Business District Plan Described

In the long range Comprehensive Plan for Rockport, as prepared by Harland Bartholomew and Associates and local advisory committees, the following recommendations were made for the Central Business District:

Civic Center

Existing public buildings in Rockport include the Aransas County Courthouse, the County Library, and jail located on a one-block site between Live Oak and Church Streets, from Mimosa to Concho Streets. The total complex of county buildings includes approximately 28,000 square feet of floor space: courthouse, approximately 28,000 square feet; library, 2-100 square feet; and jail 5-600 square feet. In addition to this, the City Hall, located on a triangular tract at the intersection of Broadway and Austin Streets, currently has a total floor space of approximately 3,500 square feet. Across from the City Hall, the Women's Club next to the Chamber of Commerce has a total area of about 3,500 square feet. In the southern and central portions of the business district the U.S. Post Office and Rockport Fire Department are located on small sites. The post office has a total floor space of approximately 4,500 square feet and the fire station has 2,000 square feet.

In evaluating these existing buildings to determine their ability to meet long-range needs of the community, deficiencies were identified in all buildings except the Aransas County Courthouse. Long-range estimates of public building needs indicate that with the relocation of the public library, the courthouse would be able to expand to the west into the existing library building. The Library, during the planning period, should be expanded to about four times its present size. The city hall is located on an extremely small site which could be better utilized for commercial purposes.

By 1990, with a population of about 18,000 persons, the city hall in Rockport should have a total floor space of approximately 10,000 square feet. In addition to this, the existing fire station would be better located on the major street system providing direct access to various portions of the community in times of need. The plan proposes to leave the post office in its present location on Market Street where the existing structure may be expanded as needed to serve the community. (Continued on Page 8)

SPECIAL SQUARE DANCE AT PAWS AND TAWS SATURDAY NIGHT

The South Texas Square Dance Association quarterly dance will be held in the Paws Square Dance building on Fulton Beach Road this Saturday night, Nov. 1. Calling will be handled by various area callers and a good variety as well as quality calling is promised. Square dancing will begin with the grand march at 8 p.m. with round dancing between tips.

Election of Association officers for the forthcoming year will be held during intermission.

The Collins Street fruit cakes made in Texarkana, Texas are being sold again this year by Paws and Taws club members for benefit of their building fund. These are quality cakes priced \$4.50 for 2 pounds, \$6.50 for 3 pounds and \$10 for 5 pounds. Cakes are in stock at this time and available from any square dance club member or call Virginia Von Pein 729-5110, Maurice Davis 729-5900, or Bernice Bolen 729-2836. Buy now for Thanksgiving as well as Christmas.

TWO ARRESTED

Sheriff Bob Hewes reported that Elias R. Garza of Rockport has been taken into custody and is being held for alias authorities who charge that he has violated probation. Also picked up was Estevan Elizondo of San Antonio, who was turned over to Bexar County authorities to face a charge of swindle with a worthless check, according to Hewes.

The date for the Rockport-Fulton School homecoming has been changed from Nov. 14, the Yoakum football game, to Nov. 7, the Calallen football game.

Neither the Rockport-Fulton High School nor the Yoakum High School has lost a district game, and since their districts are bracketed for bi-district competition it is possible that these two schools will meet in a play-off game.

In view of this possibility the non-district game with Yoakum scheduled for Nov. 14 may not be played which would mean no opportunity for homecoming; thus the homecoming change to Friday, Nov. 7.

The bonfire for Homecoming will be held about 8:45 p.m. Thursday evening, Nov. 6, after the Junior High football game.

Art Ass'n Member Honored By Rangers

Mrs. Norma Marriott Bixler of the Rockport Art Association has been selected as the Portrait Artist for the Texas Ranger Hall of Fame at the Fort Fisher and Homer Garrison Memorial Museum in Waco.

In August the artist's signature portrait of Texas Ranger Captain Frank A. Hamer was installed in the museum and she was commissioned for the next five years to research and paint a series of past Ranger heroes.

Mrs. Bixler first began to paint in oils in 1964. She is self-taught, and has adapted the "Old Master" techniques to fit her needs as a miniaturist. Her use of a cool neutral underpainting, overpainted and glazed with transparent oil color gives a translucent and life-like quality to flesh.

The Rockport Art Association has exhibited the artist's work for over a year. She has also exhibited in galleries in San Antonio and Houston, at the Central Texas Area Museum, Salado, Panhandle-Plains Historical Museum, Canyon, McNamara-O'Connor Historical and Fine Arts Museum, Victoria, and the Witte Museum, San Antonio.

Freedom of choice and its attendant responsibilities was discussed by Jack Horton, Rotary Club Community Service committee chairman, at a luncheon meeting of the club Wednesday at Corky's restaurant.

He said that when a person joins any organization — church, club or political party, he obligates himself to some type of public service. Many, he said, fail to meet this responsibility.

Horton also described land, water and air pollution as a serious threat to both recreation and daily living.

WOMAN'S CLUB TO HOST PARTY

The Woman's Club of Aransas County will host a party for tourist ladies and residents at 2 p.m. Monday, Nov. 3 in the Woman's Club building. Canasta and bridge will be played following the tea.

United Fund Kickoff Coffee Set for Nov. 3

The United Fund Campaign will start with a "kickoff coffee" at 7 a.m., Monday, Nov. 3 in the Rockport-Fulton Junior School cafeteria.

Pat Smith, general chairman of the drive, urges all volunteer solicitors to attend this opening event to receive instructions and get started immediately to make the 1969 campaign a success. The goal this year is \$10,425.

Smith also extends a welcome to all persons who have not previously offered to work as door-to-door campaigners. "We can sure use your help, so please join us at the kickoff coffee," he said.

R. L. Eckman, chairman of the special gifts division, already has begun his work. Results from this activity are expected to be an important factor in the success of the drive.

Agencies which will benefit from the campaign are American Red Cross, Aransas County Emergency Corps, Aransas County Youth Council, Aransas County Youth Recreation Sponsors, Boy Scouts of America, Coastal Bend Association for Mental Health, Coastal Bend Council on Alcoholism, Family Counseling Service; Also, Girl Scouts, Gonzales Warm Springs Foundation, Rockport Youth Recreation Association, Inc., Salvation Army, Texas United Community Services and United Service Organization (USO).

Three to Attend G.O.P. Ladies Convention

Mrs. Paul Hathorn, Mrs. Walter Falk, Jr., and Mrs. Harold Shirey will be delegates representing Republican Women of Aransas County at the biennial convention of the Texas Federation of Republican Women in Austin, Oct. 31 and Nov. 1.

The highlight will be the presentation of the second annual "Tops 'n Texas" awards by Mrs. Spiro Agnew, wife of the Vice President of the United States, at a banquet Oct. 31. Sen. John Tower will be guest speaker.

Among other speakers who will address the convention are Congressmen George Bush, Jim Collins and Bob Price; State Senators Ike Harris of Dallas and Hank Grover of Houston and State Representative Maurice Angly of Austin, Bill Archer, Sonny Jones and Will Lee of Houston.

The Texas Federation of Republican Women is designed to increase the interest and effectiveness of women in the cause of good government. It is composed of more than 6,800 women representing 114 clubs throughout the state.

Horton Is Speaker At Rotary Luncheon

Freedom of choice and its attendant responsibilities was discussed by Jack Horton, Rotary Club Community Service committee chairman, at a luncheon meeting of the club Wednesday at Corky's restaurant.

He said that when a person joins any organization — church, club or political party, he obligates himself to some type of public service. Many, he said, fail to meet this responsibility.

Horton also described land, water and air pollution as a serious threat to both recreation and daily living.

Turkey Shoot November 23

The Seamen's Lions Club will hold its annual turkey shoot Nov. 23 at the Aransas County Shooting Range behind the airport. Tickets will be \$1 for 75 yards, one shot; and \$1 for 100 yards, three shots.

Pirates To Play Woodsboro There

The Rockport-Fulton High School Pirates will travel to Woodsboro Friday night, Oct. 31 to meet the Woodsboro Eagles in a District 28-AA game. The Pirates have a 4-0 record in district competition and Woodsboro has lost one district game.

Math Students Attend Career Day

Fifteen members of advanced math classes from Rockport-Fulton High School attended Engineering Career Day at Texas A&M University on Saturday, Oct. 25.

The purpose of Engineering Career Day was to familiarize students interested in the engineering field with the various programs in engineering available at Texas A&M.

Besides the interesting exhibits, students were treated to and guided tour of the campus and attended the football game that night between Baylor University and Texas A&M. Some 2,200 high school and junior college students were present to view the exhibits and visit the campus.

Jackpot Roping At Arena Saturday

Jackpot roping will be held at the riding arena beginning at 8 p.m., Saturday, Nov. 1, under sponsorship of the Aransas County Riding Association.

The events and the entry fees will be steer roping, \$12; tie down, \$6; break-away, \$6; open barrels, \$3; junior break-away, \$3; and open poles, \$3. The Mounted Squares, riders who put their horses through dance steps, will perform at halftime.

Hot barbecue sandwiches, chili, coffee and cold drinks will be available at the concession stand. Admission will be 50 cents.

Three Accidents In 24 Hours Here

Chief of Police Everett Taylor reported there were three auto crashes here Tuesday and Wednesday during a 24-hour period.

Four persons were injured in a collision of two cars Tuesday at Gagon and Mimosa Streets. The cars involved were driven by Raymond Herrera and Mrs. Elvina Solis.

Injured in this crash and treated for cuts and bruises at Lyman-Roberts Hospital in Aransas Pass were Herrera, Mrs. Solis and her two children, Louis, Jr., 2, and Sandra, 4.

Both cars overturned and Mrs. Solis' auto was upside down following the crash. Sandra Solis was thrown from her car and was found under Herrera's auto.

Chief Taylor said Herrera has been charged with failure to yield the right-of-way and exceeding safe speed.

The second accident on Tuesday took place at the Post Office intersection of Market and Church Streets where many accidents have occurred.

According to Chief Taylor, this accident involved two moving and two parked vehicles. He said the accident occurred when E. A. Laney, going south on Church Street, went through the stop sign at Market and hit the auto of H. D. Heasley which was proceeding west on Market.

Following the impact of this crash, a parked car belonging to Oscar D. McCoy and a park-servant (Continued on Page 8)

The following names should be added to the Rockport-Fulton High School Honor Roll: Julie Bright, Gary D. Gray, Michael Meek, and Clifford Mixon.

City Council Okays Gas Rate Increase

The City Council on Monday night passed an amendment to the gas ordinance granting Aransas Natural Gas Company authority to increase gas rates in the city limits 15 per cent.

The increase will enable the company to realize 7½ per cent operating return on its property and equipment. The company had asked for an increase to produce 8 per cent return but settled for 7½. This is the first rate increase for the gas company in its 21 years of operation.

Vernon J. Kleypas, manager of the local office, said Aransas Natural Gas now will seek authority from the State Railroad Commission to increase the rates outside the city limits by 15 per cent. When permission is granted, the rate increase in Rockport and outside the city will go into effect. The new rate schedule will be as follows:

Residential and commercial rates: first 3,000 cubic feet, \$1.0550 per 1,000 cubic feet. Next 7,000 cubic feet, \$1.0230 per 1,000 cubic feet. Next 40,000 cubic feet, \$0.9592 per 1,000 cubic feet. Next 50,000 cubic feet, \$0.8952 per 1,000 cubic feet. Next 50,000 cubic feet, \$0.8313 per 1,000 cubic feet. Next 50,000 cubic feet, \$0.7673 per 1,000 cubic feet. Next 50,000 cubic feet, \$0.7037 per 1,000 cubic feet. All over 250,000 cubic feet, \$0.6394 per 1,000 cubic feet. Minimum bill, \$3.17 per month. No discount for early payment.

Summer incentive air conditioning rate (May through October):

First 3,000 cubic feet, \$1.0550 per 1,000 cubic feet. Next 3,000 cubic feet, \$1.0230 per 1,000 cubic feet. All over 6,000 cubic feet, \$0.5115 per 1,000 cubic feet. Minimum bill \$3.17 per month. No discount for early payment.

Seamen's Lions Dinner Club Bldg. Opening Saturday

Seamen's Lions Club members will hold the grand opening for their dinner club building on Saturday, Nov. 1. The building is located on Highway 35 South about ¼ mile from Cove Drive-In on the west side of the road.

Henry Munoz, president, invited everyone to attend the grand opening on Saturday from 6 p.m. to 1 a.m. and Sunday from 1 p.m. to midnight. Snacks will be served.

The members would like to thank the ladies who helped with the decorations and also to thank those who made the building possible. They extend special thanks to Bill Christian, Grover Traylor, Rudy Nava and Chester Johnson for items donated.

Presbyterians Elect Church Officers

The congregation of First Presbyterian Church has elected the following church officers:

Ruling elders, class of 1970: N. F. Jackson, Donald C. Meek and Charles A. Roe, Jr. Deacons, class of 1970: Herbert S. French; class of 1972, Jim Clobertans, Ed Neubauer, Craig C. Crabb, Pat Smith and W. C. Underwood.

MRS. GURLEY RECEIVES REAL ESTATE LICENSE

Mrs. Lois Gurley has just received her real estate salesman's license and has joined the sales staff of Security Real Estate, according to John Lewis, president of the firm.

Mrs. Gurley has been employed by Security as office manager and will continue in a dual capacity for a short period before going into selling on a full time basis.

City To Launch 'Clean Up' Drive

The coach, Miss Ruth Gerdes, and the managers wish to thank the 76 girls who showed an active interest in basketball by attending the practices preceding the team selection. The coach, managers, and team members invite everyone to come and support the team by attending the games. Moral support given by local fans boosts the spirit and gives the team more drive.

VFW Post 3904 Holds Meeting

District 6, VFW Commander W. K. Huber of Corpus Christi was the guest of honor at a joint dinner meeting of the Stewart-Wendell Post 3904 VFW and the Ladies Auxiliary on Tuesday.

Commander Huber stressed membership in VFW as of prime importance in establishing an influential voice in local and national affairs. To date, within District 6, membership is running over 1,000 members more than during a corresponding period last year.

Post Adjutant Chester Johnson supported the optimistic trend by reporting the local VFW Post 3904 as being ahead of last year with 60 per cent of members having paid up 1970 dues.

Post Commander W. S. Falk, Jr., outlined plans for Veterans Day, Nov. 11 and listed planned programs for future meetings. The joint meeting was so successful that the members agreed to continue dinner meetings on a quarterly basis.

C. V. Gray, chairman of the Voice of Democracy Program Committee, and Mrs. E. H. Peters, president of the Ladies Auxiliary, outlined plans for the annual High School contest. The subject theme is "Freedom's Challenge." This year, the local award to the winner will include a \$100 U.S. Government Bond.

Seven Firms Had 100% Participation In United Fund

During the 1968 United Fund Campaign, 100 per cent of the employees of seven local firms contributed.

The firms were Wagley Lumber Company, Aransas Natural Gas Company, Roaten Drug Store, First National Bank, H.E.B. Family Center, Chas. T. Picton Lumber Company and Central Power and Light Company.

Miss Lola L. Bonner, president of United Fund, and the other officers salute these firms and their employees and urge them and other companies to score 100 per cent again this year to help assure success of the 1969 drive.

Realtors To Meet Nov. 6

The Aransas-San Patricio County Board of Realtors will hold their regular luncheon meeting at Little Bob's restaurant in Aransas Pass on Thursday, Nov. 6 at noon. The speaker, Forrest Allen, will discuss "Real Estate and What it Means to Me." Plans for the annual membership drive are to be made. It is important that all members, associates and affiliates attend.

The City Council on Monday night passed an ordinance annexing the property of Apple, Inc., on which Robo Wash is located, on Highway 35 North.

NOTICE

To those donating clothes for the Gulfport, Miss., storm refugees, please pick them up from the Bushart building at 416 S. Austin. The door will be open all day Friday.

The city is planning a clean up campaign. The goal is for Rockport to be spick-and-span before the Centennial celebration of the city and Aransas County next June.

The two main targets are: 1) vacant lots filled with trash and overgrown with weeds and brush, 2) junk cars on private property.

At this week's City Council meeting Mayor Delmar R. Hiller said he hopes property owners will voluntarily "enter into the spirit of the clean up campaign and correct conditions on their property."

If the voluntary method fails, the city plans to use the weed ordinance as its authority to make sure that overgrown lots are mowed. Mayor Hiller said property owners will be notified that their lots are to be mowed and if they fail to take action, the city will have the lots mowed and then bill the owners.

Hiller indicated that if junk autos are not removed from private property the city may order their removal on grounds that they are health hazards. City Attorney Dick Hatch is reviewing existing city ordinances to ascertain the exact authority the city has to bring about "cleaned up" conditions. If additional ordinances are required, the council will consider passing them at the next meeting.

Headless Shrimp Landings Down

September landings of headless shrimp at Texas ports amounted to 6.6 million pounds with a dockside value of \$6.9 million—one million pounds below and \$100,000 above the volume and value during September 1968. Current landings brought the 1969 nine month (January-September) total volume to 31 million pounds compared with 35.5 million during the corresponding 1968 period.

The following represents landings of headless shrimp for specified areas and periods:

Port Arthur- Sabine Area: Sept. 1969, 218,800 pounds; Jan.-Sept. 1969, 613,200; Jan.-Sept. 1968, 700,000.
Galveston-Seabrook Area: Sept. 1969, 953,000 pounds; Jan. Sept. 1969, 3,593,400; Jan.-Sept. 1968, 3,095,500.
Freeport Area: Sept. 1969, 922,500 pounds; Jan.-Sept. 1969, 4,729,800; Jan.-Sept. 1968, 6,850,600.
Matagorda-Palacios Area: Sept. 1969, 204,600; Jan.-Sept. 1969, 204,600 pounds; Jan.-Sept. 1969, 806,200; Jan.-Sept. 1968, 1,287,300.
Port Lavaca - Port O'Connor-Seadrift Area: Sept. 1969, 496,000 pounds; Jan.-Sept. 1969, 1,863,200; Jan.-Sept. 1968, 1,661,600.

Aransas Pass - Rockport Area: Sept. 1969, 1,579,800; Jan.-Sept. 1969, 9,457,000.
Brownsville - Port Isabel Area: Sept. 1969, 2,217, 800 pounds; Jan.-Sept. 1969, 11,893,800; Jan.-Sept. 1968, 13,409,000.

Totals: Sept. 1969, 6,592,500; Jan.-Sept. 1969, 30,953,900; Jan.-Sept. 1968, 36,461,000.

Trawlers working brown shrimp made long trips into waters from the high seas off Tampico, Mexico, to south of Morgan City, La. Catches averaged about 400 pounds per night for large vessels on long trips and 250-300 pounds for smaller vessels on trips up to eight days. Brown shrimp landings were only 6 per cent below the 1968 September volume, but catch per vessel dropped 20 to 30 per cent.

Vessels working white shrimp in Gulf waters made fair to good catches of 250- (Continued on Page 8)

WEATHER DELAYS PAVING JOB

"The paving project on Loop 70 should be finished within 45 good working days," a resident engineer of the Highway Department reported when queried about the project which has kept the city in soupy mud or blowing dust most of this year.

"Of course," he added, "we have no control over the weather, but if the contractor gets 20 good working days he should have part of the asphalt on, enough to stop the dust, and with another 25 days after that we should be finished. The weather is all that's holding us up now."

Mr. and Mrs. Jim Phillpot visited in Houston during the past week.

Second Grade Pupils Write Halloween Story

The second grade pupils of Mrs. Marilyn Pohlman at Rockport Elementary School are studying stories and how they are written.

After reading a story written by second grade pupils from another state, the local youngsters decided they could write a story about Halloween that would be better than the story written by the other pupils.

Following is the story. "Mr. Pumpkin's Halloween," written by Mrs. Pohlman's pupils:

Mr. Pumpkin walks and talks. He can do this only on Halloween night. Every other night he sits in the pumpkin patch and waits. He waits for his arms and legs to grow.

On Halloween night a big, yellow moon comes up in the sky. This is a sign for Mr. Pumpkin to get up and stretch his arms and legs. Then he begins to walk in the night. He is all shiny and bright.

As he walked around, he met a big, black cat.

"Hello, Mr. Cat," said Mr. Pumpkin.

"Hello, Mr. Pumpkin. Where are you going?" said the big, black cat.

"I'm going to see who's out on Halloween night."

"I'll go along with you," said the cat. So off went the scary pair.

As they went along, they met a ghost. The ghost went with Mr. Pumpkin and the big, black cat.

Pretty soon they met a skeleton and a witch. They found a goblin up in a tree. All of them decided to go down the street together.

"Let's go knock on a door and scare someone," said Mr. Pumpkin.

"Let's do," said the ghost.

So up to the door they went and gave a loud knock. A lady came to the door. She opened the door and looked out. She was so scared she closed the door again.

The spooks went to another house. They gave a loud knock. A big man answered the door. Nobody could scare him. He said, "Go on, you don't scare me."

So off they went to another door.

They came to a house with a witch on the door and a jack-o-lantern in the window. They gave a loud, loud knock. A boy and a girl opened the door. The children were dressed in Halloween clothes. Everyone called out, "BOO."

The children laughed and said, "You don't scare us. We know what you want. Candy."

Mr. Pumpkin and the others said, "Trick or Treat." The children gave them some candy and they all went away.

Mr. Pumpkin laughed to himself as he went back to the pumpkin patch. The children did not know he was really real. He would wait another year for the moon to come up on another Halloween.

Cemetery Ass'n Holds Meeting

The Rockport Cemetery Association met at the Chamber of Commerce building for its quarterly meeting in Monday. Members present were Mrs. W. B. Allen, Mrs. Gertrude Mills, Mrs. Gladys Gibson, Mrs. Georgia Haynes, Miss Mabel Bracht, Miss Genevieve Bracht, Mrs. Crompton Sowerbutts and Miss Evelyn Townsend.

Mrs. Allen reported that several loads of dirt had been hauled into Spencer Addition, which had added several more spaces in the cemetery.

A nominating committee consisting of Mrs. S. F. Jackson, Mrs. Travis Johnson and Mrs. Alma Ratliff was appointed to select officers for next year.

VICTORIA, TEXAS

REP. LEROY WIETING APPOINTED TO HOUSE INTERIM COMMITTEE

Austin—State Representative Leroy Wieting of Rockport was appointed Thursday by Speaker G. F. (Gus) Mutscher to serve on the House Interim Committee to work with the eventual custodian of Spanish treasure discovered off the Texas coast near Corpus Christi in arranging for its display in a museum near the site of the discovery.

The committee was created by HSR 78, which was authorized by Corpus Christi legislator Joe Salem, chairman of the study committee.

Land has been tendered to the State for a museum site or the treasure may be displayed in the existing museum in Corpus Christi. The Committee

is to study both possibilities and make its report to the 62nd Legislature.

Wieting, serving the House of Representatives since the 58th Legislature, served on the 61st Legislature's committees on Claims, Common Carriers, Revenue and Taxation, School Districts of which he was chairman, and the Urban Affairs Committee.

Mr. and Mrs. William Fleming of Sandusky, Ohio are enjoying a two weeks visit with their son-in-law, daughter and grandson, Mr. and Mrs. Gene Bird and David.

Mrs. H. C. Mullinax, employee at H.E.B. Grocery, flew to Dallas Sunday morning and attended the spring apparel market.

JOHN KINSEY

Among the bonnie winding banks,
Where Doon rins, wimpling clear,
Where Bruce once rul'd the martial ranks,
And shook his Carrick spear,
Some merry, friendly, country folks
Together did convene
To burn the nits, an' pou their stock
An' haud their Halloween Fu' blythe that night.

—From "Halloween" by Robert Burns

If you want a handy reference book containing interesting information about holidays, I'd suggest that you get a copy of "The Book of Holi-

days," by J. Walker McSpadden. Here's part of what he says about Halloween:

"Halloween, in spite of the fact that takes its name from a Christian festival (All Hallow's or All Saints' Day), comes from pagan times and has never taken on a Christian significance.

"There were two different festivals in the early world at this time of year, and they are both represented in our own Halloween activities. When you duck for apples, or throw an apple paring over your shoulder to see what initial it makes on the floor, you are doing as the Romans did—honoring Pomona, the Roman goddess of orchards and especially of apple orchards. And when you light a candle inside the jeering pumpkin face, you are in a small way imitating the Celtic Druids of northern Britain who lit a fire to scare away winter and the evil spirits who were waiting to come rushing in when summer was over.

"On that night between October and November, the

Druids kindled great fires on the hills as a barrier against the evil to come. (These Halloween fires will burn every year in many places, but especially in Scotland and Wales.) By waving burning wisps of plaited straw aloft on pitchforks, people tried to frighten off demons and witches but in case this didn't work, they also put on grotesque and terrifying costumes. For if you dressed in a horrid enough fashion and went trooping around with the spirits all night, they would think you were one of them, and do you no harm. This is where the persistent Halloween custom of 'dressing up' and wearing masks originated; and among the children who come to the door on Halloween, calling 'trick or treat,' the most alarming costumes are still considered the best."

Mrs. Neva Sorenson, noble grand, opened the meeting of Rebekah Lodge Oct. 23, with 14 members present.

It was reported that Mrs. Alice Ballou underwent surgery in a Baytown hospital and is doing well. She will stay with her daughter in that city for some time. It also was reported that Miss Ruby Lawson is still ill.

Members enjoyed cake and coffee after lodge.

Medicare Benefits Under Social Security

"Over the past three years you have read about Medicare and what services it helps pay for. But what about the services it doesn't help pay for?" asks H. M. Cleveland, social security district manager in Corpus Christi.

"One part of Medicare is hospital insurance, often called Part 'A', he says. "This is the insurance which helps pay for hospital services, stay in an extended care facility, and services of a home health agency."

"Services not included in hospital insurance are personal convenience items such as telephone or television, private duty nurse, extra charges for a private room, and custodial care in a nursing home. Services not covered by a home health agency are full-time nursing service, drugs, and meals delivered to the home."

The other part of Medicare is the medical insurance, often called Part "B". "This is the provision," Cleveland states, "that helps pay for doctors' services, medical services and supplies, and outpatient hospital services."

"The type of doctors' services not covered are routine physical examinations, immunizations, routine foot care, eye examinations for eyeglasses, hearing aids, and care of the teeth."

Those who have a question or need more information about Medicare are urged to visit, call, or write the Social Security Administration, 1802 South Staples Street, Corpus Christi, Texas 78404.

CRANES RIDE WIND SOUTH

The whooping cranes are beginning to arrive here for their winter stay.

Gordon Hansen of the Aransas National Wildlife Refuge said three adult birds arrived Oct. 20. Two more birds arrived last Friday and Saturday.

Hansen said 50 birds left the refuge last year, heading for their summer grounds in Canada. The wildlife refuge here is hoping for an increase in the crane population this year.

Tuesday's cold front should help to hurry them along, Hansen said. The birds use the norther as a tail wind to help them fly.

Hansen said 31 adult birds and 5 young were spotted by the Canadian Wildlife Service a month ago. They are expected here in the next few days, he added.—Caller-Times.

Pirates Beat Taft, 49 to 8

By Dan T. Oliver

The Rockport-Fulton High School Pirates crushed the Taft Greyhounds last Friday night, 49 to 8.

Early in the first quarter Pirate halfback Robert Brooks scampered 69 yards for a touchdown and Glenn Davis completed the extra point. Ninety seconds later, halfback Ruford Huff scored on a 33-yard run and Davis made the extra point.

Late in the first quarter the Pirates gained possession of the ball in their own territory and in seven plays moved down field, climaxed by a 63-yard dash for a touchdown by Brooks. Davis again kicked for the extra point. Brooks has gained 1,100 yards so far this season.

The Pirates first play in the second quarter was a 16-yard touchdown run by Brooks, with Davis adding the extra point. In the final minute of the quarter went over for an 18-yard touchdown dash, following five plays during which the Pirates moved toward the Taft goal line. The first half ended with the Pirates ahead 35 to 0.

Early in the second half a Taft pass was intercepted by Alan Leisenheimer who scooted 44 yards for a touchdown. Davis completed the extra point.

With five minutes left in the game Mike McLead crossed over for a 8-yard touchdown plunge and Davis again made good the extra point.

Taft's only touchdown came late in the fourth quarter, and the game ended with the Pirates winning, 49 to 8.

Robert Crawford's field report showed:

Yards rushing: Rockport 419, Taft 223.

First downs: Rockport 17, Taft 17.

Brooks carried seven times for 167 yards, averaging 23.9.

Huff carried six times for 114 yards, averaging 19.

Perez carried twice for 11 yards, averaging 5.5.

Davis carried five times for 55 yards, averaging 11.

Garcia carried six times for 31 yards, averaging 5.2.

Seventeen ladies participated in the "White Elephant" golf tournament at Live Oak Country Club on Tuesday.

Winners were Mrs. Dale Hagy, low net of the field, 71; Mrs. Don Vance, second low net, 73; and Mrs. George Wilhelm, third low net, 74.

Each participant selected a gift according to her low net until everyone had a trophy.

There will be another Scotch foursome tournament at the club for all members beginning at 1 p.m. Sunday.

Girl Scouts Troop 469

On Oct. 22 our leaders explained how to open the outdoors ceremony, then the Mares Patrol held the opening ceremony outside. Mrs. Armstrong checked each girl for badges earned. We set our tables for the hospitality badge. Then we had refreshments, took the flag down and had the closing ceremony.

On Oct. 18 our leaders, Mrs. Willie Rice, Mrs. Edward Armstrong, Mrs. Raymond Dominguez and Mrs. E. L. Billings took us to Aransas National Wildlife Refuge for a hike and cookout. Our first stop was the alligator pit. We thought about eating there, but went on. Along the way we found some bobcat tracks and deer tracks. The tracks looked like the deer had been fighting. We saw a javelina, several snakes and lots more animal tracks.

We were beginning to think we needed a guide but finally found a place where we could eat and fill our canteens. We went down to the water's edge for awhile and then had our cookout. Then we went home.

When we came back to the hut, troop 448 joined us to observe the constellation in the night sky. Mrs. Armstrong helped us find several constellations so we could finish our observer badge.

Question and Answer Column

This column of questions and answers on Federal tax matters is provided by the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q—I've got an opportunity to get a better job, but it will mean moving to another city. If my moving expenses aren't paid by my company, can I deduct them?

A—If you move to take a job with a new employer or are transferred by your present employer, moving expenses are deductible when certain conditions are met. These conditions are the 20-mile distance and 39-week employment requirements.

The first requires that your new place of employment be at least 20 miles further away from your old home, you new job would have to be at least 28 miles from that residence to qualify.

The second requires that you work full time in the new area at least 39 weeks during the 12-month period following your move.

Q—If I itemize, can I deduct the cost of hunting and fishing licenses?

A—No, these are not deductible for Federal income tax purposes.

Q—What's the deadline for paying my maid's Social Security?

A—Taxes for the third quarter covering July, August, and September are due Oct. 31 and should be paid by filing a Form 942, Employer's Quarterly Tax Return for Household Employees.

Q—I've been taking a tax deduction for the cost of tending on my farm while my neighbor has been capitalizing his costs for doing the same thing. Who's right?

A—Soil and water conservation costs such as may either be deducted within limits or capitalized depending on how you decide to handle them the first year. Once this decision is made, continue to handle these expenses that way or obtain the written permission of IRS to change.

Q—When a person dies, what happens if there had been income tax withheld on his salary during the year?

A—An income tax return must be filed for the deceased taxpayer if his gross income for the year was \$600 or more, (\$1,200 if the taxpayer was 65 or over.)

The withheld taxes you asked about will be applied against whatever tax liability may exist for the decedent. Any excess will be refunded.

For more information, ask any IRS office for a free copy of Publication 559, "Federal Tax Guide for Survivors, Executors and Administrators."

S. W. Bell Consultant Provides Teaching Aids for Students

CLASSROOM TELEPHONE—Mrs. Lucille McCullough, Southwestern Bell's school consultant, demonstrates the teletrainer, a device used to teach correct telephone usage in the classroom, to two high school students. She also provides teaching aids to elementary and secondary schools here.

She's not a teacher, she's not a student, but she's back in the classroom.

Equipped with several thousand dollars worth of equipment, films, charts, booklets, posters, and teaching guides, Mrs. Lucille McCullough, school consultant for Southwestern Bell, provides teaching aids for Rockport elementary and secondary schools, and shows teachers how to use them.

"The telephone has a real place in the classroom," Mrs. McCullough explained, "and we have programs for all ages."

For the younger students, programs deal with the basic use of the telephone. "Tele-zonio" teaches elementary schoolers how to dial calls, how to find numbers in the directory, telephone courtesy, and how to use the telephone in an emergency. The history of communications and scientific aspects of the telephone are explored also.

Another program, "Tele-

training" is aimed at junior and senior high school classes. The program's objective is to help students communicate better and to show them practical applications of the telephone on the job.

In junior high school, the program is used primarily to help students improve diction, speech and use of the English language. In high school it is used in business classes such as distributive education, vocational office education, and other business subjects. Students get experience in using the telephone in realistic job situations.

Besides visual aids and literature available to the teachers, Mrs. McCullough also offers the use of a Teletrainer, a device which simulates real telephone situations in the controlled conditions of the classroom.

High school physics, chemistry, biology, and math classes also are offered practical teaching aids developed by Bell Telephone Laboratories.

Under Mrs. McCullough's supervision, the Aids to High School Science Program's latest offering is "Understanding Computers."

Another program which Mrs. McCullough coordinates for the elementary grades is Plant Workman Visit. For this presentation, the classes move outside into the schoolyard to explore installation and repair

Mrs. Schirmacher Is Honored

Mrs. Nell Schirmacher of San Antonio was honored at a surprise birthday party at her Rockport home on October 11. Guests attending were Mr. and Mrs. Dick Henry, Sr., Mr. and Mrs. Jack Henefy, Jr., and Mike, Mr. and Mrs. G. Ricks, all of San Antonio, Mrs. Rosemary Smith of El Paso and E. J. Morrison.

Mrs. Smith has opened her Rockport home for a fall visit. She has just completed a term as national president of the Supreme Cootiette Club of the United States, a veterans organization devoted solely to doing veteran hospital work in VA and Service hospitals.

She and Mrs. Nell Schirmacher, also a past national president, recently returned from the national convention in Denver. Mrs. Annie Lee Rowland of Houston and Rockport also attended, along with 25 other Texas members and some 1,000 members of other states.

Mrs. Smith and Mrs. Schirmacher are both past department presidents of the Ladies Auxiliary of the VFW and Mrs. Smith served two years as national council member for Texas, Oklahoma and Missouri, and Mrs. Schirmacher one year as national guard.

Cub Scouts

On Oct. 28 Den 2 of Pack 49 opened the meeting with "The Star Spangled Banner." Our project was a Halloween tree. Refreshments were served by Mark Gilliam to seven Cub Scouts. The meeting was

closed with "The Living Circle" and the reciting of "The Law of the Pack." By Morgan Brundrett

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: H. P. McKNIGHT AND P. H. DEAN, if living, or if they are deceased, their unknown heirs, hereinafter called Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Aransas County at the Courthouse, thereof, in Rockport, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 24th day of November, A.D. 1969, to Plaintiff's Petition filed in said court, on the 2nd day of October A.D. 1969, in this cause, numbered 4351 on the docket of said court and styled ROBERT BONNER, plaintiff vs. H. P. McKNIGHT AND P. H. DEAN, if living or if

they are deceased, their unknown heirs, Defendants.

A brief resume of the suit is as follows:

"Suit in Trespass to Try Title to quiet title to certain premises situated in Aransas County, Texas, described as follows:

BEGINNING at the Southeast corner of fifteen acre tract which was sold to Fred Gerth; THENCE South 215.47 vrs. to stake; THENCE West 393 varas to stone for corner; THENCE North 215.47 varas to stake at Fred Gerth South-west corner; THENCE East 393 vrs. to place of beginning, containing fifteen acres, a part of Charles S. Zenn Survey, being the same as deeded by B. F. Hudson and wife, Ada Hudson, to H. P. McKnight and P. H. Dean by deed of record in Vol. O, pages 304-6 of the Deed Records of Aransas County, Texas.

United Fund To Help Council On Alcoholism

Editor's Note: This is the first of a series of articles on the agencies that will benefit from the United Fund Campaign.

One of the agencies to be supported by the Aransas County United Fund is Coastal Bend Council on Alcoholism. A representative of the Council prepared the following service report covering a 12-month period:

"It is difficult to inject life and interest into statistics, but we will try to present as broad a view of what our office is doing, by first describing the nature of the services offered; then giving some numbers which will show the volume of these services; and finally, some individual instances of service which we hope will arouse the warmth and sympathetic interest which the magnitude and tragedy of this problem should get from our community.

"I. One of our first, and still a major, function is direct service to alcoholic patients and their families. Almost every moment of an alcoholic's life seems to be an emergency or crises to himself and his family, and helping through these times is one of the services of our staff.

"II. Another important service to the community which we have steadily increased is a consultation service to other agencies, and to business and industry. We feel that this is more productive to the community than staff time spent with individuals, because it actually multiplies our staff by the number of all the per-

sonnel men in industry, and caseworkers in agencies, who are enabled to become helpers themselves to the alcoholic and his family.

III. Finally, and again increasing in importance, is the health education function of our agency. The vital importance of this task lies in the fact that this is the prevention service which is our only hope of containing the problem within limits. Because of the importance of this job, we have three types of effort—1) Youth groups in schools and churches; 2) General Adult groups in churches, unions, clubs and other groups; and finally 3) Volunteers whom we train to extend staff time by acting as speakers, distributors of educational materials, and promoters of our program in countless ways."

Business Dist.— (Continued from Page 1)

The civic center complex is proposed to the west of the resort center in the six block area between Liberty and Cornwall Streets, from Church to Magnolia. This would be developed as an interior open space surrounded by the major public buildings. The open space includes the existing right-of-way of Live Oak Street which would be terminated from Cornwall to Liberty Streets. In this open space, walkways, an open plaza and fountains or reflecting pools are proposed to create an attractive setting for the civic center complex. A new city hall is proposed immediately to the east of the Aransas County Courthouse. A new city-county library is proposed at the southern end of the plaza. The library would face Live Oak Street to the south and the open plaza to the north. A new fire station would be located on Church Street, west of the courthouse, with access directly on to the major street system.

Flanking parking facilities would be located on the outer edges of the civic center site. A total of 250 parking spaces would be provided adjacent to the public buildings. This would include approximately 60 to 65 spaces adjacent to both the city hall and the courthouse, and about 50 spaces adjacent to the library. At the north end of the civic center site, two existing churches would remain as a part of the complex. A third church site is proposed within this area with flanking parking facilities located to the north. Live Oak Street from the north would terminate at Liberty Street with a pedestrian easement into the central plaza of the civic center. Mimosa Street would be vacated in the central portion of the plaza with streets ending in cul-de-sacs in front of the church sites. Existing tennis courts on Magnolia Street would be expanded to the north affording recreational opportunities as a part of the civic center complex.

The objective of the civic center plan is to establish a compact arrangement of public buildings and facilities which would afford the public an opportunity to gain access to the services of government in a single location. Interrelationships between the courthouse, city hall and public library would provide additional functional advantages to the staff of the city and county. In addition to these functional and service advantages, an attractive grouping of public buildings would be established as a productive part of the central portion of the city. Growth anticipated in the county will necessitate that all public buildings be expanded during the planning period. Existing sites are too small and the concept of a civic center holds a significant number of advantages which would make such a complex a considerable asset to the community.

Parking Facilities
Major new parking improvements are proposed that will permit all of the various functioning areas to operate more efficiently. In the commercial

center, approximately 800 parking spaces would be provided in on and off-street parking areas. Off-street parking areas are in flanking positions adjacent to all existing and proposed commercial structures. A total of 675 parking spaces in off-street lots are indicated on the plan. In addition to this, 130 on-street parking spaces would be provided. In the resort area surrounding the marina, there would be an additional 400 parking spaces. There would be an overall average of one parking space for approximately 300 square feet of retail floor space.

The central location of the business district in relationship to major street and highways will enable commercial activities in downtown Rockport to efficiently serve anticipated growth areas during the planning period. Urbanizing areas surrounding Rockport will also need to have neighborhood-type commercial centers. By establishing a concentrated center of retail activities in the heart of the community, residents of the city and its surrounding area will benefit from the convenience and selection of merchandise which would be available.

Appearance
Recent planting improvements on Austin Street, with the placement of palm trees in the street right-of-way, are a step in the right direction. This initial improvement should be followed by other needed improvements, including: storm drainage, general repairs, removal of dilapidated structures and addition parking. If Rockport is to remain competitive with neighboring cities remaining improvements are a necessity.

Headless Shrimp— (Continued from Page 1)

600 pounds per day from east of Matagorda Bay to south of Cameron, La. Drought conditions existed along the entire coast and juvenile white shrimp moved from estuaries into the Gulf, leaving only fair to poor fishing in most major bays.

Larger bay units caught up to 4,000 pounds in September in Galveston, San Antonio, and parts of Matagorda Bays, to less than 1,200 pounds in Aransas, Corpus Christi, and upper Matagorda. All major bays had a good population of small white shrimp below legal marketable size at the end of September.

Blue crab landings amounted to about 547,000 pounds in September — some 100,000 pounds below last month's landings but above the volume in September 1968. Catches from the Laguna-Madre-Corpus Christi Bay area were good, reflecting an improvement of habitat from flash flooding in confined areas in the Nueces River watershed. Shrimp trawlers accounted for about 18 per cent of the catch. Fishermen received 8-9 cents per pound for live crabs.

Only four large vessels entered the Texas shrimp fishery in September and two were lost at sea.

Louisville's city hall has been used since 1873.

F.T.A. News

The Rockport chapter of Future Teachers of America has been active this year and is planning a busy schedule for the coming months. There will be two meetings each month, the first to take care of business and the second for programs.

During the summer Mary Harist and Debra Cruser participated in the Head Start program. They worked with pre-elementary age children and found the work to be rewarding.

During one meeting of the local chapter Chester Barre, principal of Rockport-Fulton High School, gave a talk on the satisfactions of choosing

teaching as a career.

The club is planning to attend the district convention on Nov. 21. The voting delegates will be Susan Picton and Bobby Jackson.

Officers for this year are Donita Setterbo, president; Nancy Smith, vice president; Molly Gregory, secretary; Lynn Lang, treasurer; Bobby Jackson, parliamentarian; Eileen Casterline, historian; and Lenora Irwin, reporter.

Taylor Oak News

A birthday party was held in Taylor Oak Trailer Park Thursday, Oct. 23, honoring the women having birthdays during the month.

The honorees were Mrs. Hazel Bennett, Mrs. John Bennett, Mrs. Jean Chaney, Mrs. Chris Kofod, Mrs. J. C. Stansell, all of Rockport, and Mrs. John Belt of Lockney.

Twenty-five women attended. Hostesses were Mrs. Jean Chaney, Mrs. Harry Overturf, Mrs. J. C. Stansell, and Mrs. Minnie Randle who presided at the refreshment table.

The hall and table were decorated with pumpkins and fall

flowers. Games were played and Mrs. Clifford Williams was high in bridge. Mrs. Chris Kofod won at canasta. Mrs. W. P. Bryan came out first in dominoes and Mrs. R. R. Bigalk, who arrived a few days ago from Minnesota, was the lucky bingo winner.
