Six-Man Senate Panel Is Named For Investigation Of McCarthy

ROUGH AWAKENING

The heavy oilfield engine above stopped the car which is shown piled against the engine after the driver, Ronald Kent White, 20, of Lubbock went to sleep at the steering wheel about 1:45 o'clock this morning on the Lubbock Highway in north Snyder. E. W. Green, highway patrolman who investigated, said White hitch-hiked a ride with a passing motorist to Battenfield Hospital. White received a slight cerebral concussion, loosened teeth, and multiple lacerations, but is not in serious condition, Dr. Wilton N. Jones, attending physician, said. The engine, which weighs several thousand pounds, was moved about five feet by the impact, but was only slightly damaged. The car was heavily damaged. (Lee Watson photograph)

Pact Due To Reopen Iranian Oil Industry

By DON SCHWIND

TEHRAN, Iran (AP)—Representatives of eight big Western oil companies and the Iranian government announced broad agreement today to restart Iran's frozen oil industry. They said they hoped to begin shipping at least some of the oil again in about two months.

Under the agreement announced simultaneously in Tehran and London, the eight companies as a consortium will operate the vast Abadan refinery and the surrounding oil fields. They will buy the oil output from Iran and will sell the production abroad. Iran will retain title to the fields and the refining facilities.

Settlement of the three-year diplomatic battle was announced in a joint statement by Iranian Finance Minister Ali Amini and Howard Page of Standard Oil of New Jersey, chairman of the negotiators for the oil companies.

Their statement did not detail the rate of payment to Iran but informed sources said it was virtually the same 50-50 split that prevails elsewhere in the Middle East.

Amini and Page estimated that Iran, through direct oil revenue and taxes, would get 420 million dollars during the first three years of the arrangement. The estimate for the third year, more than 187 million, is larger than Iran's pre-nationalization oil revenue.

The agreement will run for 25 years, with provisions for three 5-year extensions.

The eight companies making up the consortium are Britain's Anglo-Iranian, which developed and operated Iran's industry alone until ex-Premier Mohammed Mossadegh nationalized its holdings in 1951; Standard of New Jersey, Standard of California, the Texas Co., Gulf Oil Co., and Socony Vacuum, all American; Royal Dutch Shell and Compagnie Francaise de Petroles.

Though Page in a separate statement said the companies "must now conclude a separate agreement among themselves covering their participation," informed sources said they would set up this division: 40 per cent to Anglo-Iranian, 40 per cent to the five American companies, 14 per cent to Dutch Shell and 6 per cent to the French firm.

(Authoritative sources in Washington said participation of the U.S. oil companies had been essential to get Iranian agreement after the bitter dispute with Britain over the nationalization.)

Anglo-Iranian will get little direct compensation from Iran—only about 85 million dollars—for its huge former properties and the 39 years the company's exclusive lease had to run. The company originally had claimed half a billion dollars. But as the largest individual shareholder in the consortium, Anglo-Iranian will get the biggest cut of the business.

The announcement said the agreement "must now be put into proper legal form, approved by the boards of directors of the participating companies, signed by the parties concerned . . . submitted for enactment as part of the law of Iran and for formal approval of the Shah."

Ask Permit To Deepen Test In Garza County

Threeway Drilling Co. of Midland has filed application with the Railroad Commission to deepen the No. 2 J. R. Durrett, a wildcat three and one-half miles northwest of Post.

The well is now at total depth of 3,600 feet. Operator proposes to deepen to 4,200 feet for a test of the Clear Fork. No shows for production have been reported in drilling to the present bottom.

The well is within the Garza San Andres field and in section 4, scrap file 1442, abstract 1065.

TESTING CONTINUES

Flowing tests are continuing at C. T. Robertson of Wichita Falls and associates No. 1 Nora Gee, Strawn prospector seven miles southwest of Silver in Northwest Coke County.

Perforations from 7,006-076 feet were fractured with 10,000 gallons of sand oil. The well then flowed 15 barrels of oil per hour through a one-quarter-inch choke for four hours. Earlier, a 24-hour flow of 186 barrels of oil had been reported from the same perforations.

The No. 1 Gee is one and one-quarter miles south of the Fuller-Coke field and was originally drilled to 8,120 feet by the Mar-Tex Realiziation Corp. of Dallas. It was abandoned at that point in 1951. Robertson and associates re-entered and cleaned out the hole, with the flowing oil resulting.

SCURRY COUNTY

Progress Petroleum has developed salt water on the latest test

81-Year-Old Man Is Hurt

Frank Perales, 81-year-old Latin American, was seriously injured when struck by a car on the Lubbock Highway just north of Thirteenth Street about 8:30 o'clock last night.

Dr. Wilton N. Jones, attending physician at Battenfield Hospital where Perales was taken by Bell ambulance, said that the victim's age makes his injuries more serious.

Perales received a cerebral concussion, small fracture of the skull, and other injuries. Dr. Jones said Perales' condition is considered serious, but not critical.

Driver of the car involved in the accident was Eugene Melton of the Cozy Courts, Johnny Claybrook, police desk dispatcher, said.

Claybrook said Perales was attempting to cross the Lubbock Highway near the B&B Parkway Grocery store when the accident occurred.

West Holds Firmly Against Russians

By JOHN M. HIGHTOWER

WASHINGTON (AP)—Russia's new proposal for a Big Four foreign ministers meeting is officially regarded here as part of a persistent drive to wreck Western anti-Communist defenses and to destroy eventually American leadership of the free world.

Officials said today Britain and France stand firmly with the United States in opposition to this Kremlin campaign. They forecast that the Russian proposal for new talks on European security will be turned down by joint decision. Three-power talks on a reply are now getting under way in London.

However, further Soviet moves are expected. The belief here is that the Russians may try to devise proposals of increasing attractiveness to Western Europe. Their immediate major aim is to block West German rearmament.

Their proposal for an over-all European security system has been put forth as an alternative to the Western-sponsored European Defense Community proposing to rearm Western Germany as part of a six-nation army. EDC is due to come up for action soon in the French Assembly.

Russia's over-all campaign aimed at destroying U.S. leadership and isolating the United States is being developed along two main lines.

One is directed toward convincing non-Communist nations not only in Europe but all over the world that the Communist bloc wants only peace. The agreement of the Reds to end the war in Indochina fits into that line, as does their European plan.

The other line is directed toward convincing the free nations that the United States is not peaceful but is committed to starting a new war.

President Eisenhower told his news conference yesterday the Soviets are "spending literally billions in different kinds of propaganda" and using subversion and bribery to drive this contention of theirs toward acceptance by millions. The President declared the United States must "be more imaginative in finding ways to combat" the Soviet campaign.

The latest Soviet maneuver was made yesterday when Russian ambassadors in Paris, London and Washington delivered notes proposing the foreign ministers of the Big Four powers should meet in August or September to discuss the calling of a big all-European conference on European security and on some German problems.

AUSTIN (AP)—The chairman of Texas' oil regulatory agency says the restoration of oil production in Iran should not be allowed to impair American oil production.

The statement came from Railroad Commission chairman Ernest O. Thompson, internationally recognized authority on oil production control.

Thompson's statement was based on advance indications confirmed in Tehran, Iran, today—that eight Western oil companies and the Iranian government had reached an agreement which would bring Iran's oil wells back into production.

Directing attention to the glutted condition of this country's domestic oil market, Thompson said: "It would not seem fair to our own people to permit more oil imports."

He suggested that Iran's neighboring Persian Gulf countries make room for the prospective new flow of crude and its products.

He said those countries had upped their production in 1950 when Iran closed down an output of 650,000 barrels daily because of its dispute with Great Britain over nationalization of the oil industry in Iran.

WEATHER

NORTH CENTRAL TEXAS: Clear to partly cloudy and hot this afternoon, tonight and Friday.

WEST TEXAS: Partly cloudy and warm this afternoon, tonight and Friday. Widely scattered thundershowers mostly in Panhandle and from Pecos Valley westward.

EAST TEXAS: Clear to party cloudy and warm this afternoon, tonight and Friday with isolated afternoon thundershowers mostly near the coast. Moderate to locally fresh southerly winds on the coast.

SOUTH CENTRAL TEXAS: Clear to partly cloudy and hot this afternoon, tonight and Friday. Mostly fresh southerly winds on the coast.

Oratory Halts Senate Action On Farm Bill

By EDWIN B. HAAKINSON

WASHINGTON (AP) — A bumper crop of election-year oratory made it uncertain today how soon the Senate would get around to voting on controversial new farm legislation.

Sen. Young (R-ND), floor leader for a bipartisan group of senators who are bucking the Eisenhower administration plan for flexible farm price supports, said in an interview:

"If we can pick up three more votes we can win."

Young favors a one-year extension of present rigid supports on five basic crops — cotton, wheat, corn, rice and peanuts. He said a long list of speeches probably would prevent any major votes today.

Sen. Aiken (R-Vt), floor manager for the administration proposals, insisted in a separate interview that the Senate would back flexible supports when the showdown comes.

"We've not lost a vote," Aiken added.

Both Aiken and Sen. Anderson (D-NM), former secretary of agriculture and a longtime backer of flexible supports, said they hoped for a vote before the Senate quits tonight.

In a speech prepared for Senate delivery, Young recounted repeated statements by Secretary of Agriculture Benson in opposition to continued rigid price supports, and he added:

"This is not what we promised to farmers two years ago during the election campaign.

"I challenge anyone in the Senate of the United States to point to a single speech by President Eisenhower during his campaign two years ago in the Midwest where he ever mentioned flexible price supports."

Australia To Back Defense Alliance

CANBERRA, Australia (AP) — Prime Minister Robert Menzies committed Australia tonight to give military support to the proposed Southeast Asia defense alliance—SEATO.

In so doing Menzies broke with historic Australian tradition that such commitments are not made in advance but determined by Parliament after a war starts.

"We cannot properly put forward our principles of foreign policy," Menzies said, "and enter into mutual arrangements with other nations unless we are prepared to support them with arms, men, ships, instruments of war and supplies, as we in turn would wish them to support us."

Menzies spoke before a crowded House of Representatives.

DISTILLERY BURNS

Fire destroyed two rackhouses and the customs house of the American Distilling Co. at Pekin, Ill., causing a loss estimated up to $4,000,000. Flames are shown consuming one of the rackhouses. About 42,000 barrels of whisky were destroyed. (Barrels average 50 to 55 gallons each.)

Homes Evacuated In Distillery Fire Area

PEKIN, Ill. (AP)—Homes were evacuated today near a distillery fire and civil workers were summoned for fear new blasts might knock over other storage buildings "like dominoes."

Fire fighters were ordered back from a flaming whisky rackhouse of the American Distilling Co. because a huge store of alcohol might ignite and explode.

Eight persons may have been killed. One person was known dead, seven are missing and feared dead, and more than 30 were injured in two explosions and fires since Wednesday morning.

The threat that the fire might spread and touch off new blasts prompted Pekin air raid wardens to ask all civil defense workers to be ready to report for emergency action.

Many civil defense workers from Pekin and nearby communities already had reported for duty at the fire scene.

Some 110,000 barrels of aging whisky—the equivalent of 17,325,000 fifths—have been destroyed. This loss, plus the plant and equipment destruction, sent the cost of the fire into the millions of dollars.

The section of the plant burning this morning is only 70 feet from a building where 600,000 gallons of alcohol are stored.

The danger area was roped off. Firemen were pulled back.

A half mile away from the burning rackhouse is the huge works of the Corn Products Refining Co.

The continuing fire, capped by a dazzling, nighttime, atomic-like explosion seen 75 miles away, destroyed much of the company's sprawling plant facilities in this central Illinois city.

Damage already is well into the millions of dollars.

The explosion last night lifted the roof and walls of one rackhouse—a six story brick building—high into the air. The debris rained down on firemen and plant workers fighting to halt the fierce, whisky-fed blaze touched off 17 hours earlier during a severe electrical storm.

Bricks buried two fire trucks and a fire chief's car.

Firemen who were drawing their water from the Illinois River and reportedly handicapped by a lack of sufficient pressure, were ordered to retreat a quarter of a mile because of the threat of new explosions.

NO DIOR INFLUENCE HERE

Colonel's Order On Attire Unleashes Women's Wrath

By TOM STONE

FRANKFURT, Germany (AP) — A battle-scarred U.S. Army colonel ducked behind his combat ribbons today as the wrath of a thousand American women poured down on him.

"I had no idea it would cause such a fuss," smiled Col. John H. Dilley, commander of the Frankfurt detachment, who issued an order advising Army wives and daughters here to spruce up and tone down their dress.

His directive said "the attire being worn in public by some American women is not in good taste," and warned that if they didn't do something about it "positive action" would be taken.

Outlawed were:

Bare-back, halter-type sunsuits worn without a jacket or wrap.

Bare midriff costumes.

Strapless, low-cut dresses (except in clubs or at social functions).

Shorts on teen-agers or women.

Blue jeans on "mature women."

Pin curlers, unless neatly covered.

The colonel, a West Point graduate who distinguished himself in the African campaign in World War II, said some women were going to and from the Post Exchange looking awful.

One of the women who likes her Levis said:

"I used to wear blue jeans to the commissary to buy groceries. Now I can't. I have two kids and keep house. I can't change clothes every time I want to go out of the house."

Another said stoutly:

"Our freedom is being threatened."

Col. Dilley (of 1510 Armstrong Ave., Kansas City, Kan.) remained good-naturedly firm.

"They've already shown a big improvement. Somebody just had to tip them off how they looked."

PAIRINGS MADE FOR LITTLE LOOP PLAYOFF

Little League district playoffs will begin at 6 o'clock this afternoon, it was decided in a meeting of officials late this morning.

In a drawing, Lubbock Southwest, winner of its area tournament, is matched with Midland Southern, area winner from the four Midland leagues, at 6 o'clock this afternoon on the Little League field here.

Playing at 8 o'clock tomorrow night will be Snyder and Merkel. Merkel this morning downed Rotan 12-11 in the eighth inning of a game continued from last night. The two had deadlocked 11-11 before the game was put off because of a Little League curfue ruling.

The two winners will meet in the finals Saturday. Game time will not be decided until after today's game. Lubbock has not been playing under lights this season and prefers to play daylight games. If the Lubbock team wins, the finals will probably be held at 6 o'clock Saturday afternoon. If it loses, they will probably be at 8 o'clock.

Buxom Simone Gets A Permit To Work

LOS ANGELES (AP)—Washington has overruled immigration authorities here and granted a work permit to Simone Silva, buxom British actress.

Miss Silva attracted wide interest when she stripped to the waist to pose for photographers with Robert Mitchum on the French Riviera. When she subsequently came here seeking a Hollywood career last June, she was denied a work permit by Herman R. Landon, district immigration director.

Landon contended Miss Silva had not demonstrated that she had any professional ability as an actress. But yesterday Landon said he had been overruled by the Board of Immigrations Appeals in Washington.

Wednesday High 102

A blast of summer heat drove the mercury to 102 degrees in Snyder yesterday, the highest maximum temperature since July 27 when 105 degrees was recorded. A minimum of 75 degrees was recorded overnight by Mrs. D. P. Strayhorn, weather observer. At 7:30 this morning the temperature was 80 degrees.

Selections Made By Party Chiefs

WASHINGTON (AP) — Vice President Nixon today appointed a six-member Senate committee to make an investigation of the conduct of Sen. McCarthy (R-Wis) and consider proposals that he be censured.

The members:

Sen. Arthur V. Watkins (R-Utah).
Sen. Frank Carlson (R-Kans).
Sen. Francis Case (R-SD).
Sen. Edwin C. Johnson (D-Colo).
Sen. John C. Stennis (D-Miss).
Sen. Sam J. Ervin (D-NC).

Quickly after the appointment of the committee, McCarthy arose and asked who would be the committee's chairman. Nixon replied that "the committee will select its own chairman."

McCarthy asked for a meeting this afternoon with the committee.

McCarthy said he wished, among other things, to get an understanding with the group which would avoid any conflict between its possible requirements on his time and his own plans for conducting hearings before his Senate Investigations subcommittee.

While Nixon announced the appointees, the actual selections were made by party leaders.

The Senate Democratic Policy Committee had an early morning meeting to decide finally on the Democratic members.

At its conclusion, Sen. Lyndon B. Johnson of Texas, Democratic floor leader, said, without disclosing the names, that his party's selections "are men who are symbols for patriotism, integrity and judicial temperament."

Johnson added:

"Two of them have had eminent careers as jurists. The third is one of the most beloved and respected senior senators on the minority side of the aisle."

Colorado's Edwin Johnson is the senior senator to whom Lyndon Johnson referred.

Edwin C. Johnson, 70, has been in the Senate since 1937 and is outranked by only seven senators in point of service.

A former Colorado governor (1933-37), he has announced his intention to retire from the Senate and run again for the governorship.

Stennis, 55, is a former Mississippi circuit judge. He has been in the Senate since 1947.

Ervin, 57, was appointed to the Senate only last June 5 on the death of the veteran Sen. Clyde Hoey (D-NC). Ervin stepped down from his state's Supreme Court bench to accept the appointment.

Sen. Knowland of California, the Republican leader, described his task in advance as one of selecting men of judicious temperament who had not become deeply involved in the controversy over McCarthy.

Watkins, 67, is a former judge in Utah. He was elected to the Senate in 1946.

Carlson, 61, is a former governor of Kansas. He was elected to the Senate in 1950.

Carlson had previously served six terms in the House, 1935-47.

Case, 57, has been in the Senate since 1949. Previously, he had served 12 years in the House where he was a member of the Un-American Activities Committee.

Case is a rancher and former newspaper editor and publisher.

Vice President Nixon made the announcement of appointment in a quiet, matter-of-fact voice, after calling a quorum of the members of the chamber.

Behind-the-scenes maneuvers to line it up had been going on steadily since the Senate voted Monday night to create the committee.

The vote ended a bitter debate in the Senate touched off by a resolution by Sen. Flanders (R-Vt) calling for censure of McCarthy.

The motion for creation of the committee, offered by GOP leader Knowland, includes a provision that the committee should report before this session of Congress adjourns.

There appears to be a strong possibility, however, that any report by that time—since congressional leaders are driving for adjournment by next weekend—could not go much further than to say the committee would need more time for its study.

German Dock Workers Ired

BREMERHAVEN, Germany (AP)—A thousand angry dock workers clashed with German police riot squads here today in a fight against the U.S. Army's project to build military apartments on the site of 25 German homes.

Fists and clubs flew as police reserves were rushed to this port from nearby Bremen to quell the anti-American demonstration. Waterfront Communist leaders were rumored to have helped incite the violence.

Police arrested a number of demonstrators.

Some injured required first-aid.

Trouble started brewing when owners of the 25 houses received eviction notices recently. The U.S. Army had requisitioned their property under occupation law to construct a $7,140,000 housing project for American personnel in the Bremen enclave. In turn, the Army offered to release 741 requisitioned homes in Bremen to German authorities.

Armas Told To Oust Partners

GUATEMALA (AP)— Leading Guatemalans petitioned junta President Carlos Castillo Armas last night to oust his two partners on the governing group and take over the government alone.

The petition was presented during a rally of 25,000 persons demonstrating in front of the national palace after the suppression of a two-day rebellion by dissident units at an army base.

Sponsors of the petition said if the rest of the junta did not quit in favor of Castillo Armas, they would call a general strike.

The petition also demanded punishment of those responsible for the attack Monday by military cadets and troops of the Aurora base on the irregular "Liberation army," which under Castillo Armas lead sparked the overthrow of Communist-backed Ex-President Jacobo Arbenz Guzman.

Top Demo Group To Stay Out Of Race

By BRUCE HENDERSON
Associated Press Staff Writer

Chairman Stephen Mitchell says the Democratic National Committee is staying out of the runoff race for Texas governor.

"The national organization has not been asked to take part" in the campaign between Gov. Allan Shivers and Ralph Yarborough, Mitchell said in answering questions Wednesday at Taos, N.M., where he is vacationing.

He added: "We have a firm intention not to take part. We want to just let them work it out for themselves."

The national committee has been at odds with the Shivers conservative wing of the Texas Democratic Party since the latter's bolt to Republican Dwight Eisenhower in the 1952 presidential election.

Shivers led the bolt, and normally Democratic Texas went for Eisenhower. Yarborough stuck by Democratic candidate Adlai Stevenson.

Yarborough told an East Texas campaign meeting in Tyler Wednesday Republicans in Washington believe if Shivers is reelected Texas will go GOP again in the 1956 presidential election.

Yarborough also declared "Texas was once an American free state, but (it) has been temporarily captured by millionaires." Texans will "make it a people's state again" in the Aug. 28 runoff election, the Austin attorney said.

Shivers, meanwhile, had a plug from Louisiana Gov. Robert Kennon, who told a news conference, "I have such respect for the people of Texas I feel they will again choose Allan Shivers for their governor."

Yarborough was due in Houston Thursday for a campaign meeting. He meets with supporters at Corpus Christi Friday.

Shivers is to talk with campaign workers in Amarillo, Sweetwater and Lubbock Friday and Saturday.

In his Tyler speech, Yarborough quoted Shivers as saying out-of-state money is financing the Yarborough campaign. Yarborough waved a letter he said was mailed to him from Los Angeles by a person whose name he did not disclose. A dollar bill was attached to the letter.

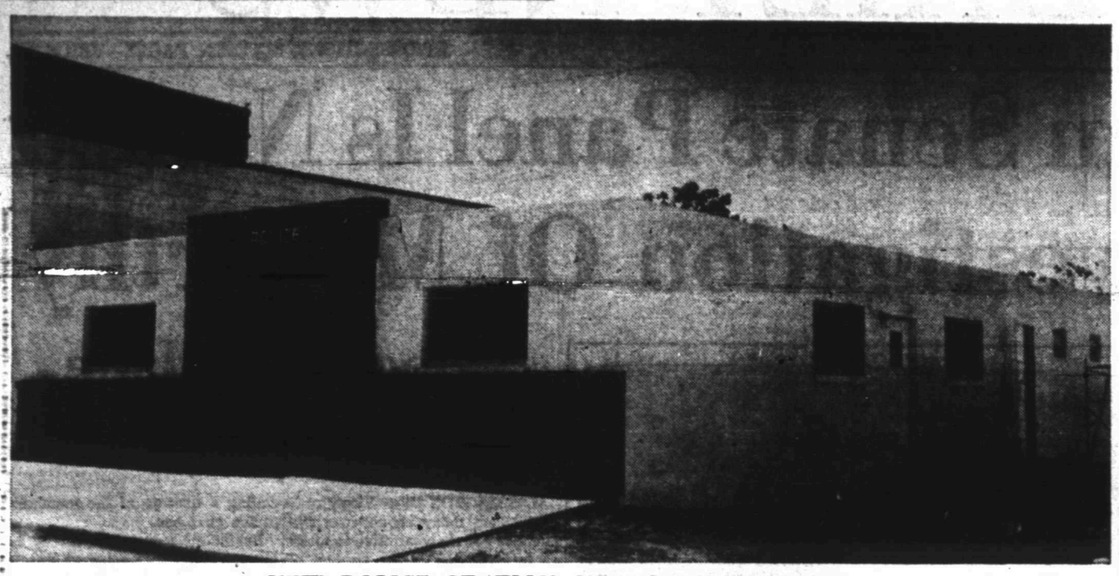

"Here is my outside contribution," he said. Then Yarborough charged Shivers' campaign has been financed "by the big gas exporters and the big oil importers."

Reports from both candidates indicated Shivers and Yarborough spent close to the same in the first primary campaigns.

Final sworn statements for the first primary received Wednesday by the secretary of state said Yarborough spent $152,663.22 and Shivers $144,709.74.

Shivers said he received $100,508.99 in gifts. Yarborough reported $94,329.30 in gifts and said he borrowed $10,000 for campaign purposes.

First reports on spending in the runoff campaign are due Aug. 8 and 13.

NEW POLICE STATION NEARS COMPLETION

Contractors are nearing completion of construction of the new $18,000 city police station and jail above. The new building is located adjacent to the fire station annex of the city hall. Walter Suttle, police chief, said that his department will probably move into the new building next week. J. D. Jones Construction Co. is contractor for the building. A corporation courtroom, radio room, offices, photographic laboratory, and property room will be provided in the police station. The jail has a juvenile detention ward and women's cell in addition to the men's section. (Lee Watson photograph)

Navy Vet 'Atones' For Atomic Blasts

GREAT BARRINGTON, Mass (AP)—A 30-year-old Navy veteran says he will walk the streets of this town Saturday in a "personal proclamation of guilt" for the atomic bombing of Japan and the U.S.

Hollis J. Wyman Jr., a Harvard graduate, said today he is guilty of "burning his fellow human beings, first as a naval officer in Japanese waters, and secondly as a United States citizen during the H-bomb tests." He is a member of the Fellowship of Reconciliation, a world-wide pacifist organization. He said he chose Saturday for his day of "atonement" because it falls between the anniversaries of the Hiroshima and Nagasaki bombings.

Wyman applied to the selectmen of this western Massachusetts town of 6,712 for permission to stage his "proclamation." It was granted after considerable debate.

He will carry placards and distribute pamphlets throughout the day.

Wyman entered the Navy in July, 1943, and served as an officer until June of 1946, when he resigned his commission to join the Fellowship of Reconciliation and begin a career of social work.

The Fellowship of Reconciliation started in England about 40 years ago. The purpose of the organization, which claims 11,000 members in this country, is to "work to abolish war and to foster good will among nations, races and classes," according to the New England secretary Richard. D. Hathaway.

Wyman spent two years in France and Germany with the group doing rehabilitation work. His mother, Mrs. Hollis J. Wyman of Auburndale, said he was "revolted" by the destruction caused by the bombings of Europe and "feels guilty about having been in the armed service."

Wyman said the day of atonement was his own idea and was not sponsored by any organization.

Wyman is married and has two children.

Young Mother Unconscious Four Months

LUFKIN, Tex. (AP) — Today marked the fourth month of existence in a world of unconsciousness for a 24-year-old Lufkin mother.

Mrs. Kenneth McGilbery, injured last April 4 in a freak automobile accident, has not regained consciousness and doctors are doubtful she ever will.

Mrs. McGilbery, her husband and two-year-old son were en route to visit relatives in Louisiana early Sunday, April 4, when their car went out of control on U.S. Highway 69 near Zavalla on a rain-slickened curve. Mrs. McGilbery's head hit the top of the car, inflicting a severe brain injury.

Other passengers in the car were only slightly injured. McGilbery was thrown out as the car skidded from one side of the road to the other. In the process, Mrs. McGilbery was thrown into the back seat, her head hitting the top.

A Houston brain specialist who saw her on the day of accident said he was not sure about her condition. Later he made extensive tests in Houston and she was returned to Memorial Hospital here, where her condition has remained unchanged.

Her physical condition is reported fair otherwise. However, she has lost a great deal of weight.

She requires constant care and her family maintains a vigil at her bedside in order to help reduce medical expenses.

Mrs. McGilbery can open her eyes and look around her hospital room, but there is no indication she recognizes people or objects.

She can move around in bed, but has no control over her arms and legs, much as a paralytic polio victim.

Before the accident, she was a member of the Lufkin Daily News advertising department.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD HOSPITAL

Admissions — Mrs. W. M. Ross, Jr., 2106½ Avenue W; Mrs. C. L. Manning, Snyder; Mrs. E. J. Vineyard, 1307 Twentieth Street; Raymond R. Way, Snyder; Eddie Brown, 2109 Twenty-eighth Street; Frank Perales, Snyder; Mrs. L. R. Cox, 1004 Twenty-sixth Street.

COGDELL HOSPITAL

Admissions — Mrs. Ethel Marie Sowell, 2106 Avenue R, medical; Mrs. James Beggs, Snyder, medical; Mrs. John Mayo, 211 Thirty-third Street, obstetric; Mrs. Charles D. Davis, 410 Twenty-four Street, obstetric.

Dismissals — Albert Van Zandt, San Angelo, medical; Bobby Joe Clark, 810 Avenue O, medical; Mrs. Earl Boomer, 2507 Avenue H, obstetric; Mrs. James Beggs, Snyder, medical.

BIRTHS

Mr. and Mrs. John Mayo, 211 Thirty-third Street, are parents of an eight-pound, seven-ounce baby girl born Wednesday morning at 11:18 in Cogdell Memorial Hospital.

Mr. and Mrs. Charles D. Davis, 410 Twenty-fourth Street, are the parents of a son born this morning at 12:35 in Cogdell Memorial Hospital. The baby weighed five pounds, thirteen ounces.

Sweetwater Due To Get Gasoline Plant

SWEETWATER, Tex. (AP)—Waste gas from oil wells will be turned into liquid petroleum products by a million dollar gasoline plant to be built near here.

Construction is scheduled to start immediately on the plant for the Honolulu Oil Co. and Payne, Johnson & Byars of Tyler. Its location is 15 miles east of here in the White Flat Oil Field.

The Gasoline Plant Construction Co. of Houston, which will build the plant, said completion has been set at Dec. 15.

Moving Sidewalk Is Planned In Houston

HOUSTON (AP)—A moving sidewalk—described by Mayor Roy Hofheinz as the only one south of New York City—will be built by the city of Houston across Buffalo Bayou.

The city council yesterday approved the $225,000 expenditure to connect a 3,000-car parking lot on the north side of the bayou with the Sam Houston Coliseum.

Ambitious Salesman Sought By Police

LONG BEACH, Calif. (AP)—This salesman literally beat his prospect over the head—with the merchandise.

Erwin E. Hunter told police the salesman came to his door yesterday and sought to interest Hunter in some pots and pans. Hunter said he declined politely, whereupon the pot merchant banged Hunter on the noggin with a pan.

Hunter said that, when he recovered from his surprise, he floored the peddler with a right to the jaw. The salesman got up and fled, taking his wares with him. Police are looking for him on an assault charge.

Two Men Being Held In County Jail Here

Two men charged in county court this week with misdemeanor offenses remained in the county jail this morning, one not having decided to enter a plea in his case.

Ennis Powell, Snyder Negro bootlegger charged Tuesday with having possessed liquor for purpose of illegal sale, had not decided to enter a plea in his case by noon today, the sheriff's department reported.

He was brought before the court Tuesday afternoon when he stated that he did not wish to plead at that time.

Homer Vance Geer, 25, an ex-convict, pleaded innocent Tuesday afternoon to a charge of aggravated assault against his wife, Betty Jo Geer, affiant in the case. He was quoted as saying he did not desire release on bond.

Youngster Has A Real Cops-Robbers Game

OKLAHOMA CITY (AP)—Nine-year-old Charles Tiger got locked inside of a big wholesale food warehouse last night and accidentally tripped a burglar alarm.

He crawled out from behind a packing crate to find 15 policemen facing him with guns drawn.

"You caught me," he said. "Bet'cha can't catch the other six guys who are in here with me."

A systematic search of the warehouse, lasting 45 minutes, produced no one. Officers decided to talk to Charley again.

The youngster broke down.

"Ain't nobody here but me."

Cyclist Draws Fine

PIQUA, Ohio (AP)—Even though he hadn't even been inside an automobile, Elton M. Morris of Piqua drew a three day jail sentence and a $100 fine for drunk driving.

Municipal Judge Charles Lynch acted after Morris pleaded guilty to the charge. Officers had reported they found Morris "weaving all over" Main Street on his bicycle.

Unions Set Up Joint Group For New Unit

HOUSTON (AP)—In what is termed an historic action, the CIO and AFL have set up a joint group to organize maritime workers along 2,800 miles of U.S. rivers and canals.

The move yesterday is the first time in labor history two trade union groups have pooled their resources, said William Smith of Washington, field assistant to CIO executive vice president John Riffe.

Represented at a meeting in a hotel here were the Masters, Mates and Pilots (AFL), the National Maritime Union (CIO) and the Marine Engineers Beneficial Assn. (CIO).

Charles Barrancio, a CIO organizer, will head the joint committee, Smith said. He will have offices in St. Louis.

OIL

Continued from Page 1

of the Pennsylvanian lime at its No. 1 Whatley, North Scurry tester.

The test was run from 7,145-167 feet with the tool open 50 minutes. Gas surfaced in 12 minutes with a good blow for the remainder of the test. Recovery was 50 feet of heavily oil and gas-cut mud, 360 feet of oil and 360 feet of salt water. The project is bottomed at 7,167 feet in lime and waiting on orders.

In Northeast Scurry County, Sunray Oil No. 1 Criswell is drilling in lime below 6,920 feet.

KENT COMPLETION

Kewanee Oil Co. No. 1-H Wil (Wilson Connell), East Polar-Pennsylvanian field test in Kent County, has been completed for a pumping potential of 5.04 barrels of oil.

The potential test covered a 24-hour gauge. The fluid recovered was 57.14 per cent water. Gravity of the oil was 35.5 degrees. Production is coming through perforations at 6,945-948 feet which had been acidized with 3,000 gallons of acid.

Location was 1,980 feet from south and 660 feet from east lines of the east half of section 4-5-H&GN.

DRILLING REPORT

Pan American Oil No. 1 Oats, Fisher exploration, is at total depth of 6,003 feet in lime and taking electric logs. General Crude No. 1 Devenport is drilling in shale and lime below 4,433 feet. General Crude No. 1 Ray is drilling below 3,938 feet in lime and shale.

Phillips No. 1 Quartz, West Borden wildcat, has perforated casing from 7,703-812 feet and is preparing to test there. Brown and associates No. 1 Bacon, Southeast Borden wildcat, is drilling below 2,906 feet in lime and anhydrite.

Seaboard Oil No. 1 Vaughn, Dawson strike, is preparing to acidize perforations in the Pennsylvanian lime and start completion tests. It flowed 116 barrels of oil in 24 hours through these perforations on a previous gauge.

C. L. McMahon No. 1 Hendry, Northeast Coke prospector, is drilling below 5,722 feet in lime.

In Howard County, Harper & Huffman No. 1 Oldham is drilling in sandy lime below 9,011 feet.

Complains Because He Didn't Get Tax Bill

LINDEN, N.J. (AP)—Stephen Sember was a tax collector's dream come true today.

Sember, who lives in a trailer, lodged a formal complaint with the City Council demanding to know why he hasn't been billed for taxes.

Sember said yesterday he had lived in trailer camps in various parts of the country for the past 10 years and always had been obliged—and happy—to pay his taxes.

Why, he asked, should it be any different in Linden?

The Council's tax committee promised to look into the matter.

Trains Begin To Haul Wetbacks Home Again

McALLEN, Tex. (AP) — Mexican trains started hauling families of "wetbacks"—illegal aliens from Mexico—back to Mexico today.

J. M. Swing, commissioner of the Immigration and Naturalization Service announced the transportation plan after a quick swing through the Rio Grande Valley yesterday.

He also said that sometime in the next few days a Mexican ship would dock at Port Isabel to carry more illegal aliens home.

The train will transport the families to Queretare, in Southern Mexico.

The Border Patrol has been rounding up illegal immigrants and warning wetback families known to the patrol that they must leave.

Trading Is Active On Stock Market

NEW YORK (AP)—Aircrafts and a wide assortment of low priced stocks tipped the stock market upward this morning in active trading.

Aircrafts, airlines, chemicals and radio - television securities were generally on the rise while motors, rubbers, steels and utilities appeared mixed. Changes were generally minor fractions.

The hostess, Mrs. T. J. Sterling, furnished the patches, lining, cotton and all other material needed for the four quilts completed at her all-day party. The predominant background colors for the quilts were yellow, orchid, blue and white. The names of the women shown here appear in the column as they are pictured, beginning with the first one on the left. Mrs. Sterling is fourth from the right and her daughter, Doris, is the last one pictured on the right. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

Needles Flew and Patches Grew Into Quilts At Party

An event seldom seen in these fast modern days occurred Tuesday at the home of Mrs. T. J. STERLING, 2511 Thirtieth Street, when she was hostess for an all-day quilting party.

There was nothing old fashioned about the guests. They operated with a speed attuned to these jet-propelled times when they completed four patch-work quilts in one day.

The quilts were made for DORIS STERLING who is going to be married this month. She didn't do any of the quilting but she didn't have an idle moment all day. Her time was spent keeping the busy quilters supplied with plenty of ice water and soft drinks and tending to their children.

The garage of the Sterling home where the sewing was done, was a virtual bee-hive of activity. The fourteen guests worked in two groups with a competitive sort of spirit. Each group wanted to finish a quilt before the other did.

At noon a covered-dish luncheon was served to Mrs. Howard Sterling, Mrs. Jim Sorrells, Mrs. Owen Miller, Mrs. Buford Sterling, Mrs. Zera Milhollen, Mrs. Casey Bishop, Mrs. Pete Hester, Mrs. Bernard Bishop ,Mrs. T. B. Knight, Mrs. Mark Kennedy, Mrs. Bill Crowder, Mrs. Sam Spikes, Miss Ruth Seaborn and Mrs. Maude Davis.

• • •

Mr. and Mrs. GEORGE LLOYD, 2400 Avenue I, have a new grandson born July 24 in Abilene. The baby, Larry Mark, is the son of Mr. and Mrs. Homer Hutto of Abilene. Mrs. Lloyd spent last week there getting acquainted with the new arrital.

Among 33 entires in the Miss Wool contest to be held at San Angelo is Miss COLLEEN SOLES, daughter of Mr. and Mrs. ADAM SOLES. The contest is held by the Texas Sheep and Goat Raisers Association in connection with its annual Wool Fiesta. Pictures of the entrants will be mailed to New York, where John Robert Powers will select 11 as finalists in the contest which will take place Sept. 1-4.

Lawn Party Is Given Honoring Gloria Toombs

A gift party honoring Gloria Toombs, bride-elect of James K. Turner, was held Tuesday night on the lawn of the Buford Browning home in Fluvanna.

In the receiving line were the honoree, Miss Toombs; her mother, Mrs. Cullen Toombs, and Mrs. Browning.

There were two readings, "A Proposal On the Train" given by Galyn Collier and "To A Bride" given by Elois McDow.

Eleanor Browning sang to the accompaniment of Sandra Defore's music.

Patsy Pogue, cousin of the honoree, presided at the bride's book. Mrs. Sam Hunnicutt showed the gifts.

Refreshments were served by Louise Glass to about fifty guests.

SMART SLENDERIZER!

WOMEN

HOT 'N' HANDY CHICKEN . . . is the name of this delicious new recipe for frying chicken.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5486.

It's picnic weather, indoors as well as out, whether we like it or not; so why not make the most of it and have a picnic right at the dining room table? After all, fingers were made before knives. You're not absolutely obliged to eat this Hot 'n' Handy Chicken in your fingers, but if the temptation to do so proves irresistable, you'll find it is a surprisingly tidy process, as well as lots of fun.

And the chicken itself is delicious; tender pieces encased in crisp, crusty jackets of crumbs made from enriched yeast-raised bread. Pretty as a picture, too, served with butter-bright corn on the cob and scarlet slices of beefsteak tomatoes, both at their freshest right now.

HOT 'N' HANDY CHICKEN
6 slices bread
1 egg
2 tablespoons milk
1 tablespoon salad oil
6 chicken parts (legs and breasts)
½ teaspoon salt
Pinch of pepper
¼ cup flour

Trim crusts from very dry bread. (Fresh bread may be dried out in a very slow oven.) Grate bread to make fine crumbs. Sift to remove coarse pieces. Beat egg slightly with a fork; blend in milk and salad oil. Remove skin from chicken parts. Spinkle chicken with salt and pepper. Roll in flour, then egg mixture, and finally in bread crumbs. Fry in deep hot fat, turning once, until golden brown. Makes six servings.

• • •

There is always something new you can do with that all-time favorite "cut" of meat, the wienie. Even if you call it a frankfurter, you still have a cheap, good-flavored basis for a lot of main dishes.

These "dogs in a blanket" are quickly cooked and easily put together — franks, stuffed, then wrapped in smoky bacon are broiled until the juices ooze through the filling. Each frank is stuffed with a tasty mixture of rice, sharp cheese and green pepper — a very companionable threesome.

INGREDIENTS
1 cup uncooked white rice
1 teaspoon salt
2 cups water
2 tablespoons finely chopped green pepper
1 teaspoon prepared mustard
⅛ teaspoon black pepper
¾ cup grated sharp cheese
10 frankfurters (about 1 pound)
20 slices bacon

Put the rice, salt and water in a two-quart saucepan. Bring to a vigorous boil over a high heat. Turn the heat as low as possible. Cover and cook over this low heat for 14 minutes. Remove the saucepan from the heat but leave the lid on for 10 minutes. Add the green pepper, mustard and pepper. Stir in the grated cheese.

Split the frankfurters lengthwise almost through to the opposite side. Spoon a generous amount of the rice and cheese filling over the entire length of each frankfurter. Wrap two slices of bacon around each filled frankfurter so that all of the filling is covered by the bacon. Hold the bacon in place with three tooth picks. Chill until ready to cook.

Place the stuffed frankfurters on a shallow pan and broil in the broiler of an oven set at 450 degrees. Broil for 15 to 20 minutes, turning so the bacon will cook on all sides. Do not place too close to the heat or cook quickly because the filling must have time to heat through.

This recipe makes 10 servings. These stuffed frankfurters are so delicious, you should allow more than one to a person.

• • •

If you dine outside, prevent your candles from smoking by coating them with a paste of thick soapsuds. Avoiding the wick, roll each candle back and forth between the well-soaped palms of your hands. Wipe off excess soap, let the candles dry, and they will burn evenly without dripping or smoking.

• • •

Housewives going away on vacation can put butter, homogenized milk and cream in the home freezer, say Department of Agriculture dairy specialists. The cream or milk should be frozen in waxed cartons or freezer containers rather than in glass bottles. Long frozen storage is not recommended.

Meeting Scheduled

An executive meeting to plan the coming year's activities is scheduled for this afternoon at 3 o'clock in the Junior High School, Mrs. E. N. Baker, president, announced.

Mr. and Mrs. Frank Rose and children, Margaret and Frank III, of Fort Worth, spent the week end with Mr. and Mrs. Frank Berry, and Miss Maggie Williams, Arah Route.

Snyder Youth Among Ford Award Winners

A Snyder youngster is among 24 Texas teen-agers who won cash awards in the Ford Motor Company's national 1954 Industrial Arts Awards competition.

Jan White, 14, of 3207 Hill Street, won a $40 fourth place award for a lamp entered in the wood division. The lamp was made as a part of classroom work at Snyder Junior High School.

More than 5,000 entries were judged at the national I.A.A. finals in Dearborn, Mich., Ford headquarters, and 712 winners were picked in the 14 divisions. Judges were a panel of 29 industrial educators and industry representatives.

Using some of those summer fruits you put into your freezer? If they are to go into fruit cups they need be defrosted only a short time before serving so they will still be icy cold. If frozen berries are allowed to stand after they are thawed, they tend to become flabby; other fruits tend to lose their shape and juice.

WOMEN'S CALENDAR

THURSDAY

Long Court Fight Due If Bill On Fifth Amendment Passes

WASHINGTON (AP) — A long constitutional court fight lies ahead if Congress passes — and there's a chance now it will—a law to force Fifth Amendment witnesses to testify by guaranteeing them immunity from prosecution.

The fight can be made two ways: (1) On whether Congress can pass a law to get around the Constitution's Fifth Amendment and. (2) whether Congress can pass a law guaranteeing a man immunity in both federal and state courts.

The Senate passed an immunity bill in 1953. The House passed a different one yesterday. The Senate may accept the House bill, junking its own. Then President Eisenhower could sign the bill into law.

This is the story step by step:

The Fifth Amendment says a man can't be compelled to give testimony which might incriminate him. Long ago Congress had trouble making some witnesses talk before its committees. So in 1857 it passed a law which still stands. It says:

"No testimony given by a witness before a congressional committee shall be used as evidence in any criminal proceedings against him in any court." This law sounded more sweeping than it is.

The government can't use such a witness' actual words against him if it wants to try him later for some crime related to his testimony, but it can use his testimony as a lead for gathering evidence on which it can try him.

And, so far as is known, if the testimony of a congressional witness involved a state crime, the state where it occurred could use his testimony as a lead for gathering evidence on which to try him in a state court.

One example of that was Frank Erickson, who admitted to a Senate committee he was a New York gambler. New York police promptly raided his offices. He was convicted and jailed in New York.

But a state can't use a congressional witness' actual words — any more than the government can — to bring him to trial. The Supreme Court ruled on that this year in the case of a Marylander who admitted to the Kefauver Committee he was a gambler. His testimony was used against him later in a Maryland court and he was convicted. The high court threw out the conviction.

In 1940 Congress passed a law, called the Smith Act, which makes it a crime to teach or advocate forcible overthrow of the government. The government has tried and convicted a number of Communist leaders under that act. It will try more.

So a witness before a congressional committee, asked about his Communist activities, can argue: "It is not a crime to be a Communist. But what I say here may provide the government with a lead to try me under the Smith Act. Therefore, I stand on the Fifth Amendment and refuse to answer since it might incriminate me."

Hundreds of witnesses have used the Fifth Amendment. And the Supreme Court itself has said they had a right to if they were asked questions about Communist activities. Why? The Supreme Court gave its reason Dec. 11, 1950, in the case of Mrs. Patricia Blau.

In 1948 she pleaded the Fifth Amendment in refusing to answer a Denver federal grand jury's questions about Communist activities in Colorado. She was tried and jailed for one year for contempt of court and appealed to the Supreme Court.

She was within her constitutional rights in keeping quiet, the court said, because her testimony might lead to her incrimination later under the Smith Act. Mrs. Patricia Blau — the FBI says it is the same one — was one of seven persons arrested earlier this week on charges of violating the Smith Act.

The House and Senate, upon the urging of Atty. Gen. Brownell, have approved differing bills to get around the Fifth Amendment and force witnesses to talk.

Generally, this is what the House bill would do: If a witness were asked about Communist activities and pleaded the Fifth Amendment, he could be promised immunity from prosecution for any crime related to his testimony. If he still refused, pleading the Fifth Amendment, he could be tried for contempt of Congress or a federal court and, if convicted, jailed.

But the first witness who spurns immunity and lands in jail for contempt will certainly appeal to the Supreme Court, raising this question: Isn't Congress violating the Constitution if it passes a law to deprive a man of the Fifth Amendment's protection? The government would argue that he has been guaranteed immunity to prosecution and therefore lost no right.

Texas Military Construction Projects Set

WASHINGTON (AP)—A supplemental appropriations bill carrying $72,606,000 for Texas projects was passed by the Senate yesterday.

The measure, totaling $1,322,900,000 for all projects in the nation, provides $910,000,000 in new appropriations and $412,900,000 from unobligated balances for the program in the year ending June 30.

The Senate added $352,403,000 to the House appropriation of $557,597,000.

The largest Texas amount is $17,394,000 for the Strategic Air Command at Abilene Air Force Base.

Texas projects include:

ARMY

Ft. Hood, $9,904,000.

AIR FORCE

Air Training Command: Amarillo AFB, $365,000; Bryan AFB, $28,000; Goodfellow AFB, San Angelo, $15,000; James Connally AFB, Waco, $3,853,000; Laughlin AFB, Del Rio, $255,000; Perrin AFB, Grayson County, $1,940,000; Reese AFB, Lubbock, $112,000; Sheppard AFB, Wichita Falls, $32,000; Webb AFB, Big Spring, $100,000.

Strategic Air Command: Abilene AFB, $17,394,000; Gray AFB, Killeen, $465,000

Tactical Air Command: Foster AFB, Victoria, $7,341,000.

NAVY

Aviation facilities: Auxiliary landing field, Alice, $151,000; auxiliary air station, Chase Field, Tex., $241,000; air station, Corpus Christi, $342,000; auxiliary air station, Kingsville, $601,000; Padre Island, Tex., $80,000.

Phone Booths Yield Discarded Articles

PHILADELPHIA (AP) — Workmen cleaning behind a brace of 30-year old telephone booths in City Hall yesterday found some articles apparently discarded by telephone callers over the years.

They included:

A dozen newspapers dating back to 1935, three bottles of what appeared to be Prohibition-type rum and a flag of the Philadelphia Sesquicentennial Exposition held in 1926.

Deny Hearing On Pipeline

WASHINGTON (AP)—The Federal Power Commission has refused to reconsider its authorization to a Houston pipeline corporation to build a 160 million dollar natural gas pipeline system to serve the Pacific Northwest.

The commission yesterday rejected an application for a rehearing submitted by two competing firms and a number of intervenors, who also asked a stay of the June 18 order giving the Pacific Northwest Pipeline Corp. the go-ahead with its plans to the system.

There was nothing new, the commission said, in the request for the rehearing, turned in by Westcoat Transmission Co., Inc., of Wilmington, Del., and Trans-Northwest Gas, Inc., of Spokane, Wash., who had filed competing applications.

Nagging Backache Sleepless Nights

Often Due to Kidney Slow-down

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief—help these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Dividends Riding Higher This Year

NEW YORK (AP)—Some seven million owners of corporate stocks are extra happy today over tax relief on dividends. That's because dividend payments this year are riding 7.5 per cent higher than a year ago.

And prospects are good for generous divvying-up with the share owners in the rest of the year.

Percentage gains in dividends are greater than the rise in corporate earnings. And they run counter to the general drop in industrial activity.

The new tax law may help stockholders to get a still higher percentage of corporate gross earnings. Tax relief will allow many corporations to bring down a greater percentage of their gross earnings to net profits after taxes.

Since, henceforth, the shareholder won't have to report all of his dividends as taxable income. April 15 will be a happier day for him. And the amount involved isn't small.

The Office of Business Economics of the Department of Commerce reports that corporations paid out about 4¼ billions of dollars in dividends in the first six months of 1954. In the same period of 1953, a time of booming industrial activity, they paid less than four billions.

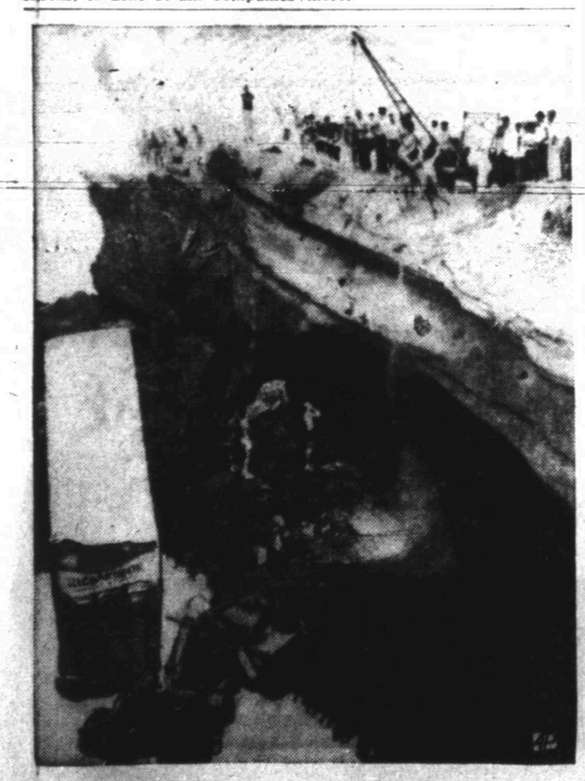

Not all stockholders have gained. Some have seen smaller dividend checks, or none at all. Companies cutting payments are scattered through most industries. But the federal agency reports that the industrial groups which have paid less as a whole are: textiles, leather, nonferrous metals and automobiles.

To these the New York Stock Exchange, in its monthly magazine out today, adds the following from stocks listed with it: farm machinery, American-owned companies operating abroad, and foreign stocks listed on the exchange.

For its 1,070 listed common stock issues as a whole, the exchange also reports the gain this year in dividends paid out was 7.5 per cent. It says 924 of the common stocks paid dividends, with 520 shelling out the same amount as last year. But 314 paid more than a year ago, and only 125 paid less. The 125 are scattered through all 27 of the categories in which it lists its stocks.

Biggest percentage gain in amounts paid, the exchange reports, was in the aircraft industry, up 77 per cent. Largest dollar volume was by the utilities—104 of their common stocks paying a total of 561½ million dollars, a gain of 11 per cent. A close second was the 473 million total paid to share owners by only 49 oil and natural gas issues.

Wall Street is betting on dividend payments increasing still more.

MOVING VAN CRASHES

One of several lifeguards who helped remove the seriously injured driver of this moving van after it went over a cliff at San Diego, Calif., is hoisted back up in a sling. The driver, Frank Hudson, 31, of Herington, Kan., was removed from the water between the tractor and trailer. He had swerved the big van, loaded with furniture, to avoid hitting a car.

LITTLE LEAGUE ALL-STARS

Shown here are members of the Little League all-star team, which earlier this week took Lamesa 10-2 for their area championship. The Snyder team and three other area champs will meet here for the district championship. Left to right, front row, are Ronnie Jones, Larry Patterson, Ronnie Wylie, Richard Samuelson, Steve Free, Jerry Minica, Mike Moffett, and Charles Popnoe. Second row, Skipper Joyce, manager, Foy Dennis, Richard Mahan, Tim Roberts, Jerry Fleming, Norman Gladson, Doug Brunson, and Bill Roberts, coach. (Lee Watson photograph)

Little League District Meet Set Here For 4 Area Winners

Four area championship teams will play in the Little League District II tourney, which is scheduled to start today on the Little League field south of the high school.

Final plans were to be completed in a meeting late this morning of representatives of the champs and Speedy Moffett, tourney director (results of meeting can be found in story on page 1.)

One Midland team, the Snyder squad, Lubbock Southwest, and the winner of the Merkel-Rotan game will compete. Merkel and Rotan last night played to a tie of 11-11 after seven innings but could not continue the game because of a Little League tournament rule prohibiting an inning to start after 9:30 o'clock at night. The two were to meet at 10 o'clock this morning in the eighth inning of the game to break the tie. The Lubbock Southwest team yesterday took the championship of its area by edging Plainview 7-6.

The Snyder all-stars, managed by Skipper Joyce and coached by Bill Roberts, gained area championship by taking Lamesa 10-2. Norman Gladson pitched a one-hitter to win the game.

The four teams in the tournament here represent leagues from Childress, Plainview, three Lubbock leagues, four Midland leagues, Sweetwater, Merkel, Colorado City, Rotan, Snyder, Lamesa, and two Big Spring leagues.

In the district tourney here, the teams will be playing for the right to go to the sectional tourney in Carlsbad Aug. 9-11. Other sectional tournaments will be held at Nathez, Miss., Lufkin, and San Antonio. Sectional champions will then go to the regional tourney at Austin Aug. 16-19, and the regional champ will go to the Little League world series at Williamsport, Pa., Aug. 24-27.

Last year the Snyder team took the area championship but lost out to a Lubbock team in its first district tourney game. The year before the team lost its first playoff game to an Abilene team.

Members of the all-star team are Richard Mahan, Norman Gladson, Richard Samuelson, Ronald Wylie, Steve Free, Jerry Fleming, Charles Popnoe, Mike Moffett, Foy Dennis, Doug Brunson, Tim Roberts, Ronnie Jones, Larry Patterson and Jerry Minica.

Pony League Play Set For Afternoon

The Von Roeder Red Sox, the team which took first place in the first half of Pony League standings but slipped downward in the second half, will attempt to continue its climb back to the top this afternoon in a meeting with the Scurry Butane Dodgers.

The Dodgers are now tied with the Courthouse Tigers for first place in the league. The teams hold 4-2 records. The Red Sox have a 3-3 record and a chance to tie the Dodgers for at least a second place spot. The game will start at 4 o'clock this afternoon instead of the regular time. Playing in the second game will be the Tigers and Lions Phillies, who are now in last place with a 1-5 record.

Still holding team batting leads are Jimmy Allen for the Tigers with .380, Ronnie Baker for the Dodgers with .382, A. L. Minica for the Red Sox with .378, and Maxey Carey of the Phillies with .350.

McAlester, Shawnee Split Doubleheader

By The Associated Press

McAlester failed to gain ground on league - leading Shawnee Wednesday night as the teams divided a Sooner State League doubleheader.

Shawnee, trailing by eight runs after two innings, rallied to win the seven-inning opener 9-8. McAlester took the second game 4-1.

The split left the Rockets 14½ games behind Shawnee and only 1½ games in front of third place Lawton, which downed Pauls Valley 5-1.

The newly named Ada Cementers continued to win for their new owner by knocking over Seminole 5-3 on a four-run rally in the eighth inning.

Ardmore made four hits count for a 3-2 triumph over Gainesville.

The teams conclude their two-game series Thursday night.

$25 Fine Of Manager Final, Says President

SAN ANTONIO (AP) — Texas League president John Reeves has placed a "case closed" seal on his order fining San Antonio manager Don Heffner $25 for taking part in a brawl here last Sunday.

Reeves told Stan McIlvaine, general manager of San Antonio, "There will be no hearing. I have had the reports of the umpires and the ruling is final." McIlvaine had sent two telegrams to Reeves protesting the action as "unfair and unwarranted."

Frank Hayburst shot a bush rabbit at Oak River, Manitoba and when he reached it the body was inside a tin can. But the rabbit's legs were free. He thinks the rabbit got into the can, open at both ends, when young and small.

Robin's Win Over Milwaukee Makes Record 16-9 In Try For Fifth 20-Game Season

By BEN PHLEGAR
Associated Press Sports Writer

Robin Roberts is about ready to knock on that 20-game door again. If he gets inside, he will be the first to do it five seasons in a row since Carl Hubbell was the meal ticket of the New York Giants.

The Philadelphia strong boy has been coasting along most of the year on the fringe of the spotlight, yielding the center of the stage to the exciting pennant races. But he's been winning just the same.

When he handcuffed Milwaukee on five hits last night for a 2-1 triumph, he ran his victory total to 16 against 9 losses. Two seasons ago when he won an amazing 28, exactly a dozen of the victories came after Aug. 4.

Roberts isn't quite up to his pace of last year when he won his 19th game on Aug. 4. But the righthander still remembers with dread the rough going he encountered once he reached 20 in 1953. He ran his record to 20-8 on Aug. 12 but staggered through the last seven weeks of the season with only three more victories.

Hubbell won more than 20 each year from 1933 through 1937. Roberts started his 20-game string in 1950 with a 20-11 mark. He followed with 21-15 in 1951, 28-7 in 1952 and 23-16 last year. Hubbell won 115 games in his five 20-game seasons. Roberts needs 23 triumphs this season to equal that total.

Roberts shares honors with Johnny Antonelli of the Giants as the winningest pitcher in the majors this season. He and Harvey Haddix of St. Louis lead in strikeouts with 130 each and his amazing total of only 30 bases on balls in 228 innings is by far the best in the National League.

Roberts struck out nine and walked one in beating the Braves last night. Bob Morgan's bases-empty homer in the third gave the control artist the run he needed to win after both sides had scored in the first.

The victory moved the Phils into fourth place, half a game ahead of the St. Louis Cardinals who bowed 8-7 to Brooklyn. The Giants shaded Chicago 4-3 in 11 innings and Pittsburgh beat Cincinnati 4-3.

Cleveland evened its current series with the New York Yankees with a 5-2 triumph. Chicago edged Boston 6-5 in 10 innings. Detroit defeated Washington 6-2 and Philadelphia and Baltimore swapped last place as the Athletics whipped the Orioles 6-4.

Cleveland moved 2½ games ahead of the Yankees in the American League. New York stayed five games in front of Brooklyn in the National.

The Giants beat Chicago on an 11th inning single by Hank Thompson that brought in Wes Westrum from second base after two were out. Westrum's single and a sacrifice by winner Don Liddle set up the run which ran the New Yorkers' winning streak to six.

In Brooklyn the Cardinals grabbed a 7-6 lead with three runs in the ninth only to have the Dodgers pull it out on Jackie Robinson's homer with Jim Gilliam on base in the last of the ninth.

Pittsburgh furnished another dramatic finish. With two out and one aboard in the last of the ninth Gerry Lynch smashed a Frank Smith pitch into the seats for the winning margin.

The Cleveland Indians turned on Allie Reynolds, one of their former Tribesmen, and handed the veteran his third defeat of the season. Bobby Avila's three-run homer in the third inning gave Bob Lemon the cushion he needed for his 14th victory. When Lemon tired after seven innings, Mike Garcia mopped up.

The Chicago White Sox cut into the National League monopoly on last-gasp triumphs as they downed Boston on Matt Batts' bases-loaded single in the 10th after the Red Sox had come from five runs back in the eighth and ninth innings. Ted Williams drove in three runs with his 19th homer in the eighth. Phil Cavarretta hit a grand slam homer for the White Sox in the first.

Detroit came from behind to whip Washington, scoring three runs in the seventh when Wayne Belardi's homer was the big blow.

The Athletics pounded three Baltimore pitchers for 14 hits including three by Pete Suder and a two-run homer by Don Bollweg.

GENE GIBSON

Gibson Resigns To Accept Tech Post

Gene Gibson, head basketball coach here for the past two years, has resigned his post here to accept a position as assistant basketball coach at Texas Technological College.

Gibson, as assistant to Polk Robison at Tech, will aid the head coach with the varsity team and coach the freshman squad. This year the school has seven freshmen on scholarships with an average height of 6 feet, 4½ inches. Gibson will be the only assistant to Robison. He will replace Bill Miller, who has been there one year and who resigned to accept an administrative position in the Amarillo school system. Gibson must report at Tech Aug. 15. No replacement has yet been named for him.

Gibson will also be assistant business manager of the athletic department, aiding business manager Jimmie Wilson. During the football season he will aid with ticket sales and management of football finances.

In his two years at Snyder, Gibson's basketball teams have compiled a record of 25 wins, 28 losses and have scored 2,698 points to opponents' 2,859. In the 1952-53 season, Gibson's first year here, the team tied with four other teams in the district, Vernon, Plainview, Sweetwater, and Lamesa, for the district championship. Vernon won a playoff for the right to represent the district in the state playoffs. Last year the team ran fourth in the district. This spring, Gibson's 1954-55 team defeated a team of ex-players 53-46.

Gibson will be renewing his work with Robison at Tech. A Tech graduate, he played four years for the Tech basketball squad. During his senior year he led scoring with a point average of 12 per game. He was all-conference center that year and was a team captain. He played a forward position in his junior year and was third high scorer, also averaging 12 points that year. He led the nation in free throws, holding a record of 84.14 per cent. Before coming here, Gibson coached two years at Leverett's Chapel.

Gibson will also be back to work with Ned Underwood, former Snyder High School basketball star who is now a sophomore on the Tech basketball squad. Underwood was a high scorer for the team and district during his last two years here. He graduated in 1953.

Gibson, 29, is married and has one young son, Bruce. The family lives here at 1807 Thirty-ninth Street. Mrs. Gibson has worked for Standard Oil Co. of Texas here.

Cripple Wins Car For Entry In Shoe Contest

GATESVILLE, Tex. (AP) — A 24-year - old polio - crippled youth smiled from his stretcher today after winning a sport car for submitting a contest entry saying how much he liked the sponsoring firm's shoes.

Douglas Jones has been unable to walk and has spent most of his time in an iron lung since stricken with the disease several years ago.

His entry was chosen over 60,000 others.

Tech's Spooner To Army

LUBBOCK (AP)—Vic Spooner, co-captain of the Texas Tech football team last fall, has gone to Colquitt, Ga., to await induction into the Army. He was to have been assistant coach at Levelland this fall.

St. Thomas Drops Out Of State Meet

FORT WORTH (AP)—The 1954 American Legion State Baseball Tournament is to open tonight but defending champion St. Thomas of Houston won't be in it—apparently because of a lost birth certificate.

St. Thomas was disqualified last night. J. C. McClain of Austin, state Legion baseball chairman, said the Toms "failed to fully comply with the tournament rules."

St. Thomas failed to produce a birth certificate for Jackie Moore, sophomore catcher and youngest player. Moore was born in Florida, and efforts to find the certificate failed.

There were indications last night the Toms would not be replaced. This would leave only three teams in the tourney—Earl Hayes of Dallas, Lamesa and Thomas Jefferson of San Antonio.

How St. Thomas' disqualification will affect the tournament schedule wasn't known right off. The original plan called for two first-round games tonight at La Grave Field, home of the Texas League Fort Worth Cats. A drawing this morning was to decide first-round pairings.

It was set up as a four-day double-elimination tournament, the championship to be decided Sunday night.

The tournament is now without an odds-on favorite. Earl Hayes has a perfect record with 19 victories. Lamesa has a 14-2 record and Thomas Jefferson 22-5.

St. Thomas had lost only twice in 22 games. The Toms beat Dallas in last year's finals.

The St. Thomas coach, Father Matthew Sheedy, notified players last night of the official ruling.

He said, "I've told a few and they're all broken up. I've got a few more to notify. Help me pray that I do it right. It's tough not to even get a chance to defend our championship, but we tried everything. There's nothing we can do."

The Toms won the regional title Sunday by beating Bryan in a doubleheader.

For the first time in the track's history, Hialeah's 17 big stake races last winter were won by 17 different horses.

JIMMY WILLIAMS
. . . not replaced

School Still Without One Junior Coach

No replacement has yet been chosen for the junior high coaching position vacated this summer by Jimmy Williams.

Williams, who has coached in the junior high two years, resigned to aid in the El Paso business of his father-in-law, who is in ill health, according to head coach John Conley.

Conley said there have been several applications for the coaching position but that no choice will be made for several days.

Williams came here in 1952 after graduation from Texas Western College, El Paso, where he was a halfback on the football team. He served one year alone as junior high coach here. Last year, Williams and Charlie Storrs were both junior high coaches. Williams coached the seventh grade football team and A basketball team.

The football team under Williams finished the season with a 7-1 record and scored 245 points to opponents' 69. His basketball team had a 16-3 season record, scoring 712 points to 400. It won the championship of the Post junior high tournament and consolation title at a similar tourney in Plainview.

Art Lewis, head football coach at West Virginia University, has bettered his record every year since he started there in 1950 with 2 wins and 8 losses. Last year he had 8 wins and a 20-14 loss to South Carolina.

The father of Hank Bullough, Michigan State's all purpose football guard, Levi Bullough, was a college soccer player in England.

Couldn't Get Much Worse Than S'water

By The Associated Press

Maybe things could be going worse for Sweetwater of the Longhorn League. But it's hard to figure how.

The Spudders, who have only 12 men on the active list now, lost their seventh straight game Wednesday night. The defeat dropped them 45 games behind Artesia. It left Mgr. Al McCarty vowing he may press local sportswirters into the lineup if the Spudders lose another man.

Carlsbad hung the defeat on Sweetwater 15-9.

Midland edged Roswell 9-8 in 12 innings, Artesia whacked San Angelo 12-2 and Odessa battered Big Spring 15-4. Thursday night's schedule is the same.

Carlsbad scored in every inning. The Potashers picked up 19 hits topped by Charlie Tuttle's homer, but couldn't compete with Carlsbad pitching.

Joe Bauman gave evidence of being back in home run harness as he smacked his second homer in the last three games for Roswell. Midland scored five runs in the last of the ninth to tie the score. Ben Jones finally broke it up in the 12th with a single, scoring Pat Waters. It was Jones' fourth hit of the game.

Artesia continued to exercise its home-field mastery over San Angelo with a decision that left the Colts still winless this season in Artesia. Rookie Wayne Goodell won his 15th game of the season, backed up by a Numexer attack that produced runs in every frame but the fourth and sixth. Mickey Sullivan and John Goodell homered for Artesia.

Two home runs each by Ralph Carpenter and Jimmy Dan Pace led Odessa to victory over BIG Spring. Ray Mink got the decision with a 10-hitter, walking two and strikeout out six.

WHY HAVE LONG GOLF COURSE?

DOLLARHIDE, Tex. (AP)—Ever hear of a golf course with a par of 11? Sounds tough to make, doesn't it?

But Dollarhide's course has only three holes with pars of 4, 3 and 4 respectively and is 832 yards long.

This community of 200 decided a year ago it was too inconvenient to drive 10 miles over the border to Jal, N. M., or 35 miles to the Winkler County Course between Kermit and Wink. So it built its own course here among the sand dunes, oil pipes and houses of the Pure Oil Dollarhide plant.

The course is just north of the plant houses. There are only three holes because there isn't room for more.

They've already held a tournament, a 9-hole affair, with W. A. Finney of Fort Worth, Pure Oil's production superintendent for Texas, winning it.

Coaches To School, Plan Fall Training

Six football coaches from the Snyder schools plan to leave during the week end for Dallas, where they will attend the annual school and meeting of the Texas High School Coaches Association.

They are John Conley, head coach; Horrace Bostick, backfield coach; Hal Battle, line coach; Jack Dillon, B team coach; Gene Gibson, freshman coach; and Charlie Storrs, junior high coach.

The coaches will remain in Dallas throughout the week, enrolling Sunday and attending classes during the remaining week days. On Saturday night, they will watch the annual all-star game which highlights the school.

Pat Gerald, head coach of Sweetwater, is due to step out as president of the association during the meeting.

Conley announced plans to begin footbal workouts Aug. 27. He said expects about 60 boys for the initial workouts, which will be held for those from the sophomore grade on up. Freshmen will not start training until about Sept. 1, the coach said.

When the workouts begin, they will be held twice daily for about two hours per session. They will include both physical workouts and "skull practice." Conley said he does not yet know what time the workouts will be held, explaining that time of day depends partly on the weather at that time. After school starts, the regular afternoon workouts will be held.

Byron Nelson played 59 straight holes without getting a birdie in the recent Ardmore Open. A birdie is one under par.

PALE GREEN AVOCADO STUFFED WITH CREAMY COTTAGE CHEESE
. . . cool, colorful salad for summer meals

CHICKEN WITH AVOCADOS AND OTHER FRUITS IS MEXICAN DISH
. . . fruit gives added flavor and decorative touch to plate

Americans Find Varied Uses For Popular Tropical Fruit

While the avocado, a tropical American fruit, was grown in Mexico and South American countries during pre-Columbus days, it has only come into popularity in the United States since 1900.

Though slow to recognize the fine qualities of this delicately flavored fruit, the Americans were quick to catch up on missed opportunities and by 1940 they consumed over 20,000 tons of avocados.

Part of the popularity of the fruit lies in its varied uses. It combines well with any number of fruits, vegetables and meats for main dishes, salads or desserts.

Avocados may be mashed and mixed with other ingredients for a spread or dip, they may be diced or sliced and served in a salad or left in the skin and stuffed. One such method to spruce up the avocado is to fill a half shell with creamy cottage cheese and a pert radish center. Crisp potato chip petals complete this pretty salad and make for fine eating, too.

AVOCADO FLOWER
2 avocados
Lemon juice
Salt
Salad greens for garnish
1 cup seasoned cottage cheese
Thin radish or pickle slices
Potato chips
Lemon wedges

Cut each avocado into halves lengthwise and remove seed. Sprinkle fruit with lemon juice and salt. Place each half on garnished salad plate and fill the center with cheese. Just before serving, place several crisp potato chips upright, petal fashion, around the cheese. Serve with lemon wedges.

Avocado goes south of the border to combine with fresh fruits and chicken for an exotic but simple to prepatre platter meal.

CHICKEN MEXICANA
1 4-pound chicken, disjointed
2 cups boiling water
2 tablespoons chili powder
½ teaspoon pepper
¼ teaspoon cinnamon
2 tablespoons grated onion
1 teaspoon monosodium glutamate
1 teaspoon salt
¼ cup fat or drippings
2 cups pineapple juice
2 cups pineapple chunks
1 teaspoon sugar
2 bananas, sliced
1 ripe avocado
½ pound white grapes

Place chicken in deep kettle; add boiling water, chili powder, pepper, cinnamon, grated onion, monosodium glutamate, and salt. Cover; simmer 1 hour. Drain chicken; brown on all sides in fat or drippings; arrange in baking pan. Add pineapple juice to broth in which chicken was cooked; heat and pour over chicken. Arrange pineapple chunks over chicken; sprinkle with sugar. Bake in moderate hot oven, 375 degrees 30 minutes. Remove chicken and fruit to serving dish; garnish with lengthwise slices of banana, avocado slices and grapes. Serve gravy separately.

If you haven't tried it before, you have a real treat in store when you spread luscious mashed avocado on ears of hot corn on the cob. Season the very ripe avocado with salt and pepper and a little lemon if you like, and then spread on the fresh hot corn.

Avocados form the basis of this cool green dessert which originated in Brazil.

CREME DE AVOCADO
4 ripe avocados
1 tablespoon lime juice
¼ cup sugar

Mash avocados with fork; put through food mill or sieve. Add lime juice and sugar. Mix thoroughly. Spoon into freezing tray of automatic refrigerator; chill until icy cold but not frozen. For variation add ½ cup vanilla ice cream before chilling.

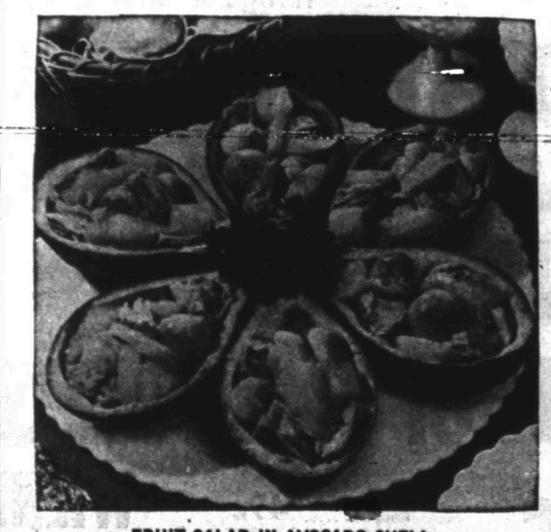

Those who like lobster will like this unusual lobster and avocado salad, which makes a good dish to serve at a summer buffet supper. The lobster used may be either fresh, canned or frozen lobster tails cooked and cut up.

AVOCADO LOBSTER SALAD
2 avocados
1-3 cup salad oil
1 tablespoon lemon juice
1 clove garlic, minced or pressed
Salt and black pepper
1½ cups mayonnaise
2 teaspoons chopped capers
4 tablespoons chopped celery
3 to 4 cups lobster meat, cut in large chunks
Lettuce leaves

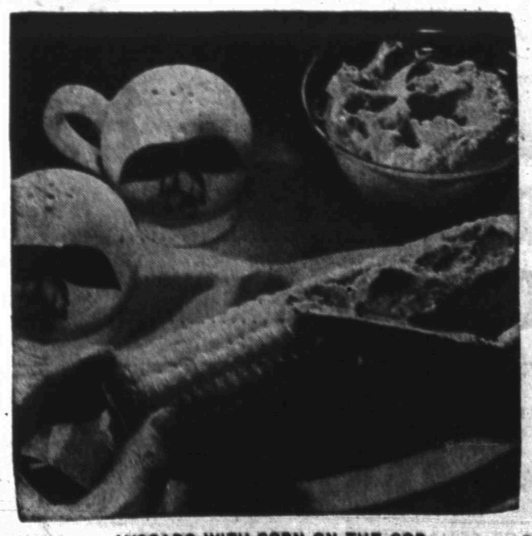

Pare the avocado and slice it around the middle to release the seed. Cut in one-eighth inch thick circles and place them in a shallow crockery bowl. Combine the salad oil, lemon juice, garlic salt and pepper and pour over the avocado. Let this marinate in the refrigerator. Combine mayonnaise with the capers and celery. Save out six to eight good chunks of lobster and bind the rest with a little of the mayonnaise. Keep in the refrigerator.

Just before serving, line individual plates with lettuce leaves to make cups. Spread with a thin coating of mayonnaise. Place an avocado ring on each lettuce cup to form a nest for the lobster. Fill the nests with the lobster and spoon a little mayonnaise over each. Top with a piece of lobster and if you have boiled your own lobsters, use the small claws as decoration.

FROZEN AVOCADO DESSERT
1 cup small thin avocado slices
1 package cream cheese (3 ounces)
3 tablespoons mayonnaise
2 tablespoons lemon juice
1 tablespoon granulated sugar
½ cup whipping cream

FRUIT SALAD IN AVOCADO SHELL
. . . use favorite combinations

AVOCADO WITH CORN ON THE COB
. . . unusual, tasty combination

COOL, REFRESHING CREME DE AVOCADO DESSERT
. . . originated in Brazil

2-3 cup crisp cut pineapple
¼ cup chopped dates
1 cup thinly sliced canned cling peaches
12 quartered maraschino cherries
Salad greens

To prepare avocado cut into halves lengthwise, remove seed and skin. Cut into thin slices. Cream cheese and mayonnaise together until smooth. Beat in lemon juice and sugar. Whip cream until thick but not stiff, and fold into cheese mixture. Carefully fold in avocado and other fruits. Pour into refrigerator tray, place in freezing compartment with control set at lowest temperature and freeze without stirring. When firm reset temperature control to normal. Serve on crisp greens as salad or as fruit dessert. Serves eight to ten.

Avocados combine well with fruit for a salad. Hollow out the center of large well shaped avocados. Fill with pineapple chunks, orange or grapefruit slices and melon balls. Serve with favorite fruit salad dressing. Lemon honey dressing is especially good.

Avocados and fruit may be served in a salad or as the first course cocktail. The contrast of colors as well as flavors helps make this pretty cocktail one everyone will enjoy.

AVOCADO COCKTAIL
1 large avocado
1 cup diced orange
1 cup pitted canned red cherries
1½ cups chilled fruit juice
Sugar
3 tablespoons lemon juice
¼ teaspoon grated lemon rind

Cut avocado into halves lengthwise and remove seed and skin. Cut fruit into balls with French ball cutter or one-half teaspoon size measuring spoon. Combine with orange and cherries in stemmed glasses or fruit cups. Blend chilled fruit juice, sugar to taste, lemon juice and rind, and pour over fruits. Serve very cold.

Avocado serves as the base of a number of tasty dips suitable for potato chips, pretzels, wheat wafers, buttery round crackers or square salty crackers.

GUACAMOLE DIP
1 avocado
2 tablespoons lemon juice
1 teaspoon minced onion
½ teaspoon salt
2 teaspoons Worcestershire sauce
⅛ teaspoon cayenne pepper
Freshly ground black pepper
1 clove garlic
Mayonnaise

Mash pulp of peeled avocado. Stir in lemon juice immediately to prevent discoloration. Add minced onion, salt, Worcestershire sauce, cayenne pepper, a sprinkling of freshly ground black pepper and clove garlic, mashed, if desired. Mix well. Cover with thin layer of mayonnaise to prevent discoloration. Just before serving, stir in mayonnaise. A little cooked, crumbled bacon and fresh, diced tomato may be added also. Garnish with pieces of fresh tomato, canned pimiento or crumbled bacon. Makes about one cup. For a crunchy spread, add one-third cup finely chopped roasted almonds.

AFTER JET CRASH

Firemen and volunteers work to clear up debris and empty water from the huge crater created in the street in Wantagh, N.Y., after an F84 Republic Thunderjet plane crashed and exploded in the street. The pilot was killed and at least six persons were injured. Wantagh is on Long Island's south shore.

Minister Tries To Visit Nudist Clan

BATTLE CREEK, Mich. (AP) — A crusading preacher, rebuffed in his initial effort to visit Sunshine Gardens yesterday, vowed to return today and resume his fight against "the national threat of nudism."

Dr. Braxton Sawyer of Fort Smith, Ark., went to the Battle Creek Area Sunbathing Club armed with an invitation to attend the American Sunbathing Assn. convention. He also carried a movie camera.

He was asked to remove his clothes before entering the nudist camp — a requirement for all visitors.

"Never," stormed Dr. Sawyer, who says he's a Baptist minister.

The closest Sawyer got to the bare facts yesterday were 20 barechested nudists who stopped him at the gate and scuffled with him.

After charging into a male nudist, who like the minister was big, Rev. Sawyer picked himself from the dust and said: "Somebody stomped on me."

He then prowled back and forth in front of the gateway and challenged the nudists to a fight:

"There comes a time when Samson has to take the jawbone of an ass and whip a pack of fools," thundered the preacher.

Rev. Sawyer was told by Elmer J. Adams, Garden proprietor, that his invitation stood, but that taking off his clothes was part of the rules and everybody follows the rules.

Sawyer said they'd better call the police if they intended to keep him out. They did. Township police and deputies arrived.

"Go on . . . evict me," said Rev. Sawyer furiously while he ground away at everything in sight with his movie camera. "I have come a thousand miles for this affair and nobody is going to make a fool of me," he cried.

Rev. Sawyer said he has been broadcasting since Monday over 27 stations in Arkansas, Oklahoma, Kentucky and Missouri. He said he is attempting to help pass anti-nudism bills in the states. His broadcasts were heard in the colony's clubhouse.

Sawyer missed showgirl Evelyn West's keynote address to the association convention. Miss West, who gained publicity in 1946 when she insured her chest with Lloyds of London for $50,000 gave the address clothed only in a pair of high-heeled shoes.

Sawyer said his following was expecting him to finish the crusade.

"My flock is expecting me to keep faith and make a full report on this place—but take my clothes off? Never," he said.

Singing Opera Like Playing Football Game

DALLAS (AP)—Singing opera "is like playing football all afternoon and having to do all the running with the ball," says Patrice Munsel, slim, glamorous young soprano of the Metropolitan Opera.

And singing the title role in an operetta such as "Naughty Marietta" at the state fair musicals is "fun—like having a party in my living room."

But the vivacious Miss Munsel is not ready to do a Broadway musical show next winter.

"Everything in opera depends on making the music perfect and beautiful," she explained to an interviewer. "It makes you do your best. That is why I like singing opera best of all. It gives me the feeling of greatest satisfaction.

"I am in love with Marietta. There is wonderful music to sing. I can be gay, sad and maybe a little wacky. There are beautiful clothes to wear. Two men chase Marietta and she gets her man. What more can a girl ask for?"

The Dallas show is her first appearance in operetta.

"Do a Broadway musical?" Miss Munsel echoed the question. Her mood turned serious.

"I would love to do a musical comedy sometime," she said. "I thought about doing one this year. They brought me some beautiful music. But I feel I belong in opera. That is what I want to do.

"There is also the serious question whether I should endanger my voice for opera by singing eight performances a week in a Broadway show. Most opera and concert people sing only two, three or four times a week."

RHEE SAYS THANKS

Korean President Syngman Rhee clasps the hand of police Lt. George Fitzpatrick, in charge of the police motorcycle detail during the parade in Rhee's honor in New York, after learning the policeman's son was killed two years ago in fighting at Old Baldy during the Korean war. Rhee had called the lieutenant to his car to thank him for his work on the detail when he learned of the son's heroism. He then insisted on posing with Fitzpatrick while photographers took pictures.

Bill Gives Break To Retired Persons

By CHARLES F. BARRETT

WASHINGTON (AP)—Most elderly retired persons probably won't have to pay any federal income tax from now on.

That is one of the far-reaching effects of the giant tax revision bill just passed by Congress. Some of its biggest benefits will go to retired persons.

When you're 65 or over, the law already permits you to exempt $1,200 of your income from taxes. If you're married and file a joint return, the exemption is $2,400.

From now on, in many cases, retired persons will be permitted in effect to deduct an additional $1,200 of retirement income. That would be a tax cut of $240. If both husband and wife have retirement income, they can get an additional $2,400 deduction, or a $480 tax cut.

Retirement income is defined as income from pensions, annuities, interest, rent and dividends.

With other standard deductions, the new provisions boil down to this:

If you and your wife both have retirement income, you can get up to $5,333 a year without paying taxes; if only one of you has income, you can get $4,000 tax free; if you're a retired single person, you can get $2,666 without paying any tax.

Experts believe these cutoff figures will cover most retired persons, except a few in upper income brackets.

They estimate the new bill will give tax cuts to almost two million taxpayers, totaling about 141 million dollars the first year. The number to benefit, and the revenue reduction, will increase later as millions more retire.

Technically, the new provision works like this, if you qualify:

You figure your tax bill just as in the past, taking all regular exemptions and deductions. Then you apply the first bracket tax rate (now 20 per cent) to your retirement income, up to $1,200. Next you subtract that figure, say $240, directly from the tax payment you otherwise would make.

But there's one important limitation. If you get income that is already tax free—as from social security, railroad retirement, military or veterans' pensions—you must subtract this from your $1,200 retirement income before you figure your tax credit. In other words, you can't exclude the same income twice. For example, if you get $700 a year from social security, you could count only $500 of other retirement income; and you would get a new tax cut of only $100. However, you don't have to subtract military or veterans' disability payments from your retirement income.

And there are four important requirements to meet before you qualify for the new benefit.

First, most persons must be 65 or over. But if you retire under a public pension system—if you're a retired schoolteacher, policeman or other federal, state or local government worker—you can subtract 20 per cent of your income from that system even before you are 65. But you can't count other retirement income until you are 65 or over.

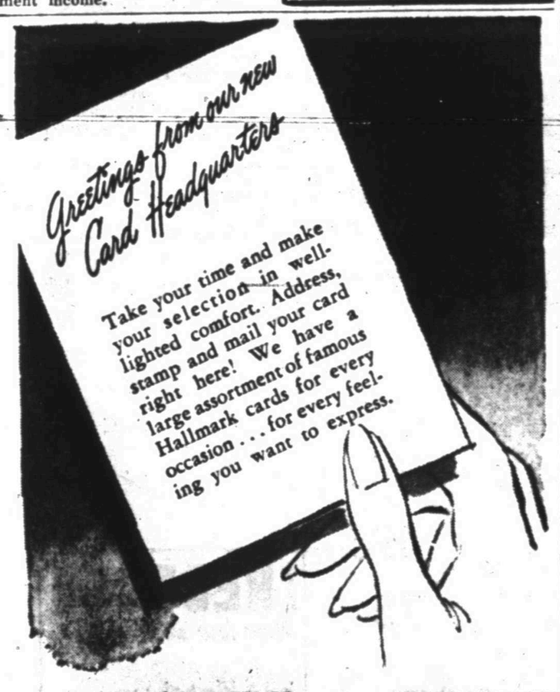

Second, to be counted as a retired person and get the full benefit, you must make $900 or less from work. Any earned income above $900 must be subtracted from your $1,200 retirement income before figuring your tax credit. So if you make $2,100 or more from work, you are not considered to have retired and you get no benefit. But at age 75 or over, you can get the full benefit regardless of your earnings.

Third, to qualify, you also must have made as much as $600 a year in earned income, for any 10 years before you retire. The theory is that the benefit should go only to persons retiring from active work. But note that you don't have to earn $600 for the 10 years immediately before your retirement. You can count any 10 years — even those long before you retire —and they don't have to be consecutive. A widow can qualify under this so long as her husband did.

Fourth, you can't get this benefit if you use the short-form tax return, under which you merely list your income and exemptions and take your tax from the table on the back of the return. Only taxpayers with $5,000 or less income may use this return.

Drilling Activity Is Steady During 29th Week Of 1954

Drilling activity remained steady in West Texas during the 29th week of 1954 as a total of 99 applications to drill, including 31 wildcats, were filed in Railroad Commission Districts 7-C and 8.

This compares to 103 applications, including 16 wildcats, the preceding week.

Totals for the year now stand at 2,065 field tests and 603 wildcats for a grand total of 2,659 tests for oil and a weekly average of 91.6.

Ten counties in District 7-C shared 29 applications, including 17 wildcats.

District 7-C wildcats were: Tom Green, seven; Runnels, three; Menard, and Sutton, two each: Schleicher, McCulloch, and Coke, one each.

District 7-C field tests were: Runnels, four; Tom Green, three; Schleicher, two; Crockett, Reagan, and Upton, one each.

Twenty counties in District 8 shared 70 applications, including 14 wildcats.

District 8 wildcats were: Andrews, five; Gaines, two; Borden, Crosby, Ector, Howard, King, Martin, and Ward, one each.

District 8 field tests were: Garza, 10; Andrews, eight; Pecos, five; Yoakum, six; Crane, Ector, and Winkler, four each: Ward, three; Scurry, Mitchell, and Howard, two each.

Man Dies As Officer Checks His License

INGLEWOOD, Calif. (AP)—A traffic officer stopped Rudolph Goebel's car after a traffic rule infraction and asked for Goebel's driver's license.

While the officer was looking at it yesterday, Goebel, 57, slumped over the steering wheel. He was pronounced dead at a hospital.

Herbert's Relatives Lose Out On Claims

LOS ANGELES (AP)—A brother and a niece of the late Hugh Herbert have lost their claims to the comedian's $163,342 estate.

The Superior Court upheld yesterday Herberts 1950 will, which left $10,000 to Rose Herbert, Fort Worth, Tex., his former wife, and the remainder of his estate to the Motion Picture Relief Fund, Inc.

The brother, Edward F. Herbert, 57, of Brooklyn, N.Y., and the niece, Mrs. Grace Van Schyndel, 42, of East Weymouth, Mass., contended unsuccessfully that a 1952 codicil invalidated the bequest to charity.

MIDWEST ELECTRIC CO-OP OFFICERS

Officers and directors of the Midwest Electric Cooperative who were re-elected in a meeting of the membership last Friday at Roby are shown above at the meeting. Standing is Howard C. Davidson, Lubbock, attorney for the cooperative. Other officers seated from left are: Demp Kearney, president; Johnnie M. Ammons, manager; John A. Stavley, secretary; A. A. Aaron, J. L. McArthur; Grady Williams, and J. J. Henry, directors. Another director, Vernon Harris, was not present at the meeting. (Lee Watson photograph)

Burglar's Arrest Puts Police Chief On Spot

CORPUS CHRISTI (AP) — Police Chief Dick Runyan has a problem. Twelve of his men have won three days off each.

Runyan has a standing offer that an officer who catches a burglar at work gets three days off with pay.

As shifts were being changed at the station Monday, a call came in reporting a burglary underway. Officers from both shifts rushed to the scene and arrested three youths. A dozen patrolmen and detectives took part.

"I can't give them all time off," Runyan said. "I'll have to let them draw from a hat or something."

Culberson Says He Will Retire In 1958

THROCKMORTON, Tex. (AP) — Olin Culberson says he plans to retire from the Texas Railroad Commission when his present 6-year term ends in 1958.

Culberson has been a commission member since 1941. He made the remark at the opening of the Manning-Harrington Unit Water Flood Plant and Injection Plant six miles northwest of here.

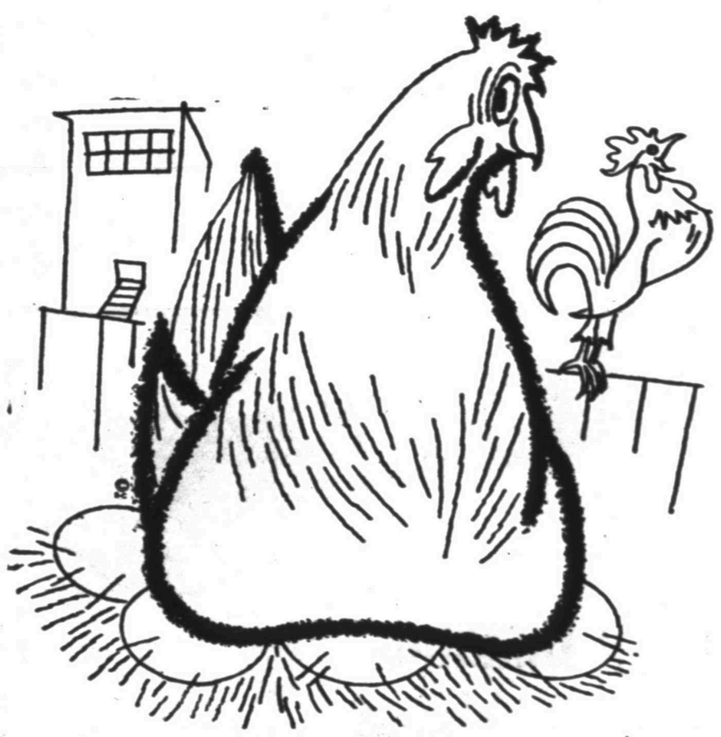

In March, 1950, Culberson announced for Governor, but a heart attack the next month forced him from the race. He said he would continue living in Austin after retiring.

Cause Of Youth's Death Determined

LOS ANGELES (AP)—The 7-year-old son of Charles Correll, Andy of radio's Amos 'n' Andy, died of an acute kidney infection, the county autopsy surgeon said yesterday following completion of toxicological tests.

John Correll succumbed July 5 in a Santa Monica hospital. It was believed at first he might have died of poison used in a paint sprayer at his home.

Indians Put Many Holidays Into One

By HAL BOYLE

PINE RIDGE, S.D. (AP)—The old Sioux, in the days when they ruled the great plains, had a festival that combines in theme several of the white man's holidays.

It was called the sun dance, and to the Indians it was Christmas, Easter, Thanksgiving, and a family reunion all wrapped in one.

In those times the wandering Sioux bossed the land and chased the buffalo from Kansas to Canada, from the Mississippi River to the Rocky Mountains.

But once a year the roving tribesmen came together and were knit into a nation by the sun dance, a ceremonial that symbolized their unity and common faith in the Great Spirit.

The government, in an effort to destroy a tradition which it feared always held the danger of stirring up the fierce Sioux in fresh outbreaks, banned the sun dance in 1886. But it was revived more than 20 years ago, and last week Indians came hundreds of miles to the sprawling Pine Ridge reservation here for a renewal of the symbolic centuries-old festival.

In earlier times no formal date for the ceremony was set. The Indians simply drifted together as if pulled by a magnet by nature's signals—the time when the buffalo were fat, when the choke-berries ripened, when new sage sprouts sprang foot-high, when moccasins made a crisp echo in the dry grass of summer.

This year Frank Fools Crow sent out the call. Thousands of Indians came by horse and wagon, on foot or in beaten up automobiles. They pitched their modern tents and faded tepees around a great enclosure of willow poles hung with green pine boughs.

In the center of the enclosure stood a slender young cottonwood tree. The tree, selected in advance by a medicine man, had been carried to the site and erected by strong Braves who took care to see that none of its leaves touched the ground. To the Sioux the leaves of this sacred tree stood for human hearts, and must not be bruised.

Sheafs of sweet-smelling sage—standing for purity—were placed in the crotch. From them dangled a piece of buffalo robe and man-shaped figure cut from a piece of buffalo skin, symbolizing the Sioux dependence on the buffalo.

The sun dance itself is designed to demonstrate the four great Sioux virtues—bravery, generosity, fortitude and integrity.

This year three young Braves volunteered for the ordeal. Two were veterans who had pledged themselves to perform a sun dance in gratitude for their safe return from Korea.

To purify and prepare themselves, the three first took a sweat bath in an "Ini", or sweat house, made of willow bows covered with buffalo skins. Steam was provided by pouring water over hot rocks in a pit within the sweat house.

The dancers were then painted—red for the sun, blue for the sky, yellow for the rocks, green for the earth.

Without food or water the three men then danced around the cottonwood tree to the music of beating tom-toms and the eerie, high-pitched chants of singers. They danced in turn in the direction of the four winds, pausing only when the tom-tom beaters had to rest.

I watched the dance for part of each day, but to me the dance, monotonous in itself, was less interesting than the faces of the old Indians and their squaws on the sidelines.

Man Loses His Life On Bet Of 50 Cents

TOLEDO, Ohio (AP)—Delmar R. Willingham, 38-year-old painter, won 50 cents yesterday but lost his life. He leaped from the Anthony Wayne bridge into the Maumee River on a bet and drowned.

Willingham lost a game of pool and then two games of shuffleboard to a drinking companion, Niles Niemi, whom he had met several hours earlier at a tavern here, police said.

"There must be something I can beat you at," Willingham told his companion. "I'll bet you I can jump off the bridge."

The two rode to the bridge and Willingham then dove off, yelling: "It's a long way to Tipperary," police said.

If soap was formerly used in a washing machine, and you are changing over to detergent, remove the soap scum from the washer before you wash clothes with the detergent. You can do this by running a hot detergent solution (without clothes) through the machine.

DENNIS THE MENACE

"THAT WAS JUST FOR LAUGHS, DAD. I'LL TURN IT ON SLOW THIS TIME."

Col. Lyle Edward Seeman, above, has been named officer in charge of the Army Engineers Southwest Division with headquarters in Dallas, Tex. He will succeed Brig. Gen. Herbert D. Vogel, who has been named to the Tennessee Valley Authority board of directors.

Use the open ends of tin cans, in various sizes, when you want to cut rounds of bread for pretty summer sandwiches and canapes. You can make the sandwiches interesting by using one round cut from white bread along with one round cut from whole-wheat or rye bread.
