House Group Is Defied By League Head

(By The Associated Press)

WASHINGTON, Oct. 4—A second witness refused today to give requested information to the House Campaign Expenditures committee even as Dr. Edward A. Rumely, who had taken a similar stand, posted bond on a charge of "willful default" of a congressional subpoena.

Joseph P. Kamp of New York, subpoenaed as a representative of the Constitutional Educational league, told the committee he would "risk the possible consequences" of refusing to supply names of financial contributors to the league.

Not In Politics

He contended the league did not engage in political activities and hence did not come within the scope of the committee's activities.

Rumely, executive secretary of the committee for constitutional government, took a similar position earlier in the House committee's investigation when he was asked to furnish names of all contributors of $100 or more to his organization which Publisher Frank Gannett of Rochester, N. Y., founded in 1937.

Rumely's action was reported to the district attorney and a grand jury indicted him. Surrendering today, he was fingerprinted and posted $500 bond for arraignment Oct. 13. Conviction on the charge is punishable by up to one year's imprisonment and $1,000 fine.

To Consider Attitude

Chairman Anderson (D-NM) of the House committee said Kamp's action would be considered by the full committee on Saturday.

Kamp said that "the un-American Gestapo, which ties in directly with Communist and other left wing movements seeking the destruction of constitutional government, has outposts in the department of justice, the White House and the House of Representatives."

"We charge that one of these outposts is located in the office of John W. McCormack, majority leader of the House of Representatives," he continued.

Rumely also was on the witness stand briefly during the day. Under questioning from Chairman Anderson, it was developed that the Committee for Constitutional Government had employed T. R. Ewart of Dallas at $10,000 a year as public relations counsel in Texas last year and this year.

Rumely said Ewart was paid to promote meetings to stimulate interest in the constitution, but Anderson contended Ewart was a "press agent" to "eliminate" four Democrats in Congress—Speaker Rayburn, Wright Patman, Lyndon Johnson and Luther Johnson. All four won renomination in this year's primaries.

New Rates Are Set On Cotton

DALLAS, Oct. 4. (AP) — New rates at which Commodity Credit corporation will purchase this year's cotton crop range from 21.80 cents a pound for October to 22.25 cents during May and June, 1945, according to announcement today by War Food administration.

Schedule of purchase prices per pound for other months include November 21.95; December, 22; January 22.05; February, 22.10; March, 22.15, and April, 22.20.

Cotton may be placed in the loan now and be eligible for purchase at announced prices in later months, L. J. Cappleman, WFA's regional distribution director, has been advised by CCC. All purchases will be made on gross weight basis.

Based On Middling 15/16

The new price schedule, made under provisions of the stabilization extension act of 1944, is based on middling 15/16-inch gin bale at Memphis with premiums and discounts the same as those announced under the 1944 loan program.

Local purchasing agents will be approved by CCC to buy cotton, paying producers the purchase price upon tender of warehouse receipts and class cards. Cotton, which will be classed by a board of directors, will be purchased only from farmers who produced cotton in 1944 and who have retained the beneficial interest to the cotton at all times, Cappleman said. He added that only qualities of cotton will be purchased for which a 1944 loan schedule had been announced.

Coming!

"A WAR IN PEACE"

GERMANY WILL TRY IT AGAIN

Starting Friday in The Morning Avalanche.

10 Jap Ships Sunk, Damaged; Ports And Airfields Lashed

END OF THE TRAIL—This U. S. Marine has reached the end of war's "glory trail." His body is shown here in the rubble of a trench on Peleliu island after he had been cut down by enemy fire during the American invasion of the island.

Heavies Encounter Heavy Ack Ack In Attack At Celebes

By SPENCER DAVIS
Associated Press Staff Writer

ALLIED HEADQUARTERS, New Guinea, Thursday, Oct. 5. (AP)—Allied planes sank or damaged 10 more Japanese freighters pounded Japanese airfields and lashed at an important port in sweeps from the Philippines to Amboina, it was reported today by headquarters.

Heavy bombers ploughed through fairly heavy anti-aircraft fire to attack Makassar, Major Japanese port on the southwest coast of Celebes. They started 7 sizeable fires among oil tanks and wharves during the assault Monday night and early Tuesday morning. No Allied planes were lost.

JAPS STEER CLEAR

U. S. PACIFIC FLEET HEADQUARTERS, Pearl Harbor, Oct. 4 (AP) — Striking within 615 miles of Tokyo, American Liberators bombed and hit a Japanese cargo ship at Chichi Jima in the Bonin islands while two enemy planes watched but declined to give battle, the Navy announced tonight.

The big bombers attacked shipping in Chichi Jima harbor Monday.

Navy Venturas hit Paramushiro in the Kuriles. Other air raids were reported against Marcus island, Pagan in the northern Marianas and Jaluit and Maloelap in the Marshalls.

In the invaded Palaus, where Marines and soldiers are mopping up on Peleliu and Angaur, the total enemy dead through Tuesday was given as 10,567 — 8,678 on Jeleliu, 1,109 on Angaur.

Cats Batter Freighter

Catalina patrol planes hit the largest ship of the bag in Amerong Bay, Celebes, during the same night. They left the 2,000-ton freighter burning and listing heavily.

The Cats also bounced on a cluster of smaller freighters and barges at Gorontalo, north-central Celebes, damaging three, sinking several barges and bombing land installations.

Earlier that day, Lightning fighter planes sank four 1,000-ton freighters in Ambon Bay, Amboina island. Heavy units struck the adjacent Laha and Heroekoe airdromes with 95 tons of explosives.

Patrol planes damaged a medium tanker at Basilan island, south of Zamboanga in the southern Philippines, and sank a 1,000-tonner in the Soela islands, east of Celebes.

Dromes Knocked Out

Airdromes on Cream were knocked out temporarily with 90 tons of explosivese.

Meanwhile Sixth Army troops on Morotai island, in the Halmaheras, mopped up enemy positions five miles north of the Pitoe airfield, now in American hands. Skirmishing at the headwaters of the Pilowo river resulted in 29 enemy killed. The Japanese total now is 70 dead, and 12 captured in the virtually unopposed Morotai campaign.

Reds Smash Near Yugoslav Capital

By W. W. HERCHER
Associated Press Staff Writer

LONDON, Thursday, Oct. 5 — The Red Army, now joined with Marshal Tito's Partisans in a campaign to drive the Germans out of Yugoslavia, gained a point only 15 miles from the capital city of Belgrade yesterday in a spectacular 27-mile advance across open country to the northeast.

Belgrade appeared ready to fall soon, perhaps in a day, unless the Germans offer more resistance than they have put up so far against the new offensive on the capital from the north and east, the opening of which was announced only 24 hours ago.

Not Much Resistance

Knifing overland so swiftly as to suggest the Nazis were able to put up but little fight after long harassing by the Partisans, the Russians captured the railway towns of Banatska Kraljevicevo, 15 miles northeast of Belgrade, Crepaja, 16 miles north of the capital, Debilyachi, 18 miles north, and Banaska Novo Selo, 18 miles northeast, Moscow announced in its midnight communique.

One hundred miles southeast of Belgrade other Red Army forces racing to smash the rail network over which the Germans must escape from the Balkans, outflanked the three-way rail junction of Zajecar, capturing the town of Vratarnica nine miles to the south, and penetrated to within 40 miles of the important junction of His astride the main railway from Bulgaria and Greece.

Berlin reported that the Russians in cooperation with Romanian troops had struck a new blow at the heart of Hungary along a broad front south of Oradea, but tonight's brief war bulletin from Moscow told only of actions on the Yugoslav front. Oradea is in Transylvania, 135 miles southeast of Budapest and 165 northeast of Belgrade.

Reports from Stockholm describe the Soviet advance against Belgrade as a "landslide," and in Moscow Lt. Gen. Velimer Tersic, chief of the Yugoslav military mission in the Soviet Union, declared that the war in Yugoslavia now has reached a "decisive stage."

Capture of Belgrade would add to Moscow's prestige in the Balkans and provide a tonic for Marshal Tito's Partisans, who have fought the Germans at great odds."

The swiftness of the Yugoslav drive was fast exposing Hitler's southern flank, and in Hungary, the last Nazi satellite, alarms were broadcast.

Although Moscow has not yet announced a drive into Hungary, previously reported by both Berlin and Budapest, the Romanian communique Wednesday mentioned such an offensive.

Bricker Assails Demo 'Flippancy'

ST. LOUIS, Oct. 4. (AP) — Gov. John W. Bricker, appealing for a "sincere, straightforward and truthful" political campaign, told a nationwide radio audience tonight:

"Cynicism, innuendo, flippant remarks, evasion and synthetic rumor have no part in this wartime campaign."

The Republican candidate for vice president, who spoke at the civic auditorium, after attending the opening game of the world series, added in a text released by his campaign staff:

Devotion To Duty

"Our sons are pressing the fight for freedom around the world. Many of them are suffering the agonies of death and disease. We owe it to them and to ourselves to conduct this campaign with the same devotion to duty and high spiritual purpose that they are showing on the field of battle."

The Ohio governor referred to the Sept. 23 speech of President Roosevelt for the first time with these words:

"It was a speech of evasion, of name-calling, of muddled humor. He tried to laugh off the confusion, incompetence, waste and bungling of the New Deal."

Then he stated the "New Deal" had risen to power by "granting special favors to special groups"; by setting "class against class"; by playing "minority groups for their political support."

Class Warfare

Asking "who first declared class warfare in America?" Bricker told his audience:

"You know the answer. It was the New Deal, aided and abetted by such influences as Hillman (Sidney Hillman, chairman of the Political Action committee) and his Communist friends."

Bricker cited the speeches of Hillman and Earl Browder, director of the Communist Political association, as "conclusive proof," he said, that "the Hillman-Browder group has taken over the New Deal."

Bricker, who came here after Tuesday night's speech at Centralia, Ill., will ride his special train into Iowa tomorrow for ten speaking engagements in one day.

Americans Capture New German Guns

FLORENCE, France, Oct. 4. (AP) —Two of Hitler's newer weapons fell into American hands with the capture of the giant Nazi arsenal here—a 12-inch gun with a 25-foot barrel and a new long-barrelled 105, both types which Americans had not seen before on a battlefield.

French workers said that until the day they left the Germans boasted that the 25-footers would be used to blast the way for a German invasion of Britain.

Permission Granted For Cooking Utensils

WASHINGTON, Oct. 3 (U.P.) — The War Production board announced today that seven manufacturers have been granted permission to produce a limited amount of aluminum cooking utensils, kitchenware and household articles.

Applications of two other companies were denied.

The seven companies include: The Tray Service Co., and J. C. Williams Aluminum Casting Co., both of Dallas.

DIETRICH IN PARIS

LONDON, Oct. 4. (AP)—Marlene Dietrich has arrived in Paris and will make a stage appearance in the French capital before continuing her tour of troop centers, the Paris radio said tonight.

Wichita County Gets "Damp Around Edges"

WICHITA FALLS, Oct. 4. (AP) —Bone dry Wichita county appeared at least damp around the edges today with the filing of a group of 45 complaints by liquor board agents charging 25 men and women with sale of liquor in a dry area.

The charges resulted from purchases made by the state officers in a 23-day period last month.

JAP NAVY BLANKED

WASHINGTON, Oct. 4. (AP)—Navy Secretary Forrestal disclosed today it has been "more than three quarters of a year" since an American warship was lost as a result of enemy action in the Pacific.

Japs Press On In Campaign In China

By RAY CRONIN
Associated Press War Editor

Japanese pressure on two major battle fronts in war-torn China yesterday carried the Nippon invaders to less than six miles from Fochow, the last big east coast seaport still in Chinese hands, and posed a new threat to strategic

(Turn to Page 15, Column 8, Please)

Revolts Break Out In Austrian Cities

LONDON, Oct. 4. (AP)—Revolts have broken out in Vienna and elsewhere in Austria and casualties and arrests have been reported, the BBC said tonight.

The report of an uprising in Austria, first country to be absorbed by Hitler, came two days after Dwight D. Eisenhower and the Moscow radio told the Austrians that "the time has come" for them to give positive and active proof of their willingness to dissociate themselves from their German masters."

The BBC, in a broadcast on its European service said:

"Reports from Bern tonight stated revolts had broken out in Vienna and elsewhere. Casualties and arrests are reported. Unrest is also reported from the industrial district of Steyr, where workers are in some cases coming out on strike and carrying out considerable sabotage. This news follows the Nazis' announcement of a 10 per cent cut in rations."

House Urges 35-Cent Hike In Oil Price

(By The Associated Press)

WASHINGTON, Oct. 4. — An immediate price increase of 35 cents a barrel for crude oil was urged upon Economic Stabilization Director Fred M. Vinson today by the House Small Business committee to relieve the "deplorable" plight of independent producers.

The committee recommended that the increase be absorbed at the refiner level so as not to raise the cost to consumers.

Chairman Patman (D-Tex) reported that Vinson promised to give the matter his immediate attention.

Only Partial Relief

In a written statement of its position, augmenting an hour's conference on the subject, the committee told Vinson that the stripper well subsidy program initiated in July of this year "furnishes only partial relief to the operators of certain wells in certain areas of low average production."

Recalling the rejection by the Office of Economic Stabilization to pleas last year for an increase for crude, the committee declared: "Subsequent events have demonstrated the validity of these recommendations and it is the committee's opinion that the nation would have been better prepared today if these recommendations had been adopted when offered."

Independents Hurt

"Because the plight of the independent oil producer is a deplorable one and because he will be forced out of business, leaving the field entirely to the majors and to those concerns using excess profits from unrelated businesses unless immediate relief is granted him, the committee recommends that these recommendations . . . be used immediately as a basis for affirmative action along these lines."

Participating in the conference with Vinson were Attorneys J. K. Brim of Sulphur Springs, Tex., and E. L. Lincoln of Texarkana, Tex., recently engaged by the committee to handle the oil industry investigations.

Rubber Capacity Said Above Need

DALLAS, Oct. 4. (AP) — R. L. Savage, a Rubber Reserve company (RRC) official, said here today that the nation, with Texas leading the production, now has the capacity to turn out more synthetic rubber than is needed, but that tires enough for all demands cannot yet be produced.

Savage, here to attend a three-day meeting of technical and research men seeking to improve synthetic rubber production methods through exchange of ideas, said that progress in synthetic rubber research has resulted in production of synthetic rubber tires 95 per cent as good as those ever produced for passenger cars from natural rubber.

Price To Be Lower

New production methods, said Savage, production manager for the RRC petroleum-butadiene division, are expected to result in production of synthetic rubber at 15 cents a pound against a pegged price of 21 cents a pound for natural rubber before the war.

Texas plans for production of synthetic rubber materials are located at Borger, Baytown, Ingleside, Neches, Port Neches, Velasco, Texas City and Houston.

Chinese Official Says China To Fight On

WASHINGTON, Oct. 4. (AP) — Doctor H. H. Kung, Chinese finance minister, predicted today that Japan will be defeated a year after the war in Europe ends and told reporters:

"Don't worry about China—China will fight on with you."

300,382 POW IN U. S.

WASHINGTON, Oct. 4. (AP) — The War department reported today there were 300,382 prisoners of war in the United States on Oct. 1. The totaled included 248,205 Germans, 51,034 Italians and 1,143 Japanese.

Tanks Bludgeon Way Into Nazi Secondary

Munich Railroad Yards And U-Boat Pens Are Pounded

By ROBERT EUNSON
Associated Press Staff Writer

LONDON, Oct. 4. — Up to 750 Flying Fortresses and Liberators of the U. S. 15th Air force hammered Munich railroad yards and the Brenner Pass area today while RAF heavy bombers dumped thousands of tons of explosives on German U-boat pens at Bergen, Norway.

The Air ministry revealed that RAF Lancasters which used a Russian airdrome as an intermediate base recently scored a direct hit with a 12,000 pound bomb on the German battleship Tirpitz anchored near Altenfjord, Norway.

The attack, made without loss, involved a roundtrip flight of more than 5,000 miles between bases in England and the airdrome in Russia near Archangel.

Gun Positions Destroyed

While Allied heavy bombers were busy, Ninth Air force mediums destroyed 10 enemy gun positions that had been holding up the U. S. First Army drive into the Siegfried line near Aachen.

The plunge to Bergen by RAF Lancasters and Halifaxes, a 1,300-mile round trip, caught the Germans by surprise. It followed the spectacular puncturing yesterday of the seawall on Walcheren island, which the Germans said trapped 6,000 troops in floods. A Berlin broadcast said "the fate of 3,000 others of our comrades who made for Flushing in small boats is not yet certain."

MUD HELPS TO SLOW ALLIED DRIVE IN TIALY

ROME, Oct. 4. (AP)—American Fifth Army troops have reached a point within 15 miles of Bologna, important German communication center in northern Italy, in a drive slowed by mud and bitter Nazi resistance, Allied headquarters announced today.

Clearing skies allowed Allied bombers to resume support of the northern Italy offensive and gave promise of better footing.

The British Eighth Army on the Adriatic sector was still stalled on the banks of the flooded Fiumicino.

In the center of the battle line American troops moving along highway 65 advanced two miles beyond captured Monghidor and were within 16 miles of Bologna while other American forces east of the highway reached the area just south of Boschi, 15 miles from Bologna, a city of 270,000 and a major supply base for the Germans.

On the west coast Brazilian troops of the Fifth Army "continued to maintain pressure against the enemy" along their sector, headquarters reported.

Finns Closing On German-Held Port

STOCKHOLM, Oct. 4. (AP) — Finnish troops fighting against stiff German resistance are closing in on Kemi, strong German-held port on the gulf of Bothnia, a Helsinki communique announced today.

The communique said that Finnish troops, pressing their campaign to disarm and intern Germans in Finland in accordance with the terms of their armistice with Russia, had crossed the Simo river, 20 miles south of the town, and advanced about "halfway to Kemi."

North of the port, Finnish Finnish troops, which Sunday drove the Nazi garrison out of Tornio, 20 miles northwest of Kemi, beat off German counter-attacks and destroyed three Nazi tanks. The Helsinki dispatch said Finnish fighter planes shot down two German Stukas which dive-bombed troops in Tornio yesterday.

NEGRO IS HEAT VICTIM

HOUSTON, Oct. 4. (AP)—It may be golden October days and autumn in some places but in Houston, 46-year-old negro Harvey Dailey collapsed from heat prostration today in near ninety degree temperatures. Attendants at a hospital said his condition was poor.

BAZOOKA CHARLIE — Maj. Charles Carpenter, above, former Moline, Ill., High school history teacher, is widely known on the Western front for his bazooka shooting from a cub plane. Known as "Bazooka Charlie" he is credited with destroying several enemy tanks and armored cars by his daredevil tactics.

Power Equipment Pouring Through Gap In Siegfried

By HOWARD COWAN
Associated Press Staff Writer

SUPREME HEADQUARTERS, Oct. 4. — Squadrons of hard-hitting American tanks which had been held back for two days while doughboys hacked a yawn-hole in the Siegfried line north of Aachen were sent charging through the breach today to blast German secondary defenses and help clear the path of Lt. Gen. Courtney H. Hodges' First Army to the Rhine.

Pouring into a gap two and a half miles wide in the vaunted westwall the Yanks tonight were fighting through minefields, tank traps and hastily-built rifle pits more than two miles inside the border of Germany after having thrown back three weak enemy counterattacks in the early morning hours.

Nazis Short Of Troops

Front dispatches said the Nazi dispatches, for all their desperate need to halt the bludgeoning Allied drive at the heart of the industrial Rhineland, did not have enough first class troops to match against Hodges' crack infantry divisions and tremendous resources of armor.

More than 100 miles to the south in France Lt. Gen. George S. Patton's Third Army veterans fought bitter hand-to-hand duels inside Fort Driant, a great rabbit warren of defenses guarding the vital city of Metz from the west bank of the Moselle river.

After Yank troops stormed into the gun-studded fortress and began driving the Nazis out of underground tunnels with blazing oil, the enemy rallied from hidden machinegun and rocket nests within the mile-and-a-half-long maze and a deadly close-quarter battle raged into the night.

Fierce Nazi Scrap

While headquarters announced officially that the fort — one of several similar strongholds protecting Metz—had been captured, a field dispatch from Edward Ball of the Associated Press said that the Nazi garrison, composed of former students of the German officers school at Metz, still was putting up "fierce resistance."

The American officer commanding the attack told Ball, however, that he was optimistic his shock troops would stay inside Fort Driant this time. They were thrown back in their first attack last week after fighting across a moat guarding the fort.

Metz, which never has been taken by storm in all its war-torn history, stands between Patton's forces and the Saar basin of Germany 30 miles to the east.

Capture of the elaborate fort would open the way for an assault on Metz itself, strongest fortress city in western Europe. The attack on Driant, whose thick walls stood almost intact under heavy preliminary bombing and

(Turn to Page 15, Column 3, Please)

Thousands Idle In War Plants

DETROIT, Oct. 4. (AP)—Maintenance workers whose strike made an estimated 50,000 Detroit area war plant employes idle today adjourned a stormy mass meeting tonight without taking any action to end the stoppage.

A plane bearing six representatives of the union who appeared before the National War Labor board in Washington was grounded in Pittsburgh and another plane bringing three high officials of the United Automobile Workers (CIO) from Atlantic City with back-to-work pleas also encountered delay.

When it became apparent that neither plane would arrive before midnight, the maintenance workers voted to adjourn the meeting, at which both parties were to have appeared, until tomorrow morning.

Nine Factories Closed

The strike directly involved approximately 6,000 maintenance men. The stoppage, begun despite pleas of International United Automobile Workers (CIO) officers that it be deferred pending a scheduled hearing with the WLB, closed nine factories and slowed down production in 15 others.

The strikers, included among the 38,000 members of the Maintenance, Construction and Powerhouse council, UAW-CIO, voted Monday to quit work in 300 Detroit area war plants but were instructed to remain at work after the WLB advised UAW international officers it would "take no action under the duress of a strike threat."

The maintenance men are skilled and semi-skilled workers, including millwrights, steamfitters, tinsmiths, sheet metal workers, welders, blacksmiths, carpenters, electricians, machine repair men and other related trade workers.

German Girls Taking Russian Husbands

BERNE, Oct. 4. (AP) — German girls are paying high prices and risking the death penalty in order to marry Russian workers in Germany in hopes that such marriage will enable them to escape reprisals for Nazi activities if the Soviet armies enter their country, the Berne newspaper, Nation, said today.

The paper published an account from a correspondent in Weissensee, Germany, who said he had witnessed one of the secret weddings there.

He related he was escorted into a house whose windows and doors were barred with furniture. An orthodox priest, he said, quickly joined in marriage a girl of "good bourgeoise family" to a Russian "half dead with hunger." The girl, he said, paid the priest, 2,000 marks and 4,000 to her "husband," who also received clothes and package of cigarets.

Small Vote Viewed As Republican Goal

NEW YORK, Oct. 4 (AP)—Democratic National Chairman Robert E. Hannegan said tonight that Republican campaign activities included "the conspiracy of the small vote" which he termed "the most undemocratic act of sabotage ever attempted on our precious system of full and free elections."

Urging his listeners to register and vote, Hannegan said Governor Dewey had attempted to "make sure the soldier vote would be small" and added that "the Republicans are interested—to put it mildly — in a small vote, the smallest possible."

ARMY ENGINEER DIES

CHICAGO, Oct. 4 (AP) — Arthur L. Thomas, 65, Salt Lake City, chief of the safety branch of the Pacific division of the U. S. Army Engineers, died from heart disease tonight in a loop hotel. He was attending the joint National Safety council congress here.

FDR To Speak As Candidate Tonight

WASHINGTON, Oct. 4. (AP)—President Roosevelt will go on the air tomorrow night for his second campaign speech, directed to Democratic party workers throughout the nation.

Mr. Roosevelt formally opened his fourth term drive Sept. 23 in an address attacking Republicans for spreading "falsehoods" and declaring they should not be permitted to "botch" the peace again as he said they did after the last war.

There has been no indication of the theme of the address tomorrow night, a 20-minute talk scheduled for 9 p. m. (central war time) over CBS and Mutual.

Railroader Dies Of Injuries In Wreck

MEMPHIS, Tenn., Oct. 4 (AP) — J. H. Wallace of Commerce, Tex., engineer for the Cotton Belt railroad, died in a hospital here today of injuries received in an automobile accident near West Memphis, Ark., yesterday.

His wife was seriously injured. A granddaughter, Betty Wallace, was slightly hurt.

They were enroute to Greenville, Tenn., to visit relatives.

PLANTATION MANAGER DIES

GREENVILLE, Miss., Oct. 4. (AP) —Dr. Jessie William Fox, 77, for 31 years general manager of the world's largest cotton plantation of the Delta and Pine Land company near here, died today.

Nazi Chiefs Beat Guerrilla Drums, Term Eisenhower Plea 'Arrogance Of Renegade'

By RICHARD KASISCHKE
Associated Press Staff Writer

LONDON, Oct. 4. (AP) — A Nazi blueprint for highly organized and fanatical guerrilla warfare to nullify any Allied victory and make the civil administration of conquered German territory almost impossible was outlined today by Nazi officialdom.

Propaganda Minister Paul Joseph Goebbels, in a speech to German workers on the western front quoted on the Berlin radio by DNB, said the Allies had launched an all-out offensive to win the war before winter, but that conditions now favor the German Army, and in any event the Nazis were prepared to wage guerrilla warfare to the death.

The plan got an even more thorough airing in Heinrich Himmler's publication "Das Schwarze Korps," which sketched a scheme designed to make this a war virtually without an end, to coerce every German into fighting the occupying powers on every inch of German soil, to murder as traitors any Germans who deal with the Allies, to make a hell for returning refugees and Jews.

The article in Das Schwarze Korps said guerrilla fighting plans, to meet conditions already becoming evident around Aachen, were far advanced, and based on everything the Germans had learned in Russia, the Balkans, France and Belgium—where they, as the occupying forces, were harassed by insurgents behind their lines.

To carry out this program, the article made it plain that Himmler intends by murder to frustrate any orderly Allied occupation of Germany.

"It is impossible to set up a German civil administration in an occupied Germany," said the article "but even should some blackguards be found to do it, all of them—just like any traitor or anyone else who connives with the occupation power—would be shot."

The article summoned all Germans to make sure that "behind each street corner in conquered territory, death will lurk and the enemy's life be made one long torture."

Goebbels, as quoted by DNB, denounced Secretary of the Treasury Morgenthau for proposing to "turn industrial Germany into a vast potato field," and called General Eisenhower's orders to the German populace to obey instructions of the Allied Military government "the impertinent arrogance of a renegade."

The Weather

WEST TEXAS — Generally fair Thursday and Friday. Warmer Thursday.

Al Smith, The 'Happy Warrior' Of U.S. Politics, Dies In New York

NEW YORK, Oct. 4. (AP)—Alfred Emmanuel Smith, the "Happy Warrior" of American politics, died today. He was 70.

Dr. Raymond P. Sullivan attributed Smith's death to lung congestion and heart disease. He had been in ill health since the death of his wife, Catherine, last May 4.

The prominent Catholic layman knew he was dying "and was praying all the time," said the Rev. John Healy of St. Vincent Ferrer's church who was present when Smith died at 5:20 a. m. (cwt) in Rockefeller Institute.

As plans went forward to have the body lie in state in St. Patrick's cathedral beginning at 1 p. m. (cwt) Friday and for a high requiem mass at 10 a. m. Saturday, tribute to the man known for his brown derby, cigar and jovial smile came from the nation's leaders in all walks of life.

Roosevelt's Tribute

President Roosevelt said in Washington: "The country loses a true patriot."

Former President Herbert Hoover, who as Republican presidential nominee in 1928 gave Smith his second and last political defeat, said:

"Gov. Alfred Smith contributed a real part in building America."

Born Dec. 30, 1873, in the shadow of the Brooklyn bridge, Smith entered politics at the age af 22 as a clerk and subpoena server for the commissioner of jurors.

Elected To State Assembly

In 1903 he was elected a state assemblyman, and served a dozen years at Albany. He was Democratic leader of the assembly in 1911 and 1913.

He later was sheriff of New York county and president of the board of aldermen. In 1918 he ran for governor under the sponsorship of Tammany Hall and defeated Gov. Charles S. Whitman.

Smith reached the apex of his political career in 1928 as the Democratic presidential standard bearer—giving him the nickname "Happy Warrior." He polled 41.2 per cent of the total vote. Hoover defeated him, carrying 40 states and splitting the Democratic "solid south."

Takes Walk In 1936

In 1936, Smith broke with President Roosevelt, taking what he called "a walk," and supported Alf Landon for the presidency. Four years later, still hostile to the New Deal, he took the stump for Wendell L. Willkie.

During the past few years, Smith had not taken an active part in politics, devoting his time to managing the Empire State building and other enterprises.

Gov. Thomas E. Dewey today ordered all state flags flown at half staff for 30 days in tribute to the former governor.

Smith is survived by three sons, two daughters and a sister.

The first helicopter to fly was designed by Enrico Forlanini in 1877, and was powered with a miniature steam engine.

Five French Army Generals Suspended

PARIS, Oct. 4. (AP)—The war ministry announced the suspension of five generals of the French army today without giving any reason.

They are General of the Armies Charles Bregard, a former chancellor of the Legion of Honor; Army Corps General Eugene Brioux, former secretary of the ministry of defense; Brig. Gen. Jean Paul Pérne, former director of the Republican guard; Jean Martin, former director of the national military police, and Charles Picard, former inspector of the gendarmerie at Lyon.

Police Search For Kidnapped Infant

MERIDIAN, Miss., Oct. 4. (AP)—The police searched to day for a day-old baby who disappeared mysteriously in the early morning hours from his crib in the nursery of Rush infirmary.

Officers, called by hospital authorities, said the only clue they had was a report that an unidentified woman had been seen to enter the building late yesterday carrying a baby blanket. The woman had not been seen since.

The infant, a son, was born yesterday to Mrs. Bill Laws, the wife of an overseas soldier.

NEW GI SLANG

WITH THE AMERICAN U. S. Infantry Division, Southwest Pacific (Delayed) (AP)—When a GI Joe of this veteran division uses the initials PFC he doesn't mean private first class. Its his slang for "personal friend of the captain." Another new GI slang expression currently going the rounds tabs a soldier in the garbage detail a G-man.

The show place of Siedlce in Poland is the palace established long ago by Prince Oginski.

Pan American Lines Plan New Gateways

WASHINGTON, Oct. 4. (AP)—J. Clawson Roop, vice president and treasurer of Pan American airways, says his firm proposes to make New York, Charleston, S. C., Tampa, Fla., and Houston, Texas, terminals for Latin American speed routes.

This would be added to the present gateways, which are Miami, New Orleans, Brownsville and Laredo, Texas, and Los Angeles, he said yesterday in a news conference prior to presentation of the company's case in the Civil Aeronautics board Latin American hearings.

The proposed overall program, Roop said, was one merely of readjusting and shortening existing routes and opening new gateways to make full use of forthcoming equipment.

Eastern airlines yesterday during the hearing, accused Pan American of "indifferent and inadequate" service, lack of cooperation with domestic lines and excessive fares.

Eastern seeks routes to Mexico City through New Orleans, Houston, Brownsville and Corpus Christi, and to the Panama Canal zone, via New Orleans, Tampa and Miami.

GRID INJURIES FATAL

DETROIT, Oct. 4. (AP)—Injuries suffered in a football game on a neighborhood playground proved fatal to Edward Chwasczewski, 16. The youth died in receiving hospital last night.

Many Cases Are Handled By WLB

DALLAS, Oct. 4. (U.P.)—The eighth regional War Labor board for Texas, Oklahoma and Louisiana handled 19,090 voluntary cases in the first two years of wage stabilization ending yesterday, records of the Dallas office revealed today.

Up to Sept. 29, the board had completed 18,219 cases, leaving a backlog of 871 for an accomplishment record of 95.4 per cent. For the same period, 299,298 voluntary cases were filed with the NLRB, of which 282,426 have been disposed for an accomplishment figure of 94.4 per cent.

Dispute Cases Filed

Regional Chairman Wales H. Madden reported that 9,983 dispute cases have been filed in the United States, and 333 of them were in the Eighth regional area. Of these, he said, WLB have been disposed of, leaving 63 on the local docket.

Madden said there had been only one case in this tri-state area where the government had to seize private property to prevent the interruption of war production. There have been 22 such cases throughout the nation.

During a one-month period survey, the NLRB found the Dallas office handled 65 per cent of the voluntary cases filed within one month's time, compared with the national score of 69 per cent. Philadelphia had top efficiency with 78 per cent, followed by Atlanta 75 per cent, Chicago 73 per cent, Denver 70 per cent, New York 68 per cent, Seattle 67 per cent, and Detroit 66 per cent. Dallas, Cleveland and Kansas City had 65 per cent each, San Francisco 63 per cent and Boston 58 per cent.

Have a Coca-Cola = Eat, drink and enjoy yourself

. . . or adding refreshment to a backyard barbecue

One of the secrets of any successful home barbecue is plenty of ice-cold Coca-Cola. Everybody enjoys its life, sparkle and refreshment. Plan to have frosty bottles of "Coke" ice-cold and ready to drink. When you shop, remember to ask for Coca-Cola. Everywhere, Coca-Cola stands for *the pause that refreshes*,—has become a high-sign of hospitality in the American home.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

My best Friends were amazed ...at my improved Looks ..new ENERGY..PEP!

1—Promote the flow of vital digestive juices in the stomach

2—Energize your body with RICH, RED BLOOD!

Improper diet, overwork, undue worries, colds, the flu or other illness often impairs the stomach's digestive functions and reduces the red-blood strength.

A person who is operating on only a 70 to 75% healthy blood volume or a stomach digestive capacity of only 50 to 60% normal is severely handicapped.

At such times Nature needs extra help to restore its balance and function properly. Undigested food places a tax on the system...insufficient blood strength is a detriment to good health.

If you are subject to poor digestion or suspect deficient red-blood as the cause of your trouble, yet have no organic complication or focal infection, SSS Tonic may be just what you need!

SSS Tonic is especially designed (1) to promote the flow of VITAL DIGESTIVE JUICES in the stomach and (2) to build-up BLOOD STRENGTH when deficient.

These two important results enable you to enjoy the food you do eat . . . to make use of it as Nature intended. Thus you may get new vitality . . . pep . . . become animated . . . more attractive!

Build Sturdy Health and Help America Win

Thousands and thousands of users have testified to the benefits SSS Tonic has brought to them and scientific research shows that it gets results—that's why so many say "SSS Tonic builds sturdy health—makes you feel like yourself again." At drug stores in 10 and 20 oz. sizes. S.S.S. Co.

Nine-Plank Program Of WTCC Is Explained At District Session

Explanation of a proposed nine-plank program of the West Texas Chamber of Commerce was made by WTCC officials in a meeting in Hilton hotel here Wednesday afternoon attended by 60 directors and chamber secretaries of district 2. This was the second of eight district referendum conventions being held by WTCC for discussion of the program for the coming year—first meeting was held in Odessa Tuesday.

M. C. Ulmer of Midland, WTCC president, urged directors present to take their ballots home for careful consideration of their local organizations before casting their votes.

The platform was explained by Ulmer, D. A. Bandeen, of Abilene, WTCC manager, and J. A. Rix of Fort Worth, secretary.

Federal Tax Plans

Possibly the most important of the nine planks, as explained by Bandeen, was number 8, dealing with post war federal tax plans.

Concerning this plank, Bandeen said: "Our post war welfare is more closely hooked up with federal taxation and public expenditure than any other one thing. Some of the questions involved are: Shall industry and production be federalized or free-enterprised; shall private initiative or incentive be increased or stagnated; shall earnings be left in the hands of the people after taxes; and how much taxing can business take and still provide employment?"

The plank, if adopted, would favor six items, as follows:

A post war federal budget of no greater than $20,000,000,000 per year including service charges on the national debt.

Apply To Federal Agencies

When not interfering with the national defense and when interfering with legitimate free enterprise, all tax laws and equal percentage schedules should be applied to all agencies created, controlled or financed by the government, when such agencies are operating in competition with privately owned agencies.

The abolition of the war time excess profits tax.

The deduction of corporate dividends in determining corporate net income for taxation.

The abolition of capital stock taxes.

The reduction of individual income and surtax rates, with the minimum bracket no greater than 15 per cent and the maximum bracket no greater than 60 per cent of the total taxable income.

Social Security Expansion

Another important plank, as explained by Ulmer, who wrote it, was number 6, dealing with social security. The plank would favor, on subsistance levels only, a general broadening of our national Social Security programs so as to embrace all workers including the armed forces, financed on a 50-50 employer and employe basis, and administered with the maximum of state authority and the minimum of federal authority.

A plank, which would favor national advertising of Texas natural resources and potentialities, was read and explained by Rix. It reads as follows: "Resolved, that the editorial board of West Texas Today be authorized to foster a $2,000,000 biennium state appropriation for the purpose of nationally advertising the advantages and potentialities of the state of Texas."

Other Planks Outlined

Other planks were:

Resolved, that a permanent public expenditure and taxation bureau be established by the West Texas Chamber of Commerce for the purpose of fostering the organization's programs for the reduction of public expenditure in federal, state and local affairs.

In case Texas receives no equitable freight rate relief through cases now pending before the Interstate Commerce commission and the U. S. Supreme court, resolved, that the WTCC and its Freight Rate Equality federation seek a legislative appropriation for the purpose of filing suit before the U. S. Supreme Court to secure equality for Texas in transportation charges.

Resolved, that each affiliated city will seek the support of its state legislative representatives on: The state fiscal control bill; the city and county budget bill; the redistricting bill; the scholastic attendance school apportionment bill.

Conversion Legislation

Believing early enactment of conversion legislation will stimulate post war recovery and provide more jobs for returning servive men, we urge prompt enactment into law of the principles of the Baruch report. We further urge that in liquidating government housing projects, the underhoused needs of the respective territories be given first consideration, and that, due to the unexcelled climate of West Texas for health and training purposes, the West Texas camps be maintained as far as practicable in the hospitalization and defense plans of the nation.

Presiding at the meeting was Percy Ralls of Ralls, district director. Ralls was introduced by G. A. Simmons, host director, who welcomed the group to Lubbock.

Production Geared To Postwar Needs Urged

DALLAS, Oct. 4. (AP)—In maintaining a better marketing program, production must be adjusted to postwar demands, Melvin Buster, chief, market, standard and facilities section, War Food administration, Washington, D. C., said today.

Buster addressed dairy and poultry representatives, members of extension services, representatives of state colleges, and state and federal departments of agriculture.

Markets will have to be maintained on a quality basis and national uniform standards and grades must be developed for use throughout the United States, he said.

Henry G. F. Hamann, chief, inspection and grading division, dairy and poultry branch, WFA, Washington, D. C., said the program was not compulsory.

Solons Set Inquiry On Increased Wages

WASHINGTON, Oct. 4. (AP)—A congressional inquiry into the advisability of raising the nation's minimum wage level from 40 to 65 cents an hour was announced today by Senator Pepper (D-Fla).

Pepper, chairman of a special Senate labor subcommittee, said he would call labor, business and government officials for hearings starting next Wednesday.

Freight Line's Suit Against NWLB Set

DALLAS, Oct. 4. (AP)—Suit for injunction by Sproles Motor Freight Lines, Inc., against the National War Labor board and other agencies to restrain them from enforcing a NWLB order which allegedly would deny the freight lines the right to maintain its present pay scales to truck drivers without agreeing to bargain through the AFL truck drivers union exclusive has been set for Oct. 10 in Federal Judge William Atwell's court.

Federal Judge James C. Wilson of Fort Worth signed a temporary restraining order against the agencies after the petition was filed on Sept. 24. Yesterday it was set for hearing before Judge Atwell here.

The Sproles petition alleged that it had obtained permission to raise the pay rate of its driver on a per-mile basis, and that in final negotiations with the NWLB union bargaining was mentioned as mandatory to the raise increase permission.

Attempt To Revive O'Daniel Suit Fails

AUSTIN, Oct. 4. (AP)—An effort by Charles Lavergne Somerville of Dallas to revive a suit against W. Lee O'Daniel failed today in the state Supreme court.

The court dismissed, for want of jurisdiction, Somerville's application for a writ of error against the finding of the eighth court of civil appeals at El Paso. This court had dismissed Somerville's suit, brought in August, 1943, seeking to require O'Daniel to appear and show cause why he "did not or should not" file a complete account of campaign expenses for the office of U. S. senator in the July primary, 1942.

Recent estimates credit the national safety movement, begun in 1913, with saving 300,000 American lives.

University Of Texas Scholarships Okayed

AUSTIN, Oct. 4. (AP)—Fellowships and scholarships for eight students at the University of Texas have been approved by the board of regents, board secretary Leo C. Haynes announced today.

One of the scholarships, the E. D. Farmer international amounting to $1,350, was awarded to Fernando Zanora Millan of Mexico City. Other awards were to Luis Montes, jr., Brownsville; Betty Joe Crawford, Alpine; Anna Buchanan, Dallas, and David E. Counts, Mrs. Lorene L. Rogers, Lora Lee Adams and Lucia Land, all of Austin.

TEXANS GET DFC

WASHINGTON, Oct. 4. (AP)—The War department announced the award of the Distinguished Flying cross to the following personnel of the U. S. 8th Air force: T/Sgt. Ernest L. Frazier, box 933, Pampa, Texas, and S/Sgt. Rayford L. Foster, Odessa, Texas.

Vandenberg Against Social Security Hike

WASHINGTON, Oct. 4. (AP)—Senator Vandenberg (R-Mich) who three times has led successful moves to block increases in the social security payroll tax announced today he would again oppose the increase scheduled for Jan. 1.

Unless Congress should act before that date, the levy will advance automatically from 1 to 2 per cent each on employes and employers.

Subsidy For Flour To Cuba Announced

WASHINGTON, Oct. 4. (AP)—A subsidy payment of $1.35 cents a hundred pounds will be made by the government on flour milled from wheat grown domestically and sold for export to Cuba between now and Oct. 9, the War Food administration has announced today. The exports must be shipped by Nov. 30.

Regulars Pick T. H. McGregor as Keynoter

FORT WORTH, Oct. 4. (AP)—Former State Senator T. H. McGregor of Austin was announced today as the keynote speaker for the statewide rally to be held in Will Rogers Memorial auditorium here next Tuesday night by the new Texas Regulars political party.

McGregor, former close associate of the late Governor James E Ferguson, will precede Congressman Martin Dies. McGregor will speak of "futility of a vote for Dewey electors."

McGregor will be introduced by County Judge Merritt Gibson of Longview, chairman of the Regulars' general election campaign. Gibson is due in Fort Worth late Wednesday to discuss the rally.

NEW WELLS PLANNED

LAUREL, Miss., Oct. 4. (AP)—Preparations are underway by Gulf Refining company to start seven new oil wells, four in Heidelberg and three in Eucutta.

King Carol Asks For Passage To Brazil

MEXICO CITY, Oct. 4. (AP)—The agency of the Argentine merchant fleet line said today that former King Carol of Romania has applied for passage to Brazil aboard the Argentine steamer Tunuyan, which is due at Vera Cruz Oct. 10.

The agency added that passage had been booked previously, but that it has sent a message to New Orleans asking whether accommodations for Carol and his party can be arranged.

The steamer touches New Orleans, Havana and Pernambuco.

FROM AMERICA'S LUSH DAIRYLANDS ...

Pure whole milk in a new convenient form!

7 BASIC FOOD GROUPS ARE NEEDED DAILY FOR GOOD NUTRITION
This food is included in...
NUTRITION GROUP FOUR

NO RATION
POINTS REQUIRED

EVEN THOUGH you buy it in a package and keep it on your pantry shelf, think of Kraft Powdered Whole Milk as fresh fluid milk from lush dairylands of America.

For, in making this convenient product, fine fresh milk is pasteurized and then *dehydrated* by an exclusive new process . . . to bring you delicious freshness of flavor and the important food values for which milk is noted.

Water has been removed; nothing has been added except vitamin D as recommended by nutritionists. You get the complete protein of milk. Food energy from its uniform cream content. Calcium. Phosphorus. Vitamin B_2 (riboflavin). And 400 units of vitamin D in each quart you make.

Preparing Kraft Powdered Whole Milk is easy and quick. There are two bags in each box. Combine the contents of one of them with water in a quart jar. Shake well. Chill in your refrigerator and you have a quart of delicious fluid milk ready to use. It's as simple as that! And, you see, you can *always* have milk on hand.

Kraft Milk will save you money too. It's thrifty: Lower cost per quart and no losses due to spoilage on your pantry shelf. It keeps well on your pantry shelf. You simply make it up as you need it.

The whole family will go for Kraft Milk. Youngsters love it. Use it for drinking . . . for baking cakes, biscuits, bread, muffins, cookies . . . for fine custards and cream sauces . . . for infant feeding . . . in coffee . . . for *every* milk use.

Try Kraft Powdered Whole Milk once and you'll be sure to keep it handy always, for here is fine whole milk in a convenient new form!

Look for it at leading local food stores.

KRAFT *powdered* WHOLE MILK

2 QUARTS FROM 1 SMALL BOX! *Each box contains 2 measured bags, each making 1 quart.*

The Woman's Angle
By Margaret Turner

RUTH WELTY'S little booklet, "Calling All Women," came to our desk, as must have been its destiny to women's editors all over the country. We refer to the surprise little publication that stood the Civil Service commission on its ear and inspired a story out over news wires.

In case you overlooked the mention in Wednesday's papers, Miss Welty has founded an organization which she calls, "The Matriots," dedicated, among other objectives, to discourage male employment competition. It seeks the greater participation of women in governmental levels throughout the world and a general advancement of the economic, political and educational status of women everywhere."

• • •

Since our work appeared light after the afternoon mail was distributed Monday we scanned the literary gem and strolled over to Charlie Guy's office intending to read aloud a few terse paragraphs. Having heard him express his opinion of women occupying government jobs or any kind of public jobs for that matter, we wanted to get his reaction to Miss Welty's plan of encouraging women to steal men's jobs. However, he was frowning over an editorial he was pounding out and we decided against disturbing him and instead paid a visit to the telegraph desk where C. W. Ratliff was editing early morning copy.

Now Mr. Ratliff, our managing editor, has been struggling along for almost two years with an editorial staff largely composed of women writers and we thought he would be interested to know there are plans afoot to get men's jobs.

• • •

"A 'matriot' is a person who is devoted to the human race itself, to ALL humanity," the reader began, without getting recoil. After all, Mr. Ratliff is quite a humanitarian, so far as that is concerned.

The Angle skipped a page or so in the 31-page booklet and noted aloud a paragraph in italics "so long as males staff governments, just so long will nations go on having wars.

"Women can let the male has his violence, but take him out of government, where violence does so much harm. Wars are declared and prosecuted by governments and governments are run by males," continued the little green book."

"Males have an inborn heredity of the fight which makes it natural for them to resort to violence in settling international disputes. There is an emergent Mother-Principle which is to expand and grow and finally take the place of the prevailing competition in government."

• • •

WE glanced up. Mr. Ratliff was looking very bored.

"You're not listening," we challenged.

"Yeah, I am, read on," he yawned.

"Study your government, study money and baking, enter public office. Supply vocational guidance to college women. Set aside funds for scholarships for women, work mightily to wipe out illiteracy, keep watching all public officials, but especially women," we read.

"Not a bad idea that," interposed Mr. R., stressing the last suggestion we had offered.

"Keep a sense of humor," we quoted above the laughter of pleasure he gave at his clever remark.

• • •

"Build self-confidence," we began anew. "Have confidence in women workers, learn to think for yourself."

"Well that would be an innovation," he m. e. interrupted.

"Cultivate an impersonal attitude," the writer continued reading, giving him a cold look, and then seeing he was showing signs of returning to his work said hurriedly, "Just another minute please. She says women can "inherit men's jobs, beat the drums of history, cease to be economic parasites by taking over all the government jobs at present held by men, remaining their natural selves, getting rid of the dominating masculinity of civilization and thereby ushering in the better era of Mother-Principle."

• • •

"There, what do you think?" we asked gleefully.

"I think," exclaimed Mr. Ratliff, with as much expression as Orson Welles, Frederic March and the Man on the March of Time program combined, "the woman is nuts!"

L'Aquille Club Has Breakfast Wednesday

Mrs. W. A. Roberts entertained the L'Aquille Club Wednesday morning with a breakfast in her home, 2109 Twentieth. Fall flowers decorated the sun porch where breakfast was served.

Mrs. J. P. Elms received a birthday present from the group.

Members present were Mesdames V. O. Jennings, G. H. Ball, Eugene Wilson, Carl Mullins, Jack West, J. W. Philips, H. T. Wilkins, Elms and T. L. Biggs.

Next meeting will be with Mrs. Ball, 2007 Ave. R, Oct. 18 at 3 p. m.

TRUTH SEEKERS CLASS

Mrs. J. E. Ward asks that all newly elected officers of the First Baptist Truth Seekers Class meet in her home, 2101 Thirteenth, at 10 a. m. today for a luncheon, business meeting and visitation.

Prescribed by thousands of Doctors! Pertussin—a famous herbal remedy—is scientifically prepared not only to quickly help relieve such coughing, but also it loosens and makes phlegm easier to raise. Safe and mighty effective for both old and young. Inexpensive! At all druggists. →PERTUSSIN←

Officers' Wives Of LAAF Have Party

A dessert bridge party was entertainment for approximately one hundred women when the Officers' Wives club of Lubbock Army Air field met Tuesday afternoon at the Officers' club for bi-monthly meeting.

Hostesses for the day were Mrs. A. G. Arnold, Mrs. Richard Ross, Mrs. Clark Shreck and Mrs. Milton Minarcin.

During the business meeting, at which Mrs. Howell M. Estes, jr., presided, a letter was read in which the National Association of Air Forces Women through its executive oficers of the Air Forces Central Training Command at Randolph Field complimented the Officer's Wives club of L. A. A. F. on being among the first to affiliate with the national organization.

Red Cross activities were discussed in a report given by Mrs. George D. Stout. Thirty officers' wives worked at the Red Cross surgical dressings room on September 22; there were twenty-five September 29.

At the close of the afternoon prizes of defense stamps were given to the following women for bridge: Mrs. Olan M. Atherton, Mrs. John L. Yousling, Mrs. Alvin L. Smith, Mrs. John E. Donohue, Mrs. Gerald McCarty; and for rummy: Mrs. Lester C. Keller and Mrs. Chester J. Biezad. Guest prize for bridge was won by Mrs. Eleanor Schauner of North, New Jersey, guest of Mrs. James J. Henderson, jr.

Tickets On Sale For Boss Banquet

Miss Josephine Looney, public afafirs chairman, announced at the luncheon of the Business and Professional Women's club Wednesday in the Chimayo room at the Hilton hotel, that tickets are now available for the annual formal Boss Banquet to be held Oct. 11 at 8 p. m. in the Hilton hotel.

Tickets must be purchased by members by noon Monday. Miss Looney is in charge of the banquet.

Mrs. Vera Chapman, president, presided and Mrs. Nita Eichelberger, program chairman, presented a quiz program. Fifty-two members and one guest, Mrs. Clara Mae Cooper of Abilene were present.

Miss Hall Hostess To Insurance Women

Mrs. Margaret Hall, 1623 Seventeenth, was hostess to a number of insurance women of Lubbock when the group met to organize Tuesday night.

Women who are employed in stock, fire and casualty insurance companies are invited to membership.

Mrs. Hall was named president; Miss Gladys Heaton, vice president; Mrs. Bess Alls, secretary; Mrs. Mildred Hobbs, treasurer; Miss Fern Kelley, chairman of the social committee; Miss Heaton, program chairman; Miss Minnie Schneider, chairman of the ways and means and public relations committee; Miss Charlene King, membership chairman; Miss Juanita Lewis, telephoning committee chairman and Mrs. Margaret Burrus, reporter.

A luncheon is to be given Oct. 20 at a place to be designated.

PROGRAM ANNOUNCED

Main speaker at the K. Carter Parent-Teacher association program Thursday night at 7:30 o'clock at the school will be Bobby Holmes, assistant director of Boys club. He will discuss "Social Welfare in Our Town." Mrs. John D. Watson, music coordinator, will give musical selections and the school choral club will sing.

REBEKAH CLASS

First Baptist Rebekah class retiring officers gave reports Tuesday afternoon at a covered dish luncheon at the activities center. J. D. Riddle reported on the drive for clothing and bedding to be sent to devastated European countries. Mrs. B. N. Duff gave a travelogue of Norfolk, Va., and New Orleans. Twenty-six members and three guests attended.

CALLOUSES
To relieve pain, stop pressure on the sore spot and quickly remove callouses — use these soft, cushioning, soothing pads. Sold everywhere.

"A Friend In Need" Discussed At USO

"A Friend In Need" was the subject which Mrs. Teressa Gegg discussed at the third meeting of the school, "So You're Going To Be An Officer's Wife," sponsored by United Service Organization and Tech Council of Women Graduates at the USO Wednesday morning. The school is for the benefit of cadet wives of both army air fields. Mrs. Gegg explained the role of the Red Cross to cadets' and officers' wives.

Mrs. W. C. Holden introduced the speaker to the 52 persons present.

The Thursday session will be "Making The Most of One's Self" and Miss Ella May Butler will give demonstrations on hair styles and make-up, using girls from the audience as models. Miss Edith Coleman will give color demonstrations which should be applied to the personal wardrobe.

Girls assisting in the nursery were Georgia Mae Reeves and Monna Low Stivers, Tech; and Sue Condict, Barbara McPherson, Patsy Cantrell and Cleta Joy Roberts, junior high school.

Representatives Are P-T Council Guests

Representatives from Junior and Senior High school were present when City Council Parent-Teacher council met for a monthly session at Senior High school Tuesday afternoon. The former was Cecil Butler and the latter were Velma Lou Dunn, Fred McDonald and Nell Akins.

During the session, Mrs. L. L. Miller, chairman, was elected as a delegate to the state convention, Texas Congress of Parents and Teachers, Nov. 8-9. The other delegate will be Mrs. R. O. Bennett who was elected council vice-president during an executive committee session. She will complete the unexpired term of Mrs. George Berry, who resigned.

E. J. Lowrey talked on the public schools' recreation program and Mrs. Ivy Savage gave highlights of the district board meeting here Sept. 16.

It was announced Oct. 27 is bundle day, at which time clothing and bedding will be collected to be sent to devastated European countries.

Layette Shower Given To Mrs. Joe B. Pate

A layette shower was presented to Mrs. Joe B. Pate Tuesday afternoon when the Dorcas society of the Seventh Day Adventist church met at the home of Mrs. Carl Reese, 1117 Thirty-second, Tuesday afternoon. Fall flowers were decorations.

A corsage of pink rosebuds was presented to the guest of honor and corsages of gladioli were presented to Mrs. John W. Agnew, oldest member, and to Defenia Pate.

During the afternoon Mrs. Douglas C. Marchus, wife of the pastor, sang. Mrs. Walter Gunn was assistant hostess and refreshments of cake and ice cream were served to 16 women.

The society will meet next Tuesday afternoon at 2 o'clock with Mrs. Marchus, 1530 Thirtieth, for a program in charge of Mrs. Leroy Cox.

CAMPUS STANDBY: Monotone tweed suit and harmonizing checked topcoat.

Oficers Elected By Koa Shari Alumnae

Ko Shari Alumnae society elected officers Tuesday night at the home of Miss Ferrelline Tucker and they were as follows: Mrs. Troy Price, president; H. L. Allen, jr., reporter.

Mesdames J. B. Prewitt, Ted Serrurier and Roger Clapp were appointed on a committee to plan an entertainment honoring patronesses; Mrs. Harold Schlotzhauer, Mrs. Allen and Mrs. T. A. Hilbun were named on a committeee to plan homecoming celebration and Mrs. Allen was named chairman of the telephoning committee.

Others present were Mesdames Edwin L. Neill, Thomas Chesser, David Humphries, W. C. Holden, Jesse George and Miss Frances Wilson.

Alathean Class Has Business And Social

A business and social meeting was held at the First Baptist Alathean Class Wednesday afternoon in the home of Mrs. Robert Abernathy, 2201 Main.

Mrs. Eva Watkins, president, presided and Mrs. John Thompson gave the devotional. Mrs. J. E. Reid led the prayer and Mrs. Theo White gave a reading, "Tiething." A large box of clothing was collected for war relief.

Other members present were Mesdames Ben Noel, A. L. Harris, L. Vannoy, Fred Rogers, Cora Harris, N. L. Ball, Barney Alford, Mark Day and J. A. Barton, a visitor.

"Pin Worms Can't Harm MY Child!"
Better learn the Truth, Mother!
You may think that Pin-Worms are just a harmless nuisance. Or you may think that this tormenting, embarrassing infection strikes only certain types of people.
Don't you believe it! Rich or poor, young or old—anybody, anywhere can have Pin-Worms. And these crawling pests, living and growing inside the human body, can cause real distress. So watch out for the warning signs that may mean this nasty infection — the aggravating rectal itch; also, uneasy stomach, bed-wetting, nervous fidgeting and uneven appetite.
If you suspect Pin-Worms, get a package of P-W tablets right away, and be sure to follow the directions. P-W is the new Pin-Worm treatment developed by the laboratories of Dr. D. Jayne & Son, America's leading specialists in worm medicines.
Important Scientific Discovery
The small, easy-to-take P-W tablets contain a remarkable drug (gentian violet) that is being hailed by high medical authorities as the most effective means ever discovered for dealing with Pin-Worms. Thanks to this important new scientific discovery, P-W works in a special, gentle way to destroy stubborn Pin-Worms.
Ask your druggist: P-W for Pin-Worms!

MAJOR ELDREDGE

Major James C. Eldredge was the guest speaker on "Military Courtesy" when approximately 150 glider students and their wives attended the meeting of the SPAAF Junior Matrons' League Tuesday evening in the student lounge. Mrs. D. M. McIntosh, president, presided at the meeting.

MEETINGS CHANGED

Members voted to change club meeting time to the first and third Tuesday nights of each month at 7:30 o'clock when the South Plains Navy Mothers club held a called meeting Tuesday in the home of Mrs. A. C. Sanders, 1420 Main. Meeting place will be announced later.

MAN!
What Delicious Biscuits made with

The Wilson Label protects your table

You can't see the crowd waiting for telephones
. . . yet more than 1,000 are waiting here in Lubbock
When people crowd bus and railroad stations, it's easy to see that travel facilities are overburdened. If you could see the folks waiting for telephone service here, you'd know the telephone system is crowded, too.
We wish we could put in telephone service immediately for everyone who is waiting, but we can't get the facilities to do it. Our telephone equipment factories still are working full speed to supply field equipment and electrical weapons for the army and navy.
Facing such a condition we must first of all—as prescribed by the War Production Board—furnish the telephone service necessary to the war effort, public health, and security.
Then others waiting for service are connected in order—those waiting longest are served first, just as at a cafeteria or theater. In general we are able to fill delayed orders only as fast as present users give up their telephone service. We immediately assign the wires, instruments, and central office equipment thus released to those nearest the top on the waiting list, who can be served by that equipment.
To those of you who still are waiting, we say, "Thank you for your patience. We'll be glad to install a telephone for you as soon as we possibly can."
SOUTHWESTERN BELL TELEPHONE CO.

HOW TO RUIN DRESSES AND LOSE FRIENDS
IT'S tragic how some girls lose their friends and ruin their dresses because of perspiration odor and stains. And there's no excuse for it. It's *easy* to save dresses, it's *easy* to save friends.
Use Arrid, the new cream deodorant that helps keep your armpits dry and removes the odor from perspiration. Arrid is safe and dependable for these *five* reasons:
1. Arrid does not irritate skin. Does not rot dresses or men's shirts.
2. Prevents under-arm odor. Helps stop perspiration safely.
3. A pure, white, antiseptic, stainless vanishing cream.
4. No waiting to dry. Can be used right after shaving.
5. Awarded Approval Seal of American Institute of Laundering — harmless to fabric. Use Arrid regularly.
Arrid is the largest selling deodorant. Sold at all stores selling toilet goods — 39c and 59c a jar. (Plus Tax)

NERVOUS, RESTLESS IRRITABLE, HIGH-STRUNG
On "CERTAIN DAYS" Of The Month?

Do functional periodic disturbances make you feel nervous, fidgety, irritable, tired, and a bit blue—at such times?
Then start *at once*—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound is made *especially for women*. Taken regularly—it helps build up resistance against such distress. Thousands upon thousands of women have reported benefits!
A grand thing about Pinkham's Compound is that it contains no harmful opiates. It is made from nature's own roots and herbs (plus Vitamin B1). Here's a product that *Helps Nature* and that's the kind to buy! Also a fine stomachic tonic! Follow label directions. *Try it!*
Lydia E. Pinkham's VEGETABLE COMPOUND

NEW... from Hollywood comes a Foundation Make-up created by the Westmores
NOT A CAKE—NOT A CREAM
DOES NOT CAUSE DRY SKIN
★ Does not give a stiff "masked" feeling or appearance. ★ Goes on easily and evenly — does not streak. ★ Overglo hides tiny wrinkles, lines, pores, minor blemishes. ★ Takes but a minute to use — and you have a flawless complexion for the day.

WESTMORE'S OVERGLO
A "Semi-liquid"—In six flattering skin-tinted shades.
$1.50 plus tax ONE BOTTLE LASTS MONTHS
Dunlap's COSMETIC BAR

Now is the time to get rid of it!
Look at the diffusing bowls on your lamps and fixtures. Are they clean and bright? How about the lamp bulbs, and the shades, too? Dust and dirt can rob you of as much as 50 per cent of your light. That is light you are paying for, and need for easy seeing. So make sure your lamps and fixtures stay clean.
Home lighting equipment should always be at top efficiency. Reading, writing, drawing, sewing—all home tasks—involve intense eye work. Often more actual study is carried on at home than in school!
In cleaning up, you may find some empty sockets. There's no better time to fill them up. Most electric dealers now have light bulbs in all common home sizes, so you can secure what you need. Be sure you put the RIGHT SIZE bulb in each lamp or fixture!
It's a good time to study the arrangement of your lamps, too. Make sure they are placed for easy, comfortable seeing, so that you have neither glare in your eyes nor shadows on your work.

U. S. Gathering Data For Trade Resumption In Liberated Areas

WASHINGTON, Oct. Preparing the ground for quick resumption of American trade with liberated countries, the State and Commerce departments have instructed diplomats to gather economic information for business and government use.

A joint announcement tonight said American diplomatic and consular representatives in all areas freed from the Axis have received "detailed and specific" instructions on reports they are to prepare as speedily as possible.

Principal Points

The main points the government wants to know are:

1. Immediate supply requirements and estimates of economic conditions in liberated areas.

2. General summary of social and economic conditions needed "as an essential guide to American foreign policy."

3. Analyses of special economic conditions as a guide to resumption of commercial trade and investment.

The bureau of foreign and domestic commerce and the State department will make information available to business as quickly as possible, the statement said.

If special inquiries are addressed to the bureau, it went on, the government will seek answers from its representatives throughout the world.

War Devastated Areas

In some parts of the world, however, the statement said war devastation will prevent "immediate and full return to private trade." Trade reporting will be pushed ahead in those areas so that the situation can be brought into hand as soon as normal commercial possibilities open up.

The representatives are instructed to gather data on the condition of American business interests and contacts in areas liberated from the Nazis. They have also been assigned to check up on American property and interests stolen or otherwise taken over by Axis agents.

Injunction Issued On Inferior Equipment

AUSTIN, Oct. 4. (AP)—The 53rd district court today permanently enjoined W. M. Foster of Marshall from manufacturing, installation or otherwise servicing butane gas tanks and equipment that do not meet specifications of the railroad commission.

It was the first suit of its type filed under the state's liquified petroleum act. The state sought an injunction on allegations that violations of the act constituted a public safety hazard.

Similar suits against Homer Pittman of Tyler and J. M. Rogers of Center are set for trial in 53rd district court Friday.

The Caribbean sea includes an area of about 7,500 miles.

Situation On U. S. Cotton Not Bright

WASHINGTON, Oct. 4. (AP) — The United States must be willing to import products of other nations as a means of providing a sufficient dollar exchange if it is to look forward to a healthy post-war trade in cotton, the agriculture department said today.

"Failure to do so may force would-be customers of American cotton to switch to other growths, or as before the war, to expand their domestic synthetic fiber industries as a means of conserving needed foreign exchange," the bureau of agricultural economics asserted.

Allied armies have liberated numerous European areas where cotton textile manufacturing was an important pre-war industry. Most of these mills have been without cotton for several years and others have switched to rayon fiber.

Decisions already are being made which will in part determine how soon these mills will resume operation, whether they will continue to use rayon staple fiber or if they return to cotton whether it will be American or foreign grown.

WAC Officer Probably Is Burned Up, Too

DENVER, Oct. 4. (U.P.)—WAC Capt. Polk of Corsicana, Tex., saw her life, love and fortune go up in smoke today.

The captain's new maid inadvertently dumped her marriage license, promotion order, birth certificate, car title and war bonds in the trash can.

Captain Polk, commanding officer of the Buckley field WAC detachment, suddenly became aware of the dilemma and rushed to the field's dump, only to arrive in time to see the precious documents vanish in white smoke plumes.

Son Born At Wichita Falls To Rubinoffs

WICHITA FALLS, Oct. 4. (AP)—Violinist David Rubinoff is the father of a seven-pound son born in a Wichita Falls hospital today.

The musician, after marrying a Wichita Falls girl—the former Miss Myrtice Dean—several years ago, has made his home here.

SAVE BY INVESTING IN WAR BONDS

Outlook For Peace Among Poles Fades

LONDON, Oct. 4. (AP)—The outlook for political peace among the Poles was anything but bright tonight. Recriminations over Nazi suppression of the Warsaw uprising apparently wrecked, for the time being at least, any chance of forming a united provisional government.

In Moscow the Soviet-sponsored Polish National Committee of Liberation made an issue of Gen. Tadeusz Koromoski's (Gen. Bor's) leadership of the Warsaw rebellion. German propagandists emphasized the split between Moscow Poles and the London Polish government in exile continuing efforts to drive a wedge between the Allies.

CONOCO

It's no cinch, cinch, cinch to make a pinch, pinch, pinch

The "heavy foot" has been replaced by great headwork in Wartime driving. And that's a great hint for the future.

"Scorchers" are rare. The cops have to look thrice—and even then what they mostly see is skilled, ticket-proof driving that earns their respect. For as experts they know that's really how to get there, without taking it out on your car. You too, knew it all the time, but war "alerted" you to it—and you're staying alert. Now be still more alert to the perils of engine acids. Those can be curbed by one brainy move...by having your engine OIL-PLATED.

Changing to Conoco N*th* motor oil—at popular price—is all it takes to own an OIL-PLATED engine. One special characteristic of OIL-PLATING is the acid-resistance that costly pioneer research developed. This acid-fighter—OIL-PLATING—becomes surfaced to your engine's fine inner finish as closely as chromium plating could be. That's made possible by Conoco N*th* oil's special ingredient whose magnet-like nature holds OIL-PLATING direct to metals—square in the path of the acids always created by every engine explosion. Contact between acids and metals is checked. Then so is corrosion.

And now here looms the season of lowest engine temperatures—unable to clear out acids sufficiently. So they could now do their worst—but not with your engine safely OIL-PLATED by Conoco N*th* motor oil. Change at Your Mileage Merchant's Conoco station. Today. Continental Oil Company

CONOCO N*th* MOTOR OIL CONOCO

Court Holds Texas Good Neighbor Proclamation Not Law In Effect

AUSTIN, Oct. 4 (U.P.) — The Texas supreme court today agreed with a finding of the court of civil appeals at San Antonio that state attempts to carry out the Good Neighbor policy by legislative resolution and governor's proclamation have no legal effects.

The suit had been filed to force a swimming pool proprietor to admit Mexican patrons.

The suit had been brought by Jacob I. Rodriguez for himself and other Mexican nationals against Terrell Wells Swimming pool in Bexar county after the last state legislature passed a concurrent resolution and Gov. Coke R. Stevenson issued a Good Neighbor proclamation calling upon citizens to observe the resolution. It declared it against public policy for public places to discriminate against any members of the Caucasian race.

Resolution "Not A Statute"

Briefs filed in the supreme court here said that the appeal was made also on behalf of the Mexican and Dominican republics.

The supreme court here wrote no opinion in refusing to grant an appeal. The action, in effect, adopted the opinion of the Fourth court of civil appeals at San Antonio, which held that the proprietor of an amusement enterprise may exclude anyone, and said

"A concurrent resolution of the Legislature does not have the effect of a statute. We must presume that if the legislature desired to change the common law as it existed that it would have done so by the exclusive method of enacting a 'bill' to that effect and would not have passed only a resolution."

No Legal Authority

The governor's proclamation was held not to have the authority of any statute and to be without authority of law.

The Good Neighbor resolution had required all places of business and amusement to furnish equal accommodations to Caucasians and declared particularly against discrimination toward Mexicans and Latin-Americans. The proclamation directed citizens and officers to abide by principles of the resolution.

Dr. Guy Van Haltern Of Dallas Is Dead

DALLAS, Oct. 4 (U.P.) — A heart attack, suffered in his office yesterday, proved fatal for Dr. Guy W. Van Haltern, president of the American Institute of Proctology.

Dr. Van Haltern, 58, had been a practicing physician in Dallas 18 years, coming here from Fort Worth.

HEAVY AIRBORNE SALLY

U. S. TROOP CARRIER HEADQUARTERS, Britain, Oct. 4, (AP)—Approximately 6,000 American aircraft and gliders took part in the airborne invasion of Holland, it was disclosed today, with losses of less than three per cent.

Texas Government Institute To Open Two-Day Meet Today

NACOGDOCHES, Oct. 4. (U.P.)—The Texas Government institute, an informal get-together of county officials for study and discussion of practical problems of local government, gets its seventh annual meeting under way here Thursday.

Officials of the East Texas Chamber of Commerce, sponsors of the unique institute, have expressed a hope this year's two-day meeting will result in facilitation of the 1944 tax program. Addresses, forums and other discussions will center on taxes, with high ranking state government officials heading the list of speakers.

Hon. Gilbert Smith, county judge of Jones county and secretary - treasurer of the County Judges and Commissioners association, will deliver the keynote address Thursday morning on a general theme, "Planning County Government For Tomorrow."

The county officials will hear State Comptroller George R. Sheppard give suggestions "for improvements in the assessing and collecting of ad valorem taxes."

County Auditor E. S. Foreman of Beaumont will speak on the topic, "County Government Is a Business," and Joe Nelson, chief accountant, board of county and district road indeptedness, will discuss the question, "What Can The Counties Expect From the Bond Assumption Act The Next 10 Years."

Certificates of four-star awards for excellence in financial management will be presented the following counties:

Anderson, Bowie, Collin, Ellis, Galveston, Harrison, Milam, Montgomery, McLennan, Rusk, Smith, Upshur and Waller.

Houston Cafe Man Is Convicted Of Barring Seeina-Eye Dog

HOUSTON, Oct. 4. (U.P.)—The first case tried in Texas under the state law granting blind persons with Seeing-Eye dogs the right to enter restaurants and be served resulted today in a conviction in Harris county court at law.

George Boyd, operator of a city cafe, was fined $50 and costs when found guilty of refusing to serve Miss Mary Lee Chambers, a blind defense plant worker.

Miss Chambers, who was led to the witness stand by her dog, testified that Boyd said he would not serve her unless she left the dog outside the restaurant.

Although the law was put into the statutes more than a year ago, city health inspectors were said to be ignorant of it.

Sen. Truman Plans Coast To Coast Trip

WASHINGTON, Oct. 4. (U.P.)—Sen. Harry S. Truman, D., Mo., Democratic vice presidential candidate, today announced the itinerary for a 7,500-mile, four major speech coast to coast campaign tour starting Oct. 10, at New Orleans.

The tour will take Truman along much of the same route covered by Gov. Thomas E. Dewey, Republican presidential candidate, in his recent cross-cross-country swing and will cross the path of Gov. John W. Bricker, GOP vice presidential candidate at Los Angeles.

Truman's major speeches will be delivered at Los Angeles, Oct. 16; Seattle, Oct. 19; Peoria, Ill., Oct. 25 or 26, and Boston, Oct. 28.

Truman said it was "coincidence" that he would cross the trials of Dewey and Bricker, and that he did not intend to try to answer their campaign speeches in the same cities.

Truman plans to leave late today for St. Louis, where he hopes to see World series baseball games tomorrow and Friday. From St. Louis he will go to Caruthersville, Mo., to attend the annual two-day American Legion fair, a non-political event.

Rites Set Today For William A. Cowart

Funeral services for William A. Cowart, 69, a retired farmer of route 4 Tahoka, who died Tuesday night in Lubbock General hospital, will be held at 3 p. m. today at the chapel of Plains Funeral home.

Minister M. Norvel Young of Broadway Church of Christ will officiate. Burial will be in Memorial Park cemetery.

Survivors are his wife; two sons, H. L. Cowart of Tahoka, F. H. Cowart of Turkey; one brother, Tom Cowart of Nashville, Ark., and four grandchildren.

Pallbearers will be E. H. Stephenson, J. C. Fleming, James L. Drury, L. C. Crews, Curtis L. Boyd and Sib Watkins.

HEALTH QUIZ

	YES	NO
Do you have poor digestion?	☐	☐
Do you feel headachy after eating?	☐	☐
Do you get sour or upset easily?	☐	☐
Do you feel tired—listless?	☐	☐

Do you feel headachy and upset due to poorly digested food? To feel cheerful and happy again your food must be digested properly.

Each day, Nature must produce about two pints of a vital digestive juice to help digest your food. If Nature fails, your food may remain undigested—leaving you headachy and irritable.

Therefore, you must increase the flow of this digestive juice. Carter's Little Liver Pills increase this flow quickly—often in as little as 30 minutes. And, you're on the road to feeling better.

Don't depend on artificial aids to counteract indigestion—when Carter's Little Liver Pills aid digestion after Nature's own order. Take Carter's Little Liver Pills as directed. Get them at any drugstore. Only 10¢ and 25¢.

Names Of 19 Victims Of Crash Announced

WASHINGTON, Oct. 4 (AP) — The War department today announced the names of 19 persons listed as missing in the crash September 18 of a C-47 Air Transport command plane on Mt. McKinely, 70 miles from Fairbanks, Alaska.

Those aboard included Maj. Rudolph P. Bostelman of La Grange, Ill., and 12 other Army men, two Navy officers and a civilian, in addition to the three crew members.

The Alaska division of the Air Transport command said ground rescue parties have not yet been able to reach the remote crash scene but that no signs of life have been observed by crews of search planes.

The plane was on a routine flight from Anchorage to Fairbanks.

None of the Army or Navy men was from the West.

The civilian, Karl V. Harris, is an employe of the Michael Baker Construction Co. of Anchorage.

Appeals Court Upholds Issuance Of Citizenship To Ex-Publisher

NEW ORLEANS, Oct. 4. (AP)—The United States Fifth Circuit Court of Appeals, in an order recorded here today, upheld the issuance of naturalization papers to Max Hermann Keilbar, co-owner of the "Texas Herold," a German language newspaper formerly published at Taylor, Texas.

The court, meeting in Atlanta, approved Monday a joint stipulation filed by counsel for the United States and Keilbar, declaring that "the evidence is insufficient to support the conclusions of ultimate fact."

The stipulation was signed by E. M. Grimes, attorney for Keilbar and by District Attorney W. R. Smith, jr., and his assistant, J. M. Burnett of the Western Texas District court.

Keeling Is Reversed

The appellate court reversed judgment of District Judge W. A. Keeling in the Western Texas District court at Austin and ordered the complaint dismissed in the lower court.

Judge Keeling had sustained the government's contention that certificates of naturalization for Keilbar and two other defendants in consolidated cases were obtained through fraud and with mental reservation. He said the defendants, each a native of Germany, were not entitled to retain their citizenship.

The other defendants in the consolidated cases were Hans Ackermann, co-owner of the paper which the judge said ceased publication in 1942, and his wife, Frieda Ackermann.

Cases Consolidated

In ordering consolidation of the cases, Judge Keeling stated that for trial purposes the evidence in each was substantially the same.

Judge Keeling's opinion ordering revocation of citizenship was dated Dec. 7, 1943. It said that the paper, formerly known as the "Taylor Herold," had "extolled the virtues of Hitler and Germany" prior to Pearl Harbor and had published "propaganda stories written in Germany."

The district judge said that after the United States went to war against Germany the paper advertised the sale of war bonds and published "at least one article calling for unity of all Americans against its enemies," but added that "this evidence does not impress the court."

In courtship, grebes and divers present weeds to their mates; penguins, stones; herons, sticks; warblers, twigs or leaves. In all such cases the gifts are nesting material.

News Briefs

Hill (Judge) Stewart, pioneer Lubbock attorney, was critically ill Tuesday in Houston, it was reported by B. B. Chappell, 1617 Eighteenth, upon his return to Lubbock late Wednesday afternoon from that city. Stewart, about 71, was a victim of pneumonia with complications, Chappell said. There was no later word regarding his condition. Stewart had gone to Houston to join his wife for a visit with their three daughters. The Stewarts live at 1629 Thirteenth.

R. C. Hale, 14, who lives with his uncle, L. N. Bartley, 25 miles Northwest of Tahoka, was taken to Lubbock General Hospital for treatment of an injury suffered when he was shot in the right leg when scuffling with a group of boys late Tuesday afternoon. The boy had a .22 rifle in his hand when the accident happened it was understood. His condition was reported improved.

Levelland Preps For Big Week-End Rodeo

LEVELLAND, Oct. 4. (Special)—The Levelland Rodeo association has mapped plans for an action-packed rodeo here Friday, Saturday and Sunday.

Performances will be given Friday night, Saturday afternoon and night and Sunday afternoon. Afternoon shows will start at 2:30 o'clock, and the night performances at 8 o'clock. The rodeo will be held in the new rodeo arena here.

Two parades are set, one at 4 o'clock Friday afternoon and the other at 1 o'clock Saturday afternoon.

Events will include bulldogging, calf roping, brahma steer riding and girl sponsor contest.

In connection with the rodeo, dances will be held Friday and Saturday nights in the Levelland American Legion hall, and will follow rodeo performances.

Plans Outlined For Chest Drive

A complete schedule of meetings to map plans for Lubbock's part in the coming United War Chest campaign was announced Wednesday by drive chairmen.

Lubbock county's quota in the drive is $50,505, somewhat less than that alloted the county in last year's campaign.

Pre-campaign meetings are scheduled as follows: Employees division with A. H. Maas presiding, at 2 o'clock Thursday afternoon in chamber of commerce offices; Friday noon, first active work in financial end of the campaign to be launched with a special gifts committee luncheon in Hilton hotel, Roy Furr, chairman; general campaigns division meeting with Roy Riddel presiding, at 4 o'clock Friday afternoon in chamber of commerce offices; and, closing the week, a meeting of the rural division headed by H. B. Bryan, chairman, at 2 o'clock Saturday afternoon in chamber of commerce offices.

Meetings Carded

Beginning Monday, the following meetings will be held: members of public service, retail and wholesale employees groups, with their leaders, at 8 o'clock Monday night in Hilton hotel; at 9 o'clock Tuesday morning, formal date for opening of the campaign, Roy Riddel, presiding, and about 150 workers in Hilton hotel; at 8 p. m. Tuesday in Hilton hotel, members of industrial, transportation and government employees groups, with A. H. Maas as chairman.

The National War fund, in the words of Gov. Coke Stevenson, "provides funds 'for our own and for our Allies' — funds that aid men at home and abroad, send supplies to American and Allied soldiers in enemy prisoner-of-war camps, and lessen suffering of war victims throughout the world. It deserves and should have the full support of all patriotic Americans."

30 Indicted In Philly Trouble

PHILADELPHIA, Oct. 4 (AP) — A federal grand jury, indicting 30 men in connection with Philadelphia's six-day transportation strike in August, observed today that "we have made a long step away from the company union which might, with the right motivation on both sides, have seemed the ideal method of relations in our industrial life."

The jury's report said there had been strife between four different labor organiations among Phidadelphia Transportation company employes, "but chiefly between members of the former employers union and of the new Transport Workers union" (CIO).

"We are interested also to raise the question whether our country can safely afford to leave wide open the way for a great organiation to develop in the United States a strong central power and government reaching its tentacles into every community of any size in the land and in its principles of action seemingly subversive of the principles first declared and later constituted in this city of Philadelphia as the basis of the life and government of our great republic," the report added.

While the report stated that, "so far as there was flame or fire in the strike, the chief fuel therefore came from resentment over the upgrading of negroes to 'platform' positions," it added that "the great majority of the employes were not interested to strike on this basis."

The list of 30 men named in the single indictment ,all employes of the PTC, was headed by the names of James H. McMenamin, William C. Dixey, jr., Frank P. Carney and Frank Anthony Thompson, who were arrested during the strike on charges of violating the war labor disputes act, the same charge as that in the indictment.

FDR Urges U. S. Aid For Schools

WASHINGTON, Oct. 4. (AP) — President Roosevelt said tonight the federal government should provide financial aid where needed to bring country schools up to the educational level of city school sypstems, but that such aid should "never involve government interference with local administration."

Speaking to a rural education conference at the White House, Mr. Roosevelt said, "Frankly, the chief problem of rural education is the problem of dollars and cents" and he added, the basic reason for the variance between rural schools and city schools hinges on the pay for instructors.

"It is not patriotism alone that has taken teachers out of the classrooms," Mr. Roosevelt continued. "Most of them simply can not afford to teach in rural schools."

Gaps Are Widened

The President said the gap between educational standards in the richer communities and those in poorer areas is greater now than it was a century ago. He said the gap must be closed "by raising the standards in the proper communities."

Mr. Roosevelt did not say what form federal financial aid should take but specified that it should go "only where it is needed—in communities where farming does not pay, where land values have depreciated through erosion or through flood or drouth, where industries have moved away, where transport facilities are inadequate or where electricity is unavailable for power and light."

Barcel Your Figure; Restore Youthful Curves

If you are overweight, perhaps due to over-indulgence in food and not due to any glandular disturbance, why not try this inexpensive home recipe to help bring back alluring curves and graceful slenderness.

Here is a recipe that can be used inexpensively at home. Just get from your druggist 4 ozs. of liquid BARCEL CONCENTRATE. Add enough grapefruit juice to make a pint. Then just take 2 tablespoonsful twice a day. Wonderful results may be obtained quickly.

Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take, and pleasant. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.

Why doesn't someone tell me these things?

YOU CAN'T BLAME THE OTHER FELLOW if a "freeze-up" wrecks your engine!

ALL RIGHT, *so you don't pay much attention to advertising!* But sure as it will freeze this winter, some car owner who doesn't heed this message will find a sudden freeze-up has wrecked the cylinder head, engine block, or radiator of his car. He'll learn, too, that these parts are mighty hard to get—that replacements, if available, may take weeks.

Your car is needed to help relieve crowded trains, trolleys and busses. That's why the War Production Board has seen to it that there is enough anti-freeze to meet the real needs of every automobile. However, you may not always be able to get all you want of a particular brand.

Please don't waste a drop. Have your dealer put in anti-freeze in time this year—but avoid wasteful over-protection. Remember, anti-freeze is made from war-critical materials—materials that also go into explosives, rubber, and plastics.

To save anti-freeze and money, have your cooling system checked by your dealer *before* installing anti-freeze. He'll make sure that all parts and connections are tight, to avoid leakage. He can also clean out rust and scale which so often clog cooling systems and cause overheating and wasteful use of gas and oil.

Have your dealer service your cooling system today and give it two-way protection—against freezing and against rust—with a Du Pont anti-freeze.

SEND NO MONEY . . . IT'S FREE!

"Take Care of Your Cooling System" tells money-saving facts you want to know. Send a post card today for this free, easy-to-read, illustrated booklet. Write to E. I. du Pont de Nemours & Co. (Inc.), 2496N Nemours Bldg., Wilmington 98, Delaware.

DU PONT "ZERONE" and "ZEREX" Anti-freeze

"ZERONE"* is made from methanol. Gives maximum cooling system protection at low cost. Odorless. Anti-acid. Anti-rust. $1.00 a gallon.

WAR EMERGENCY "ZERONE" is made with an ethanol base. Requires only occasional check-up for winter-long driving. Anti-rust. $1.40 a gallon.

"ZEREX"* is non-evaporating. One shot lasts all winter! Money can't buy better anti-freeze. Anti-acid. Anti-rust. Limited supply. $2.65 a gallon.

Texas Regulars Map Campaign To Blanket State Against New Deal

AUSTIN, Oct. 4. (AP)—Leaders of the Texas Regulars party gathered here today to map a precinct penetrating campaign in behalf of their 23 presidential electors who oppose the Roosevelt-Truman ticket.

Following a preliminary conference, Merrit H. Gibson of Longview, campaign chairman, said the Regulars executive committee headed by E. E. Townes of Houston would meet at 10 a. m. tomorrow to draw up a set of party principles. T. H. McGregor of Austin sat in the preliminary conference.

Set Up Headquarters

Permanent headquarters for the Regulars will be established here by Gibson with divisional offices in other cities.

As the Regulars prepared for a mass meeting in Fort Worth next Tuesday with Rep. Martin Dies, administration critic, and McGregor as speakers, Texas Democrats also began planning rallies.

At Dallas, Harry L. Seay, chairman of the Democratic State Executive committee, said Roosevelt-Truman rallies would be planned at a meeting in Dallas Friday with Tom Tyson of Corsicana, probably at Fort Worth, Houston, Austin and Abilene or Lubbock.

As the Regulars mapped campaign strategy one of their numbers, E. B. Germany, issued a formal statement in Dallas declaring the main objective of the new party was to "consolidate the anti-New Deal votes in Texas and elect our electors who will cast their votes for Senator Harry Byrd of Virginia and not for the Roosevelt-Truman-Hillman-Kelly-Hague ticket."

Germany's Statement

In a formal statement, Germany said there were poll figures which gave Roosevelt 286 votes in the electoral college; that 266 were necessary for election, and that "if the 23 votes of Texas could be prevented from going to Roosevelt he would have only 263 votes, three short of a majority."

"The only hope the Roosevelt lovers have to win is to drive enough Democrats into the Republican party to divide the anti-New Deal vote. A vote for Dewey and Bricker is a vote for the New Deal and Roosevelt," Germany added.

"Republicans, being a minority party in this state, can best help their national ticket by aiding the Texas Regulars and preventing the 23 Texas votes from being cast for Roosevelt."

The statement said that for reasons such as a dislike for the candidate, the negro plank in the Republican platform, Republican endorsement of an FEPC, or because of a life long habit of never voting the Republican ticket "all Texas Democrats who oppose the New Deal cannot be prevailed upon to vote for the Republican electors."

NOW WHERE'S THE TEN

CAMP ROBERTS, Calif., Oct. 4. (AP)—Notified by the telegraph office he had a collect telegram waiting, a financially embarrassed sergeant here borrowed the $1.30 due to read this message from his wife: "Please send $10 home immediately."

Ruling Issued On Drivers' Licenses

AUSTIN, Oct. 4. (AP)—Opinions issued by the attorney general's department today included a ruling that the governor on recommendation of the pardon board may re-instate the driving license of a person whose license has been forfeited for intoxication. The question had been asked by County Attorney Ernest Guinn of El Paso.

President Gibb Gilchrist of A. & M. college was advised that a college contract with the Navy was not subject to renegotiation; that the college was entitled to charge laundry and electricity fees and 92.5 cents per man per day subsistence.

Different figures on different parts of the body of one animal constitute separate brands, County Atty. Henry Sebesta of Bastrop county was advised.

Homing pigeon authorities say that the dove sent out from Noah's Ark probably was a Rock dove, of the same species as the modern homing pigeon.

WITH the AEF

by KENNETH L. DIXON

WITH THE AEF IN FRANCE, Sept. 28. (Delayed)—Courage of an almost awesome nature has the habit of cropping up in strange places—right in the midle of what the thoughtless might call "cowardice" and when it comes it brings a flashing moment of heroism, a memory which never fades.

DIXON

Water and steel fell around a little French stable, seemingly in about equal proportions. The rain brought wet misery and the mortars brought death, but nobody moved to go inside where thick walls would have meant shelter.

Mines, Boobytraps

"It's mines," said one shivering soldier, standing as if rooted in the muddy barnyard. "Mines and boobytraps. They're everywhere. It's probably alive with 'em inside. For that matter they're all around here. I tell you I'm afraid even to move." His voice rose several notes as he finished speaking.

Faces of nearby soldiers all told the same story. Tension pulled their muscles tight and left little white lines around their mouths and noses. There was a touch of wildness in every eye And these riflemen and medical men were not rookis. Every man standing there was a veteran of many months' combat in Italy and some had been through the Tunisian campaigns.

But as the mortars fell closer, their explosions seeming to bracket the stable, every man remained frozen—exposed but not daring to move to reach cover.

Watch Doughboy Get It

They watched a doughboy hurrying across a little pasture toward them. They saw his body twist, rise slightly, and then crumple and saw the blossoming burst of dirt even before the sound of the mine's blast reached their ears. They crouched like cringing statues for a moment longer; but the first agonized, high-pitched scream melted the terror.

Like men who have seen this happen a million times before, they broke into two groups. Four doughboys dropped their carbines and ran across the pasture—a pasture which they knew was planted heavily with other mines, a pasture which a moment before they did not dare to set foot on.

Two litter bearers ran toward the stable wall where a litter was dropped. They picked it up and ran after the four soldiers who by now had reached the still-screaming doughboy. They picked him up, laid him carefully on the litter and started back toward the stable.

Sprints Recklessly

Meanwhile the boy who said he was afraid even to move had sprinted recklessly down a little trail and came back with a medical officer..

The doctor bent over the litter. He did things quickly and then issued a low-voiced order. The litter bearers started down the trail toward the nearest spot where they were likely to find an ambulance, with the medical officer walking alongside.

Coming back toward the stable. the soldiers suddenly seemed aware of the dangers underfoot again and picked their way gingerly across the pasture.

In a matter of moments the whole picture was the same as it before the mine blew up.

Dewey Turns To Independents

ALBANY, N. Y., Oct. 4. (AP)—Indictations that Gov. Thomas E. Dewey planned to direct a larger share of his presidential campaign appeals toward the so-called "independent" voters developed today as the Republican nominee labored on an address scheduled for Charleston, W. Va., Saturday night.

Ready to reply to any attacks President Roosevelt may make in a radio talk tomorrow night, Dewey huddled with Elliott V. Bell, his chief assistant in speechwriting.

Although lacking any inkling of what the President will say in his broadcast, most of the Dewey camp leaders appeared to believe the phase of the campaign represented by Mr. Roosevelt's attack Sept. 23 on the GOP, and Dewey's vigorous retort at Oklahoma City, may have ended.

One close adviser, who preferred not to be quoted by name, said that barring unexpected developments, the governor probably would spend a major share of his efforts until Nov. 7 attempting to convince undecided voters in such states as New York, Pennsylvania, Illinois, Minnesota, Massachusetts and others with large electoral totals that the time had arrived for a change in administration.

Outlook For Texas Crops Said Bright

AUSTIN, Oct. 4. (AP) — Rains were favorable for seeding and growth of small grains during the past week, the U. S. department of agriculture reported today. Only in a few counties was the planting of fall-sown grains delayed.

The cotton harvest made satisfactory progress but picking was hampered by showers during the latter part of the week. Pickers were needed in most of central, western and northwestern counties where the crop is opening rapidly.

Sorghum harvest is underway on the high plains, but not yet at peak. Some late peanuts were benefitted by additional moisture.

Although harvest has started in most East Texas counties, progress was slow.

Tomatoes in most areas continued to bloom freely. Onion seed beds were in excellent condition. A light harvest of eggplant started in the Laredo and Eagle Pass areas.

An improved outlook for livestock winter range feed was noted. Rains, however, were not sufficient in some counties to replenish needed stock water.

Thunderbolt Group Adopts French Girl

A U. S. NINTH AIR FORCE FIGHTER BASE, France, Oct. 4. (AP)—Yvette Hamel, a pretty 17-year-old French girl who was crippled in the Normandy fighting, has been adopted by officers and men of a Thunderbolt fighter group commanded by Col. Bingham T. Kleine of Gonzales, Texas.

She lost both legs and suffered permanent injury to her right arm when the farm home of her parents, near Le Haye Du Puits, was destroyed by shellfire early in the invasion.

The fliers visited her often and finally assumed charge of her.

Reconsideration On Chiro Law Is Asked

AUSTIN, Oct. 4. (AP) — The Court of Criminal Appeals today was asked to reconsider its decision of last June invalidating a chiropractic law passed by the legislature in 1943.

The court had held that the statute, attempting to license and regulate chiropractors, was so written that it was impossible to determine what chiropractic is and whether it is not the practice of medicine.

It twice heard arguments in a test case before ruling on the controversial statute.

Speaking on a motion for rehearing which was before the court today Attorney E. B. Simmons asked the tribunal to make it clear in passing on the motion just what chiropractors have to do to get a law passed that will stand up.

One reliable estimate places our 1943 air express cargo at approximately 14,000 tons, an average of 45 tons daily.

Oil Firm Loses In Tax Refund Appeal

DALLAS, Oct. 4. (AP)—Federal Judge William H. Atwell today held in favor of the government in a suit by the Magnolia Petroleum company to recover $444,413 in income taxes.

The company's suit was based on claims of exemptions on transactions with subsidiary companies.

Fishing is the oldest industry of Canada.

Haggard Refugees Stream Out Of Dunkerque During 48-Hour Truce

By WILLIAM F. BONI
Associated Press Staff Writer

CANADIAN FIRST ARMY HEADQUARTERS, France, Oct. 4. — Haggard civilian refugees streamed out into the countryside from Dunkerque today as Canadian and British troops impatiently awaited the end of a 48-hour truce before renewing their assault on the historic port where the "miracle of Dunkerque" occurred in the spring of 1940.

At 6 p. m. Friday, after the beleaguered Nazi garrison has had time to dynamite and mine the entrances to the refugee road, Allied troops and armor will begin storming the last channel port still in enemy hands. There was a strong likelihood that the Germans would surrender quickly, as they did after making a similar gesture last week at Calais.

Terms Agreed Upon

Armistice terms were agreed upon at a conference yesterday between representatives of the British and German commanders after Allied artillery had laid down a terrific preliminary bombardment on the town, which had a normal population of 35,000. The first of some 20,000 civilians remaining in Dunkerque began taking to the roads in today's first cold light.

It was from Dunkerque that 335,000 British, French, Belgian and Dutch troops were evacuated to England in six terrible days and nights that climaxed Hitler's smashing victories in the Low Countries and France. The dramatic rescue by hundreds of warships and pleasure craft of the bulk of the British Expeditionary force probably saved Britain from immediate invasion and defeat.

Farmers Bothered Over Cotton Harvest

DALLAS, Oct. 4. (AP) — Dallas county farmers met here today to urge recruitment of cotton pickers.

The best crop in five years, they said, was only 20 per cent gathered. More rainfall, which already has lowered the grade, was feared.

TOWN OUT OF FAGS

POPLAR BLUFFS, Mo., Oct. 4. (AP)—Sales of pipes and roll-your-own makin's were brisk today, as the market reports say. There wasn't a pack of cigarets to be had in the whole town.

WONDERS NEVER CEASE

IDAHO FALLS, Idaho, Oct. 4. (AP)—John Conner, 57, in his automobile, met a railroad switch engine head on. Workers labored three hours to extricate Conner—and found him only bruised.

Wounded, Downed In Romania, Flier Has Exciting Times

TEMPLE, Oct. 4. (AP)—T/Sgt. Walard J. Harding of Fort Worth, top turret gunner on a B-24 Liberator which was shot down by Messerschmitts en route to Ploesti, parachuted into Petesti, Romania, and ran into five months of adventure thrilling enough for the most avid excitement-seeking fan.

Harding was among the newest patients arriving at McCloskey General hospital here. He is recovering from machine gun bullet wounds which cost him his left arm.

The Texan had 13 sorties and 18 missions to his credit as he took off for his final mission to Ploesti, which he never reached.

Bullet Breaks Bone

The plane was jumped by 14 ME-109's that paired off and came at it from all directions. A machine gun bullet broke the bone in Harding's arm, and later he and most of the crew abandoned the riddled ship.

He came down near Petesti, and soon was surrounded by peasants armed with pitchforks and wearing tall sheepskin hats. A Romanian doctor gave him first aid, and he was taken to a military hospital where the arm was set in a cast. Twenty-one days later the doctors amputated the arm.

He told of a Romanian woman and a Red Cross volunteer worker who were kind to the Americans, bringing them cigarettes, food and milk.

Harding stayed in the Petesti military hospital four months and was taken to Bucharest. The English bombed the city the second night he was there.

Heard King's Address

"The day Romania broke with the Axis, I heard the address King Michael made over the radio," he recalled. "The king told the Germans he didn't want any monkey business from them. He had an extra guard put around our camp to be sure the Jerries wouldn't get us.

"All the military men and nurses came out that morning and shook hands with the Americans. Some of them were crying for joy because the war was over," Harding said.

"Next day there was street fighting with the Germans in Bucharest, and we Americans could hear artillery on the outskirts of the city. The Jerries then bombed the city indiscriminately for 36 solid hours, a terror raid without letup," Harding recalled.

"We stayed in air raid shelters. One of our boys, however, was caught outside and killed. One of the German bombs hit the maternity ward of the hospital and killed 13 expectant mothers."

He said the king's palace was hit 72 times, and that the whole city was a shambles. Four days later, Russians passed through the city in pursuit of the Germans.

An American lieutenant colonel who had been shot down persuaded a Romanian pilot to fly him back to Italy where he arranged to have the other Americans evacuated in Fortresses. A few days later they were flown back to Italy and then to the United States.

Harding entered the Army Nov. 25, 1940, and went overseas Dec. 13, 1943.

Other Texans arriving recently at McCloskey:

Pvt. Sam L. Burns, Ninth division infantryman from Big Spring, added to the stories told of captured German snipers, who turned out to be women. "We captured a sniper one day. She turned out to be a woman about 23 or 24 years old. Boy, was she mad when we got her . . . she had lots to say," Burns recalled.

Olney Man Injured

Pvt. Robert B. Baker, 19-year-old infantryman from Olney, was wounded in action by enemy machine gun fire 30 miles from St. Lo.

Pvt. Antonio Ganzalez, an artilleryman from El Paso, lost his right leg when he stepped on a land mine in Cherbourg.

Pfc. Sabas G. Najar, son of Mr. and Mrs. Sisto Najar of Llano, was in the fighting in Tunisia, Sicily, and in the Italian campaign until Rome was taken. He lost his left leg when he ran over a German mine.

Pvt. Weldon W. Stevens, son of E. D. Stevens of Sulphur Bluff, was wounded in the right arm by rifle fire near St. Lo.

Midland Private Finds All The Adventures He Bargained For In Paratroops Fighting

LONGVIEW, Oct. 5. (AP)—Pvt. Walter J. Dorman, 20, of Midland, Texas, volunteered for the paratroops two years ago because he thought it would be adventurous, and he found all the excitement he had bargained for.

Holder of a Presidential Citation and the Purple Heart, Dorman is one of the latest arrivals at Harmon General hospital from France. A small silver star attached to his paratroop wings shows that his was one of the first units to land in Normandy. He is the son of Mr. and Mrs. J. B. Dorman, Midland.

Wasn't Really Scared

"I volunteered for the paratroops because I figured it would be exciting and adventurous," said Dorman.

After training he was sent to northern Ireland, then to England. One day the planes loaded and "we knew we were going into combat. I don't know why, but I wasn't really scared," he said.

Across the English channel the planes flew, then ten miles behind the enemy lines the jump signal came on.

Bullets Flying All Around

"We had to jump at about 500 feet. When we hit the ground bullets were flying all around us," Dorman continued.

With hand grenades the paratroopers knocked out some enemy machine guns; then were scattered. That morning eight of them met again, two of them with broken legs. They were about five miles from their objective; a bridge to be blown up; high ground to be taken, and another bridge to be captured and held.

Had Heavy Fighting

As they moved toward this objective they ran into snipers and machinegun nests and had to wipe out to proceed. About noon, after blowing up one bridge, they hit the objective, a bridge skirted with enemy machinegun positions.

"Everything went along smoothly for about three hours. Then they hit us with a panzer division," said Dorman. "We had heavy fighting there all that day and night. We fought until the next afternoon when we were relieved by more paratroopers. We walked about 400 yards and had our first sleep in two days and two nights.

"The next morning, we walked a couple of miles back from where we were fighting. Our infantry, which had fought its way up from the beach, met us. We stayed there all that day and night and rested. Next morning, they sent my squad out about two miles to block the road. We set up a position so the enemy couldn't pass. On the third day, we saw nine Jerries with a machinegun and pistols coming down the road. We ambushed them. They were all killed.

Later, said Dorman, "I went several miles to a town named St. Mere Eglise. Part of my outfit had already taken it."

After rest and sleep Dorman and the group he was with went into attack.

Hit By 88 Shell

"We kept pushing all that day, that night and next day. It was about an eight-mile drive. We took another town . . . St. Savier le Vitome," said Dorman.

"The next morning my squad went on a patrol, captured a German artillery gun and brought it back to town, and set it up in a field. A guy was showing we how to fire it. A Jerry started shelling us with 88's. The first shell hit about 50 yards from me. I started running for a ditch. The second one hit about 30 feet from me. The shrapnel from that shell hit me in the left leg, and it got part of my ankle. It knocked me down, but I was conscious. I crawled about 35 feet to a ditch."

He was taken to England and was there three months. Then he came by hospital ship to the States, and was brought to Harmon General hospital.

New Type Victory Ship Given Tests

ABOARD S. S. FREDERICK VICTORY, Chesapeake Bay, Oct. 4. (AP) — Relaxing censorship for the first time, the Maritime commission disclosed a few secrets of this Victory ship today—the first vessel of its type constructed on the Atlantic coast — during a grueling 11-hour trial run from Baltimore.

Faster than its smaller brother, the famed Liberty ship, the Frederick Victory is expected to be turned over to the commission and placed in service soon, less than a month after it was launched at the Bethlehem-Fairfield yard.

Its normal speed is 16 knots. This compared with an 11-knot speed for the slower, less sturdily constructed Liberty ship.

The 455-foot oil-burning vessel is powered by a steam turbine, which generates 6,000 horsepower, compared with 2,500 horsepower for the 441-foot Liberty ship and has three decks, one more than the Liberty.

Browns Nose By Cardinals, 2-1

* * *

SPORTSMAN'S PARK, ST. LOUIS, Oct. 4 (AP)—One home run blast off the bat of George McQuinn which sailed over the right field stands gave the Browns, champions of the American League, a 2-to-1 victory over the Cardinals, kings of the National League, in the opening game of the first all-St. Louis World Series today.

The home run wallop and a single by Gene Moore in the fourth inning, were the only hits off Mort Cooper, ace of the Cards' mound staff, and Blix Donnelly, but they were enough to settle the issue as 32-year-old Denny Galehouse worked himself out of holes in the first three innings and then finally yielded a run in the ninth.

A crowd of 33,342 paying $149,268 and sitting in on perfect baseball weather after an early morning rain had threatened postponement of the first of the best four-of-seven series, saw the National Leaguers hammer Galehouse for five hits in the first three innings, loading the bases with only one out in the third.

There was every evidence it would be only a matter of time until the Red Birds crossed the plate but Browns were the first to spike the home platter and once they had done so, Galehouse settled down and pitched hitless ball until the eighth frame.

One-Two Punch

With two out in the fourth, Moore lashed a single between first baseman Ray Sanders and second baseman Emil Verban. McQuinn the next batter, picked out one of Cooper's fast pitches and sent the ball high over the right field stands. That was all for the Brownies as Coper blanked them through the next three frames before leaving the game for a pinch batter and turning the pitching chores over to Donnelly. Blix continued the white-washing through the final two innings.

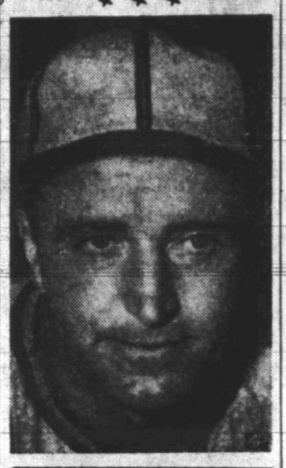

Galehouse, a Sunday pitcher at the start of the season because of a war plant job in Akrn, Ohio, and holder of an unimpressive season's record of nine victories and 10 defeats, seemed to gain confidence after McQuinn's blow had sent the Brownies out in front. He set the Cards down in order in the fourth and fifth frames with the help of the only double play of the game in the fifth. He faced four men in each of the sixth and seventh innings, snuffing out a minor threat in the latter as Manager Billy Southworth sent in Augie Bergamo to bat for Emil Verban and Debs Garms for Mort Cooper.

Cards Finally Score

In the eighth he yielded a single to Whitey Kurowski and then finally gave up a run in the ninth as Slats Marion drove the ball into centerfield for his second double. Marion moved up to third on Bergamo's infield out and scored after pinchbatter Ken O'Dea flied out to Mike Kreevich in center.

Mort Cooper and Donnelly definitely had the better of the pitching argument as they turned in the ninth two-hitter in World Series history. It was the first time that a two-hit pitching job has ended in defeat. Cooper struck out four and gave three bases on balls while Donnelly added two more strikeout victims. Galehouse yielded seven hits, fanned five and walked four, one of them intentionally to load the bases in the third when the National Leaguers were at bat.

The Brown's victory made them co-favorites at 9 to 10 to take the series, the first all-St. Louis affair since the baseball classic was inaugurated in 1903. But the Cards were quoted as the 3-to-5 choice to take tomorrow's contest with Max Lanier, a southpaw, Billy Southworth's selection. Manager Luke Sewell of the Browns said he would start Nelson Potter his top-notch hurler who racked up 19 victories as against seven defeats during the regular season.

BATTERY AND BATTER—Heroes in St. Louis tonight at close of the first game of the World Series are Denny Galehouse, top, and George McQuinn, below, who pitched and batted the Browns to a 2 to 1 win and a flying start in the baseball classic. Galehouse blanked the Cards for eight innings, did some great work in the clutches, and McQuinn's fourth inning homer followed Gene Moore's single for the Browns' winning punch.

Armour's Takes Over Bowling Race Lead

Armour's bowling five moved out into the lead in the City Commercial league race Wednesday night at Plamour Alleys by taking two out of three games from the Hub Laundry five, while Coca-Cola was winning a pair over the Lions club. S. & Q. Clothiers moved into the three-way tie for second place by taking a three game forfeit from Meads Bakery.

James Buckner of S. & Q. and Leo Bell of Lions club staged a blistering battle for scoring honors of the night with Bell shooting a sensational 646 pin series, which was only four pins better than Buckner's top figure. Bell hit a 24 single game high, the best of the season in both departments, while Buckner's best was a 226.

Pearson Back On Westerners

With the return of Co-captain Johnny Pearson to the lineup after making up his lagging grades of last week, the Lubbock Westerners began Wednesday to put the finishing touches to their defense for Friday night's game with the Lamesa Golden Tornados at Lamesa.

Pearson missed the game last week at Big Spring, but the work has been made up to assure the return of Pearson to the lineup this week.

But the use of the two injured stars of last week remained a big question mark with the Westerners as Billy Bob Harris, regular end, and R. W. Moyers, big fullback, continue to nurse their injured knees from the sidelines.

Both men missed the Big Spring game, and are likely to also watch this game from the sidelines. Harris injured his knee a week ago during a workout, but Moyers' injury is an old holdover from last season.

Coach Dixie White put the club through an extensive drill Wednesday, most of it on setting up the defense to be used against Coach Fitzgerald's threatening Golden Tornadoes.

Coach J. Mule Davis and Athletic Director E. J. "Pinkey" Lowrey were in Amarillo Wednesday attending a meeting of District 1-AA officials for a general discussion of plans and eligibility check of playing lists of the member schools.

It was announced Wednesday that 125 adult and 150 student tickets for Friday night's game at Lamesa have been received, and will go on sale today in the principal's office at the Senior High school.

Browns' Confidence Boosted By Victory

ST. LOUIS, Oct. 4. (AP)—Gloriously happy, the exultant St. Louis Browns yelled and screamed confidence in their ability to take their National League cousins, the Cardinals, in the World Series after defeating them 2 to 1 in the opener today.

Their dressing room was steaming hot with the showers going full blast. The proud, grinning manager of the Browns, Luke Sewell, was supremely happy. So were his players.

They began hipping and yelling, with Milt Byrnes, an alternate left fielder, screaming:

"Just three more to go, boys. Just three more to go. We'll take 'em for sure."

Sewell laughed off the failure of the Brownies to get more than two hits.

"That's all right with me," he said with a smile, "We've got a lot of 'em coming to us. It isn't the hits that count in this game. It's the runs. We got them, didn't we?"

Sewell praised Denny Galehouse's pitching performance.

"It was a swell job, wasn't it?" he asked. "You can't beat that kind of a job. Hell, No."

"I'm starting Potter tomorrow. After that, I don't know. Tomorrow's the one we've got to take. One game at a time."

Cameras clicked and light bulbs flashed as pitcher Galehouse, first baseman George McQuinn and outfielder Gene Moore lined up for a picture. It was Moore who singled to right with two out in the fourth, scoring when McQuinn belted his terrific homer over the right field pavillion roof.

Zack Taylor, grizzled coach of the Browns, said he helped McQuinn propel the ball out of the park.

"When I saw that ball go," Taylor explained, "Grabbed a towel and began fanning it on the way up."

There was no deep gloom in the Cardinal clubhouse. Manager Billy Southworth calmly drank a bottle of pop before fellow St. Louisans remarked "The Browns got pretty good mileage out of their two hits.

"We'll shoot Max Lanier at them tomorrow and we'll win this series," he said loconically.

SWEET TO PLAY

SAN ANTONIO, Oct. 4. (AP)—X-ray examinations revealed today that Arthur Sweet, Brackenridge High school's 190-pound triple-threat backfield ace, is suffering from gall-bladder trouble, but a strict diet will enable him to finish his football career, George Forehand, Eagle coach, announced.

The Box Score

ST. LOUIS, Oct. 4 (AP)—The official box of today's World Series were:

Purple Strike From Behind To Nip Pups

TAHOKA, Oct. 4. (Special)—The Lubbock Cowboys Purple team nosed out the Tahoka Pups here this afternoon in a 12 to 7 thriller that found Jackie Davis the star of the Cowboys attack.

Tahoka took the ball on the opening kickoff, and marched 60 yards to score with Botts plunging over from 12 yards out, and Minor ran over for the extra point.

The Cowboys came back with a 65 yard drive, with Davis scoring from the 20 on a wide end run. There was no more scoring until late in the game when Davis hit pay dirt again from nine yards out for the winning tally.

DEWEY BEATS ROOSEVELT

NEMAHA, Neb., Oct. 4 (AP)—Dewey defeated Roosevelt, 12 to 7, but don't try to collect any election bets. That was the score in a game between two southeastern Nebraska rural school softball teams.

Red Raiders Map Defenses For Oklahoma Aggie Battle

Defense has been the keynote of the week at the camp of the Texas Tech Red Raiders, and at least one more rough and rugged session is on the books for today as the team prepares for the task of stopping the Oklahoma Aggies here Saturday night.

The Sooner Aggies, one of the toughest teams in the Southwest, move into Lubbock Saturday night to battle the Red Raiders at 8:15 o'clock at Tech stadium.

Defense Worked Over

The offense of the Red Raiders showed a great improvement last week against the Texas Aggies, but Coach Morgan expressed himself as highly displeased with the showing of the defense, and this phase of the game has been the subject of the week.

Down in the line blocking and headon tackling has been a daily chore for the Red Raiders, and "another defensive session" will be the program for today.

One boy who has been coming to the front in these workouts has been John Birdwell, who came to Texas Tech as a fullback from Bossier City, La. Birdwell has been shifted into the line where he has been getting in some whacks at playing guard, and his work has been highly pleasing during this week.

T. M. Cox, letterman back from Muleshoe, is another that has shown a great amount of improvement this week, and after a slow start looms as about ready to hit his stride.

Both of these boys promise to see plenty of action against the Cowboys Saturday night, but indications now are that there will be few changes in the starting lineup.

Bufkin Likely Starter

Costin Bufkin, backfield flash from Hobbs, New Mexico, leaped into the limelight last week against the Texas Aggies with dazzling offensive game, and likely will find a spot in Saturday's starting eleven.

The Red Raiders have a tough job on their hands for Saturday night, and will enter the game a decided underdog. The powerful Aggies are unbeaten and untied, winning over West Texas State Teachers and the Arkansas Razorbacks on successive weeks, while the Red Raiders were dropping games on the same weekends.

The Oklahomans boast of a seasoned lineup with seven lettermen in the starting lineup, headed by Bob Fenimore, rated as one of the greatest backs in the hisotry of the school.

Fenimore dealt the Red Raiders plenty of trouble last season as a Freshman star, but went out for the rest of the season in the following game to cut short his rise to stardom. But he has started in where he left off last season, and looms as one of the top performers in the Southwest.

Paired against him will be Walter Schlinkman, the Dumas Demon, who has carried a large part of the Red Raider attack, and fans are looking for a wide open scoring thriller matching these two great backfield stars in a battle royal.

Whites Strike Fast To Down Petersburg

Striking twice in the early minutes of the ball game for a pair of touchdowns, Coach Russell Wimberley's Whites of Lubbock Junior High school went on to win a 21 to 7 decision over the Petersburg Juniors Wednesday afternoon at Chapman field.

Omer Castor was the hero for the Cowboys, scoring two touchdowns from his wing position, and setting up a third. On the first play after the kickoff, Castor got away for a 65 yard gallop on an end around play, and was roped in on the Petersburg 8. On the next play he took a pass from Ellison for the touchdown. Bill Bridge plunged over the extra point.

A few plays later, the Cowboys recovered a fumble, and on the next play Castor got away again for a 25-yard gallop to set up the score with Ellison plunging over from six yards out. Bridges carried the ball over for the extra point.

There was no more scoring in the half, but in the third period, Petersburg scored on a 40 yard power drive that refused to be stopped, and ran the ball over for the extra point.

Castor scored the final touchdown on a short run late in the ball game, and Ellison ran over for the extra point.

Another Blast Aimed At Randolph Power

AUSTIN, Oct. 4. (U.P.)—Weldon Hart, highly rated football authority, in a column in today's Austin Statesman questioned the drawing power of the 1945 Cotton Bowl game at Dallas if the Army's Randolph Field Raiders swamp Southwest Conference teams as they did Rice Institute.

The University of Texas Longhorns are next on Randolph's football schedule.

"The Army Air Forces would do well to come out with a clear, frank statement as to why such teams as Randolph Field and Second AAF have been collected," Hart wrote. "Reading between lines of AAF stories we'd say the main object is to raise money for some purpose—perhaps the AAF relief fund. If so, the AAF should so state."

Hart said fairness to the players called for some such statement. "It would answer the inevitable question," he said: "'Why aren't those boys fighting if they are so tough?'"

Bierman To Leave Service On Oct. 15

MINNEAPOLIS, Oct. 4. (AP)—Lt. Col. Bernie Bierman, head football coach on leave from the University of Minnesota for duty with the Marine Corps, will leave the service Oct. 15 and return to the school as coach "in an advisory capacity," he informed W. C. Coffey, university president today.

Bierman will leave the base at Pensacola, Fla., where he has been stationed tomorrow, paying a brief visit to his son who is stationed in North Carolina before coming to Minneapolis, Coffey was informed.

LSU WORKS HARD

BATON ROUGE, La., Oct. 4. (AP)—Louisians State's gridders went through a two-hour practice session today with Coach Bernie Moore stressing a formidable defense for the LSU-Rice tilt at Houston Saturday.

More said that "regardless of the 59-0 defeat" suffered at the hands of Randolph Field last week, "I still contend that Rice has a great team and I continue to rate them as one of the three strongest on our schedule."

NEXT TIME I'LL TAKE CARE OF MY CAR!

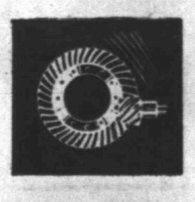

• You may never have to haul your family in a wagon, but government surveys show that 6700 cars are wearing out every day.

To help keep your car from wearing out or breaking down have it Sinclair-ized for Winter now by your Sinclair H-C Gasoline Dealer. This special winter change-over service protects hard-to-get parts against excessive wear. It will help keep your car rolling through the winter months.

BUY WAR BONDS

HOW SINCLAIR-IZE FOR WINTER SERVICE SAVES YOUR CAR

SAVES WEAR ON transmission and differential gears in cold weather. Summer-grade lubricants are drained and replaced with tough Sinclair lubricants of right grade for winter.

SAVES MOTOR WEAR in cold weather—helps prevent the formation of dangerous sludge by draining and flushing the crankcase—refilling with Sinclair Pennsylvania or Opaline Motor Oil—winter-grade.

SAVES CHASSIS wear in cold weather—by lubricating bearings, springs, shackles and other vital parts as your car manufacturer recommends. Front wheels protected by special lubrication.

SAVES COOLING SYSTEM by cleaning out the rust and sludge, tightening hose connections and putting in the right amount of anti-freeze.

SAVES BATTERY and helps assure fast starts. Service includes checking and refilling battery with water, checking battery connections and testing strength of battery. Spark plugs tested, too.

SAVES TIRES by carefully inspecting for cuts and bruises and valve troubles. The Sinclair Dealer will also gladly cross-switch your tires to equalize wear.

OUR PLEDGE

WE pledge allegiance to the flag of the United States of America, and to the Republic for which it stands; One Nation, indivisible, with Liberty and Justice for all.

The Glamorous And Politics

DO political choices of celebrities influence the vote of the Man in the Street, more especially in connection with the election of a President?

Apparently the leaders of both the Roosevelt and Dewey campaigns think they do, judging from the stress which they recently have placed upon Hollywood organizations backing both candidates and a White House tea at which the President gave valuable time to a trio of headliners of the entertainment world.

Of course, even smart politicians like the Democrats' Bob Hannegan and the GOP's Herbert Brownell can make errors in judgment. In this this instance, we believe they have.

We seriously doubt that Frank Sinatra's espousal of a Fourth Term or Miss Ginger Roger's swing to Governor Dewey are likely to cause anybody to cast a vote for either candidate. Certainly, we hope there is no American who permits his responsibility in voting for a President to be swayed by the fact that some actors favor one candidate over the other. Mr. Sinatra is a very successful crooner and Miss Rogers a fine actress. Yet there is nothing in the background of either which indicates knowledge of either politics or statesmanship. Each has a right to an opinion, and the further right to campaign for either Mr. Roosevelt or Mr. Dewey. Yet the opinion of neither should carry any more weight than the opinion of any average citizen.

According to public emanating from both Roosevelt and Dewey camps, the stars of movie, stage and radio are pretty well split —as are their less glamorous brothers and sisters—on the presidential election. That is natural, since celebrities, under the veneer, basically are like the rest of us. And since neither President Roosevelt nor Governor Dewey are so hard pressed to get their names in the papers that they have to "ride in" on the coat-tails of lesser lights, we can't see where the choices of Miss Rogers and Mr. Sinatra are of any greater importance than those of plain John Smith and Mary Jones, of Main street, U.S.A.

"Bossy" Found "Not Guilty"

NOT that it makes a bit of difference, of course, but somehow or another we were glad to read the other day that it was a dice game, rather than the ill temper of Mrs. O'Leary's cow, which started the great Chicago fire of 1871.

According to the last will and testament of one Louis M. Cohn, he and several other youngsters—including an O'Leary heir — were shooting craps in the O'Leary barn on that night 63 years ago when the lantern was over-turned and the flames thus spread. We're inclined to believe Mr. Cohn's report, if for no other reason than that he remembered clearly scooping up the money before fleeing from the fire. Surely a memory long enough to remember grabbing up a handful of change more than half a century ago should be staunch enough to remember, too, whether a player begging "Sister Hicks to pick up sticks" overturned the lantern, or whether the fault was Bossy's.

Cows of all sorts have meant a great deal to Chicago. They have formed one of the principal foundation's of that great city's prosperity over the years and in our book it's a shame to blame one of them for one of the worst fires in all history. Crap-shooters, on the other hand, are supposed to be very irresponsible individuals—the very antithesis of the cud-chewing, placid givers-of-milk.

So for our part, we're ready to sponge from out mind the oft-repeated indictment of Mrs. O'Leary's cow and put the blame where Mr. Cohn says it justly belongs. After all, he said he was there when it all began and he ought to know!

According to this newspaper filler, bravery is no recent acquisition of General MacArthur: "MacArthur at West Point set the Academy all-time record of being engaged to eight girls at one time."

"Men judge women by the things they refrain from saying," says a psychologist. With so little to go on, it is no wonder that we can't understand them.

A Montana woman, whose husband gave her 10 cents a day to spend as she liked, saved these dimes until she accumulated enough money to buy a divorce. There are some women a man can't afford to be nice to.

The One Minute Sermon

Thou shalt make thy prayer unto him, and he shall hear thee, and thou shalt pay thy vows.

Thou shalt also decree a thing and it shall be established unto thee: and the light shall shine upon thy ways.

When men are cast down, then thou shalt say, There is lifting up; and he shalt save the humble person.

He shall deliver the island of the innocent; and it is delivered by the pureness of thine hands. Job 22: 27-30.

Believe It Or Not --- By Robert Ripley

The Life Of Eisenhower

By Francis Trevelyan Miller

(Copyright, 1944, NEA Service, Inc.)

IKE'S INVASION TEAM

XXX

Meet Ike's "Invasion Team" as it directs the invasion of Europe by air, sea, and land.

General Sir Arthur Tedder, Deputy Commander in Chief under General Eisenhower, is a Scot, 54 years old, described as "small and soft-spoken." Son of a nobleman, he is in direct contrast to Ike. He was graduated from Cambridge and for a time played professional Rugby. A veteran of World War I, a flyer in France and Egypt, he settled down for life with the RAF, where he became Air Chief Marshal. His record in World War II has made him one of the greatest airmen of all times. It was under him that the RAF gained command over the Mediterranean and in the Middle East.

The keen-eyed, strong-featured man beside him is 61-year-old Admiral Sir Bertram H. Ramsey, commanding the combined naval forces under General Eisenhower. Son of a general, married to a colonel's daughter, his life has been devoted to the navy since he was 15 years old. The tremendous responsibility falls upon him to transport safely across the English Channel to the fortified coasts of Europe the huge armies engaged in the invasion. Known as "Dynamo" Ramsey, he brought about the miracle of Dunkirk.

When Eisenhower made his landings in North Africa, it was Ramsey who helped plan the landings and shared in command of the great armada of warships. He also was with Eisenhower in the Mediterranean when Sicily and Italy were invaded.

Salute the stern, strong face set with determination — Lieut.-Gen. Carl A. Spaatz, known as "Tooey" Spaatz, commanding the American Strategic Air Forces on the Western European invasion. Born in Pennsylvania 52 years ago, he was at West Point with Eisenhower, graduating in 1914, one year before Ike. "Tooey" commanded the Northwestern African Air Force under Eisenhower.

His job is to cover the Allied Forces on the invasion.

The genial, smiling countenance we now look upon is a "devil on wings"—Maj.-Gen. James H. Doolittle, age 48, born in California, in command of the United States 8th Air Force. The first to raid Tokyo, he gained world fame. He was widely known as a racing pilot and stunt flyer before we entered the war, also as an aeronautic engineer.

With the outbreak of World War II, he entered the struggle as a major and in two years became a brigadier general. Under Eisenhower in Africa, he organized and led the 12th Air Force, whose exploits are almost legendary. They blasted the way for the ground forces with their raids on Tunisia, Sicily, Italy, and were the first to bomb Rome.

• • •

Now meet the man who says, "I'm from Missouri, show me!" Lieut.-Gen. Omar N. Bradley, 51 years old, leading the American ground forces under Eisenhower. This "Missouri mule" in determination is one of Ike's old friends and classmates at West Point. An accomplished master of ground warfare and infantry tactics, he was Eisenhower's field aide in North Africa and then commander of the American Second Corps.

We need no introduction to the wiry little man, wearing a beret jauntily on his head. He is "Monty," Gen. Sir Bernard L. Montgomery, loved by every man who ever fought under him. He commands the British Invasion Armies under Eisenhower. "Monty of El Alamein" is 56 years old, a minister's son. His military fame was established when, in command of the British Eighth Army, he outfoxed Rommel and chased him with his Afrika Korps across the North African deserts, 1400 miles, from Egypt to Italy.

The next man we meet looks like the executive of a great corporation, the banker-business man-lawyer, type, Sir Trafford L. Leigh-Mallory, 55 years old, Commander in Chief of the Allied Air Forces. He gave up the study of law to join and help build the British Air Forces and won his way to Air Chief Marshal.

The ceaseless air invasion over Europe, preceding the land invasions, were directed by Sir Trafford.

The last man we meet on Eisenhower's "Invasion Team" is a typical Englishman in appearance, Sir Arthur T. Harris, 52 years old, father of four children, and known as "Ginger" Harris. He commands the British Strategic Air Forces. While he serves under Air Chief Marshal Leigh-Mallory, as does General Spaatz, his job is the destruction of Hitler's war-production centers. The bombing raids under Harris testify to his tenacity.

• • •

As hours and days passed, with ceaseless bombing rising to a crescendo in its terrifying might, the "invasion jitters" seized Europe.

Huge Nazi armies were rushed to the fortified coast and stood behind their embattlements, waiting for Eisenhower. The people of France, Belgium, Holland, Denmark, Norway, with their underground leaders ready for uprisings, counted the hours, waiting for liberation.

Zero hour was approaching. "It is now about five minutes to 12 o'clock," the announcement came from Allied Headquarters. General Eisenhower inspected his stupendous forces and issued the final warnings. He was ready, waiting only the psychological moment to strike.

"I have complete confidence in the final result," he said. "It will be a hard and bloody struggle, but victory will eventually be ours. The power of the United Nations under the flag of freedom shall triumph."

THE END

Rayburn Predicts Demos' Victory

DALLAS, Oct. 4. (U.P.)—A "big majority" for the Roosevelt-Truman ticket in Texas and throughout the nation was predicted by Speaker Sam Rayburn upon his arrival here to confer today and tomorrow with Texas party leaders.

The speaker said that nationwide reports indicate the Democrats will keep control in the House and Senate.

"President Roosevelt is gaining strength every day, and he will get stronger and stronger as election day approaches," Rayburn declared.

To Work Out Plans

He was scheduled to meet National Democratic Committeeman Myron Blalock, State Executive Committee Chairman Harry L. Seay and other party leaders today and tomorrow to work out plans to insure a smashing Democratic victory in Texas in November.

Meanwhile, Tom L. Tyson, Corsicana attorney and head of the party's speakers' bureau, said here yesterday that four campaign rallies are planned to get a million votes for the party's nominees. The rallies, he said, will be in Dallas or Fort Worth, Houston, Austin and Lubbock or Abilene.

Democratic leaders will meet Tyson Friday afternoon to work out final plans for the vote-getting dive and to raise funds for the party's operating expenses. He said other cities desiring to hold rallies may get speakers and other assistance from his bureau.

Pyote Army Air Field Is New B-29 Base

PYOTE, AAF, Tex., Oct. 4. (AP)—The Pyote Army Air field is now a B-29 training station.

Maj. Gen. Uzal G. Ent, commanding general of the Second Air Force with headquarters in Colorado Springs, Colo., has announced that Pyote, which has been training Flying Fortress crews, has been assigned the task of preparing combat personnel for the superbombers.

Looking At Life - - - - - - By Erich Brandeis

YOUR grandchildren — or even your children — may live in a good health to an age of 130 years, according to Dr. Theodore Klumpp, noted chemist.

Medicinal chemistry, said the scientist, is busily working on the prolongation of life, and it is quite possible that enough progress will be made in the not too distant future to make 130 instead of 70 years the normal life expectancy.

So far, so good. (Although, as Dr. Klumpp warns, one of the basic factors in attaining a ripe old age is not to let yourself get overweight, and my scale just told me that unless I stop eating those Dagwood night lunches I won't live to be 70.

The thing that interests me most in this prolongation-of-life business, is, what are we going to do with those extra 60 years?

What do most of us do with the 70 years that are now supposed to be our normal allotment?

• • •

Frankly, what are you doing with your life? Eating, sleeping, procreating — in words, just living the lives of animals—certainly don't seem to make it worth the scientists' while to add another 60 years of existence.

Not all of us can be great leaders, great thinkers, great scientists.

But, in our own limited way each of us can do just a little bit to make the world a better place in which to live.

All of us deplore war and many of us are trying to find ways to avoid them in the future.

Yet, look around in your own community and see how many little wars are going on right there. They don't use guns and bombs and planes, but there are other weapons just as dangerous.

Wagging tongues are weapons, envy and hatred are weapons, spite and hatred are weapons, spite and scheming are weapons.

• • •

HOW on earth can you expect peace among nations if there is ill will among individuals?

Mrs. Smith won't speak to Mrs. Jones next door because Mrs. Jones said something about her to Mrs. Grant.

Mr. Watson calls his competitor, Mr. Greene a crook, and Dr. Brown tells Dr. Booth in strictest confidence that Dr. Winston is a charlatan.

What have you done to make your life worth while? What will you leave that justifies the time and space that you are taking up in this world?

What is your justification for another 60 years life if science were to hand you that kind of a bonus?

Can you answer that question?

The National Whirligig

The News Behind The News

WASHINGTON

—By Ray Tucker

PRESIDENT ROOSEELT'S intimate advisers do not all share the view that his opening campaign address before the Teamsters Union was a masterful piece of oratory. Although it delighted the believers in the rabble-rousing school of public speaking, the considered reaction of independents, including many fathers and mothers of sons in the service, has been unfortunate.

From a political standpoint, it is now regarded as a tactical blunder because it permits Gov. Tom Dewey to tear into FDR's domestic and foreign politics from stem to stern. Its principal value was that it may have served to inject greater enthusiasm into the party workers, who had been somewhat apathetic. The Democrats' deep-seated fear is that there will be a small turnout on election day, a factor which usually operates in favor of the Gov.

Growing resentment against the tone of the speech, especially its seeming flippancy and arrogance, explains why Robert E. Shorwood, the brilliant author of "Abraham Lincoln of Illinois," and "There Shall Be No Night", has been drafted as a full-time White House ghost. Incidentally, this is the first time that FDR who is extremely proud of his ability to turn a phrase, has openly admitted the need for a literary supervisor.

Sherwood did some work on the September 23 utterance, devoting a whole night to last-minute polishing. But his duties as head of OWI's overseas branch prevented him from concentrating on it wholeheartedly.

Therefore, considering Mr. Roosevelt's re-election more important than selling Uncle Sam to Europe and other liberated areas, the Broadway playwright will now earn $10,000 a year as writer of partisan discourses.

• • •

LINCOLN: Versatile Bob can change his literary pace as quickly as a pitcher who discovers around the third inning that the opposing batters can knock his fast stuff all over the lot. It is quite probable that, in view of the widespread criticism of the first Roosevelt-Sherwood product, he will swing into his spiritual and Lincolnian style.

The Democrats are aiming to depict the President as another "Honest Abe." The Civil war President's picture appears in numerous campaign biographies and pamphlets. Quotations from his 1861-1865 statements have been mentioned liberally. Indeed, FDR wound up his acceptance address with a partial use of the most noble paragraph of the Second Inaugural Address. Here is the peroration of Mr. Roosevelt's talk on that occasion:

"The greatest wartime president in our history, after a wartime election which he called 'the most reliable indication of public purpose in this country', set the goal for the United States in terms as applicable today as they were in 1865—terms which the human mind cannot improve."

Then Mr. Roosevelt quoted from the paragraph beginning with the words: "With malice toward none; with charity for all; with firmness in the right as God gives us to see the right" etc.

But, although Mr. Roosevelt said that the "human mind cannot improve" the humble Lincoln's statement, he did edit the other wartime President's magnanimous pledge.

For some unknown reason Franklin Roosevelt did not use these words, without which the Second Inaugural would be just another speech: "With malice toward none; with charity for all." He began his quotation with the phrase, "with firmness in the right" etc.

• • •

PLEDGE: It is obvious, however, that President Roosevelt needs a political, first-aid amanuensis. His absorption in foreign problems prevents him from thinking up new phrases, or even new ideas. A comparison of his 1940 and 1944 campaign talks reveals a striking similarity, although the issues have changed completely during those four years of "tragic sorrow."

Four years ago he said that he would have neither the time nor the inclination to engage in "any purely political debate," but that he would "never be loathe to call the attention of the nation to deliberate or unwitting falsifications of fact." But when Wendell Willkie began to gather steam, FDR took to the political road.

In accepting a fourth nomination, he explained that "in these times of tragic sorrow it would not be fitting" for him to campaign in the "usual, partisan sense." But he promised to take time out to answer misstatements or report on "matters of concern to the American people." Much earlier than he did in 1940, he has kept that pledge.

• • •

WINNING THE WAR

By Albert Leman

AS CENSORSHIP veils are partly lifted, some of the story can be told about the vital role the marine arm played in the current West Wall offensive.

Not only on D-day, but before and since, Anglo-American sailors kept the Nazi navy out of commission. After the submarines were driven from the oceans, they might still have been dangerous wolves in narrow channel waters had not their fangs been drawn.

• • •

WRECKS: High ranking officers recount the following methods by which Skipper Doenitz was knocked galley west:

A lucky accident brought great success at the time of the invasion. Airplanes were sent to bomb the E-boat bases in Le Havre and Boulogne and thereby prevent these small but deadly sharks from preying on our landing barges.

Lancasters dumped huge blockbusters weighing 12,000 pounds each, which ordinarily made land craters about 110 feet wide. But at first these explosives did relatively little damage to the pens whose concrete walls were eight feet thick. A few stray bombs fell short of the target and hit the bay.

Pilots observed that E-boats at moorings were lifted clear out of the water. Thereafter all the eggs were dropped in the harbor. As a result a tidal wave surged into the sheds wrecking every craft within reach. The force undermined the cement foundations and the buildings toppled into the surf. The Nazis depended on a tough roof to protect them from the air; they did not consider vulnerability to man-made billows.

• • •

SUBS: Berlin made even a worse mistake regarding ports. Since the original war canoe sailed the seas in ancient times, it has been an axiom that an amphibious operation cannot succeed unless it can seize harbors for the debarkation of supplies.

The textbooks are still correct and the Germans are wise to cling to piers as long as possible, as they did at Brest. Permanent coastal terminals are necessary to a large expedition in prolonged combat.

But the Nazis underestimated Allied inventive genius; we brought our "ports" with us. Recent cables reveal that we improvised breakwaters on the spur of the moment by sinking ships in a row. Actually, the bright idea was not a "flash of lightning"; the enterprise was conceived and prepared many months ago.

Special vessels were built in England that carried nothing but concrete cargoes. Their existence was among the most closely guarded secrets of the war. The great push was held up until they were all ready.

Then they were towed to positions off various Normandy beaches. Their sea cocks were opened and they settled beneath the waves forming temporary moles. Behind the barrier freighters unloaded heavy machinery, weapons, oil and food in calm waters. In most cases the obstacles survived the June gale, the most severe in forty years.

Their tough hides also prevented the firing of torpedoes on our helpless transports and cargo vessels. The arms extended so far that E-boats could not slip through the narrow entrances. In some places where "floating breakwaters" were not available, old Liberty ships were loaded with scrap and submerged.

It is somewhat ironical that Nazi subs tried hard to destroy these craft in convoys and later we deliberately sank them ourselves to thwart the tin fish.

Side Glances --- By Galbraith

"Mother was right—it was a shock to see what he looked like in civilian clothes!"

Here And There In Texas

Meet Walter Humphrey, Of Temple, One Man C-Of-C!

By HAROLD V. RATLIFF
Associated Press Staff Writer

TEXAS editors, each in his own way, have done their share on the home front, and some of them have done more than their share.

Such an editor is Walter R. Humphrey on the Temple Daily Telegram, whose friends in Central Texas say that "everything good" in Temple has his support and that many such movements, activities and enterprises were inspired or started by him.

Personally, Humphrey is like Judge Kenesaw Mountain Landis, the high commissioner of baseball, who said he had no objection to an article being written about him "so long as you leave me out of it."

• • •

Can't Leave Him Out

You can't leave The Temple Telegram out, because this is his working creed:

"The editor's wartime job is to put zip and meaning into the home front jobs, to assume responsibility for seeing that they are done . . . and to see, at the same time, that the nominal community activities are preserved insofar as possible.

"He should consider it an obligation to so conduct his newspaper that the people, under the pressure of trouble and worry and tragedy, retain their respective and their balance.

"Every wartime job at home, every community job is his personal concern. It's got to be that way. The degree to which the editor responds to this responsibility measures how well he justifies the title he carries."

• • •

WALTER HUMPHREY is talking about an editor's duty on the home front during wartime; his creed, however, applies to an entire career whether it be in war or in peace. His work has only been multiplied at this time and he already had enough to break a fellow's back. He has a strong back.

What does an editor do in wartime? The Temple editor is typical of editor's on small city papers, but anyway here's a sample of his program, which includes civic betterment as well as the numerous duties that have fallen to his lot since the war started:

A director of the Brazos River Conservation and Reclamation district.

President of the 36th Division Memorial commission.

International counselor of Lions clubs.

First chairman and still on the committee operating the Temple USO.

Member of the executive committee of the Texas Press association (he was named while he wasn't present and couldn't prevent it—even if he had so desired).

A director of the Community Chest since it was organized a year ago. He campaigned in his newspaper for this for 13 years.

Deacon in the First Presbyterian church. He's usually at church on Sunday no matter how long he may have worked Saturday night putting the Telegram to bed.

• • •

HERE are three projects he inaugurated in Temple, and still personally directs:

1. The gridiron dinner (it's been going on for 13 years). At this affair from $300 to $500 is raised annually for civic enterprises.

2. Central Texas Handicraft Exposition. This Temple Telegram enterprise is to show boys and girls what can be made with the hands. From 2,000 to 3,000 different articles the kids make are to be seen at the 14-year-old institution.

3. Central Texas Pioneers club. This organization is for all persons in the Temple area who have lived in Central Texas more than 50 years. There are 4,000 members. The editor organized it. The old folks come here and swap yarns on June 29—Temple's birthday. The club is popular.

Other enterprises could be mentioned. He is ready for anything worthwhile that comes along—in addition to writing three of four columns a day for his newspaper. One column is front-page and titled "The Home Towner." It's an institution.

• • •

Writes Daily Column

Seven days a week he Home Towner, where many of Temple's projects and enterprises originate. From his typewriter have come such ideas as the master plan, community chest, a tax for operating a city library, a new swimming pool, subscriptions to build a tennis court.

He works 12 hours a day except on Sunday when it's only two or three — unless there's a convoy of wounded soldiers arriving at McCloskey hospital.

• • •

THERE are times when three convoys in 24 hours arrive at McCloskey hospital—and the editor of the Telegram is there to interview the incoming men — no matter what the hour—and file the stories that give to the folks at home the exact status of loved ones.

The Associated Press Managing Editors association passed a special resolution of appreciation for his work for the cooperative news-gathering association.

All is not peaches and cream in the conduct of his column. Once he was beaned with a pop bottle by an irate reader. Once, he admits, his criticism of a man helped the latter to be elected to office.

His capacity for work is unlimited—just so long as it's reporting and interpreting the news, or doing something for Temple and Texas.

Carbon melts at 3,500 degrees centigrade.

Funny Business

"It's that former jeweler, trying to convince the chief that the potatoes are undersize!"

Tanks Bludgeon Nazi Defenses

(Continued From Page One)

artillery fire, was delivered head-on by tanks and infantry who just kept going until they smashed through.

There were losses of American men and tanks, but information reaching headquarters said they were considerably lighter than were to be expected in storming one of the main fort rings of the German defensive system.

One factor in this, officers said, was that the Nazis apparently never expected infantry to slug through the barbed wire and moat defenses and that the fortress guns, consequently, would not depress far enough to cover the last close-up approaches. Patton's men wriggled under the big guns on their bellies.

Goebbels Goes Frantic

By far, the most critical importance was attached to the First Army's smash toward Cologne and Dusseldorf. Paul Joseph Goebbels, Germany's mobilization director, was reported by the German news agency DNB to have rushed to the west and implored the war-weary people to give the last ounce of effort.

"The German people cannot show any war weariness at all," he declared. "Their frontiers, their national existence and the existence of the Reich are immediately threatened.

"Our enemies have unleashed an all out offensive on our frontiers of gigantic impact."

Dozen Tanks Wrecked

In an effort to stem Hodges' drive today the Germans wheeled 12 of their dwindling force of tanks into the battle today and sharpshooting Yank gunners made blazing wrecks of the entire dozen.

Don Whitehead of the Associated Press, who witnessed the forward surge of American men and armor, said the breach in the westwall tonight extended roughly from Frelinberg, a village just south of Geilenkirchen, down to Finkenrath, with the deepest point of penetration just east of Ubaach, which the Yanks captured in house-to-house fighting Tuesday.

MARKET MAKES ADVANCE

NEW YORK, Oct. 4 (AP) — A buying movement of fair proportions which started in alcohol issues and specialties and gradually extended to other departments today gave the stock market one of its best advances of recent weeks.

While the Associated Press average of 60 stocks rose only .3 of a point to 55.0, many of the individual gains ranged from 1 to more than 3 points. Steels, motors, distillery and soft drink shares, farm equipments and industrial blue chips were well-represented in these brackets at the close. Dealings of 821,030 shares were the largest since Sept. 13 and compared with 746,390 yesterday.

Hiram Walker had a closing gain of 3¼ while Austin Nichols was up 2½ and Allied Chemical 2. Gainers of a point or more included U. S. Steel, Bethlehem, Chrysler, Sears Roebuck, Westinghouse and Texas Pacific Land Trust.

Cotton . .

NEW YORK FUTURES

NEW YORK, Oct. 4 (AP)—Cotton futures closed 25 cents a bale higher to 20 cents lower today in quiet dealings.

Small hedge selling and liquidation were absorbed through mill buying and local covering.

The July position accounted for the 20 cents a bale decline.

That contract lacks the parity supporting influence of the government plan which is scheduled to expire next June 30. Other prices were 5 to 25 cents a bale higher.

Futures closed 25 cents a bale higher to 20 cents lower.

	High	Low	Close
Oct.	22.10	22.09	22.09
Dec.	21.98	21.92	21.97-98
March	22.04	22.00	22.03
May	22.04	22.00	22.01
July	21.83	21.78	21.78

Middling spot 22.49N.
N—Nominal.

NEW ORLEANS REPORT

NEW ORLEANS, Oct. 4 (AP) — Trading was mixed in cotton futures here today and closing prices were steady 25 cents a bale higher to 20 cents lower.

	High	Low	Close
Oct.	22.14	22.11	22.10B
Dec.	22.00	21.97	21.97
March	22.09	22.06	22.06B
May	22.07	22.02	22.06
July	21.86	21.80	21.81

B—Bid.

AVERAGE PRICE

NEW ORLEANS, Oct. 4 (AP)—The average price of middling 15-16ths-inch cotton today at ten designated Southern spot markets was 10 cents a bale higher at 21.76 cents a pound; average for the past 30 market days 21.45; middling ⅞ths-inch average 20.56.

At A Glance . .

NEW YORK, Oct. 4. (AP)—
STOCKS: Higher, leaders in slow advancing.
BONDS: Steady, late pickup in rails.
COTTON: Quiet, mill buying and local covering.
CHICAGO:
WHEAT: Strong, short covering, mill buying.
CORN: Strong, sympathy with wheat.
RYE: Strong, sympathy with wheat.
HOGS: Active, fully steady, top $14.75.
CATTLE: Steady, top $18.35.

Livestock . .

KANSAS CITY REPORT

KANSAS CITY, Oct. 4 (AP)—(WFA)—Cattle 7,200; calves 1,700; active, slaughter steers fully steady to 25 higher; all other classes steady to strong; medium and good slaughter steers mainly short feds, bulk 13.75-15.50; good and choice 15.75-16.75; beef cows largely common and medium 8.00-10.00; odd head good 11.50-12.00; good and choice vealers 13.00-14.00; medium and good calves 9.50-11.50; good to choice yearling steers 11.00-12.00; heifers 10.00-11.50.

Hogs 2,000; active, steady; good and choice 180-240 lb. 14.50; 241 lb. up and sows mostly 13.75.

Sheep 9,250; trade delayed by higher asking prices; quality of range lambs below Tuesday; no early sales; best range lambs held above 14.25; good and choice natives held above 14.00.

FORT WORTH REPORT

FORT WORTH, Oct. 4 (AP) — Cattle 2,600; calves 1,800; cows steady to 25 higher; other cattle and calves steady to strong; active. Beef cows 7.25-11.00; fat calves mostly 7.50-12.50; stocker and feeder calves, yearlings and steers 11.00 down.

Hogs 800, unchanged; top 14.55; stocker pigs 50 higher; demand good; and choice 180-240 lb. butcher hogs top 14.55; light butchers 13.75-14.55; heavy hogs mostly 13.80; packing sows 13.50-75; stocker pigs 12.50 down.

Sheep 4,000; steady; lambs strong to 25 higher; medium to good lambs 11.00-12.85; cull to medium ewes 3.25-4.50; and medium grade stocker lambs 8.50 down.

Grain . .

CHICAGO REPORT

CHICAGO, Oct. 4 (AP) — Wheat futures prices soared today under mill buying and a wave of short covering prompted by trade reports the Office of Price administration soon was expected to increase wheat price ceilings.

The advance carried December wheat to $1.67⅞, a new high since April 13 and 20⅞ cents above the seasonal low established less than a month ago. Corn, oats and rye were strong.

At the close wheat was 1¾ to 2⅛ higher than yesterday's finish, December $1.67¼-⅛. Corn was ⅝ to 1⅛ higher, December $1.14¾. Oats were up ⅝ to 1¼, December 65⅛-⅜.

FORT WORTH REPORT

FORT WORTH, Oct. 4 (AP) — Wheat No. 1 hard 1.70-80.
Barley No. 2 1.10-12.
Sorghums No. 2 yellow milo or No. 2 white kafir per 100 lbs. 1.85-90.
Oats No. 3 white 77-78.
Corn at northern shipping point ceiling price plus freight.

Produce . .

CHICAGO BUTTER AND EGGS

CHICAGO, Oct. 4 (UP) — Produce, Butter receipts 312,687 lbs.; market firm and unchanged; 93 AA 41½; 92 score 41; 90 score 40¼; 89 score 40½; 88 score (cooking grade) 39.

Eggs 6,268 cases; market firm and unchanged; extras 41-47.8; standards 35½-39; current receipts 34½-36½; dirties 28-32; checks 28-31½.

Official Records . .

Marriage Licenses

Ernest Everett Ward, 24, and Miss Audrey Lucille Davis, 18, both of Lubbock.
W. G. Payne, 37, and Miss Pearl Lean Prestridge, 24, both of Brownfield.
Clifford B. Johnson, 40, and Miss Faye Hines, 19, both of Abernathy.
Luther C. McWhorter, 32, and Miss Marie Crow, 30, both of Fort Worth.

Lubbock Courts

99TH DISTRICT
J. E. Vickers, Judge Presiding
C. E. Jenson and others against F. M. Lyons and others, suit to try title.

72ND DISTRICT
Dan Blair, Judge Presiding
Vera Cruse against Steve Cruse, suit for divorce.

Building Permits

M. C. Hamilton, owner, to construct one-story brick and tile office building at 913 Texas Ave., $1,000.

Warranty Deeds

W. May and wife to T. B. Toney and wife, lots 22, 23, block 4, Clutter addition, $4,200.
Ralph Lindsey and wife to Jeptha Martin, N½ of lot 16, Robinson subdivision of block 2, Overton addition, $4,750.
M. J. Patterson and wife to Yvonne McCurrey, E 43', W 85' lots 1, 2, 3, 4, block 224, original town of Lubbock, $6,-750.
W. R. Quinn and wife to C. E. Holeman, S ½ of the SW ¼ of section 5, block O, $7,000.

Mrs. Myrtle Robertson to U. F. Stevens, part of survey 8, block B, $10.

300 Welders Quit At Bethlehem Plant

QUINCY, Mass., Oct. 4. (AP)—More than 300 of the 1,500 welders employed at the big Fore River shipyard of the Bethlehem Steel company tonight were conducting a work stoppage that, according to a yard spokesman, "hompered construction of vital war craft."

Witnesses at the lunch hour walk-out of the welders said that several hundred U. S. Navy sailors, lined up for a 12:15 p. m. muster, boohed the workers as they quit their jobs and headed for the gates.

Huge Floral Cross Made For Evangelist

LOS ANGELES, Oct. 4. (AP) — When the body of Evangelist Aimee Semple McPherson is placed in a marble sarcophagus in suburban Glendale next Monday the tomb will be at the heart of a floral cross which her Angelus Temple followers say is the biggest ever constructed here—250 by 600 feet.

The temple's 50-piece band and a choir of voices will participate in the funeral, which is to be attended by 1,000 ministers of Mrs. McPherson's Foursquare gospel organization.

The body will lie in state Friday, Saturday and Sunday.

Officer Acquitted Of Murder Is Killed

PHOENIX, Ariz., Oct. 4 (AP) — Leonce T. (Frenchy) Navarre, 51-year-old city detective, recently acquitted of murder charges in the fatal shooting of David Lee Johnson, negro city policeman, was shot and killed in the police station here today. Police Chief James T. Duane booked Joe Davis, 27, negro patrolman, for investigation.

ROLL BANDAGES

Members of the Lubbock Army Wives society rolled 148 bandages at the Red Cross Wednesday afternoon. Members attending were Mesdames Clark Tomlin, Ralph Quest, Glenn Anderson, Keith Heitzman, Kenneth Gibson, J. A. Marshall, Paul Holmes, Kenneth Stebbins, Earl Dunbar and O. B. Williams, a visitor.

Clark Given Highest Soviet Army Honor

LONDON, Oct. 4. (AP) — The Moscow radio announced tonight that the Soviet government had awarded the Order of Suvorov, first class, to Lt. Gen. Mark W. Clark, commander of the U. S. Fifth Army in Italy, and to Field Marshal Sir Bernard L. Montgomery, commander of the British 21st army group on the western front.

The order, bestowed by the presidium of the Supreme Soviet of the USSR, is the highest army decoration given to any person outside the Soviet union. Gen. Dwight D. Eisenhower also holds it.

Inventor Of Butterfly Map Projection Dies

OAKLAND, Calif., Oct. 4 (AP)—Bernard J. S. Cahill, 78, who invented the revolutionary "butterfly" map projection, died today.

He began work on the map, called the octahedral system of projection, in 1899 but did not complete it until 1935. It is suited to international geography and meteorology.

ANTI-FRANCO APPEAL

NEW YORK, Oct. 4. (AP) — The Spanish National union, an organization set up by exiled Republicans in France to oppose the Franco regime, called on "patriots" to join the anti-Franco movement and fight for "independence and sovereignty," the Toulouse radio said in a broadcast reported today by the Federal Communications commission.

ASPIRE TO TITLE—Five semi-finalists in contest for "Miss New York City" title line up at Theater Wing Stage Door Canteen in New York. Left to right: Betty Jo Dazey, St. Louis and New York; Joann Boyd, Roosevelt, L. I., N. Y.; Bobby Macadam, Brooklyn; Helen Johannes, New York City; and Edith Karger, Brooklyn. Finalist will seek "Miss America" title.

Circus Plays Here To Overflow Crowd

They were "sitting on the straw" at Wednesday night's performance of the Cole Bros. circus here.

Circus fans—the young and the old—were sitting wherever there was space.

The sell-out crowd loved it. The big show gave it everything that the word "circus" ever has meant to them.

Yesterday's matinee performance was viewed by a smaller but nevertheless huge audience.

Immediately following the patriotic finale to last night's show, circus hands began dismantling the large, fat tents, and bedding dwn the animals preparatory to rolling on to the next stop at Sweetwater in the Cole Bros. special 35-car train.

The show had arrived in town about 6 o'clock Wednesday morning after playing Clovis.

Clayton Quits His Government Post

WASHINGTON, Oct. 4 (AP) — Resignation of Will L. Clayton as surplus property administrator was announced today, one day after President Roosevelt signed legislation setting up a board to direct disposal of an estimated $100,000,000,000 of war goods.

Clayton, in private life a Texas cotton factor, previously had called the new setup unworkable and indicated to President Roosevelt his unwillingness to continue under it.

In his letter of resignation, made public by War Mobilizer James F. Byrnes, Clayton said he would step out of office the day a majority of the new board takes the oath, but would remain in an unofficial capacity for a "reasonable time."

Body Of Snowstorm Victim Is Found

LANDER, Wyo., Oct. 4. (AP) — The body of Mrs. Tom Kilgore, who disappeared Saturday night in a snowstorm, was found today after a search since Sunday morning.

Her brother, H. G. Potter, said the body was discovered a mile and a half from his ranch.

Florida Independents To Back GOP Ticket

JACKSONVILLE, Fla., Oct. 4. (AP)—The executive committee of the independent party which has been denied a place on the November general election ballot for its presidential elector candidates met here today and decided to support the Republican presidential ticket.

The committee, however, resolved to vote for the Democratic nominee for governor, Millard Caldwell, and for all other state and local nominees of the Democratic party.

Death Of Officer At Shooting Said Natural

SAN ANTONIO, Oct. 4 (AP)—A justice of the peace verdict of death from natural causes was entered today in the case of Eugene Wahrmund, 52, peace officer for 30 years.

Wahrmund collapsed after he had gone to the scene of a shooting. Percy Smith, 20, was fatally wounded by slugs from a shotgun.

Smith, officers said, was an innocent bystander in the shooting.

"GRAND OLD MAN" BURIED

TORONTO, Oct., 4. (AP) — Two funeral services, one private and one public, were held today for Sir William Mulock, Canada's "Grand old man," who died Sunday at the age of 101. He was the former postmaster general of Canada and former chief justice of Ontario.

NIPS REPORT DOGFIGHT

NEW YORK, Oct. 4. (AP)—The Tokyo radio, heard by the FCC, said tonight "some ten" American planes had "attempted to menace" Japanese transportation today on the Peh river in China and had fought a battle with Japanese planes over Wuchow, 100 miles west of Canton.

Harper Given Three Years In U. S. Court

ABILENE, Oct. 4 (Special) — Marvin C. Harper, 29, Lubbock, discharged veteran of Guadalcanal, was sentenced to three years in a federal institution at Texarkana by Federal Judge T. Whitfield Davidson in U. S. district court here. A sentence of six months each on six counts was assessed against Harper.

Harper pleaded guilty of charges of unlawful possession and use of gasoline ration coupons in Lubbock last June, but sentence had been withheld.

He came into possession of a large number of coupons—equivalent of 7,500 gallons of gasoline—through a ration clerk at Lubbock who appeared in court here Monday to testify, evidence showed. Harper, it was alleged, had obtained money from her under pretense it was to be used in his defense. Testifying in his defense, Harper denied this.

Two Texans Among 192 Navy Casualties

WASHINGTON, Oct. 4. (AP) — The Navy department today announced 192 casualties not heretofore released on Navy department casualty lists. This list includes 34 dead, 110 wounded, and 48 missing, plus the names of 31 whose casualty status has been officially changed. The following Texans were included:

Parker, James Augustus, radio technician, third class, U. S. Coast Guard reserve; Missing; mother, Mrs. Iva Lillian Parker, San Angelo.

Robertson, William A., jr., first lieutenant, U. S. Marine corps reserve; wounded; mother, Mrs. W. A. Robertson, Amarillo.

Testimony Completed In Polygamy Case

SALT LAKE CITY, Oct. 4. (AP) —Only instruction to the jurors and summation by attorneys remained today to complete the trial of 31 members of the "fundamentalist" cult charged with conspiracy to violate Utah's anti-polygamy laws.

Defense attorneys rested their case after District Judge M. J. Bronson refused to permit them to question again a retired Mormon bishop who said he had been deputized to "try to save young people from the clutches of this cult."

Bronson recessed court until tomorrow afternoon to prepare his instructions to the eight-man jury. State and defense each will have three hours to summarize the case which is expected to go to the jury Friday.

One Dies, One Hurt In Truck Accident

JACKSONVILLE, Tex., Oct. 4. (AP)—Nolan Folmar, 30, Rusk, Tex., was fatally injured and John L. Jones, 19, Dialville, was critically hurt today in a traffic accident near Rusk.

The men were in the cab of a lumber truck. The truck figured in a collision and the lumber shifted, crushing the men.

Trucks For Civilians Authorized By WPB

WASHINGTON, Oct. 4. (AP) — The War Production board, it was learned today, has decided to authorize renewal of production of light trucks for civilian use with manufacture of about 20,000 scheduled for the first six months of 1945.

RESIGNATION DECLINED

FORT WORTH, Oct. 4. (AP) — The resignation of the Rev. George Norris as pastor of the First Baptist church was unanimously rejected tonight at a congregational meeting which followed the midweek prayer service. The Rev. J. Frank Norris, pastor of the church for 36 years, who retired in favor of his son a few months ago, conducted the meeting.

MOVE FOR AIR TRADE

LONDON, Oct. 4. (AP)—Prime Minister Churchill was reliably reported tonight to be contemplating creation of a ministry of civil aviation to direct Great Britain's bid for postwar air transport business.

Ten Jap Ships Sunk, Damaged

(Continued From Page One)

Kweilin in Kwangsi province.

A delayed dispatch from an Associated Press war correspondent in China said U. S. airmen, forced to evacuate and destroy six of their seven forward bases in eastern China, were swarming from their lone remaining airdrome in an effort to stem the Rising Sun tide in Kwangsi.

Meanwhile the Netherlands news agency Aneta, in a dispatch from Allied headquarters in the Southwest Pacific, disclosed that the three score Allied Liberator bombers that hit the Balikpapan, Dutch Borneo, oil center last Friday (U. S. time) flew from new advanced bases in Dutch New Guinea.

Gen. Douglas MacArthur, reporting the heavy raid yesterday, said Balikpapan, Japan's most important source of aviation gasoline and lubricating oil, was "the most lucrative strategic target in the Pacific." He added "destruction of this target curtails drastically and immediately the enemy's capacity to wage air and naval war and to move essential cargo."

Radio Tokyo, heard by FCC, announced the death of seven additional Japanese rear admirals, bringing to 19 the total of fatalities of that rank within the last month.

Close In On Foochow

The Chinese high command reported fighting less than a half dozen miles east of Foochow, last major east China seaport the Nipponese do not control. The Japanese launched the Foochow drive from points where they landed on the Fukien coast.

On the Kwangsi front, where Kweilin is the objective, the Japanese captured the railroad town of Hingan. It is 31 miles northeast of Kweilin. It appeared the invaders were attempting to outflank Kweilin on the west.

In blood-stained Hunan province the Japanese eased the pressure on the left flank of their Kweilin offensive as they broke into Changning, 37 miles south of Hengyang. Hard fighting raged at Paoching, on the Nippon right flank, where the Chinese repulsed a dozen attacks.

Desperate Yank Attempt

Preston Grover, Associated Press war correspondent, in an Oct. 1 dispatch from the last major American air base in east China, said the Yank fliers were making a desperate attempt to slow the Japanese in Kwangsi. He said the Japanese are raiding the base nightly.

Radio Tokyo, recorded by FCC, broadcast a Domei dispatch telling of nightly American air raids on Canton since last Saturday.

Gen. Joseph W. Stilwell's headquarters announced destruction of 14 Japanese planes in combat with Yank airmen during the week ending Sept. 27. Not a single American plane was lost.

Meanwhile a Chungking cabinet spokesman said a conscription ministry would be created shortly to accelerate and equalize the drafting of men for the Chinese Army.

Allied Southeast Asia headquarters reported that 9,746 Japanese soldiers were killed and 450 captured during the past six months as the British 33rd Indian corps advanced 295 miles to the gates of Tiddim, Nippon western Burma base.

Japs Now Decide To Keep Navy In Hiding

NEW YORK, Oct. 4. (AP)—The Tokyo radio, which has repeatedly promised that the Japanese Navy would soon come out for a big fight, declared tonight that "there will be no major clash between the two naval forces of Japan and America."

Instead, said the broadcast recorded by CBS, "there will be a continuous air battle which probably will decide the war." The comment was credited to a Japanese admiral.

Guerilla Fighting Reported In Spain

LONDON, Thursday, Oct. 5. (AP) —Guerrilla fighting in northern Spain was reported early today by the De Gaulle-sponsored Toulouse radio.

Even as the Falangist party organ Arriba warned that Spain would not "tolerate" threats and insults of the Spanish republican elements incorporated in the French Maquis on the frontier, a Toulouse broadcast said the Franco-Spanish frontier at Andorra had been closed by Spanish authorities—"according to reports as a result of the great extent of guerrilla warfare in northern Spain."

SLAVS PROMISED WHEAT

NEW YORK, Oct. 4. (AP)—Marshal Tito's Yugoslav Council of National Liberation has been promised 500,000 tons of wheat by the Soviet government, said a BBC broadcast monitored tonight by NBC.

OFFICIALS REAPPOINTED

AUSTIN, Oct. 4. (AP)—Ed Moore today was reappointed clerk of the Austin (third) court of civil appeals. Miss Elizabeth Byrne was reappointed stenographer and Mrs. J. C. Burleson was reappointed deputy clerk.

FM APPLICATION FILED

WASHINGTON, Oct. 4 (UP) — The Frontier Broadcasting Co., Inc., has applied for permission to build new FM stations at Austin and Waco, Tex., the federal Communications commission announced today.

Nazi Hopes Fade As Yanks Smash Forward And Russians Close In

By KIRKE L. SIMPSON
Associated Press War Analyst

Nazi hopes of warding off an Allied sweep to or beyond the Rhine before winter are ebbing fast as American forces bludgeon their way through or around the Aachen and Metz redoubts of the Siegfried line.

SIMPSON

Tank exploitation of an infantry-achieved gap in Siegfried positions north of Aachen on a three-mile front was reported in process from American First Army headquarters. In the south, the Fort Driant bastion of the Metz fortification system on the Moselle seemed firmly in the grip of Third Army comrades.

Outburst By Goebbels

The gravity of the situation for the foe was underscored in a fanatical outburst by Dr. Goebbels, Nazi propagandist in chief. An all out Allied attack has opened, he said, calling for a "a rampart of (German) bodies, young and old" to bring it to a halt should it "temporarily succeed in advancing."

Allied forces are not deep enough in Germany yet to test effectually the civilian response to the desperate plea. The same voice-of-Naziism has so often told them that Hitler's Fortress Europe was invulnerable and the "west wall" impenetrable that Goebbels must be a prophet little honored by intelligent Germans.

Nor has the full force of that Goebbels-announced Allied assault yet been felt. American advances against the Aachen and Metz defense pivots still appear as essential preliminaries for a renewed British thrust at the Arnhem gateway to the Rhine in the north. That way is still the shortest road to the heart of Germany. It is there behind the lower Rhine that picked Nazi stormtroop divisions, not deepest fortifications, bar the way.

Southwestward meanwhile, the Russian menace to Hungary, ignored in the radio broadcast excerpts of Goebbels' frenzied plea for a fight to the death within Germany itself, rose ominously overnight. Sweeping up both sides of the Danube on a wide front in Yugoslavia Red Army columns neared Belgrade and a junction with Tito Partisans below Budapest.

The Russian smash up the Danube serves a double purpose. It is aimed at isolating Nazi garrisons south of Belgrade and also deal a knock-out blow at Hungary, finishing the wrecking of the Nazi Axis in Europe.

News Briefs

Official notice was received here Wednesday that three servicemen of this area have been wounded in action: Cpl. Doyle T. Jones, U. S. Army, husband of Mrs. Nora O. Jones, 1009½ Denver, Plainview, in the European area; Pvt. Edwin R. Bruce, U. S. Army, son of Mrs. Millie R. Bruce, 2617 Twentieth, somewhere in Europe, and Pfc. Lenuil E. McCrary, U. S. Marine corps, son of Mrs. Clara McCrary, Brownfield.

Confidence that "safe thinking . . . will carry us safely through the postwar period" was expressed Wednesday by M. C. Ulmer, president of West Texas Chamber of Commerce, at a Rotary club luncheon in Hilton hotel. He urged "maximum contribution of the individual in today's economy, with a minimum of friction." The Midland banker was introduced by Dr. Clifford B. Jones, president emeritus of Texas Tech. Others on the program, or introduced as guests: Joe Arrington, Gene Hardy of Hugoton, Kas.; Dean James G. Allen, Jed Rix of Fort Worth, D. A. Bandeen of Abilene, Bert Winfrey and Percy Ralls and J. Edd McLaughlin, all of Ralls, and G. N. Hailey and Ira G. Dodd, both of Fort Worth, Louis Rix, USN, of Gulfport, Miss., Paul Rix of Odessa and Fred Childress of Seminole. C. A. Bestwick presided, and Earl Collins arranged the program.

Application of Clara Millsap for a rehearing in her case against Western Union Telegraph Co. of Lubbock, for damages of $52,400, was denied Wednesday by Texas supreme court. The plaintiff had appealed from a seventh civil appeals court upholding of trial court action in dismissing the cause.

Chief Warrant Officer and Mrs. Lloyd N. Lipscomb of Cleveland, O., are the parents of a son, John Neil, born Wednesday morning, the grandparents, Dr. and Mrs. L. N. Lipscomb, 2316 Eighteenth, were informed by telephone. Lipscomb, who is with the Coast Guard and stationed in Cleveland with Ninth Naval district, was promoted this week to chief warrant officer. Miss Lipscomb is the former Miss Audre Lofland.

Lubbock Council No. 183 R. & S. M. will confer council degrees on several candidates tonight beginning at 7:30 at the Masonic hall over Citizens National bank.

"Buy A War Bond TODAY"

Gas Reserves For 45 Years Are Said To Be Available

WASHINGTON, Oct. 4 (AP) — Sufficient gas reserves are available to meet existing needs for more than 45 years, counsel for the United Gas corporation, Houston, testified before the Federal Power commission today on an application for a new contract to export natural gas from Texas to Mexico for distribution in the city of Nuevo Laredo and vicinity.

Such a "super abundance" is available that "no part of Texas" or the rest of the United States "can be hurt by this exportation," Huffman Lewis, counsel, declared.

The company has negotiated a new agreement with the Companía de Gas Nuevo Laredo, and propose to replace a portion of its four-inch pipeline from Laredo, Texas, to the border with a six-inch pipeline in order to deliver increased quantities of gas to customers of the Mexican company.

Latin-America Would Get Airlines Service Under Eastern Plan

WASHINGTON, Oct. 4 (AP) — A proposed schedule of daily round trips between Miami, Tampa, New Orleans and Texas points to Mexico, Havana and the Panama canal zone was submitted to the Civil Aeronautics board today by Eastern Airlines.

It was the third day of testimony by the Eastern line at the board's hearing of post-war Latin American air routes. Daily flights to the Caribbean and Central America were outlined in exhibits, submitted after Eastern's decision not to seek routes on the South American continent.

The line's exhibits proposed one daily round trip between the following points: Miami and Balboa; Tampa and Balboa; Miami and Havana; New Orleans and Havana; Houston nd Mexico City; Corpus Christi and Mexico City, and two round trips daily between New Orleans and Mexico City.

Flights to the Mexican capital through New Orleans, the airline said, would connect with present Eastern routes linking Atlanta, Washington, New York and Boston. Through the Houston and Corpus Christi gateways, Eastern said a direct service to Mexico City would be available from Lake Charles, La.; Memphis, Indianapolis and Detroit.

The airline said its proposed Latin American routes probably could not be operated economically at fares of less than 6 cents a mile, with an additional 25 per cent charge on sleeper routes.

Estimated fares submitted by the line: New Orleans-Havana, $39; Miami-Havana, $14; Washington-Havana, $78; New York-Havana, $80; New Orleans-Mexico City, $56; Houston-Mexico City, $122; and Boston-Mexico City, $132.

The principal difference between the outogiro and the helicopter is that the rotor of an autogiro is not power driven, it answers the same purpose as a wing.

Real Estate Men Air Taxation Problems

Tax problems confronting real estate owners were discussed by R. W. Patton of San Antonio, president of the Texas Real Estate association, when he spoke to 46 members and guests of Lubbock Real Estate board at a luncheon Wednesday in Hilton hotel.

Patton was accompanied here by W. C. Perkins of Dallas, association secretary. They are making a statewide tour to discuss, with real estate boards, local problems as well as the functions of the state association. Accompanied by representatives of the Lubbock board, Patton and Perkins went to Plainview Wednesday night to help organize a board.

LOCAL IS WINNER

AUSTIN, Oct. 4 (AP)—Action of the state supreme court here in refusing a writ of error left San Antonio local 14 winner of litigation with the United Brotherhood of Carpenters and Joiners of America who had ordered the local suspended.

A Three Days' Cough is Your Danger Signal

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Lysanda!
FRAGRANCE...
because She deserves a luxury

Under the subtle influence of Lysanda Fragrance, the cares that infest Her day will seem less important. Exquisitely packaged in crystal bottle with classic sculptured figure.

AS SEEN IN THIS WEEK'S SATURDAY EVENING POST

Time's ripe to gather in your

ARROW HARVEST TONES

If you have plenty shirts and ties don't buy any more—buy War Bonds instead. But if you haven't, buy shirts and ties that look well and wear well together... like these new Harvest tones by Arrow.

The shirt comes in handsome pastel colors, has grandrelle stripes and specially designed ties and handkerchiefs. It's tailored with all the niceties always found in Arrow... including the Arrow collar and the Mitoga figure fit.
