

It's rodeo time!

The Eighth Annual AJRA Junior Rodeo, sponsored by the Colorado City Chamber of Commerce, is expected to draw some 300 contestants when the events get underway Wednesday for a four-night run.

Performances will begin nightly at 7:30 at the Chamber of

Commerce Arena located on West Highway 80.

Although the rodeo officially kicks off Wednesday, a number of other activities are planned for Saturday.

The theme of this year's parade is "Fiesta Day" and a mini-market is planned Saturday for the downtown area at the Friendly Park, located at Second and Walnut streets.

Everyone is invited to set up booths to sell merchandise, produce, food and drinks. There will be no charge for the booth space, but each club or organization will be responsible for setting up

and taking down their booths.

The parade will get underway at 5 p.m., Saturday according to Linda Mitchell, chairman. She says that the check-in point will be in front of the First Baptist Church where a table will be set

Waldrip named director

Mark Waldrip, vice president and cashier at First National Bank, has been elected to the board of directors of the bank, Max Shaw, president, announced.

Waldrip, who began his duties at the bank on March 18, is a 1972 graduate of Colorado High School and a 1977 graduate of Texas Tech University. He formerly was assistant vice president and trust officer at First National Bank of Seymour.

"My family and I are enjoying the many opportunities Colorado City has to offer," said Waldrip. "I am excited about the progress of our bank and look forward to our continued service."

Waldrip is married to the former Connie Carter, daughter of Judge and Mrs. Bill F. Carter of Colorado City. Waldrip is the

son of former Colorado City residents, Dr. and Mrs. William J. "Dub" Waldrip of Lubbock.

The Waldrips have three children, Allen, 8, Mandi, 5, and Aaron, 2. They are members of the First Baptist Church.

Other members of the board of directors include Warren Anderson, Woody Anderson, J. C. Britton, R. J. Hoback, Eddie Piland, Jimmy Harrison, Bobby Nobles, Max Shaw and Scott Smith.

'Chapter Two' cast selected

The cast for the next play to be presented by the Colorado City Playhouse was selected Tuesday evening at final tryouts at the Opera House.

The cast for Neil Simon's "Chapter Two" consists of two male and two female parts.

Playing the lead male role is KVMC-KAUM owner-manager Jim Baum who will play the part of George Schneider.

Supporting him, playing his younger brother Leo Schneider, will be Walter Hearin.

Ladies selected are Chamber of Commerce Manager Penny Solomon who will play the lead female role of Jennie Malone. Supporting her will be Linda Hearin as Faye Medwick.

The play, an autobiography, revolves around a portion of George Schneider's life and after the death of his wife of 12 years.

His brother, Leo, attempts to help George with his grief and loneliness by contacting and making dates for him with several women, only to complicate matters.

At Jennie's apartment, Faye is urging Jennie, a divorcee, to meet George to help in forgetting her ex-football player husband.

But, Faye and Leo (the match-makers) are having difficulties with their own marriages and decide to have an affair of their own.

Director Tandy Curlee says all this will make for adult entertainment with plenty of comedy as well as tender moments.

The play will be presented in the latter part of August with dates to be announced later.

Jack Hollis

Hollis named director

Jack Hollis has been named a director of First Western Savings, announced Neva Turner, executive vice-president.

Hollis, who is vice president in charge of public relations, has served as an advisory director to the board for the past two and a half years. He has been associated with the firm since 1981.

Caldwell accepts Donna bank job

Horace Caldwell, vice president of City National Bank, has resigned to accept a job as vice president of Citizens State Bank in Donna, located in the Texas valley.

Caldwell, who came to City National in January of 1982 from Donna, said the decision was a difficult one but the offer "was too good to turn down."

"I really wasn't looking for another job," he said, explaining that he turned down the first offer but accepted the counter offer which came Monday.

"For career purposes, the counter offer was just too good to turn down," he said.

Caldwell will be returning to

the same bank with which he was associated before coming to Colorado City. He said he and his wife, Flo, still own their home in Donna and will be moving back in it.

His last day of work at City National will be July 26. He will begin his new duties Aug. 1.

While in Colorado City, he has been active in the Chamber of Commerce and is immediate past president. He is first vice president of the Kiwanis Club and is president of the Mitchell County Shrine Club. He also is a member of the Colorado City Masonic Lodge and First United Methodist Church. He also served as house manager for the Colorado City Playhouse this year.

The Caldells have a daughter, Lisa, 13.

COLORADO CITY volunteer fireman Brian Bassham uses the jaws of life to help free the trapped driver of this truck which slammed into an overpass pillar on Interstate 20 near the 222-mile marker Friday morning. Rescuers spent almost an hour rescuing the driver who was not seriously injured. The truck, loaded with lettuce, was east bound when the mishap occurred about 7:30 a.m. A fire was quickly extinguished.

Atkins is new patrol officer

Tim Atkins has been named a patrol officer for the Colorado City Police Department, according to Police Chief Bobby Sparks.

Atkins, who assumed his duties in mid-March, is a 1976 graduate of Cherokee (Tex.) High School where he was a member of the 1973 and 1975 state 6-man football teams and co-champs in 1974.

Following graduation, he worked in the oil field. In 1977, he married Julia Sneitt. They have three sons, Brandon, 7; Robbie, 5; and Michael, 4.

In 1982, he became a deputy sheriff of San Saba County and in 1984 went to work for the Llano Police Department.

"We sincerely like Colorado City and plan to make this our home," said Atkins. "I plan to work closely with the winning team at the Colorado City Police Department."

Atkins and his wife are the manager and coach of the Al-

Tim Atkins

most Angels, a division II girls softball team.

Mrs. Atkins is employed at Pete Myers' Rent-to-Own store.

Officials to study lake pollution issue

A meeting between representatives of Colorado City, Mitchell County and the Texas Department of Health will be held within 10 days to discuss measures necessary to stop Lake Colorado City from being polluted by raw sewage.

City Manager Brenda Tarter explains that some lakeside residents discharge raw sewage directly into the lake. The lake is used for drinking water for Colorado City as well as for customers of Mitchell County Utility Co.

Mrs. Tarter stresses that the water is tested every month and is "declared safe every month" by the health department.

"However, we're concerned and we want to do our part" in stopping the pollution, she explained.

In 1979, the county approved guidelines which gave the city the authority to inspect lakeside septic systems and cesspools.

However, the city never approved a similar ordinance and the inspections have not taken place.

Mrs. Tarter says that now it is hoped that the county and city can start "over from scratch" with both entities agreeing upon a method of inspection that will be agreeable to state guidelines.

Since the lake is not in city limits, the county has jurisdiction around the lake. The lake is owned by Texas Electric.

Lake resident Tom Daughtrey says he has been in touch with state officials after bringing the matter to the attention of both the county and city.

"Cesspools are running directly into the lake," he said.

Daughtrey says that although he has his own well and does not use the lake water, he is concerned about the situation and thinks the citizens should be made aware of the problem.

intratheater portion of the Military Airlift Command airlift mission in concert with the intertheater airlift provided by the C-141 Starlifter and C-5 Galaxy.

While the all-jet C-5 and C-141 force delivers cargo and troops worldwide, the prop-jet C-130 primarily performs the intratheater airlift role in forward combat areas. The aircraft is capable of operating from rough, dirt strips and is the prime transport for paratrooping troops and equipment into hostile areas.

Lockheed Aircraft Corporation designed the C-130s and has produced more than 50 versions of the tactical "workhorse." The various versions of the C-130, in use since 1954, serve such roles as cargo-troop carrier, flying hospital, inflight refueling tanker for helicopters and fighter planes, special operations, aerial gunship, aerial photo-mapper, search and rescue, airborne command post, airborne communications center, hurricane hunter, fog fighter, weather observer and drone launcher and

director.

The performance capabilities of the aircraft allow it to take off and land on as little as 2,000 feet of dirt runway. With a maximum takeoff weight of 155,000 pounds carrying 9,680 gallons of fuel, the C-130 Hercules can transport 92 combat troops, air-drop 64 fully-equipped paratroopers or during aeromedical evacuation, carry 74 litter patients plus two attending nurses.

Covering the globe in its travels, the C-130 is capable of hauling more than 42,000 pounds of cargo. It can drop cargo loads ranging from 200-pound packages to 42,000-pound vehicles, using a variety of parachute delivery techniques.

The Hercules, in use by 50 other countries, served as a country-builder for many nations, airlifting heavy equipment into remote areas to build airports, roads, and to search for oil and transport local products to market. Hercules from many nations join on mercy flights in emergencies over the world speeding food, clothing, shelter, doctors, nurses and medical supplies in and moving victims out.

Mrs. Mitchell said that the Texas Tech University Red Raider has agreed to be grand marshal. Invitations have been extended to the Marine Corp Color Guard and to the Shriners organization for their participation in the parade. She said a number of carriages, horse and buggies and floats have already reserved spaces in the parade. Anyone wishing to enter the parade should contact her at 728-2667.

Other activities planned for the day include a benefit auction

as well as a number of entertainment groups which will perform at various times.

Following the parade, the Mitchell County 4-H Rifle Club will sponsor a barbecue on the courthouse lawn. Tickets are \$4.50 each and are available from 4-H Rifle Club members or at the county extension office.

Also in conjunction with the parade, the Opti-Ms. Club will be awarding prizes to the best costumed children in the parade. Children are invited to dress in accordance with the theme, "Fiesta." Judging will take place at 4:30 p.m. at the First Baptist Church parking lot. The club will have a trailer in the parade for children who do not wish to walk or who do not have bicycles to ride. Creativity is theme

Creativity was the theme of the Mitchell County Extension Homemakers Recreation Day recently held at the C. C. Thompson Room.

Pearl Wheeler and Dorothy Campbell, EH members from Scurry County, presented a program on seminoles patchwork. History of the art, depicted with slides, demonstrated how the Indians used this technique in their native clothing. Numerous projects created by Mrs. Wheeler and Mrs. Campbell were on display for audience questioning

and viewing.

"Picture Perfect Entertaining" ideas were given by Kathryn Cawley, Lone Star Gas representative. Mrs. Cawley guided the group step-by-step through planning, decorating, and recipes for a ladies' luncheon, open house, or formal dinner.

Two local EH ladies, Vada Carlile and Eva Wells, shared demonstrations on butterflies made from placemats and unique baskets for use in the home.

Participants enjoyed a salad luncheon and the many useful ideas presented.

Letters to the Editor

To the Editor:

We would like to take this opportunity to thank the many persons who worked so diligently to make the Westbrook Homecoming a reality and a delightful success.

The gym was designed in the "old Westbrook frontier" featuring a covered wagon with a cowboy resting around the campfire. Decorations were implemented by Mary Ann Lopez, Trey Smith, Joyce Chambers, Alice Lopez, Sheryl Lamb, Wilma Jean McKenney and Georgia Lankford.

Most all attending enjoyed a barbecue luncheon catered by Al's Hickory House of Big Spring. The tables were decorated with miniature windmills and dried flower arrangements in mason jars complimented with checked ribbon atop red and white checked tablecloth.

The afternoon featured the crowd of more than 550 gathering in the school auditorium for the program. The program committee: Frances Ranne, Margaret Ann Conaway, and Hontas Hines produced a very enjoyable and entertaining program

Amy Lynn Smith

Granddaughter does well in school activities

Amy Lynn Smith, daughter of Rev. and Mrs. Bart Smith and granddaughter of Arnel and Rochelle Smith of Colorado City, has compiled an impressive list of honors as a seventh grade honor student at Sam Houston Middle School in Garland.

She scored a number one rating in solo-ensemble competition (soprano-superior rating) and was in competition for best vocalist.

She auditioned for and was chosen as a member of the North Texas All-Region Choir for seventh and eighth grade.

In addition, she participated in her school science fair and won the grand prize for her exhibit on light intensity which she then entered in the Regional Science Fair in Dallas.

She won the lead in the school play and was judged best actress by a panel of teachers.

Other honors include being awarded the Colt Achievement Awards for outstanding performance in the areas of science, drama, physical education, English and history.

Furthermore, she was chosen on the basis of her high scores on the Iowa Test of Basic Skills to participate in the Talent Identification Program sponsored by Duke University (North Carolina) in 16 states. In accord with this program, Amy took the Scholastic Aptitude Test (SAT) for senior high college bound students. Her outstanding score qualified her for the honor of being named a Duke Scholar (along with 35 other seventh graders in the Garland School District) and for state honors at a ceremony conducted June 7 at Baylor University in Waco.

Amy also enjoys reading, painting and playing the piano.

from former and present students and community persons. Completing the beautiful stage decorations of an original back drop painting of Morgan Peak, Chalk Mountain, Signal Mountain, and "the watering hole" and taking care of stage props were Frances Ranne, Margaret Ann Conaway, Hontas Hines, Robert Chambers, Jim Hill, Drucilla Board, Mary Ann Lopez, William Conaway Jr., Travis Conaway, Elton Carlile, and Ruben Cantu. Trey Smith designed the foyer of the auditorium as an earlier year classroom at Westbrook School. The classroom consisted of teacher, students, antique desk, ink wells, textbooks, jacks, marbles, bells, lunch bucket, and the ever needed paddle, etc.

During the course of the two-day reunion, refreshments were available to all. Cookies, mints, nuts, coffee, and punch were graciously served from a table covered in the traditional school colors of blue and white by Linda Raschke, Julia Moore, Louree Upton, Ruby Jackson, Betty Hines, Betty Robinette, Edith Dawlin, and Kay Gregory.

Homecomings would not be complete without the pictures, annuals, and documents of years gone by. Many of us reminisced from these exhibits compiled by Bobbie Smith, Georgia Lankford, Jessie Dorn, Alma Smith, Teresa Matlock,

Nell Rollins, Peggy Ratliff, and Minnie Lee Moore.

The duration of registration through the two-day event saw many warm smiles and heard many sincere welcomes. These greetings were furnished by: Reece Swafford, June Jones, Valiere Rees, Johnny Shackelford, Cloia Whitesides, William Conaway Jr., Minnie Anderson, Rebecca Blauvelt and Dale Byrd.

Those attending are also grateful to those who worked many hours in "tracking down" as many of us as they did. We appreciate the time spent addressing and stuffing the envelopes while making every effort to locate exes. Those supportive workers included: Christine Ware, Wilma Jean McKenney, Lucille Stone, Ruby Claxton, Amber Oden, Georgia Lankford, Bobbie Smith, Florence Pratt, Blanche Bell, and L. M. Dawson.

Homecoming could not have been a reality without the planning for finances. Making the arrangements to have this homecoming based on contributions were L. M. Dawson, Sidney Jones, E. A. Oden, and Cleburne Rich.

Again, thanks to the many who produced the Westbrook Homecoming and made it a great time of renewing, regaining, refreshing, and strengthening of a great community and school. We are truly grateful and look forward to June, 1990—

yet another Homecoming!

Westbrook Exes

To the Editor:

My recent resignation from the CISD comes with a certain amount of regret. The anticipation of our "new life" in Florida is exciting, but I am sad at the thought of giving up what has been a memorable and beneficial experience in your school system. During the three years I taught 8th grade English at the Middle School, I made some very special friends—those I won't forget. It's been fun to follow the progress of "my kids" even after they left my classroom. The incoming freshmen, sophomores, and juniors will always hold a special place in my heart, and I will continue to be interested in what's happening in their lives. The same applies to the staff at CMS. They are really super! C-City residents have every reason to be proud of their school system. My impressions are that the staff is capable, dedicated and progressive.

My husband, Joe, has accepted a position at Palm Beach Atlantic College, a 4-year Christian college in West Palm Beach. I'll be busy in another classroom, getting to know a new group of students; however, you can be sure that my friends in C-City will come to mind often.

Sincerely,
Jervia Reeves

Monroe prepares balanced meals

Glenda Monroe didn't cook when she was growing up.

"My mother did all of the cooking when I was growing up. I took Home Ec but learned more about sewing than cooking."

When Mrs. Monroe was 16, she went to work at a restaurant.

"I started out as a waitress and then I started cooking in the kitchen and liked that better, so I started cooking."

When she was cooking at the restaurant it was menu cooking, so when she got married she used a lot of recipes and prepared a lot of casseroles.

"After I got married, I knew how to just menu cook."

"I had been married eight years and went back to work at the restaurant and that's when we started having a buffet."

"I was working with my mom at the restaurant and I guess that's when I really learned to cook, when we started the buffet."

"Up until then, I had prepared a lot of casseroles and things like that."

Mrs. Monroe doesn't prepare casseroles now like she used to. She prepares balanced meals and adds color to her meals. She also serves a lot of salad with her meals.

She enjoys cooking and usually cooks from scratch.

Glenda Monroe

Sweets are Mrs. Monroe's favorite things to prepare and she usually keeps a cake or pie for the family to eat.

She likes to try new recipes but doesn't change them up.

Mrs. Monroe usually prepares big meals and her family will eat nearly anything she prepares.

Supper is the main meal at the Monroe home and she cooks supper every night and sometimes there is a problem of trying to decide what to prepare. But now, when Mrs. Monroe decides to prepare hot links for supper, she doesn't have as much trouble deciding how to prepare them as she did at one

time. "After I got married, I had hot links and I decided to have them for supper."

"I didn't know how to cook very well and I cut them up and boiled them. After they were done, I didn't know what to do."

"The logical thing would have been to put barbecue sauce on them, but I had a different idea—I mixed up some flour, milk and water and put thickening on them."

"I'm sure we ate them but I haven't put thickening on hot links since then."

Mrs. Monroe and her husband Kenneth have three children—Kevin, 12; Amanda 7 and Brandon 2.

Today she is sharing three of her recipes with RECORD readers.

White Sox continue to lead Teenage League

Colorado City's Texas Junior Teenage baseball league has clearly become two separate stories as the White Sox continue to roll along in first place while the rest of the league fights for second.

The White Sox, now 6-0 with the season half complete, picked up where they left off Monday night by batting their way to a 17-3 victory over the Braves Thursday night.

The Sox began slowly enough as the Braves' losing pitcher Bo Proctor popped up the first three Sox batters.

In the bottom of the inning, Braves' third baseman Beau Rees gave his team a brief 1-0 lead by knocking in Proctor with a double to the fence.

Winning pitcher Eddie Benitez, who went the entire four innings, then struck out two of the next three to snuff the Braves.

Benitez ended with seven st-

rike out.

The White Sox went ahead 2-1 in the bottom of the second on a triple by Ricky Arispe that scored Joe David Rodriguez, who reached base on balls.

Arispe was then batted in on a single by third baseman Mark Alvidrez.

After Benitez retired the Braves three up, three down, the White Sox exploded for 15 third inning runs.

The White Sox batted through the lineup two complete times in the inning while lead off batters Benitez and Mark Russell went to the plate three times.

Terry Rose relieved for Proctor during the inning and the White Sox promptly rode him too.

J. D. Rodriguez and Arispe led the Sox assault with three for three batting and three runs scored.

Ray Rivera and Alvidrez were also perfect at the plate while

Benitez went three for four. David Garcia went two for three with two runs scored.

In the other game played Thursday, the Colts fell one run short on a comeback and lost 8-7 to the Lions.

The win gave the Lions a 2-4 record and left them in a three way tie for second along with the Colts and Braves.

The Lions led 5-0 going into the fourth, where the Colts cut it to 5-2.

The Lions got the runs back for an 8-2 lead before the Colts comeback attempt in their last bat.

The Colts made 8-7 and still had the bases loaded with one out. Lions outfielder Joe Silva caught an Ismael Silva fly for the second out then Ricky Mendoza grounded to first to end the game.

Mark Molina and Duane Birmingham pitched for the win while brothers Ismael and Rene Silva took the loss for the Colts.

Indians take over lead

The VFW Post 9178 Indians became the newest Freshman League leaders after the past week's Little League action while the Blue Sox continued to roll in the Farm League.

The Indians, the third team to move into first place during the past two weeks, defeated the previously leading Rangers Tuesday night then took sole possession of first with a 14-3 victory over the Yankees Thursday night.

Fast ball specialist Spencer Taylor went the entire distance in pitching the Indians to victory over the Yankees while Jason Lawson mowed down the Rangers Tuesday night.

Though Taylor's pitching minimized the need for it, the Indians romped to victory over the Yankees with hardhitting at the plate.

Rightfielder Chris Lynch singled over losing pitcher Jeremy Strain's head to score Taylor and left fielder Jeffrey Haggerton for a 2-0 Indians lead in the top of the second. Taylor and Haggerton had both reached base on singles.

The Indians struck for four more runs the next inning, including the game winning runs when shortstop Rudy Melendez hit his fourth homerun of the season, a two run shot over the leftfield fence.

Melendez's homer on a 1-0 count scored second baseman David Owens, who had tripled to lead off the inning. The Indians added two more when Haggerton singled to score third baseman Frank Briseno and on a home plate steal by Taylor.

The big third inning gave the Indians a 6-0 lead but the Yankees cut it to 6-2 on a two run scoring double by catcher Artie Rivera that scored Johnny Martinez and Jesse Aguilar.

Taylor then settled back down to strike out two of the next three

batters and finished with eight strike outs.

The Indians then put the game out of reach with five runs in the fourth, on a two run double by first baseman Lawson. The Indians added three in the fifth with RBI's by Briseno and Taylor, who also added a second stolen home plate.

The Yankees got their third run from Aguilar on a fifth inning single by first baseman David Castillo, who also relieved for Strain.

The win gave the Indians a first place 6-2 record, including Tuesday night's 10-7 victory over the Rangers, now tied for third at 4-2 along with the Pirates. In second place are the 5-2 Astros.

The VFW Indians defeated the Rangers by tagging losing pitcher James Franco for six first

inning scores but had to hang on as the then first place Rangers fell three runs short of a comeback.

In another Tuesday game, the Dodgers defeated the Yankees 9-1 with Felix Vigil and Ruben Gonzales pitching. Vigil and Gonzales also batted three for three and combined for five runs scored.

Losing pitcher was Jeremy Strain.

The Astros and Indians will be battling for first in an 8 p.m. contest tomorrow night.

In a Farm League game played Thursday night, the Blue Sox remained undefeated by beating the Mets 20-5.

Winning pitcher was Juan Ybarra, who also posted three infield homeruns in three at bats. The Blue Sox are 4-0, one game ahead of the 3-0 Cubs.

INDIANS first baseman Frank Briseno follows through on a fourth inning run scoring double during his team's 14-3 Freshman League victory over the Yankees last Thursday night. At left is Yankees catcher Artie Rivera. The Indians will be trying to hold on to first place against the Astros tomorrow.

Scrubs win 3 straight to take over 1st place

The Calvary Baptist Scrubs posted three victories during the past week of Mitchell County Church League softball and own sole possession of first place with a 14-2 record with only three weeks of play left.

The Scrubs entered the week in second behind St. Ann's No. 1 but two losses by the Catholics put them at 12-4.

Thursday night's final game saw the Scrubs romp over the Calvary No. 1 team 23-4.

Rightfielder John Mayo led the Scrubs at the plate with perfect four for four batting with three runs scored.

Going four for five were Chuck Claxton and (Little) Doug Chitsey, who also scored three runs. Batting three for four with three runs scored were Woot Griffith and Dwayne Iglehart. Also going three for four was Gary Marsh.

Don led Calvary No. 1 with three for three batting while Urda Wulfjen and Rayford went two for three.

Preceding the Scrubs victory was a 12-5 victory by the St. Ann's Lowriders over the Over 40 Gang.

Bobby Arispe went three for four to lead the Lowriders while Snead and Ronnie were perfect at the plate for the Gang.

A 7:30 p.m. contest Thursday

night involved a struggle for third place between the First Baptist Saints and First Methodist, who both dealt defeats to St. Ann's No. 1 earlier in the week.

First Baptist entered the game with a half game lead over the fourth place Methodist and increased it to a full game with a 15-8 win.

Pete Parham led the Saints' with four for five batting, including a homerun and three runs scored.

First Methodist enjoyed a brief 3-2 lead after one inning and fought to a 6-6 tie in the second behind a homer by Randy Erwin.

The Methodists' bats cooled off from that point while First Baptist continued to score and pull away.

Wright and Wilkins added to the Saints' cause with three for four batting while Ricky McPhaul and Danny Biggs posted infield homeruns.

Bill Baum went a perfect four for four for Methodist while Erwin finished at three for four and Tim Edwards three for three.

In Tuesday's games, the Over 40 Gang got win number two with a 5-3 count over Calvary No. 1, the Scrubs defeated First Baptist 10-5 and First Methodist downed St. Ann's No. 1 12-8.

First Baptist is responsible for the field and concession stand the week of June 24-28.

Museum to display top photography

SNYDER - Award-winning news photography will come to the Diamond M Museum in Snyder with the opening of the 41st White House News Photographers Association Annual Exhibition from the Library of Congress on June 29.

On exhibit will be 55 color and black and white photographs, reflecting the events and people who made news. Categories include personality, picture story, news, sports, pictorial and feature.

The White House News Photographers Association was formed in June, 1921, during the administration of President Warren G. Harding. The first contest and exhibit were held during the administration of President Franklin Roosevelt, who served as one of the judges.

The Diamond M Museum will continue the exhibit through July 21.

THESE CHEERLEADERS from Westbrook High School attended the annual cheerleader camp at Western Texas College in Snyder this past week. From left are Elizabeth Burnett, Jimmie Kelly and Lorna Moore. Sixty-five students from 13 West Texas schools were registered for the camp.

WHAT WILL IT BE?

Donny Crowson - Pastor St. Luke & Dorn United Methodist Church

Have you ever wondered what type of people God desires His children to be? What does God desire His church to be? Consider these four questions what I believe every church should ask themselves before answering the question on what God wants His church to be.

- 1.) What type of people do we want to send into the world? There are two types of people that I believe the Bible says to send out. A. Committed people, and B. Compassionate people.
- 2.) What type of church will it take to produce that type of people?
- 3.) What type of laity will it take to produce that type of church?
- 4.) What type of pastor's will it take to produce that type of laity?

When you consider the Bible you will find that God's people are to be above reproach so that others may come to know Him in His true light. 1 John 4:8 tells us that, "...God is love". As God is, thus the children of God should be. Are we, right now, the people we ought to be? Are we, right now, the church we ought to be? What do people experience when they come into your fellowship? Is it love or a sad imitation of love? What type of church will we be? God awaits our answer.

EXERCISE 1

Be it so if you will, but alas! It was a dream of evil omen for young Goodman Brown. A stern, a sad, a dourly meditative, a distrustful, if not a desperate man did he become from the night of the fearful dream. On the Sabbath day, when the congregation was singing a holy psalm, he could not listen because an anthem of sin rushed loudly upon his ear and drowned all the blessed strain. When the minister spoke from the pulpit with power and fervid eloquence, and with his hand on the open Bible, of the sacred truths of our religion, and of saint-like lives and triumphant deaths, and of future bliss or misery unutterable, then did Goodman Brown turn pale, dread the lest the roof should thunder down upon the gray blasphemer and his hearers.

Police roundup

A warrant has been issued for the arrest of a 35-year-old Colorado City man following a stabbing incident on June 9, according to Police Chief Bobby Sparks.

Sparks explains that Wayne Goligoski, 30, of Colorado City was stabbed in the hand and chest during an argument in the suspect's home in the 1100 block of Elm street.

Sparks said he received a call from the hospital emergency room where the victim was treated and released.

A felony aggravated assault

charge was issued against Bill Payne. Sparks said that other warrants are also outstanding against Payne and that the police department is continuing its search for the suspect.

Roy Milton Templeton, 25, of Colorado City was arrested Wednesday by the Colorado City Police Department for theft of services after charges had been filed through the county attorney's office.

Thursday, Templeton remained in Mitchell County Jail.

Four members of the Colorado City Police Department completed an eight-hour first aid course last Saturday. The certified peace officer first aid course was taught and sponsored by the West Texas Central Council of Governments.

Those participating in the course included Police Chief Bobby Sparks, Sgt. Bill Grimes, patrol officer Tim Atkins and dispatcher Connie Robertson.

Sparks says that all officers have at least basic first aid certification with some having had more advanced medical

emergency training.

All of the police cars have now been equipped with emergency treatment kits and fire extinguishers.

"This will better help us serve the people of this community in any type of medical emergency that may occur," said Sparks.

Crime figures released by the Colorado City Police Department for the month of May shows an increase in the number of crimes investigated compared to the previous month.

Crimes investigated totaled

103, compared to 92 in April. Cases cleared in May were 63, the same as in April. There were 16 cases filed, compared to 21 in April. Arrests in May totaled 21, down from the April figure of 28. The number of calls remained the same, 1,372, while the number of accidents investigated dropped from 15 to 10.

There were 38 traffic citations issued.

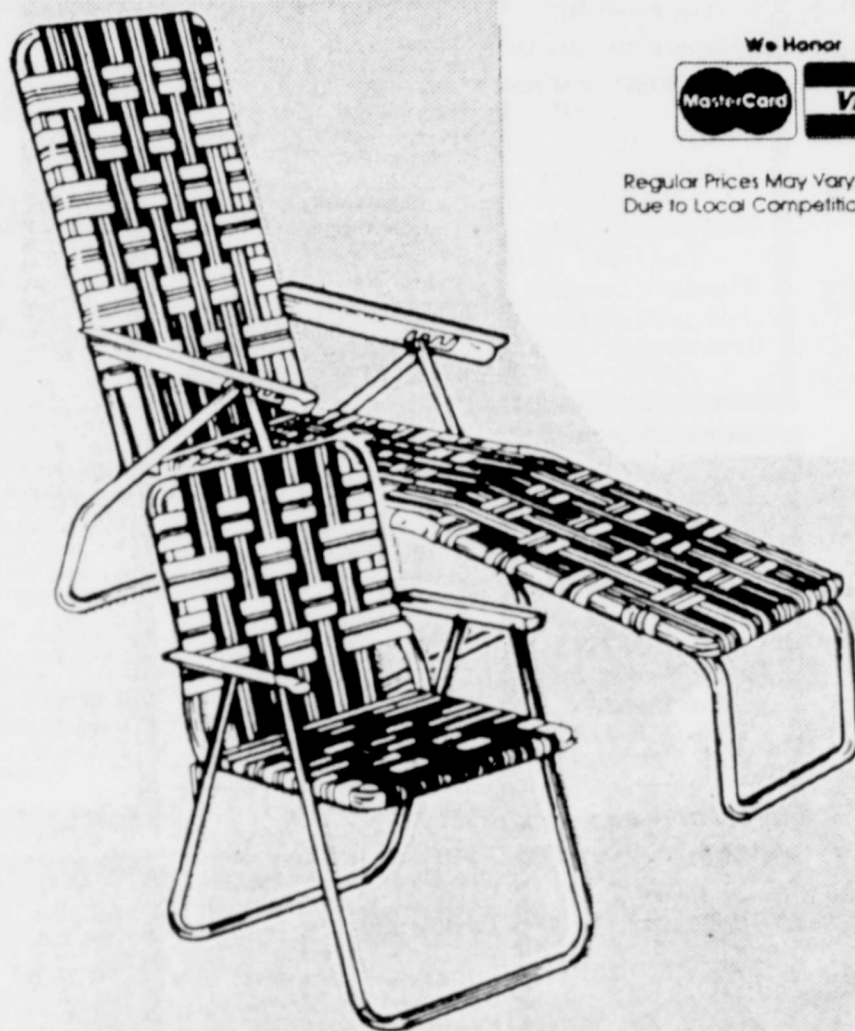

Crimes reported followed by the year-to-date total include burglary, 5 (35); theft, 13 (58); assault, 1 (1); vandalism, 6 (28); weapons, 2 (6); drug viola-

tions, 1 (10); family offenses, 6 (13); driving under influence, 3 (23); drunkenness, 10 (40); disorderly conduct, 16 (102); suspicion, 21 (84); other, 19 (85).

Colorado City, TX 79512
(915) 728-3464

TO ALL INTERESTED AGENCIES, GROUPS, AND PERSONS:
On or about July 10, 1985, the above named Municipality will request the Community Development Block Grant Program to release Federal funds under Title I of the Housing and Community Development Act of 1974, as amended, for the following project:

Project Title - South and Southeast Neighborhood Renovation
Contract No. - 00086817084
Purpose - Sewer Line Construction
Location - City of Colorado City, Mitchell County, Texas
ED/Census - Enumeration Districts 9901 and 9902, Mitchell
Finding of No Significant Impact
It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and accordingly the above named Municipality has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969.

The reasons for such decision not to prepare such Statement are as follows:
1. There will be no negative long-term impacts on the environment as a result of the project.
2. Some increase in noise, dust or other nuisance levels may occur during construction; however, such disturbances will be temporary and will cease on the completion of the activities which cause them.
3. None of the activities or projects to be undertaken will affect any known local, state or national historic, architectural or archeological resource presently listed, or potentially eligible for listing, in the national register of historical places or in any state or in any state or local registry.
4. Although part of the project is located in a flood plain, the activities will not adversely affect or be affected by the 100-year flood plain.
5. No effect is expected on protected or endangered wildlife or vegetation.

An Environmental Assessment respecting the within project has been made by the above named Municipality which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. This Environmental Assessment is on file at the above address and is available for public examination and copying upon request at City Hall between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday.
Public Comments on Finding All interested agencies, groups, and persons disagreeing with this decision

are invited to submit written comments for consideration by the Municipality to the Office of the Mayor. Such written comments should be received at City Hall, 180 W. 3rd, Colorado City, Texas 79512 on or before July 9, 1985. All such comments so received will be considered and the Municipality will not request the release of Federal funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

Release of Funds
The City of Colorado City will undertake the project described above with Community Development Program funds from the Department of Community Affairs under Title I of the Housing and Community Development Act of 1974, as amended. Mayor Elmer Martin as certifying officer of Contractor approved by the Texas Department of Community Affairs in his official capacity as Mayor, consents to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to environmental assessments decision-making and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the City of Colorado City may use the Texas Community Development Program funds and Texas Department of Community Affairs will have satisfied its responsibilities under the National Environmental Policy Act of 1969 and 24 CFR Part 58.

OBJECTIONS TO STATE RELEASE OF FUNDS
Texas Department of Community Affairs will accept an objection to its approval only if it is on one of the following bases: (a) that the certification was not in fact executed by the certifying officer or other officer of Contractor approved by the Texas Department of Community Affairs; or (b) that Contractor's environmental review record for the project indicates omission of a required decision finding or step applicable to the project in the environmental assessment. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58.75) and may be addressed to Texas Department of Community Affairs, 2015 South IH-35, P.O. The classroom sessions offer pointers in preventing accidents in spite of the incorrect actions of others and adverse driving conditions. Instructor will be Barbara Gray.

The course will have two sessions Tuesday and Thursday nights from 6-10 p.m. Films and other visual aids will be used to demonstrate how to improve driving skills.

Persons completing this course will be eligible for a reduction in insurance premium rates, also for possible ticket removal. The fee for persons 60 and over is \$10. Others will pay a fee of \$22.

You may register at the Wallace Center or WTC by June 24, at noon. For more information, call 728-2392, Community Education Office in Colorado City, Texas.

Credit card users have definite rights

By Jim Mattox
Attorney General

For many Texans credit cards are an every day convenience. But credit cards can be a major headache when they are used improperly or when the card company's computer makes an error in your bill.

The best advice for credit card users is to keep a copy of each receipt and compare receipts with charges when you receive your bill. If you find an error, you should attempt to settle the dispute as soon as possible.

Under the federal Fair Credit Billing Act, the consumer has 60 days to send a written notice to the credit card company of any errors in his bill. Be sure to include your account number and an explanation of why you think the bill is incorrect. The company must acknowledge your complaint within 30 days of receiving it and must take appropriate action within 90 days. The company is required by law either to make corrections in the bill or to investigate the complaint and explain why the consumer owes the amount billed.

In cases where the consumer says he or she was billed for an item never received, it is the

credit card company's duty to verify that the item was actually delivered or mailed.

If you have a complaint about your bill, the company may not close your account prior to doing the above and sending you a written explanation of your account. You will have at least 10 days from the time you receive the explanation to pay the disputed amount. After that time, the company can declare your account delinquent and report that information to third parties. However, the law says the company must also report that the bill is in dispute, and must give the consumer written notice if the delinquency is reported to third parties.

If the dispute is later resolved, the creditor must notify the same parties of the resolution.

If you feel that you have been treated unfairly by a credit card company after following the procedures outlined above, you may contact my Consumer Protection Division for assistance. There are Consumer Protection offices in Austin, Dallas, El Paso, Lubbock, McAllen, and San Antonio. The Attorney General's office is the people's law firm. We're here to help you.
