Adlai Attacks Ike, T-H Act Before Unions

NEW YORK, Sept. 22 (AP)—Gov. Adlai E. Stevenson addressing the American Federation of Labor Convention, repeated today that the Taft-Hartley Act should be repealed, and he laid down a set of proposals for strengthening the Department of Labor.

Stevenson blasted Republican claims that he has advocated compulsory arbitration of labor disputes.

"It was charged that I had 'embraced' the principle of 'compulsion' by asking for the power as president to 'compel' arbitration of disputes which threaten the national safety," he said in his prepared address.

"Now, after the great reunion on the loveseat at Columbia University, I respect the general's (Eisenhower's) authority on the subject of embraces. But if he wrote what he said, he did not read what I said.

"My proposal was, and is, that if Congress sees fit to direct the President to intervene in a labor dispute, it should give him the authority to try, among other things, to have that dispute referred to arbitration.

"It did not say he should be given the power to 'compel' arbitration. I recommended a flexibility of procedures, all built around the mediation process to replace the present requirement that in all of these cases the collective bargaining process be stopped dead by a court order."

Eisenhower last Wednesday told the AFL Convention that a major difference between his views toward labor and Stevenson's, was that Stevenson favored compulsion and he didn't.

The Democratic candidate's reference to the "loveseat" at Columbia University obviously was to the harmony meeting between Eisenhower and Senator Robert A. Taft of Ohio.

Stevenson told the convention that drafting legislation to cover relationship between labor, management and government is more a question of means than of the end. He said, recalling his Labor Day speech in Detroit:

"Because the required changes are major changes, because the present law is spiteful and because it has become a symbol of dissension and bitterness, I urge therefore as I did on Labor Day that the Taft-Hartley Act be repealed."

Ike Quiet On Nixon And His Status In Race

ABOARD EISENHOWER SPECIAL, Sept. 22 (AP) — Still without an announced decision on the status of his vice president running mate, Gen. Dwight D. Eisenhower charged today the Truman administration made military action necessary because of its diplomatic failures.

The Republican presidential nominee, who talked to Sen. Richard M. Nixon by telephone last night about the latter's privately-raised expense account, ignored the political uproar over that issue in a whistle-stop speech at Evansville, Ind.

Eisenhower told a trainside crowd that the Berlin airlift was made necessary because the Truman administration permitted diplomatic relations to deteriorate.

"They made military intervention necessary to snatch a victory from the incompetent losses the diplomats made," the general declared.

He said he expects to discuss foreign policy in a major speech in Cincinnati tonight, when he will be joined on the stage by Sen. Robert A. Taft of Ohio.

Eisenhower attacked in a talk to a crowd estimated at 2,500 persons at the rail station at Henderson, Ky., what he called "Mismanagement" in Washington. Again he failed to make any mention of Nixon.

The GOP nominee said the Truman administration has been "incompetent in keeping us out of trouble abroad."

Expense Funds For Adlai, Too

CHICAGO, Sept. 22 (AP)—Newspapers today began inquiring into handling of campaign funds in behalf of Gov Adlai E. Stevenson, Democratic presidential candidate.

The Chicago Daily News, under a headline saying "Adlai's Aides 'Put Bite' On 1,000 Firms," said "Gov. Stevenson's aides kept a list of more than 1,000 business corporations and state suppliers who were solicited for campaign and expense funds.'

The Chicago Tribune, under a heading "Stevenson uses fund raised for governor race," said Sunday that "money raised in Illinois as a 'personal fund' for Gov. Stevenson in his bid for a second term as governor now is being used to pay for his campaign for the presidency, it was admitted last night."

The Tribune quoted W. Donald Forsythe, former downstate campaign manager for Stevenson when Stevenson was running for governor, but Forsythe could not be reached immediately for comment on the reports.

Stevenson was campaigning in New York and was not available immediately for comment.

Reports From Area Drilling

Cities Service Oil No. 1-B Leverett, Dawson wildcat, is drilling ahead in Permian lime after making no shows on a test from 7,170-217 feet.

With the test tool open two hours, and 12 minutes, recovery was 30 feet of drilling fluid. The project was last reported drilling below 7,245 feet.

BORDEN WILDCAT

Stephens Petroleum No. 1 Bacon, Southeast Borden County wildcat, is at total depth of 7,205 feet in Pennsylvanian reef and preparing to perforate casing for tests of that zone. Top of the Pennsylvanian has been called at 7,202 feet.

YIELD COMPLETION

General Crude Oil Co., unit operator, has reported completion of the No. 29 Caroline Hunt - J. W. Young in the Salt Creek field.

The project flowed 24 hours for a potential of 370.33 barrels of 39.1 gravity oil with no water. Production was from perforations at 6,468-498 feet which had been washed with 500 gallons of mud acid.

The new oiler is 1,980 feet from north and 590 feet from east lines of section 131-G-W&NW.

OTHER REPORTS

Bighorg Oil No. 1 Welch, Garza wildcat 13 miles northeast of Post, is drilling below 1,900 feet in lime and shale.

Superior and Intex No. 14 - 598 R. H. Jordan, Northeast Borden wildcat, is drilling in shale below 7,839 feet.

United Smelting No. 1 Hicks, Nolan prospector, is coring in Pennsylvanian lime below 5,749 feet.

American Trading No. 2-A Howell, Southeast Scurry test, is drilling in lime and shale below 5,108 feet.

TRUMAN CHECKS

President Truman took time out from his tour of the U. S. Coast Guard academy in New London, Conn., to inspect the old fashioned "one pounder" which gave him a 21 gun salute on his arrival.

More Than Inch Of Rain Falls In Scurry County

State Crime Investigators Get Report On Bootleg Syndicate

AUSTIN, Sept. 22 (AP)—Charges that bribery and corruption kept a multi-million dollar West Texas bootleg syndicate in business came under the exploring eye of the House Crime Investigating Committee here today.

The investigators subpoenaed records of West Texas wholesale and retail liquor dealers and banks and asked the state liquor control board to produce personnel files and other documents.

These will be studied by committee members and the state auditor in executive session. Then, if what they find appears to justify it, a public hearing will be held in Amarillo where the Potter County grand jury initiated the charges

The grand jury report charged that "general statewide corruption" had resulted from administration of the Liquor Control Act." It said that a bootleg syndicate was headquartered at Big Spring and Odessa, that some liquor board employes knew of it, but that it went right on operating through pay-offs and bribery to key employes of the board.

Liquor Board Administrator Coke Stevenson Jr. replied sharply that of seven cases of bribery taken to court by the board in Amarillo last year, only one has been brought to trial by local officials there and that it resulted in a two-year suspended sentence.

The board, Stevenson said, cancelled the licenses and permits of individuals involved and these administrative actions have been upheld in court. Stevenson said that all cases involving charges against board employes had been taken promptly to the liquor board and that all records would be laid before the house committee.

"We welcome an investigation from top to bottom," Stevenson said.

Odessa wholesale liquor dealers under subpoena today were the Badger - Herring Sales and Drug Co.; Glazer's Wholesale Drug Co.; McKesson-Robbins, Inc.; South-Western Drug Corp.

The banks under subpoena: First National and State National of Big Spring; First National and First State of Odessa, for records relating to financial affairs of Pinkie's Liquor Stores.

The individuals under subpoena: Tom Roden, W. F. Roden, T. G. Roden, C. W. Coyle, F. C. Young, G. W. Wood, all of Odessa; Glen Gale and John J. McCowan of Big Spring; A. W. Ellington of San Angelo. Crime committee records listed them as connected with Pinkie's Liquor Stores.

Also, Hubert Odom of Odessa, listed as connected with Cecil's Liquor Stores.

Watershed of Lake Thomas Gets Some

A cool front and welcome rain descended upon Snyder early this morning to greet in the coming of fall, which officially begins at 8:24 o'clock tonight.

Temperatures fell down to a low of 53 degrees here last night, one of the lowest readings in the state, after a high of 83 yesterday and 100 Saturday. The temperature also read 53 at 7:30 o'clock this morning, according to Mrs. D. P. Strayhorn, weather observer.

Rains were general over the county, according to reports from several communities. Beginning at about 4 o'clock this morning in Snyder, the rain fell throughout the morning, measuring 1.15 inches at noon and bringing the total for the year to 11.91 inches.

D. Dorwood, druggist at Gail, said rain there measured .7 of an inch at 7 o'clock this morning and that rain continued there all morning. He added that persons living near Ackerly and Vealmore in the watershed of Lake Thomas reported more than an inch there early this morning with heavy rains continuing.

INCH AT FLUVANNA

John Stavely at the Mercantile Store in Fluvanna reported about an inch of rain there at 11 o'clock this morning, adding that residents from the Miller Community in Borden County, about 10 miles west of Fluvanna, measured more than an inch of rain that filled stock tanks to the brim.

Three miles south of the north Scurry County line, Dan Gibson said he measured 1.1 inches at about 8:30 o'clock this morning and that it was still raining late this morning in that area.

In the Ennis Creek Community about 12 miles northeast of Snyder, Mrs. Carl Brumley said rain there measured about an inch at 10 o'clock this morning.

Mrs. W. C. Fargason at Hermleigh said the rain there measured about.7 of an inch at 10 o'clock this morning and that rains were still falling.

IRA GETS RELIEF

At Ira, rain was estimated at about an inch. Ira and the area west of there reportedly have had less than five inches of rain this year.

At the Lion Oil Camp 15 miles southwest of Snyder, more than an inch had fallen late this morning and it was still raining there.

Heavy rains in the Big Spring area caused closing of the Snyder-Big Spring highway this morning when at least four feet of water flooded across the highway at a point 10 miles this side of Big Spring, Miss Bernell Sinclair, police secretary, said.

The report came from the Big Spring police department, but no other details were given.

BUS TROUBLE

Three Snyder school buses had trouble making their routes this morning, according to Elmer Taylor, director of school transportation.

Taylor said the bus on the route west of Dunn stuck in the mud before any students were picked up. On the route to Dermott, a car was stuck in front of the bus on a country road and delayed the run about an hour. The Cottonwood Flat bus, with a load of students, was late after being stuck. Taylor said the bus to Knapp did not leave the garage "because it has to travel in a bar ditch all the way." Cars must travel on the right-of-way of the road while farm-to-market road construction is underway there.

Ed Bigham, soil conservationist, expressed hope that the rain will last enough to let about three or four inches fall.

DON'T ADVISE PLANTING

"We wouldn't advise the planting of cover crops on this rain unless there is enough moisture to soak about two or three feet into the ground," he said.

Bigham said many farmers here are planning to plant cover crops to prevent their land from blowing away and to provide grazing to help recovery from the acute feed shortage here.

The conservationist said that if plenty of rain falls, farmers can plant covers of small grain until December, but he advised the planting early if there is enough rain so the crops will benefit from other fall rains.

Oats and wheat provide good covers, Bigham said, adding that many farmers will plant those grains for covers and grazing despite the fact that they sap all the moisture in the ground until they are harvested in about June or July. After these grains have been used as covers, he said, few row crops can be planted next year on the same land except a fast-growing stubble.

Ban Against Churches Of Christ Enforced

ROME (AP) — The police enforced a government ban against services in Catholic Rome's Protestant Church of Christ for the second Sunday yesterday, but U. S. evangelist Cline R. Paden of Brownfield, Tex., led most of his small congregation to a church outside the city.

Nixon To Report On Expenses Over Radio, TV In Two Days

PORTLAND, Ore. (AP) — Sen. Richard Nixon, in the strongest sign yet that he will stay on as the Republican candidate for vice president, announced plans today for a dramatic radio-television report to the voters of American on his finances — personal and political.

The California senator, caught in a campaign squeeze by his $18,000 expense fund, broke off his current Western trip temporarily to present his case before the people, either tomorrow or Wednesday night. But he emphasized that he intends to resume the tour.

"I informed Gen. Eisenhower last night in a telephone conversation of my decision," Nixon told newsmen, referring to the radio-television plans, "and he agreed that that was the proper way to handle the situation."

It was immediately taken as a strong indication that Eisenhower has decided to stand by his young running mate. Nixon has contended he used the $18,000 for his fight against communism and corruption and not for personal profit.

A reporter asked whether Nixon's announcement "means you are staying?"

"That means I intend to continue the tour," Nixon replied.

"Does it mean you are remaining on the ticket??"

"I have no further comment," he said.

Nixon said in his statement dictated to reporters:

"In line with my conviction that the truth is the best answer both to a smear and to honest misunderstanding, I intend to lay before the American people all the facts concerning the fund which was used for political purposes and in an unprecedented action I am going to present to the American people my entire personal financial history from the time I entered political life."

Disclosure of the donations by wealthy California supporters provoked Democratic charges that his acceptance of the money while serving as a senator was morally wrong. And it brought demands for his resignation as the Republicans' choice for vice president.

Charge Of Vote Fraud In Starr To Grand Jury

RIO GRANDE CITY, Sept. 2 (AP) —Dist. Atty. Homer Dean of Alice was to present charges of election irregularities to the Starr County Grand Jury today.

He said last night he would prosecute "to the fullest extent of the law" anyone indicted by the jury which was to convene at 10 a.m. in its fall sesion.

Meanwhile, Asst. Atty. Gen. Willis Gresham was due here about noon and said last night he would make a study of the record. Atty. Gen. Price Daniel assigned Gresham to the case after an affidavit was signed by two Starr County citizens charging irregularities in the July 26 primary.

The affidavit alleged fraud in races for district judge and district attorney of the 79th Judicial District and for state representative of the 70th District composed of Starr, Brooks, Jim Wells, Duval and Jim Hogg Counties.

Dean and Gresham, both said last night, were to meet here today to go over the case.

Also expected here today was Dist. Judge Sam G. Reams of Alice who was to empanel the grand jury. Reams said he would instruct the jury to probe any evidence of election irregularity.

Sparkman Calls For Probe Of Nixon Affairs

CLEVELAND (AP) — Democrat John J. Sparkman yesterday suggested Congress investigate his opponent for the vice presidency and accused Sen. Robert A. Taft of raising a "phony alarm" over liberty vs. socialism.

The Alabama senator on his first campaign trip into Ohio replied to Taft's argument at Springfield, O., last week that the main campaign issue is "liberty vs. socialism."

He said, "The only way we can restore what he (Taft) calls 'liberty' is to go back to the days of breadlines and Hoovervilles."

In his speech to 2,500 Democrats at Geauga Lake Park, Sparkman concentrated on Taft and did not mention by name Richard Nixon, the Republican vice presidential candidate.

But in a pre-speech news conference, he said he thought a congressional committee should investigate the $18,235 expense fund set up for Nixon by a group of wealthy Californians.

"It is not for me to judge whether Sen. Nixon has done an unethical thing," he told reporters, and added:

"The Senate Hoey Committee, of which Sen. Nixon is a member, would be a fine group to look into this matter."

Rayburn Blasted By State Demo Leader

AUSTIN, Sept. 22 (AP) — Texas Democrats for Eisenhower said today Speaker Sam Rayburn has put political obligations "to the Truman crowd above loyalty to Texas."

Claud H. Gilmer of Rock Springs, chairman of the Eisenhower Democrats, said Rayburn has "pointedly ignored the instructions of the Texas Democratic convention, which called upon Democratic nominees to support Eisenhower."

Gilmer's written statement was issued coincidentally with the opening of state headquarters of the Democrats for Eisenhower movement.

"No doubt he wishes to keep his position as speaker of the House, and that this consideration outweighs the fact that he is, in effect, bolting the Democratic party of Texas," Gilmer said.

Rayburn is head of the Stevenson campaign. He is sharply at odds with the established state organization whose leadership coincides with the "Texas Democrats for Eisenhower" group.

Gilmer's statement continued:

"Mr. Rayburn has publicly threatened Texas members of Congress with reprisals unless they ignore the mandate of the Democratic Party of Texas. They must join in the program to continue the Fair Deal another four years or incur the wrath of Mr. Rayburn and Mr. Truman. It is regrettable that the speaker found it necessary to whip his colleagues into line in such a manner.

"In spite of that fact that Mr. Stevenson has admitted publicly that there is a 'mess in Washington,' and despite the fact that Truman and Stevenson oppose the claim of Texas to its own submerged school lands, Mr. Rayburn is evidently going to close his eyes, hold his nose and try to cajole and threaten Texas Democrats into the supporting of the city boss-controlled, handpicked candidate of Harry Truman, the CIO-PAC, the ADA and other leftwing organizations."

20th JET ACE MADE

Fighting Shifts On Korean Front; Airmen Claim MIGs

SEOUL, Korea, Sept. 22 (AP)—Allied troops, advancing behind a curtain of tank fire, today recaptured an Eastern Front hill after 15 hours of continuous fighting.

The U.N. troops had lost the peak northeast of the Punchbowl to a North Korean battalion in a pre-dawn battle that marked a shift of Red pressure from the Western Front to the East.

U. S. Sabre jets tangled twice with Communist MIG-15s and the U. S. Fifth Air Force repoprted four of the Russian-built planes damaged. The Sabres were flying protective cover for other planes attacking a locomotive works and rail tunnels.

The Air Force also said gun camera film showed a MIG listed as damaged yesterday was actually probably destroyed. That raised the Sunday bag to four MIGs destroyed, one probably destroyed and six damaged. Allied pilots have destroyed at least 51 MIGs in September.

Sunday's air battles also produced America's 20th jet ace, Capt. Robinson Risner, Oklahoma City, Okla.

Maj. Frederick C. Blesse, top jet ace in Korea with eight MIGs, says pilots set the new record because "we have run into MIGs almost every mission this month." He disclaimed knowledge of any new "gimmick" designed to improve the Sabre's performance.

It was announced in Washington recently that a new device would soon be tried out on the Sabres in Korea, but Blesse told a news conference, "I haven't used anything on my aircraft that I didn't have on my first mission."

A top Air Force spokesman said, however, that a "new gimmick" was in the theater but he would not confirm or deny that it was actually being used.

Survivors Tell Of 72 Hours On Old Baldy During Shelling

SEOUL, Korea (AP)—Five American officers—wounded, hungry and without a drop of water—lived through 72 hours of hellfire on the rugged Korean hill known as Old Baldy.

When their buddies from the 2nd Division retook the height Sunday after savage in-fighting with Chinese Reds, the five stopped playing dead and crawled or were carried from their battered bunker.

They had huddled in the dilapidated log and earth cave under the earth-shaking pounding of Allied and Communist big guns.

Twelve men had crawled into the bunker Thursday evening when an assault force of Chinese swarmed over their positions. Seven died in the bunker or may have escaped.

The account of their ordeal was given by Cpl. Ed Berlin, front line reporter for the Pacific Stars and Stripes, who interviewed the men on the scene.

Time and again during the first night, Berlin said, Chinese soldiers threw grenades into the small enclosure. Just as often, a Red soldier would peer in and open up with a spray of machine-gun bullets. The trapped men fired back at each intruder.

Then the men in the bunker lay behind the bodies of their dead fellows and kept still, hoping, hoping, hoping the Reds would think them dead too.

One of the survivors, a 22-year-old private first class from New York City, told Stars and Stripes:

"We couldn't have lasted another day but we knew they wouldn't let Old Baldy go. We never lost hope and all of us prayed."

A big master sergeant from California said the men went without food the entire time although they had plenty of rations.

"We had no water so we were afraid to eat anything," he said.

The sergeant also related how the Chinese thought everyone in the bunker was dead.

"Logs and stuff were piled in the doorway and after the last Chinese sprayed us with his burp gun they let us alone, except for their artillery and tanks. We must have gotten at least 150 direct or near hits."

The only food they touched during the 72 hours was a can of grapefruit juice and a couple of oranges. The man cared for their wounds as best they could. The private gave a lieutenant in the bunker a blood transfusion from a bottle.

During that first night, the private said, "the Reds came up to the bunker every five or 10 minutes. Each time one of them popped his head in the door we let him have it with our carbines. After that we kept quiet but were constantly being hit by either our own or the Chinese artillery and mortars and tanks. One shell came through the aperture (in the bunker), but luckily the air strikes missed us."

"All of us were bloody and I think that's what saved us. We were afraid to fire because we might let them know we were alive. So we just got as low as we could behind the other bodies and sweated it out. We dozed once in awhile, but we couldn't sleep. No one lost his head. All of us were cool because we just knew the Second Div would retake Baldy.

"Sunday night we were sure the attack had finally started because we felt heavy artillery coming in and we heard small arms fire down the slope.

"After we got in the bunker we knew that Company 'K' had left the hill and now was coming back. About 6 o'clock Sunday some of our men got to us. We told them to come on in, but they were afraid the Chinese had hooked booby traps to us. They thought it was a trick.

"A few minutes later another group came by and they took us out. All of us were mighty happy, I can tell you.

"But we still remembered our company commander and the others who didn't make it.

"We sure were lucky," the soldier repeated as the medics carried him away.

Chaplin To Try To Come Home

CHERBOURG, France, Sept. 22 (AP)—Charlie Chaplin, in high good humor despite a U. S. threat to bar him from returning to America, declared today "I intend to go back to the United States."

He described himself as an artist without political convictions and a firm believer in individualism and liberty. He said he did not know the reasons behind the U. S. announcement that he may not be permitted to return.

"I am not political," Chaplin told a news conference aboard the Queen Elizabeth here. "I have never been political. I don't want to create any revolutions. I just want to create a few more films."

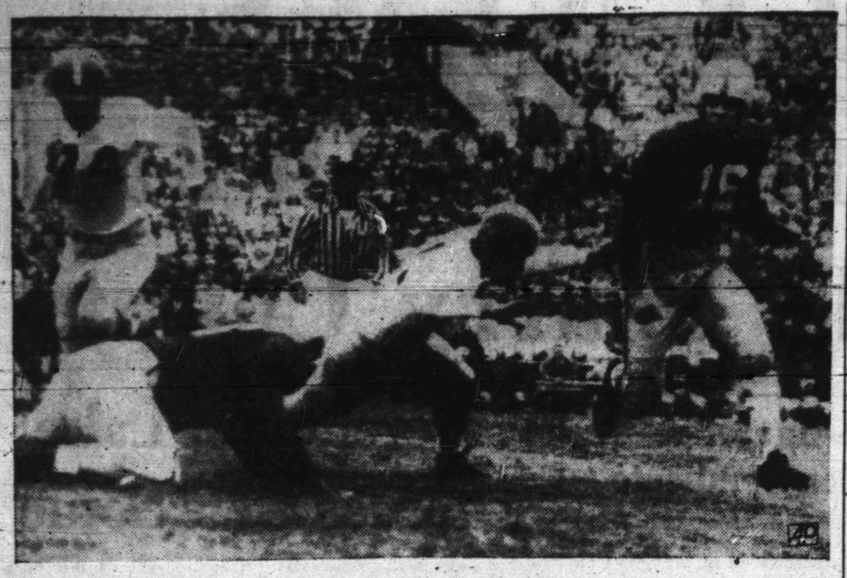

Asked why he had failed to take out American citizenship during his 30 years residence in the United States, Chaplin replied:

"I am not a super-patriot. I think super-patriotism leads to Hitlerism and we have had our lesson from that. I assume that in a democracy one has a right to a private opinion."

TITO'S NEW WIFE

Mrs. Jovanka Tito smiles happily as Marshal Tito (right), Yugoslavia's chief of state, passes cigarets to Britain's Foreign Minister, Anthony Eden, at a reception for Eden in Belgrade. The reception marks the first appearance of the new first lady of Yugoslavia at a formal function. News that Tito had married for the third time was only recently disclosed. She is a 28-year-old brunette of Serbian origin who served as a partisan fighter at the age of 17. Tito is 60.

KANSAS ON THE MOVE

Gil Reich (16), Kansas University quarterback and former Army star, picks up three yards around left end in the first quarter of game against Texas Christian in Lawrence, Kas. Charles Rogers(falling) is blocked out of the play as TCU's R. C. H arris (74) crosses over to make the tackle.

One More Win Puts Brooklyn In World Series Once More

(By The Associated Press)

Only a super miracle will prevent the Brooklyn Dodgers from representing the National League in the 1952 World Series against the New York Yankees or Cleveland Indians.

The storied Bums of Flatbush are assured today of finishing in no worse than a tie for first place when the curtain falls next Sunday.

Manager Charley Dressen's pennant-starved athletes moved to within one victory of clinching the flag yesterday. Joe Black, making his first start of the season, pitched the Dodgers to an 8-2 victory over Boston while the runner-up New York Giants dropped a 6-2 decision to Philadelphia.

The victory boosted Brooklyn's lead over the miracle men of 1951 to six games. Both teams have six games left to play and one Brooklyn triumph or Giant defeat will nail down Brooklyn's first pennant since 1949.

Meanwhile, Allie Reynolds kept the Yanks in the driver's seat in the American League race. The Chief, gunning for his first 20-victory season, pitched the Yanks to a 1-0 decision over Harry Byrd and the pesky Philadelphia Athletics. The Indians, behind Bob Lemon, waltzed to a 7-1 victory over the Detroit Tigers to remain 1½ games astern.

Reynolds permitted only three hits in posting his 19th victory but he had no easy sailing. He walked eight and almost gave up the ghost in the seventh and ninth innings.

Cass Michaels tripled to begin the seventh but died on third. The A's loaded the bases with one out in the ninth but couldn't pierce Reynolds' armor.

Byrd surrendered only five hits but the Yanks bunched two of them along with a pair of walks in the sixth inning to score the game's only run. Yogi Berra singled Joe Collins across from second base with the payoff marker.

Lemon turned back the Tigers on four hits in gaining his 21st conquest of the campaign. Al Rosen was the big wheel for Cleveland, batting in four runs on his 27th homer and a double.

The Dodgers and Braves were locked in a 2-2 duel until the eighth when the Brooks scored six runs after two were out to lock it up. Roy Campanella singled home the tie-breaking run.

Black limited Boston to three hits and deserved a shutout as Carl Furillo's error in the fourth led to both Brave runs.

Veteran Russ Meyer parceled out nine hits in besting the Giants and squaring his record at 13-13. The Phils clinched matters in the fourth when Bill Nicholson rocked Jim Hearn for a three-run homer.

Home runs were the deciding factors in other National League games.

Ted Kluszewski and rookie Jim Greengrass clouted homers to account for all of Cincinnati's runs in a 4-3 triumph over Pittsburgh. Bill Serena smashed a two-run homer in the seventh to lead Chicago to a 3-2 decision over St. Louis. Stan Musial accounted for both Card runs off Bob Rush with a barrier blow in the first inning.

In other American League games, Billy Pierce pitched Chicago to a 4-1 victory over St. Louis and the Boston Red Sox scored five runs in the ninth inning to vanquish Washington, 7-3.

Seixas Brings Down Sedgman

LOS ANGELES (AP)—Because of his stunning straight-set upset victory over Australia's Frank Sedgman yesterday, Vic Seixas, captain of the U. S. Davis Cup team, looms today as a major threat in the international tennis picture.

Seixas attributed his 6-4, 6-4, 6-4 triumph in the men's singles finals of the 26th Pacific Southwest Tourney to his service. He connected consistently with his first ball, a high, hard twist which the favored Sedgman, the defending champion, found hard to handle.

It was the first big tournament setback for Sedgman, rated as the world's top amateur, since early last year

National Champion Maureen Connolly of San Diego came through as expected, dropping one set before winning the women's singles crown from Doris Hart, Miami, Fla., 6-4, 3-6, 6-1.

Altogether, it was a sad day for the Australians. Besides Sedgman, three other of his countrymen went down to defeat in finals matches.

Two of them, Ken Rosewall and Lewis Hoad, bowed to Herb Flam of Los Angeles and Hugh Stewart of Pasadena, for the men's doubles diadem. The Yankees came from behind after surviving match point to win 1-6, 9-7, 1-6, 9-7, 6-2.

The fourth Australian, Thelma Long, and teammate Louise Brough Beverly Hills, Calif., lost the women's doubles crown to Miss Hart and Shirley Fry, Akron, O. The score—6-4, 6-3.

The capacity crowd at the Los Angeles Tennis Club gave Seixas a tremendous ovation after his great victory. It was the second triumph for the Philadelphian over Sedgman is six meetings. In their most recent previous encounter, Sedgman won in straight sets in a Davis Cup match.

Plans For All Groups In One

AUSTIN, Sept. 22 (AP)—Plans to bring all regional AAU's in Texas into a central association moved forward today.

Representatives of the three of the four associations passed a resolution here yesterday, submitting the unification question to each regional group.

They were asked to act on it at their fall meetings.

The AAU leaders also started their bid for the 1958 Pan American Games. Their first step will be to make a strong effort to obtain the 1955 try-outs for Texas. The 1955 games will be held in Mexico City.

Both resolutions passed unanimously. There was extended discussion of difficulties that may be encountered in setting up a state AAU. The effect of the approved resolution was to check it back to the regional groups. Proponents of the plan said they thought it was a forward step.

The resolution by L. A. Douglas of San Antonio asked each regional group to "consider the advantages of forming an over-all state association" and to report their decisions prior to the National AAU meeting.

Last week's action marked the second game of the season for surprising Sul Ross and Southwest Texas. Sul Ross, supposedly the loop's weak sister, copped its second straight decision to take over early season leadership. Southwest Texas stopped for its opening loss to ACC.

This week Sul Ross visits Texas Western, East Texas hosts Trinity, Stephen F. Austin journeys to McNeese, Sam Houston visits Howard Payne, Southwest Texas invades Texas A&I and Lamar Tech entertains Northwestern Louisiana.

Miss America Making Some Quick Changes

PHOENIX, Ariz. —Jacque Mercer, Miss America of 1949, has filed suit for divorce from William Oldenburger III of Mexico City. The couple announced their Aug. 28 marriage only 11 days ago.

Four months ago Jaque was divorced from her first husband, Douglas Cook.

Odds Favoring Marciano Have Been Narrowed In Last Hours

PHILADELPHIA (AP) — Who do you like? Jersey Joe Walcott, the sly old gent with the one punch dynamite? Or Rocky Marcinao, the swarming mauler with 10 years of youth riding behind his punches?

Expert opinion on tomorrow's world heavyweight championship fight at Municipal Stadium is sharply divided. There is solid support for the 38-year-old champ among the pros of the sport — the boxers, trainers and managers.

Still, boxing writers have swung on the Marciano bandwagon by a lopsided 28-7 score. Early odds favoring Marciano at 2 to 1 now have narrowed to 3 to 2.

All this is music to the ears of Jim Norris and Herman Taylor, the co-promoters, who report a steady jingling of the box office cash register. Taylor estimated a house of 50,000 and a gate of between $550,000 and $600,000.

There are indications of a tremendous closing surge as Marciano fans in New England realize there will be no home radio or television of the Brockton, Mass., slugger's title bid.

Theater television will send the fight to some 50 theaters in 31 cities on a coast-to-coast network, adding at least $125,000 to the receipts.

Walcott loped through three rounds yesterday at Atlantic City — two with Young Harry Wills and one with Pete Nelson — to end his training routine of 50 rounds. He spared the horses Sunday and never knocked out a single sparring partner. Seven hit the resin dust in previous drills.

Up at Grossinger, N. Y., the 28-year-old Marciano finished up a 99-round grind by going two with Tommy Harrison of Los Angeles. Manager Al Weill shortened the second round when Rocky was letting loose a heavy bombardment.

Felix Bocchicchio, Walcott's wily proprietor, met with Norris last night to iron out their few conflicts on the return bout contract. Under a revised new clause, the fighter will share in any TV or radio receipts on the same basis as their 30-30 per cent split of the rematch gate. There will be no return, of course, if Walcott wins.

Although Walcott's camp made much of the return bout business, his followers exude confidence. Jersey Joe has described Marciano as a "rough and tumble fighter." He says he hopes to win by a knockout.

Marciano, like Walcott, avoids any outright prediction but insists he is "mor ethan ready, more than confident."

Others are not too shy about climbing out on the limb with predictions.

OPEN SEASON

By DALE WALTON

Tiger B teamers were defeated in a bad way Saturday night on the Tiger Stadium by the Abilene B squad.

Score finally ended up at 54-0.

Jack Dillon, B team coach, had just gathered up a group of players Friday for the game. The group had no time to work as a unit to give the visitors any opposition. Even if they had, the classy Abilene squad would have slaughtered them. The B squad from Abilene had weight and probably experience. We noticed Dillon's squad had a little weight, and they're out there to gain experience.

Paul Hayes big end for Dillion looked especially good. Joe Baxter, a freshman, spent the most time as quarterback.

Now that Dillon has found out just who will be members of his B squad, he will work them out together. We'll have a chance to see how much progress they make by next Saturday, when they journey to Abilene to meet the same team at 7:30 o'clock that night.

* * *

Hobbs school footballers will go into their District 5B season Friday night in a game at Trent.

The Hobbs squad, which has already had two games this year, lost to Roby 7-6 and won over Leuders 20-0.

The group is battling for honors in the same district with Hermleigh and Ira. Going under the name of Panthers, they are coached by W. C. Hodges.

Led by Fullback Bill Etheredge, 195-pound senior who has been to the all-district squad the last two years, the team will play host to Hermleigh Oct. 2 and attempt to repeat their feat of last year. During the last season, the Panthers were the only team to defeat Hermleigh, district champion.

Another standout of the team is Pud Neves, 150-pound end who made all - district and also placed third in the state in the half-mile run last year. Neves is the best pass receiver on the squad. Passes are tossed by Glen Cavitt, 160, quarterback, who is as good a ball carrier as he is a passer.

The Hobbs group, who tied for third in the district last year, has included on its schedule Robert Lee at home Oct. 10, Bronte away Oct. 17, Coahoma at home Oct. 24, Divide away Oct. 31, Ira at home Nov. 7, and Loraine away Nov. 14.

Aggie Back Is Acclaimed For Saturday Show

DALLAS, Sept. 22 (AP)—All the boys haven't had a chance at it but among those who have Ray Graves, Texas Aggie quarterback, is tops in Southwest Conference offensive football.

Graves ran and passed to 197 yards Saturday night against University of Houston to become the total offense leader of the conference through its first week of play.

Graves bagged 76 yards with 13 carries and completed 9 of 14 passes for 121 yards as the Aggies beat Houston, 21-13.

Dick Ochoa, the big Texas fullback, leads the conference ball-carriers with 83 yards on 21 runs. Gib Dawson, his teammate, is second with 79 yards on nine carries and also is the leading average runner. He averaged 8.8 yards per carry in the 35-14 conquest of Louisiana State.

Lamar McHan, Arkansas quarterback, led the passers with 10 completions in 22 throws for 139 yards, and Graves was second. Cotton Davidson of Baylor gained the most yards per throw. He got 114 yards with six completions against Wake Forest for an average of 19.

McHan was second in total offense with 154 yards on 34 rushing and passing plays.

Davidson led the punters with an average of 43.5 yards on six boots. Bob Raley of Texas and Ray McKown of Texas Christian tied for second with 39.3.

Ron Forrester of Arkansas caught four passes for 74 yards to lead in this department. Bob Blair of Texas Christian was second with three catches for 70 yards.

Baylor leads in team passing with 202 yards and Texas A&M in rusing with 257, while A&I is the total offense leader with 386 yards. Baylor is second with 319.

Southern Methodist and Rice didn't play last week thus the leaderships represent only five teams.

Texas Loop Is Beaten By All

(By The Associated Press)

Texas Conference teams made it a clean sweep—in defeats—last week as the circuit opened the football season full blast.

In fact, only one team has been able to post a victory thus far. That was Abilene Christian College, which started the campaign Sept. 13 with a 20-7 win over Southwest Texas State.

But Abilene Christian couldn't keep up the good work; last week it succumbed to East Texas State, 21-0.

McMurry was dropping its second straight game, tumbling to Midwestern, 26-14.

Austin College lost to Southeastern State of Durant at Denison in the Texoma Bowl, 7-6.

Howard Payne fell before New Mexico A&M, 20-7, at State College, N. M.

Fumbles played a major part in each team's defeat. A bad snapback from center robbed Austin College of a tie with Southeastern, which won its first-game in four bowl contests.

Non - conference play continues this week, with one Friday night game and three Saturday night contests.

Abilene Christian opens the week of play Friday night with University of Chattanooga at Chattanooga in the fourth meeting between the schools.

Saturday's slate matches McMurry against West Texas State at Amarillo; Texas A&I against Southwest Texas at San Marcos, and Austin College entertains Midwestern University, while Howard Payne is host to Sam Houston State at Brownwood.

Dykes Accuses American Loop Umpire Of Being 'Yank Lover'

NEW YORK (AP) — Jimmy Dykes, fiery manager of the Philadelphia Athletics, today accused American League umpire Ed Hurley of of "choking up in the clutch" and called him a "Yankee Lover."

Dykes, whose Athletics dropped a 1-0 decision to the New York Yankees at Yankee Stadium yesterday, charged that Hurley's "atrocious" strike call to batter Joe Astroth with the bases loaded and only one out in the ninth inning cost his team the game.

"He (Hurley) took us right out of the game with that one call," Dykes said. "That was the worst call I have ever seen in my entire baseball career. Everybody in the park except Hurley saw that the pitch was high and outside. He just choked up in the clutch, that's all. He's a Yankee lover."

The cause of Dykes' flare-up occured in the top of the ninth. The Yankees were leading, 1-0, with New Yorks Allie Reynolds and Philadelphia's Harry Byrd engaged in a thrilling pitching duel.

The Athletics, held to two hits through eight innings, suddenly became belligerent in the ninth and filled the bases on two walks and a single by Sherry Robertson with only one out.

Reynold's first three serves to Astroth were called balls. One more ball and the score would have been tied 1-1.

Astroth took a called strike. The next pitch appeared high to the crouching batter. Astroth started to trot to first but plate umpire Hurley made a delayed "strike two" call.

The Philadelphia catcher came back to the plate yelling. Coaches Wally Moses at first and Tom Oliver at third charged down the lines to berate the umpire. The entire Athletics bench, with Dykes in the lead, came storming out of the dugout.

During the next five minutes Dykes and company let Hurley have everything in the book. It had no effect on the umpire, of course. He already had the last word. The strike call stood.

Reynolds went on to retire Astroth, and the next batter, pinch-hitter Allie Clark, on two pitches.

In calling Hurley's decision the worst he ever saw, Dykes said:

"He must have known he was wrong. I called that fellow every name in the book but he didn't throw me out."

Softball Finals Start

PHOENIX, Ariz., Sept. 22 (AP) — Calvert, Tex., and the A-1 Queens of Phoenix were to meet today in the finals of the National Softball Congress.

The Queens edged the Mesa, Ariz., Premulms, 1-0, last night while Calvert was nudging the Salt Lake City Wheelers, 3-2.

The feature of the night, however, was Calvert pitcher Clayton Dugger's no-hit, no-run game against Shawver Brothers of Phoenix. Calvert won it, 1-0. Not a Shawver player reached first.

Writers Say Watch Jersey Joe In Fight

By GAYLE TALBOT

PHILADELPHIA (AP)—For some reason not quickly or logically explained, quite a few veteran fight writers who have spent time at Jersey Joe Walcott's training camp have come away strongly convinced that the veteran Negro is a better man right now than he was, say, three or four years ago, and that he might knock out Rocky Marciano tomorrow night.

Our feeling has been all along that there was nothing much to be gained by going down to Atlantic City and watching the elderly champion plow through his routine again. When you've watched the Camden Cutie 15 or 20 times, you've pretty well seen him.

That was our stand, and we chose to study Marciano exclusively up at his air-conditioned retreat in the Catskills. Came away much impressed with the bull-like young challenger, too. He'll have a whole lot going for him tomorrow night; including youth and a mighty wallop in either glove. But these fellows who got bugeyed watching Walcott stretch his sparring mates out in even rows seem to think we muffed it.

"I'll swear he's hitting sharper and harder than I ever saw him," one of them said in awed tones. "He's in wonderful shape, and I honestly won't be surprised if he goes out there and tries to put Rocky away in the first exchange."

That seemed to be going a little far. Walcott, we objected, never went out there and tried to knock anybody out—not in the past five or six years, anyway. Even when he clipped Joe Louis in their first bout it was strictly from fright when Joe had him trapped in a corner.

"Quite true," the man agreed, "but I'm telling you that something has come over the old boy since you saw him. I really believe he's sore at Rocky, or somebody connected with Rocky, and he thinks this is the softest touch of his career."

Playoffs For 2 Coast Teams

(By The Associated Press)

The payoff of the Gulf Coast League playoff first round comes tonight when Harlingen and Corpus Christi decide which is to meet Port Arthur for the pennant.

Tied at three games apiece, the two clubs clash at Corpus Christi and the winner will move on to Port Arthur which won its playoffs series four games to two over Galveston.

Harlingen squared the serise Sunday night by beating Corpus Christi, 6-3. Corpus Christi made five errors and also could get only four hits.

Jorge Piloto, hurling for Harlingen, was in trouble only in the ninth when he gave up two runs on only one hit after a streak of wildness. Bill Guthrie came in with two out and the bases loaded and got the final batter on an infield out.

Lone Star 11s Win 5 Of 6

(By The Associated Press)

Lone Star Conference teams got off to a rousing start last week, winning five of six games over nonconference foes.

They have more conquests to make this week before championship play begins.

East Texas State set the pace by trouncing Abilene Christian, 21-0; in the Lions' season opener. Sam Houston followed suit by overwhelming Louisiana College, 41-6; Stephen F. Austin edged Texas A&I, 14-12; Southwest Texas State took Trinity, 12-7, and Sul Ross shipped California Poly, 28-7.

Only Lamar Tech failed to make the grade, but the Cardinals missed by one point and six inches as they lost to Southwestern Louisiana, 14-13. The Cardinals were on the six-inch line when the gun sounded.

Southwestern Conference Gets Off To Good Start Saturday

(By The Associated Press)

The Southwest Conference pushes deeper into a super-charged intersectional football schedule this week, playing from the Pacific Coast to North Carolina but with a couple of games in Dallas headlining the bristling card.

Southern Methodist makes its bow in the campaign Friday night against Duke, heralded Southern Conference power. The next night in the same place—the Cotton Bowl—Texas A&M clashes with Oklahoma A&M.

The conference did well in its first week of play although only five of the seven members opened the season. The circuit hung up three victories in four intersectional games, dropping the big one, Texas Christian, the conference favorite, failed against Kansas of the Big Seven, losing 13-0.

Texas was most impressive in a 35-14 licking of Louisiana State of the Southeastern Conference. Baylor put on a garrison finish to whip Wake Forest of the Southern Conference, 17-14, and Arkansas eked out over Oklahoma A&M of the Missouri Valley Conference, 22-20.

Texas A&M, called the weak sister of the league, was mildly amazing in beating highly-regarded University of Houston of the Missouri Valley League. The Aggies won, 21-13, with the best offense of all, passing and running for 386 yards.

Rice also will be opening the season Saturday night. The Owls get a tough one to start with, too—Texas Tech, which last week clouted West Texas State, 48-7, in a Border Conference game.

Texas Christian, depressed over its shut-out at the hands of Kansas, journeys to Los Angeles to play UCLA. That team opened the season last week with a 13-6 victory over Oregon.

Arkansas plays University of Houston at Fayetteville, furnishing a quick comparison of at least two members of the conference. You can get the comparison two ways—what Texas A&M does against Oklahoma A&M and what Arkansas does against University of Houston.

Texas demonstrated that it had what it figured would be necessary to win—a good quarterback. T. Jones came into his own as he piloted the Longhorns to their brilliant victory over Louisiana State. Jones scored two touchdowns and passed for one while turning in a top job of generalship.

Baylor came up with those explosive plays in beating Wake Forest. Each touchdown followed a long pass completion that carried the Bears from deep in their own territory to the other end of the field. C. O. Brocato, a defensive specialist who is earning the reputation of being the greatest man in a clinch in the conference, booted a field goal with only 14 seconds to go to give Baylor its thrilling victory.

Ray Graves was the man of the moment in Texas A&M's decision over University of Houston and Lew Carpenter, the magnificent Arkansas fullback, teamed with Lamar McHan, versatile quarterback, in beating Oklahoma A&M by disappointing dargin.

TCU didn't do very well with its strategy of starting Ronald Clinkscale, a sophomore, instead of Ray McKown, the boy who led the Frogs to a conference championship last year. Clinkscale's big game jitters was responsible for Kansas getting off on the winning foot. McKown returned to his old stand and did quite all right but the cause already was lost.

BIG HELP FOR BABY

Four months old Ronald Hilberg, one of the youngest polio patients ever to be treated in an iron lung, sucks contentedly on a bottle in the county hospital isolation ward in Modesto, Calif., as Nurse Helen Edgington helps him with his mid-afternoon snack. The son of Mr. and Mrs. C. E. Hilberg of Turlock, Calif., was admitted to the hospital five minutes after the lung had arrived from Merced, Calif., on a loan arranged by the March of Dimes.

TALK OF THE TOWN

By SUE HOLMES

While most Snyderites are settling back into established routines, one couple is planning a post-vacation season trip to Los Angeles.

Mr. and Mrs. W. I. SPARKS will leave Friday for California to attend the Merle Norman national convention. Headquarters will be in the Ambassador Hotel and a variety of events planned for delegates includes a beach party, tours of the company's new plant, a trip to Knott's Berry Farm and a fashion show.

One night the delegates are to give their own hat show, and the Snyder woman says she's making a typical Texas number to take along. The hats have to be fashioned out of the cosmetic packages.

* * *

Latest gift from industry to harried secretaries and stenographers is freedom from "secretary's hands." That's one freedom typewriter pilots have been seeking, according to a survey of the nation's top secretaries.

About 1,000 of the secretaries gathered at the annual convention of the National Secretaries' Association in Washington, D. C., were polled on "What would contribute most to making a secretary's working life more pleasant." Naturally, they named an understanding, boss considerate treatment and pleasant work surroundings. Their list of wants also included a messproof pen to remove the constant threat of ink-stained fingers and dresses.

So now a pen company announced the latest development in writing equipment. It's a messproof fountain pen that can be filled without dunking the point in ink. The new writing tool is called the Snorkel pen. Its name was suggested by the submarine breathing apparatus that extends up from underseas craft to suck in air.

Jaycees Hold Barbecue At Dermott Park

Jaycees and Jaycee-ettes climaxed summer activities Friday night with a barbecue at Dermott park. The organizations' main project for the summer was sponsorship of programs and concessions at the Scurry County rodeo.

Dick Roberts was in charge of arrangements for the barbecue.

Fifteen couples attended.

Bobby Dean Clardy Honored On Birthday

Mrs. A. R. Clardy entertained with a party Friday honoring her son, Bobby Dean, on his fourth birthday. The party was given at their home, 807 Twenty - third Street.

Guests included Treasia Kay Meador, Tommy Fikes, Betty Fikes, Irvil and Milton Ham, Peggy Joyce Black, Michael Clemons, Kenneth Elrod, Deborah Fikes, Dickie Bleau and Linda Sue Armstrong.

Three Children Die Of Polio, Another Striken

MILWAUKEE (AP) — Three children of Mr. and Mrs. Leo B. Linnemanstons died last week of polio and yesterday Barbara, 13, awoke and told her mother:

"My head aches and my neck hurts."

Spinal tests at Milwaukee's South View Isolation Hospital showed Barbara had become the fourth member of the family to be stricken. But it was not determined if the girl had non-paralytic polio or bulbar, the type that killed her brother and two sisters.

Miss Daniell, Bobby Graven Wed Sept. 14

Mr. and Mrs. Bobby Noah Craven left for a wedding trip to South Texas following their marriage September 14 at the Church of Christ.

The bride is the former Miss Millie Ann Daniell, daughter of Mr. and Mrs. Ewell Daniell, Thirty-second Street and Avenue I. Parents of the bridegroom are Mr. and Mrs. Noah Graven of Mountain Grove, Mo.

Fred Barton of Lubbock read the double - ring ceremony following church services.

The bride wore a white dress with matching accessories. Miss Joye Graham, maid of honor, wore a two-tone orchid suit with matching accessories.

Wayne Graham of Seminole, cousin of the bride, served as best man.

Helps For Homemakers

Send your questions to "Helps for Homemakers", Snyder Daily News, or call 3-8488.

I broke one of my favorite pottery cooking dishes the other day and am wondering what I did to make it crack. It wasn't dropped. Mrs. R.

If the dish was hot and you plunged it into cold water, that could have caused it to crack. When cleaning your glass or pottery cooking utensils, soak them in warm duds to loosen crusted or burned food, then wash thoroughly in clean sudsy water, removing stubborn stains with steel wool or other metal scourers.

* * *

Could you give me another really simple cookie recipe? My children come in from school ready for snacks, and I like to have cookies and milk ready.

Try these Brown Rim cookies: Sift together 2½ cups sifted enriched flour and one teaspoon salt. Cream together one cup shortening and 2-3 cup sugar. Add 2 eggs, well beaten, and 1 teaspoon vanilla extract. Beat well. Stir flour mixture into creamed mixture. Mix well. Shape into small balls and place on greased baking sheet. Flatten with bottom of tumbler. Bake in a moderate oven (375 degreesF.) about 10 minutes. This recipe makes about six dozen cookies.

Pope Said Recovered

VATICAN CITY (AP)—Pope Pius' physician said today the Pontiff has completely recovered from a cold and slight fever which he suffered last week.

Last night the Pope appeared on a balcony at his Castel Gandolfo summer home and greeted a pilgrimage of several thousand persons. He also has resumed his regular schedule of audiences.

MRS BILLIE RAY JOINES

Lt. Billie R. Joines, Bride At Home In Lawton, Okla.

Lt. and Mrs. Billie Ray Joines are at home in Lawton, Okla., following a wedding trip to Lake Murray, Okla.

The couple exchanged marriage vows Sept. 14 in the Little Chapel in the Woods on the Texas State College for Women campus in Denton.

The bride is the former Miss Juanita Bridges, daughter of Mr. and Mrs. F. L. Bridges of Abernathy, Tex. Parents of the bridegroom are Mr. and Mrs. Virgil Joines of Snyder.

Officiating at the double ring ceremony was the bridegroom's uncle, the Rev. L. M. Joines, pastor of the Second Avenue Baptist Church of Dallas. The ceremony was read before an arch of greenery and an altar decorated with white gladioli and chrysanthemum, jade palms and fern.

A program of organ music by Miss Bettye Coffee of Estes Park, Colo., preceded the ceremony. Included were "Jesu, Joy of Man's Desiring," "Liebestraum," "Traumeri," "To a Wild Rose" and "Ave Maria." Miss Dorothy McIntosh of Brownwood sang "I Love Thee," and "Wedding Prayer." During the ceremony, Miss Coffee played "The Lord's Prayer."

MISS JOINES ATTENDS

Matron of honor was Mrs. Vance C. Littlejohn of Port Arthur. Bridesmaids were Miss Mary Margarette Joines of Snyder, sister of the bridegroom, and Miss Frances Clare Tate of Huntsville, Tex., cousin of the bride. Flower girls were Miss Martha Tate and Miss Mary Anne Tate of Justin, Tex., cousins of the bride.

Attendants wore identical ankle-length dresses of cocoa - brown nylon tulle over taffeta. A matching bolero in tulle, with high stand-up collar and amber stone buttons at the neck, covered a fitted bodice and full tulle skirt, designed with a pointed waistline. They wore headpieces of brown tulle. Flower girls wore gold taffeta floor - length dresses.

The matron of honor carried a crescent arrangement of champagne fuji chrysanthemums. Bridesmaids carried crescent bouquets of bronze pompoms and fuji chrysanthemums. The flower girls carried baskets of yellow pompoms.

Virgil Joines served his son as best man. Ensign Vance Littleton of Port Arthur, and Larry Bridges, brother of the bride, served as ushers. Bobby Jones, brother of the bridegroom, and Larry Bridges were candle lighters.

Given in marriage by her father, the bride wore a gown of nylon tulle over ivory taffeta. The gown was fashioned with a high neckline and stand-up collar of Chantilly lace, with matching lace insets in the long sleeves which ended in points over the hands. Small, lace - covered buttons down the front accented the long, pointed waistline. The bouffant, floor-length skirt was shirred at the waistline. Her tiered veil of illusion fell from a tiara of pearls beaded in an open pattern. She carried a showered crescent of white orchids, stephanotis and mums.

RECEPTION AT LODGE

A reception at Virginia Carrol Lodge followed the ceremony. Crystal candelabra with garlands of white chrysanthemums decorated the wedding table. The three-tiered cake was served by Mrs. Claude B. Tate of Huntsville, Tex.

Other members of the house party were Mrs. John Chandler and Miss Sarah Lee Chandler, both of San Angelo, and Miss Anna Lou Joines, sister of the bridegroom. Mrs. Raymond Hicks of Brownwood, also a sister of the bridegroom, played background music for the reception.

For the wedding trip the bride chose a gray silk suit with black accessories. She wore a white orchid corsage.

The bride is a graduate of Abernathy High School and Texas State College for Women. The bridegroom was graduated from Brownwood High School and attended North Texas State College in Denton.

BOYLE'S COLUMN

Reds Haven't Claimed To Be First With Breathless Beer

By HAL BOYLE

NEW YORK, Sept. 22 (AP) — The British have just announced a breathless discovery — breathless beer.

They treat it with a chlorophyll process and (it says here) the beer tastes as good as ever—and no matter how much you drink even your mother-in-law can't smell it on you.

But the English chemists who disclosed they had married beer and chlorophyll might as well save their breath if they intend to brag they have something new.

Pravda is sure to find out later that breathless beer actually was first discovered in the year 1206 by a Russian peasant who dropped a handful of clover in a brewery near Pinsk.

A study of scientific claims emanating from Moscow in recent years shows that most of mankind's breath-taking discoveries originated with the area of the Soviet Union, no matter what the reference books say.

INVENTED EVERYTHING

So far the Kremlin's mimeograph machines, busily rewriting history, haven't taken up Russian priority in the field of chlorophyll and beer. But they will.

Look how long they waited until they pointed out that the great American game of "beizbol" was just a murderous corruption of an ancient Russian village sport, lapta. The only inventions the Soviet propagandists admit the free world came up with first are: (1) the pogo stick; (2) bubble gum; (3) the waffle iron, and (4) the electric chair.

The new Soviet thirst to be first in everything has led them to claim they taught the Norsemen how to sail and pioneered the Red Cross. In 1948 they even discovered that Russian clocks had been .005 seconds ahead of time for 66 years.

Here is a brief catalog of other claims:

They invented synthetic rubber, the gasoline engine, radio, television (oh, so they're responsible), sound movies, the tractor, the harvester, the telegraph, jet propulsion, and the first life from nonliving matter.

Their innovations in warfare: the submarine, the balloon, the parachute (1911), the airplane, rocket artillery, naval mines, the tank, the floating drydock, the battle cruiser, the jet airplane, and the first atomic bomb model.

They paced the field with the first oil well, milling machine and lathe, a fluid to cure skin cancers, painless birth, electronic rainmaking machines, the use of manure to fertilize the soil, vitamins, and penicillin.

NEW ARM FOR IVAN

They also had the first theory of evolution, saw the first blizzard on Mars, and discovered the atmosphere on the planet Venus. You think flying saucers are new? How about that first interplanetary space ship that the Russians say "may have" crashed in Siberia in 1908? You'd think that with all the millions since shunted to Siberia they'd find the wreckage.

Who invented the motor car? A Russian serf 200 years ago. What did Alexander Graham Bell invent? Don't say the telephone. Chalk that up to good old Comrade Pavel Schilling of Russia.

The odd thing is that while Russians invented the telephone, motor car, sound movies and television sets there are millions more of these gadgets in America than in Russia. Why? The Soviet answer is simple:

"Capitalistic exploitation of the working man."

But Soviet science marches on. One of its newest inventions: an artificial arm that can use a machine gun.

Wouldn't Ivan rather have a fine practical artificial arm like that than a new motor car which, after all, would only take his mind off the class struggle?

For Competitive Tests In Filling Vacancies In Revenue Bureau

WASHINGTON (AP) — House investigators said today they are asking the Internal Revenue Bureau to explain why most of the top jobs in a big reorganization are being filled without competitive civil service examinations.

The bureau has called for competitive tests — open to anyone who wants to apply — on only 26 of the 175 new positions to be filled in a shakeup approved by Congress after a rash of scandals in the bureau.

More than 80 per cent of the posts, paying from $9,600 to $13,800 a year, are being filled from within the service itself by direct appointment by Secretary of Treasury Snyder and Revenue Commissioner John B. Dunlap.

Autumn Brings Chill

(By The Associated Press)

The first day of autumn was chilly almost everywhere east of the Rocky Mountains, and west in many sections of the East and Midwest.

Temperatures were below normal except along the Gulf Coast. Showers or light rain was reported in the Great Lakes, upper Mississippi Valley, Southern Rockies, Southern Plains and the South Atlantic states regions.

The weather west of the Rockies continued mild.

NOSE, THROAT,
and Accessory Organs not Adversely Affected by Smoking Chesterfields

FIRST SUCH REPORT EVER PUBLISHED ABOUT ANY CIGARETTE

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfield cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfields. For six months this group of men and women smoked their normal amount of Chesterfields—10 to 40 a day. 45% of the group have smoked Chesterfields continually from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-months period each smoker was given a thorough examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."

NIXON 'FUND' HOLDER

Dana C. Smith, a Pasadena, Calif., attorney, talks to newsmen about the $16,000 fund which he and a group of un-named Southern California businessmen furnished for political use of Sen. Richard Nixon, Republican vice presidential nominee. The GOP candidate said the money was used for expenses and that he didn't pay income taxes on it. He said he was trying to save the taxpayers money in using the cash the businessmen turned over for his use. Dwight Eisenhower, who said he wanted to talk to Nixon about the matter, called his running mate "an honest man."

CASTLE WORKSHOP — Edda Dierkes, 21, formerly the German Princess Edda zu Erbach-Schoenberg, works on jewelry in goldsmith workshop at her parents' castle near Bensheim.

POLITICAL HUMOR

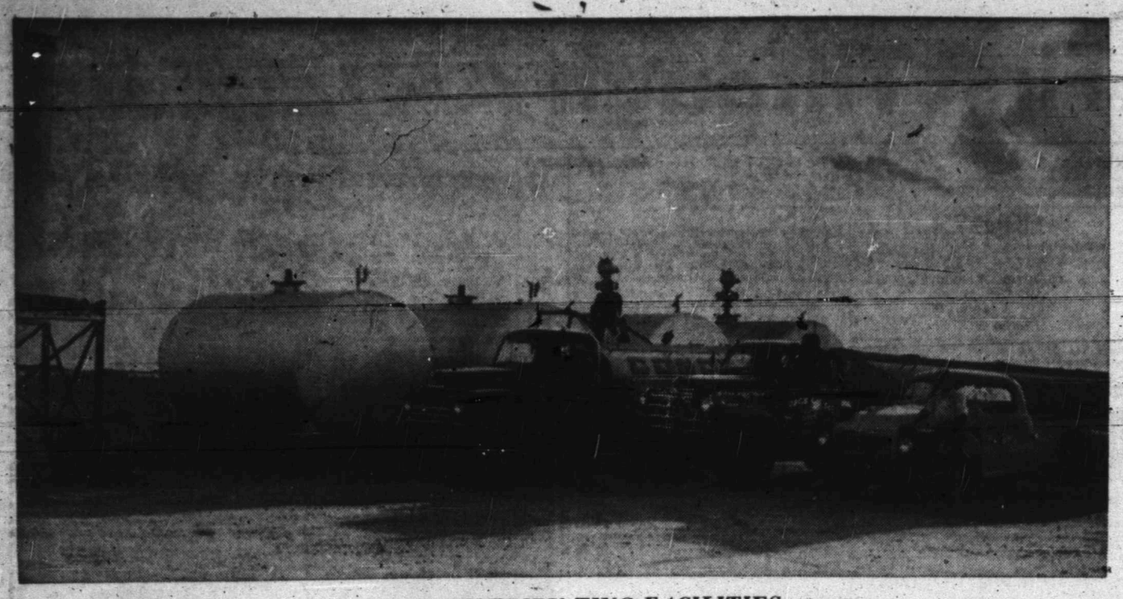

Gov. Adali Stevenson bursts into laughter as he chats with Sen. William Benton (D-Conn.) on a visit to Connecticut. The Democratic presidential nominee, on a whistle-stop tour of New England, worked not only to win the state's electoral votes but also to help Benton in his re-election campaign. Benton is a stalwart foe of Republican Sen. Joseph McCarthy (Wis.).

Former Governor Of Washington Has Died

SEATTLE (AP)—Roland H. Hartley, who turned to politics after amassing a fortune as a timberman and was twice elected governor of Washington, died here yesterday. He was 72.

Hartley, a Republican, became governor in 1925 and served two stormy terms. He dropped out of public life after he was defeated in his third bid for the office in 1936 and had lived in virtual retirement at his home in Everett.

Almost continuous controversy marked Hartley's eight years as governor. A recall movement was started against him in 1926 after his appointees to the University of Washington Board of Regents dismissed Henry Suzzallo as university president. The recall was dropped because not enough persons would sign the recall petition.

COSDEN DISTRIBUTING FACILITIES

Facilities for distribution of Cosden high quality gasoline and motor oils in Snyder are shown at the Bass Oil Co., located on the Big Spring highway south of town. Atop the truck at the left is Tommy Pherigo, manager of the station at the same location; beside the transport truck is Archie Martin, transport driver; and Prentis Bass, owner, is at right. (Lee Watson photograph.)

Big Spring Plant Gives Cosden Highest Octane In West Texas

Cosden gasolines, having the highest octane content available to West Texas motorists, are distributed to motorists here through two retail service stations.

By using the only catalytic cracking process employed in West Texas at the Cosden refinery at Big Spring, the company is enabled to turn out a higher quality gasoline than any other plant in West Texas, Prentis Bass, wholesale distributor for the products in Snyder, said.

Cosden dealers here offering the Cosden "cat - cracked" premium gasoline are the Bass Oil Co. station located just across the Big Spring highway from the new Cogdell Memorial Hospital and the Kirkland & Leard Cosden Service Station across from the Diamond M building at Twenty-fifth Street and Avenue J.

The Cosden refinery which was built in 1929 at Big Spring, has been enlarged and improved year by year since then, Bsas said.

Since 1945 the refinery has undergone complete renovation, plus expansion of capacity. A new crude unit and related facilities, also a new treating process, were added in 1946. In 1949 an ultramodern asphalt plant was placed in operation, and all grades of paving asphalts are produced. A roofing asphalt plant was added later.

In November 1949 the newest and most modern fluid catalytic cracking unit was completed. Many other plant facilities were enlarged to conform to requirements of the new unit.

In 1951 an additional crude unit, designed for operation on sweet crude, for production of gasoline, naptha and kerosene, was built and placed in operation. In 1951 construction was started on a huge new chemical plant consisting of a platforming unit and related facilities for production of benzene, toulene, and xylene. It was completed this year.

The refinery is presently processing 20,000 barrels per day of West Texas crude oil. There are 477 employes with a yearly payroll of about $2,750,000.

Court Cases Over Week End

Cases handled in county court over the week end included the payment of a fine of $250 plus court cost of $23.50 by a man pleading guilyt to a charge of assault and the payment of $48.50, including fine and cost, by another who pleaded guilty to a theft charge.

Morris Ethridge, 40, an employe of the Clyde Beatty circus here Thursday, pleaded guilty late Saturday to a charge of aggravated assault. He was accused of assaulting the sheriff, Lloyd Merritt, while the officer was attempting to stop a fight between two other circus employes. He pleaded innocent to the charge Friday but changed his plea later.

Roy J. A. Burns, 29, of Bryson, Tex., pleaded guilty to a charge of fraudently taking a wrist watch from the possession of J. H. Dunning.

Appearance bond was set at $100 for Jesse Beecher White, 52, operator of a second-hand hardware store at 235 Avenue R, when he pleaded innocent to a charge of contributing to the delinquency of a minor.

The continuity of the British monarchy has only been broken once in over 1,000 years.

New Operation For Ulcers Is Being Studied

By ALTON L. BLAKESLEE
Associated Press Science Editor

NEW YORK (AP)—A new operation for ulcers doesn't touch your ulcer. The ulcer is left alone, to cure itself.

The operation removes 75 per cent of the stomach.

It takes away most of the upper part of the stomach, which is the part that produces the acid that causes ulcers. With the cause gone, the ulcer gets well by itself and new ulcers apparently will not get started.

The operation saves the bottom part of the stomach, with its valve that keeps food from being emptied out of the stomach too soon. The nerve regulating this valve also is saved.

Quick emptying of the stomach can cause weakness, loss of weight, heart palpitations and other troubles. This kind of distress often follows ulcer surgery that removes all of the stomach, or the bottom part with its valve.

The new technique was described today to the opening of the American College of Surgeons' Clinical Congress by Drs. William D. Kelley, Snorri Hallgrimsson, Richard Egdahl and Owen H. Wangensteen, of the University of Minnesota Medical School.

It works well in animals, so well that they don't get new ulcers even when given daily injections of histamines which ordinarily do cause ulcers in dogs and cats.

Forty-five humans have had the new ulcer operation and seem to be doing well, but it is still too early to tell how good the operation is, the doctors said.

The new operation is done only for ulcers of the duodenum, the first part of the intestine leading from the stomach. About eight out of nine peptic ulcers occur in the duodenum.

The technique was designed to save the stomach valve and its nerve to cure ulcers without letting food go through the stomach too fast.

The same nerve, the vagus nerve, also stimulates the stomach to produce its acid. It loses this job because acid-producing parts of the stomach are taken away, but still keeps on the job to regulate the stomach valve and stomach motion.

The surgery cuts the stomach lengthwise, saving a tunnel or tube along one side, from top to bottom. The nerve runs through this tunnel.

The patient is left with a small stomach, but half of them soon became able to eat nearly normal sized meals, the surgeons said.

Catholics To Be Tried On Treason Count

LONDON (AP)— Moscow radio today said 40 Bulgarian Catholics, including 28 priests, will be tried in Sofia soon on charges of treason and spying for France and the Vatican.

As members of an organization engaged in "criminal hostile activity," it was charged, the Catholics tried "to weaken and overthrow the system of the people's democracy in Bulgaria by means of a military coup l'etat, terrorist activities and foreign military intervention."

The indictment, as broadcast by the Soviet radio, accused the church group of working "in close contact with representatives of French intelligence and with the Vatican representative in Bulgaria" and receiving "generous subsidies" from both.

When the 40 jailed Catholics go before the Sofia District People's Court, they will face charges also of "setting up armed groups on Bulgarian territory, collecting and conveying to foreign intelligence services espionage information constituting state secrets and using churches for hiding outlaws guilty of grave crimes."

Wedding Day In Wheelchair

ALLENTOWN, Pa. (AP)—Richard Crouthamel was 21 years old yesterday. He also was married—and he lost his appendix.

Sept. 21—yesterday—is a day Dick and his bride of a day, Joy Atiyeh of Allentown, will long remember. The Middletown, Pa., youth suffered an appendicitis attack while rehearsing the marriage ceremony Friday night. The operation was completed early yesterday.

He came out of the ether and insisted on going through with the wedding — "I can't disappoint our friends."

With the assistance of a nurse, a stretcher, and a wheelchair he made the five-block trip from Sacred Heart Hospital to the First Presbyterian Church.

The honeymoon, says Richard, will start next week—"I'll be out of the hospital then."

Hong Kong is a 32-square-mile British island colony off the Southeast China coast.

Charge Filed, Meeting Held On Juveniles

Efforts toward solving Snyder's juvenile delinquency problems continued this morning with the filing of a charge in county court against a man accused of contributing to delinquency of a minor and the commissioners court's discussion of employing a person to work with juveniles in attempt to prevent delinquency.

Jesse Beecher White, 52, operator of a second-hand hardware and car parts store at 2325 Avenue R, was charged with contributing to the delinquency of a minor. The charge filed against him alleged that he encouraged a certain teenage Snyder boy to steal automobile hub caps that White might purchase them from him and offer them for sale.

White's bond was set at $100 when he pleaded innocent to the charge.

Four members of a board organized a few months ago to work toward prevention of delinquency and school truancy appeared in the regular session of the commisioners court and requested the court to hire an officer to work with juveniles. Those making the request were H. D. Moreland, J. P. Nelson, Harold Grant, and M. R. Estes.

No action was taken on the matter, but the court and the board members made arrangements with M. E. Stanfield, assistant school superintendent, to discuss the matter with the school officials at 3 o'clock this afternoon.

All persons in the meeting this morning agreed that the person hired for juvenile work here should be a personal and public relations man dealing with children, their parents, and school officials in a confidential and diplomatic manner. He would not be a peace officer, it was decided.

Cabs Confiscated In Colorado Liquor Raids

G. H. Miles, owner of the City Cab Co. in Colorado City, charged by officers as an accomplice to the illegal sale of liquor, has objected to the seizure of his vehicles.

Two automobiles, which Miles said constituted his entire fleet of cabs, were picked up at the same time Miles was taken into custody. Miles, who denies guilt in liquor violations, said he intended to bring suit against the county for "tying up my cabs."

Nine persons were arrested in Colorado City in a series of raids by state, county and city officers. Four persons entered pleas of guilty and were fined a total of $2,057 including court costs.

BUSINESS OUTLOOK

Americans Blame European Methods For Dollar Cramps

By SAM DAWSON

NEW YORK, Sept. 22, (AP)—American exporters find their world markets shrinking. This comes just when many U. S. manufacturers need to sell more abroad if their plants are to run full time.

Farm products also are affected. Agricultural exports in July fell 33 per cent below a year ago.

Both farmer and businessman will watch the meeting in London today of trade and finance officials of eight British commonwealth nations seeking to improve trade conditions in the sterling area. The American businessman and farmer could be the losers.

BUYING REDUCED

Reversing their former free spending habits, they started in recent months to try to live within their means. One of the first steps was to buy less from us.

They say they wouldn't be chronically short of dollars if we would lower our tariffs and buy more from them.

Many American businessmen, however, say the chief reasons Europe can't sell more here are price inflation and inefficient production methods.

Since the start of the Korean War, prices of goods we export have gone up an average of one-fifth. Prices of goods we buy from Europe have increased by an average of more than a third.

Many American businessmen who have visited Europe also criticize inefficient production methods there. They say this has a lot to do with European inability to sell more goods for dollars.

IMPORTS STILL HIGH

They contend that if Europe curbed inflation, really tried to produce things American consumers like, and increased production efficiency, a lot of the so-called dollar shortage would be cured.

Although down from their peak, U. S. imports are still running high. In the first six months of this year the United States imported 5½ billion dollars worth of goods. In the same time it exported a little more than seven billion dollars worth, exclusive of military aid.

To meet this deficit—or trade gap—of 1½ billion, other countries draw against their gold and dollar reserves to some extent.

To a greater extent they have had U. S. grants and loans to bridge the gap. Since the end of the war these have totaled 35 billion dollars.

LIVED BEYOND MEANS

Attempting to shrink the gap, many countries this spring and summer put curbs on the amount of American goods that can be bought.

It is these curbs that American exporters are now feeling. In July total U. S. exports were running 13 per cent behind the same month last year. The Department of Commerce thinks this trend will continue into the new year.

Other lands have been very loud in complaints about their dollar shortages. But figures of the international monetary fund indicate that even reduced to terms of pre-war purchasing value, other countries have one and a half times as many dollars to spend now as 10 years ago.

It's just that other countries want so many more American goods than they used to. To get them they have lived beyond their means, used up their reserves, and received a huge total of U. S. financial aid.

Now they're trying economizing by curbing imports of American goods even when these frequently are cheaper than those they are buying from each other.

Ike Planning Another Tour

ST. LOUIS (AP)—Gen. Dwight D. Eisenhower, half-way through a whistle-stop tour of the Midwest, plans another such trip from Michigan to the West Coast in early October.

James Hagerty, press secretary for the Republican presidential nominee, announced here yesterday that the general will make the 10-day trip by train, plane and automobile through 12 states.

Wisconsin, home state of Sen. Joseph P. McCarthy, whose Communists - in - government charges have aroused political controversy, is on the schedule.

Eisenhower is expected to give his support to McCarthy while there since he said before that he would support all Republican nominees in the campaign.

The schedule announced by Hagerty lists Michigan, Oct. 1; Illinois, Oct. 2; Wisconsin, Oct. 3; Minnesota and North Dakota, Oct. 4; and travel to the Pacific Coast, Oct. 5.

He listed Washington State, Oct. 6; Oregon, Oct. 7; Northern California, Oct. 8; Central and Southern California and Nevada (by plane), Oct. 9; Arizona, New Mexico and Utah, Oct. 10.

The list of cities to be visited will be announced later.

New Scout Master And Two Assistants Named

Robert B. Forbes has been named scout master of Boy Scout Troop 38, M. H. Roe, chairman of the First Baptist Church scout committee, said today.

Lloyd Moore and Roland Bell will serve as assistant scout masters. Other members of the sponsoring committee include Leighton Griffin, Bob Davie, Nolan von Roeder and the Rev. E. K. Shepherd.

The troop will hold its first meeting of the fall season at 7:30 tonight.

Jury Case Of County Condemnation Suit

Testimony began this morning in a jury trial in civil county court over condemnation of property for road right of way. The case was that of Scurry County vs. Mr. and Mrs. A. M. Cleghorn, appealed to jury trial by the defendants who had refused to accept awards previously offered by the commissioners court and a condemnation board.

tague, race committeeman, said today.

The race, a five-day event, will start at El Ocotal on the Guatemalan border Nov. 19 and end in Cuidad Juarez, just across the Rio Grande from El Paso, Nov. 23.

This year for the first time the race will be divided into two classes. The major class will be for standard stock cars of all makes.

A second class will be run for semi-racing cars such as Italy's Alfa-Romeo, which finished one-two last year, and such souped up stock cars as may care to enter.

Approximately $100,000 will be distributed in prizes in the two classes.

Billy Codgell Still In Critical Condition With Polio In Abilene

Billy Cogdell, Scurry County's fifth polio victim of 1952 remained critically ill in Hendrick Memorial Hospital in Abilene today.

Doctors reported that Cogdell's fever was apparently broken Sunday, which might mean that he had passed the crisis. Paralysis affecting his throat seemed no worse, allowing him to swallow normally. Slight paralysis was noted in his right arm.

Cogdell is confined to the isolation ward of the hospital.

More Businesses Order Christmas Decorations

An order for 27 strings of Christmas lights will be sent off today from the Chamber of Commerce, according to Leon Huff, manager.

"We expect all the money to be turned in by Tuesday morning at the latest, but will try to place orders as late as Thursday," he stated.

Stores who have ordered since Friday are D & R Food Store, Fenton and Thompson Shoe Store, Phil's Auto - Appliance Center, Hale's Sewing Machine Exchange, Home Bakery, Rogers Men's Wear, Henry's Cafe, Western Auto Associate Store and the Hollywood Shop.

RayburnOpens Stevenson Hdq.

(By The Associated Press)

Speaker Sam Rayburn of Bonham opened Stevenson-for-President state headquarters in Dallas' Adolphus Hotel Monday amid party claims that the Democrats were "in" again.

Democrats, in Texas as well as across the nation, were making capital of the Nixon expense fund revelation that has shaken the Republican Party in the last few days.

Most of the Democratic reaction was mirthful.

Meanwhile, Ben Guill of Pampa, state manager of the Eisenhower-Nixon Republican campaign in Texas, said General Eisenhower as of now had a 50-50 chance of carrying Texas.

Guill, former Republican Congressman from the Panhandle, is directing the GOP drive for votes in Texas. Both he and Rayburn said their respective parties would organize every county in Texas for their candidates.

"Reports which we are getting indicate a tremendous interest in favor of General Eisenhower and Senator Nixon," Guill said, "not only among Republicans—new and old—but also among Democrats and independent voters."

Guill said, however, that a lot of work still remains to be done in the six weeks remaining before Nov. 4's general election.

Rayburn has predicted flatly a Stevenson-Sparkman Democratic victory in Texas.

Industrial Committee Tomorrow Morning

The location of two proposed manufacturers in Snyder will be discussed tomorrow morning at 10 o'clock in a meeting of the Chamber of Commerce board of directors and industrial committee.

"The companies' representatives will be in town," Leon Huff, chamber manager stated.

A quarter of Britain's national wealth was shot away or lost by bombing during World War II.
