Historical Dedication Set At Trickham Sunday, July 7

Final plans have been made for the dedication of the Texas Historical Marker near Trickham next Sunday, July 7, announces Hurschel Dunn, Coleman County chairman. The marker will be unveiled at the Fiveash Cemetery, two and one-half miles southwest of Trickham, in memory of Bill and Elizabeth Williams who settled at Trickham in the middle 1860's. The Fiveash family came at the same time, Lucinda Fiveash being a sister of Elizabeth Williams.

The dedication service will be at the Trickham Union Church at 6 p.m. that day. Mrs. Bill Sneed, secretary of the Coleman County

committee, will give the welcome, and Glenn Mitchell of Coleman will introduce the Williams and Fiveash descendants who are expected to come from several states for the occasion. Larkin Eugene Williams of Porterville, California will give the response, and Mrs. C. D. Bruce will tell the life of Mukewater Bill and Elizabeth Williams. The historical marker at the cemetery will be unveiled by the California man.

Following the program a sandwich supper will be served at the Trickham Community Center catered by a Coleman restaurant. The public is invited to attend.

The Williams family will meet at the Santa Anna Community Center, the former Armory building, for a catered lunch at noon Sunday. Many of them have never met, and they will spend the afternoon visiting and sightseeing along the Mukewater where their forefathers settled about 110 years ago.

People in this area are invited to attend the dedication and other activities at Trickham Sunday afternoon.

GRANTS AND LOANS

CTCC, HPC offering educational investments

One of the most important investments of time and money that you can ever make is in obtaining a skill, a vocation or trade or career.

Many persons fear they cannot afford the tuition, books and other necessary expense of further education.

"Before you decide you can't afford it—think about some figures released by the U. S. Department of Labor which state that the graduate of a single year at a trade, technical, or business school can earn, in a lifetime, between fifty and one hundred thousand dollars more than will be earned on the average by a man or woman with high school

diploma only!" said Martha Day, administrator at Central Texas Commercial College.

Almost anyone wanting an education can get one with the federal assistance programs, she said.

Whether a student is eligible for assistance, and how much, is determined by the need of the particular student. Each case is

different. The school makes an evaluation of the individual, privately, and impartially. The programs described have their guidelines set by the U. S. Office of Education.

The federal financial aid programs which the school makes

available are the Federally Insured Student Loan (FISL), and the Basic Educational Opportunity Grant (BEOG).

The philosophy of most school is to help every eligible student receive aid through the Basic Educational Opportunity Grant, Mrs. Day said.

When the Grant does not cover all the expenses of the student—or a Grant has not been received—the family is then encouraged to cover the tuition through payments. However, many families are unable to finance post-secondary education without at least some assistance.

In these cases the school will apply its efforts within federal guidelines to obtain access for the student to a Federally Insured Student Loan, she explained.

After getting a loan or grant, the chief responsibility of the student is to maintain full-time attendance, and to diligently work toward his or her educational goal, said Mrs. Day.

The student is also expected to sign in the presence of a Notary, that any funds received through the BEOG program will be used only for educational expenses.

Howard Payne College now has four federally assisted student aid programs in effect, according to Student Aid Director Jim Valentine.

on a 3 percent simple interest note. This used to be the National Defense Student Loan which includes a teacher cancellation option allowing 10 per cent debt cancellation each year up to five years for all graduates who became teachers.

The new loan only allows the cancellation to those teachers who are instructing the retarded and handicapped children.

A second loan is the Federally Insured Student Loan whereby a student is advanced the money.

The wedding vows of Sylvia Louise Bays and Lt. Raymond Francis Hoad were solemnized at 8:00 p.m. Saturday, June 29, in the flower banked sanctuary of the Southside Christian Church in Tulsa, Oklahoma. Reverend Harold Herndon performed the candlelight ceremony.

The bride is the daughter of Mr. and Mrs. Clyde V. Bays of Wheaton, Illinois, and is the granddaughter of Mrs. Mary Morrow of Santa Anna, and of the late Judge and Mrs. John F. Sutton of San Angelo. The bridegroom is the son of Mr. and Mrs. F. W. Hoad of Enid, Oklahoma.

The bride wore a gown designed by Christos of Chicago and made of white peau de soie with pearl-embroidered bodice and Alencon lace appliques on the train. Her cathedral-length mantilla veil of French illusion, handmade by the bride's sister and mother, was edged in matching and pearl-embroidered Alencon lace and trimmed with lace rose

medallions outlined with seed pearls. She carried a nosegay of pink sweetheart roses, white carnations and baby's breath. As she was escorted down the aisle by her father, the bride paused to present a rose to her mother, and immediately after the ceremony, gave a rose to the groom's mother.

Miss Sharon Bays, the bride's sister, was maid of honor. Bridesmaids were the Misses Jennie Hoad, of Enid, sister of the bridegroom, Meme Drumwright of Fort Worth, and Cyndy Washburn of Tulsa. They wore identical gowns of pink chiffon with deeper pink sashes and large round collars edged with lace roses. She carried a small basket of pink roses. The maid of honor carried a nosegay of pink sweetheart roses, and the bridesmaids carried single pink Duchess roses with pink satin streamers.

The groom's brother, Alan Hoad of Enid, served as best man, and the groomsmen were Clyde V. Bays Jr., the bride's brother, John McLaughlin of Oklahoma City, Oklahoma, and Lt. Robert Morgan of Minot, North Dakota. Jeff Bethell, Tulsa, was ringbearer.

MUKEWATER BILL WILLIAMS EARLY TRICKHAM SETTLER

Mukewater Bill and Elizabeth Williams settled at Trickham in the middle 1860's. The Fiveash family came at the same time. Lucinda Fiveash being a sister of Elizabeth Williams, and soon afterward their parents and a brother, named Bowles, built cabins and lived nearby.

Williams received the nickname because while he lived on the Mukewater, another Bill Williams had settled on Sand Creek, over in Brown County; this was the Williams whose wife and children were killed by Indians in 1871.

Mukewater Bill and Elizabeth soon helped to start a school in an empty cabin. John Chisum had herds by the thousands still in the Mukewater valley, though he moved to the Concho in 1872. Through the years the Williams family were leaders in the

protection and development of the Trickham community. Both died the home of a daughter in Coleman in the late nineties, and are buried in the Fiveash cemetery which was started in 1876 when every member of the Fiveash family living at home died of smallpox except a son, Dick.

In preparing her first book, Trickham, Texas, the information gathered by Mrs. C. D. Bruce led to her placing the Williams story first and using taintypes of the couple on the frontispiece. Among her interviews were one with a Williams granddaughter, Mattie Ellington Gaston of Cranfills Gap, and other descendants, several of whom will attend the gathering at Trickham on July 7.

The dedication service will be at the Trickham Union church at 6 p.m. that day.

Local People At Convention In San Antonio

Each day's program closed with a street dance in front of the Alamo and down the street in front of the Menger Hotel.

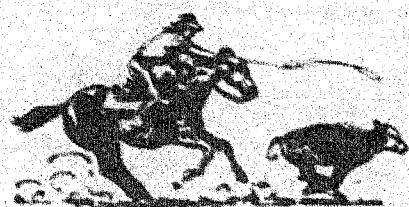

The weekend convention was the largest square dance convention ever held and the largest convention to be held in San Antonio. The 1975 convention will be held in Kansas City.

Charlotte Moseley and Mrs. C. M. Moseley joined Jay Lynn in San Antonio Friday night and they all returned home Sunday.

Mrs. Ethel Bobo accompanied the ladies to San Antonio where she was met by a relative from Pleasanton with whom she visited until Sunday.

HIGH AS AN ELEPHANT'S EYE... L. E. Storey is shown with an 11 foot 6 inch stalk of corn which he grew in his garden in Santa Anna. The impressive stalk only produced one ear of corn, and the corn in the background was also light producing. Watered by a well in the back yard at their home, the corn all turned to stalk, according to Mr. Storey.

Grant Program Is Available For Education

Students who need money for their education after high school may now apply for Basic Educational Opportunity Grants for the 1974-75 academic year.

The \$475 million available is expected to provide grants ranging from \$50 to about \$800 with an average grant of about \$475.

Although limited this year to full-time students who began their post-secondary education after April 1, 1973, the program is expected to benefit an estimated one million students who might otherwise be unable to continue their education. Along with other Federal programs of student financial aid, the Basic Grant Program marks significant progress toward the Administration's ultimate goal of making post secondary education available to all young people who desire it.

Under the Basic Grant Program, students in financial need may obtain funds to help pay their educational expenses at any approved college, university, vocational school, technical institute, or hospital school of nursing. The amount for which a student is eligible is based on a formula annually developed by the U. S. Office of Education.

To apply for a Basic Grant, an Application for Determination of Basic Grant Eligibility, must be obtained, filled out, and mailed to BEOG, P.O. Box 2264, Washington, D. C. 20013. Within a month the student is notified of the amount of his eligibility index. He then submits this notification to the school of his choice, which calculates the amount of the Basic Grant to which he is entitled.

Forms are available at the City Library for local students wishing to apply.

AARP Members Enjoy Trip to Hill Country

Forty people from Santa Anna and Bangs went on a bus trip last Friday to the Hill Country for a day of sightseeing. The trip was sponsored by the American Association of Retired Persons local chapter.

The group left Brownwood at 7 a.m. Friday and stopped in Lampasas for coffee at mid-morning. They were in Johnson City for lunch before touring the LBJ Park, Johnson Ranch, and childhood home of the late President Johnson.

Enroute home the group visited Fredericksburg, Wirtz Dam and Kingsland. They arrived back in Brownwood at 7 p.m.

Those who attended reported a very enjoyable day.

Trickham News

By Mrs. Oscar Boenicke

The dedication service for the Bill Williams marker will be held at 6 p.m. Sunday, July 7, at the Trickham Union Church. This will be followed by the unveiling at the Fiveash Cemetery.

Larkin Williams, a great-grandson from California, will unveil the marker. Following that there will be a catered sandwich supper at the Trickham Community Center about 7 p.m. The price will be \$1.50. The public is invited.

The Williams family is expecting about 200 of their relatives here.

Frances Cox and daughter June from Flagstaff, Arizona spent Friday night with his sister and family, the Felton Martin family. Others there were Betty's sister, Maxine Kellar of Lake Brownwood and her family, and her mother, Mr. and Mrs. John Crawford of Goldthwaite. Also Ann Martin came home for the weekend from Lubbock, and Janice and Delbert Snow of Brownwood were there Sunday.

Mr. and Mrs. Del Ray Stacy and family came in Thursday from California and their furniture came in by trucks Saturday. We are glad to have them in our community. Also Brenda Hammonds returned home with them after visiting them in California.

The Oscar Boenicks enjoyed a tour last Friday with a group of AARP members and others -- 40 in all -- who took a chartered bus from Brownwood to Johnson City and other places of interest. We took a tour over the Johnson Ranch and State Park and visited three of the Johnson homes there, the cemetery where President Johnson is buried with other members of his family. We also saw the little school house where he went to school and the church house where he attended services. We saw the Texas White House where they lived until his

death but we did not get to go in it to visit.

We saw lots of good water in rivers and lakes and wished we could bring some home with us.

We stopped in Fredricksburg on the way home and returned to Brownwood at 7 p.m. Everyone seemed to enjoy the tour, and we had a beautiful day for it. We had a good air-conditioned bus and a good bus driver.

Several from the Trickham Community attended the Cowboy Camp Meeting between Santa Anna and Coleman this past week. We did not get to attend this year. We are glad to hear that they had a good meeting.

Tom Guthrie of Abilene visited the Bill Vaughns Wednesday afternoon and David Stacy visited with them Sunday evening.

Saturday morning R. C. Smith of Santa Anna visited the Grady McIvers and had lunch with them. Saturday afternoon the Grady McIvers went to Midland to visit the Royce McIver family and Mr. and Mrs. Artie Smith and baby. They came home Sunday evening.

Louis Boenicke, Oscar's brother, has been in the Brownwood Community Hospital about two weeks. He will be taken to an Abilene Hospital for cancer treatment Tuesday morning in an ambulance. We visited him Sunday evening.

Lea and Loyd Mock, Jennie and James of Post visited the Buck Mitchells over the weekend and Jennie stayed for a longer visit with her grandparents.

Lela Hays and Boots Walker of Santa Anna visited the Jack Dockerys Wednesday night awhile.

Ora Stacy and Oma Lee Dockery visited their father, Oll Martin, at Santa Anna Monday and took him out to eat dinner at Coleman to celebrate his 86th birthday. He is in pretty good health and lives by himself in

Santa Anna.

The Pat McShan family, Pat, Roberts, Cindy and Pat Jr., spent the weekend with Russle James. Russle is having a birthday dinner for her two sisters, Yative Cole and Lyndall Moore, Wednesday at her home and will also have their brother to eat with them.

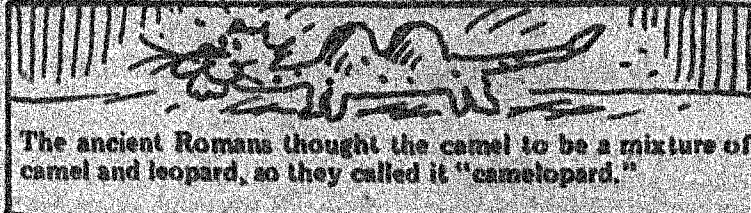

Maud Lovelady of Santa Anna is visiting her brother, Leston Cozart, this Tuesday. She drops in often to help him out.

Last Tuesday the Quilting Club met with 16 ladies present. We finished a quilt for Russle James and we will quilt again this Tuesday to try to get out a very pretty one for Dorothy Petty.

VFD Auxiliary Has July Meet Monday Night

The Ladies Auxiliary of the Santa Anna Volunteer Fire Department met at the First Hall on Monday night, July 1. Four new members were greeted in the group. They are Vivian Chaffin, Bonnie King, Lisa Williams and Jo Jones.

Mrs. Bill Storey conducted the business meeting. Following the meeting homemade icecream and cake were served to the ones mentioned and also Mmes. Freddie Dodson, Dale Bradley, Bill Griffin, W. M. Price and Lee Ray Huggins. Men of the VFD joined the ladies for the icecream social.

Dear friends,

When pain arises it is not unusual to try to ease it by taking drugs or tranquilizers. The death of a loved one is painful to survivors, but by taking tranquilizers, we only postpone the facing of our grief and interfere with the natural expression of anguish at the loss of a loved one, thus delaying the readjustment that must be made.

Tranquilizers should be used only under a doctor's direction. Respectfully,

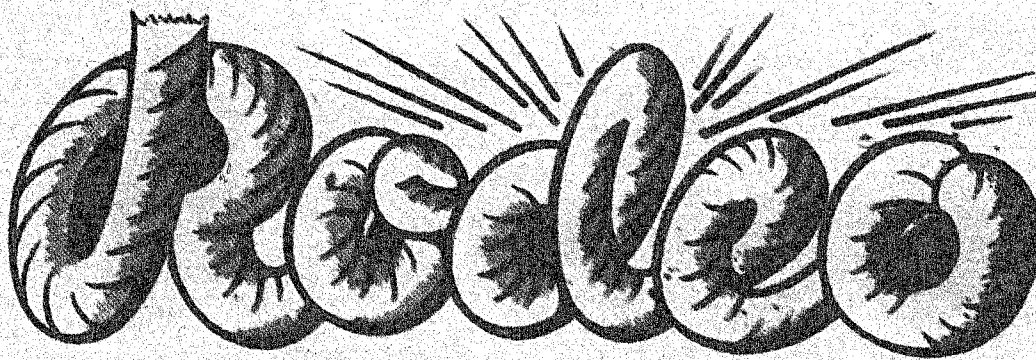

Bonnie M. Henderson

Man Known Here Joins HSU Staff

A Grosvenor native, Dr. Ray A. Jennings, will join the Hardin-Simmons University faculty this fall as an associate professor in geology.

In announcing the appointment, Dr. Jim E. Tanner, dean of faculties, said the addition of Jennings to the staff would bring the Department of Geology up to full strength.

Dr. Jennings, a graduate of H-SU, will be associated with one of his former professors, Dr. Earl Harrison, who is professor in geology and chairman of the department.

Dr. Jennings will come to H-SU from East Carolina University, where he has been chairman of the Department of Geology since 1970, and a member of the faculty since 1968.

Jennings was an honor graduate of H-SU in 1958, with a B. A. degree in geology, and served as a laboratory assistant during his senior year.

He was teaching assistant at Texas A&M University while earning his M.A. degree in 1960, and a research assistant while studying for a Ph.D., which he earned in 1964. He also was an instructor in National Science Foundation summer institutes at Texas A&M.

Dr. Jennings was an exploration geologist for Mobile Oil Corp. in Houston and Corpus Christi from 1964-68. He has written numerous articles for publication in professional journals.

Dr. and Mrs. Jennings and their two children moved from Greenville, N. C., to Coleman earlier this summer, and plan to move to Abilene before the fall semester opens.

35 Years Ago ... in The News

The following stories are from the July 7, 1939 issue of the NEWS:

The Santa Anna High School Band, chaperoned by Miss Frances Merritt, was in Brady July 3 to assist that city in the opening of their annual July Jubilee.

Twenty-eight of the thirty eight members of the band made the trip including drum major Dorothy Ross and assistant drum major Wanda Sanders.

Due to the fact that the band is only three years old and the band director, Mr. Willis, is on vacation, it was a very busy day for the young folks.

Over a million pounds of wool and mohair were produced and sold in Coleman County during the 1939 season. An average of 21 cents a pound was received. A little less than half a million pounds remain unsold in the four warehouses in the county.

Coleman is all set and ready to entertain the people at its fourth annual rodeo beginning July 12 and continuing through July 15.

Tops in broncs from Red Lyons' famous string of stock and tops from the famous penitentiary line will be used for riding and bulldogging and the Rodeo Association is featuring fifty head of Black Angus calves bought at an exceedingly high price to be used in the tie-down calf roping event. To our knowledge this will be the first time Black Angus calves have been used in West Texas.

County School Superintendent Terrell Graves received a letter last week stating that 12 county schools had received standardization of the 1939-40 school term. Four of the 12 were given permanent standardization.

Schools on the permanent list are Cross Roads, H. Martin, principal; Junction, Mrs. W. A. Wilhite, principal; Shields, A. B. Carroll, principal; and Silver Valley, Mrs. K. M. Croom, principal.

The other eight schools and their principals are Cleveland, J. D. Harper; Goldsboro, T. R. Damron; Indian Creek, Mrs. Ruth Lindsey; Liberty, Mrs. S. H. Duggins; Loss Creek, Mary Folk; Makewater, Winnie Cathey; Trickham, C. D. Finley; Whon, J. B. Shannon.

Talmadge A. Turner of Santa Anna has received notice that he has been accepted by John Tarleton College as a student for the coming year.

According to a telegram from Senator Tom Connally to Mayor George M. Johnson, President Roosevelt has approved a WPA project for Santa Anna that carries \$46,521 for the improvement of the city's streets.

The project includes grading, draining, surfacing, constructing curbs, gutters and sidewalks, and operation of sand or gravel or

caliche pits for the production of road materials.

Some red tape will probably have to be unwound and it will take some time to clear the decks for action.

The work to be accomplished under this project will place all Santa Anna streets in a very satisfactory condition.

Shook shifts company leaders

The Shook Tire and Supply Company has made some shifts in its management with the founder and former president Melvin C. Shook becoming chairman of the board of directors and H. L. Cotham of Dallas succeeding him as president of the 19-store chain both promotions were effective as of July 1.

"The first six months of this year has seen us far exceed sales records for any other like period in the history of this company," said Shook.

"We're anticipating even better months ahead, and feel the expertise and experience to be offered by Mr. Cotham will be very instrumental in the realization of our projected sales."

Ray Shook, company vice-president, is to be supervisor of the southern division stores, and vice-president G. V. Fulton is to be supervisor of the northern division stores.
