Climates Demand Different Oils

EDITOR'S NOTE: This is the second article of a series on how to care for the skin, written for NEA Service and The Avalanche by Ruth Eiting, star of Zigfield's "Whoopie."

By RUTH EITING
Written for NEA Service
Caring for the skin has been one of the problems of womanhood for centuries.

When you hear the beauty secrets of ancient Egypt discussed by modern cosmeticians, it has a strange, romantic lure. You picture an idyllic beauty reclining upon a scented divan with a score of slaves gently fanning the air with great palm leaves. What the beauty expert fails to tell us is that the air is so hot that the heavy odor of incense and that the fair woman's beauty measures are those of a country of burning sands and brilliant sunshine. If the same methods were tried in a country where continual dampness prevails they would be futile.

My theatrical engagements have taken me to different sections of the United States and I have had occasion to observe how different climatic conditions produce different effects upon the skin.

Seasoned travelers know this and usually include in their baggage a sufficient quantity of various "skin aids"

to the complexion. This contains several bars of pure, unperfumed soap, a cleansing oil or cream, astringent lotion, massage cream and beauty milk, a bottle of bath salts and a large bottle of pure toilet water.

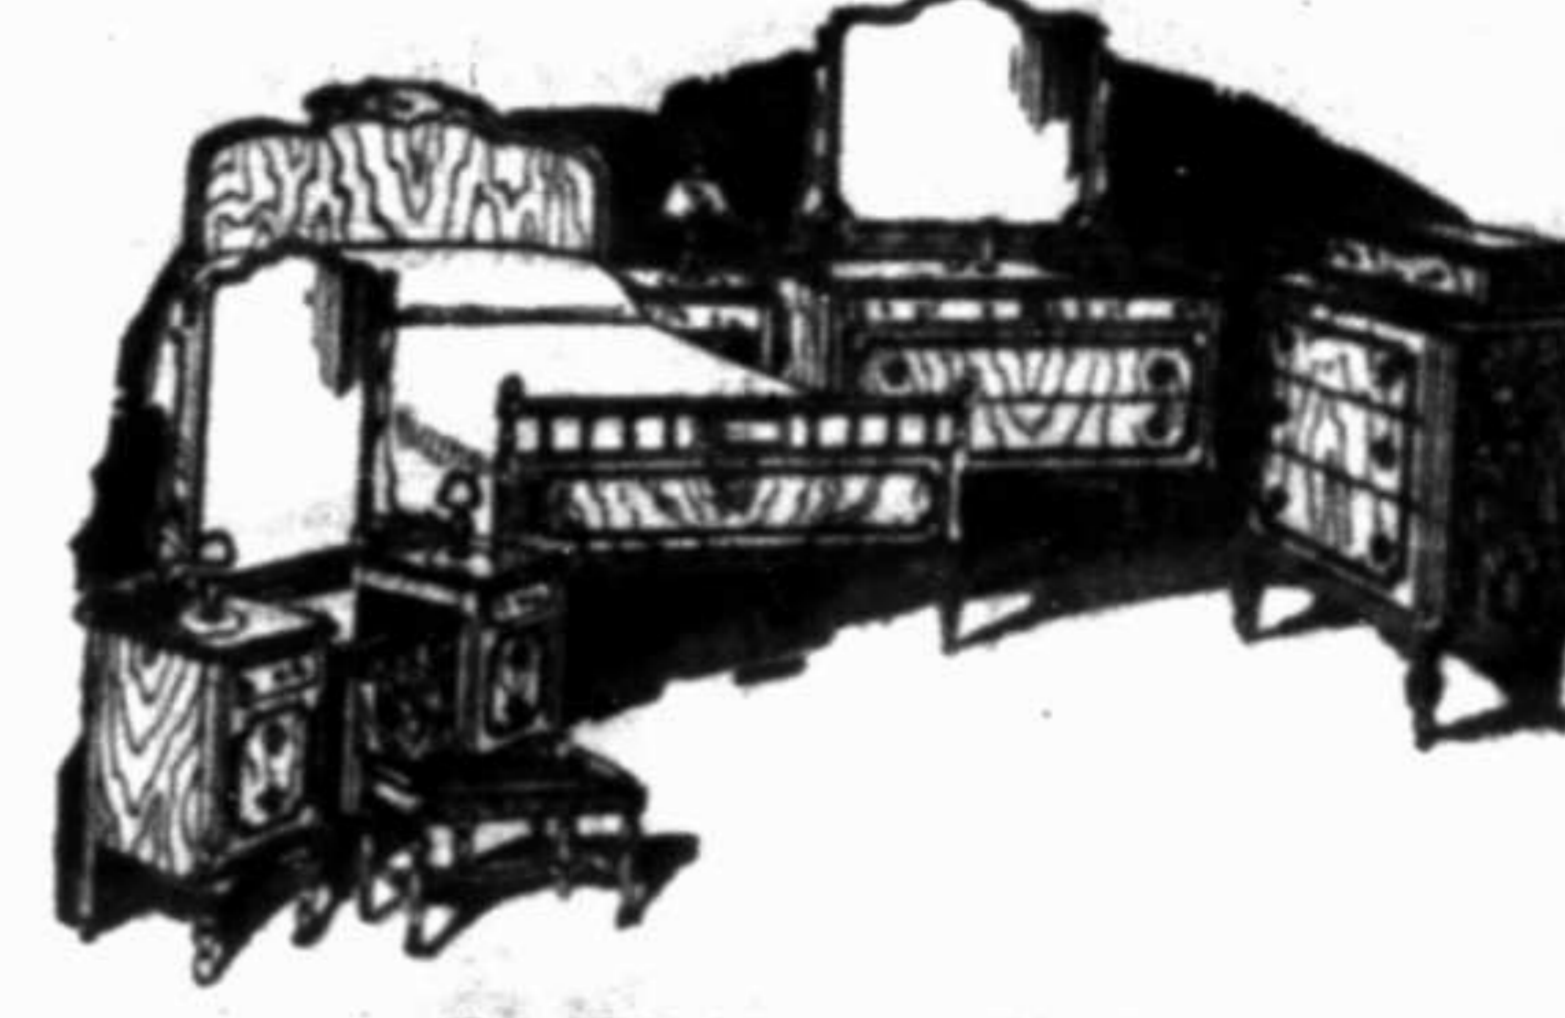

Cream Base for Make-Up
Naturally the face powder, rouge and lipstick are important accessories to the final "make-up." But unless the skin has received the correct cleansing beforehand, these latter products can be detrimental instead of beneficial.

I was born and brought up in Nebraska, where we have extremes of heat and cold, but where the climate fundamentally is dry. Most middle-western cities, that do not border on the Great Lakes, have a similar climate—and one that is rather trying to the complexion. A pretty safe plan to follow, where such conditions exist and where the water has an abundance of minerals, is to use oil plentifully to nourish the tissues of the skin. A cleansing oil may be applied before retiring, then a light application of astringent, and when the residue is removed with a pad of cotton, a thin layer of tissue cream is used and allowed to remain on the face overnight. In the morning, utmost care must be exercised to remove every trace of the overnight treatment first with a piece of gauze and then by a slight application of astringent.

Dr. Atticus Webb Will Lecture Here Sunday, April 21

State Superintendent Of Anti-Saloon League of Texas To Be In Lubbock; Upholds Dry Law.

Dr. Atticus Webb of Dallas, state superintendent of the Anti-Saloon League of Texas, will speak at the First Christian church of Lubbock at 8 p. m., next Sunday, April 21. His subject will be "The Unfinished Task."

Dr. Webb is well known throughout Texas as one of the ablest speakers on the issues and problems involved in maintaining and enforcing our dry laws. He has been in this work for nearly a quarter of a century, and the dry forces of Texas have come to know him and to believe in his leadership.

Clarify Public Thinking. The message at the church this coming Sunday will aim to clarify public thinking on the problem involved in the enforcement of our dry laws, answer some of the propaganda aimed at the laws, and stir the good citizenry to a demand that the laws be enforced.

Dr. Webb never engages in personal or partisan politics, nor in abuse or vilification, but kindly and forcefully presents his own views, and marshals the facts to sustain them in a comprehensive way. His messages are always from the viewpoint of the Christian citizen. The Anti-Saloon League is fighting in behalf of our dry laws, not from the standpoint of politics. Those who hear him Sunday will not regret it.

Slaton Farmers In High Spirits Over Crops' Prospects

(Special To The Avalanche) SLATON, April 16.—Slaton farmers have been busy an optimistic during the past three weeks—busy preparing for the new crop, and optimistic over the prospects for a bumper yield this year. Rains in late March placed a fine season in the ground, and old-timers say this is a strong indication of an unusually good crop year.

A well-balanced farm program is being planned by farmers in this section. Cotton acreage will not be as large as last year, while feeds will be correspondingly increased, opinions as expressed by leading farmers indicate. Dairying will reach a new high record and poultry raising is gaining throughout the territory, this year, reports show.

WIND STRIKES HOWARD Oil Rigs, Fences and Other Property Blown Down

(Special To The Avalanche) BIG SPRING, April 16.—A terrific wind here Sunday afternoon did considerable damage to property in the city and the oil fields sixteen miles southeast of here. Fences were torn down, three rigs were blown down, and many window lights broken out in school buildings and residences. A sand storm accompanied the wind which lasted but a few minutes.

PORTER SAYS HE HAS NOT FELT SO FINE IN 20 YEARS

"Sargon was a God-send to me, and I bless the day I first bought it; I feel like a new man for the way it worked in my case as marvelous," said J. F. Porter of Keller.

J. F. PORTER
Texas. Mr. Porter is seventy three years old and has been a deacon in the Missionary Baptist church for fifty two years. He is also a Mason. "I suffered day and night for the past three years, and had been told I had an ulcerated stomach. I thought I had cancer of the stomach, and had tried all sorts of treatments and spent sums of money trying to get well. My gall bladder gave me serious trouble and pain. A most severe pain would strike me about two or three o'clock in the morning and would continue for hours. My entire system was out of order. I was so constipated that I had to take some laxative almost every night. "I put off buying Sargon for weeks because I knew there were so many bogus medicines on the market, but read so many endorsements for it from good people in Fort Worth that I bought some, and it has worked wonderfully for me. I would not believe such results could be accomplished unless I had had the experience myself. Those terrible pains are gone and I sleep the whole night through. My stomach is right now and I eat what I please. I am strong and full of life and feel twenty years younger. My gall bladder doesn't bother me; my liver is active, and I am no longer constipated. "I feel it is my duty to my fellowman to tell how Sargon has benefited me." Sargon may be obtained in Lubbock from City Drug Stores; and in Slaton from City Drug Store. (Adv.)

LADIES SPRING COATS ENSEMBLES AND DRESSES AT A SEVERE PRICE REDUCTION

Weather Man Hampers Opening Of Major League Season

Matadors Trample Billies, 7 To 4, In Opening Game Of Season

IN THE REALM OF SPORTS
WITH ALLAN CARNEY
Avalanche Sports Editor

They're off!

Baseball teams of both major leagues, the International and Southern association, and the 1929 season Tuesday with record-breaking crowds on hand to see the current edition of their favorite and to take the first blow of the long drawn-out battle of 154 rounds. Babe Ruth and the Yankees held the center of the eastern stage while Rogers Hornsby, making his first appearance with the Chicago Cubs, held the spotlight on the western frontier.

The first game of the season is of utmost importance to the fanatical spectators. The psychological effect of getting the jump in a close race is not to be scoffed at. Miller Huggins, the Yankee mite manager, attributes the success of the 1928 New York team to the fact that they were the first to get the jump on the rest of the field. Without a substantial lead, the champions would undoubtedly have been overtaken by the Athletics in the latter part of the season during the Yankee slump.

John McGraw and his dangerous crew are counting strong on making a whitewash start this season. Their advanced condition has been pointed out as the basis for this ambition. The Giant skipper admits that he fears the Chicago Cubs more than any one team in the senior circuit, but believes he has a better all-around club. Nevertheless, the race between these two National League machines will be a bitter struggle.

NO REASON FOR IT

Whether or not there is any real foundation for the feud story circulated by the baseball world concerning the Chicago Cubs seven-day stay in Houston remains a "personal grudge" between the two teams. The Chicago team will never visit Houston again during training season.

This Chicago baseball newspaper intimates that the Houston players were acting in league with other major clubs to cripple the Cubs before the season opened. The grudge centered around an old-time feud between Rogers Hornsby and Frank Snyder. Hornsby, the article goes on to say, envied the Buff pilot to come out and fight and the latter refused. This is absurd. Records of that he is a misout as a scrapper, while on the other hand Frank Snyder is a husky 200-pounder with the word fear unknown to his vocabulary.

SOMETHING TO SHOOT AT

Athletes from 12 counties in District two gather here this week-end for their annual assault on the records in the 15 track and field events that will be held for both Class A and B schools. Competition in the county meets and invitation affairs held over the district indicates that a number of these will fall this season. Slator carried off high honors in the Bengal last year but the Bengals will likely find much higher class of competition when the 1929 meet gets under way.

A number of record holders will be back this year, trying to better their old marks. Barker of Dickens holds the pole vault record at 11 feet, 6 inches. He is not likely to have any stiff competition in this event. Baker of Southland will be back to attempt a better high jump mark. His six footer leap is the district record. Jones of Olton holds the district record in the high hurdles at 16 feet, but another protege of Coach Carter recently chalked up a 15.8 in the Lamb county meet. This was Hopper. Cecil Austin, the much heralded Slator flash, is the holder of the low hurdle record. His time in this event was 26 seconds.

Games On Eastern Front Rained Out As Season Opens

Four Games Played In Midwest Under Unfavorable Conditions; Chicago Cubs Draw Largest Crowd

Major League baseball managed to get an even break with old man weather on the opening day.

Four Games were played in the middle west, most under unfavorable conditions, but the entire eastern half of the getaway program was rained out by a cold storm from the north-east.

It was the biggest shock to the opening program on record, a hasty dive into the archives for these occasions disclosed that the wash-out of the game between the Yankees and Red Sox is the first upset to the opening day calendar of either Manhattan entry at home since 1909, when Brooklyn was kept from starting the campaign with the Giants at the Polo Grounds.

First On Record Since 1927

The postponements were the first in either league since 1927 when St. Louis experienced an unusual streak of bad weather luck by having the first three games of the opening series with Detroit washed away completely.

There may be better luck today along the Atlantic seaboard. The prospect is for clearing and slightly warmer weather. It will need to be considerably warmer, however, to arouse any enthusiastic outpouring for the American League opening between the Athletics and Senators at Washington. The Yankees-Red Sox at New York, or the Nationals and Braves at Boston or the Giants and Phillies at Philadelphia.

While the rain drops pattered a dismal tune for the east, the baseballs popped noisily out beyond the Alleghenies. Chicago put on the big show with a record crowd of 50,000 packing Wrigley Field to see Rogers Hornsby make his debut with the Chicago Cubs against the Pittsburgh Pirates. This tribute of home town enthusiasm for their pennant chances failed to inspire the Cubs, however, for they dropped the first skirmish, 4 to 3.

Turn Out At Cbl.

The turn-out at Chicago surpassed the combined attendance for the other three games played. The game drew a record crowd of 57,000 with aggregate attendance of 121,517 for the opening of 1928, among the same clubs.

Exactly 25,507 paid to see the St. Louis Cardinals, National League champions, start their pennant campaign behind the veteran Grover Cleveland Alexander, who beat Red Lucas and the rest of the Reds, 5 to 2, at Cincinnati. At Cleveland 15,000 watched the Indians and Tigers battle extra innings, with Cleveland, winning in the seventh by 5 to 4. Only 5,700 attended the game at St. Louis where the Browns got away impressively with a victory for Sammy Gray over the Chicago White Sox, 3 to 1.

Yankee Cup Team Receives Ovation

LONDON, April 16. (AP)—In one respect at least visiting golf professionals from the United States were given a royal welcome when they reached London today to tune up their game for the Ryder Cup matches to be played near Leeds, April 26-27. The profusion of banners and bunting decorating Bandonia Station has usually been reserved for royalty.

Officials of the British P. G. A., and members of the British Ryder Golf Association, met the "hellos" were joined by hundreds of plain golfers and Captain Walter Hagen and his fellow stars of a thousand fairways had to be rescued from their friends, as they left their railway compartments.

The visitors plan to begin practice immediately in preparation for the international matches, only 10 days away.

Owls Slaughter Mustangs, 14 to 8

DALLAS, April 16. (AP)—Ranging out 13 hits of two Southern Methodist University hurlers, the Rice Owls defeated the Ponies, 14 to 8, in their Southwest Conference game here today. The slugging Owls knocked Collins from the box in the early part of the game and continued their assault on Lyles, ending it with a six-run spurge in the ninth.

Ables went the route for the visitors and with the exception of two frames, the fourth and the eighth, kept the Mustangs well in hand. Six bases on balls kept him in trouble.

Montgomery led the Rice attack with three singles in five trips. Stoppel had a double and a triple in five trips and Austin got a single and a triple. Connor, with a single and a double, had the best luck against Ables' slants.

No Split Season For Class B Loop This Year; Tulsa Oklahoma City, Pueblo And Des Moines Feared

TOPEKA, Kas., April 16. (AP)—A five month pennant chase, with no halfway mark at which to cause for breath and make a new start, will begin tomorrow for the Western League. The split season adopted last year did not find favor with the managers and club owners and was abolished for the 1929 campaign.

The opening games: Des Moines at Oklahoma City, Denver at Tulsa, Pueblo at Wichita, Omaha at Topeka.

Tulsa, last year's champions, again appear formidable despite the weakening of the club by a parade of its best players to other clubs, including the St. Louis Browns, who in the 1928 league leading hurler, Chad Kinsley and the clever infielder, Leonard Dondero. Oklahoma City, winner of the first half of the 1928 race and subsequently victim of Tulsa in the playoff, appears dangerous. Pueblo and Des Moines, who later a poor second division club last season, are generally rated by sports writers as the other two first division clubs.

The only change in the circuit is the substitution of Topeka for Amarillo.

Browns Take 1st From Sox, 3 to 2

ST. LOUIS, April 16. (AP)—Sam Gray, who won twenty victories last season, held the Chicago White Sox to five hits and the St. Louis Browns won the opening game of the season today, 3 to 2.

Furkes helped the Browns score each of their three runs. The first was brought in by Thomas' balk and wild pitch while the last two were scored on errors by Cissel and Metzler.

Indians Defeat Tigers In Opener

CLEVELAND, April 16. (AP)—Cleveland and Detroit opened the season with an 11-inning struggle here today, the Indians winning five to four on Carl Lind's two-bagger with two out and two on base.

Pittsburgh Withstands Cub Rally To Take Opening Day Fracas From Chicago; Grimes Holds Cubs

CHICAGO, April 16. (AP)—The Pirates withstood a Cub rally in the ninth here today, and defeated the home team 4 to 3 before 50,000 fans, the greatest opening day crowd in the history of Chicago. Burelugh Grimes held the Cubs helpless until the ninth when two runs were scored. Pittsburgh got away to a start of three against Charlie Root in the first, and never was headed.

BAN CURTAIN SCHEMES

Lamesa Merchants Frown On Advertising In Schools

LAMESA, April 16.—The Retail Merchants association of this city placed a ban on school house curtain advertising schemes in a meeting of its investigating committee here recently. The committee pointed out that the business men of this city, being called on to make donations in the form of advertising on curtains for schools of the trade territory and same was entirely too expensive. It pointed out that in the trade territory more than fifty schools were located. At \$500 each donation would amount to a better than \$15,000, which would be a good size tax.

OFTEN WOKE UP WITH A HEADACHE

Finally Took ALL-BRAN Instead of Drugs and Now "Couldn't Feel Better"

How much suffering constipation brings! Headaches, loss of strength and appetite, sleeplessness. Often it leads to serious diseases. But here is one of the thousands who have suffered and found relief. Read this letter—

"I am 62 years old and have not in years suffered from constipation. About 1/2 of money with doctors, bought all kinds of pills and drugged myself every night with little and little bits of morphia with a headache.

"I don't take one pill since I began on ALL-BRAN some ago. I am now feeling the best I have felt in 20 years. I eat heartily and sleep peacefully every night with no headache.

"It's never too late to try Kellogg's ALL-BRAN. It is 100% bran and brings sure, natural relief from constipation. Because it is a bulk food it sweeps the intestine clean and stimulates normal action. Results guaranteed. Two tablespoonsful daily, or in chronic cases, with every meal. Doctors recommend it.

Kellogg's ALL-BRAN is ready to eat with cream. Try some recipes on the package. Made by Kellogg in Battle Creek. Served in hotels, dining-cars and restaurants. Sold by all grocers.

Volney Hill Keeps Billy Hits Well Scattered While M Bunch Bingles In Fifth To Annex First Game of Series From Brownwood Outfit

BY ALLAN CARNEY
Avalanche Sports Editor

Coach Grady Higginbotham's Matador baseball picked out the fifth inning to train their big guns on Daniel Baker Hill Billies Tuesday afternoon, scored seven runs to come from behind and take their first big game of the season from the Brownwood aggregate 7 to 4. Although outbatted by the Goats, the locals bared their hits in the fifth frame to take a well-earned edge from the cohorts of Herman Bell.

The Nut Cracker
By Joe Williams

The A. A. U. is moving to improve its constitution, says a headline. The A. A. U. does seem to be pretty well run down lately.

NOT ONLY RUN DOWN, BUT IT'S BEING GIVEN THE RUN-AROUND BY SEVERAL WHAT ARE FACETIOUSLY CALLED AMATEUR ATHLETES.

Ray Barbuti says the amateur athletes usually are paid in cash. This is a great advantage over the checking system. Many professional boxers have accepted checks which bankers had good laughs about.

Barbuti says an intermediary or pay-off man makes arrangements for the stars who compete and pays them. Almost as good a job as passing the plate in church or working in a store where there is no cash register.

Salo Leads Pack In Tuesday Trek

RICHMOND, Ind., April 16. (AP)—Johnny Salo, the flying cop of Passaic, N. J., showed his heels to the rest of the pack in C. C. Pyle's transcontinental foot race today, and with a stiff Indiana gale at his back, blew into Richmond, first control point in the Hoosier state, far in advance.

He covered the 63 miles from Springfield, Ohio, in 8 1/2 hours, almost an hour ahead of Pete Gavayou of England, leader in elapsed time who was second today in 9 37.50.

Martin Offers New Bread In Lubbock

Tuesday witnessed the first offering of the Martin Baking company's "bread made with milk and honey" to the Lubbock public, and brings to attention the fact that this Lubbock institution is keeping pace with forward strides of the city in other lines.

Twenty years ago, almost, or to be exact, on January 2, 1910, the Martin Baking company started business in this city. Its capacity at the time was about 100 loaves of bread per day. Present capacity is more than 700 loaves of bread every hour, the proprietor, R. H. Martin, having built a business from little to a \$75,000 investment in machinery, building and equipment. From one employe the bakery now has 15, and from hand labor at kneading dough, it has grown to a concern where every operation is done by modern machinery.

One feature of the bakery is its machinery, which required 14 days to thoroughly heat it. It is the only one like it in all the southwest.

ORDERS LEASING HALT Wilbur Stops Oil Prospect Work Except In Oklahoma

WASHINGTON, April 16. (AP)—Secretary Wilbur today ordered that no oil lands within Indian reservations be leased or that permits be issued for prospecting, except in the case of the Osage lands in Oklahoma, where 25,000 acres will be offered for lease annually as required under the leasing law passed by the last congress.

U. D. C. To Stage Home Talent Play

Miss Muriel Petrie, of the Universal Producing company, of Fairfield, Ia., is in Lubbock making arrangements for the United Daughters of Confederacy home talent show "Aunt Lucia" which is to be staged at the high school auditorium on the nights of April 29 and 30. Miss Petrie will have personal charge of the show in which more than 100 local people will take part. Work on the play has already started and the selection of the cast going forward, officials of the local U. D. C. chapter said yesterday.

BIDS TO BE RECEIVED

Highway Nine Paving In Hale To Start Soon

According to Joe Caldwell, division engineer of the state highway department, stationed here, stated yesterday that Highway No. 9 is now open through Hale county, with the exception of a small strip between Hale Center and Plainview. Grading and drainage on this strip will be completed within the next few days. Bids will be received today for paving Highway No. 9 from Hale Center north to the county line. Caldwell stated. The road will be closed to traffic when paving starts.

enced after the fifth frame, the locals going out in order in the last three innings. Daniel Baker threatened in the ninth, but a base on balls and one hit was the extent of the threat. Hunter started off by hitting his second single of the game. He was forced at second when Miller grounded to Peterson. Harris hitting for Vihla, walked. Broad flew out to Brothers and Graham ended the belated rally by grounding out, third to first.

Red Howell will likely be the pitching choice for the Matadors in today's encounter and White will be on the mound for the visitors. The game starts at 3:30.

Wanted! 150 More Good Used Tires

Goodrich Dealer Extends Sale Due to Great Interest

CROSSING MISSISSIPPI! This picture shows the cars of the Silver Fleet waiting for the Mississippi River ferry. Since this photograph was made the cars have traveled many hundreds of miles... given their husky tires lots of additional punishment on this great demonstration trip throughout the country.

MAKING A BRIDGE! The Fleet pilots are shown here making their own bridge in order to get the cars through. This picture was snapped on one of the back roads that are frequently traveled in order to give the Goodrich Tires some real punishment.

Your Used Tires Still Worth Good Money in Trade-In Sale

We're still in the market! Your old tires are worth our good money! The Silver Fleet left behind it such an amazing interest... such an astonishing enthusiasm... that we are continuing to give motorists the same opportunity for bargains we offered when the Fleet arrived.

Just bring around your old tires... casings with five, ten or fifteen thousand miles on them... and we'll take them in credit on brand new Goodrich Tires just like those you saw on the Silver Fleet.

Remember, this offer applies on the purchase of any tire in our stock regardless of price.

Here's the Story If you want a tire built to fit the needs of 90% of all motorists... a tire that is a standard of quality the country over... there is the Goodrich Silvertown waiting for you. And your old used tires are accepted as part of the purchase price.

Or perhaps you want sound new rubber at a low cash investment. Then ask to see the sturdy new Cavalier... the low-priced, high-quality tire for hard drivers... made and guaranteed by the same

men who make and guarantee Silvertowns. Mile for mile you can't beat this tire for economy. But in any event... at quickly.

In another two days, our trade-in sale will close. Check up at once on your present tires. Look them over for small cuts... injuries... signs of tread wear... possible side-wall weaknesses.

Then come in. Have your present rubber appraised by an expert. Find out how much mileage you can honestly expect and what your allowance will be.

Remember tires that have seen long service may cost you more than new rubber all around.

So come in... tomorrow. Don't wait for the final day. Find out... now!... what your tire requirements for the coming season will be... then let us show you how to save by taking advantage of our trade-in offer.

Don't miss this opportunity to get new tires all around at a bargain!

THREE GOODRICH TIRES: Silvertown De Luxe, for superlative style and service. The famous Silvertown—the standard quality tire. Goodrich Cavalier, a low-priced tire for keen buyers.

JOHNSON PICTURES WORLD COURT AS STAIRWAY GOING DOWNWARD LEADING TO LEAGUE OF NATIONS

By CHARLES P. STEWART Washington Correspondent ASHINGTON, Apr. 16.—The world court is the descent to Avernum; night and day the gate is open; to retrace one's steps, and escape to the upper air, this indeed is a task; this indeed is a toll.

However, those who disagree with the Goldwater-Gale statement would be a step in the direction of entrance into the League of Nations—or even blind us to abide by the decisions of the court itself.

THE BLACK PIGEON

© 1929 By NEA Service, Inc. BY ANNE AUSTIN

THIS HAS HAPPENED On Monday morning RUTH LESTER, secretary, found the body of her employer, "HANDSOME HARRY" BORDEN, sprawled beneath the arched window of his private office. McMANN, detective sergeant, questions the following suspects: MRS. BORDEN, Borden's estranged wife and mother of his two children; RITA DUBOIS, night club dancer, with whom Borden was infatuated; and JACK HAYWARD, Ruth's fiancé, whose office is across the narrow hallway from Borden's.

Now go on with the story CHAPTER XLV Ruth's attention was wholly diverted now from her own secret schemes and hopes. "The strangest clause ever written into a last will and testament" she repeated, her voice rising on an incredulous, questioning note.

"No, sir, I never heard of a man so obsessed with the idea that he was going to be bumped off that he took care of the reward in his will," McManis asserted. "The clause in the case may be getting to see Mr. Borden is dead, Walters can't find it. I can use five grand. The wife's been deviling me to make a down payment on a house in Fairview."

"To murder Mr. Borden?" Ruth asked. "Oh, no! For the same reason he came back the first time to borrow your gun for target practice. I don't believe it was gone out of your desk when he came back the first time but when Borden looked out for me for me, just as both Benny and Minnie have said."

"What is the matter?" Ruth cried, above the hubbub, and the detective, who had just succeeded in linking his wrist with that of the foreigner, volunteered the answer: "A bird the whole department's been looking for. Miss Lester, and we find him here. Yes, ma'am! Walked in not five minutes ago, and I spotted him. When I told him the police want him, he draws a gun on me—says he come to kill his wife, that Dubois dame, for two-timing him with Borden—Here you! That's my arm you're jerking out of its socket! Come along quiet now, Romero, or I'll bash your pretty patent-leather head in!"

Ramon Romero! Rita Dubois' dancing partner at the Golden Slipper and her husband! Dazed, Ruth ester followed the trio into the elevator, the crowd having been roughly forced back by the uniformed policeman.

Lubbock Retired Farmer Declares He Feels Like New Since Taking Orgatone

A few weeks of Orgatone treatment actually put an end to my indigestion and made me feel like a new man," said U. D. Owens, a well known retired farmer residing at 1 Ave. T. Lubbock, Texas, in relating his experience with Orgatone.

"One day after eating," he continued, "I had an awful attack of indigestion and from that time on commenced to get in a general run down condition. My stomach would upset with gas so at times could hardly breathe, and I would be sick after headaches until I could hardly stand the pain. I started doctoring myself, but in the middle of the medicine I took I became so much worse, and suffered with agony that it looked the nothing could ever do me any good.

"One of my friends advised me to take Orgatone and I began to improve right from the start and in a week I felt much better. A few more weeks treatment fixed me up right and I have gotten entirely rid of my indigestion and can eat anything I want. I believe every day in my neighborhood in taking Orgatone and praising it for the good it is doing them."

Genuine Orgatone may be obtained in Lubbock exclusively by the West Drug Store, under the personal direction of a special Organ representative. Out of town customers may be supplied by all major receipt of price, \$1.25, one bottle of \$2.25 for six bottles.

Continued Tone Of Cheerfulness Is Aid To Market

Little More Buying Enters Wall Street Tuesday But Day's Sales Fall Short; Call Renews At 8.

BY CLAUDE A. JAGGER
 Associated Press Financial Writer

NEW YORK, April 16. (AP)—The continued cheerful tone of business and industrial news brought a little buying into the stock market late in today's session, and checked liquidation which began yesterday.

Operations, however, slowed down still further, the day's sales falling off to 2,369,480 shares which is about the size of a Saturday turnover a month ago. Call money again renewed at 8 per cent, but mounted to 9 as banks withdrew some \$18,000,000 to meet the mid-month interest, dividend and tax checks.

The Federal Reserve statement of the condition of member banks in 101 leading cities, showing a drop of \$124,000,000 in loans on security collateral, was pleasing.

U. S. Steel's announcement of the offer of rights worth about \$5.50 a share was disappointing to holders of steel common who had accumulated the stock on the theory that rights would run from \$15 to \$20 a share.

Walter P. Chrysler told stockholders of Chrysler corporation at their annual meeting that shipments during the first quarter totaled 122,758 cars, as compared to but 112,977 for both Dodge and Chrysler last year. General Electric reported first quarter sales 27 per cent higher than a year ago.

Crude oil production fell off by the widest margin reported this year last week, which was regarded as particularly favorable at a time of firming gasoline prices.

Cotton Market Is Moderately Active In South Tuesday

NEW ORLEANS, April 16. (AP)—The cotton market was moderately active today with price fluctuations erratic but narrow and the trend rather downward. At the start the market worked lower, losing 8 to 10 points on poor Liverpool cables and continued good weather in the belt.

In the afternoon the market eased off on prospects for continued good weather and some disappointment at the details in the president's message, closing at the low of 19.75 and after trading down to 19.75 down 10 points early rallied 6 points to 19.75 and later declined to 19.72 and closed at 19.73 or 10 points net lower for the day.

The general market closed steady at net declines of 5 to 11 points.

First trades here showed losses of 5 to 7 points and after a slight rally of 1 to 2 points eased off again in the early trading to 19.66 for May, 19.73 for July and 19.38 for October or 8 to 10 points under the previous close.

The market later in the morning rallied on covering by shorts, May trading at 19.72, July at 19.75 and October at 19.64 or 5 to 6 points up from the lows.

May eased to 19.65 and October to 19.55 or 10 to 11 points below the previous close. The close was at the lowest at net declines of 10 to 11 points on the three active months.

Texas Livestock Trading Is Active

PORT WROTH, April 16. (AP)—Active trading and steady prices cleared the livestock yards here today.

Slaughter steers ranged from \$10.75@12.25.

Bulls sold at 7.00@8.00. Light bulls around 7.00, heavy, 8.00@8.50.

Slaughter yearlings and heifers at 11.50@12.75, eight head very desirable yearlings at 14.50.

Cow of the better fat ones around 9.00 and 9.50.

Three loads of calves in southern division sold at 12.00@12.25, cull calves around \$5.00.

Two loads yearlings at 13.25 and one load at 13.50.

Hogs steady to 10 cents lower; best rail butchers at 10.85 and those in the truck division at 10.25. Bulk 175-250 pound butchers at 10.90@10.85; packing sows at 8.50@9.25; feeder pigs at 7.75@8.35.

Sheep steady; shorn fat wethers 10.00@10.50; two years old shorn fat wethers 11.25, spring lambs 16.00.

"Empress" Hermine, second wife of the former German kaiser, blossomed out in Berlin society on a recent visit there. Functions of the old court society group were revived.

Prices Generally Lower For Cotton In Gotham Tuesday

NEW YORK, April 16. (AP)—Relatively easy Liverpool cables and an improved weather forecast seemed to offset bullish features in cotton today and prices were generally lower. After selling off to 19.80 early, July rallied to 19.86 but declined to 19.77 in the late trading, and closed at 19.80. The general market closed steady at net declines of 5 to 10 points.

The opening was steady at a decline of 2 to 7 points. Some buying resulted from reports of rains in the eastern belt, but it was very readily supplied, with the active months showing net losses of about 6 to 10 points. This decline seemed to bring in considerable covering. There was some trade buying of near months and prices steadied up at mid day.

Parrish Explains Highway Measure

Senator Pink L. Parrish, in speaking of his bill, presented at the last session of the state legislature and probably scheduled to come up for action before the special session, which starts next Monday, told H. C. Porter, engineer of the state highway department, and Joe Caldwell, division engineer for the highway department, that the burden of maintaining state highways should be removed from the shoulders of everybody excepting those who use the roads.

Parrish's bill proposes to cut in half the present automobile license fees collected by the state and to provide for use of part of this income by the counties in which it originates, on its own highways. The four-cent gasoline tax Parrish also referred to, would compel some of the large oil companies to pay more taxes and the consumer less.

South Plains Auto Club To Function As Separate Unit

At a meeting of the South Plains Auto club, held in the chamber of commerce rooms at the city hall yesterday morning, a nominating committee was appointed and instructed to select ten new directors for the organization, following a decision to continue the club here and to form a separate organization hereafter. The club has been operated as a unit of the chamber of commerce.

W. W. Royalty, president of the club, presided at the meeting, which was called at the suggestion of the directors. C. P. Haynes, formerly with the West Texas Auto club, of Fort Worth, and the Waco Auto club, of Waco, spoke to the members, presenting a proposition of promoting membership and starting the organization here.

MID-WESTERN LIVESTOCK

KANSAS CITY, April 16. (AP)—U. S. D. A.—Fat lamb trade around the 11-market circuit was active at firm to unevenly higher prices, most markets showing gains of 25 and 40 cents. Aged stock firm to 25c higher. Choice red woolled lambs in Chicago reached \$17.85 and \$16.85 was paid for choice clipper. Kansas City scored \$19.90 and \$19.65 on choice Arizona springers. Total offerings around 55,300.

Moderate activity prevailed in the hog market at values steady to 10c lower than Monday's average. The day's extreme top of \$11.90 was paid in Chicago. Supplies approximated 85,900.

Aggregate receipts of cattle were estimated at 36,900 a decrease of 1,600 from a week ago and 2,000 short of a year ago. Chicago had \$14.50 top paid for all representative weights of steers and yearling heifers. Choice 876 pound yearlings in Kansas City brought \$14.50. Stocker and feeder classes were scarce at firm prices.

Prices Generally Lower For Cotton In Gotham Tuesday

NEW YORK, April 16. (AP)—Relatively easy Liverpool cables and an improved weather forecast seemed to offset bullish features in cotton today and prices were generally lower. After selling off to 19.80 early, July rallied to 19.86 but declined to 19.77 in the late trading, and closed at 19.80. The general market closed steady at net declines of 5 to 10 points.

The opening was steady at a decline of 2 to 7 points. Some buying resulted from reports of rains in the eastern belt, but it was very readily supplied, with the active months showing net losses of about 6 to 10 points. This decline seemed to bring in considerable covering. There was some trade buying of near months and prices steadied up at mid day.

Parrish Explains Highway Measure

Senator Pink L. Parrish, in speaking of his bill, presented at the last session of the state legislature and probably scheduled to come up for action before the special session, which starts next Monday, told H. C. Porter, engineer of the state highway department, and Joe Caldwell, division engineer for the highway department, that the burden of maintaining state highways should be removed from the shoulders of everybody excepting those who use the roads.

Parrish's bill proposes to cut in half the present automobile license fees collected by the state and to provide for use of part of this income by the counties in which it originates, on its own highways. The four-cent gasoline tax Parrish also referred to, would compel some of the large oil companies to pay more taxes and the consumer less.

For People Who Want Something Different in Coffee

TRY this new coffee flavor from the West Coast of Central America. Experts say its rare tang and rich, mellow body are different from any other coffee in the world.

PERHAPS you have wondered if there is any coffee that is really different. Like thousands of others you may have discovered that 70% of all coffee sold in the United States—regardless of the brand you buy, or who recommends it—is practically alike. For it is all of the same common type and comes from the same country. That is why you notice so little difference when you change from one brand to another.

Folger first introduced this new coffee in San Francisco. From the famous Bohemian restaurants of that city its reputation spread. Travellers who discovered it, wrote back for shipments. For years that was the only way it could be obtained. Today, however, your grocer has it, sealed by Folger in vacuum tins that keep the flavor always fresh.

Accept Please, The Folger Test

Because Folger flavor is so different we make this unusual offer. Buy one pound from your grocer today. Drink Folger's Coffee tomorrow morning. The next morning drink the coffee you have been using. The third morning drink Folger's again. Then take a vote. If for any reason Folger's is not the family choice, your grocer will gladly refund the full purchase price. It will be our treat. That's fair, isn't it? You risk nothing—so why not order a pound of Folger's today? Folger Coffee Co., Kansas City, Missouri.

FOLGER'S COFFEE
 VACUUM PACKED

YOU NEEDN'T CREAM THE SHORTENING AND SUGAR. ANY MORE—when the shortening is Snowdrift. You just stir them together... easily, smoothly. It's all done in a jiffy. This way—

PLAIN MUFFINS

1/4 Cupful Snowdrift - 1/4 Cupful Sugar
 1/4 Cupful Milk - 1 Egg - 3 Cupfuls Flour
 1/4 Teaspoonful Salt - 3 Teaspoonfuls Baking Powder

Stir the Snowdrift gradually adding the sugar and the egg-well beaten. Sift together the dry ingredients and add them alternately with the milk to the first mixture. Drop into muffin pans well oiled with Snowdrift and bake from twenty-five to thirty minutes in a hot oven (375 degrees F.).

As simple as that. Because we cream Snowdrift for you... whip it up all light and fluffy, before we pack it in the air-tight can. Indeed, Snowdrift has almost the body of whipped cream... a consistency it retains winter, summer, cold refrigerator, warm kitchen.
