Two Holdup Men Arrested Here

A cool head belonging to 20-year-old Troy Snyder of Portland resulted in the arrest of two Rockport men that had hi-jacked the Billups Filling Station within hours after the holdup, with an assist from the Aransas County Sheriff's Department.

About 1:30 a.m. Tuesday night, Snyder was on duty, when a red-headed, scar-faced gunman entered the filling station where Snyder worked, and at the point of a gun forced him to hand over \$174 in cash, escaping with a pal in a turquoise-colored Ford.

Snyder, despite the gunman's hood, recognized him as a Rockport man with whom the station had done business and who operated a little vulcanizing shop in this area.

Within two minutes after the holdup, Snyder had Portland's chief of police, W. D. Watkins, on the phone, and shortly afterwards, was telling him the story of the holdup, and of his suspicions as to the identity of the hi-jacker.

At 7:30, Chief of Police Watkins was waiting at the Aransas County Courthouse when Sheriff A. C. Shivers arrived, and within a few minutes he and Deputy Slim Haynes were looking for the red-haired man.

Within an hour the two officers apprehended Robert Edward Dampier, and recovered most of the loot, some of which Dampier had upon his person. From a paper sack in Dampier's home they recovered the silver taken at the time of the robbery, along with the sack that the robber had used to cover his head, the .22 caliber pistol that he had used in the holdup, and a blackjack.

Taken to the Sheriff's office for questioning, Dampier made a statement in which he implicated Billie Eastland, who has lived in Rockport for the past three or four months, as his accomplice.

Watkins and Haynes immediately went looking for Eastland, who they arrested within a short time.

The Aransas County Public Library, as part of the celebration of National Library Week, April 3-8, has asked Rockport and Fulton business men to drop in for a cup of coffee at the open house to be held April 6, from 2 to 4 p.m. in the library in the Aransas County courthouse.

"Wake Up and Read," is the slogan that has been adopted for the week, and special emphasis is being placed on teen-age reading.

At 3 p.m. Mrs. C. C. Crabb will review Hawaii, by James Michener, in the District Courtroom.

Refreshments will be served during the open house, and souvenir bookmarks will be presented to all visitors, according to Mrs. Everal West, secretary-treasurer of the library Board. She says that two book lists are also available: Siddle Joe Johnson's Graded List of Texas Children's books and the ALA "Notable Books of 1959."

Mrs. C. C. Atchley, librarian, has announced remission of fines as a part of the celebration, and to hurry the return of some long overdue books.

Post Office Start April 25

Ernest Klein of Houston, successful bidder on Rockport's new post office, told the City Council Monday night that he expects to break ground for construction about April 25. The completion date for the building is July 26.

The new building will be located on the corner of Church and Market Streets, on land which the Post Office Department optioned from Mr. and Mrs. C. C. Fowler last July, and will be leased to the government for ten years, with two five year renewal options.

According to specifications, the post office will have an inside floor space of 3960 square feet, with an additional 240 square feet of outside platform space, a paved parking and maneuvering area of 5625 square feet, and 1004 square feet of side walks, ramps and landscaping.

The building will face Church Street, with a box lobby occupying the front and part of the Market Street side as well. It includes an office for the postmaster, necessary storage and mechanical space, a mail vestibule at the rear and rest rooms.

Construction will be of masonry, steel, aluminum and glass, with most of the Church Street side of glass. Interior finish is hardened concrete, ceramic tile and plaster, with vinyl tile floors. Acoustical tile ceilings will keep down noise; outside trim will be brick. The building will have refrigerated air-conditioning.

ACHS Students On TV Program

Three Aransas County High School students will compete against a team from Tuloso Midway High School on the University of Corpus Christi's "UCC Telequiz" to be telecast over KZTV, Channel 10, at 2 p.m. Saturday. Winning team members will receive scholarship certificates worth \$100 each if they enroll in the University of Corpus Christi.

Rockport team members will be Mary Martha Shivers, Monte Rouquette and Hays Warden. All are seniors at Aransas County High School. Martha is the daughter of Sheriff and Mrs. A. C. Shivers. Monte's parents are Mr. and Mrs. F. M. Rouquette, and Hays is the son of Mr. and Mrs. J. H. Warden, Jr.

Questions for the quiz are in seven categories—art, music, science, mathematics, history, civics, and English literature. They were compiled by members of the UCC faculty. The telequiz is divided into two halves, with each team selecting a category each half. Once a category is chosen, it cannot be repeated. Questions are alternated between the categories chosen and any member of either team can answer. Contestants have 10 seconds in which to answer. Each correct answer earns 10 points toward scholarship certificates.

"UCC Telequiz" is designed to show the public the high quality of education available in South Texas high schools. A. R. Howard, producer of the program and director of the University of Corpus Christi's educational telecasting, said UCC telecasts a weekly series of educational programs over Channel 10 each Saturday from studios located on the UCC campus.

Miss Shivers is president of the high school chapter of National Honor Society, and is secretary of the Student Council. She has served as president of the Greenbackers Club and is an officer in the Curtain Club.

Ski Show Scheduled For July Weekend

The Tourist Promotion Committee of the Rockport Chamber of Commerce, after meeting with Bonnie Hanna and Walter Baxter of the Lake Mathis Water Skiing and Boating Club, have settled on the afternoon of July 3 for a ski show in the basin at Rockport, Mrs. Mary Juergens, manager of the C of C, said this morning.

Hanna told the committee members that the show would last about two hours, and suggested 2 p.m. at the starting time.

The program will be varied, Hanna stated, and will include junior members giving proper signals for boating and ski safety; skiers doing 360°, 180°, and 90° turnabouts and skiing sideways; turnabouts of 360° and 180° during jumps, and a 360° helicopter turn.

Skiers will also hit the jump backwards, Hanna said, and whirl as they leap; teams will jump at the same time; and two people will work together, one going off the jump, the other circling beneath him.

In distance jumping, Hanna said, the boat will be traveling about 35 miles an hour, and as the jumper takes a double cut just before he hits the jump, he will be traveling about 55 or 60 miles an hour when he takes the air. The record for such jumps, Baxter said, is around 150 feet.

In other acts, three girls will put on a ski ballet; there will be a three-girl pyramid; a five-man pyramid; mixed doubles, with the girl riding on the boy's shoulders; backward slaloms; a Texas toothpick solo; barefoot skiing; and clowns.

Also, Hanna told the committee, there was a possibility that the ski club would have a skier who would perform with a man-lifting kite, although he gave no firm commitment on this.

School Election Comes Saturday

First election of the year comes Saturday, April 2, when two trustees for Rockport and one for Fulton are to be elected.

The two incumbents whose terms expire in Rockport this year—J. B. Jackson and Shelley Roaten, are running for re-election, and are opposed by Cecil Cole.

In Fulton, Harry Wilson, whose term expires, has filed for re-election, and he is opposed by Jack McCready.

All voters within the district may vote for two trustees from Rockport and one from Fulton. In the past, according to School Superintendent J. D. Gray, there has been some confusion about this, but he pointed out that there are no precincts in the school district.

As a result, he said, every voter in this election can and should vote on the three places.

Voting booths will be at Rockport Elementary, Fulton Elementary and the Concession House at Lamar.

Judge at Rockport is Mrs. A. L. Brundrett; at Fulton Elementary Mrs. E. G. Cooke is presiding judge, and at the Concession Hall Mrs. Ludine Wofford.

1960 Census Starts Friday, April 1

The 1960 Census of Population and Housing, the Nation's 18th decennial nose count, get underway on Friday morning, April 1, with 160,000 census takers starting their rounds which will take them to every dwelling unit in the United States. In covering the 3½ million square miles of land area of the 50 states, the census takers will travel an estimated combined distance of more than 1,000 times around the world, or approximately 28 million miles.

District Supervisor Province M. Winkler pointed out that residents of this area can speed up the big count by having their advance Report Forms filled out and ready for the census takers. This action will save time for both the householder and the census taker, the census official said.

The Advance Report Form was distributed to local householders prior to the start of the house to house canvass. It contains the seven population and six housing questions which are asked of all persons. The Advance Report form gives the family a chance to assemble information about each member in advance of the census taker's visit. Its use is expected to speed up the field canvass and provide more accurate statistics.

At every fourth household, the census taker will leave a Census Household Questionnaire which contains questions covering population and housing characteristics which are being asked of a 25 percent sample of the population.

Householders are requested to fill out the household questionnaire and mail it within three days to the local census district office. A pre-addressed postage free envelope is being provided for this purpose.

The district supervisor emphasized that all information about individuals and their homes furnished to the Census Bureau is held in absolute confidence under Federal law. It is used only to provide summary figures such as totals, averages, and percentages. The information about individuals cannot be examined by any one other than Census employees who are sworn to secrecy, and thus cannot be used for investigation, taxation, or regulation.

method of accounting, would probably raise this to approximately \$9,500,000.

Two of the projects completed early last year were the aircraft control and warning center and the government housing project attached to it that represent an expenditure of about \$2,750,000.

A third, the Alcoa facilities for trans-shipment of bauxite ore at Harbor Island, on land owned by the Aransas County Navigation District, also went into service early in 1959, and since completed has handled 665,000 tons of dry cargo.

Over these docks, until that distant day when the Matagorda Ship Channel may be completed, a million tons or more of bauxite will move every year, bound for the big aluminum plant at Point Comfort.

Next largest is the Bay Petroleum Company plant on Lamar Peninsula, finished in 1959 at a cost of well over \$1,000,000, and already undergoing enlargement which will raise its capacity by 50 percent.

In this same general price range is the Intra-coastal Canal Cut-off, between Rockport and Old Ingleside, running past the front door of Aransas Pass and shortening the route between here and Corpus Christi by about seven miles.

Cost on this is tabbed at approximately \$2,000,000, and when it is finished some time in May, it will not only shorten the water route to Corpus Christi and eliminate the rough section of canal between Rockport and Port Aransas, but it will also provide mile after mile of factory sites, easily reached by highway and railroad as well as water.

Church construction, completed or underway, amounts to about \$365,000. The First Baptist sanctuary now under construction will cost around \$100,000. The Mother House of the Schoenstatt Sisters of Mary on Lamar Peninsula, finished late last fall, was estimated at more than \$125,000; the Episcopal Diocese of West Texas is starting a campsite on the shores of Copano Bay, to be used as a retreat, which will eventually cost more than \$100,000; and the Sacred Heart Catholic Church is raising money for additions to the parochial school and convent in Rockport, supplementing the beautiful sanctuary built in recent years, and to cost approximately \$40,000.

The Aransas County Navigation District completed its fourth harbor in the Little Bay area at a cost of around \$125,000, and expects to finish an industrial harbor south of Rockport sometime in May, at a cost of \$225,000.

Completed last summer was the famed Cedar Bayou fish pass, at a cost of \$198,300.

Streets and highways also contributed a sizable chunk of cash.

The Highway 35 Business Route through Rockport cost \$387,000, and has only recently been finished. Almost that much more has been spent widening and repaving the road between Rockport and Aransas Pass, which will be completed in the near future. Highway right-of-way is being acquired for improvement of the section between Copano Bay and the Aransas County line to the north.

Streets and sewers in Little Bay Shores addition No. 2 cost approximately \$50,000.

The Coastal Transmission Company built approximately 30 miles of six inch pipeline in Aransas County, at an estimated cost of \$360,000 and Tennessee Gas Transmission, in addition to the stripping plant built by its subsidiary, the Bay Petroleum Company, has purchased a right of way paralleling their present line from the Fulton Beach oil field to their main line in Refugio County.

At the Aransas County Airport, which is supported by royalties from the oil field beneath it, two new T-hangers were completed at a cost of a little over \$47,000, and the northeast-southwest runway, 4500 feet long, was lighted for night flying.

MRS. MULLAN GAVE ASSEMBLY REPORT
Mrs. Della Scott, N.G., presided at the regular meeting of the Rockport Rebekah Lodge, Thursday, March 24, at 7:30 p.m.
Mrs. Gladys Mullan, delegate to the Rebekah Assembly, gave a very interesting and entertaining report on the meeting of the Grand Lodge and Assembly which was held in Ft. Worth, March 19 thru March 22. At this meeting, the Ingleside Rebekah Lodge was placed in District 56 with the Rockport Rebekah Lodge, an arrangement most satisfactory to both lodges.
Mrs. L. V. McLester reported that the trustees had ordered an air-conditioner for the hall.
The members were all glad to have Mrs. Beckham back at lodge again.
Mrs. Ella Mae Ebert of New Braunfels, Mr. and Mrs. Clive Brown from Bloomington, Wis., Mrs. Louis Gunn, Redfield, S.D., Mrs. Muriel Larfe of Fond du Lac, Wis., Mr. and Mrs. Rudolph Munse of Ingleside and Mr. and Mrs. E. D. Lavine from Backus, Minn., were guests.
The regular monthly covered dish dinner will be at 6:30 p.m. Thursday, March 31, for the lodge members and their families and guests.
The Noble Grands thought for the day was, "always do right, this will gratify some people and astonish the rest."

Bond Sales Good In February

An increase of 4% in February marked the second time this year that Savings Bond sales in Texas have been greater than sales in the same month in 1959 according to Fred Bracht, chairman of the Aransas County Savings Bonds Committee.

February sales in Texas totaled \$15,506,998. Sales for the first two months of this year amounted to \$32,044,765 or 19.4% of the 1960 goal. Total bond purchases

in Aransas County for January and February were \$18,402 which represents 30.7% of the 1960 goal.

"We are most encouraged by 1960 Savings Bonds sales," Bracht said. "More and more people are purchasing Series B and H Bonds because they realize that in so doing they are making a direct contribution to the economic stability of this nation and to the future security of their own families. The Savings Bonds being purchased now earn an attractive 3 3/4% interest compounded semi-annually when held to maturity."

AREA CONSTRUCTION—
(continued from page 1)

Roe's Food Store, the new West's Super Market, a new furniture store and a new building to replace the Bushart building destroyed by fire in March, all helped to swell the total. Another construction job completed with the new building housing warehouses, boat ways and offices for the Rockport Yacht and Supply Company.

The Southwestern Bell Telephone Company reported that new connections are outpacing the disconnects by a considerable margin, and other utility companies confirm this. Moreover, a quick check of the local lumber yards discloses that house building has been proceeding as rapidly as weather conditions will permit.

Real estate additions continue to be opened with almost monotonous regularity, and there are now three large Florida-type developments underway or almost ready to start in the Lamar and Copano areas, with substantial rumors that a fourth, largely marine in type, is about ready to get underway.

Another development that will probably mean more to the area than anything else, is the fact that Aransas County is taking a very active interest in developing a large and stable water supply for the region.

GOOD SHEPHERD

Mrs. Esse Demory acted as auctioneer for the white elephant sale. The sale netted about fourteen dollars for the class treasury.

Games and refreshments were enjoyed by the eleven members present. Game prizes were won by Mrs. Red Jordan, Mrs. Esse Demory, and Mrs. Harriet Lauer.

Bachelor was the term applied to a man in the first or probationary period of knighthood.

I want to **complement** the **county Officials** for the fine job they have done in **providing** the Sheriff's office of this County with the **finest facilities** and equipment with which to work.
