On The BEAM

By J. W. King, Sr.

What do we want our children to be when they grow up? Do we want them to be honest, upright, law abiding citizens or do we want them to be citizens who care little for law and order? Our children will be the kind of citizens we want them to be—at least the majority will. By precept and example we set the pattern for them to follow.

Parents, teachers and every citizen ought to be careful to set the right pattern. School children in the low grades are now going about trying to sell "chances" on a ham. What a shame! The money raised goes to a good cause but is it worth it? It appears to me that some other method than by raffle could be devised to raise money for the PTA or whatever organization is sponsoring the school carnival.

Methodist Youth Fellowship Will Trick Or Treat On Halloween

Again this year at Halloween the youth of the Methodist Church will "trick or treat" for CROP. Instead of asking for treats for themselves, they will be asking you, on Halloween, to share with those in need overseas through CROP. This is the fourth year this program has been carried on in Loraine by the M. Y. F.

In a shrinking world of today the problem of people in other lands become our own. When disaster strikes and human beings are uprooted the problems of food, clothing and shelter become urgent. The money given to "trick or treat" will distribute government surplus foods to wherever there is the greatest need, distributed thru World Service channels on a person to person basis.

Here is what money contributed to CROP will do: 5 cents will give 8 children a cup of milk a day for a month; 25 cents will give 19 children a meal and milk each day for a month; \$1 will give 15 children a daily cup of milk for a year.

Last year the young people of Texas collected \$50,000 for CROP.

Billy J. Long is president of the Methodist Youth Fellowship and is chairman of the "trick or treat" program. Other MYF officers are Maylon Beatty, Barbara Mahon, Stanley Martin, Dian Beatty, and Kenneth Johnson. Mrs. Bruce Johnson is counselor for the group.

Each trick or treat will wear identification tag.

HOST SUPPER

Mr. and Mrs. Elwood Graham entertained with a supper Sunday night for a group of young people.

Present were Troy and Clifton Martin, Clifford Franklin and Miss Sandy Martin of Colorado City and Joyce and Loyce Graham.

Bulldogs Win Second Conference Game Strong Foe Coming Here This Friday

With their second conference game in the bag the Loraine Bulldogs will probably face one of their strongest conference foes here Friday night when they entertain Eldorado.

Their second conference win was from Bronte last Friday night at Bronte. Although the score was 18 to 16 the Bulldogs were masters of the game almost from the start. On the ground the Bulldogs held the Longhorns to practically no gain but the Longhorns slipped a couple of passes by the Bulldogs defense for touchdowns.

The Bulldogs scored one touchdown each in the second, third and fourth periods but failed each time on the extra points try.

Bronte scored in the second period and made two extra points and went ahead 8 to 6 at half time. In the first half each had gotten within scoring distance, the Longhorns to the Bulldogs 8 and the Bulldogs to within inches before losing the ball on downs.

In the last half the Bulldogs scored in each period and Bronte in the final period. The Bulldogs garnered 20 first downs to only 3 for the Longhorns. The Bulldogs completed 4 out of 7 passes and had 1 intercepted. The Longhorns completed 5 out of 14 and had 1 intercepted. The Bulldogs lost the ball three times by fumble.

The Bulldogs looked good on the field Friday night in every department except pass defense.

Toughdowns were accounted for by Rankin, Galvan and Reel. If the Bulldogs get by Eldorado Friday night they still have two formidable foes in Hermleigh and Robert Lee, but the fans have confidence they will win the district crown this year.

Guest of Mrs. J. G. Bruce over the weekend was her sister, Mrs. M. N. Chapman of Stanton.

Fair Weather Brings Cotton To The Gin

Several days of fair weather the past week has started the cotton crop to moving to the gins at a rate a little more rapid than has been the case for some time.

Although every morning the cotton is wet with dew pullers get in the fields at the first opportunity.

Pullers are scarce and hard to get and quite a few farmers have applied defoliant to their cotton so that it will have a better chance to open and dry out. A lot of it will probably be gathered with strippers.

Wednesday morning the three Loraine gins reported 1950 bales ginned.

Pro And Con Of Amendments To Be Voted On November 4

Austin, Texas—More dust is being stirred up over issues than over candidates, in the build-up to the General Election, Nov. 4. Texans will vote on nine proposed amendments to the Constitution. One of them, providing for annual sessions and salaries in the Legislature, is the subject of hot debate.

A condensed outline of the amendments and arguments being presented for and against follows: (Numbers correspond to the order in which amendments will appear on the ballot.)

1. Would provide for annual sessions of the Legislature. Odd-year sessions would be devoted to all matters, as before, and even-year sessions would attend to budgeting and emergency matters. Legislators would receive an annual salary of \$7,500 (instead of \$25 a day for a 120-day session) and an unspecified amount for "expenses of office."

PRO: Supporters say annual sessions will allow more time for consideration of important matters. State financial planning could be done for one year at a time. No more having to "guessimate" financial needs for two years ahead. Better pay would be a step toward attracting the best qualified persons to law-making. Such influential and hand-working groups as the Texas Junior Chamber of Commerce are pushing this amendment.

CON: Equally outspoken are the opponents who say it would cause needless expense when money is already short. More time in session means more chances to spend money. Proposed salary still is not enough to attract top-notch talent, but "expense of office" could open the door to "fat-cattling" with public funds. Sen. Dorsey Hardeman of San Angelo is the recognized spokesman for the "antis" which include some other lawmakers and other groups.

2. Would allow counties to extend participation in their retirement, disability and death compensation plans to elective officials of the county and precinct. Present arrangement covers only appointive officials and employees of the county.

PRO: It is a permissive law. No county has to do it unless the voters say so. It would give elective officials the same privilege as appointees, be an attraction to office.

CON: It sets no requirement for length of service. An official might serve one term—or less—and receive benefits.

3. Would allow the County Commissioners Court to fill vacancies in the office of County Judge and Justices of the Peace only until the next general election. Presently such appointments are for the remainder of the unexpired term, up to four years.

PRO: It would give voters the right to choose their own replacement to office as soon as possible.

CON: Since campaigns are so costly, there would be less incentive to run for the office for only a two-year term.

4. Would provide for automatic resignation of a district, county and precinct official who announces for any other public office more than one year before the end of his term in office.

PRO: It would keep officials on the job rather than out campaigning for some other office.

CON: It would discriminate

against district, county and precinct officials since other officials—U. S. senators, state senators, railroad commissioners and others with more than two-year terms—can run for another office in mid-term.

5. Would allow Home Rule cities to extend terms of their elective and appointive officials from two years to four years.

PRO: It is permissive; each city can make its own decision. Two-year terms hardly allow an official time to get a program started before he has to get out and run again.

CON: Elections every two years give voters more control, build up citizen interest in government.

6. Would provide pensions, not to exceed \$80 a month, for retired Texas Rangers and widows of Rangers who retired before the 1947 State Employees Retirement System was established. Money would come from the Confederate Pension Fund.

PRO: Since funds are available, it would put no extra burden on taxpayers. Protective dating clause would prevent marrying for pensions.

CON: It would allow ex-Rangers to receive pensions for as little as two years' service and with no payments on their part, a more generous arrangement than is provided for other state employees.

7. Would allow Legislature to appropriate money for advertising the advantages of Texas in nationally-circulated publications. Use of the name or picture of any living state official would be prohibited, and public funds would have to be matched by private funds.

PRO: Texas is one of only three states without a state program to attract tourists and industry. Proponents say it would pay for itself many times by bringing new money into the state.

CON: This should be handled by the businesses who would benefit through their trade associations, chambers of commerce, etc.

8. Would allow the Legislature to appropriate money to pay for medical care for people who receive old age assistance, aid to the blind and aid to dependent children.

PRO: It would provide help for people whose small monthly checks cannot possibly cover medical emergencies. Since payments would be made only to the vendor (doctor, hospital or what not), the money could be used only for its intended purpose.

CON: It would cost the state an estimated \$9,000,000, with no limit on how much it could drain from the Treasury. It would mean double taxation for cities and counties already providing medical care for their needy.

9. Would allow the Legislature to authorize creation of hospital districts in Amarillo, Wichita County and Jefferson County.

PRO: It is permissive. People in the affected areas could decide what they want to do with it.

CON: Proposed amendment is long (1,000 words), detailed and so complicated that few voters can even understand it. If such provisions are needed, they should be made in statutes rather than by adding to our already long Constitution.

Guests of Mr. and Mrs. John Johnson Sunday were Mr. and Mrs. Bruce Hart and daughter Mrs. Paul Crenshaw and children of Andrews.

Adventures in ADVERTISING

Wrigley chewing gum was so well known and had such a large distribution that it might be wise to dispense with the advertising, save that expense and make that much additional profit.

"I could ask the conductor of this train the same question," replied the financial genius. "This train is now going 60 miles per hour, so why not disconnect the engine? Advertising in merchandising is what a locomotive is to a train. It is the power which keeps it going."

"HIGH SCHOOL ECHOES"

BAND NEWS

By Golda Cary

The Loraine High School Band members left Friday night after the ball game from Bronte for Austin, where we participated in the parade of bands.

We drove all Friday night and arrived in Austin at 5:00 a. m. Saturday. After breakfast we went to see the capitol and walked the campus of the University of Texas.

After getting rooms in the Texas Hotel we all cleaned up and either went to sleep or shopped around. The parade was at 2 p. m. in which 108 bands marched. Phillips, Texas, came the farthest distance, a total of 503 miles.

After marching in the parade we were all ready to go to the hotel for rest. Later we all got ready for the Texas-Arkansas football game. The game was very exciting and the halftime performance was wonderful. After the game everyone was ready to go to bed.

Sunday morning we left Austin for home, ate dinner in Brownwood and arrived home around 5:30 Sunday afternoon.

The trip was wonderful and each band member had a wonderful time.

There were 40 band members and director Bob Newman who made the trip. They were accompanied by Mr. David Schawe, Mr. and Mrs. A. G. Furlow, Jr., Mr. and Mrs. Gene Britton, Mrs. B. W. Tarr, Mrs. D. V. Marcum and Mrs. Price Hall.

PEP SQUAD NEWS

By Peggy Belvin

Last Friday night the student body and a good group of townspeople traveled to Bronte and saw the Loraine Bulldogs beat the Bronte Longhorns 18-16.

The route taken at 5 o'clock was the one through Robert Lee. In order for the student body and football boys to eat the buses came through Sweetwater on the return trip.

While students were eating at Starr Drive-In Restaurant three Sweetwaterites made off with the boys' bus. The bus was recovered by Lewis Claxton and faculty after a perilous race. Judging by the exit made by the boys it was a wonder the bus was recovered at all.

The pep squad uniforms this year are black corduroy skirts with gold lurex threads with white roll sleeved blouses and black and white ivy league shoes.

The pep squad personality is a sophomore student this week. She is Dorothy Galvan, a very lovable girl who is a very valuable member of the pep squad. Dorothy is a popular girl in Loraine High. She was runnerup for the most beautiful girl in high school and was a candidate for Homecoming Queen and is well liked by all her fellow students.

Dorothy's wonderful sense of humor makes everyone who meets her a true and fast friend. Her brother, Robert, is another popular student at LHS and is a member of the Bulldog squad. The most important factor of Dorothy's social life is the football games. Her pep and vitality are a vital factor in the victories L. H. S. has heretofore won.

al rainfall. Therefore, work that previously took 10 to 25 years can now be done in 10 to 25 months.

The only way to get ahead is to keep the one you've got.

SLANT The first thing you notice about this new Chevrolet is the freshness and crispness of its styling. The beauty comes from the shape of the car itself—its slim new proportions, its finely sculptured contours. It expresses the new American taste in cars—your taste. And it means your new Chevy will keep its good looks for a good long time.

NEW ROOMINESS WITH FISHER

BODY FINENESS Chevrolet, you know, is the only low-priced car with Body by Fisher. Nobody else seems to have the knack of building a body quite as sound and tight and solid as this one. And for 1959 Chevrolet's Fisher Body brings you strength—and greater roominess as well.

THAT CHEVY SHINE IS HERE

A WHOLE NEW OUTLOOK FOR

YOU When you sit at the wheel of a new Chevrolet, you'll see that the windshield wraps around at the top as well as at the sides. You have a broad, clear field of vision that includes not only the road ahead, but also those traffic lights that so often seem to hang just high enough to be out of sight. And, for your comfort and protection, every window of every 1959 Chevrolet is Safety Plate Glass.

EASIER HANDLING, SMOOTHER RIDING, SAFER STOPPING

There's a new standard steering ratio of 28:1, which greatly reduces steering effort. New rear suspension engineering results in greater stability. Chevrolet's proved Level Air* suspension is even softer and more luxurious. And Chevrolet's brakes are bigger—with deeper drums and 27 per cent more lining area.

NEW ECONOMY AND PERFORMANCE TO PLEASE YOU

Chevrolet introduces a new and more economical six-cylinder engine for 1959—the Hi-Thrift 6. It delivers up to 10 per cent greater fuel economy, plus more usable horsepower at the speeds you drive most.

You'll also find plenty to please you in Chevrolet's V8's for 1959. There's an improved 283-cubic-inch V8 and seven others,* including high-compression V8's with displacements up to 348 cubic inches.
