They're as busy as beavers at the new General Telephone Company building getting things ready for the "zero hour," and Post's cutover to dial telephones. A big part of the job is dial tests—checking both inward and outward, in other words. Shown above running "papers" on the main distributing frame is R. E. Haggard, central office repairman. The distributing frame is the equipment on which they are making the out-dial tests.

Pool trustees new contract with tax firm

Independent School District at their November meeting last night approved a contract with the coming year with the tax evaluation engineering firm of Pritchard and Abbott.

Trustees turned down a request for a rate increase from two to three cents per \$100 valuation as requested by Wilson, a representative of the tax firm.

Other actions, trustees: Accepted the resignation of Mrs. Stepien as a teacher in Lincoln elementary school and the employment of Mrs. Sayles, former teacher for ten years, as her successor, as Supt. R. T. Smith's recommendation.

Approved the school district audit for the year ending Aug. 31, as presented by Harold P. Ballinger, the auditor, and to pay Wine \$400 for the audit and relieve him for next year.

Approved the request of the Lincoln school boys and girls to use the old gym for basketball during the winter season.

Approved to pay material costs of \$150 to get running water to the 4-H building to the new pens and thus prevent necessity of hauling water by truck. The FFA and his boys will pay for the line.

Approved the rate increase requested by Pritchard and Abbott, Hunt and Haggard, to 4 cents per \$100 valuation, but that he was hoping for an increase to 3 cents. The increase was asked for the need for additional funds to do the job efficiently and the local school district in what others are paying for same work.

Approved their school budget was "too tight" as to take such a boost next year, especially with oil valuations possible losses unless production goes up. Approved the district in shape financially and doing property in its fiscal year, according to Wine's report. Approved indebtedness for the district of \$1,163,900 in bonds maturing as of Aug. 31, 1960. **SCHOOL BOARD, Page 8**

Huntley field and three-fourths of a mile northwest of a 3,280 foot duster.

The wildcat will be drilled to 2,800 feet with rotary tools. Continental's new discovery well, located on the south edge of the Threetway (San Andres, Golieta) field, moved Strawn production eight miles northwest in Garza and is the most northerly deep production in the county.

It was potential pumping for 143 barrels of oil and eight barrels of water in 24 hours plus 243,000 cubic feet of gas per day for a gas-oil ratio of 1,701-1.

Production is through perforations in the Strawn from 8,418-23 feet after acidizing with 500 gallons. Total depth of the test is 9,015 feet and hole is plugged back to 8,660 feet with 5 1/2 inch casing set at 8,735 feet.

The discovery, on a 162-acre lease, is located 138 feet north and 525 feet east of the southwest corner of Survey 3, Scrap File 8,370.

The railroad commission in Austin Tuesday ordered a nine-day production pattern for December, snapping a string of seven months in which wells had been held down to eight days.

Lions planning big chili supper

The Lions Club is planning a Benefit Chili Supper for early January to raise funds for some community projects.

The chili supper will replace the pancake supper which the club has been staging in recent years.

At its Tuesday dinner meeting, Lions saw a film about Burlington Industries and their relationship with their plant communities. The film was shown by Chant Lee, Postex Cotton Mills personnel director, who invited Lions members to visit the plant and become familiar with its constantly improving operations.

Those attending the open house will register for a free photo-electric yard light to be given away and installed by Tex-Sun Homes.

Westgate Terrace, Post's only FHA-approved restricted residential addition, has 48 home sites with eleven new homes either complete, under construction, or ready for starting soon.

Curb and guttering has been completed through half of the addition and the street is ready for paving.

A full-page announcement of the

open house in Westgate Terrace appears on page 13 of today's Dispatch.

Patterson, who began his housing development here in the spring, also announced the appointment of Ron Boucher as general manager of his residential development firm. Boucher will move from Lubbock to Post to make his home here. A residence for Boucher will be started soon in Westgate Terrace.

Victor and Marvin Hudman are staging a real weekend opening for their twice-as-big Hudman Furniture Store now that they have completed their move into the new half of their building. They've added 5,600 square feet of furniture display space and figure they're ready to give Post folks all the furniture selection they can want. Over on page 3 you'll find their page announcement of their Once-a-Year Sale and Open House. The open house is to celebrate the store expansion and the Hudmans' 15th anniversary in the furniture business here. The sale and open house start Friday morning. If you're interested in furniture bargains, they have a page full and more. If you just want to be neighborly stop in and see their twice-as-big store and all the furniture they are now able to display. Sign up for the free door prizes in either event. We want to congratulate Victor and Marvin, as we know all Post business people do, for their fine addition to Post's Main Street and to their demonstrated faith in the future of this community.

We've been so busy hustling news this week we haven't had time to give much thought to column material. Our shop foreman, Buck Hundley, is out of the hospital and home with his fractured leg and we have hopes of having him back at work in another week or two, leg in splint and all.

Meanwhile Editor Charlie Didway has fought off a weekend bout with the flu and is continuing to "get the paper out" by taking over for Buck on our big Intertype machine and turning in a real workmanlike back shop effort.

The news this week is good—economically. The cotton crop shapes up as the best since 1949, the milo crop was a humdinger, and the oil industry shows signs of perking up with six rigs now running in the county, a one-day boost in production days slated for December, and the new discovery well northwest of Post promising.

Garza's cotton harvest should be county's biggest since 1949

Chest now at 65% of goal

With Garza County's 1961 Community Chest drive just beginning to reach all segments of the population, collections Wednesday afternoon totaled \$8,928.20—or better than 65 per cent of the record-sized chest goal of \$13,572.

Of the total reported to date, \$8,478.20 is from the big gifts division headed by Irby G. Metcalf Jr.

J. B. Potts, chairman of the rural division, reported \$450 in contributions in, but things just beginning to move.

Leo Acker, overall chairman of the 1961 Chest drive, is optimistic

that the goal will be reached.

"We're going to reach more people than last year," Acker declared. He already has several divisions hard at work soliciting employees.

Postex Mill employees—486 strong—are well over 50 per cent completed with their contributions. Chant Lee, personnel director, at the mill told The Dispatch yesterday the mill told The Dispatch yesterday. None of Postex employees contributions are yet included in the drive total.

"We will equal or top the better than \$1,400 contributed last year

by mill employees", Lee said.

"Drive leaders hope that Postex employees will average \$5 a family in Chest giving this year.

Potts reported that Community Chest contribution boxes have been placed in all gin offices in the county with farmers asked to make their Chest contributions there and save a lot of contact work all over the county.

He asked farm folks not making contributions at the gins to see the following persons in their communities to make their contributions: Mr. and Mrs. Tommy Markham

or Mrs. Quannah Maxey, Graham; Mrs. L. G. Thuet Jr., Close City; Buddy Hall, Pleasant Valley; Mrs. W. A. Pritchard, Hackberry; Dan Siewert or Mrs. Jack Myers, Southland; Buck Craft, Planters Gin; Mrs. Tom Henderson, Barnum Springs; and Mrs. Pearl Nance, Justiceburg.

Said Potts, "We're just getting started."

The big gifts division still had a lot of cards out and unreported.

Acker expects it to require another ten days or two weeks to complete the Chest campaign in all divisions.

20,000 or more bales predicted

Production-wise, Garza County's, 1960 cotton crop should be the biggest since the 23,000 bale whooper back in 1949.

That was the prediction today of County Agent Lewis Herron.

He figures the county's cotton harvest will hit or pass the 20,000 bale figure.

Herron made the prediction after visiting all of the county's gins Wednesday morning.

He found 12,803 bales already ginned, with ginner's reporting their areas from half to two-thirds harvested.

The bale count by gins as of yesterday morning:

Storie 982, Graham 2,500, Close City 1,250, Pleasant Valley 1,637, Basinger at Southland 2,425, Hackberry 2,985 (across county line but figured to be half Garza cotton), and Planter's, 1,431.

If present good weather holds, the county's cotton harvest will be completed by late November, Herron said.

He commented that the heavy rains just before the harvest did cut the cotton grade to some extent. He also reported farmers are having to wait on the cotton in some fields to mature before machine harvesting.

Garza's milo crop, now virtually harvested, was a good one, Herron added. He estimated the milo averaged a ton to the acre.

Dick Dickinsons seriously hurt in fatal wreck

Mrs. Dezzie Power Dickinson, mother of Tom Power and a longtime former Post resident, and her husband, C. I. (Dick) Dickinson of Levelland were seriously injured about 5:10 p. m. Saturday in a fatal auto wreck on the farm-to-market road a mile west of Posey.

Fatally injured in the crash was Mrs. Early Daniel, 58, of Route 1, Lubbock, who died at 11:20 that same night in the West Texas Hospital at Lubbock. Daniel was hospitalized with a chest injury.

Mrs. Dickinson suffered a broken and shattered left thigh and a broken and shattered left ankle, lacerations to her right leg, and facial and body bruises.

Dickinson, 77, had several ribs broken and both knees injured. He is retired from business after serving 47 years for the C. W. Post estate.

The Dickinsons are in rooms 400 and 404 of the Methodist Hospital in Lubbock where Mrs. Dickinson probably will remain for several weeks and undergo surgery on ankle and thigh.

The accident occurred when the

Two released from hospitals

Will Scarborough, proprietor of the American Cafe, remained in serious condition in the Methodist Hospital at Lubbock this week as the result of injuries suffered in a head-on crash between the car he was driving and a trailer truck near Slaton Nov. 6.

He underwent surgery Tuesday there to have his broken jaw wired and suffered a muscular contraction in his throat during the operation which was choking him. Surgeons quickly opened his throat and inserted a tube to give him enough air to breathe.

His shattered left leg has yet to be set.

The other two Post men injured in the same crash have been released from Lubbock and Slaton hospitals.

E. C. (Buck) Hundley, a shop foreman here at The Dispatch, was released from the Mercy Hospital in Slaton Tuesday morning to his home here. He has a fractured left leg.

Lowell (Pat) Caddell, cook at the American Cafe, was released from the Lubbock hospital and the cafe has now reopened for business with Caddell cooking.

Slaton area will vote third time on liquor on Dec. 10

Slaton area voters will go to the polls Dec. 10 for the third time in 14 months to vote on legalizing liquor.

A "wet victory" would open package stores just beyond Lubbock's southern city limits on both the Slaton and Tahoka highways.

The Lubbock County Commissioners set the legal liquor election in Precinct 2 Monday following a heated discussion and a petition requesting such an election signed by 807 persons.

All this came as no surprise. A group of precinct wets, who lost to the dries a year ago this month in the first liquor election, have been busy passing the petitions for some weeks.

Spokesmen for the precinct wets

were Norbert Kitten and Clarence Kitten, southeast Lubbock County farmers.

Some 745 of the 807 petition signers were certified by the Lubbock county clerk making calling of the election mandatory.

The argument developed as to whether the city of Slaton would be wet or dry should the precinct election carry. The state law says that only one liquor election will be held annually on the same question.

The city of Slaton turned down package store 10 days ago 968 to 842 and it was argued before the Lubbock commissioners court the law forbids them to vote again on the issue for a year.

The Lubbock commissioners decided to ask the state attorney general for an opinion on this part of the law, but meanwhile to go ahead with plans for the precinct election.

There is considerable speculation as to whether the wets will win and make the third time a charm. Slaton city voters were more heavily dry this month than a year ago in the first liquor election.

With little to gain from a wet precinct victory as the Lubbock liquor trade would be lost to operations just outside the Lubbock city limits, Slaton may vote even "drier" in December. That could be enough to give the dries a third straight poll triumph.

Community Thanks service Nov. 24

A Community Thanksgiving Service, sponsored by the Post Ministerial Alliance, will be held at 8 p. m. next Wednesday, Nov. 24, in the Church of the Nazarene.

Everyone is invited to attend.

The Thanksgiving message, "Holy Thanks", will be brought by the Rev. Ed Herring, new Presbyterian church pastor.

The First Baptist choir will sing "Thanksgiving Hymn."

Other local pastors participating in the service include Rev. C. B. Hogue, call to worship; Rev. J. R. Brincefield, invocation; Rev. Graydon Howell, scripture reading; Rev. J. T. Crawford, prayer of Thanksgiving; and Rev. Gene Matthews, benediction.

SMALL GIN FIRE

A small fire at the Pleasant Valley Gin Monday afternoon brought the Post Volunteer Fire Department out for a rural fire run, but the gin fire had been extinguished before firemen arrived.

Unidentified assailant escapes as—

Young cotton picker shot in back Sunday

A young Mexican cotton picker from San Antonio was clubbed from behind with a chain and then shot in the back Sunday afternoon in the lobby of the Garza theatre.

Joe Rodriguez, 15, victim of the shooting, was termed "lucky to be alive" by the attending physician.

His assailant ran out the front door of the movie house and made good his escape.

Powder burns indicate that the pistol was virtually held against Rodriguez' back. The bullet, possibly deflected by muscles or spinal

cord, missed the youth's lungs and came out at the shoulder.

Rodriguez was rushed to Garza Memorial Hospital for treatment. He is still in the hospital.

The shooting victim told investigating officers that he had just stepped out of the rest room into the theater lobby when he was hit on the back of his head by a chain wielded by somebody he did not see.

When he fell to the floor, he was shot in the back.

Kenneth Baker, who was operating the theater concession stand in the lobby, told Sheriff Carl Rains that Rodriguez' assailant was a slim Mexican youth, about 20 years old and 5 feet, 8 inches tall whom he did not know. He said the youth ran out the front door after firing a single shot.

Others said two or three shots were fired.

Deputy Sheriff Red Floyd, who was driving past the theater just as they were carrying out Rodriguez, said it appeared that two other bullets had hit lobby walls.

According to officers Rodriguez could give no reason for the attack.

Isquardo, who pleaded guilty Nov. 7, also was fined \$75, sentenced to three days in jail, and had his driver's license suspended for 30 days.

Two plead guilty to drunk driving

Tommy Mathis of Slaton and Frank Isquardo of Lubbock have both pleaded guilty to drunk while driving charges before County Judge J. E. Parker.

Mathis, who pleaded guilty Saturday, was fined \$75, sentenced to three days in jail, and had his driver's license ordered suspended for six months.

Isquardo, who pleaded guilty Nov. 7, also was fined \$75, sentenced to three days in jail, and had his driver's license suspended for 30 days.

High school band to make trips next week

Post's high school band will "hit the road" twice next week.

Coach Bob Meisch will take his musicians to Brownfield Tuesday night to compete with 25 to 30 other high school bands in the Interscholastic League's marching contest.

Then next Friday the band will leave by school bus for Dallas where they will participate with one other invited high school band and the SMU band in pre-game ceremonies for the SMU-TCU game.

Mexican dance halted after youth is stabbed

Sheriff Carl Rains stopped a dance for Mexicans at the American Legion Hall Saturday night after one Mexican youth had been stabbed in the back by an unidentified assailant and another had shot himself in the finger accidentally.

Legion post authorities said Monday the hall will not be rented for any such dance in the future.

Stabbed in the back about 11 p. m. was Paul Soto, 15, of Post who was given emergency treat-

ment at the Garza Memorial Hospital here and released after 36 hours observation.

According to investigating officers, the stabbing occurred as a result of a "ruckus" at the dance, but took place in the 100 block on West Main.

Soto could not identify his assailant, officers said.

Wounded in the finger by a gunshot wound was Elbino Jaramillo, 22, of near Grassland, who was given treatment at Garza Memorial. See YOUTH STABBED, Page 8

Three points to remember

Garza County's 1961 Community Chest drive is heading into the home stretch today with considerable money still needed to put the record-sized 13,572 campaign over the top.

A lot of readers have still to make their contributions. If you haven't given cash or pledge as yet, we ask you to remember these points:

1. The Chest is the community way of doing all our fund raising in one whack. That means your contribution should be big enough for all the nine participating agencies which depend upon the Chest for their operating funds for next year.

2. You may be missed. It is difficult to contact everyone. If you are, please step forward and volunteer your contribution. It can be left at the bank.

3. You don't have to make your full contribution in cash. If you prefer a deferred payment plan with so much a quarter or so much a month, such a plan is provided whereby you can do so with regular payments to a Chest official at the bank via either check or draft upon your account.

The Chest has been successful here in recent years because of the hard work and devotion of local business and professional folks who know the "one way drive" is best.

But the Chest way has that drawback of not

getting proportionate payment for nine organizations in many cases. That's why the point needs to be emphasized over and over again.

Remember, too, that your Chest organization not only provides the machinery to collect Chest contributions, but also takes considerable time and trouble in making up the Chest budget. A committee carefully considers proposed Chest requests from all participating organizations before recommending the budget. In turn, the proposed budget is approved by the Chest directors, who are very representative of every facet of Garza County community life.

This is a protection to you. It is protection that your gift dollars will be well used and are needed.

Any way you look at it, the Chest way is the best way to raise funds. We urge you to support your Community Chest, not only in the current fund drive, but all through the year.

Ask any other fund raising agency to "get into the Chest." That way the amount of contributions from Garza countians will have some measure of home control.

But first off, let's make the current Chest drive a success. Be sure you give—and give generously.—JC

11 tips on writing George

When it comes to your congressman, don't gripe—write.

That is good advice which we saw recently on another editorial page.

"Accurate and useful information sent to him by a voter in his district is always appreciated," the editorial pointed out. "He welcomes hearing from 'back home' because it shows him the people know he is alive and are interested in what he is doing."

"Until we realize our representatives in Congress want and welcome our views and we take the trouble to communicate frequently, our relations in Washington will not be what they should be—or ought to be."

The editorial then gives the following ten tips on writing your congressman:

1. Keep your letters as brief as possible.
2. Tell the essentials about yourself or your business.
3. Be forthright: If you're for something, say so. Don't beat around the bush.
4. Avoid emotion; prove your case with facts

and figures.

5. Be reasonable: seek only possible things.

6. Speak for yourself: use your own stationery and letter style.

7. Be courteous: compliment him on a good speech, thank him for a good vote, and recognize his staff, too.

8. Request action: your man is elected to do something.

9. Ask for an answer: you've told him where you stand. Ask him where he stands.

10. Don't stop with one letter. Keep your congressman informed of your views on all important legislation.

Most congressmen "vote their mail." When Congress is debating a bill, the congressmen read their mail each morning. It shapes their opinions. If he doesn't have your opinion, then you don't help him make up his mind.

To the ten tips on writing your congressman, we can think of only one that was left out.

So here it is.

1. Get his name right.—JC

Airport plan ideal solution

Local air enthusiasts can expect strong public support locally for their requests for limited aid from city and county in getting a new public airport into operation.

The lease is up on the present airport site owned by the Post Interests and isn't being offered for renewal. So the folks who fly small planes and base them here have been busy for several weeks looking for a new site.

The local pilots are going to pay for the lease. The only help they are asking is for some labor and machinery to get new dirt runways into operational shape.

Actually, the city and the county are getting a good arrangement here. Most cities and counties have their own airports. They are expensive, but quite necessary in this air age.

The proposed new airport will be a public airport in that it will be open to all planes. But

it will be run by local flying enthusiasts, not by the city or county, and they will pay the cost of the operation.

The search for a new airport is aimed at filling three requirements: (1) accessible by hard-surfaced road, (2) close to town, and (3) reduction in the number of flight hazards to planes landing and taking off.

We think everyone understands the need for a public airport here—and keeping Post on the air maps. Traveling by plane is the modern way for business people in a hurry. Post is fortunate, too, to have the local charter plane service operated by Spencer Kuykendall.

Until Post grows into the size where it needs a city or city-county airport to serve its growing needs, a new public airport operated by local flyers—with limited help and no responsibility by city and county—is the ideal solution.—JC

Time for two party system

It's high time the two-party system came to West Texas each election—not just during presidential campaigns.

What is needed is county-by-county organization of the Republicans as well as the Democrats. It means seeking Republican candidates for county office, organizing Republican primaries, etc.

Leading Garza Democrats have been wishing for a long time the Republicans would organize themselves and get out of the Democratic primary.

To us, after three close presidential campaigns, it seems the time is ripe for the beginning of the two party system at the county level.

It would take a while in county elections for the voter to start making choices between the Republican and Democratic candidates on the basis of man instead of party. But it wouldn't

take too many years.

A sound two-party system is good for any state. It gives the voter a choice. It makes the parties pay closer attention to the political business of standing on issues and selecting good candidates.

What makes us think the time is ripe for the two-party system is the comment we heard rather frequently during the recent campaign. It was to the effect that more and more people were taking a public stand on candidates—something that was strictly "hush hush" in the past, unless you were staunchly supporting the Democrats.

Along with the two-party system in Texas at a county level would come other needed changes for the state, too—such as a registration law and a real secret ballot where you didn't have to sign your name on the back of the torn-off piece of your ballot.—JC

Few flags need cleaning

Post Boy Scouts are doing a real community service downtown by putting up and taking down the American flags in the business district for holidays.

And in doing so, they are making a little money which they can put to good Scouting use. We have just one suggestion. Most of the

flags are clean, but a few of them aren't. We know because a dirty one has been in front of The Dispatch the last two or three holidays. There are a few more up and down the street.

Before the next holiday let's get them cleaned.—JC

What our contemporaries are saying

As a rule of thumb, a million dollars of private investment will do more good than a million dollars of government program.—West Point, Miss., Daily Times Leader.

If the government ever attempts to guarantee a job to everyone, it will have to control all wage disputes, and that will mean compulsory

arbitration. Neither unions nor management wants that.—Washington, Iowa, Evening Journal.

There are far more conservatives in the country than many politicians realize, or will admit. The weakness of the conservatives lies in lack of organization and aggressiveness.—Wytheville, Va., Enterprise.

OBSCENITY IN THE MAILS
Suppose you receive objectionable materials in the mail. Can you call your postmaster and have him stop such mail?

Chances are he can't, at least right away, and without having the postal authorities start an action which may wind up in court. This may entail a knotty problem.

For example, the post office can deny mailing rights to anyone who promotes frauds or crimes through the mails, or whose use of it would endanger the nation. In 1873 Congress gave the post office the power to keep "obscene" mail from going through.

The same is true for the customs department for matter from abroad. Yet neither the post office nor customs may hold up suspected material without first giving notice. At a hearing the "sender" may deny that (1) the material is obscene, or (2) that he mailed it.

Because the Constitution protects our free press, the law frowns upon "prior censorship". In the long run it is better first to try a wrongdoer for an offense after he has committed an act. Courts are slow to prevent someone from sending out mail solely upon a finding by administrators who may abuse their power.

So a court may review the post office's finding that a book is obscene. For example, the post office recently forbade a publisher to mail out a famous novel. But a federal court overruled the post office after the judge looked at the novel's whole treatment and theme. The court found the post office had been unfair in calling certain passages obscene in view of the book's whole picture of life.

Nevertheless, call your postmaster's attention to any obscene matter in your mail. The postal inspectors welcome this assistance and numerous prosecutions are made.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

DPS officers killed honored by plaque

AUSTIN—A replica of a six-by-eight-foot bronze plaque commemorating officers of the Texas Department of Public Safety killed in line of duty has been presented to Department Director Col. Homer Garrison, Jr.

The plaque, donated by a group of prominent Texans in the interest of law enforcement and as a special tribute to Garrison, will be mounted on the wall in the lobby of the main Administration building.

W. E. Dyche Jr. of Houston member of the Texas Public Safety Commission in making the presentation at a recent banquet in Austin praised Garrison "for his outstanding service to the people of Texas as Director of the Department of Public Safety over a span of 22 years."

A \$2 million 200-room "Ambassador" hotel is planned for Bangkok, Thailand.

A drive is planned to boost Indian tea.

O. Gillham, chairman of Region 17; funeral rites for Bill Gowan, a Post resident until early in 1942, will be held at the First Baptist Church Sunday; a letter was received this week by Mr. and Mrs. Jim Hays from their son, T-5 Eugene O. Hays, who is stationed in Berlin, Germany with the 913th Ordnance unit, telling of a meeting with Pete Dodson, another Post boy; Leslie Anita Nichols celebrated her seventh birthday Saturday, when her mother, Mrs. Lester Nichols, was hostess for a party from 2:30 until 4:30 p. m. in the home of Ronnie's parents, Mr. and Mrs. Bobbie Pierce; Mr. Harold Lucas who has just returned from overseas where he has been with the Medical Corps for the past four years.

Here's a phone designed to play a big role in business offices. Right in this single instrument are all the conveniences of a telephone switchboard. Six push buttons give you complete control over all incoming and outgoing calls. You can select any of five lines—talk on one while holding calls on others—"buzz" your secretary—or use the phone as an office intercom. Lights in the buttons tell you which lines are busy, which are free.

Our "phone with the built-in switchboard" is another example of how General Telephone works to make the telephone a more convenient and valuable instrument of communications for everyone. Call or visit our Business Office and learn how little it costs to have the "switchboard" service of a push-button phone.

Youth Rally has good attendance

A good attendance was recorded for the Youth Rally conducted over the weekend at the Calvary

Baptist Church. Dwight Martin, singer of Wayland Baptist College, Plainview, and Ann Brantley, pianist from Amherst helped with the rally. Alton Spinks of Post filled the pulpit during the services.

Paula Dawn Cravy hostess for party

Paula Dawn Cravy, daughter of Mr. and Mrs. Dale Cravy, recently had as guests for a costume party, Kay Herron, Vicky Reep, Martha Miller, Lari Sims, and Jan Wilks.

Refreshments of coffee and miniature cakes were served by candlelight. The guests and hostess were seated on pink cushions around a low table laid in white china on a white and gold cloth. The centerpiece was an arrangement of frosted pink grapes on a milk glass compote with tall pink candles on either side. Large gold sparkles hanging from the ceiling completed the decorations. The evening was spent in interpetive dancing and games.

Mary Ann Klattenhoff honored at luncheon

Miss Mary Ann Klattenhoff of Slaton, bride-elect of Ross Dunn of Southland, was honored at a luncheon Saturday when Mrs. E. W. Haddock, Mrs. Mike Haddock and Miss Ann Haddock entertained.

The serving table was centered with an arrangement of white asters and lilies-of-the-valley.

A hostess gift of cut glass was presented the honoree.

The guest list included Mrs. Dillard Dunn of Southland, mother of the prospective bridegroom.

Seven attend meeting of Merry-makers Club

Seven members were present for the recent meeting of the Merry-makers Club at the home of Mrs. Will Teaff.

The afternoon was spent quilting. The club will meet with Mrs. H. F. Storie Nov. 22.

Postscripts

A full schedule of events is set for tonight's meeting of the Post Parent-Teacher Association. Under the heading, "Round-up Time," it will start with a business session at the school cafeteria, after which a tour through the Post schools will be held, with refreshments being served at each school. Following the tour, parents and teachers are to return to the school cafeteria for a heart forum. A special film on hearts and discussions by Lubbock doctors will be presented.

Visitors at The Dispatch last Friday afternoon were Mr. and Mrs. Ernest Haynes and son, Howard, of San Angelo. The Haynes are former residents of Post and he was employed at The Dispatch. He is now a member of the San Angelo police force.

Mrs. Fred Myers was one of three students from Sul Ross State College, Alpine, named to "Who's Who in American Colleges and Universities." Anita, a senior business major, is the wife of Fred Myers, son of Mr. and Mrs. Jack Myers of Southland. Fred is also a business major at Sul Ross.

Mrs. Travis Guy honoree at bridal shower Tuesday night

Mrs. Travis Guy, the former Miss Judy Morris, was complimented with a bridal shower last Tuesday evening from 7 until 9 o'clock at the home of Mrs. W. H. Childs.

Twenty-five hostesses entertained for the occasion. Approximately 60 guests called and were registered by Mrs. Richard Craig.

Mrs. Childs greeted guests and presented them to the receiving line comprised of the honoree, her mother-in-law, Mrs. John Guy, and her grandmother, Mrs. W. C. W. Morris.

The bride's chosen colors of orchid and white were carried out in decorations throughout the entertaining rooms.

The serving table was laid with a white Irish linen cloth over orchid and featured a centerpiece of a round mirror circled with orchid, with the letters "Oct. 25, 1960" the couple's wedding date, in silver. Other table decorations were a bouquet of shaded orchid mums and orchid tapers. A crystal ser-

vice was used. Mrs. Wade Peppers, sister-in-law of the bride, Mrs. Charles McDaniel, Mrs. Glenn Huntley, and Miss Kathy Stone alternated at the table.

Members of the houseparty were purple mums, corsages. Hostesses were: Mmes. Thurman Maddox, Douglas Tipton, Marshall Tipton, Douglas Livingston, Bernice Jones.

About Your HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. MILLER, M.D., Commissioner of Health.

Since the hospital licensure program of the Texas State Department of Health became effective last January, 692 temporary licenses have been issued to hospitals in Texas, pending surveys for minimum requirements.

Over 34,000 beds are dispersed among the nearly 700 hospitals licensed to date—approximately one hospital bed for every 257 persons in Texas.

The national average of hospitals accredited by the American Hospital Association is 9.1 beds per 1,000 population, or about one bed for 110 persons.

The Texas figures do not include state or federally operated

hospitals or institutions, which automatically excludes veterans hospitals. However, it does include special clinics for maternity care, eye, ear, nose and throat, cancer and other specific diseases.

Harris County leads the pack in keeping with its large population with 49 hospitals and 3,811 beds. Dallas County is second with 38 hospitals and 2,897 beds.

At the other end of the scale, 22 counties have no hospitals serving the population within the county and four cities have hospitals (or clinics) with only one bed.

Probably the oldest established hospital still in operation today not including a couple of institutional clinics—is the St. Mary's firmity in Galveston, established in 1886.

The largest hospital in the state is the Baylor University Medical Center in Dallas with 94 beds and an accompanying budget in excess of \$7 million.

The average admissions in hospitals according to the American Hospital Association is 122 per 1,000 population for short-term hospitals.

Voluntary short-term hospitals, the average hospital not including state or federal have an average total expense of \$31.16 per patient day. This amount includes equipment and salaries.

To operate the average hospital it takes about 112 people—doctors, orderlies, cooks, nurses and administrators—to serve 100 patients.

SAFETY CHECK URGED

Fires in farm homes are frequently caused by defective heating equipment, faulty stoves and flues, overloaded wiring systems, matches and smoking. With the coming of cooler weather, the Texas Farm and Ranch Safety Council suggests a check-up for all heating equipment before it is put in use for another season.

Lorenzo Jaycees and Lions Clubs have voted to spend up to \$10,000 to secure a building for Lorenzo Jaycees and Lions Clubs expanding Boy Scout program.

The Falcon Wagon for '61 gives you the same winning combination of size, room, gas economy and dependable operation that makes Falcon America's No. 1 compact. Plus loadspace over seven feet long... and a budget-loving price.

I Give You Texas . .

By BOYCE HOUSE

When I was the editor of the Cisco Daily News back in 1924, there was a middle-aged man who came into the office almost every morning to read the "exchanges"—(the newspapers of the area which we received in exchange for the News).

He was well-dressed, his linen was immaculate, his manner had the courtliness of the Old South. His name was Max Elser. He and a partner had built the telegraph line from Dallas to Fort Worth in anticipation of the arrival of Fort Worth's first railroad. The construction of the railroad was delayed because of financial difficulties and so Elser operated the telegraph line about a year; then the Texas and Pacific reached the town and took over the line.

When I knew him, he was an oil man. I don't think he drilled but sometimes had a financial interest in a test. His specialty was getting up blocks of acreage. Some years before, he had held leases on several thousand acres in an adjoining county and he became known as "the Count of Callahan."

New Arrivals

Mr. and Mrs. Raymond Jenkins announce the birth of a son weighing eight pounds nine ounces. He was born Nov. 9 in Lubbock Methodist Hospital and was named Timothy Van.

Youth stabbed—

Hospital and released.
He told investigating officers he reached in the back seat of his car to "move his gun" and it discharged. The gun was a .45 automatic pistol. The car was parked in front of the Legion hall. He was hit on his little finger of his left hand.

Sheriff Rains, accompanied by City Marshal Otis Shepherd Jr., "shut down" the dance a short time later.

My Neighbors

"Haven't you ever heard of Free Enterprise?"

Later, numerous oil pools were developed in Callahan County and, Elser held on to all his holdings. He doubtless would have been a multimillionaire. But I doubt that he could have been any happier for he was, despite his years, one of the most alive men I have ever known.

There are some who were intended to be prophets who show the way to others. Such a pioneer was Max Elser, the Count of Callahan.

In the old days, most cigarette smokers "rolled their own." There was a skill in this; also it was a graceful sight to see just the right amount of tobacco poured from the sack into the bent paper; then came the rolling into a neat little cylinder, the moistening with the tip of the tongue to "glue" the cigarette, and the final twist to the tip. Then this tip expired in a flare as the match was applied and the smoker inhaled the first draw, then—with a sigh of contentment—slowly exhaled the blue wisp of smoke.

Far more people are smoking cigarettes now than in those days but when was the last time you saw one rolled?

Postings—

(Continued from Page 1)
a spreading out of deep drilling over a new portion of the county.

All of which should mean a fine Christmas for this area this year.

By the way, next week's Dispatch will be distributed on Wednesday instead of Thursday due to the Thanksgiving holiday on our regular weekly printing date. Like almost all of Post The Dispatch will take a holiday next Thursday and will be feeling thankful indeed. This means a Tuesday deadline for news and classified instead of Wednesday.

The Community Chest drive is moving right along. The big gifts division is getting its usual "good effort" and good solid results are being reported in both the Postex Mills employees division and the rural division. Other divisions, just getting down to work with contribution cards, are yet to report. It is to be hoped the few weak spots of recent Chest campaigns can be strengthened this year. The business men, as usual, are really giving a maximum effort to put the Chest over the top of its record budget. If everybody else pitches in at the \$5 average per family rate at which Postex Mill employees are giving the drive will be another success.

It won't be easy. It will be hard to reach the \$13,572 goal—but we've got a feeling that Garza County is going to do itself proud this year and go all the way. Give a day's pay and do your share.

Some Indian textile mills around Lucknow have raised wages from \$1.35 to \$1.60 a month.

27 charged in JP court after radar check

Justice of the Peace D. C. Roberts' court got a "landslide business" over the last weekend with charges filed against 27 individuals during the last seven days with some being charged on two counts.

There were six speeding charges and various other traffic violations filed by the state highway patrol as the result of a "radar crew" working on the edge of Post last Friday.

Those booked, including offense, date of offense, and fine and costs assessed if noted:

Permian Basin Assn. holds meeting here

The Permian Basin Water and Sewage Association held a dinner meeting Tuesday night here in City Hall with approximately 65 persons present from a large West Texas area.

Mr. Smith of Lubbock led a discussion on construction and sanitation of surface water supplies.

The Thrill That Comes Once in a Lifetime

Open house—

A unique feature of the office is the display of ten different brick panels to aid home seekers in selecting their brick choice.

Patterson said four families, besides his own, already have been moved to Post. These include that of his parents, Mr. and Mrs. C. R. (Pat) Patterson. His father is vice president of the firm in charge of purchasing.

Patterson and his staff extend a cordial invitation to everyone in the area to attend the Westgate Terrace open house either Saturday or Sunday between 2 and 6 p. m.

Credit Association is now state affiliate

E. E. Pierce, manager of the Post Retail Merchants Association, announced today that the Post organization has received its notice of affiliation with the State Retail Merchants Association.

Pierce also announced that a directors meeting will be held Thursday at the Community Room at 7:30 p. m. for the purpose of nominating new officers.

SIX RIGS IN COUNTY

More oil activity in Garza County was noted last week when the county's rig count jumped from two to six drilling rigs in operation.

School board—

(Continued from Page 1)
Action to permit use of the old gym by the Lincoln boys and girls cage teams came on a request deferred from last month. Lack of spectator room in the gym at Lincoln school was the reason given for the requested use of the old gym.

Trustees voted 4 to 2 for letting the old gym be used for six game dates to be worked out subject to Supt. Smith's approval for scheduling reasons.

Voting for the gym's use were E. R. Moreland, Russell Wilks Jr., Bobby Pierce, and Malcolm Bull. Opposed were J. E. Birdwell and Burney Francis.

Barbecue tonight opens VFW home

The Post VFW will open their new VFW building tonight at 7:30 o'clock with a barbecue for all VFW and American Legion members and their wives.

Barbecued chicken will be served. World War I veterans are being honored.

The VFW recently purchased the two-classroom school cottage, built behind the old high school two years ago, moved it to the VFW site on East Main, added a storeroom and restrooms and completely remodeled it.

VISIT FROM DALLAS

Mrs. Dell Frame and Mrs. Verda King of Dallas visited over the weekend in the homes of Mr. and Mrs. J. W. Putman and Mr. and Mrs. J. R. Atkinson.

Tulia voters recently approved a water-sewer-paving bond proposal by a majority of almost 3 to 1.

Vet's Forum

Q. I understand that recent legislation allowed veterans of the Spanish-American War to change from their older system of pension payments to benefits under the new law, if they wish. Does this new ruling also apply to the dependents of Spanish-American War veterans?

A. No, only to the veterans themselves. The veterans may elect to take pension under the new law, but their dependents, as well as dependents of deceased Civil War veterans, may not.

Q. I am the widow of a World War II veteran who never applied for a GI loan. I have never remarried. Recently I noticed that the deadline for World War II GI loans had been extended to July 25, 1962. Does that mean my right to apply for a loan was also extended?

A. Yes. Eligible unmarried widows of World War II veterans have until July 25, 1962, to apply.

Q. My GI insurance policy has lapsed and I must take a physical examination to reinstate it. Who should mail my medical application for reinstatement to the VA, I or my doctor?

A. Your examining physician should mail it to the VA as soon as your examination is completed.

Q. I am a World War II veteran drawing disability compensation to pay my insurance premiums. Will they do that?

A. Yes. So long as your disability compensation checks are large enough to cover premiums, VA will arrange with you to have those premiums deducted from your monthly compensation checks.

Dickinsons—

(Continued from Page 1)
Dickinsons were returning to home in Levelland from a visit to Stalon. Mr. Dickinson was west on the farm-to-market road when the car driven by Mr. Dickinson car from a dirt road to south, according to investigators.

Dickinson said later he "saw" the Daniel vehicle.

Mrs. Daniel died from injuries which included a crushed rib and a broken neck, and a punctured lung. The Daniels live in the Canyon community of Lubbock county. He is a veteran rural mail carrier.

Too many people are thinking security instead of opportunity. They seem more afraid of it than death.

Antelopes open Friday at Ralls

Coach Richard Souter's high school Antelopes will unveil a new offense and a new team when Post high boys launch their winter cage campaign tomorrow night at Ralls in a twin bill with the Jackrabbits.

The starting five this season very probably will be principally juniors with Donnie Hays, the 6-3 forward and tallest man on the squad, possibly the only senior starter.

Souter told The Dispatch he will select his starting five from a group of seven, five of whom are juniors.

Starting forwards are expected to be Dwayne Capps and Hays. Either Bobby Beard, off to a good start last season only to be sidelined with a leg injury, or Harold Wayne Mason will get the starting call at center.

Guard choices are Leslie Acker, Benny Schiehuber and Jimmy Minor. Minor is the other senior along with Hays on this top seven.

The Antelope offense this season will feature the double post with Beard and Capps playing the high and low posts.

The other three starters will operate off the back line, cutting and shooting.

With most of his cagers still only a little more than a week off

DOES IN 10-TEAM TOURNEY—

Coach Don Watkins' Post Does were scheduled to meet Forsan at noon today in their first round game of the second annual HC-JC basketball tournament for high school girls.

The tourney with a field of ten teams will be a double elimination affair with two defeats required to oust a club.

Sands, the defending champion of the tourney, is rated as the team to beat. It is a consolidated high school at Ackerly.

Post finished fourth in the first meet a year ago.

Trophies will be awarded the top four teams as well as a consolation trophy.

The three-day meet will end Saturday. Other teams entered are Klondike, Imperial, Lorraine, Highland, Coahoma, and Stanton.

WEEKEND GUESTS

Weekend guests in the W. C. Kiker home were Ann Brantly of Amherst, Linda Bias, Barbara Britton, and Margie Harrison.

Eagles drop wild grid finale, 52-50

BY SUE PRITCHARD
The Southland Eagles ended their football season with a 52-50 loss to the Smyer Bobcats Friday night.

The close game was highlighted with a grand play shortly after halftime by Harvey Pennell, Southland end. When the Bobcats kicked off, Pennell received the ball and went all the way for a touchdown.

Post Does open with two wins over Hobbs

The Post Does, the high school girls basketball team, opened the home basketball season in the new gym Friday night in fitting style—with a twin bill sweep over the Hobbs high school girls.

Coach Don Watkins' A squad, although obviously nervous and far off shooting form, never quit trying or shooting as they broke out in front and lead all the way for a 34-25 triumph.

The locals tallied only four out of 24 charity efforts and meshed only about 10 per cent of their field shots.

But it was 13-6 at the quarter, 18-9 in the half, 28-12 at the end of the third.

Janith Short topped the local scorers with 14 points, while the other two forward starters, Ann Morris and Peggy Ramsey added 6 and 8 points respectively.

Starting guards were Janie Caradine, Beth Kemp and Judy Clary.

The Post girls B team grabbed a 23 to 14 verdict over the Hobbs

Junior High girls split with Slaton

Coach Billy Hahn's seventh and eighth grade girls basketball teams opened their season here Monday night by dividing a doubleheader with Slaton.

The eighth graders won 26-17 with the seventh graders bowing by a slim two-point margin 31-29.

Scoring for the eighth graders was high with 9, Cindy Wilson and Vivian McWhirt tallied 5 each. Cheryl Martin 4, Shirley Isaacs 2, and Becky Thompson 1.

Starting guards were Dee Ann Walker, Frances Solis, and Daria Pierce.

Paul Baldree spearheaded the Post attack in the seventh grade loss in the opener. She tallied 19 of Post's 29 points. Linda Pierce got six and Marilyn Jones the other 4.

Coach Hahn said he was pleased with both teams. He pointed out the seventh graders lack experience, but he feels they have the potential for a good club.

MACHINE EFFICIENCY

The inefficient use of farm machinery can be a heavy contributor to lower farm income. Cecil Parker, Extension farm management specialist, says good farm machinery records provide the information needed to improve machinery efficiency and farm income.

Don't forget the gym dedication is scheduled for Friday night, Dec. 2, with the McMurry Freshmen meeting the West Texas Freshmen in the feature game and the Post boys and girls' A teams meeting Spur in the opening and closing

Speaking of hunting, Irby Metcalf was still over in New Mexico when this was written Tuesday hunting deer.

But the definite weakness on the cage squad is the lack of sophomore talent. Very few are out.

"One freshman, however, is looking good and 'will help us this year' according to Coach Souter. He is Jackie Fluit, who has a good eye for the basket.

Billy Hill returned Sunday night from Western Kansas where he reported "we got our limit" pheasant hunting. Accompanying Billy was his brother, Tom, of Aspermont, and Tom's son, Mike. They hunted around Dodge City—Wyatt Earp's old shooting grounds.

James Williams of Post, who is leading the Lone Star Conference in both total offense and passing, as the pilot of East Texas State, had a 'big day' against Lamar Tech in the Lions' 27-0 triumph last week. He picked up 165 yards rushing, which was more than the entire Lamar Tech team could muster in total offense, and added 73 yards passing for a total of 238 yards and passed for one touchdown. The Lions are tied for second in the league with a 4-2 loop record and hold the only victory over league-leading Texas A&I.

Tech-Hog game will be duel between top stars

LUBBOCK — Texas Tech completes its first Southwest Conference football season against University of Arkansas here Saturday afternoon with a good chance to have a say-so about the eventual champion.

By losing to the Razorbacks—as the "experts" predict—the Raiders could guarantee Arkansas nothing worse than a two-way tie with Rice (assuming the Owls win their last two).

By beating the Razorbacks, the Red Raiders would give Rice, Texas, and Baylor each an opportunity to wind up in anything from two-way to a three-way tie with

Arkansas for the title.

Texas Tech is virtually assured of at least a tie for sixth place in the final standings—two notches above the predicted finish. The Raiders, with a win over Arkansas and a couple of unexpected losses by Texas Christian, could even move up to fifth.

Main feature of the game, however, will not be the conference standings but a meeting of some of the Southwest Conference's most outstanding players.

For example, before the season opened, Tim Cohane, Look Magazine sports editor, predicted that the Player of the Year would be either Arkansas' fleet halfback, Lance Alworth, or Texas Tech's center, E. J. Holub. Also, Arkansas is booming for All-American honors its all-Southwest Conference center, Wayne Harris, who each game is credited with an unbelievable number of tackles. The Holub-Harris duel will be another highlight.

About the only things that don't cost more than they did 25 years ago are the proverbial best things in life.

As it turned out, for the Big Hill Bayou waterfowl hunt 602 names were drawn; 321 names for the Kerr Area deer hunt; 403 names for the Black Gap Area; 800 for Canyon; 81 for the Sierra Diablo Area; 153 for Engeling; and 681 for the Angelina Area.

The 1960 hunts will be conducted like last year's hunts, with hunters reporting to their designated area headquarters before the hunt. Each hunter will be given maps and other information necessary for safe and successful hunt at these headquarters.

Each individual whose name was picked from the barrel in Austin can expect to be notified in time to make plans and prepare for the trip to his particular area, according to the director.

Four elected to Honor Society

Lynn Alyn Cox, Jan Herring, Marianne Jones and Ann Pennington were elected Monday to the National Honor Society of Post High School.

At Monday's meeting Gary Simpson was elected president and Kenneth Smith, vice president. Other officers elected were Anne Morris, secretary-treasurer; Melinda Newby, reporter; Danella Bateman, Student Council representative. Leonard Tittle is sponsor of the society.

A small percentage of each high school class is eligible for membership.

Members of the Honor Society are:

Seniors: Mike Cornell, Gayle Dillard, Wendell Duncan, Linda Kuykendoll, Jimmy Minor, Anne Morris, Gary Simpson, Kenneth Smith and Virginia Young.

Juniors: Leslie Acker, Danella Bateman, Tommy Bouchier, Roger Camp, Melinda Newby, and Jerry Thuet.

Sophomores: Lynn Alyn Cox, Jan Herring, Marianne Jones, and Ann Pennington.

Senior and junior students are active members and the sophomore students are associate members and are not eligible for office. Once a student is elected to the society, he remains a member as long as he meets qualifications.

Plans are now under way for a project by the society.

What teacher received a box of candy? Was it you, Mrs. Williams?

Last Monday Mrs. Williams and Mr. Loyd's classes had a vote on who they wanted for president and vice president. Mrs. Williams had all sections vote and she scored. In all of her classes votes the score was Kennedy and Johnson 47 and Nixon and Lodge 47. In Mr. Loyd's class the score was Kennedy and Johnson 18 and Nixon and Lodge 10.

What teacher's cold was so bad he couldn't talk and had to get a substitute in his place? Was it you, Mr. King?

What teacher is always getting on Brenda Mason and Bonnie Elkins for talking? Is it you, Mr. Loyd?

Why did Mr. King made Bonnie Elkins stand in the hall? Watch your gum, Bonnie.

We missed Mrs. Baxter Monday. Her substitute was Mrs. Patterson. Mrs. Baxter was ill.

For the Teen Age Book Club, the new list of books have come in. They are very interesting, and look good.

The Seventh Grade had part of their achievement tests Wednesday. It was a big surprise to everybody.

Last week in Geography we had a test on the president. You had to know such things as: How long the president's term is, how old he has to be to become president, how long he has to have been in the United States and so on. You also needed to know three powers of the president. It was hard work but at least we know whether we can be president or not.

There was a lot of commotion about three days before the election of our president. I guess some of it did some good but I guess some of us wasted our time. (eh Republicans?) It certainly was close and whoever's side you were on, all Americans are backing our new president.

Drama Club holds first meeting

By Danny Jones and Gloria Peoples

The Drama Club had its first meeting Monday night at 7 o'clock in the speech room.

Last week students read a play called, "The Family Nobody Wanted". They are hoping that the Drama Club will be able to put it on next month. The play is humorous, but has a good meaning. It is about a preacher and his wife who adopted several nationalities of children and had a difficult time getting others to accept them as Americans.

All of the speech department has been studying gestures. They have been working on telling a story and using their hands as much as possible to describe the action of the story.

7th grade girls cagers chosen

By Carol Camp

Thursday Coach Hahn picked the girls basketball team in the seventh grade.

Forwards on the team are: Paula Baldrée, Linda Pierce, Marilyn Jones, Pam Owen, Beverly Duncan, and Carol Camp.

The guards chosen were: Pat Landreth, Shelia Pierce, Donna Bowen, Wanda Bilberry, Betty Hutchins, and Peggy Claborn.

At practice that night the girls received their suits. And they are certainly proud of them!

Sophomores, Seniors begin testing program

By Linda Kuykendoll

James West, in his newly appointed position as curriculum coordinator, has started a new testing program for the pupils of grades one through twelve in our local schools.

Tuesday the sophomores were given multiple aptitude tests to discover their inclinations and abilities. The seniors were tested Thursday on high school content battery. These tests not only are to see what the students have learned but to see how our high school rates with other high schools.

This testing was only the beginning of tests of similar nature which will be given throughout the year.

Mr. Mallard attends science meetings

By Patsy Thompson

Mr. Mallard was absent from his classes Thursday and Friday because of a Science Teachers meeting at Austin. Mrs. Mallard substituted while he was gone.

Mr. Mallard attended with his father, Dr. Jim Mallard, who is a science teacher at Frenship High School. The trip was sponsored by the Regional Dynamis Science Club of which Mr. Mallard is a member.

STUDENT EDITORIAL—

No smoking in new gym

By Jane Maxey and Anne Morris

The Student Council of Post High School has the project of "No Smoking in Our New Gym."

Last year we didn't have a gym to be proud of and when one came to a game they would smoke. This would fill the gym with smoke, which annoyed the players and anyone sitting around the person smoking. Sure, people didn't really care whether the gym burned down or rotted, but they could at least let Post High name to be proud of.

The new gym has a lobby where people can go to smoke, candy, Cokes, etc. (The Student Council is responsible for the naming of the concession stand.)

The Student Council has had signs made with "No Smoking" on them and they have already been put up in the new gym. We are planning to get ash trays to go in the lobby. Please, everyone go along with the Student Council in their plans of accomplishing their goal by obeying these signs.

We hope everyone will come and enjoy the games and keep the gym beautiful for a long time.

Dick Allen junior high custodian

By Barbara Montgomery

The Post Junior High School custodian this year is Mr. Dick Allen. Mr. Allen was born in Crockett, Tex. He has lived in Post for 22 years. He and Mrs. Allen have one son. His name is Tom John Allen.

This is Mr. Allen's first year as custodian in Post Junior High School. He is doing a very nice job. Besides being custodian, he finds our books and returns them to us.

So let's all help him.

State Capital NEWS

By Vern Stanford

AUSTIN — Shell-shocked and exhausted from one of the hardest-fought general elections in decades, Texans now can get a second wind and turn to new issues and decisions.

Some of the significant decisions ahead grow out of decisions made at the polls earlier this month.

As a result of Sen. Lyndon B. Johnson's election to the vice presidency his senate seat will become vacant on or before Jan. 20. It's a highly coveted position, seldom up for grabs, since the winner of a six-year term can be fairly sure of holding it for life.

It is likely that the race for Johnson's post will be the first special election in Texas history to have a run-off. A 1957 law, called the Pool Bill, provided that in special elections for congressional vacancies, there shall be a run-off

if no candidate receives a majority of the votes in the first poll. Previously, special elections had been on a high-man-wins basis.

Many possible candidates are mentioned. Among them: John Connally of Fort Worth, Jack Cox of Breckenridge, Martin Dies Sr. of Lufkin, Congressman Joe Kilgore of McAllen, Wright Morrow of Houston, Lt. Gov. Ben Ramsey, John Ben Shepherd of Odessa, John G. Tower, Johnson's Republican opponent in the general election, Atty. Gen. Will Wilson and Congressman Jim Wright of Weatherford.

It is unlikely that any candidate will make a public announcement until Senator Johnson officially resigns and Gov. Price Daniel sets the date for the special election.

Under the law, the governor must call the election in no less than 60 days and not later than 90 days from the time the vacancy occurs.

If Congress is in session at the time the vacancy occurs, it would also be the governor's duty to name an interim senator to serve until a successor is elected. Governor Daniel already has said that former Sen. William Blakely would have first chance at such an appointment.

When the vacancy will occur depends entirely on Senator Johnson. There is speculation that he will not lay aside his senatorial toga until he takes the oath as vice president (Jan. 20). Many feel that his presence and assistance in organizing the Senate prior to that date would help get the incoming Democratic administration off to a good start.

AMENDMENTS PROBLEM

On the purely state level, voters' approval of the four constitutional amendments during the general election pose some new decisions and issues for the state legislators next January. Among them:

1. MORE PAY—FROM WHERE?
By constitutional amendment, voters have, for the first time in history, put members of the Texas Legislature on an annual salary. They will be entitled to \$4,800 a year, whether in session or not. They also are to get \$12 a day expenses for 120 days of regular session and for each day of any special sessions called thereafter. This replaces the old \$25-a-day pay plan.

Question is where to get the money. State's general revenue fund is, according to State Treasurer Jesse James' latest report, \$60,535.63 in the red. By the time the next session starts, this figure is expected to be higher.

So, legislators will have to turn their attention quickly to a means of finding money somewhere if they're going to meet their own grocery bills.

2. LOAN COMPANY
Passage of Amendment Four dumps in the Legislature's lap the tremendous job of passing laws to regulate lending practices in Texas.

Some lawmakers gloomily and privately predict that it will result in a worse fight than trying to pass a new tax bill.

Previously, the Constitution limited legal interest rates to 10 per cent. This provision was repealed. Under the new provision the Legislature has the responsibility to (1) license and regulate lenders, (2) prevent misleading advertising, (3) fix and limit maximum charges and (4) impose effective penalties for violations.

Atty. Gen. Will Wilson, elated over the passage of the amendment, warned that "the loan sharks will pitch their final battle

\$50,000 is given Crosbyton church

CROSBYTON—Mrs. Percy Lamar has presented the First Methodist Church here with a check for \$50,000 for its building fund in appropriate ceremonies conducted last week.

The check came from the Zina Lamar Foundation, established by Mrs. Lamar in late 1957, which has approximately \$400,000 worth of Castro County farm lands as its capital. The foundation was established in memory of her husband.

All profits from the farm lands goes to various benevolences which are designed by Mrs. Lamar.

Four gifts totaling \$180,000 already have been made from the foundation and the Crosbyton area has received the benefit of all but \$10,000 of this amount.

The first and largest gift of \$110,000 was for construction of the Crosby County Pioneer Memorial Building and Museum with \$5,000 set aside each year to pay salaries and upkeep of this building.

Crosbyton has zoning code

Crosbyton has gotten the jump on neighboring Post with the completion and publication of a zoning ordinance for that city.

The ordinance was published last Thursday in the Crosbyton Review and required almost three full pages of type.

Its ordinance establishes zones for business and industry and various kinds of dwellings, thus giving protection to property owners, long needed here.

A year ago, the Post City Council appointed a three-man commission to go to work on a zoning ordinance, but now is awaiting state and federal assistance for an overall city planning project.

SCHOOL GOALS SET

Knowing it will be a tough job in this debt-ridden era, Texas school people are, nevertheless, setting their sights on a \$100,000,000 improvement program.

At an Austin meeting of educators, legislators and interested citizens, Governor Daniel promised his support to the effort to pass a bill to raise teachers salaries.

This is one of the main items of the \$100,000,000 Hale-Aikin recommendations. This program resulted from a study begun in 1957. It sat on the shelf during the last legislature because of the acute money shortage.

Question is where to get the money.

State's general revenue fund is, according to State Treasurer Jesse James' latest report, \$60,535.63 in the red. By the time the next session starts, this figure is expected to be higher.

So, legislators will have to turn their attention quickly to a means of finding money somewhere if they're going to meet their own grocery bills.

BUILD YOUR "DREAM HOME" IN BEAUTIFUL

Westgate Terrace

Post's Only FHA-approved, Restricted Residential Addition

Eleven new homes either are completed, under construction, or starting soon in Westgate Terrace. This means we have 37 building sites left from which you can make your selection.

Westgate Terrace is restricted to all-brick homes. All will be wired to Bronze Medallion specifications. All will have six-foot cedar stockade fences.

We will have four new Westgate Terrace homes open for your inspection Saturday and Sunday afternoons. They represent four of the FHA and VA-approved floor plans from which you can select your Westgate Terrace home.

A plan book containing all seven of these plans will be given each interested person who comes out for our weekend open house to be studied at your leisure.

You are also invited to stop by Tex-Sun Homes, Inc., new office at the end of 11th street where you can see our unique method of displaying 10 of our 15 available brick choices.

Clyde Patterson

Miss Deborah Patterson will hold open house both Saturday and Sunday afternoons in her playhouse, located in rear of 1102 West 11th.

Scout round-up nearing goal

The 1960 Boy Scout Round-up Program is making steady progress in the South Plains Council, according to Dr. J. Davis Armistead, Council Scout Commissioner.

If the present trend continues, the South Plains Council should reach an all time high in the number of boys recruited and served with the scouting program in the council.

The Scout Round-Up Program opened September 1 and will close December 15. Round-Up awards have been mailed to over 1,000 new boys and leaders and their recruiters since September 15.

The boy membership goal for 1960 is 8,325 members by December 15. The present (November 4, 1960) by membership is 7,275 boys.

Ten new Packs, Troops, and Posts have been organized since September 1, according to John Lowery, Council Organization and Extension Committee Chairman.

From all indications an additional fifteen to twenty new Scout Units will be organized in the 20-county area of the South Plains Council.

Highway accidents down in October

The Highway Patrol investigated two rural accidents in Garza County during the month of October, according to Sergeant E. L. Stroud, Patrol Supervisor of this area.

These wrecks have accounted for no persons killed, none injured and a property damage of \$850.

This brings the total for the year in this county to two persons killed, 16 injured, and a property damage of \$17,820.

"In 1959, eight thousand and two hundred pedestrians were killed on the streets and roads of America," Sergeant Stroud said. That figure represents about 24 per cent of all traffic fatalities in this country in one year's time. If we could eliminate this one category from our death toll, it would contribute heavily toward a general massive reduction in traffic fatalities.

True, a pedestrian doesn't have much of a chance against two tons of steel. But, if the driver and pedestrian both would use good defensive measures and common sense this type of casualty could be averted.

Brenda Sue Hodges is Lueders grid queen

Miss Brenda Sue Hodges, daughter of Mr. and Mrs. J. W. Hodges of Lueders and formerly of Post, was crowned football queen of the Lueders Schools football team recently at halftime ceremonies of the homecoming football game.

Miss Hodges was crowned by Ronnie Nail, football captain, and Stanley Harvey and Jerry Doty, co-captains, presented her a yellow mum corsage.

She is the granddaughter of J. M. Bland and Mr. and Mrs. B. B. Hodges, and the great-granddaughter of Mrs. M. C. Hodges, all of Post.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Luke	16	8
Monday	Psalm	53	1
Tuesday	Ecclesiastes	3	11-15
Wednesday	Ecclesiastes	9	1-2
Thursday	Revelation	22	13-14
Friday	Hebrews	5	12-14
Saturday	Luke	9	62

It's hard for grownups to grasp what it means to be a child today!

We grew up yesterday. The planes and radios which had startled our parents were commonplace to us. Television and jets we could take in stride. *But Space!* Who among us expected to live in a Buck Rogers era?

Yet to our youngsters nothing seems more natural than man's invasion of the universe. Everything that went before was preparation. We are ready to blast off. And the man who will establish our first colony on Mars is probably training for his mission in a sixth grade classroom...

Was there ever a time when religious, moral and spiritual development were more essential to our youth? The Truth man will cherish on Earth, and carry with him among the stars, is being taught every Sunday in our churches. Is your child... and the home in which he is growing up... **FIT FOR THE AGE?**

SIXTY-ONEDERFUL
CHEVY**

This '61 is built on the principle that the place you want space is *inside*. We put it there, too. Actually trimmed the outer size to give you extra inches of clearance for parking and maneuvering, and still worked wonders with inner space. Door openings are as much as 6" wider. Seats as much as 14% higher. We've thought of everything. Increased rear foot room by slenderizing the driveshaft tunnel. Worked in sensible new ideas all the way back through that huge bin of a baggage compartment. See how thoughtful this one is! Full of good new things. Full of good old things, too, like Chevrolet's well-known thrift and dependability. See it soon.

Brookwood 9-Passenger Station Wagon. One of 6 for '61. Each features a cut-size cargo opening and a new concealed compartment.

Biscayne 4-Door Sedan—with the same sensible design you get in all the likable '61 Chevro.

**Ticket orders are being accepted
for 'World Series of Rodeo'**

DALLAS — Mail orders are now being accepted for the second annual National Finals Rodeo, the

all-star "world series of rodeo," which will be held here Dec. 26 through Jan. 1 in the State Fair Livestock Coliseum.

The National Finals is the only real world championship playoff for the cowboy sport, and the only rodeo produced by the Rodeo Cowboys Association itself. It is the exciting climax to the entire rodeo year.

Contestants in the National Finals will be the top fifteen world championship contenders from among the 2,850 professional contestants of the R. C. A. in each of the five standard rodeo events—bareback and saddle bronc riding, bull riding, steer wrestling and calf roping.

The competing cowboys will be qualified for the National Finals on the basis of their total winnings during the regular 1960 rodeo season at some 500 rodeos approved by the R. C. A. The National Finals is the only rodeo limited to only the top money-winners of the year.

The bucking stock will consist of 255 head of the toughest broncs and rankest bulls from the strings of all R. C. A. stock contractors in the U. S. and Canada, hand-picked on the basis of individual performance throughout the season, with accurate records kept on each animal. Only at the National Finals are the meanest broncs and bulls from all professional strings assembled at any one place for a single rodeo.

The cowboys will compete for a record purse of \$37,500. At the end of the National Finals, the Rodeo Cowboys Association will proclaim the World Champion Cowboys in each event for 1960.

There will be ten go-rounds, a complete section of competition with all five events featured and all contestants competing at each go-round. Go-rounds are scheduled at 8 p. m. nightly Dec. 26, 27, 28, 29, 30, 31 and Jan. 1 and at 2 p. m. daily Dec. 30, 31 and Jan. 1.

Ticket orders for all ten performances will be given top priority. Orders for only one performance should specify an alternate date. Ticket prices are \$4 per performance for reserved seats and \$6 per performance for box seats. At the matinee on Dec. 30, children 12 and under will be admitted at half price for reserved seats only. Checks and money orders should

Former Graham resident dies of fall injuries

By MRS. DILLARD THOMPSON
Funeral services were conducted at 10 a. m. Friday in Owens and Brumley Chapel, Fort Worth, for Mrs. Dee Cowdrey, 84, who died Nov. 9 of injuries received in a fall several weeks ago at her home, 4417 El Campo St., Fort Worth. Burial was in Greenwood. Mrs. Cowdrey was born in Yellville, Ark., and was a member of the Olive Place Baptist Church of Fort Worth. Survivors include two daughters, Mrs. Neville Bankston and Mrs. Stella Mercer of Fort Worth, seven grandchildren and nine great-grandchildren. She was the wife of the late R. P. Cowdrey and a resident of this community for several years. She was a step-mother of Mrs. Glenn Davis, Mrs. Lonnie Peel, and Elmer and Delmer Cowdrey of this community.

Sunday visitors in the home of Mr. and Mrs. Ray McClellan were Mr. and Mrs. Billy Stone and sons, and afternoon visitors were the Billy Lesters of Gordon.

ATTEND HORSE SHOW

Mr. and Mrs. Glenn Davis accompanied Mr. and Mrs. Alvin Davis of Brownfield to Dallas Friday night where they attended an Appaloosa Horse Show and sale in which Alvin sold a colt. The A. Davis' children are visiting in Apache Creek, N. M., with their grandparents, Mr. and Mrs. Bob Hext. Mr. and Mrs. Glenn Davis visited in Fort Worth Saturday night and Sunday with his brother and family, Mr. and Mrs. Goldsmith Davis, returning home Sunday night.

Mr. and Mrs. Jimmy Doggett and children visiting in Lubbock Saturday in the home of her sister, Mr. and Mrs. Hugh Blevins. The Blevins' small daughter, Jennifer, accompanied them home and visited until Sunday evening.

Thursday evening guests of Mr. and Mrs. Curtis Williams and family were Mr. and Mrs. Charles Williams Jr., Mrs. Joe McCowen and children, and Mrs. Jimmy Peede and son.

On the sick list this week are Mrs. Elvius Davis, Jerry, Stephanie and Patricia. Patsy Thompson was ill Tuesday with tonsillitis.

Carol Davis of Levelland was an overnight guest Saturday of Mr. and Mrs. Lonnie Peel and Gene.

Mr. and Mrs. Hugh Blevins and children of Lubbock visited Sunday in the home of Mr. and Mrs. Jimmy Doggett. Also visiting were Blevins and Doggett families were supper guests in Post of their parents, Mr. and Mrs. Walter Crider. VISIT GRANDPARENTS

Linda Ramage spent Saturday night and Sunday with her grandparents, Mr. and Mrs. Roy Ethridge. It seems Roy had a good hand throwing back cotton. "How about it, Linda?" Patsy and Gloria Thompson and Cecilia Arnold visited Sunday afternoon, and Mr. and Mrs. Billy Thomas Ramage were supper guests.

Mr. and Mrs. Vic Arnold, Cecilia and Mike of Tulsa were Sunday visitors of her parents, Mr. and Mrs. Dillard Thompson, Kenneth, Patsy and Gloria. Evening visitors were Roy Ethridge and Linda Ramage.

Bill Doggett visited Sunday with Gary Dee Jones and Stanley Jones and Lee Doggett spent the afternoon horseback riding.

Grover and Harry Lee Mason were in Lubbock Monday evening to visit their nephew, Gene Mason who had an appendectomy. Gene had carried his wife to Lubbock Monday for a medical check-up and to plan an operation for her when he suffered an acute appendicitis attack and had to have surgery.

Mr. and Mrs. Curtis Williams, Lee Ann and Andy, spent Sunday in Seagraves with her sister and family, the Dolan Dempseys.
