Thompson Defense Rests Amid Clashes

State Fails To Shake Story Of Defendant After More Than Day Of Cross-Examination In Vernon Trial

Recess Is Granted

Thompson Continues To Lay Blame For Crabtree's Death On Hefner, Sentenced To 99 Years In Penitentiary

(By The Associated Press)

VERNON, Feb. 5—Frequent clashes of attorneys enlivened trial today of Emmett Thompson, on charges of murder in the slaying of Homer Crabtree near Le Fors, Gray county.

Thompson left the witness stand after more than a day of questioning under cross examination. The state failed to make an appreciable point. According to Thompson's testimony, Carl Hefner did the actual beating and stamping of Crabtree which allegedly caused his death. Hefner previously had been assessed a 99-year sentence in a trial at Pampa.

Defense Rests

The defense rested immediately after Thompson left the stand and the state called C. G. Engledow, former Pampa district attorney in rebuttal.

Another clash was precipitated when the state proposed to introduce in evidence several signed statements. The names of Mrs. C. C. Alexander, T. D. Yancey and Pearl Daniels were mentioned in connection with the statements.

The court overruled defense objections and Engledow identified the statements of Mrs. Alexander and Yancey as having been read and signed by them before him.

Recess Granted

Prosecutor Weeks then took the witness stand and started reading the statement attributed to Mrs. Alexander, a defense witness. The defense asked a recess until tomorrow morning, attorneys expressing belief that in the interval they could show cause why the statements would not be admissable. The court granted the request.

An objection of the defense to introduction of Thompson's motion for severance of the trials after he and Carl Hefner were indicted jointly, was sustained. The state contended that the motion set forth Thompson's belief that evidence

Lubbock's Gas To Be Tested

Calorimeter For Testing The Content Of Gas Ordered By City Commission; Expected Within Next Two Weeks

Following the circulation on Lubbock streets of petitions asking the city commission to investigate present gas rates here, city officials announced Thursday that a calorimeter for testing British thermal unit content of gas had been ordered and would be used continuously here upon its arrival.

Purchase of the instrument was authorized by the city commission several weeks ago, it was said at city hall.

Test At Intervals

The calorimeter is expected to arrive within the next two weeks and immediately upon its arrival will be put to use in various sections of the city. These tests will be run at regular intervals by members of the city engineering department. Officials stated that they would be able to determine exactly the b. t. u. content in the tests.

According to city officials, the franchise held by the West Texas Gas company states that the required b. t. u. content shall not be less than 800 while the last test run by the company showed 1,050 b. t. u.

Approximately 400 signatures had been obtained on the petitions and the number was expected to reach 600 before circulation of the documents ceased, R. D. Williams, of 1212 Tenth street, said late Thursday afternoon.

The petitions asked the city commission to determine the reason for allegedly "exorbitant prices that we are now paying for gas." Circulation of the petitions was begun Wednesday.

Mayor J. J. Clements, Thursday, reaffirmed a statement that he was not prepared to comment on the petition.

Butler Silent On Statement Of Vanderbilt

Defenders Of Marine Major Confer Seriously Thursday Over Reports That Quotations Were Inaccurate

(By The Associated Press)

WASHINGTON, Feb. 5.—The defenders of Major General Smedley D. Butler conferred seriously today over news reports from Cornelius Vanderbilt, jr., that he had been "quoted inaccurately" by the accused marine, but neither Butler nor his counsel would comment further.

After an all-day conference at Butler's Quantico, Va., quarters Major Henry Leonard, one of his counsel, said Vanderbilt's charge had been seen, together with his offer to "relate correctly from the witness stand" what he had said. Leonard asserted just as promptly, however, that the defense had nothing to say.

Meanwhile word came from the navy department that at least so far as the navy was concerned the specific charges against Butler will not be made public until they are read at the pending trial.

"In the regular course of events," Secretary Adams said, "the charges and specifications are made public when the accused is arraigned in open session before the court martial sitting in his case."

James Maxon Is Freed In Slaying

NEW YORK, Feb. 5. (AP)—James Matthew Maxon, jr., Chattanooga Tenn., was acquitted today of the murder of David Paynter.

A considerable crowd had remained to hear the verdict and applause broke out in the old courtroom when Foreman Alexander McLean announced the acquittal.

Young Maxon, his face ashen sprang to his feet and seized the hand of his attorney, Martin W. Littleton, pumping it vigorously.

Then the liberated youth, confronted no longer by the prospect of a possible long-term incarceration, took leave of the court scene in which, for many hours, he anxiously and hopefully awaited the moment.

Youth Held In Brutal Slaying Of Aged Texan

Fifteen-Year-Old Boy Charged With Murder Of 75-Year-Old Store Proprietor In Galloway County Thursday

Admits His Guilt

Alleged Slayer Trailed With Truck Load Of Merchandise And Captured; Waives Extradition To Texas

(By The Associated Press)

CARTHAGE, Feb. 5. — Willie Bynum, who claimed his age as 15, was held in Panola county jail here tonight charged with the brutal slaying today of J. R. Kirby, 75-year-old proprietor of Kirby's store in the Galloway community, nine miles north of Logansport, on the Texas side of the Sabine river.

Bynum was trailed with a truck load of merchandise and was captured late in the day at Pleasanthill, La. Sheriff Clyde Williams at Mansfield, La., said that Bynum admitted his guilt and waived extradition to Texas.

Changes Statement.

On his way to the jail Sheriff J. S. Gholston said Bynum again made statements implicating himself in the slaying and robbery of the store but that later Bynum denied he had killed Kirby though he admitted he robbed the merchant, sacked the store and stole the truck.

Bynum told a Shreveport reporter he went to the store this morning to buy some rifle cartridges and upon entering the building found the old man in a pool of blood. He then decided, Bynum said, to loot the place.

He admitted stealing large quantities of groceries, about $45 in cash, loading the groceries on the slain man's truck and driving away in it. He was seen by J. N. Ramsay, a passerby enroute to the store and who, upon finding the aged storekeeper near death, spread the alarm.

Marines Guard Quake Debris

New Zealand's Realm Of Ruin Under Martial Law; Armed Soldiers Prevent Looting; Rescue Workers Continue

(By The Associated Press)

NAPIER, N. Z., Feb. 6. — New Zealand's realm of ruin was under martial law today. Armed marines patrolled the streets to prevent looting and to see that nothing hampered the ceaseless toil of rescue workers seeking survivors in the wreckage left by Tuesday's earthquake.

All day yesterday a great exodus continued, the inhabitants who had escaped death fleeing from the disease which it was feared might follow destruction of the city's sanitary system.

Communication between the razed towns of Hawke's Bay province and the outside world was reestablished. With scores of doctors, nurses and other relief workers present, all that was possible was being done for the hundreds of injured still unable to be moved.

There were recurrent earth shocks during the evening which served again to terrify the population, but no serious damage was done.

Red Cross workers estimated the number of dead in the whole quake district at more than 1,000, but other reports made the figure lower. A final count will not be known probably for days.

Golf As Business Not To Be Aim Of Walter Hagen

"The Haig" Says He Is Gradually Retiring From Competition In Golf Tourneys

By COLLIER PARRIS
(Avalanche Sports Editor)

THE most popular professional golfer and one of the greatest, does not depend upon return of tournaments and exhibitions to provide for his chow and mattress. And everything you see in the form of athletic goods from underwear to the most expensive driver bearing the name of Walter Hagen does not mean that manufacturers pay for the use of his name.

Walter Hagen

For "The Haig" is a manufacturer himself. Golf is his hobby. He owns a factory in Detroit valued at upwards of $300,000 which he himself oversees and manages. His factory turns out athletic materials of all kinds, but deals especially with golf equipment.

"When I retire from active competition in golf tournaments the public will hardly know it, for I'm cutting down on it gradually," he said yesterday after completing 18 holes of exhibition golf over the Lubbock Country Club course. "I want to spend more time at my factory. Business is getting good and I want to be around as it gets better. I shall never retire from the golfing field as long as I can wield a club, but golfing as a business will not be my aim much longer."

The great man of professional golf was walking from the club house to his 16-cylinder automobile while the gallery was trailing Joe Kirkwood, Hagen's traveling companion, to a nearby spot where an exhibition of Kirkwood's famous trick shots was to follow. "Now take old Kirky over there. He's a good golfer and a natural showman. He's in the business first because he likes it and second because he can make money at it. As for me, golf as a business rests well in the hands of men like Kirkwood and George Von Elm."

Four Lubbock Fires Result In $800 Loss

Fifth Alarm Here Thursday Proves To Be False; One Of Alarms Sounded As Trucks En Route To Another Blaze

Four fires here Thursday caused tctal damage estimated at $800 to $1,000. A fifth alarm proved to be false.

The four-room house of a negro E. J. Jamison, at 1820 Avenue B, caught fire at about 5 o'clock Thursday afternoon. Firemen estimated that loss on the house and contents amounted to about 60 per cent of the total value of about $500.

An alarm was sounded while firefighting apparatus was enroute to the Avenue B address. As a result of the second alarm, firemen went to Avenue E and Eighteenth street, but did not find an automobile which had been rported burning.

Two alarms had been answered earlier in the day.

The home of Freeland Groce at 2105 Fourteenth street was damaged by fire, believed to have started from heating appliances, shortly before 11 o'clock Thursday morning. The flames were said to have run up a wooden chimney in the house.

Flams said to have resulted from defective electric wiring caused heavy damage at the R. S. Booker home at College avenue and Twenty-sixth street early Thursday morning. The alarm was sounded at 3:10 a. m.

Loss caused by the two early fires was estimated roughtly at several hundred dollars.

Heavy Downpour Of Moisture Here

Preceded by a light shower and accompanied by an electrical display, a heavy downpour of rain occurred here late Thursday night. Pelting late-hour pedestrains who ran for cover through the sheet of precipitation, the rain lasted less than 30 minutes.

Although rain was reported Thursday night in virtually all parts of the South Plains and northward into the Panhandle, the fall was described as light in all sectors.

A few moments' shower began at about 7:30 o'clock at Plainview. A rain which was hard but shortlived, was reported at Spur.

Post reported no rainfall. In the southern part of the area, Tahoka reported a light shower. A small amount of rain was reported at Morton.

Two brief showers visited Brownfield. Rainfall was reported from Lubbock south to Midland.

A series of light showers fell at Levelland and Shallowater.

Any Old Fiddler Eligible To Compete In Event Here

Any old fiddler is eligible to compete in the old fiddlers' contest which will be held Saturday night in the district court room, T. H. Martin has announced.

Kidnaping Act Would Demand Death Penalty

Measure Passed By House On Thursday; Minimum Sentence Would Be For Five Years; Appropriations Cut

(By The Associated Press)

AUSTIN, Feb. 5. — Texas, which has no law at present covering all forms of kidnapping, will have a law "with teeth in it" if the senate and governor follow the lead of the house.

The house today approved a bill by Representative Petsch of Fredericksburg making kidnapping punishable by the death penalty. The minimum sentence would be five years imprisonment. The vote was 112 to 5, an amendment to eliminate the death penalty maximum was defeated 90 to 23.

Emergency Measure

The bill will go into effect immediately, if it gets by the senate and the governor, since it carries an emergency clause. It would apply to kidnapping for robbery, extortion or ransom.

Representative Dewolfe of Goldthwaite procured the passage in the house of a bill to make it a felony to extort money bodily harming a person or by threatening a person's life or property. The maximum penalty was set at 25 years.

The senate took action which will permit more of its bills to be reported back from committee. By a four-fifths vote the senate gave certain committees the right to con-

Thirteen Negroes Arrested In Dice Game Here Thursday

Thirteen negroes were arrested at 2 o'clock Thursday afternoon in an alley in the 1600 block of Broadway as a result of a dice game there.

George B. Eubanks and H. B. Brown, police patrolmen, made the arrests. The negro gambling suspects were in the city jail Thursday night. Police indicated that gambling charges would be filed against them.

A 26-year-old man was fined $200 as a result of conviction on a vagrancy charge in a jury trial in city court Thursday afternoon. He was returned to the city jail in lieu of the fine.

Hoover Weighs Compromise On Drouth Relief

Proposal Is For An Additional $25,000,000 Drouth Loan Appropriation In Place Of Red Cross Relief Fund

Measure Defeated

Senate Coalition Blocks Enactment Of One Of Vital Appropriation Bills; Party Leaders Favor Compromise

(By The Associated Press)

WASHINGTON, Feb. 5.—The senate coalition blocked enactment of one of the vital appropriation bills today while a compromise proposal to break the deadlock on relief legislation was being weighed by President Hoover.

The compromise emanated from the senate and was sent to the White House with word that it was acceptable to both republican and democratic leaders. It called for an additional $25,000,000 drouth loan appropriation in place of the $25,000,000 Red Cross relief fund which the president and the republican house have flatly rejected.

Measure Called Up.

As the fresh peace negotiations moved forward in the hope of avoiding an extra session, the first of the 11 appropriation measures was called up in the senate for final enactment.

Democrats who have threatened an extra session to obtain their relief program lined up solidly in opposition to final approval of the bill. Sixteen republicans joined them.

The vote was 47 to 22 to reject the conference report on the billion dollar treasury-postoffices bill.

The compromise proposal provides an additional $25,000,000 to the $45,000,000 drouth loan fund already appropriated.

The $45,000,000 is available only for farmers for purchase of seed and other things "incident to crop production." It is proposed to make the additional $25,000,000 available for purposes incident to crop production and farm rehabilitation.

Tech Admitted In Association

State School Here Accepted As Member Of American Association Of Colleges And Universities, Horn Told

Admission of Texas Technological college to the American Association of Colleges and Universities was announced Thursday by Dr. Paul W. Horn, president.

Doctor Horn said he had received the following statement from A. M. Palmer, secretary of the American association.

"We are happyy to advise you that by unanimous action of this Association, the Texas Technological college has been elected to full membership in the Association of American Colleges."

Technological college already was a member of the Texas Association of Colleges and of the Association of Colleges and Secondary Schools of the Southern States.

"This admission to the American association of Colleges is simply a broader recognition of the work done by Texas Technological college," Doctor Horn commented.

Edgar Lee Masters Seeks To Strip Garments Of Heroism From Lincoln

By RICHARD MASSOCK
(By The Associated Press)

NEW YORK, Feb. 5—Another author of note has sought to strip the garments of heroism from another famous American.

The author is Edgar Lee Masters, lawyer-poet, and his subject is Abraham Lincoln. In "Lincoln: The Man," published tomorrow, the Spoon River anthologist treats of the martyred president much like Ruper Hughes treated of that other February-born statesman, Geo. Washington.

Lincoln he interprets as a personality, a "slick and crafty politician," cold, mannerless, unkempt, at times neurotic and superstitious.

The union of soverign states of which Lincoln spoke at Gettysburg "perished with the (civil) war," Masters writes, and Lincoln's mind "was not profound enough," to see it.

Masters, who was born in Kansas 61 years ago and grew up in the Lincoln country near Petersburg, Ill., has retired from law and for the past seven years has been living in New York. Most noted for his verse, he said his appraisal of Lincoln

Man Wounded After Picking Up Decoy Package Used In Ruse At Ft. Worth

(By The Associated Press)

FORT WORTH, Feb. 5'—E. J. Brockshire, 27, who picked up a decoy package used in an effort to capture a man said to have demanded $5,000 from a married woman and was shot in the leg during a struggle this afternoon with a woman private detective, was released from technical custody tonight. The shooting took place at a warehouse, where Brockshire is a storekeeper.

The woman detective, Miss Pauline Putnam, was thought by Brockshire to be a robber, he explained. "She pulled a pistol, said 'stick 'em up' without showing a badge or anything, and I thought I was getting robbed" he said.

Orders were given to find and question the man said by the married woman to have demanded she give him $5,000, but assistant district attorneys said they probably could not file a charge against him. A search of Texas statutes failed to reveal a law under which he could be charged, they said.

The married woman, whose name was not disclosed, employed a private detective, J. H. Griffin, for whom Miss Putnam

Legionnaires Here Discuss Bonus Cashing

Letters From Senator Tom Connally, Congressman Marvin Jones Read At Meeting Of Allen Brothers Post

Letters from Senator Tom Connally and Congressman Marvin Jones pertinent to proposal to cash world war veterans' adjusted certificates at face value were read Thursday night at a meeting of Allen Brothers post, No. 148, of the American Legion.

The communications were replies to requests by Allen Brothers post that the two and Senator Morris Sheppard support the bill which would make cashing of the certificates possible. Senator Sheppard had not replied.

Favors Measure

Senator Connally said definitely that he favored the bill and would support it. Congressman Jones was non-commital, althought he said that he would investigate possibilities of the bill further.

The national organization of the American Legion will support the bill, its executive committee having indorsed the plan, according to a letter from national Legion headquarters which was read by Glen Hess, commander of Allen Brothers, post. Proposal to cash the adjusted service certificates in full was originated in Texas, it was said.

Starts Out Walking After He Spends Night In Wrecked Ship, 35 Miles Southwest Of Roswell

(By Associated Press)

ROSWELL, N. M., Feb. 5.—Cadet Joseph B. Donnelly, who had been missing since noon Wednesday arrived here tonight after his plane had crashed 35 miles southwest of here at 1:10 p. m. Wednesday.

Donnelly was brought to Roswell by Allen Doyle, rancher, who found him walking over the desert shortly after 5 o'clock this afternoon.

Search Conducted.

Donnelly and five other student fliers left the training field at San Antonio Wednesday for El Paso and when he failed to land at Fort Bliss yesterday afternoon officers instituted a search for him.

Donnelly told the Associated Press his motor stalled and he attempted to make a landing. As he neared the ground the wind direction shifted and he landed with his plane's tail in the wind. The plane overturned and was demolished. Donnelly suffered only a slight bruise under his right eye.

He spent the night with the plane and then set out to walk this morning, hoping to find some ranch house. He had been without food and water since yesterday afternoon when he was found by Doyle.

Donnelly's home is in Pittsfield, Mass.

Twenty army planes were dispatched from Fort Bliss and San Antonio today to search for him.

Men To Cook And Serve Dinner To Women Of Church

Cooking and serving of a dinner for a hundred women is the assignment faced by men of the board of the First Chrstian church, who tonight will be hosts to women of the four circles of the General Aid society of the church.

The dinner will begin at 7 o'clock in the Bible school annex of the church and a program of songs, speeches and stunts will be presented as a part of the affair. The men will not be permitted to sit down during the dinner event.

The women recently contributed monies which they had collected during the last several years to a fund for discharging financal obligations of the church. The debt has been wiped out and the women will be honor guests tonight in recognition of their contribution.

Mrs. R. A. Mills is president of the General Aid society, with which the four women's circles are affiliated.

Dr. S. S. McKay will be in charge of the program.

Opera Tickets Are In Demand

Reservations From College Towns Of Lubbock, Canyon Leading In Blocks Of Seats By Out-Of-Town Patrons

AMARILLO, Feb. 5.—(Special)—Reservations from the college towns of Lubbock and Canyon today were leading in blocks of seats taken by out-of-town patrons for the appearance of the German Grand Opera company, which Friday night will present the first of three Wag- [illegible] opens here.

Friday and Saturday will see the only opera season to appear in this section of the country this year and include a full program of two days of the finest opera with three separate programs, Friday night, Saturday afternoon and that night.

"If you don't know a thing about music, you will understand opera and get more enjoyment out of it than the accomplished musician," L. James Wathen, Jr., Dallas music and opera critic, said as he talked before the various high schools, colleges and civic clubs of Amarillo and Canyon Tuesday and Wednesday on the presentations of the German Grand Opera Company here Friday and Saturday at the City Auditorium. He will continue his comprehensive lectures Thursday. He talked over WPAG twice Wednesday.

"The accomplished musician will listen to the music closely; he will listen for all technical faults he tries to find out just what is wrong with the music and even though it is perfect he has spoiled a nice evening trying to find out something wrong with it.

Gives Needed Romance

"On the other hand the person who knows little or nothing about music will let the music soar him to the heights or lower him to the very depths, it all depends upon what the musician wants. You love it because it is beautiful. You go there to be entertained, not to criticize.

"The people living today," Mr. Wathen went on, "have very little romance in their lives. The playwrights and novelists of today have forgotten about romance. They write only realism. It is the fad. But I remember; you remember when you used to sit and dream of knights, beautiful women, wonderful music and how you would be noble and could do supernatural things. You want that back, but the picture shows, novels and plays have forgot all about it. There is only one thing left that has all of this romance and that is opera.

Feature Two Dramatic Sopranos

"The German Grand Opera Company's performances in Amarillo Friday and Saturday of this week will feature two dramatic sopranos who may be interestingly compared," James Wathen said.

"Johanna Gadski, one of the greatest Wagnerian sopranos of all time and the greatest living interpreter of Wagner's difficult soprano roles is still a marvelous singer and actress, although she has had a long and most successful career both in Europe and America. Her singing of Brunnhilde's battle cry 'Ho, Yo, To, Ho!' is the most thrilling part of Die Walkuere and it is something that each hearer will remember for the rest of his life.

"Margarethe Baumer, formerly of the Berlin Staatsoper, the Berlin Grand Opera House, is a young artist who is just on the threshold of a great career. Her singing of 'Sieglinde' in 'Die Walkuere' and 'Senta' in 'The Flying Dutchman' leave nothing to be desired. 'In Walkuere' Miss Baumer and Madame Gadski vie for vocal honors."

Crosby County Has Record For Rotary Club Attendance

CROSBYTON, Feb. 5.—Special—Crosby county with two Rotary clubs, one here and the other at Ralls, holds the distinction of having had more 100 per cent Rotary meetings during December than any other county in the entire 41st district, Raymond Nichols, district governor of Vernon, reports here.

Both clubs during the month held five 100 per cent meetings. The district governor visited the club here and reported a revival of interest in the work. The two clubs were the only ones in the district reporting 100 per cent meetings, Quanah coming second with 99 per cent and Crowell third with 98 per cent.

Night Coughing Weakening—How To Conquer It

Science has at last worked out a real cough remedy, entirely different from the ordinary "soothing syrup" that merely moistens the throat and then temporarily deadens the cough with opium, morphine, chloroform or alcohol. Those who have tried everything for a stubborn, miserable cough that weakens the system with its constant racking and lays you open to fatal disease can, with this new discovery, get complete relief in 6 hours.

This new remedy, known as Mentodene, gets right down to the cause of the cough. It is based upon a new way of taking menthol internally in a pleasant-tasting liquid. Everybody knows how menthol, even when just inhaled, "clears out the pipes," soothes rawness, loosens phlegm and kills a cough quickly. When taken internally in this new combination with other healing ingredients—coming in direct contact with the irritated throat lining—it is 10 times more effective.

Furthermore, Mentodene at once works its way all through the system, clearing out the cough, cold and bronchitis that cause headache, fever, etc., and builds up the entire system. So a cough that has hung on for weeks goes in a short time.

Make this amazing overnight test yourself without risking a penny. Get a bottle of Mentodene today from your druggist and take as directed. No matter how severe your cough or how long you have had it, if you do not have a thoroughly comfortable and cough-free night, and if you don't feel 100% better in the morning, maker refunds your money. Start today. Adv.

Consider Road Bond Election

Paving Of State Highway In Terry County Considered By Commissioners Court And Representative Farmers

(By Staff Correspondent)

BROWNFIELD, Feb. 5.—Plans for the calling of a special bond election to vote on the issuance of bonds to pave all of the state highways through Terry county, are being discussed by members of the county commissioners court and by representative farmers and business men.

Members of the court and others, who are watcing the coming bond election in Gaines county to the south and road work in Andrews and Ector counties, declare that Terry county will do its part in the building of a paved highway between Lubbock and McCamey.

At present the highway from Lubbock to Brownfield, known as state highway No. 137, is designated as far as this city only. Next designation is from Andrews to the Ector county line, a tentative one, with an official designation from the Andrews county line through Ector and Crane counties to McCamey.

Ector county is now paving the highway and all but about four miles has been completed. This is expected to be finished in March or April.

Andrews county early in January voted $200,000 in bonds and the state highway commission has designated the road as far north as Andrews. Chairman W. R. Ely of the state highway commission is quoted as stating that in the event Gaines county votes the bonds on February 28, that the road will be designated from Andrews to Seagraves.

"It will then be up to us to vote bonds for the highway through Terry county from near Seagraves to Brownfield," one business man said here.

An announcement may be expected shortly. It was indicated here, on the proposed bond election for the county.

Caldwell Speaks At Kiwanis Meet

Members of the Kiwanis club met at Hotel Lubbock Thursday noon with G. P. Kuykendall in charge of the program in the absence of the president, Dr. Jack M. Lewis.

Joe H. Caldwell, division engineer of the state highway department, was received as a new member in the club with W. C. Rylander making a reception speech.

Dorrance D. Roderick, publisher of the El Paso Herald-Times, made a short talk.

It was announced that the next meeting of the club will be a joint luncheon attended by members of the Rotary and A. B. C. club with the Lions club Tuesday at the Hilton hotel.

Measure Will Be Introduced Today

AUSTIN, Feb. 5. (AP)—A bill making emergency appropriations approximating $1,000,000 will be introduced in the house tomorrow, Representative Sanders of Nacogdoches, chairman of the appropriations committee, said today.

The appropriations committee is expected to start next week working on appropriations for the 1931-33 biennium.

The emergency bill will carry appropriations for departments, educational institutions, state college summer schools and eleemosynary institutions.

over 35 miles southwest of Roswell N. M.

Ten of the air fleet sent to search this section took off at 3:40 o'clock Thursday afternoon from municipal airport for Fort Bliss after scanning this area. The remaining seven were ordered to stay here and renew the search Friday morning if Donnelly had not been found. The seven are expected to leave here this morning.

Seven planes also had been detailed to leave Kelly Field at San Antonio early Friday morning for Lubbock to join the search for the missing cadet.

Planes from Kelly Field, Fort Bliss and Fort Sill participated in the search for Cadet Donnelly, who was a student in the attack section at Kelly Field.

EL PASO, Feb. 5. (AP)—An army plane will be sent from here tomorrow to Roswell, N. M., to pick up Cadet Joseph B. Donnelly of Kelly Field, San Antonio, who reached Roswell today after his plane crashed near there yesterday. He was one of a group of flying cadets en route from Fort Sill, Okla., to El Paso. The other 49 planes will take off tomorrow on the last leg of the flight to San Antonio.

The eagle, in its native haunts, will live to be 200 years old.

Colds and Coughs Yield To Calotabs

Medical writers agree that the important point in the treatment of a cold, or cough due to a cold, is to relieve the congestion in the nose and throat thereby preventing serious complications which may follow a neglected cold. To stop this congestion calomel was the accepted and standard remedy until Calotabs, the improved calomel compounds tablet was introduced.

Now that science has robbed calomel of its nausea and danger, making it pleasant to take and perfectly safe for general use, over forty million Calotabs are consumed in the U. S. yearly with only the most pleasant and satisfactory results. In millions of homes Calotabs have proven their superiority in the prompt relief of colds and coughs due to colds.

One or two Calotabs at bed-time with a glass of sweet milk or water. No salts necessary. No nausea nor the slightest interference with your eating, work or pleasure. Next morning the congestion has subsided, your cold or cough is relieved, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Get a family package of Calotabs, containing full directions, only thirty-five cents. Trial size, ten cents. At any drug store. (adv.)

Thompson Trial

(Continued From Page 1)

was insufficient to convict Hefner and that if acquitted, he could testify for Thompson. The state proposed to show that this differed from testimony in the present trial in which Thompson placed all of the blame on Hefner, asserting Hefner kicked and beat Crabtree after they had quarreled over ownership of a horse Crabtree was riding, and which Hefner claimed belonged to him.

On cross-examination today, Thompson reiterated he did not strike Crabtree and that he pushed Hefner off of Crabtree at least twice. He also refuted testimony of state witnesses that he had made a threat against Crabtree while at the house of Peggy Dawson.

He testified he did not know the truck driver who saw the fight and stopped one to question him only because he saw him going up the road and thought he might have seen it. Major Evans, gravel hauler, had testified for the state that he saw Hefner and Thompson kick and beat Crabtree.

Trial Of Buck Jones Is Set For February 23 At Midland

MIDLAND, Feb. 5. (AP)—Trial of "Buck" Jones, charged with the fatal shooting here of Weldon L. Russell, Abilene real estate man, late in January, was today set for February 23. Arraigned for hearing, Jones was offered bond at $7,500.

Midland officers were wondering today whether Jones will have to be reindicted under another name—his real one, asserts a brother, C. W. Haslett of Columbus, O., who is here. The defendant, however, declares he is named Jones and says the Haslett from Ohio is only a half-brother.

Measure To Reduce Texas Poll Taxes Is Voted Down

AUSTIN, Feb. 5. (AP)—A bill by representative Parmer of Ft. Worth to reduce poll taxes to one dollar and permit women to vote free, was vetoed out of the revenue and taxation committee of the house today with the recommendation that it not pass.

Representative Weinert of Seguin took the lead in opposing the bill in committee, declaring the right of suffrage was worth more than $1.75 and that he would favor a bill to increase the poll taxes.

Weinert declared he would turn the old saying "Taxation without representation," around and make it read "no representation without taxation."

Sugar produced in Czechoslovakia this year is expected to weigh nearly 1,100,000 tons.

TO MOVE TO LUBBOCK

(By Staff Correspondent)

SEAGRAVES, Feb. 5. —Rex Regan, former manager of the Tunnell Dry Goods store here and active in the commercial and civic life of Seagraves for the past five years, expects to move shortly to Lubbock where he will engage in the insurance business. Mr. Regan has been a member of the school board here for some time. He also was secretary of the chamber of commerce until his resignation several months ago and was also chief of the volunteer fire department.

SUNSHINE AND SOAP

WE'RE not going to bore you with technical explanations, but the fact of the matter is this: a pure soap made from vegetable and nut oils is the gentlest, kindest, yet most effective soap that can be produced.

And White King Granulated is the leading vegetable-and-nut-oil soap. That's why you can trust your sheerest lingerie to it. That's why beauty parlors use it for shampooing. And that's why it cleans heavy woolens and greasy dishes so thoroughly.

White King Granulated Soap is economical too. A teaspoonful for the basin, a cupful for the washing machine—plenty. Try it today. Sold by your grocer.

Sixty Relief Requests Made

Applications For Drouth Aid From Lubbock County Residents Sent To St. Louis From Local Office

Sixty applications for drouth relief from as many residents of Lubbock county, mostly in the vicinity of Idalou and the northeast part of the county, were mailed yesterday to St. Louis to T. Wood Harvey, in charge of the work of adminstering federal funds in Texas and other southwestern states. These were the first from this county.

The applications had the approval of the county committee, C. E. Maedgen, chairman; J. S. Edwards of Slaton and Earl R. Davis of Lubbock.

In announcing their forwarding J. B. Shannon in charge of the Lubbock office of the committee, explained that none from Slaton were included in the list because of an error in transmitting them to Lubbock.

Expect Large Number

"The committee meets Friday and I think that there will be a large number from Slaton before them for approval," he said.

Explaining the reason for the lateness of the county's first transmission to headquarters of applications for aid, Mr. Shannon stated that the county commission felt it better to go over each application carefully to see that there are no errors or omissions.

"After the applications are all made out and checked, I check them over again to see that there are no mistakes," he explained. "I often find one or two where I did not think there could be any. As far as I am concerned I do not want any applications to be returned because of errors in this office.

Questions Asked

"There are over 100 questions asked in all of the blanks. So it is easy for a slight mistake to be made. Some counties, I understand, have had all of their first applications that they sent out last week returned because of failure to get all of the forms correctly made out.

"One county had its returned because the waivers did not accompany the papers. It looks to me as if the federal government meant what it said about all of the papers."

Mr. Shannon and the stenographer in the office here make out about 15 to 18 papers a day. More than that have applied for assistance but Mr. Shannon is scheduling dates for applicants to come in and give the stenographer the information desired.

Six forms are forwarded to the district office at St. Louis with each application. It takes several trips, generally, for the entire list to be completed.

After the application is made out, the local committee in each community, Slaton, Idalou or Abernathy, passes upon the case. Then the papers are given the county committee and after they make their recommendations, the case is sent to St. Louis.

"I do not look for a reply before about ten days," said Mr. Shannon "When you consider that there are applications almost daily from between 600 and 700 or more counties, sent to one office, it will take some time to go over these cases."

Enrollment In Shallowater Schools Is Above Last Year

SHALLOWATER, Feb. 5. (Special)—Enrollment of the Shallowater schools this year is nine above that of last year, R. L. Hooten, superintendent, reports.

"We have enrolled 251 so far this year," said Mr. Hooten. "Last year our total was 242. We had 71 in the high school and three more have just come in, making our enrollment 74 in all."

Several months ago Shallowater dedicated its handsome new school building, which replaced the old structure.

Music Of Multiple Maestros Born Of Radio; Four Men Conduct Orchestra

BY DALE HARRISON

NEW YORK, Feb. 5. (AP) — The music of multiple maestros has been born of the radio.

In the hunt for haunting harmonies technicians of the microphone and of the orchestra have learned that one man on the conductor's stand, waving a busy baton, is often not enough for the making of melody.

Four Have Hand.

Willard Robison's Deep River orchestra, which expounds the newest notes, has carried the matter of maestro to a point where four men have a hand in the music.

Robison himself remains at the piano. The orchestra is directed by Don Voorhees. Besides Robison stands Ken Sisson, orchestrator and arranger. And behind the glass partition looking out on the ensemble from the control room, stands John Wiggins, production manager, responsible for the manner in which the music emerges from thousands of loud speakers throughout the land.

Robison conceives the orchestral arrangements—often the selections are from his own pen—and Sisson orchestrates them according to Robison's ideas.

Waves Baton.

Voorhees does the baton waving. Wiggins brings the several elements of music into an entity that will emerge from loud speakers to best advantage.

Sisson stands beside Robison wigwagging suggestions to Voorhees on the maestro's stand and to Wiggins in the control room, indicating that (1)—Roblson is about to sing; (2)—Play without orchestra or (3)—That a pianissimo of fortissimo is forthcoming. Thus the control room is informed in advance and is able to keep its dials constantly set to best advantage.

Robison from time to time nods or shakes his head to Voorhees to indicate a certain effect.

Wiggins, behind the glass, is kept busy signalling Voorhees. Sisson and the instrumentalists on occasion to move backward or forward in relation to their position at the microphone. Now he orders one microphone cut off, another cut in, to enhance an effect.

A stop-watch is on the table in front of Wiggins, and the time required by each selection and each announcement is logged. The program must come out even.

Nathan Straus Will Is Filed

Jewish Philanthropist Gives Estate Of About $1,000,000 To Three Children And Not A Cent To Charity

NEW YORK, Feb. 5. (AP)—The will of Nathan Straus, Jewish philanthropist, who gave away millions of dollars during his lifetime, was filed for probate yesterday. It disposed of an estate estimated to be about $1,000,000, and not a cent went to charity.

The omission was explained in the document in this language:

"I have always been deeply impressed by an old Jewish proverb which said: 'What you give for the cause of charity in health is gold; what you give in sickness is silver; and what you give after death is lead.' Many of the rich do not even give lead."

The estate is divided among his three children, Nathan Straus, Jr. Hugh Grant Straus and Mrs. Sissie S. Lehman, wife of Judge Irving Lehman of the court of appeals.

The sum of $100,000 is set aside for persons who have been in the employ of Mr. Straus. The distribution of this fund is vested in the three children and in the philanthropist's son-in-law, all of whom, the will says, have received detailed instructions about his wishes.

Morton Red Cross Chapter To Start With 100 Members

MORTON, Feb. 5. (Special) — With a preliminary enrollment of over 80 the Cochran county Red Cross chapter is expected to start off with 100 or more members, D T. Smith, temporary chairman, announces.

Other temporary officers include Mrs. Gordon Morrow, secretary and A. C. Hooper, treasurer.

Response to the appeal for members has been good, according to Mr. Smith. The officers believe the goal of 100 members will be exceeded.

Conspirators!

Three young people with their heads together, planning to give the old home town the surprise of its life.

"What this town needs," said Ginger, "is a place where its youth can get away by itself—away from its fathers and mothers and nieces and nephews and family dogs and bishops—and do its flaming without benefit of clergy. Nothing puts a wet blanket on the incandescent like a family reunion in public."

And Ginger provided it.

For details read "For Ginger's Sake," the lively new serial by Ethel Hueston. A charming love story. Thrills galore. And a lot of fun in the bargain.

Out-Of-Town Women Are Guests At Bridge Party Given On Thursday

The Woman's Angle

* * *

BY BLANCHE E. BEAN
Avalanche Woman's Editor

DID YOU ever decide early in the season that you were going to have a dress of a certain type and then go out and try to buy one like that. And did you find it? Neither did I.

• • •

It is all my own fault. I know. The year I decide to wear blue, that color simply isn't stylish; if I decide to get a tweed suit, they are all knit; if I decide to buy low heels, I can find nothing except those that are high. And whether or not they are in the fashion of the moment, sometimes I want certain things and I would like to be able to get them.

• • •

This isn't throwing things at the stores. I know the buyers can't anticipate my fickle feminine fancies. So I come in for some unnecessary aggravation.

• • •

I tried it this week. The spring won't seem like spring to me if I can't have a blue suit. I tried to buy one last fall, but blue simply wasn't being worn and try as I might, the suit couldn't be had. In fact, everyone looked as though they thought perhaps I had gone a little off in the head. Needless to say, my suit wasn't blue. But I harbored the desire all winter and now, again, I've started the campaign.

• • •

This week the thing was done all over again. But the blue suit was not to be had. There are red ones and black; knit ones in colors galore and plenty of dresses of one sort and another to look at. But no blue suit such as I think I would look my best in for the spring.

• • •

Women prate about the conventionality of men's dress. We're just as bad. If short coats are the fad, we all wear them—short, long, fat and lean—if turned-up brims are good, they go, regardless of looks, and we follow the trend in whatever is the mode of the day.

• • •

Nature was pretty wise, I guess, in making us of different sizes and complexions. Otherwise, we would look like tin soldiers.

• • •

This isn't a contradiction of yesterday's effusions about folowing the trend in order to avoid self-consciousness. I think that, since we are of the type that we are, we should follow fads to a certain extent to avoid being classed as cranks, but I would like to recommend a little adaption of styles to figures and personalities. You all realize, of course, that I might serve as a pattern in these preachings!

• • •

I'm around to the Charm School again, after having deserted the subject for a week. One afternoon, I let my roving eye stray about at the shoes that were being worn to the school. They were sensible ones as a whole.

• • •

During the entire school—I didn't keep any sort of systematic tally—I saw one pair of spike heels. These were worn by a young thing who had as graceless a walk as anyone who attended the school. There were lots of walking heels there—they were not all box heels either. Some of the shaped heels were comfortable and graceful and indicated comfort for the wearers.

• • •

That sounds as if I might be some sort of a crank about heels. I am. Somehow, the wrong kind of shoes with a costume is more noticeable than almost any thing else. Golf shoes with an afternoon dress are just as bad as evening slippers with a sports costume in my eye. And, paradoxically enough, hats are apt to be just hats to me. Almost any kind of an old rag that goes on the head may pass muster. I'm not critical there at all.

• • •

WOMEN TODAY

HERE are women in the day's headlines. "Young Woman Is Disinherited and Disowned;" "Mrs. Cecil Taylor's Fate To Jury This Afternoon"; "Woman Tells about Murder"; "Wife's Hearing Continued: Tulsa Woman Charged With Shooting Husband's Former Secretary." Oh, I don't know that we are so smart to be living in this day of equality!

• • •

THIS FOR CHARITY

FEDERATED clubs started something when they endorsed a proposal to do away with refreshments at meetings and to give the money for charity.

• • •

I seriously doubt if very many clubs have followed the proposal or if they intend to, but a number of church societies have followed the suggestion. Women in the First Christian Women's Misisonary society have voted to follow this plan. The First Baptist T. E. L. class members voted Wednesday afternoon to cease serving refreshments in order that the money that might thus be spent can be combined with sums for charity; women in Circle 7 of the First Methodist Women's Missionary society and several others have agreed to follow this sort of plan for the present.

• • •

And because there are many who need help this sort of thing is worthy now. However, I have a sneaking idea that because this is actually a period of depression, a lot of people are making no effort to live except through the self-denial of others.

Washington Theme Favored; Five Matrons Are Hostesses

Mmes. Wilson, Moss, Brown, Turner and Butler Have Large Bridge Party Here Yesterday Afternoon

Asking a number of out of town women to attend with those from Lubbock, five matrons entertained Thursday afternoon with one of the largest parties of the season.

Bridge was played and forty-six tables were arranged on the mezzanine floor of the Hilton hotel for the occasion. Hostesses were Mesdames Byron Brown, W. S. Moss, G. C. Turner, M. C. Butler and Maple Wilson.

The George Washington theme was carried through the appointments and in table cut favors.

High score in the bridge games was made by Mrs. S. B. Haynes. Mrs. Horace Hawkins scored second high and Mrs. M. T. Taylor scored low.

Among the out-of-town guests were Mesdames B. O. Sanford, B. Thomas, C. C. McGlasson, Harold Brashear, George Bennett, Covington, Shelley Shook and Fred Hurlbut, of Plainview; Mrs. James Pryor, of Amarillo; Mrs. C. A. Duffy and Mrs. Roger Willet, of Amherst; Miss Elizabeth Snyder, of El Paso, and Miss Jency Keith, of Dallas.

Popular Bible Lecturer To Lead Discussion At Tech

A popular Bible lecturer and student of the philosophy of religion, Dr. S. L. Joekel, of Austin Theological seminary, will lead daily discussions at Texas Technological college during the week of February 15.

The programs in which students and faculty members will participate will be presented under the joint auspices of the First Presbyterian church of Lubbock and Technological college.

The philosophy of religion, particularly as found in the book of Job, will be discussed at the meetings, which will be held each afternoon.

Lubbock Has But 169 Vacant Houses, Survey Of Local Realtors Reveals

Lubbock has but 169 vacant single family units or five and a half per cent of the estimated total number of habitable dwellings in the city, Glenn Hess of the Joe Hess Realty company, said last night. A survey was made yesterday on a telegraphic request for the information and Mr. Hess and two companions made the trip over the city to count the vacancies.

"Of this number, 169" he said, "there are 142 habitable single family dwellings now vacant and 27 duplex apartments. A majority of these are of mediocre construction and in need of repair.

"According to the National Association of Real Estate Boards the average American city has a normal vacancy of five per cent of the total number of dwellings.

"Assuming that there are 3,000 habitable dwellings within the city limits of Lubbock, a normal vacancy of five per cent would permit 150 vacant single family units. With the present number of 169 vacancies my conclusion is that there is no cause for alarm at the present time as the number of vacancies is only slightly in excess of a normal number."

Mr. Hess stated that the survey did not include the Mexican or negro sections of the city. It also did not include those parts far distant from the court house, on the very edge of the city.

Lubbock has approximately 4,000 water meters. Some homes have more than one meter and others, not modern or semi-modern, do not have any.

"It is my estimate that there are approximately 3,000 modern or semi-modern homes that are habitable in Lubbock," he said.

Another Concrete Miner To Be Sent For Highway Work

Another concrete mixer possibly will be sent here for the use of Womack, Herring & Rollins, contractors who have the job of grading and draining of state highway No. 7 between Lubbock and the Hockley county line.

Progress on the work has been rapid, the crew doing preliminary work being near Lubbock, having started at the Hockley county line and moved eastward.

Most of the 40 to 50 men employed on the job regularly are local laborers. There are more than 30 men in the groups doing preliminary work.

Minnesota House Votes For Repeal Of Supression Law

ST. PAUL, Minn., Feb. 5. (AP) — The Minnesota house of representaties late yesterday voted to repeal the Minnesota newspaper suppression law. The vote was 68 to 58.

The law was enacted in 1925 and efforts to repeal it two years ago failed. The law provided for supression by court injunction of newspapers which were found by a court to be publishing regularly "malicious, scandalous or defamatory matter."

Governor Floyd B. Olson in his inaugural message to the legislature a month ago urged repeal of the law. The bill now goes to the senate.

Baptist Students Of Four Colleges To Stage Rally

Baptist students from four colleges are scheduled to assemble at Plainview, February 28, as representatives of the Baptist Student union.

Schools expected to be represented at the rally are Texas Technological college of Lubbock, Wayland college of Plainview, Amarillo Junior college of Amarillo, and West Texas State Teachers college of Canyon.

The Baptist S. U. extends over practically the entire southland. Practically every campus in this section of the United States has a branch of the society.

Special speakers, including a number of students, will appear on the program. It is understood that a large number will attend from the local college.

Thirty Planes Serviced At Lubbock Airport Last Month

Indicative of increased recognition in flying circles, 30 airplanes were serviced at municipal airport during January, according to the monthly report of Hal Bradley, airport manager.

Included in the number landing at the field were eleven passengers while nine others boarded outgoing planes.

At this time there are seven ships stationed permanently at the port, although during January there were eight. One training plane has been sent to the factory for a complete overhaul job.

Officals announced that revenue for the month totaled $245.90 while operating expenses were estimated at about $200.

BILL ENDORSED

TERRELL, Feb. 5. (AP)—The W. C. Langwith post, American Legion at a meeting last night unanimously endorsed the bill now before congress for payment of adjusted compensation to ex-service men and wired a request to Texas senators and representatives to support the measure.

FARM WOMAN BENEFITED

After Taking Lydia E. Pinkham's Vegetable Compound

Lickdale, Pa.—"Before I was married, my mother and sister and I did all the farming work on a 64-acre farm for eleven years. I married a farmer and now in addition to my housework and the care of my children I help him with the outside work on our farm. After my last child was born, I began to suffer as many women do. Finally our family doctor told me to try Lydia E. Pinkham's Vegetable Compound. I did and now I am a new woman and I know that good health is better than riches."—Mrs. Clyde I. Museum Group To Meet Today

Second Annual Session Of The Plains Museum Society Will Be At Tech; Many Out-Of-Town Visitors Expected

The second annual meeting of the Plains Museum society will be held Friday at Texas Technological college. Visitors from throughout the South Plains are expected to view the wide assortment of exhibits. Business sessions of the society will be held both Friday afternoon and tonight.

The afternoon session will be held in the auditorium of the engineering building, where a part of the exhibits will be on display. Visitors may view the exhibits before the afternoon session and afterwards they may view those in the chemistry building.

To Serve Supper

The evening metting of the society will follow a supper to be served to members and out of town guests in the home economics building. The evening gathering is scheduled to be held in the chemistry building and a large number of exhibits will be shown.

Special displays have been planned by the various Tech departments and one of the most interesting will be that of the library, showing the published works of members of the Tech faculty, together with valuable ranch reports manuscripts and papers owned by the library.

Minerals, fossils and reconstructions or models of extinct animals will be shown by the geology department.

Displays To Be Shown

The department of biology has planned a number of displays with a collection of poisonous and supposedly poisonous plants and animals of this region as the main feature.

On display from the department of architecture will be a number of drawings and other art work done by students, as well as several rare architectural books, while the department of military science will have a number of war relics.

Several Indian artifacts excavated in New Mexico by members of the archaeological field trip last summer will be on display. The exhibit of perhaps most general interest will be a collection of Philippine and Sumatra weapons loaned to the museum.

Addresses Scheduled

Other interesting features are carded in addition to the exhibits. President R. A. Studhalter will make an address on "Edwin James and the First Botanical Expedition to Visit Texas, 1820." Dr. M. Stainbrook, as curator of the museum, and Dr. W. C. Holden will make addresses.

E. J. Lowery, of Lubbock high school, will discuss the archaeological problems of the Texas Panhandle. Victor Smith, of Alpine, is scheduled for an illustrated lecture while E. B. Sales, of Abilene, has sent a paper to be read before the meeting. Dr. Wesley, of Amarillo, also is expected to appear on the program.

Salvation Army Aids 1,603 Here During January

Persons receiving material aid from the Salvation Army here during January totaled 1,603 and families contacted 325, it has been announced by the Lubbock Community Chest, with which the Salvation Army post is affiliated. Capt. W. T. Wilson is commander of the Lubbock post.

The Salvation Army's January contributions included seven orders of groceries valued at $39.73 and a total of 1,115 pieces of clothing, valued at $278. New clothing was purchased for unfortunates totaling $13.55.

Free meals and lodging, valued at $173.75, were given to 695 persons while $3 worth of fuel was supplied.

Thirty-two nursing calls were made during the month while one orphan was cared for and employment was found for four persons.

The report showed that 61 families were aided with rabbits, chickens, cabbage, turnips, etc., which were donated. Five dollars worth of medicine was purchased and transportation was given for two families in the amount of $3.25.

Two meetings were held by members of the Army at the Lubbock county jail and 100 War Cry magazines were distributed among the prisoners.

A total of $564.63 were spent by the organization for the 31-day period.

Captain Wilson's report of religious activities of the post during January follows:

Open air meetings 21, indoor meetings 21, corps cadet Bible classes 4, total attendance at these meetings 4,135, total number of conversions 50, Sunday school 4, attendance 389, young people's meeting 4, attendance 167, jail meetings 2, families visited 78.

From Confucius To Lubbock

FROM far away China, in search of knowledge, has come Chung Wo Au to Texas Technological college. He has been in our midst only a few months but with the powers of observance for which his race is famous, he has perceived many things.

As Chung Wo Au, from the other side of the world, goes about his business of learning Western ways he is keeping his eyes and ears open. One of the things he has noted about this civilization of ours is that American methods of rearing a family differ widely from those of his own country.

Young Mr. Au, whom the Editor has never seen, has undoubtedly pondered over the condition for he has sent the following letter, with characteristic Oriental politeness, to the Morning Avalanche:

"Dear Editor: I am enclosing some Chinese proverbs which I have translated from the works of Confucius. And something unusual, you may be pleased to publish them in your paper. If it would please you I would be glad to contribute items of this nature to your paper regularly. If you cannot use, them, please return them to your sincere friend,"

Chung Wo Au.

Because his translation from the works of that master mind of an earlier China, is unusual and because of the philosophy contained therein, The Morning Avalanche is presenting what is considers to be needed and sane advice. Quoting Mr. Au's translation from Confucius:

"Young people should show filial respect to their parents when at home, and be respectful to their elders when away from home. They should be careful and truthful; show love for all people, and cultivate the friendship of the virtuous. When this is done, if they have leisure time, they should use it in the acquisition of literary accomplishments."

• • •

"In serving his parents a son may remonstrate with them, but gently; when he sees that they do not incline to follow his advice, he shows an increased degree of reverence without disobedience. Should they punish him he does not murmur."

• • •

"While his parents are alive, a son should not go far away. If it is necessary to go abroad, he should have a fixed residence where he can communicate with them."

• • •

"If a son for three years does not alter from the way of his father, he may be called filial. The years of the parents must by all means be kept in memory, as occasion both for joy and fear."

• • •

There are many honorable customs of the ageless Orient which could not be applied to this newer, more rapidly moving hemisphere of ours. But the filial respect and obedience of the Chinese family cannot be improved upon—or at least have not been improved upon in any other part of the globe.

Time has not dimmed the wisdom of these words of Confucius.

Practical Health Problems

RARE ADDISON'S DISEASE IS NO LONGER SURELY FATAL

By DR. MORRIS FISHBEIN,
Editor, Journal of the American Medical Association, and of Hygeia, the Health Magazine

Addison's disease is a comparatively rare condition. Sir William Osler was able to collect the reports of only 17 cases in the United States.

In this condition there is always a destructive change in the adrenal glands, the small bodies which lie just above the kidneys. The changes are due to tuberculosis quite frequently, although there may be cancer or some other extraordinary condition affecting these glands.

The person who has this disease becomes weak and fatigued, his blood pressure falls sometimes as low as 60 millimeters of mercury, his hands and feet become cold, his temperature is subnormal, and he gradually wears out. Thus the most important symptom is the weakness from which a person who is getting a proper amount of the secretion of the adrenal glands does not suffer.

One of the extraordinary symptoms of this disease is the gradual depositing of pigment in the face, hands and neck. The disease is usually progressive, and if death does not occur from the disease itself, it may occur suddenly due to some intercurrent infection which the patient is unable to resist.

Until quite recently the disease was considered invariably fatal. For several years, however, workers throughout the world have attempted to discover the active principle of the gland with a view to supplying it to people suffering with this disorder.

Almost simultaneously, workers in Princeton University and in the University of Buffalo have developed an active principle. Incidentally, they were guided in their efforts by basic researched carried out by the noted physiologist Stewart and his associates in the Western Reserve University medical school. The active principle of the adrenal gland is now called cortin, since it comes from the cortex of the gland.

In one of the large clinics of the country, Doctors Rowntree and Green administered the extract prepared by the Princeton investigators to six patients with this disease. These patients showed at once increase in weight and appetite, so definite that the investigators are inclined to think that the use of this extract, together with the usual methods of treatment, will save the lives of these patients.

Here is another of the great discoveries accomplished in the field of medicine, such as are made every year, through the application of scientific methods, involving the study of disease on animals and the application of the fruits of such discovery to man. The extract would never have been discovered and its potency could not have been established unless the investigators had been able to remove the adrenal glands from animals and then test the effect of these extracts on the animals which invariably died without such treatment.

Party Prospects Debated

By CHARLES P. STEWART
Central Press Staff Writer

WASHINGTON, Feb. 5.—I doubt whether the national commission on law observance and enforcement ever gets together with a quorum present again.

Chairman George W. Wickersham still seems to believe that he and his associates simply were interrupted in their work by public clamor for a report (which they were not ready to make) on the comparatively unimportant subject of prohibition, and to hope, now they have made it, that they will be permitted to go ahead in peace and finish their study of all-around crime.

However, I believe that most of his co-inquisitors already have had enough of it tc last them for a long time; that they probably will not bother to adjoin formally; that they merely will not be on hand for any more sessions—and the whole thing will lapse; not end definitely.

• • •

IT IS SURPRISING how little Washington has become acquainted with the Wickersham commissioners (except, of course, those with whom it previously was acquainted), considering that all of them have been coming here frequently for nearly two years, and that there really was the liveliest popular interest in their researches at first.

That it was their chairman's policy to keep them sealed up, like anchorites, in their quarters at the top of the Tower building, has been obvious all along.

How he managed to continue his autocratic rule of silence for so many months is more of a puzzle. Some of the investigators certainly resented it. Indeed, Judge William S. Kenyon specifically referred to jt as "unfortunate secrecy," in his individual contribution to the commission's general prohibition report.

• • •

AT ALL EVENTS, the report had hardly more than made its appearance before politicians on Capitol Hill had it under their microscopes, examining it for evidences of any political reputations it might suggest, as enhanced, in connection with 1932's prospects.

There is considerable divergence of opinion relative to the probable effect of ex-Secretary Baker's personal comment upon his presidential availability.

For awhile following the report's publication the Clevelander's stock, as a Democratic wet hope, fairly skyrocketed. More recently there has been a good deal of cavilling concerning his signature to the main body of the report, opposing the Eighteenth amendment's repeal, in contrast with his individual expression, favoring its repeal immediately. Not that his explanation is considered unconvincing, but that some critics hold he has placed himself technically in a damagingly straddling, undignified position. What he has to say on his return from Europe may influence the ultimate political verdict.

• • •

MONTE M. LEMANN is conceded to have carried off the wet Democratic honors by rejecting the report altogether, but with no especial advantage to himself politically.

His Louisiana geography eliminates him as a presidential possibility, and vice presidentially it is forseen that a dry, rather than a wet, will be in demand to balance next year's Jeffersonian national ticket.

Due note likewise is taken of the New Orleans account that Mr. Lemann was on the losing side of last fall's Louisiana senatorial fight, having backed Senator Joseph E. Ransdell's renomination against Governor Huey P. Long, the easy winner—when it is argued that the commissioner cannot be much of a politician anyway.

• • •

ON THE STRENGTH of Henry W. Anderson's proposal of a clearly outlined substitute (adapted from Sweden's liquor system) for prohibition, many observers believe that the Virginian's name will figure largely in future discussions of the wet-and-dry question.

For geographical reasons, as well as because no candidatorial requirement enters into G. O. P. considerations of today, presidential suggestion passes him by unnoticed.

Not a few hints are heard, however, that developments of ensuing months may bring him prominently to the front vice presidentially.

• • •

FEDERAL JUDGES Paul J. McCormick and William I. Grubb are hard to visualize as political possibilities of any sort, except perhaps senatorially, some time, the former Republicanly, the latter Democratically, in their respective states of California and Alabama—and the tendency generally is the other way; from the senate upon the bench, rather than from the bench into the senate.

Both among the dryest members of the Wickersham board, the Californian's party appears to be sufficiently supplied with dry leadership already, while as to the Alabaman, 1932 does not look like a dry year for Aunty Democracy. Even should she need a dry to balance her ticket, she scarcely will look for him so far to the southward.

Another dry, Judge Kenyon of the federal court of appeals, always is faintly mentioned vice presidentially, and, still more faintly, presidentially, when the field is open, but never has approached the proportions of a reasonable probability, and there are no signs that the national demand for him has been increased by his connection with the Wickersham commission.

• • •

THE POLITICAL prospects of Judge Kenneth Mackintosh, recently retired from the Washington supreme bench and one of the dry contingent among the crime commissioners (though his personal comment since his return to Seattle does not sound much like it), are confined to his home state.

At 72, Chairman Wickersham, and, at 79, Commissioner Frank J. Loesch, may safely be described as outt of public life; Dean Roscoe Pound of Harvard law school and President Ada L. Comstock of Radcliffe college as never having been in it and hopelessly unlikely ever to enter it.

Workmen, excavating near Geneva, Switzerland, unearthed an ancient skeleton with a dager wedged between the ribs. Mr. Capone, we hear, can produce the usual alibi.

The difficulties of the prophet with the home constituency are once more illustrated in the case of Chairman Fess, referred to by a Cleveland paper as "water boy to the elephant."

MICKLEFIELD—THE ARDENT PROHIBITIONIST—Julian Micklefield of Surrey, England, who died in 1861, was an extreme teetotler and fanatical "water phophet," whose avowed purpose in formulating his bizzarre will was to "gain adherents for his beliefs." This literal threat to the freedom of the seas was thwarted by the English High Court of Justice, which, in formal legal phraseology, declared "the decendent's last will and testament to be of an exaggerated visionary nature and incapable of fulfillment."

Murder At Bridge

by ANNE AUSTIN author of "THE BLACK PIGEON," "THE AVENGING PARROT" and MURDER BACKSTAIRS"

©1930 BY NEA SERVICE, INC.

BEGIN HERE TODAY

"BONNIE" DUNDEE is in New York investigating the murders of JUANITA SELIM and DEXTER SPRAGUE, and learns from SERENA HART, successful stage star, that Nita married in 1918, was soon reserted, but divorced. In 1922 a picture of Nita appeared with a story about the suicide of ANITA LEE, which was syndicated in Hamilton.

Nita comes to Hamilton, after showing strange excitement over pictures of Hamilton people, and deposits $10,000 in cash. Dundee wonders if this were "back alimony" from a husband who had married after he thought she was dead. Four of Dundee's possible suspects married between 1922 and the time of Nita's death—JUDGE MARSHALL, owner of the death weapon; JOHN DRAKE, TRACEY MILES and PETER DUNLAP.

...An attempt is made on Dundee's life by means of an ingenious mechanical contrivance, in order to prevent Dundee's telling any-one what he found out in New York, and Dundee immediately guesses that the other two murders were mechanical too. At the Selim house, he finds that the gun was undoubtedly fired from a big bronz lamp, with a spherical shade, which was connected with the wires leading to a bell in Nita's room, which rang in the maid's room in the basement. In the basement, Dundee finds traces of the connection, although the murderer has had opportunity to remove the more obvious traces of his work.

After he is fully confident he knows how Nita was killed, he drops in on PENNY CRAIN, who is playing anagrams with her mother. Idly he forms with the wooden letters the names of all the guests at Nita Selim's unfortunate bridge party, and suddenly forms a new name. He now knows who killed Nita.

NOW GO ON WITH THE STORY

CHAPTER XLVII

"I fail to see any necessity for all this secrecy and hocuspocus," District Attorney Sanderson protested irritably. "Why the devil don't you come clean and give us the low-down—if you have it!—on this miserable business, instead of high-handedly summoning Captain Strawn to my office, so that you can give orders to us both?"

Before Dundee could answer, Captain Strawn came to his assistance.

"I worked with this boy for pretty near a year, Bill, and never yet did he fail to make good when he said he had a pot on to boil. If he says it will boil over this evening, provided we help him, boil over it will, or I don't know Bonnie Dundee!"

Sanderson scowled, but capitulated. "All right! What do you want?"

"Thanks, Chief! And thanks, Captain!" Dundee cried, with heartfelt gratitude. "First, I want to be excused from attending the adjourned inquests into the two murders, scheduled for three o'clock today."

"O. K." Sanderson agreed shortly.

"Second, after about an hour of routine stuff, I wish you'd ask for another adjournment until tomorrow, on the plea that important developments are expected today."

"O. K. again!"

"Third, I'd like you personally to request the appearance of every person connected in any way with each of the murders, in your office this afternoon at four o'clock—so the whole bunch will be kept together and have no chance to go to their homes or anywhere else until I am ready for them. You can say that, owing to the illness of your mother during the investigations, you want to question everyone personally."

"Do you want all the servants brought here, too?" Sanderson asked.

"None but Lydia Carr," Dundee answered. "After about an hour's innocuous questioning, please invite them to accompany you to the Selim house. For that"—and he grinned—"is where the pot is scheduled to boil over. I'd like everybody to be there by 5:15."

"Where do I come in?" Captain Strawn demanded, almost jealously.

"Now that you are no longer looking for a New York gunman, I suppose you have plenty of plainclothes men at your disposal?" Dundee asked, and was instantly sorry he had reminded his former chief of the collapse of his cherished and satisfying theory.

"Plenty," Strawn answered gruffly. "How many will you need?"

• • •

"Enough to keep every person on Mr. Sanderson's invitation list under strictest observation until—the pot boils over," Dundee replied.

"When do you want them to get on the job?"

"As soon as they can do so after you get back to your office."

"Are they to follow the whole gang clear out to the Selim house?"

"Most decidedly! After the unwilling guests are safely within the

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Farm Heads To Be On Program

Two More Agricultural Authorities Obtained For Farmers And Home Makers Short Course At Tech

Two more agricultural authorities have agreed to appear as speakers on the three-day program of the Farmers and Homemakers short course which will be held at Texas Technological college, February 10 11 and 12.

That was the announcement made Wednesday by Dean A. H Leidigh of the school of agriculture at Technological college.

The two speakers will be W. T. Martindale, of Chicago, a director of the American Farm Bureau federation and N. H. Blainey, also of Chicago, director of the Farm to Market Roads division of the American Farm Bureau federation.

To Stop Here

Dean Leidigh stated that Mr. Martindale was secured through the efforts of H. J. Bower, N. H. Payne, and Mrs. M. S. Hudson. He had a speaking date at the A. and M. college of New Mexico and consented to stop in Lubbock enroute. A graduate of the University of Indiana, Mr. Martindale is a former school teacher and farmer, being an extensive landowner of that state at this time. He is said to be a very magnetic speaker, a past president of his state Farm Bureau federation and engaged in public relations work for the national federation at this time.

Mr. Blainey is a technically trained specialist and is said to be an authority on farm taxation. Both men will appear each of the three days.

Road Meeting Will Be Held

Recently Formed Highway 137 Association To Meet This Month At Seagraves To Consider Paving Project

(By Staff Correspondent)

SEAGRAVES, Feb. 5. —A meeting of the recently formed Highway 137 association, which is sponsoring the construction of a highway between Lubbock and McCamey, through Hockley, Terry, Gaines, Andrews and Ector counties, will be held probably about February 26 in Seagraves, Cliff Armstrong president, announced yesterday.

President Armstrong said that he expected to issue the call in a few days through O. M. Herring, secretary.

It is expected that the Seagraves Chamber of Commerce will arrange for a banquet to be held in connection with the meeting. Speakers from every town along the route will be here for the affair.

The preliminary announcement was made Monday night at a road bond meeting in Seminole by O. M. Herring, who said arrangements for the affair were being discussed here. "We invite every one in Seminole who can to come to the meeting in Seagraves," Mr. Herring added.

It is expected the affair will be held in the high school, with a banquet being served in the gymnasium.

Fourth Test Hole For New Water Well Is Completed

A fourth test hole for a new water well to be added to the city system had been completed Thursday and casing was being set, it was reported at city hall. The new well will be the sixth in the city water system.

The well has been drilled by D. L. McDonald and officials are confident that it will prove to be one which can be used. Test shows about 35 feet of water bearing sand in the hole at this time. Before it will be accepted by the city, the driller must produce a well of not less than 350 gallons per minute production.

Two other tests were drilled just west of University Place while a third was sunk in the city park site. The present test is located on the site of the county park.

Civil War Vet Says He's Ready To Help Carry The Load

Dear Editor:

I don't have to be told what a hungry man is, I followed old Joe Johnson all through the Civil war, through Georgia and both the Carolinas.

As soon as I heard through your paper I went to work to held. I gave a man work to clean out my cow lot, fence my orchard and floor my car house, and if my neighbors have to go hungry, I'm perfectly willing to go hungry with them.

I am 100 per cent American. I am going on 85 years old and I'm perfectly willing to divide with the hungry. I don't want anything and I've never asked for a penny and I don't expect to, I have worked my own way.

I am a Georgian and have paid taxes in Texas 50 years. I am a member of the Methodist church and have been a member a long time.

When I gave my guns up and surrendered in North Carolina I was a thousand miles from my mother and hadn't heard a word from her in months. I was bareheaded, bare-footed, without a shirt and without a penny. You can tell whether or not I went hungry to the chamber of commerce, you can see what I have gone through with. I don't begrudge my time for trying to defend my country.

I am now nearly helpless and if any old soldier sees this, who was in the battle in Atlanta, Ga., I would like to talk with them. There I lost blood in a bayonet charge with the butt of an enemy gun.

I am a old time Confederate, yet I hold no animosity against anyone and I am a strict democrat.

If this doesn't find its way to the wastebasket, I will come again. I would like to give a little experience of that battle.

Robbery Attempt Frustrated Here

A robbery attempt was believed to have been frustrated Wednesday night at the M system store at 1704 Broadway when employes became suspicious of a man whom they had observed at closing time and subsequently returned to the store to find a door and a window unlocked.

According to employes, a man entered the building near closing time Wednesday and went to the rear of the store where he stayed for a short time. He left as the doors were being closed. When employes left by the front way the man was seen peering around a corner.

Suspecting plans for a break-in, employes returned to the store and tested all doors and windows. They found that the lock on the rear door had been filled with paper, allowing it to shut but not lock. A window also was found in the same condition.

He murmured: "Oh, Pardon Me" ...a hundred times a day...

A HUNDRED times a day he suffered the agonies of embarrassment as his conversation was interrupted by "Pardon Me's," as he turned away to stifle gas. It had been that way for years. No matter what he ate, it caused gas and discomfort. His stomach constantly caused him pain. He could hardly bear the idea of food. He was irritable and nervous—couldn't sleep. A friend suggested Tanlac. He tried it. In a few days the gaseous condition left him. His appetite returned. He began to feel loads better in every way. He slept like a boy.

Stomach gas is not only painful as well as embarrassing but it may be the warning of dangerous stomach troubles. Get rid of it—straighten out the condition that causes it with Tanlac. Few preparations have Tanlac's wonderful record of success in quickly relieving gas discomfort and stomach distress. It has helped thousands and it must help you too, or your druggist will return your money.

Five Counties To Hold Shows

Three Others Consider Proposals To Hold Cured Meat Shows Preparatory To South Plains Event Here

Five other Panhandle-Plains counties have announced that they will hold cured meat shows and at least three others are considering proposals to conduct such events, according to information received by the Lubbock Chamber of Commerce.

The county exhibitions would precede the first annual Panhandle-South Plains Fat Calf-Pig-Cured Meat show to be held in Lubbock, March 27 and 28, under auspices of the Panhandle-South Plains Fair association, the Lubbock Chamber of Commerce and Board of City Development.

W. T. Magee, county agent of Hockley county, has stated that a calf, pig and meat show will be held in Levelland in the near future and that the best entries will probably be sent to the Lubbock affair.

D. A. Adams, county agent of Lamb county, states that a meat show will be held in his territory, probably at Littlefield.

Swisher county ,under direction of C. B. Martin, county agent, will hold a calf, pig and meat show at Tulia. No definite dates have been set for any of the events.

Hale county will conduct a meat show at Plainview, March 20, and Dawson county one at Lamesa near the Middle of March, according to information received here. An agricultural short course will be given in connection with the Dawson county show.

Counties considering proposed meat shows and respective towns in which the shows would be held include: Garza county at Post, Lynn county at Tahoka, and Terry county at Brownfield.

Local officials have been conducting a survey over the South Plains in an effort to determine the interest shown in the Lubbock exposition.

"Especially do we find that other counties are interested in the meat division," officials said. "We also have received a great number of letters from editors of farm publications, all expressing a hope for success of the show and complimenting Lubbock on staging of such an event."

Officials at the Fat Calf-Pig-Cured Meat show here will include Mrs. Minnie Fisher Cunningham, associate editor of the Extension News service, Texas A. & M. college, of College Station, and Miss Myrtle Murray, district leader of demonstration work, of College Station.

Charity Directors Will Meet Monday

A meeting of the board of directors of United Charities will convene at 7:30 o'clock Monday night in chamber of commerce offices at city hall, attaches of the charity agency have announced.

Future plans for the organization will be outlined and several significant problems will be considered, it was indicated. The monthly report of Miss Evelyn Richter, executive secretary, will be read to the directors.

Members of the board include Rev. D. C. Ross, Mrs. Paul B. Williams, Mrs. Tom R. Campbell, J. D. Carroll, Mrs. A. T. Biggers, Alfred M. Scott, Mrs. Tom Foster, J. T. Trigg, Mrs. George Meiser, Rev. H. C. Ziehe, S. C. Wilson, Mrs. W. B. Price, H. R. Fluke, Rev. R. M. Hocker, Mrs. F. R. Friend, Roscoe Wilson, Mrs. Jim Fulton, Mrs. I. C. Enochs, J. M. Black, Glen Hess, E. L. Pitts, John Dalrymple and J. O. Jones.

Beginners Class In German Will Be Held Friday Night

The first meeting of a beginners class in reading of German will begin at 7 o'clock Friday night in room 219 of the administration building at Texas Technological college.

Dr. T. J. Beck, head of the French and German department, will instruct the class, which is being offered through the Technological college extension department. The class probably will meet two and a half hours on one night of each week for 12 weeks.

Non-students may enter the class which was arranged to make possible acquisition of a reading knowledge of German within a minimum time.

This Woman In 4 Weeks Lost 17 Pounds of Fat

Here's a letter written October 21, 129, by Mrs Fred Barringer of Lewistown, Montana, that ought to be read by every overweight woman in America.

Gentlemen: I started taking Kruschen every morning as directed as I was very much overweight and wanted to reduce.

I had tried going on a diet but would get so hungry that my diet would not last long, so I decided to give "Kruschen Salts" a fair trial. The day I started to take them I weighed 256 lbs. and at present, which has been just four weeks I weigh 239 lbs. And I must say, I feel better in every way, besides looking much better.

May all large people, both men and women, who want to reduce in an easy way, give Kruschen Salts a fair trial. I am sure it will convince anyone."

A bottle of Kruschen Salts that lasts four weeks costs but 85c at Bowen's Drug Bowen's Hilton Pharmacy, The City Drug, The Lubbock Drug Co. or any drug-store in America. Take one half teaspoon in a glass of hot water before breakfast every morning. To help reduce swiftly cut out pastry and fatty meats and go light on potatoes, butter cream and sugar.

The Kruschen way is the safe way to reduce—Try one bottle and if not joyfully satisfied—money back. Adv.

Campbell Drives Bluebird 245 An Hour For Record

British Racer Troubled With Bad Visibility

Campbell Peeved Because He Could Go No Faster; Says Weather Conditions Kept Down Highest Speed

BY TED GILL

DAYTONA BEACH, Fla., Feb. 5 (AP)—Capt. Malcolm Campbell, 46-year-old British racing car driver today established a new world's automobile speed record of 245.733 miles an hour on the sands of the natural beach speedway here.

Roaring twice over the course in his huge 1,450 horsepower Bluebird machine, he exceeded the previous record by 14.371 miles an hour, and became the first man in the world ever to attain a land speed of four miles a minute or more.

The previous record was 231 miles an hour, established here in 1929 by the late Sir Henry Segrave, also of England, who later was killed in a motorboat accident at Lake Windermere.

Campbell was clocked at 246.575 miles an hour on his first run southward over the coarse and second trial at 244.897.

Despite the fact the beach was not in perfect condition, the giant racing car held to the sand and at no time showed a tendency of getting off its course.

Expresses Disappointment.

After completing both runs Campbell expressed disappointment that he had not been able to set a higher record. He blamed the unevenness of the beach and poor visibility for his failure to travel faster.

"I am not satisfied with the record," he said after he had torn himself away from a huge crowd of spectators and racing officials who swarmed out onto the beach to congratulate him.

"The car has lots more speed in it and I am a bit disappointed that conditions prevented me from going faster.

"The unevenness of the beach held down my speed and the visibility was so poor that I could not do better. At no time during my runs could I see more than 300 or 350 yards because of the haze that hung over the course. My car was picking up speed all the time and I would have gone much faster than I did if conditions had been better."

Campbell declined to state whether he would attempt later to raise his own record or let it stand. He previously had said, however, he planned to make an assault on the record for five kilometers and possibly for five miles before he returned to England.

Takes 5 Mile Start.

In making his first run today Campbell took a five and one-half mile flying start, one and one-half miles more than previous record contenders ever took.

The trim, low-slung car quickly gained momentum and as he threw the machine into high gear after a two or three mile run it fairly shot ahead with a tremendous burst of speed. Traveling faster and faster, the car first came in view of spectators in the grandstand when it entered the officially measured mile.

With a mighty roar it flashed by the timing tower, riding the course with ease, and quickly disappeared in the heavy mist as it sped down to the south end of the beach.

Then, without waiting to change tires or inspect his machine, the driver ran up the course on his return dash, made from south to north. He stopped at the south end only long enough to turn around.

After completing his second run, official timers announced a new record had been hung up and the crowd cheered loudly.

Cy Leland Plans To Leave T. C. U.

FORT WORTH, Feb. 5. (AP)—Cy Leland, T. C. U. football and track star and one of the fastest dash men in the country, may enter Stanford university within the next few days to complete his college work, it was learned today. Leland has long contemplated doing graduate work at one of the West Coast schools and the failure of Richard (Red) Oliver to pass enough work to be eligible for the T. C. U. track squad this spring has caused him to make inquiries about entering Stanford.

Word that Oliver had failed to pass the required work was confirmed at the university. There is a possibility, however, that Oliver may be eligible for football next fall if he passes enough work in the spring semester.

Harlingen Open Begins With Al Espinosa Pacing

(By The Associated Press)

HARLINGEN, Feb. 5.—The Texas border country opened its first open golf tournament here today with best ball matches, professionals forming the majority of teams.

In the "warming-up" play, Al Espinosa, Chicago, and Craig Wood, New Jersey, came in first with 30-35 on the 72 par course. A strong wind from the Gulf was blowing over the course on which other preliminary matches will be played tomorrow before the beginning of pro-amateur competition Saturady.

Following Al Espinosa came his brother, Abe, winner of the Texas open last Sunday. With his partner, Frank Walsh, he turned in a 34-35 for a 66. Harry Cooper, Chicago, and Wiffy Cox, Brooklyn, went out in 31 but took a 38 coming in. The best score on the incoming course was a 32 by Denny Shute, Ohio champion, and Tony Manero of New York.

Four teams tied at 67 for third place. These were Johnny Golden, Connecticut, and Jack Forrester, New Jersey; Mike Turnesa, New York, and Eddie Stoke, Denver; two Texas shooters, Francis Schieder and Ray Mangraum, Dallas; Denny Shute and Tony Manero.

TAHOKA, Feb. 5. (Special)—The winter term of district court opens here Monday, February 16, according to District Clerk W. S. Taylor. A light docket is in sight at this time. However, the grand jury will be expected to return a number of indictments during the first week of court.

Ten divorce cases and half a score other civil cases will be heard by District Judge Gordon B. McGuire during the first week.

Singing Convention To Be Held At New Lynn Sunday

TAHOKA, Feb. 5. (Special)—The Plateau singing convention, comprising about 30 West Texas and New Mexico counties, will be held at New Lynn, 12 miles east of Tahoka Sunday, February 8. Singers from all over the Plains section and many from New Mexico have signified their intentions of attending the convention, according to Horace G. Krebbs, secretary. John P. Taylor Clovis, N. M., president, will preside at the sessions.

Among special entertainers of the program are the famous Stamps Male quartette and the Baxter singers.

The day's program starts at 10 a. m. At the noon hour, lunch will be spread on the ground in picnic style.

Famous Pros Lead Locals Over Course

"The Haig" Shoots Neat 68 Over Lubbock Country Club Course; Kirkwood Displays Trick Shots

Shooting a par-busting 33 going out and adding a pair of strokes to that score on the back nine, for a total of 68, Walter Hagen, until last year the world's greatest professional golfer, lived up to all that had been expected of him and thrilled a gallery of some 250 men and three women at the Lubbock County Club yesterday. Appearing in the foursome with Hagen, matched with him, was Joe Kirkwood, one of the greatest trick shot artists the world has ever known. Kirkwood shot a 70, two below par, for the course.

Gibson Payne, local golfer, matched with W. J. Byrnes, Country Club professional, in the foursome yesterday. Payne had ill luck with the first nine to score an out card of 41.Coming in he trimmed five strokes off this for a total of 77, five over par, for the afternoon. Byrnes stroked a pair of 37's.

Arriving here at noon today after a hard drive from Big Spring, the professionals showed no great strain after much traveling by automobile and almost daily exhibitions. Hagen's weak putting on several holes was the only blemish to his game, but this fault was outshone by his sensational driving and approach shots. On two occasions he missed short putts that brought his hole total above par, and at other times he missed birdies on account of short putting.

At that, however, "The Haig" turned in a card that connoted seven birdies and nine par figures. His pin pitches were those of the expert that he is. His drives were long and true. Once he sliced a drive and lost the ball but his next drive and the chip shot was good for a par figure on the hole.

Hagen's card:

Out ..... 445 353 434—33
In ..... 446 633 432—35

Kirkwood played a neat second, knocking over four birdies and hitting all others at par. His driving also was excellent and his approach shots nearly always found their mark. Mixing in a little of his trickery with the regular match, Kirkwood would shoot an apparent slice that would fall true, and a hook that would turn right. It was his second time to play the course, Hagen's first.

Kirkwood's Card:

Out ..... 443 454 434—35
In ..... 354 534 443—35

Payne Has Trouble

Gibson Payne, a playing member of the Country Club, had trouble on approach shots. His putting was erratic and his pitches were not always true. His drives were excellent, rarely falling out of line. Going out he had trouble on the last six holes failing to shoot any at the par limit. Coming in he shot the nine in par and took three birdies in so doing.

Payne's card:

Out ..... 543 565 445—41
In ..... 444 434 553—36

For a man recovering from a serious attack of illness, W. J. Byrnes shot a neat game yesterday. Twice his drives were off form and once he lost a stroke on an out of bounds play. His putting was up to the average and his approaches were good. Two nice birdies fell to him and one, at the fourteenth hole, a par 3, was the result of a perfect drive that laid the ball dead to the pin. A short putt brought a birdie 2.

Byrnes' card:

Out ..... 544 454 434—37
In ..... 456 523 543—37

Kirkwood Gives Show

Following the 18-hole match, Joe Kirkwood withdrew to a tee, followed by the entire gallery, and proceeded to show why he is popular as a trick shot artist. Using several trick clubs that did everything but hit the ball, and striking the ball fiercely with good clubs, Kirkwood displayed his showmanship for an hour before an excited crowd. Some of his "impossible" shots consisted of teeing off an expensive watch, shooting from the toe of a spectator, chipping straight into the air to catch the ball and making the pellet swerve from right to left and vice-versa with different stances.

During the last fifteen minutes of his individual exhibition, Kirkwood answered questions put to him by spectators concerning the proper stances with different clubs, and shots.

Lefty Grove Wins $100,000 Damages

PHILADELPHIA, Feb. 5. (AP) — Robert Moses (Lefty) Grove pitching ace of the Philadelphia Athletics, today won a $100,000 damage suit that had been filed against him. He was sued for that amount by R. Green Annan, Cumberland, Md., for the loss of an eye while on a gunning trip with Grove and others in Maryland in 1928.

Annan alleged that Grove was negligent in firing at quail, some of the bird shot striking Annan. The jury deliberated less than two hours and brought a verdict for the defendant.

Kenesaw Landis Defends Title In Federal Court

(By The Associated Press)

CHICAGO, Feb. 5.—In the same federal court where he leaped to international fame by nonchalantly fining the Standard Oil Co., of Indiana, $29,000,000 in a rebate case back in 1907, Kenesaw Mountain Landis today fought as a defendant against a legal move to test his dictatorship over the ranks of organized baseball.

The case which threatened to usurp his power, was brought by the Milwaukee club of the American Association, which sought an injunction to restrain Commissioner Landis from further interfering with the movements of Fred Bennett, outfielder. The suit was filed when Commissioner Landis ordered Milwaukee to return Bennett to the St. Louis club of the American League on the ground his movements from club to club in the St. Louis farm system were in violation of the major-minor league agreement.

Commissioner Landis failed to appear personally in court today, leaving his case solely up to his counsel, George Miller, Chicago. The plaintiff was represented by Guy Peters, another Chicagoan, while Bennett seeking a free agency with Commissioner Landis' help, was in court and represented by David Stansbury, Chicago.

Most of the opening session today was "mild," being taken up almost wholly with a great mass of evidence in the form of stipulations designed to prove the plaintiff's case that Landis over-stepped his bounds in the case, and to prove the defendant's plea that Bennett's release on option during 1928 to 1930 was contrary to organized baseball rules.

Army Abolishes Spring Training

WEST POINT, N. Y., Feb. 5. (AP) Spring training of Army's football squad has been abolished, Major Phillip B. Fleming, graduate manager of athletics at the United States Military Academy, announced today following a meeting of the athletic council.

The action of the council was based on the theory that each sport has a definite season and that the spring months should be devoted to activities appropriate to that period of the year, Major Fleming said.

St. Godard Wins Annual Dog Derby Second Time

OTTAWA, Ont., Feb. 5. (AP)—The ruler of sport in the province where men are mushers, Emil St. Godard of the Pas, Man., fought off other challengers today to score his second straight victory in the annual Ottawa 100-mile international dog derby. St. Godard, who gained a big lead on the first leg of the grind, outlasted Shorty Russick, of Flin Flon, Man., in the last gruelling lap of 33 1-3 miles to capture the Chateau Laurier gold challenge cup and the $1,000 cash prize.

Max Schmeling Under Arrest

Heavyweight Champion Held For Alleged Assault On New York Process Server While In Training

(By The Associated Press)

SUMMITT, N. J., Feb. 5. — Max Schmeling, heavyweight boxing champion, was arrested today on a capias writ growing out of an alleged assault on Joseph Rahl, process server of New York.

Rahl stated in his petition that Schmeling was a German citizen and was planning to leave the country. The bond is designed to keep him within jurisdiction of the courts to answer Rahl's action.

Rahl charges Schmeling threw him down a flight of steps in a New York hotel earlier this week, when he attempted to serve as subpoena in another case.

The fighter is at Madam Bey's training camp at Summit.

Curtis Stevens Named Tahoka Grid Captain

TAHOKA, Feb. 5 (Special) Curtis Stevens, line-plunging fullback on Tahoka's 1930 football team, has been elected captian for next fall's team.

Football letters have been awarded to: Stevens, Edwards, Short, Eastridge, Benson Tankersley, Walker, Tredway, Willingham, Dean Janak, Lester, Kether, Redwine, Minor, Jolley and Jackson.

Mustangs Leading Southwest Cagers And Making Strong Bid For Title; Games Begin To Pay For First Time

BY GAYLE TALBOT, JR.,
Associated Press Sports Writer

DALLAS, Feb. 5.—Strange things are happening out on the hilltop here. Southern Methodist University, normally a football hotbed to the exclusion of any and all other branches of sport, has developed a serious case of basketball-itis.

Having gone all these years without wnning a title on the hardboards, the Mustangs have decided it is about time. Their fervor reached its highest pitch Monday night when the veteran Pony five hung up its fourth straight Southwest Conference win at the expense of Texas Christian, 36-33.

The victory was important for two reasons. First, it placed the Methodists well ahead of the class, leaving them almost with a high road to the championship. Secondly it paid off the mortgage on the old homestead. The capacity crowd that saw the Mustangs nose out their arch rivals put basketball in the class of paying sports for the first time in Southern Methodist history.

Critics who saw Coach St. Clair's five defeat the favored Christians were impressed with the teamwork of the Mustangs. Their starting line-up, composed of veterans, clearly outplayed the youthful Frogs.

In surveying his chances at the title, Coach St. Clair admits he fears only two teams, the Texas Aggies and Arkansas, neither of whom he has met. The Aggies tossed something of a bombshell into conference ranks Tuesday night, when they overwhelmed Baylor, 31-12, at College Station.

The Mustangs' clean slate is certain to remain that way through this week, as they are not again scheduled. Baylor meets T. C. U. Saturday night at Fort Worth and Texas plays the Aggies the same night at College Station in the only bouts programmed. The leaders' next appearance will be against Texas next Tuesday at Austin.

Conference Standing:

	Won	Lost.	Pct.
Southern Methodist	4	0	1.000
Arkansas	5	3	.625
Texas Christian	3	2	.600
Texas A and M.	2	2	.500
Baylor	2	3	.400
Rice	2	5	.286
Texas	1	4	.200

High School Lad Petitions Tribe For Cancellation

GRAND RAPIDS, Mich., Feb. 5. (AP)—The Cleveland American League baseball club has been asked by Frank Cook, 17-year-old Grand Rapids high school athlete to cancel a contract which caused Cook to be declared a "professional."

Cook also wants to return the $200 he borrowed from the Indians as an advance against salary as a pitcher beginning in 1932, following his graduation from the Union high school.

The contract caused an order of forfeiture of all high school football games in which Cook played. Whether cancellation would restore Cook to high school play would be decided by the state high school athletic association.

111 Fifth Avenue
New York City, N. Y.

Gentlemen:

My attention has been called to your campaign against "Spit-Tipping" in the manufacture of cigars.

You are a commercial organization and obviously are interested in your own product. However, in carrying on this particular campaign, which awakens the public consciousness, against the "Spit" evil, whether it be in the public highway or public places, or elsewhere, I feel that you are doing a work which deserves commendation. Any use you may care to make of this letter will be agreeable to me.

Very truly yours,

A. S. Fell, M. D.
Health Officer

...one of 56 health officials from 56 different points approving Cremo's crusade against spit or spit-tipping.

Every smoker, every wife whose husband smokes cigars, should read Dr. Fell's letter.

"Who are the friends of 'Spit'?"

YOU MAY WELL ASK THIS QUESTION WHEN 56 IMPORTANT HEALTH OFFICIALS HAVE WRITTEN SO STRONGLY AGAINST THE EVILS OF SPIT OR SPIT-TIPPING.

Dr. Fell writes: "You are doing a work which deserves commendation."

The war against spit is a crusade of decency. Join it...Smoke Certified Cremo—a really wonderful smoke—mild—mellow—nut-sweet! Every leaf entering the clean, sunny Cremo factories is scientifically treated by methods recommended by the United States Department of Agriculture.

In this period of cold weather and cracked lips, above all insist on a cigar—free of the spit germ.

house, your boys must guard the premises so that no one leaves without permission."

"That's all as good as done," Strawn assured him. "Now—about them inquiries you asked me to make yesterday of the secretary of the American Legion." He drew a scrap of paper from his breast pocket. "I find that John Drake, Peter Dunlap and Clive Hammond were all in service, in the —th Division, which was held up late in January, 1918, for nearly two weeks in Hoboken, before the War Department could get transports to send 'em to France. Miles, who enlisted the day war was declared, was wounded and shipped home late in 1917. He was discharged as unfit for further service— spinal operation—from a New Jersey base hospital on Jan. 12, 1918. Furthermore, Judge Marshall was in New York the whole winter of 1917-'18, attached to the Red Cross in some legal capacity. He donated his services and—"

"All that doesn't matter now, Captain, but thanks just the same," Dundee interrupted. "Now if you will both excuse me, I've got a lot of work to be done before five o'clock today!"

Dundee had not exaggerated. That Monday was one of the busiest days he had ever spent in all the 27 years of his life. He began, rather strangely, by visiting half a dozen of Hamilton's hardware stores, exhibiting a peculiar instrument and making annoying inquiries as to when and to whom it had been sold. But at his sixth port of call success so completely rewarded his efforts that he was jubilant when he bade the mystified proprietor good day, a signed statement reposing in his wallet.

Two other calls—both in office buildings—took up only an hour of his time, and a taxicab delivered him at police headquarters just as the factory whistles were sirening the news that it was 12 o'clock.

He was lucky enough to find the fingerprint expert, Carraway, in his cubbyhole of an office, his desk almost crowded out by immense filing cabinets.

Five minutes later Dundee sat at that desk, photographs of Dexter Sprague's dead body, just a sit had been discovered on the floor of the trophy room in the Miles home, and a labeled set of fingerprints spread out before him.

"You're sure there can have been no mistake?" he asked. "No chance that these fingerprint photographs were reversed when the prints were made?"

"Not a chance—with my system!" Carraway retorted positively.

"Fine!" Dundee cried. "May I take these photographs? . . . You have copies, I presume?"

* * *

It was half-past two o'clock when Dundee, after a much needed lunch, parked his car in the driveway of one of the most splendid houses overlooking Mirror Lake—a home whose master and mistress were now attending an inquest into two murders. . . .

Half an hour later he climbed into his roadster again, his head spinning. "Did I say ingenious?" he marveled. . .

He drove directly to the Selim house, for he had much to do before the arrival of Sanderson's compulsory guests at 5:15.

His first visit there was to a small room in the basement—a dark cubbyhole next to the coal room. He had locked it carefully after exploring it the day before, for he had taken no chance on leaving unguarded—as he had found it—treasure worth more to him than its weight in gold.

And queer treasure it was that he extracted now—a coiled length of electric wire, which he and Ralph Hammond had measured the day before, with a triumphant excitement; a box of thumb tacks, many of them surprisingly bent at the point; an augur with a set of bits of varying sizes, a step-ladder, and a hammer. If Dexter Sprague had not overestimated the amount of electric wire needed for the job of installing an alarm bell between Nita's bedroom and Lydia's. . . . . Dundee was about to close the tool chest when his eyes fell upon a piece of hardware he had not expected ever to find, although he had known of its existence for more than an hour.

At 5:15 he was entirely ready for D. A. Sanderson, Captain Strawn, and their party of indignant and unwilling guests. . . .

"Oh, Mr. Dundee!" Carolyn Drake squealed. "You're not going to make us play that awful 'death hand' again, are you?"

They were all crowding about him—the men and women who had been Nita Selim's guests at her last bridge and cocktail party. . . .

"Not only are the bridge tables exactly where they were at this time on the evening of May 24," Dundee answered so significantly that all stopped chattering to listen, "but everything else in the house is precisely as it was then. Fortunately, not even the electricity has been cut off! But to make sure I have forgotten nothing, I wish you would all follow me into Mrs. Selim's bedroom and look for yourselves."

Like sheep they crowded into the little foyer and on into the bedroom. There stood the big bronze lamp, set squarely in front of the window frame and in a direct line with the musical powder box on dead Nita's dressing table.

* * *

At 5:25, Penny Crain, Karen Marshall, Carolyn Drake and Flora Miles who had been requisitioned by Dundee to play the part of the murdered woman, were seated at table No. 2, and behind Karen's chair stood Lois Dunlap. Clive Hammond and his new wife were again together in the solarium. But there Dundee's restaging of the original scene in the tragic drama ended. Everyone else, including Lydia Carr and Peter Dunlap, were huddled together in a far corner of the living room.

"Now, Mr. Miles!" Dundee called. "Your cue! Never mind the comedy about 'How's tricks?' Simply go into the dining room, with Mrs. Dunlap, to mix cocktails. You'll find all the ingredients still on the sideboard, exactly as they were when Mrs. Selim sent you to mix drinks on May 24. . . . And Mrs. Miles, will you, pretending that you are Nita Selim, go to powder your face at Mrs. Selim's dressing table?"

Her face white and drawn, Flora Miles stumbled from the room, just as her husband, dumb for once with rage, entered the dining room with Lois Dunlap.

Dundee was about to follow the latter two when an interruption occurred. Followed by a plainclothes man, a middle-aged man entered the living room. Tall, broad-shouldered, determined, he strode to the bridge table, his handsome head upflung, his brown eyes fixed upon the widened brown eyes of Penny Crain!

"Dad!" the girl breathed; then, joyously: "Oh, Dad! You've come home!"

But Dundee halted the reconciliation with a stern word of command. "Please join the group in the corner, Mr. Crain!"

Regardless of the ensuing hubbub Dundee strode into the dining room, where Tracey Miles stood at the sideboard, pouring whisky from an almost empty decanter into a small glass.

"May I drink the Scotch Tracey has poured for me, Mr. Dundee?" Ms. Dunlap asked shakily, leaning against the big round table.

"Yes, but—Silence, please!" he cried, as there came the first faint, tinkling notes of Juanita, from Nita's musical powder box, penetrating the thin wall between the bedroom and dining room.

"As I have said," the detective spoke loudly and clearly above the tinkle of music, "everything is now exactly as it was when Nita Selim was murdered! Permit me to show you all how that murder was accomplished!"

A chair at the bridge table was overturned. Lois Dunlap almost choked on her drink of Scotch. Women screamed. In a few seconds every person in the living room, including the district attorney and Strawn, was huddled in the wide opening into the dining room, their eyes fixed in horror upon Bonnie Dundee.

He spoke again, his voice very clear, but slow and weighted with a dreadful significance:

"Mrs. Dunlap, step on the bell beneath the dining table!"

Lois Dunlap dropped the empty whisky glass, her pleasant face going blank with amazement.

"Step on that bell, Mrs. Dunlap—just as you did before!"

As if hypnotized, Lois Dunlap began to grope with the toe of her right pump for the slight bulge under the rug which indicated the position of the bell used for summoning the maid from the kitchen.

With a strangled cry Tracey Miles lunged across the few feet which separated the woman and himself, seized her arm and whirled her violently away from the table.

"Do you want to kill my wife, too?" he panted, his usually florid face the color of putty.

Shallowater To Extend Tax Date

SHALLOWATER, Feb. 5. (Special) The board of trustees of the Shallowater independent school district at its regular meeting Monday night, voted to extend the time of payment, of school taxes, without the 10 per cent interest charge, until March 1, T. C. Calley, president of the board, announced today.

"The board feels that there are a good many people who will be able to pay their taxes before the first of March and we believe that the right thing to do is to help them," Mr. Calley said. "If we can get enough money in by that time, we will be able to operate the school for the remainder of the present term."

Action of the board was taken after a thorough discussion of the question, Mr. Calley said. Collections were fair up to about 10 days ago, it was explained.

A. C. Wright, secretary of the board, also is collector. He is keeping his office open for the rest of the month.

Sterling In Favor Of Fund To Relieve Drouth Victims

AUSTIN, Feb. 5. (AP)—Gov. Ross S. Sterling tonight said he was in favor of congress appropriating $25,000,000 for food to relieve suffering in unemployment and drouth areas.

"The money is to relieve starving persons, isn't it? For that purpose, almost anything would be justified," Governor Sterling stated.

SHERIFF'S SALE

The State of Texas, County of Lubbock:

WHEREAS, by virtue of an order of Sale, issued out of the 42nd District Court of Taylor County, Texas, on a judgment rendered in said Court on the 13th day of January, A. D. 1931, in favor of The Volunteer State Life Insurance Company of Chattanooga, Tennessee, a corporation, and against J. O. Reynolds and wife, Bertie Reynolds, J. J. Chauncey, Guy Hopkins, Receiver of Mortgage and Securities Company of New Orleans, Louisiana, a corporation, and American Mortgage Corporation, a corporation, whereas said judgment is a foreclosure of a deed of trust lien as same existed November 10, 1928, as a valid first and superior lien and Whereas, on the same day, in the same suit, Guy Hopkins, receiver of Mortgage and Securities company of New Orleans, La., a corporation, recovered a judgment against J. O. Reynolds and wife, Bertie Reynolds, and whereas, the said judgment is a foreclosure of a deed of trust lien, as a second, subordinate and inferior lien to the within described property in favor of plaintiff, and against the remaining defendants; J. J. Chauncey and American Mortgage Corporation, a corporation, No. 8723-A on the Docket of said Court, and to me, as Sheriff, directed and delivered, I did on the 4th day of February, A. D. 1931, at 9 o'clock A. M., levy upon all those certain tracts of land situated in Lubbock County, Texas, and belonging to J. O. Reynolds and wife, Bertie Reynolds, to-wit:

Two hundred fourteen and 91-100 (214.91) acres out of the south part of Survey No. 6, Block D5, E. L. and R. R. RR. Co., Abstract No. 834, Cert. No. 1938, Patent No. 164, Vol. 11, described as follows:

FIRST TRACT: Beginning at 3-4" galvanized pipe, the southwest corner of said Section No. 6; Thence east along the south boundary line of said Section No. 6 a distance of 668.2 vrs. to a 3-4" pipe under the west fence of the highway; Thence in a northwesterly direction along the west fence of said highway to a 1, 1-4" pipe under highway fence in the west boundary line of said Section No. 6; Thence south along the west boundary line of said Section No. 6; Thence south along the west boundary line of said Section No. 6 a distance of 772.3 vrs. to the place of beginning; Containing fifty-five and 1-4 (55 1-4) acres of land out of the southwest corner of said Section No. 6, and being all of that part of said section lying south and west of the right-of-way of the P. and S. F. Ry Co., except a public highway parallel with and adjacent to said right-of-way.

SECOND TRACT: Beginning at the corner of fences running north, east and west, which is the southeast corner of said Section No. 6; Thence north along the east boundary line of said Section No. 6 a distance of 691.9 vrs. to the northeast corner of a tract of 59.66 conveyed by J. J. Chauncey to J. O. Reynolds by deed of correction dated Nov 30, 1928; Thence West 942.1 vrs. to a Cedar anchor post about 8" in dia.; Thence S. 7100 W. following fence line 544.5 vrs. to a 2" by 4" pine stake set for the northwest corner of this tract; Thence south 217.3 vrs. to a 1-2" iron bolt set under the north right-of-way fence of the Santa Fe Ry.; Thence in a southeasterly direction along said east right-of-way fence 640 vrs. to the south line of said Section No. 6; Thence east along the south lines of said Section No. 6 a distance of 1013 vrs. to the place of beginning; and containing one hundred fifty-nine and 68-100 (159.68) acres of land. Plaintiff is the owner and holder of the lien created by said deed of trust by valid transfer and assignment thereof, and on the 3rd day of March, A. D. 1931, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Court House door of Lubbock county, Texas, in the town of Lubbock, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said defendants in and to said property, to apply on the above described judgments.

WITNESS my hand, this the 4th day of February, A. D. 1931.

Wade Hardy, Sheriff, Lubbock county Texas. By Will Earnest, deputy.

BIDS WANTED

The Commissioners' Court of Lubbock County, Texas, will receive bids on one or more 15 trailer patrol with 12-foot blade.

All bids must be filed with the County Auditor not later than 10 a. m., February 9th.

The Commissioners' Court reserves the right to reject any and all bids.

J. Y. BOYD,
County Auditor, Lubbock County.

NOTICE FOR BIDS ON COUNTY DEPOSITORY

The Commissioners' Court of Lubbock County, Texas, will receive bids at the County Courthouse on or before February 9th, A. D., 1931, at 10:00 a. m. o'clock for a county depository for county funds, school funds and for trust funds held by the county and district clerks. All bids will be opened at 10:00 a. m. o'clock on February 9th, A. D., 1931, and all proposals must be in the hands of the court by that hour. The undersigned will receive all bids for county depository for county and school funds and the county clerk will receive all bids for county depository for all trust funds. All proposals for county depository for county and school funds must be accompanied by a cashier's check for $5,000.00, payable to the undersigned, and all bids for county depository for county trust funds must be accompanied by a check for the sum of $100, payable to the county clerk; such checks are required to be given as guarantees of good faith of the bidders and further conditioned that the successful bidder will execute good and sufficient bonds to secure the funds entrusted to him for a term of two years, as required by law in Chapter Two, Title Forty-seven of the Revised Civil Statutes of 1925 and all amendments thereto and further conditioned that the checks of the successful bidder will be cashed by the Commissioners' Court of Lubbock County, Texas, as liquidated damages in case said bidder does not execute and file with this court such bonds as required by law hereinabove referred to or deposit lawful securities with this court as required by law within the time limit therein specified by law.

The law authorizes any banking corporation, association or individual banker in Lubbock County to bid for such depository, but the law requires that such depository shall handle the county funds the county school funds and the county trust funds heretofore held by the county and district clerks. Separate bids may be made for these respective funds but no bid will be considered unless the bidder submits bids for all three of said funds and encloses certified checks as stated above. The Commissioners' Court of Lubbock County, Texas reserves the right to reject any and all bids. The approximate amount of county funds handled last year is $810,000.00; the probable amount of county school funds to be handled the ensuing year is $90,000.00; and the probable amount of trust funds to be handled by the county and district clerks the ensuing year is $2,000.00.

E. L. PITTS.
County Judge, Lubbock County, Texas.

Cotton Cotton Market Is Active On Thursd. Livestock Hog Prices Reveal Moderate Activity Grain Heavier Offerings Meet Fair Demand

Cotton

NEW ORLEANS COTTON

NEW ORLEANS, Feb. 5. (AP)—The cotton market developed considerable activity in today's trading here. Prices after a good initial advance in sympathy with much better Liverpool cables than due soon turned downward. The decline was due at first to profit-taking by recent buyers but later there was considerable selling by ring traders to bring about a reaction. The offerings were fairly absorbed by good trade buying but weakness in stocks later gave values a more decided downward slant. The decline carried active months down 10 to 14 points from the early highs to levels unchanged to 5 points below the previous close. The market again became very active in the later trading on active buying which ran shorts to cover and resulted in new highs 17 points above the lows. The close was very steady at or near the highest the general market showing net advances for the day of 10 to 17 points.

Liverpool came in 6 to 7 penny points better than due and private cables stated that the continent and Bombay bought and that conracts were scarce. Manchester reported a fair cloth inquiry but uncertainty as to deliveries due to the strike restricted business. First trades here showed gains of 9 to 10 points with May at 10.92 and October at 11.40. Prices soon eased off on profit-taking despite fair trade buying and by the end of the first hour March had dropped to 10.84 and May to 11.33 down 7 to 8 points from the early highs.

NEW YORK COTTON

NEW YORK, Feb. 5. (AP)—A further advance in cotton at the opening today met a little more Southern selling and realizing, but offerings were absorbed on moderate reactions and prices firmed up again later on continued trade buying and covering. May contracts later selling off from 10.90@10.80 advanced to 10.97 in the late trading of 15 points net higher and closed at 10.95. The general market closed firm at net advances of 13 to 18 points.

Local brokers said there were more or less trade buying in the near months during the entire day, while some buying of later deliveries was attributed to brokers who are credited with some spreading for cooperative interests. Reports of a strengthening statistical position of Indian cotton in India and the recent steadier ruling of Egyptian have been mentioned as probably contributing factors on the advance which at the high prices of today amounted to about $6.00 per bale from the low records touched during the middle of last September. Houses with Japanese connections were credited with buying here again today and there were reiterated reports of prospects of increased activity in the Japanese mills beginning next April.

Liverpool reported continental and Bombay buying in that market, with contracts scarce. Exports today 14,000 making 4,618,222 so far this season. Port receipts 18,531. U. S. port stocks 4,045,340.

"The Haig"

new golf ball, Hagen queried. "Which new golf ball? Have they made a new one?" When informed that the question was concerning the ball that is now standard, he smiled and said, "Well, that one is so old I'd forgotten it was new. Oh, it's o.k. It's a good ball. Requires a little more practice and a few more clubs, but it's a nice ball. Novices can learn the game better with it and old heads should play more consistently with it. It's a little hard to handle in the wind, being lighter and bigger, otherwise I'm for it.

"Bobby Jones did the wisest thing he could have done," said "The Haig," in reply to the next inevitable question. "He's learned how now, and there's no reason why he shouldn't go into it for the cash. Being an amateur is good for one if he's got a business that makes money while he plays, but that's not always the case. I'm for lettin' Bobby settle down and make a couple a hundred thousand now. By the way, I'm trying to talk him into going with me on a barnstorming trip over the eastern states this summer. Think it will do him a lot of good."

No Champ Pro

Hagen does not think there is a champion professional golfer now. "Give 'em an even break and they'll finish that way," he says. Horton Smith, he believes, just about tops the list of pros now. Leo Diegel is pretty fair, and there are others just about as good. They're all good, but there's not much difference between them, says Hagen.

The Haig is on his way to Miami to take part in the Miami open this spring. He travels in his coupe with his wife, Kirkwood, his caddy and a "flunkey" travel in another car. Today they play an exhibition in Wichita Falls, going from there to Dallas, thence to Shreveport and to Jackson, Miss., before finally arriving at their destination. "It would have cost me $500 to send my car, so I thought I'd just ride it and see the country," he explained.

Praises Town

"You have a nice town here. I've been in Texas before but this is my first trip to the Plains. I like it." Hagen complimented Country Club officials on the condition of the course and urged them to keep building and improving. "Everybody plays golf, or should, and a good course is an incentive to good playing. You should have experts here," he said.

Bears Make Effort To Control Market Thursday But Little Is Accomplished

BY JOHN L. COOLEY
Associated Press Financial Writer.

NEW YORK, Feb. 5. (AP)—Grown impatient with the feeble efforts of bulls to squeeze a profit out of the stock market, bears tried their hand at it today, but accomplished nothing to boast about.

A few shares were depressed rather sharply for a time, but the financial markets generally maintained an even keel, and the bond division continued its improvement. Wall street was not much impressed by the tactics of professional traders in the share market. The price index of 90 shares lost only 9-10 of one point.

With the public still declining to be enticed into the buying side of the share market by bull pool activity, and refusing to be worried into selling by the prodding of bears, the day-to-day traders have found the share market hopelessly unresponsive.

Today's trading aggregated 1,500,000 shares, duplicating yesterday's turnover. The steels and some of the chemicals and specialties went down rather easily for a time, but oils, motors, coppers and rails in the main were sluggish and about steady. Short covering cancelled much of the extreme losses in final dealings.

Reporter Witness In Cannon Trial

WASHINGTON, Feb. 5. (AP)—A reporter for the New York Journal spent five hours today before the board of Southern Methodist churchmen inquiring into charges against Bishop James Cannon, Jr.

What went on behind the locked and guarded doors was kept secret by the investigators but it was presumed the reporter, Austin O'Malley, was questioned concerning articles in his paper about Bishop Cannon.

The Journal is Published by William Randolph Hearst against whom Bishop Cannon has filed a $5,000,000 libel suit.

Matrimony's most dangerous period is about the twenty-fifth year, according to one German expert, who adds that many of these belated marriage tragedies occur because husband or wife is too devoted to the children and neglects the other partner.

Livestock

MIDDLEWESTERN LIVESTOCK

KANSAS CITY, Feb. 5. (AP)—Moderate activity developed on hogs at prices unevenly steady to 15c higher. The chief stimulating influence was an improved demand for fresh pork. St. Louis had a top of 6.65. Offerings were around 97,000.

Fat lambs found a slow demand at steady to unevenly lower values with some of the river markets showing losses of 25 to 40c. City butchers in Chicago paid up to 9c for choice lambs, while the shippers top at Omaha was 8.35. The supply approximated 46,300.

Receipts of cattle were estimated at 22,000. Chicago received 11.25 for best weighty steers and scored 11.75 on a short load of long yearlings. Strictly good 1,224 lb. and 1,366 lb. Kansas fed steers in Kansas City sold at 10.35. Short fed steers at the river markets are selling from 6.75@9.00.

FORT WORTH LIVESTOCK

FORT WORTH, Feb. 5. (AP)—Hogs—700, truck hogs 5 to 10c higher; no rail hogs offered; truck top 7.65, bulk better grades 175-240 lb. truck hogs 7.60; weights truck butchers 6.75@7.25; packing sows steady, mostly 5.75@6.00.

Cattle — 1,100, slaughter steers about steady; medium weights 6.00@7.00; slaughter yearlings slow at full recent declines; fat yearlings 6.25@6.50; butcher heifers 5.50 down; cows steady, good fat cows 4.25@4.50; butcher cows 3.00@3.50; bulls tending weak to lower, sausage grades 3.00@3.75; stocker trade poorly tested, fairly good stock steer yearlings 7.00 about steady; slaughter calves slow, others 25c or more lower, good heavy fat calves 6.00@6.50.

Sheep—1,200; steady; fat truck lambs 7.00; few decks good aged fat wethers 5.00; fat wethers carrying a few yearlings 3.10; fleshy feeder lambs up to 6.50.

Grain

FORT WORTH GRAIN

FORT WORTH, Feb. 5. (AP)—Slightly heavier offerings met a fair demand on the cash grain market today. Heavy receipts of wheat from country shippers were reported going into storage for the farm board agencies. No. 1 hard wheat was probably worth 77 1-2@80c, the latter being the farm board figure here basis delivered T. C. P., freight paid. Estimated receipts: Wheat, 41 cars; corn, 19; oats, 1; barley, 1, and sorghums, 11 cars.

Quotations on coarse grains as follows, basis carloads delivered T. C. P., freight paid.

Corn, No. 2 mixed 72@72 1-2c; No. 2 white 74 1-2@75 1-2; No. 2 yellow 74@74 1-2c; oats, No. 2 red 43 1-2@44 1-2c; Sorghums, No. 2 milo per 100 lbs. 1.22@1.24; No. 2 kaffir 1.20@1.22.

CHICAGO GRAIN

CHICAGO, Feb. 5. (AP)—Extensive moisture relief promised for tonight or tomorrow in domestic drouth regions imparted a downward trend to grain prices today. Weakness of securities counted also as a bear influence. Adding to the weight on values were advices that Russia was again offering wheat abroad on a large scale.

Wheat closed irregular, 5-8c off to 3-8c up, corn 1-4 to 3-4c down, oats at 1-4c decline to an equal gain, and provisions showing 2 to 20 cents setback.

Indications of a breakup of drouth put wheat under considerable selling from the start, and kept buying support minimized. However, the market was of a two-sided character, with intermittent rallies based largely on 30,000,000 bushels reduction of estimates of the Argentine exportable surplus the curtailed Argentine estimates were ascribed to a wet harvest.

Despite prospective stormy weather likely to have a bullish rather than a bearish effect, the corn market gave way with wheat. Flowing for corn was reported in Illinois, Indiana and Nebraska. Oats displayed relative strength, with offerings scant.

works, and after a conference with police officers agreed to help them set a trap for the man she said demanded the money.

Miss Putnam went to the office of the pretext of hunting for a job and had been talking with Brockshire, who had told her they had no jobs open. Lieut. Claude Green was in the rear of the warehouse and Griffin in an automobile parked across the street.

The man the married woman said had demanded the money did not come into the building and was not in sight.

For an hour Miss Putnam remained there, saw Brockshire pass by the basket several times. At 3 o'clock he picked up the package. "I turned it over and saw 'Merry Christmas' written on it and I wondered what it was," he said. As soon as he picked it up Miss Putnam drew a 25 calibre pistol and demanded he hand her the package. "I gave it to her and then I grabbed her," Brockshire said.

A bullet struck Brockshire in the leg, but he struggled until Griffin and the police officer ran across the street. Before Brockshire was overpowered, Green likewise had been shot in the hand.

Firm Stand Taken Against Proration In East Texas

LONGVIEW, Feb. 5. (AP)—A firm stand against immediate proration oil in the Rusk and Gregg county fields was taken by the East Texas committee of 25 representing lease, land and royalty owners of the area at a meeting here today.

The resolutions were adopted unanimously by the committee.

Legislature

sider several bills on which public hearings were not desired. A four-fifths vote is necessary before a senate committee can pass out a bill until the start of the second 30 days. So far the senate has confined its consideration, both in committee and on the floor, largely to local and emergency bills and to resolutions. Dr. Beck, chariman of the senate finance committee, today requested that emergency appropriation bills aggregating $1,274,467.30 be held up until the financial condition of the state could be definitely ascertained.

Appropriations Cut

The house committee on appropriations pared the allotments for 1931 summer schools from $422,700 to $250,000.

The senate heard a recommendation from the highway commission advocating further restriction of buses and trucks as to weght, length, width, height and speed limit. The report said great damage had been done to highways by vehicles which were too heavy, and asked that the highway commission be given authority to classify highways as to the amount of tonnage to be hauled over them.

The committee decided to vote favorable on a bill by Representative McGill of El Paso to make motorists show their advalorem tax receipts on their automobiles before selling them licenses. McGill said 80 per cent of the drivers were escaping the property tax.

Senator Hopkins of Gonzales offered a bill to substitute convention-primary system of nominating state officers for the present two primary system. Under its provisions, delegates to the convention would be selected in the first primary and the convention would name two candidates for each office, to be voted on in the August primary. A bill previously had been introduced to impose the convention system of selecting judges.

Bill To Advance Terracing Is Reported On Favorably

AUSTIN, Feb. 5. (AP) The house committee on agriculture today reported favorably on a bill by Representative Giles of Austin to permit use of county road machinery for farm terracing. Use of the machinery would be given farmers at cost.

The bill would give county commissoners authorityy to purchase machinery for terracing purposes. Cost of the terracing would be spread over a period of years if the farmer was unable to pay in a lump sum.

Delay Likely In Libel Suit

One Attorney Out Of City, Another Ill And Legal Questions Of Case Not Settled To Hint Continuance

Absence from the city of one attorney and illness of another, with the additional fact that the legal questions in the case are far from being settled, will obviate the expected trial of the $200,000 libel action of Fred Spikes against J. Evetts Haley, the Capital Reservation Lands syndicate and its trustees, scheduled for Monday in 99th district court, it was learned yesterday.

E. L. Klett, one of the defense counsel, stated that not all of the 125 or so depositions in the case had been gone over by counsel for both sides and that there were many of these yet to consider.

"The case probably will be considered.

"The case probably will be continued from time to time," he explained. "I do not think it will come up before May. Not all of the issues in the case have been heard."

Frank Brown, of the firm of Lockhart, Garrard and Brown, stated that he did not think the case would be heard as long as G. E. Lockhart, senior member of the firm and legislator from this district, is in Austin. "Tom Garrard has been sick since he returned from California," he added, explaining that these two things had a bearing on the delay.

MOTION MADE

WASHINGTON, Feb. 5. (AP)—A motion was made in the senate foreign relations committee today by Senator Walsh, Democrat, Montana, to reconsider the decision postponing consideration of the world court protocol, until December. Action was blocked however.

Following the recent promulgation from Rome of a decree of "Strict Papal Enclosure," Dominican Sisters at Sienna Convent, Drogheda, Ireland, have taken solemn vows to seclude themselves from the outside world and to converse with outsiders only through an iron grille.

Farm Lectures Will Be Given

Demonstration Of Terracing Will Follow Illustrated Lecture Here April 2 And 3, D. F. Eaton Says

A night meeting which will consist of an illustrated lecture on farm work and methods and a demonstration of terracing on the following day, will be held by the agricultural department of the Fort Worth and Denver railroad and cooperating agencies in Lubbock April 2 and 3, D. F. Eaton, county agent, was advised yesterday by M. B. Oates, agricultural agent.

M. R. Bentley, a member of the extension service of Texas A. and M., is to deliver the lecture at the night meeting here, using slides he has prepared especially for the terracing campaign of the railroad.

Itinerary Divided

The train's itinerary is divided into two sections, before the annual Fort Worth Fat Stock show and after the show. Start is to be made from Fort Worth on February 19, after a night lecture on the 18th.

The first section closes with a night meeting at Spur, Dickens county, March 6 and a demonstration, Saturday, March 7.

On the 16th the trip is resumed. Hale county will be visited on Mar. 30 and 31; Floyd county April 1 and 2 and ubbock county April 2 and 3.

Cooperating agencies include besides the railroad company, the Texas A and M. college and the federal Land bank at Houston, with the county agents of the counties to be visited, the chambers of commerce of the towns and the farm loan associations.

Secretary Rogers of the local farm loan association and the chamber of commerce here will be asked to assist in the local demonstration.

Dr. Horn Hoping For Liberal Fund

While the Texas house committee has recommended but 60 per cent of the $35,000 sought by Texas Tech for its summer school, the upper body of the legislature has approved the entire sum, Dr. Paul W. Horn, president, said yesterday in response to a question as to the future of the summer school here.

"I hope the legislature will be as liberal as it can" was his only statement for publication. "We will try to get along with whatever the legislature allows us for summer school."

This statement was taken to indicate that the summer session here would be carried out, with perhaps a curtailment of activities in the event the house sustains its committee's action.

Sixty per cent of the sum asked is $21,000.

Auto truck manufacture and a tannery will be operated in the same plant at Mukden, China.

A COLLEGE COLUMN

By MARSHALL FORMBY, TECH CORRESPONDENT

MUSEUM MEET TODAY

Several hundred visitors are expected to attend the second annual meeting of the Plains Museum society today at the college. Exhibits will be on display by the various departments including the college library. A varied program has been arranged for the sessions this afternoon and tonight.

Despite the fast the pet alligator of the biology department is somewhat indisposed, having been on a hunger strike for two months, the biology department will have some sort of exhibit today. Another display is being arranged and "ally" will not have to enter the show.

A striking display will be the collection of Philipine and Sumatra weapons loaned to the museum.

BASKETBALL THIS SPRING

Intramural basketball will get underway following beginning of the spring term, Coach Del Morgan said recently. It has been the custom for the cage championship to be settled in the fall, but arrangements were never completed last fall and the contests could not be played this term due to intramural football.

Five leagues will comprise the tournament and four teams will make up each league. After the championship is decided in each league, the winning team from each league will be eligible for the intramural crown. The intramural football crown now rests upon the head of the liberal artist.

In addition to the basketball contests, there will be competition in golf, track, tennis and perhaps baseball, the Tech coach said. It has not yet been definitely decided whether baseball, any other than the indoor game will be played. The coaches hope to organize an intramural baseball league.

GIRLS ARE MARKSMEN

In keeping up with the men of the college, Tech co-eds have organized a rifle club and at the first meeting this week 33 reported for rifle practice. Practice will be held twice each week and ammunition will be furnished by the Tech military science department.

Officers selected for the club include Josephine Cowsert, president, and Virginia Hash, secretary-treasurer. The team is being instructed by Willet Kuhn, L. W. Chapman and Capt. H. E. Killin, head of the Tech military science department. No credit is given in the course.

MAKE HANDKERCHIEFS

Junior textile students of Tech are working on a design for unique handkerchiefs to be made in the textile department. The handkerchiefs will be white with a scarlet and black border and will be on display during the annual engineers' show, May 14, 15 and 16.

Don't neglect a COLD

DISTRESSING cold in chest or throat—that so often leads to something serious—generally responds to good old Musterole with the first application. Should be more effective if used *once every hour for five hours.*

This famous blend of oil of mustard, camphor, menthol and other helpful ingredients brings relief naturally. Musterole gets action because it is a scientific *"counter-irritant"*—not just a salve—it penetrates and stimulates blood circulation, helps to draw out infection and pain. Used by millions for 20 years. Recommended by doctors and nurses.
