[illegible] grown on petroleum offer the greatest promise for a new resource for global food supplies, according to the members of the Texas Section of the Institute of Food Technologists.

They cited as other future food sources cellulose, cultivated sea farms producing seaweed and algae, as well as edible species of fish, and coal, sunflower seed and soy bean protein.

They are looking at projections of food requirements for the global population expected by the year 2000, which is expected to be twice that of today.

The Scurry County Junior College district's experience with the bond market is a good example of how the national money situation can affect a local project.

When the election was held last November to create the junior college district here and to set a tax rate and issue bonds, it was calculated that the bonds might sell for around five per cent. That figure would have been rather liberal at the time the election was being planned. But, the money situation has changed drastically in the intervening months and now the college district financial adviser doubts that the bonds could be sold at 6½ per cent interest.

There is another factor involved, and that is the rating of the bonds. The district can enhance this by providing a better potential tax support, and this, in turn, could bring down the interest rate.

Anyway, the precarious situation prompted the college district trustees to take some immediate action and now they have the recommendation and pledge of support of the steering committee for an election to correct the problem. And this, of course, is the time to do it — at the very outset. Otherwise, the college might get off to a shaky start which could affect its operations for years to come.

San Marcos Hit By Flashfloods

By THE ASSOCIATED PRESS

Torrential downpours caused flash flooding in South Texas this morning, forcing 50 persons from their homes in Hondo and sending National Guardsmen with boats to evacuate residents in San Marcos.

The Weather Bureau warned of possible tornadoes along the Gulf Coast in the Houston region.

Hondo recorded rainfall of up to nine inches which turned streets into rivers and flooded homes in the Mexican-American section.

Purgatory Creek in San Marcos, a normally dry ravine, overflowed and flooded homes in low areas. The National Guard came to the rescue of stranded residents in boats.

Two Department of Public Safety officers in a patrol car had to be rescued about five miles out of San Marcos where they were stranded in rising waters. Rainfall, which by mid-morning was measured at up to five inches, continued to fall.

Heavy rainfall in Austin and the surrounding area produced some flash flooding of the smaller creeks over low water bril-jpnoo2e roadways with poor drainage. The Weather Bureau said the damage of flash flooding was greatest in Hays, Blanco and Gillespie counties.

The Weather Bureau issued a severe thunderstorm watch for portions of South Central and Southeast Texas. The threat included the possibility of large hail and damaging winds from 11 a.m. until 5 p.m.

The greatest threat was in an area along and 70 miles either side of a line from 70 miles west northwest of Brownsville to 60 miles northeast of Houston.

A torando warning was issued for Houston and portions of Brazoria County (Angleton) lasting until 9:30 a.m. A funnel cloud, moving northeasterly, was reported between Manvel and Pearland, 20 miles southeast of Houston.

A funnel cloud also was seen near the Astrodome in Houston.

Flood threats followed the heavy rains in Southwest Texas. The Weather Bureau issued a warning that thunderstorms with strong gusty winds, heavy rainfall and some hail, would increase in an area from Austin eastward to Lufkin and southward to the middle and upper Texas coast.

The flood warning was for the tributaries of the Guadalupe River in the New Braunfels area and Comal County, and for the Frio River south of San Antonio. The Weather Bureau reported rains of 4 to 5 inches on the watershed of the Frio River, which flows near Rocksprings, Leakey, Uvalde, Pearsall and joins the Nueces at Three Rivers.

The Highway Department said six inches of rain fell at Kerrville in a 13-hour period. The department said U.S. 377 was closed southwest of Junction and in Kimble (Junction) and Edwards (Rocksprings) counties, and Texas 57 was closed in Zavala County (Crystal City) because of high water.

Some other rainfall totals to 7 a.m. today included Austin 2.13, Cotulla 1.41, McAllen 1.30, Alice 1.26, San Antonio .96, San Angelo .94, Abilene .74 and Childress .71.

The severest weather was reported in Southwest Texas before midnight Thursday. San Antonio reported several funnel clouds in its area.

Hondo, about 20 miles southwest of San Antonio, had one of its worst storms as golf ball-size hail fell. Heavier hail and rain accompanied the storm and caused some flooding in the area.

State police at San Antonio reported that Farm Road 462 between Tarpley in Bandera County and Hondo in Medina County flooded, several cars were trapped.

There were no injuries reported.

Cleanup Operation Continues

By TOM DeCOLA
Associated Press Writer

LUBBOCK, Tex. (AP) — Gusty winds and a tornado watch kept storm-shy Lubbock on edge Thursday night while it made strides toward restoration following a keller twister.

Cleanup crews fought the debris and damage caused by the storm that killed at least 21 persons.

Power and water were brought to satisfactory levels, but a return to normal for those utilities appeared impossible by the weekend.

Although tornadoes popped up in much of West Texas on Thursday night, no severe storms hit Lubbock.

Damage estimates still ranged between $100 and $200 million from the gigantic funnel that ripped apart a quarter of the city Monday night.

Most major roadways were cleared, and officials were hopeful that the stricken downtown area could be opened up Friday. Barriers manned by Texas Department of Public Safety personnel kept the curious out of the downtown area.

Sen. Ralph W. Yarborough, D-Tex., visited the area Thursday and announced he would ask for legislation to expand aid to storm victims. President Nixon already had included Lubbock in a declaration of Texas disaster covering recent tornadoes in the Plainview-Clarendon area as well as the Lubbock twister.

Two Killed In Campus Protest

By THE ASSOCIATED PRESS

A barrage of police gunfire killed two Negro men and wounded five others today as they stood in front of a women's dormitory at predominantly Negro Jackson State College in Jackson, Miss.

It was not immediately known whether the victims were students. City police and state troopers had gone to the campus to investigate complaints from passing motorists that rocks were thrown at their cars. Students said the rocks had been thrown by nonstudents.

Police said they opened fire after someone fired at them from the building. National Guardsmen were in the area with unloaded weapons but not at the scene of the shooting.

Witnesses in Jackson today said the policemen confronted a crowd of men standing in front of the dormitory and opened up after hearing a sound like a shot or a firecracker.

Neither police nor the college issued a statement on the shooting or the cause of the rock throwing.

There has been discontent on the campus for some time, with many students claiming too many blacks are sent to Vietnam immediately after graduation.

After the shooting, students screamed at the policemen from windows of other dormitories while students in front of the building dropped to the ground to take cover.

N-Viets Stepup Cambodia War

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — North Vietnam and Viet Cong troops stepped up their military pressure today in Cambodia outside their hard-hit eastern sanctuary area. The main target was the largely untested Cambodian government forces.

U.S. B52s hammered at enemy supply trails and depots in eastern Laos, jammed with war materiels kept out of Cambodia by the allied offensive, informed sources said.

But concern mounted in Phnom Penh, the Cambodian capital, over new action by the Viet Cong and North Vietnamese.

The enemy forces took control of a town across the Mekong River from the important provincial capital of Kompong Cham, 45 miles northeast of Phnom Penh, a Cambodian general said. He reported two Cambodian battalions "missing."

Brig. Gen. Phan Moeung, commander of the 1st Military Region, said three Cambodian companies were still fighting north of the town of Tonle Bet but he did not expect them to hold out. It was feared the road to Kompong Cham would be cut.

Farther northeast, the Viet Cong opened a drive to capture Stung Trend, near the Laotian border. The drive was mounted from the provincial capital of Kratie, already in Viet Cong hands.

North Vietnamese forces struck at Limphat in Rattanakiri Province in the Northeast, in southwest Cambodia government troops were forced out of an area north of the Gulf of Siam port of Kep near the border with South Vietnam.

South Vietnamese troops scored a success with the smashing of North Vietnamese battalion near the vital ferry crossing of Neak Luong. Prisoners said enemy forces had planned an attack tonight on Prey Veng, 30 miles southeast of the Cambodian capital.

All of this activity was outside the enemy sanctuary area in eastern Cambodia, where U.S. and South Vietnamese troops on a dozen fronts continued their drive to destroy enemy stores of ammunition and supplies.

Informed sources in Saigon said the drives into eastern Cambodia have restricted the enemy's efforts in South Vietnam. Thus far, the allied commands said, the drives have killed 7,200 North Vietnamese and Viet Cong troops, captured 11,731 weapons, hundreds of tons of ammunition and 2,500 tons of rice.

The sources reporting the B52 attacks in eastern Laos said the allied drives in eastern Cambodia had deprived the enemy of many bcase camps at the end of the Ho Chi Minh trail.

The sources said the supplies were backed up in Laos because allied operations on a dozen fronts inside Cambodia have deprived the North Vietnamese and Viet Cong of many base camps at the end of the Ho Chi Minh trail.

"All those supplies are moving from North Vietnam and there's no where to put them," said one source.

The sources said the raids extended from south of the Mu Gia pass in North Vietnam along more than 200 miles of the Laotian frontier. They were the heaviest in the Laos panhandle in two weeks.

Scores of smaller Navy tactical fighter-bombers flying off three 7th Fleet carriers in the Gulf of Tonkin also raided supply routes and depots in Laos.

The allied commands began pulling additional forces out of Cambodia and switching others around to explore previously untouched zones.

The U.S. Command announced that elements of a brigade task force of the U.S. 25th Infantry Division maneuvered from the western front of War Zone C northwest of Saigon 40 miles northeastward toward the Cambodian town of Mimot on Highway 7.

The 1,500 American troops joined another task force exploring an area about eight miles long and four miles wide.

South Vietnamese headquarters announced that thousands of infantrymen had been withdrawn from another front in Cambodia bordering the western Mekong Delta.

The allied drives in Cambodia also have restricted the enemy's efforts in South Vietnam, informants said.

Census Report Down

First preliminary reports on local census figures were reported this morning at 10,722 for the city of Snyder and 15,115 for all of Scurry County, Mayor Bobby McCormick announced.

McCormick said that final figures would not be released until next November and that he believed that a number in Snyder and Scurry County had not been tabulated yet. The partial figures announced this morning are some 3,100 less for the city and about 5,000 less for the county than the final figures for the 1960 census.

McCormick said that district census officials said that a survey over the entire Lubbock district indicated that about 95 per cent of the count was in. However, McCormick said he believed that substantially less than 95 per cent of the count here had been tabulated.

"I know we were hard hit a few years ago, but we know we have made progress in the past two years," McCormick said. The 1969 estimate of Scurry County's population by the Texas Almanac was a little over 14,000. McCormick said he had expected Snyder's population to be around the 12,000 mark and that it possibly would approach that figure in the final tabulation.

Post Office Hours Change

Changes in window service hours at the Post Office were announced today by Snyder Postmaster H. D. Moreland.

Saturday window service be discontinued at the facility effective May 23, the Postmaster reported. At the same time, he announced plans to extend the Friday afternoon service hours until 6 p.m. to accommodate the working people who depend on Saturday service because of the present 5 p.m. closing hour.

The need for Saturday service has declined at this office, Moreland stated. It is felt that manpower can be utilized by extending Friday afternoon's service hours.

The postmaster said the new service policy would better meet the public's needs and help achieve greater efficiency and economy in all local postal operations.

Area Chilled By Snappy Cool Front

A snappy cool front sent thermometers tumbling in the Snyder area early today.

Also, the area picked up a small amount of additional moisture as the front moved through in the early morning hours, sending the mercury down to a 54-degree reading. The official rain gauge at the city water plant logged .06 inch.

Jets Downed In Dogfights

By HAL McCLURE
Associated Press Writer

TEL AVIV (AP) — Israeli pilots claimed shooting down three Soviet-made Egyptian MIG jets in dogfights over the Suez Canal today.

By Israeli account, two MIG17s were shot down in morning battles over the blocked waterway and a MIG21 shortly after noon.

All three planes were seen falling in Egyptian territory, the military command said here.

The MIG21 had "attempted to interfere" when Israeli planes were on a bombing and strafing mission against Egyptian military targets along the central sector of the canal, a spokesman said.

It was the second Israeli raid of the day and followed two Egyptian strikes.

All Israeli aircraft returned safely, the spokesman said.

Israel started the action with a bombing and strafing attack on Egyptian military targets in the southern and central sectors of the 102-mile-long waterway.

Egyptian warplanes then struck back in the northern sector of the canal.

An hour later, according to the military command, Israeli planes intercepted attacking Egyptian MIG17s, shooting down two.

The military command said Israel suffered no casualties in the Egyptian raids.

In other action, the command said Gesher Hasiv, a kibbutz four miles south of the Lebanese border, was shelled from Lebanon during the night. Mortar shells also fell on border settlements at Yardena and Kfar Rupim in the Beisan Valley.

The command said the Israelis returned the fire and sustained no casualties.

Israel announced Thursday that an Egyptian missile boat sank a 70-ton Israeli fishing trawler in Mediterranean waters not far from where the destroyer Elath was hit and sunk in 1967.

A military announcement said the fishing trawler Orit was hit Wednesday night 11.3 miles north of the occupied Sinai Peninsula. The four crewmen were reported missing. An announcement said the "chances of finding them are slim."

The Elath was hit on Oct. 21, 1967—also by ship-launched missiles—and 51 crewmen were killed when it sank.

Three days later the Israelis retaliated with a devasting raid on Port Suez oil installations.

The military announcement said the Orit was apparently hit by an Egyptian missile while fishing off the Bardawil lagoon in the Mediterranean. Explosions and flashes of light were heard and seen in the area.

Israeli search vessels found only pieces of the ship, a buoy and lifebelts.

In Amman, an El Fatah spokesman claimed its guerrilla forces Thursday fired rockets into the Israeli town of Beissan, south of the Sea of Galilee, scoring direct hits on a factory.

He'll see her true face soon enough

By Abigail Van Buren

(C) 1970 by Chicago Tribune-N. Y. News Synd., Inc.

DEAR ABBY: I have been engaged to a wonderful girl for over a year. A week ago I called on her unexpectedly, and to my surprise, she refused to see me, and told me to come back in half an hour. She explained later that she wanted time to put her make-up on.

We plan to get married soon. Abby, I love her with or without make-up. Why won't she let me see her like she really is? ROME, ITALY

DEAR ROME: Before the honeymoon, most girls "make-up" and kiss. After the honeymoon they kiss and make up. Don't pout. You'll see her "like she really is" soon enough.

DEAR ABBY: My husband had a birthday last week and the children and I spent the afternoon baking and decorating a birthday cake for him.

When he came home that evening he told us he had already had a birthday "party" at the office. The children looked so hurt, and I was mad!

It seems the "girls" in his office took it upon themselves to give him a birthday party with cake and ice cream and all the trimmings.

If they want their boss to know they "remembered" him on his birthday, why don't they just buy him a nice card and have everybody sign it?

I told my husband I was going to call his office and tell his "girls" how I felt about this, but he wouldn't let me. However, he didn't say I couldn't write to you because I didn't ask him.

Do you think I am making too much of this? And is there some way to stop this asinine practice? HURT WIFE

DEAR HURT: Yes, I think you are making "too much" of it, and there is NO way to stop this practice. [I wouldn't call it "asinine."] Your husband's "crime" wasn't eating his cake and having it, too, it was his lack of judgment. Knowing that you're the kind of woman who might become upset over something like this, he should have kept his mouth shut and spared you the anguish.

DEAR "CAN'T SLEEP": It is not too late to profit by your mistake in not being more thoughtful to your mother while she still lived. She does not need you now, but there are homes filled with old folks who would thrill to be paid a little regular attention. Drop in with a few flowers from your garden, magazines you only stack up or throw away, some home made goodies, etc., etc. Devote at least one day a week to take one or two or as many as you can manage in your car for a little spin. Interest your neighbors to join you. Bring the children along on occasion. Old folks love children.

Do this, at first, in reparation, and in time it will become a labor of love. True, of course, we can only have one mother, but, in the family of God we are all one: He loves us, He forgives us.

Cheer up by cheering others up. It is a beautiful formula for sleep and peace. J. E. B., NEWTON, MASS.

DEAR J. E. B.: And yours is a beautiful letter. Thanks for writing.

CONFIDENTIAL TO "SWINGING IN THE TOWERS": Your suggested 11th commandment, "Thou shalt not get caught," is very catchy, but if you obey the first 10, you wouldn't need an 11th.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send $1 to Abby, Box 69700, Los Angeles, Cal. 90069.

Tech To Mail Its Degrees

A number of persons from the Snyder area are scheduled to receive degrees from Texas Tech University.

However, the degrees will be forwarded by mail, since Dr. Grover E. Murray, Texas Tech President, has cancelled the commencement program because of the tornado damage in Lubbock.

Candidates for degrees from this area:

Hollis Coy Mize Jr., Marvin Ray Sorrells Jr., Kenneth P. Bennett, Benny Mac Minor, all of Snyder, and Dennis Burl Belew of Fluvanna, bachelors degrees in the college of agricultural sciences.

Claudia Janis Atwood and James Walter Rannefeld, both of Snyder, bachelors degrees in the college of arts and sciences.

Jimmy Thomas Blount, Richard Glynn Bradley, Byron Dean Comer and Jimmy Alton Hogan, all of Snyder, bachelors degrees in the college of business administration.

Arnetta Jane Cooper, Johnnie M. Harber, Connie Reynolds Parrott, Joellen Snyder and Larry Douglas Sullenger, all of Snyder, bachelors degrees in the college of education.

Linda Elaine Anderson, Barbara Ann Gracey, Carolyn Kay Finley and Laura June Westfall Williamson, bachelors degrees in college of home economics.

Tommy Russell Jones, master of business administration, James Weldon Wesson, Jerry Lee Roe and Mary Jo Steadman Lewis, all of Snyder, master of education.

Ventress Dwayne Callaway and V. N. (Ben) Brock, doctor of education.

EARLY-MORNING MISHAP — Elmer Wallace, 1301 Avenue S, identified as driver of this 1958 Dodge, was taken to Cogdell Memorial Hospital by Snyder Ambulance service for treatment of injuries following a two-car mishap at 12:42 a.m. today in the 200 block of the West Highway. Clifton William Miller, 3511 Avenue A, driver of a 1968 Chevrolet, which was involved in the mishap, was uninjured, but his car sustained damage estimated at $750. Police said the two cars, both traveling west, collided and then skidded, with the Dodge careening into a utility pole.

Tribute Paid To Reuther

By A. F. MAHAN
Associated Press Writer

DETROIT (AP) — Walter P. Reuther was eulogized today as a man whose interests in social justice went far beyond the membership of the United Auto Workers union he headed for 24 years until his accidental death last Saturday.

The heads of all four Detroit auto companies joined other leaders of industry, government and labor at the funeral rites for the president of the 1.6-million UAW members.

His wife, May, and four others also died in a plane crash in lower Michigan, as their union-chartered jet was en route to a union retreat.

"He was there in person when the storm clouds were thickest," said Coretta King, widow of the civil rights leader Martin Luther King Jr. "He marched with us in Selma, Ala., Jackson, Miss., and Washington."

"He gave us dignity and status as retired workers," noted longtime associate Dave Miller, who is chairman of the National UAW Retired Workers Advisory Council.

Sen. Philip A. Hart, D-Mich., said history will treat Reuther kindly. "You didn't have to carry a UAW card to be one of Walter Reuther's constituents," Hart noted.

The setting for the double funeral for Reuther and his wife was Detroit's Ford Auditorium, a Civic Center showpiece and a gift from the automotive family.

The grained oak caskets rested parallel and alone on the huge stage, a golden curtain and flowers forming a backdrop. There was no funeral procession afterward. The bodies were to be cremated.

The 2,926 persons in the auditorium were there by invitation. So were 400 with basement seats for piped-in eulogies from the 11 speakers.

Loud-speakers carried the rites to others gathered outside.

All U.S. and Canadian plants of General Motors, Ford, Chrysler and American Motors, and some in the agricultural implement industries, shut down for three minutes of silence in memory of Reuther.

Several thousands workers stayed off their jobs completely, however, forcing the Big Three to close some of their plants.

Also stopping to observe three minutes of silence were thousands of Teamsters, with whom the UAW had formed the Alliance for Labor Action in 1968, after Reuther pulled his union out of the AFL-CIO.

Bodies of the Reuthers had lain in state Wednesday and Thursday in the nearby Veterans Memorial Building lobby, where thousands of mourners passed by.

The lines were halted and the lobby cleared of everyone for 20 minutes Thursday to give the two Reuther daughters 20 minutes of privacy at their parents' biers. They are Linda, 27, a San Francisco schoolteacher, and Lisa, 22, a student at Michigan's Oakland University.

Statistics Paint Gloomy Picture

By JOHN M. PEARCE
Associated Press Writer

WASHINGTON (AP) — The newest government statistics paint a picture of gloom, a full-fledged economic slowdown not at the crisis stage but still troublesome.

Despite the uncontradicted negative figures indicating lower profits and higher prices, the Nixon administration remains publicly convinced its policies are working and business will start upward sometime between June and December.

"We're traveling a narrow path between recession and inflation," Arthur F. Burns, the Federal Reserve Board chairman, told Congress Thursday.

Although not an official member of the administration, Burns was President Nixon's chief domestic adviser until January and now is as responsible as any other individual for the health of the money and credit systems.

These were the developments Thursday, a day heavy with economic news:

—The Commerce Department said prices during January, February and March rose at an annual rate of 5¼ per cent, a quarter of a point higher than its earlier estimate. With the recent 6 per cent federal pay raise figured in, the increase was 6¼ per cent, highest since the Korean war.

At the same time, actual production dropped 3 per cent, the largest since the 1960 recession, instead of the 1½ per cent listed in preliminary figures.

—Output of the nation's factories dropped almost one-half of one per cent during April to 170.4 per cent of the 1957-59 benchmark. It reversed a similar March increase and continued a general slide that began last August.

—The stock market dropped 9.05 points, bringing the bellwether Dow-Jones industrial average to 684.79, the lowest in more than seven years.

The market has slid almost 40 points since April 28, when President Nixon assured a group of visiting businessmen, "Frankly, if I had any money, I'd be buying stocks right now." Asked Thursday at a news briefing if Nixon still stood by that, Press Secretary Ronald L. Ziegler smiled, took a sip of coffee, and went on to the next question.

—Personal income gained a record $17.8 billion during April, due entirely to the Social Security and federal pay increases. Private wages and salaries declined $1.5 billion, at an annual rate after seasonal adjustment.

—To the surprise of almost no one, corporate profits dipped $6¼ billion to an annual rate of $85 billion during the first quarter. As a result, corporations' tax liability fell $3¼ billion, giving strength to administration fears the current fiscal year—ending next month—may produce a budget deficit.

—The balance of payments took a sharp turn for the worse in the first quarter, with all international transactions, showing a deficit of $1.73 billion after a $532 million surplus in the October-December quarter last year.

Government economists said the figures weren't unexpected. Treasury Undersecretary Charles E. Walker said the figures "would not indicate to me that the picture was any different from yesterday before the figures came out."

And Treasury Secretary David M. Kennedy, speaking in Utah, said he saw signs "that the worst may be over."

The major league All-Star game will be played July 14 at night in Cincinnati's new Riverfront Stadium.

Here's the Answer

By ANDY LANG
AP Newsfeatures

Q.—I want to make a brick walkway in our backyard. I intended to lay them in a wet concrete base, but have been told that this can be done by using a dry mix. Can you tell me what the mixture is and how the job is done?

A.—Excellent results can be obtained with a dry mix unless the soil is clay or does not drain properly. The dry mix is made from one part of portland cement to five parts of sand. After digging out the path for the bricks, apply the dry mix to a height of two inches. Set the bricks into the dry base, standing them on edge and placing them about a half-inch apart. When the bricks are solidly in place, spread more dry mix into the joints. The easiest way to do this is to take a shovelful of the mix and throw it onto the bricks, then another shovelful in a different spot, and so on. When the entire pathway is covered, use a long-handled brush to spread the mix so that it falls into the joints.

Using a garden hose with a medium spray, wet the joints so that the mix settles down well below the surface. Apply more mix between the joints, then spray again. Repeat the procedure a third time. When the mix is well packed into the joints at the desired level, allow it to harden, then brush the excess from the tops of the bricks.

Q.—I use one of the rooms in our house as a part-time office. I have three metal filing cabinets. The green paint on them looks kind of seedy and I would like to repaint. Will an ordinary paint be all right or must these cabinets have some kind of special paint?

A.—Any paint specified for use on metal will do. But before you paint, clean the cabinets thoroughly with a mild detergent and warm water. You may discover, as a friend did recently, that the poor appearance of the cabinets was caused by dirt and grime rather than a deterioration of the paint. In any case, the washing should be undertaken even if it develops that painting is required.

Q.—Is it necessary to clean all the paint from a brush if latex paint was used?

A.—Yes. Latex paint hardens on the bristles the same as oil paint does. The quicker you remove the latex paint from the brush with water, the easier it will be.

Fresh Book Of Poetry

MORNING IN SPRING AND OTHER POEMS. By Louis Ginsberg. Morrow. $5.

This fresh new book of poetry, Ginsberg's first since 1937, comes in the autumn of the poet's life, but it has the soft lyric tones of a young man in love—in love with words and the world around him.

Ginsberg's poems are simple with a lyric quality not often found in modern poetry, yet the thoughts and ideas are timely.

He is a personal poet, like his son Allen. The elder Ginsberg's "To a Moter, Buried," laments the life and death of his first wife Naomi, and how their two sons mourned for her. Louis' 14-line poem says simply what Allen says in his book-length poem "Kaddish."

He has other advice for his sons. In "My Sons, Watch Out" he warns them there are dangers in every part of the world, but "More dangerous is the avenue. The girls. They walk abroad like subtle conflagrations. Ambushed with opulence, a peril curls, With breasts portentous for new generations."

The book, also to be published in paperback by Gotham Books, is divided into six sections. "Love Poems" and "In Memoriam" are the best, probably because they are so personal—they show the man.

In recent years Louis and Allen Ginsberg have been holding, with considerable success, joint poetry readings.

In the introduction, Allen writes, "Confronting my father's poems at the end of his life I weep at his meekness and his reasons, at his wise entrance into his own mortality and his silent recognition of that pitiful Immensity he records of his own life's time, his father's life time, & the same Mercy his art accords to my own person his son."

Educator Makes Plea

THE GRIM GENERATION. By Robert Kavanaugh. Trident. $5.95.

It is Kavanaugh's purpose to explain to over-30 adults what life is like on the college campus these days. He has had 17 years of experience working with students as a lecturer, administrator, pastor and counselor.

Utilizing scores of case histories about a certain Jack or a certain Susie, he describes the various "life styles" that he has observed on campus. The book gets its title from only one of them—a type of student whose face usually is a grim mask, and who seems to have lost all sense of humor.

There also is a "kept generation," whose distinguishing feature is that they find everything "blah" and full of boredom. Next is the "graveyard generation," involving dropouts, and then the "monastic generation," consisting of those who plug for grades and refuse to have anything to do with campus activities.

Kavanaugh has a sympathetic attitude toward campus hippies, as distinguished from other hippies. But he points out that often a student who looks like a hippy really is as square as anyone can be. He also discusses "waterboy alumni," those perennial hangers-on who stay around the campus long after they have stopped going to classes.

Other categories are "benevolent dreamers," whom he considers a bit too idealistic, and "malevolent dreamers," whose radicalism sometimes is a pose.

The author makes a plea for better faculties—more involved with the students than with research—and for better curricula that meet student needs.

Arroz con Pollo with Peas and Asparagus
Tossed Green Salad
Crusty Rolls
Caramel Custard
Beverage

ARROZ CON POLLO

¼ cup olive oil
8 chicken pieces (legs, breasts or thighs)
1 cup frozen chopped onion
2 cups converted-type rice
3 cups chicken broth
2 tomatoes, peeled and diced
½ cup sliced green olives
1 teaspoon salt
⅛ teaspoon pepper
2 bay leaves
⅛ teaspoon ground saffron
1 packages (10 oz.) frozen peas
1 package (10 oz.) frozen asparagus spears
1 can (4 oz) pimientos, drained and cut into strips

In a 3½-quart casserole heat oil. Brown chicken, a few pieces at a time. Remove chicken. Add onion and cook until thawed and tender. Add rice and cook, stirring, until lightly browned. Stir in chicken broth, tomatoes, olives and seasonings, mix well. Add chicken. Bring to a boil; cover, and bake in a preheated 350-degree oven until chicken and rice are tender—about 25 minutes. About 10 minutes before done, cook peas and asparagus according to package directions. To serve, transfer casserole mixture to a paella dish or large deep platter. Place peas in center and surround with alternating asparagus spears and pimiento. Makes eight servings.

The Confused State Of Economy Alarms Experts

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — Influential economists and investment advisers in this area are expressing alarm at the present confused state of the economy and have become increasingly critical of government fiscal and monetary policy.

Phrases such as money panic, money market chaos and financial collapse have appeared in their evaluations, although not always for the same reasons.

The nearest they come to agreement is that there is a shortage of capital to finance government and corporate spending plans. The goal of controlling inflation by curtailing spending, they say, has collided with spending needs.

As a result, they say, interest rates may continue to soar, cutting into corporate profits and leading to the collapse of some stockprices.

Some feel more money should be released to finance these programs. Others maintain that spending plans must be scrapped. Talk of credit controls, and even of controls on wages and prices, are becoming commonplace.

Ironically, expectations that the economy is attempting to resume its expansion, without the capital to do so, are viewed as contributant to possible further disorder in stock and bond markets.

John Wright of Wright Investors Service, blames "excessive severity and persistance" of Federal Reserve Board restraint as leading to a "strangulation of capital markets."

He calls the present stock-bond market chaos, "The Burns capital crisis," in reference to Chairman Arthur Burns of the Federal Reserve Board. The Fed, he said, must release more credit to the economy.

"The time to fear financial collapse is now," said Wright, a stock market conservative. He noted that the federal government last week nearly failed to market its own bonds, and was rescued at the last minute because the Federal Reserve stepped in and made purchases.

Asked if more credit wouldn't simply add fuel to the fires of inflation, Wright contended that the economy was in a tailspin and that even if more money were freed now the descent couldn't be halted for another six months.

Eliot Janeway, former adviser to President Lyndon B. Johnson—he broke with him over what he felt was improper financial planning for the Vietnam war—claims the government is locked in a battle with industry for too meager a supply of capital, and that interest rates are riding a relentless upward spiral.

Janeway doesn't blame the Fed, however. Instead, he feels that the conduct of foreign affairs, military activity and financial needs of the country have not been coordinated.

Crude Oil Demand Up

AUSTIN (AP) — Demand for Texas crude oil in June will total 3,270,000 barrels a day, the U.S. Bureau of Mines forecast Thursday. This is an increase of 70,000 barrels a day over the May demand.

Nominations for purchase of Texas crude total 3,157,227 barrels a day, a decrease of 94,624 barrels a day from the May nominations.

Feedlot Cattle Increasing

By DON KENDALL
AP Farm Writer

WASHINGTON (AP) — Cattle and Calves being fed for slaughter in six states regularly surveyed by the Agriculture Department totaled 3 per cent more on May 1 than a year earlier, but down 3 per cent from the April tally.

Feedlots in Arizona, California, Colorado, Iowa, Nebraska and Texas reported 6,616,000 head on feed, compared with 6,846,000 on April 1 and 6,408,000 in May 1969.

The Crop Reporting Board said that compared with a year earlier Arizona feedlot cattle increased 3 per cent; California 8 per cent; Colorado 10 per cent; and Texas 14 per cent. Iowa was unchanged and Nebraska fed cattle were reported down 5 per cent.

Also, the report said, there were 1,128,000 cattle and calves placed in feedlots during April, 5 per cent less than a year earlier.

April placements were down in Arizona by 14 per cent; Nebraska 32 per cent; and Texas 17 per cent. They were up in California by 22 per cent; Colorado 5 per cent; ; and Iowa 18 per cent, the report said.

Actual marketings of fed cattle from the six states during April increased 7 per cent from a year earlier. All states reported increases, the report said.

QUESTION: *Why do we have different kinds of teeth?*

• • •

ANSWER: Unlike many animals, we don't swallow our food whole but must prepare it for digestion by chewing and breaking it up. Our teeth are of different kinds so they can grind the different kinds of foods we need to eat. The picture shows the four types of teeth we use. (A), our incisors, are used to bite off pieces of food. You can think of their action as being like the cutting of shears. Four strong pointed teeth, the canines, (B), are useful in cutting food into smaller pieces and are often compared to the pointed tines of a fork. The bicuspids, (C), are wider, but have pointed chewing surfaces, grinding food roughly. A smoother shredding job is done by the molars, (D), which can be compared to mill stones which grind grain into flour. Our teeth are wonderfully arranged to process the food from front to rear, making it smaller all the time. We need all our teeth-an excellent reason for taking good care of them.

Remarks Wives Tire Of

By HAL BOYLE

NEW YORK (AP) — Husbandly remarks that wives get tired of hearing:

"Yes, I heard every word you said. The trouble is that I've heard them all 10,000 times before."

"Nagging will get you nowhere."

"Well, how can I take you out when you say you have absolutely nothing to wear?"

"This meal looks awful familiar. Didn't you cook it before?"

"I don't mind ordinary leftovers but I don't like left-over leftovers."

"If you wanted to live like a rich woman, why didn't you marry a rich man?"

"You pick up after the children-so why do you holler so much about picking up after me?"

"What on God's green earth do women know about politics anyway? They never vote for the man-they vote for or against his face."

"How many times have I told you not to phone me at the office unless it's a real emergency? I don't feel that the fact you've just found your first gray hair is that kind of an emergency."

"What if junior doesn't want to go to college? Maybe he can become a plumber or a television repair man and keep us all in comfort."

"You run the home; I'll run the office."

"Lower your voice, Bert. Here comes my battle ax-and she's got ears like three microphones."

"Go on a second honeymoon? Are you out of your mind? Do you know what our first honeymoon cost? And what did we really get out of it?"

"I wouldn't mind if your mother just visited us now and then, but does she have to try and haunt our house on a permanent basis? Why don't you just invite her for next Halloween?"

All right, now that I've got a firm grip on my Martini, calm down and tell me what happened. Did one of the kids lose a front tooth or the cat have kittens in the shower?"

"If I ran my job the way you do this house, the whole family would be in a breadline by the end of the week."

"Okay, if you have to get it off your chest, get it off your chest. But when you finally run out of breath, let me remind you of one thing: there are laws now about creating noise pollution."

"I'm not knocking marriage but, looking back, all in all I had even more fun in the army."

School Fund Proposal Is About Ready

By THE ASSOCIATED PRESS

WASHINGTON (AP) — The Nixon administration has just about finished writing proposed legislation seeking as much as $1.5 billion for Southern school desegregation in the coming fiscal year, says the government's top antipoverty official.

Donald Rumsfeld, director of the Office of Economic Opportunity, said Thursday the administration will probably ask Congress for $300 million to $500 million between now and September and another $1 billion in authorization and appropriations for the remainder of the year that begins July 1.

The money will go for interracial experiments and desegregation, according to a source in the Department of Health, Education and Welfare.

Tigers Face Crucial Tilt With Estacado

As many predicted, the 1970 baseball race is going right down to the wire and the District 3-AAA championship will not be decided until Saturday, and it may be later than that.

Coach Speedy Moffett's Snyder High School Tigers can sack up all of the marbles by beating invading Lubbock Estacado on the Towle Park diamond at 1 p.m. Saturday. Should the Bengals falter, Levelland is waiting in the wings. A Snyder loss combined with a Lobo victory over Brownfield Saturday would throw the race into a two-way tie between the Tigers and Levelland. A Snyder victory or a Levelland loss would give the throne to the Bengals.

Last Tuesday, Snyder thumped Brownfield 2-0 behind the 2-hit pitching of Merce Hernandez, and Moffett probably will go with his big, right-handed senior ace again in the crucial contest Saturday.

The starting alignment hasn't been announced, but Coach Moffett has an eager, tough team that has shown plenty of power at the plate and moments of brilliance afield this campaign. Pitching, of course, would have to be the strong point.

Jim Patrick, another big right-handed senior, is ready for a fireman's role if necessary [illegible] Schrader.

About the only casualty on the Tiger roster is Stewart Sims, junior infielder, but he played with a sore thumb and a bruised leg Tuesday and turned in one of the best defensive plays of the game. He also stroked a single.

Randy Levens and Wesley Bishop, senior infielders, also are ready to answer Coach Moffett's call along with junior catcher Larry Wall, sophomore first sackers Butch Buchanan and Jackie Murray, and outfielders James Hood, David Thompson and Albert Hernandez. Murray also pitches from the port side.

Other lads on the roster whose services could be called for are second sacker Bill Meiot, outfielders David Merritt and Dewayne Riggs, and infielders Bill Branson, Scott Morgan, Louis Lloyd and Robert Phariss.

For those who think the [illegible] might consider the fact that the Matadors blanked the SHS nine 3-0 in the first encounter between these two teams in Lubbock April 25.

Snyder left 10 runners stranded in that affray as James Lewis, senior hurler, put down the locals on a 5-hitter.

Sparking the Matador attack is Andy Freudenrich, a centerfielder, who socked an inside park homer in the first contest.

Tickets anyone? They're free.

Talbott Has Top Junior Golf Score

Steve Talbott, Lamar Junior High eighth grader, negotiated 27 holes on the Snyder Country Club course in 124 to turn in the best card in the junior high golf tournament concluded Thursday, and, of course, won his division.

Rick Ator with a 136 won the seventh grade division, while Marty Pate fired a 131 to win the ninth grade division.

Talbott finished with a 39 for his third round Thursday to win by an 11-stroke margin over Bryan Hargrove, who also had his best round of the tournament with a 41.

Talbott's 39 was the best round of the entire tournament, and he put it with an opening 41 and a second-round 44 to win the eighth grade trophy.

Fred Liner was second in the ninth grade division with 135, and Bobby Burleson was third at 137. Jeff Richardson was third in the eighth grade division with 146, while Mark Hinton was second in the seventh grade division with 148 and Win Bunch was third in the seventh grade division with 153.

The scores:

SEVENTH GRADE	
Rick Ator	42 48 46—136
Mark Hinton	49 50 49—148
Win Bunch	51 49 53—153
EIGHTH GRADE	
Steve Talbott	41 44 39—124
Bryan Hargrove	49 45 41—135
Jeff Richardson	45 49 52—146
NINTH GRADE	
Marty Pate	40 50 41—131
Fred Liner	46 46 53—135
Bobby Burleson	45 46 46—137

Aaron Gets Ovation At Milwaukee

By BUD GREENE
Associated Press Sports Writer

MILWAUKEE (AP)—The good guys wore two different uniforms, and the crowd cheered them all.

"It certainly was the greatest thrill of my life," said Hank Aaron of the Atlanta Braves. "The response was tremendous. I didn't expect that."

A crowd of 25,899 gave Aaron a standing ovation when he was introduced at a pre-game ceremony Thursday night. It was the first time the Atlanta slugger had appeared at County Stadium since the Braves moved from Milwaukee following the 1965 season.

The fans also cheered the Milwaukee Brewers and pitcher Skip Lockwood, who blanked the Braves on six hits and drove in the only run of the game to give the American League team a 1-0 exhibition victory.

Three Braves that were with the team when they represented Milwaukee were in the lineup. Besides Aaron, the Milwaukee fans remembered—and cheered—left fielder Rico Carty and first baseman Tommy Aaron, Hank's brother.

Neither Hank Aaron, who needs only five more hits to reach the 3,000-hit plateau, nor Carty, who has a 30-game hitting streak going, was able to get a hit against Lockwood's righthanded offerings. But Tommy Aaron blasted a two-out triple off the left field fence in the ninth inning to scare the Brewer fans.

WORSE AND WORSE

Giants Still Sinking

By HERSCHEL NISSENSON
Associated Press Sports Writer

Just when the San Francisco Giants figured things couldn't get much worse, guess what happened. They did.

The Giants opened a series in Los Angeles Thursday night with slugging first baseman Willie McCovey (10 homers, 32 RBI) doubtful for the entire four-game set with a lingering minor eye ailment and a sore shoulder, to boot.

Then, the Dodgers shelled ace right-hander Juan Marichal with a five-run third inning, boosting his earned run average to a whopping 6.94.

In the fifth, catcher Dick Dietz was struck on the left foot by a foul ball and had to take his .375 batting average and league-leading 35 RBI to the sidelines.

To top it all off, the Dodgers sent a pitcher named Sandy to the mound and the result was a 6-3 triumph.

That was one of only four games in the majors Thursday. Elsewhere in the National League, Houston defeated San Diego 3-1 and St. Louis outslugged Pittsburgh 11-7. The New York Mets-Chicago Cubs and the Montreal - Philadelphia games were rained out.

Minnesota turned back Kansas City 5-2 in the only scheduled American League action.

Marichal, 1-1, was staked to a 1-0 lead in the first inning on Bobby Bonds' single, Don Mason's double and a sacrifice fly by Willie Mays, who was playing first in place of McCovey.

But the Dodgers erupted in the third. Singles by Maury Wills and Manny Mota put runners on second and third, Mota taking second on the throw. Willie Davis singled them both home, stole second, went to third on Wes Parker's infield hit and scored on Willie Crawford's grounder. Billy Grabarkewitz capped the outburst with his third homer of the season and Tom Haller's single kayoed Marichal.

Sandy—Vance, not Koufax—checked the Giants on eight hits for his third victory in four decisions before Jim Brewer came on to get the last out.

Joe Pepitone's tie-breaking home run in the sixth helped Houston's Larry Dierker ran his record to 7-2. It was Dierker's fourth consecutive triumph this season and the sixth straight time he has beaten the Padres, after losing his first meeting last year.

The Astros got an insurance run in the seventh when Clarence Gaston dropped Jim Wynn's long drive for a three-base error and Denis Menke hit a sacrifice fly.

The Cardinals snapped a 7-7 tie with Pittsburgh by scoring four times with two out in the eighth. Lou Brock hit the tie-breaking single and Joe Hague drove in two more runs with another single.

The Cards scored five times in the sixth, featuring Richie Allen's 12th homer, a solo shot, and Vic Davalillo's three-run double. Willie Stargell homered twice for the Pirates, driving in three runs.

Rod Carew delivered a two-run single after Paul Ratliff doubled home the tie-breaking run in the fourth inning in Minnesota's win over Kansas City. Carew had three singles in the game and now has nine hits in his last 12 at-bats.

Tony Oliva and Rich Reese had run-scoring singles in the first for the Twins but the Royals tied it in the top of the fourth on Bob Oliver's single, Joe Keough's triple and a sacrifice fly.

Tom Hall, who took over for Luis Tiant in the fifth, allowed only one hit over the final five innings and fanned seven.

Trevino Likes To Follow Player

By BOB GREEN
Associated Press Golf Writer

FORT WORTH, Tex. (AP) — Lee Trevino paid tribute to Gary Player after tying the little South African for the first-round lead in the $125,000 Colonial National Invitation Golf Tournament.

"It always helps to play behind Gary," the quick-quipping Mexican-American said Thursday. "He does such a wonderful job repairing the greens. He's out there tamping down every spike mark on every green.

"Why, that little man is bent over so much he looks like he's planting corn."

Trevino and Player, the top two money winners this year, matched 66s, four-under-par and led the massive assault on the proud old Colonial Country club course.

In all, a record 27 players bettered par 70 on the 7,142-yard layout, breaking the previous record of 20.

Among them was the limping little figure of Ben Hogan, a five-time winner of this event and playing in his home town for the first time in three years. He birdied the 16th and 17th for a 69, well among the leadehyi.

"It's always tough to play in your hometown," the 57-year old master said.

Most of the leaders said the demanding layout played easier than in the past, citing the relatively short rough in particular. But both Player and Trevino had a different idea.

"I don't know of a better or tougher golf course in the world," said the globe-trotting Player. "It was everything a good golf course should have. It's an ideal course."

"I've always said this is the hardest golf course I've ever played," said Trevino, the No. 1 money-winner this season and already a two-time champion.

"I think the changes have made it easier. But any course is easy when you're hitting the ball like I am."

He didn't miss a green, hitting his irons with rifle accuracy.

But he and Player held only a one-stroke lead over a group of five at 67-Frank Beard, R.H. Sikes, Johnny Pott, Gay Brewer and Bob Smith. Four more, Bruce Devlin, Jim Weichers, Terry Wilcox and Tom Shaw, were locked at 68.

Hogan, of course, headed the group at 69 that also included Bert Yancey, Gene Littler, Art Wall and Dave Stockton.

Jack Nicklaus had a 71. Defending champion Gardner Dickinson took a 73. Arnold Palmer and Billy Casper are not competing.

"I putted extremely well," said Player who has had troubles on the green in recent weeks. "I played well, but it was the putting that did it. The ones I missed just burned the hole."

Shrine Grid Tilt Set For Jan. 2

OAKLAND (AP) — The annual East-West Shrine football game, graddaddy of all post-season collegiate all-star games and a fixture on the San Francisco Peninsula since 1925, will be played next Jan. 2 in the Oakland Coliseum.

Signing of a one-year contract for the game was announced jointly Thursday by Robert Nahas, president of Oakland's Alameda County Coliseum, Inc., and Potentate George Taylor of San Francisco's Islam Temple, in a news conference at the Coliseum Arena.

Bud Harrelson, New York Met shortstop, hit his first major league home run inside the park in Pittsburgh in 1967. This season he hit a four bagger in Shea Stadium against the Phillies. It was the first Met homer of the season. It came in game No. 8.

Angry Pancho Advances

LAS VEGAS, Nev. (AP) — Pancho Gonzales was angry.

But instead of letting it tear him apart, the veteran of the courts picked apart his foe and moved into today's semifinal round of the $50,000 Howard Hughes Tennis Championships he won a year ago.

Gonzales was bitter about being unseeded. He complained that, if nothing else, he rather than Spain's Andres Gimeno deserved to be No. 4 seed behind Australians Rod Laver, Tony Roche and Roy Emerson.

"Oh, well," said Pancho, who celebrated his 42nd birthday last Saturday. "It doesn't matter anyway — 'cause I'm going to win the tournament."

Then Gonzales took the court against Gimeno and ran him ragged, shrewdly using high, arching lobs that danced about in the wind and consistently landed inches from the end line. The final score of 8-6, 6-4 was closer than the match.

Pancho opposes Roche, whose net rushes and wide angle drives were the key to his 6-1, 3-6, 6-1 victory over Aussie Ken Rosewall in another of Thursday's quarter-final matches at the Frontier Hotel.

Laver, who once again started slowly before routing countryman Fred Stolle 1-6, 8-6, 6-1, goes against Emerson, who rallied to beat John Newcombe of Australia 1-6, 7-5, 6-4.

Roberto Clemente of the Pittsburgh Pirates leads active major league hitters with a .314 average. Henry Aaron of the Atlanta Braves is one point back. In the American League, Tony Oliva of the Minnesota Twins had a .308 average for eight years.

14 Horses In Preakness

By ED SCHUYLER JR.
Associated Press Sports Writer

BALTIMORE (AP) — Dust Commander, the winner of the Kentucky Derby and $181,604, is in the Preakness. So is Hark The Lark, winner of two non-stakes and $10,846.

In between these two extremes fall 12 other 3-year-olds who will take a shot at the first $200,000 race in the history of the Triple Crown.

If all 14 go to the post at 5:40 p.m., EDT, for the 1 3-16 mile classic, the gross purse will be $203,800, with $151,300 going to the winner.

The 95th Preakness at Pimlico will be televised by CBS from 5-6 p.m. EDT, and broadcast on radio from 5:25 to 5:45 p.m.

In order to give Dust Commander a chance at becoming the first Triple Crown winner since Citation won the Derby, Preakness and Belmont Stakes in 1948, owner Bob Lehmann had to supplement the colt for $10,000 Thursday.

A check for $12,000, which also covered the normal entry and starting fees of $1,000 each, was signed by and presented to the racing secretary by Lehmann's 19-year-old son, Fred.

Seven of the 17 colts beaten by Dust Commander in the Derby also were entered in the Preakness—Raymond M. Curtis' My Dad George, runner-up in Kentucky; Mrs. Ethel D. Jacobs' High Echelon, the Derby third, and Personality; Her-Jac Stable's Naskra; Sonny Werblin's Silent Screen; William C. Robinson Jr.'s Admiral's Shield and Dr. Richard Kuhn's and Walter Hickey's Robin's Bug.

Joining Lawrence P. Boyce's Hark The Lark in a shot at an upset will be Briardale Farm's Stop Time, James P. Mills' Buzkashi, Nelson B. Hunt's Sir Wiggle, Mrs. Merle Weisman's Oh Fudge, and Rex Ellsworth's Plenty Old.

Each starter will carry 126 pounds.

Mike Manganello will send Dust Commander, the early favorite, out of the No. 10 post with early second pick My Dad George, ridden by Ray Broussard just inside of him. Silent Screen, third choice and ridden by John L. Rotz, will leave from No. 3, just outside of the Jacobs entry of High Echelon on the rail and Personality.

Troubled People Gather At Shopping Center Church

By JACQUELINE SNYDER
Associated Press Writer

PITTSBURGH (AP) — Lyndon Whybrew is a young minister whose "church" is a three-block-long shopping mall that's become a gathering place for people with problems.

"The alienated young people come here to get away from pressures at home and at school; and the aged come because it's a nice place to walk and sit on a park bench; people with family problems come here to forget," says Whybrew, whose "church" is financed by 20 churches and synagogues in the upper middle class area around the shopping center.

"Those churches realized that the mall was absorbing the problems of the suburban community," Whybrew explained. "They believe they have an obligation and responsibility to help people—even if those people reject religion."

The minister is helped by some 50 volunteers who both man an information booth in the center of the mall and know where to send people for any kind of help they need.

"They're also there to talk or listen if someone needs them," Whybrew said. "You'd be surprised how the same lonely people keep coming back at the same time every week just to talk with one of the ladies at the information booth."

The Ministry in the Mall also sponsors a coffee house in the center's community room each Saturday night. "It's for any kids who want to come," Whybrew says. "Sometimes it's great—kids play guitars and sing together and really talk. Other times it's like a mental ward—everyone just stares at the walls."

"We don't have any set programs," he continued. "These aren't organization kids—they don't like regimentation. What we're saying to them is, instead of throwing a brick through a window, why don't you produce some kind of positive expression of your feelings—like why don't you put it down on film or in a song."

Whybrew says that although most of the kids who come to the mall are experimenting with drugs he doesn't scold them. instead quizzes them to find out why they want to escape from reality.

The minister thinks his work is necessary because there has been a loss of community feeling. "People have more mobility today. Families are disintegrating. People don't live close to their relatives. We're trying to find a substitute for this loss," he said.

Although Whybrew is an ordained Presbyterian minister he says he prefe[illegible]elf as an "anonymous clergyman." He doesn't preach and he doesn't offer advice unless people ask for it. "We want to tell people that there are people who care about them. It's not a rice-type religion; it's not like we'll give you food if you'll be a Christian. We simply want to exude love and create an atmosphere of understanding."

This way, the young minister says, people can come to him without feeling they have any commitment to a church. Those who need help can shop for it—informally and anonymously.

Visitors are welcome at every service at Calvary and a nursery is provided for the babies.

KENNY SEHESTED

DAVID BUTLER

1st Baptist YouthWeek Climax Due

Youth Week at First Baptist Church will be climaxed with a youth-led revival tonight, Saturday and Sunday. The services will begin tonight and Saturday at 7:30 p.m. and Sunday at 11 a.m. and 7 p.m.

Baylor student, Kenny Sehested, former member of First Baptist, will preach. During his senior year in high school and all last summer, Sehested worked as part of a revival team, holding revivals in Louisiana and Mississippi. At Baylor he is working in a Christian coffeehouse which ministers to the drop-out.

He will be assisted in the revival by David Butler who will lead the singing. David is a freshman at Baylor from Dallas. He was head cheerleader in his high school and was chosen one of the top 10 high school seniors in Dallas County. This summer, as the last two summers, he will tour the United States under the sponsorship of the Texas Baptist Men working with Royal Ambassadors. He is presently serving on the Freshman Council of BSU at Baylor.

Bethel Baptist

"What Do You Vision This Hour?" will be the sermon topic of R. Virgil Mott Sunday morning at 8:35 a.m. over KSNY on "The Back To Bethel Broadcast." Scripture reference is Rev. 1:17-18.

The Bethel Baptist Church was host to the Mitchell-Scurry Baptist Associational Bible School clinic recently. There were 162 in attendance.

Sunday School has been set for 9:45 a.m. The 1 after 1 growth plan is being used. Each officer and teacher will contact one prospect each week and try to enroll these prospects.

"Watchman What of The Hour?" will be the sermon topic of the pastor at the 11 a.m. worship service Sunday. Scripture reference is Rom. 23:11-12.

Activities will begin Sunday afternoon with Youth Choir rehearsal at 5:30 p.m. The House and Grounds and the Bus committees will meet at 5:45 p.m., and the Training Union will begin at 6:30 p.m. "Flowing Rivers of Revival" will be the sermon topic of the pastor at the 7:30 p.m. worship service Sunday.

These changes will take effect in the Wednesday night schedule: Prayer meeting will begin at 7:30 p.m. The officers and teachers improvement time will begin at 8 p.m. and conclude at 8:30 p.m.

OEO To Start New Testing

By TOM SEPPY
Associated Press Writer

WASHINGTON (AP) — A multimillion dollar program in which private educational firms will be paid according to how well they teach basic reading and mathematics skills to poor children will be launched this fall by the antipoverty agency.

The Office of Economic Opportunity expects to announce next month the six educational firms and the 24 school districts in which the experimental program will be carried out.

The experiment, to cost between $3.5 million and $5.5 million, will cover an estimated 12,000 to 17,000 children in grades one through three and seven through nine.

Donald Rumsfeld, OEO director, said at a news conference Thursday if the project is successful, an approach that closely measures the effectiveness of educational programs by how well students achieve "could indeed revolutionize education in this country."

The OEO said the experiment's purpose is to determine how well a variety of technological and "incentive-based" techniques can improve basic reading and math skills of students with below-par achievement in these two crucial subjects.

"Results may provide evidence that the society has at its disposal the means for upgrading the basic learning skills of students whose proficiency levels are well below their peers," the OEO said.

Firms will use a variety of approaches, including new educational technology, such as teaching machines and programmed instruction, to teach the basic skills for up to one hour a day in both reading and mathematics.

Students in the experimental group will be closely measured against the achievement of children in control groups who will be taught by methods currently in use.

Youngsters in the experimental group will be taught either using only new technology or only incentives or a combination of new technology and incentives.

Be still

"Hereafter ye shall see heaven open." St. John 1:51.

Heaven is all around us, if we
would only see:
In the sprightly song of the
mocking bird — the charm of
the red-bud tree,
In a smile, a word, a thought
of love for just some other
soul;
Then heaven is right before us
— no far off hidden goal.

Recess Reinstated After Sitin

GRAND RAPIDS, Mich (AP) —The recess crisis over for the fourth, fifth and sixth graders at Oakdale school.

The pupils staged a sitin Tuesday when their recess period was suspended for what one teacher described as "rude, noisy and discourteous behavior" on the playground Monday.

"No recess, no school!" chanted the children.

School officials reinstated recess Wednesday, explaining the disciplinary measure was a one-day thing.

Prince Phillip Cutting Expenses

LONDON (AP) — Prince Philip, who said six months ago that the royal family was "going into the red," is getting rid of his private secretary to cut costs, a Buckingham Palace spokesman said today.

The secretary, James Orr, 52, is retiring early and the post is being abolished.

Philip's personal staff will now consist of his treasurer, Rear Adm. Sir Christopher Bonham-Cater, and his equerry, Maj. Randle Cooke.

Philip is paid $96,000 a year, mostly tax free, by the state. He has not had an increase since 1952.

Gunman Captured By Posse

INVERNESS, Fla. (AP) — A 100-man posse of policeman, combing Levy County swampland with the aid of blood hounds, captured early today a young Texas gunman who allegedly abducted two policemen and an elderly couple.

Robert L. Baldwin, 23, of Nederland, Tex., was spotted by two Marion County sheriff's deputies as he walked across a railroad trestle over the Wacassassa River two miles from U.S. Highway 19.

The deputies, Towles Bigelow and Martin Stevens, said they ordered Baldwin to lie down. He followed their orders and the officers said they found two .38-caliber pistols on him.

Thursday afternoon, Baldwin allegedly forced Finess Knapp, 66, and his 71-year-old wife to drive him from their home in New Port Richey to Inverness, about 100 miles north of Tampa.

Knapp said Baldwin told them to get out of the car in a wooded area near Inverness.

Baldwin drove away and later fled on foot into the jungled 130,000-acre Gulf Hammock wildlife preserve after policemen forced the car off the road.

The manhunt for Baldwin began in Pinellas County Wednesday night after he drew a gun and captured two officers who stopped him for questioning in Tarpon Springs, police said.

The Pinellas County Sheriff's Department said Baldwin forced the officers to drive their police cruiser down a lonely road near Lake Tarpon. He handcuffed the policemen in the back seat of the cruiser after it bogged down in deep sand then fled on foot, deputies said.

The four-county manhunt shifted to the Inverness area after the Levys hitched a ride to the Citrus County Sheriff's office and told their story.

Baldwin is wanted in Nederland on a missing car charge and also is wanted on a federal charge of unlawful flight to avoid prosecution, police said.

FundsOK'd To Lure Foreigners

WASHINGTON (AP) — The House has approved 173 to 88 a bill authorizing expenditure of $45 million over the next three fiscal years to lure more foreign travelers to the United States.

The bill authorizes $15 million each year for the United States Travel Service.

Earlier in the day the House had passed a bill actually appropriating $4.5 million for the same purpose for the coming fiscal year. If the Senate goes along with the House authorization measure Congress could later increase that figure.

Rep. H. R. Gross, R-Iowa, opposed the measure, saying "Lord knows we've spent enough money nursing foreigners. They surely ought to know where the United States is by this time."

4 Indicted On Drug Charges

SAN ANTONIO (AP) — Four persons remained jailed today in lieu of bonds totaling $2.5 million after they were formally presented with an indictment charging them in a $25 million heroin smuggling case.

One of the four, Manuel Suarez-Dominguez, has been identified by city narcotics officers and the U.S. Justice Department as a former Mexico City police chief.

They were indicted Wednesday on charges in the seizure of nearly 90 pounds of heroin here last week. Federal officials estimated its value at $25 million when diluted and sold to addicts.

U.S. Commissioner Frank Baskin presented the three men and one woman with the indictment in a hearing Thursday.

An examining trial had been scheduled for the four Thursday, but Baskin held that it was moot since they already had been indicted.

An examining trial is held to determine whether there is sufficient evidence to bind a case over to the grand jury.

Defense lawyer Oscar Gonzalez objected in vain to the decision to forego the examining trial. He also criticized federal officials for moving so quickly in presenting the case to the grand jurors. The indictment was returned during the grand jury's regularly scheduled meeting Wednesday.

Gonzalez said he would file a request for a preliminary hearing, a routine procedure, and also would seek a reduction of bond.

Indicted with Suarez-Dominguez, 59, were Yolanda Yanes-Schmidt, 32, also of Mexico City; and nightclub operator Alfredo Montemayor, 33, and Savador Mazatini, 36, both of San Antonio.

All four were indicted on charges of conspiracy to import and sell heroin illegally. They also were charged with receiving and concealing the heroin after importation.

Mazatini and Montemayor also were charged with selling about two pounds of heroin to an undercover agent here April 15, and Suarez-Dominguez was charged with illegal possession of a firearm.

US Forest ServiceAsks Budget Cut

WASHINGTON (AP) — In an action almost unheard of in the federal government, the U.S. Forest Service has asked that Congress cut back its budget authorization for the fiscal year beginning July 1.

Deputy Chief M. M. Nelson Thursday asked the House public roads subcommittee to slash the authorization from $170 million to $100 million for forest development roads and trails.

Nelson told the subcommittee that although the service wants the figure restored to $170 million the following year, "we have substantial carry-over authorization" this year.

Picky Customer?

NEW YORK (AP) — "The dealer said I was being very picky with the car," Richard Quit told a hearing convened by Atty. Gen. Louis J. Lefkowitz to look into shoddy sales and service practices.

Quit, a 21-year-old Huntington, N. Y., electrician, testified Thursday that he had brought back his new 1970 Plymouth Sports Fury, for which he paid $4,200, when the following parts broke down: brakes, drive shaft, transmission, shocks, springs, power steering, radio and wipers, leaky windshield and floor and a rattling exhaust system.

That means *everybody.*

That means *you.* But to STOP, in this world of turmoil and toil, is almost a lost art. We've got to *STOP, LOOK,* and *LISTEN* for God. It is that time of day. We must realize we are eternal children of God, on the swift way to destiny.

Just as there must be "rests" in music, to give it phrasing and color, so must man "pause" with God, to refresh his soul. There are warnings aplenty on the road of life. It would be very wise to *STOP* for His counsel; *LOOK* for His direction; *LISTEN* to His pleading. His church steeple is a compelling force in every community. It invites you to invest your life in her program of service.
