VISITORS BAG BIG CAT

Photo by Allen Graves

Two recent Wellington visitors killed this 27-pound bobcat recently near Childress, after they had used a call to bring it within nine feet of where they were standing. At left is Gary Strong, 15 year old son of Mr. and Mrs. Eddie Strong of Artesia, N. M., who shot the bobcat. With

him is his uncle, Bill Cunningham of Midland. Both formerly lived here, and were visiting Gary's grandparents, Mr. and Mrs. J. M. Strong. The cat measured 36 inches from nose to tail-tip. The animal was found on the farm of Pat Patterson, Cunningham's step-father.

## Bringing the Liberty Bell

### Rockets Open Home Schedule Against Memphis Friday

Skyrockets open their home schedule Friday night, September 18, against the Memphis Cyclone—a team that is going all-out to beat Wellington this year. Game time is 8 p.m.

"We hear the Cyclone is bringing its old liberty bell and they're having pep rallies every night,"

Coach Frank Lindsey reported. "They say they're out to break the jinx that has dogged them the last few years."

Class A Memphis has a considerably better team than its early record indicates, for both games so far have been defeats.

In their opener, the Cyclone lost to the AA Tulia Hornets 36 to 8, then last week went down to Class B Estelline 21 to 20. Estelline, however, is rated second in Class B football of the state.

The Cyclone is operating under three new coaches this year, after failing to win a single game last season.

Head coach is John Howle, and he is assisted by Bob Lamber and Don Martin.

The Cyclone this year is running a different type offense which sees one of the halfbacks shifted over behind the end. This formation sets the stage for a more wide-open game than has been the case in past years.

The Rockets will probably have no pushover, is the consensus.

Besides this, the Wellington team is without its regular fullback, Bill Estes, and its first choice replacement, Gary Holliman.

Estes got a severely sprained ankle in the Spearman game, and Holliman followed this up with sprained ankle at Hollis.

Burl Lowe is now slated to start in the fullback position.

## At Hedley

### Quail Student Reigns at Cotton Festival

Miss Patti Patton will reign over the Eighth Annual Cotton Festival to be held at Hedley Friday and Saturday, October 9th and 10th. Queen Patti is the daughter of Mr. and Mrs. V. M. Patton of the McKnight community and is a junior in Quail High School. Eighteen girls are competing for her crown. The contest will close Saturday of the Festival and the 1960 Queen will be crowned in a very colorful ceremony that night.

The Festival will be along the same lines as heretofore furnishing continuous free entertainment both day and night for the full two days. Practically all of last year's entertainers will be back and several new events have been added. There will be two parades, the Kids Pet & Novelty parade at 11 a.m. Friday and the grand parade at 1 p.m. Saturday. The people of Wellington have helped greatly in the past seven Festivals and any aid they can give in this one will be welcome and ap-

preciated. With better than average cotton crop in the Hedley area this promises to be their biggest and best Festival.

### R. S. Hudson of Dodson Dies in Accident Friday

R. S. Hudson, 69, prominent Dodson farmer, died instantly in a two-car collision 16 miles west of Tahoka Friday, September 11, about 11:30 a.m.

Mrs. Hudson and her sister, other occupants of the car, received minor cuts and bruises and shock, and were kept overnight in the Tahoka hospital for observation. Two negroes riding in the other vehicle, a pickup, were critically injured.

According to information received here, the on-coming pickup went out of control on a curve, whipped off the pavement and back on several times, then as it started to overturn, bounced and struck the top of the Hudson car on the driver's side.

The car had no other damage, the reports continued.

Mr. Hudson had lived near Dodson since 1929. He was especially active in the Masonic Lodge and held dual membership in the Dodson and Hollis Lodges. He was a Past Master at Dodson.

Ralph S. Hudson was born December 9, 1889, in Limestone County. He moved from Olustee to Hollis in 1911, living there until he moved to Dodson.

He was a member of the Baptist Church.

Funeral services were conducted at First Baptist Church in Hollis Monday at 3 p.m. by the Rev. Carl Hudson of Crowell, a nephew, and the Rev. Alfred Woodard of Hollis, pastor. Graveside rites

### HD Club Women at State Meet

Three Collingsworth County Home Demonstration Club members Mrs. J. L. Alexander of Samnorwood, Mrs. John Carson of Quail and Mrs. Jesse Motesbucker of Wellington left Monday to join women from all parts of Texas at the annual Texas Home Demonstration convention in Galveston from Wednesday through Friday.

They will return Saturday. Mrs. Wilmer Smith of Wilson, president of the Association, said emphasis this year will be on workshops, where delegates will exchange ideas and take part in actual demonstrations, forums and discussions that can be shared with families and friends back home.

Delegates will have an opportunity to study exhibits of many new home furnishings, equipment, foods and clothing items between the meeting sessions.

### Attend Scout Meet Thursday

A group from the Comanche District will attend the quarterly meeting of the operating committee and commissioner staff of the Adobe Walls Boy Scout Council in Pampa Thursday evening, September 17.

Going from here are Dr. Carter Holcomb, district chairman; Sandy Parsons, Jr., district vice chairman; Jack Sanford, organization and extension chairman; Zook Thomas, finance chairman; and the Rev. Anthony Thibodeaux, assistant district committeeman and Bill Eller, district executive. They will be joined by Dick Cole of Memphis, district committeeman; and Clyde Price of Clarendon, camping activities chairman.

### Sounds Like Comedy

### "Country Gal" Slated at Dodson Thursday

"Country Gal" a comedy in three acts, will be presented by Dodson high school students Thursday, September 17, in the high school auditorium. Curtain time is 8 p.m.

It tells an old, old story—with a new twist—about a dissatisfied country girl who has visions of a brilliant singing career on Broadway. Sherry Crownover is the girl. Her little sister is played by Shar-

## Salt Fork Feasibility Study Begins Soon, City Men Told

Work on the feasibility study of Salt Fork, along with Prairie Dog Town Fork of Red River, will begin "right away," John Coleman and Paul Spillman announced on their return from Washington, where they conferred with Floyd Dominy, head of the bureau of Reclamation, and with other personnel of that bureau.

But at the same time they reported Collingsworth came nearer to losing the study than anyone here realized.

Although the bill authorizing the study was previously approved by both houses of Congress and signed by the president; money for the study was tied in with the water resources bill President Eisenhower vetoed.

The 2 Wellington men with Dominy, were in the House when members overrode the president's veto September 10 by a big majority. The override vote also was heavy in the Senate.

While this restores the money to the Salt Fork study, along with other projects in the water re-

sources bill, all were cut by two and one-half per cent, and the \$90,000 announced earlier for the study actually will be \$87,500, Coleman and Spillman reported.

With work on the feasibility study beginning in the near future, the report should be completed and ready for release by November 1960, Dominy told them.

It will cover the entire Salt Fork and Prairie Dog Town Fork basins in Texas.

First there will be a reconnaissance survey of the basins to gather and coordinate all available information with regard to the water potential of the area, including both ground and surface waters, and possibilities of developing usable water supplies for irrigation, and for municipal and industrial uses.

It will check out all possibilities for dam sites up and down the river.

"If we don't have the right location, they will figure out where the right location is," Coleman said.

It will cover a study of siltation, and the possibilities of wild-life development, recreation, flood control and other uses.

The holding capacity of the potential reservoir will be determined, (whether it will hold water or not.)

Engineers will study the logs on windmill wells, oil and gas tests made in the past, drilling for piles at bridges and if this does

### Kaye Peeples Wins District Queen Title

Wellington's poised and charming Kaye Peeples was crowned District 1 Farm Bureau Queen in Amarillo Saturday, September 12, winning the right to compete in the state contest in San Antonio later in the year.

A week earlier she had won the title of Collingsworth County Farm Bureau Queen.

Miss Peeples won over nine other contestants, representing counties from all parts of District 1.

The daughter of Mr. and Mrs. Ray Peeples, Kaye is 16 years old and a junior in Wellington high school. She is a blue-eyed blonde. She has been active in school affairs and has a part-time job at C&H Pharmacy.

The Saturday contest in Amarillo was televised and candidates were questioned on their activities, then each told why she was glad her family belonged to Farm Bureau.

### Quail Revival Opens Sunday

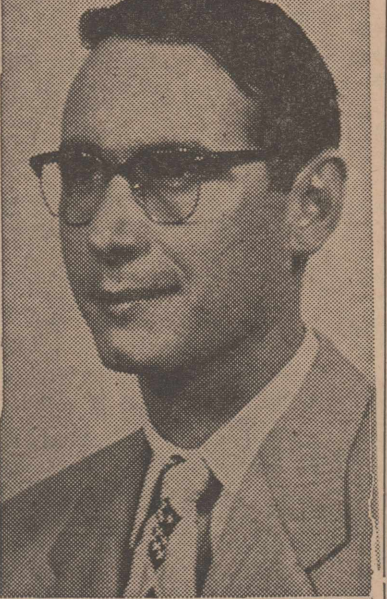

Revival services will open at Quail Baptist Church Sunday, Sept. 20 and continue through the following Sunday, Sept. 27, the Rev. O. D. Holton, pastor, has announced.

The evangelist will be the Rev. Bill Hendricks, former pastor of South Baptist Church, Dodson, now a teacher in Southwestern Baptist Theological Seminary, Ft. Worth.

Ted Parker of Dodson will lead the singing and Billy Evelyn Lowe will be the pianist.

Preaching services will be at 10 a.m. and 8 p.m. An evening fea-

### For Executives

### Ellers at National Scout Conference

Mr. and Mrs. Bill Eller have returned from the eleventh National Training Conference of Boy Scout professional leaders, held at the University of Michigan, Ann Arbor, September 1 through 8.

Held every four years, it is an intensive period of training for 4,000 Boy Scout professionals under the leadership of their national officials. A planned program was set up for the more than 1,000 wives attending.

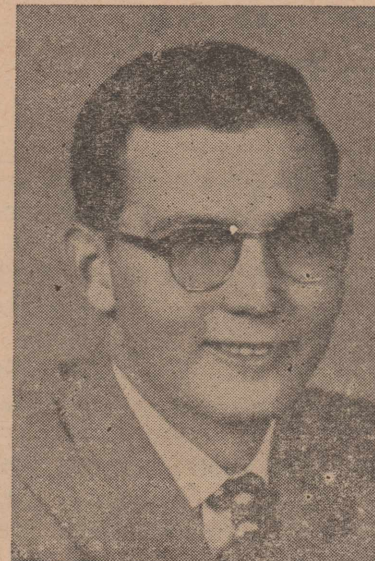

Scout Executive Grantley Hudson led the Adobe Walls Council delegation, which included also Assistant Executive Hollis Alford and District Executives Jay Leath of Pampa, Roy Hart of Borger, Sam Jenkins of Guyton and Roy Bassett of Perryton. Wives of all these attended.

Purpose of this year's training conference was to investigate ways and means of improving the organization's ability to reach and serve boys of the various Scout age levels.

Some of the outstanding speakers at the conference were Associate Justice Tom C. Clark of the United States Supreme Court; Orville Beal, vice president of Prudential Life Insurance Company; Ray Eppert, president of Burroughs Corporation, who talked on "Human Relations and Staff Management." Lady Baden-Powell, widow of Scouting's founder, addressed the wives.

Other notable speakers were H. Roe Bartle, Mayor of Kansas City, Missouri, and Bishop Richard C. Rains of the Methodist Church who delivered the sermon at the Protestant church service Sunday morning.

During the past year to eighteen months, Scout Executives have been evaluating successful methods and techniques in these six major study areas: extending unit organization, quality unit program, volunteer manpower, staff

management, finance and communications. There will be discussion groups and class sessions on each of these major areas of study.

### BOBWITES BEGIN INTENSIVE BASKETBALL PRACTICE SESSIONS

The Bobwhites, Quail high school girls basketball team has begun practice, to be continued until the cotton harvesting vacation.

W. C. Smith is coach. The team will play its first scheduled game on November 6, against Vinson.

Smith has only three letter players back from last year's team, Amelia Morgan, Brenda White and Inois Clay. They are joined, however, by Sharon Phipps, a senior who lettered year before last but did not play last year.

Smith lost five letter players by graduation and one did not return to basketball this season.

The Bobwhites are largely a sophomore team this year, with only two seniors, Sharon Phipps and Ronetta Young.

Now out for basketball practice are Inois Clay, Jackie Hill, Linda Jenkins, Jenny Ann Kennedy, Jan Langford, Cheryl McGill, Sherry McGuire, Rita Moody, Betty Moseley, Amelia Morgan, Rita Patterson, Jamie Ross, Jerri Stephens, Almeda Tidwell, Barbara Tyler, Brenda White, Sue Wilson, Ronetta Young and Bobby Groves.

### Two Pieces of County Business Should Be Getting Attention Now

The county's road administration problem is settled at this point, and it would be well to return our attention to two worthwhile proposals that were before the commissioners court when the road situation cropped up.

One is the need for a county jail. The other is the proposal that the road bonds of Road District No. 1 be assumed by the entire county.

Certainly the need of a jail is obvious. Because it was sidetracked, the county is going into the fall season, always busiest for law enforcement officers, without a local lodging for prisoners. A limited number of prisoners can be kept overnight in the city jail at the community building. But there are no facilities for feeding inmates, and this one room jail was not intended to serve as a county jail in the first place.

For other than minor offenders, Collingsworth now must take its prisoners to Childress or Memphis, paying board on them at the rate of \$1.25 per day, plus mileage at 6c per mile for the officer taking the prisoner to the adjoining county jail and going after him.

There is certainly no indication that a jail will cost less if we wait. The opposite is probably true.

The hitch when the jail was before the public earlier this year was the method of financing. Surely with study and work, a method of financing that is legal and agreeable can be worked out.

The road bonds are another matter. In 1949 the people of Precinct 4 living north of Salt Fork voted to tax themselves to pave 10 miles of county roads in the Dozier vicinity. It gave those farmers and ranchers the convenience of a surfaced road and it took the burden of maintaining those roads off the county's already cramped budget and gave it to the state. Just that much money was freed to use on the other roads.

That still applies. With the use of the unit system of road administration it is felt that it is the duty and responsibility of the entire county to assume this indebtedness. The tax would amount to only a few cents on the \$100 valuation. The remainder of the county still benefits by having the money that otherwise would go to the maintenance of these surfaced roads in Road District No. 1.

Here are two matters that need the immediate consideration of both county officials and the public.

### Putting Price Tag on the Future

The Houston Chronicle

No wonder there's so much rubbing alcohol being produced these days. Taxpayers are using it on their sore backs.

United States Census Bureau figures on fiscal 1958, just compiled, probably will send taxpayers rushing to their medicine cabinets.

During that period, said the bureau, Americans paid \$93,300,000,000 in federal, state and local taxes. That averages \$568 per person.

But the brain-numbing sum still wasn't enough. The public debt at all levels of government increased \$11,800,000,000, to a total of \$334,400,000,000. Of this, nearly \$300,000,000,000 is federal debt.

The debt load per person rose to \$1930, of which \$1595 was federal and \$335 was state and local.

Just think, every baby that is born in this country has a debt of nearly \$2000 hanging over his head.

What a load to place on future generations!

### Fong Is Civil Rights Foe

The Houston Chronicle

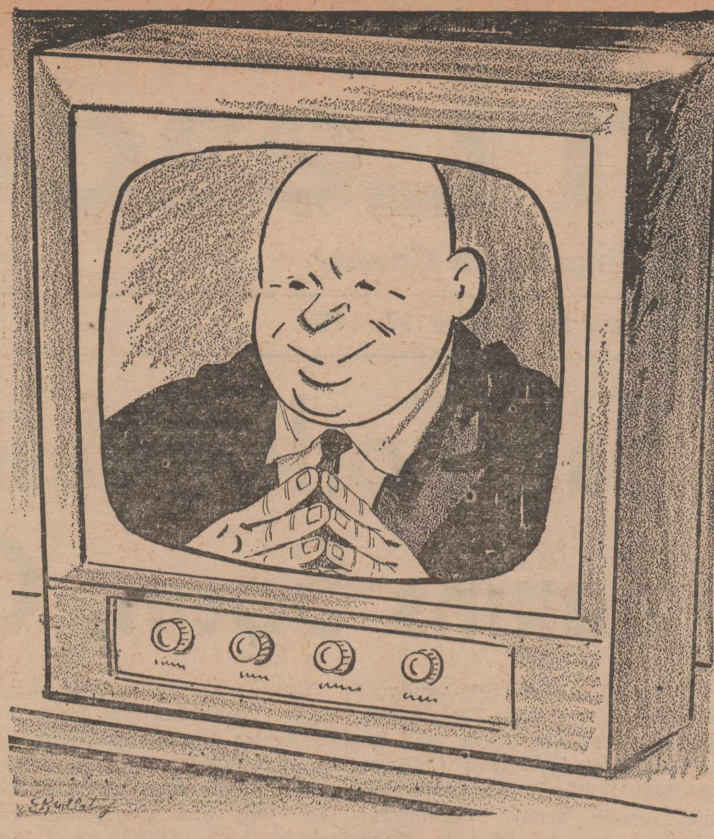

Opposition to strong civil rights legislation came from a surprising source recently. One of Hawaii's new senators, Hiram L. Fong, warned Congress to be wary in considering civil rights legislation. Fong is regarded as a liberal. Although a Republican, he was backed by labor in the Hawaiian election.

In making the warning to Congress, Fong said: "It is difficult to legislate a mode of life. I believe if we give it a little time, time can cure most emotional problems."

Hawaii is a melting pot of minority groups. Fong should be familiar with the problems of assimilating into one society a number of different ethnic groups.

He apparently feels there is danger of restricting the freedom of everybody if Congress goes too far on civil rights. It is a sensible thought, worthy of considerable reflection.

### CROSSROADS REPORT

Dear Editor:

I see where New York city officials want the federal government to take over their crime problem and set up happy days youth camps to get the junior killers out of their hair.

But my Washington-weary neighbor doubts the Potomac problem experts would know what to do with surplus hellions any more than they know how to get rid of surplus corn.

Says he is ready to cash in on his age, though, if Washington takes on the youth control job and sets up a program to pay people for not raising children.

One of my letter writing neighbors tells me he is mighty worried about all of these plans to rocket a man into outer space.

Says he is satisfied that this is just a government scheme to get an Internal Revenue branch office set up in the Promised Land.

Says it has always been a great comfort to him, knowing he could get away from taxation by dying, but now he is afraid the spendologists are trying to plug up that loophole.

I see where some high schools are aiming to set up separate but equal facilities for married teenagers, so as their condition won't rub off on their innocent fellow students.

My uprighteous neighbor says maybe they ought also to put mar-

ried teachers and married parents under quarantine, so our young-nus won't learn about the marriage custom until after they get through school.

But says he don't think this will work, on account of he recalls it wasn't seeing somebody else in that shape which made him want to get married.

I see where Adm. Rickover reports that 17- and 18-year-old Russians know as much as U.S. students with two years of college.

My worry-weary neighbor says maybe this is the case with math, physics, etc., but he will back our kids against Red youth any day in juke box appreciation, accelerator tromping and night owling.

And says all we need do to insure national safety is to reorganize war so it can be fought out on the highways with hotdogs at night.

I see where a Gallup poll show 59 per cent of us people want a law against anybody owning a pistol except the police.

My low-strung neighbor says this ought to be a boon to young men planning careers in the hold-up, hijacking and general persuasion business, on account of it would cut down the risk of failure by disarming the customers.

But he says, on second thought, how could a fellow ever get into this type of share-the-wealth work if it was against the law for him to own a pistol?

One of my frustrated neighbors

writes that he is getting ready to change congressmen at the next election.

Says other Americans all over the country are getting to help run the government by keeping their representatives whipped into line with letters and telegrams and going to Washington with delegations.

But says he has had to sit at home all during this session, feeling unnecessary, on account of his man just goes along voting right without any coaching from him.

Soil conservation affects taxation.

# Rockets Romp Over Hollis 14-8 Friday

By Tom Wilkins

Wellingtons high flying Sky-rocket pulled a wild upset Friday, night in drumming the highly rated Hollis Tigers, 14-8 before a capacity crowd at Hollis. The Rockets, using a wide open ground attack and cashing in on several aerial attempts, literally played the Tigers off the field. After the first opening minutes the Tigers were in the contest. The game was more one sided than the score might indicate.

Although the Rocket offense was flashy it was the great defensive plays that made the difference. The Rocket defenders pursued well and often through the Tigers for minus yardage. The Tiger backs seemed to lose their steam as the Rockets continued to come through their line as though it weren't there. It is this well rounded offensive and defensive attack that wins ball games. If the Rockets can keep this pace they are going to be hard to beat.

The Rockets kicked to Hollis in the opening of the game and the Tigers proceeded to march down the field, however this march was short lived as the Rockets dug in and forced the Tigers to punt. The Rockets took over and scored their first touchdown a few plays later. Bruce Crosby, Ronnie O'Rear, and Dickie Elbert handled the pigskin in this march with Elbert slicing over from nine yards out. The

point after failed and the fired up Rockets led 6-0. Lonnie Roark got off a booming kick and the Rockets smothered the Tiger ball carrier for short yardage. The ball changed hands twice and the first quarter ended with Crosby punting.

As the second quarter started the Tiger offense still could not move. They were forced to kick and the Rockets begin to head for pay dirt again but an intercepted pass halted the drive. Later in the quarter the Rockets got another drive going but a fumble gave the Tigers the ball with two minutes left in the half. Footballs filled the air as the Tigers attempted to score before the half. Bruce Crosby, tore the Tigers play house down as he snagged a pass with two seconds left. The half ended 6-0 Rockets out in front.

The third quarter exciting with both teams exchanging fumbles and punts. The Rocket defense was still tough and kept the Tigers along from that all important end zone.

The fourth quarter started with the Tigers punting to the Rockets.

The ball sailed over Weldon Cleavelands head and he finally picked it up on his own 10 yard line. He raced behind the Rocket wall and scampered 80 yards before being pulled down on the Tiger 10. Dickie Elbert again plunged over, this time from 4 yards out. Crosby passed to Roark for the point after and the Rockets led 14-0.

The Tigers finally got their offense going and Morris Booth turned in the run that set up the only Tiger score. The Tigers pushed across and secured the point after good and the score 14-8. The Tigers got the ball again with two minutes left in the game but did not have the power to come through in the clutch. Time ran out with the Rockets on top 14-8.

**A Look At The Rockets**

Weldon Cleaveland turned in another brilliant performance Friday night and showed the fans that his efforts against Spearman were no accident. If something doesn't happen this boy could be one of the Rocket greats. Lonnie Roark must also be commended. He turned in a great defensive game and he threw many key blocks.

The interest linemen showed that they can be tough. Harry White looked very impressive in handling the big Tiger line. Although they lack experience Ronnie Forbis, Mike Rainey, Benson Long, Leon Bawcom and Ralph Coburn did a good job in handling the Tiger line.

John Duncan, playing his first game at center, looks right at home. Being an ex-back John has the speed and size a center needs and he is doing a great job. Bruce Crosby came through Friday in what this writer thinks was his best performance. He ran well with the ball, his passes were on target, and he got off several good punts. Most important however he ran the team well and he led them to victory.

Halfback Ronnie O'Rear and Dickie Elbert had another good night as they continued to chew up the yardage. Reserve Gary Holliman, playing his first game in place of the injured Bill Estes, came through with flying colors, turning in several good runs.

The Rockets come home this week to take on the Memphis Cyclons at Powell Field. Lets all be

**TRUCKS THAT DO THE NEXT BEST THING TO PAVING EVERY ROAD IN AMERICA!**

Imagine a truck ride so smooth and cushioned that fragile loads can travel the worst "wash-board" roads with ease. Imagine a truck ride that virtually eliminates shimmy and wheel fight, cuts side sway on curves, makes steering far steadier and easier, keeps drivers far fresher. Imagine a truck ride that permits higher safe cruising speeds, more trips per day with all kinds of cargo over every type of road surface. Imagine a ride that keeps up to 78% of all objectionable road shock and vibration from ever reaching the driver and cargo, a design that sharply reduces twisting and fatigue forces on chassis, cabs and bodies, that keeps trucks young for extra thousands of miles. / Soon you won't have to just imagine such a ride. You can try it for yourself in the trucks that do the next best thing to paving every road in America—new Chevrolet trucks for 1960. You'll see what happens when Chevy's truck engineers design a whole new line of trucks around a whole new kind of torsion-spring suspension. These trucks are new from the ride on up—with wonderfully roomier cabs, brawnier frames, style that's fresh as sixty and more! Don't decide on any new truck till you see the newest of all.

See them soon at your local authorized Chevrolet dealer's.

**LEGAL NOTICE**

**THE STATE OF TEXAS**  
 To any Sheriff or any Constable within the State of Texas—GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper printed in Collingsworth County, Texas, the accompanying citation, of which the herein below following is a true copy.

**CITATION BY PUBLICATION**  
**THE STATE OF TEXAS**  
 TO: T. H. Knowles and wife, Mrs. T. H. Knowles, if living, and if dead, the unknown heirs of the said T. H. Knowles and wife, Mrs. T. H. Knowles, Defendants, Greeting:

**YOU ARE HEREBY COMMANDED** to appear before the Honorable District Court of Collingsworth County at the Court-house thereof, in Wellington, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 26th day of October A. D. 1959, to Plaintiff's Petition filed in said court, on the 26th day of August A. D. 1959, in this cause, numbered 3978 on the docket of said court and styled Inez Reding, a single woman, a Widow, Plaintiff, vs. Mr. T. H. Knowles and wife, Mrs. T. H. Knowles, if living, and if dead, the unknown heirs of T. H. Knowles and wife Mrs. T. H. Knowles, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: A suit in Trespass to Try Title on that certain Eighty (80) Acres of Land Described as All of the South Half (S½) of the Northeast (NE) Quarter of Section number Two (2) in Block Sixteen (16) of the H&G NRYCO Surveys in Collingsworth County, Texas. Plaintiff pleads ownership thereof, under five years Statute of Limitations, Art. 5509, RC Statutes of Texas, and Ten Years Statute of Limitations, Art. 5510, RC Statutes of Texas, based on deed duly executed and registered in County Clerk's Office dated Jan. 20, 1909 of record in Vol 12 Page 315 Deed Records Collingsworth County, Texas as is more fully shown by Plaintiff's petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Wellington, Texas, this the 8th day of September A. D. 1959.

(SEAL)  
 Attest: Mrs. H. B. Lowrie

**New Executive for Scouts**

The Adobe Walls Council of the Boy Scouts of America has announced the employment of Brantly Hudson as Scout Executive. Hudson replaces Yorel Harris, who has become a member of the Regional Staff of the Boy Scouts with offices in Dallas.

Hudson assumed his duties as Scout Executive on August 1. He was formerly employed as the Field Director of the Kit Carson Council in Albuquerque. He has been in Scouting professionally for ten years. Mr. Hudson is married and has three children, and will reside at 1905 Summer in Pampa.

The new Scout Executive began his professional career as a district executive in Goldthwaite, Texas. He then moved to Brownwood and served there for two years. He then served as the district executive in Lubbock, Texas, for three years. From there he became Field Director at Albuquerque, New Mexico, and was with that Council for three and one half years. As a boy, Hudson was an Eagle Scout and served as a Scoutmaster before entering the profession.

The Adobe Walls Council includes 12 counties in the eastern half of the Texas Panhandle and three counties of the Oklahoma Panhandle. The organization has district executive living in Guyton, Oklahoma, Ferryton, Borger, Wellington, and Pampa, Texas.

### Ranchers Will Issue Permits for Antelope

AUSTIN — Antelope hunters will need to solicit permits directly from the landowner this year, according to the assistant director of Wildlife Restoration, Texas Game and Fish Commission. Formerly, all applications, except rancher guest permits, were issued by the Commission.

Several other changes have been made in the operations. Briefly, the biologists count the antelope on the various ranches. The Commission then allots permits for surplus animals directly to the hunters.

No person can receive more than one permit nor bag more than one antelope. A regular hunting license will be required of any antelope hunter if he is hunting that species out of his home county.

The \$5 State permit formerly issued by the Commission is no longer required.

In the Trans-Pecos area, with a season scheduled for November 1 through 10, 1,626 permits are available for issuance. Last year, 1,106 permits were issued. A total of 857 hunters actually participating in the hunt bagged 795 antelope for a 92.7 hunt success.

Antelope permits will be issued only in Motley and Floyd Counties in the Panhandle area this year, with a season set for October 14 through 19.

Contact your chamber of commerce for names and addresses of ranchers in your area who are offering permits. Once you bag an animal, the signed permit must remain with it until processed.

Many fertilizers, enrich soil.

### Leggitt Cited at Ceremony

Lieutenant James R. Leggitt of Wellington, 1st Battalion, 1st Training Regiment, Engineer was awarded the Commendation Ribbon with Metal Pendant at retreat parade ceremonies held Wednesday afternoon at Fort Leonard Wood, Missouri.

Lieutenant Leggitt was cited for the period 20 July 1958 to 7 August 1959, when as Company Commander Company B, 1st Battalion, he displayed superior leadership in establishing and maintaining an extremely proficient company in administration, supply and training. Through careful planning and continuous supervision, he added greatly to perfecting the efficiency of his unit. The application of a positive attitude, outstanding performance of duty and a willingness to put long hours into accomplishing his mission has brought great credit on Lieutenant Leggitt and this command.

Lieutenant Leggitt was a 2 year officer and was separated from active duty on 6 September. The Lieutenant resides with his wife Susane and daughter, Linda Dawn and upon leaving Fort Wood they returned to their home in Texas.

### Cecil McBride to Teach at WT

Cecil McBride, who grew up here, is returning to the faculty of West Texas State College, Canyon, after working the last year toward his doctorate at the University of Texas.

He will teach in the government department.

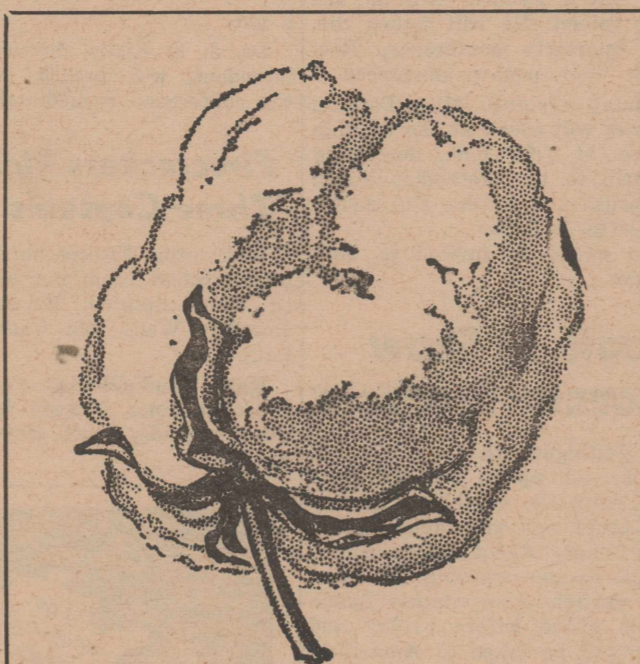

Mr. and Mrs. McBride and their sons, Edwin and Royce, visited recently with his parents here, Mr. and Mrs. W. E. McBride.

# Make the Most Out of Your

# COTTON

Again the Farmers of This Area Are Invited to Share in the Benefits That Come from Ginning at the

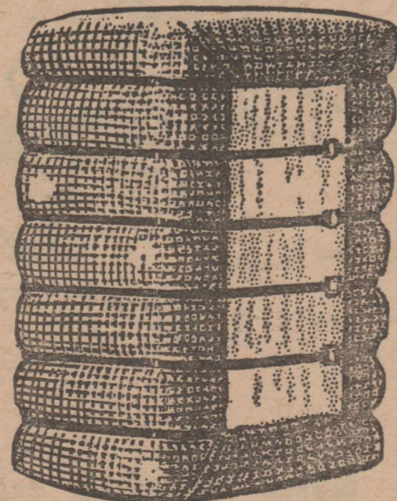

# FARMERS CO-OP GIN

## YOUR COTTON IS INSURED

from the Field through the Gin when You Gin Here

The Farmers Cooperative Gin has always maintained insurance to insure against loss by fire the cotton of its customers while the cotton was in the process of being ginned. The gin has now made arrangements to procure a "floater" which insures the seed cotton of its customers while in transit from the field to the gin, and on gin premises. To afford this broad coverage, the insurance company has stipulated that the customer must agree prior to the beginning of the current ginning season to have all his cotton processed at the Farmers Co-op Gin.

### MANY SERVICES

Again in 1959 as in each year of the past 32 years every cotton grower is invited to take advantage of the services and the benefits that have been offered cotton producers since the time this gin was founded.

### SERVICE FIRST

The rebates you receive at the end of the season are not the only benefits you receive when you bring your cotton to the Farmers Co-op Gin. There are others that are more immediate.

### MODERN MACHINERY

As many of you know we have one of the most modern gin plants in the entire Southwest, especially designed and constructed to serve the needs of the producers of this area. Our cotton cleaning equipment is the best and is a big factor in getting a better sample.

### TWO-PLANT CAPACITY

Two of the most modern gin plants — housed in the same building—give us the capacity to turn out the cotton without keeping our customers waiting. The gin was designed to get the top dollar out of your cotton by doing a better job on every bale.

### NUMERICAL ORDER

We have secured ample parking space and will gin your cotton in the order in which it is weighed in. An attendant will show you where to park after you have weighed and we will get it to the suction when your number comes up. You do not need to be present.

### A MILLION PLUS IN REBATES

We consider these our most beneficial services; but it should be remembered that the Farmers Co-op Gin has paid over a million and two hundred thousand dollars in rebates since it was started. It is easy to become a member—just gin one bale and you are a member entitled to all benefits in proportion to the amount of cotton you gin.

We will have a Cotton Buyer on hand at all times to handle your A & B cotton

## 'Crackers Win Opening Game 14-0 Thursday

Wellington Firecrackers won their opening game from the Clarendon Junior High team 14-0 Thursday night on their home field.

The first touchdown came early in the second period on a pitch-out from Danny Martin, quarterback to right half Bryan Hatch, who then took the ball wide around his own right end for approximately 25 yards.

The ball was put in scoring position by a series of runs with Martin, Richard Layton and Chester McLain alternating at carrying (CP-ba).

The second touchdown came on a hand-off from Martin to Layton, playing left half, who took it about 20 yards. This score was set up in the same manner as the first. Try for the extra point failed.

Layton made the extra 2 points busting through the line.

Tim Bailey, left end, almost made a touchdown of his own. Trying to punt, he fumbled ball, grabbed it up and ran from punt position down to the Clarendon 15 before he was tagged by a persistent young visiting opponent.

All four backfield men played an outstanding game, Coach Harvey Milsap reported, and on the offense, Tim Bailey was outstanding in the line, while excellent defense line play was turned in by Bobby Holtzclaw and Jennings

## NFLA Meeting on Wednesday

The Wheeler-Wellington National Farm Loan Association, which makes and services Federal Land Bank farm and ranch loans in Collingsworth and Wheeler Counties, will meet at the Texas Theatre in Shamrock on Wednesday, September 16th at 2:30 p.m.

The meeting is a regular annual affair, where members hear reports from their officers on the management and financial condition of their cooperative credit organization. An election will be held to fill the place of directors whose terms expire this year.

Following the business session, entertainment will be provided, which will include a full length movie. All members are urged to be present and to bring as many guests as they desire.

home with another daughter, Mrs. Lola Jean Chaudion, who also formerly lived here.

She was accompanied to Fort Worth by another sister, Mrs. Nona Seeds of Norman, and they, with Mrs. Seeds, daughter, had visited with Mrs. T. E. Bengel during the afternoon.

Mrs. Cocke was driving alone at the time of the accident. Funeral services were held in Houston Monday and burial was in that city.

Mrs. Cocke was born at Texola, where her father was a doctor for many years. She attended Oklahoma College for women at Chickasha and West Texas State College, Canyon.

She and Mr. Cocke were married in December 1927 and he was associated with his father, the late Judge R. H. Cocke, in the practice of law until about 1940, when he was appointed an assistant attorney general and the couple lived in Austin several years. Later they lived in Bryan and Dallas before moving to Houston.

Mrs. Cocke was a member of the Methodist Church and in Dallas she was active in the Daughters of the American Revolution. At Bryan she was treasurer of the Woman's Club.

Surviving Mrs. Cocke are her husband and one son, Ricky Cocke of Houston; her mother, three sisters and two brothers: Mrs. Chaudion, Mrs. Seeds, Mrs. Novella Douglas, Bill Howard and Donald Howard.

The family home is at 4501 Hazelton Drive, Houston.

With work due to begin soon, engineers will be pulled off projects in Illinois and Iowa and sent here.

"We feel better since we were up there. We feel they are actually going to do something," Coleman, president of the board of directors of Collingsworth County Water Control and Improvement District, said.

"We told them we wanted the whole water potential surveyed, and Bill Palmer, head of the planning for the Bureau of reclamation told us, 'You're the kind we want to do business with,'" Spillman continued.

The two also conferred with D. R. Burnett, assistant to Palmer and with Senators Lyndon Johnson and Ralph Yarborough, and Representative Walter Rogers.

Palmer formerly was with the Bureau of Reclamation in Amarillo and is fairly familiar with the Salt Fork area.

## Old Paper Pickup Friday

The regular old newspaper pickup is scheduled for Friday, September 18, Mrs. John Coleman reminded.

Local residents are asked to have their papers on the porch, in large paper bags or boxes.

Mothers of the baseball boys will pick up the papers some time during the day, Mrs. Coleman said.

## Commissioners Cover Variety of Work Monday

Collingsworth County commissioners covered a variety of work in their regular session Monday, September 14.

The court voted to notify Caprock Machinery Co. that checks issued and credit due the county, totaling \$3,400, would pay rent on the loader until January 15, 1960.

Seventy-seven claims were approved and seven rejected during the paying of bills. Among those approved was one from Thomas Y. Pickett & Co. for \$1,141.34, covering services in assessing the 1959 royalty interests.

A transfer of funds was made within the Road and Bridge fund, general fund and court house and jail fund.

Reallocations were made in the 1959 tax rate, approved earlier at \$1.32. The jury fund was lowered from 4c to 3c; the general fund raised from 44c to 52c; court house and jail general fund remained at 9c; road and bridge sinking fund was lowered from 15c to 10c and the court house bonds fund was lowered from 8c to 6c.

No changes were made in three funds: Road and bridge special, 15c; Right of way bonds, 7c; and farm to market roads, 30c. In addition to this \$1.32 tax, property owners of Road District No. 1 pay an additional 40c tax.

The following road work was approved:

Tindall bridge, Claude Savage bridge, haul rock one day on Jess Coleman road; haul rock one day on Martindale road; and dirt work on Elmer Black Bridge.

Mrs. Kay Feemster was approved as a deputy in the office of Mrs. Betty White, county clerk.

## Dr. Kirby to Preach Sunday

Dr. J. Edmund Kirby, district superintendent of the Childress district, and former pastor of First Methodist Church here, will return to preach at the service at 11 a.m. Sunday, September 20. Mrs. Alton Pyburn will be the guest soloist. He will follow this with quarterly conference, Rev. Frank Weir, pastor, announced.

Sunday evening, Miss Patricia Sullivan will speak at the worship service at 7:30 p.m., describing her trip to the Methodist Youth Convocation at Purdue University, Lafayette, Indiana.

The public is invited to both services.

## Booth to Show County Products

A Collingsworth County booth will be set up in the Tri-State Fair, Amarillo, exhibiting quality field crops and vegetables grown here, County Agent Lynch said.

Any farmer wanting to enter crop exhibits may contact Lynch at his office before Friday and these will be taken to Amarillo.

Seed entries must consist of at least a gallon. Vegetable entries are set up about like they were in the Collingsworth County fair, Lynch explained.

Mrs. Homer Ingram and Azalea were in Altus Sunday visiting her daughter, M/Sgt. and Mrs. Benny Moore and Eddie.

## Quarterly Conference Sunday at Kelley Methodist Church

## "Made \$15 an acre grazing wheat—cut a 40-bu. crop"

Bill D. Wood, who farms 640 acres, says: "My records show the dollar profit in applying Phillips 66 Agricultural Ammonia pre-plant to wheat land. On my irrigated wheat, I paid for my seed and fertilizer and made \$15 net an acre grazing it, when I used Phillips 66 Ammonia. The next year, I cut a 40-bushel wheat crop."

Other successful Southwestern farmers use Phillips 66 ammonia to give them higher grain yields... and more profitable grazing. The 82% nitrogen in Phillips 66 Agricultural Ammonia gives young wheat a fast start, supplies plenty of lush, protein-rich forage that puts on more beef at less cost per pound.

Many of these farmers plow down Phillips 66 ammonia in the fall on maize land. They know that the 82% nitrogen helps decompose crop residue, to provide extra plant food and make the soil more productive. Remember, Phillips 66 ammonia gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.
