

Lumumba's Latest Rally Nipped Early By Mobutu Supporters Driven Back

Supporters Driven Back

By DAVID MASON LEOPOLDVILLE, the Congo (AP) — Col. Joseph Mobutu, the Congo's strong man, appeared today to have nipped in the bud the latest move by flamboyant Patrice Lumumba to rally public support.

After the deposed premier's trip through Leopoldville's native quarter Sunday night, Mobutu today ordered Lumumba's residence ringed with 200 Congolese soldiers.

There was a brief scuffle as soldiers drove back several dozen Lumumba supporters with rifle butts. One shot was fired into the air. Ten of the pro-Lumumba crowd were taken into custody.

One or two were reported slightly injured by the rough and determined action of the soldiers. Mobutu told one of his officers, "Nobody must go in or go out."

As soon as Mobutu left, Lumumba walked out on his balcony and shouted: "I am not a prisoner, I am still master. The people are still with me."

There were no further incidents. A little later Mobutu ordered the troop strength around Lumumba's home cut to 50 men.

Soldiers told reporters that they had been ordered to the residence to "prevent Lumumba from making political speeches."

They said they had no orders to arrest Lumumba but that they were there to prevent his political friends and Parliament members from getting into the house.

Lumumba, who was fired as government head early last month, made an unannounced sortie through the bars of Leopoldville's sprawling native quarter Sunday night. He confidently told cheering groups of Africans, "Lumumba has come back to power."

Tension mounted in the city today, and most observers believed Lumumba would try to get a new hold on the government reins.

After Lumumba's pub crawl, the Congo army chief of staff, Col. Joseph Mobutu, who has tried to neutralize Lumumba and other politicians, deployed strong troop detachments in key parts of the city. Groups of 20 to 30 soldiers stood guard in parts of the European and African quarters.

Most of the troops had been withdrawn by daybreak, but there were still about 25 around Lumumba's residence.

Two armored cars were parked in front of the sprawling modernistic parliament building and scores of more troops were posted there. There have been reports that members of Parliament would attempt to convene a session despite Mobutu's orders putting the lawmakers on vacation.

"Emersi! (a victory shout)!" crowds of Africans screamed at the 34-year-old ex-premier as he drove about the city in a limousine with an escort of the Ghana and Moroccan soldiers of the U.N. force who guard his villa on the banks of the Congo.

SERIOUS INJURIES—Jesse Kelly, 18, driver of this station wagon, is in critical condition at Cogdell Memorial Hospital, still unconscious from injuries received when the 1959 Rambler plunged out of control Sunday at 10 a. m. 3 1/2 miles south of Snyder. His three companions are in condition. Above, Sheriff Earl Abercrombie watches as the wrecker gets ready to pull the vehicle from the wreck.

Estimate On Cotton Yield Is Shaved

WASHINGTON (AP) — The Agriculture Department forecast a Texas cotton crop today of 4,350,000 bales, a decline of 75,000 bales from the Sept. 1 prediction.

The Texas forecast remained well above the 10-year average production of 4,072,000 bales.

Nationally, the department estimated the crop at 14,553,000 bales. This is 28,000 bales less than last month's forecast of 14,581,000 bales. It compared with 14,558,000 produced last year and 13,710,000 for the 10-year (1949-58) average.

The crop will be supplemented by a reserve and surplus of 7,600,000 bales accumulated from past crops. Most of this is held by the government under farm price support programs.

The department estimated that yield per harvested acre will be 430 pounds compared with 462 last year and 345 for the ten-year average.

The production of American-Egyptian type cotton was indicated at 67,200 bales compared with 79,800 last year.

The Census Bureau said 5,690,149 running bales from this year's crop had been ginned prior to Oct. 1. This compared with 4,445,922 last year.

The yield per acre and production, respectively, of cotton by states, included in pounds per acre and production in bales:

Oklahoma 330 and 440,000; Texas 319 and 4,350,000; New Mexico 706 and 300,000; and California 1,058 and 2,060,000.

Texas gainings to Oct. 1 this year and last were 1,271,323 and 1,300,534.

The department said that if the ratio of lint to seed is the same as for the past 5 years, production of cottonseed would be 6,020,000 tons compared with 5,991,000 tons last year.

Compared with a month ago cotton prospects are down 10,000 bales in Oklahoma and 75,000 in Texas, but they were up 15,000 bales in California.

Pirates Take Series Lead

NEW YORK (AP)—Elroy Face came to the rescue for Pittsburgh again today and the Pirates whipped the New York Yankees 5-3 for a 3-2 lead in the World Series. The alert Pirates took quick advantage of an error in the second inning to score three runs, two of them on Bill Mazeroski's double.

Face, in saving Pittsburgh's third triumph and second in a row, came to lefty Harvey Hadjix's aid in the seventh inning and the Pirates leading 4-2.

Yanks on first and second and one out. Tony Kubek and pinch-hitter Hector Lopez had singled in succession.

Four Youths Are Hurt In Road Mishap

Four Snyder youths were injured, one critically, when their station wagon in which they were riding went out of control, skidded through loose gravel, crossed the highway, and rolled through a barbed wire fence into the Winston Ranch pasture 3 1/2 miles south of Snyder on the Big Spring Highway Sunday at 1 a. m.

In critical condition at Cogdell Memorial Hospital was the driver, Jesse Kelly, 18, son of Mr. and Mrs. H. V. Kelly of 2404 Avenue N, with head injuries, a crushed chest, and broken legs. An emergency tracheotomy was performed before x-rays could be made.

Kelly was found 50 feet from the spot where the careening, rolling 1959 Rambler American station wagon came to rest. Investigating officers assumed he had been thrown from the vehicle and landed on his head. He has not regained consciousness.

In satisfactory condition were James McClintock, 17, son of Mr. and Mrs. Martin McClintock of 101 Ninth Street, with a broken hip and lacerations and bruises, and Billy Rhodes, 17, son of Mr. and Mrs. E. E. Rhodes of 4104 Avenue U, with multiple deep lacerations on his left leg and face.

John Milton Mickey, Roberson, 16, son of Mr. and Mrs. Frank Roberson of 2705 Avenue O, was in good condition with minor lacerations and bruises.

Officers investigating the accident, the third one-car accident to occur within half a mile on that particular stretch of road in the past month, were Texas Highway Patrolmen Ivy Daniels and a Cleveland and Sheriff Earl Abercrombie.

The youths were taken to the hospital by ambulances from the Bell and Bolger funeral homes.

Born April 2, 1941, she is survived by her husband, Lt. Raymond W. Wiley, with the USAF in the Philippine Islands; her parents, one sister, Shirley Ann Snyder, and one brother, James Snyder.

Officiating at the Wednesday services will be Rev. O. D. Carpenter, pastor of the Avenue-D Church, assisted by Rev. R. B. Murray of Big Spring.

Rural will be in the Hillside Memorial Gardens under the direction of Bolger Funeral Home.

Funeral services for Mrs. Jackie N. Wiley, 19, will be held Wednesday afternoon at 2 p. m. in the Avenue D Baptist Church. Mrs. Wiley died in the Sept. 19 crash on Guam of a World Airways transport plane in which 78 persons lost their lives. There were 16 survivors.

Three States Are Denied Tideland Claim Rehearing

WASHINGTON (AP) — The Supreme Court denied Louisiana, Mississippi and Alabama a rehearing today on their contention they are entitled to 10 1/2 miles of submerged oil lands in the Gulf of Mexico.

In a decision last May 31, the Supreme Court ruled that Louisiana, Mississippi and Alabama boundaries are restricted to 3 1/2 miles offshore. The same decision said the boundaries of Texas and Florida were three leagues — about 10 1/2 miles — from their coasts.

Attorneys general of Louisiana, Mississippi and Alabama in support of a request for a rehearing submitted copies of a map recently discovered among old records in the national archives here.

They said the map showed the United States government's interpretation of boundaries in the Gulf as of 1848, and fixed the boundaries of the three states at three leagues.

A brief submitted by the attorneys general also argued that the Supreme Court erred in its May interpretation of the submerged lands act of 1953. The act granted to each state's boundary "as they existed at the time such state became a member of her union," but not more than three leagues.

Chief Justice Warren and Justice Clark took no part in today's action. They have not participated in any of the submerged lands litigation.

One Dead In Train Crash

MEMPHIS, Tenn. (AP)—A Fort Worth and Denver passenger train plowed into two freight cars and a caboose here about dawn, killing the engineer and injuring three other crewmen.

No passengers required hospital treatment. The passenger train sheared the caboose down the middle, throwing the halves to each side of the track, knocked one boxcar off the track, and smashed the second boxcar from behind the track.

Killed was C. E. Hargis of Amarillo. Two of the injured had broken necks. They are conductor D. C. West, 58, of Amarillo and L. V. Lewis, 38, a Negro cook from Fort Worth. Both had cuts and bruises.

Also cut and burned about the hands was F. E. Lovady, 33, a fireman from Amarillo. The injured were taken to Goodall hospital here.

The leading diesel unit of the train was sheared at its running gear and the top portion thrown onto another track.

The 50 or 60 passengers aboard were sent on to Amarillo by bus. Some suffered scratches and bruises.

Employment, Unemployment Both Decline In September

WASHINGTON (AP) — Both employment and unemployment declined in September in an improving national job situation attributed mainly to seasonal factors.

The Labor Department reported that employment dropped from 68,329,000 in August to 67,700,000 in September. The 515,000 reduction still left the September job total at a record for the month.

GOP Is Avoiding Issues, Says HST

TEXARKANA, Tex. (AP)—Harry Truman said today the Republicans are using "an Alice in Wonderland approach to government in their perilous times," seeing no reason "to do anything to make the free world safe and the country's finances sound."

He said no one expected Republicans to do anything for farmers and working people or about developing public power resources and added: "The record will show that in the two fields the Republicans boast about—national defense and fiscal policy—they have been a flop as they have in others."

He said when he left the White House the national debt was \$222 billion, but under President Eisenhower's administration it has increased to \$286 billion.

"So you see," he added, "if I were a Republican, I would never bring up the subject of deficit spending."

Truman said President Eisenhower once claimed he had appointed more certified public accountants than any other president.

He will be in Waco Tuesday night for a speech.

'TOGETHERNESS' ISSUE TO STRESS AREA'S ECONOMY

Six brothers and two nephews — in law have built up from a few rented acres to a fine diversified farming program which features cotton, grain plus a dairy herd and now a hog breeding development in the Snyder area.

Their teamwork significantly reflects the theme to be portrayed in the "Togetherness Builders" issue of the Snyder Daily News coming Sunday, Oct. 30.

The Daily News staff is making a night and day job of preparing this outstanding vehicle which will display effectively in pictures, stories and advertisements the versatility of an area which has multiple economies.

We cordially invite your suggestions, and also so that we might see to it that the informative and enthusiastic presentation gets into the hands of those who might best be impressed with Snyder we urge business and professional people and those in the oil industry to submit supplementary mailing lists of those who you believe should have this issue.

U. N. Is Awaiting Next Krush Move

BY BELMAN MORIN
UNITED NATIONS, N.Y. (AP)—The United Nations awaited Premier Khrushchev's next appearance before the general assembly, probably tonight, after hearing him say once more, "We shall never start a war."

Khrushchev made the statement Sunday night on a television and radio interview, "Open End," in New York.

The Soviet premier said he is going home Thursday. In the next four days he is expected to take every opportunity to further publicize the many proposals he has advanced, formally and informally, since he came to the Assembly, three weeks ago.

They include reorganizing the U.N., replacing Secretary-General Dag Hammarskjöld, admitting Red China, another summit conference, a plan for disarmament, and a special session of the Assembly—meeting somewhere in Europe, not in New York—to discuss disarmament.

It was reported that Khrushchev will call a news conference soon which should exceed in size the massive gathering that questioned him in Paris after the collapse of the summit talks last May.

Khrushchev is acting as chief of the Soviet delegation, and is one of those listed to speak on disarmament.

I do think the Secretary-General himself should consider how to broad-base his organization at the top.

...view lasted more than two hours, but it was largely a warm-over of the things he has been saying in one lot of the Assembly.

These were some of his main points:

1. "We shall never start a war. We do not need a war. Categorically, we shall never start a war. So you can sleep in peace."
2. The Soviet Union "already has proposed" an agreement to embargo arms shipments to other countries. "We are ready to sign an agreement with you right now."
3. The U2 flights proved that President Eisenhower was not sincere in saying he wanted peace.
4. Just before he left Moscow for the U.N., he received "definite information" that the United States was about to send another U2 over Soviet territory. He said he warned Eisenhower-Thompson, American ambassador to the Soviet Union, that the plane would be shot down. Thereafter, he concluded, American authorities canceled the flight.

Boy Is Held In Assault

PHILADELPHIA (AP)—Police quoted a 14-year-old boy as saying he got "a shock like sticking your finger in an electric socket," when he critically stabbed a 5-year-old girl with a small knife as she kicked and screamed at his attempts to molest her.

The girl, Sally Ann Hayward, was reported still in critical condition today but improving after a five-hour operation. She suffered a stab wound of the chest and nine puncture wounds of the abdomen. Her left cheek was slashed from forehead to chin.

Her alleged assailant, Leo Reilly Jr., was charged with assault with intent to rape, bill and ravish, and aggravated assault and battery by knife. Authorities said the girl had not been raped.

Castro Poised To Blast U. S. Again

By RICHARD VALERIANI
HAVANA (AP)—Fidel Castro was expected to deliver a new blast at the United States today with charges that Washington had armed counter-revolutionary guerrillas, the Cuban regime claimed it smashed over the weekend.

The prime minister was scheduled to address the closing session of a congress of municipal education boards.

Castro was certain to take his text from an announcement by the Armed Forces Ministry Sunday that volunteer militiamen led by army regulars had liquidated an anti-Castro force operating in the strategic Escambray Mountains of south-central Cuba, scene of Castro's second front during his successful revolt against dictator Fulgencio Batista.

A communique said 127 persons captured during the operations would be tried by a military tribunal beginning Tuesday.

The communique said three insurgents were killed and four wounded. Government casualties were listed as one regular gendarme officer and two militiamen dead and two others wounded.

The government announcements played up the operation as a

crushing blow to anti-Castro elements. The insurgents in the Escambray Mountains reportedly were the largest group to take up arms against Castro since he came to power 21 months ago.

A huge supply of arms was reported captured. The communique said it included "warlike equipment so complete and detailed it never could have been acquired clandestinely by arms smugglers and only could have been obtained by direct deliveries" by Northern American (U.S.) authorities from stocks of their arms arsenals. All the arms are of North American make.

THE SPOOKS ARE COMING—It is time now to make plans for the kiddo's Halloween activities. These tempting party fares are sure to make a hit with young and

Halloween Party Time

The spooks are out — it's Halloween once more! After your little "spooks" have finished their bewitching, they'll welcome a party to make ghost and goblin night one to be remembered. For tricks and treats, games and eats, here are the answers.

Clovis Terry Selected For ACC-A Capella

ABLENE — Clovis Terry, Abilene Christian College sophomore from Snyder, has been selected as one of the 69 members of ACC's A Capella Chorus for 1964-65. After several days of auditioning, the 69 students were announced as A Capella members by Vernon Moody, director of the chorus. Miss Terry is the daughter of Mr. and Mrs. C. C. Terry, 2240 Sunset Ave., Snyder. She is a 1959 graduate of Snyder High School.

Making a sandwich loaf for a party? You'll find one layer of egg salad, one of deviled ham and one of a cheddar cheese mixture will give a delicious "three" combination. Frost the whole loaf with cream cheese softened with a little milk or cream and garnish with radishes, olives, green pepper or parsley.

One Halloween idea features hard sauce spooks on gingerbread that's easy to make from a mix. And what fun you can have creating a different personality for each spook with the gumdrops, candy nuts and raisins used to make the faces.

Here are the recipes for Hard Sauce Spooks and Popcorn Balls.

HARD SAUCE SPOOKS

Make Hard Sauce (below). Chill. Shape chilled hard sauce into balls about size of walnuts. Use gumdrops, hard candies, raisins and candied fruit to make eyes, noses, mouths and hats on the "spooks". Serve on hot squares of gingerbread.

Hard Sauce: Cream 1/2 cup butter until soft. Blend in gradually 1 1/2 cups sifted confectioners' sugar and 2 tsp. vanilla.

POPCORN BALLS

Mix in saucepan 1 cup sugar, 1 1/2 cup water, 1/3 cup light corn syrup, 1 tsp. salt and 1/4 cup butter. Cook to 250 degrees or until a few drops form a hard ball when dropped into cold water. Remove from heat. Stir in 1 tsp. vanilla. Pour in thin stream over 7 cups popped corn in large bowl, stirring constantly to mix well. Shape, with buttered hands, into balls or any other shapes. Makes 12 to 13 large balls.

Story Book Hour Held Saturday At The Library

Leatha Brice and Jean Young, members of the Lucky 13 Sports Club conducted the story hour at the library Saturday morning.

The theme of the day was "The Circus" with stories "The Wonder Book of Clowns", "Two Little Trains", "Sammy the Seal" and "Five Chinese Brothers" being read.

Children present were: Barbara Lack, Mike Iverson, Paula Parks, Revlin Stoker, Richard Sealy, Gini Sealy, Brent Blanchard and Kyle Rosson.

Kathy Crooks and Mary Clare Peebles will be in charge next Saturday morning.

Italian Cheeseburgers add foreign flair to an American favorite. For 6 servings, combine 1 pound ground beef with 1/2 teaspoon garlic salt, 1 teaspoon salt, 1/4 teaspoon pepper, 1/2 teaspoon dried basil, 1/4 teaspoon oregano and 1 small onion, chopped. Shape into 6 patties; broil until browned on both sides. Top each patty with a slice of Mozzarella cheese; broil until cheese softens and serve on butter-toasted buns.

THE BEST OF BOTH WORLDS

Now get the room, ride, go and pride of the costliest cars plus the savings and ease of the small!

The best of two worlds meet in this new-size, jewel-size Buick Special. Easy to handle? Savingful on gas and upkeep? Yes—but, so much more! Here's how it came about:

NEW ALUMINUM V-8—gives the Special twice the pow per pound of most compacts. More even than many full-size sixes and V-8s. All with amazing mileage—on regular gas at that!

ALUMINUM TRANSMISSION — Designed exclu-

sively for a new-size car, the Special's Dual-Path Turbine Drive* is the peppiest automatic in any car. It weighs just 100 pounds, is simplest of all, and Buick sm-o-o-o-oth!

NEW ALL-DAY RIDE—Buick's big Comfort Zone gives more total head, hip and leg room than the compacts. A new Hide-Away drive-shaft flattens the floor. And the satin-smooth 4-coil Control-Arm suspension is the same type as on full-size '61 Buicks. Together they make the Special the one new-size car for long hopping as well as quick shopping.

LIGHT-TOUCH HANDLING—A finger-touch and

this beauty wheels like a polo pony. And big air-cooled brakes front and rear give you Buick stopping power to match the Special's go-power.

EASY TO BUY, TOO—Price? That's the best surprise of all! This proud Buick costs just a whisper above the compacts—and it's waiting for you at your dealer's now! *Optional at extra cost.

Voters Can Help Party By Voting And Contributing

By INEZ ROBB

Both the Republicans and the Democrats at the moment are walking the floor over a brace of major problems that affects them equally. They are worried about getting out the vote and each is trying to scratch up enough money to pay for increasingly costly Presidential campaigns.

To take the last issue first: It's an odd fact that Americans, who are brought up with an ever-nagging compulsion to be their brother's keeper both at home and abroad (and a very good compulsion, too), somehow don't feel the same duty toward the political party of their choice.

I have a hunch that my youthful experience is probably rather general in the United States: I was taught to divvy up my few pennies with the Salvation Army, missionaries, Community Chest and any other good cause.

But no one ever said I had a responsibility to support the political party of my choice. I thought the Republicans and the Democrats just grew and prospered like Topsy, that big, rich, nebulous contributors in the background picked up the tab for both parties and that was that.

Once upon a time that may have been true, but during the past 20 years, both parties have been passing the hat. Now I find that any contribution is welcome, barring lobby pins and campaign buttons. If little drops of water, little grains of sand make the mighty ocean and the pleasant land, then little gifts of silver, nice one-dollar bills, keep the parties solvent and full up their tills.

The partisan who is out loudly hearing his chest for either Senator Kennedy or Vice-President Nixon ought either to put up or shut up when the plate is passed

by his party. As for getting out the vote — it's astounding and shameful that even in a Presidential election, so many qualified voters are simply too slothful to go to the polls and exercise one of the greatest privileges bestowed on free men: the secret ballot.

In the last Presidential election, only six out of every 10 qualified voters went to the polls, a dismal

record. And recently I read that the television audience for the Nixon-Kennedy debate was estimated at 70,000,000 persons, or more than are expected to vote in November.

If there were only some way to make voting a status symbol or to make it a little harder, doubtless millions of additional voters would fight to cast the ballots, which has been made so easy for them. I'm not certain how this could be done, but I have an idea that I still toss out for grabs.

There isn't an American alive who doesn't believe that every citizen has an inalienable right to the privilege of criticizing his elected officials on the municipal, county, state and national level. But why should a citizen, who never bothers to vote, have the right to decry the results of an election in which he has not exercised his ballot?

Certainly, if he can't find time to vote, he's not entitled to squawk about the conditions arising at least in part from the indifference of himself and millions like him.

Why not give a season's nonpartisan ticket to the voter, a ticket that can be punched every time he goes to the polls? And what about asking him to show his ticket, or his voting record, before he backs up and me into the corner with a "no g" distributive against either the "ins" or the "outs"?

I am not disposed to listen with any degree of patience to a man or woman belying about political conditions he has scorned to help create or correct. I have a hunch that we Americans, who love to grouse, might flock to the polls in vast numbers if there was a rough rule to the effect: "No ticket, no talk." Columnist Enlightened By Mail Again

By HAL ROYLE
NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

You are far more likely to die from a heart attack than from a commercial airplane crash. Americans now have 3 1/2 million transfusions annually. The fatality rate is about 1 in 1,000.

It's cheaper to have your teeth fixed with young three out of five U. S. dentists charge lower fees for children than adults.

Civilization requires someone to be on duty at all times. Now 16 per cent of the nation's workers perform their chores between 9 at night and 6 in the morning.

Celebrity oddities: Polly Bergen's full name is Polly Nellie Pauline Bergen Fuchs. Playwright Tennessee Williams has an ambition to be a successful songsmith; He has written the lyrics to three tunes, and is now a member of ASCAP.

Item for dieters: Medical analysis list 11 men and 6 women who weighed over 700 pounds. The champ: Miles Darden, a 19th Century Tennessee who tipped the scales at more than 1,000 pounds.

Bowling is getting to be one of the nation's more educational sports. The game now has 16 million men players and 11 million women fans.

Nature lore: Can you name the only bird that walks upright like a man, and the only fish that swims upright? They are the penguin and the sea horse.

The cost of government: In 1885 each American's share of federal taxes was about \$1.98. Today it costs more than that to get someone to fill out your tax return.

Sleep in a medical building: "Patients will please refrain from exchanging symptoms. It only gets the doctors confused."

A good reason: Michigan abolished capital punishment in 1846 after a prisoner, convicted and executed, later was proved to have been innocent.

There's money in stamps: Inadvertently, a 24-cent stamp issued in 1918 was printed upside down. A corner block of four of these stamps is now valued at up to \$35,000.

Cloud-high but sober: The average airline passenger doesn't drink while aloft. Records of national airlines show an average of only 17 drinks served per flight — on planes holding from 44 to 129 passengers.

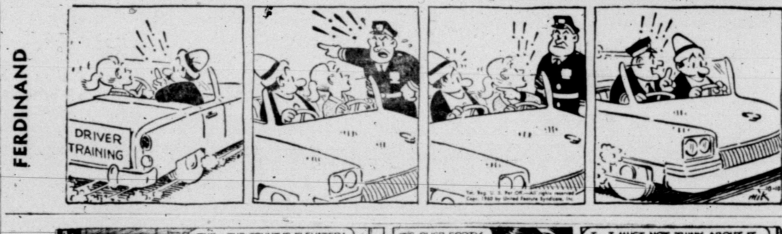

Have you heard this before? Because of their poorly developed vocal cords, giraffes communicate with each other mainly by switching their tails.

The price of success: "There is plenty of room at the top," says Rosina Pagan, "but there is no room to sit down."

How things are done: A management report found that of the 130 letters a day the average company president gets, here is what happens to them: 50 per cent never even reach his eye. He takes some kind of action on 35 (including throwing them into the wastebasket). And 15 per cent he passes on to others to handle as they decide.

It was Alfred E. Smith who observed: "The American people never carry an umbrella. They prepare to walk in eternal sunshine."

According to local legend, there are 363 islands in the Bermuda group, one for each day of the year.

Bell System Earnings Up

NEW YORK (AP)—American Telephone & Telegraph Co. reported today record Bell System earnings for the three months ended Aug. 31.

Profits rose to \$318,033,000 from \$287,834,000.

Third quarter earnings of the world's largest public utility topped second quarter profit of \$311,848,000.

For the year ended Aug. 31, AT&T and subsidiaries cleared \$1,215,941,000, equal to \$5.45 a share compared with \$1,108,150,000 and \$5.05 a share in the year ended Aug. 31, 1959.

For the 12 month period AT&T reported revenue of \$7,747,195,000 and expense of 4,665,628,000 compared with \$7,205,246,000 and \$4,369,187,000 the previous year.

Series Query -- How?

By JOE REICHLER
Associated Press Sports Writer
NEW YORK (AP)—It is hard to believe that the Bouncing Bucs, so thoroughly humiliated by two successive one-sided defeats, were all even today with New York Yankees at two victories apiece in the best-of-four series for the world championship.

It is even harder to believe that the same pitiful Pirates of two days ago, who apparently were on the way to four straight lifelines following their opening game triumph, actually are in better shape than their Yankee tormentors.

True, the odds-makers continue to make the Yankees a strong 5-to-1 favorite to capture the Series despite the Pirates' comeback 3-2 victory before 67,812 Yankee Stadium fans. New York is an 8 to 5 choice to win today's fifth game.

But the odds-makers are not reckoning with these hard, cold facts:

1. The Pirates must be conceded an edge on the mound today with their veteran southpaw Harvey Haddix, an 11-game winner during the regular season, opposed by rookie right-hander Bill Stafford, who had a 3-1 record following his promotion from the Yankees' Richmond farm, last summer. Pittsburgh still has the edge even if Casey Stengel switched to Art Ditmar, as he indicated he might. Ditmar failed to last an inning in the first game.
2. No matter what happened today, the Pirates were assured of returning to Forbes Field, where they've won 52 of 77 regular season games this year, for the sixth game on Wednesday. And should the Series go all the way, the deciding game also will be played in the Pirates' home den on Thursday.
3. The Pirates appear in much better shape for pitching during the balance of the Series. They have Bob Friend, their 18-game winner, primed for the sixth

game. Friend was fairly effective in the second game before bowing out for a pinch hitter in the fourth inning. If a seventh game is needed, Vern Law, who has turned in both Pittsburgh victories undoubtedly will try to become the first three-game winner since Lew Burdette tamed the Yankees in 1957.

If Ditmar fails to see action today, he is the likely choice for the sixth game with Whitey Ford probably getting the nod over right-hander Bob Turley in the possible seventh and final meeting. Ford, the brilliant left-hander, who blanked the Pirates Saturday, has never won a Series game away from home, losing all three decisions.

Marthaugh said Pittsburgh's heart-in-the-mouth victory Sunday was "typical" of his team. The

Pirates got good pitching, good defense and earned their runs the hard way -- by scratching and clawing and causing the opposition to make mistakes.

"The game we play the day before doesn't mean a thing to us," he said, referring to Saturday's 10-0 shelling there was also that 16-3 defeat in the second game. "We've been counted out a half dozen times but we've always come back."

The pirates got the good pitching from starter Law and from reliever Elroy Face. They got brilliant defensive play from center fielder Bill Virdon and third baseman Don Hoak. They got timely hitting from Law and Virdon. But the biggest help to them were a couple of Yankees Bill Skowron and Bobby Richardson. The pair was responsible for half the Yankees' eight hits and both their runs but their mistakes in the field paved the way for the Pirates' runs.

Kilgore Amon Grid Powers Biting Dust

By THE ASSOCIATED PRESS
Four teams, including mighty Kilgore, tumbled from the unbeaten list last week, leaving only 14 perfect records in Class AAA Texas schoolboy football.

The campaign this week shifts into high gear as many of the teams begin district competition. And one game, involving Carrollton and Hays-Elliess of District 5, matches unbeaten teams.

All in all, it was a rough week for the AAA powers. Jacksonville pulled the big trick by derailing the Kilgore express 22-19 in what may have decided the District 7 championship.

Sweetwater, which has been pushing Kilgore for top honors, was smothered 33-17 by Odessa. Terminus of AAAA Greenville slashed a black mark on McKinney's unbeaten record, holding the potent Lions to a scoreless deadlock.

Killen, previously beaten but still highly regarded, took a 15-7 setback from Temple of AAAA while undefeated El Campo was pulled out a 16-14 squeaker over Port Lavaca. Levelliant supplied the final straw to the topsy-turvy weekend by dumping powerful Andrews 16-0.

San Benito, in addition, to McKinney, Kilgore and Port Lavaca, got its winning streak clipped. Union Pier-San Juan-Alamo tripped the Greyhounds 18-8.

GRID GAME VICTIM — Miss Pearl Owens, halfback on a Northern Oklahoma 4 & M girls' football team, poses prettily from her hospital bed despite a broken leg suffered during a game between her sophomore Amazons and a freshman team. The Amazons won 24-14 but College President Bruce Carter said there will be no more football games for girls. (AP Wirephoto)

Pro Gridder Death Victim

HOUSTON, Tex. (AP)—Howard Glenn, a football player for the professional New York Titans, died in a hospital Sunday night shortly after he played in an American Football League game.

One of two doctors who treated the 25-year-old Negro said Glenn may have suffered some sort of brain injury.

"A statement about the cause of death cannot possibly be made at this time," said Dr. Franklin M. Rivers.

"It appears to be a cerebral accident of some sort," Rivers said. Glenn, a guard from Vancouver, Wash., returned to the bench after a series of plays. He complained of feeling tired.

"Glenn was sent to the dressing room. He showered, took some pills and drank a soft drink.

By the time the game was over Glenn had become belligerent and wanted to fight, Rivers said. He became hysterical and went into a stupor," the doctor said.

Raiders' Hunt Assumes SWC Rushing Lead

BY THE ASSOCIATED PRESS
Coolidge High of Texas Tech, who gained 62 yards on 12 carries against Texas Christian Saturday, has replaced teammate Richard Polson as the leading ball carrier in the Southwest Conference.

Hunt has carried 47 times for 194 yards and a 4.1 average. Polson, who sports a 7.3 average, has carried 22 times for 160 yards.

Billy Cox of Rice retains his passing leadership as he completed 4 of 4 against Florida for 92 yards. This pushed his total to 18 of 33 for 235 yards and two touchdowns.

Glen Amerson of Tech completed only one of five passes against TCU but still held fast to second place. Amerson has hit on 14 of 30 for 184 yards and two touchdowns.

Mike Cotten of Texas, Roland Jackson of Rice, Johnny Burrell of Rice and Polson maintained their leads in other categories.

Cotten tops in total offense, having gained 72 yards rushing and 128 passing for a total of 200. Jackson, with a 41.6-yard average, holds a slight edge over Tommy Minter of Baylor in punting.

Burrell has caught 10 passes for 139 yards and two touchdowns to lead the pass receivers. Polson, with 20 points, is the leading scorer and Amerson, with 19, is second.

Texas boasts the top offense with an average of 287.8 yards per game and the best defense, which has limited four opponents to an average of 169.3. Baylor is second in offense with 282.7 and Rice is the runnerup in defense with 167.7.

Cox and Arkansas' George McKinney are staging a tight battle for second place in total offense. Both have gained 269 yards to trail Cotten by just 21.

Oilers Gain Top Rung In AFL Parade

By CHARLES H. GREEN
HOUSTON, Tex. (AP)—The Houston Oilers are in first place in the Eastern Division of the American Football League after a death-marred 27-21 victory over the New York Titans Sunday.

Titan guard Howard Glenn, 25, died of unknown causes shortly after the game. An autopsy was ordered.

The Oilers scored twice on runs by Billy Cannon and Charley Tolar and again on a six-yard pass from George Blanda to Jack Aitchison.

Baylor, Tech To Clash In Lubbock

By HAROLD V. RATLIFF
Baylor and Texas, now championship co-favorites in the fast-changing Southwest Conference football race, headline this week's schedule of all-out conference warfare.

The Golden Bears, who thumped Arkansas 28-14 last week and found Lubbock for a whack at Texas Tech Saturday night, will lead the conference race with 1-0 records while Rice and Southern Methodist have yet to play. They will take care of that item Saturday night when they battle each other at Dallas.

Expectations are that Texas, Baylor and Rice will be tied for the top after Saturday's firing.

Rice indicated it was one to be considered when a championship talk arises as it won its second important inter-sectional game in a row—a 10-0 victory over Florida.

NFL Outdraws AFL By Strapping Margin

BY THE ASSOCIATED PRESS
The National Football League averaged over 37,000 fans a game for its six weekend contests compared to an 18,000 average for a trio of clashes in the New American League.

The largest NFL turnout was the 49,825 who clicked the turnstiles at Detroit for the Lions-San Francisco game Sunday while 47,776 saw Los Angeles at Chicago. The senior circuit total for the day was 224,917.

An estimated 21,000 turned out at Dallas for the Oakland-Texas AFL game with 55,377 attending the three games.

Canyon Reef Sports Center Is Mecca For Gift Shoppers

The North Pole for all presents for boys - small medium or large - and the large economy size called "Sandy" is the Canyon Reef Sports Center at 1908 Thirty-seventh Street. This mecca of footballs, basketballs, golf balls, baseballs, and even medicine balls is the ideal place for being sure what you get is what you or your family wants in the way of sports equipment.

For smiles aplenty around your Christmas tree, use the layaway program at the Canyon Reef. Be sure you will be ready come Dec. 25. No last minute rush through crowded toy stores. No taking what is left because you put off shopping till December. Take the best and put it away now.

You know, there is no fad or fashion that can come up in the next few months to replace the glow of a football uniform with all the trimmings - or the set of golf clubs - or the archery set your youngster has always wanted. Whether he is six, sixteen or sixty, he will appreciate the best in sporting equipment that Canyon Reef offers.

While Canyon Reef wholesales to schools in this area, it also stocks the best in sporting equipment to retail, with such names as Raw-

lings, National Football League, and the Red Fox, Broderick, and Spalding some of the names to assure your purchase is the best.

D. V. Marcum, manager of the store, has been connected with athletics in school systems for

years as a coach and knows exactly by what sport would best suit your temperament and taste.

"Weight - lifting is coming right along in Snyder," Marcum said, showing his new display of Healthways weights, "and each set has complete instructions for a course in body development."

To make you and yours happy this Christmas, check in at Canyon Reef for the best in anything athletic.

The main conversation between the Mexican and U.S. chief executives, is scheduled to take place in the modern and conveniently appointed home of one of Ciudad Acuna's leading citizens.

Also important in the plans to receive the presidents is the enlarging and modernization of the small local airport.

President Eisenhower's plane will land in the U.S. military base near Del Rio, Tex., on the other side of the Rio Grande. From there, the American presidential party will then proceed by car to Ciudad Acuna.

President Lopez Mateos will leave Mexico City in his personal plane on Thursday for a four-day working trip through the state of Coahuila, ending precisely at Ciudad Acuna.

The rest of the Mexican official and photographers, will arrive by train.

After their talks and an official dinner offered by Lopez Mateos, Eisenhower will go back to the border early in the afternoon of the same day.

It will mark the last chance that Lopez Mateos will have to talk with President Eisenhower before the U.S. executive leaves office next year.

PITTSBURGH (AP)—About 600 municipal experts gathered here today to work out the Democratic party's national program for solving metropolitan problems and to hear a speech by Democratic presidential candidate John F. Kennedy.

On the agenda was a tour of redeveloped sections of Pittsburgh and panel discussions by specialists on urban problems.

Sen. Kennedy is scheduled to arrive at Greater Pittsburgh Airport and travel by motorcycle to downtown Pittsburgh where he will ride in a parade before addressing the urban group tonight.

He will make a major campaign speech at Pittsburgh's Syria Mosque.

TROMPING TIGERS—There's nothing like donning a football uniform, taking the old ball and making for the goal line, even if you are only pint size and the goal line is a mark on the floor at Canyon Reef Sports Center at 1908 Thirty-seventh Street. Blocker, Steve Morfett already has his own uniform but ball-carrier Richie Thompson is doing a little Christmas wishing. Canyon Reef has suits of all sizes and colors for any Snyder Tiger, Lamar Texan, or Travis Blue Devil.

Suspect Is Held In Kidnap-Murder

COLOMBO, Ceylon (AP)—Ceylon police today arrested Bangladeshi Stephen Leslie Bradley on a warrant stating he would be charged with the kidnap-murder of Graeme Thorne, 8, of Sydney, Australia.

Police said Bradley was arrested on the British liner Himalaya and will be held here to await extradition to Australia.

Graeme Thorne disappeared on his way to school July 7, less than a month after his father won 100,000 pounds—\$224,000—in a lottery. The same day, a ransom demand for \$56,000 was made, but never collected.

The boy's battered body was found Aug. 26.

Last Season's Hit Records Moving Out At Holt Music

"Mark 'em down, move 'em out" is the word at Holt's Music Company on the Big Spring highway for all the 45 rpm records on hand that are not current.

Out they go at the astounding but satisfying to the customer price of 5 for \$1 while they last. The huge bin is just brim full of last season's hits by most of your favorite recording stars.

Rock and roll, boogie, popular, or western - just any way you blend your musical ear, you'll find at least a dozen that you somehow overlooked or maybe just couldn't quite afford when they were the nation's top records. Now you can get them for pennies apiece. Just think, 20 cents apiece for hours of enjoyment. Some of them are still on "juke boxes" and two plays are all you get for 20 cents. Don't procrastinate, get down to Holt's Music Company and cash in on a real deal.

Speaking of deals, have you made a deal for that new hi - fi, stereo, or TV set for that family "big gift" for Christmas yet? Or maybe for that portable radio or record player for your favorite teenager?

There are only two months left to think about what you should get for your loved ones that will make them the happiest and give them

the most joy.

While you are still in the "Talking and looking" stage, stop by and let the friendly folks at Holt's show you their consoles and portables for every home and every occasion.

THE 'SONY BOOM' is sweeping the country with these little transistor radios by Sony Corporation of America finding their way into shirt pockets and purses all over. These small wonders with their carrying cases and ear phones have found a permanent spot in the life of America. They also come in larger radios like the two in the top of the picture, with deluxe high fidelity and short wave bands. For a wide choice of these "miracle in sound" transistors, stop by Holt Music Company on the Big Spring Highway.

Mexico Town Prepares For Top Visitors

CIUDAD ACUNA, Mex. (AP)—The 20,000 inhabitants of this small Mexican border town were busy today with their preparations to receive the chief executives of Mexico and United States in their annual official meeting with in a year.

Presidents Adolfo Lopez Mateos and Dwight D. Eisenhower are scheduled to meet briefly here on Monday, Oct. 24.

Meanwhile, a small village-like Ciudad Acuna goes through a fever of activity with everybody in town participating in the rush.

An army of engineers, architects, communications experts and other technicians has invaded the town, in a process of rejuvenation which goes from the painting of the main public buildings to the installation of new lighting in the streets and the air-conditioning of the municipal palace, where the presidents will have their first meeting.

The main conversation between the Mexican and U.S. chief executives, is scheduled to take place in the modern and conveniently appointed home of one of Ciudad Acuna's leading citizens.

Also important in the plans to receive the presidents is the enlarging and modernization of the small local airport.

Khrushchev Pictures Self As A Folksy Humanitarian

Editor's Note: John Seal, who wrote the following account of Premier Khrushchev's TV-radio interview Sunday night, is a veteran AP diplomatic correspondent. He was a member of the AP staff covering Khrushchev's U.S. tour last year.

This is the folksy image Khrushchev sought to project across American television screens, and on radio Sunday night during a two-hour question-and-answer session.

Except for a few brief blowups, Khrushchev sought to project a folksy image, and on radio Sunday night during a two-hour question-and-answer session.

What I don't want with war," he said. "I want to see many grandchildren, even a grand-grandchild."

Khrushchev pictured himself as the elected leader of a nation who wants nothing more than to help his people realize their dream of being friends with the American people.

Library Hit By Bomber

NEW YORK (AP)—The "Sunday Bomber" struck again at another of the city's famed public places Sunday—this time the New York Public Library.

The blast, heard over a wide area, shattered numerous windows, showered dirt and debris on parked cars, uprooted shrubbery and dog a foot-deep hole in the earth.

Urges Data On Policy

HARRIMAN, N. Y. (AP)—The 18th American Assembly suggests that the secretary of state be allowed to explain to the public the aims of American foreign policy and the difficulty of reaching those goals.

"It is unwise," the assembly said in a report, "particularly when foreign dictators have access to our mass media, to put limits on the Department of State to keep the American people informed about foreign policies and programs."

Montgomery Mopping Up

ALTON, England (AP)—Field Marshal Viscount Montgomery, still mopping up after the battle of Islington Mill, today admitted he's been outflanked and outmaneuvered.

Britain's most famous World War II commander was forced to retreat over the weekend by floods that invaded his home.

Man Dies After His 111th Birthday

CORBIN, Ky. (AP)—Robert A. Early approached his 111th birthday recalling "the taste of good tobacco in a good cornucop pipe, the joy in working with a hand, the fun I had keeping a diary."

The former builder, police judge and streetcar operator joked about his cake being too small for candles and said they'd have to write his age on it.

Church Gives Trade Stamps

LAKE WALES, Fla. (AP)—The congregation at the First Methodist Church got trading stamps Sunday night, just as the preacher promised.

It also got mimeographed slips labeled "First Methodist Church Trading Stamps."

Ike Due On Quiz Show

WASHINGTON (AP)—A quiz show starring President Eisenhower will be telecast tonight on behalf of the Republican presidential and vice-presidential candidates.

The half-hour program, starting at 8:30 p. m. EDT, will be carried by the National Broadcasting Co. TV network.

Junior Editors Quiz on PAINT

QUESTION: How is paint made?

ANSWER: Paint is a mixture of two basic ingredients, pigment or coloring material, and a vehicle which is used to hold the pigment together. There are many different types of pigments and vehicles. One common pigment is red lead, which, as the name implies, is used in making red paint. The most widely used vehicle is linseed oil, although many other oils (including castor) can be used. First, the pigment is ground into a fine powder. Then the vehicle is added a little bit at a time until the mixture reaches the desired solution. Then the mixture is thinned (usually by adding turpentine) so that it will be easy to brush on and a drying agent, usually a metallic salt is added to make it dry quicker.

FOR YOU TO DO: Have you ever painted anything yourself? Try painting a small box or a shelf. But first learn the rules of cleanliness, such as spreading newspapers on the floor so that the paint won't spill or drip on the wood.

(Adelle Korpi of Grant Rapids, Minn., wins \$10 for this question. Send your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. If duplicate questions are received, Mrs. Higgins will select the winner.)

Candy Barr Shares Stage With Riders

HUNTSVILLE, Tex. (AP)—Candy Barr, former Dallas street candy, shared honors here Sunday with the cowboys in the annual Texas Prison Ride.

Barr, sent up on a charge of possessing marijuana, brought the candy down when she sang "Fever" in what was described as a "Peaky Lee Style."

Fowler Is Named SCD Supervisor

Milam C. Fowler, has been elected to the board of supervisors of the Upper Colorado Soil Conservation District.

Fowler, who farms 220 acres eight miles west of Snyder, was named to serve a five-year term on the board. He was elected by local farmers and ranchers who participated in a general election of the district last week.

Fowler has been interested in conservation since coming back from military service. He began in 1947 with a conservation program on his farm. Local SCS technicians assisted him in laying out a terrace system and developing a complete conservation plan on his farm.

In working other farms, Fowler also has carried out good conservation measures. Recently he converted some of his poor cropland to alfalfa and adapted this land to a pasture. He also has planted alfalfa on his father's place for pasture.

In assuming the duties of supervisor of the Upper Colorado Soil Conservation District, Fowler is serving without pay to aid the community in solving its land and water problems locally and to help keep the land for the future. The present board of supervisors, in addition to Fowler, is composed of Richard Brice, chairman, Hermand Hundsnurber, Joe Landrum and W. L. Wilson. The supervisors meet each month to bring together all the help they can for putting the program into effective operation.

We extend this help to all who may want and need it to carry out a sound conservation program on their farm or ranch," spokesmen for the board said.

Lightning Bolt Fatal To Woman

SAN ANTONIO (AP) — Mrs. Fred Ramsey, 43, struck by lightning Wednesday, died Sunday. She was the wife of the Brooks Field National Bank's president. She suffered severe burns and was paralyzed from the waist down.

Club golf pro Joe Conrad of the Canyon Creek Country Club found her under a tree on the golf course after the accident.

Sen. Johnson Is Stumping Deep South

WASHINGTON (AP) — By car, plane, helicopter and whistle-stop train, Sen. Lyndon B. Johnson stumps through the Deep South this week.

The swing opens with a whistle-stop tour of Virginia and North Carolina and ends with a major speech in New Orleans Friday night.

There will be stops in South Carolina, Georgia, Alabama, Florida and Mississippi along the way. By word and handclasp, Johnson, a Texan, hopes to reassure the South that in 1960, unlike 1952 and 1956, the region should stay solidly Democratic.

On the eve of his departure Johnson attacked the Republican candidate for president, Vice President Richard M. Nixon. Johnson said on a television program—NBC Meet the Press—Sunday that Nixon's platform views were drastically changed after a midnight session with Gov. Nelson A. Rockefeller of New York just before the Republican convention. "If an inexperienced New York governor" persuaded Nixon "to make a 180-degree turn" in a few hours, Johnson said, voters should ponder what might happen "in a conference spent all day with Mr. Khrushchev."

Pig Farm Raided

WILLIAMSTOWN, N. J. (AP) — New Jersey state police raided a pig farm here Sunday and charged proprietor Floyd Melrine with maintaining a gambling resort. Eight persons accused of participating in a dice game were charged with disorderly conduct. Melrine's brother, Gabriel, of Egg Harbor, N. J., was booked on a gaming charge.

At Least 25 Persons Killed In Texas Weekend Violence

BY THE ASSOCIATED PRESS
Violent deaths claimed at least 25 lives in Texas over the weekend.

Thirteen of the fatalities were blamed on traffic mishaps. The Associated Press tabulation covered the period from 6 p.m. Friday to midnight Sunday.

Curtis Weidon Gregory, 34, Deatur, died in a one-car accident 12 miles north of Fort Worth Saturday.

Bobby Lee Brown, 45, Carthage, a Negro, was shot to death Saturday and officers said a 35-year-old white man fired the shot. No charges have been filed.

Frank Cadena Jr., 30, died in a one-car accident Saturday while driving from his home in Brownwood to a Brady hospital to see his wife and newborn daughter.

A suicide verdict was returned Saturday in the shotgun death of Robert R. Jaroszewski, 63, of San Antonio who was found dead in his home.

Mr. and Mrs. James Pinkney of Houston died of gunshot wounds Saturday night after they were involved in a fight in a tavern, witnesses told police. Officers were told Mrs. Pinkney shot her husband and then he shot her.

Pete Paul Scrubler, 20, of West Point, Tex., died in a two-car accident near LaGrange Saturday night.

A crash of two station wagons three miles south of Rosebud Saturday night on U.S. 77 killed Sidney Samet, 53, of Waco and Mrs. Harold Fetterman, 37. Three persons were injured.

A Dallas Negro, Lemon Elder, 45, was shot to death early Saturday, and police held a Negro woman for questioning.

Ten were hospitalized. Others were treated at the scene.

Oklahoma Boy Found Slain

BARTLESVILLE, Okla. (AP) — A boy who remained home to study while his family took a Sunday drive was found dead Sunday.

A plastic bag had been tied over his head.

The hands of Curtis Lee Rentro, 13, were tied between his legs and his body was mangled. Police Chief W. J. Jarvis said there were no marks of violence on the body.

Jarvis said the boy apparently suffocated.

Police said neighbors saw no visitors to the Rentro home during the 45 minutes Mr. and Mrs. Curtis L. Rentro and their twin daughters were away. The girls, Suzette and Suzanne, found their brother's body in his bedroom.

Mrs. Rentro said Curtis passed up the outing because he had to study. His homework was laid out on a desk.

Subway Commuters Felled By Smoke

BOSTON (AP) — At least a dozen subway commuters were felled today when a packed train discharged them at the underground stop at South Station filled with smoke from a burning transformer.

Ten were hospitalized. Others were treated at the scene.

Workers Get Flat Tires

LYNN, Mass. (AP) General Electric Co. workmen who are crossing the picket lines to work in the struck River Works plant here got more than 2,000 punctures last week when their cars rolled over a carpet of roofing nails.

The company sent out a truck with a magnetic sweeper to clear the streets.

Police reported a new twist today they said the three main entrances to the plant were blocked with a sticky, tar-like substance during the night and nails thrown in it.

The nails are aluminum and the magnet truck can't pick them up. The company closed two entrances and had a truck spread a deep layer of sand over the nails at a third.

Dinah's Zipper Pops Wide Open

HOLLYWOOD (AP) — Dinah Shore's zipper popped wide open Sunday in the middle of a strenuous folk dance during her live TV show.

For a second her bare back was on camera, although guest star Red Skelton had warned her: "You'd better not turn around." Dinah dashed off stage for repairs and returned to finish the number.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.
