The Eldorado Success

October 18, 1990

Wilson Wins Club Championship

Raymond Wilson

Raymond Wilson of Eldorado won the 1990 Eldorado Golf Club Championship.

The annual tournament was held Saturday, October 13 at the Eldorado Golf Course.

Wilson's score of 67 swept the field with the next lowest score being 70 which was shot by John Pitts of Eldorado.

The results are as follows: CHAMPIONSHIP FLIGHT - Raymond Wilson-1st, Gary Warnock-2nd and Moses Hill-3rd. 1ST FLIGHT - John Pitts-1st, Leroy Reeves-2nd and Mike Nance-3rd. 2ND FLIGHT - David Robledo-1st, Delbert Taylor-2nd and Jim Nance-3rd.

Health Fair Set

by Steve Goode, Administrator
Schleicher County Medical Center

The health fair is conducted annually by the Schleicher County Medical Center.

The health fair provides an opportunity for some inexpensive health screens and services. A small charge will be made this year for glucose and

cholesterol screens. The health fair also provides an opportunity for people to become aware of services provided by agencies from outside of Schleicher County.

A number of healthcare agencies will be involved again this year, as well as our own hospital.

See you there!

Open House

by Donna Garvin

The Open House for the Christmas and More Store will be held on Friday, November 2nd from 10 a.m. until 7 p.m. in the Sudduth house on the corner of Louis and S. Main (same as last year). The store will be open through November 11th, 10 a.m. to 7 p.m. weekdays and 1 to 5 p.m. Sundays.

All merchandise in the store is totally or partially hand-crafted by local residents and are original and one-of-a-kind items.

Refreshments will be served and door prizes given away daily.

Gift wrapping will be available, which will not be limited to items bought in the store.

Everyone is invited to come enjoy the goodies, visit and get a head-start on Christmas shopping.

For further information, please call Patsy Kellogg at 853-2079 or Mary Etta Stricklan at 853-2985.

Local VFD Attends Fall Meeting

by Kathy Smith

Saturday, October 6, members of the Eldorado Fire Department met in Brownwood, Texas for the Fall meeting of the Hill Country Fireman's Association.

The October meeting is where the 1991 officers are elected. Richard Harris will preside over the association as President. 2nd Vice-President is Roger Powell. Kathy Smith will lead the Ladies Auxiliary as their President.

The afternoon was filled with exciting races. Norman Smith and Jerry Felver won first place in water polo. The six lady pumper team brought home a first place trophy with a time of 18:33. The ladies team consists of

Kathy Smith, Glenda Harris, Sissy Cheatham, Lenette Doran, Beverly Powell and Karan Holley. The men's pumper team, made up of James Holley, Norman Smith, Jerry Felver, Jerry Jones, Joey Jones and Chuck Jones, came in first with a time of 21:21. The three man team ran a time of 12:18 and earned third place. James Holley, Joey Jones and Norman Smith make up this team. James Holley ran the one man race with a time of 9:42 and brought home a 2nd place trophy.

The spring convention will be held in April here in Eldorado.

All those attending had a very enjoyable time!

Pictured above are: Front Row (L-R) Chuck Jones, Joey Jones and Jerry Jones. Back Row (L-R) James Mack Holley, Norman Smith and Jerry Felver.

Pictured above are: Front Row (L-R) Glenda Harris, Lenette Doran and Bessie Jones. Back Row (L-R) Beverly Powell, Kathy Cheatham, Karan Holley and Kathy Smith. (Not pictured - Pam Daniels.)

PTA Update

The Eldorado PTA held its regular meeting on Thursday, October 11, 1990 at 6:30 p.m. in the multi-purpose room. A program was presented by Mrs. Joella Parker and her 4th grade class. The class performed a singing demonstration and did an excellent job. A program was then given by Mr. & Mrs. Jimmy Prater, who are counselors in drug and alcohol abuse. The Prater's are counselors at Rivercrest Hospital in San Angelo. They gave program on today's drug & alcohol abuse problems especially in children and young adults. Anyone who was not able to attend missed an excellent program. PTA is in hopes of having them return on another day when more can attend.

Darlene Edmiston reported on the great success of the Brook Hollow cookie/candy sale. We would like to say a

special thanks to all who participated, to the teachers for all their help and especially to all who purchased goodies in support of this effort. There will be an Ellison Machine purchased for the Elementary school through the proceeds of this sale. The PTA will also purchase a set of dies to go with the machine. This will save the teachers a lot of time in cutting out shapes, letter, etc.

The elementary teachers provided the refreshments for the meeting and we would like to thank each of them for the goodies.

A reminder - please turn in your gold Super S tickets. There are boxes in town or send them with an elementary student. These will help towards the purchase of computers and software for the school.

Thank You,

Connie Andrews, Secretary

Near Fatality Strikes Eldorado Family

Disaster nearly struck the Bob Bradley family last Wednesday morning. A heater that had not been properly vented was the cause of a near fatal incident at the Bradley home.

Bob, Liz and Charlie Bradley all suffered from carbon monoxide poisoning and were treated at the Schleicher County Medical Center.

According to Bob, he and Liz heard a noise about 6:00 in the morning. They found that Charlie had fallen and they assisted him back to bed. After

that Bob and Liz fell back to sleep. Said Bob, "I believe that the carbon monoxide had affected the way we were thinking."

At approximately 10:00 a.m. a visitor knocked on the door. The noise was enough to stir Liz. By this time, both Charlie and Bob were unconscious.

"I could hear someone at the door, but I just couldn't make my self get up. I'm just thankful we're all still here," said Bob.

Although Liz and Charlie

both suffered from headaches after the incident, the poisoning seems to have caused no permanent damage.

PUBLISHER'S NOTE:
The Bradley's want to express their heartfelt thanks to everyone who assisted in this emergency.

Barrio Clean-Up Continues

The Barrio Clean-Up Crew hosted another Clean-Up Day in the Barrio on Saturday, October 13. A few dedicated citizens turned out to help.

The Barrio Clean-Up Crew is still determined to clean up the Barrio, but due to the

fact that the City employees cannot volunteer any more time, there will be no more organized clean-up days, but we will still sponsor some small projects.

Thank you to everyone who has helped us to instill pride in our town.

The Eldorado Divide Soil and Water Conservation District held elections at the Zone 1 and 2 Directors election on Monday, Oct. 15. Pictured above are: (L-R) Roy Gene Lloyd, elected Director for Zone 2 and Billy Hausenfluck, re-elected Director for Zone 1.

The Editor's Journal

Life Among The Fishes

by Thomas Giovannitti

Well, now it is time to take off the gloves and tell it as it really is. I am getting a little tired hearing from the media, private citizens, and small children about how we have to pay too much in taxes.

For one thing, we in this Country and State do not pay anywhere near the average of the percent of income paid in taxes in other industrialized Nations.

I know we are all upset because we feel much of our tax dollars are wasted. Some of our tax dollars are wasted, since much of what government provides is not profit making activity. Court systems, armed forces, yes even welfare programs

are not designed to make a profit, they are designed to provide services that we could not provide ourselves individually.

I know many of you don't complain about military spending, (Although this is where much wasteful spending takes place-witness the renewing of the Stealth Bomber!), and you accept the need for the court system, but what about all those freeloaders who get money from us poor taxpayers and sit around eating chocolates and watching Opra Winfrey all day? Why should I have to support people who sure look healthy enough to work for themselves?

Other than the fact that

that sort of selfish, head in the sand type of thinking enhanced with a little self righteous bigotry, distorts the true picture of poverty, there is a need to change our thinking about helping others.

Government might never have had to get into the welfare business if we had taken care of our own in the first place. But we didn't. At the turn of the century and into the Twenties America ignored its poor. I take that back we did not just ignore our poor we took advantage of them. The ones able to work we worked them for such low wages that not only dad, but mom, kids and the dog, if they hadn't eaten it, all got jobs. They all worked

for terrible wages, and if one of them got hurt he got fired. There were no pensions, medical insurance, workers compensation, or any other floor to which the poor could fall. They fell right through to the bottom and stayed there.

If we want good government service we will just have to pay for it. The prices that went up for you also went up for government. If we don't want to help poor and less fortunate people, then shame on us. Our rabid over consumption as a nation should be our real shame. Quit belly aching about how much taxes you pay and find out more about what really happens to your tax dollars!

Laugh and Live

by Gary Smith

"We are the people that Mommy and Daddy warned us about." Smith

Thanksgiving and Christmas are just around the corner. For some people, this is good news. For me, however, it is very scary. The thing that I fear most has a terrible way of rearing it's ugly head during this time of year. I don't know where this thing comes from or where it goes. You know what I am talking about--- FRUITCAKE.

Notice, I didn't say fruitcakes. I said FRUITCAKE. See, I think that there is really only ONE FRUITCAKE and it gets passed around from person to person to person and I'm afraid that this might be my Thanksgiving or Christmas to get the stinking thing again. I say stinking because it stinks. (If you had been around as long as it has, you would stink too.)

There is something else about the FRUITCAKE that bothers me. It's too heavy. I don't know what it is that is in that thing that makes it weigh that much. It might be the little green things. What in the world are those little green things anyway? I don't know, and I don't think anyone will ever be able to tell me. I mean how will anyone ever know? If it's your time to get the FRUITCAKE you're just going to get that sick look on your face, say, 'Thank you very much', put the stinking back into the box and send it on to someone else that you don't like very much.

"Till The Next Time...

MAY GOD BLESS!

It's A Girl

Lisa and Lowry Craven wish to announce the birth of their daughter Natalie, born on October 13. She weighed 6 pounds and 4 ounces and was 19 1/2 inches long.

Our Sympathy

WINNIE JEAN STEWART

Winnie Jean Stewart died on August 22, 1990 in Albuquerque, New Mexico. She was married to Bud Train, who preceded her in death in June of this year.

Winnie is survived by one daughter, Neva Ann Train of Albuquerque, two sisters Neva Jo Hauer of Beulah, Colorado; and Billie Bea Stewart of Houston, Texas.

The three sisters attended Eldorado schools in the 30's and 40's.

Burial was in Albuquerque.

MRS. ELVIN BAWCOM

Ethel Stigler Bawcom, 82, passed away in a Ft. Smith, Arkansas Hospital at 7:00 p.m. on October 9, 1990 after a long illness. Burial was 10:00 a.m. Thursday, October 11 in Muldrow, Oklahoma.

Ethel, formerly of Christoval, was known in this area as an artist who painted oil for many years and enjoyed ceramics.

Ethel and her husband, Elvin, lived on a ranch in Schleicher County for a number of years. They became interested in antiques and began buying and selling them, and, as a result, moved to Oklahoma.

Survivors include her husband, Elvin, one daughter, Sammye Bolinger and her husband, Jamie, 4 grandchildren and three great grandchildren. Ethel was the sister of John Stigler of Eldorado.

BYRON DALE DOWDY

Byron Dale Dowdy, age 18, of Santa Anna passed away Tuesday at 1:55 p.m. 1/2 mile Northeast of Santa Anna in a pickup/train accident. Services were held on Thursday, October 11 at 4:00 p.m. at the Mountaineer Stadium with Pastor Harvey Kornegay of the Seventh Day Adventist Church officiating. Internment will be at the Santa

Anna Cemetery under the direction of Henderson Funeral Home of Santa Anna.

Born on July 8, 1972, in Big Springs, Byron was a resident of Santa Anna for the past 9 years. He was a Senior student at Santa Anna High School, a member of the Varsity Football Team and a member of the Seventh Day Adventist Church.

Survivors include his father and mother, Pat and Susan Dowdy of Coleman; a brother, Randall Scott Dowdy of Coleman and grandparents, Mr. & Mrs. Bill Hawker of Poyner, Texas and Mr. & Mrs. Marvin Ferguson of Eldorado.

The Santa Anna Football Team will be pallbearers.

Hospital Update

by Steve Goode, Administrator
Schleicher County Medical Center

As I write this, our federal government has not decided upon a budget for the federal government's new fiscal year. The House of Representative's proposal also calls for some cuts to the Medicare program, although not as much. However it shakes out, spending on Medicare is going to be cut. This means that the patients will have bigger deductibles and/or hospitals will not be paid what it costs to take care of Medicare patients. This is going to make it even harder for hospitals to stay financially solvent, especially hospitals with a high percentage of their business coming from Medicare, and this includes rural hospitals.

Misery loves company. Even if federal cuts in Medicare spending affect the availability of healthcare in our county, we will still be better off than most other people in the world. I am not talking about underdeveloped third world countries. I am talking about countries such as Poland and Romania. We have seen and heard the horror stories

of imperfect children in Romania being sent to facilities where they are treated as dumb animals. Most of these children have problems which in this country would be considered correctable and they would grow up to lead normal lives.

In Poland, there is not the kind of inhumane abuse that we see in Romania. Rather, there is a lack of the advanced care that we are used to. In Poland, their pre-capita spending on healthcare in 1987 was \$7. Compare that to per-capita spending in the USA in 1988 of \$2,124. The difference is Poland does not have the healthcare available that we have, nor do they have the money to spend on healthcare. For example, the Zeromski Hospital near Krakow

performs about 4,000 deliveries each year. The hospital's 120 bed obstetrics ward has only one fetal heart monitor. By contrast, a well equipped American maternity ward would have a fetal monitor in each room. Also for example, the city of Krakow, with a population of one million people, has only one magnetic resonance imaging scanner (MRI). (The MRI uses magnetic waves instead of radioactive waves to look inside the body.) In this country, even a city the size of San Angelo can afford an MRI, and in fact would not consider being without one. With per-capita spending of \$2,124 annually we can afford the luxury of such state-of-the-art medical equipment. With per-capita spending of \$7 annually, Poland

must rely on gifts from other countries for its advanced medical equipment.*

My point is this: No matter what happens to Medicare, and no matter what the results are on our own pocketbooks or on our own healthcare availability, we will still be much better off than most other people in the world. If you don't want to see Medicare spending cut, write your congressman, Senators and the President. (I already have.) Then let's count our blessings. American healthcare will still be among the best in the world, regardless of what happens to the federal budget this year.

* The information about hospitals in Poland was taken from an article in Modern Healthcare, October 1, 1990.

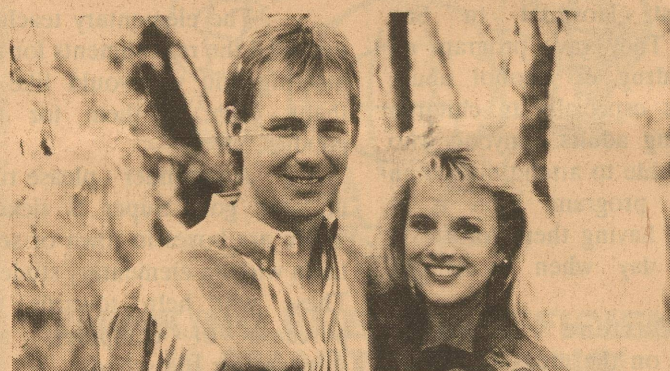

O'Harrow To Wed Reid

Mary Lisa O'Harrow will become the bride of C.K. Reid of Hillsboro in a November 24 wedding at First United Methodist Church of Eldorado.

The bride-elect is the daughter of Mr. and Mrs. Jimmy O'Harrow of Eldorado. The prospective bridegroom is the son of Claude W. Reid of Hillsboro and the late Shirley Reid.

Miss O'Harrow is a 1983 graduate of Eldorado High School and received a bachelor's degree in agricultural business from Tarleton State University in 1988.

Her fiancé is a 1979 graduate of Hillsboro High School, a 1981 graduate of Hill Junior College and received a bachelor's degree in agricultural business from Southwest Texas State University in 1985.

Mary Lisa O'Harrow & C.K. Reid

An Apple A Day

by Lee R. (Smokey) Taylor, R.Ph.

Be Careful With Niacin: While niacin is effective in lowering cholesterol, it must be used in high doses to achieve this effect, and experts warn that it should not be used without a doctor's supervision.

High doses of niacin can increase blood sugar (a problem in diabetics), uric acid (a

problem with gout), itching of the skin, and skin rashes. It also can activate peptic ulcers. Finally, its most common side effect, strong flushing of the skin, can be very uncomfortable, although that generally can be controlled by increasing the doses slowly over a period of time.

Unnofficial City Council Minutes

A Regular Meeting of the Eldorado City Council was held on Tuesday, October 9, 1990, at 7:30 p.m. at the City Hall with all Councilmen in attendance with the exception of Richard Preston. Meeting was called to order by Mayor Pro Tem John Nikolausk.

CITIZENS PRESENT:

Citizens present included Josie Knight who requested the Council's consideration to 4 additional street lights in Christian Addition. Specific locations were discussed as well as expense involved. After discussion, motion was made by John Callison and seconded by Dora Bosmans that lights be placed at the intersections of Rudd Rd. & Paseo de Vaca, Rudd Rd. & Robertson Ave., Paseo de Vaca & San Antonio, San Antonio & Robertson. Voting for the additional lights were John Callison, Dora Bosmans and Barbara Jackson. Not voting was Debbie Ballew. Motion carried.

Ms. Knight further requested the City's assistance by providing volunteer City employees and equipment for additional cleanup in Christian Addition. The use of employees and equipment was discussed, with the employees to be contacted by Ms. Knight. City equipment will be made available for use by the City employees on publicly owned property only.

Ms. Knight invited all Councilmembers to Grand Opening of the Senior Citizen Center on November 2.

Domingo Pina met with the Council to request the City's assistance to ask the State to correct drainage problem under Hwy 915 near his residence. After discussion, Mr. Pina was told that the City would approach the State to remedy the problem.

Jo Ann Sproul, representing the Chamber Pride Committee, presented two petitions from citizens requesting action by the Council to pass necessary Ordinances which would require citizens to clean up personal property (lots) and

remove debris (including junked vehicles) from personal property. After discussion, Mrs. Sproul excused herself and the Council tabled further discussion until further in the meeting.

PHILIP BRYANT:

Philip Bryant of San Angelo, representing Fidelity Security Life Insurance Company, reviewed a Supplemental Employee Benefit Medical Policy which was being offered for the Council's consideration in lieu of Workmen's Compensation Insurance through the TML which has increased 53% for 1991. Savings, liability, pros, and cons were discussed as well as other options available under the policy. Mr. Bryant was asked to receive firm quote from the company and to meet back with the Council on October 23.

SEPTEMBER MINUTES, TAX REPORT, FINANCIAL REPORTS & BILLINGS:

Minutes of September 4 and September 18 meetings were reviewed and motion was made by Barbara Jackson and seconded by Dora Bosmans that the Minutes be approved as presented. Motion carried.

The September Tax Report was circulated for initialling and the September Financial Reports were distributed.

September billings were reviewed and motion was made by Barbara Jackson and seconded by Dora Bosmans that they be paid as presented. Motion carried.

UPDATE: FRANK PERKINS:

The Secretary reported that she had visited with Thomas Giovannitti whose legal opinion was that the claim was past the statute of limitations (4 years) and even if the City was to pay Mr. Perkins, the amount would only be for those persons who had paid tap fees since installation of the line. The Secretary reported that since

installation in 1975 one customer connected in 1981 and two in 1987. After discussion, the Council requested that the matter be closed again and that Mr. Perkins' claim be denied in motion by John Callison and seconded by Debbie Ballew. Motion carried.

UPDATE: TRUCK BYPASS:

John Callison reported that he had visited with Tony Cain of Concho Concrete and his reaction had been favorable to selling the property in Blocks 88 & 89. The selling price was not determined. More information may be available by the next meeting.

UPDATE: GRANTS:

The Secretary reported that the 1987 Amendment Project was at a standstill due to waiting for 3-phase to be installed for the lift station. There had been a lack of communication between parties and there was a possibility that either a Change Order must be issued or additional funds would need to be added to the project by the City in order to make the deadline of October 31. The WTU Engineering Department is to make a cost estimate. At present the project is 90% complete with all lines installed, 3 new hookups to the sewer and awaiting electrical connections and testing before covering and cleanup.

The 1989 Project preliminary work is progressing with the survey crews checking sites. Several members of the Church Parish have been contacted concerning the possibility of the City purchasing the property for the water tower from the Catholic Diocese due to the close proximity of the 6" water line and availability of property. A 100'x100' parcel is needed.

A letter from TDOC has been received awarding the 1990 Urgent Need Grant to the City

for \$251,200 to repair the wastewater plant. A contract will be forthcoming from the State.

UPDATE: TIRE DISPOSAL:

The Secretary and Superintendent briefed the Council on information received from Big State Tire Disposal of Rankin. Pickup and disposal charges were reviewed. Brochures have been distributed to the various businesses which might be interested in the service. No further action was taken by the Council.

PETITIONS:

The petitions presented earlier in the meeting were reviewed and the Council issued the statement that "lot cleanup was a matter of individual and civic pride, and the citizens of Eldorado are encouraged to adhere to the principles". Discussion was held concerning enforcement and the Municipal Court. No further action was taken.

NIGHTWATCH:

Discussion was held concerning hours of nightwatch personnel and their duties within the City of Eldorado. Radio repairs were brought up by Jack Dean who reported that the mounted radio needed crystals at an expense of approximately \$230. He stated that he would check the Sheriff's Office to determine what happened to the previous crystals and would check into getting the handheld radio repaired. He will have a report by the next meeting of the Council. Nightwatch personnel will be asked to meet with the Council on October 23.

SUPERINTENDENT'S REPORT:

Jack Dean reported that rain stoppers were being installed in the manholes in the hospital area, Keele-Keeney-South Heights additions, and on East Street to alleviate some infiltration. He also reported that

his crews had been looking for un-capped mobile home sewer connections and that caps were being installed where possible. He will report further on his findings at a future meeting for the Council's consideration of legal remedies and recoupment of expenses.

Mr. Dean stated that due to need to cover more frequently at the Landfill the Cat would not be available for packing the base in streetwork in the City. The Secretary was instructed to check with Surplus Property for availability of a roller of Mr. Dean's description.

Concerning the mosquito situation, Mr. Dean requested the Council's consideration of sharing the expense with the County for treating 50 acres of lake area within the City. It was the unanimous decision of the Council that the City split 50/50 the expense in the amount of approximately \$350-400 each with the County if the Commissioners' Court was agreeable.

DRUG TESTING:

Letter from Enrivo-Tech Laboratories cancelling the City's drug testing contract was reviewed. The Secretary reported that she had been in contact with Damon Clinical out of Irving and that more information was forthcoming prior to the next

meeting of the Council.

ELECTION SCHOOL:

The Secretary reported that she had approached the school and hospital to share in expenses for Alma Corbell to attend the Election School being offered in Austin in November. The Superintendent had been agreeable. The Hospital Administrator was to put the item on the next Hospital board meeting agenda for their consideration. The option of the City Secretary attending the meeting was discussed with option left to the City Secretary as needed.

DAMAGES TO CITY PROPERTY:

The Secretary reported that all damages had been paid for 3 incidents with 1 incident still outstanding. This incident involved the fire plug on North Street in the amount of \$308.52, and the driver was without liability insurance. Also, the time element had created a problem with collection.

With no further business, meeting adjourned at 12:00.

Paxton Crowned Region II Queen

Traci Paxton

The Eldorado Rodeo Team competed in their home town over the weekend.

The Cutting started on Saturday, October 13 at 3 p.m. with Mondee Nelson winning 2nd and Crissi McCormick splitting 4th and 5th. The Crowning of the Region II Queen was held at 6:00 p.m., with Traci Paxton coming away wearing the crown.

Justin Paxton won 1st in Bull Riding, Mondee Nelson won 3rd in Poles, Traci Paxton won 7th in Goat Tying, Cy Griffin won 7th in Tie Down and he and Jamie Belk won 1st in Team Roping. Crissi McCormick won 9th in Barrels, 4th in Poles and split 3rd and 4th in Goat Tying.

Coming back on Sunday, Stoney Harimon won 2nd in Bull Riding, Cy Griffin won 7th in Tie Down, Traci Paxton won 9th in Barrels and 10th in Goat Tying, Crissi McCormick won 4th in Barrels, 3rd in Break Away, 9th in Goat Tying, 7th in Poles and 5th in Cutting. Mondee Nelson won 2nd in Poles and 3rd in Cutting.

The Rodeo Association would like to say a very "Special" Thank You to everyone for coming out and helping us. We would not have had the successful show that we did without your help. We would also like to thank Jeff Leggett for spraying!

High School Honor Roll

The high school honor roll has been released for the first six weeks. They are as follows:

PRINCIPAL'S A-TEAM

FRESHMEN - Lindsay Johnson, Caty McGregor and Justina Saunders. SOPHOMORES - Cory Barton, Shannon Chrisman, Shelly Chrisman, Lindy Hardy, Hope Martinez and Matt Williams. J.V. Football Highlights

by Coach Paul Michaelawiez

The Eldorado J.V. took a tough loss in Iraan last week. The Eagles played hard for three quarters before the larger Iraan Braves wore them down.

At the beginning of the fourth quarter, the score was 14-6 and the Eagles had the ball driving. The drive stalled and that's when the wheels seemed to come off. The Braves proceeded to score 28 unanswered points.

One bright point was the special teams unit. For the fourth time this year, the special teams have scored a touchdown. After the Braves first scored, Jason Whitten ran the Braves kick-off back 80 yards for a touchdown. He followed great blocks by Beto Escorrega and Casey Willis.

The Eagles fell to 3-3 and host the Coahoma Bulldogs this Thursday at 6:30.

Local Cancer Society Sets 1990-91 Goals

by Delia Pina

September is the beginning of the new year of activities of the American Cancer Society across the state.

Our goals for the year are as follows: First Quarter (September to November) To stress childhood cancer awareness, The Great American Smoke-Out, Breast Cancer Awareness. (We will be having the mammogram screening at our Health Fair on October 24. Make your appointment through the hospital at 853-2507.) During our second quarter (December-February), our emphasize will be on Media promotion and professional education. The third quarter (March-May) includes volunteer recruitment, nutritional

awareness and community crusades. This year we raised \$522.00 in our Jail & Bail booth at our Schleicher County Days. The main focus during the last quarter (June-August) will be the celebration of Cancer Survivors Day.

The Schleicher County Chairman for this year is Rita Reeves (853-3178). The Schleicher County Rehabilitation and Service Chairman is Delia Pina (853-2873 or 853-2533). The Schleicher County Memorial Funds and Treasurer is Peggy Grelle (853-3431). The Concho Valley District 4 Representative is Johnny Rose (32285 College Hills Blvd. - 944-2509 (Toll Free) San Angelo, Tx.)

Our patient services priorities for 1990-91 are: 1) To

continue to expand existing programs that provide Texas cancer patients access to treatment, quality of survival and comfort. 2) To emphasize significant development of Community Information Centers and Partners in Cancer Control as avenues to reach the underserved and minority populations of Texas. 3) To develop a proactive legislative strategy for issues concerning Texas cancer patients, specifically: employment discrimination, insurance issues, a high risk pool, advocacy for the socio-economically disadvantaged. 4) To emphasize awareness of cancer survivorship issues through Cancer Survivors Day and Childhood Cancer Awareness events.

A Tribute To Rosie

by Margaret Ellen

How many times can we each recall,

A helping hand to prevent a fall,
From the dearest lady of them all,
I'm talking about Rosie!

She has been there all these years,
To share our joys and dry our tears,

To teach us faith and calm our fears,
I'm talking about Rosie!

As a wife, mother, Dan, aunt or friend,

She has stood by us each through thick and thin,
Helping us all to achieve and win,
I'm talking about Rosie!

She is still as alert and keen of mind,

As anyone that you will find,
And this is an obvious sign,
I'm talking about Rosie!

Well this dear lady, as you all might know,

Is just about to reach a toll,
Of ninety years in this roll,
I'm talking about Rosie!

A tribute to one we all find so dear,

Is something we have all thought of for years,
So now is the time to join in the cheers.

I'm talking about for Rosie!

Rose Viola Cozby Edmiston --
Born October 7, 1990

by Evelyn Stigler

Saturday afternoon a large crowd of friends and family gathered in the Memorial Building to help celebrate the 90th birthday of Rose Edmiston, Mrs. Archie Edmiston.

One daughter and two

grandchildren were not here, but her other two children and 10 grandchildren were present. Out of 17 great-grandchildren, 14 were present along with 6 great, great-grandchildren.

The party was hosted by the children, their spouses, grandchildren and their spouses.

The Edmiston have lived in Schleicher County for about 65 years. She is now living in Kerville in the Camlu Retirement Home, which she says she enjoys. She had pictures of the place to show.

A money tree on the Registration table was presented to Rose, which was filled with all kinds of bills.

Everyone enjoyed visiting and seeing people they had not seen in a long time.

School Board Meets

The regular meeting of the Board of Trustees of Schleicher County Independent School District was held on October 8, 1990, at 6:00 p.m. in the Administration Building.

Ray Ballew reported that two properties had been sold at the tax sale. The possibility of the sale of other properties was discussed.

Dr. Blair noted that the TAAS test will be given next week. The writing test is given on October 16th; reading, October 17th; and math, October 18th.

Board members were given the TASB Board Self-Assessment Instrument to be completed before the meeting. Assessments are to be scored and the results summarized in preparation for a review of the information during a workshop set for October 15th at 6:00 p.m.

In other information, it was reported that the District's Education Improvement Council, mandated by Senate Bill 1, met for the first time on September 26th. The Council's purpose is to discuss SCISD's instructional program and make recommendations concerning it. Its next meeting is scheduled for October 17th at 3:45 p.m. The council is composed of teachers and administrators.

Middle School Principal Scott Barton reported that at his campus students have been grouped into study groups to prepare for the TAAS test. He

stated that improvements have been made, but more are needed. He informed the board about the middle school student council's participation in the E-Day cleanup. Future plans for the middle school include a career day for 8th graders and the annual Christmas dance and Spring Fling. After a discussion of the present record for the athletic teams, Barton discussed writing programs presently being utilized, the need for another computer lab, and the need for funds for the gifted program at 7th and 8th grades. Another need discussed was playground space. Barton reported that Eldorado Middle School has been chosen by the Governor's Committee on Educational Excellence and will be recognized on the floor of the Texas House of Representatives on October 27th.

Goals and Objectives for SCISD were provided for board members so that they could use them to complete their self-assessment and to provide focus to our program.

Dr. Blair informed the board that Great-West Insurance Company has given SCISD the final rates. After approving the financial report and budget amendments for the month of September, uniforms for Junior High track girls were discussed. It was noted that the Athletic Department's equipment budget rotation plan calls for girls basketball and girls track to receive new equipment, uniforms, etc. in 1991-92.

Dr. Blair and Phil McCormick were appointed to handle payment as needed for the completion of the asbestos abatement project, and Dr. Blair was appointed as Records Management Officer as required in HB 1285.

After some discussion, the decision concerning whether to offer honors English courses was postponed until it could be discussed in a workshop setting.

The meeting was adjourned at 8:07 p.m.

ACCREDITED BY THE AMERICAN COLLEGE OF RADIOLOGY BREAST CANCER DETECTION UNIT available to area women!

WEDNESDAY, OCTOBER 24TH
SCHLEICHER COUNTY MEDICAL CENTER
ELDORADO, TEXAS

Call 853-2507 for appointment

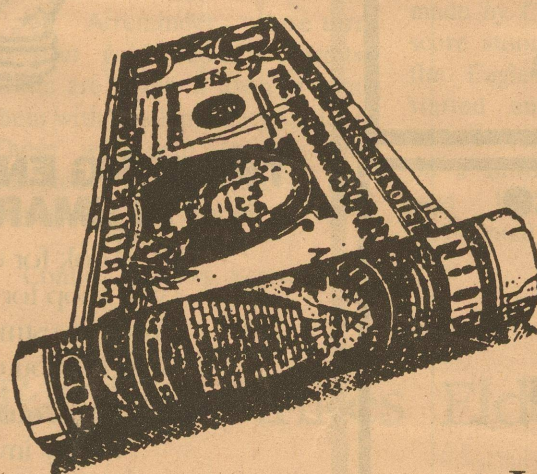

According to the American Cancer Society, one out of ten women will develop breast cancer sometime in her lifetime. It is currently estimated

that over 37,000 women die each year as a result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. The cost is only \$60.00 ± \$4.50 S&H.

A mammogram can detect a cancer this small, even before it can be felt.

Two ways to reduce the cost of your prescription drugs

1. If you are taking medicine over a long period of time, savings can be yours by buying in larger quantities. We can check with your doctor and work out the best quantity for you.
2. When a good quality generic drug is available, it will usually be less expensive than the brand-name product. We are adding to our generic drug inventory as they become available.
Inflation is hurting us all. We constantly strive to hold down the cost of prescription drugs without sacrificing quality. Feel free to visit with us any time about your medicine.

THINKING ENERGY EFFICIENCY IS SMART THINKING!

Look for energy efficiency when you shop for that new appliance. Your investment will mean big savings for you over the years.

- Enjoy quality lighting indoors and out by investing in efficient bulbs. New quiet, color-corrected fluorescent bulbs can be three times cheaper than standard bulbs.
- Wrap your electric water heater tank with an insulating jacket, and install new water-saving shower heads and faucet aerators.
- And ask us for more ideas on how to save on energy costs at home and at work. It's the smart thing to do.
