'Useful' Talk Is Reported At Conference

GENEVA (AP) — French Foreign Minister Georges Bidault and Russia's Vyacheslav M. Molotov were reported by French sources to have had a "useful" exchange of views today on supervision of the proposed Indochina cease-fire.

The two met 50 minutes in what was described as "a cordial atmosphere," but were unable to reach an agreement on composition of a commission to police the cease-fire.

The French were reported, however, to have come around to the Soviet position that at least one Communist nation would have to be included in the supervisory agency. Molotov was reported to have insisted upon this as a minimum.

French sources said Bidault now believes something can be worked out by taking three Asian nations—possibly India, Pakistan and Ceylon—as a base and adding one Communist country and one Western nation to form the commission.

Bidault was understood to have told Molotov he was firmly opposed to any commission on which the Communists and non-Communists would be evenly divided, such as the Neutral Nations Supervision Commission in Korea. This body consists of representatives of Switzerland, Sweden, Poland and Czechoslovakia.

Bidault also opposed supervision by a mixed French-Vietminh commission, unless such a body is limited to observation roles under control of an international commission.

The French foreign minister and Molotov also talked briefly about steps to speed up the military talks now going on in Geneva between representatives of the two high commands. These talks, dealing with the question of regrouping the rival forces after a cease-fire, were understood to have made no progress.

It was generally believed Molotov's attitude, as disclosed to Bidault today and to the conference tomorrow, would go a long way toward determining how much longer the Western Powers would be willing to continue the talks.

Another important factor in the Western position is the critical political situation in which the French government now finds itself.

In Paris high political figures predicted that unless the West scores a real success at Geneva this week, Premier Joseph Laniel's Cabinet will be turned out. Western delegates concede that if the French government fails, the Indochina conference may collapse.

One highly placed Western diplomat predicted that Molotov in his speech tomorrow would try to embarrass the Laniel government and bring on its ouster from office.

The French National Assembly begins a debate on Indochina tomorrow, with Laniel apparently certain to demand a vote of confidence if the deputies get too critical.

Twice last month he won such votes by contending a Cabinet crisis would torpedo the Geneva talks. But the second time his margin was only two votes. Observers in Paris doubted that a "save-the-conference" plea would work with the deputies again unless concrete results in Geneva could be cited.

Ellenburger Wildcat Set For Borden

Drilling will start by June 15 on an 8,000-foot Ellenburger wildcat in northeast Borden County. It will be the Panuco Oil Leases of Houston No. 1 W. P. Sims, located 660 feet from the north and east lines of the northwest quarter of section 481-97-H&TC.

The project will be 17 miles north east of Gail, approximately one mile south of the nearest completed producers in the Fluvanna multpay field. The field prpduces from the Strawn, Mississippian and Ellenburger.

NOLAN COMPLETION

A. A. Cameron of Midland and Los Angeles has completed his No. 1 Kathleen Baker as a pumping discovery from the Strawn reef lime in northwest Nolan County, four miles west of Sweetwater.

On a potential test the wildcat pumped 120 barrels of 41 gravity oil and no water in 24 hours. The well would flow by heads but would not flow regularly and as a result it was completed on a pump. It showed a gas-oil ratio of 783-1. The production is from perforated sections in seven-inch casing at 6,326-330 and at 6,358-366 feet. These intervals had been treated with a total 5,000 gallons of acid.

The project drilled to a total depth of 6,395 feet and seven-inch casing is cemented at 6,375 feet. Location is 680 feet from north and 467 feet from west lines of section 49-23-T&P, one and a half miles southwest of the nearest production in the Rowan & Hope Strawn field.

STONEWALL DISCOVERY

Cities Service Oil Co. and Associates No. 1-24 Flat-top Ranch, southeast Stonewall County wildcat, is assured of being completed as a discovery from the Swastika sandstone.

It has swabbed at the rate of 100 barrels of oil per day from perforations in the casing at 3,290-298 feet. Operators will take a potential test and complete the strike in the near future.

It is three miles north of Pastura and 10 miles northeast of Hamlin. Location is at the center of the southeast quarter of the northwest quarter of section 124, BB&C survey, three and a half miles north of production in the East Hamlin field.

Cities Service has a majority interest in the 37,000-acre block on which the discovery is located. That concern also has the operation on the lease and any and all wells developed on it. Lone Star Producing Co. and Signal Oil and Gas Co. have interests in the block.

DRILLING REPORT

In northwest Dawson County, Magnolia Petroleum Co. No. 1 J. T. Middleton will be a stepout from the proven area of the Southeast Welch-Spraberry field. It is seven and one-fourth miles southeast of Welch, 660 feet from north and east lines of the northwest quart-

Another Faces Murder Count

MANSFIELD, La. (AP)—A second Houston, Tex., man has been charged with murder in the May 16 rifle slaying of Deputy Sheriff James Gamble of DeSoto Parish (county).

Charged yesterday was Darwin Crabbe, 26, following a night of questioning.

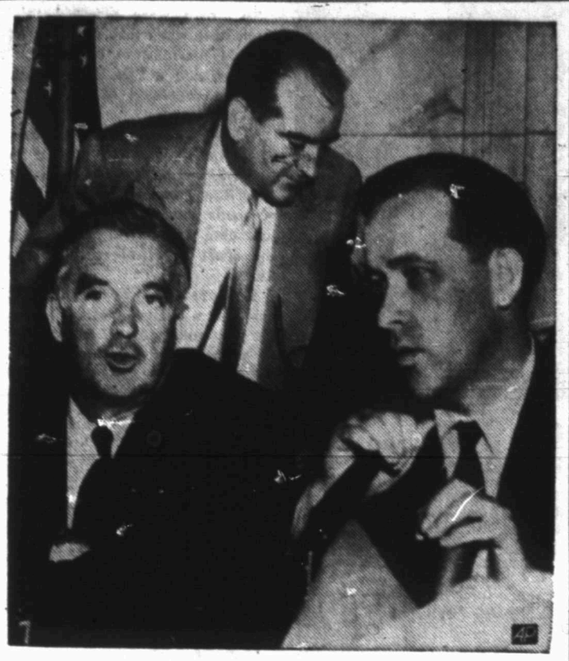

Jasper Self, 35, also of Houston, was charged with murder in the case last week.

Crabbe was arrested in Houston Friday night and taken to Center, Tex., on the Louisiana border, where he was turned over to DeSoto officers. Crabbe's lawyer protested in Houston against Crabbe being arrested and taken to Mansfield.

Self was arrested May 27 in Houston. He waived extradition.

A third man has been arrested but not charged.

Gamble was slain and a patrol partner, Ralph Shelton, seriously wounded when they stopped to offer aid to a car stranded in mud on U.S. 171 north of here.

AFTER SQUABBLE

Sen. Joseph McCarthy (R-Wis) walks behind Sen. Stuart Symington (D-Mo), left, after demanding at the session of the McCarthy-Army hearing in Washington that Symington be disqualified to sit as a "judge" in the dispute. Sen. Henry Jackson (D-Wash) sits beside Symington at the subcommittee table. McCarthy wore a different necktie in the afternoon session than he did at the morning session, and made his demand after transcripts were read of telephone calls between Symington and Army Secretary Robert Stevens.

Phillips Gas Prices Placed Under FPC

WASHINGTON (AP)—The Supreme Court decided today the Federal Power Commission has authority to regulate prices of natural gas sold by Phillips Petroleum Co. to interstate pipeline companies.

The decision overturned a ruling by the commission that Phillips was not a natural gas company within the meaning of the Natural Gas Act and the agency therefore had no jurisdiction over its rates.

Justice Minto delivered the 5-3 decision. He was joined by Chief Justice Warren and Justices Black, Reed, and Frankfurter.

Justices Douglas and Clark wrote dissenting opinions.

Justice Burton joined in Clark's dissent. Justice Jackson took no part in the case, which the high court had once refused to review, thus letting the FPC ruling stand as of that time.

Phillips produces and gathers natural gas in Oklahoma, Texas and New Mexico and carries it to 10 processing plants in Texas and New Mexico. After processing, the gas is carried in pipes for from 240 to 1,490 feet and sold in interstate commerce for resale to five pipeline companies.

Justice Minton, for the court majority, stated that "regulation of the sales in interstate commerce for resale made on a so-called independent natural gas producer is not essentially different from regulation of such sales when made by an affiliate of an interstate pipeline company."

Minto added:

"In both cases the rates charged may have a direct and substantial effect on the price paid by the ultimate consumers. Protection of consumers against exploitation at the hands of natural gas companies was the primary aim of the Natural Gas Act. . .

"Attempts to weaken this protection by amendatory legislation exempting independent natural gas producers from federal regulation have repeatedly failed, and we refuse to achieve the same result by a strained interpretation of the existing statutory language."

In his dissent, Clark said the majority opinion "brings every gas operator, from the smallest producer to the largest pipeline, under federal regulatory control. Clark added:

"In so doing, the court acts contrary to the intention of the Congress, the understanding of the states, and that of the Federal Power Commission itself. The Federal Power Commission is thereby thrust into the regulatory domain traditionally reserved to the states."

Reds Wheel Troops Back Into Position

HANOI, Indochina (AP)—Vietminh troops which crushed Dien Bien Phu have wheeled back into position all around the defense lines guarding the vital Red River delta, the French high command announced today. The rebel forces form a gigantic pincers threatening an all-out assault to drive the French from their north Indochina bastion.

Barring the slim chance the Geneva conference might stop the war by ordering a cease-fire, indications increased that the Communist-led rebels will hit the delta with everything they have before the end of June.

A French army spokesman said rebel infantry units—estimated at upwards of 20,000 troops — had completed their movements back to the bases from which they moved to capture Dien Bien Phu. Other rebel troops reportedly were moving toward the delta area from the southwest.

The French continued to build up their forces in the strategic area, pouring in reinforcements from other parts of Indochina and from Europe.

In an all-out assault, the French expect the rebels to try first to isolate Hanoi by severing the road and rail lines linking the city with the port of Haiphong, 64 miles to the east.

These routes are the lifeline for continued resistance to the Communist-led tide, for they carry the bulk of U.S.-supplied war material from Haiphong to Hanoi and the fighting fronts.

Vietminh attacks cut the routes nightly, but French patrols and repairmen reopen them for about six hours of traffic daily.

Aware that Hanoi might be encircled and cut off, the French are heavily reinforcing the defenses of the seaport and the Doson Peninsula, 12 miles southeast of it.

To both these, the French probably could cling a long time if they had to be used as beachheads.

Thousands of Vietnamese living in villages around Haiphong and Doson are being evacuated to make way for new defense preparations.

South and southeastward of Hanoi, deep in the delta, the French are constructing their entire defense network.

They are leaving to the Vietminh most of the small defense posts the rebels capture every night in overwhelming assaults.

But the French are holding, and say they intend to defend such road junction points and rice and industrial areas as Phu Ly, Nam Dinh and Thai Binh, within an area 30 to 55 miles south and southeast of Hanoi.

Also on the "hold" list is the Phat Diem sector, 75 miles southeast of Hanoi and the home of 600,000 Catholics.

Youngsters 'Sniff' Too Much Gasoline

SHAFTER, Calif. (AP) — Two 13-year-old boys liked the smell of gasoline so much they almost sniffed themselves to death, Constable Blake Witcher said today.

He reported Johnny Love and Henry Blair took a two-gallon can of gasoline into a car and closed the windows. A neighbor found the boys unconscious and a resuscitator squad revived them.

Witcher said they told him, "We just liked the smell of gasoline."

Missing Line Disclosed In McCarthy Transcript

Council Due To Read Four Ordinances

Second readings of four ordinances are scheduled for consideration by the city council in its meeting at the city hall 7 o'clock tonight.

The ordinance scheduled for consideration first on the agenda is one that would increase the fine paid within one hour after a parking violation citation is issued from five cents to 25 cents. Otherwise the fines for over parking would remain the same as provided in the present ordinance. The fines, if not paid within one hour, are $1 to $200, with the minimum fine usually being assessed.

The second ordinance for consideration on second reading tonight would designate the locations of stop signs and traffic lights in Snyder. The city at present has no such ordinance and has placed stop signs and traffic lights under state statutes. The ordinance would make no changes in the present system of signs and lights.

The third ordinance for consideration tonight is one that would prohibit parking on Thirty-seventh Street from Avenue S to 150 feet east of Austin Avenue.

Last of the ordinances scheduled for consideration on second and final reading tonight would graduate legal traffic speeds on highway streets through Snyder upward from the present speed limits.

In the downtown area the legal speed limits would remain 30 miles per hour, but outward toward the city limits the legal speeds would increase gradually toward the city limits.

The council is also scheduled to consider execution of a contract with the Roscoe, Snyder & Pacific Railroad and the Texas highway department for placing a warning signal light at the Twenty-fifth Street crossing of the RS&P tracks.

Weak Norther Breaks Heat Wave In Area

A heat wave that sent the mercury to its highest point this year was broken up this morning when a weak cool front moved a cloud of dust into Snyder.

The temperature yesterday passed the 100-degree mark for the first time this year, with a reading of 102, according to Mrs. D. P. Strayhorn, weather observer. Previous high was 97 on April 6. Low last night was 73 and at 7:30, just before the norther reached Snyder this morning, the reading was 76.

Scattered thundershowers were predicted as the front moved farther into the state. Showers were expected to be widely scattered in Texas Monday, continuing in East and South Texas Tuesday.

Most of West Texas had visibility cut by blowing dust Sunday, as high winds swept cross the state. The gusty winds upset a 14-foot boat in which a Dallas man and his two sons were fishing Sunday on Grapevine Lake. Drowned were Rufus N. Savage, 42; Michael, 8; and Bill, 16.

Parr To Go Before Judge

SAN DIEGO, Tex., (AP)—Two key men in the Duval county political picture were scheduled to appear today before Dist. Judge A. S. Broadfoot, probably to have their trial dates set. They are George B. Parr, the county political leader, and C. T. Stansell Jr., former Duval county auditor.

Parr is charged with assault to murder. Stansell is charged on 17 counts of forgery.

Both were indicted Friday by a Duval county grand jury which has been probing the county's financial and other affairs. It was the grand jury which was picked after Judge Broadfoot dismissed a previous jury. Judge Broadfoot was appointed district judge after C. Woodrow Laughlin was removed by the State Supreme Court for misconduct.

Parr is free on $2,500 bond and Stansell on $8,500 bond.

Parr and Stansell went to the sheriff's office Saturday to post bond. They had to wait three hours while papers were prepared.

"This is a hell of a note," Parr said. "Man gets indicted and then can't get arrested."

Parr declared the indictments were "so obviously" politics.

The political leader, whose affairs are being probed by State Atty. Gen. John Ben Shepperd, is accused of assault to murder on Cristobal Ybanez, a retired Mexican farmer. Ybanez said Parr rifle whipped him after Parr accused him of laughing at Parr Aug. 17, 1953.

Archbishop Better

LONDON (AP)—The Archbishop of Canterbury, Dr. Geoffrey Fisher, was reported "much improved" today. He has been ill for a week with a severe cold.

Hot Insurance Case On Docket Today

AUSTIN (AP)—An insurance receivership case with political overtones went to trial today in 98th District court.

Among topflight political figures summoned as witnesses were Gov. Allan Shivers and Ralph Yarborough who is seeking for the second time to replace Shivers in the governor's office.

Both were subpoenaed at the request of Atty. Gen. John Ben Shepperd, originally to appear today. But Shepperd yesterday announced that he would not need either of them this week.

The attorney general is seeking to place a Houston insurance firm, Lloyd's of North America, into permanent receivership. Ralph Hammonds, top man in the Lloyd's organization, decided to fight the state's suit after the firm was placed in temporary receivership by Judge Charles O. Betts.

Hammonds fired the first blast that led to the political involvements. He said that John VanCronkhite, former executive assistant to Shivers and publicity man for his 1952 campaign, had been hired at $1,000 a month "to get cordial relations with the insurance department."

VanCronkhite, who is still doing organization work for the State Democratic Committee, denied he tried to use any political influence on behalf of the Hammonds firm. He said he quit when he saw the firm could not get its affairs in order.

VanCronkhite has accused Yarborough as being the real attorney for Lloyd's. Yarborough called this "an infamous falsehood."

Shepperd asked that Shivers and Yarborough appear as witnesses along with insurance commission officials and other attorneys for an apparent thorough airing of the entire matter.

The attorney general has charged that Lloyd's of North America was fraudulently organized and is now insolvent, and is asking that it must not be permitted to do further business.

The Lloyd's case is one of several involved in state court actions. A grand jury here has returned nine indictments on criminal charges at Beaumont, El Paso, and Ennis.

PEACE OFFICERS VICTIMS

Floyd Bunch Draws Jail Term On Assault Charge

Floyd O'Neal Bunch, 25, Yeager Courts, a convicted murderer on a suspended sentence, was convicted here this morning of aggravated assault upon three peace officers and was sentenced to six months in the county jail.

One of the victims of the assault, Alfred A. Kohl, a city policeman, suffered broken bones in his right hand subduing Bunch in the disturbance yesterday afternoon at the city police station.

Bunch pleaded guilty at noon today to the county court charge filed this morning, which alleged he assualted Kohl, Eugene Parker, another policeman, and Howard Gibbons, deputy sheriff who arrested Bunch.

Kohl recently moved here from Electra. He said his hand would remain in a plaster cast several weeks.

Bunch told the county judge, Edgar Taylor, this morning that he was still under a five-year suspended sentence assessed when a jury at Odessa found him guilty as an accomplice to a murder committed there in July, 1951.

Bunch and a relative of his were charged with fatally beating a fellow inmate of a jail there. Bunch had been taken to Odessa from Snyder on another charge. He had been held here on a charge of driving while intoxicated but was given to custody of officers there.

In addition to the jail sentence meted today, Bunch was assessed court cost of $23.50.

A record from the department of public safety shows Bunch has been arrested 10 times, mostly on charge of drunkenness and disturbance. Included in his record is a 90-day sentence assessed at Paris in 1947 for assault. He has also been convicted there of driving while intoxicated.

He was convicted here of driving while intoxicated April 9,1951, indicted by the grand jury for repetition of this offense July 17, 1951, this case later being dismissed for lack of evidence. He was fined here April 15, this year, for being intoxicated in a car, fined again May 1 here on a charge of drunkenness, and arrested again yesterday.

Rescuers Forced To Do House-Wrecking

NEW YORK (AP)—Fireman resorted to a little house-wrecking to free 7-year-old Ida Esperanzo from a rooftop air duct in which she got caught yesterday.

First the rescuers cut off an entire section of the tin duct from which only the top of the child's head was showing.

Then they lowered the section six stories down an air shaft. At the first floor they broke through a bathroom wall, reached into the shaft and grabbed the section of tin pipe.

They cut the tin apart and freed the girl, who was scared but not seriously hurt.

Applicant Withdraws For Big Spring TV

WASHINGTON, (AP)—Texas Telecasting Inc. today withdrew its application for television Channel 4 at Big Spring, Tex., leaving Big Spring Broadcasting Co. (KBST) unopposed for a station on that channel.

Texas Telecasting, headed by W. D. Rogers Jr., said the action was taken in the interest of obtaining Channel 4 service for Big Spring. Rogers asserted he expects to ask the commission to assign another VHF channel to that city and if this is done he will apply for it.

Texas Telecasting operates KDUB-TV at Lubbock and is building station KPAR-TV at Sweetwater, Tex.

Arsonists Blamed For School Fire

PHILADELPHIA (AP) — A North Philadelphia elementary school was damaged by fire last night. Officials said the fire was "definitely the work of arsonists."

Police said turpentine had been spilled at three separate places in the building. Two classrooms were badly damaged and the custodian's quarters were virtually destroyed.

Effort Made To Keep Data From Cohn

WASHINGTON (AP)—Sen. McCarthy told Secretary Stevens about the time G. David Schine was drafted last fall that Schine was not indispensable to his investigations subcommittee, but he didn't want his chief counsel, Roy Cohn, to know he felt that way.

In a monitored McCarthy-Stevens telephone call of Nov. 7, read at the McCarthy-Army hearings today, McCarthy was quoted as saying: "For God's sake, don't tell — (blank). He would go right back and tell Roy."

This line was not included in the transcripts of his calls which McCarthy himself released for publication over the weekend.

It never was disclosed who the person was that McCarthy was cautioning Stevens not to tell.

Senators conducting the McCarthy-Army hearings looked at the transcript, but decided the person mentioned by McCarthy was not connected with the present controversy, and that his name had just as well be kept secret.

McCarthy's comment that the unnamed person "would go right back and tell Roy" came after McCarthy told Stevens that Schine "is one of the few things" he had seen Cohn, "completely unreasonable about."

McCarthy had said that Cohn "thinks Dave should be a general and work from a Penthouse of the Waldorf."

Schine, wealthy New Yorker who was an unpaid consultant to the McCarthy subcommittee, was technically drafted Nov. 3 but did not actually report to training camp until Nov. 10. He was given a week after technical drafting in which to work on McCarthy subcommittee business.

Among other transcripts going into the record were those of three talks between Sen. McClellan (D-Ark) and Secretary Stevens. In one of these, McClellan advised Stevens to beat McCarthy to the punch.

Stevens had telephoned McClellan Feb. 20 to discuss his clash with McCarthy over alleged abuse of Brig. Gen. Ralph Zwicker by McCarthy's subcommittee.

McCarthy "hopped on me pretty hard," Stevens said, when the secretary told McCarthy he was not going to allow Zwicker to come back before the McCarthy subcommittee.

McCarthy told Stevens at that time that he was under subpoena to testify the following Tuesday.

Stevens told McClellan he was willing to go before the McCarthy subcommittee at the "appropriate time," but was undecided whether Tuesday was that time.

McClellan suggested that Stevens consult an attorney and "beat him to the punch" by announcing that he was requesting to appear before McCarthy.

In a second call from Stevens to McClellan on Feb. 21, Stevens said "I certainly appreciate the way you, Sen. Symington and Sen. Jackson have viewed this thing." McClellan, Symington and Jackson are the Democrats on the McCarthy subcommittee.

WEATHER

NORTH CENTRAL TEXAS: Partly cloudy and turning cooler this afternoon. Widely scattered thunderstorms in southeast portion. Generally fair tonight and Tuesday. Cooler tonight.

WEST TEXAS: Generally fair this afternoon, night and Tuesday, except widely scattered thunderstorms in Del Rio-Eagle Pass area this afternoon and early tonight. Cooler in afternoon and tonight.

EAST TEXAS: Partly cloudy widely scattered thunderstorms mostly in north portion this afternoon and tonight. A little cooler in northwest portion tonight. Tuesday, partly cloudy, widely scattered thundershowers near the coast. Not so warm in interior. Moderate to locally fresh southerly winds on the coast.

SOUTH CENTRAL TEXAS: Partly cloudy this afternoon, tonight and Tuesday, widely scattered thunderstorms in northwest portion tonight. Not quite so warm in northwest tonight. Moderate to fresh southerly winds on the coast.

Administration Must Reach Decision In Asia, Gore Says

WASHINGTON (AP) — Sen. Gore (D-Tenn) said today it is time for the administration to make up its mind about what course it intends to follow in combating communism in Indochina and Southeast Asia.

Gore said he agrees with an assertion by Sen. Knowland of California, the Republican Senate leader, that the free world has come to a "jumping-off place" and cannot afford to let the Reds continue talking at Geneva while they swallow territory in Indochina.

"I agree with Sen. Knowland's view, but Congress can't take the lead in this matter," Gore said in an interview. "Before Congress can act at all, the administration must make up its mind what it is going to do.

"We seemed to have assurances previously that the Joint Chiefs of Staff and Secretary of State Dulles had made the decision that we must fight, if necessary, to keep the Communists from overrunning Southeast Asia.

"But last week the President said he hadn't made up his mind about submitting to Congress any proposal for authorizing action in that area. Whom are we to follow: the Joint Chiefs and the secretary of state, or the President?"

Knowland said in a weekend interview he believes the next 30 days will see one of the decisive turning points in history, with the free world either deciding to act or, by failing to do so, letting Asia slide to the Communist.

He said he thinks the Communists might well take Hanoi and the Red river delta within a month, if the talk continues at Geneva and the free nations make no show of force and indicate their determination to use it if necessary.

Sen. Bridges (R-NH) said yesterday there appears to be little prospect of U. S. involvement in Indochina, "but I think it could come in a subsequent period. Speaking on an NBC radio-television show, Bridges said he favors use of the atomic bomb in Indochina instead of using American troops. "To save American lives I would use the atomic bomb anywhere," he said.

Appearing on the same program, Sen. Magnuson (D-Wash) said the Eisenhower administration has had a "hot and cold" policy and that as a result, "there isn't a man walking in the streets of America that knows what this administration is going to do about Indochina."

Whil. Knowland suggested that the United States might have to bypass Britain and France and seek what allies it could find in the Pacific. Sen. Wiley (R-Wis) said in a speech at Louisville, Ky., yesterday that whatever this country does "we must keep our allies with us."

Wiley, who heads the Senate Foreign Relations Committee, said he believes the time has come "when the free nations of the world must take the initiative in bringing the Indochinese situation before the United Nations for appropriate action."

Dr. Stennis Resigns Here As Director Of Health Unit

Dr. Hugh J. Stennis, director of the County Health Unit, today submitted his resignation to the commissioners court to take effect next Tuesday.

The commissioners accepted Stennis' resignation with the understanding that his pay will continue until June 30.

Stennis has been director here since last July. He took over the unit after his release from the air force, in which he served the preventive medicine department at Ellington Field, Houston, for two years.

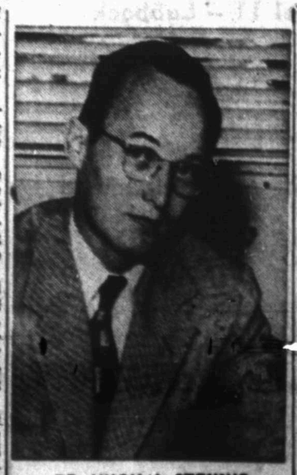

The director has also been head of the Sweetwater unit, dividing his time between here and there. Recently he has been active director at the Abilene-Taylor County unit. His plans concerning those two units and the future have not been announced.

A native of Carlsbad, N. M., he was reared at Pampa, where he finished high school. During World War II he was an aviation radioman in the Navy until he was transferred to a V-12 training unit at Southern Methodist University. While there, he began his premedical studies. He also took schooling at Schreiner Institute and the University of Texas before attending the University of Pennsylvania school of medicine, where he graduated. He took part of his public medicine schooling at Tulane University. He holds a master degree in medicine and public health.

Stennis is married and has two children.

Other staff members of the health unit here are J. E. Craven, sanitarian; Miss Leah Davis, public health nurse; and Mrs. Olan Culp, Jr., receptionist-clerk.

Directors who served here before Stennis included Dr. Fred Dinkler, who began when the unit opened here in 1950 and was here about one year, and Dr. H. C. Powell, Jr., who served slightly less than a year before resigning in the fall of 1952. Dr. D. R. Reilley, who is director of the San Angelo unit, acted as director here until Stennis took the position.

DR. HUGH J. STENNIS

Holmes Promises Noise, But No Mud

Austin, (AP)—Lots of noise and no mud was promised today by J. J. Holmes, Austin contractor who hits the campaign trail this week seeking the Democratic nomination for governor.

Holmes named Bob Kniseley, Ft. Worth, as campaign manager and Kniseley promptly announced:

"It's the squeak wheel that gets the grease. You'll be hearing plenty from us—lots of noise and no mud."

Kniseley also pronounced this as Holmes' campaign slogan:

"I'm not mad at anyone—I'm just running for governor."

Holmes, 47, announced for governor several weeks ago but he has done no active campaigning.

Kniseley said today that Holmes was planning a "crackers and cheese" campaign with no big spending but a maximum of direct contacts with the people.

"Holmes is running on issues and he will take them straight to the folks," Kniseley said.

Holmes will open his campaign with a radio talk at Abilene tomorrow, along with a citywide handshaking tour, Kniseley said.

Holmes will go to Lubbock Wednesday; Amarillo and Pampa Thursday; Wichita Falls Friday; Sherman-Denison Saturday.

Kniseley said Holmes would make many speeches and campaign heavily between now and July 24, date of the Democratic primary.

Holmes is the father of four sons whose ages range from 19 to 25. Two of them are Korean War Veterans. Two will be in the University of Texas summer school.

Kniseley said they would help Holmes in his campaign. Holmes has been tied up on two big contracting jobs and just recently has managed to delegate their management so that he would be free to campaign for governor.

He has never sought office before, and has told interviewers that he would wait until his opening speech to say specifically why he is running for governor.

"I'm a Democrat," he told one interviewer. He said he thought Eisenhower could have won the 1952 election "running in a wheelbarrow" but that he did not vote for the GOP nominee.

OIL

Continued from Page 1

er of section 2-4-D. L. Cunningham. Drilling to 7,950 feet will begin in the near future.

In Southwest Scurry County, Southern California Petroleum Corp. No. 1 Weathers is drilling 5,510 feet in lime. Ralph Lowe No. 1 Golden-Sun is at 6,170 feet in shale.

A drillstem test from 6,800-820 feet has been run on Southern Minerals No. 1 Girard in Kent County. On the 45-minute test there was a weak blow which died after 30 minutes. Recovery was 30 feet of drilling mud and a rainbow show of oil through a one-by-one-inch choke. Bottomhole flow pressure was 30 pounds and 15-minute shut-in pressure was 35. The project is drilling below 6,965 feet in lime.

Honolulu No. 1 Newman Brothers in Kent County is drilling at 7,848 feet. It was drilled out to 6,111 feet and casing was perforated with 66 shots at 6,050-061.

BIRTHS

The following children were born at Cogdell Memorial Hospital:

A son to Mr. and Mrs. Wilson Bright, 606 Twenty-fourth Street, at 6:23 o'clock this morning, weight nine pounds, seven ounces.

A daughter weighing one and one-half pounds to Mr. and Mrs. Jess Jones, route No. 2, at 12:30 o'clock this morning.

An eight-pound, seven-ounce son to Mr. and Mrs. J. E. Cross, 610 Thirty-second Street, and 11:31 o'clock last night.

RED BOARD OF STRATEGY

Communist China's Premier Chou En Lai extends clenched fists during meeting with his top team at Geneva, Switzerland, according to caption information supplied with this picture by the correspondent of the Communist "London Daily Worker" at Geneva. The U.S. opened negotiations with Red China at Geneva seeking to gain release of Americans held in China. Seated around table, from left, are: Wang Chia Shiang, vice minister of foreign affairs; Chou En Lai; Hsu Chin, chief interpreter; Wang Ping Nan, delegation's chief of protocol and secretary general; Chang Wen Tien, also a vice minister of foreign affairs; and unidentified, partially hidden man; and Li Ke Nung, another vice minister of foreign affairs.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

Admissions — Donnie McCormick, 1711 Avenue A; Thomas Jerry Roberts, 1302 Avenue S; B. P. Pierce, route 1; Robert L. Bentley, Nesbit's Motel; Mrs. Guy Browning, 2902 Avenue J; T. L. (Jack) Broaddus, Brownwood; Mrs. T. L. Woodson, 3200 Avenue H; Mrs. A. D. Hobbs, Snyder; Mr. Troy D. Burns, Snyder; Patsy Wells, 1200 Thirty-Third Street.

Dismissals — D. H. Christian, Snyder; Thomas Jerry Roberts, 1302 Avenue S; J. H. Manning, Snyder; Robert L. Bentley, Nesbit's Motel.

COGDELL HOSPITAL

Admissions — Mrs. Wilson Bright, 606 Twenty-fourth Street, obstetric; Mrs. Jess Jones, route No. 2, obstetric; Mrs. J. E. Cross, 610 Thirty-second Street, obstetric.

Dismissals — Randall Keith Masters, infant son of Mr. and Mrs. Ted Masters, 207 Thirty-third Street, medical; Miss Shirley Ramsey, 306 Thirty-fourth Street, medical; Dan Parmaley, 2800½ Avenue U, medical; Mrs. B. H. Williams, 203 Thirty-fourth Street, obstetric and infant daughter.

'Juneteenth' Plans Made

Plans are now being completed for the "Juneteenth" celebration by the Negro population of Snyder.

Included in activities planned here for June 19, anniversary of the first mass freeing of slaves, are a parade, baseball games, free barbecue, and dance.

J. C. Smith and Fred Sanford, two of the committeemen on arrangements, were still seeking meat this week for the barbecue. Sanford said this morning that the committee is now considering buying a quarter of a beef for the barbecue. A goat has already been donated by Wilson Connell, Scurry County rancher. The barbecue will be held on the Negro baseball field south of Thirty-seventh Street and Avenue M.

Included at the dance will be the highlight event of the celebration, a jitterbug contest. No place has definitely been set for the dance.

This is one of the largest celebrations ever planned here by the Negroes.

Anxious Thieves Find Only Scraps

PHILADELPHIA (AP)—Two strangers stopped Joseph Matthews, 68, and his wife Helen, 56, as they were about to enter their North Philadelphia home yesterday after closing the restaurant they operate nearby.

"If it's money you're after," Mrs. Matthews said quickly, "it's there."

She pointed to a brown paper bag she had placed on the doorstep.

The pair grabbed the bag and sped away in a car driven by a third man. The bag contained some scraps for the family cat. The day's receipts of $75 were still in the restaurant safe.

ANCHOR MAN GOES UP

Richard Leonard Olson of Lorain, O., anchor man of the naval academy graduating class, is hoisted into the air by fellow graduates at commencement exercises at Annapolis, Md. Olson, who finished with the lowest scholastic average of the 852 graduates, was center and captain of the academy's 1953 football team.

Two Men Get Fines Here

Two men were assessed minimum fines when they pleaded guilty this morning to county court charges, and a fine for a woman recently convicted of bootlegging was paid today.

A fine of $137.30, including court cost, was paid this morning for Helen Zamora Clay, Snyder Latin-American convicted several times of bootlegging. Her conviction by jury here was upheld last week by the court of criminal appeals at Austin.

A 74-year-old Sweetwater man, John Henry Hood, was assessed $50 plus court cost of $23.50 when he pleaded guilty to a charge of driving while intoxicated. He was arrested by Homer Whisnand, sheriff, and E. W. Green, highway patrolman, Saturday afternoon.

George W. Linderman, about 40, Snyder, was assessed $5 plus cost of $23.50 when he pleaded guilty to a charge of swindling by worthless check. He redeemed a $5 worthless check given to Reed Oil Co. on April 8.

Yoshida Bill Wins Approval

TOKYO (AP)—Prime Minister Shigeru Yoshida tonight won approval of a controversial police bill and a decision by the Diet to censure the Socialist party members involved in Thursday's Diet brawl.

The Socialists, who contend the Diet was adjourned by the riot, boycotted today's session, permitting Yoshida's Liberal (conservative) party to win quick approval of the censure decision and the police bill.

The latter measure calls for centralization of the police force in the national government. The left and right wing Socialists bitterly opposed the step on grounds it would lead to a police state.

A Diet committee, also boycotted by the Socialists, voted to present a censure motion at a plenary session Wednesday against the 46 Socialists involved in the riot.

At worst, the Socialists could be expelled from the Diet—but some observers felt Yoshida merely was holding this threat over the heads of the Socialists to bring them in line.

However, an unnamed Socialist leader told the newspaper Tokyo Shimbun "the Socialist representatives will resign in masse if any of the 46 is singled out by the Liberals for expulsion."

The socialists say they will contest all Diet actions since Thursday midnight.

Plants inside and outside the C. A. Ramsey home are Mrs. Ramsey's major hobby interest. Here she is shown watering a giant rubber plant in the glass-enclosed breezeway. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

Flowers bloom almost the year around at the C. A. RAMSEY home west of Union on the Lamesa highway. Mrs. Ramsey cultivates the flowers with the care and interest that only an ardent hobbyist can manifest, and with an occasional (and most helpful) bit of assistance from other members of the family.

The Ramsey's pleasant house of white stone is set well back from the highway to provide a spacious area for the cultivation of a lawn and flowers. A large circular flower bed is half bordered by a semi-circle drive near the highway. Cinder blocks and pipe were used to add force to the semi-circular plan of the front landscape although they do not make a solid fence.

Flowers begin blooming around the house in the early spring. Among the early flowers are larkspur, phlox, petunias, poppies, daffodils, tulips, iris, hollyhocks and roses. These are also some of the plants which require the least care, Mrs. Ramsey said. The bulbs grow well and are already situated for blomming as early as the weather permits. The larkspur, petunias, poppies and other flowers come from seed which falls or is planted in the autumn.

Late in the spring and early summer, zennias, merigolds, cannas, dahlias, verbenas and daisies join the colorful yard display. Petunias and phlox can usually be depended on to bloom through these months, too, and the gladioli bloom in these months according to the time they were set out. There are also summer and monthly roses, and a sprinkling of other flowers which Mrs. Ramsey adds to her collection throughout the growing season.

The zennias are among the flowers which continue blooming into the fall. Chrysanthemums, golden glow, asters, peonies, daisies and cannas also bloom in these months.

Flowers and grass don't get all the attention at the Ramsey house, however. In the back yard and in some of the front yard flower beds vegetables thrive on the same care the flowers get. Tomato plants set out during the recent rainy weather are already growing well, and Mrs. Ramsey has already frozen some other vegetables and berries.

Mrs. Ramsey tries to plan specifically for flowers which can be used for bouquets in the Union Methodist Church each Sunday. She gives away many other plants and flowers. Thinning out the plants is hard to do, she admits, even though experience has taught that more space produces stronger plants and larger blooms. It isn't special care that the plants require, she said, just constant care and watering and a little consideration from the water.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5555.

With an early watermelon season already in progress, some homemakers recall that melons can make delicious meal accessories even after the juicy flesh as all been scooped out of the rind.

For old-fashioned watermelon rind pickle, select a melon with a thick, tender rind. Remove the green peel and cut the rind in 1-inch pieces — or in various fancy shapes. Cover with salted water (¼ cup salt to each quart of water). Simmer 30 minutes. Drain. Cover with fresh water. Cook 10 minutes, drain, cover with fresh water, then cook 10 more minutes and let the rind stand overnight.

Add about two pounds of this prepared rind to a mixture of four and a half cups sugar, two cups water, one thinly sliced lemon, two cups vinegar, two sticks cinnamon, one teaspoon whole cloves, one teaspoon allspice berries. This mixture should be boiled together five minutes before adding the rind. Then cook until clear and pack hot rind in hot sterilized jars. Fill jars with boiling syrup. Seal.

Cantaloupe and pumpkin — using the flesh, not the rind — can be made into pickles by the same process. For cantaloupe remove the seeds and cut the flesh into cubes. Cook in a syrup like that used for watermelon pickle. For pumpkin, remove the seeds and cut in cubes. Put in a colander and pour boiling water over it until very hot. Chill in cold water and then drain before cooking in the syrup. After cooking, let the pumpkin stand in the syrup for 24 hours. Drain, bring syrup to a boiling point, and let it stand another 24 hours.

PERSONALS

Jimmy Don Everett, son of Mr. and Mrs. W. D. Everett, Jr., 610 Twenty-fourth Street, spent the past week with his aunt, Mrs. Ralph Miller, in El Paso. His parents went to El Paso this week end to bring him home.

Mr. and Mrs. Earl Clanton and two daughters of Pitcher, Okla., and Mrs. Bert Thomas and two daughters of Joplin, Mo., spent last week with Mr. and Mrs. Ed Thompson, 1001 Twenty-fourth Street. Mrs. Clanton and Mrs. Thompson are sisters and Mrs. Thomas is their niece.

Bynum-Strom Wedding Read In Galveston Church

Miss Mary Elizabeth Bynum of Galveston became the bride of Hubert Holiday Strom of Snyder in a ceremony read at 5 o'clock Saturday afternoon in the First Methodist Church in Galveston.

The bride is the daughter of Mr. and Mrs. Quincy Webb Bynum of Galveston. The bridegroom is the son of Mr. and Mrs. Frank Strom of Snyder.

The Rev. Dan B. Bynum of Nacogdoches, a cousin of the bride, and the Rev. Kermit Hollingsworth, pastor of the church, officiated at the single-ring ceremony. Two bouquets of yellow roses and gladioli, palms and altar plaques of green were used for church decorations.

Erwin E. Meurin of San Antonio, a friend of the Bynum family who played at the wedding of the bride's parents, was organist. Miss June Haws of La Feria was soloist, presenting "Because" and "Bless This House."

For her wedding, the bride chose a gown of white tulle. The fitted bodice was fashioned with a deep portrait neckline outlined with embroidered Swiss organdy applique. A bouffant skirt ended in a brush train. A coronet of seed pearls held the tulle veil. White kid gloves complemented the costume. The bridal bouquet was of yellow roses and stephanotis.

Miss Annot Milwee of Houston was maid of honor. Miss Carol Strom of Snyder, sister of the bridegroom, was bridesmaid. Both wore dresses of yellow tulle, their portrait necklines filled in with tiny ruffles of tulle. Shadow veils were held in place by yellow roses, and their bouquets were colonial arrangements of spring flowers.

Lowell Bynum of Snyder was best man. Jay Green of Marble Falls, Tex., was groomsman. Ushers were Bill Strom of Hulah, Okla., brother of the bridegroom, Gill Crowell of Houston, a cousin of the bride, and James Washington of Austin.

Mrs. Bynum chose for the wedding an afternoon dress of green polished cotton, the pattern of the print outlined with sequins. Mrs. Strom's dress was of navy blue crepe trimmed in white chantilly lace. Both Mrs. Bynum and Mrs. Strom wore corsages of cymbedium orchids.

A reception in the home of the bride's parents followed the wedding. Presiding at the refreshment table were Mrs. Richard L. Ledbetter, Mrs. Leonard D. Koop, Miss Flo Ann Noack and Miss Nancy Heinan, all of Houston; Miss Florence Crowell of San Antonio and Mrs. W. R. Pritchett of Dallas, both aunts of the bride; Mrs. C. J. Nelson, Jr., of Tulsa, a sister of the bridegroom; Mrs. Bill Strom of Hulah and Mrs. James Washington.

Following the reception, the couple left for a trip through the Ozarks. The bride wore as a traveling costume a charcoal gray silk shantung suit with patent and yellow accessories and a corsage of yellow roses. The couple will spend the summer on the Valley View Ranch near Hulah, and plan to return to Austin in the fall where both will be students at the University of Texas.

The bride was graduated from Mirabeau B. Lamar High School in Houston in 1951, and has been attending the University of Texas since that time. She is a member of Gamma Phi Beta sorority, the Campus League of Women Voters, the Girls' Glee Club, the Cactus staff and the Wesley Foundation. Mr. Strom, a 1951 graduate of Snyder High School, is an architectural engineering student. He is a member of the American Association of Architectural Engineers and the Wesley Foundation.

Residents of Snyder who were among the wedding guests were Mrs. W. L. Hayley, grandmother of the bridegroom, and Mr. and Mrs. Frank Strom.

HOWARD'S NEW CAR PROTECTION

Mrs. R. L. Chastain, and her daughters Nora Marie, six, and Eva Lynn, two, are shown above in the new 1954 Chrysler purchased here last week. Interior of the new car has been completely covered with fine fabrics which are in color harmony with the original upholstery and trim of the car by Howard's Auto & Appliance Store on the East Highway. The custom seat covers and door panel covers will keep the inside of the car new looking for the life of the car. (Lee Watson photograph)

Protection Offered For Car Upholstery

A complete protection for the upholstery of new cars is offered by Howard's Auto & Appliance Store located on the East Highway.

The method of protection for the fine upholstery is custom coverings made of durable plastics, nylons, or fiber covers for both the seats and the door panels.

One prime example of the completeness of the protective coverings for new cars is the new Chrysler purchased here last week by Mr. and Mrs. R. L. Chastain, Colorado City. Chastain is owner of the C&C Asphalt Paving Co. which is doing the paving work on about 23 blocks of Snyder now.

The Chastain's new car is light blue color with a light blue interior. In Howard's Auto & Appliance Store the covers for the original upholstery were matched perfectly with the original to carry out exactly the same color scheme used by the factory. It should take a practiced eye to detect the materials on the seats and doors from the original upholstery being protected by the custom covers because the covers installed with such great care.

Howard's Auto & Appliance Store has a wide slection of all the different popular seat cover and trim materials to satisfy the needs of tastes of even the most choosy cutsomers.

"One of the new materials we have in now is a summer-colored fire-proof plastic that is also shock proof," R. T. Howard, owner, said.

He said the new material comes in a wide selection of patterns and colors to perfectly harmonize sith the light colors popular in cars now, or to give a dark colored car a cool appearance in the summertime.

The auto store and appliance center offers free estimates on the cost of any automobile upholstery or custom seat covering job, as well as free estimates on the cost of installation of television antennas.

Services Are Held For Peace Officer

MADISONVILLE, Tex. (AP)—Funeral services were held today for Joe A. Batson, former Madison County sheriff, Bryan police chief, State Liquor Control Board member and Darrington Prison Farm warden.

Batson, 55, died Saturday at Dallas, where he had gone to live with a son, Cecil C. Batson, after becoming ill. Other survivors include another son, Joe G. Batson, Canyon, and a daughter, Mrs. Ray Massey, Fort Worth.

800 Attend Annual Reunion At Gail

About 800 persons gathered in Gail yesterday for the second annual Borden County reunion.

Among those persons traveling farthest to attend were Mr. and Mrs. J. K. Mitchell of South Dakota and Mr. and Mrs. Russell Dorward of Mexico. Dave Dorward, pioneer Gail druggist to whom last year's reunion was dedicated, reminisced briefly on the 60 years he has spent in the county. Joe Evans of El Paso, cowboy evangelist, was the principal speaker.

Two Local Employes Of Sunray Slated To Receive Awards

A. F. Seidel, O. L. Lane and W. M. Tooley, all of Snyder, will be among the Sunray Oil Corp. employes receiving service awards at the annual West Texas District picnic in Odessa tomorrow.

Seidel is to receive a 15-year gold Sunray emblem tie clasp, and is the only employe slated to receive this award. Lane and Tooley are to receive a 10-year awards, Silver Sunray emblem tie clasps. A. E. Hoffman is Midland will receive an award for 30 years service, the longest period of service to be acknowledged at the picnic.

Sunray executives expected to attend from Tulsa include E. J. Mills, manager of the gas-gasoline division and formerly superintendent of the Snyder Gasoline Plant, Luther Williams, manager of the public relations department, and R. E. Foss, vice president and manager of Sunray's production department.

Reclamation Project Is Opposed By Regan

WASHINGTON (AP)—Rep. Ken Regan (D-Tex) has come out with a statement strongly opposing the proposed Upper Colorado River reclamation project, recommended by the House Interior Committee of which he is a member.

Regan said the billion dollar project would create a "gigantic new federal hydro-electrical power empire" for the benefit of "invasible, uneconomic" irrigation developments.

Only reason for building the three major dams involved, said Regan in his statement yesterday, "is to put the federal government into the power business to make money to subsidize the irrigation features of the immense project."

Notables Set Sail

ROME (AP)—Two famous Americans sailed from Italy yesterday for the Western Hemisphere. Francis Cardinal Spellman left Naples for New York and novelist Ernest Hemingway left Genoa for his home in Havana, Cuba.

Bargaining Meet Sought On Bus Strike

DALLAS, (AP) — The Continental Trailways bus strike continued today as the Federal Mediation Service sought to bring both sides back to the bargaining table.

Walter C. White, a Mediation Service commissioner, was seeking a meeting today between management and officials of the Brotherhood of Railroad Trainmen.

The walkout began last Monday and spread to three divisions.

More than 700 drivers are on strike and bus operations on 13,000 miles of lines in 12 states have been stopped. No pickets have been established. The company said 40,000 passengers a day were affected.

Charles Luna, Dallas, a spokesman for the strikers, said the issue was wages and pensions. The company said the principal issue was an attempt to consolidate three bargaining units into one.

The three Continental divisions involved are Dixie, where the strike began a week ago, and Western and Central, to which the strike spread Saturday.

Luna said top wage paid Dixie division drivers was 6 cents a mile. He said Central drivers make 7¼ cents and Western drivers 7 cents. He said the company had offered Dixie division drivers 7 cents.

T. S. Reece, vice president and general manager of Continental Dixie, said the union had asked 8.1 cents per mile in his division.

Bus operations are affected in parts of Nebraska, Texas, Kansas, Missouri, Illinois, Arkansas, Louisiana, Colorado, New Mexico, Arizona, California and Oklahoma.

10 Killed In Flaming Crash

OWINGS, Md., (AP)—Eight men and two women died in a flaming head-on auto collision near Lyons Creek early today when one of the cars approached a curve on the crest of a hill in the wrong lane of traffic.

One of the cars, a convertible, was in "full blaze" when Thomas Eozzolo, assistant chief of the North Beach volunteer fire department, arrived on the scene.

The automobiles were so mangled it was difficult at first to determine in which direction either one had been traveling.

All but one of the passengers in the two cars were thrown from the wreckage. The other died in the burning convertible. There were no survivors.

Police said the vehicle driven by Robert E. Abell, 24, Silver Spring, Md., was in the wrong lane of traffic on Maryland Route 416 and caused the crash. The driver of the other car was Clarence M. Thomas, 34, Olivet, Md.

Other victims in Abell's car were identified by police as John P. Schweinhout, 24, Robert Lee Schweinhout, 20, Milton E. Stottlmyer, 20, all of Silver Spring, and an unidentified boy about 19.

Victims in the other car, beside Thomas, included Earl S. McCreagy, 24, and Mrs. Benjamin Thomas, 55, both of Olivet, and Norman T. Carey and Helen P. Carey, 25, both of Baltimore.

20 Die In Floods

LJUBLJANA, Yugoslavia (AP) — Flashfloods have killed at least 20 persons and caused damage estimated at 50 million dollars in Slovenia and Croatia, officials reported last night.

Building Burns Down

HOUSTON (AP)—The Hou-Tex Peanut Co.'s shelling plant, part of it four stories tall, burned to the ground yesterday, George Freeman, part owner, estimated loss at $175,000.

CHEMICAL PLANT BURNS

A series of terrific explosions, followed by fire, at the Carbide and Carbon Chemicals, Co. plant in Charleston, W. Va., rocked a 15-mile area, injuring more than 50 persons and causing unestimated property losses. Early reports listed no fatalities.

4-H Clubbers To Roundup

Lorita Stirling of Ira and Sandra Leach of Hermleigh were among the 4-H Club members from District 2 leaving this morning to attend the State 4-H Roundup at College Station. Mrs. Guy Glenn of Snyder accompanied the club members.

The 4-H club members and their leaders from the 18 counties in this district traveled by chartered bus. The Roundup is to open tomorrow and continue through Friday. Tomorrow's general assembly will be filmed for telecasting on "Texas In Review" at a later date.

Miss Leach is to take a foods course at the Roundup and Miss Stirling a clothing course. Mrs. Glenn will attend an adult leaders' short course. The 4-H members will also attend the state 4-H contest, make a tour of the A&M College campus and participate in various other activities.

Welch Gets A Plane Ride With Stevens

NORWOOD, Mass. (AP)—Joseph N. Welch, counsel in the McCarthy-Army row, got a plane ride to Washington last night with Army Secretary Robert T. Stevens.

Stevens, who received an honorary degree from North Carolina State College, bypassed Washington and flew directly to Norwood Airport, where Welch and two assistants got on board.

Stevens, who did not get off the plane at Norwood, said the group would confer on the ride to Washington.

Welch had spent the weekend at his home in nearby Walpole.

Suspect In Murder Is Being Returned

CHICAGO (AP)—Texas officers were enroute home today with Marion R. Palomera, 37, charged with murder in the burning death of his business partner in Texas.

Palomera, Yoakum, Tex., was taken home by Sheriff Jack Gary, San Marcos, and Texas Ranger C. E. Miller, Austin. They expected to reach San Marcos Wednesday night.

Palomera, on parole after conviction in a Florida murder, is charged in the death of Raymond Rotter, San Marcos businessman found burned to death in a barn near San Marcos April 4. The sheriff said this happened shortly after Palomera cashed an altered check written by Rotter for $1,950.

Congress Anxious To Quit For Season

By JAMES MARLOW

WASHINGTON (AP)—This is a quick look at what Congress has done in 1954, what it hasn't done, won't do, and may do, before the lawmakers go home to face the voters in the November elections.

They want to quit here by July 31, so they can campaign for re-election, but probably won't get away until some time in August. Eisenhower has said he wants his program, or what happens to it in Congress, to be the campaign issue.

His Republicans run Congress. He has leaned over backwards to get along with them. But he has put them on the spot.

Last December he said the Republican party doesn't deserve to retain control of the government until Congress puts through his program. Last week he said he could think of nothing more important to the United States than its enactment.

The margin between Democrats and Republicans in Congress is so close that: (1) none of Eisenhower's program could be passed without some help from Democrats and (2) the Democrats could block passage any time they banded solidly together.

In the House there are only four more Republicans than Democrats. In the Senate the lineup is 48 Democrats, 47 Republicans and 1 independent, Sen. Wayne Morse of Oregon.

So far Congress has passed only six measures which could be considered of major importance:

(1) Joining Canada in the St. Lawrence seaway; (2) a defense pact with South Korea; (3) creating an Air Force academy; (4) extending major excise tax rates and cutting others; (5) providing two billion dollars for federal highway construction; (6) increasing the borrowing power of the Commodity Credit Corp.

Because the Democrats stuck together, two of Eisenhower's proposals were shelved: revising the Taft-Hartley labor relations law and lowering the voting age to 18.

Last week Congress started rolling toward passage of a wider social security program and the kind of housing program Eisenhower asked for.

The House approved a bill to add almost 10 million people to social security coverage while increasing both the benefits and the tax. The Senate is expected to vote for this too.

Meanwhile, the Senate okayed most of the Eisenhower housing program, including the building of 35,000 public units a year for the next four years, continuing government-insured loans on homes, and the use of one billion dollars for slum clearance. The House earlier had knocked out the administration's proposal for 35,000 public housing units a year. There can be no final passage of a housing bill until both House and Senate agree, perhaps by compromise on both sides.

Three measures Eisenhower sought have little chance of getting through: (1) extension for three years at the reciprocal trade program; (2) flexible farm price supports; (3) Hawaiian statehood.

The trade program will probably not be extended beyond a year, and in fact Eisenhower has indicated he will be satisfied with that.

Eisenhower insisted again last week he wants the flexible price support system on farm products but that seems out. Hawaiian statehood proposals got tangled with Alaskan statehood proposals. The probable result: Statehood for neither.

Here are some other major items upon which there has been no final action either because only one house, or neither, has approved:

Increasing the limit on the national debt; overhauling the tax laws; easing restrictions on use of atomic materials; a 3½-billion-dollar foreign aid program; reinsurance on private health insurance; and an increase in the postal rates.

Charge Can Cover Considerable Range

WASHINGTON (AP) — In Communist China today a person may be publicly tried on the serious charge of "counter-revolutionary activity" if he plots rebellion against the state or just steals a little bit of grain.

So reported the U. S. Information Agency yesterday in describing what it called a Red "scare campaign" aimed at holding the Chinese people in line.

Several Factors Are Working Against Benson Butter Plan

By OVID A. MARTIN
Associated Press Staff Writer

WASHINGTON (AP)—Secretary of Agriculture Benson is seeking to avoid if at all possible the use of taxpayers' money to buy back markets butter has lost to lower priced margarine and other competitive food products.

But whether he will be able to do this is a big question being posed in farm circles. Working against him is a threat of spoilage of big government surpluses.

Late in the winter, Benson announced with some enthusiasm that he would put the government's big stocks of butter on bargain counters. This butter—about 360 million pounds of it—was a part of the dairy industry's production that consumers would not buy, at least not at the prices set under the government's price support program. These prices were about three times the price of margarine.

Weeks—and finally months—went by and the secretary kept postponing his cut-price program.

Then came his recent announcement that the whole thing was off. He said he had changed his mind because it would cost the government too much to sell the butter to consumers at reduced prices, and because, in his opinion, such a program would not solve the problem of "too much" butter in the future.

The secretary came to the conclusion there was danger that what might be billed as a "temporary" program for disposal of a current butter surplus might develop into a permanent subsidy program under which butter would be sold to consumers below cost. The government would make up the difference to producers.

Benson's evident fear was founded partly on the fact that current production is so far in excess o consumer buying that it might take a year to 18 months to work the government out of the surplus business.

Benson said there was real danger that a disposal plan could result in the government buying and selling all the butter produced in the United States—buying it at the support price of about 57 cents a pound and selling it back to distributors to retail it at about 35 cents.

Assuming that a government-subsidized retail price of 35 cents would boost consumption to a point where, after a year or so, it took all of the production and the government surpluses, officials would face a difficult job in withdrawing the subsidy.

Once the government halted the cut-price deal, butter prices would have to be raised again to the support levels. That would mean retail prices of 65 cents or higher.

Doubtless, a lot of consumers would stop buying butter and return to margarine because of the price difference. Again production of butter would be in excess of demand. The extra butter would move into government hands again and the government would soon find itself back where it started. Soon it would have to start a new disposa plan.

There was also the possibility—and Benson undoubtedly thought of this—that consumers and producers, having enjoyed the benefits of the subsidized price, would protest against its being ended.

Benson contends the dairy industry should make greater efforts to sell more fluid milk. Should the government get into the business of subsidizing butter consumption, there would be little incentive to sell the surplus as milk instead of in the form of butter.

Benson's ability to avoid a butter subsidy program will rest largely on the success of his efforts to sell the government surplus butter abroad and to move it into such noncommercial domestic uses as the school program, public institutions and relief distribution.

The butter is being offered abroad at world prices, which are below U. S. prices. But so far little had been sold.

The secretary could well come to the place where he faced the necessity of offering butter at cut-rate prices at home or allowing the government stocks to spoil. He has said a number of times that he will not permit it to spoil.

Officials say most of the government butter is less than a year old. But there is a possibility that a year from now some of it will be in danger of deterioration. The butter is being checked every three months. So far, virtually none has gone bad.

For the time being, Benson is placing his hopes for solving the dairy surplus on (1) increased exports, (2) increased domestic consumption of fluid milk and a resulting decline in butter production, and (3) culling of low-producing cows from dairy herds.

INSIDE BASEBALL for Little Leaguers

By MICKEY McCONNELL
Director of the Brooklyn Dodgers Baseball School

Easy does it! The good hitters make it look easy, and that is one of their secrets.

A story from Johnny Mize's boyhood shows how a simple practice problem was solved and how it helped him become a great hitter. Johnny lived on a farm in Georgia, and he decided to sharpen up his batting eye by batting a rubber ball against the side of the barn. It didn't take him long to discover that when he swung under the ball, he'd hit it over the barn and have to go chase it. And when he swung over the ball, it would hit the ground and again he'd have to retrieve it. But when he swung level and hit the ball in the middle, it would rebound off the side of the barn and he could keep swinging. John soon mastered the habit of swinging level and he has never lost it.

Yanks Top Target In Little League

All teams are out to get the American Legion Yankees in the Little League.

The Yankees, who have won two consecutive crowns in the league here, are leading the standings this year with five wins and no losses.

The league leaders have beat every other team in the league so far. At 7 o'clock tonight, they will meet the Holder Construction Indians for the second time. In their previous match, the Yanks shut out the Indians 1-0. The Indians, however, have stayed near the top of standings. Right now they are third with a 4-2 record.

If the Indians were to beat the Yanks, that would bring the headliners down to a tie for first with the Kiwanis Club Braves, who now have a 5-1 record.

Besides the win over the Indians, the Yanks have beat the Braves 6-5, Cards 5-0, Giants 5-1, and Cubs 8-5. The Indians, after losing to the Yanks, lost one game to the Cubs 8-3. They defeated the Cards 7-0, and 12-6, Giants 13-5, and Braves 4-2.

Norman Gladson of the Yankees now has the top pitching record of the league, 4-0. Richard Mahan has a 1-0 record for that team, while Richard Samuelson and John Weaver have both put in some time on the mound. On the Indians pitching staff are Ronnie Jones, who has a 2-0 record, and Tim Roberts, 2-2.

Mahan is top batter for the Yanks with a .500 average, while Larry Patterson leads the Indians with .437. The Yanks are now batting .234, the Indians 2.50. Contrary to the usual in baseball, Little League pitchers are among the top batters. Mahan, in addition to leading his team in batting and running second in the league, leads the loop in home runs with four. Jones runs second with three.

Playing in tonight's 9 o'clock game are the Giants and Cardinals. The Cards are now placed fourth in the league, and the Giants are still in the cellar with no wins. The Cards have beat the Giants previously 10-5, and they took the Cubs 13-4. Their losses were 7-0 and 12-6 to the Indians, 5-0 to the Yanks, and 8-6 to the Braves. The Giants have lost to the Braves 15-2 and 15-1, Indians 13-5, Cards 10-5, Cubs 9-6, Yanks 16-

Mike Moffett of the Cards is tied for second batter of the league with a .500 average. Top batter for the Giants is Roland Key with .357. John Billy Koonsman and Foy Dennis have each hit a home run for the Cards, Koonsman's a grand slam. Home run hitters for the Giants were Butch Niedecken and Doug Brunson. The Cards are batting .251 now, and the Giants' average is .169.

Card pitchers include Keith Moffett (1-0), Mike Moffett (1-1), and Dennis (0-3). Giants hurlers are Doug Brunson (0-1), Barry Walker (0-2), Key (0-3), and Gilbert Merritt.

Local Pro To Seek A Spot In U.S. Open

J. T. Hammett, Snyder golf professional, was to be in Midland today to compete with 15 other golfers for a place in the U. S. Open golf tournament.

The tourney will be held at Springfield, N. J., June 18-20. The Midland area will qualify only one for the tournament. The qualifiers will shoot 36 holes.

Last week, Hammett failed to qualify for the National PGA tournament when he fired 147 in rounds at Fort Worth. The highest qualifier shot 146. Earlier this season, he finished thirteenth, in the money, at the Abilene Open when he shot 210 in 54 holes.

In 1953, Hammett qualified for the National PGA by shooting a four-under-par 136 at Waco, one stroke over that of Iverson Martin of Fort Worth. He dropped out of the tourney in the second round.

The year before, Hammett dropped out of the National PGA when he shot a high mark after he had shot a five-under-par 137 in qualifying at Fort Worth's Glen Garden. He and Martin tied in those qualifying rounds. He participated in the National Open that year but finished out of the money. He shot 151 in 36 holes at Midland to qualify for that tourney.

Gainesville Is Finally Beat

By The Associated Press

The law of averages caught up with the Gainesville Owls over the weekend, but the rampaging Shawnee Hawks paid no attention to the old statute and notched their 14th and 15th straight Sooner State League baseball victories.

Shawnee won both their weekend games from Seminole, with yesterday's score 7-2. George Green turned in a six-hit performance, just average by current Hawk standards.

Second place Gainesville dropped 1½ games off the pace, losing a 6-2 decision to Lawton. The Owls have managed short winning streaks of their own the past week, otherwise they would have been left in the dust like the rest of the loop.

Black Tigers Take Victory

The Snyder Black Tigers, Negro team, yesterday defeated a Big Spring team here 16-3.

Rufus Braziel was winning hurler, bringing his season record to 2-1 and that of the team to 5-1. Braziel gave up 10 hits in the game and struck out only three.

Big Spring used two pitchers against the Snyder nine and got ahead 5-1 early in the game. In the seventh inning, Snyder put across 11 runs. Three came when Robert Braziel hit a home run with two on base. Hulen Malone hit one double and one triple in the inning to bring in some runners.

Malone and Marvin Fleming are now tied for the team batting lead with .367 averages. Fleming is the team's top fielder, playing at shortstop. Fred Sanford manages the team, while Ira Lyons and Edgar Hartfield are captains.

Next week the Tigers will host a Stamford team here, with the game starting at 3 o'clock Sunday afternoon.

Mangrum Wins Western Open

CINCINNATI (AP) — Tournamentwise Lloyd Mangrum of Niles, Ill., finally made the winners' circle in a 1954 golf tournament here yesterday but he had to go overtime to do it.

After turning in a blazing finish of 66, five under par, he captured the $2,400 top prize in the Western Open Golf Tournament by nosing out Ted Kroll, New Hartford, N.Y., on the first hole of a sudden-death playoff.

In the last round of play, Mangrum came from four strokes behind to overtake and pass Roberto de Vicenzo, Buenos Aires; Bob Rosburg, San Francisco and Chicago; and Jack Burke, Kiamesha Lake, N.Y. His 66 gave him a 277 total and a tie with Kroll, who had headed Mangrum by a stroke going into the final round.

In the sudden-death finale, Kroll sliced his drive into the rough at the right of the first extra hole and took a par 4. Mangrum, right down the middle, laid his second shot eight feet from the pin and dropped the putt for a birdie.

De Vicenzo stayed even with par with a 71 for 278 and third money of $1,400. Kroll won $1,800. Burke's 70 for a 279 total was worth $1,200, round tied with de Vicenzo and two strokes ahead of the field. He shot a 77 for 284, winning only $320.

Nanan Is Winner

SHERMAN, Tex. (AP)—Babe Nanan, Denison, won the Woodlawn Invitation golf tournament yesterday 1-up over Grady Prim, Sulphur Springs after Prim lost an extra-hole match by driving into deep rough.

Jimmy Carruthers, retired bantamweight champion, had only 15 professional fights before he won the title.

Something Has To 'Give' In City League

Something has to pop in the city league tonight.

Ever since the league began, two teams have almost dominated play. They are Magnolia and Tri-Service, which each have a 4-0 record now.

So far no other team in the league has been able to touch the top of standings. Hermleigh has come the nearest to it. That team now holds a 2-2 record.

Magnolia beat the Hermleigh team 14-3, DeMolays 15-6, Sun 13-5, and Sunray 21-4. The team has had five hurlers on the mound, four of whom have won games. The winners are Wendell Autry, Charlie Epperson, Johnny Claybrook, and Bill Chambless. Carl Foree has put in two innings as pitcher.

Jimmie Rodgers is the top Magnolia batter with an average of .555, followed by Kenneth Crook with .500.

Tri-Service made its record 4-0 Saturday night by beating Sun 7-4. It had already downed Sunray 15-1, Hermleigh 4-2, and DeMolays 20-1.

Hurler Mutt Thompson added his third win in the Saturday game. The only other pitcher used by the Tri-Service team so far is M. L. Galloway, who has won one game.

The two teams in the Saturday game went scoreless until the fourth inning, which ended with Tri-Service ahead 3-2. Sun tied it up in the fifth when R. E. Hines walked and was later brought in by E. A. Ramsey's single. In the sixth, Tri-Service squeezed in a run when Leroy Williams got to first on an error, stole to third, and came in on fielder's choice while Howard Sterling was being put out by Sun.

In the top of the seventh, Sun tied it again. V. E. Deicke doubled, then two batters struck out, and Hines tripled Deicke home. Tri-Service, faced with possible extra-inning play, combined singles and Sun errors to get in three runs in the bottom of the seventh and win the game.

Sterling struck out eight in the game while giving up seven hits and one walk. D. Ballard was loser. He relieved R. E. Sparks in the fifth. They allowed six hits, walked two, hit two batters, and struck out five.

Game time tonight is 8 o'clock.

Local Team Is Defeated

The Magnolia baseball team, one of the leaders in the city league, yesterday lost to the Abilene A's 12-5 here in a practice game.

Magnolia got ahead in the first inning 4-0. They had already made one run and had two men, Don Burns and Bill Hanks, on base when Zeke Strange homered for three more runs.

Abilene got four hits in the second inning to bring in two runs, then the visitors added another run in the third. In the fourth, Abilene broke loose, getting three singles, two doubles, a triple, and one walk for six runs. Magnolia got one more run, and from there on it was smooth sailing for Abilene.

Lon Dunn, Abilene left fielder, got five for four at the plate. He hit two doubles and two singles.

Johnny Claybrook, Carl Foree, and Charles Epperson all put time on the mound for Magnolia. Abilene used two pitchers.

Ted Lepico, infielder for the Boston Red Sox, was captain of the Seton Hall nine in 1950.

Student Wins Out

BROWNWOOD, Tex. (AP)—Hal McCommas, 19, Dallas student at SMU, defeated Bon French, Odessa 3 and 2 yesterday to win the 19th annual Brownwood Invitation golf tournament.

Brandeis University's football team will play Temple and Buffalo for the first time next fall.

French Remember Americans Who Perished At Normandy

By HAL BOYLE

OMAHA BEACH, France (AP) — What was it like on the beaches of Normandy 10 years after D-Day?

The French people showed yesterday they haven't forgotten the 9,485 Americans still in St. Laurent Cemetery and those thousands of others who died here but are buried in their homeland.

French Tricolors decorated every small town to welcome visitors. More than 25,000 turned out to hear speeches at Utah Beach by France's President Rene Coty and U. S. Ambassador Henry Cabot Lodge Jr., President Eisenhower's personal representative.

Gen. J. Lawton (Lightning Joe) Collins and Gen. Lee T. Gerow, commanders of the two American corps that landed here on June 6, 1944, were among the host of high-ranking Army, Air Force and Navy officers present from half a dozen countries.

There were bands, lines of marching men and speeches about unity at half a dozen celebrations in Normandy, but in the end it was the 9,485 crosses at St. Laurent, just behind Omaha Beach, that gave the deepest lesson in unity.

They presented row on row, one of the major casts of the Normandy landing, a mighty Allied effort that saw 326,547 men, 54,186 tanks and vehicles and 104,428 tons of material poured across the beaches in six days.

In the first 24 hours of the assault, American forces suffered some 18,000 casualties on Utah and Omaha beaches.

Lt. Col. Russell R. Raab of East Orange, N.J., estimated 95 per cent of the visitors to the cemetery yesterday were French. They are still friendly to Americans, he said. Almost every French family in this area lost someone during the war.

Several veterans who fought on this same beach 10 years ago had returned for the pilgrimage. There also were dozens of Normandy veterans in the special honor guard of about 400 U. S. troops brought here for the ceremonies.

The feeling they seemed to share was expressed by Lt. John J. Moglia of Hempstead, N.Y., who said:

"I always wanted to come back to see this piece of terrain under different conditions. Now the places I could never forget are hard to find. If it weren't for the cemetery, the beach would look like a summer resort. Most of the obstacles that were here 10 years ago are gone now."

"Yes," said Lt. Col. Albert H. Smith Jr. of Baltimore, Md., who hit the beach in one of the earliest assault waves, "it's amazing there are so few of the scars of war left. The years have been kind to these hills that we beat up so."

When the speeches and ceremonies were over, the honor guard, still carrying rifles, began to wander among the rows of marble crosses. Each had been decorated with small French and U.S. flags.

"Some of the fellows left quite a few friends here," said Lt. Robert Lindorff of Chicago.

Under the chill, overcast sky, the soldiers walked about among the crosses. Some knelt at one name they had sought and found. Several took out their handkerchiefs and wiped away tears they made no attempt to hide.

One stood with bowed head, his rifle held downward with both hands, until it was time for the honor guard to go on to Utah Beach and the next ceremony.

The men under the white crosses were alone again—but they had been remembered by men who fought side by side with them 10 years ago. That was more than speeches and blowing music and flying flags.

Says Ike To Protect CIA

NEW YORK (AP)—The New York Times said today President Eisenhower is determined to use his executive powers to the limit, according to informed sources, to prevent an investigation of the Central Intelligence Agency by Sen. McCarthy (R-Wis).

A Washington dispatch to the Times by Anthony Leviero reported:

"Allen W. Dulles, director of the agency, is understood to have received assurances to this effect after the senator charged last week that the CIA presented an even more serious situation of Communist infiltration than did Fort Monmouth, N.J."

The Times story continued:

Dulles, a brother of Secretary of State John Foster Dulles, went to see President Eisenhower and pointed out to him the harm that could result from an indiscriminate airing of affairs in the CIA.

The position of Dulles, the CIA director, is that its global operations can thrive only if it is discreet and secretive. He believed it could be virtually wrecked if it is embroiled in public hearings.

All In The Same Political Family

COLUMBIA, S. C. (AP) — If Kenneth A. Green, a Democratic candidate for county judge in New York State, should get South Carolina support of some kind, here's the reason:

Edmund G. Grant, Democratic candidate for township commissioner here, has been distributing packets of matches with advertising ordered to boost his candidacy.

That is, he was distributing them until he found the manufacturing firm had sent him Green's match packets.

"Well," Grant philosophized, "at least he's a Democrat."

CREATES PUBLIC DEMANDS

'Turnpike Fever' Getting To Be Highly Contagious

NEW YORK (AP)—Some call it roaditis." Symptoms vary, but the malady is highly contagious. It quickens the pulse of investment bankers, lawmakers and state highway officials and produces a rash of public demands for better roads.

So far, there is only one known cure—float a huge bond issue and speedway of the future, with toll booths at appropriate intervals.

Tomorrow, Kentucky will auction 38½ million dollars of turnpike revenue bonds to finance a 40-mile toll road from Louisville to Elizabethtown. On June 16, the New York State Thruway Authority will come to market with 300 million dollars of similar obligations, second part of a financing venture to build a 427-mile toll road from New York City to Buffalo.

But this is only a sampling. Financial circles around Wall Street, the men whose job it is to raise money for these projects, are convinced that America is just on the verge of a new road-building era. Coupled with this conviction is the foreboding question—will land traffic financially support all the new toll roads?

There are only 840 miles of toll roads in operation in the United States, costing about 674 million dollars. That's not impressive when matched with the 37,000 miles in the U. S. highway system.

But more than a thousand miles of similar thruways are already under construction at a cost of more than a billion and a half dollars. And 5,000 additional miles of toll highways have either been authorized or proposed at a projected cost of nearly six billion dollars.

Newest speedway is slated to open Aug. 1. It's the West Virginia turnpike, an 88-mile strip through rugged mountains. It took 123 million dollars of bonds to build.

The need for superhighways becomes apparent when one realizes that 15 per cent of the nation's traffic passes over less than 1 per cent of the highways.

Snow Strands Colorado Cars

ESTES PARK, Colo. (AP)—Eight carloads of tourists stranded in deep snow on Trial Ridge Road awaited rescuers early today.

Chief Ranger Barton Herschler said several plows were working toward the cars and he was certain the road leading from the vehicles to Estes Park, a distance of about 18 miles, would be open in a few hours.

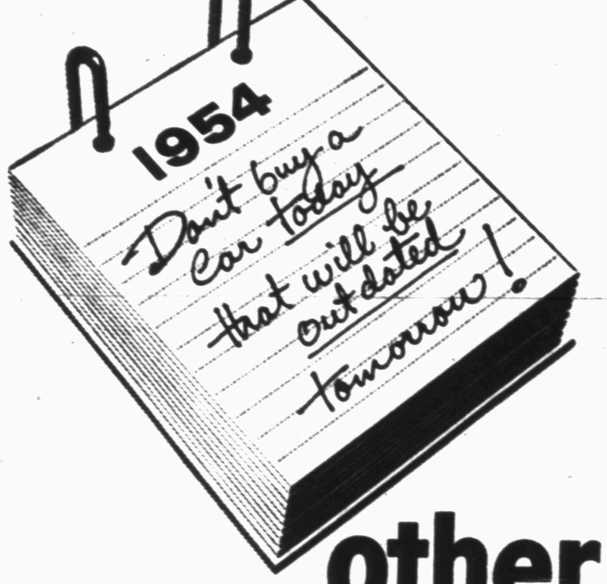

Herschler said 25 to 30 persons were stuck at the 12,100-foot level along the Continental Divide as a summer storm lashed Colorado with snow, rain, hail and high winds across the eastern part of the state.

The blizzard blew into Rocky Mountain National Park as scores of tourists and local travelers were motoring along the highest sustained highway in the world.

By dark, Herschler said, snowdrifts one to two feet deep blocked the motorists.

The ranger chief said the motorists suffered no real hardships. Drivers kept their motors running to prevent freezing as the mercury dropped to about 15 degrees above zero.
