On The BEAM

By J. W. King, Sr.
March 3-7 has been set aside as Public Schools Week in Texas. Patrons are welcome to visit the school at any time but during Public Schools Week special emphasis is placed upon visits to classrooms. In this way parents can gain first-hand knowledge of the methods used in teaching their children.

Since the atomic age and the age of rockets and satellites has arrived there has been considerable discussion about the subjects taught and the subjects not taught in our public schools during recent years. Some say the requirements for graduation are not high enough, others say they are just right.

There is no doubt that students who apply themselves while in school graduate with a well rounded education that fits them for living. But there is also no doubt that many graduates of our high schools finish without a thorough knowledge of some of the basic requirements to enter an institution of higher learning.

We don't want to start an argument with school authorities or the students but how many graduates of high school—any high school—can read under standingly, write decently, spell or work a simple arithmetic problem.

Of course I may be a little jealous of the modern day student who has it so easy. Why back in the days when I graduated from high school—it's been several years—I had to take latin four years, arithmetic all the way through high school as well as two or three years in grade school, geometry, algebra and English. I didn't learn much of any of those subjects but I was exposed to them long enough.

As I said, I don't want to start any arguments but what is taught or the method of teaching now are perhaps better than they were in my high school days. It all depends upon the individual student as to whether he learns or just drifts through school.

WEDNESDAY IS MASONS DAY FOR SCHOOL WEEK

Raymond Wheeler, Worshipful Master of Loraine Lodge, said this week that Wednesday, Mar. 5, has been chosen for the members of the Lodge to visit the school and eat lunch at the cafeteria.

WEBBS ENTERTAIN

Visitors of Mr. and Mrs. Lester Webb Friday were their son-in-law, coach Truman Nix, and sons Glenn, Randy and Dewain of Wink. Accompanying Coach Nix were his assistants, Harold Blackburn, Carol Tatum and Taber Rowe, and a high school senior Edward Rjoff, all of whom attended the track clinic at Abilene Christian College over the weekend. They returned here and were guests in the Webb home for lunch Sunday. Glenn, Randy and Dewain spent the weekend with their grandparents while the group was in Abilene.

ATTEND CONFERENCE

Members of the vocational agriculture classes of Loraine High School attended the Agri-Business Conference held at the Civic House in Colorado City Feb. 19. The theme of the conference was "Better Agriculture For West Texas Tomorrow". Members of the class heard Mr. Charlie Thompson speak on "Farm Credit Problems" and Mr. C. B. Spencer who spoke on "The Future of Cotton". They also enjoyed talks by Paul Marion, Superintendent, Spur Experiment Station, who talked on "Utilization of Home Grown Feed to Livestock", and Charles Casebolt, DeKalb Agricultural Representative from Lubbock who spoke on "Grain Sorghum and Its Problems".

The members of the local chapter appreciated attending a conference of this type as it helps to realize the importance of agriculture to business and to learn of new developments that are taking place from those who are actually working with it. Only 12% of the population in the United States live on the farm but 37% of the population is directly or indirectly connected with agriculture, depending on it for their livelihood.

Thirty-four members and the advisor, Mr. Holt, attended the conference.

Three Day Rain Soaks Ground: Best Season In Years Now In Land

Three days of rain following several days of cloudy, misty weather last week left 1.45 inches of moisture registered in the government gauge here. This brings the total rainfall for 1958 to more than 3 inches. The land is wetter to a greater depth now than it has been at this time of year for many years.

With the coming of spring in a few weeks pasture land should put forth a carpet of greenery the ranchers haven't seen in a long time. Prospects for grazing this spring are bright.

Because of the continued wet weather and the delay in gathering last years crop many farmers have not yet plowed their land for spring planting. Those who have got in a little plowing say the ground works fine.

As most of us very well know there are many hazards between planting and harvesting a crop, but right now prospects are brighter than any we have seen since way back.

CEMETERY FUND

Contribution to the cemetery fund the past week was \$5.00 from Mrs. A. F. Wilcox, Wasco, California.

The Cemetery Committee reminds everyone that a lot more contributions will have to be made if the cemetery is to be kept clean this year.

With the good season in the ground weeds will grow in a hurry when the weather gets a little warmer.

The Cemetery Committee reports that there is very little money on hand now and if the weeds in the cemetery are to be killed while they are small the funds will have to be available right away in order that work can be done when needed.

Parents of Mrs. Tartt Honored On 50th Wedding Anniversary

Mr. and Mrs. Will Young of Route 2, Abilene, parents of Mrs. Wilmon Tartt of Loraine, were honored with a reception on their golden wedding anniversary from 2 until 5 p. m. Sunday, February 23, in the church parlor of the First Baptist Church in Elmdale.

The couple were married Feb. 20, 1908, in the home of Mrs. Young's parents, Mr. and Mrs. J. G. Davenport of Elmdale. The Rev. E. L. Sisk, who was the Methodist pastor at Elmdale and Clyde at that time, read the wedding ceremony.

Born Chera Davenport on Mar. 1888, at Fort Payne, Ala., Mrs. Young was the sixth of seven children. Mr. Young, longtime farmer and stockman in the Clyde area, was born Feb. 11, 1887, at Lyle Gap in Taylor County.

The Youngs have two daughters Mrs. Lewis Corder of Merkel and Mrs. B. W. Tartt of Loraine, who were hosts for the occasion. They also have seven granddaughters.

Two hundred called during the hours to express congratulations to the couple.

Yarborough Files Bill To Increase Acreage

In an effort to bolster the farm economy of Texas and the nation, United States Senator Ralph Yarborough has filed a bill to increase cotton acreage allotments and authorize loans to help cotton farmers plant their land.

Purpose of the bill, Yarborough says, is "to provide an emergency relief program for the 1958 production of cotton. The program is needed because thousands of cotton farmers are in bad shape financially and several million bales of high quality cotton are needed to meet the current shortage."

SON IS BORN

Mr. and Mrs. Talmadge Linam of El Paso are announcing the birth of a son on February 23, whom they named David Lawrence.

Paternal grandparents are Mr. and Mrs. Jack Linam of Loraine.

COUPONS WANTED

Mrs. Claude Morrison announced this week that the F. H. A. girls are still wanting Betty Crocker coupons. Some thought the girls had wanted the coupons for only a short time, but they are still adding to their silver and would appreciate your saving the coupons for them.

Church Library Open To Public

The announcement of the opening of the Baptist Church library to the public was made at a tea hosted by the T. E. L. Sunday School class Tuesday afternoon at the fellowship hall of the church.

Anyone who wished has been welcomed to read the library books but no special publicity had been given or announcement made concerning the library or its contents to the general public.

The library was opened by the T. E. L. Sunday School class in 1954 with 84 books. At that time it was known as the TEL class library but later was turned over to the church and became the Baptist Church Library. Many books have been bought and many given to individuals and classes since its beginning four years ago.

Mrs. L. E. Crutcher welcomed callers and she and Mrs. J. C. Hall presided at the tea table serving tea cookies with coffee and hot tea.

Masons Observe Washington's Birth With Banquet

The annual banquet for members of the Masonic Lodge and their families was held at the high school lunch room last Thursday night honoring the memory of George Washington whose birthday anniversary was the following Saturday.

The tables were laid in white and small logs with a red hatchet driven into them were placed at intervals along the center making table decorations.

The program folder was of blue paper cut to outline the features of George Washington. The decorations and folders were made by the Homemaking department of Loraine school.

Raymond Wheeler, Worshipful Master of the Lodge, was master of ceremonies. Howard Combs gave the invocation and R. L. May the benediction.

The speaker for the evening was Dr. John Hamblen of Snyder, a former Lorainian.

The menu consisted of steak and gravy, salad, peas and potatoes, hot rolls, coffee and tea with dessert of cherry pie topped with ice cream.

The affair was first announced for Friday night but was moved up to Thursday night in order not to conflict with a basketball game.

SUPT. SAYS THANKS

Supt. D. V. Marcum stated this week that he appreciated to publicly express his appreciation to the boys and girls, coaches and fans for their wonderful basketball season. The support of the fans, school officials and fine coaching has given the Loraine team the best season they have had in many years.

Supt. Marcum continued by saying he deeply appreciated the way the boys as well as the fans have conducted themselves in every way and they are to be highly commended.

Mr. Marcum said that the season ended with the school coming out very good financially. A full report will be made in the near future on the financial status of the football and basketball season.

Bulldogs Lose Bi-District To Divide; Girls Lose First Of Three Game Series

The Loraine Bulldogs, District 16-B champions, were downed by Divide, District 15-B winners, 64-58 in a play-off game at Sweetwater Tuesday night ending the season with a 22-7 mark. George Martin scored 24 of Loraine's points.

The Bulldogs closed out a perfect 8-0 record in District 16-B by defeating Westbrook 71-61 at Westbrook Friday night to win the district title. George Martin scored 21 and Donald Ritchey 30 points in that game.

A large crowd of fans followed the Bulldogs to Sweetwater Tuesday night supporting the team as they had all through the season, the best Loraine has ever had, according to many fans. A Loraine basketball team has not won a district title since 1918, so say some of the basketball coaches.

The coaches expressed their appreciation to the boys for their fine playing, wonderful spirit, and efforts during the season and also expressed appreciation to the public for the fine support during the season.

The Loraine girls basketball team got off to a bad start for Tuesday 16-B championship here Tuesday night when they lost the first of a three-game series to Westbrook for the District 16-B championship 64-62.

W. M. S. Hosts Banquet For Seniors

The Womans Missionary Society of the First Baptist Church entertained the seniors of Loraine High School at a "Starlit Eve Banquet" in the fellowship hall of the church Monday night.

The banquet was held in a beautiful setting representing a strait evening. Overhead on the ceiling were numerous stars of various sizes. Larger stars hung from the ceiling. Tables were laid in blue dotted with silver stars and a blue curtain containing many silver stars hung behind the speakers table.

Down the center of each table a canal made of foil contained lighted floating candles. The speakers table contained an arrangement of seven candles in the center flanked by single candles at each end of the table.

The programs were white booklets covered with blue on which was a large gold star and the title, Starlit Eve Banquet. Cups fashioned from foil contained floating candles. The speakers table contained an arrangement of seven candles in the center flanked by single candles at each end of the table.

Public School Week Proclaimed By Governor Daniel For March 3-7

Governor Price Daniel recently issued the following proclamation proclaiming March 3-7 Public School Week in Texas:

Public Schools Week in Texas is a special time set aside each year in which to place increased emphasis on our public schools. Parent visitation is encouraged, and the citizens of our communities are urged to take an active interest in the school systems and to cooperate with the respective school boards, superintendents, principals and teachers in an effort to make Texas public schools the finest in the Nation.

Today, more than ever before, the importance of our schools is being realized by an awakened Nation. Education, both in scientific and liberal arts fields, has taken on a new perspective. However, with all the rush to train scientists and place satellites in outer space, it is important to remember that our public schools will furnish our leaders of tomorrow with the basic human, moral and spiritual foundations necessary for more advanced training and knowledge.

Therefore, I, as Governor of Texas, do hereby designate the week of March 3-7, 1958, as PUBLIC SCHOOLS WEEK in Texas, and urge each citizen to recognize the tremendous importance of our public schools.

In official recognition whereof, I hereby affix my signature this 15th day of Jan., 1958.

Public Invited To Visit School

Supt. D. V. Marcum announced this week that the Loraine school will observe Public Schools Week March 3-7.

Public School Week in Texas is set aside each year in which to place emphasis on our schools the superintendent said, and issued a special invitation for the public to visit the local school some time during the week.

Parents are invited to sit-in at their child's class period, learn how the daily work in his room is carried on, his part in the class room and the program carried on daily. This visiting is urged to encourage the child, and the teacher is always the one most eager to welcome parents and to know they have the support of the parents as they seek to guide the child through the seven or eight hours they are under her guidance.

No days have been set aside for any special groups but Supt. Marcum welcomes the public to visit school and remain and eat lunch at the cafeteria any day during Public School Week.

CELEBRATES BIRTHDAY

Mr. and Mrs. Woodrow Pratt honored their daughter Sarah with a supper and skating party Thursday evening to celebrate her 17th birthday anniversary.

HEADS RED CROSS DRIVE FOR LIFE SAVED

When a newspaper managing editor interviews one of his reporters - that's news! And so is the story Robert Brueger (left), managing editor of the Burlington, Iowa, Hawk-Eye Gazette, got from his reporter, Dan Bied, a World War II veteran who heads up the March Red Cross campaign in Des Moines County, Iowa, to show his gratitude for Red Cross food parcels received when he was a prisoner of war in Germany. Bied said many POWs died of malnutrition and were stricken with tuberculosis and other ailments. "The only reason I was able to return home in good physical condition was because of the aid rendered by the Red Cross."

The Jane Robinson Circle of the Baptist W. M. S. met at the fellowship hall Wednesday and heard Mrs. Edgar Baumann review the book Look, Look the City, by Alfred McCollum.

At the noon hour a social period was enjoyed and sandwiches, potato chips, cup cakes and drinks were served.

Those present were Mmes Bobbie Graham, Lawrence Graham, Loyd Ray Finch, Arthur Lee Pieper, Garland Haygood, A. J. Barron, Howard Tart, Van Harmon, Gene Britton, E. J. Schroeder and Edgar Baumann.

T. E. L. CLASS MEETING

The T. E. L. Sunday School class met at the fellowship hall of the Baptist Church Thursday, Feb. 20, for their regular class meeting with Mrs. Henry Riden, Mrs. R. H. Phillips and Mrs. W. M. Teeters as hostesses.

The group sang Amazing Grace and Mrs. A. G. Furlow led in prayer to open the meeting.

Mrs. Hal Bennett gave the devotional, using various scripture quotations on the subject "To gether Before God". Emphasis was placed on the joyous privilege of worshipping together in the church.

Mrs. Edwin Hallmark, chairman of the class mission building fund, sent in a report of \$11.42 contributed the past month.

Reports were heard from the class officers. Everyone present voiced their appreciation of the "new look" in the kitchen of the church with thanks to the ones responsible, the Friendship and the Deacons Sunday School classes.

A patriotic theme was carried out in a floral arrangement and napkins in view of the approaching holiday.

Refreshments of date-pecan cake, coffee and hot chocolate were served to Mmes W. C. Rogers, Henry Neill, A. G. Furlow, Hal Bennett, W. M. Teeters, R. H. Phillips and Henry Riden.

Closing prayer was led by Mrs. Teeters.

WORLD DAY OF PRAYER IS OBSERVED HERE

The World Day of Prayer Service at the Methodist Church was well attended considering the rainy weather. A wonderful program of prayer, praise and thanksgiving was enjoyed by all present.

A free will offering for worldwide missions was given at the close of the service. The projects to which this offering goes are sponsored by the General Department of United Church Women of National Council of Churches of Christ in U. S. A.

The 1958 Service was composed by Christian women of Australia. This was done by women from various parts of Australia, including aborigines. The theme of the program was "The Bread of Life."

Mr. and Mrs. Harry Cranfill and Mrs. Bessie Yearbrough spent Sunday with Mr. and Mrs. Jess Smith in Roscoe.

Maurice Coldevey of Midland spent the weekend with his parents, Mr. and Mrs. Leonard Coldevey, and his wife and little son returned home with him after spending last week here with her parents, Mr. and Mrs. Roy Richard, and in the Coldevey home.

Guests of Mrs. W. H. Narrell Monday were her sister, Mrs. Tommie Robinson and son Chas. of Big Spring.

Connie Liles and Marger Lou Thompson, who are working in Midland, spent the weekend with their parents, Mr. and Mrs. Gene Liles and Mr. and Mrs. J. A. Thompson.

Mr. and Mrs. Troy Kegans and sons Rusty and Chad of Wichita Falls, spent the weekend with her parents, Mr. and Mrs. Wiley Walker.

Mrs. Fay McCollum and Miss Gladys Spikes visited their sister and husband, Mr. and Mrs. Burr Brown, in Coahoma Sunday.

Mr. and Mrs. Sam Love returned to their home in Fort Worth and Mrs. Gertie Lowe returned to her home in Tyler Saturday after visiting in the Raymond Wheeler home last week and attending the funeral of Mr. Will Hallam. Max Hallam returned to his home in Redlands, California Thursday.

Also visiting in the Wheeler home during the first of the week were two daughters and husbands, Mr. and Mrs. Mason Richburg of Abilene and Mr. and Mrs. Melvin Hamilton of Plainview.

Weekend guests of Mr. and Mrs. Jeff Davis were Mr. and Mrs. Marlin Gibson and children of Ackery. Others visiting Sunday were Mr. and Mrs. Dewey Winstead of Lubbock and Mr. and Mrs. Vernon Davis and children of Roscoe.

Mrs. Johnny Frazier of Brownwood spent Friday night with her father, A. E. Jarrett.

LETTERS TO THE EDITOR...

Midland, Texas
3202 W. N. Front St.
Dear Mr. King:

We enjoyed the enclosed poem and it reminded us so much of you and our old "hometown newspaper" I decided you would appreciate it also and the readers of The Mitchell County News, if you care to publish it.

Any way you are a "wonderful booster" for your home town and if everyone would try to do the same, it would be a better place to live. But it would suit me fine like it is.
May God bless you and Mrs. Baird and all who read your paper.
A Shut-in friend,

Mrs. Dewey Compton. THE HOMETOWN PAPER

By John Lair
We never realize how much the hometown paper means. Till we have wandered far away from old familiar scenes, and then it's just as welcome as a letter from a friend. We read it through from front to back, from beginning to the end. And when we see the names in print of folks we used to know, a flood of tender memories will set our hearts aglow.

We remember how that paper was a standby in our home. And how we'd scramble for it just as soon as it would come. Sis looked for all the personals; Dad read the livestock news; Grandad liked editorials—if they sided with his views! But Mother never seemed to have a part that she preferred. She just set down, when she had time, and read it every word. The editor, remember, was a friend to all mankind. Some folks would try to use him, but he didn't seem to mind. When he went out to look for

news—or ads he didn't get—He had a smile and cherry word for everyone he met. He always had a column any good thing to exalt. But he had no screaming headlines to proclaim a neighbor's fault.

He welcomed new-born souls to earth and noted when they left. He joyed with those who had been blessed and grieved for those bereft. He printed church announcements and his correspondent's jokes.

He noticed all the little things that meant a lot to folks. When "Cripple Charlie" Hoskins' little dog got hurt and died. He wrote up such a pretty piece that everybody cried.

God bless the small town paper for the help it has been. To make this world a better place to raise our children in. God bless the country Editor. The humble part he played. Enriched our lives a thousand-fold, though he went unrepaid. And when he gets up Yonder, as he surely will, I know He'll get the credit he deserved but never got below.

So when your hometown paper comes, sit down and read it through.

And give a kindly thought to him who got it out for you. The spelling may be faulty, and the printing not so good, but just don't laugh and criticize; he did the best he could.

It may not be impressive and it ain't no work of art, but every word you're reading there comes straight from someone's heart.

Mrs. Bessie Johnson accompanied her son, Dr. Homer Johnson and daughter Peggy of Midland, to Abilene last weekend and visited in the Dr. Dale Johnson home.

Mr. and Mrs. K. L. Taylor were in Dallas during the week end attending the bankers meeting.

Mr. and Mrs. Lewis Harper, Jr. of Lovington, N. M., and Mrs. Mattie Harper of Colorado City visited Mrs. J. A. Shepherd and in the Bud Shepherd home Monday afternoon.

Mr. and Mrs. Tommie Horton and daughter Dana Ruth of Ackerly visited his parents, Mr. and Mrs. Phil Horton, Saturday. Mr. Phil Horton, who was a patient in the Johnson Hospital last week suffering flu and pneumonia, was dismissed from the hospital and returned home Sunday afternoon.

OUTDOORS IN TEXAS

By Vern Sanford
Right now the Moving Hand is writing in the Book of Time what kind of hunting we'll have next fall.

Farmers and ranchers hold the key to successful wildlife harvests. If you doubt this, just remember that almost 90 percent of the hunting area in Texas is private domain. Actually, some of this is under state ownership, but grazing rights are leased. So, after all, the farmer or the rancher is the one in charge. Our wildlife must have its habitat, just like we must have our homes. If that habitat is not available, then wildlife suffers, whether the weather is good or bad.

Naturally the weather plays a very important part in every year's wildlife crop. No more so, however, than the area that is the natural home of our birds and animals. A Good Game for Farmers. Although land owners and sportsmen have made great strides in providing proper ecology, there is a consistent uphill battle to keep the work going.

Recently biologists of the Game and Fish Commission reported on 1957 activities in planting multiflora roses for quail cover, plants and put them in ground, owners almost 50,000 of these little bushes, bought with the money which you paid for the privilege of hunting.

Land owners accepted the and put them in the ground. Then, far too many landowners lost interest and a goodly number of the plants died.

According to her cooking needs. The entire egg industry can expect a boost, also. For years, Texas eggmen have been plagued with false or misleading labeling methods within the trade. Various phrases were used in advertising which lead to confusion in trying to buy high quality eggs. Now the trade has a uniform system of grading on which to base their price.

In addition, egg handlers can buy and sell Texas eggs of a known quality without having to rely on out-of-state purchases for accurately graded eggs. This will help to keep Texas money in Texas.

When the Legislature passed the egg law, it also set up a Texas Egg Marketing Advisory Board to aid in policy making and enforcement problems. Agriculture Commissioner John White is chairman of this board, with D. W. Reneau of Seguin serving as vice-chairman. Other members of the board are: T. D. Craddock, Hamilton; G. F. Siebel, Burton; Jim W. Whitaker, Paris; Jack Dubose, Gonzales; Marvin Gilbreath, Weimar; Dewey Stringer, Houston; Tom R. Boothe, San Antonio; and Frank Ehrlie, Childress.

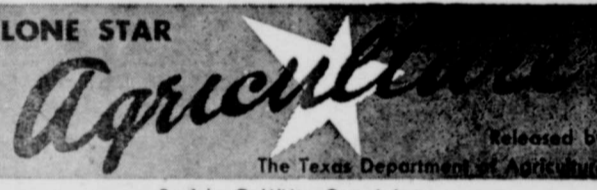

This is just one example of what happens when someone doesn't care... or doesn't realize the income possibilities that might result from a little attention. However, some landowners have discovered that hunting privileges constitute a cash crop. This is particularly true in the Hill Country of Texas, home of most of our white tail deer. Unfortunately, however, some of the agricultural areas have not responded so well.

One of the most successful quail areas in Texas is a quail management project adjacent to Crooks Lake in Lamar County. Here Warden Reb Barks has brought about the planting of many multiflora roses to supplement natural cover around the lake. Food producing plants like dove weed and lespedeza add to the inducement for quail to multiply.

A Good Club Project. This is one of the most important projects that local sportsmen's clubs can adopt. If club members will work closely with land owners, mutual understanding can be had. Landowners will soon come to realize that cotton and corn aren't the only crops he can produce.

Of course you don't have to belong to a club to talk this over with your farmer friend. Sell him on the idea of improving his range land, and providing more cover.

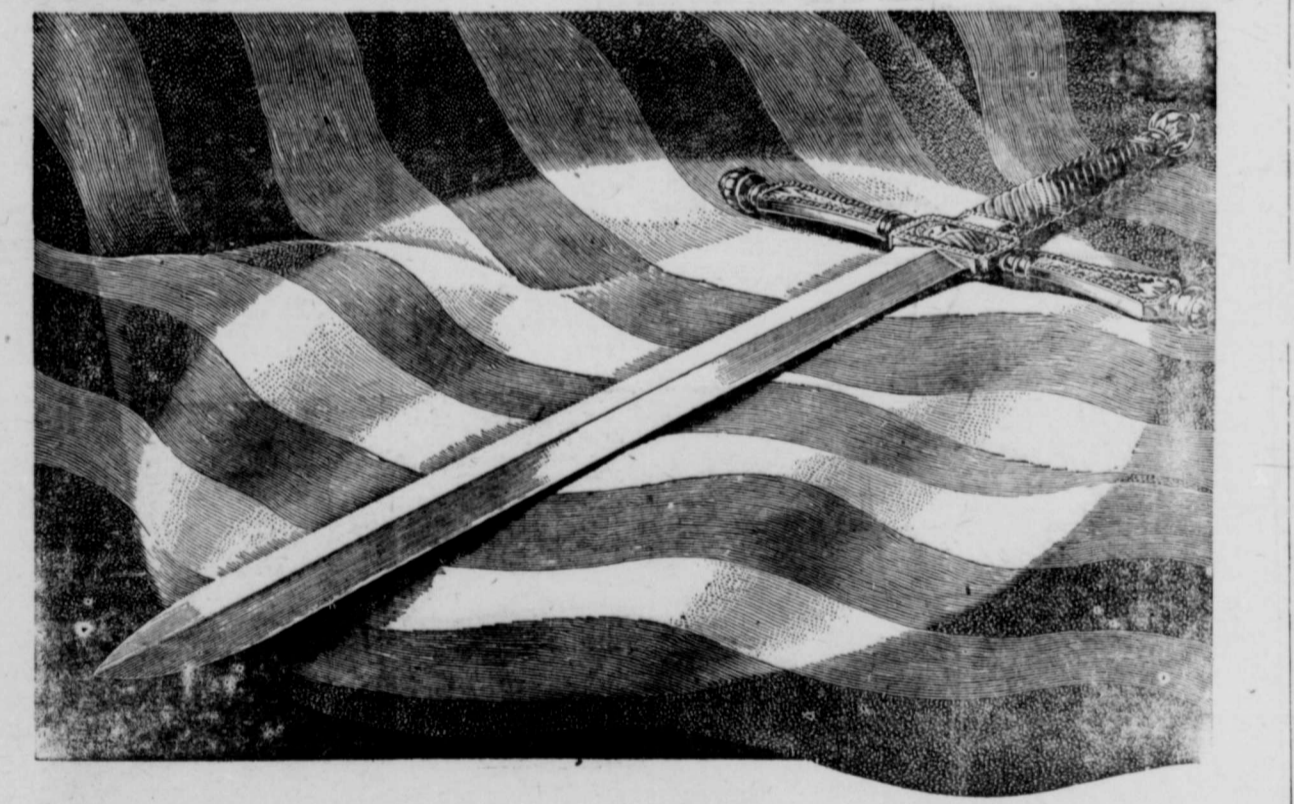

Almost any conservation practice that is good for wildlife is good for the land. The reverse also is true.

FREEDOM IS A MIGHTY SWORD

We Americans can rightly be proud of the fact that we are a peace-loving people. That our aim as a nation is to strive to improve human welfare, with freedom and justice for all. * Such a people is always slow to anger, tolerant and patient. But when patience is exhausted, a peace-loving people can turn its peace-time skills into weapons of fierce and righteous wrath. There is only one way such a nation could be enslaved. That would be through propoganda that misleads, through lack of knowledge, and of truth. America's greatest strength is... freedom of the printed word... to give the people truth, truth that builds freedom of thought, of word, and of vision. * This great Freedom tempers the steel out of which a nation and a people can forge mighty swords.

Gas Inflated Tires Are Dangerous

"Inflating tires with butane gas is a dangerous thing and the practice is increasing," says Olen Mayes, local butane dealer. Butane dealers are being urged to caution farm customers against the increasing and super dangerous practice of inflating tractor and truck tires with LP Gas.

The practice is growing, according to reports received at TBDA headquarters, and there have already been several near accidents because of farmers' blowing up tires with LP Gas. Reports have come principally from service station and tire repair people. Several have handled LPG inflated tires.

The Texas Butane Dealers Association has sent warning bulletins to publications reaching tire repairers, to automobile and truck associations, and has prepared stories for Texas newspapers and news services warning against the practice.

One tire repairer reported that a large tractor tire was brought to him for repair and was received in an inflated condition. When he opened the tire valve to bleed off pressure the odor of LP Gas was quickly detected and he realized that butane or propane had been used instead of air. He capped the tire valve and rolled the tire outside his place of business. What he told the tire owner when he returned for his property was not divulged.

Every butane dealer in Texas is being urged to warn customers against this practice which is not only illegal but also is highly dangerous. It is believed to be somewhat prevalent, as it is a simple operation to inflate a high pressure tire with vapor. However, users of such dangerously-filled tires apparently do not realize the hazards the practice sets up, according to E. F. Powell, chairman of the TBDA Accident Prevention Committee.

"I don't believe the persons practicing this form of accident-inviting realize the danger they face personally and the hazards they set up for others," the chairman said. "A gas-inflated tire can explode while in use on a vehicle, for one thing. We know that LP Gas increases in pressure as it becomes heated, and we know that tires at work on vehicles do pick up heat. Let enough heat be generated in an LPG-filled tire and there may be an explosion which could kill the driver of the vehicle and others nearby and wreck the machine. A gas-inflated tire brought to a repair shop can be as dangerous as a bomb. In all the cases we have heard of the repairers were not advised that gas had been used instead of air, and they proceeded to dismantle the tire in the accustomed fashion. When gas is released from a tire in a shop it may mingle with flame or be set off by sparks. Should gas escape while the tire is being removed from the rim a spark caused by a tire tool striking the steel rim could cause an explosion.

Reduce Delinquency

VII

HOW TO GET WHAT WE NEED
(A distinguished Texas judge offers pointers on combating our rapidly increasing juvenile delinquency problem.)

By JUDGE SARAH T. HUGHES

Texas like to brag—and we have much reason to be proud. But we can't brag about our facilities for handling juvenile delinquents. They're inadequate.

The state institutions are heavily overcrowded. There are no state parole officers for children released from them. Many counties have neither institutions nor parole officers.

While the Legislature provided for some additional facilities, the buildings will merely permit less crowding and replace unsafe structures. No more children will be accommodated. No probation officers were authorized.

You Can Get Them
There is, however, something that can be done, and it is up to us, the people, to do it. Public officials respond to what the voters want. On the county level it is the Commissioners Court, and for the state the Legislature has the responsibility.

If there is strong enough public opinion favoring adequate facilities and probation officials, our representatives in county and state office will provide them.

Develop Public Opinion
Public opinion is something you can be a force in developing. Talk to your friends, your clubs, your church. Write your legislators, county commissioners, newspapers.

And if your county is too small to afford paid probation people, get volunteer ones, ministers, other people with character—yourself!
Next week: The Biggest Factor.

Mrs. Don Narrell and Dian of Abilene visited Mr. and Mrs. W. H. Narrell Thursday and Friday.

Mr. and Mrs. Cullen Payne left Wednesday to visit in New Mexico with their daughter and son-in-law, Mr. and Mrs. John Hayslip and Ardis Dale at Hobbs, and Mr. and Mrs. Marvin Cole and children at Lovington.

Mr. and Mrs. Walter Harlow of Stanton and little Donna Lynn Barron, daughter of Mr. and Mrs. James Barron of El Paso, visited in the W. I. Barron home during the weekend and Donna Lynn remained for an indefinite visit with her grandparents.

Mr. and Mrs. Roy Wells and Katrina spent the weekend in Odessa visiting their daughter and sister and family, Mr. and Mrs. C. L. Mandenhall and baby.

Visitors of Mr. and Mrs. W. M. Teeters Saturday night were Mr. and Mrs. Barney Cox and daughter of Abilene, and Mr. and Mrs. Henry Cox and two sons of Colorado City.

CARD OF THANKS

We want to express our sincere appreciation to the doctors and nurses at the Johnson Hospital and to all those who remembered our little grandson Randy, with cards, visits and gifts while he was a patient in the hospital. We are happy to report that Randy is recovering rapidly and returned to school this week.

Mr. and Mrs. Harry Cranfill and Mrs. Tharon Henderson and sons Jay and Brad of Andrews spent the weekend with their parents, Mr. and Mrs. Clifton Henderson and Mrs. Pauline Smiley.

Mrs. W. H. Narrell spent the first of last week in Midland visiting her daughters and husbands, Mr. and Mrs. Douglas Smith and Mr. and Mrs. Bob Price. Mrs. Smith, who was convalescing from a case of mumps, returned with her and visited until Sunday.

A BEAUTIFULLY MOVING THING! '58 CHEVROLET

It brings you a **RADICAL NEW V8***, a new Full Coil suspension, a new Safety-Girder frame—more new things than any car ever offered before. Don't put off driving this one!

Chevy was built to put a zest into driving that hasn't been there before. You sense this the instant you feel the silken response of an engine like the new Turbo-Thrust V8. It's an extra-cost option that gives you extra-quick action the second your foot flicks the gas pedal. Chevy's new Full Coil suspension is standard. Or, for the last word in comfort, you can even have a real air ride, optional at extra cost. See your Chevrolet dealer for good-as-gold buys right now! *Optional at extra cost.
