of the Kelley community. This house is of frame construction and bungalow style. When completed it will have five rooms and a bath, along with many modern built-in features.

Mr. and Mrs. Tom Whitson of Lutie are now building an English style house on the farm better known as the Bennett place, where they will make their home when the house is completed. Mrs. Whitson is the daughter of the late Mr. and Mrs. Bennett. This

house will include six rooms and a bath and will be modern in every respect.

Both the Whitson home and the Lewis home are being constructed especially to turn back blowing sand and dirt.

Among those who are repairing their homes is G. W. Jones of the Lillie community, who is adding a new roof to his house.

Repairs on the farm of Mrs. M. McDowell near Arlie include a new roof, floors, and windows to the house and a remodeled barn.

Mrs. Dolly Whisenant, also of Dodson is remodeling the interior of her home and adding several new features.

Uncle Bud Russell Takes One From County To Prison

Uncle Bud Russell, who for many years has taken prisoners from the various county jails of Texas to the state penitentiary at Huntsville, was in Wellington recently for Ansel Johnson, who is under a 5-year sentence in the state prison.

Johnson was one of three youths charged with robbery of Ernest Scott early last fall. The three were tried in the fall term of district court. The trial of one of the other boys resulted in a hung jury, while the third has appealed his case, according to local officers.

Pioneer Cowman Dies At Shamrock

W. S. Walker, who came to the Aberdeen community more than 40 years ago, and who was for a number of years one of the leading cattlemen of the county, died at his home in Shamrock Thursday morning, March 26. He had been in ill health for several years, and about three weeks ago suffered from a fall. His condition grew increasingly worse until his death.

Mr. Walker, better known to the old timers of the county as Smith Walker, was a brother of John Walker and an uncle of Fred Walker and Dave Walker of the Needwood community.

Funeral services were conducted from the family home Friday afternoon, with Rev. E. C. Derr, pastor of the First Baptist Church in charge. Burial was in the Shamrock cemetery.

A native of Mississippi, he was born June 22, 1857, and at the time of his death he was 84 years, 9 months, and 4 days of age. In 1894 he moved to Greer County, Oklahoma, then in the Indian Territory, and in 1901, he came on to Aberdeen, where other members of his family had previously moved.

He moved to Shamrock in 1906, but he continued to hold a wide circle of friends in Collingsworth County. He was of a quiet and modest disposition, and to many he typified the early settler of this area. He was respected for his integrity and honesty, and the manner in which he handled his affairs.

He was a member of the Baptist Church and the oldest living member of the Shamrock Masonic Lodge.

Surviving are his widow, two sons and a daughter, W. H. Walker and Mrs. Addie Morse of Shamrock, and O. J. Walker of Beaumont, and three brothers, John Walker of Needwood, Albert Walker of Texline, and Luther Walker of Nocona.

Grigg Returns As Shelterbelt Head

Joe Grigg, formerly in charge of the Shelterbelt Office in Wellington, returned here late last week to resume that work. Mr. Grigg was transferred to Sentinel, Okla., in November, to be an assistant supervisor of a CCC Camp. He is in charge of this county and Donley County.

Only about ten miles of new shelterbelts remain to be planted in the county, Mr. Grigg said, while practically all replanting is

AMERICA NEEDS MORE COTTON PRODUCTION

COTTON IS THE ONLY CROP THAT SUPPLIES ALL THESE PRODUCTS

Secretary of Agriculture Wickard has called upon cotton growers to plant their FULL COTTON ACREAGE ALLOTMENT—4,000,000 acres more cotton than we planted last season—because the United States vitally needs more of the products of cotton and cotton seed. These needs include:

MORE COTTONSEED OIL to supply the nation's need for food and industrial fats, and to replace oil formerly imported from Pacific areas.

MORE COTTON LINTERS to supply the increasing needs of the munitions industry for this essential raw material.

MORE COTTONSEED MEAL AND HULLS to supply feeds needed by livestock producers for the efficient production of "Food for Victory."

MORE LINT COTTON of certain qualities and grades, especially longer staple cotton, to meet increasing needs of the United Nations in their war efforts.

How YOU Can Help Grow More Cotton:

1. PLANT THE FULL COTTON ALLOTMENT: Be sure that you plant every acre of cotton which the AAA legal allotment permits. Replant as often as necessary to insure a full stand on all of this acreage.

2. PLANT GOOD SEED: By using quality planting seed, with a high germination test, you will help to insure maximum yields.

3. FERTILIZE ADEQUATELY: Be certain that you use adequate amounts of fertilizer, adapted to your own soils, on every cotton acre.

4. FIGHT THE INSECTS: No cotton farmer can afford this season, to suffer costly losses from insects. Poison promptly and as frequently as needed to reduce insect damage.

5. KEEP IT CLEAN and PICK IT CLEAN: Keeping fields free from weeds and grass, and picking all the cotton this fall, moving it promptly to the gin, are important to insure maximum production.

Robert Quincy Barjenbruch
If you see a medium sized boy going quietly and efficiently about his work it will probably be Robert Barjenbruch.

Robert was born on March 14, 1925, in Wellington, Texas, and is the son of Mr. and Mrs. J. Barjenbruch. He has attended school for the total of eleven years.

His favorite subjects are agriculture and English. During this period he has played baseball for one year and has been in various clubs.

A. and M. College is Robert's choice for an institution of higher learning, and he plans to major in horticulture and animal husbandry. After finishing his course there he plans to follow farming as a vocation.

Luck to you, Robert.

Will Joe Cummings

"Punchy" Cummings fully describes our somewhat pugilistic-minded senior who has for four years been a member of the Skyrocket boxing team.

Born to Mr. and Mrs. W. C. Cummings in Wellington, Texas, on July 5, 1924, Will Joe attended school four years in Oklahoma City and Ralls, Texas, and has for the past seven years gone to school here.

During his days in high school he has had four years of boxing, one year of football, and two of track. Besides this he has been an active member, president, and secretary of the Science Club, first sergeant of the Defense Club, and vice president of the Speech Club. His favorite subjects are English and Biology, and he plans to attend Texas Tech, major in mathematics, and become a civil engineer for his vocation.

Good luck to you, "Punchy."

Harvey Leonard Duncan, Jr.
This blonde-haired and good looking young man was born to Mr. and Mrs. H. L. Duncan of Wellington on February 9, 1925. He has attended school seven years here, one year at Rolla, and three years at Winulcer.

H. L. is a peppy young man who has found his favorite subjects to be agriculture and band. He has

been a member of the baseball club, the Spanish Club, and the band, as clarinet player for six years, the student council, and the agriculture club. H. L. is undecided as to what school he will attend next year but he will major in animal husbandry and raise livestock for his occupation.

We are all sincerely hoping that he will not attend our own high school again next year.

George Allen Keller, Jr.

This young elite of Wellington High School was born on September 25, 1924 in Wellington, Texas. His parents are Mr. and Mrs. George Keller, Sr., and he now resides at 1609 El Paso street.

We were not, however, enhanced with his presence among us during the early part of his school life, for the first six years he attended Cross Roads Rural School and the latter five he spent in and among our own halls of wisdom.

During these years George has participated in various activities. At Cross Roads he played baseball and was on the track team one year. In Wellington he has also been on our own track team and has participated in various other activities, such as declamation for one year, the Skyrocket paper for four years, the Skyrocket band for two years, and the Science Club. George was the class reporter for the sophomore class of 1939-40, and, after close examination, we find that his favorite subjects are science, history and journalism.

At the present George's future plans are rather indefinite, but he says he does not plan to attend college and will continue to work in Wellington for an indefinite time.

Lee Roy Jones

Another somewhat pugilistic-minded boy of Wellington High School is Lee Roy Jones, who was born March 10, 1924, to Mr. and Mrs. Barney Jones at Wellington, Texas, and now resides at 801 Childress Street.

Lee Roy has attended school in Wellington for the full eleven years and his favorite subjects are English, economics, and his-

tory. During his four years in high school he has played football for three years, has been a member of the boxing team two years, and was in the junior and senior play of his class. Next year he plans to attend Texas Technological College, major in medicine, and become a dentist.

The only regret that Lee Roy has is that he doesn't have four more years of high school work.

Naoma Louise Aduddell

"Five foot two with eyes of blue" is an accurate description of Naoma Louise Aduddell.

Louise is the daughter of Mr. and Mrs. G. E. Aduddell of Wellington. She was born January 4, 1924, in this city and has attended school for eleven years—in Franklin, Oklahoma, Buck Creek and Wellington.

In the future Louise plans to take up the profession of nursing or other defense work. Incidentally, home nursing and home making are her favorite subjects.

Keep working, Louise. We know you will reach your goal.

Virginia Beatrice Bledsoe

Virginia Beatrice Bledsoe—the quietest girl in the senior class! This has often been applied to Virginia with due admiration.

Born March 17, 1925, in Wellington, she is the daughter of Mr. and Mrs. B. A. Bledsoe. Virginia has attended school her entire eleven years here.

A member of the FHT and Glee Clubs, she is always there, willing to do her part. She has also been a member of the Kelso Girls Ensemble for three years—singing in many entertainments here and in other local towns. She represented Home Ec. I at the state rally in her junior year at San Antonio.

Virginia prefers to attend Draughon's Business College and she plans to become a stenographer. Her favorite subjects are typing, home making, and book-keeping.

Good luck in the future, Virginia, and remember the "quietest" happens to be the "quickest" in this case.

Ruby Maxine Brewer

If you see a blue-eyed, dark haired senior running around, it will probably be Ruby Maxine Brewer.

Born October 25, 1925, in Wellington, she is the daughter of Mr. and Mrs. G. H. Brewer.

Ruby has attended school at Midway for seven years and at Wellington for four years. She is vice president of her home room club and has played basketball three years. Incidentally, she was selected a member of the main string each year.

Ruby plans to be a beauty operator, and we know she can

ton. Since the twins are inseparable, Odessa has taken part also in playground ball, volley ball, basketball and tennis. She has studied music four years and is a member of the Glee Club.

Her ambition is also to become a stenographer and her college preference is Draughon's. We only hope Odessa will not be taken for her sister when she attends this college.

Seriously speaking, Odessa, we are "rooting" for you, and we think the TWINS are tops!

Elizabeth Faye Beattie

The blackest-eyed beauty in the senior class is Elizabeth Faye Beattie, who rides the bus every day from Rolla.

Faye is the daughter of Mr. and Mrs. S. I. Beattie and she was born August 20, 1923, in Burkburnett, Texas. She has attended school at Rolla for six years and at Wellington four years.

Faye was the secretary of the English club at Rolla and also the president of the 4-H Club. She has participated in many sports, such as basketball and volley ball.

Her ambition is to become a nurse, home nursing and sociology being her favorite subjects. "I am going to take training for this at Baylor," she states.

Candidates Must File Affidavits

In accordance with an act of the last legislature, all candidates for public office in the State of Texas will be required to execute an affidavit to be filed with the Secretary of State.

Copies of this affidavit are in the office of Miss Margaret Shields, county clerk, she announced Monday, and candidates may fill in their affidavits at that place.

Deck's DIDACTICS

—By Deskins Wells

Gerald C. Mann, Attorney General of Texas, has asked me to serve as county chairman to raise money for the Navy Relief Society. I will be seeing some of you ladies and gentlemen just as soon as the Attorney General tells me what our fair share should be. If you want to beat the solicitors, simply turn your money in to John D. Glenn at the First National Bank. He has been appointed county treasurer. Why can't we raise this money by voluntary contributions?

This is a worthy cause. The money goes to aid the widows and children of men of the Navy who have lost their lives in active service. It operates quickly and without red tape. The Navy Relief Society is informed of the death of a sailor at the same time the nearest kin are informed. Immediately trained people go to the family that has suffered the loss for the same reason you go to a friend's home when there is a death. Whatever needs to be done, whatever the stricken family cannot do for itself is done promptly by the Navy Relief Society.

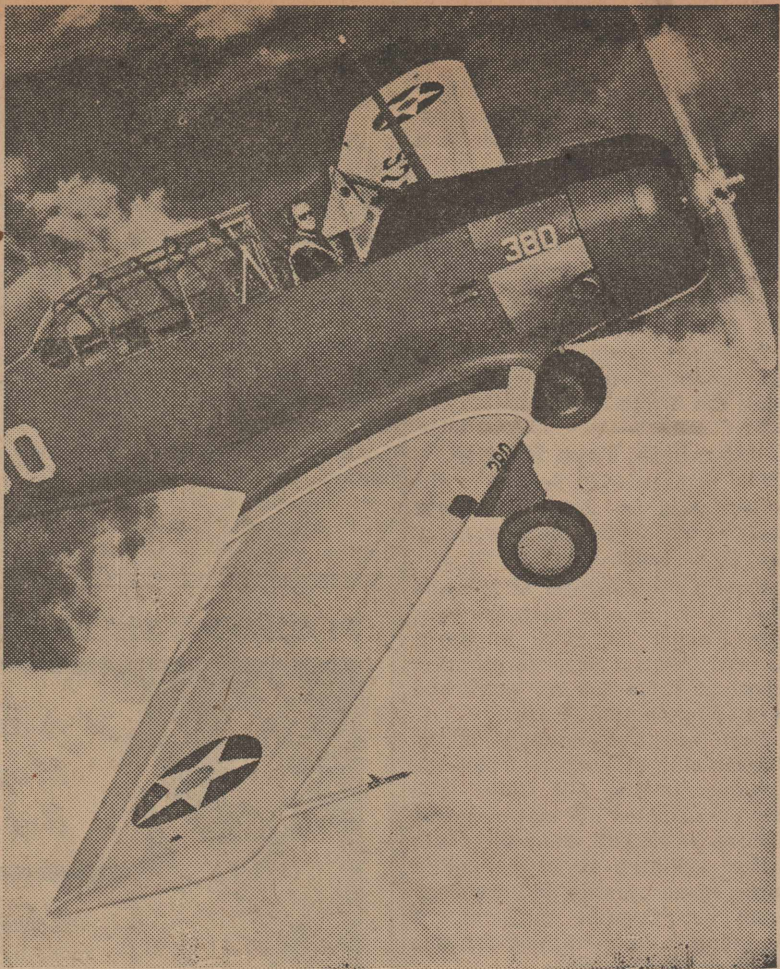

Heretofore, the Navy has never asked support from the public. Men and women of the Navy raised the money themselves. Now the task is too large. You are asked to help. And I hereby appoint Ernest Lewis as chairman from Wellington and W. H. Lynn as chairman for the county, outside of the limits of the county seat, and John C. Harper as secretary. They are old Navy men. More about this when I find out how much we need to raise.

Genial Fred Decker has been appointed superintendent of the Dodson Schools. This represents an advancement for Fred and I am glad on his account; but it also represents a distinct loss to Wellington and a decided gain for Dodson. Fred Decker is an asset to any community in which he lives.

The following telegram from Gerald C. Mann came in after the above was in type:
"Quota for Collingsworth County for Navy Relief Society Drive is \$285. Sure you can go over the top."

Thursday I will be gone with Dr. E. W. Jones to Dallas to attend a meeting concerning victory bonds and stamps. All right Ernest, how about you and Bill and John having this Navy Relief money in the hands of the treasurer by the time I get back. We don't have to have a drive to raise a mere \$285 in Collingsworth County for a cause like this. Not in Collingsworth. All you need to do is to tell the folks that the money is needed for families whose sons, brothers and husbands have died in defense of our country. Ernest, I appoint you in full charge until I get back. How about having the money ready to send to Gerald Mann before the county chairman ever hits a lick.

My letter to Secretary Wickard asking that the farmers of West Texas be allowed to plant the under-planted acres has brought a lot of favorable comment. Some of it came from cotton men in other sections. Below I reproduce one letter:

MASTER OF HIS MOUNT

Winging high above the Texas plains, an Aviation Cadet at the "West Point of the Air" solos in his low wing training plane. After completion of his basic training course here, he will go to advanced school and eventually a commission as a 2nd lieutenant. Each Cadet must spend 70 hours in the air while at Randolph.

Childress, Texas
March 26, 1942

Mr. Deskins Wells, Publisher,
Wellington Leader,
Wellington, Texas,
Dear Mr. Wells:

I received the clipping you sent me from your paper of the 19th which clipping was a copy of a letter you wrote Secretary Wickard of the Department of Agriculture, Washington, D. C.

I have read your article more than a dozen times, and each time I read it, I was more firmly convinced that, in justice to the farmers of West Texas and Western Oklahoma, your idea should be given thought and prompt attention.

I don't know whether it would require an act of Congress to put your idea into effect or not. At any rate, all interested—farmers, cotton ginners and oil mills—even business men and bankers—could get behind such a movement.

I am sending your letter clipping to our Mr. Tom Simmons at Quanah—Quanah Oil Co., and have asked him to give it thought and discuss the idea with others.

I appreciate receiving your clipping and hope that you can get "something started." In the meantime, if I get anything from someone else who has given the matter any thought, will let you hear from me.

With kindest personal regards,
I am,

Yours very truly,
A Power,

Former Resident Receives Word From Philippines

Encouragement for Collingsworth County citizens who have relatives in the Philippines came this week when it was learned that a former county resident has received a letter from her husband stationed in those islands.

Mrs. E. C. Hatton, who will be remembered here as Miss Glenn Wiseman, has written The Leader: "I received a letter from my husband Sunday. I thought maybe you would like to pass on the information. Of course he could not say much—except that they were well—and quite warm. But perhaps that much will be encouraging to others who have relatives there."

Mr. Hatton is stationed with the 200th Coast Artillery. His letter was written February 13.

Mrs. Hatton, who is the daughter of Mr. and Mrs. A. N. Isenman, is a teacher in the Hobbs Schools.

Saturday Is Field Day For School Athletes

Schoolboy athletes of the county will show their prowess Saturday, April 4, when they compete in the annual County Interscholastic League Meet at the Wellington high school athletic grounds.

Only the athletic division of the League Meet is being held this year, B. W. Beaird, county superintendent, reminded. The contests will begin promptly at 9 a. m. and will continue throughout the day.

Merle Walker of Samnorwood, athletic director of the league, will be in charge.

Each year, these events draw large crowds of spectators, both adults and youths, but this year the crowd is expected to be even larger, since these are the only League events to be under way.

A majority of the events will be held at Rocket Stadium, including the running, jumping and throwing events. Volleyball and tennis will be played on the courts used by the local high school teams. Drawing for courts and opponents in the latter events will take place at the high school.

To winners in these athletic contests will go ribbon awards, according to Mr. Beaird.

Although it has not been determined the exact number of students who will take part in these contests, Mr. Beaird predicted that several hundred boys from almost all schools of the county would have a part.

IOOF Association Here This Month

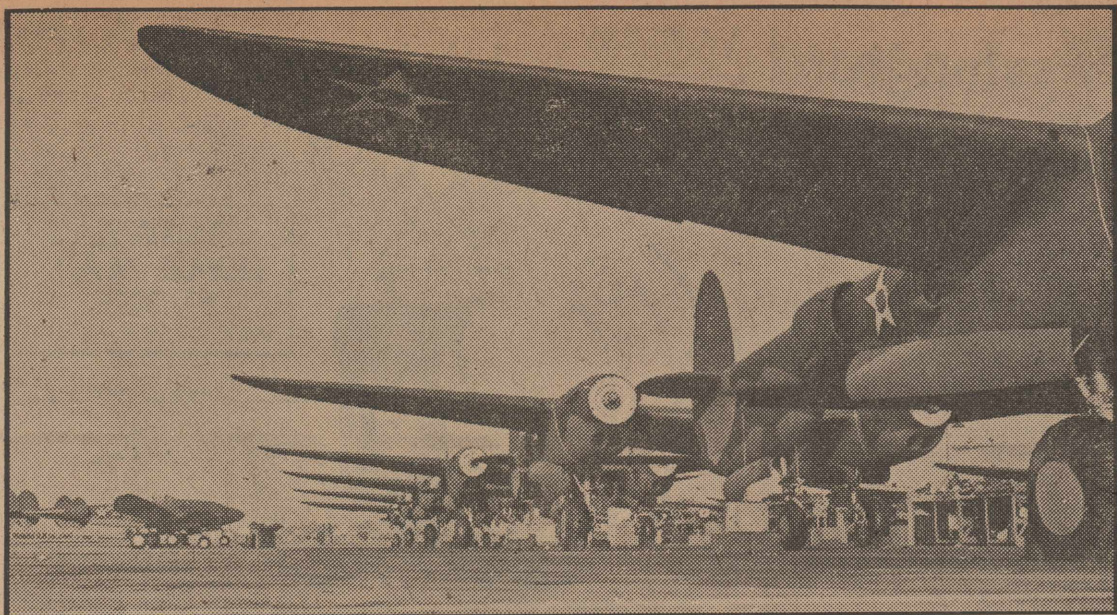

Wellington will be host late this month to the annual Panhandle Association of the I.O.O.F. and Rebekah Lodges, when members from approximately 50 lodges will be present to hear outstanding speakers of the organizations.

The dates for this event are April 26, 27 and 28. An elaborate program for the entire session has been worked out, according to Fred Kersten of the local lodge, who is helping with arrangements.

Included will be a memorial service on Sunday night, April 26. A banquet will be held Monday night. In addition to these will be the Monday morning, Monday afternoon and Tuesday sessions.

Buster Hughes is Noble Grand of the Wellington I.O.O.F. Lodge and Mrs. Ethel Brickey is Noble Grand of the Rebekahs.

Mrs. H. T. Whitfield of Samnorwood spent last week with her son and daughter-in-law, Mr. and Mrs. Carl Whitfield.

I. T. Goodnight Joins Pioneers In Reunion

On last Friday, March 20, B. G. Harrison, aged 90, a retired mail carrier, who resides with the W. W. Stewart family on the corner of Roosevelt and Willkie streets, had for dinner guests the following youthful-looking gentlemen; T. E. Jameson, aged 100, retired carpenter of Mansfield; James Gilley, 95, retired farmer of the Prairie Grove community; Dr. J. N. Thomas, 85, still active in his profession of medicine; I. T. Goodnight, 84, retired farmer and large land-owner, of Wellington, Texas; and C. B. McElvaney, 81, retired lumberman of Mansfield. The total collective ages of the group being 535 years.

On being seated some one asked why "Howdy Folks" was not present and Dr. Thomas quickly replied, "He's not eligible. He's under age and over weight."

Seemingly the occasion was a very enjoyable one and the group soon fell to swapping experiences of their youth and school days and vivid word pictures were presented of Dr. Thomas in his youth in Arkansas, walking two miles to and from school with his lunch of yellow corn bread and sorghum molasses, and his blue-back speller under his arm.

T. B. Jamison, in summertime, wearing a lengthy shirt down to his heels and no pants.

C. B. McElvaney whipping one of the boys for kicking his dog.

Tom Goodnight walking a mile and a half to borrow a chunk of fire.

Gilley asked his daddy, "Do fish drink water?" The elder Gilley answered, "No." "Well," said the youngster, "they ought to. There's plenty of it."

Green Harrison getting two whippings in one day. He was charged with wandering around in a neighbor's watermelon patch. The group classed themselves as

"Old Texans" and claimed that if the war age limits are raised to eighty or ninety years they are still good potato peelers. They have each witnessed four wars and might take on another.

Hillary Allmon was supposed to have been present as interpreter but failed to show up, much to the dismay of four of the group who have trouble with hearing and understanding simple things like words, roaring thunder and exploding bombs.

A vote of thanks was given to Mrs. Stewart for her hospitality and an excellent dinner and the group adjourned "sine die."—Reported by one who was there, to The Mansfield News.

RING

By TOMMIE BILL LENTZ

The young people went to the home of Mr. and Mrs. A. V. Mote and Tommie Bill Lentz Sunday after church services. Lunch was served. Later in the afternoon games were played and verses from the Bible were studied for the Sunday night meeting. Those present were Mr. and Mrs. Gordon Peters, Mr. and Mrs. Clarence DeBord, Mr. and Mrs. Lawrence DeBord and baby, Mr. and Mrs. W. M. Stout, Helen DeBord of McKnight, Addierene and Mildred Elveda Clay of Bray, Florence and Elveda Ledbetter, Clio, Mary and Ruth Allen, Earl, Orion and Inez Stout, James Golden Riddle, Lurline and Tommy Jo Morgan, Marie Peters, J. W. and Doris Hartman, Frances Anne, Eugene, Cora Mae, Johnny Mac, and A. V. Mote, Leon, Tommie Bill and Bill Lentz, and Mr. and Mrs. A. V. Mote.

The Ring Sunday School has planned a picnic and Easter egg hunt for next Sunday. They plan to go to Mr. and Mrs. J. L. Harris' who have recently moved from this community.

Mr. and Mrs. Fred Miller and daughter, Patsy, spent the past week in Shinnery.

Mrs. Orbie Hartman was taken to a hospital in Wellington last Wednesday where she underwent an operation. We are wishing her a speedy recovery.

Rev. Porter from Shinnery will preach here Sunday.

Bill Lentz was home over the week end after working several months in Childress County.

Mr. and Mrs. Bill Clay and family and Mr. and Mrs. Pat O'Hair visited Mr. and Mrs. Jim O'Hair Sunday, also their daughter and son-in-law.

Mr. and Mrs. Bill Allen, and Clio and Carrol, were in Childress and Memphis Friday.

Several attended the party in the home of Mr. and Mrs. Clarence DeBord last Saturday night.

A large crowd attended Sunday School Sunday. There were 62 present.

SOLDIER'S LIFE

... As Soldiers See It

Battery C., 344th F. A. Bn. March 29, 1942

Mr. Deskins Wells, Editor Wellington Leader Wellington, Texas Dear Mr. Wells:

I am Pvt. Thomas J. Walters. Before I was inducted into the army on March 13, 1942, I worked for the Highway Dept. under Mr. Cunningham. Our group from Collingsworth County was scattered to the "four winds." When I last saw Carter Holcomb and Monte Mitchell in Fort Sill a few days ago, they were unassigned.

The "Fighting 90th," famous in World War I, and made up of Texans and Oklahomans, is being reorganized and trained here at Camp Barkeley. It is called the "New 90th" and follows the same example as in World War I, being made up of men from the southwest, especially Texas and Oklahoma, only this time it's a streamlined triangular infantry division with its artillery, engineers, quartermasters, etc. I have been assigned to the 314th Field Artillery Battalion for my basic training, and find soldiering quite different from civilian life.

I am settled in camp, and think I was quite lucky in being placed so close to home for a while. What I'd like now is a furlough. I am in the library of the very nice Service Club here writing this letter. A "jam session" is going on below the mezzanine, and couples are dancing. Camp life could be worse. There are men from every walk of life here, and I find them all positively gentlemen, learning to be soldiers as well. Food in camp is good and one sleeps all night long.

Having read nearly every copy of The Wellington Leader for the past few years it is like parting from a very dear friend not to get to read it anymore, so won't you please send me my copy each week also? If I can't see my friends in Collingsworth County, I certainly can read about them in The Leader.

I will close, wishing for a quick Victory for us of the army, and Health, Happiness and Security for you of Collingsworth County.

Pvt. Thomas J. Walters, C Btry., 344th F. A. Bn. Camp Barkeley, Texas.

Editorial

During peacetime more than \$800,000,000 was spent here in America in a single year to develop new products that would make our lives more comfortable. In research laboratories all over the country many thousands of men and women worked at the endless task of raising our standard of living higher and always higher.

Today those great industrial research laboratories have another job. They're working now to protect our freedom and the comfortable way of life that they helped to create. For our armed forces they have already developed airplanes, tanks and guns that are superior in many ways to foreign makes. And they are constantly improving on themselves, constantly making weapons that are better than anything they've made to date.

They're busy, too, devising ways by which they can make our peacetime goods last longer, now that we'll have to do without many new products until the war is over. They've already perfected methods of caring for automobile tires to stretch the wear we get from them. They've developed ways to extend the use that wood, plastics, and many other products give us.

Such facts indicate that our laboratories today are not only sweating for victory on the firing lines; they're working for it on the home front, too. And they're planning ahead to the post-war period, figuring out new wonder products that can be manufactured then to raise our standard of living higher than anything we've ever known in the past.

A new radio set automatically turns out the lights on outdoor signs during blackouts. The set is tuned to a near-by radio station; when the station stops broadcasting, the radio switches off the lights.

New clothes will be short on zippers, buckles and other metal ornaments. Most of the buttons that are used will be made of wood, bone and spun glass.

The use of chlorine, important in the war effort, has been restricted in laundry operations, swimming pools, domestic cleaners and similar items.

OTHER EDITORS SAY--

• How About The Boys And Girls?

Why doesn't Nolan County do something about recognizing the 4-H Club boys and girls?

These groups of young citizens have done as much as any other outfit to bring recognition to the county. Take for instance the 4-H Club boy feeders. They have taken part in a number of livestock shows in various parts of West Texas. . . These are the boys and girls who are training themselves for better things on the farm. They are the boys and girls who in the future will, through the lessons they have learned, show that a living can be made on the farm without government assistance, or without having to ask someone else to lend them assistance.—Luther M. Watson in the Nolan County News.

• Greenbugs

Down-state a ways, in fact no further than Cottle County away, the greenbug already has made inroads and in the big wheat belt the damage has been really serious, travel reports say. About the only "remedy" for greenbugs is the lady bug formula and the formula for her to make appearance is a good rain followed by warm weather. When she gets on the job its too bad for the greenbug. But until she does there is not much that can be done. Watering freely has been tried where irrigation was available with apparently little result. Mayhap we'll be lucky and escape. Everybody hold the right thought.—Homer Steen in the Floyd County Hesperian.

• Loyalty

The cold facts are that the average civilian, who insists upon the preservation of his rights, is falling short in the assumption of his duties, because rights become limited and duties expand in wartime. War does not permit "privilege as usual" to the civilian population, and the citizen, who takes advantage of the present emergency to advance his own interests at the cost of the war program, is certainly an object for the contempt of the men who are risking their lives in this war.—The Fort Worth Star-Telegram.

• On Parade

As a rule the fellow who leads the parade on a prancing white horse had nothing to do with getting up the parade. Some one else, who perhaps does not appear in the parade, did all the work—and all the worrying incident to getting up the parade. After everything was taken care of the leader was called up and handed the route that the parade would take. A lot of things in life are like that. The "up front" person in the show has had little to do with its preparation.—Foard County News.

• Needed—In The Worst Way

Personally, we're getting just a trifle tired of all the talk about this and that being necessary to keep up the public "morale." Our idea is that it's about time to start developing more of that quality known to Texans by the somewhat inelegant term "guts."—J. Claude Wells in The Memphis Democrat.

Washington Week

By RALPH HERBERT

According to U. S. Department of Agriculture figures, the American farmer in 1941 had plenty to be thankful for. It states the cash income from marketings, from commodities placed under loan, and from government payments in 1941 gave the farmers \$11,771,000,000, the highest since 1920, 29 per cent higher than 1940. The marketing income was 9 per cent greater than the average for the years 1924-29.

The income from crops was \$4,794,330,000 and from livestock and livestock products was \$6,391,107,000.

Corn, buckwheat, potatoes, sweet clover seed, alfalfa seed and maple products were the only crops for which income in 1941 was smaller than in the preceding year. As prices for the crops were higher, the smaller income was due to smaller marketings.

The greatest increases in income were in Mississippi and Arkansas where marketings were 98 and 75 per cent respectively higher in 1941 than in 1940. States recording more than 50 per cent increase in farm incomes were North Dakota, Kansas, Tennessee and Alabama. South Carolina and Maine were the only ones recording increases of less than 14 per cent. Cotton accounted for the low mark in South Carolina and potatoes in Maine.

In money value the top crops in 1941 were: Wheat, \$702,039,000; corn, \$351,271,000; cotton lint, \$937,234,000; cottonseed, \$170,185,000; soybeans, \$113,305,000; tobacco, \$324,872,000; oranges, \$123,969,000; apples, \$120,903,000; truck vegetable crops, except dry edible beans and sweet potatoes, \$513,391,000; potatoes, \$152,382,000.

The festive peanut enriched the farmer's batting average to the tune of \$60,675,000. Among the small fruits, grapes were worth \$62,316,000; cherries, \$14,819,000, and strawberries, \$42,642,000.

Among things that used to come chiefly from abroad, figs represented a crop worth \$4,681,000 and olives, \$6,591,000.

BRIEF TOPICS

A palatability test on safflower meal is being conducted at the Spur substation of the Texas Agricultural Experiment Station. The three steers used in the test gained 2.14 pounds per head daily during the second 28-day period.

Students working toward a degree in fine arts at the University of Texas are now acceptable for the candidates class for commission in the Marine Corps Reserve.

The Belden Polls of public opinion in Texas and of student opinion throughout the nation have been discontinued. Ensign Joe Belden, conductor of the polls, which started at the University of Texas, has been called to active duty with the navy.

Maintenance of many peacetime extra-curricular activities is a sound practice, psychologically, in the opinion of Dr. Paul White, University of Texas psychiatrist.

Wage rates are moderately going up in the petroleum production industry. Workers received 17.1 per cent more pay during December than for the corresponding month of 1940, although the total number of employees increased only 2.7 per cent.

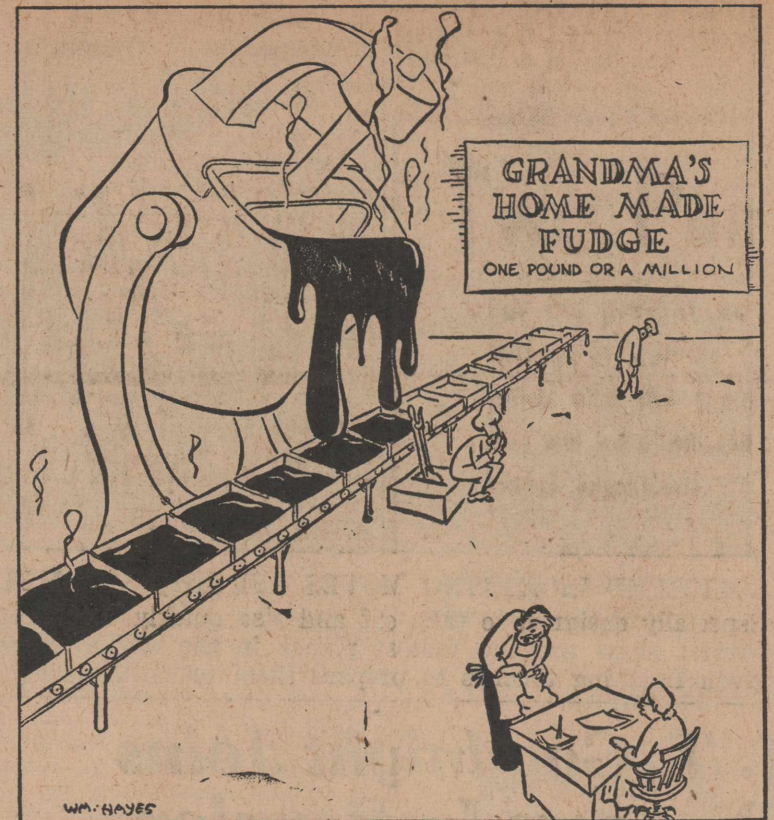

Texas has twelve egg-drying plants in operation with a potential production of 40 million pounds annually.

Waste not—and we'll win the war. Stop the waste by fire-practice prevention.

Only 150 Federal Land Bank borrowers out of 68,009 lost their farms during the first eleven months of 1941.

The ever lengthening list of articles removed from market as more plants are converted to war production makes it vital that all we possess should be guarded from fire losses. Re-double your fire prevention practices.

"That last batch turned to sugar."

Your Town And Mine

—By CHARLES L. ALLEN

When we heard that the 1920 model of a certain popular automobile would do 40 miles an hour, we couldn't believe it. We had become accustomed to regarding any speed faster than 25 miles an hour as exceedingly dangerous—especially on the country roads which we had to travel on around our town.

Charlie Allen

It was true that the Beach boys (who always did have a natural bent for mechanics) had succeeded in re-building one of these light cars into a racer which had been clocked at the unbelievable pace of 53 miles an hour, but the rank and file of cars our neighbors drove couldn't do more than 35 with a good wind at their tail.

When you come to think of it, speed is just a matter of comparing what you are accustomed to, with something faster. Through the 1920's improvements continued to come so fast that along about 1928 anybody who could afford an automobile at all could get one that would go 65 miles an hour without shedding a fender.

I well remember the first time I was privileged to ride at that breakneck pace we described as "a mile a minute." A friend of the family, a mechanic, had obtained a 1916 model of an automobile that sold when it was new for more than \$3000. In those days the life of any car was not more than three or four years and they very seldom were in navigable shape after the second season.

Being quite adept at coaxing antiquated hacks to become race-minded (much as we used to hang a fork of hay in front of the old horse) this mechanic managed to tighten up the old power-puffer to a condition that he considered entirely satisfactory. He was so proud of his possession and so elated at his success in reconditioning it that he insisted on demonstrating its astounding speed to everyone in the town. It happened that I was the first victim. The ride was my reward for having assisted him in the job of cleaning numerous grimy, greasy parts in a delicate mixture of gasoline, kerosene, and some home-brewed

alcohol. The reason for the peculiar complexion of the mixture was that both gasoline and kerosene had to be bought at the store. The alcohol was strictly home-crafted.

Came the day, as they used to say in the nickelodeon serials. The old bus was all put together. She was greased to the last ball bearing and shined and polished to a degree that only "elbow-grease" can produce. Finally, about four in the afternoon, we donned long coats, adjusted goggles to our eyes, tied one door shut with a piece of rope (there were no doors on the front, as I remember), and set off lickety-split down the road.

I cannot describe that breath-taking adventure. At first the telephone poles merely went by so fast I couldn't count them; then they began to whiz by so fast I couldn't see them; and finally I had all I could do to hang on and stay somewhere in the vicinity of the front seat. That really was a ride. Of course I didn't see much of anything, but I felt plenty. For days, yes for weeks, after that breakneck experience I gloried in telling my boyhood companions about the time I went "a mile a minute."

Perhaps we do not appreciate all of our modern miracles. A plane ride at 300 miles an hour somehow doesn't seem to have the thrill that we used to get from herding a model T over a prairie trail at 35.

SOLDIER'S LIFE

... As Soldiers See It

Fort Richardson, Alaska

Wellington Leader,
Dear Mr. Wells:

Today I received a copy of the Wellington Leader from my sister, Mrs. Buddy Gibson of Loco. It has been quite some time since I have read the paper and I was really glad to read it again. I was most impressed when I read R. L. Templeton's letter and found that he was flying for the Canadian Air Force. He was one of my schoolmates at Wellington High School.

I am in the U. S. (censored) and I am proud to be in service for the protection of the greatest country in the world. We are proud of our liberty and we are ready to fight to keep our country safe for democracy.

I am writing as I feel, and I believe most all the boys that I am with feel the same way. I have never been around a bunch of better fellows anywhere than I am with here in Alaska. Most all of us are from Texas. I guess that is the reason we get along so well. We have a lot to think about in this country, but our thoughts always stray back to the States. Letters from our relatives and friends brighten our spirits more than anything else. So we are glad to hear from our friends.

I have said just about all I can say. Almost everything is a "military secret" these days. I would be glad to get the Wellington Leader every week and will be glad to pay for it. Wellington has been my home for a number of years. Most all of my folks have moved away but it will always seem like home.

Your friend,
Nolan Huffhines.

Dear Deck:

I received my first issue of The Wellington Leader this week, and I was sure glad to get it. Being able to read the local news surely does help relieve the monotony of a soldier's daily routine.

I want to thank you and any persons responsible for my getting The Wellington Leader.

The Air Mechanics course here is about four months long. Until I finish I will not be assigned to a permanent squadron.

Very truly yours,
John R. Henard, Jr.

Scrap Rubber Now Important

Scrap rubber can do much toward relieving the present rubber situation, it was pointed out by the rationing board here early this week. Owners of tires worn to the point where they are no longer usable can help relieve this shortage by turning their old tires in through scrap or junk dealers, or any organizations that might be collecting used rubber, Miss Merle Hays of the local office continued.

These tires, if they are very badly worn, cannot be accepted as basic carcasses for retreading or recapping.

It was further pointed out that at present there are many tires on farms now beyond use which could well be used as scrap rubber. This is due to the fact, it was declared, that many farmers mount their own tires at home and simply leave the old ones laying about the place.

In New York City approximately 43,000 pieces of mail a day without street addresses are received.

To Our Customers

An Announcement of Our New Service Plan

Your Gas Company, like all good Americans, is cooperating fully in our government's effort to conserve automobile tires and tubes. The only way this can be done is to reduce the miles of operation of our automobiles.

In carrying out such a plan, the frequency with which calls for service on the part of our customers are taken care of must be restricted.

A plan has been devised whereby calls for service will, in the future, be accumulated and taken care of on a zone basis in order that the maximum number of service calls may be taken care of with the minimum use of automobile equipment.

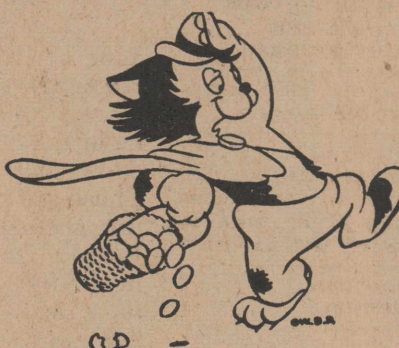

This may lead to some delay in taking care of your call for service, but we are certain that you will be patient and will bear with us in our effort to conform to the nation-wide program of conserving rubber in this emergency.

Louise Terry Weds Dallas Man March 27

A wedding of interest to her many friends here was that of Miss Louise Terry of Dallas, daughter of Mr. and Mrs. Clarence M. Terry of Wellington, to Patterson M. Bouchell of Grand Prairie. The vows were spoken Friday evening, March 27, at the home of the bride's aunt, Mrs. John W. Buster, at 741 South Story, Dallas. Mr. B. J. Ray, minister of the Church of Christ, officiated.

The bride wore a navy blue sheer ensemble with blue accessories and a shoulder bouquet of orchids. She was attended by her sister, Miss Florine Terry, who wore a blue frock with white accessories and a corsage of gardenias.

Donald Bouchell, brother of the groom, was best man.

Ferns and white lilies banked against the fire place formed a background for the bridal party. The music was played by Mrs. E. G. Mathison.

The bride attended school at Wellington where she graduated from high school. For the past two years she has been employed by the Republic Insurance Company in Dallas.

The groom is the son of Mr. and Mrs. P. M. Bouchell of Lampasas and is a graduate of Caperas Cave High School. He is now foreman in the final assembly at North American Aviation at Grand Prairie.

Reception

Immediately following the ceremony a reception was held in the Buster home. The table was laid with a lace cloth and was centered with a wedding cake at which Mrs. Ted Mayes, cousin of the bride, presided. White Easter lilies and tall tapers were used to decorate the table. Presiding at the punch bowl were Miss Janeta Hemphill and Miss Dortha Lester. Mrs. L. D. Hughes was in charge of the guest book.

Following the reception the couple left for a short wedding trip to South Texas. They will be at home in Grand Prairie.

Frances Stevenson French Student At T. S. C. W.

DENTON.—Miss Frances Stevenson of Wellington speaks French, sings French, and eats in French at Texas State College for Women this semester.

Miss Stevenson is a member of a group of 36 students who eats in French dining room at TSCW where they receive practical training in speaking French. The group, composed of second year French students, speaks that language throughout the meal and sings French songs between courses. Dining room activities and conversation are supervised by members of the foreign language department.

Daughter of Mr. and Mrs. J. B. Stevenson, Miss Stevenson is majoring in industrial secretarial studies and laboratory technique and is a sophomore student at the college.

Mrs. H. G. Haning of McLean was here on business Saturday.

Helena Rubinstein

One of the fundamentals of Helena Rubinstein's character is her common sense. Much has been written about this high priestess of American beauty. Helena Rubinstein has more horse sense in the right frontal lobe of her brain than most people have in their whole heads. She has salons in twelve or fourteen cities; her creams, lotions, and other preparations are sold on shop counters the world over—the result of over forty years of hard work.

James Dent Has Tenth Birthday March 25

Mrs. Ralph W. Dent honored her son, James, at a birthday party last Wednesday afternoon, March 25, from 5 to 6:30 o'clock.

After the games the children were served angel food cake and chocolate sundaes. Favors were chocolate rabbits and candy chickens.

Mrs. Leonard Karnes assisted Mrs. Dent in serving and entertaining the children.

Those attending were Ardis and Adell Kern, Peggy and Patty Cornwell, Betty Karnes, Ethra Jean Norman, Waytashua Bounds, Veda Mae Kiker, Patricia Gallia, Mary Beth Dent, Myra Hays, Billy Wayne Karnes, Jimmie and Pat Kern, Phil Handley, Johnny Clark, Billy Dean Janes, Edward Hajek, and honoree, James Dent.

Albert Walker of Texline visited during the latter part of the week with his son, Dave Walker, and his brother, John Walker, in the Needwood community. Mr. Walker came to attend the funeral of another brother, Smith Walker, of Shamrock.

Miss Alamae Moore Bride Of Richard Bailey Sunday, March 29

A wedding of interest of the past week was that of Miss Alamae Moore of Wellington, daughter of Mr. and Mrs. S. T. Moore of Hatfield, Arkansas, and Richard Bailey, son of Mr. and Mrs. Waddell Bailey. The wedding ceremony was held in the home of the bride's sister, Mrs. J. B. Floyd, on Sunday morning, March 29, at 10 o'clock. Rev. J. E. Kirby read the vows before an improvised altar of floor candelabra, white glad-oli, palms and fern. Miss Leota Easterly lighted the candles preceeding the service.

The bride, given in marriage by her brother, Carl Moore of Oklahoma City, wore a navy blue sheer with white trim. Her accessories were of navy blue and her shoulder corsage was of talisman rosebuds. Miss Virginia Neeley, the bride's only attendant, wore a rose crepe dress with navy accessories. Her corsage was of white carnations.

Hiram Cudd attended the groom as best man.

The bride attended school at Cove, Arkansas where she graduated from high school. For the past year she has made her home in Wellington with her sister, Mrs. J. B. Floyd.

The groom has lived in this county all his life and graduated from the Wellington High School. He is now employed at Cochran Drug Store.

Reception

Immediately following the ceremony a reception was held for the bridal party and guests. The dining table was arranged with a bouquet of sweet peas flanked by lighted tapers in crystal holders. The three tier wedding cake was served by Mrs. Tom Bryant and Mrs. Hubert Leach.

The following guests were present for the wedding and reception: Mr. and Mrs. Carl Moore, Oklahoma City, Mr. and Mrs. J. B. Floyd, Mr. and Mrs. Tom Bryant, Mr. and Mrs. Hubert Leach, Mr. and Mrs. Waddell Bailey, Joe Bailey, Miss Leota Easterly, Miss Virginia Neeley, Hiram Cudd, and Rev. Kirby.

Mr. and Mrs. Bailey will be at home at 1104 Bowie Street. Both the young people have many friends in Wellington.

West Ward Hears Program On Safety Thursday

Thursday, March 26, members of the West Ward Parent-Teachers Association met to hear Highway Patrolman Lewis speak on safety. Mr. Lewis pointed out safety measures for every driver to follow.

Mrs. Darwin Nix, president, presided at the business meeting in which members made plans for a food sale next Saturday.

Mrs. K. D. Tinkler's room was awarded the attendance prize for having the most mothers present.

Mrs. Susie Patrick and two children, Robert and Virginia, and Marie Berryman visited in the home of Mrs. C. C. Calloway in Hollis Sunday.

Dorsey-Miller, McDowell-Belote In Double Wedding

A double wedding of the past week united Miss Marcella Miller of Memphis and J. D. Dorsey of Wellington, and Miss Faye Belote of Shamrock and Herschell McDowell of Hollis. The vows were read by Rev. J. P. Neal in parsonage Wednesday evening, March 25, at 9:30 o'clock.

The couples were attended by Mr. and Mrs. Eddie Strong and Virrel Robertson.

Mrs. Dorsey is the daughter of Mr. and Mrs. J. E. Miller, Sr., of Memphis. She formerly lived in Collingsworth County and attended school at Quail and Wellington. The family recently moved to Memphis where they are making their home.

Mr. Dorsey is the son of Mr. and Mrs. Fred Dorsey of Wellington. He attended school at Keller-ville and Wellington.

Mr. Dorsey and Mr. McDowell will operate a shoe shop in Frederick, Oklahoma, where both couples will make their home.

Floyd Teutsch Honored On Birthday Sunday

A surprise birthday dinner was given in honor of Floyd Teutsch Sunday, by his wife in their home at Dodson.

The Easter theme was depicted in the large birthday cake centering the buffet-styled table.

Those attending were Mr. and Mrs. Watt Long, Mr. and Mrs. Wayne Molloy, Janet Penix, all of Hollis, Okla., Mr. and Mrs. E. J. Smith, the honor guest and the hostess.

Texas Industries Discussed At 1924 Study Club

Mrs. Clark Anderson was hostess last Thursday afternoon to the 1924 Study Club for a meeting to discuss "Texas Industries." Each member answered roll call by naming a Texas product.

Mrs. J. W. Wells gave a talk on "The Texas Paper Mill," describing the production from the raw material to the finished product. "Sulphur and its Products" was the title of a factual discussion given by Mrs. Frank Eikenburg. The speakers pointed out the importance of developing the industries of Texas, one of the richest states in the Union in raw materials.

During the business session the members voted to join other study clubs of Wellington in presenting a music week program.

The hostess served refreshments to the following: Mmes. Chester Fires, Morris Wells, Annie Wall, Deskins Wells, W. O. Richards, Frank Anderson, Tom Campbell, Kelly Pigg, J. W. Wells, Frank Eikenburg, and hostess.

Mrs. Walter Starr is visiting in Vernon this week.

D. 1942, in a suit numbered 2061-A on the docket of said court, wherein the said State of Texas, the County of Collingsworth is plaintiff and The Wellington Independent School District and the City of Wellington, Collingsworth County, Texas, are intervenors, and Consolidated Cotton Seed Operating Company, a foreign corporation, and Julia W. Boyd, are defendants. Said suit is a suit to collect taxes, interest, penalties and costs on the following described real estate located, at the time said taxes were assessed, within the boundaries of said county and each political subdivision in whose behalf this suit is brought and described as follows, to-wit:

Southeast 1-4 of Section 81 in Block 19, H. & G. N. Ry. Co. Survey in Collingsworth County, Texas, and being Abstract No. 331, containing 160 acres of land, said taxes in said petition, are alleged to be delinquent, justly due, owing, and unpaid for the respective years and in the respective amounts as follows, to-wit:

1925 to 1941 inclusive, assessed to R. L. Scott, amount \$274.90, together with interest, penalties, costs, charges, and expenses of suit, which have accrued and which may legally accrue thereon, and in said suit.

Each party to this suit and all parties summoned by this writ to appear and answer in this cause, shall take notice of, and plead and answer to, all claims and pleadings then and there and now on file and that may be hereafter and thereafter filed in said cause, by all other parties therein, who have and may file pleadings in said cause.

Plaintiff and (or) intervenors also seek the establishment and foreclosure of the lien securing payment of such taxes as provided by law.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness my hand and official seal at my office in Wellington, Texas, this 17th day of March, A. D. 1942.

Sugar Ration Data Received In Local Office

May 4, 5, 6, and 7, will be sugar ration registration day for more than 10,000 persons who make up Collingsworth County, Gene Lewis, chairman of the county Ration Board reminded this week. Although these dates were announced from Washington last week, no official notice was received by the local board until early this week.

In addition to these dates for registration of consumers, the registering of various businesses will come on April 28 and 29. This latter group will include businesses buying sugar for resale; commercial users buying at wholesale; and institutions such as hotels, cafes, hospitals, orphanages, etc.

Detailed plans of the registration have not come to the local board, Miss Merle Hays of that office, said Tuesday. Neither has the amount of sugar to which each person will be entitled been learned.

Registering will be done by teachers of the county, and school will likely be dismissed on those days that registration is in progress. War ration books will be issued at the time of registration.

Sugar sales will be frozen April 28 for the following week.

All material for registration in this county have been received.

Factors which made necessary the rationing of sugar as outlined by the local office this week included the loss of Philippine markets, lack of transportation facilities; use of sugar to make alcohol to go into war materials; and the necessity of supplying certain of this nation's allies with sugar.

School Science Program April 9

Because of the increased interest in the teaching of science in the elementary schools, a program devoted entirely to this subject will be held in Wellington Thursday, April 9, B. W. Beard, county superintendent, announced this week.

The program will be held in the high school auditorium, beginning at 10 a. m. and continuing to 12:30 p. m., war time.

"All trustees and patrons are urged to be present at this program. It is one of the many programs of its kind being held in the state for the purpose of enlightening the elementary teachers on the possibilities of elementary science in the schools," Mr. Beard said.

The program, as announced, includes the following numbers:

Invocation—L. C. Lehmberg of Wellington.

Panel Discussion, led by J. L. Beard of Wellington.

Problems with which the teacher is confronted in teaching elementary science—Mrs. K. D. Tinkler, Miss Effie Childress, and L. C. Lehmberg of Wellington, Mrs. L. G. Wynn of Cross Roads, Mrs. L. G. Vandagriff of Midway, Alvin Redden of Samnorwood, Mrs. Edna Burdine of Dodson, and Vernon Bullard of Quail.

Elementary Science from the Standpoint of the Superintendent—Jack Davis of Dodson.

Elementary Science and its relation to the War—E. G. Sanders of Samnorwood.

Elementary Science as it Affects the Standardization of Schools—J. C. Jernigan, deputy superintendent of Childress.

Elementary Science from the Standpoint of the Department of Education—Miss Edgar Ellen Wilson.

Summary of the high points of the program—Carl Chaudoin.

not ask for your vote.

Since I have been trying to serve you as your County Attorney I have done nothing of which I can boast, I have simply tried, in my humble way, to do my duty as such officer, and if honored with the office again, I shall continue with the supreme effort to assist in the enforcement of the law and punish the offender, and thus make this a better county in which to live and rear your children. With this in view if you can consistently sponsor a strict law enforcement program, then I humbly ask for your continued support, for this is the only promise I have to make.

Respectfully submitted,
W. M. TUCKER.

loss of the wheels from the Fincher car about 2 o'clock Monday morning, and approximately an hour later Deputy Chester Gunter and Nightwatchman V. L. Williams found the tires removed from Miss Gibbs' car.

These officers patroled the city through the remainder of the night in an effort to catch the thieves, and to protect other cars parked on the street.

No arrests had been made in the case Wednesday, according to Sheriff Bell, but the entire local law enforcement body is working on the case.

Mrs. J. W. Carreker returned Monday morning from Oklahoma City, where she had been visiting her son and daughter-in-law, Mr. and Mrs. Denzil Carreker.

4-H Banquet To Honor Parents On April 9th

The President of the United States has proclaimed the week of April 5th to 11th as National Boys' and Girls' 4-H Club Week. In observance of this date the Collingsworth County 4-H Club boys and girls will have a Victory Banquet with their parents as guests, Miss Rose Erisman, home demonstration agent, has announced.

The 4-H girls are to bring their mothers and the 4-H boys are to bring their fathers.

Local 4-H members will take part on the program with a member of the Extension Service Staff, Miss Onah Jacks, State 4-H Club Agent, from College Station as main speaker. The banquet will be at the First Christian Church in Wellington on April 9 at 8 p. m. Tickets can be obtained from the presidents of the boys' and girls' 4-H clubs in the communities or at the office of either the county or home demonstration agent, Miss Erisman said.

Citizens Demand -

(Continued from Page One)

walks of life be held strictly accountable for "round the clock" production of supplies needed by the men in our armed forces to win this war.

Expressing our confidence in the patriotism of the average workingman and the average executive, we demand that struggles for selfish advantages on the part of either be stopped by the Government. We feel that our leaders should inspect the workings of the 40 hour week carefully and critically and act now. Without recommending just how long the work week should be, we emphatically request that our elected leaders change this law to insure 24 hour production in every plant in the nation.

We will accept no compromise with either Labor or Industry unless they can get an agreement with Germany and Japan that they will fight our boys eight hours a day five days a week.

We demand the immediate prosecution to the limit of the laws the department head, individual or others responsible for such disgusting performances as that of the Jack & Hientz, Inc., contract, or any others of this nature when they occur.

We recommend that for the duration of the war, the status quo regarding open shops and closed shops be frozen, and that strikes, slow ups, and lockouts be prohibited.

We ask that all profits above a living wage be subject to the war effort and that every person of this nation be called upon to do his share of defense work; and that any person or group or organization hindering the advancement of the defense program be subject to the treason laws and (or) that he be sent directly into the military forces or be sent directly into defense work.

We specifically request the abolition of all Government expenditures not essential to the winning of this war.

We believe that Congress should remain in session for the duration of the war and that all else should be subordinated to the winning of the war.

We want unity of action, unity of our people and courageous, impartial leadership devoted to one thing only and that thing is VICTORY.

Elmore Dodson, who came to Collingsworth County in 1883, was the first to speak from the crowd. "I'm not 100 per cent in this thing, I'm 150 per cent," he said. He reminded his listeners that the pioneers did without many things. Their children can do it, too.

George Richards, another pioneer, made a patriotic appeal and urged the entire group to do its part.

Turning to the things at hand, Judge Luther Gribble, a member of the Draft Board, spoke: "It's hard to take your neighbor's boy and put him in the army if you know there won't be any equipment for him."

Roy Horn, a veteran of the first World War, urged the people to stay behind their leaders, and to express confidence in them.

"Things have gotten into a pretty big mess and that's why we are here tonight," stated S. R. Pinkston. "We shouldn't excuse Labor for what it is doing. It is a question of who is larger, Labor or the nation. You can't handle a situation like this with gloves on." He cited Labor's de-

mands and commented, "The money for these demands has got to come out of your jeans and mine."

Mrs. W. W. Sugg, after presenting a letter from Senator O'Daniel, suggested that if Labor won't work, send them into the army and let those work who will.

Hugh Longino, veteran mail carrier, said: "There are few faces here I don't know, and I know that most of us think alike. We want our leaders to know we are backing them."

A. L. Nowlin, who spoke immediately following the introduction of the resolution, urged that more teeth be put in this resolution. "We don't know about labor. There are men in the north who are praying that they had their business in this section of the country. . . Our leaders need to be told what we think, but right now someone else has their ear."

Francois de Brouillette, nationally known painter and a former resident of this county, commented pointedly: "You couldn't hold this sort of meeting in the north or the east without being called Bolshevik or some such name. This land through Texas and Oklahoma and Kansas is free and you'd better keep it that way." He pointed out the right of the people to bring their representatives to Washington back home and in meetings such as the ones in session make them answer what they are doing in Washington.

Last speaker from the crowd was Mrs. G. N. Scruggs, who returned recently and who described the Douglas Aircraft strike, which she inadvertently witnessed. "The

strikers weren't like people. They were more like wild animals," she recalled. She told of the necessity of calling in the army before the strike could be broken. "That is my experience with strikes, and I think there should be force to break them."

Mrs. Vaughna Dorsey of Dallas arrived Monday morning to visit her parents, Mr. and Mrs. John Daffron, and her son, J. D. Dorsey, Jr., of Samnorwood.
