N.Y. creek yields two bodies today

AMSTERDAM, N.Y. (AP) — Rescue workers recovered two more bodies today from a rain-swollen creek where an interstate highway bridge collapsed, plunging at least four vehicles 80 feet into the swirling water and killing at least three people.

Up to 400 feet of the New York State Thruway bridge collapsed Sunday near this town 35 miles west of Albany. At least three cars and a tractor-trailer plummeted into rain-swollen Schoharie Creek.

Rescuers located two vehicles and one body late Sunday, and a third vehicle was spotted this morning with the bodies of two men inside.

That vehicle, a blue car with its roof crushed, was pulled out of the water about three-quarters of a mile downstream from the collapsed span, said Montgomery County Sheriff Ronald Emery. Two bodies were removed from the front seat after firemen cut through the roof, Emery said.

Early today, the creek had begun to recede and a white Cadillac could be seen above the water line about a quarter-mile downstream from the bridge. The first body, that of a man, was found inside the car, a state police spokesman said. However, the water near the collapsed span was still too rough to send in divers because of the threat of moving debris, he said.

Crash sends 4 to ER

A 47-year-old DeLeon woman was undergoing treatment at Cogdell Memorial Hospital's emergency room at noon Monday for injuries suffered in a two-vehicle traffic mishap at Hermleigh.

Pat Davis sustained what were called serious injuries around 10:30 a.m. when a 1985 Ford driven by her husband — Oran Roy Davis — was involved in a collision with a 1968 Chevrolet driven by J.C. Stahl of Hermleigh. The wreck occurred at the intersection of U.S. Highway 84 and Farm Road 466.

County still mulls consolidation of tax collection duty

County commissioners Monday discussed but took no immediate action on a proposal by Pct. 3 Commissioner C.D. Gray Jr. to call for an election to consolidate tax collections for all six taxing entities here.

"I don't believe there will be consolidation without a vote of the people," Gray noted. "I think it will work out that no matter which place (the county tax office or the Scurry County Appraisal District) collects taxes, the rate will be the same."

Currently, staffers with the county tax office collect property taxes for the City of Snyder, Western Texas College and the county. The appraisal district's collection department collects for the three school districts — including Snyder, Ira and Hermleigh ISDs.

County Clerk Beverly Ainsworth will check legal aspects of calling an election and court members will discuss the proposal again next Monday.

If called, it could come in conjunction with a second called ballot Aug. 8 which will see voters decide if they want to increase the county's sales tax.

During discussion, Gray noted

AREA WINNERS — The cast and crew of the Snyder High School production of "Hamlet" won the right to advance to regional competition in Brownwood later this month in the UIL Area II one-act play contest held Saturday in Worsham Auditorium. Planting date due vote here

The Scurry County Producers Association will hold its annual meeting Tuesday at 6:30 p.m. at the Willow Park Inn. Formed in 1975, the association is involved with controlling the cotton boll weevil.

Business at the meeting includes the election of new board members and a decision regarding the uniform delayed planting date.

As part of her annual report, County Entomologist Deanna Myers will offer her recommendation regarding this. All Scurry County cotton producers may then vote on setting the date.

Featured speakers Tuesday will be Dr. Michael Hickey, extension soil chemist; and Dr. James Supar, extension agronomist for cotton. They will discuss plant nutrient deficiency and how to best apply fertilizer.

Several brief presentations are planned also to explain area activities of the board.

Jon Derouen, president of the cotton producers board, will discuss the per bale assessment and explain how funds are being used.

Marvin Ensor, county extension agent, is to outline planned uses of the four-wheeler purchased by the producer board. This will include how information gathered through the use of this equipment will benefit area farmers.

In addition to her delayed planting date recommendation, Myers will profile the boll weevil outlook for 1987.

SHS 1-act clears area competition

Critic-judge E. Don Williams of Lubbock Christian College chose the Snyder High School production of "Hamlet" and the Borger High School production of "The Prime of Miss Jean Brodie" to advance to regional competition Saturday afternoon.

The student actors were competing in the UIL area II one-act play contest in Worsham Auditorium for the right to advance to the regional contest in Brownwood April 25. Other schools competing were Monahans and Levelland.

The Snyder troupe claimed five individual awards for their performances Saturday including the area best actor award presented to Brad Vincent for his portrayal of Hamlet.

The Borger cast took home six individual awards topped by the area best actress award presented to Dee Dee Goodgion for her portrayal of Miss Jean Brodie.

Named to the all-star cast from Snyder were Bryan Norris and Monique Miller for their portrayals of Polonius and Ophelia.

Honorable mention all-star cast awards were claimed by Kirsten Miller and Corey McDaniel of Snyder.

Representing Borger on the all-star cast were Amy Fargo and Jeff Bernbrock.

Borger students named to the honorable mention all-star cast were Angela Tyson, Neena McLain and Corby Marshall.

Other actors named to the all-star cast included Kay Davalt and Ingrid Weiner from the Monahans production of "I Remember Mama;" along wth Lyni Perez and Stacie Donnelly from the Levelland production of "Wings."

Additional honorable mention honors were claimed by C.J. Jordan and Josh Crozier of Monahans; and Greg Arp of Levelland.

Snyder ISD board reorganizes today

Five new members to the Snyder school board will be sworn in Monday at 5:30 p.m. following Saturday's record turnout of 1,568 voters.

The meeting has been called to canvass the ballot, to dissolve the old school board, to swear in newly elected trustees and to reorganize with a new president and vice president.

In addition, the board plans to recognize three members who will be going off the board. Trustees G.A. Parks Jr. and Allen Grimmett opted not to seek election Saturday while incumbent J.D. Hinton was one of 11 candidates seeking three at-large seats.

The winning at-large candidates Saturday were Billy Bob McMullan, polling 904 votes; Luann Burleson, with 696; and Ken Branam, 610.

In District 1, the winner was Ignacio Benitez Jr. with 90 votes; and in District 4, Ben Wilcox with 216 votes.

These five will join two holdover board members, Charlene Light, who will now represent District 2; and Mike Jordan, who will represent District 3 and who is the current board president.

City vote tally told

A record voter turnout for the city council race Saturday named Paul Zeck and John Johnson to at-large positions and Troy Williamson as mayor.

Zeck and Johnson were picked from a field of five candidates which included incumbent councilman David Hines.

Zeck garnered 721 votes and Johnson received 472. They outpolled James Tully, with 423 votes; Evelyn Malone, with 327; and incumbent Hines with 250. Eleven write-in votes were also cast.

Running unopposed for mayor, Williamson received 905 votes with 40 write-ins also cast.

City officials say 1,305 voters cast ballots.

Ambulance bids, gas rate due talk

Seeking ambulance service bids and considering a cost of service adjustment for Lone Star Gas Company are among the agenda items faced by Snyder city council members Monday.

The regular April meeting of the council will begin at 6:30 p.m. at city hall.

Following a work session conducted last week, the council indicated it would likely seek bids for the local ambulance service.

The current contract with AID ambulance of Snyder has been temporarily extended since Jan. 1 after AID submitted a request equaling a 33 percent increase in its subsidy amount paid by the city and county.

Assuming the new bid process is okayed, AID is expected to submit bids for it, city officials said last week.

In other business, the council will hear a request from Lone Star officials for the company's annual cost of service adjustment (CSA). Wedge Turner, local gas company manager, is to meet with the board.

The CSA dates to Nov. 5, 1984, when the council approved allowing the utility company to adjust its general service rate annually based upon actual operating expenses for the past year.

The firm submits an operating estimate in April to allow the

Q. — How many traffic tickets can you receive without losing your license?

A. — An individual may have their license suspended if they receive four moving violations within a 12-month period; or seven such violations within a 24-month period. In both cases, based upon their driving record, a probation period is also an option.

Court rules

WASHINGTON (AP) — The Supreme Court ruled today that a federal judge mistakenly excused Texaco Inc. from posting a potentially ruinous $11 billion bond in its court battle with Pennzoil Co.

By a 9-0 vote, the justices overturned a federal court ruling that Texaco need put only $1 billion in security while the case is pending in the courts.

But today's ruling left open the possibility that Texaco could avoid posting the $11 billion bond through a successful appeal in Texas state courts.

U.S. District Judge Charles Brient in White Plains, N.Y., "should have abstained" rather than reduce Texaco's bond, said Justice Lewis F. Powell for the court.

Rig count up

HOUSTON (AP) — The number of working oil and gas rigs in the United States rose by four this week to total 752, Hughes Tool Co. officials say.

The rig count, considered to be the yardstick of drilling activity, totaled 987 at this time last year. Last week's total was 748, the Houston-based oil toolmaker announced Monday.

Hughes has kept track of the number of working oil rigs since 1940.

Last July, the count fell to 663 — the lowest since Hughes began compiling figures — as oil prices plunged to less than $10 per 42-gallon barrel.

Play advances

The Hermleigh One-Act play production entitled "The Small World of Millie McIvor," won the area contest Saturday in Abilene at Hardin Simmons University.

Barbara Brown was named best actress and Ben Smith and Lori Tate were named to the All-Star Cast.

The play now advances to regional competition April 25 at McMurray College in Abilene.

Roberts said he nearly died

ROCKWALL, Texas (AP) — During his 10 days of prayer in a controversial fund-raising campaign, evangelist Oral Roberts says he was snared in a bedeviling spiritual tempest but emerged from the ordeal strengthened.

"It was like a howling hurricane was sweeping in from a spiritual standpoint, and my body was being buffeted," Roberts said Sunday in his first sermon since ending the vigil Tuesday at the Oral Roberts University prayer tower in Tulsa, Okla.

In January, the 69-year-old evangelist told a national television audience that God had told him he would die if he didn't raise $8 million for the medical missionary scholarship fund by Tuesday, March 31.

He said he decided to come down from the tower Tuesday night after hearing a voice say, "It is done. The medical missionary program has been birthed by the Lord."

On Wednesday, Roberts said he had received about $8.7 million in donations, an amount he said must be matched each year to fund the medical missionaries who study at his Tulsa medical school.

He said God told him to undertake the 10-day ordeal from which he said he emerged with enhanced healing powers.

"When I came down from that prayer tower, my hand was on fire" Roberts said. "It's on fire this morning."

At one point during the vigil, he and associates ceremoniously anointed the tower with oil, he said. He said he also sensed his strength fading more than once.

"Two or three times, I felt death on me. I felt the devil was trying to destroy my life," Roberts told a capacity crowd at a service dedicating the new 5,001-seat Church on the Rock that cost $15 million to build.

Officials estimate that one of every four residents is a member of the church in this city of 10,800 about 30 miles east of Dallas.

Roberts defended the prosperity he enjoys from his ministry, and said God returns wealth to those who give out of expectation.

"I live in one of the finest houses you've ever seen in your life," he told the congregation. "I have one of the finest, safest cars."

Apparently referring to some television stations that pulled his program after he announced the life-or-death ultimatum from God, he said, "Just don't censor us when we worship our God."

Bennett: reform backsliding in Texas

SAN FRANCISCO (AP) — Education Secretary William J. Bennett accused schools in Texas and eight other states of backsliding on reform and charged that the nation's largest teachers union is holding up progress by holding out for "gobs and gobs of new money"

"This is polite extortion. This ... is nothing short of hijacking education reform and holding it for ransom," Bennett said of the National Education Association on Sunday.

"The American people have paid and paid dearly for education, but as yet they have not been given their money's worth."

NEA vice president Keith Geiger countered in a telephone interview that the Reagan administration "probably caused more backsliding than anybody, if in fact we're going in the wrong direction."

"You're not going to reform education without paying teachers a salary to attract the best," he said.

Bennett, in what resembled a state of the reform movement, told an annual gathering of education writers that the National Education Association, the head of the National Science Teachers Association, and other interest groups were retarding the drive for better schools in Texas, Maine, Indiana, and elsewhere.

He said the NEA "is talking a better line now." But he added: "If you look at their actions at the state level, it seems like the same old NEA."

In Texas, Bennett said, "The Legislature has abandoned plans to test teachers in their knowledge of the subjects they teach. Texas officials also are calling for reconsideration of the state's teacher appraisal system. The state may abandon its teacher career ladder."

Earlier this year, both houses of the Texas Legislature, citing "teacher morale" and a financial crisis, passed bills to scuttle the test that would have required teachers to show competency in the subjects they teach. Elimination of the test had been recommended by the State Board of Education.

Neither house has passed the other's bill, but backers said they expect no strong opposition.

The test on knowledge in the teacher's specialty area — one of two exams required by the Texas education reform laws passed in 1984 — had never been given to teachers.

But the other test, which measured only high school level reading and writing skills, caused an uproar from Texas educators, although officials said 99 percent of the 202,000 that took it last year passed.

State officials have acknowledged that under Gov. Bill Clements' budget plan, more than half of Texas' 175,000 public school teachers could see their incentive pay bonuses cut by $1,000. The governor's proposal would defer some bonuses for two years and drop the minimum bonus for qualifying teachers from $1,500 to $500 a year.

Texas' 1984 school reform law provides that teachers qualifying for the program, called the career ladder, must be paid at least $1,500 above their regular salary each year. The bonuses are earned on the basis of job performance, experience and post-degree training.

Officials also have said they may change the teacher evaluation process on which the career ladder bonuses are based in Texas. Teachers complain that the evaluation process is unfair.

The education secretary criticized the Michigan State Board of Education for deciding against mandatory statewide science tests because students did poorly the first year they were given.

In addition, he blasted California, North Dakota and Louisiana for scuttling plans to allow parents to choose among schools in urban districts despite what he called "growing national agreement" that such choice was a crucial reform step.

Bennett suggested in his speech that such "backsliding" in the reform movement threatened school improvement everywhere.

"Increasingly, it strikes me that in some places, in too many places, the education reform movement is being detained, that the journey is in danger of not being completed," he said.

Man posed as police officer in San Antonio

SAN ANTONIO, Texas (AP) — In their search for a man who flashed identification at teen-age girls before "arresting" them and then sexually assaulting them, authorities said last week they were looking into the possibility the suspect actually might be a policeman.

On Sunday, a 23-year-old man — not an officer but someone who applied in 1985 for a position with the Bexar County sheriff's department — was arrested and charged with two counts of aggravated kidnapping.

Bond for the man was set at $200,000, officials said. He was in Bexar County Jail. Police said he was taken into custody about 1:30 a.m. Sunday outside a small wood-frame house where he lived with his mother.

Homicide Sgt. Michael Akeroyd and sex crimes Detective Rose Ornelaz took part in the investigation leading to the arrest and accompanied police to the residence.

Although the suspect was charged with two kidnappings, police said they believed they can link the man to at least four abductions, mainly on San Antonio's west side.

In each case, the description of the suspect, his car and its style matched, police said.

A man — described as well-dressed and clean-shaven — found his victims not far from their homes, told them he had a warrant for their arrest and handcuffed them once they were inside his car.

He then flashed an identification card, but did not allow his victims to examine it.

Akeroyd said late Sunday that he was releasing few details relating to the investigation and has refused to confirm if the car or the identification used in the abductions were recovered during the arrest.

"We're not going to give everything out on the case," he said. "I'm not going to get into that."

Police only would say that one charge involved a 17-year-old girl and the other a 15-year-old girl.

Dear Abby

Readers Applaud Virgin Who Keeps Saying 'No'

By Abigail Van Buren

© 1987 by Universal Press Syndicate

DEAR ABBY: Three cheers and blessings upon you for telling "Hurting in Hartford" — that 17-year-old virgin — that she is neither weird nor stupid for sticking with her principles. She'll never lose a guy who's worth having if he drops her because she refuses to have sex with him. In fact, she's lucky to be rid of the creep.

I was a 24-year-old virgin when I got married, and I've been happily married for 26 years. I never had any guilt, illegitimate children or venereal diseases. If more girls stayed virgins until they got married, we'd have a healthier world, a lot less misery and lower taxes.

SUZIE IN MOBILE, ALA.

* * *

DEAR ABBY: I hope "Hurting in Hartford" listens to your advice. When I was 16, I refused to have sex with my steady boyfriend, so he dumped me for a girl who would. I remember how hard I cried when he told me he wouldn't be coming around any more.

Well, his new girlfriend gave him VD, and he gave her a baby before her 17th birthday.

GLAD IT WASN'T ME

* * *

DEAR ABBY: I'm glad you told "Hurting in Hartford" to hang on to her virginity. If I had been as strong as she seems to be, I wouldn't have lost mine at 15. It has taken me eight years and four relationships to learn that a relationship built on sex doesn't last.

If the fear of pregnancy doesn't keep her out of the sack, the fear of AIDS should. That, and the desire for a permanent relationship, is what has kept me from making sex the payoff for a date. I learned the hard way that if a guy really cares for you, he won't ask you to do anything you're not ready for. Giving in at 15 was the dumbest thing I ever did.

LEARNED TOO LATE
IN ROCKFORD

* * *

DEAR ABBY: This is for "Hurting in Hartford" whose relationships never lasted any longer than three weeks because she wouldn't have sex with her dates. Please, keep on saying *no*. Putting out will not win you popularity. It will only get you a bad reputation because no matter what a guy says, he will talk about you afterward to other guys.

I didn't put out, and I was popular. I was the editor of our high school paper, on the debate team, a cheerleader and vice president of our graduating class.

Sure, there were guys who tried to score with me, but when they knew they couldn't, they respected me and remained my friends anyway. Deep down in my heart I knew I was saving myself for someone who would appreciate me for having saved that special gift a girl can give only once. I met that guy in college. We've been married for six years, and I couldn't be happier.

M.M. IN LITTLE ROCK

* * *

DEAR ABBY: I'm writing in reference to "Hurting in Hartford." I want her to know she's not alone. I will turn 20 next month and I'm still a virgin. I plan to stay that way until I'm married. I've had three relationships that ended because I wouldn't have sex.

I'm not a cold fish. I enjoy hugging, kissing and cuddling, but I'm not a tease. I tell them up front how far I'll go. I'm only human, but I never get into a situation I can't handle. Remember, you'll never miss what you haven't had.

AIDS is modifying students' sexual acts

By The Associated Press

AIDS has brought changes in sexual habits on the nation's college campuses, pushing gay students toward monogamous relationships while putting greater pressure on some of them not to disclose their orientation, according to students and counselors.

Some campus health officials say they wish heterosexual students would take more seriously the message that AIDS could threaten them, too.

"I have a feeling gay students have changed sexually. They talk about safe sex, they are willing to change. My sense of straight students is that they say, 'It's not my problem,'" said Dr. Michael Ibrahim, dean of the School of Public Health at the University of North Carolina and chairman of a university committee on AIDS.

"I see a really big difference between people just a few years older and me," says a sophomore who heads the Gay and Lesbian Alliance at Johns Hopkins University in Baltimore. "When gay liberation started, sexuality was very important. Now, for me and most of my peers ... values have really changed.

"Now people are looking not so much for sex, but also for long-term relationships, for a partner," said the student, who asked not to be identified because of family pressures.

Scott Sage, the 18-year-old head of Gay Student Services at Texas A&M University, agreed the threat of incurable acquired immune deficiency syndrome, which is often sexually transmitted, has forced a change among students.

"Our practices are just not as risky as those of the older generation," Sage says. Specifically, AIDS has pushed them to seek monogamous relationships and safe sex.

"I'm not sleeping around," says another student, echoing a trend in homosexual life at schools as conservative as Texas A&M and as liberal as Columbia University in New York City.

That's good news to health educators and campus counselors who remain concerned that for the most part, straight students aren't responding as well to calls for frank discussions of sexual histories with partners and using condoms.

"College students really don't know much about AIDS. The issue is kind of taboo," says Naomi Wilansky, a hotline counselor at the University of Maryland at College Park.

U.S. victims of AIDS have been mostly homosexual and bisexual men and intravenous drug abusers, but experts warn that the disease is infecting the heterosexual population at a rate that warrants immediate attention.

As the American College Health Association points out in safe-sex brochures it's sending to campuses as fast as they roll off the presses, the bottom line is that AIDS kills — more than 19,000 of about 33,000 reported victims in this country.

"What someone does now, in college, may not result in recognizable AIDS until long after commencement," Dr. Richard P. Keeling, chairman of the ACHA Task Force on AIDS, wrote in "AIDS on the College Campus."

Further, because AIDS generally strikes people age 25 to 44, it lacks immediacy for college students who may never have encountered an AIDS victim, students and counselors say.

Trio electrocuted when pipe touches power line

MIDLAND, Texas (AP) — Three boys trying to flush a rabbit from an irrigation pipe were electrocuted after wind knocked the pipe onto a power line and a safety system failed, authorities say.

A Texas Utilities Electric safety system for stopping the flow of electricity through the shorted-out, 25-foot-high line apparently failed during the incident Saturday, possibly because of dry ground conditions, spokesman Dan Dorchester said.

"If the ground was ... dry, there may not have been enough electricity to cause that line to shut off" the flow of power, he said. "We'll have to run a lot of tests and check on it."

The boys — identified as Juan Carlos Gutierrez, 13; Danny Galindo Rocha, 14; and Rito Galindo Rocha, 16, all of Midland — died while rabbit-hunting near a water treatment plant at about 3:30 p.m. Saturday.

Midland County Sheriff Gary Painter said the boys apparently stood a 40-foot aluminum pole on its end to chase out a rabbit. The pole touched a 7,200-volt power line, authorities said.

Painter said a pellet gun and two dead rabbits were found near the bodies. He noted that power to the line could not be cut off by TU Electric officials until about an hour after the deaths.

Deputies conducted a five-hour door-to-door search in an effort to locate relatives to identify the boys, he said. The bodies weren't identified until about six hours later.

A worker at the Midland Water Treatment Plant told deputies he saw a pipe in the air with three figures below as he drove to work, Painter said.

"Then he saw a big flash," walked over and found the three bodies, said Painter.

He said the wire still was charged with electricity when emergency personnel arrived and tried to approach the bodies. Fire had also surrounded the bodies when officials arrived, he said. A Midland Fire Department pumper doused the small blaze.

"There were sparks flying, and a fire was burning," firefighter Kyle Large told the Odessa American. "I was pretty shaken up. . .I hadn't ever seen anything as horrific as that."

Said Oscar Levant, pianistcomposer-actor: "Happiness isn't something you experience, it's something you remember."

U. S. embassy in Moscow bugged, Leahy charges

WASHINGTON (AP) — Prospects for tighter security at the U.S. Embassy in Moscow are uncertain as a senator says a new office building there is riddled with KGB listening devices and an attorney claims Marine guards are encouraged to use local prostitutes.

The extent of alleged security breaches at the mission remained in question Sunday as Secretary of State George P. Shultz prepared to fly to Moscow for arms talks April 13-16. The talks are aimed at hammering out an accord to eliminate U.S. and Soviet medium-range missiles in Europe.

U.S. officials say they are not certain whether secure meeting rooms and the embassy communications center are bugged following revelations that two Marines allegedly were seduced by Soviet women and allowed KGB agents into the old embassy office building.

A new $191 million office building under construction is so ridddled with hidden KGB listening devices that it will never be secure, says the former vice chairman of the Senate intelligence committee, Sen. Patrick J. Leahy, D-Vt.

Under a 1972 agreement, the U.S. government allowed the new U.S. Embassy building to be built by Soviet workers, with many prefabricated sections assembled off the site, away from American supervision.

Listening devices have been found in the bricks and steel girders of the nearly completed building, government officials say, and in February, the State Department appointed James Schlesinger, the former Defense Secretary and CIA chief, to investigate.

"Our general contractor is the KGB for our embassy over there," Leahy said Sunday on the CBS-TV program, "Face the Nation." "The fact is that this embassy can never, ever be made secure.

Leahy urged that the U.S. government "require payment from the Soviets for the damage that has been caused or not allow them to go into their own embassy in Washington."

Arthur Hartman, who retired from the State Department last month after five years as U.S. ambassador to Moscow, said a 1977 agreement blocks the Soviets from moving into newly constructed offices in Washington.

The Washington Post reported in today's editions that Rep. Dan Mica, D-Fla., said 10 more U.S. missions have come under investigation by State Department and military officials.

The newspaper also said Hartman and the State Department resisted warnings for several years that all Soviet nationals working at the embassy should be fired, even though they knew 50 of the 200 Soviet employees were working for the KGB.

Hartman denied ever skimping on security precautions but said he didn't want to get rid of all the Soviet employees because their American replacements might be more vulnerable.

Mica, chairman of the House Foreign Affairs subcommittee on international operations, was in Moscow today to inspect the new U.S. embassy.

He said his review of the embassy construction problem was taking a back seat to an investigation that two Marine guards at the Moscow mission allowed KGB agents into the most sensitive areas of the old building.

Turn and turn again

Although East could not make three hearts, North bid three spades in today's typically competitive auction. West had succeeded in pushing the opponents beyond their depth, but then the turnovers began. After cashing the A-K of hearts, East played back a spade. Declarer South drew trumps and played A-K and a club. West naturally played his fourth club, and eventually the defense took two more tricks in diamonds. The trump return by East gave South a chance to make the contract by playing diamonds, a better suit to attack than clubs because of the superior spot-cards. Declarer can set up the fourth diamond for a discard against many of the 4-2 divisions, particularly when the eight of diamonds is held by West.

But what if East returns the club nine at trick three? Declarer should now assume that the clubs are not dividing. He should win the club king, come to his hand with a trump, draw trumps and then play a diamond to the seven in dummy. East will win and continue clubs. Now the onus rests upon the shoulders of defender West. When the next diamond is played, West must rise with the king. If allowed to hold this trick, West can take the setting trick in clubs. If the ace takes the trick in dummy, there will be no way for declarer to get back to dummy for the fourth diamond.

Case lasts 10 years

DALLAS (AP) — A civil rights suit finally ended after 10 years of haggling, but the battle ended up costing Dallas County taxpayers possibly more than four times what it would have taken to settle the complaint a decade ago.

County officials have issued checks totaling $106,707 in back-pay awards — one posthumously — to 13 current and former sheriff's deputies who filed the federal civil suit alleging that they were either fired or demoted by former Sheriff Carl Thomas because of their political affiliations.

Unofficial estimates by plaintiff and defense attorneys set the county's total cost of the legal battle, including the final award, between $350,000 and $470,000.

Regardless of which calculation is accurate, both sides agree that legal costs mounted steadily from 1977 until March 30 of this year, when county commissioners ordered that the legal ordeal end and the deputies be paid.

County spokesmen and key plaintiff Benny Barrett said the lawsuit dragged for years through various courts because both sides were fighting on the principle that they were either directly or indirectly the victims of Thomas.

The suit, which asked for just less than $100,000 in pay plus interest for the deputies, accused Thomas of committing widespread civil rights violations against deputies, but sought damage awards from the county. County Commissioner Jim Jackson said he would have preferred to continue fighting.

"We weren't even named as defendants, and then later it was ruled that we had to pay the bill," Jackson said. "It's the deep-pocket theory. You go after the one who has the money."

Barrett, who now operates a used-car lot in DeKalb in Bowie County and received a back-pay award of only $301.07, said Thursday that he has almost no regrets except for the loss of a career that he loved.

Estrogen has pros and cons

By Peter H. Gott, M.D.

DEAR DR. GOTT — In all of the information about taking estrogen and progesterone after menopause, no one ever bothers to mention that the hormone will bring back menstrual periods. As far as I'm concerned, this is a debilitating, unwanted side effect.

DEAR READER — Women who take estrogen/progestin after menopause do experience recurring menstrual bleeding. This can be a nuisance, and many patients decide against hormone replacement for this reason. However, the advantages of drug therapy — such as a reduced degree of osteoporosis (bone brittleness) — often outweigh the annoyance of monthly bleeding. The decision about whether to take hormones is a personal one that can best be made in consultation with your doctor.

DEAR DR. GOTT — My daughter is 12 and has had vaginal warts. The first one was removed by radiation. The second one was treated with liquid nitrogen. The second treatment was three times as expensive, took twice as long and produced soreness. Did the second doctor just want my money, or was his reluctance to use radiation justified?

DEAR READER — I don't know why the doctors chose different techniques to remove your daughter's vaginal warts. I agree that children should not be given radiation treatment unless there is a compelling reason to use X-rays. Therefore, I share the second doctor's concern. Ask your daughter's doctor about this to determine if methods other than radiation and liquid nitrogen might be more appropriate treatment for her warts if they return.

DEAR DR. GOTT — I've read that varicose veins can now be treated by means of injections combined with tight bandaging. How successful is this?

DEAR READER — It's quite successful in some patients. The technique involves the injection of a sclerosing solution into the swollen varicose vein. The material causes the vein to become inflamed, scar and close down. Some experts believe that this method of sclerosing veins ultimately may replace surgery, since it is cheaper and safer. However, the practice is tricky and should be performed only by a specialist who is familiar with it.

DEAR DR. GOTT — My six-hour glucose tolerance test came up negative. Nevertheless, whenever I eat anything sweet, I get headaches, fatigue and a general sick feeling. What could cause this?

DEAR READER — The normal glucose tolerance test means that you do not have hypoglycemia, a condition characterized by weakness, sweating, dizziness, headache and hunger following the ingestion of simple sugar. However, some people seem to be unusually sensitive to sweets; the biochemical basis for this is not completely understood. Evidently, your body is trying to tell you that you shouldn't be eating sweets. Avoid sugar, obtain your carbohydrates from starch and fruit, and keep your diet high in protein.

Although your test results were normal, I'm sending you a free copy of my Health Report on HYPOGLYCEMIA, which gives more information about blood sugar in general. Others who would like a copy should send $1 to P.O. Box 91428, Cleveland, OH 44101-3428. Be sure to ask for the Health Report on Hypoglycemia.

New Catholic Bible changes the language

WASHINGTON (AP) — A new Roman Catholic Bible, published for American church members this weekend, takes a modernizing tack in changing many references some Catholics had seen as discriminating against women.

However, it also takes a turn toward traditionalism, going back to familiar old phrasing throughout in place of language that one priest-editor suggested had resulted from an effort to find "a dynamic equivalency" to the original text.

The result is a Bible that often sounds less like the 1970 Catholic translation it is replacing than it does the centuries-old King James Version embraced by many Protestants — but without the constant use of "man" or "men" when referring to people of unknown sex.

God and Jesus remain male in all references.

The editors, in a pre-publication interview, acknowledged the changes wouldn't please everyone.

But many of their changes clearly were aimed at the objections of Catholics who have complained that the earlier version of the church's basic book retained discriminatory language or simply was lacking in accuracy and beauty of expression.

The overall revision covers the New Testament portion of the U.S. church's New American Bible and should find its way into Catholic services over the next two years.

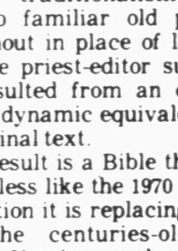

On the issue of discriminatory language, using two examples from well-known passages in the Gospel of Matthew:

—The 1970 version says, "Not on bread alone is man to live," while the new translation says, "One does not live by bread alone."

—The old version says, "Your light must shine before men," while the new one says, "Your light must shine before others."

On a broader scale, the new translation simply sounds more like most Americans are used to the Bible sounding than the 1970 version did.

Democrat Grover Cleveland was elected to his first term as president in 1884. He defeated Republican James G. Blaine.

In district golf standings...

SHS girls vault to 2nd place

Snyder's Lady Tigers vaulted from fourth place to second in the District 2-4A girl's golf standings, following Saturday's second 18-hole tournament here.

"I thought the girls played excellent. They played their hearts out to get back in it," said Coach Jan Kruse. "They practiced real hard all week. I was real impressed with them. They knew they had to make it up here because next week they go to Fort Stockton."

Snyder had slipped to fourth in the standings due to a scorecard mistake that left defending loop medalist Leslie Light with a 120 in the first tournament. Light led the charge back Saturday when play moved to Snyder Country Club, however, shooting an 80 - low for the tournament.

Andrews continues to lead the standings after 36 holes with a 721 total. The Lady Mustangs won here Saturday, 360 strokes to Snyder's 365. But Snyder's 365 grabbed second place by a wide margin as Big Spring came in at 407 and Fort Stockton finished at 411.

In overall scores, Snyder has a 755 to trail Andrews by 34. The Lady Tigers are in second by 38, however, leading Big Spring which has 793 and Fort Stockton which has 794.

Snyder B squad shot a 365 and is in sixth place overall with a 755 total.

In addition to Light's 80, Lee Ann Thompson shot an 88, Camille Reed a 93, Kristi Neill a 104 and Angie Lay a 108.

For Snyder B, Missy Trull turned in a solid 103 while Jamie Leatherwood had a 117, Rachel Everett a 118, Stephanie Blair a 121 and Tara Krueger a 136.

"Recently, it's just been Snyder and Andrews playing for first and second place, but this time the girls had a special reason to do well. They were behind and they were really excited about getting to play," said Kruse. "Hopefully, we can keep that kind of intensity."

The girls play in Fort Stockton on April 11 and in Monahans on April 18.

Tiger golfers compete well but Andrews continues to roll

PECOS -- Strong winds didn't keep four players from shooting under 80 at the third District 2-4A Boy's Golf Tournament, held here last Saturday.

San Angelo Lake View's Gilbert Valdez shot 77 for medalist honors, edging Pecos' Jeff Deiker by one stroke. Andrews won the team title, however, led by the 79s of Mark Burgen and Gym Bice.

The Mustangs shot a 324 while Sweetwater took second place with a 333 and Pecos and Big Spring B-team were third and fourth with a 337 and a 342 respectively.

Snyder got an 84 from Wade Hatter and an 88 from Mike Trull en route to a 360 - good for 10th place in the 18-team field. The finish left Snyder at 10th overall in the district standings with 1,076 strokes after 54 holes.

The teams play again in San Angelo on April 11 and the final round at Sweetwater on April 18.

Marc McQueen added a 93 for the Snyder varsity squad. Ken Meckley shot 95 and Chad Sellars had a 105.

Snyder junior varsity carded a 415. Coy Berryman shot 89, Robin Kraatz 105, Brett Morton 109 and Mike Forshee 112.

Andrews' 324 left the Mustangs atop the district standings ledger by 39 strokes. Andrews has a 952 after 54 holes, followed by Sweetwater with a 991, Pecos with a 1,032, Big Spring A-team with a 1,033 and Monahans with a 1,037.

Lady netters win area tournament

MONAHANS -- Snyder's Shawna Chrane and Michelle Osborn won doubles at the Monahans Team Tennis Tournament here Saturday, helping the Tigers to a championship in the girl's divison.

The girls polled 56 points to defeat Monahans, which had 47. Odessa High placed second with 34, followed by Carlsbad, N.M. with 33 and Big Spring with 29.

Snyder's boys placed fourth in their division. Monahans won with 51 points. Odessa was second with 41 while Carlsbad had 38, Snyder 34 and Fort Stockton 30.

Eight teams were entered in each division.

"This was a good tuneup for the district tournament which is coming up this weekend," said Coach Charlie Chrane. "Now we concentrate on getting ready for that."

The 2-4A Tennis Tournament is slated for Friday and Saturday at Odessa College in Odessa.

In girl's singles action here Deone Farmer placed third overall while Lori McFarland took fifth. Snyder's team of Rhonda Echols and Rebecca Vestal were fourth in doubles play.

Snyder also got a strong finish from its No. 1 boy's doubles team of Michael Risenhoover and Michael Riggins, who placed second in the tournament. Brandon Martin and John Griffin were 11th overall in doubles play while Kevin Winter was sixth and Alfred Brice eighth in singles action.

8th grade boys win Snyder track meet

Snyder eighth grade boys won the local junior high track meet, held here Saturday at Tiger Stadium.

Snyder edged Big Spring for top honors, outscoring the opponent 138 points to 136½.

Snyder seventh grade boys took fourth place in their division, which was won by Big Spring Goliad.

"We'd like to give our appreciation to all the ones that helped run the track meet," said Coach Roger Goodwin. "All of the other coaches were very complimentary on how it was run. It was very successful and that was due to all of those that helped."

Top winners in the eighth grade division included Shelby Bufkin, who won the high jump, the 400 meters and the 800 meters; Joe

Tiger effort good one at weekend track meet

BIG SPRING -- Snyder's boys warmed up for this week's District 2-4A Track and Field Meet with some inkling of promise at the ABC Relays here last Saturday.

The Tigers finished sixth overall with 42 points, but just a handful of points behind Sweetwater, which took third place with 48½.

Big Spring won the meet with a whopping 218½, followed by Andrews with 92, Sweetwater, Lamesa with 48, Levelland with 47, Snyder, and Lake View with 29.

"Overall we did pretty well," said Coach Kevin Wiseman. "We jumped in the 100 meters and that cost us and we had a couple of kids that maybe didn't run as well as they have and they didn't qualify for the finals. If we had those points, we might have finished as high as third. But overall, we saw some good things."

One of those was a second place finish by the 1,600 meter relay team, which ran a 3:31.7. Snyder had run a 3:28 in prelims a week earlier, but Wiseman said Saturday's effort was no less promising.

"We ran a 3:28 on a perfect day and a 3:31 on a day that was windy, cool and it was late and we were tired. It was comparable to the best we've run. It was as good an overall effort as we've had. I was very pleased," said the coach.

The relay team is made up of Michael Riggins, Jeff Rose, Craig Watkins and Dan Krenek.

The same bunch also ran a 45.4 to place fifth in the 400 meters.

Snyder got most of the rest of its points in the high jump event, where the Tigers finished 2-3-4. Daniel Chasteen placed second with a jump of 6-foot. Terry Garza cleared 5-10 and Chris Garrett - still bothered by an ankle injury - cleared 5-8.

The Tigers also got points when Charles Guynes placed fifth in the pole vault with a 10-6; when Terry Juarez ran an 11:42 for fifth in the 3,200; and when Louis Alaniz ran an 11:52 to place sixth in the 3,200.

Snyder also got a good showing from its junior varsity unit, which took third in its division with 67 points. Leading the way was the 1,600 meter relay team of Pete Madrid, Jayson Presley, Perry Greathouse and Bert Merritt with a 3:54 clocking. Greathouse, Presley, Merritt and Jimmy Taylor combined to take fourth in the 400 relay with a time of 48.2.

Individually, Greathouse took second in the long jump with a leap of 18-2½ and was fifth in the high jump with a 5-6 height. Presley soared 6-0 for second place in the high jump and also took fourth in the 200 meters with a 26.1 and sixth in the long jump with a 17-1½.

In other junior varsity results:

- Bill Freeman was third in the discus with a throw of 116-2.
- Merritt was second in the 800 meters with a 2:20.1.
- Taylor was sixth in the 100 meters with an 11.9 and sixth in the 200 with a 26.9.
- Madrid was fourth in the 400 meters with a time of 57.4.

Snyder will compete in the District 2-4A Track and Field Championships beginning Friday in Andrews. The two-day meet opens with field events at 1 p.m.

Girls take third in ABC Relays

BIG SPRING -- Snyder girls scored 94 points to place third at the ABC Relays here Saturday.

The girls now prepare for the District 2-4A Track and Field Championships which start Friday in Andrews.

Sweetwater won last Saturday's meet with 139 points, followed by Levelland with 99, Snyder, San Angelo Lake View with 88, Big Spring with 79, Andrews with 56 and Lamesa with 2.

Katrina Reed won the 200 meter event, flashing a time of 26.47. A number of other Snyder girls wrapped up second place finishes.

Kim Koening took second in the 800 meters with a 2:36.20. Also placing second were the Lady Tiger 800 and 1,600 meter relay teams and Melissa Williams with a 5-0 in the high jump. The 1600 relay team of Koening, Reed, Melody Pickering and Dana Fenton ran a 4:24.45 while the 800 squad of Koening, Reed, Sharnette Thompson and Sandra Powell timed in at 1:51.26.

Snyder's "weight persons 400 relay" which included Anissa Reed, Cindy Martinez, Anne Osborn and Trina Brown, placed third in 1:00.17.

In other results:

- Snyder's 400 relay team of Thompson, Stephanie McKnight, Donna Clay and Michelle Pilgrim was fifth with a time of 55.48.
- Clay was fourth in the shot put with a 33-10¼.
- In the 3,200 run, Rana Eicke was fourth with a 14:16.22 and Osborn was sixth with a 15:01.33.
- Tracy Ball was sixth in the high jump with a 4-4.
- In the long jump, Thompson was fifth with a 15-6 and McKnight was sixth with a 15-2¾.
- In the 100 hurdles, Christi Comer placed fourth with a 17.42, Nichole Overman was fifth with a 17.97 and Louise Cates was sixth with an 18.84.
- In the 800 meters, Stephanie Warren was fifth with a 2:45.37 and Becky Becerra was sixth with a 2:47.03.
- Pickering placed fourth in the 400 meter run with a 66.46.
- Thompson was fourth in the 200 meters with a 28.01 and Sandra Powell was sixth with a 28.65.

In junior varsity competition, Shelly LaRoux ran a 7:05.60 to win the 1600 meters; Marci Rodriquez was third in the discus with a throw of 75-2 and Becky Bynum was sixth in the 100 meter hurdles with a time of 21.71.

The trio scored 17 points to place fifth overall.

"A lot of girls improved their times and their distances in the field events which is good going into district. A lot of our younger girls did really well in our JV division," said Coach Patty Grimmett. "I was proud of them."

Anissa Reed heaved the shot 30-4½ and Trina Brown threw 29-512, personal bests for both.

Cindy Martinez had an 86-2 in the discus for her best and Thompson's 15-6 in the long jump was also a personal goal.

JV stumbles against Lee

Snyder junior high baseball team lost a pair of games to Midland Lee Saturday, despite some power hitting in the first contest.

The Cats fell 19-9 in the opener though Randy Morris went two-for-four with a triple and a grand slam home run. Tracy Odom and Tommy Lane also cracked home runs.

Bert Otto was the LP. He was relieved in the fourth by Lane.

Lee also won the second game 15-5. Shane McCarter took the loss. He was relieved by Bart Morton in the fourth. Snyder managed just three hits in the game.

The young Tigers play again Tuesday, taking on Abilene High in Abilene at 4:15 p.m.

Not many points for Western...

Rodeo not helpful to WTC

BIG SPRING – Western Texas College, fighting to qualify for another trip to the College National Finals Rodeo, didn't improve its situation much here over the weekend.

The Western men placed fifth with 105 points at the event, the Howard College Rodeo, while the women were fourth in their division with 70.

"That's rodeo. It's just one of those deals where you've got to perform well in both rounds and get some breaks. We didn't have them, or if we did we didn't take advantage," said WTC Coach Bob Doty.

Western will give it another shot beginning Thursday when it competes in the New Mexico Junior College Rodeo at Hobbs, N.M.

Western's best overall performance came from Tana Whatley in the women's division, who won the average in the goat tying. She reached the finals with a 10.8 clocking, then took second there with a 9.8. Her 20.6 overall eclipsed the rest of the field.

Teammate Mistri Davis went into the finals with an 11.4 but her 12.6 there finished out of the running.

Three WTC students - Stephanie Weaver, Jessie Colburn and JoDitt Danley - all made the finals of the barrels. None placed in the short-go or average, however.

Most of Western's points in the men's division came from the saddle bronc event where Wesley Henderson took first in the short-go with a 77 and second in the average with a 147.

The other points were in the bareback. Adam Brewster took a 67 into the finals and scored a 75 there to split first place wth Howard's Ken Berry. Brewster's total 142 did not place in the average.

Western had unfortunate luck in the calf roping. National champion roper Keith Hudson had his calf tied in 9.1 - which would have won the long-go - but the calf got up.

Several other WTC students made the finals, though none of them were designated team members. Crockett sophomore Mark Minton placed fourth in the average of the bull riding with a 140 on two head. His 71 in the finals tied for third. Also, Troy Budvarson was fourth in the long-go of the saddle bronc with a 71 and fourth in the finals with a 70. Robert Fifer reached the finals of the event with a 69, but took a no-time.

Clay Cass took an 11.1 to the finals of the calf roping but clocked a 13.2 to finish out of the running. In the team roping, Jess Burner and Tom Figeroa and Jeff Gilbert and TSU's Perry Echols took no-times in the finals.

Kenny Riley, Hermleigh native who competes for Tarleton, took third in the short-go of the steer wrestling with a 5.6. He was fourth in the average with 13.5.

After losing the heavyweight championship to Jersey Joe Walcott in 1951, Ezzard Charles made three attempts to regain the crown. He lost all three, once to Walcott and twice to Rocky Marciano.

BIG SPRING – Snyder varsity baseball team, trying to snap a two-game losing skid, will play the front-running Big Spring Steers here Tuesday at 4 p.m.

Snyder is 6-6 on the season and 1-2 in District 2-4A play. The Steers are 6-9 overall but 2-0 in loop competition.

BUSINESS AND INDUSTRIAL NEWS

Hillside Memorial serves area for years

Hillside Memorial Gardens, located on the Colorado City Highway, has been serving Snyder and the Scurry County area for many years.

Hillside Memorial Gardens is a perpetual care cemetery governed by the State Banking Department. The one price you pay for perpetual care is the only one you ever have to pay. There are no yearly dues necessary for the upkeep of the property.

The staff at Hillside Memorial Gardens is committed to serving your best interests. W.C. and Greg Graves will be glad to help you with any of your pre-need planning. Eveyone plans for the future in one way or another whether with savings or insurance to take care of something that might happen. Why not prepare for the inevitable? Making the decision to purchase a Family Memorial Estate plan now insures that the decision is made together and one is not left to make it alone. Statistics show that these decisions are made 67 percent of the time by widows and children and 33 percent of the time by husbands. The purchase of a Family Memorial Estate plan can also be a savings plan because the deed is the equivalent of a paid up insurance policy.

Lots at Hillside Memorial Gardens are reasonably priced and they offer a Pre-Need Financial Plan of only 20 percent down and small monthly payments without interest or carrying charges. If the only time you have is on the weekends, Greg can be contacted at 573-5864 and will be glad to help you anytime.

Granite and bronze memorials are available at Hillside Monument Works and Greg goes to great lengths to see that the finished product is one that pleases the family members and reflects the individualism of the loved one for whom the monument has been created.

The staff at Hillside realizes that they provide an important service to the community and work hard to maintain the trust and confidence of the people. They will be happy to counsel with anyone at anytime concerning their present or future needs. Give them a call at 573-5251 or go by and visit with them at Hillside Memorial Gardens and Monument Works on the Colorado City Highway.

Iglehart Insurance coverage extensive

Iglehart Insurance Agency, located at 2310 25th Street, is owned and operated by Carol Iglehart.

Carol has worked for other insurance agents in Snyder since 1980 and on May 1, 1985 she received her recording agent's license and opened her own agency. She has attended spring and fall seminars keeping on top of the many changes in the insurance industry.

Hochheim Prairie Farm Mutual Insurance Company is her main company and offers low rates on homes, mobile homes, builder's risk, farms and livestock mortality for 4H and FFA annimals. She has one of the lowest rates around for mobile homes and rural property.

Aside from house insurance, Carol offers excellent low rates on autos and high performance vehicles for safe drivers as well as those with tickets, DWIs and those needing to file SR-22s with the state. Your premium can be financed for five, seven, eight or nine months depending on your needs.

"Coming into an insurance office that has a warm and friendly atmosphere is important to people," Carol stated. A lot of people do not understand insurance coverages and Carol explains the coverages, as everyone's needs are different. She has several companies to choose from to get the lowest rate possible.

On January 1, 1986, Carol became the branch manager of Hochheim Prairie Farm Mutual Branch 104 and in September of 1986, she welcomed Betty Kincheloe as her sales representative for Hochheim. Betty has seven years insurance experience and also represents the Horace Mann Companies. She or Carol can help you with all your insurance needs. They are happy to report that they have for their customers one of the best retirement plans available at this time

Not many points for Western...

Rodeo not helpful to WTC

BIG SPRING -- Western Texas College, fighting to qualify for another trip to the College National Finals Rodeo, didn't improve its situation much here over the weekend.

The Western men placed fifth with 105 points at the event, the Howard College Rodeo, while the women were fourth in their division with 70.

"That's rodeo. It's just one of those deals where you've got to perform well in both rounds and get some breaks. We didn't have them, or if we did we didn't take advantage," said WTC Coach Bob Doty.

Western will give it another shot beginning Thursday when it competes in the New Mexico Junior College Rodeo at Hobbs, N.M.

Western's best overall performance came from Tana Whatley in the women's division, who won the average in the goat tying. She reached the finals with a 10.8 clocking, then took second there with a 9.8. Her 20.6 overall eclipsed the rest of the field.

Teammate Mistri Davis went into the finals with an 11.4 but her 12.6 there finished out of the running.

Three WTC students - Stephanie Weaver, Jessie Colburn and JoDitt Danley - all made the finals of the barrels. None placed in the short-go or average, however.

Most of Western's points in the men's division came from the saddle bronc event where Wesley Henderson took first in the short-go with a 77 and second in the average with a 147.

The other points were in the bareback. Adam Brewster took a 67 into the finals and scored a 75 there to split first place wth Howard's Ken Berry. Brewster's total 142 did not place in the average.

Western had unfortunate luck in the calf roping. National champion roper Keith Hudson had his calf tied in 9.1 - which would have won the long-go - but the calf got up.

Several other WTC students made the finals, though none of them were designated team members. Crockett sophomore Mark Minton placed fourth in the average of the bull riding with a 140 on two head. His 71 in the finals tied for third. Also, Troy Budvarson was fourth in the long-go of the saddle bronc with a 71 and fourth in the finals with a 70. Robert Fifer reached the finals of the event with a 69, but took a no-time.

Clay Cass took an 11.1 to the finals of the calf roping but clocked a 13.2 to finish out of the running. In the team roping, Jess Burner and Tom Figeroa and Jeff Gilbert and TSU's Perry Echols took no-times in the finals.

Kenny Riley, Hermleigh native who competes for Tarleton, took third in the short-go of the steer wrestling with a 5.6. He was fourth in the average with 13.5.

After losing the heavyweight championship to Jersey Joe Walcott in 1951, Ezzard Charles made three attempts to regain the crown. He lost all three, once to Walcott and twice to Rocky Marciano.

Tigers test Big Spring

BIG SPRING -- Snyder varsity baseball team, trying to snap a two-game losing skid, will play the front-running Big Spring Steers here Tuesday at 4 p.m.

Snyder is 6-6 on the season and 1-2 in District 2-4A play. The Steers are 6-9 overall but 2-0 in loop competition.

BUSINESS AND INDUSTRIAL NEWS

Hillside Memorial serves area for years

Hillside Memorial Gardens, located on the Colorado City Highway, has been serving Snyder and the Scurry County area for many years.

Hillside Memorial Gardens is a perpetual care cemetery governed by the State Banking Department. The one price you pay for perpetual care is the only one you ever have to pay. There are no yearly dues necessary for the upkeep of the property.

The staff at Hillside Memorial Gardens is committed to serving your best interests. W.C. and Greg Graves will be glad to help you with any of your pre-need planning. Eveyone plans for the future in one way or another whether with savings or insurance to take care of something that might happen. Why not prepare for the inevitable? Making the decision to purchase a Family Memorial Estate plan now insures that the decision is made together and one is not left to make it alone. Statistics show that these decisions are made 67 percent of the time by widows and children and 33 percent of the time by husbands. The purchase of a Family Memorial Estate plan can also be a savings plan because the deed is the equivalent of a paid up insurance policy.

Lots at Hillside Memorial Gardens are reasonably priced and they offer a Pre-Need Financial Plan of only 20 percent down and small monthly payments without interest or carrying charges. If the only time you have is on the weekends, Greg can be contacted at 573-5864 and will be glad to help you anytime.

Granite and bronze memorials are available at Hillside Monument Works and Greg goes to great lengths to see that the finished product is one that pleases the family members and reflects the individualism of the loved one for whom the monument has been created.

The staff at Hillside realizes that they provide an important service to the community and work hard to maintain the trust and confidence of the people. They will be happy to counsel with anyone at anytime concerning their present or future needs. Give them a call at 573-5251 or go by and visit with them at Hillside Memorial Gardens and Monument Works on the Colorado City Highway.

Iglehart Insurance coverage extensive

Iglehart Insurance Agency, located at 2310 25th Street, is owned and operated by Carol Iglehart.

Carol has worked for other insurance agents in Snyder since 1980 and on May 1, 1985 she received her recording agent's license and opened her own agency. She has attended spring and fall seminars keeping on top of the many changes in the insurance industry.

Hochheim Prairie Farm Mutual Insurance Company is her main company and offers low rates on homes, mobile homes, builder's risk, farms and livestock mortality for 4H and FFA annimals. She has one of the lowest rates around for mobile homes and rural property.

Aside from house insurance, Carol offers excellent low rates on autos and high performance vehicles for safe drivers as well as those with tickets. DWIs and those needing to file SR-22s with the state. Your premium can be financed for five, seven, eight or nine months depending on your needs.

"Coming into an insurance office that has a warm and friendly atmosphere is important to people," Carol stated. A lot of people do not understand insurance coverages and Carol explains the coverages, as everyone's needs are different. She has several companies to choose from to get the lowest rate possible.

On January 1, 1986, Carol became the branch manager of Hochheim Prairie Farm Mutual Branch 104 and in September of 1986, she welcomed Betty Kincheloe as her sales representative for Hochheim. Betty has seven years insurance experience and also represents the Horace Mann Companies. She or Carol can help you with all your insurance needs. They are happy to report that they have for their customers one of the best retirement plans available at this time

SALES WITH NFIB

CONSIDER THE OPPORTUNITY

Rarely does an individual with strong sales skills have the opportunity to enjoy an exceptional income and be part of an organization with the ability to exert influence at state and national government levels on behalf of the nation's independent business community.

NFIB is the nation's largest and most vital business organization. We need Field Representatives who are goal-oriented, self motivated and dedicated to supporting independent business through building awareness and membership in NFIB.

We provide intensive field training with pay to our Sales Representatives along with a compensation package designed to meet their personal financial needs.

Consider the opportunity with NFIB. Send resume or letter of experience to **Dan Cahalen, Division Manager**, P.O. Box 292113, Lewisville, TX 75067. NFIB is an equal opportunity employer.

Hermleigh, Ira ISDs elect new board slate

Voters in Scurry County's two rural school districts went to the polls Saturday to elect a slate of school board officers.

Hermleigh voters re-elected only one of two incumbents in an at-large election. At Ira, one incumbent was re-elected while another was defeated.

At Hermleigh, incumbent Jimmy R. Hudgins was re-elected with 71 votes. Brian Blair, who received 43 votes, will join him on the board. Incumbent Jay Roemisch received 36 votes and Bobby G. Ford received 15 votes.

Eighty-nine total votes and seven absentee votes were cast in the election.

For Place I at Ira, incumbent Bo Robinson received 77 votes to 51 for challenger John "Pat" Chance.

For Place 2, Kirby Sterling received 87 votes to defeat incumbent Myron Calley, who received 45 votes.

Jim Wilson, incumbent, received 45 votes for Place 3. He was unopposed.

Twelve absentee and 132 total votes were cast.

Minor injuries noted with weekend wrecks

Individuals involved in two traffic mishaps in Snyder over the weekend were taken to Cogdell Memorial Hospital for examination and treatment of minor injuries.

Sara Reyna, 12, of 4100 Eastridge Dr. was taken to the local hospital for what police described as possible injuries following a wreck at 7:08 p.m. Saturday at the traffic circle in east Snyder.

Reyna was a passenger in a 1978 Dodge driven by Suzanne Becerra Bhatti of 4100 Eastridge Dr. They were in collision with a 1980 Chevrolet driven by Robin Olsen of 907 S. College Ave.

Timothy Curt Burnett, 26, of Rockwall was admitted to the local hospital for obsesvaton Sunday evening following a two-vehicle collision in the 3000 Block of Ave. E.

The wreck also caused a collision with a tree at the Allen Robertson residence at 419 30th St.

Burnett was the driver of a 1987 Dodge pickup which was in collision with a 1986 Dodge van driven by Lonnie Joe Russell of 4021 Eastridge Dr.

Police investigating Sunday's mishap placed Burnett under arrest for driving while intoxicated prior to his being taken to the hospital.

Hospital Notes

ADMISSIONS: Donald Ray Brown, 311 35th; Ola Randolph, Snyder Oaks Care Center; Timothy Burnett, 2611 El Paso; Lillian Higdon, Arah Rt.; Timothy Lemons, Rt. 1.

DISMISSALS: Margie Neal, Billy Tim Atwood, Annie Mena, Amanda Chambers, Myrtle Evans, Ethel Mae Sturdivant.

City agenda noted below

council to study it prior to its implementation.

During this past year, Lone Star estimates its cost of operation "per customer" increased approximately one-half of 1 percent, figured at .57. Part of the CSA formula also takes into account an estimated annual rate of inflation of 2.6 percent.

In addition Monday, the council will hear a report from the Lubbock-based firm of Parkhill, Smith and Cooper regarding their recent study of trihalamethane levels in city drinking water plus a recommendation regarding an upgrade of the local water treatment plant.

Council members will also canvass votes from Saturday's city council election. New council members are to be sworn in next Tuesday, April 14, at 11:30 a.m.

Other agenda items Monday include:

BIDS

—Consider bids on street pothole patching equipment.

—Consider bids on lime for the water plant.

—Consider bids on chlorine for the water plant.

NEW BUSINESS

—Submission of the audited comprehensive annual financial report for the fiscal year ending Sept. 30, submitted by the financial director.

—Consider a resolution designating "no parking" on 25th St. between H and Q streets.

—Discuss the alley between Aves. U and T adjacent to 31st St.

OLD BUSINESS

—A reading of the final plat of the Dupree sub-division located in the 1700 Block of Ave. M.

Stage band earns 1sts

The Snyder High School stage band earned first division (superior) ratings in both concert and sight reading contests at the Texas Tech Jazz Festival in Lubbock Saturday.

Point scores for the local group earned them first place in the Class 4A sightreading contest and fourth place in the concert contest.

Placing ahead of Snyder in the concert contest were bands from Midlothian High School, Borger High School and Montezuma High School in Cortez, Colo.

Three individual performers from Snyder were named to the festival's all-star band including Anne Devers on alto saxophone, John Zalman on trumpet; and Bryan Thrower on drums.

School board to reorganize

single member district seats will come up for re-election next spring. In 1989, the three at-large candidate's positions will expire; and in 1990, the two single member district seats for 1 and 4 will again come up for vote.

In all future votes of the board, trustees will be elected for three-year terms.

From Saturday's election, other at-large candidates and their vote counts were: J.D. Hinton, 477; Jerry Martin, 471; Ruben C. Martinez, 407; Travis Hatter, 369; LeRoy Hessler, 255; Anastacio Alvarez, 238; Don E. Cole, 159; and David O. Johnson, 91.

In the District 1 race, Vernon Clay also polled 72 votes; and in District 4, Glen McGuire polled 137 votes.

In District 1, Gus Tovar had withdrawn as a candidate but his name remained on the ballot; with a similar situation involving Wayne Monroney in District 4. Tovar gained 9 votes and Monroney, 41.

Saturday's ballot ushered in the single member district concept for the Snyder school board and ended litigation pending against the district since October of 1985.

The makeup of the board now consists of four members elected from specific areas of the city and three elected at-large.

2 fire runs occur

Units of the Snyder Fire Department responded to two alarms over the weekend, dousing two grass and trash fires Saturday afternoon.

The first was reported at the intersection of Texas Ave. and Ave. O at 1 p.m. and the second at 1900 Ave. N at 1:58 p.m.

No property damage was reported from either blaze.

Hermleigh, Ira ISDs elect new board slate

Voters in Scurry County's two rural school districts went to the polls Saturday to elect a slate of school board officers.

Hermleigh voters re-elected only one of two incumbents in an at-large election. At Ira, one incumbent was re-elected while another was defeated.

At Hermleigh, incumbent Jimmy R. Hudgins was re-elected with 71 votes. Brian Blair, who received 43 votes, will join him on the board. Incumbent Jay Roemisch received 36 votes and Bobby G. Ford received 15 votes.

Eighty-nine total votes and seven absentee votes were cast in the election.

For Place I at Ira, incumbent Bo Robinson received 77 votes to 51 for challenger John "Pat" Chance.

For Place 2, Kirby Sterling received 87 votes to defeat incumbent Myron Calley, who received 45 votes.

Jim Wilson, incumbent, received 45 votes for Place 3. He was unopposed.

Twelve absentee and 132 total votes were cast.

Minor injuries noted with weekend wrecks

Individuals involved in two traffic mishaps in Snyder over the weekend were taken to Cogdell Memorial Hospital for examination and treatment of minor injuries.

Sara Reyna, 12, of 4100 Eastridge Dr. was taken to the local hospital for what police described as possible injuries following a wreck at 7:08 p.m. Saturday at the traffic circle in east Snyder.

Reyna was a passenger in a 1978 Dodge driven by Suzanne Becerra Bhatti of 4100 Eastridge Dr. They were in collision with a 1980 Chevrolet driven by Robin Olsen of 907 S. College Ave.

Timothy Curt Burnett, 26, of Rockwall was admitted to the local hospital for observaton Sunday evening following a two-vehicle collision in the 3000 Block of Ave. E.

The wreck also caused a collision with a tree at the Allen Robertson residence at 419 30th St.

Burnett was the driver of a 1987 Dodge pickup which was in collision with a 1986 Dodge van driven by Lonnie Joe Russell of 4021 Eastridge Dr.

Police investigating Sunday's mishap placed Burnett under arrest for driving while intoxicated prior to his being taken to the hospital.

council to study it prior to its implementation.

During this past year, Lone Star estimates its cost of operation "per customer" increased approximately one-half of 1 percent, figured at .57. Part of the CSA formula also takes into account an estimated annual rate of inflation of 2.6 percent.

In addition Monday, the council will hear a report from the Lubbock-based firm of Parkhill, Smith and Cooper regarding their recent study of trihalamethane levels in city drinking water plus a recommendation regarding an upgrade of the local water treatment plant.

Council members will also canvass votes from Saturday's city council election. New council members are to be sworn in next Tuesday, April 14, at 11:30 a.m.

Other agenda items Monday include:

BIDS

—Consider bids on street pothole patching equipment.

—Consider bids on lime for the water plant.

—Consider bids on chlorine for the water plant.

NEW BUSINESS

—Submission of the audited comprehensive annual financial report for the fiscal year ending Sept. 30, submitted by the financial director.

—Consider a resolution designating "no parking" on 25th St. between H and Q streets.

—Discuss the alley between Aves. U and T adjacent to 31st St.

OLD BUSINESS

—A reading of the final plat of the Dupree sub-division located in the 1700 Block of Ave. M.

Stage band earns 1sts

The Snyder High School stage band earned first division (superior) ratings in both concert and sight reading contests at the Texas Tech Jazz Festival in Lubbock Saturday.

Point scores for the local group earned them first place in the Class 4A sightreading contest and fourth place in the concert contest.

Placing ahead of Snyder in the concert contest were bands from Midlothian High School, Borger High School and Montezuma High School in Cortez, Colo.

Three individual performers from Snyder were named to the festival's all-star band including Anne Devers on alto saxophone, John Zalman on trumpet, and Bryan Thrower on drums.

School board to reorganize

single member district seats will come up for re-election next spring. In 1989, the three at-large candidate's positions will expire; and in 1990, the two single member district seats for 1 and 4 will again come up for vote.

In all future votes of the board, trustees will be elected for three-year terms.

From Saturday's election, other at-large candidates and their vote counts were: J.D. Hinton, 477; Jerry Martin, 471; Ruben C. Martinez, 407; Travis Hatter, 369; LeRoy Hessler, 255; Anastacio Alvarez, 238; Don E. Cole, 159; and David O. Johnson, 91.

In the District 1 race, Vernon Clay also polled 72 votes; and in District 4, Glen McGuire polled 137 votes.

In District 1, Gus Tovar had withdrawn as a candidate but his name remained on the ballot; with a similar situation involving Wayne Monroney in District 4. Tovar gained 9 votes and Monroney, 41.

Saturday's ballot ushered in the single member district concept for the Snyder school board and ended litigation pending against the district since October of 1985.

The makeup of the board now consists of four members elected from specific areas of the city and three elected at-large.

2 fire runs occur

Units of the Snyder Fire Department responded to two alarms over the weekend, dousing two grass and trash fires Saturday afternoon.

The first was reported at the intersection of Texas Ave. and Ave. O at 1 p.m. and the second at 1900 Ave. N at 1:58 p.m.

No property damage was reported from either blaze.

Tax collection vote discussed

wording on the ballot would be to close the county tax office. Assuming voters turned this down, he suggested the court reach an agreement with members of the appraisal board to close the district's collection department.

In other action, commissioners authorized County Judge Bobby Goodwin to sign a maintenance contract with Esco Elevator Co. of Fort Worth. The county will save 5 percent by paying a yearly premium rather than a monthly premium for a cost of just over $1,600.

The judge was also authorized to sign an engineering agreement with Bane McCrary Bane Engineers of San Antonio for county airport improvements at Winston Field. Plans and specifications for the project will be available to court members next Monday and representatives from the firm will meet with commissioners on April 15. Construction is scheduled to begin by the middle of the month.

Court members also authorized the judge to secure insurance to cover probationers working for the county under the community service restitution program. Coverage will cost some $71.

Commissioners took no action on a request by People for Progress based in Sweetwater to approve a resolution for a joint transportation program with Mitchell and Taylor counties.

Partisan fight shaping up in Dallas

DALLAS (AP) — It's Annette Strauss vs. Fred Meyer in the battle for Dallas mayor — a partisan fight that marks a departure from the independent tradition of past local elections.

Mrs. Strauss, the mayor pro tem, is the sister-in-law of former Democratic National Chairman Robert Strauss, and Meyer served seven years as the county Republican chairman for Dallas County and was a force in planning the 1984 national GOP convention here.

Mrs. Strauss, 63, won more than 40 percent of the vote Saturday in her bid to become the first woman mayor of the nation's seventh-largest city.

Injuries occur for four today

Continued From Page 1

Dacy, 74, also a passenger in the Davis car, were also taken to Cogdell for treatment of minor injuries.

According to Department of Public Safety highway patrolmen, Stahl was crossing 84 at the flashing light in front of the Hermleigh Allsup's store when the wreck occurred.

Commissary earns a profit

FORT WORTH, Texas (AP) — Tarrant County Sheriff Don Carpenter makes no bones about using profits from his jail commissary for himself, his department and his employees.

But the Texas Attorney General's office has been picking bones over that kind of operation for 24 years now, and a county commissioner has vowed to break Carpenter of it.

Since buying the commissary from outgoing Sheriff Lon Evans for $10,000 on Jan. 1, 1985, Carpenter says he has spent most of the profits to improve his department and throw Christmas barbecues for employees.

And of the $76,000 profit he expects the commissary to turn in 1987, he hopes to keep about $9,000 for himself.

Over the past 24 years, the attorney general's office has issued four opinions that say jail commissaries must be subject to periodic audits and that earnings be directed solely "for the benefit, education and welfare of jail inmates."

Carpenter tells the Dallas Times Herald he has chosen to ignore those opinions.

"Know what an opinion is? Just that, an opinion," Carpenter said.

Carpenter contends that the attorney general's opinions have been wrong, that the commissary does not have to be publicly audited and that the profits do not have to be used to benefit the inmates.

But Tarrant County Commissioner Bob Hampton has vowed to fight to have the commissary placed under public control and to have the operation audited regularly.

"My concern is not with Don Carpenter. It's with the principle of the matter," Hampton said, estimating the commissary in the Tarrant County Jail grosses $1 million a year.

"Those are public funds. They do not belong to any one person or the sheriff," Hampton said.

Carpenter's commissary — which sells toiletries, cigarettes, snacks, stationery and stamps — is the only one among the state's six largest urban counties to be privately held and operated, the Times Herald reported.

All but Carpenter's devote the bulk of the profits from their jail commissaries to the purchase of television sets, recreation equipment, emergency aid and other benefits for inmates.

Area watering hole is to remain wet

BUFFALO GAP, Texas (AP) — More than 21 years ago, this West Texas town voted to allow the sale of booze, launching an era that made Buffalo Gap an alcoholic oasis in a region of dry counties and cities.

Voters thwarted an attempt to reverse that election on Saturday, rejecting a challenge to the sale of alcoholic beverages by a 3-to-1 margin in a 210-70 vote.

The town for years was a haven for thirsty Abilene residents after voting to allow alcohol sales in 1965 following more than 60 years of prohibition. Abilene, the regional capital to the north, voted along similar lines in 1978.

In Buffalo Gap, people started gathering in front of city hall shortly before the polls closed at 7 p.m. About 20 minutes later, as votes were being counted, prohibition and anti-prohibition supporters stood outside the windows, peeking in and looking for a sign of the results.

When the prohibition election results were announced, "wet" supporters let out a cheer and raised their fists.

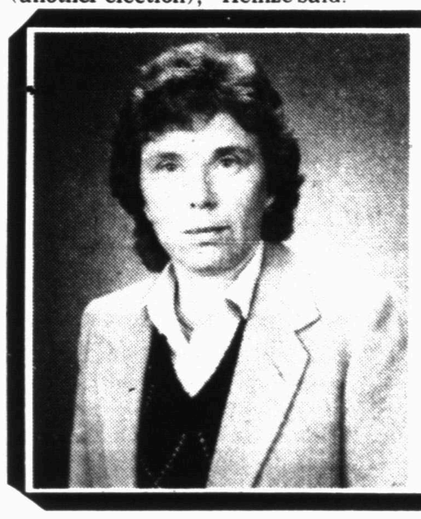

"I'm thrilled to death," said Peggy Lowe Brolls, a trustee of the trust that owns land where liquor can be sold. "We did our homework. I was optimistic but concerned. I hope we don't have to do this again soon."

"I'm disappointed," said the Rev. Wayne Heinze, minister of Buffalo Gap Baptist Church and leader of the prohibition movement. "Fear of increasing taxes seemed to be the overwhelming factor."

Heinze said he would continue working on the problem of teenage drinking, but as no plans for another try at turning the town "dry."

"I probably would be foolish to say we'll come back with it (another election)," Heinze said.

The prohibition issue clearly divided the town during the past few months.

Thank You for Your Support in the School Board Election

Six arrested here

Police logged six misdemeanor arrests over the weekend.

A 31-year-old male suspect was arrested for theft just after 10 a.m. Sunday after employees of Furr's Supermarket reported having a shoplifting suspect in their store.

Four suspects were picked up for public intoxication including a juvenile released to the custody of his parents and a man additionally charged with unlawfully carrying a weapon at the Jasso Club on the Old Lubbock Highway.

One female suspect was jailed Saturday on a warrant for failure to pay a fine for a previous public intoxication offense.

Nomination due for VFW officers

Nomination of officers for VFW Post 8231 for the coming year is planned Monday. A joint meeting of the post membership and its auxiliary will be at 7 p.m. with the regular meeting to follow at 7:30.

The officers will be elected April 20 for both the VFW and the ladies auxiliary.

Borden County approves bingo

Borden County voters returned two incumbents to their seats on the school board Saturday. In addition, Borden County voters passed a local option bingo provision.

At Borden County, two incumbents--Jack McFaul and Jon Monger--were returned to their seats on the school board. McFaul received 226 votes and Monger received 243 votes. Challenger Guy Zant received 92 votes.

Sixty-two absentee and 301 total votes were cast.

Local option bingo passed 230-46.

The largest iceberg ever recorded was some 200 by 60 miles.

McDonald's has Welding Machines and Supplies

McDonald Welding Supply has gained a reputation for service, and for good reason. The staff at McDonald Welding Supply comes early and stays late. This is especially important to the area's busy oil fields, and this is why so many companies have depended on McDonald Welding Supply for their supply needs.

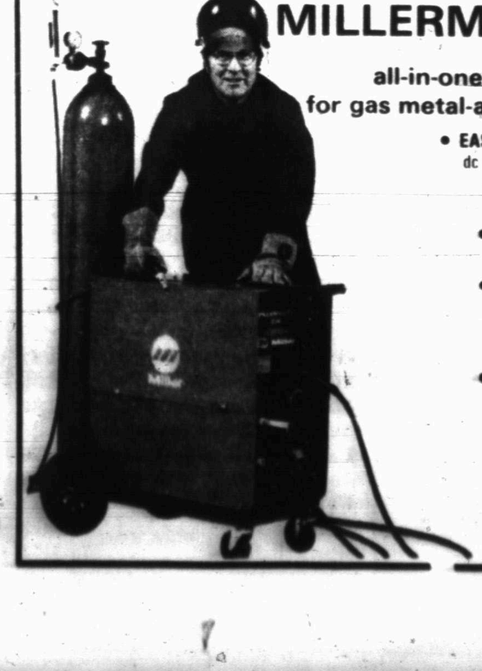

The firm serves an area bounded by Sweetwater to Loraine to Colorado City and Big Spring and back to Snyder. The Company has three 18 foot bobtail trucks for delivery to farms, businesses and well locations.

In stock at McDonald Welding Supply is the Miller and Lincolin Welding equipment line, which includes small engine drives and electric machine for farm and home use. They also have a large stock of smaller welders. They vary in size and can fit in the rear of a foreign truck as well as a two-ton truck. In addition, they carry Victor and Uniweld welding and cutting equipment and Walton vises.

If you need steel for oilfield fabrication, you can find exactly what you need at McDonald Welding Supply. The firm has a complete line of Milwaukee heavy duty electric drills and grinders. They have Williams hammer wrenches and heavy tools.

Safety equipment of all types is stocked including goggles, first aid kits and refills, hard hats, liners and fire extinguishers. This popular business also stocks chains, cable, tubing and chain hoists. They have recently added a complete line of Grade "8" Hard Bolts and Nuts in sizes from 5/16 to 1 ¼. Blocks as well as all types of pulleys may be added to the list.

The available list of supplies is almost endless, just ask for it. Stop by and see Gayle or Jack McDonald and the staff at McDonald Welding Supply, 1110 College Ave.
