Twister Strikes Near Austin Early Today

The Snyder area was in a turbulent weather zone for a brief period early Sunday night as high winds whipped through the city during a thunderstorm.

A small amount of rainfall accompanied the winds and electrical display. Several strong gusts of wind at the peak of the brief storm rattled windows.

Only a trace of moisture was recorded on the official gauge by David Strayhorn. Gauges in some parts of the city caught up to .10 of an inch.

Thunderstorms developed over a wide area of Texas when a mild cool front moved into the state from the west.

By The Associated Press

A small tornado whirled through Jollyville, about 14 miles northwest of Austin early Monday. No injuries were reported.

Thundershowers pelted portions of East Texas and a cool front pushed into West Texas from the northwest after kicking up dust clouds in the Panhandle.

J. T. Brogdon of Jollyville said the twister passed over his place about 12:45 a.m. A porch was torn off a nearby home and a fence row of trees was damaged for a trees were uprooted. About an inch of rain fell.

Kilgore reported .51 of an inch of rain during the night.

At midmorning, the cool front extended from Wichita Falls to Abilene and southwestward to the Rio Grande.

At Electra in North Texas, a blinding sandstorm followed on the heels of rain and lightning displays. The .12 inch rain ended about 3 a.m. Monday, and at 9 a.m. a sandstorm which cut visibility to a half mile blew in.

Waco received an inch of rain during a storm with winds up to 65 miles an hour while up to 2 inches fell in the immediate area. Temple had .71.

Lake Waco was up three feet and still rising after rains of up to 2 inches at China Springs and 1.75 at Valley Mills upstream on the North Bosque River.

The city which has been getting its water from the mineral laden Brazos River, began diluting this with three-fourths lake water, Supt. Curtis Harlin said, improving the taste considerably.

The Weather Bureau lifted a tornado and severe weather warning for a wide stretch of North Texas at 3 a.m. Monday. The warning was issued at 6:20 p.m. Sunday and had alerted points 50 miles on either side of a line from 20 miles west-southwest of San Angelo to 40 miles west-southwest of Tyler and points 60 miles on either side of a line 20 miles southwest of Childress to Tulsa.

Heavy thundershowers drenched Lufkin, Longview and Tyler Monday. Rain fell earlier in Central and North Texas. Skies were partly cloudy in West Texas and mostly cloudy elsewhere.

Gusty winds stirred up clouds of dust in the Panhandle. Visibility was reduced to 2½ miles at Amarillo and to 4 miles at Dalhart. The cold front had pushed to a point just south of Amarillo early Monday.

Earlier, heavy rain fell at Austin, Waco and Mineral Wells and showers fell at Fort Worth, Dallas, College Station and Wichita Falls.

Scattered thundershowers were forecast for all areas of Texas Monday, but temperatures were not expected to change much.

Winds with gusts to 40 miles an hour were recorded in the locally heavy thundershower areas of East Texas. Winds in the Panhandle reached 20-25 miles per hour, but were subsiding.

Dawn temperatures Monday ranged from 36 at Dalhart to 71 at Brownsville.

The severe weather warning was posted late Sunday after high winds rolled into West Texas. Winds up to 77 miles per hour were reported at Ft. Stockton about sundown and visibility was cut to zero. Wink also had blowing dust.

Showers fell at Salt Flat and Midland had a thunderstorm late Sunday.

Official Weather Bureau rainfall reports showed Waco with .89 of an inch; Lufkin .69, Junction .46 and Dallas .20.

Low overnight temperatures included Amarillo 41, Lubbock 44, Abilene 53, Fort Worth 58, Dallas 60, San Antonio 64 and Beaumont 65.

Tomorrow's Tiger-Abilene baseball game will be played on the Towle Memorial Park diamond, Tiger baseball coach Speedy Moffett announced at noon today. Game time will be 4:15.

Chimp's Business Picks Up

BALTIMORE (AP) — Betsy, the chimp gone arty, continued her abstract dabblings today as the market for her work picked up.

Betsy had her first public sale yesterday.

Her paintings have sold for as high as $50 each.

Zoo director Arthur Watson said there have been numerous telephone calls as well as personal inquiries about the stuff turned out by the 7-year-old chimp.

Betsy finger paints. She also uses hands, tongue, elbows—anything she can get hold of to make the swirls and lines and daubs which Watson said one art museum official has termed good enough to hang with other abstract works.

Watson said the money may be used to "buy Betsy a husband."

Receipts from her paintings already total $145, Watson said. He's hoping for a fund of around $600 to get a mate for Betsy as well as some other animals.

Betsy, who has been painting since the fall of 1953, has turned out 17 salable canvasses so far. Ten others had to be thrown away. In one big day she turned out 10 in one hour.

Watson started her on painting as a stunt and because, he said, she had natural dexterity.

Hard at it yesterday, Betsy first tested a dab of green paint on the paper. Then she smeared some yellow paint into what looked like corn stalks. Then, with a raucous chuckle, she stood in the middle of the painting.

She capped off this piece by grabbing Watson's head and rubbing gooey black paint into the thinning design.

Watson said a Texas doctor who sent in $30 for one of Betsy's paintings probably will be sent one. Watson has labeled "Shore Birds." He says you can make out rather clearly five different birds, including a bitten, a black crow, night heron, an ostrich and a bird of paradise.

The $30 check came from Dr. Vincent Vermooten Dallas, Watson said.

7 DIE IN ACCIDENT

Death Toll Raised To 28 By State Violence In Weekend

By The Associated Press

Seven persons, five of them members of one family, were injured fatally in a headon car crash Sunday to send the weekend violent death toll in Texas to 28.

Traffic accidents accounted for at least 17 deaths.

The victims of the headon collision near Lewisville were: Marvin Lewis James, 33, his wife, Laneva, 33; their sons, Larry, 9, Robert 3, and Tommy, 1; the driver of the car, Paul Anthony Montgomery, 25, of Whitesboro; and Dean Shields, 26, of Whitesboro. Shields died Monday in a Denton hospital.

A fourth James child, Mary Alice, 7, was not expected to live, Denton hospital authorities said.

Horace Hareway Jr., 23, of Tyler was killed instantly and Booker T. Bowen, 24, of Tyler died Sunday after a headon auto collision north of Kilgore late Saturday. Dee Waggoner, 25, Tyler, was in critical condition at a Kilgore hospital. The driver of the second car, Leslie Laird, 25, of Kilgore was in fair condition at a Kilgore hospital.

Mrs. Dorothy Elizabeth Marshall, 44, of Houston, drowned Sunday in a small pond on the family farm near Houston.

Kenneth Malmstrom, 13, was killed when a pistol discharged while he was examining it at the home of a neighbor in Galveston.

Manning B. Robinson, 55, was found shot to death at Galveston. Justice of the Peace James McKenna ruled the death a suicide.

Mrs. W. H. Magill, 58, of Alamogordo, N.M., and her granddaughter, Ollie Darlene Green, 5, of Hatch, N.M., were killed Sunday in a two-car collision near Odessa.

A man identified as L. J. Norwood, 39, was found shot to death in a Fort Worth tavern Saturday.

David Dundas, 3, son of Mr. and Mrs. Robert W. Dundas Jr. of Houston, was killed Sunday when he climbed inside a clothes dryer in the family garage and the device went into operation.

Raymond Murphy, 24, of Jefferson was killed when his car overturned Friday night between Jefferson and the Ferrels Bridge Reservoir.

R. E. Griffin, 52, of Sapulpa, Okla., burned to death Friday night when his truck overturned near Jefferson.

Mildred McCorkle, 17, of Andrews was killed when her car went off the road Saturday.

W. A. Biggs, 22, and Lawrence Young, 20, both of Slaton, were killed in a two-car accident near Slaton Saturday.

Arthur Langley, 68, of Dallas, was crushed to death when his pickup truck was hit by a locomotive at a rail crossing.

Mrs. Ethel Yarborough, 51, was burned to death Saturday when fire destroyed her frame home at Houston.

Tom Lee, 55, of Longview was drowned Saturday when his boat capsized in the Sabine River.

Mrs. Georgia Gibson, 47, was shot to death at a drive-in near Paris Sunday.

Jose Garza, 37, of Rio Grande City, was killed Saturday when his car went off the road on a curve.

Mack M. Lucas, 38, was stabbed to death in a Dallas tavern brawl Sunday.

CANCER STRIKES

Doctor Is Forced To Quit Practice

By EVERETT S. ALLEN
New Bedford Standard Times

NEW BEDFORD, mass. (AP) — "Illness forces me to discontinue the practice of medicine. I regret to leave my most enjoyable work. . . ."

It was Dr. Philip F. Fortin, general practitioner, speaking. A fellow doctor had just confirmed his own diagnosis. He had cancer, a primary inoperable cancer of the liver.

That's what he said. How does he feel?

"I feel I am luckier than the fellow wiped out in the split second of an auto accident. I am more fortunate than the thrombosis victim found dead in bed.

"I have time for reflecting, for philosophizing, for placing in order those things which always require doing in anyone's busy life.

"I also have an opportunity to extend a few encouraging remarks to the other fellow, who may now or tomorrow be experiencing something similar."

Dr. Fortin has spent 24 of his 50 years as a general practitioner, so it is only natural that most of his reflections concern the family doctor, the general practitioner he calls "the vanishing American."

He views with increasing concern the decline in numbers and apparent importance of the general practitioner and his replacement by a specialist, particularly in hospitals. He believes Americans "are not getting the best medicine in the world" because of an overemphasis on specialization.

"The future of the medical profession," he says, "rests not in the production of more doctors but in the production of more general practitioners, dedicated to the profession, who will be given full privileges in hospitals, according to their ability, training and results, with no artificial barriers."

He believes some hospitals have erected these "artificial barriers" against the GP with regulations that require the general practitioner to call in a consultant specialist because certain arbitrarily selected circumstances exist and not necessarily because the GP feels the need of doing so.

Quake Rocks Greece Area

ATHENS (AP) — Another strong earthquake today rocked the Volos area in central Greece. The panic-stricken population ran into the streets. No casualties were reported.

A police official said that Volos itself suffered little damage but that the few buildings in nearby Velestino which survived last week's heavy shocks collapsed. No new casualties were reported there.

Quakes that hit the area Friday and Saturay left 1 known dead, at least 50 injured, and 25,000 homeless. About 4,000 homes were destroyed in what was called the worst earthquake in central Greece's history.

Regulations On Banking Are Studied

AUSTIN (AP)—The House Banking Committee is expected to decide tonight on a bill setting up regulations on drive-in banking in Texas.

The bill by Rep. Reagan Huffman of Marshall was rewritten by a subcommittee. In its present form the measure specifies that drivein facilities are not to be considered branch banks provided they comply with certain restrictions.

The drive-in facilities must be within 400 feet of the central bank building and physically connected by a tunnel, passageway, hallway or by pneumatic tube or other similar carrier. The facility must be in the same city block or in contiguous or adjoining city blocks.

Huffman said that the greatly increased use of drive-in banking had caused some cities to restrict traffic flow which has "hindered the banks in providing the service the banking customer wants at the point he wants it."

Ira Three-Act Play Is Slated Tomorrow

The annual Ira High School junior class play, titled "Pleased To Meetcha," will be presented tomorrow night in the Ira gymansium.

The curtain will be raised at 8 p.m.

The play is a mystery comedy and has three acts.

Directing the play are Marie Otto, Mary Alice McCowan and Tommy Reid.

Admission prices are 25 and 50 cents.

County Audit Is Scheduled

Russell Yorgesen, certified public accountant here, was employed by the county commissioners court here this morning to do a two-year audit of the county's books.

The court employed Yorgesen under provisions of state statutes calling for a disinterested, competent, and expert public accountant for the work.

The two-year audit will cover the years 1955 and 1956.

The court also this morning opened bids for a maintainer to be purchased for the road and bridge department and voted to accept the low bid of Plains Machinery Co.

The firm bid $6,610 on a Model 503 Galion maintainer, with a provision for trade-in of an American 9 maintainer. Other bids were $7,131.50 by Abilene Equipment Co. and a bid of $11,200 by Plains on a Model 303 Galion.

Court Reinstates Union Indictment

WASHINGTON (AP) — The Supreme Court today reinstated, 6-3, an indictment charging that the United Automobile Workers violated federal law by paying for political television broadcasts with money from the union's general fund. The broadcasts were made over station WJBR-TV in Detroit in 1954.

The government contended the broadcasts were in support of particular candidates for Congress and the payments thus violated a section of the Corrupt Practices Act.

Judge Frank A. Picard of Detroit ruled the payments were not within the meaning of the word "expenditures" as used in the law. He dismissed the indictment. Appealing directly to the Supreme Court, the Justice Department asked reinstatement of the indictment and trial of its charge in the District Court.

Justice Frankfurter delivered the majority decision for himself and Justices Reed, who heard the case argued before his retirement Burton, Clark, Harlan and Brennan. Justice Douglas wrote a dissenting opinion, joined by Chief Justice Warren and Justice Black.

Frankfurter said Picard, in dismissing the indictment, had made an erroneous interpretation of the law which prohibits labor organizations and corporations from making contributions in connection with federal elections.

TICKETS NOT SOLD OUT

Tickets have not yet sold out for the musical production, "Oklahoma," as rumors had it during the morning.

Actually, ticket sales just this weekend began to pick up, and tickets are expected to be sold out by Thursday, the day of the first performance.

All seats in the high school auditorium, where the musical production will be staged Thursday through Saturday nights, are reserved, and each ticket is $1 for one night's performance.

The auditorium will hold about 1,100 persons, so there are actually about 3,300 seats available for the three nights combined.

With sales nearing the 800 mark today, there had been from 200 to 300 seats sold for each night, and the better seats in the auditorium are being taken rapidly.

The high school drama and choral departments are presenting the well-known show, which ran for seven years on Broadway.

New Quake Recorded, Volcano Active Again

By The Associated Press

The Pacific's jumpy northeastern rim continued to tremble today as the result of a mighty earthquake in the Aleutian Islands Saturday.

The restless earth that sent tidal waves crashing into villages in Hawaii and Japan rumbled again at 7:20:23 p.m., Pacific Standard Time (10:2023 p.m., EST).

The University of California seismograph at Berkeley was still registering the shock 2½ hours later.

Research assistant John Denoyer said the new quake, apparently another vigorous aftershock of the Saturday quake, appeared again to be in the Aleutians.

Meanwhile, the Coast and Geodetic Survey office in Honolulu reported that Mt. Vsevidof on the Aletuan Island of Unmark was belching smoke after lying dormant for 200 years. Officials said it probably had been stirred to life by Saturday's big quake.

In Hawaii, where waves ranging from 3 to 9 feet high slammed up over the beaches Saturday along northern shores of the islands, Gov. Samuel Wilder King said 154 people were left homeless in two villages on Kauai while 4,000 others were isolated by washed-out bridges.

Unofficial damage estimates ranged up to two million dollars.

No direct loss of life was reported because of early warnings, but Paul O. Beam, veteran newsman, and Sarah Park, Star-Bulletin reporter, were dead in the crash of a plane photographing the waves.

Gov. King said he was waiting full damage reports before asking federal aid, but had declared a 10-mile coastal stretch on Kauai a disaster area.

Hours after the alert had ended in Hawaii, nine-foot waves crashed into fishing villages on Hokkaido, northernmost of the main Japanese islands. Police reported one house washed away with others wrecked and more than 50 flooded.

The 3½-foot wave that belatedly rolled into San Diego Bay late Saturday night yanked an 83-foot boat slip from its moorings and caused damage estimated at $5,000.

In Berkeley, seismologist Denoyer said he could not tell whether last night's aftershock, the fifth, would cause more tidal waves.

Seismologist Don Tocher said the University of California recorded another major shock for two hours this morning.

Indonesian Government To Resign

JAKARTA, Indonesia (AP)—The government of Indonesia, beset by a rash of bloodless rebellions and a financial crisis, has decided to resign on Wednesday, high government sources said today.

The informants said the decision was made after a meeting of the five parties which make up Premier Ali Sastroamidjojo's coalition government.

South Sumatra joined the spreading revolt Saturday. Lt. Col. Barlian, another of Indonesia's restless young army leaders, blasted the Sastroamidjojo government as being "slow" and "incompetent." The Sastroamidjojo-appointed governor fled to Java, it was reported.

The latest revolt caused open concern among Jakarta officials already trying to cope with rebellious groups who have seized power in central Sumatra, much of that island's northern sector and the islands of East Indonesia.

There were warnings of new defections as the sprawling nation of 80 millions waited tensely to see whether President Sukarno would carry out his controversial plan to bring Communists into the government. The rebel leaders still generally promised allegiance to Sukarno, although they demanded an end to the government of Premier Ali Sastroamidjojo.

Rumblings of discontent came from Borneo, world's third largest island and least explored territory in the 3,000-mile archipelago.

Local sources said the only thing that has delayed an outright coup in Borneo has been a political squabble among island officials.

As the Jakarta government's authority shrank to a small remaining part of north Sumatra, tottering Borneo and Java itself, word spread that the Cabinet would hold an emergency session Wednesday.

Informed sources said Sukarno might offer some compromise to his "guided democracy" plan which would permit him to save his own face and yet satisfy the rapidly unifying bloc of anti-Communist forces throughout the republic.

The southern provinces of Indonesia's richest island — Sumatra — withdrew their support from the central government Saturday night.

Another of Indonesia's restless young colonels headed the latest bloodless coup — fourth in 2½ months — ostensibly incited by the slowness of the central government in instituting new reforms to help the outlying islands.

Lt. Col. Barlian, heading the new south Sumatra junta, blasted the Java government for being "too slow" in recognizing the island's difficulties.

In each of the four revolts, rebel leaders have accused the central government of draining the bulk of their areas' incomes from exports to spend the proceeds in Java.

FAMILY AFFAIR—It takes more than one set of parents and one set of children to make a family. At least experts say parents and children must work and play with others before they can qualify as a bona fide family. In Girl Scouting thousands of families are discovering what fun it is to work and play together. Huge River Water Flow Is Stopped

THE DALLES, Ore. (AP) — The huge, government-built The Dalles Dam choked off the Columbia River for 4½ hours yesterday to create a reservoir that eventually will add more than a million kilowatts to the nation's power.

Gates were closed and water piled up 60 feet deep before splashing over onto spillways. More gates will be closed next weekend to make the reservoir 25 feet deeper.

Almost no one downstream noticed the mighty river was throttled, because Bonneville Dam, below The Dalles, regulated its water release to keep downstream flow normal.

Power production will begin at the 260-million-dollar dam in November. At first it will be 156,000 kilowatts. By 1960 it will reach its planned 1,092,000 kilowatts.

The potential — if other generators are added later — is 1,716,000 kilowatts. That would make it second in the nation only to Grand Coulee Dam, another in the series of government dams in the Columbia Basin. Grand Coulee produces 1,974,000 kilowatts.

Test Flight Is Planned

SEATTLE (AP)—A jet airliner that has flown across the continent on a test run in less than four hours took off here early today with the aim of making it in 3 hours and 45 minutes.

The Boeing 707, America's first jet airliner, took off to demonstrate "the transport of tomorrow" for 32 writers on a press flight. About 20 company employes also were aboard as Tex Johnston, the veteran Boeing test pilot, lifted the speedy craft into the air with use of little more than half the runway.

The plane is on a 2,230-mile flight to Baltimore.

'Spinning His Wheels' Costs Houston Driver

HOUSTON (AP) — A motorist who "spun his wheels" in front of the Houston police station early Sunday, wound up in the cooler charged with making excessive noise and driving without a license.

Edward Talley, 20, was jailed after officers spotted him from the second story window of the traffic accident office.

Tally told officers his license was suspended because he had too many traffic tickets over a short period.

Nurse Held In Abortion

HOUSTON (AP)—A 300 pound practical nurse was charged with murder by abortion Sunday after a girl, 17, died with a hemorrhage at City County Hospital.

Before Maxine Waldon slipped into unconsciousness, she told officers she had gone to the woman for the illegal operation.

Mrs. Lessie Jefferson, 55, was arrested at her home.

The victim told officers she had gone to Mrs. Jefferson and made arrangements with her to pay $25 for the operation. She said she agreed to make a $8 down payment and the rest in installments.

Mrs. Jefferson, and two men at her home, were jailed.

Japanese Strike

TOKYO (AP)—More than two million Japanese workers staged strikes and slowdowns today to back up demands for more pay. Their action shut down coal mines and hundreds of industrial plants and disrupted train schedules.

Chevrolet Wins coveted Manufacturers' Trophy at Daytona Beach as "best performing U. S. automobile"!

Want *facts*, not claims, about performance?

Then look at the official figures from NASCAR's* internationally famous Daytona Beach competition for stock cars. Here's what you'll find: Chevrolet, in two weeks of blistering competition, proved itself as America's Number One performance car. Nothing in the low-price field could touch it. No other car, *regardless of price*, scored such a sweep. And Chevy walked away with the famous Manufacturers' Trophy, hands down!

The 1957 Chevrolet is, by all odds, the most astonishing performer ever produced in the low-price field. Best of all, this superiority isn't limited to just a few extra-cost high-performance models. Every type of Chevy—from the six-cylinder models right up to the 283-horsepower "Super Turbo-Fire" V8's, from the single-carburetor V8's with Powerglide to the stick-shift "270's"—is a championship car.

Daytona proves it. And you can sample it for yourself at your Chevrolet dealership. Come in and test drive the model that suits your needs. And get a championship *deal*.

WOMEN

MRS. LYLE DEFFEBACH is shown as she modeled a costume suit by Young View Point, at the Acadia Study Club Style show Saturday morning. The suit is in navy, with snug fitting jacket and three quarter sleeves. The complete basic dress beneath the jacket has a square neckline, and trimmed in self material. Her hat is a Jan Leslie original, in violet colored crinkled chiffon. A bunch of violets spaced here and there on the crown. Navy bag and white gloves are used with this suit.

STYLE SHOW IS HELD

One of the most complete style shows we have seen was given Saturday morning at the Martha Ann Women's Club. The show was sponsored by the Acacia Study Club with costumes and accessories by Gray's Style Shop. Thompson's Shoe Store displayed shoes.

Mrs. Jane Womack played dinner music during the brunch and gave selections from the show "Oklahoma" which will be presented by the High School students this week.

Mrs. Gwen McLaughlin also gave vocal selections accompanied by Mrs. Womack.

Styles were shown for every age group to be worn in the Easter parade, garden teas, sports, and lingerie. Accessories for the costumes were stunning, and displayed spring feeling with flowers and gay ribbons.

Mrs. Jane Casebier was narrator and was an asset to the delightful morning of entertainment.

WANDA SUE CROOK was truly exciting in a floor length peignoir nylon tricoat dusty rose. It was pretty enough for a bride, with lace applique's down each side. The gown has scoop neckline and lace over net in the midriff, with tie belt of satin ribbon. (Lee Watson photograph)

MARYETHLYN DEFFEBACH modeled this sports ensemble of Koret denim pair offs for play or travel. The finger tip jacket is chartruse denim, with patch pockets. The lining is brightly printed Calipso cotton. The same fabric is used in the boy shirt. Peddlepushers are made in same chartruse denim as jacket. All Koret garments are drip dry, which makes a perfect vacation outfit. (Lee Watson photograph)

Her first name is Virginia—what is her last name?

What is "the one thing" which prompts you to LIKE to buy at a certain store? Of course, that store has to have the merchandise at the right price—competition compels such. When you KNOW . . . and, when you LIKE . . . a certain sales person—doesn't it prompt you "to buy it at a certain store"?

Let's Get Acquainted

YOU AND YOUR TEEN-AGER

By BEVERLY BRANDOW

Being a really good date who is generally admired by the opposite sex is not something that just happens. It is planned by some understanding person and the qualities that make a good date are instilled in the teen-ager.

The teen-ager himself may do it by reading some good books on the subject of dating; a high school teacher may inspire him with pep talks on dating technique but most often the kind of a date a teen-ager is depends upon what Mom and Dad have said about dating and the standards they have set forth as worth upholding.

What have you said to your teen-ager concerning his dating life? You can't turn this problem over to fate and expect it to work itself out any more than you could do that with your business.

It's not enough to say, "have a good time and be good." You must be specific. Have you ever said, "Son, go back and put on something besides those jeans. They're alright for some things but you're going on a date tonight. Look like it!"

Have you ever briefed him on how to get along with a girl? Have you told him to take the lead without being bossy? Have you emphasized that if he likes her he must be unselfish enough to protect her reputation, even if it means bringing her home sooner than he would like just to appease the gossipy neighbors?

Have you told him that during those tender moments when things begin to get out of hand that he is as much responsible as his date?

Have you taught him to be the master of every situation and to conduct himself discretely regardless of what his girl may want? Have you impressed him with the fact that he must protect her reputation even if it means protecting her from herself?

Many girls, in a brief, daring mood, think they want to go dancing in some smoke-filled dive or stay out a full hour past curfew to prove they're grown-up. Prepare your son.

With your guidance, he can be the most elegible date in school. Dating, like anything else, requires a little before-hand study with the help of someone who has been through it all.

CONSTIPATED?

New laxative discovery un-locks bowel blocks

without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be remoistened. *Second*, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it to action; to a normal urge to purge.

And, of all laxatives, only COLONAID, the amazing new laxative discovery possesses COLONAID'S great *moisturizing* capacity, *plus* COLONAID'S *stretch-stimulating* bulk. So effective it relieves even chronic constipation overnight, COLONAID is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONAID neither gags, bloats nor gripes; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONAID exercises your colon to tone it against constipation, overnight! Get COLONAID, in easy-to-take tablet form at any drug counter, today! Only 98c for the 60 tablet package, brings positive relief at less than 2c per tablet.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

THE SURPRISE SHOWING of the Tigers in the 5th annual Canyon Reef Relays Saturday definitely stamps the Bengal cindermen as a threat for the District 3-AAA title this spring.

The Tigers, of course, will have to get a little more balance but this may come between now and the district meet.

The District 3-AAA meet, incidentally, will be held on the Tiger Stadium cinderpath April 6 in case you have forgotten.

Coach Jim Stehley, making his debut as the Tiger track mentor, was well pleased over the showing of his lads in Saturday's meet and well he might be.

Stehley, like most of us, figured the Tigers would collect some points in the hurdles but outside of that he didn't know where any other points would come from.

Pollard's Showing Brightens Outlook

Bobby Pollard, however, put a new look in the Tiger track outlook by breezing home first in the 100-yard dash and placing a close second in the 220-yard dash.

The Tigers, thus, won the runnerup torphy by placing in only five of the 15 events that were run Saturday.

The 25 Tiger points came on 9 in the high hurdles, 7 in the low hurdles, 5 in the 100-yard dash, 3 in the 220-yard dash and 1 in the mile relay.

So Stehley probably will begin a search today for some talent in the other events.

The second place finish Saturday was the highest place the Tigers have gained in the history of the Canyon Reef Relays.

West Texas Well Represented In Cage Finals

West Texas teams failed to come up with a state cage crown this year but this sector furnished four runnersup in the five division affair.

West Texas, in fact, had more teams in the state finals than did any other sector. The runnersup from the West Texas area were Pampa in Class 4A, Pecos in 3A, Seminole in 2A and Meadow in Class B.

Only in the Class A finals was West Texas not represented. The East had 3 finalists, the South 2 and Central 1.

So, it wasn't such a bad year afterall for West Texas schoolboy cagers despite the fact that none emerged with a state title.

Pecos' lack of balance finally caught up with the Region 1-AAA champs in the state tournament. The "two-man team" of Bubba Ephriam and Billy Jim Simmons scored only 12 and 9 points respectively in the title game with Smiley.

We knew that if either of the two ever had a cold night it would be curtains for the Pecos quint. And it looks like both had a miserable night in the finals. Pecos only hit 12 of 54 field goal attempts for a dismal 22 percent. Simmons hit only 3 of 19.

Ephriam, we understand, is only a sophomore scholastically but his eligibility is up because of his age.

SWC 9s Off To Bad Start

By The Associated Press

Four Southwest Conference baseball teams have opened the season and done poorly indeed.

Southern Methodist and Texas Christian each has won two out of four. They met each other twice last week and split the series.

Texas A&M and Baylor are winless.

Texas and Rice, the other conference members playing baseball, swing into action this week, Texas opening with Sam Houston State at Austin Monday and Tuesday and Rice taking on Texas Tech at Houston Tuesday.

Sam Houston State has been tough to handle. Southern Methodist started off by beating the Bearcats 2-1 March 1 but since then Sam Houston has beaten SMU once and Baylor twice. Texas A&M was to have played Sam Houston two games last week but had to cancel them because of bad weather.

TCU split with Texas Lutheran at Seguin Saturday, taking the first game 3-0 but losing the second 7-6. Baylor was trimmed by Sam Houston 7-2 and 9-0.

Earlier in the week Texas Christian whipped Southern Methodist 9-3 then lost to SMU 15-0 in the second game.

Ex-Yankee outfielder Charlie Keller, now a Frederick, Md., breeder of harness horse, has named five 1957 foals for a 1960 futurity race to be held at Yonkers, N.Y.

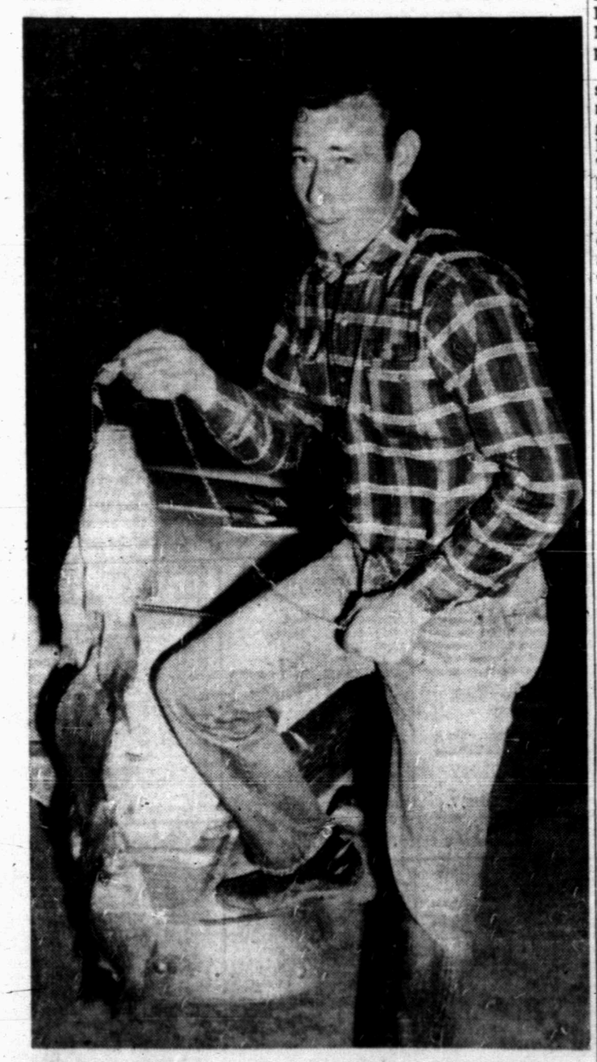

San Antonio Slates 10-Round Heavy Bout

SAN ANTONIO (AP)—Alvin Williams of Oklahoma City, who has fought heavyweight champion Floyd Patterson three times, will meet Eloy Tellez of San Antonio in a 10-rounder here March 19.

Williams lost a decision to Patterson the first time they fought then lost the next two engagements because of eye cuts.

Tellez has won 11 of his last 12 fights.

Bob Jasson, Michigan State's hockey star, set the school record for a single game by scoring seven goals. He did it in 1954 against Duluth Branch of the University of Minnesota.

BIG HAUL— James Hazel, 410 Thirtieth Street, displays a mess of bass he and his wife caught at Lake Thomas Saturday. The string of bass Hazle holds ranged from 2 to 2½ pounds. (Dale Walton photograph)

Baker To Hurl Opener; Other Starters Set

Left-hander Ronnie Baker has been nominated by Coach Speedy Moffett to open on the mound for tomorrow afternoon's season debut for the Tiger baseballers.

The Bengals will open against the defending state champion Abilene Eagles here at 4:15 p.m. tomorrow. It still wasn't known at press time today on which field the game would be played.

The game will be played on the Towle Memorial Park daimond if it is ready. Otherwise the game will be played on the high school field just south of the high school building.

Abilene opened its season last week by sweeping a three-game series from Carter-Riverside of Fort Worth. The Eagles won by scores of 12-4, 5-0 and 11-8 over the Cowtowners.

Baker, the Tigers' crafty southpaw, will likely be opposed by Kenny Schmidt, ace of the Eagle staff, in tomorrow's lid-lifter. Schmidt was the hero in the state tournament for the Eagles last Juen, winning two of the three games, including the title game.

Baker, over the season last year, posted a 7-3 record. His record in the 3-AA race was 3-0. Schmidt also was unbeaten in district play last year with 2-0.

Both the Tigers and Eagles will have three returning all-district June, winning two of the three players in the starting lineup tomorrow afternoon. First baseman Milton Ham, shortstop Tommy Prichard are the Tiger all- district players returning. Baker, however, was chosen as a utility outfielder on the all-district team.

All-district players returning for the Eagles are catcher Glynn Gregory, shortstop Robert Carothers and outfielderJimmy Carpenter.

Both the Tigers and Eagles, too, have one player back who made the second all-district team last year. They are second baseman Joe Reaves of the Tigers and pitcher Schmidt of the Eagles.

The Tigers have 10 lettermen returning. The numeral winners back are pitchers Baker, Dwayne Prince and Tim Roberts; infielders Ham, Reaves, Prichard and David Hale; outfielders Neil Boyd, Gary Vice and Mickey McGrew.

Catching is the big question mark for the Tigers. All-district Don McNew, last year's regular catcher, graduated last spring. Moffett will start either junior Billy Mark Phillips or sophomore Terry Lee behind the bat for tomorrow's opener.

Following is the starting lineup and batting order for the Tigers for tomorrow's game:

Gary Vice, cf.
Joe Reaves, 2b.
Tommy Prichard, ss.
Mickey McGrew, rf.
Milton Ham, lb.
Ronnie Baker, p.
Tom Falls or Coleman John, 3b.
Neil Boydl, lf.

Yankees, Dodgers Picked To Repeat

ST. PETERSBURGH, Fla., (AP)—The 1957 World Series will be played precisely where it was played in 1956—at Ebbets Field and Yankee Stadium—according to the consensus of major league managers.

In an early spring poll of big league pilots, those who should know best picked Brooklyn and New York to repeat as pennant winners. They chose the Yankees to again whip the Dodgers in the October classic.

They predicted an even easier triumph than last year for the Yankees but figured the Dodgers would encounter stiff opposition from Milwaukee, Cincinnati and St. Louis.

Having ventured this far in the prediction field, the psuedo-prophets polished up their crystal balls and decided to go whole hog. They said Mickey Mantle of the Yankees and Hank Aaron of the Braves would repeat as batting champions, that Mantle would again win the American League's home run title but would be beaten out for the runs-batted-in title by his Yankee teammate, Yogi Berra.

The musing masterminds also tabbed Ted Kluszewski to dethrone Duke Snider as the National Lague's home run king and Stan Musial as the runs-batted-in champion.

Turning to pitching, soothsaying skippers selected five pitchers as most likely to win 20 or more games, three in the American League and two in the National. They are Whitey Ford of the Yankees, Herb Score of Cleveland, Frank Lary of Detroit, Don Newcombe of Brooklyn and Bob Friend of Pittsburgh. All but Ford (19-6) and Friend (17-17) were 20-game winners last year when nine pitchers entered the charmed circle.

The "experts" predicted comebacks for such players as Eddie Mathews and Gene Conley, Braves; Roy Campanella, Dogers; Bob Turley, Yankees; Bobby Avila, Indians, and Bob Speake, Cubs. But they were doubtful whether such favorites as Sal Maglie, Warren Spahn, Bob Lemon, Don Larsen, Ed Bailey, Dale Long and Brooks Lawrence could retain their '56 form.

LIVE TOUPEE — Vic Wertz, genial Cleveland first baseman with the faculty for crossing eyes as well as hitting baseballs, takes an amazed look in a mirror at a ring-tail cat perched on his head. Wertz, shiny on top for years, said it was the first live toupee he had ever seen.

College Quints Open Play In NCAA, NIT, NAIA Tourneys

By JIM KENSIL
The Associated Press

West Virginia's Hot Rod Hundley, North Carolina's Len Rosenbluth and Kansas' Wilt Chamberlain lead their teams into the 23-team NCAA major college tournament this week in scattered sites across the nation.

Eight NCAA small college teams battle for the title in their tournament at Evansville, Ind., Wednesday through Saturday.

Thirty-two other small schools begin knocking heads today in the NAIA Tournament at Kansas City.

And in New York Saturday, the 12-team National Invitation Tournament begins a week's run.

The NCAA major college linup was completed over the weekend. North Carolina's unbeaten Tar Heels, No. 1 in the Associated Press poll, won their 27th straight, 95-75 over South Carolina, in the finals of the Atlantic Coast Conference tourney. The NCAA spot went with the championship.

The other conference slots had already been filled, but just for the record California wrapped up the Pacific Coast Conference title with an 89-83 triumph over Southern Cal.

The brand new NCAA small college affair—officially designated the "College Division" tournament to differentiate it from the major or "University Division" battle—began last week with 32 teams meeting on various courts. After Saturday's second-round games, Rider, Mt. St. Mary's, Buffalo, Kentucky Wesleyan, South Dakota, Wheaton, San Diego State and Los Angeles State are left for the quarter-finals at Evansville Wednesday.

The NCAA major tournament gets under way tonight at Pocatello, Idaho, with Idaho State of the Rocky Mountain Conference and Hardin Simmons, Border Conference representative, meeting in a preliminary round. Other prelims in New York, Oklahoma City and Columbus, Ohio, are slated for tomorrow night.

In New York, North Carolina meets Yale, Connecticut meets Syracuse and West Virginia meets Canisius. It's Miami (Ohio) against Notre Dame and Pittsburgh vs. Morehead (Ky) at Columbus. Loyola of the South and Oklahoma City meet on the latter's court.

The winners of these seven games advance to the regional quarter-finals with nine teams exempted from the prelims. The regionals are at Philadelphia, Dallas, Corvallis, Ore., and Lexington, Ky., Friday and Saturday. The regional champs advance to the semifinals and finals March 22-23 at Kansas City.

The Pocatello victor joins Brigham Young, California and San francisco, defending NCAA champions, in the Corvallis regional.

The New York winners go to the Philadelphia regional with Lafayette.

The two Columbus winners play at Lexington with Kentucky and Michigan State, and the Oklahoma City victor joins St. Louis, Kansas and SMU in the Dallas regional.

The NIT gets moving with Utah playing Memphis State in the televised opener. Other first-day games are Cincinnati vs. St. Bonaventure, Seton Hall vs. Xavier of Ohio and Dayton vs. St. Peter's N.J. Seattle and Bradley, seeded 1-2, and Manhattan and Temple, which drew byes, play in second-round games the following Monday and Tuesday.

FIRST TO PLAY IN STATE TOURNAMENT—Ira Ephriam (18) (right), of Pecos High School, takes a pass from a teammate as he started a drive for a basket and two points. Troy Burch of Nacogdoches High School tries to break up the pass. Ephriam, the first Negro to play in the Texas State High School basketball tournament in Austin, Texas., ended the game with 30 points. Pecos defeated Nacogdoches 71-62.

IN TEXAS SKULBOY

South, East Hog Basketball Honors

AUSTIN (AP) — The Texas high school basketball power, which started a movement to the south and east last year, completed the swing last weekend when teams from those areas won all the state championships.

Port Arthur and Smiley of the south won the Class AAAA and Class AAA titles respectively. White Oak, Buna and Big Sandy of the east took the Class AA, Class A and Class B crowns. West Texas, which had won one title in 1956, was shut out.

The state tournament produced records and drama, the latter provided by Big Sandy of Dollardsville, the team that won the state championship in the memory of its coach's wife.

Mrs. Ford King died of cancer in November and the boys pledged that they would win the title in her memory as well as making it a monument to King, who his retiring as coach after 18 years of leading the Indian boys from the Alabama-Coushatta reservation.

Big Sandy, led by the great Oscar Williams, who scored 31 points, beat Meadow 80-59 in the finals for this school's second championship in seven trips to the state tournament.

Port Arthur won the grand prize—the Class AAAA championship. The Yellow Jackets lashed Pampa 67-51 for their first title. Smiley, led by its 7 foot ½-inch center, Lewis Qualls, took the Class AAA crown with a 52-35 decision over Pecos.

Buna ran up the greatest record in the state—the longest winning streak of all time in Texas schoolboy basketball—when it downed Seminole 74-43 for the Class AA title. Buna had won two Class A championships in a row before moving up a class this year. This team now has won 66 straight games.

White Oak whipped McGregor 66-51 for the Class A championship.

The feature of the tournament was a 51-point spree by Don Stanley of Buna as he set an all-time record for a player in one game.

For once not a single final game was close. There were at least 15 points separating the teams in all five games. Buna won by the widest margin—31 points. Big Sandy won by 21.

Big Sandy's 80 points in beating Meadow was the highest total ever run up in the Class B championship game by one team. Williams' 31 points also was a new individual scoring mark for the title game.

H-SU Meets Idaho State In NCAA Play

By The Associated Press

The Border Conference expects to find out Monday night if its second best basketball club can beat the best from the Rocky Mountain Conference.

The Hardin-Simmons Cowboys go to Pocatello, Idaho, to meet Idaho State College in a regional NCAA playoff.

The Cowboys finished the season behind Texas Western, but the latter club withdrew from the playoff last week because it had used an ineligible player during the season.

Three games last week completed the regular season for conference teams.

The University of Arizona nailed down third place with a 77-70 victory over Arizona State College at Tempe, which wound up fourth.

New Mexico A&M was defeated 77-60 by Hardin-Simmons and 76-60 by West Texas and finished in a tie for the cellar with West Texas.

Ohio Team In Bowling Lead

FORT WORTH, Tex. (AP) — Metropolitan Clothes of Dayton, Ohio, held the open division team lead today with a score of 2,837 as the American Bowling Congress rolled into the third day of play in the 51-day event.

Held's Recreation of Menomonee Falls, Wis., challenged the Dayton squad for the top spot last night, but faltered in their final frame and settled in second place with 2,830.

Allard Cleaners of Tulsa, Okla., moved into third with 2,825.

Glen Vaughn and Herman Muesing, both of Fort Wayne, Ind., held the top standings in the minor events.

Vaughn smashed out a 3-game total of 657 to take the singles lead. His 1,821 for the nine game all-events category also was good for a lead.

He paired with Muesing for a 1,214 effort in the two-man event to lead that division.

Gibby's Wilton Elevator Co. of Durant, La., shot a 2,776—the best single team game rolled so far.

Howard TV of Abilene, Tex., moved into second place in the booster standings with a 2,669. The booster division is reserved for low average teams.

MAGLIE IS BOMBED

Shantz Sparkles In Yank Debut

By JOHN CHANDLER
The Associated Press

Three innings isn't much to crow about, but Manager Casey Stengel of the New York Yankees may have helped himself to some pitching help when he gambled on taking little Bobby Shantz from the Kansas City Athletics in a 13-player deal Feb. 19.

The 31-year-old left-hander, who has won only 13 ball games in the last four seasons after his great 24-7 season with the A's in Philadelphia in 1952, looked like the Shantz of old yesterday at St. Petersburg, Fla.

Bobby, who has suffered a variety of ailments, bumps, bruises and broken bones since 1952, pitched the middle three innings of the Yankees exhibition with the St. Louis Cardinals. New York won 9-6.

Pitching scoreless ball, Shantz held the Cardinal regulars to a pair of singles by Ken Boyer and Stan Musial, walked one batter and fanned two. He retired eight of the last nine.

Baltimore shut out the Chicago Cubs at Scottsdale, Ariz., 6-0, with nifty two-hit pitching by Don Ferrarese, Billy O'Dell and Mike Fornieles.

The Pirates made it two straight over the Philadelphia Phillies, winning at Fort Myers, Fla., 7-4. Hank Foiles got four hits, Bill Mazeroski had three, and Dick Stuart slammed a homer to account for 8 of the 13 Pittsburgh hits.

At Sarasota, Fla., big Jim Lemon's second homer in two days got the Senators off to a four-run splurge in the second inning as Washington defeated the Boston Red Sox 4-1.

The Milwaukee Braves defeated the Brooklyn Dodgers 7-4 at Miami, the Chicago White Sox downed the Cincinnati Redlegs 6-4 at Tampa, Fla., the Athletics hammered the Detroit Tigers 13-4 at Lakeland, Fla., and the New York Giants went 10 innings to beat the Cleveland Indians 9-8 at Phoenix, Ariz.

Sal Maglie started for Brooklyn and tried to go four innings the first time out, but was sent to the showers in the fourth. The Barber was charged with all the Braves runs, and gave up homers to Wes Covington, Hank Aaron and Ed Mathews.

Detroit led the Athletics 4-0 after three innings, one on Al Kaline's homer, but Kansas City came through with eight runs in the fourth.

The White Sox came from behind with three runs in the seventh inning. Wally Post hit two homers for Cincinnati.

The Giants led Cleveland 8-3 going into the top of the ninth, when the Indians erupted for six runs.

Wayland Tries Hamline 5 In NAIA Opener

KANSAS CITY (AP)—The weeklong, 32-team National Intercollegiate (NAIA) basketball tournament opened in Municipal Auditorium today and there's only the slightest linking which team will take the championship trophy home Saturday night.

Eight teams were seeded when the pairings were drawn up. Pacific Lutheran of Parkland, Wash., was given the top spot, primarily because its 27-1 season record included two victories over Seattle's AAU champions.

Texas Southern, which was beaten in the finals by McNeese State of Lake Charles, La., last year, was seeded 8th despite its 31-1 record, best in the field, and the fact it has all of its 1956 personnel returning.

First round pairings today:

12 noon, EST—Eastern Illinois vs. Highlands, N.M.
1:30 p.m.—Millersville, Pa. State vs. Central Mich. State.
300 p.m.—Portland, Ore., vs. Austin Peay.
4:30 p.m.—Upper Iowa vs. Southwest, Tex. State.
7:00 p.m.—Hamline vs. Wayland, Tex.
8:30 p.m.—Texas Southern vs. New Haven State.
10:00 p.m.—Emporia, Kan. State vs. Northern State, S.D.
11:30 p.m.—West Virginia Tech vs. Villa Madonna, Ky.

DiBiase Puts Streak On line

By The Associated Press

Tony DiBiase, 21-year old college clouter, aims to stretch his unbeaten string to 19 tonight when he takes on experienced Danny Giovanelli in an all-New York welterweight 10-rounder at New York's St. Nicholas Arena.

The neighborhood feud, which will be telecast by DuMont, 10:30 p.m., EST, irated even in the betting.

Lightweight champion Joey Brown makes his first non-title outing on Tuesday in an overweight 10-rounder with Montreal's Armand Savoie at Houston. This is the first of several cash-in tuneups for Brown who stopped exchampion Bud Smith in a return title scrap Feb. 13. It will not be telecast.

Spider Webb, the slick boxing, hard-hitting middleweight contender from Chicago, guns for his 19th straight victory in the Wednesday night radio-television feature, ABC, 10 p.m., EST, at the Chicago Stadium. He faces tall Randy Sandy of Brooklyn in a 10-rounder. Webb is a 4-1 favorite. Sandy, however, was a 5-1 underdog to Joey Giardello on Feb. 6 and was just nosed out by a split decision.

Two fast featherweights, Gil Cadilli, Los Angeles, and Ike Chestnut, New York, collide in New York's Madison Square Garden Friday night, NBC-TV, Radio, 10 p.m., EST, in another 10-rounder rated even in the betting. Chestnut replaced ailing Isidro Martinez of Panama.

Six Killed In Mishap

LEWISVILLE (AP) — Two cars shattered headon yesterday, killing six persons. Five were members of one family.

Killed were Mr. and Mrs. Marvin Larry James, both 33, of Dallas; their three children, Larry James, 9; Robert James, 3, and Tommy James, 1; and the driver of the second car, Paul A. Montgomery, 25, of Whitesboro, Tex.

Mary Alice James, 7, and a rider in Montgomery's car, Dean Shields, 26, of Whitesboro, were critically injured.

All but 3-year-old Robert James apparently were killed instantly. Robert died in a Denton hospital about six hours after the crash.

The James family was returning from a fishing trip.

NEW SERVICE REPAIR SPECIALIST Shelby Graham has joined Sears Service Center in Snyder. Graham, who has been in radio and television repair work three years, came here from Lamesa.

New Repair Specialist Takes Over Duties At Sears Center

A new service repair specialist has assumed duties at the Sears Service Center, service outlet for Sears, Roebuck & Co. here.

He is Shelby Graham, who came here two weeks ago from Lamesa. Graham, a graduate of the radio-television school of Draughan's Business College, Lubbock, has been in radio and television repair work for three years.

Graham is a Native of Lamesa and did all his service work there until his move to Snyder.

Working with Graham at the service center is Wilbur Eaton, who is appliance specialist. Like Graham, Eaton has had several years of experience in his field and works with all types of Sears appliances, including refrigerators, washers, driers, power lawn mowers, and many others. He was trained in a special Sears factory refrigerator school at Dallas.

The Sears Service Center, which was opened here last November as a special service to Sears customers, is located on Twenty-fifth Street just east of Scurry Butane Co.

Stocked with a complete line of parts for practically every type appliance, the service center can give rapid service on large and small appliances.

The center offers a pickup and delivery service for convenience of customers, and it handles installation of appliances sold by Sears, Roebuck & Co. here.

The Sears Service Center has on hand at the shop all the latest types of testing and adjusting equipment for television service.

SNYDER BUSINESS NEWS

PONTIAC SERVICE SPECIALIST—Bill Teaff, shown above in the parts department of Chieftain Pontiac, 811 Twenty-fifth Street, is a complete service and parts specialist for Pontiacs, having been specializing in service to Pontiacs for several years here in Snyder. (Lee Watson photograph)

Chieftain Pontiac Can Make Your Automobile 'Like New'

Does your car perform now just as well as it did the day it was new?

Probably not if it is several months or years old and has been driven normally.

That "like new" performance is difficult to obtain in a used car, but it is possible when the car receives the proper attention when taken to a garage for service.

Bill Teaff, parts and service manager for Cheiftain Pontiac, 811 Twenty-fifth Street, is one of the most highly qualified men in West Texas to put your car in "like new" running condition.

He has been in the automobile servicing profession in Snyder for several years, and has specialized in General Motors cars, especially Pontiacs.

"Of course, we service every brand of car in the Chieftain pontiac service department, but we specialize in offering a complete service for Pontiacs," Teaff said.

By that he meant that not only is the Cheiftain Pontiac service department complete in every detail to offer everything from automatic transmission service to air conditioner installation and repair, but he meant too that Cheiftain Pontiac has a complete line of parts for all models of Pontiacs.

"Factory parts made by the factory which built the car insure proper fit when used to replace a worn, or broken part, and give longer service life because they are identical to the part which is replaced," Teaff said.

Teaff says that the most important aspect of automobile repair is location of the actual cause of trouble.

"Many times a worn or broken part can be replaced on a car, only to give away again soon leaving the thought in the mind of the owner that the replacement part was no good when actually the same thing that caused the original trouble had caused the second trouble in the same manner," he said.

"Finding and correcting the cause of the trouble with a car is just as important as finding and correcting the cause of an illness in your health," he said.

"At Chieftain Pontiac, the service men always try to point out to a customer worn or broken parts which have not been noticed or caused embarrassing trouble on the road," Teaff said.

"By doing so the service man is not trying to get a repair job right then, but is merely letting the customer know that service may soon be necessary or that the car is unsafe to drive with the trouble," he said.

Lobby Control Bill Expected To Be Passed

HOUSTON (AP)—House Speaker Waggoner Carr says he expects the Legislature to pass an effective lobby control law this session, but he warned that proposed laws on lobbyists may endanger the "basic right" of citizens to petition government.

In a filmed interview telecast over a station here last night, Carr said the "pitfall" in proposed lobbyist legislation laws may be "regulating the basic right of a citizen to contact or petition legislators."

Such a law, he said, might hinder the work of "good citizens" lobbying for good bills, but at the same time might give free rein to "the people we are really after."

Carr made no suggestions about how this danger might be reduced or eliminated and did not offer any specific criticism of lobby control bills now before the Legislature.

He said lobbying practices "can be illegal or a bad thing," but added that cases of actual legislative conduct are "few and far between."

Carr said the last case of misconduct to result in charges against a Texas legislator occurred about 30 years ago.

"That speaks well for the average legislator and the average session," he said.

"Almost without exception our legislators are men of high character and high ambition who are well respected in their own communities."

Carr said he had "never received personally any type of offer or any insinuation of an offer" of any nature. He is serving his fourth term.

He called the practice of lobbyists' buying meals of legislators a "harmless thing."

In many cases, he said, the only time legislators can confer with constituents is at meal time.

He said whether a legislator will be influenced by the acceptance of retainer fees from organizations which are state-regulated or interested in legislation depends strictly on the individual involved.

"However, if the public feels it is a dangerous thing it should not be allowed at all," he added.

Two Are Killed In Two-Car Collision

ODESSA (AP) — A 58-year-old grandmother and her 5-year-old granddaughter were killed yesterday in a two-car collision five miles north of here.

The victims were identified as Mrs. W. H. Magill, 58, of Alamagordo, N.M., and Ollie Darlene Green, daughter of Mr. and Mrs. Jack Green of Hatch, N.M. James T. Magill, 38, of Odessa, a passenger in the car, was critically injured.

Passengers injured in the second vehicle were H. P. Mason, 25, an oil field worker, and Miss Jean McCarver, 23, both of Andrews, Tex.

State Fair Board Member Dies Sunday

DALLAS (AP)—Otto Herold, 81, member of the State Fair board of directors for many years and president or general manager during most of the 1930s, died yesterday.

Herold also was a pioneer in the Dallas cleaning industry and was chairman of the board of the Oriental Laundry at the time of his death.

Youth Killed By Clothes Dryer Sunday

HOUSTON (AP)—David Dundas, 3, was killed yesterday by an automatic clothes dryer which started operation after the exploring youngster climbed into it.

Deputy Coroner Howard Gossage said the boy had third degree burns over his entire body, his left leg was broken and he had severe cuts and bruises about the head and body.

Harris County Pathologist W. W. Coulter said the boy died from the burns.

Robert W. Dundas Jr., the lad's father, said he had warned his son several times about playing with the dryer, which is in the garage of their suburban home.

He said he was in the house when he heard a thumping sound. "As soon as I heard that sound I knew what it was," he told officers.

Police Sgt. Alan Thurman said the dryer door and controls are on the front of the machine. He said the boy must have turned the control knob, then climbed in and closed the door behind him.

Thurman said the whirling of the cylinder must have knocked the boy out almost immediately.

New Term Is Started

WASHINGTON (AP) — Don't let the fellow at the next desk look down his nose at you because he's a specialist. Tell him you're a generalist.

The word saw the light at House Appropriation Committee hearings on the civil defense budget. The proceedings published today show that Administrator Val Peterson was asked what was meant by the listing of generalists on his staff.

"Is this a superspecialist?" asked Rep. Yates (D-Ill).

"No," Peterson replied. "Our choice of terms may not be too good. This is a man who is jack of all trades. He can go out and do business in most of those fields."

"Now you are talking in language we can understand," remarked Rep. Thomas (D-Tex). "We can all qualify."

Unfinished Coliseum Is Damaged By Smoke

DALLAS (AP)—A blaze spouted a towering column of black smoke and damaged the roof of the coliseum at the unfinished eight million dollar Dallas Memorial Auditorium today.

Firemen said the blaze apparently broke out around two tar vats.

No damage estimate was available.

Houston Man Facing Trial In Fund Loss

WACO (AP)—Archie H. Gordon, former chairman of the board of the Normangee, Tex., First National Bank, was scheduled for trial today on charges of misapplication of funds.

The Houston man appeared in court here several weeks ago and pleaded guilty to all counts of the indictment. He was freed on bond.

The government alleged Gordon discounted at his bank $19,000 in notes for $15,000. The notes, the government charged, were secured by mortgages on eight automobiles, were fictitious and the cars were not owned by the persons who signed the notes.

ASSOCIATED PRESS NEWS IN PICTURES

TAKING SHAPE — The Mayflower II, a replica of the Pilgrim Fathers' ship, nears completion in Brixham, Eng., shipyard. Craft is to repeat their voyage to America later this year.

BEAUTY IN DUPLICATE — Reflection on surface of a nearby lake reproduces the scene during traditional sunset ceremony of "beating the retreat" in New Delhi. Illuminated buildings are the central secretariat of the Indian Union.

BEGINNER'S LUCK — Steven Tatro is a puzzled two-year-old as he examines first fish he caught through ice near Minneapolis. A moment later he let out a triumphant shout.

TOP CLICK — June Lundi, Bronx, N.Y., wears "crown" as she poses in New York following her selection by the New York Press Photographers as their 1957 Queen.

HIGH LIVING — An actress plays many roles and Gladys Cooper at sixty-five doesn't spare herself as she is whirled into air at rehearsal of a new musical show in London.

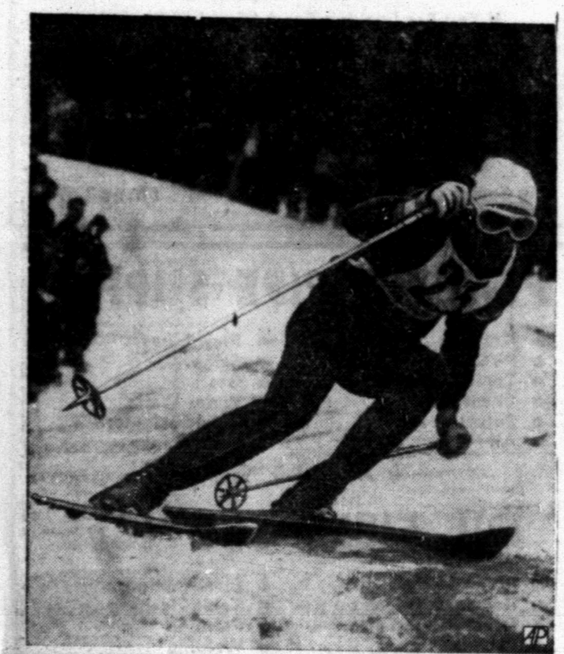

GLIDER GAZING — Marshal Georgi Zhukov, Soviet defense minister, and Indian Premier Nehru lean back to watch a glider demonstration during the Russian's visit to New Delhi.

CARNIVAL CLEANUP — Two volunteer workers start dusting plaster and cardboard figures in a Mainz, Germany, warehouse prior to their use in annual pre-Lenten carnival.

FACES TASK — Dr. Arthur E. Ruark of the University of Alabama is the administrator of the research job of taming the hydrogen bomb's reaction to peaceful uses.

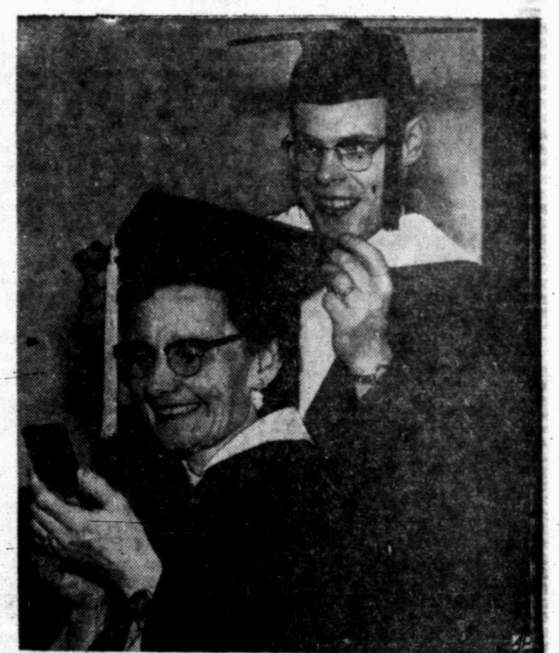

WINNING WAY — Austria's Toni Sailer bends into turn as the Olympic champion speeds downhill to win giant slalom at international sports festival in Garmisch, Germany.

TOP ATTRACTION — A basket-shaped hat of white-dotted black silk is the dominant feature of a red gabardine suit ensemble displayed at Milan, Italy, fashion show.

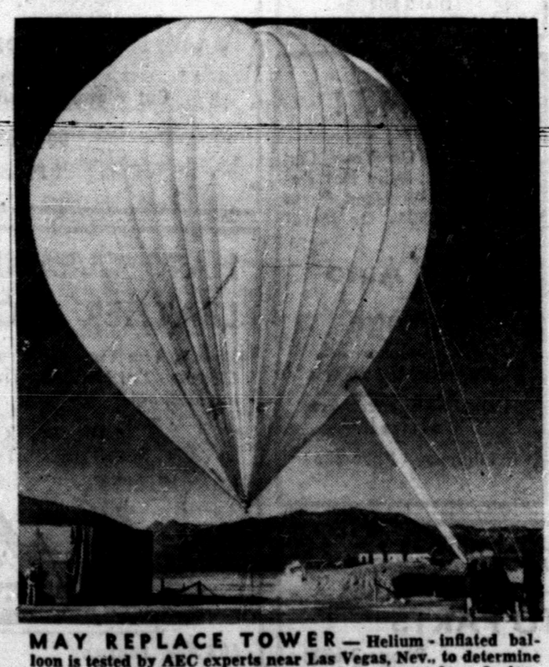

FAMILY CONCERN — Melinda Dee, 10, is a tense spectator as Denver Truckers AAU basketball team, coached by her father, battles to defeat the Peoria, Ill., Cats in Denver.

LONG STUDY ENDS — James R. Rogers adjusts cap for his mother-in-law, Mrs. Ruby Fredley, prior to University of Pittsburgh graduation. She started work on degree in 1921.

TWO-CAMERA MAN — French paratrooper Andre Suire demonstrates in Paris his special helmet rig for two cameras which enables him to film fellow parachutists during jumps.

MAY REPLACE TOWER — Helium-inflated balloon is tested by AEC experts near Las Vegas, Nev., to determine its use as an anchored platform to detonate nuclear devices.

AIMING IN ADEN — Tribal guards in the British-allied Aden Protectorate fire from behind a stone barricade during rifle practice near Yemen border, scene of recent clashes.
