Senio's Honored

The Senior class was entertained with a banquet Friday evening, February 26, by the ladies of the Baptist Church. Those serving as hostesses were Mesdames Charles Rains, Brownie Q Jensen, Winfield Mosley and Mack Harris. Charles Rains had charge of the program introducing Mrs. Mack Sims who welcomed the seniors in a brief address. Joel Pank, president of the class responded. Guest speaker for the occasion was the Rev. Bob Jenkins. Miss Rita Ze Davis gave a piano selection.

The banquet hall was beautifully decorated in colors symbolic of St. Patrick's Day, colors which happened also to be Hedley high school symbols, green and white. Tall cauldrons holding green candles lighted each end of the table. In the center was a great bowl of snowy snap dragons. Place cards were held by nut baskets of green and white. Favors were Irish shamrocks.

Rev. Jenkins gave a splendid address along practical lines of right living. His theme was "How to Make Friends."

After the address the entire group joined in a sing song led by various members until time to go home.

Besides the hostesses those present were the members of the Senior class, Jeanette Tipton, Jean Shaw, Anna Lee Hill, W. H. Mason, Nina Vinson, Dorothy Richardson, Marie Harding, Joel Pank, Teddy Myers, Z. H. Land, Robert Johnson, Rev. and Mrs. Jenkins, Chas. Rains, Mrs. Mack Sims, Miss Rita Ze Davis, Mr. and Mrs. C. O. Hill, Mrs. Gertrude Todd and the Senior group near, Mrs. Elva Davenport.

The Woman's Wedding Friday night is for the benefit of the School Band. Help them by attending.

Father-Son Banquet

The regular Father-Son Banquet was held one week earlier this year than last. There were not quite as many in attendance as last, but in spite of many of our boys being in the armed forces, we had a splendid turnout. The meal was furnished by the ladies of the Methodist Church. Mrs. J. B. Masterson is president of WSCS and acted as chairman on this occasion. A well filled plate was served to those present.

Rev. E. L. Yeats of Memphis was the speaker, and spoke on the subject of Hobbies. Special musical numbers were given by Mrs. L. A. Snowden, Mrs. Chester O. Hill, Miss Nina Khea Vinson and Miss Anna Lee Hill. Mr. E. H. Watt and his son Fred were the oldest father and son, and Dick Valiance and his son Richard were the youngest father and son present. Each of these four were given a Defense stamp as special recognition.

The Banquet was considered a good success, and it is hoped that by next year the seniors absent this year will be home for the occasion.

See Hubby Mobile Friday night at the school auditorium.

Red Cross Drive

The Red Cross drive started March 1st to get \$125,000.00 for the needs of our boys and girls in service and other emergencies. The quota for this county is \$2,700.

We all know the great work the Red Cross is doing in this war and let us help all we can when the solicitor comes to see us.

Local Lions Win Contest

In the recent Melvin Jones Birthday Drive for new members the Hedley Lions won first place in their division of towns less than 1000 population. This meant that we won over all competition everywhere. Our increase was one member over 100%. Several of the officers won Silver Lions as awards, and 11 who had gotten new members received as a reward a plaque with the flag of the different nations represented in Lionism. The Club will receive a nice desk set in addition to the individual recognitions. This achievement is something of which to be proud. We as a club are glad to have the record.

Special recognition should go to a number of men for their outstanding work in the membership drive, but Alva Simmons gets the credit for securing the largest number of new members. We are hoping that these new men will catch the spirit of true Lionism and work at the job as the men who made up the original group have, and we will soon have as fine a club as will be found anywhere.

Among other things the club has been asked to sponsor, or rather to make the Red Cross Drive. You will have an opportunity to help in this most worthy cause. Please help liberally. The need is greater than for a long time.

The next regular meeting of the club will be Thursday night, March 11. The meeting time has been changed to 8:30.

Bring the family to see "Fat Boy" perform in the Womanless Wedding.

Red Cross Notes

You are invited to see the display of work done by Hedley Red Cross Saturday afternoon from 2 to 5 o'clock at Red Cross Room.

Our Red Cross drive is on this week. If you have not given do it now. Help our doctors and nurses to have equipment from the Red Cross, the greatest mother in the world.

Come see what has been done from our local work room. It's free.

Mrs. Shaw Buys Variety Store

Mrs. Jap Shaw has bought the Hedley Variety Store from Mr. and Mrs. Jack Hinger, and asks her friends to call on her for variety items. She is expecting some new merchandise soon.

Shotguns Needed by Army

The Ordnance Department this week appealed to the Hedley Post of the American Legion for all available 12 gauge shotguns. Types required are hammerless double barrels, pumps and automatics. Shotguns are used in training soldiers and sailors in wing shooting and for guard purposes. Each gun so used will release a rifle for combat use. Guns bought by the government will range up to \$80 for double barrels and \$42.50 for pumps and automatics. Anyone wishing to sell a gun to the government can leave them at Thompson Brothers Hardware.

To My Friends and Former Customers

The Sinclair Service Station formerly operated by Adamson & Kirkpatrick was closed in November, 1942, for reasons well known to the trade in this community.

In this public statement I wish to announce that I have made arrangements to open for business at same location Monday March 1st, at which time I hope to begin serving you as in the past. I solicit your business both wholesale and retail. Conditions in the handling of Petroleum Products have changed materially in the last few months, from the standpoint of both rationing and delivery.

Considering these conditions I promise the best service possible and hope our business relations will prove both pleasant and profitable to all.

Thanks

Sinclair Service Station

A most welcome gift to any pipe-smoker or roll-your-own fan now in our armed forces is a pound of his favorite tobacco. Numerous surveys have shown that tobacco is the No. 1 gift on the service man's list. A favorite with many of our soldiers, sailors, marines, and Coast Guardsmen is Prince Albert, the largest-selling smoking tobacco in the world. If you have a friend or relative in the Army, Navy, Marines, or Coast Guard who smokes a pipe or rolls his own, send a pound can of Prince Albert. Your local dealer is featuring the National Joy Smoke as an ideal gift for service men.—Adv.

SKIN IRRITATIONS OF
EXTERNAL CAUSE

acne, pimples, bumps (blackheads), and ugly broken-out skin. Millions relieve skin irritations with simple home treatment. Goes to work at once. Direct action aids healing, works the antiseptic way. Use Black and White Ointment only as directed. 10c, 25c, 50c sizes. 25 years success. Money-back guarantee. For vital information in clearing up your skin, use famous Black and White Skin Soap daily.

Truth's Friend

The greatest friend of truth is time; her greatest enemy is prejudice.—Colton.

Pull the Trigger on
Constipation, with
Ease for Stomach, too

When constipation brings on discomfort after meals, stomach upset, bloating, dizzy spells, gas, coated tongue, and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. See how wonderfully the Laxative-Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's better. Get genuine Dr. Caldwell's.

Kidneys Must
Work Well—

For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, painful or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headache, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended by the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

DOAN'S PILLS

WEEKLY NEWS ANALYSIS

Tunisia Upset Slows Yank Timetable;
Japs Open 7-Pronged Offensive to
Knock China Completely Out of War;
Axis Spokesmen Try Peace 'Feelers'

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)
Released by Western Newspaper Union.

A wounded U. S. soldier struck during a heavy air attack by German planes on the airfield at Souk el Arba in Algeria is shown being comforted by a comrade-in-arms. The airfield was originally captured by U. S. paratroopers.

TUNISIAN TIMETABLE:
Delayed by Rommel

General Eisenhower had had his choice of fighting decisive engagements on ground offered him by Marshal Rommel or on terrain of his own choosing. That he had preferred the latter was indicated by the fact that he was not drawn into a major battle when the Nazis pushed American troops out of the Tunisian area between Sidi Bou Zid and Gafsa into the foothills bordering Tebessa, Algeria.

While the Tunisian reverse was not a catastrophe, it was nevertheless a punishing setback that meant considerable further delay in liquidating the Axis in Africa and moving on to the vastly bigger job of getting at Europe. The situation was brightened somewhat by reports that the German British Eighth army had edged up from the south and had edged Rommel's attention.

The loss of three advance airfields and three forward positions by the American forces was costly. Superior weight and mechanical equipment, was gruelling battle experience was the explanation for the Nazi success. The new German 60-ton Mark tanks had proved too strong for the 28-ton American tanks. The Nazis, moreover, had caught the Americans with their lines too thinly held.

In Washington Secretary of War Stimson said that American forces, outnumbered and outmanned have suffered "sharp reverses and substantial casualties."

BLACK MARKETS:
Gangsters Reap Riches

How to combat the black markets in meat products which were skyrocketing retail prices, menacing the supply for military and lend-lease purposes and endangering the future existence of small packers was a problem that had congress as well as agricultural officials worried.

As reports persisted that gangsters had turned their unscrupulous talents into the highly profitable illegal trade, two suggestions were made by the OPA to the house small business committee, for solving the problem. One was for the government to purchase live animals. The other was for a registration of every person who sells or handles meat.

FRENCH ARMADA:
To Strengthen Allies

Heartening news that 42 French warships, in addition to the four now undergoing repairs in American shipyards, would soon be fighting on the side of the United Nations was brought out by Vice Admiral Raymond Fenard, chief of the French naval mission to the United States.

Admiral Fenard said that two more battleships, six cruisers, an aircraft carrier, seven destroyers, 14 submarines and ten auxiliary craft would join the United Nations armada "soon, but I don't know when." The naval leader said that the cruisers Gloire and Georges Leygues already in action against the Axis.

HIGHLIGHTS . . . in the week's news

WASHINGTON: Col. Bernt Balchen, New York famous for his Arctic exploits and now a member of the army air corps, has been awarded the Soldier's medal and Oak Leaf cluster, the war department announced. Balchen participated with two navy fliers in the rescue last June of a Flying Fortress crew in Greenland that had suffered a wilderness crackup.

PEACE OFFENSIVE:
Axis Tries Wedge

Long expected by Allied chancelleries, the Axis peace offensive finally got under way. First feelers were extended by Virginio Gayda, Fascist editor. The next move came from Nazi Propaganda Minister Joseph Goebbels.

The theme of both Axis spokesmen was that the unprecedented Russian victories were as much a danger to Britain and America as to the Axis. Therefore why not a separate peace, so that Europe could be saved from the Bolshevik menace?

Quick to expose the spurious technique by which the enemy hopes to talk its way out of the consequences of impending defeat, was Elmer Davis, chief of the Office of War Information. "This pulls the whole matter into the open," he declared. "The Axis is trying to drive a wedge between Britain, the United States and their Allies."

CANNED MEAT:
Temporary Freeze

Making supplies of canned meats and canned fish last through the year was a problem causing many a headache in the Office of Food Administration. Stocks on dealers' shelves had dwindled ominously; housewives were on a buying spree. Result: the OPA suspended sales of canned salmon, tuna, shrimp, meat spreads and kindred products until at least March 28—the date on which meat rationing was expected to begin.

Meanwhile, housewives and corner grocers had begun to familiarize themselves with the point-rationing system governing the sale of canned fruits and vegetables, dried fruits, canned soups and canned baby foods.

JAP WAR THEATER:
Mme. Chiang Urges Speed

Even as Madame Chiang Kai-shek in Washington was calling for more decisive Allied blows against Japan, communications from China revealed that the Japs had undertaken what was apparently a major effort to knock China out of the war.

The Jap offensive took the form of attacks in seven Chinese areas from above Shanghai to Yunnan in the Southwest. The core of the drive had been directed along the old Burma road in Southwest Yunnan.

Seeking to stir America to a greater understanding of Japan's menace to the Allies, Madame Chiang said it was contrary to the United Nations' interests to allow Japan "to continue not only as a potential enemy, but as a waiting sword of Damocles, ready to descend at a moment's notice."

Reports from Allied Pacific headquarters continued to reflect steady, if undramatic progress. In New Guinea, American and Australian jungle troops were pushing hard on the heels of Japs retreating from the Wau area toward Mubo on the outskirts of Salamau. In the air, Liberators and Flying Fortress bombers continued attacks on Jap positions in Dutch New Guinea and New Britain.

CANBERRA: The Australian commonwealth issued a proclamation according the United States most favored nation treatment on tariffs. This action was taken without formal request from the United States. R. V. Keane, minister of trade and customs, said: "It is wrong that our principal ally, who has given us great material assistance, should remain on the punitive general tariff."

RACE FOR DNEIPER:
Nazis Still Menaced

Only two natural defense lines in the flat farm areas of southern Russia were left open to the Nazi armies after the victorious Russian forces had swept rapidly westward following the fall of Rostov and Kharkov. These were the Dnieper river in the central Ukraine, and behind it the Dniester river on the Rumanian border.

Even if Hitler's armies won the race to the Dnieper river and succeeded in establishing a new winter line behind its mile-wide expanse, the Nazi problems were by no means solved. The Nazi southern flank in the Crimea would be exposed and difficult to hold. The northern flank west of Leningrad would likewise be in jeopardy.

In an effort to convert the German retreat westward into a disorderly rout, the Red army had pounded ahead in a knockout offensive aimed at Orel, Nazi anchor point below Moscow. Strategic junction of four railroads, Orel provided direct communications between north Russia and the central Ukraine on the trunk rail line between Moscow and Orel.

As the Reds continued to push the Nazis out of the eastern and northern regions of the Donets river, Nazi resistance had stiffened inside the river basin itself.

DRAFT:
'Undesirables' Next?

As it became clear that congressional sentiment was preponderantly in favor of deferring fathers and others with dependents until the supply of single men was completely exhausted, somber predictions on the future quality of draftees were made by army spokesmen.

Brig. Gen. Miller G. White warned that deferment for fathers of draft age would make it necessary for the army to induct illiterates, men with venereal diseases and "undesirables" now accepted only in limited numbers.

The rapidity with which the nation's armed forces are being built up was indicated by a statement by Maj. Gen. Lewis B. Hershey, head of the selective service system, that a total of 28,000 men per day are being taken into the army and navy at present induction rates.

RATION DATES:

March 13—Period 5 fuel-oil coupons, good to Sept. 30, become valid.
March 15—Last valid date for No. 11 sugar coupons, good for three pounds.
March 21—Last valid date for Stamp No. 25, good for one pound of coffee.
March 21—Last day on which Coupon 4 in "A" gas ration book is valid.
March 31—Final date for first inspection of passenger car tires for "A" card holders and motorcycles.
April 26—Expiration date for Period 4 fuel-oil coupons.
June 15—Last valid date for Stamp No. 17, good for one pair of shoes.

INFLATION:

Taxation the Remedy

Hard-headed Marriner S. Eccles, chairman of the Federal Reserve board of governors, bluntly warned congress that the nation faced disastrous inflation because the government is financing too much of its war deficit by bank-borrowing and not enough by taxation and public borrowing.

Asserting that the government was doing a "very bad" job of war financing by comparison with other countries, Mr. Eccles said the problem of inflation was "entirely in the hands of congress."

"No government in a war period has been able to avoid some inflation," he said, adding that "inflation can only come by congress appropriating money and failing to provide method of collecting money."

Purchasing power this year, he estimated, would be 40 billion dollars in excess of goods and services available. If the public saved in the same proportion as in 1942, however, he said the gap would be shaved down to about 15 billion.

FASTEST PLANE:

Unveiled by Navy

When the navy unveiled what was termed the "fastest airplane in the United States" at a Hartford, Conn., plane factory, it was disclosed that other models of this ship—the Vought F4U Corsair—had already been in successful action against the Japs over Munda in the South Pacific.

Among the "bests" claimed in the Corsair's behalf were that it has the most powerful engine of any navy fighter in the world; that it can out-fight and outfly land based aircraft in the same classification; that it can be used as an interceptor.

STEEL CAPACITY:

Steel companies have met the wartime challenge of greater output by spending nearly a billion and a quarter of their money to increase production and efficiency since 1938, the American Iron and Steel Institute announced.

One-third of this sum was spent in the first three years of war, but after Pearl Harbor, expenditures were stepped up. From 1941 through 1943, the institute said, the industry spent or prepared to spend about \$773,000,000.

Soothing RESINOLSNAPPY FACTS
ABOUT
RUBBER

The importance of group riding as a rubber conservation practice has been demonstrated in Pontiac, Mich., where today 20,000 workers roll to war plants in 4,000 cars instead of the 18,000 cars they used daily earlier this year.

2,300 cities and towns with a total population of 12½ millions depend entirely upon automobiles for passenger transportation.

In 1896 the B. P. Goodrich Co. made the first fabric-reinforced type automobile tire in the 26 x 4 size.

A ton of rubber a year is the collection of the average Brazilian wild rubber gatherer. This explains why men prefer in the area of the South American natural rubber problem.

Star Dust

STAGE SCREEN RADIO
By VIRGINIA VALE
Released by Western Newspaper Union.

IT WON'T be surprising if Metro refuses to cast its male stars in martial roles, after what's been happening there. Clark Gable's last appearance before the cameras, in "Somewhere I'll Find You," had a closing sequence in which he was all mixed up in the war—and next thing we knew he'd signed up. Richard Quine was a draftee in "For Me and My Gal"—then became one. Richard Ney went into military service right after he played an army inductee in "The War Against Mrs. Hadley." And Robert Taylor, a naval lieutenant in "Stand By for Action," set about becoming a lieutenant (jg) in the naval air force as soon as he'd finished the picture.

To the red caps at Pennsylvania Station in New York celebrities are an old story, but when Pat O'Brien of RKO's "Bombardier" arrived

PAT O'BRIEN

they instantly turned autograph hunters. And you should have heard the drivers in the taxi queue shout "Hello, Pat!"

Rita Hayworth has been having her troubles, all because Victor Mature gave her a dog. Because of gas rationing she sublet her house and took an apartment nearer the Columbia studio. But when she arrived there, with her baggage and "Genius," the bulldog, the owner wouldn't let her move in; said dogs weren't admitted, and refused to break the rule for Rita's.

That railroad advertisement about "The Kid in Upper Four" is going to land on the motion picture screen of the country in a big way. Metro will use it as the subject of a short, and 20th Century-Fox will base a feature picture on it.

Cecil B. De Mille is a big man in the film industry, but despite the fact that part of the proceeds of his "The Story of Dr. Wassell" will go to the Navy Relief society he's stuck with an "A" gas card. Mrs. De Mille has a "B"—she's president of a babies' home, so she rates it. Mexican landscapes will double for the background for the picture's Java jungle scenes.

Preston Sturges is probably the only director who arrives on the set each morning with his cast all rehearsed. He rides to location for "The Miracle of Morgan's Creek" in a station wagon with Betty Hutton, Diana Lynn, Eddie Bracken and the others; they work on the way.

"Vox Pop," granddaddy of audience-participation in radio, is now in first place among this type of half-hour shows in the Crossley survey report; it is followed by "Take It or Leave It," "Truth or Consequences" and "Information, Please" in the order named.

Music by George Jessell, Ben Oakland and Red Grouya will be heard in "Cinderella Swings It," the next picture of the "Scattergood" series, starring Guy Kibbee. An augmented chorus supports Gloria Warren when she sings these new songs

"The More the Merrier," the new Jean Arthur-Joel McCrea picture, may launch Charleston, S. C., as a Gretna Green. In the picture Joel and Jean, residing in Washington, D. C., want to be married in a hurry, before he leaves for North Africa, and Charleston's an airline stop, and South Carolina doesn't impose a legal wait on couples who want to marry.

Hal Peary's recent singing stints on "The Great Gildersleeve" radio series have convinced RKO that the actor ought to do a vocal sequence in his next picture, "Gildersleeve's Bad Boy."

ODDS AND ENDS—The day that Carl Esmond went to complete preparations for becoming a United States citizen the Viennese actor wound up at Columbia playing a Nazi major in "Attack by Night" ... Women in defense industries are flooding NBC with requests that Mary Margaret McBride switch her daytime show to the night lanes ... Sam "Schlepperman" Hearn, of Jack Benny's traveling company, has played 32 army camps this season, often giving two or three performances ... Columbia picked sixteen of the country's finest dancers for the chorus of its new "Red-Head From Manhattan," which stars Lupe Vélez.

HOUSEHOLD MEMOS... by Lynn Chambers

Fish Fulfills Protein Needs of the System

Fish fillets served with juicy lemon wedges and generous garnishes of radish roses and parsley make an attractive main dish.

Fish Is Flavorful

One very direct and effective way of meeting the meat shortage is by serving fish in its many delectable ways. Few families have been initiated into the many ways of preparation for fish, few know how succulent are their steaks when baked, or how tart and crisp are fillets when fried.

Bones have been removed from many types of fish so this need concern the cook little. If they have not already been removed, this can be done easily since they are usually together.

French Fried Fish Fillets.
Desired number and kind of fish fillets
1 egg, well beaten with 1 tablespoon water
Crumbs, corn meal, flour or potato meal
Salt and pepper
Salad oil for frying
Wash fillets in cold water, drain on absorbent paper. Sprinkle with salt and pepper; dip first in dry coating—(crumbs or other if preferred), then in egg mixture and again in dry coating. Place in deep salad oil—(375 to 385 degrees)—or hot enough to brown a 1-inch cube of bread in 40 to 50 seconds. Fish is good when baked—especially with tomatoes and green pepper.

***Baked Whitefish, Creole.**
(Serves 5 to 6)
2½ pounds whitefish, cleaned and boned
Salt and pepper
3 tablespoons butter
1 small onion, chopped
¼ cup green pepper, chopped
1 tablespoon flour
1½ cups tomato soup
½ teaspoon salt
½ teaspoon Worcestershire sauce
Place fish in greased baking dish, skin side down. Sprinkle with salt and pepper and brush with one tablespoon of the melted butter. Bake in a moderately hot oven (400 degrees) for 15 minutes. Melt 2 tablespoons of butter in saucepan and add chopped onion and green pepper. Simmer five minutes. Add flour and blend thoroughly. Then add tomato soup, salt and Worcestershire sauce. Cook until mixture thickens, then pour it over the partially baked whitefish. Return to oven for 20 minutes more or until fish flakes easily.

Halibut is another good, substantial dish. Mild in flavor, it needs a tart sauce to pick up its delicate flavors:

Lynn Says:

Sauces for Fish: They're a must with fish because they make it most delicious dish. You'll like browned butter with lemon juice and Worcestershire sauce. Or, just cream the butter and season with lemon juice.

Horseradish is popular with fish. Take ½ cup drained, prepared horseradish, season with salt and pepper and one tablespoon vinegar, then fold in ½ cup of whipped cream.

Tartar is not just another name for sauce, it's an affinity with fish fillets. Make it by adding 1 teaspoon minced onion, 2 teaspoons chopped, sweet pickle, 1 teaspoon chopped green olives, and 1 tablespoon vinegar to ¼ cup mayonnaise.

Make a cup of medium-thick white sauce and add to this ½ cup grated cheese and let the cheese melt. Or, 2 chopped, hard-boiled eggs added to white sauce, make a golden crown for baked or fried fish.

This Week's Menu

*Baked Whitefish, Creole
Parsleyed Potatoes Broccoli
Watercress and Endive Salad
Oatmeal Bread Butter
Broiled Grapefruit
Beverage
*Recipe Given

Halibut Steaks.

Have center cut slices of halibut steak cut one inch thick, salt and pepper them and dredge lightly with flour. Fry to a light brown in butter. Remove to a platter and cover with sliced sautéed mushrooms, using about a pound for 2 steaks. Over this pour the following sauce:

Stew 1 No. 2 can of tomatoes with 1 cup of chopped celery, ½ chopped green pepper and 1 large chopped onion. When vegetables are tender, run all through a coarse sieve. Into this melt ¼ pound of grated cheese, 1 tablespoon of butter, and salt and pepper to taste. Heat fish thoroughly in oven and just before serving sprinkle with cheese and run under flame to brown.

There's distinction in salmon when it's combined with discreet seasoning—lemon juice and tomato:

Baked Salmon Slices.
Salmon cut in individual servings
2 tablespoons oil
2 tablespoons lemon juice
1 teaspoon salt
Dash pepper
1 onion
1 tomato
Bacon strips

Brush slices of fish on both sides with the oil. Place in a baking dish, sprinkle with the lemon juice, salt and pepper. Then lay a thin slice of onion on each piece. Cover onion with a ¼-inch slice of tomato and top with a strip of bacon cut in two. Place in moderate oven (350 degrees) for 45 minutes.

Salmon Fondue.
(Serves 6)
5 slices bread
1 cup milk
2 tablespoons butter
1 cup flaked, cooked salmon
2 eggs, separated
¼ teaspoon salt
¾ cup grated American cheese

Trim crusts from bread and cut into ½-inch cubes. Heat milk in double boiler, add bread cubes, butter, liquid from salmon, and well-beaten egg yolks. Season with salt and cook until thickened, stirring constantly. Remove from heat and stir in cheese. Cool for 10 to 15 minutes. Beat egg whites stiff and fold into mixture. Pour into greased baking dish. Place dish in pan of warm water and bake in a moderate (350-degree) oven for 1 hour or until a knife when inserted comes out clean.

Note: Chopped shrimp, flaked tuna or minced clams or oysters may be used in place of the salmon.

A platter of fish with broccoli and corn fulfills a good portion of daily dietary requirements.

An early touch of spring goes into the menu with a fresh green salad:

Toss-Up Salad.
(Serves 6)
½ head lettuce
1 cup diced celery
2 fresh tomatoes
2 hard-cooked eggs
1 clove garlic
¼ bunch radishes
¼ bunch watercress
1 cup raw spinach leaves

Shred lettuce, dice celery, cut tomatoes and slice radishes. Cut eggs into slices. Rub salad bowl with garlic and add vegetables. Serve with French dressing.

Cake Making? Bread Making? Cookies Baking? Budget Fixing? Housekeeping? You name the problem and explain it. Miss Lynn Chambers will be glad to give you expert advice if you write to her, enclosing a self-addressed, stamped envelope for your reply, at Western Newspaper Union, 210 South Des Plaines Street, Chicago, Ill.

News from Our Soldiers

Corpus Christi—William Clay Plunk, son of Mr. and Mrs. W. O. Plunk, Hedley, Texas, has been commissioned an ensign in the U. S. Naval Reserve at the Naval Air Training Center.

Ensign Plunk volunteered for flight training last April and received preliminary flight instruction at the Dallas reserve aviation base.

W. S. G. S.

There are many interesting things coming up in WSOB. This month has a fifth Monday which is the date for a social. Our meetings grow more and more interesting and our membership is moving up. We added two new members this week. Our pledge this year is fifty dollars which will be an easy mark.

We have an annual meeting at April 5 and 7. Plan now to attend. Then there is a district meeting in Clarendon May 12. You won't want to miss it. Also the next zone meeting will be at Turkey in September. If you are not a member join us; if you are a member and have not attended in a long time feel you are a stranger, come on out; you'll soon be at home in our crowd. Bring your scissors, needle and thimble, there is always something to do.

At our Monday afternoon session reports came in such order that there was no doubt of our progress. There was report on the improvements on the parsonage, the new roof, the new finished walls of living room and dining room, also the new rug. Four delegates to the Lakeview meeting reported an excellent showing made by the women. The delegates came back bringing inspiration and new zest to further our work.

The eleven members present were for some absorbed in the

quilting of a Red Cross quilt and the Chairman of Red Cross sat in for a while adding her bit of work.

The study of Latin America continues, and was presented in very able manner by Mrs. C. L. Johnson and Mrs. Ruth Kempen who also presided at the piano. Closing prayer was given by Mrs. Duncan. Mrs. J. B. Masters was appointed leader for the next study period.

The two new members, Mrs. T. O. McFarland and Mrs. R. C. Vinson were welcomed by the society which was also glad to have Mrs. Duncan present again.

Wood-Connor

Miss Edythe Marie Connor and Granville Wood were united in marriage last Saturday at the Methodist parsonage in Memphis by Rev E. L. Yeate. They were accompanied by Mr. and Mrs. Ewell Wynne.

The bride is the daughter of Mr. and Mrs. Stanley Connor and the groom is the son of Mr. and Mrs. J. I. Wood.

They will make their home here for the present.

Doine Bonds

Doine Bonds of Caldwell, Idaho formerly of Hedley, passed away at his home Feb. 27.

Mrs. Bonds is a sister of G. B. McLaughlin and a daughter of Mrs. A. J. McLaughlin of Hedley.

METHODIST CHURCH

This week is set aside by the Methodist Church as a week of Dedication. While this church will not hold any extra services, many of the Church over the world will have special services this week. The local Church is to make this a dedication of individual lives. Sunday will climax the week with the Communion Service and a special offering for work with the men in the armed forces, and other similar causes.

The Layman's program Sunday was exceptionally good, and was well attended. Some interest is being shown in the Wednesday evening singing. If you sing at all, why not be present? You will enjoy the meeting. The time is 8:30 Bible Study followed by the hymn practice, and dismissal at 10:00.

The Pastor will preach at both services Sunday. He needs your presence. The Church School also needs you, and you need these services. Come and worship with us. Try making it to the church of your choice each Sunday and you will be the winner.

NOW, FIFTEEN TIMES
ON THE OTHER FOOT
MR. ALLEN

CHARLEY ALLEN is a business man... and a good one. But such gymnastics aren't exactly his line. Hopping, he finds, is hard work... and detracts from his sense of balance although it doesn't make much sense.

Charley Allen is proving that he is qualified to do business with the bureaucrats.

Many West Texans in all walks of life are being introduced to a new variation of the old "hop, skip and jump" remembered from school days. It never became popular with top athletes who considered it "silly" ... even "crazy".

Revival of this form of gymnastic in conducting the Nation's domestic affairs in time of emergency, and while fighting for survival, likewise is believed ridiculous by more and more thousands of people.

The hop-skip-jumpers, long bent on pet socialistic experimentation, are waging a fierce fight to "save face". But West Texans and all Americans are asking:

Why haven't brains and know-how come

to the top in domestic affairs as they have in military affairs?

Our country needs men and women with training and experience in production and distribution problems to fill the vital posts just as the war has proved it needs trained and experienced men to lead our armies on the field of battle.

Of course we're proud that our industry has met every test and that it is filling Uncle Sam's wartime requirements ahead of schedule in addition to your normal peacetime needs ... all without rationing and without increase in cost.

It is the accomplishment of experienced, trained men and women under well-balanced business management—the system that made America great.
