Committee Votes Free Passage

Senate To Start Discussions On Measure Monday

By The Associated Press

WASHINGTON. — By a vote of 13 to 10, the Senate foreign relations committee approved legislation Saturday permitting American merchant ships to carry arms and allowing them to sail to any port in the world.

The momentous bill, a substitute for the House-approved measure limited to ship arming, was accepted after the committee had voted 12 to 11 to take it in lieu of similar legislation proposed by Senators Pepper (D-Fla), Lee (D-Okla) and Green (D-RI). Senator White (R-Me.) who voted with the opposition on the first tally, joined the administration majority on the final ballot.

Democratic Leader Barkley, who sponsored the proposal, set Monday for the start of Senate debate. He said that "it is hard to guess how long" it would take to get action.

Last Step Before War

Senator Nye (R-NH), an administration opponent, said there would be additional speech-making because the committee approved repeal of the Neutrality Act's provision forbidding American merchantmen from entering belligerent ports or designated combat areas.

Nye and Senator Vandenberg (R-Mich), another administration foe, said there was no intention to filibuster but Nye added that "this is the last step we take before actually entering the war, and it is an issue which quite normally would call for speeches by close to 96 senators."

The committee bill, approved after four days of hearings, would carry out President Roosevelt's recent recommendations regarding shipping.

Authoritative informants said that the administration's committee victory was won when Senator George (D-Ga), who had been uncommitted, voted for it.

State Treasurer Resigns Position

AUSTIN (AP)—Texas had a new state treasurer Saturday and new members of two important boards.

In a surprise announcement Charley Lockhart, serving his sixth term as state treasurer, resigned and Governor Coke R. Stevenson immediately named Jesse James of Cameron, Lockhart's chief clerk several years, to the post.

The governor also appointed Karl Hoblitzelle of Dallas a member of the board of directors of Texas Technological College, Lubbock, and George B. Wilcox of College Station as a member of the board of trustees for the teachers retirement system.

Hoblitzelle, a theatre magnate and civic leader, succeeds the late J. M. West of Houston.

Wilcox is a former president of the Texas State Teachers Association.

Lockhart resigned because of ill health.

Midland Churches Observe Navy Day

Pastors of a number of Midland churches will discuss the importance of the United States Navy in sermons Sunday in observance of Navy Day, H. A. Palmer, adjutant of the Woods W. Lynch Post of the American Legion, said Saturday.

The legion recently requested observance of the day and has furnished information on the subject to a number of ministers.

Navy Day is October 27. The American Navy was founded in October of 1775 by the Continental Congress. The date was fixed on the birthdate of Theodore Roosevelt, credited as the founder of the modern Navy.

Each Sunday church services are held on all larger ships and at all naval stations.

Weather Postpones Shipments Of Cattle

Muddy and soggy ground, which prevented loading, cause postponement of the shipment of nine carloads of cattle from Midland Saturday.

Andy Fasken will ship six carloads by rail to Missouri and E. D. Frizzell will ship three to Colorado.

Torrential Rains Bring Largest Amount Of Moisture Here In Thirty-Five Years

Midland and West Texas Saturday waded out of flood waters brought by torrential week-end rains of the wettest fall season in 35 years.

The heaviest rainfall here was Friday night and early Saturday. The downpour started at 6.30 p. m. Friday night and continued until early Saturday. Three to five inches fell in the immediate area.

Runoff waters overflowed curbs and gutters in the business and residential districts, formed a virtual lake at the Midland Country Club, and rushed into the Mexican section inundating several blocks.

Six and one-half inches of rain fell here since Wednesday night, the Midland Municipal Airport reported. The gauging was 6.56 inches at 12:30 p. m. Saturday. Total rainfall for October is 8.4 inches.

Highway Under Water

The rain was general over West Texas. Bus drivers reported rain at intervals from Dallas westward. The Brazos River was at a high mark, but no washouts were reported. Both trains and buses were near schedule here Saturday.

Highway 80 between Big Spring and Midland was under water at low points Saturday and many cars were "drowned out."

Sectional football games Friday night were played during rainstorms and in the mud. The Wink-Monahans game at Monahans was postponed. Games at Big Spring, Lamesa, Rankin, and other Permian Basin cities were played in the rain.

Rain Totals 32 Inches

Attendances at two fairs were reduced. It damaged booths and exhibits at Monahans and prevented a large crowd at Stanton.

The deluge was so heavy Friday night in the city and east of Midland that automobiles pulled to the roadside until it had slackened. Motorists said the rain was so hard drivers could not see the highway.

The three-day period of wet weaher slowed work at Sloan Field and damaged open cotton in the fields. Gins were practically at a standstill Saturday.

Rainfall in Midland this year at 32.48 inches already is almost twice the average annual fall of 17.15 inches. October has been the wettest month with 8.40 inches. Previously May with 7.87 inches was high.

Rainfall by months this year as compiled by Army weather observers at the airport: January .45; February .34; March 1.96; April 2.60; May 7.87; June 4.24; July 1.57; August 2.48; September 2.57; and October 8.40.

Petain Government Moves To Stop German Assassinations

VICHY, Unoccupied France (AP)—The Petain government adopted iron-fisted measures of its own to suppress attacks on German occupying forces Saturday and announced it was pressing Nazi authorities to stop the execution of innocent hostages in reprisal.

The new law passed by the cabinet provided for severe punishment for eyewitnesses, accomplices or others who have information of acts of terrorism against the German authorities but who fail to make their information known to officials.

A communique said it had been decided 'to strengthen considerably the measures of precaution and repression against criminal attacks aimed at the occupation troops and for which the French population is suffering the consequences."

As the cabinet acted, the fate of 100 hostages at Nantes and Bordeaux hung in the balance. They were threatened with execution by firing squads if the French people fail to apprehend and turn over to German custody the assassins of Lieut. Col. Paul Friedrich Hotz, Nazi commandant at Nantes, and a German military councillor at Bordeaux.

Chief Of Police Finds Kidnapped Infant In Camp

FITCHBURG, Mass. (AP)—Two-months-old Kenneth A. McLean, Jr., snatched from his carriage Friday while his mother was shopping, was found unharmed Saturday in the camp of a middle-aged man and woman who were charged with kidnaping.

While hundreds joined in the search, Police Chief Thomas Godley located the infant in the Whalom Park Camp of Mr. and Mrs. Bedard Wolsiewick, whom he described as parents of two-year-old twins who live with Wolsiewick's mother in Providence, R. I. The Wolsiewicks were held in $20,000 bail for hearing Monday.

The McLean baby was in bed with Mrs. Wolsiewick, a buxom woman of 38, who insisted that she had just given birth to the infant.

Holds Baby To Breast

Chief Godley said the woman, also known as Ruth Warren, was obsessed with a "mother fixation" and that the couple had no thought of holding the infant for ransom. McLean is a machinist's helper in a defense factory.

When police entered the camp, Mrs. Wolsiewick, the chief asserted, refused to give up the baby and clutched him to her breast, shoutnig "he was born yesterday morning. He was born at 9 o'clock. You can ask Dr. John Curley if it isn't so."

The McLean baby was taken from his carriage on Main street by a black-gowned woman.

WASHINGTON. (AP.)—Secretary Morgenthau, saying that the public did not yet realize how stiff federal income taxes are going to be next year, urged everyone Saturday to start saving immediately for the bills he is going to send them.

Hale County Gets Oil Play As Big Block Assembled

By Frank Gardner
Oil Editor

J. P. Nystel, Abernathy, announced here Saturday he has leased for a major company a 10,000-acre block in Central Hale County southwest of Plainview.

According to Nystel , the block is comprised of 36 separate leases. Name of the firm for which it was taken was not revealed. The acreage lies west of large blocks held by Amerada Petroleum Corporation and Sinclair-Prairie Oil Company on seismograph prospects.

Commanding top interest among North Permian Basin wildcats, Sinclair-Prairie No. 1 Charles J. Kleiner, four miles east of Plains in Central Yoakum County, checked 52 feet high to the discovery well of the Ownby pool on San Andres(solid) lime, topped at 4,710 feet, datum of minus 1,080. It is three and one-half miles northwest of the Ownby discovery and lies 330 feet out of the northwest corner of section 436, block D, John H. Gibson survey. No. 1 Kleiner is drilling ahead past 4,821 feet in lime.

Borden Wildcat Tops Lime

Gray lime was topped at 3,210 feet, datum of minus 297, by Anderson-Prichard Oil Corporation and Osage Drilling Company, Inc. No. 1 Pure Oil Company-A. M. Clayton, scheduled 4,500-foot test in Northwestern Borden County. At last reports it had drilled to 3,250 feet in lime.

Twenty miles southwest of Crosbyton in Crosby County, Callihan & Waggoner No. 1 Ed M. Wahlenmaier is drilling below 3,105 feet in hard lime.

Magnolia Petroleum Company has completed a brace of producers in the Hockley County sector of the Slaughter field. Its No. 13-G Mallet Land & Cattle Company flowed at a daily rate of 1,414.80 barrels after 10,500-gallon acidization of pay lime from 4,950 to 5,001, the total depth. No. 13-J Mallet also was acidized with 10,500 gallons and flowed a rated 1,199.96 barrels per day upon completion at 5,040 feet.

Abell West Outpost

Magnolia has located No. 1 State-Sharp unit as a one-quarter mile west outpost to the Abell Ordovician pool in Northern Pecos County. It is 649 feet from the south and 673 from the east line of lot 11, section 22, block 9, H. & G. N. survey, offsetting to the west Stanolind Oil & Gas Company No. 1 Rixse.

Sinclair-Prairie No. 2 State-Silverman, Abell pool well, was shut in pending repair of leaky connection after flowing 20 barrels of oil in tank. It is producing through 48 gun-perforations in 5 1/2-inch casing from 5,367-82 feet, opposite oil sand of the Simpson, middle Ordovician. Total depth is 5,422 feet in shale and lime.

Superior Oil Corporation and Bryce McCandless No. 1 Virginia W. Crockett, in the southwest extension area of the Apco-Warner Ordovician pool in Pecos, is drilling at 4,730 feet in dolomite. It topped Ellenburger, lower Ordovician, dolomite at 4,610 feet. The point earlier had been reported at 4,440 feet but sample analysis showed it to be incorrect.

Farther southwest, Anderson-Prichard and Monte Warner No. 3 B. F. Boren is preparing to acidize Ellenburger dolomite, bottomed at 4,865 feet.

An Ordovician test five miles south of Girvin in Northeastern Pecos, Gulf Oil Corporation and L. H. Wentz No. 2 L. H. Millar et at, is drilling past 2,555 feet in Permian lime .

Southwest of Fort Stockton in West Central Pecos, Pure Oil Company No. 1-A TXL, a Delaware test, is drilling below 4,695 feet in lime.

Deepest Test

The deepest well now being drilled in West Texas, Plymouth Oil Company No. 1 D. L. Alford et al, Saturday had reached 10,066 feet in chert. It is in Eastern Upton County ,about 10 miles northwest of the Big Lake-Ellenburger pool of Reagan County.

Humble Oil & Refining Company No. 1 I. L. Ellwood estate, scheduled Ordovician test in South Central Mitchell County, is drilling past 7,579 feet in Pennsylvanian shale and lime.

Collings Extends Term Of District Court In Midland

Judge Cecil C. Collings announced Saturday the September term of 70th District Court here would be extended two weeks. It was scheduled to close a four-week session Saturday.

He said the term was lengthened to dispose of any necessary cases this term and to make time for adjustments.

Judgment was entered Saturday in the New York Terminal Warehouse Company vs. Walter J. Russell civil suit. The company was awarded judgment for $3,343.50 and John A. Russell, intervenor, will receive $1200.

J. E. Glasscock pleaded guilty to forgery charges and received a two-year penitentiary sentence to run concurrently with a two-year sentence he received in a trial ending Friday.

Sloan Field's First New Steel Hangar To Be Completed Soon

The first steel hangar for the Advanced Flying School at Sloan Field probably will be completed within a few days and the second may almost be completed by the end of the week, weather permitting, officials of Cage Brothers and F. M. Reeves and Sons, contractors, indicated Saturday.

Despite inclement weather, which practically halted construction work Saturday, good progress was made during the week on the project for the Army Air Corps and indications are that the buildings will be ready for aviation cadets on schedule.

Materials have been arriving almost on schedule and sufficient steel is on hand to finish the second hangar. Some delay may be experienced on the third large steel building.

Pouring of concrete on the wide apron probably will be started within a few days. Materials are arriving for it.

Meanwhile, carpenters, plumbers, painters, electricians and other workmen are putting finishing touches on many of the buildings and some will be completed before the end of the week.

More than 2,800 workers were on the payroll last week.

C. & R. Payroll Totals $112,156

The payroll of Cage Brothers and F. M. Reeves and Sons at Sloan Field Saturday totalled $112,156. Approximately 2,800 employes received checks.

Soldiers To Arrive Here During Week

Soldiers of the Provisional Searchlight Battalion from Camp Hulen will arrive in Midland Thursday noon, Major Claude A. Dance announced Saturday.

Major Dance will command the battalion during the six or eight weeks of maneuvers here. He was with the battalion which spent six weeks in Midland last Spring.

Between 800 and 900 men, completely equipped, will come here for the maneuvers and will camp at the Midland Baseball Park. City officials have everything ready at the park to serve the soldiers and new showers have been installed and other improvements have been made.

The battalion originally was scheduled to arrive last week. No reason for the delay was announced by the major, but reports from Camp Hulen indicated wet weather in that area was responsible for the postponement.

The city recreation council already is busy with plans to provide entertainment.

During the spring maneuvers thousands of persons were attracted to Midland by the light beams used by troops to find airplanes. Two or three planes will be used in the maneuvers this time.

Searchlight batteries of the 69th, 197th and 204th Boast Artillery regiments will participate in the maneuvers. The 197th unit was here in the spring.

Officials Forecast Large Increase In Scholastic Census

Midland school officials Saturday night predicted a "good increase of scholastics" in a census being taken to obtain names of students missed in the April registration and of those who have moved to Midland since then.

At least 300 new scholastics were reported unofficially.

Registration of new scholastics in the high school, junior high, and north and south wards is practically completed, Supt. George A. Heath, said. The negro and Mexican scholastics have not been reported.

Mrs. Harry Tolbert is in charge of the census. It will be completed Wednesday.

German Troops Are Within 20 Miles Of Moscow

Thousands Of Soldiers Lay Dead In Snow And Ukraine Reds Totter

By The Associated Press

Russia's armies battling over the snow-covered front before Moscow faced a supreme test Saturday night as the Germans hurled great masses of shock troops, tanks and guns into a violent new offensive and unconfirmed reports placed Nazi spearheads within 20 miles of the U.S.S.R. capital.

Untold thousands of dead, Germans and Russians alike, lay in the drifting snows, with Soviet dispatches declaring 300,000 Nazis had been killed on the Central Front alone.

In the Ukraine, the plight of the southern Red Armies under the new command of Marshal Semeon Timoshenko clearly verged on disaster.

Jubilantly, hearlded by a fanfare of trumpets, Adolf Hitler's high command told the German people that their legions had captured Russia's "Pittsburgh," the big war foundaries city of Kharkov, in the heart of the Donets River industrial basin, and that Nazi troops now overran all but a tiny corner of the extreme southeastern Ukraine.

Big Blow To Soviet

The high command said the city of 840,000 population, lying 400 miles south of Moscow and 260 miles east of Kiev, the German-held capital of the Ukraine, was "one of the most important armament and economic centers of the Soviet Union."

As a production source for tanks, locomotive engines, coal and metals, Kharkov's loss meant a heavy blow to Russia's war supplies. Morever, the Germans claimed the capture of the key rail town of Belgorod, 47 miles north of Kharkov, on the main line to Moscow.

Dispatches from Kuibyshev, auxiliary Soviet capital, acknowledged that the hour of crisis had arrived in the 24-day-old struggle for Moscow and that the Germans were also pressing furious new offensives into the Crimea and at the approaches to Rostov-on Don, gateway to the vital Caucasian oil fields. One of the fiercest battles of the entire front was reported raging at Taganrog ,only 30 miles west of Rostov.

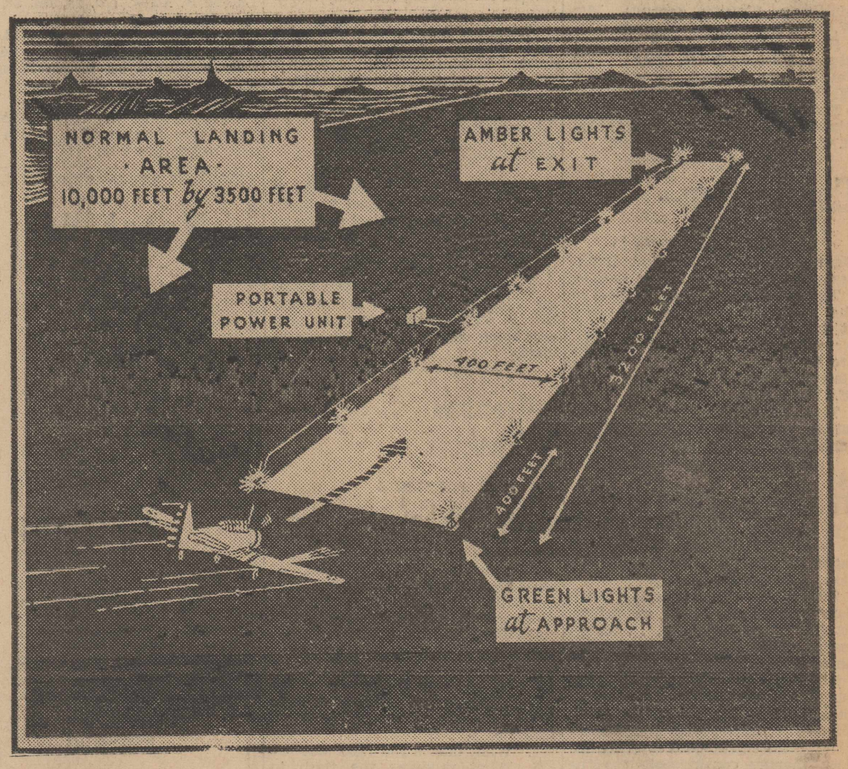

Wavell May Intercede

Still there was no word from Londos on British troops going to help their beleaguered allies, but straws in the wind indicated if the Germans take Rostov and turn south into the Caucasus, Gen. Sir Archibald P. Wavell's Middle East army of 1,000,000 Imperial soldiers will move north from Iran (Persia) to meet them.

A hint to this effect was voiced by Britain's Foreign Secretary Anthony Eden, following outspoken demands in the House of Com-

Out Of The Night—And In To Safety

To prepare fledgling Army pilots for cramped landings the U. S. Air Corps has devised this portable landing field, capable of being set up in 30 minutes, operated by a portable gasoline power plant and outlining a tiny runway, 400 feet by 3200 fee. Due to the angle at which the light beams are set, they are invisible from any direction except opposite the landing strip and even low-level flight directly above the strip fails to disclose its presence. The new "field" is in operation at Randolph Field, Texas for the training of aviation cadets. (Air Corps Photo From NEA.)

LIFE ENDS THAT WAY, ALL THAT WE HAVE MUST GO TO SOME ONE, WE TAKE NOTHING WITH US: And Abraham gave all that he had unto Isaac.—Gen. 25:5.

Our Navy Guarantees Freedom

Secretary Knox's description of the Orient as "a vast powder keg—potentially ready to explode with a roar that will be heard all the way across the ocean,"—and recent sinkings of American ships has turned thoughts of all Americans to their Navy as they prepare for the annual observance of Navy Day Monday.

This year's observance finds the United States Navy at its highest point in numbers and development. Never before have there been so many fighting ships carrying the stars and stripes.

These ships not only are impressive in size and numbers, but they are ships with more power in their guns and more speed in their engines.

* * *

Navy Day, however, is merely another milestone, and not the end of the nation's building of a Navy second to none. Many new ships are ready to slide down the ways. New keels are ready to be laid.

America demands freedom of the seas, and this year Navy Day is of special interest and significance. Most appropriately, the birthday of Theodore Roosevelt, recognized as the father of the modern American Navy, is each year observed throughout the country as Navy Day.

We now are engaged in building the world's most powerful Navy. At this moment, man for man and ship for ship, our Navy is the peer of any that sails the seven seas, but when the present building program is completed ours will be incomparably the greatest Navy the world has ever seen.

* * *

A recent Navy Department survey shows it has contracted for 2,831 ships.

Theodore Roosevelt once said "The United States Navy is the surest guarantee of peace which this country possesses."

It constitutes our surest guarantee for freedoms which have made America the greatest, richest and most powerful nation of all time. As long as the Navy lives, the nation will survive against any force.

Judges Give $175 And 400 Ribbons To Fair Winners

MONAHANS (Special) — Despite heavy rains which turned the grounds into a lake, the Ward County Fair Friday and Saturday was a success, officials said Saturday. More than 1,500 items were entered in the exhibits, and about $175 in cash and 400 ribbons were awarded. Judging was completed Friday afternoon.

A parade of the Pecos sheriffs posse, other horsemen, Monahans and Granfalls bands, and floats attracted hundreds of persons Friday afternoon. Fair officals estimated 2,000 persons saw the fair Friday afternoon and larger crowds attended Saturday.

Torrential rains caused some damage to exhibits Friday night, but booths and exhibits were rearranged for showing Saturday morning.

Outstanding departments of the fair included the livestock division, canned foods, quilts and needlework exhibits, and agricultural products.

Stevenson Addresses Graduates Of Patrol

AUSTIN (AP)—Governor Coke R. Stevenson Saturday urged 92 highway patrol training school graduates to uphold the tradition of courteous and efficient conduct with which the force has become identified.

The new officers who began training Sept. 1 will begin active duty Nov. 1; some of them as patrolmen and some as drivers license examiners.

Animal Keepers Of Russell Bros. Say Beasts Are Happy

Are circus animals happy? An odd question, but it is often asked. An emphatic "yes" is the answer of animal keepers with Russell Bros.' Greater American Circus, coming to Midland Friday, west of the ball park on Highway 80.

Animals which perform in the circus have been carefully chosen because of their intelligence and adaptability to circus life. They become as enthusiastic troupers as human performers, and love the excitement of crowds, band music and applause. They become deeply attached to their trainers, as is shown by such performers as Buddy the seal or Topsy the chimpanzee.

Zoological experts marvel at the fine condition of circus animals despite the fact that they are moved from city to city almost every day. Variation of climate present a serious problem for the circus animal attendants, who often spend hours in a cage with a sick jungle charge. But because of their constant care, seldom does a beast die while the circus is on the road.

Roosevelt Calls Off Conferences And Prepares Talk For Navy Day; May Discuss Defense Production

WASHINGTON (AP) — President Roosevelt shunted aside the usual routine of callers and conferences Saturday and devoted his time to composing a Navy Day speech expected to contain important statements on foreign policy.

The speech, Monday evening, will be Mr. Roosevelt's first since the September 11 broadcast in which he revealed that he had ordered the navy to "shoot on sight" when Axis raiders were encountered. Since that time, the immediate focus of international events, so far as this country is concerned, has shifted to the Orient. Only Friday Navy Secretary Knox said that a collision with Japan appeared virtually inevitable. Official Washington looked to Mr. Roosevelt's speech for clues, if not outright announcements, as to this country's policy in the threatening Far Eastern situation.

That the speech, in its domestic aspects, will not be confined to the navy's part in the armament program was indicated by the fact that this year, in giving the day official recognition, the president called it "Navy and Total Defense" day.

Other Offcials To Speak

It may, therefore, set forth the president's ideas on further expansion of defense production, at present a major topic of discussion in defense circles here.

Mr. Roosevelt's address, at a Navy Day dinner at the Mayflower Hotel here, will be broadcast (all networks) on a program beginning at 10 p. m. (EST). It is expected to be 15 or 20 minutes long, and will top off a day of celebration, speech making and displays of armed might wherever the navy's far flung defense activities are in progress—except perhaps along the "front line," of ships and planes in the North Atlantic.

Other speakers at the dinner will be General George C. Marshall, army chief of staff, and Rear Admiral Emory S. Land, chairman of the Maritime Commission. Set before the diners will be such navy items as corned beef briskets, mulligan, bean soup and beer.

Runaway Mules Cause Automobile Damages

A runaway team of mules Saturday afternoon caused two automobiles to collide on a business street of Midland.

The team, owned by a negro, bolted and ran down Missouri street with the empty wagon which careened into a parked automobile causing it to hit another car. Bystanders caught the runaway mules.

Rev. Hubert H. Hopper Assumes Pastorate Of First Presbyterian Church And Will Conduct Initial Services Here Sunday

The Rev. Hubert H. Hopper, new pastor of the First Presbyterian Church, assumed the pastorate of the Midland church last week and will conduct his initial services here Sunday.

Mr. Hopper, formerly assistant pastor of the Highland Park Presbyterian Church at Dallas, succeeds the Rev. Ben H. Moore who served as supply pastor during the summer months. The Rev. W. J. Coleman, now of Bonham, resigned as pastor of the church last spring after serving it almost ten years.

Awaiting occupancy by Mr. and Mrs. Hopper, was the recently completed $6,200 brick veneer church manse at 1208 West Missouri Street. The new dwelling of six rooms was built from plans and specifications submitted by the new pastor and his wife and is one of the city's most attractive new homes. Felix Stonehocker was the contractor.

Mr. and Mrs. Hopper are at home in West Texas, Mr. Hopper having been born and reared in Lubbock and Mrs. Hopper in Pecos. Mrs. Hopper was the former Miss Elizabeth Martin of Pecos. They were married there in 1935.

The new pastor attended grade and high school at Lubbock and graduated from Texas Technological College with a B. A. degree in 1932. He received his B. D. degree from Austin Presbyterian Theological Seminary at Austin upon graduation there in 1935.

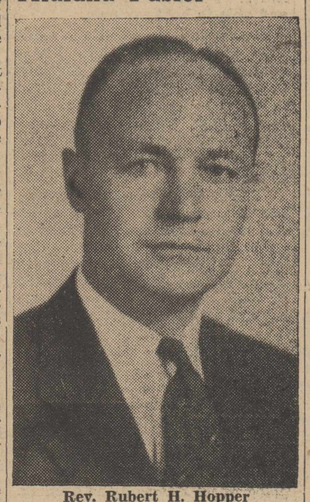

Licensed and ordained by the Brazos Presbytery at Bryan in 1935, he served as pastor of the East End Presbyterian Church at Houston from May of 1935 to March of 1936. He then served as pastor of Central Park Presbyterian Church at Houston until October 1939 when he became assistant pastor of the Highland Park Presbyterian Church in Dallas. He resigned that pastorate to accept the Midland assignment.

Mr. Hopper was called as pastor of the Midland church following a visit here early in the summer. Several weeks later he returned to Midland and conducted services for one Sunday.

He has been an instructor at various Presbyterian vacation schools and encampments and is well-known in church circles of the state.

Formal installation services for the new pastor will be held at the church soon. He will be received into the El Paso Presbytery at its annual meeting in El Paso this week.

Three Midland Women Attend Scout Session

Democracy and preparation for National Defense was the theme of the biennial convention of Girl Scouts held last week in Dallas and attended by Mrs. G. G. Galligan, Mrs. Fred Kotyza, and Mrs. J. C. Williamson of Midland.

A summary of some of the convictions and goals adopted in the 1941-43 follows:

Conviction: Democracy is the way of life which offers to each individual the greatest opportunity to achieve for himself and for others liberty, justice and happiness.

Local goal 1: To continue to emphasize simple democratic troop government through patrols or some other plan which gives authority and responsibility to the girls.

Conviction: Girl Scouts should more than ever in this emergency contribute individually and as groups to the community and defense needs.

Local goal 2: To urge troop to cooperate with at least one community agency concerned with service, citizenship or defense and to develop skills which will make them useful.

Local goal 3: To develop active service bureaus or some other means by which individual girls may volunteer for service, which will discover opportunities in the community that are appropriate to the girls' ages and place them where they may be constructively useful.

Local goal 4: To take part as an organization in plans for defense and service being developed in the community.

Conviction: Good health and the ability to take care of oneself are great assets at any time and particularly in time of emergency and Girl Scouting should develop these values.

Local goal 5: To encourage greater participation in a health and safety program in troops, camps, and communities.

Mrs. Galligan conducted round table talks of 15 people.

Baptist Class Elects Officers

The following officers have been elected by the Lois Class of the First Baptist Church:

Teacher, Mrs. S. L. Alexander; assistant Teacher, Mrs. M. D. Long; president, Mrs. Gene Shelburne; first vice-president, Mrs. J. D. Webb; second vice president, Mrs. W. T. Chandler; third vice president, Mrs. J. K. Wright; secretary, Miss Ruth Yeatts; assistant secretary and treasurer, Mrs. C. W. Kerr.

Hightower Strike North Of Grayburg Makes Large Flow

HOBBS, N. M.—Eddy County's new sand discovery well two and three-quarter miles north of the Grayburg pool, Nay Hightower No. 1 Grier, this week stamped itself a strike of major importance when it gauged natural flow of 173 barrels of 37.4 gravity oil in 23 hours through 2-inch outlet off casing.

Last reports from the pool opener stated operator was running a Halliburton Jeep, an electrical surveying device. No. 1 Grier logged first body of oil sand from 3,062 to 3,072 feet, where it started heading oil, and by deepening encountered an increase in oil and gas in sand from 3,108 to 3,118 feet, the total depth.

The well has enlivened interest in the area, some oil men already classing it as the forerunner of a sand pool comparable to the famous Loco Hills field. The Hightower discovery producer is located 660 feet out of the northwest corner of section 31-16s-31e.

Wildcat Staked

Sanders Brothers No. 1 Harry Leonard, lime pay prospect two miles west and one-half mile south of the Hightower well, is running tubing for production test. On last gauge it flowed 41 barrels of oil in eight hours through a one-inch outlet off casing. The well has been shot with 120 quarts of nitro from 2,940 to 2,980 feet, two feet off bottom. Main pay was found in lime from 2,953 to 2,965 feet. No. 1 Leonard is 1,980 feet from the south and 660 from the west line of section 34-16s-30e, also two and three-quarter miles north of Grayburg production.

Location for a wildcat test two miles north of the Grayburg pool has been staked by Sanders Brothers as their No. 1 M. W. Evans, 1,980 feet from the north and east lines of section 4-17s-30e.

The Red Lakes area of Eddy enjoyed an active week, gaining one new producer and six starts. Paton Brothers No. 5-A Russell, in section 35-17s-27e, pumped 100 barrels of oil in nine hours on natural test, bottomed at 461 feet. It topped pay at 445 feet.

Red Lakes Locations

In the pool, Otis A. Roberts staked No. 2 Patterson-State 330 feet from the south and 990 from the east line of section 25-17s-27e. George Williams and E. Ployhar No. 1 Harbold, 2,310 feet from the north and west lines of section 35-17s-27e, logged broken shows of oil in lime and sandy lime from 398 to 422 feet, where it made five and one-half bailers of oil in eight hours.

Also at Red Lakes, Paton Brothers located No. 2 Magruder 1,650 feet from the south and 990 from the east line of section 35-17s-27e. B. L. Acrey will drill No. 1 State 2,310 feet from the north and west lines of section 36-17s-27e. Hadlock et al staked No. 1 State 2,310 feet from the north, 330 from the west line of section 36-17s-27e. A. H. Hover announced location for No. 4-B State 1,650 feet from the south and west lines of section 30-17s-28e.

A wildcat northwest of Carlsbad in Eddy, Stroup, Yates & Flynn No. 1 Hartz-State, is drilling past 400 feet in lime. The scheduled 2,000-foot test is located 660 feet from the north and 1,980 from the west line of section 16-21s-23e, on a soil analysis prospect.

Guadalupe Gets Test

The Barber pool of Eddy gained a new producer in Keyes & Atwood No. 1-A Keyes, in section 15-20s-30e, which pumped 10 barrels of oil per hour on a 10-hour natural gauge. The well topped pay at 1,412 feet and reached a total depth of 1,516 feet in lime.

Guadalupe County received location for a new wildcat test, in Flynn, Welch & Yates No. 1 J. J. Moise, in the southeast quarter of the northwest quarter of section 26-8n-23e.

The Maljamar pool of Western Lea County chalked up two more producers and a pair of new locations, one a southeast outpost.

The outpost is Virginia W. Shaw No. 2-B Pearsall, 1,980 feet from the north and west lines of section 4-18s-32e. In the pool proper, Barney Cockburn will drill No. 10-A Pearl Miller 1,980 feet from the south and 660 from the east line of section 23-17s-32e.

Cockburn No. 9-A Miller flowed 60 barrels of oil in four hours through open 2-inch tubing set at 3,560 feet following a 220-quart shot from 3,960 to 4,075 feet, the total depth. It topped pay at 3,967 feet.

South Lovington Producer

W. J. Rutledge,Jr., et al No. 2-B William Mitchell, Maljamar well in section 17-17s-32e, was competed for daily flow of 85 barrels of oil through 20/64-inch choke on 2-inch tubing set at 3,650 feet, with packer at 3,508 feet. It topped pay at 3,640 feet and was shot with 100 quarts from 3,610 feet to bottom at 3,660 feet in lime.

Magnolia Petroleum Company No. 3-R State, in the South Lovington pool of Lea, flowed 60 barrels of oil in 13 hours through 27/64-inch choke on 2 1/2-inch tubing swung at 4,959 feet. The well was shot with 100 quarts from 4,940 to 4,980 feet, the total depth. Main pay was entered at 4,948 feet. Location is in section 2-17s-36e.

Start Sale Tuesday Of WTCC Convention Registration Badges

With the opening in Midland of the 24th convention of the West Texas Chamber of Commerce only a week off, a campaign to dispose of 500 convention registration badges will be started here Tuesday at a kick-off breakfast at Hotel Scharbauer for 20 or more volunteer workers.

The registration badges will admit the wearers to business sessions and to both of the convention dances at Hotel Scharbauer. The registration fee is $1 per person.

An effort will be made to get as many citizens as possible to purchase badges and to wear them during the two-day meeting. Suggestions have been made that merchants and business men purchase badges for each of their employes.

Midland's part in staging the W. T. C. C. convention will be financed by the host registration fees. It will be the largest convention ever held in Midland and will attract statewide attention.

Plans practically are complete for the session's opening Monday, November 3. Max Bentley, activities director of the WTCC, Abilene, will arrive in Midland soon to direct final plans.

Members of the host registration committee hope to complete the registration campaign by Tuesday afternoon. The downtown section has been divided into districts, with workers assigned to each. Mayor M. C. Ulmer, chairman of the convention's steering committee, will speak briefly to the workers at Tuesday's breakfast. Each member of the committee has been requested to get one or more persons to work with him in the drive.

FORMER CHAMBER OFFICIAL TO BROADCAST PROGRAM

Midland citizens were invited to listen to a program from XEAW in McAllen at 12:30 p. m. Sunday, presented by Paul T. Vickers, former Midland Chamber of Commerce secretary and now president of the Texas Chambers of Commerce managers.

Mrs. Vickers will assist in the program.

Cotton

NEW YORK (AP)—Cotton futures lost 80 cents to $1.05 a bale Saturday under the pressure of active commission house liquidation after treasury announcement that the use of frozen foreign funds for commodity trading would be restricted.

News Handicaps Trend Of Market

NEW YORK (AP)—War news helped put a slight crimp in Saturday's stock market and the list generally finished a fairly progressive week slightly on the downside.

Recovery efforts encountered opposition at the start and, while weakness was a rarity, irregularly lower trends persisted to the close. Final prices in the brief proceedings were lower by fractions to a point in the majority of cases. Scattered issues, however, exhibited sufficient strength to take the edge off the retreat.

The Associated Press average of 60 stocks receded .1 of a point at 41.3 but on the week was up .3. Transfers for the two hours totalled 269,140 shares compared with 269,130 last Saturday.

The darkening Russian picture, especially admission of the Reds that the Nazis hal launched a new and sharper attack along the Moscow front and the German claim of the capture of Kharkov, served to cool the bullish urge, Brokers said.

MURDER IN PARADISE

BY MARGUERITE GAHAGAN

COPYRIGHT, 1941, NEA SERVICE, INC.

THE STORY: The tragedy of two murders at Paradise Lake has renewed the romance between school teacher Mary O'Connor, vacationing there with her mother, Maudie, and reporter Dennis Flynn, sent down from the city to cover the story. But that doesn't make things easier for Jeanie Morris, whose stern, strict aunt, Miss Millie, has been beaten to death; for Tod Palmer, local editor who is in love with Jeanie; for Liza Holmes, Miss Millie's maid; for Chris Gordon, elderly innkeeper, whose business has been hurt by the murder of sophisticated Herbert Cord. Cord had carried on a summer flirtation with Jeanie for two years, and this year embarrassed her by bringing Margie Dixon to Paradise Lake as his fiancee. Police suspect gangster Stush Veretti of the crime. Maudie discovered both bodies, seems to know more about the cases than she is revealing. When a mysterious stranger breaks into the cabin she and Mary occupy, Dennis returns hastily from the city.

JEANIE GOES TO TOWN

CHAPTER XIX

ANOTHER day passed quietly. The letdown was rather hard on me. We'd been living on so much excitement that the peace and quiet I'd come to Paradise Lake to find was now a trifle boring. Anyway, when young Tod Palmer stopped that morning and announced he was driving to town and had room for another passenger, I decided to go.

"I'll stop back in about half an hour," he said. "I'm going up to get Jeanie. She has some business in town, too."

I thought Jeanie looked better. There was color in her cheeks again that showed through the nice, healthy tan and her features didn't look so thin. There was still that pained, withdrawn look in her eyes. But I had faith enough, after watching Tod with her, that he could eventually change that.

I wasn't in town a decently long time before calling Denny and, surprisingly enough, found him in the city room of The Daily. We made a date for dinner that evening; Tod and Jeanie had decided they had enough to do to keep them well occupied until that time.

It was a relief to be back with asphalt under my feet after dirt roads, regardless of their rustic beauty.

It was nice, too, to have Marie work on my hair, which had gone somewhat wild from swimming and makeshift shampoos. It was such a luxurious feeling that I suddenly found myself agreeing with her that a new style of hairdo would be a good idea. When I saw how it looked there was nothing left to do but go out and buy a new hat and then a dress to go with the hat.

It wasn't in vain, though, that spending spree, because by the way Denny's eyebrows went up into triangles and the slightly vulgar whistle he gave I knew I'd hit the jackpot for once. And I felt much less like a teacher of Lit. I. I felt loved, and wanted, and able to hold my own.

Even when Margie Dixon came over and spoke to Denny I was only mildly conscious of my lack of glamor—for glamor was what that girl had in abundance. She greeted him in that flip, sophisticated way that was meant to let me know how well they knew each other.

"Where have you been keeping yourself, you lamb?" she drawled and turned to give me the kind of smile that's like a knife in the back. "When you drove me in from the lake you promised you'd be right out to see my new number and I've looked for you every night."

I was glad to know that he hadn't been sitting there in the Whirligig every night, but I was conscious of that crack about his having driven her back from the lake. I'd taken it for granted that she had gone back with some friends of her own. But I wasn't going to let her spoil the evening. She didn't either.

* * *

IT was fun to be there with Denny. He was in a particularly amusing mood with his endless stories about the assignments the boys had been on and the strange assortment of characters he seems to attract like flies. We even danced and by the time he took me back to the hotel where Jeanie and Tod were to meet me I didn't care particularly about returning to the rural countryside. The city offered a lot one couldn't get out there—Denny included.

Jeanie seemed completely done in. She'd spent most of the afternoon with her lawyer and then had gone to the town house and spent the evening going over papers that belonged to her aunt.

"Tod, you fool, why did you leave her alone all that time?" I was disgusted. The younger generation certainly wasn't up to par, I thought. Tod and Jeanie hastened to explain that she wasn't alone all that time.

"I got there about 7," he said, "and we went out for dinner, and then back to the house because Jeanie had some more things to do before leaving." I hoped he made the most of his opportunities and, as Maudie would say, "breathed sweet nothings down her neck." I thought the girl needed something to take her mind off the jolts life had handed her.

Jeanie liked my new hairdo. "It's the latest thing, according to the magazines," she told me and I absolutely glowed with pride. "It's rather quaint. I told you about those old pictures of Aunt Millie, remember?" I said I did, and she continued. "Well, in one of those her hair was done something like yours. In that pompadour effect, I mean."

"Did you come across those letters, too?"

"Yes, I did, Mary. Maybe I shouldn't have read them. I mean love letters belong to just one person, don't you think? But I didn't read them just for curiosity. It seemed to bring Aunt Millie nearer. The thought that once she'd been young and in love—well, it's a nice thought."

Tod and I agreed that it was nice. "What do you suppose happened, Jeanie? I mean why didn't she get married?"

"I don't know. There wasn't anything in the letters to tell. In fact there weren't many and they weren't exactly romantic. Just the way they started and ended showed they were love letters at all. They were from some man who signed himself 'Kit.' But I never heard her mention anyone by that name."

* * *

THE old Morris house must have seen plenty of romance in its day, I thought, looking up at its huge gloomy bulk in the moonlight as we swung around front to deposit Jeanie. I said I was sleepy and leaned back against the seat and closed my eyes when Tod took her to the door.

I hope that gave them a hint that I wouldn't be watching them when they said good night. I was getting as bad as Maudie the way I was trying to promote romance, but since Denny and I had gotten over our difficulties I wanted others to be in love, too. Particularly those two nice kids.

Tod came back and started the motor and I looked back at the house. A light streamed through the open door and Jeanie stood there waving goodby.

"She's a darling," I said. "I hope to heaven she gets away from here and has some fun. That house must be full of memories and not enough of them the happy ones a girl should have of the place where she has spent her summers."

"I want her to be happy, too," he said. "But I hate to think of her leaving."

"Well, I should think you'd be able to fix that," I said.

Steers Drive To 38 To 0 Victory In Mud

Big Spring Eleven Scores Freely On Home Football Field To Defeat Midland Team In District Contest

By Tanner Laine

BIG SPRING. (Special)—The Big Spring Steers, defending champions of District 3-AA, stampeded to a 38-0 win over luckless Midland high here Friday night in a mud battle. The second half was played in a driving rain.

Just to show how Midland's luck has run all season, a fumble, not by the Bulldogs, set up the first Big Spring touchdown in stanza one. A well-directed punt by the Steers that rolled out on the two-yard line backed up Midland, and Kelly punted out on the B.S. 32. From there the Longhorns swept to a score but only after the scrapping Midlands had jarred them loose from the ball. It was recovered by the Steers on the 7-yard line. Frank Barton, fullback, went over in three stabs. His paydirt plunge was for less than a yard. He placekicked the extra point.

Big Spring scored again in the first quarter. Ivan Hall, Midland safety, fumbled a punt and it was recovered by Big Spring on the 20. Two passes fell incomplete and then Bostick pegged to Barton in the right flat and he ran across. Barton missed the conversion.

Bostick galloped 65 yards for the next Steer tally in the second quarter. He sucked the Midland defense to the left, running wide, then cut back to the right and outdistanced the pack. Doyle (Hunka) Stewart, 210-pound converted back from tackle, missed the extra point.

An interceped pass and run for a touchdown by Paul Kasch, Steer center, provided a score later in the second. He snared a Bulldog heave on the 25-yard line and rambled to six points. Stewart booted the extra point and it was 26-0 Big Spring at the half.

The rains came but Big Spring continued its touchdown parade. Kasch intercepted another Midland pass in the third quarter and carried it to the 21. Bostick, Stewart, and Barton teamed to slip and slide to the 1 after Midland had put up a gallant goal line stand. Bostick dived over for the touchdown. Barton's conversion kick was low and partially blocked.

Stewart bullied his way through the entire Midland team for the final Steer score in the last quarter. The ball went over to Midland on downs on its own 14. Stewart leaped up and stole Richard's pass and ran to a score. He missed the extra point.

Midland never threatened. The Bulldogs could not advance farther than the Steer 32. The Bulldogs made three first downs to Big Springs' 9. E. G. (Docie) Foster played a bang-up defensive game for Midland. Billy Richards was the best ground gainer. Stewart, a lad of 210 pounds, playing his first game in the backfield, with the clever Bostick, plunging Barton, and alert Paul Kasch, were outstanding for Big Spring.

Rams Produce Late Drives And Defeat Texas Christian U.

NEW YORK (AP)—The powerladen Fordham Rams were forced to produce a pair of scoring drives in the closing quarter to defeat a scrapping Texas Christian University crew, 28 to 14, in a thrilling battle before 39,500 fans at the Polo Grounds Saturday.

Trailing by two touchdowns at the half, the boys from Texas came roaring back to score early in the third period on an intercepted pass and then opened up a brilliant aerial attack that carried them 77 yards to the tying touchdown on the second play of the fourth quarter.

But that apparently used up the Horned Frogs, and when the aroused Fordhamites put on the pressure again they had nothing with which to answer. Led by their great fullback, Steve Filipowitcz, the Rams passed and battered their way to the winning scores to record their fourth straight victory and keep their Rose Bowl hopes undimmed.

Bowie Is Winner Over Kermit 26-6

KERMIT (Special)—Bowie high school of El Paso erased a Kermit lead here Saturday night and went on to win over the Yellowjackets, 26-6.

Bob Neely, ace Jacket back, scored a touchdown early in the second quarter skirting an end for 15 yards.

Bowie bounced back and tallied, once in the second, twice in the third, and once in the last quarter.

T. Rodriquez, Rosan, and R. Rodriquez, scored touchs for Bowie.

First downs favored Bowie, 12 to 7.

Bobcat-Broncho Contest Heads District Games

San Angelo's amazing Bobcats threw a bombshell into the District 3-AA dope bucket last week but will have to put out plenty this week-end to keep at the top of the heap alongside Sweetwater. The Cats play Odessa in the Bronch's home corral.

The Midland Bulldogs will meet the Abilene Eagles in a night game at 8 p. m. on Lackey Field.

The galloping Ponies of Sweetwater continue on the conference race track against Lamesa, and Gus White and his mates are not expected to curb the Mustangs.

Big Spring plays host to out-of-district Plainview and Colorado City toys with Loraine at home.

The district went true to form last week with the exception of the Lamesa loss to San Angelo. Big Spring was too much for Midland and Sweetwater swamped Abilene. Odessa was idle. Colorado City buried Roscoe.

The standings:

TEAM	W.	L.	T.	Pct.
Sweetwater	3	0	0	1.000
San Angelo	3	0	0	1.000
Odessa	3	1	0	.750
Lamesa	2	2	0	.500
Big Spring	1	2	1	.375
Abilene	1	2	0	.333
Colorado City	0	3	1	.125
Midland	0	3	0	.000

San Angelo 12
Lamesa 0

LAMESA. — Gallopin' Gus White, Lamesa's fair-haired boy and West Texas' candidate for all-state honors, was stopped cold here Friday night by a driving crew of San Angelo Bobcats, who ran up a 12 to 0 District 3-AA victory over the Tornadoes.

Sweetwater 45
Abilene 6

SWEETWATER. — The Abilene Eagles nearly pushed the Sweetwater Mustangs out of Mustang Bowl here Friday night, but in the second quarter, the Ponies, hearing the call of a district title, began running wild and won their district 3-AA game 45 to 6.

Colorado City 57
Roscoe 0

COLORADO CITY. — Colorado City's Wolves, newcomers in District 3-AA, romped over Roscoe's Class A footballer here Friday night in a 57-0 workout.

—With Tanner Laine

This game of football has seen a gradual decrease in injuries. Every year the death and injury rates are cut down. Every rule change, experts say, was made to protect the players and to cut down injuries. In this light, a suggestion by Obie Bristow, former coach of Big Spring, Steers, seems sane and sound. Obie thinks District 3-AA should take the lead in this plan: Have the host cities provide a physician for each game. When Charlie Kelly, Midland back, was hurt Friday night, it looked like his injury might be serious. Bristow exclaimed, "That's what I am talking about. That boy may be injured badly. A doctor should attend him right there on the field. And a stretcher might be needed." This corner says amen to the suggestion and will join the sports writers of the district in pushing the plan if they want to do something about it.

—SL—

Here comes Richards! Little Billy Richards, passer and runner of the Midland high Bulldogs, is going to get his chance. He was the biggest little man in the team's best display of ground gaining this season against Big Spring and Coach Earle Clark is going to use him plenty the rest of the season. Richards is one of the youngest boys on the team and has been used sparingly in games up to Friday night, being sent in to pass or carry information. But against Big Spring Bill showed a lot of stuff. He has three more years of eligibility and bids fair to become one of 3-AA's best.

—SL—

If you can't lick 'em! Join 'em! So its "go Sweetwater" from us. The amazing Mustangs met their first test Friday night. Defeating Abilene's Eagles, 45-6. We felt pretty bad when Sweetwater walloped the Bulldogs but not bad enough to not respect the crushing and relentless strength of the ball club that could cop the state crown this season. The Ponies have everything—blocking, tackling, smooth plays, perfectly conditioned boys, and a will to win. You can't top that. The Mustangs are "in."

—SL—

ROUNDING UP THE STRAYS . . . Hunka Stewart, the tackle that became a good back for Big Spring, got the biggest hand from the huddled crowd at the Friday night fracas . . . Coach Clark looks good in his Shady Oaks Stetson hat that Amon Carter gave him when Earle played at TCU . . . John Davis, the golfing oil man, is a football handicapper, and picks the parlays like a whole bunch of addicts in Midland . . . Long time getting around to it but J. R. Norris is proud of his gift that the Central Pharmacy softball fems gave him for managing them . . . To the fellow we sat by in the Scharbauer Coffee Shop the other day, who said, "Of course Texas U. has a great team but it can't compare with mighty Minnesota and teams of that conference"—you are dead wrong pardner, and for a long time we have heard that Big Six and Big Ten fottball is stronger than Southwest Conference football . . . If it ever came to a matched series of five S. W. teams against five of any other league, barring none, we bet money, marbles, or chalk, the Southwestern boys would have the winning per cent . . . Every weekend is a battle day down here in Texas.

Pecos Eagles Play Carlsbad; Monahans To Engage McCamey

The Golden Cranes from Crane high scared the daylights out of mighty Pecos last week and held the co-loop leaders to a 12-7 victory but Pecos is expected to bounce back this weekend against Carlsbad, N. M., in a non-conference battle.

In the 7-A conference games, stout Wink invades Fort Stockton and Monahans battles McCamey at Monahans.

The Wink-Monahans battle was washed out Friday.

Last week's roundup (Wink-Monahans not included):

Pecos 12
Crane 7

CRANE. — The Pecos Eagles, the big tough team of District 7-A were unpleasantly surprised here Friday night in a district "mud and water" battle but after a second half comeback won 12 to 7 from the Crane Cranes.

Fort Stockton 19
McCamey 0

FORT STOCKTON. — Fort Stockton won its first game this season in District 7-A and its first victory over McCamey in the history of their football rivalry with a 19-0 triumph on a rain-soaked field here Friday night.

Poloists Defer Lamesa Contest

If a scheduled polo game between Midland and Lamesa were played Sunday, it would have to be water polo, players said Saturday night.

The game was cancelled because heavy rains left water standing on the playing field here.

A previously scheduled game between Midland and the New Mexico Military Institute at Roswell was postponed to Nov. 16.

The Lamesa game was carded Thursday after the N. M. M. I. game had been postponed.

Monahans Beats Wink Eleven In District Battle

MONAHANS (Special)—It finally happened to the mighty Wink Wildcats!

A scrapping Monahans Green Wave surged to a 7-6 victory here Saturday night for the first win over Wink in nine years. The loss was the Wildcats' first in district play since 1935.

It was a hard-fought battle. Big Bill Andrews set up the Wave score by punting 50 yards out on the Wink one-foot line. Backed, the Cats tried a line buck and the ball was fumbled. A flock of Monahans players covered the ball for a touch. Andrews booted the winning point.

Wink threatened in the first on a blocked punt and scored in the second quarter. Pugh hit center for 10 yards and a tally. He missed the extra point.

Texas Tramples Rice Under 40 To 0 Score

Minnesota Eleven Defeats Michigan By Score Of 7 To 0

ANN ARBOR, Mich. (AP)—Minnesota's Golden Gophers stole the Michigan punt and pass recipe Saturday and left the Wolverines without even a prayer.

The mighty men from Minneapolis, in handing Michigan its first defeat of the season and its eighth straight in series, drove the opening wedge for their touchdiwn with a 70-yard punt, set it up with a 43-yard pass play, and from there on smothered the out-manned Wolverines and even got a couple of handy breaks to score a 7-0 triumph.

This was not by any means an inspired Minnesota team, but it had the defensive strength and the defensive depth to stall all but one Michigan threat and that petered out of its own accord when the home team fumbled and lost possession on the second play after getting a first down on the Gopher five-yard line.

Aggies Uncover Greatness And Win 48-0 Game

COLLEGE STATION (AP)—The Texas Aggies, who bore in modest silence the doubt they could recover from the loss of John Kimbrough and company, welded their claim of greatness Saturday with a murderous 48-0 onslaught against Baylor University.

Not since the Southwest Conference was organized had Baylor been so humiliated at the hands of A. and M. The best Kimbrough and his mates of last year's great eleven could do was to slip by with a 14-7 win over a team Baylor supporters say was even weaker than the current Baylor edition.

The Aggies' fifth straight victory was won in a dazzling attack that bristled with speed and versatility. Three touchdowns were rolled up through a magnificent overhead game, three more on the ground and the other through a pass interception.

Not even the presence of Jack Wilson, the Bears' great back who is the conference's finest all-around man behind the line—or was until Saturday—made a particle of difference.

By Ray Neumann

AUSTIN (AP)—Texas' mighty scoring machine rolled on Saturday over a Rice Institute team that never had a chance, crushing the Owls 40-0 with a devastating offense that battered them from goal line to goal line like chaff in the wind.

Thus the Longhorns kept their season record unsullied.

Smarting from a 13-0 upset at the hands of the Owls last year, the Texas team chalked up their second Southwest Conference victory, and fifth consecutive 1941 win, over a Rice eleven whose efforts largely crashed against a potent Steer defense.

The closest the Owls came to scoring was a drive from midfield to the Texas 19 against Steer reserves. The Longhorns, who had defeated Colorado, Louisiana State, Oklahoma and Arkansas by big scores, again tallied largely through long runs by fast-breaking backs.

Crain Runs 80 Yards

Pete Layden, Jack Crain, R. L. Harkins, Wallace Scott and Spec Sanders, the latter tallying twice, participated in the Texas touchdown parade. Bob Brumley, Rice's key back, Dick Dwelle and J. C. Dickson constituted the Owl's main offensive threat.

In its usual style, Texas scored on the first drive after the kickoff, Pete Layden and Jack Crain, the team's great ground gainers, alternating for thrusts which got 33 yards to the Rice 35. From there, Layden wheeled off tackle, dodged the secondary and chased over for the score standing up. Crain kicked the point.

Texas scored three times in the second period, the second stringers accounting for two. Crain loafed back to pick up a quick-kick by Dickson, the Owls' fine punter, then shook off several tacklers and, with excellent blocking, ran 80 yards for the second Steer score. He missed the placekick for point.

Twin Brother Of Midland Woman In Panama Cabinet

By Kathleen Eiland

The recent coup d'etat in Panama means more than just another foreign-dated dispatch on troubled politics to at least one Midland citizen—Mrs. James H. Chapple.

Intensifying her interest in the change in government in Panama, her native country, is the fact her twin brother, Octavio Fabrega, is foreign minister in the new cabinet.

The young minister of foreign affairs was educated in Panama and the United States. He received his B. A. degree in Panama and graduated from Harvard University with a law degree. He took his master's degree in the study of international law at Georgetown University.

In Panama he practiced law and took part in politics, having been head of the Panamanian Assembly (equivalent to the American Congress).

Business Rejoiced

Last year he was editor of the Spanish section of the Spanish-English newspaper, Panama American. His editorials against Arias brought him into such disfavor with the dictatorial president, however, that pressure was employed to force his resignation.

Reports from Panama tell of the rejoicing of business over the change in government.

While the United States is plainly pleased over the new government, the Axis nations are not.

At the recent reception for the diplomatic corps given by Foreign Minister Fabrega, the Italian and German representatives did not attend. The Japanese legation was present, however, as were representatives of all other governments.

Although it has announced publicly good will toward the United States, the new government has stated there was no foreign influence behind the governmental change.

Visited In Panama

"At no time has there been any interference by a foreign power or outside authority in this matter," Fabrega asserted. "It was exclusively the action of a group of citizens faced with the necessity of taking this transcendental step, interpreting a will of the people which has been clearly shown by the overwhelming support tendered the new administration by the populace."

Mrs. Chapple is the wife of Dr. James H. Chapple. The couple and their small daughter, Toya, make their home at 700 Storey Street. The three visited Panama several months ago.

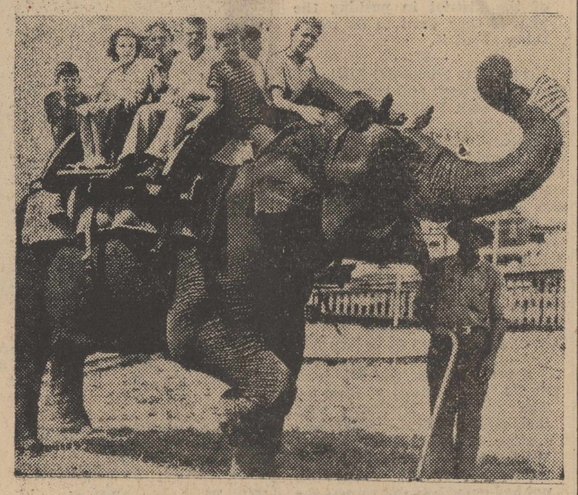

Pan-American — the name is brought closer to home as a twin sister and brother continue their residences—one a physician's wife in this West Texas city and the other a cabinet minister in not-so-far-away Panama City.

School Students To Start Survey

Midland school students, cooperating with the University of Texas bureau of business research and the Chamber of Commerce, will start a "cost of living" survey Monday.

Questionnaires will be taken to parents by the students with requests that parents fill them out. No one will be asked to sign them. The questionnaires then will be forwarded to the Bureau of Business Research in Austin for tabulation and analysis.

The survey according to information given Supt. George A. Heath by Dr. A. F. Buechel, assistant director and statistician of the bureau, is intended to provide information on the effects of the National Defense program upon the cost of living.

The questionnaires are brief. Questions include the number of members of the family, income classifications ,and the monthly average cost of food, rent, utilities, and clothing.

Legion At Crane Plans Armistice Day Observance

CRANE (Special)—The American Legion will sponsor an all-day celebration Nov. 11, observing Armistice, Commander L. L. Martin has announced.

In the morning a parade will be led by the state championship band, the Crane high school organization directed by Jacques Nonce, and student director, Tommy Turner. The Legion and Auxiliary will participate. If the weather permits, an 11 o'clock service will be held on the football field. Otherwise, it will be at the high school auditorium. The band will play, and a mass choir will sing. An out-of-town speaker is expected to be obtained.

At 2:30 p. m., McCamey and Crane will play football, and at night a street carnival is scheduled.

Russell Holcomb is on a trip to Chicago, Ill. En route he will visit his parents at Tulsa, Okla.

Novel Notes Distinguish Escondida Party

Black and yellow colors carrying out the Halloween theme and unusual prizes distinguished the bridge party with which Mrs. J. L. Greene, 706 W Louisiana, complimented the Escondida Club and a group of guests Friday afternoon.

In the games Mrs. Butler Hurley received award for high score among club members and Mrs. G. J. Sevier for high score among guests. The prizes, wrapped in yellow and tied with black ribbon, were home-made fruit cakes.

Bingo prizes for the three tables went to Mrs. S. S. Stinson, Mrs. Bruce McKague, and Mrs. Warren Anderson. The awards were cookies made by Girl Scouts.

Roses and dahlias decorated the party rooms.

Guests were: Mmes. R. E. Young, McKague, John Mills, Sevier, Nelson Puett, Warren Anderson, and A. Knickerbocker.

Members present were: Mmes. Daniel H. Griffith, Hurley, J. W. Bradberry, E. C. Hitchcock, Stinson, and the hostess.

Mrs. Curtis Is Hostess To Meeting Of As You Like It

Zinnias, yellow chrysanthemums, and rosebuds decorated the house when Mrs. Frank E. Curtis, 2111 W Brunson, was hostess to the As You Like It Club, Thursday afternoon.

Sewing and conversation occupied the party hours and a refreshment plate was served.

Present were: Mmes. J. Wray Campbell, Paul Smith, Bob Baker, Joe Roberson, John Allen Sewell, Opal Ponder, and the hostess.

Next Thursday the group will meet with Mrs. Ponder at 723 W Louisiana.

TO O. E. S. Meeting

Couple Repeats Wedding Vows In Ceremony Read At Twilight

Miss Evelyn Haag Becomes The Bride Of Thomas M. Curtis; Couple Leaves On Honeymoon Trip To Monterrey, Mexico

In a twilight ceremony, Miss Evelyn Haag, daughter of Mrs. H. L. Haag, and Thomas M. Curtis of Goldsmith, son of Mrs. A. M. Curtis of Hattiesburg, Mississippi, were married at the home of the bride's mother, 901 W Michigan, Saturday evening at 6 o'clock

The Reverend W. C. Hinds, pastor of the First Methodist Church, read the service before an improvised altar formed of bankings of formal greenery, garlands of fern and a profusion of white chrysanthemums, and lighted by tapers in two seven-branched cathedral candelabra.

Mrs. De Lo Douglas sang "I Love You Truly" as the pre-nuptial solo, accompanied by Mrs. Holt Jowell, pianist, who also played the wedding marches and DeBussey's "Claire de Lune" as a musical background for the single-ring ceremony.

Bride Wears Blue

Given in marriage by her brother, Oliver Haag, the bride wore a costume of sheer wool in flagstone blue, designed with a fitted bodice and a flared skirt with small peplum. Soft shirring at the shoulder was released to form a V neckline. Her accessories were black and her bouquet was of white orchids and gladioli. She wore as her only jewelry the traditional "something borrowed," a necklace which is the property of her cousin, Mrs. C. C. Thomas.

Mrs. Oliver Haag, matron of honor and the bride's only attendant, wore a wool-and-satin model in black. Her corsage was of white gladioli.

Rex Clark of Goldsmith was best man.

The bride's mother wore black crepe and the groom's mother a blue suit. Both wore gardenias.

Three-Tiered Cake

Following the wedding a reception was held with tall baskets of huge white chrysanthemums decorating the entertaining rooms.

Tall white tapers burned in crystal candelabra on the bride's table which was laid with an Italian embroidered cloth.

The three-tiered wedding cake was topped with a miniature good luck emblem in the form of a horseshoe, the same emblem used by the bride's mother at her wedding reception. Small pompon white chrysanthemums and wee sprays of fern encircled the base of the cake.

The buffet was lighted with tall white candles in crystal holders and centered with a silver bowl of autumn leaves.

Miss Ruth Woodson served the cake after the bride had cut the first slice and Mrs. C. C. Thomas presided at the punch bowl.

Miss Helen Fasken was at the bride's book.

The houseparty, including Mrs. T. L. Speed, Mrs. Thomas, Miss Woodson, and Miss Fasken all wore corsages of pink gladioli.

Honeymoon at Monterrey

Mr. and Mrs. Curtis left after the reception on a wedding trip to Monterrey, Mexico. On their return, they will remain in Midland for a week or ten days and then will make their home at Goldsmith.

The bride's going-away costume was a black and green ensemble of wool crepe and her corsage was a single orchid. Her off-the-face hat was a calot model with a black veil and her coat was of gray caracul. She wore a wrist watch, gift of the bridegroom.

Mrs. Curtis is well known in Midland, having been reared here and graduated from the Midland High School. She is a popular member of her social set and has been employed for the past five years in the offices of the Honolulu Oil Corporation.

Mr. Curtis is a graduate of the University of Texas, holding a degree in petroleum engineering. He is employed with the Landreth Production Corporation with headquarters at Goldsmith.

Approximately fifty guests attended the wedding and reception. Out-of-town guests included the bridegroom's mother, his sisters, Mrs. Victor L. Myers of Memphis, Tennessee, Mrs. R. E. Pace of Wichita Falls, Mr. and Mrs. Luther Neal of Odessa, Mr. and Mrs. T. R. Hendrickson of Goldsmith, and Mr. and Mrs. Morris Bowen of Goldsmith.

Additional nominees were: Burvin Hines and Lou Nell Hudman for vice president; Jimmie Kathryn Kendrick for secretary; and John Sindorf for sergeant-at-arms.

Here And There On The Campus

In a pep talk to the student body, Miss Jo Hestand said, "If I tried to fight Joe Louis I wouldn't have much of a chance, but I could make a good start."

Miss Ruth Carden asked the students in the journalism class, "Do you think you have a nose for news?" Skippy King answered, "Mine is too large is the reason it isn't in the news."

FHA Program Is Still Available, Director States

FORT WORTH.—Despite recent developments affecting home building, assurance was given here Saturday that the Federal Housing Administration will continue its long range program of home mortgage insurance operations and will continue to welcome applications from builders and individuals submitted through approved mortgages.

E. T. Stearns, FHA district director, moved to correct any impression that the current emergency had altered the basic FHA program by assuring prospective home buyers that the FHA plans no curtailment of its activities nor temporary suspension of its insuring operations.

"Some misunderstanding of the FHA's position has developed," Steans said, "because of recent trends in the government's attitude toward housing. It is possible that this misunderstanding may have caused some families to postpone home ownership. I should like to assure those families that the Federal Housing Administration will be glad to accept their applications for mortgage insurance and to assure them that FHA facilities are still available to families who wish to buy or build homes.

Aiding OPM

"It is true that the Federal Housing Administration, under a special arrangement with the Office of Production Management, also is accepting applications for priorities so that builders of homes in officially designated 'defense areas' may encounter as little difficulty as possible in obtaining home building materials that are scarce. In effect this is a job which the FHA is performing simply for the OPM. Its own program will go forward independently.

"Our position, then is as it was before the emergency. We are accepting applications covering both homes to be built and existing homes. There are a great many communities in which no current shortage of building materials exists. If at some time in the future building material stocks are exhausted, it is possible that home building in certain communities would be curetailed. In those communities described officially as 'defense areas' builders and contractors would have to obtain priority to be assured of those materials which are likely to be scarce. In non-defense areas these probably would not be available.

FIREMEN TRAIN MONGREL TO PUT OUT CIGARETTES

CLEVELAND, O. (UP)—Gyp, the fire - eating mongrel, has been tuaght by a retired fireman to snatch and extinguish lighted cigarettes—as a means of fire prevention.

The dog lives at a corner filling station near the home of Fred Weilhmiller, a retired fire captain.

Gyp growls and barks at the smell of smoke and will snatch a lighted cigarette from the fingers of a smoker, throw it to the ground, paw it until the ember is extinguished and then swallow the stub.

High School Elects Sue Shepard Queen Of Year Book; Coronation With Scharbauer King Is Nov. 18

Sue Shepard was elected queen of the 1941-42 Catoico Wednesday. The coronation ceremony will be Nov. 18 under the direction of Mrs. DeLo Douglas. Clarence Scharbauer, Jr., is king. The queen's court is Jo Ann Proctor, Gerald Nobles, Eula Ann Tolbert, J. B. Harris, Frances Ellen Link, Buddy Davidson, Elma Jean Noble, Ben Sevier, Nancy La Force and Tommy Nolen.

Student Shows Book Almost 200 Years Old

Patsy Collins brought to English class Friday a book which may be almost 200 years old.

It was a copy of Samuel Johnson's "Dictionary." The frontispiece had been torn so that the date of publication could not be determined. Johnson's "Dictionary" was first published in 1755. Collins' copy was leather bound, of fine print, and yellowed with age. She said her mother found it stored in an old trunk at their home several years ago. Senior English classes have been studying Samuel Johnson.

Girls Volunteer For Social Service Work

As part of the social service work of the home-making department, two girls volunteer each month to care for small children at the North Ward building while their mothers attend PTA meetings.

Elsie Pliska and Myrabelle Lamb had charge of 25 children when the PTA met last Tuesday.

Queen Of Catoico

High school students elected Miss Sue Shepard queen for the 1941-42 Catoico last week.

Midland Bulldogs To Play Abilene

The Abilene Eagles and the Midland Bulldogs will trade tackle and blocks here Friday night.

The Abilene attack is led by little John Howell, back, and Tom Collins, 200-pound tackle. The Eagles, under their new coach, Vernon Hilliard, will be out for revenge following the 7-6 defeat handed them last year by the Bulldogs.

The Bulldogs, as usual, will go into the game underdogs. The Bulldog backfield has been improved by the return of "Docie" Foster, letterman of the last two season.

Coach Clark announced that Charlie Kelly, wingback, would be captain of the game.

Who's Who--Sue

Sue Shepard, 1941-1042 Catoico queen, enrolled in Midland High School after mid-term of last year. She is an outstanding senior, one of the pep leaders, assistant editor of the "Bulldog," society editor of the "Catoico," and an honor student.

Sue, with a twinkle in her big brown eyes, is small, brunette and vivacious.

After leaving Abilene, Sue believed her world had ended, but soon changed her mind after a touch of "western" hospitality. She was historian of the student council at Abilene, president of the art club, and secretary of her home room.

With several years of art, she plans to be a fashion designer.

Margaret Ann West Wins Speech Contest; To Try For District Honors In Odessa

Margaret Ann West, chosen Wednesday in assembly for the West Texas Chamber of Commerce Home Town speaker, will compete with six other district winners in Odessa Thursday. Others in the contest were Kathryn Hanks, and Joyce Strong. The topic was "My Home Town and Defense."

Bill Collyns, secretary of the Midland Chamber of Commerce, Frank Stubbeman and Joe Seymour, attorneys, judged the speakers.

Miss West represented Midland at the Chamber of Commerce convention last year.

Music Corner

The girls' trio selected by Mrs. DeLo Douglas, music director, is composed of Lou Nell Hudman, first soprano; Peggy Anderson second soprano; and Margaret Mims, alto.

A junior trio soon will be selected by Mrs. Douglas.

Members of the trios, quartets, and choruses will take part in the coronation.

The band received invitations this fall to play for the state fair, Band Day at Texas Tech, and a National Defense program at Monahans.

The students in the beginners' and junior band were given grades the first six weeks. Formerly only those in the senior band had received cards. M. A. Armstrong, didector says, "We hope to establish closer relation between the home and school in music work."

C. R. Dale, march instructor of Wink, will visite the Midland band next week.

Personals

Sue Shepard and Mary Helen Walker attended the Texas Tech rodeo in Lubbock Saturday.

Individual Report Cards Distributed

Report cards were given by all teachers to students last Wednesday. Students, instead of having one card, receives cards for each class.

The report consists of the subject grade, citizenship grade, number of days present, and a chart showing the grade distribution for the class.

Principal Frank Monroe listed on the backs of the cards aims of Midland High School and essentials for success in high school. Essentials include: 1. Strict attention in class, 2. At least some study in a quiet room outside of class each day, and 3. Faithful attention to the physical condition which can be maintained at par only by outdoor exercise, sufficient sleep, and temperate living.

Greene Entertains Football Players

J. L. Greene entertained the football team with a steak dinner at Hotel Scharbauer, Monday.

Ivan Hall, captain for the Midland vs. Wink game, gave an appreciation talk, thanking Greene and other business men of Midland for their support of the team.

Student Of Midland High Attends Class And Works At Firm

Gene Shelburne is one of the 22 students in the diversified occupations class who attends classes in the morning and works for a local firm in the afternoon.

Gene has been working four months at the Pylant Sign Company, for his uncle, Thurman Pylant. He prepares sign boards, cuts out displays, and paints.

"I like cut-out display work best," Gene says. He made the banner "BEAT BIG SPRINGS" which hung on the curtain in the auditorium.

Gene is learning about paint mixing and color harmony. He studies the alphabet in French, Gothic, Roman, and modern variations. One of his duties in the shop is to collect bills.

He will graduate in June and plans to major in commercial designing at Baylor University.

Census Reveals 300 New Students Here

Because of the increase in Midland's population, school officials have obtained permission from Austin to take a census on new student enrollment. Fifty-eight were counted in high school and over 300 in the entire school system.

Seventeen Students Make Honor Roll For First Six Weeks School Period; Honorees Must Make A's In Subjects

Seventeen high school students were on the honor roll the first six weeks, Principal Frank Monroe announced. These students made A's in all subjects.

"Be Your Age and Then Forget It" Says Character Actress Who Does

By Dee Lowrance
NEA Service Staff Correspondent

HOLLYWOOD.—Age is no stop-sign for chic. You don't have to be middle-aged and frumpy just because you hit the middle years.

Look at Marjorie Gateson, one of the films' favorite character actresses. You've seen her playing smart matrons, wacky maiden aunts, dizzy mothers-in-law. In Hollywood social circles, she's noted as one of the town's best-dressed. And she's the first to insist she's no chicken.

Always change into something soft and feminine at home, suggests Marjorie Gateson, filmdom's noted character actress. Here she is wearing one of her favorite hostess pajamas of sheer, soft wool with ivory polka dots on a beige background. The leather belt and buttons are bright Kelly green.

With such wardrobe tricks as this, it's no wonder Marjorie Gateson is known as one of Hollywood's best-dressed women. She calls it her "hanky gag." Actually, it's a way of achieving lingerie touches to pick up a dark dress quickly through using three identical filmy handkerchiefs. One she gathers to pin as a frou-frou at the neckline, as pictured here; the other two she folds into triangles and ties around her wrists for cuffs.

"It's nonsense to remember your age," Miss Gateson said when found recently on the set of "You'll Never Get Rich," where she was playing an important comedy role, "When I was 39 I made a resolution. It was to forget to count my years. And I've stuck to it.

"If I think of age at all, it is to place myself vaguely in the Terrific Thirties or the Fascinating Forties. So many women go coy or bitter after thirty. They go jellyfish and give up. I don't believe in that. The minute I show signs of getting grim, my best friend tells me so. And I snap out of it—but fast.

"I try, too, to keep in corking good physical condition. Play lots of tennis to tone my muscles, watch my weight and eat sensibly. I play mothers and matrons so much on the screen, I always rush into shorts for tennis and work at being supple and unstuffy."

PERFECT POSTURE CLOTHES SENSE

You have only to look at Miss Gateson to see how effective her routine is. She radiates verve; she walks gracefully, moves easily. Her figure is excellent, her carriage erect but not stiff. Her natural gaiety may have been made more permanent by her training in musical comedy. Before the films nabbed her, she was a Broadway star. Her clothes-sense is superb.

"It's not hard to be well-dressed after 29," she said. "I play my wardrobe carefully. The backbone is suits, a couple of expensive, basic dresses every season. Then I concentrate on accessories for changes—and plenty of hats, the most striking I can manage without being biazze."

Miss Gateson does not believe in conforming with styles which are not becoming or loading up with masses of clothes that do not assemble well. And among her many fashion tricks is one she calls her "hanky gag." For those favorite dark, basic dresses, she has a quick change trick played with three identical filmy handkerchiefs. One she gathers into a frou-frou and pins at the neckline. The other two she folds catty-corner and knots around her wrists for cuffs. Fresh, crisp, and attractive lingerie touches result—and they launder easily.

CHANGES COSTUME WHEN AT HOME

"I have another custom which I must have inherited from my mother," she continued. "Mother always changed into a trailing teagown at four every afternoon. I can't always arrange to change at four; instead I take off my street clothes at home, slip into something soft and feminine—housecoats or hostess pajamas. It's economical on your clothes and is a welcome change."

Miss Gateson's hairdress gets a great deal of attention in these parts. And it is surprising to find she cuts, shampoos and sets her naturally curly hair herself to result in an up-sweeping shingle with ringlets cascading over her forehead. She washes it about twice a month, sets it with bobbie pins, and brushes it vigorously night and morning.

Beauty rules? Very few. "My skin's too freckled to be pretty," she said. But it glows with health and is amazingly unwrinkled. Cold cream at night with some left on to counteract the drying California air. And little makeup besides powder and lipstick.

"Be your age and then forget it," is Marjorie Gateson's creed.

Several of the soldiers were able to get away for the week-end and participated in the national tournament in Asbury Park, N. J. They did not win any of the cups, but I recall that one of them, Charles Mintz of New York, played the hand shown today like a veteran.

East's four no trump bid was the Blackwood convention, and the response of five hearts indicated that West held two aces. The grand slam contract should have been defeated by a spade lead, but North missed the point of South's double.

Even with the club opening, the hand was no laydown. Mintz (West) won with the ace and immediately led a second club to ruff in dummy. The ace of hearts was cashed and a heart ruffed. West led another club for East to ruff.

Then dummy cashed the last trump, holding the trick, and a second ruff put Mintz in to lead his last two trumps. Now all that was left to do was to cash four spade tricks by finessing against the queen. Mintz avoided a pitfall here. He led the jack and finessed at once. Cashing the king first could have lost him his contract.

Dickey Dress

The trio of patch pockets with flaps give a dashing military air to this shirtwaist dress which puts it in tune with the times! It is the tried and true style which you know is easy to make—with a yoke top and a few gathers to admit fulness through the bodice and control a neat, slim waistline. The classic neckline is set off with a crisp white dickey, a refreshing note of smartness which you'll like for its flattering youthfulness.

Pattern No. 8050 is in sizes 14 to 20; 40, 42, 44 and 46. Size 16 requires 4 1/2 yards 36-inch material. Vestee, 2/3 yards 36-inch material.

For this attractive pattern, send 15c in coin, your name, address, pattern number and size to The Reporter-Telegram Today's Pattern Service, 211 W Wacker Drive, Chicago.

Other styles for school wear may be selected in our fall and winter Fashion Book, a complete review of patterns for the new season which you may order now.

Department Studies Cottonseed Oil Plans

WASHINGTON (AP)—A federal loan or purchase program supporting a price of 14 cents a pound for crude cottonseed oil was reported under study Saturday by the Agriculture Department.

Senator Bankhead (D-Ala) said he was advised officials were considering this idea, and added that such a price would enable cottonseed mills to pay farmers and producers $55 a ton for cottonseed which has sold as low as $37 following recent sharp declines. Bleachable cottonseed oil for December delivery was quoted on the New York market Saturday at 12.55 cents a pound.

Bankhead has been directing activities of a group of senators and representatives from cotton states who are seeking a government loan or purchase program to boost prices for cottonseed which he said "is the chief cash income for the cotton farmer."

McCAMEY CLUB TO HAVE FLOWER SHOW

McCAMEY (Special)—The McCamey Garden Club will hold its fall flower show in the Girl Scout Little House on Wednesday, November 5. Anyone in Upton County may enter flowers. Judging by three members of the Odessa Garden Club will begin at 11 o'clock.

The McCamey Garden Club will exhibit the flowers and hold open house for the public from 2 until 8:30.

Stanton Woman Wins Prizes At Two Fairs

STANTON (Special)—Mrs. Henry Ringhoffer, Stanton, recently has won the following awards at various fairs.

At the Tulsa, Oklahoma state fair, she won first in crocheted lace and hand-made service tray, and second in embroidered vanity set and apron, made from feed sack.

At the Tri-State Fair at Amarillo, she won first in machine work, hand hemstitching, display, and button holes on different materials, and second in embroidered scarf, quilting done by exhibitor, and crocheted lace.

Two Instructors Of Stanton Quit

STANTON (Special)—Two teachers in Stanton schools, W. J. Smith, mathematics instructor, and Jack Reynolds, high school band director, have resigned.

Smith, teaching his third year, resigned because of ill health. Reynolds, starting his second year, accepted a position as Coahoma band instructor with a salary increase.
