Greyhound Twirlers Return From Camp

By Kristen Perdue

The Knox City High School Twirlers attended twirling camp at the University of Texas at San Antonio, June 18-22. The girls, who attended were Kristen Perdue, Angie Staggs, Jennifer Harrison, Shelly Balis, and drum major Starla Whitaker.

We left for camp Sunday morning at 6 a.m. Everything went just fine; we got to camp, registered, said good-bye to Mr. Wupperman and then Jennifer remembered that she left her "blankie" on the bus. She was depressed and no one could cheer her up until we heard the sound of a car horn, and her "blankie" was returned.

Kristen and Shelly would always have their room to go across the hall and realize that they didn't have their key until the door latched shut. They finally learned after it happened three times. But Jennifer and Angie had their chance the day before we left.

They worked us hard everyday teaching us two to three routines a day. We learned seven routines for football season. Everyone could always point us out in the crowd because we matched everyday in red, white, and blue.

The worst part was the HILL! We will always remember the hill. We had to walk up and down a steep hill three to four times a day to classes. They didn't tell us until the day before we left that there was a Shuttle Bus to take us to and from classes. We'll remember next time.

PENMAN CONOCO SERVICE, INC.

Penman Conoco Service, Inc., Petroleum Marketer, began as Penman Oil Company, when Monty Penman purchased the business in 1956 from Bob Roberson and was housed briefly at a site which is now a part of Pioneer Merchants Park. Moving to 400 Central Avenue, they remained there until 1963, when new facilities were built at the present location of 609 East Main.

Petroleum products could be purchased in the early days at 6¢ per gallon. Road tax was assessed at 9¢ compared to current 24.3 per gallon. Prices remained fairly steady over the years until 1973 when OPEC became a factor and prices began to climb and change almost daily.

Ray Penman purchased the business from his father in 1976, and now serves an area including Foard, Cottle, Dickens, Haskell, Baylor and Knox counties. Penman retail outlets have added self-serve and 24 hour card activated gas and diesel service to the full service availability.

Bill Grimsley, senior employee, has been with the firm since it was established 34 years ago. A total of six are currently employed by Penman.

Letter To The Editor

June 29, 1989

Dear Stacy,

I am the man who used to "Always come in June". However, this year we are going to be a little late. Muriel and I are planning our 50th wedding anniversary in Modesto, CA in August with a big party and a buffet dinner. We are having over 200 "Old" friends as guests.

We will probably make our annual trip to Texas in September or October this year.

I always renewed my subscription to the paper on my June visits so this time I will mail a check which happens to be on one of your regional banks.

Best wishes to the both of you and I'll see you soon.

Sincerely,
Robert V. Herring

P.S. I notice Edith Lawrence, Capitala Nedeau and Gertrude Gannon are also on the due list with me. They are all very dear friends of mine.

Streams In Desert Places

By Ozelle Stephens

In second Samuel we learn of David's great sin. Also of how Nathan the prophet came unto him and how he was made to see himself. All have sinned and come short of the glory of God. But it is how we repent that makes the difference. In the fifty-first Psalm, David gives us successive steps, or the mould of the experience of a sinning saint who comes back to full communion and service.

In the first six verses his sin was thoroughly judged before God. When he cried out to God and said, "Have mercy upon me, O god, according to thy loving kindness; according unto the multitude of thy tender mercies blot out my transgressions. Wash me thoroughly from mine iniquity, and cleanse me from my sin. For I acknowledge my transgressions; and my sin is ever before me. Against Thee and Thee only, have I sinned, and done this evil in thy sight; that thou mightest be justified when thou speakest and be clear when thou judgest, etc...."

In studying the rest of the chapter we see David believing that God had heard his prayer and ask for perfect cleansing through the blood. The next step he asked for the filling of the spirit, then the joy and power that he might be fully restored to the communion and service of his Lord and enjoy the blessings that come to all who trust and serve the Lord.

STATEMENT OF INTENT TO
LOWER RATES

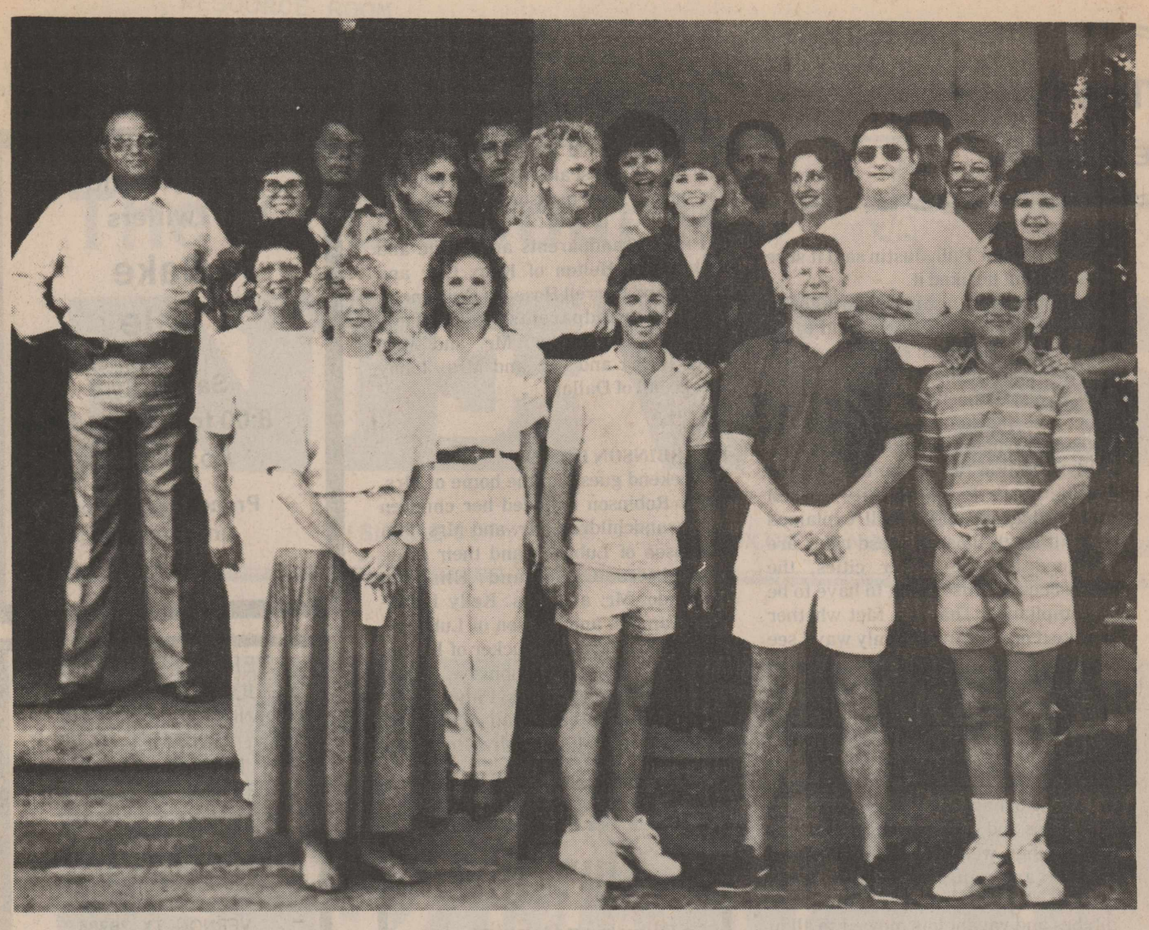

Brazos Electric Power Cooperative, Inc. ("the Cooperative") hereby publishes NOTICE that it has filed with the Public Utility Commission of Texas a Statement of Intent and Petition for Authority to Change (***REDUCE***) Rates, with a proposed effective date of July 17, 1989, pursuant to the provisions of Article 1446c, Vernon's Annotated Civil Statutes and the Commission's Substantive Rules. If approved, the ***PERMANENT RATE REDUCTION*** would result in a reduction of anticipated revenues by $21,508,032, or approximately 10.8 percent for the twelve months ending December 31, 1988. All customers of the Cooperative, which serves only at wholesale, are affected.

Tax Seminar Slated For New Businesses

AUSTIN - State Comptroller Bob Bullock said Friday that a tax seminar designed especially for owners and managers of new Texas businesses will be held in Wichita Falls on Tuesday, July 11, 1989.

"Most new business owners have lots of questions about their responsibility as Texas taxpayers. These seminars will help new taxpayers understand the Texas tax system, and it will familiarize them with tax returns and other forms," Bullock said.

Dan Cremeens, Enforcement Officer, will be at the State Comptroller's Field Office, 3108 Fre Mar Valley, Wichita Falls, from 7:00 p.m. to 8:30 p.m. New and old taxpayers are welcome to attend, and there is no charge.

Bullock said that each of the agency's field offices will hold the new taxpayer seminar four times during the year--once every quarter. Invitations for the seminars are sent by mail to new taxpayers.

Wichita Falls area taxpayers who can't attend the seminar or have questions about Texas taxes can still get individual tax assistance by calling the Comptroller's toll-free telephone number, 1-800-252-5555, from anywhere in Texas.

The Wichita Falls office, headed by Ron Watkins, serves Archer, Baylor, Childress, Clay, Cottle, Foard, Hardeman, Jack, King, Knox, Montague, Wichita, Wilbarger, and Young counties.

"I WOULD EXERCISE, BUT..."

At this time of the year, interest in fitness is high. We all want to get into a fitted summer dress, new pair of shorts or swimsuit which has been put away all year.

There are lots of misconceptions which prevent people from reaching-or even pursuing-their fitness goals. Following are the most commonly held myths.

MYTH #1: The harder the workout, the more fat you will burn.

FACT: Longer duration and lower intensity are the keys to losing fat. That's why walking is considered the premier weight-loss activity. Working at 50-60% of target heart rate instead of 75-85% makes it easier to sustain an activity for 30 minutes or more.

MYTH #2: Rubber or nylon suits speed weight loss.

FACT: "They do make you sweat", but weight lost through sweating is replaced as soon as you drink a few glasses of water or other liquid. The truth is, these suits are downright dangerous because they can raise body temperature too high.

MYTH #3: You can reduce specific parts of your body by doing many repetitions of exercises designed for those regions.

FACT: To the frustration and disappointment of many, there is simply no such thing as spot-reducing. The body does not burn fat in just one area. If such were the case, gum chewers would have no cheeks and tennis pros would have less fat on their serving arm. Doing specific calisthenics or weighty training for isolated muscle groups does help to define muscle and create a sleeker appearance, but it does not burn away fat.

MYTH #4: Running a mile burns more calories than walking a mile.

FACT: Virtually the same number of calories are burned in either activity. One just takes longer than the other.

MYTH #5: Weight loss and fat loss are the same thing.

FACT: Muscle has greater density than fat, and many people actually gain weight as they lose body fat and increase lean body mass.

MYTH #6: Muscle turns into fat when you stop exercising and fat changes to muscle when you exercise.

FACT: It is no more possible to change fat into muscle or vice versa than it is to change skin to bone. It is possible to lose fat and tone muscle, giving the illusion of turning fat into muscle. Intensity are the keys to losing fat.

MYTH #7: Running is the best aerobic exercise.

FACT: The best aerobic exercise is the one that's most likely to keep you active over the long term. That means one that is available and convenient for you and keeps you interested and injury-free.

MYTH #8: It's useless to exercise if you can't manage at least 30 minutes, three times a week, at your target heart rate.

FACT: Any activity, however mild or short in duration, is valuable. For the unfit or obese, target heart rates should not be a consideration. The goal should be to build endurance and increase calorie burn by doing something every day, even if it's only five minutes of walking.

Educational programs conducted by the Texas Agricultural Extension Service are open to people of all ages, regardless of socioeconomic level, race, color, sex, handicap, religion, or national origin.

Couple Repeats Vows In June 30 Outdoor Ceremony

Amber Johanna Berryman and Danny Gary Lewis exchanged marriage vows Friday morning, June 30, at ten-thirty in an outdoor ceremony held on the front lawn of the home of Mr. and Mrs. Terry Carter, northwest of Knox City. The Rev. James Patterson, United Methodist minister, performed the double ring ceremony.

The bride is the daughter of Mary Berryman of Knox City and C.W. Berryman of Fluvanna. Elaine Lewis and Sterling Lewis, both of Knox City, are parents of the bridegroom.

Marriage vows were repeated under a white archway holding yellow bows.

Given in marriage by her father, the bride wore a formal gown of white bridal satin. Venise lace lavished the gown's bodice and the full skirt fell into a chapel length train. Soft old-fashioned gathers were held by satin ribbons on the hemline of the gown and the gown's full sleeves were elbow-length, edged with graduated ruffles. She wore a bridal hat accented with a white lace pouf, and she carried a bridal bouquet of white and yellow roses.

Attending the bride were her sisters, Deborah Berryman as maid of honor; and Marci Berryman, bridesmaid. They wore tea-length dresses of peach with white accents. Each carried a white carnation with pastel ribbon.

Brandon and Aaron Lewis served as attendants for their father.

Registering guests from a table holding the bride's book inscribed with the couple's names and wedding date was Kristen Perdue.

A beige cloth covered the refreshment table which held a three-tiered wedding cake decorated with yellow roses. The cake top was a bouquet of yellow and white daisies which was used as the bride's throw-away bouquet. Toasting glasses, inscribed with the bridal couple's names and dates, were used on the serving table which also held the bride's bouquet. Serving were Brenda Roberts of Stephenville and Teresa Reeves of Burleson.

The couple are both graduates of Knox City High School, and the bridegroom is employed by Penman Propane.

Following a wedding trip to the Dallas-Fort Worth Metroplex, the couple is residing in Knox City.

Benjamin News

By GLADENE GREEN

The fourth of July will have come and gone by the time this paper is out. I hope everyone had a safe, enjoyable holiday. My plans today (Monday) for the 4th are to stay home and do pretty much "nothing". We used to not think we had had a 4th of July unless we "took in" the Cowboy Reunion at Stamford. But those days are gone and while others "enjoy" that sweltering heat this year, I'll just rest in the cool, comfort of my home.

CEMETERY NEWS

The letters sent out by the Cemetery Association for more donations has begun to get some response. As the letter states we are about half way to our $20,000 goal and hopefully with the donations we get as result of these letters, we will come close to reaching that goal. The latest donors we have had are B.W. Duke, Fred Crenshaw, Goldie Pierce, Bertha Driver, Mr. and Mrs. L.O. Jackson and Mr. and Mrs. Jim Pratt, and Jim Bob Bisbee. Each dollar we receive is greatly appreciated.

ON THE SICK LIST

Our sick folks seem to be doing some better. Hes Hall returned home Tuesday after several days in the Bethania Hospital in Wichita Falls. He seems to be feeling better and is rested after his stay there.

Dub Cartwright was released Wednesday from the Haskell Hospital. He was in Abilene on Thursday to see a specialist. He too is feeling better. Dutch Young spent the night in Wichita General one night last week undergoing tests. He will undergo back surgery in the near future. Audrey Nolan, who is in the Care Home at Knox City was in Abilene Thursday for eye surgery. I saw her Saturday. She's doing fine as are our other rest home residents from over this way, Londa Feemster and Myrtle Jones. Lona, of course is a Vera native but the mother of Philomae Roberson and Mrs. Jones is the mother of Charles Jones and former resident, Frances Chilcoat.

HERE 'N THERE

The revival at the First Baptist Church last week was well attended. Pete Bradfield of Munday brought the message each evening and Don Roberts of O'Brien was song leader.

Dutch and Imagean Young and Pat Benson attended the funeral of Pat's and Dutche's aunt, Thelma McMurry in Wichita Falls Friday.

Grace Snailum writes to her friends here that she is doing fine. She seems to be well adjusted to her new home and likes to get mail from all of us. Her address is: Grace Snailum, 4 Seasons Nursing Home, 8300 Wurzback, Room 51, San Antonio, TX 78229.

Jack, Kathie and Justin Waldron were in Wichita Falls recently for the annual Tractor Pull. Justin said it sure was loud but he liked it.

Virginia Griffith is in Lubbock today (Monday) to see her doctor and to attend to some business.

Bill Brooks of the EPA phase of the Red River Authority of TX brought a slide presentation and discussed the upcoming changes in the sanitary landfill situation at a special called session of the Benjamin City Council last Wednesday night. Bill explained that although most of these rules are designed for the larger cities, the small ones are also going to have to be in compliance. That is a fact whether we like it or not. And the only way I see for us to do is to try to comply or suffer the consequences if caught up with. All this will be explained more fully as time goes by and all the final plans are made.

And while we're talking city "goings on" we do have fogger now for the mosquitos and hopefully after a couple of sprayings, we have reduced the crop of the annoying little creatures greatly. And we are also getting the ditches and vacant lots mowed so all in all that should help a lot plus make the town look better, too.

Gloria and Leroy West are having some extensive remodeling done to their home. Taking out walls, putting more in, cabinets, bathroom, just a bunch of "stuff." Dale Turner of Knox City and his crew is doing the work.

IN PERDUE HOMES

Guests in the homes of Mr. and Mrs. Neil Perdue and Judge and Mrs. David N. Perdue and Kristen over the weekend were Mr. and Mrs. Duane Seay of Lufkin, Mr. and Mrs. Biff Perdue of Houston, Mr. and Mrs. Phil Fortune of Graham and Mr. and Mrs. Don Chandler, Jenny, Katie, and Wesley of Snyder.

LOOK WHO'S HERE

Tammie and Kenny Hosea of Quitman are the proud parents of a baby girl born June 25 at 8:50 p.m. at Mother Frances Hospital in Tyler. The baby has been named Katelan Renee and she tipped the scales at seven pounds, six ounces, and measured 20 inches in length.

Proud grandparents are Birdie and Bobby Joe Helton of Knox City and Shirly and Derrell Hosea of Quitman.

Great-grandparents are Grace Helton of Rochester, Mr. and Mrs. D.L. Hosea and Mr. and Mrs. Jonny Morse, all of Dallas.

IN ROBINSON HOME

Weekend guests in the home of Mrs. Ruby Robinson included her children and grandchildren, Mr. and Mrs. Jim Robinson of Lubbock and their granddaughters Carly and Elisa of Colorado, Mr. and Mrs. Kelly Robinson, Kamdon and Karson of Lubbock, Mr. and Mrs. Dewey Tucker of Idalou, Mr. and Mrs. Guy Robinson, Tracy and Kent of DeSota, Jim, Patsy, Mike, and Debbie Bateman, all of Denton, and Mr. and Mrs. Bobby Robinson, Cory, Eric, and Gena of Rule.

Other recent visitors include Ruby's sister, Sue Cusimano and daughter Sherri of Mountain View, California.
