Vol. 88 No. 52 Pub. No. 122800

Denver firm is expected to be chosen for study

The firm of R. W. Beck and Associates of Denver, Colorado is expected to be recommended to the City Council Thursday afternoon to do the feasibility study to identify the recyclable feedstream in the area, produce a preliminary design for the MRF/composting operation and develop business plans for the prison industry to use in determining which products to manufacture for sale to the GSC by the Texas Department of Corrections.

The city will serve as the project manager for the study.

The firm came out on top and was selected by a committee composed of Nancy Sullivan, Mitchell County Economic Board director, City Manager Buddy Foster, Larry Kyle of TDCJ, Pete Parsons of the General Service Commission, J. D. Porter of the Texas Department of Commerce and Erv Sandlin of the Texas Water Commission.

All respondents to the Request For Proposal (RFP) attended a pre-bid conference on May 11 here and five finalists were interviewed in Austin on June 8 conducted by the committee.

The city council here will make the final decision and after selection, contract negotiations will begin immediately between the council and the firm. The cost is being funded by a grant from the Texas Water Commission.

Work on the study is then expected to start as soon as possible and completed before the end of the year.

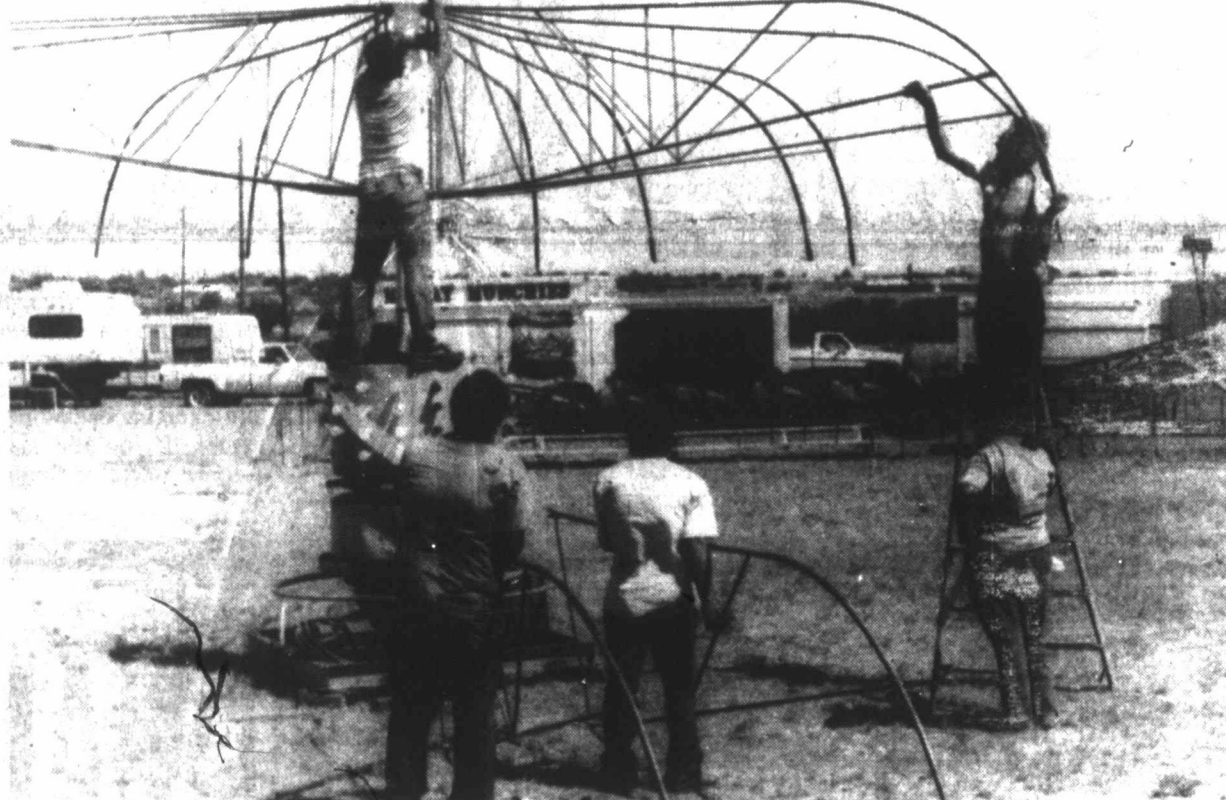

The information provided by the study will determine the course of action taken, if indeed, the study recommends any action to be taken.

City Council in called meeting

There will be a called meeting of the City Council Thursday at 5:50 p.m. to consider three items.

They include discussion and possible action on awarding the contract for the Municipal Solid Waste Recycling Facility Grant, discussion and possible action on engineering services for opening and closing the landfill and discussion and possible action on re-plating the cemetery map.

The landfill matter deals with the closing of the old section of the landfill and the opening of the new part which requires engineering services due to state and Federal regulations.

CARNIVAL COMES TO TOWN: The E and B Carnival will be at Ruddick Park through Saturday night to provide kids of all ages with clean and safe rides. They will open around 5:30 each afternoon and will stay as long as there are riders. Their concession stand will also serve cotton candy and candied apples.

Three cases of plague found in county

There has been three cases of the plague reported in Mitchell County according to Bradley Hicks, zoonosis control specialist for the Texas Department of Health in Abilene.

"To date, we have found three coyotes that have been exposed to Bubonic plague and they have been found in northern Mitchell County near the Scurry County line," said Hicks.

Besides Mitchell and Scurry counties, evidence of the plague has also been found in Howard, Kent and Taylor.

Hicks said plague can periodically be found in rodents in the western portion of Texas.

Plague is a bacterial disease primarily found in rodents, but may be transmitted to humans by the bite of an infected flea or by

handling tissues of infected animals. Dogs and cats may carry infected fleas or may become infected themselves. Cats have been known to transmit the disease to humans.

Health officials have said people should not be alarmed by the findings.

"On the overall big picture, there is a very minimal risk to humans," said Hicks. "We do urge people to take caution though as they would against anything else."

Monday will be holiday for some

Monday will find a scattering of businesses closed for the Fourth of July which falls on Sunday this year.

All county financial institutions will be closed as will City Hall and the Mitchell County Courthouse. The Post Office will be closed with no box delivery or rural delivery.

The Record will publish the July 4th edition early and it will be delivered Saturday to postal customers. It will be home delivered and distributed to the newsstands at the regular time Saturday.

The deadline for all news for the Sunday edition is 10 a.m. Friday and noon for classified and display advertising.

Night golf tourney planned for July 9

A four-person golf scramble is set for July 9th sponsored by the Mitchell Co. chapter of the American Cancer Society.

It will be held at night using special Nightlife golf balls. It will be ABCD format with the tee-time for the first nine holes to be at 5:30 p.m. followed by a steak dinner. The second nine holes will tee-off at 9:30 p.m.

Entry fee is \$40 per person which includes the steak dinner and one Nightlife golf ball.

First place will win a golf bag donated by Dr. Aguillon, Dr. Roach, Dr. McAnally, Dr. Steakley and Dr. Bennett.

Golfers can win other prizes for longest drives on selected holes and closest to the hole on selected holes plus a prize for the first eagle recorded.

Those not wishing to play golf can still enjoy the dinner for \$12.50 and there will be numerous drawings for prizes during the meal.

It will be played at the Wolf Creek Golf Links in Colorado City.

Commissioner Perry applauds Governor Richards

Agriculture Commissioner Rick Perry today applauded Gov. Ann Richards for signing a bill that will return approximately \$1.4 million in property and producers funds and produce shipper fees to the Texas Cooperative Inspection Program.

"For almost two years, Texas producers and shippers have watched

\$1.4 million of their hard-earned money hang in a perilous balance. The Governor's action returns that money to where it rightfully belongs—our cooperative inspection program that benefits all Texans," Perry said.

A rider passed in the final days of the 1991 legislative session sought to shift to the state's general

revenue all funds and some property attributable to the prior operation of the now defunct Texas-Federal Inspection Service.

The service was funded by producers and produce shippers whose fees were collected specifically for the inspection of fresh fruits, vegetables, nuts and peanuts.

"The Texas Department of Agriculture has maintained all along that the rider was wrong and the money belonged to the folks who were paying for the service."

"Now these funds will be used for their original purpose—to inspect and promote Texas produce," Perry said.

The Texas-Federal Inspection Service was administered by TDA under a cooperative agreement with the U.S. Department of Agriculture. That agreement was terminated by TDA in May 1990, at which time USDA contracted with the Texas Citrus and Vegetable Association to assume the inspection service.

In May 1992, at USDA's request, TDA entered into a new agreement with USDA, resuming the inspections under the Texas Cooperative Inspection Program. Under this agreement, producer and shipper fees are used solely for inspectors' salaries and vehicles and program operational costs.

Through the cooperative inspection program, TDA conducts visual inspection of fruits, vegetables, nuts and peanuts for size, grade and maturity prior to shipping and marketing.

Goose pimples may be sign of illness

"Goose pimples" may be associated with winter weather, but they can be an early indicator of heat illness among summer athletes.

"They are one of the early signs of severe heat exhaustion - a dangerous problem during the hot months when athletes may not take necessary precautions," warns Dr. Albert C. Hergenroeder, head of adolescent and sports medicine at Baylor College of Medicine in Houston.

Other signals to be aware of while exercising during the coming summer months are headaches, unsteadiness or dizziness, nausea, muscle spasms, cramps or fatigue, and excessive sweating.

"If athletes experience any of these, they should stop, rest and drink water. If in competition, a trainer or physician should be notified," said Hergenroeder.

Taking such actions are crucial since the effects of competing in hot weather are cumulative, says Hergenroeder. Athletes are more likely to develop heat illness on the second or third day of competition or practice, if precautions are not taken.

If left unchecked, heat illness can lead to dry skin, rising body temperature, physical exhaustion, and unconsciousness.

"These are the late signs and at the stage, the athlete is in extreme danger," said Hergenroeder. "A doctor should be consulted immediately and emergency measures begun since heat illness can be fatal if not treated."

Hergenroeder advises preventive measures for people who pursue outdoor physical activity of any kind during hot and/or humid weather:

- * Stay in the shade as much as possible. If jogging, choose tree-covered trails or streets.

- * Drink a minimum of one and a half cups of fluids every half hour, even if not thirsty. Water is recommended. Avoid diuretics and caffeine drinks like sodas and coffee.

- * Drink a minimum of one and half cups of water about 20 to 30 minutes before physical activity.

- * Cold water is best since it is absorbed faster.

- * Do not take salt tablets. They are unnecessary and may be dangerous.

- * Sports drinks may be nearly 5% glucose, which can reduce their effectiveness in replacing lost fluids. Dilute such drinks to one part per two parts water.

- * Do not exercise or compete in hot weather if you are sick, running a temperature, or feeling overly tired.

Summertime brings caution

Summertime is when the livin' is easy -- or so said a famous Americana composer. But when you take it easy with family and friends, it's wise to take precautions, too. If you don't a Texas summer can leave you itching, burning, or worse.

Bites and Rashes. Lyme disease, transmitted by ticks, is a growing threat in eastern Texas. Bites from mosquitoes, chiggers, and fire ants are less serious, but they can make you miserable. Repellents will discourage some of these creatures, but it's best to wear protective clothing in places where they're known to be a problem. The same goes for poison oak and ivy.

Water. Swimming and boating will help you beat the heat, but caution is in order. Make sure there's a life jacket for each person on your boat, and have children under 12 wear them at all times. Never leave small children unattended in swimming areas, and remember that alcohol and water don't mix.

Weather. Thunderstorms come up quickly in summer. If lightning

starts while you are swimming or boating, get off the water immediately. Seek shelter away from trees, metal fencing, golf courses, or other large open areas. If you're far from home, a closed metal vehicle may be the safest place. Its frame will deflect lightning charges to the ground.

When skies are fair, don't overdo it. Texas heat is no laughing matter. Drink plenty of water and save strenuous activities for early morning or late evening.

Sunburn. Too much sun can cause short-term discomfort, premature aging, or even skin cancer. Children are especially vulnerable. When working or playing outdoors, wear a sunscreen with a protection factor of at least 15. Reapply after swimming. Use hats, long pants and long-sleeved shirts to block the rays.

Texas Safety Association is a statewide, not-for-profit educational association whose members work to promote safety in the workplace, at home, and in the community.

COOK'S CORNER

By Barbie Lelek

In the corner this week is a group of children. This is a terrific bunch of kids from the Christian

Temple Voyager class. They have completed a unit on cooking and have just received their cooking

badge. Everyone enjoyed the unit and the goodies they got to cook and EAT!

Christian Temple Voyager Class

The first week they learned how to make an Orange and Banana Julius. They also learned about measuring cups and spoons. Next the Voyager class learned to serve others. They made a batch of No-Bake cookies to share with another Pioneer club. The cookies never set up and had to be eaten with a spoon but they were still good!

The kids prepared a hot dog for Nellie Bunch as they were learning how to bless the elderly, needy or sick with food. Besides the hot dog, Mrs. Bunch also received a special song which is a particular favorite of the class.

Lastly the group made a cookbook, compiled with their favorite recipes, entitled "The Good Cookbook of Jesus." The kids that attended the class were Ali McNeal, Kaci Moody, Dara Chambers, Amber Wyrosdick, Heather Wadley, Kayla Rich, April Dewbre, Belle Parham, David Savage, Tony Hubbard and T.J. Mize.

The Voyager class is a class where children, ages first and second grade come on Wednesday evenings to learn about the Bible to receive a Bible badge. They also learn secular things like safety, cooking, puppets, how to play ball and lots more, they also receive badges for completing such units. There are also classes for the younger kids, called Scooters and the older kids called Pathfinders. If you child might enjoy something like this and they aren't involved on Wednesday evenings, they meet from 7:00-8:30 p.m.

Taxpayer seminar set for July 13th in Abilene

"We want to make sure every taxpayer knows all the 'ins' and 'outs' of state taxes. At the State Comptroller's Office, we accept the responsibility of informing Texans about state tax laws, and as part of that commitment, we will conduct a free taxpayer seminar in Abilene on Tuesday, July 13, 1993," State Comptroller John Sharp said today.

Vanessa Zientek, from the Comptroller's Abilene field office will be on hand to meet and discuss tax questions at the Commerce Plaza Office Building, 1290 South Willis, Ste 211, Abilene, Texas at 3 p.m.

"These seminars are designed to assist taxpayers any way we can. That's why we will have this free seminar," Sharp said.

"Our agency experts will help individuals with their sales tax questions or provide other useful information that may be helpful to them in the future," Sharp said.

Those taxpayers who cannot attend the free seminar can call the Comptroller's toll-free hotline for additional assistance at 1-800-252-5555.

For more information about the free seminar, call the Abilene Field office at (915) 695-4323.

Graham, Long united June 25th in Sweetwater

Patsy LaVerne Graham became the bride of Richard Eugene Long in a home wedding Friday, June 25, at the Cedarwood Apartments in Sweetwater.

The bride is the daughter of the late Mr. and Mrs. Tom Graham of Loraine and the groom is the son of Mr. and Mrs. Ohio Long of Robert Lee.

The ceremony was held at 10:00 a.m. with Rev. Orvel Brantley officiating.

Following the ceremony, a

reception was hosted at the apartments.

The bride is a graduate of Loraine High School and is employed at the Village Supermarkets in Sweetwater, and the groom is a graduate of Robert Lee High School and is employed at TSTC at Sweetwater.

They plan to live in Sweetwater.

Baptist Women's group meets

The Susan Everman Baptist Women's Group of the First Baptist Church met in the home of Jesse Mae Merket on Monday, June 14th.

The program for the night "Over My Back Fence" was directed by Jesse Mae Merket. In her introduction she stated that there are five million Muslims in the United States who worship in six hundred mosques. This makes it very possible we could have a Muslim for a neighbor in the future. Catharine Morris and Mary Lloyd gave a dialogue between a Muslim lady and her Christian neighbor-over the back fence. Betsy Aycock gave information from William Hern, a missionary in the Middle East, about the customs and beliefs of Muslims and how to be a friend to them.

Earline Sellier led the group in the prayer calendar for missionaries with birthdays on June 14, and read the poem "My Father's Eyes."

The next meeting will be July 12 in the home of Earline Sellier.

Those attending were Catharine Morris, Mary Lloyd, Betsy Aycock, Earline Sellier, Virginia Dearen, Doris Carter, Frances Cooper, Jean Edwards, Margaret Bodine and the hostess, Jesse Mae Merket.

End Of Game Notice.

Lone Star Millions, the historic first game from the Texas Lottery, will close on June 30, 1993, after a highly successful run of nearly 300 million tickets. Many winning tickets (including 18 of the \$10,000 top prizes as of June 1) remain unclaimed.

Some retailers may decide to continue selling their remaining stock of Lone Star Millions tickets. But regardless of when a winning ticket is purchased, prizes from Lone Star Millions must be redeemed prior to December 27, 1993.

Prizes of up to \$599 may be claimed at any Texas Lottery retailer. Winning tickets of \$600 or more must be redeemed at one of the 24 regional Texas Lottery claim centers.

Questions? Call the Texas Lottery Customer Service Line at 1-800-37-LOTTO.

Overall odds of winning, 1 in 7.9. Must be 18 years or older to play. ©1993 Texas Lottery

CHIEF LONE WOLF

A string of rattlers fished out of dens on the 96 Ranch in the 1930's. (Courtesy Vista Harrell).

The fine art of catching rattlesnakes goes back a long time in Mitchell County. The hunters are unique persons who apparently enjoy the challenge of competing in an arena where one wrong move can be fatal.

As mentioned last week, bounties were paid by the county in the 1930's and this weeks photograph shows a catch made on the 96 Ranch. Two prolific snake hunters were the man and wife team of Mr. and Mrs. Ira Hardin. They started hunting together in 1938 and they could tell stories about their escapades for hours on end. Mr. Hardin once recalled an occasion when he went to the Spade Ranch.

"Wright Hock wanted me to come down and get under the house and shoot rattlers that were coming up through his fireplace," Hardin said.

"I think Wright and me killed 15 under the house he was living in. He said you could stomp the floor and they would rattle. Hardin's plan of action was pure and simple; he just went under the house with a .410 shotgun.

"The northside was high enough (under the house) that I could sit up and when one would raise its head, I'd shoot its head off and drag him out."

Evidently the contest became boring after a while because Ira said, "I got tired and I went home."

Mrs. Hardin enjoyed helping her husband on his expeditions. On one trip, with Ira and her brother-in-law, Jim Light, she was sacking the snakes as the squirming critters were thrown down to her from a den. Light let one fly, then yelled "Look out." It wrapped around both of Mrs. Hardin's feet.

"I just said, 'Oh Lord, you'd better help me. I can't help myself now 'cause my feet are tied with the rattlesnake!' I stood there real still and it unwound and crawled off."

Mrs. Hardin calmly reached out with her hook, snared the snake and dropped it in her sack.

Probably the most unlucky woman in Mitchell County, when it came to rattlers, was Mrs. C.P. Gary. She was bitten not once, but twice, by the fang-bearing creatures.

The first time was in 1896, when she was just a six year old girl growing up in Llano. Her parents had heard a noise under their house, so because she had small arms, she was selected to reach through a crack in the kitchen floor to see if she could fish out the culprit.

"My daddy thought it was just a varmit under the house," she recalled. "He told me that something got under the house."

OIL & GAS NEWS

J. McShane Inc. of Monahans has revealed plans to drill an 8,300-ft. wildcat well in Mitchell County. The operator has 321 acres leased, with drillsite in the H&TCRR Co. Survey. It has designated the venture as the No. 1 County Line. Drillsite is three miles northwest of Cuthbert.

Parker and Parsley Development Co. of Midland has revealed plans to drill a total of five wells in Mitchell County's Iatan East Howard Field, nine miles southwest of Westbrook. All five carry permit for 3,400-ft. tests.

The wells will be known as the Nos. 281 through 285 Mary Foster. Location of the wells is in a 3,840-acre lease in the T&PRR Co. Survey.

Four developmental wells are planned by Meridian Oil Inc. of Midland in Mitchell County's Westbrook Field, six miles west of Westbrook.

The wells will be known as the No. 1023, No. 1025, No. 1026 and No. 428 Southwest Westbrook Unit. The wells will probe to total depths of 3,350 feet.

The wells are in a 3,768-acre lease in the T&PRR Co. Survey.

The No. 42 W. W. Watson, a 3,400-ft. developmental well, is scheduled to be drilled in Mitchell County's Iatan East Howard Field. Parker and Parsley Development Co. of Midland is the operator. The well will be spudded in a 846-acre lease in the T&PRR Co. Survey, 10.5 miles southwest of Westbrook.

Drillsite has been staked for the No. 1303 Southwest Westbrook Unit, a 3,350-ft. developmental well in the Westbrook Field, Mitchell County. The operation will be located six miles west of Westbrook in a 3,768-acre lease in the T&PRR Co. Survey. The operator is Mitchell Oil Co. of Iowa Park.

A new producer has been brought on line in Mitchell County's Sharon Ridge Field, with B.D.J. Oil and Gas as the operator. Located six miles southwest of Dunn, the well is in a 30-acre lease in the H&TCRR Co. Survey A-1816. It is designated as the No. 2 L.A. Strain "R."

The well pumped 11 barrels of oil per day plus 44 barrels of water. It bottomed at 1,710 feet and will

produce from a perforated interval in the 1700 Sand Formation, 1,570 to 1,663 feet into the hole.

At first the little girl begged her father not to make her stick her hand under the house.

"I never told my dad I never wanted to do anything," she said. Then, she pleaded, "I'm afraid to stick my hand down there."

"Why, your little ol' hand will go down there," her father persisted, "and mine won't. You get down there and get your hand in there."

Seconds later the child obeyed her father and she never forgot what happened.

"When I stuck my hand down there, the snake grabbed it. (And I pulled him up about that high off the floor." The child stood there for just a minute, the rattler clinging by its fangs to her little arm. The she shook her arm and the snake fell to the floor.

"I can hear the thump of that snake to this good day," she recalled. "My grandmother said she heard (my father) tell the Lord if he would just let me live, he would never make me do something I didn't want to." As the years passed however, she said her dad forgot that promise.

Meanwhile, the bitten child had to have medical attention and the nearest doctor was fifteen miles away. "I was unconscious before we ever got started," she added. In time she miraculously recovered from the bite.

The second time Mrs. Gary was bitten by a rattler was after she and her family moved to the Spade community in Mitchell County. In 1904, the-then fourteen year old girl and some friends were passing time on McCullough Mountain.

"There was a big old rock and we were on that," she related. "They wanted to go somewhere else and I just wanted to go through the brush, so they said, 'No, let's go around.' So they went around and I stepped off the big rock and when I did, I stepped on a snake."

And the rattler promptly bit her. Mrs. Gary said the other kids raced to the McCullough's house where there was a horse and buggy.

"They got in the buggy and drove up the mountain as far as they could. I was unconscious pretty quick."

Once again the youngster was taken to see a doctor and once again her life was saved. Despite being bitten twice by rattlers, Mrs. Gary lived to the ripe old age of 93.

But she never came close to forgetting how she almost never got through her teenage years.

Rattlers were here before we were...and they'll be around after most of us are gone. In the meantime, some of our more-adventurous souls will be pulling 'em out of crevices and shooting them under houses. But we'll all give them the respect they deserve.

Children's clothing is needed by mission team

The Mexico Missions team from Christian Temple is in need of children's clothing to be given to those living in the streets of Juarez. The team will be ministering on the streets of Juarez from July 6th through the 11th. Clothing items can be brought by the church, at 5th and Elm, anytime prior to noon on Monday, July 5th.

"During the time we are there, we'd like to show them the love of Christ in a tangible way," said Pastor Pat Savage. "Just to tell them God loves them is great, but if you put shoes on their feet, they really understand."

Clothing items should be for children from birth through teenage years. Donations can be brought to the church itself or to the parsonage at 205 East 5th Street. For more information, contact the church at 728-5944.

LORRAINE PERSONALS

BY LOIS PHILLIPS

Our kids are having Bible school in the park this year and reports are that they are enjoying it. I really don't know how many they had today but it looked like a good crowd. If you have children who are not attending Bible school somewhere else, they are welcome to come to ours at the park. I believe they have clowns and other nice things. Refreshments will be served every day, so make plans to bring your kids so they can learn and have fun.

Karen Hackfeld and our cheerleaders are in Abilene this week to attend H.S.U. Cheerleading Clinic. They are getting ready to cheer on the Lorraine Bulldogs football team when school starts in the fall, well really it starts in August. Lets everyone get ready to help in any way we can. I feel sure we will have a good team this year also. Those attending are the two Lamb sisters, Atkins sisters, Amber Blair, Amber Chavez and Angie Martinez. One of the Atkins girls will be our Mascot. One of the other girls told me they had got the mascot the cutest uniform for this year. Everyone doing his or her best we will have a good team and successful school year again this year.

Coach Lay, his wife and kids left Sunday night for Florida to visit and sightsee for a few days since they are free for a little while before football starts.

Frankie Bennett and his lovely wife spent last week-end in town visiting his mother Lola Faye Bennett. They all looked happy and pleased to be back home for a few days. It was real good to see them as it has been a while.

I also saw Shawn Finley in town Saturday, I asked him what he did with his Lady Love, his answer was he left her in the car to take

care of his dog, so it wouldn't get lonesome. He and Frankie both looked very happy with their lot in life. It was good to see all four of them especially since they all looked as if they were happy with their lives. Nice isn't it?

Dorothy Finley spent a few days at home last week. I did not see her but several people said they visited with her, mostly by phone I guess. Everyone enjoyed her visit.

Doug and Patti Blue of Clyde spent Saturday night with us and visited the other grandmother for lunch on Sunday. Jackie and Patsy were also guests of Elba Mae on Sunday.

The former Loretta Cranfil was here the week-end. She is the daughter of the late Dennis Cranfils and granddaughter of the Harry Cranfils now deceased. She looks good.

Hal Harrelson, what's happened to you? We used to hear from you often, but not lately. Hope everything is well with you. Also we sorta kept up with Joe, Ed and Gina Colderwey but have had no word of them lately.

Why don't some of you other Lorraine exes let us know about your family and their off springs. We love to keep up with friends of the past.

Irene Kidd and her sister Iva Nell Barker of Abilene went to Dallas recently where they visited Clovis and Jean Hale. They all loaded out for Branson, Missouri where they met Irene's other daughter and husband, Bill and Barbara Long of Georgia. They had a real good week, visiting, sight seeing, going to a number of different shows. This is the second year in a row they have done this I believe. They all returned to their separate homes, tired but happy

after their visit together.

Chrystene Hall visited Mrs. Ison last Saturday. Mrs. Ison seems to be better. You know she is recovering from a car wreck.

Sherry Webb, bride-elect of Walton Stone of Stanton, was honored with a bridal shower last Saturday at the home of Regina Gage. It was a very nice affair and everyone had a good time. Sherry and Walton received lots of nice things.

Walton's friends from Stanton had hosted a shower for the happy couple the week before. We wish you a very happy life together.

Our telephones were out last week one day. We could only talk to a fellow Lorrainean, same way with Colorado City and Westbrook. You know I wanted to talk to everyone in the county that day.

Someone drilled into a change-over deal, I was told and upset the apple cart, but you know the entire county lived over that one thing.

We don't really need to do everything we think we do every day.

I believe Miss Edith Wilkerson is still in the hospital but I'm not sure. Hope she is doing much better.

My nephew, Jim Haggerton took his family on a short vacation last week. They were playing volleyball, he slipped and fell and hurt a knee and is in a Midland hospital having surgery on it today.

A few years back they went snow skiing and he broke that same leg and messed up the same knee. Jim you might need to stay home and let the others have the fun. Hope you are son better and can get about again.

Bill and Melba Keidel of Midland visited her mother Mrs. Noel of Colorado City, the R.C. Noels of Colorado City, Roy and Mary Helen Price of Lorraine and a couple of sisters in Abilene this week.

They were real elated over a new grandbaby they have. Don't you think they brought pictures with them. I feel sure they did. Mrs. Keidel will be remembered as Melba Noel.

The girls softball team will choose the all-stars this week and get started with the all-star tournament. I believe Gloria Lucas will have charge of the all-stars.

Tommy and Sharon Green and their daughters will be in Pecos for the 4th. They will attend the Pecos Rodeo and watch a niece and nephew and their parents ride in the

parade and the grand opening. They will also be visiting Sharon's parents Bill and Faye Scarber. Have fun and tell everyone hello from Lorraine friends.

McKenzie graduates from Tech

Shanna Lynette Byrd McKenzie, wife of Cole McKenzie, graduated cum laude from Texas Tech University Health Sciences Center School of Allied Health, Saturday, June 5, 1993. She received a Bachelor of Science degree in Clinical Laboratory Science. She graduated from Snyder High School in 1989 and attended Western Texas College two years. She is the daughter of Mr. and Mrs. Dale Byrd, the daughter-in-law of Mr. and Mrs. Dean McKenzie both of Snyder, and the granddaughter of Lela Byrd of Westbrook and the late Alvin Byrd. She is employed as a medical technologist in the special chemistry department of Southwest Clinical Laboratories, Inc. in Lubbock.

COLORADO CONVERSATIONS

BY BARBIE LELEK

This year is FLYING by!! I can't hardly believe that it is already July!! JULY!! Speaking of July and flying, I hope you try to make it to the Fly-in this year. It is always a lot of fun to get up early and go eat the yummy breakfast, and see all of the neat airplanes.

Nona Gold, information coordinator for the Texas Department of Transportation Division of Aviation, tells us that "we can find no other such event that has been held 31 years in a row without interruption. Some events have a long tradition, but they have had interruptions, which makes this the oldest continuous free fly-in breakfast in the state."

By the way, this says free, that is free only to the pilots. However, you may purchase a meal ticket for only \$3.00. This will get you freshly cooked scrambled eggs, toast, bacon and juice or coffee. Breakfast is served from 7:00-10:00 a.m.

At 9:00 awards will be given to those pilots earning these honors: youngest and oldest pilot flying in, oldest airplane, most unusual airplane and pilot coming the longest distance. Ya'll come but if you're like me and like to sleep in, when you show up at 11:00 a.m., not a soul will be in sight. Tim and I did that for several years before we finally figured out this was an early morning thing. Now we make the effort to get up early and don't miss out on the fun. Actually Tim is cooking now (maybe I shouldn't have told you that! Come anyway, maybe he will be pouring something this year!!!)

Really, I shouldn't give Tim a hard time, now that he has his new smoker grill. He is a terrific hamburger cooker!!

There has been an alarming number of disrespectful acts against my daughter's #1 hero. Yes, of course I'm talking about Barney!! I heard a dreadful song the other day sung to the Barney theme: I hate you, You hate me, let's hang Barney from a tree, shoot him in the heart, shoot him in the head,

now that purple thing is dead! That is so bad, I could hardly even type it! Shame Shame on those of you who made it up! Jay Leno showed a poster entitled: Barney goes to Jurassic Park. It showed Barney getting eaten by a big ugly dinosaur. And last but certainly not least, Barney getting stolen from our day care's front lawn. How rude! Do you know how many little kids have probably cried over that incident? Bring him back, show some respect, if not for Barney then

for those poor little kids and the day care center which tries to provide something nice and out of the norm for our kids.

The Christian Temple youth had a wonderful time at camp this year. They have just returned from Discovery Camp in Columbus, Texas. Yes it was a nine hour drive and it rained the entire weekend but everyone said it was worth it. Everyone wants to go back next year. Besides all of the "fun" things, water slide, go carts,

swimming pool, horses, volleyball and tug of war, the teenagers came back with a new love for the Lord. And that's the most important thing. This group of mostly middle schoolers who learned teamwork and walked away with 4th place in the tug of war contest.

Excuse me, those of you who might have looked for the house with the pretty flowers I wrote about last week. The address is 627 Hickory, not 607 Hickory. There is no 607!! Try again, it's worth it!

FLY-IN TROPHIES: Billie Joe Woods shows one of the trophies that will be awarded at the 31st Annual Fly-In Breakfast on Saturday, July 3. Wood's Boots donated the trophies for this event.

WESTBROOK WANDERINGS

Mr. and Mrs. C.E. Clawson from Corpus Christi, were here last week to visit with Mrs. P.E. Clawson, Mrs. Lillian Sullivan and Mrs. Drucilla Board. The Clawsons arrived last Saturday and stayed through Tuesday.

The Ruth Sunday School class met last Tuesday night for fellowship and the exchange of Secret Pals gifts. The ladies dined on a meal of bar-b-que brisket, salads and a fruit salad desert. Those attending were Alma Fulton, Judy Moore, Marlena Rice, and Debra Miller.

Congratulations to Jeremy Reyes for placing well at the Plainview Jackpot Steer Show. Jeremy took second place with his Charolais steer, seventh place with his Limousin steer and eleventh place with his Maine Anjou steer.

Mr. and Mrs. James Quinney of Snyder and Mr. and Mrs. Mike Smith of Abilene were here last weekend to visit with Laurie and Sam Miller during the Mitchell County Mesquite Country 4-H Horse Show.
