Answer line...

Q. Has the Colorado City school board election been scheduled?

A. Dr. Jim Ramsey, superintendent, said the election probably will be scheduled for Saturday, May 12.

As you know, the school district is in the process of going to single member voting districts following an agreement reached with LULAC which sued the school district over the manner in which board members were elected.

Ramsey said that most of the paper work has been completed on converting the voting method from at-large to single member districts and that the school board will probably call the election at its next meeting.

AWARDS PRESENTED - Connie Penland, center, newly elected president of the Colorado City Playhouse, presents service awards to Marie Jackson, left, and Elaine Kelly.

Service awards presented to two Playhouse members

Connie Penland, newly elected president of the Colorado City Playhouse, presented service awards to two members for their dedication and service to the organization.

The awards were presented to Marie Jackson, who has chaired the ticket preparation committee for all the plays for the past 18 years, and to Elaine Kelly, who has chaired the membership committee for the past 10 years.

"As vice president this past year, I learned that sometimes it's not very easy to get someone to chair a committee," said Penland. "But then again, you run across some who are more than willing to give of their time and talent."

"I would like to give a service award to a lady who deserves the honor; by being chairperson of this committee for about 18 years," said Penland. "She chairs the ticket preparation committee for all of our plays. So for her dedication and service to our playhouse, this service award goes to Marie Jackson." Penland said Kelly is "one who serves without hardly any recognition at all, but she is a very important person. She has to take time to do her job each year whether we have productions or not. She has to keep up with records, families, individuals, businesses and money."

Neither Jackson nor Kelly could be at the annual playhouse banquet held Jan. 19, so the awards were presented this past week.

Other officers elected at the Jan. 19 banquet were Donna Starr, vice president; Patsy Ritchey, secretary; Jay Craddock treasurer; and Linda Hearin, past president. New board members are Tandy

Curlee and Brian Basham. Current board members are George Womack, Midge Ledbetter, Marie Jackson and Marian Craddock.

Penland said that although there was not a production this past year, the Playhouse was not idle. Among the things accomplished were:

- ceiling fans were installed in the Green Room, Red Dog, auditorium and lobby;
- rewiring was done in the cottages and window heating/air-conditioning units were installed in the Red Dog and Green Room;
- a guard light was installed in the court yard;
- the vice president and secretary went before the city council and the playhouse received \$1,000 in hotel/motel tax receipts;
- locks were changed and tighter security placed on the playhouse after it was discovered some "persons" were using the playhouse as a motel;
- a plumber was hired to replace a leaking pipe in the men's restroom and to repair the ladies restroom;
- clean-up days were held during which the playhouse was cleaned, inside and out;
- the carpet in the Red Dog was replaced;
- the playhouse received a fresh coat of white paint after many hours of volunteer work;
- the back cottages were sprayed for termites, and;
- during the year, they had two attempts of auditions, but both failed because of lack of interest or unforeseen circumstances.

"So as you can see, we didn't make the news, but we were still busy," said Penland.

Molina files for Pct. 2 commissioner

Yolanda Molina of Colorado City has announced her candidacy for Mitchell County Commissioner of Precinct 2.

Molina, 39, said "Are you tired of politicians coming around every four years? So am I, that's why I'm running."

She and her husband of 20 years, Apolinar, have two sons. Mark is majoring in pre-med at Texas Tech University and Adam is a fourth grader at Hutchinson Elementary School.

She is a lifelong resident of Mitchell County and is presently employed by the Colorado Independent School District as a teacher substitute.

"I have experience in book-keeping and filing," she said. "I have a certificate for 24 hours of computer word processing, spread sheets and data base. I am presently enrolled in an accounting class."

"I am also bilingual which I feel is essential to communicate with everyone," she said.

Molina is a charter and active member of the Optimist Club. She is a member of Saint Ann's Catholic Church where she has

Yolanda Molina

taught CCD (Confraternity Christian Doctrine) for eight years.

"If elected, my first priority will be to represent the people of

Precinct 2," she said. "I will make time for everyone. They will not have to be put on an agenda. I understand everyone's problem is important."

"I have seen Mitchell County economically decline over the years," she said. "I hope to have part in bringing it back to prosperity."

"I have read material on county government, county commissioner's positions, also County Court," she said. "I have talked with two Nolan County commissioners. I wanted the experienced view about the job. If I had one doubt in my mind that I could not represent and serve the people in Mitchell County, especially my precinct, I never would have entered the race."

I'm keeping my fingers crossed that I don't catch the flu this year. I'm usually the healthy type, but from what I hear, I don't think the flu bug skips over healthy people and attacks just the sickly ones. Nonetheless, I still don't want the flu or any other type of sickness for that matter. I would just as soon stay away from doctors and hospitals. It's nothing personal, but I would just rather not have to see a doctor on a professional basis.

I guess I get my distaste for being sick from my parents. I was pretty healthy as a child, and if I did get sick, my mother always seemed to have a home remedy which she tried first before resorting to dragging me to a doctor's office.

Of course, her home remedies were nothing compared to the list in *Black Cats, Hoot Owls & Water Witches*, a volume of home remedies and folk wisdom from folks around the Lone Star state.

Some of my favorites are:

- "Eat a bite of garlic every morning before breakfast in order to insure against colds and flu or grippie." - O.V. Warren of De Leon.
- "A child born during a storm will have a happy disposition." - Martha Kissinger, Fort Worth.
- "If a child's nails are cut with scissors before it is a year old, it will grow up to be a thief." - Donna Bain, Amarillo.
- "If the left thumb is on top when a man clasps his hands together, he will rule the house. If the right thumb is on top, his wife will rule. If a girl's second toe is longer than her big toe, she will rule the house." - Mary Jo Henderson, Fort Worth
- "Eat a dish made of the leaves of the poke weed to cleanse the body of impurities. Eat this dish in the spring. Leaves must be par-boiled, then cooked." - Alma Taylor, Wellman.
- "A salve made of sulphur, lard and kerosene is a sure cure for the seven-year itch." - Ernest Sigmon, San Antonio.
- "Walk around the house barefooted in the first snow of the season and you will stay healthy all winter." - Fred Douglas, Lubbock.
- "If a baby has hives, give it mare's milk and it will soon be well." - Marie Cornett, Hawkins.
- "A copper wire worn about the wrist or ankle will prevent or cure rheumatism." - Thomas Karle, Temple.

The garlic remedy for staying healthy sounds interesting. But, now I have another problem. My distaste for being sick just about equals my distaste for garlic, especially before 8 a.m.

Ministerial Alliance expands its efforts

EDITOR'S NOTE: This article is the first in an ongoing series of reports from the Mitchell County Ministerial Alliance.

The Mitchell County Ministerial Alliance (MCMA) is an organization of ministers representing Christian churches across the county which have voluntarily united their efforts to strengthen their witness to the power of the gospel and the lordship of Jesus Christ. There are many ministries of service to the community that would be impossible to achieve by any one Christian congregation.

Annual public events such as the Community Thanksgiving Service and the Holy Week Services are the result of the alliance. The morning radio devotionals on KVMC-Radio are sponsored by ministers cooperating with the MCMA. The nursing home services, as well as the newspaper devotionals, are also the efforts of the MCMA.

The ministerial alliance is expanding its ministerial efforts by scheduling pastors to deliver an invitational prayer at city council meetings. The MCMA also assisted the Helping Hand with its annual Christmas basket program, insuring that the larger-than-normal number of families making requests all received a Christmas basket of food. The MCMA also aided the Optimists in their Christmas toy drive.

In the past year, the ministerial alliance has worked to coordinate the efforts of the county's various benevolent ministries such as the Helping Hand, Salvation Army and the Community Mission. The MCMA wants to help as many people as possible while avoiding duplication. It seeks to aid the poor and hungry without creating a dependency and without being taken advantage of. The alliance wants to meet legitimate needs, having the police department screen individuals seeking help with the various benevolent ministries.

Currently, the MCMA has member ministers who are working with the Community Mission to reorganize with a tax-exempt status and a respectable set of by-laws. The Community mission will have its next board meeting at 7 p.m. on Tuesday at the mission at Third and Elm streets. The public is invited to share its views and suggestions.

The 1989-90 officers of the Mitchell County Ministerial Alliance are Dr. Ted Spear (First Baptist Church), president; Dr. David Shaw (First United Methodist Church), vice president; Rev. Jon Farris (St. Luke/Dorn United Methodist churches), secretary; and Rev. Leon Green (Plainview Baptist Church), treasurer.

The MCMA normally meets the first Wednesday of each month at 8:30 a.m. in the First National Bank. All Christian churches are encouraged to be involved.

Syble Walker visits in R-Lee with relatives

Syble Walker of Loraine joined her son-in-law and daughter, Jack and Mary Love Allbright of Odessa, for a trip to the Allbright's vacation place in Robert Lee Monday.

They visited several friends, ate out and drove all around Lake Spence. They went to Ballinger Tuesday and to the observation point at the Stacy Reservoir, renamed Ivey Lake, on the Colorado River between Miller-view and Voss, southeast of Ballinger, off Highway 2134.

The expected date to use the reservoir is March 15. The observation site is difficult to find without detailed directions.

Wednesday, the Allbrights brought Mrs. Walker back to Loraine and visited her and other friends and relatives.

CHIEF LONE WOLF

So, we come to that time of the year when we are required to render unto Caesar that which is his...taxes.

For citizens of Colorado, Texas, the custom dates back to the year 1882. The town council first discussed taxes on May 30, 1882. At that time, the elected officials were thinking about 2 1/2 mills per \$100 of valuation, or about 2 1/2 tenths of 1 cent.

On June 2, the prospect of taxing town citizens was again debated, but, after a lengthy discussion, there was "no final determination".

But, the die was cast and taxation was coming to the town of Colorado. Property was ordered rendered for appraisal and, on June 13, 1881, A.W. Dunn, Sol Kahn and E.L. Morris were appointed by the council to appraise any unrendered property.

Meanwhile, town marshal E.A. Kraus was instructed to have the tax rolls ready by Tuesday, July 18, 1882. And on that date, the trap was shut. The council levied a direct ad valorem tax of one quarter of 1 cent of the cash value of all real and personal property.

By August 16, 1882, the first tax rolls for Colorado, Texas, were approved.

In all probability, the council must have realized more revenues would be needed, so, in February, 1883, they passed an occupation tax. The businesses taxed the least were firms with annual purchases of less than \$2,000. They were taxed just \$1.25.

The highest tax was assessed against fortune tellers. They were required to pay \$500...which means either the crystal ball gazers did a land office business in those days, or, the town fathers didn't want them around.

Oh, yes, the town council of 1882 passed another tax. The poll tax, which cost \$1, was for all men between 21 and 60 years of age.

No woman of any age was eligible to vote.

Neither were "lunatics and idiots", according to the Colorado town minutes books.

Two perennially hot topics: elections and taxes.

Of course, not everyone pays taxes. And that's a shame.

And only about half of us vote.

That's a disgrace.

Mammograms can help detect cancer early

According to the American Cancer Society, one out of every 10 women in the United States will develop breast cancer sometime during her lifetime. Every year over 37,000 women die as a result of breast cancer.

According to a spokesman from the Regional Breast Care Center at Women's & Children's Hospital in Odessa, "the death rate from breast cancer could be drastically reduced if women would have mammograms done before a problem exists." By using modern, state of the art X-ray equipment, breast cancers can be found when they are about the size of a grain of rice and well before the cancer can be felt. A woman who is diagnosed with breast cancer at this early stage has about a 90-97 percent survival rate. However, a woman who is not diagnosed until a lump can be felt has approximately a 50 percent survival rate in five years.

In an effort to find cancers at the earliest possible stage and prevent unnecessary deaths, a mobile breast cancer detection unit will be made available to local women on Saturday, Feb. 3.

The mobile unit will be parked at Mitchell County Hospital, 1543 Chestnut Street. Appointments may be made by calling 728-

3431, extension 222.

For more information, call the Regional Breast Care Center at Women's & Children's Hospital at 915-334-8888/561-9999.

BLESSED POVERTY

Travis Monday, Pastor

Calvary Baptist Church

Do you realize that poverty has it's advantages? Well, poverty really does have its advantages. The kind of poverty I'm talking about is what Jesus called "poverty of spirit".

Jesus said, "Blessed are the poor in spirit, for theirs is the kingdom of heaven" (Matthew 5:3 NIV).

What did Jesus mean by "poor in spirit?" He meant humility and awareness of one's neediness before God. "Blessed" or "Happy" are those who humbly acknowledge their need for God in every area of their lives.

The opposite of being blessed is being cursed or miserable. So we might say that the opposite of side of the first part of this verse is: "Cursed (miserable, unhappy) are the rich in spirit."

What does it mean to be "rich in spirit." It means that a person is too full of sinful pride and self-deception to admit his or her neediness before God.

What about you? Are you enjoying the blessedness of spiritual poverty?

Michi Atkins had 31 points Tuesday night, January 23, to lead the Loraine Bulldogs over the Westbrook Wildcats by a score of 63-35. With this victory, the Bulldogs are now 4-0 in district play.

In first period action, the Bulldogs played hard-nosed basketball and took it to the 'Cats to lead by a score of 19-4. In the second quarter, the Wildcats could not stop Loraine, and the Bulldogs took a 21 point lead leaving the score 32-9 at the end of half.

As second half action resumed, Loraine never looked back; they

just kept running and shot the bottom of nets out to take a 47-15 lead. As the final quarter rolled around, the 'Dogs kept pouring on the heat to beat the "living 'Dog" out of the 'Cats by a

phenomenal score of 63-35.

Wildcats defeat Trent

Last Friday night, January 19, the Westbrook Wildcats played host and defeated the Trent Gorillas by a score of 66-61.

At the end of the first quarter, the Wildcats had a 6 point lead over the Gorillas. Although both teams played well, the score was 18-12. At the half, Westbrook

still had control as they still lead by a score of 31-23.

The third quarter was mostly the same for the Wildcats as they kept and increased their lead to 14. The scoreboard now read 48-34 in favor of the Wildcats. In the final quarter, the Gorillas made a

comeback and cut the lead to 5, but that's where it would stay. The Wildcats won 66-61 keeping them alive in the district race.

Scoring for the Wildcats were Bubba Botts, 29; Spencer Cannon, 16; Scooter Hines, 14; Doug Koch, 5; and Franny Rincones, 2.

Lady Wildcats win, 51-36

On January 19, the Lady Westbrook Wildcats played the Trent Gorillas at home and defeated them by a score of 51-36. Stephanie Matlock led all

scorers with 23 points to lead the 'Cats to victory.

After the first period of action, the Wildcats controlled the ball to have a 16-9 lead. In the second

quarter, the 'Cats did a good job on the glass, and the offense racked up another 14 points to increase the lead. The score after two complete periods was 30-16.

As the second half saw action, the Gorillas held the offense attack of the Wildcats to just 7 points; however, Trent only scored 8 which just cut the lead by 1. The score after the third period was 37-24. In the fourth quarter, Westbrook managed to hit seven baskets to Trent's six to ensure the 'cats victory with the score being 51-36.

Other Wildcats scoring in this district game were Sherry Putman, 13; Jeran Ware, 6; Angie Morris, 4; Chrystal Kelly, 3; and Shanna Burnett, 2.

Westbrook beats Loraine in cross-county rivalry

On January 23, the Loraine Bulldogs hosted district rival, the Westbrook Wildcats, to battle for Mitchell County bragging rights, while Westbrook looked to keep their record clean at 4-0 in district play.

As the Bulldogs and the Wildcats entered the first quarter, the Wildcats came out clawing and scratching as they took the early lead of 22-20. In the second quarter of the brawl, the 'Cats came out a little more feistier and aggressive as they increased the lead to 47-32 before the half.

As the second half began, the Bulldogs came out and cut the lead to 9 points before the third quarter time expired; however, the score was 65-56 in favor of the Wildcats. In the fourth period, the 'Cats, without a doubt, still had the momentum and the inten-

sity. Wildcat, Scooter Hines, was also physically and mentally ready because at the end of regulation time, Hines had 36 points and 14 rebounds to lead the Westbrook Wildcats to victory. The final score of the evening was 90-77.

Scoring for the Wildcats were

Bubba Botts, 18; Jason Morris, 14; Spencer Cannon, 12; Franny Rincones, 8; and Doug Koch, 2.
