

Military Leader Is In Control At Cairo

CAIRO, July 23 (U)— Egyptian Gen. Mohammed Naguib took control of Cairo in a military coup today and Premier Ahmed Naguib Milaty resigned.

Gen. Naguib broadcast that the army was "in full control of the situation" in Cairo 9 1/2 hours after the coup.

Gen. Naguib's staff said: "All Army officers who declared themselves partisans of the old regime (Haidar's) have been arrested; those who pledged loyalty to Naguib were given positions of action."

Stevenson Off Stage As Boom Builds Higher

Aide Reports Many Telegrams Received Following Address

By WILLIAM J. CONWAY CHICAGO (AP)— Gov. Adlai E. Stevenson waited off-stage today while the draft drama in which he is the star built up toward a climax.

There were increasing signs that the Democratic convention intends to nominate him for President. And there was growing support for him among delegates who are convinced he will accept the top place on the party's national ticket.

But the Illinois governor, outwardly unruffled by the spotlight which he repeatedly tried to duck, was minding his official business.

Stevenson, who has insisted he wants only to run for re-election as governor, planned to go to his Chicago office today to handle routine state matters and look over his mail.

An aide reported between 200 and 300 telegrams had piled up since Stevenson spoke at the opening convention session Monday—an appearance that touched off an ovation and set many delegates to chanting, "We want Stevenson."

The governor spent most of yesterday in his office. Then he relaxed for two hours in the restful privacy of the Racquet Club. He spent the evening watching the convention on television.

While he sat before the TV set, a commentator wound up a report of Democratic developments this way: "Adlai E. Stevenson has pretty definitely tossed his hat into the ring."

Stevenson said nothing. The boom was growing, meanwhile, in hotels, caucus rooms and at the Convention Hall.

For example: New Jersey tossed 32 votes in the Stevenson hopper. A check of Illinois delegates at a caucus showed there were at least 46 home state voters ready to be cast for the governor.

Stevenson vaulted to third place in the latest Associated Press tabulation with a total of 148 delegate votes. Political handshakers figured much of his strength—now committed to favorite sons and others—won't show up until the second ballot.

Sen. Estes Kefauver of Tennessee and Sen. Richard Russell of Georgia, were leading the AP scoreboard with 262 and 164 1/2 votes respectively.

Sen. Stevenson has pretty definitely tossed his hat into the ring. Stevenson said nothing. The boom was growing, meanwhile, in hotels, caucus rooms and at the Convention Hall.

Stevenson-Southerner Ticket Gains Support

Reporters Are Barred From Board Meeting

OLTON, July 23 (U)—Newspaper reporters were barred again last night from a meeting of a school board, two of whose members were fined yesterday for scuffling at a board meeting Monday night.

The meeting continued until about midnight at which time Jack Allcorn, board president, told reporters "there's nothing for the press."

Allcorn was one of two board members fined undisclosed amounts yesterday on charges of disturbing the peace. The other was Glenn Exter, 29, Olton farmer, who said he was beaten up at the Monday night meeting when he spoke up in favor of admitting reporters.

Luron Brown of the Plainview Herald staff said that at the start of last night's meeting, "I went in and asked Allcorn if he would let us in the meeting and he said 'no.'"

"I asked him if he would give us any information after the meeting was over. He said, 'yes, if it's agreeable.'"

"I gathered that he meant agreeable with other board members. Evidently it was not, because after the meeting we asked the board secretary, Vernon Jefferies, if he had anything for the newspapers. Jefferies said 'no.' Then we asked if any action was taken by the board and he replied 'none that you would be interested in.'"

First Shipment Due

WASHINGTON, July 23 (U)—The first shipments of arms aid equipment to South America under the mutual defense program will leave New York Friday for Ecuador, Peru and Colombia, the Defense Department announced today.

Sen. John Sparkman of Alabama chief spokesman for Southerners at the sessions, chimed in that he too was "not completely satisfied."

Those who helped frame the "civil rights" plank said it is a revision of a 1948 section that plunged the national convention into a bitter floor battle.

Many Southern Democrats bled that convention and four states remained outside the Democratic column in the election.

The new plank was said to promise Negro and other minority groups equal opportunities to vote.

Platform Display Scheduled Today

By EDWIN B. HAAKINSON CHICAGO (U)—Democrats, in a surprising display of harmony, planned to unveil their new platform today. It contains a compromise "civil rights" plank.

While there always is a chance for a good fight at any Democratic National Convention, a coalition of moderate Dixie-Yankee leaders appeared to be in control at this session.

The tentative drafts of two key planks—foreign policy and labor—were handed to reporters last night as the platform architects applied final shape and polish to their handiwork.

Rep. John W. McCormack of Massachusetts, platform chairman, kept the 19-member drafting committee working until dawn before a series of voice votes and then applause signaled agreement on the compromise.

McCormack asked the 108-member full committee to meet at 2 p.m. Eastern Standard Time, to go over the draft word by word.

Much closed-door maneuvering and a conference at 4 a.m. with Chairman Frank McKinney of the Democratic National Committee preceded the final agreement on the draft.

Taking part in this were McCormack, Sen. Herbert H. Lehman of New York and Philip B. Perlman, who recently resigned as attorney general.

It is believed that McKinney made a special appeal to Lehman for party harmony and compromise to avoid any party-splitting battle at the convention.

"This is a real step forward," Lehman told reporters who had been kept at a distance from the closed-door sessions by policemen. "It is a much stronger plank than 1948."

Lehman said he still might seek some amendments in the full committee or possibly on the convention floor.

Sen. John Sparkman of Alabama chief spokesman for Southerners at the sessions, chimed in that he too was "not completely satisfied."

Reporters Are Barred From Board Meeting

OLTON, July 23 (U)—Newspaper reporters were barred again last night from a meeting of a school board, two of whose members were fined yesterday for scuffling at a board meeting Monday night.

The meeting continued until about midnight at which time Jack Allcorn, board president, told reporters "there's nothing for the press."

Allcorn was one of two board members fined undisclosed amounts yesterday on charges of disturbing the peace. The other was Glenn Exter, 29, Olton farmer, who said he was beaten up at the Monday night meeting when he spoke up in favor of admitting reporters.

KEEPING PACE WITH WEATHER

Hot weather and the pace set by one city policeman have other officers wiping their brows.

Entry in the police activity log: "Hilbrunner (Alvin) issued 80 tickets. Whew!!!!"

Machinery Is Started To Extend Boundaries Again

College Park Estates, an addition to the east of Big Spring, officially came into being Tuesday as city commissioners approved plat of a seven-acre tract and started machinery for annexation of approximately 50 acres.

The addition is situated just north of Howard County Junior College on the east side of Birdwell Lane. Development restrictions provide for construction of only the "higher priced" homes, said John Little, engineering representative for H. S. Moss Interests and College Park Development Company, owners and developers.

Shell Plant Closing Emphasizes Crisis

By HARRISON HUMPHRIES WASHINGTON (U)—A shutdown of the Army's largest shell-making factory emphasized today the developing crisis in defense production resulting from the steel strike, now in its eighth week.

Secretary of the Army Frank Pace announced yesterday that a shortage of steel has forced the closing of the Chevrolet plant in St. Louis, which makes about half the Army's 105-millimeter artillery shell casings.

Pace said the shutdown will "seriously affect the production of finished shells by next month" when the impact begins to reach the shell loading plants.

"Of necessity," he said, "it will continue to affect the production of finished shells for several months thereafter."

The plant, employing 2,600 workers, is operated by the Chevrolet Division of General Motors.

Already, the strike over wage boosts and a compulsory union shop demanded by the 650,000 members of the CIO United Steelworkers union had curtailed production of aircraft and automotive parts vital to the defense program.

With no end to the 52-day old dispute in sight, Presidential Assistant John R. Steelman continued telephone conversations with union and industry spokesmen. He hoped to find some basis for calling for new negotiations.

Meanwhile, a government-named task force of five steel industry executives proposed a formula for getting industrial production under way when the strike ends. Priority will be given defense orders.

The six-point formula, announced by the National Production Authority (NPA) and expected to be adopted with little change, calls for:

- 1. All military orders accepted for delivery through November to be filled by Nov. 30, if the strike ends in time.
2. Military orders on which delivery is needed by Oct. 1 to be pushed under mandatory priority directives to the mills.
3. NPA to require each mill, starting Oct. 1, to earmark a specific tonnage of its output solely for the military and atomic energy programs to prevent overloading of a few mills with defense orders and creating local shortages for civilian use.
4. Tightening of inventory controls to prevent any hoarding of steel.
5. No change in the programmed allocations of steel for the fourth quarter of this year, but adjustments to be made in the January-March quarter of 1953 for those who cannot get the allotment tickets honored this year because of the shortage of metal.
6. Allotments of steel for fourth-quarter delivery to be made valid for delivery as late as January or February next year.

Hill Seared By Artillery

SEOUL, Korea, July 23 (U)—U. N. planes and artillery today seared the crest of Old Baldy Hill where a Chinese infantry company overlooked the Allied main line of defense.

Battle weary U. N. foot soldiers were dug in on two slight extensions on the southeast slope of the Western Front hill west of Chorwon. They were about 100 yards below the crest.

The crest of the battle-scarred hill has changed hands several times since the Reds opened their drive for the height last Thursday night. U. N. troops were pushed off again yesterday.

Governor Confident His Group To Stay

By MARTHA COLE CHICAGO, July 23 (U)—Texas' conservative, anti-Truman Democrats had all but their left boot in the Democratic Convention today.

That final stride depended on approval of the convention itself. Gov. Allan Shivers said he was confident the convention would give its approval for his conservatives to come on in for permanent seats.

The liberals who came up with a rival delegation lost their third try for seats last night—a 36-13 vote against them in the convention credentials committee.

The liberals were going to meet at 7:30 a.m. (CST) today to decide whether to take their last chance—an appeal to the whole convention.

Shivers could point with pride to: 1. Victory so far in getting his delegation seated. 2. A party loyalty resolution he believed his delegates could sign and all not betray the folks back home who sent them up here unpledged to support the platform or the nominees of the Democratic Party.

Both the Shivers and the Maverick delegations filed affirmations of that loyalty resolution. It asks the delegates to work to assure that the names of the Democratic nominees are on the ballots in their state.

And a proviso was added last night that they had to sign up only if that promise didn't conflict with state laws or instructions from the Democratic governing parties of their states.

That suited the Shivers group fine. The governor filed the affirmation, and up to this morning, no delegate had exercised his privilege of an individual protest.

The Mavericks handed in the affirmation without blinking. That's what they've been pitching for all along. They had gone further back home and demanded that any good Democrat ought to take the loyalty pledge to support the party nominees.

Negotiators Hold A7-Minute Meet

MUNSAN, Korea, July 23 (U)—Deadlocked armistice negotiators debated the prisoner exchange issue in secret for only seven minutes today. A Communist broadcast presented a gloomy picture of chances for early settlement.

Another closed door session is scheduled at Panmunjon for 8 p. m. Wednesday CST.

Red China's Peking radio said "provocations by the American side outside the Panmunjon conference tent have thrown an ominous shadow over world policy."

That was the basis of their fight for seats. They claimed they were the only legal delegates because they were the only ones who had taken the pledge in Texas.

Maverick, a former New Deal congressman, gripped his hands around his throat and told the credentials committee his people were tired of being taken by the throats by Southern reactionaries.

"We want to be free free!" he cried, and threw his arms wide. Texans argued their case most of the day in the hot hotel hearing.

Wreckage Of Plane Sighted In Swamp

WINNIPEG, Manitoba (U)—Wreckage of a plane missing since Monday with seven Manitoba provincial government employees aboard was believed found last night in isolated swamp country 200 miles north of Winnipeg.

Air searchers who sighted the wreckage said it appeared to be that of the missing craft, but heavy fog and darkness prevented positive identification.

They are expected to condemn most of the downtown businesses and many homes as well.

BALLOTING DUE LATE TOMORROW

CONVENTION HALL, Chicago, July 23 (U)—Balloting for presidential and vice-presidential nominees at the Democratic National Convention may get under way late tomorrow.

Temporary Chairman Paul A. Dever told a reporter today the balloting could be finished tomorrow night "if it looks at that time like nly one ballot will be needed" for the ticket's top spot.

Otherwise, Dever said, the voting will be put off until Friday's opening session.

Earthquake Check Still In Progress

TEHACHA, Calif., July 23 (U)—Amid continuing aftershocks from California's second strongest earthquake in recorded history, inspectors are making a building by building check of this shattered community today.

The new plank was said to promise Negro and other minority groups equal opportunities to vote.

FUNDS TO BE SOUGHT

Committee Named To Head Campaign For Rain-Making

The steering committee named at the county-wide meeting held at the Courthouse Monday night to organize a campaign committee to raise the needed funds to continue Howard County's participation in the cloud seeding project, met at the offices of the Big Spring Chamber of Commerce yesterday afternoon, and named that committee.

R. V. Middleton was selected as chairman with Harvey Wooten and Franklin Reynolds as vice-chairmen.

Meeting with the steering committee, which is composed of Middleton, Lewis Price, Thad Hale, J. I. White and County Agent Durward Lettner, were four Chamber of Commerce officers, Truman Jones, president; Robert W. Whipple, representing the executive committee; J. H. Greene, manager, and Loyd Wooten, in charge of projects.

Residents of all sections of the county were named to the campaign committee, and Middleton said he will greatly appreciate it if as many of those who have been named and who will agree to serve will notify him or the Chamber of Commerce of that fact as soon as possible.

Intervention By President Calms Battle

Truman Emmissary In Session With Illinois Governor

BULLETIN CONVENTION HALL, Chicago July 23 (U)—The Democratic National Convention headed into a floor fight today over efforts to unseat an anti-administration delegation from Texas.

William Proxmire of Wisconsin laid before the delegates a minority report objecting to the Credentials Committee's recommendation that the Texas slate headed by Gov. Allan Shivers be seated.

The Credentials Committee voted 38 to 13, last night to seat the Shivers group rather than a pro-New Deal delegation headed by former Rep. Maury Maverick.

By JACK BELL CONVENTION HALL, Chicago, July 23 (U)—The Democratic Convention achieved a new air of harmony today under White House signal calling and party veterans pressed for a Stevenson-Southerner ticket which could seal a North-South union for the November election.

Intervention by President Truman's staff had calmed the once raging North-South battle over a "loyalty pledge."

There were signs, too, that Truman might give his own blessing to Gov. Adlai Stevenson for the presidential nomination before the convention gets around tonight to calling the roll of states for nominees.

Interior Secretary Oscar Chapman, who has been a Truman emissary at the convention, had a breakfast conference with the Illinois governor.

They met in the apartment of Edward McDougal, a friend of the governor.

It was learned that Chapman proposed the meeting.

As to the convention machinery, it was clear the party wheelers were back in the driver's seat and out to name the ticket.

They were talking first of all of Sen. Richard B. Russell of Georgia as a running mate for Stevenson.

Russell, in bidding for the top post, has said repeatedly he didn't want the vice presidential nomination.

If he stuck by that attitude—and party veterans had their way on their proposed Stevenson-Southerner ticket—the second place might go either to Sen. John Sparkman, Alabama, or Sen. William Fulbright, Arkansas.

Backers of Sen. Estes Kefauver, Tennessee, and Averell Harriman, other aspirants for the presidential nomination, were not giving up their fights.

There were reports they were jointly planning strategy but James Roosevelt, a Kefauver supporter, denied to a news conference that the Kefauver and Harri-

THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy this afternoon, tonight and Thursday; not much change in temperature. High today 86, low tonight 73, high tomorrow 84.

Highest temperature this date 100 in 1951; lowest this date 63 in 1921; maximum rainfall this date 4.39 in 1924.

Although new minerals are found, all major precious stones and almost all precious metals have been known and valued for centuries.

### M. H. (Mack) Tate Candidate for the Office of COMMISSIONER PRECINCT 3

Better government starts right at home. Better government means better living. I believe in a government for the people and by the people with courtesy to all and special favors to none. I also believe in PROGRESS, but not in WASTE. And I will appreciate your vote and influence. Do you know your one vote will count?

It has done a lot of things that have changed the history of the United States of America.

Thomas Jefferson was elected president by one vote in the electoral college. So was John Quincy Adams.

Rutherford B. Hayes was elected president by one vote, and it was referred to an electoral commission. Again he won by a single vote. The man who cast the deciding vote for President Hayes was a congressman who was elected to Congress by one vote. And that one vote was cast by a client of his who though desperately ill insisted on being taken to the polls to vote.

Just one vote gave statehood to California, Idaho, Oregon, Texas, and Washington.

The Draft Act of World War II passed the house by just one vote.

Think it over. Your one vote does count!  
I will appreciate your One Vote.

Opp. Adv. Paid for by Mack Tate

## Polio Strikes In New Blows Over The State

By The Associated Press  
Killer polio struck new blows in Texas Wednesday after two persons died in Dallas, and Houston recorded a record number of cases for the day Tuesday.

A total of 24 city, Harris County and non-county cases were reported in Houston Tuesday with 13 from the city topping all previous records.

The new cases in Houston boosted the city total to 269 for the year with eight deaths. Four new county cases boosted the year's total to 173 and seven deaths, and seven new non-county cases reported brought the toll there to 150 cases and six deaths.

Last year at this time there had been only 78 polio cases and four deaths in Houston while Harris County had had but 20 cases and no deaths.

In Dallas, a 7-year-old girl and a 29-year-old printer died of the mysterious malady, bringing the year's Dallas count to 163 cases and 13 dead.

Vicious bulbar polio killed Sandra Elene Friday, daughter of Mr. and Mrs. C. C. Friday, while she battled for life in a respirator Tuesday morning. Harold Edward Crawford, the second Dallas victim of the day, died Tuesday afternoon, just three days after he was admitted to the Parkland Hospital polio ward.

Three new cases were reported Tuesday in the Alice area. One was a 19-year-old Agua Dulce mother and the others were two children from Fremont. All were hospitalized in Corpus Christi.

Ernest Seger, 8, became McLennan County's 44th polio case of the year. Waco sources said at this time last year only 29 cases of the disease had been reported there.

### Paper Says Former Leader Seriously Ill

TUNIS, Tunisia, (AP) — The Arab newspaper Assabah claimed today that Tunisian Nationalist leader Habib Bourguiba, imprisoned after bloody independence riots, was seriously ill and in need of medical examination.

The paper did not indicate from what ailment Bourguiba was suffering. There have been no official French reports that he was ill.

Bourguiba, 48-year-old chief of the Neo-Destour (New Freedom) party, was arrested by French officials last March along with several other Nationalist leaders.

In May, Bourguiba was sent under guard to the island of Gallie, off the protectorate's north coast.

### Stylists Compare Hats

If there's anything a woman doesn't like, it's to see a hat that's a duplicate of her own. But this gal, June Earley, 21, of Casa Grande, Arizona, has no complaint. She borrowed her hat from Jimmy Wambach, 6, of Chicago, the little fellow who's standing on the chair and also sporting a hat with a donkey cutout. June is a page at the current Democratic national convention in Chicago, Illinois. (AP Wirephoto).

## Lewis Enraged Over Barkley Maneuver

By DON WHITEHEAD

CHICAGO (AP)—Union labor ranks were ripped apart today by angry and bitter discord over the sudden dumping of Vice President Alben Barkley as a Democratic presidential candidate.

John L. Lewis, the busy-browed leader of the United Mine Workers, was in a towering rage against CIO and AFL leaders whom he accused of "small-time political intrigue" with some Democratic presidential hopefuls to chop down the Kentuckian, a long-time friend of labor.

But this Lewis anger was only part of a story of backstage maneuvers, political coalitions and divisions which have been boiling beneath the surface of this 31st Democratic National Convention.

And it was, in part at least, the story of the struggle between Democratic factions to name the party nominee.

There was some talk the Barkley boom might be revived. But it may be just talk. Barkley will go to the Convention Hall tonight for the first time and address the delegates.

The lid was blown off last night when Lewis scornfully accused union leaders Walter Reuther, George Harrison and Jack Kroll of intrigue to torpedo Barkley on the issue of age. Barkley is 74—just two years older than Lewis.

"The self-anointed political leaders of labor who took it upon themselves to attempt to disqualify him (Barkley) from the presidency by reason of his age obviously were engaged in a small-time political intrigue with other candidates," Lewis said.

Reuther is president of the United Auto Workers and vice president of the CIO. Harrison is a member of the Executive Council

of the AFL and president of the Brotherhood of Railway Clerks. Kroll is director of the CIO's Political Action Committee.

These three were among the group of labor leaders who had breakfast with Barkley Monday morning. They informed him they could not support him because of his age. A few hours later, the vice president—deeply hurt and angry—withdrew from the race. Lewis said in part in his statement dictated from Washington: "Vice President Barkley has always been a friend of organized labor. He has led a distinguished career, deserving of the eternal gratitude of every man in America who works for a living as well as all other citizens."

This Lewis blast highlighted the struggle for the Democratic presidential nomination in which Gov. Adlai Stevenson of Illinois now appears to be the front-runner despite his avowed reluctance to enter the contest.

And it served to uncover these other reports:

1. That Barkley came to the convention with some reason to believe that he was the favorite of President Truman and those around him.

2. That Reuther, Harrison, Kroll and some other union leaders were working closely with Sen. Estes Kefauver of Tennessee and Averell Harriman of New York in convention maneuvers.

3. That Lewis had pledged Barkley his support prior to the convention and assumed that the Kentuckian would be acceptable to other labor leaders because of his long record in support of labor.

4. That a White House meeting on Sunday, July 13, had left Barkley boosters with the impression the vice president was more acceptable to Truman than any of the other avowed candidates (not including Stevenson).

5. That Reuther and other labor leaders met in Room 1106 at the Conrad Hilton Monday night with Kefauver, Harriman and Franklin D. Roosevelt Jr. — and that a short time later the story "leaked" that labor had turned thumbs down on Barkley.

### Canadian Planes Collide And Crash

BAGOTVILLE, Que. (AP) — Two Canadian Air Force planes, flying in joint U. S.-Canadian air defense maneuvers, collided and crashed yesterday in brush country 30 miles from this Northeastern Quebec town.

The death toll was not immediately known, but reports said some of the seven men aboard the two planes — a Vampire jet fighter and a Lancaster bomber — were "definitely killed."

A rescue party, including a nurse, was parachuted near the crash scene and a ground rescue party was sent through the brush to the wrecks, about 130 miles north of Quebec.

Canadian Air Force officials said the two planes were participating in "Operating Signpost," a week-long joint defense maneuver launched last Saturday by the U. S. and Canadian Air Forces.

More than 800 Canadian and American planes are taking part in the exercises, designed to test the vulnerability of Canadian and U. S. air defenses to long-range bombing attack.

Almost all of Quebec's vast asbestos production comes from open pit mines.

## Ground Is Broken For Church Building

Ground was broken for a new church plant here Tuesday evening while more than 200 members and friends of the Baptist Temple Church looked on.

In prayers and in talks, ministers voiced the hope that it would be a "soul winning church," "a praying church," "a sacrificial church."

First spade was turned by the pastor, the Rev. Jimmie Parks, Dr. H. M. Jarvatt and J. W. Bennett, chairman of the board of deacons.

The Rev. Parks sketched the history of the program since it was first conceived as a new plant in 1947. At that time he was East Fourth Baptist Church, he continued, East Fourth Baptist Church turned over a \$75,000 building fund and the lot at Eleventh Place between Nolan and Goliad to the newly formed Baptist Temple Church.

This, commented Dr. Alcie Carleton, minister of the First Methodist Church, was one of the "most Christian things I have ever heard of any church doing."

Dr. P. D. O'Brien, First Baptist pastor, reminded that "except the Lord build a house, they that build it labor in vain." He said that the church was one of two God-given institutions which formed the basis of all humanitarian institutions. Dr. Carleton, seeing the church as the source of lofty ideals, humanitarianism, and peace, prayed that the congregation be made up of members "who are in love with the church with the Lord."

The Rev. Cecil Rhodes had read the Scriptures from the 17th chapter of Acts and gave the invocation. The responsive reading

### Wickersham Due To Get New Term

OKLAHOMA CITY, July 23 (AP)—Rep. Victor Wickersham was virtually assured another term in Congress today after trouncing a fellow Democratic congressman, Rep. Toby Morris, in yesterday's runoff primary.

With counting almost complete, Wickersham had 35,553 votes to 31,526 for Morris. Their districts were combined.

Ed Edmondson won the Second District Democratic nomination over Dennis Bushyard, 29,037 to 25,057.

Other congressional nominees: Dist. 1 (D): H. G. Dickey; Dist. 2 (R): Edward Easton; Dist. 5 (R): Edwin Burch; Dist. 6 (R): K. B. Cornell.

# A GOOD RECORD SHOULD Be CONTINUED

Figures and conditions show that, during the term of office of Jake Bruton as sheriff, Howard County is fairing better than ever in law enforcement and in maintaining decent conditions.

**JUST ONE EXAMPLE** In all the years since 1925, there have been 49 cases of narcotics violations handled by the Howard County Sheriff's Office, and 32 OF THESE HAVE BEEN HANDLED DURING BRUTON'S TERM OF OFFICE.

**ANOTHER EXAMPLE** During the "dry" year of 1951, over 100 liquor cases in Big Spring alone were handled by the Sheriff's office. Under the present conditions, Jake Bruton and his force have done an outstanding job in checking licensed establishments.

**ONE MORE EXAMPLE** Fees of the office of sheriff collected for the county (this is not fines alone) in 1951 totaled \$4,580.67. This compares with just \$2,059.07 in 1950 and only \$1,186.61 back in 1943.

**JAKE BRUTON Is Making An Efficient  
Sheriff. His One Term, On The Basis  
Of His Record, Deserves Another.**

# Talks By Mrs. Roosevelt And Hoover Spotlight Conventions

By ED CREAUGH  
 CONVENTION HALL, Chicago, July 23 (U)—When the last dented campaign button has been swept up, when the fervor and sweat of the national conventions are only blurred echoes, two events will stand out in the memory of those who saw both gatherings of the political class:  
 Herbert Hoover, 77, fighting back tears, getting the ovation of his life from the party he led to victory almost a quarter-century ago.  
 And Mrs. Franklin D. Roosevelt, 67, a little moisture in her eyes, too, bearing the other party a message from her late husband—she who led the Democrats to victory over Hoover and three successive other Republicans in the most turbulent years of our century.  
 Last night it was Eleanor Roosevelt's turn.  
 Mrs. Roosevelt brought a serious message—as did Herbert Hoover to the Republicans two weeks ago. They got the same sort of reception. Spontaneous. Affectionate. Frenzied.  
 Just as for Hoover, the delegates bowed, rang cowbells and surged through the aisles for Eleanor. They demonstrated for a full 15 minutes.  
 But the messages they brought, this patriarch and this matriarch of the political tribes, were just about as far apart as they could be.  
 Hoover's advice has been reported before: Don't go overboard on aid to other countries. Concentrate on a big Air Force, capable of striking back like a rattlesnake if the United States is attacked. Don't bankrupt the country with big spending and ruinous taxes.  
 Mrs. Roosevelt might have written her speech as a point-by-point answer:  
 "There is a . . . minority in this country which advocates changing our national symbol which is the eagle to that of the ostrich and withdrawing from the United Nations."  
 "Our men are fighting in Korea so that they will not have to fight in their own main streets."  
 "The cost of supporting the U. N. and its specialized agencies for each man, woman and child in the U. S. is 77 cents a year. The price of World War II was \$1,708 for every person then alive."  
 Mrs. Roosevelt saved her heaviest ammunition until last.  
 She told the delegates—who automatically and nostalgically cheer at the name of Roosevelt—she was going to read them the last message FDR ever sent his countrymen.  
 It was prepared for the Jefferson Day dinner in Washington April 15, 1945.  
 Roosevelt never delivered it. He died just 24 hours before. So his wife read the message last night:  
 "Let me assure you that my hand is the steadier for the work that is to be done, that I move more firmly into the task, knowing that you—millions and millions of you—are joined with me in the resolve to make this work endure."  
 "The work, my friends, is peace, more than an end of this war—an end to the beginning of all wars, yes, an end, forever, to this impractical, unrealistic settlement of the differences between governments by the mass killings of peoples."  
 "Today as we move against the

## Elevator Operators Have Ups And Downs

CHICAGO (U)—Elevator operators have more than their share of ups and downs at the jam-packed Conrad Hilton, the Democratic convention hotel.  
 A portly lady got one foot in an already filled elevator last night, then had to withdraw at the insistence of the operator.  
 She withdrew, but not wordlessly. "Republican!" she shouted.

## Crash Victims Are Identified

QUONSET POINT, R. I., July 23 (U)—The Navy last night identified the pilots of jet planes which crashed into Narragansett Bay near here today as Lt. Comdr. John G. Dooley, 36, of East Greenwich, R. I., and Lt. Michael J. Kane Jr., 30, of Hartford, Conn.  
 Divers were trying last night to locate the wreckage of the aircraft and the bodies of the victims.

## 43 Prisoners Surrender, Hostages Are Unharmed

BOSTON (U)—Forty-three prisoners led by two life-term killers surrendered early today after a 15-hour rebellion at Massachusetts State Prison in Charlestown.  
 They released two prison employees, held as hostages, unharmed.  
 The prison's Catholic chaplain was given much of the credit for ending the rebellion.  
 Correction Commissioner Maxwell B. Grossman said no promises were given the prisoners.  
 "They'll get the maximum penalty," he said.  
 Prison officials said Fritz Swenson of Boston, serving a life term for killing a policeman, touched off the riot after escaping from the prison hospital. He raced through several shops mustering inmates.  
 Several minor fires were touched off.  
 Thirty prisoners surrendered last night after a tear and vomit gas barrage sent them streaming back to their cells.  
 But the other 43, barricaded in the auto plate shop with the two hostages, stuffed doors with cloth and paper to stop the gas and held out.  
 The hostages, Cornelius Horgan, 41, and John Kerrivan, said they were not mistreated.  
 During the rebellion, the prisoners submitted demands for better food and other improved conditions. They insisted on having the demands printed by newspapers.  
 Grossman delivered the early morning editions to the prisoners so they could see their grievances in print. But, a state police spokesman said, the prisoners continued to haggle with the commissioner and presented more demands.  
 Grossman gave special credit to the Rev. Edward T. Hartigan, prison chaplain, and credit to

Big Spring (Texas) Herald, Wed., July 23, 1952

Warden John J. O'Brien and Deputy Warden John Blaney. He said: "Father Hartigan really spoke to the inmates in grand priestly fashion and he was responsible, with O'Brien and Blaney, for saving our officers."

## Rayon Mill Wants To Start Operation

MEXICO CITY (U)—A rayon mill here is seeking a court order to force the government to let it start up its machines.  
 The company's petition told this story:  
 The government took so long to can't run because its machines are not the latest type.  
 The machines were up-to-date when the mill owners first asked for the government okay—two years ago.  
 The government took so long to give the go-ahead, the machines now are obsolete.  
 But the mill wants to start them anyway.

## Riding

### THE GRUB LINE With Franklin Reynolds

Recent rains have brought up several stands of Blue Panicgrass, one of the most adaptable and successful grasses in this area. Kirk Pitts has a good stand on 40 acres which he planted using a 12-hole maize plate and using cracked grain as a filler with a five to one ratio of cracked grain to grass seed. Pitts looks upon this grass as being one that not only affords good grazing but also as one that provides much valuable organic matter for improvement of the soil.  
 Derwood Zant of the Luther Community has 85 acres of this grass that came up on recent showers. Some people who have this grass also find it a good cash crop since there is a good market for the seed.  
 W. C. Carroll who lives out the Gail road has a nice little patch of Buffelgrass that is seeding out. He is doing a most unusual thing with it, too—transplanting from where it is too thick in the rows and this transplanting operation is proving to be a successful one.  
 A new stock tank, 12,433 cubic yards, has just been completed on the J. L. Whitmire place, 17 miles northeast of Luther. It was engineered by Soil Conservation Service technicians, and a carryall and Caterpillar were used to move the dirt.  
 Water from this tank will be piped to pastures so as to give a better distribution of grazing, and it has been so engineered that whenever it is full additional rainfall will bypass it. An older tank nearby will serve as a silt basin or trap for this new tank, thus protecting it and providing a better water supply.  
 B. W. Allred, regional range conservationist with the Soil Conservation Service, stationed at Fort Worth and in charge of SCS range conservation work in Texas, Oklahoma, Arkansas and Louisiana, has been in the Big Spring area yesterday and today and will return to Fort Worth tonight.  
 The purpose of his visit here is to go over this part of West Texas on a range inspection trip and to discuss range conservation problems with SCS technicians and specialists. He is being guided around by W. S. Goodlett, area soil conservationist.  
 Allred, the author of "Practical Grassland Management" was raised on a ranch in southeastern Utah. He later studied animal husbandry at the agricultural college of that state and at the University of Nebraska. For a while he operated a ranch in his home state of Utah, running both sheep and cattle. He was county agent for two livestock-raising counties in Colorado and has been with the SCS since 1935, first doing range conservation work in the Northern Plains States. Since 1945 he has been in the same work in the four states mentioned.  
 He is widely known to readers of livestock journals and other magazines for articles on livestock and grassland management problems.  
 No more Guar seed will be available through the SCS and supervisors of the Martin-Howard Soil Conservation District, but farmers who have not gotten their supply and want some seed can have it shipped directly to them if they cannot get it from their local dealers.  
 The names and addresses of persons having seed for sale may be obtained from any office of the SCS.  
 The supervisors point out that

another week of the planting season remains for those who wish to harvest and sell seed. But even more time, two or three weeks more possibly, remains for those who want to plant it for a soil-building, soil-protecting crop only. The first frost will get it.  
 John Whitmire is planting 12 acres; D. F. Bligny, who already has 60 acres of Guar is planting another 60; O. R. Bollinger is planting 12 acres; Derwood Zant has 200 pounds of seed he expects to plant as soon as the ground dries out enough from Saturday's rain. Roy Phillips is planting 40 acres.  
 Among other Howard counties with Guar plantings are J. J. Jones, Rufus Stallings, Larry Shaw, Edgar Phillips, E. T. Roman, J. E. Hillger and Bence O. Brown. In all there has been over 1,200 acres already planted in addition to the 1,400 acres planted at one time by Arthur Little and Jack Gregg who farm six miles northeast of Ackery.  
 Ray Hastings, Martin County agricultural agent, estimates that farmers in his county have planted approximately 3,000 acres of field peas; 100,000 acres of cotton and between 75,000 and 100,000 acres of grain.  
 Hastings says that while the rains over Martin County have been spotted nearly every farm and ranch has gotten some with the possible exception of areas in the southeastern part of the county. He says that generally Martin County crops are in pretty fair shape.  
 A few Martin County cotton growers have started poisoning using 10-40 (10 per cent DDT and 40 per cent sulphur), because of the appearance of bollworms which Hastings says are getting bad. He says a few leaf worms have been found and that the cabbage looper is causing some damage.

### Number Seven of a Series TIME FOR A CHANGE

Guilford (Gil) Jones

When is it time for a change in Public Officials?

It is always time if you are not satisfied with the conduct of the office.

Personally, I believe as a general rule, two terms in public office are enough regardless of whether the first term was appointive or elective.

Now is the time for a change in the District Attorney's office? You will answer that question election day.

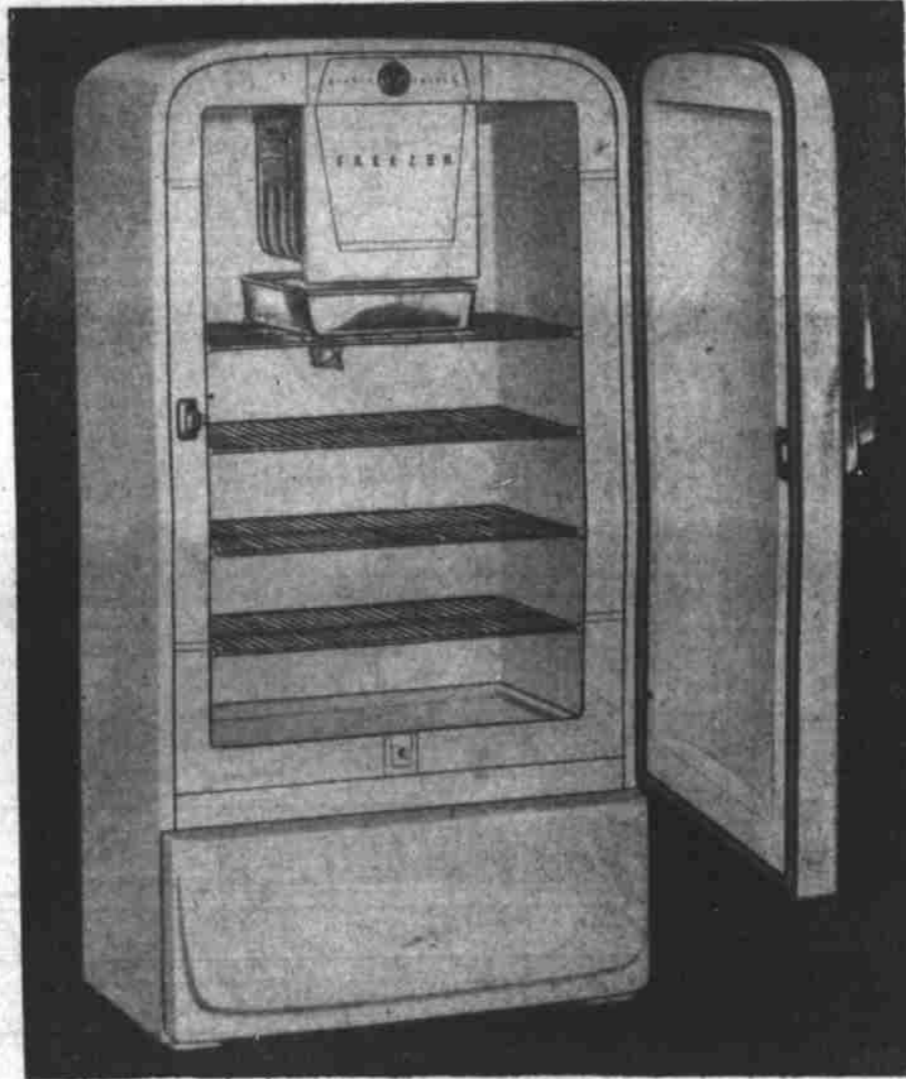

I believe it is probably true that a new broom sweeps just a little cleaner.

# Candidates Pushing Feverish Campaigns

**By The Associated Press**

Candidates pushed their political campaigns with feverish haste Wednesday with only two days remaining before the first Democratic Primary of the year.

But the public, at least a great portion of it, had eyes and ears only for the Democratic National Convention in Chicago, where two Texas delegates battled for seating.

The convention's Credentials Committee Tuesday night voted, 36 to 13, to seat the anti-administration delegation headed by Gov. Allan Shivers.

It was the second victory of the convention for Shivers and his followers against a Loyal Democrat group headed by former Congressman Maury Maverick of San Antonio. But a probable fight on the convention floor loomed ahead.

Earlier, Maverick had gripped his hands around his throat and dramatically pleaded for freedom from the Texans he called "Southern reactionaries."

With Shivers in Chicago, his friends took over the campaign for re-election. Tuesday night four of

them spoke for the governor over a state-wide radio hookup, the broadcast originating in Dallas.

They were Sen. A. M. Allen Jr., Paris; Rep. Bill Wood, Tyler; Attorney Frank Barnes, Terrell; and Rancher Earl Rudder, Brady.

Jack Dillard of Waco, Shivers' campaign manager, said the quartet of supporters had a great part in designing the "middle-of-the-road program" of the Shivers administration.

Atty. Ralph Yarborough of Austin, Shivers' most active opponent, campaigned Tuesday in Fort Worth and Dallas and was in San Antonio Wednesday. Thursday, the hard-working campaigner scheduled appearances at Corpus Christi and Victoria.

Mrs. Allene Traylor, San Antonio housewife making the race for governor, stayed at home answering correspondence Tuesday and Wednesday and was to be in Wichita Falls and vicinity Thursday.

Mrs. Traylor, who has just completed a swing through West Texas, said she was getting good response from women and the old people of the state.

In the red-hot campaign for U. S. Senate, Rep. Lindsey Beckworth spoke to a crowd at Fair Park described by his wife as "highly responsive." Beckworth made three speeches in downtown Dallas Tuesday, accompanied by the attractive

# President Due To Make Early Choice

By ERNEST B. VACCARO  
 WASHINGTON (U) — President Truman today promised his home state delegation an early decision on his choice of a Democratic presidential nominee and then turned to work on the "give 'em hell" speech he plans to make in Chicago later.

Just when he'll let his alternate, Tom J. Gavin, and the Missouri delegates know his preference for a successor was added to the list of White House secrets.

But presidential spokesmen acknowledged Truman talked by telephone yesterday with Sen. Hennings (D-Mo) and would not take issue with Hennings' statement to reporters in Chicago that the President would pass along the word today.

The President kept, up to the

through press association reports and his own television set. But there was every indication that he was several jumps ahead on every turn through telephone reports from his personal contact men at the convention.

Wherever there was a smoke-filled room, a Truman man was said to be in the thick of the smoke.

Truman has said repeatedly that he proposed to have his choice made known by his alternate when the latter casts his vote on the first ballot.

Hennings said Truman's first choice, given to Gavin in a letter, is no longer the man he now plans to endorse. Hennings deduced from the President's language that he originally planned to vote for Vice President Barkley, who withdrew from the contest Monday night.

In addition to voting on a nominee, the President faced another task: giving the convention's ultimate selection the best sendoff possible.

This will come in the form of one of his "give 'em hell" speeches attacking the Republicans.

It is for this speech, to be delivered in Chicago following the nomination, that he assembled information. The White House was uncertain whether he would have a prepared manuscript or speak from notes.

Lead Fight For New Rule

Sen. Blair Moody of Michigan proposes a resolution for a new rule at the Democratic National Convention in Chicago under which delegates would be pledged to do all they could to see that nominees of the convention would go on their state ballots. The rule was adopted by voice vote over the opposition of southern delegates. (AP Wirephoto).

## Here's How Demo Planks Compare With GOP List

By OVID A. MARTIN

CHICAGO (U) — Here are the proposed 1952 Democratic convention planks of foreign policy, national defense and labor, compared with this year's Republican planks.

**Foreign policy:**  
 Proposed 1952 Democratic — Pledges continued efforts to gain a "peace with honor" through a strengthened United Nations and by co-operating with other freedom-loving countries, not only in Europe but in the Pacific as well. It promises to encourage European unity and to extend support to friendly nations in the Near East and South Asia.

It also promises a "stronger" Point Four program designed to help other countries develop their resources and technical skills.

It pledges new efforts to expand world trade.

Republican — Dedicates party to "wage peace and to win it." Would support the United Nations and help to make it a stronger organization, and aid in developing collective security forces to thwart further spread of Communism. Foreign aid would be extended to limits of this country's ability without endangering its financial structure.

Foreign ventures would be designed to serve this country's "enlightened self-interest" and to help "frustrate" possible Soviet designs against the U. S.

Promises to give greater attention to needs of freedom-loving countries in the Far East, contending Truman administration has been neglecting this area in pursuing a "Europe first" policy.

**Favors expansion of "mutually advantageous" world trade.**  
 Charges Democratic administration have "lost the peace" won by World War II and "squandered" this country's power and prestige abroad.

**National defense:**  
 Proposed 1952 Democratic — Would pledge party to stand for "strong, balanced" land-sea-air forces. Would reject "defeatist view of those who say we cannot afford expense and effort to defend ourselves."

Republican — Charged Democratic administration has lagged in preparing nation's defenses, and promised to develop, with utmost speed, a "completely adequate" Air Force co-operate with land and sea forces.

**Labor:**  
 Proposed 1952 Democratic — Would advocate repeal of Taft-Hartley Law and passage of legislation that would enable the President to deal "fairly and effectively" with cases where a breakdown in collective bargaining seriously threatened national safety and welfare.

Republican — Favored retention of Taft-Hartley Act, subject, however, to amendments which experience might show to be desirable and which would further protect the rights of labor, management and the public.

**City Is Flooded**  
 MEXICO CITY, July 23 (U)—Half an inch of rain fell yesterday, flooding many parts of the city. The temperature range was 52 to 74.

## Plans For Airport Building Approved

Preliminary plans for airline and Weather Bureau facilities at Webb Air Force Base were approved Tuesday by city commissioners.

The Air Force, which agreed to provide quarters for Pioneer Air Lines and the U. S. Weather Bureau when former Municipal Airport was taken over, plans construction of a 100-by-32 foot building just west of Morales Grille and the old Cactus Paint plant at the north edge of the airport on Highway 90.

The building will include offices and other facilities for the two agencies. It will be surrounded by a 24-car parking area, taxiway and loading ramp for airline passengers.

Commissioners approved the plans with only one suggestion—that interior arrangement of a portion of the building be reversed to permit waiting travelers a view of the air field. Pioneer and Weather Bureau officials already had approved the preliminary drawings.

No date has been set for construction of the building or for transfer of PAL and weather offices from the former airport terminal in the heart of WAFB. Air Force officials informed City Manager H. W. Whitney that plans still must be approved by "higher headquarters."

The commission also granted WAFB use of the municipal swimming pool two nights each week for swimming instruction. Airmen will use the pool after its regular closing at 8 p.m.

The city agreed to go its share on the cost of additional furniture for the Big Spring-Howard County Health Unit. Dr. Charles A. Pigford, unit director, asked that desk and other equipment needed for an assistant sanitarian, employed last week, be provided from budget funds "saved" while the health unit was without the services of the extra worker. Commissioners okayed the proposal provided the county will foot half of the \$300 expenditure.

City Manager Whitney was instructed to write another letter to county officials requesting that Howard County pay \$5,000 per year on the cost of operating the fire department.

Approximately 24 per cent of fires extinguished by the department during the past year occurred outside the city limits, the manager said. Cost of operating the department, exclusive of equipment expenditures, was \$65,000.

## Dever Loses Voice But Wins Praise

CHICAGO (U) — Gov. Paul A. Dever lost his voice but won a resolution of praise.

The Massachusetts executive, keynote speaker and temporary chairman of the Democratic National Convention, was praised last night for having given his all, including the temporary loss of his voice, for his party.

Sen. William Benton of Connecticut offered a resolution praising Dever's "powerful, inspiring and statesmanlike" keynote speech.

"The resolution," Dever said hoarsely, "will be referred to the Rules and Resolutions Committee."

It was adopted.

## Emblem Is Taken

HOUSTON, July 23 (U)—Foreigners—at least the license plates on their car were orange—swiped the Lone Star emblem from atop a 60-foot pole at San Jacinto battleground yesterday.

### From Maze Of Confusion, Demo Parley May Emerge As Exciting

If the Democratic convention does get finally around to naming Adlai Stevenson as its 1952 standard-bearer, it will have found a militant leader who will mix it with the GOP ticket without pulling any punches.

A young reporter on the Pentagraph in his salad days. A measure of his tolerance is that the paper editorially differs with him violently on many political issues.

### Clark's Report Reflects Quality And Mobility As Big Advantages

Having had time to study his new assignment from all angles, General Mark W. Clark, United Nations commander, this week gives his assessment of the situation in Korea to the editors of U. S. News & World Report.

The general says the enemy's build-up of strength during the year and more of truce talks has been quantitative, whereas the U. N. build-up has been qualitative.

### Merry-Go-Round—Drew Pearson

### Who Truman's For Is Main Topic In Democratic Merry-Go-Round

CHICAGO.—The favorite occupation of this convention is quoting President Truman as to who he is for. There are half a dozen Cabinet members here, plus a score of senators, plus certain highly placed Democratic bosses, plus two White House observers.

By explaining that his anti-labor record would be poison to the big-city wing of the party—especially his support of the Taft-Hartley Act.

Today the man who benefitted by that switch of names is in the White House, with the power to influence, perhaps pick, his successor. Here is a summary of how he seems to be reacting:

Political observers consider it more than a coincidence that Charney should now be working for Sen. Russell as part of the stop-Kefauver campaign. Russell probably knew nothing about his background.

To a few extremely close advisers, however, he finally indicated that he would favor Averell Harriman, because of Harriman's 100 per cent support of the New-Fair Deal program. This was about two weeks before the convention.

Joe Leighton, Harriman's press chief, has tipped off Kefauver headquarters privately that Averell might be satisfied to be Secretary of State, with Franklin D. Roosevelt Jr. as vice president on a Kefauver ticket. Cong. William Dawson of Chicago, one of the only two Negroes in the House of Representatives, has received a steady stream of colored delegates from all over the country. He has been telling them to vote for anyone except Kefauver.

Several other Southern Democrats whom the President trusts, made similar representations. Meanwhile, Mr. Truman still looks with favor on Harriman, also has no objection to Estes Kefauver, despite the fact that he has long been miffed at the Tennessee senator for the personal trouncing he gave the President in New Hampshire.

An eight-year-old boy was parading in a political snake dance for Harriman. Asked why he was in favor of Harriman, he replied: "Youth is for Harriman." Mrs. India Edwards has the unique distinction of being the only candidate not seeking the presidential nomination—she only wants to be vice president. While every candidate wants Truman's support, Oscar Ewing's headquarters is the only one openly displaying pictures of the President.

He is definitely thumbs down on Senators Robert S. Kerr and Richard B. Russell, however, and he has been miffed at Governor Adlai Stevenson of Illinois for being so ahead, though he still regards Stevenson as an excellent man.

A dead-ringer for Senator Kerr was walking around the Conrad Hilton lobby with a big Kefauver button on his lapel. He turned out to be Francis Robinson of Ashland, Neb. He looked so much like Kerr that people stopped him. Once in Omaha he happened to go into Kerr's hotel and the desk gave him Kerr's keys. However, Robinson is 100 per cent for Kefauver.

Sen. Dick Russell's denial that John L. Lewis influenced him in making his statement for revision of the Taft-Hartley Act doesn't quite tell all the story.

Kefauver is renting the foyer in front of the main ballroom of the Hilton which Taft paid \$1,600 a day for. The foyer costs Kefauver \$100 a day.

The Car That Can't

### Notebook—Hal Boyle

### Looks Like Democrats Have Decided The Nation's Youth Must Be Served

(Editor's Note: Trelle Mae Peelle, America's most average wife, sees youth as the keynote of the Democratic Party in the following letter to her husband giving a woman's view of the proceedings at the national donkey serenade.)

Democrats here have risen up and taken over the party's first un-bosomed convention in 20 years. It was a coalition of three politically young men who put over the "loyalty oath" designed to keep the South from bolting again. They were Sen. Blair Moody, Gov. G. Mennen Williams, and Rep. Franklin D. Roosevelt Jr.

### Broadway—Mark Barron

### Life Story Better Drama Than That On The Stage

NEW YORK.—In show business, the world of make-believe, you encounter people whose real life story is more electric than the one they portray over the footlights or the microphone.

Such a one is John Shaw Young, a performer, educator and diplomat who has just passed the half-century mark and still performs with the same freshness he must have had when he was a student at Yale and when he studied law and science in five other universities including Cambridge in England and the Royal University of Sweden.

### This Day In Texas

By CURTIS BISHOP

On this day in 1887 Texans went to the polls and cast their first ballots in a prohibition election. The results were a one-sided 230,627 against and only 128,270 for. Thirty-eight of the counties organized at that time did not bother to hold an election.

### Political Dope—By Pogo

### Donkey, Capulet, Makes Own Bid For Nomination

(Copyright 1952 by Walt Kelly) CHICAGO—A new element at the convention was discovered today when a Donkey from a Border State declared that, even though he was a party symbol in good standing, he did not want a place on the ticket. All he wanted was a place to sleep.

### Modern Classified Ad Page Is A True Portable Trading Post

pumps, classical recordings, stoves, scooters, mattresses, etc. If you're looking for something about the house you can get in touch with termite controllers, cleaners and pressers, furniture and rug cleaning, plumbing supplies, bathroom facilities, radio repair, dirt work, sand and gravel, house moving, paint, etc.

### Editors Roundtable—James Galloway

### Propaganda Retaliation Move Finds Favor With U. S. Press

To a substantial majority of editors Russia's limiting distribution of the State Department magazine Amerika from an agreed 50,000 to 13,000 copies justifies discontinuing Amerika, and the retaliatory banning of Russian publications here. But a large minority argues that ending Amerika hurts us more than banning her publications harms Russia; and that Russia can now charge us with the same offense she committed. The majority view is that Russia, by censorship and otherwise, has made Amerika ineffective; and, since Russia has no free press, our action does not violate our principles regarding freedom of the press.

Soviet's bad faith... The State Department might also look into the matter of distribution of Communist literature by other Iron Curtain countries as the next step in our efforts to gain free access to information... We should retaliate blow for blow for any and all Red actions in the cold war.

### Uncle Ray's Corner

### Greenland Is Cool Year Around

On hot days, the thoughts of people often wander to the north. They believe that if they were to travel a few hundred miles northward, they would enjoy cool weather.

during clear weather, you will be able to see the sun in the sky every minute of the 24 hours! Probably you will sleep part of the time, but unless there are clouds, you will have sunshine all the while.

### Powdered Pectin Is Need For Thick Jam

1. If you prefer thick jam, use powdered or liquid pectin (following directions that come with the package or bottle), rather than cook away the fresh fruit flavor by long boiling.

### Galbraiths Are Honored With Party

Mr. and Mrs. Charles Galbraith and son, Johnny, were honored recently at a surprise anniversary and birthday party in their home in Cosbomo.

The couple's daughter, Charlene, was hostess for the affair. Mr. and Mrs. Galbraith celebrated their 15th wedding anniversary and Johnny, his 8th birthday.

The refreshment table was laid with a lace cloth and featured an arrangement of pink and white carnations. Attending were Mr. and Mrs. Jack McPherson of Big Spring, Merle Galbraith and Chris Downing of Lubbock, Mr. and Mrs. D. C. Evans of Big Spring, Mr. and Mrs. Lewis Howell of Knott, Lyla Ann Glaser and Allen Glaser, Billy Evans, Barbara Coffman, Glen Harrell, Charles LaBertha Jo and Carolyn Galbraith and Betty, Jim and Jack McPherson.

### Plans For Supper Are Told At Meet

Lillian Brown was appointed to fill a vacancy on the Theta Rho advisory board when the Big Spring Rebekah Lodge met in the IOOF Hall Tuesday evening.

It was announced that a buffet supper for Odd Fellows, Rebekahs and their families would be held next Tuesday at 6:30 p.m. in the lodge's recreation hall. At 8 p.m. the group will retire to the lodge hall for a brief business session.

### Committees Are Named

Two committees were appointed when members of the Hillcrest Baptist WMS met at the church Tuesday afternoon.

### Two Are Initiated At Rebekah Meeting Tuesday Evening

Ruby Bell Billings and Altho C. Porter were initiated in a formal candlelight ceremony Tuesday evening at the meeting of the John A. Kee Rebekah Lodge in Carpenter's Hall.

### Forum Meeting Called

Mrs. J. D. Elliott, president, has announced that there will be a called meeting of the Junior Woman's Forum Thursday at 10 a.m. in her home, 201 E. 6th. All members are urged to attend.

DESIGNING WOMAN

### Create Individual Designs With Unfinished Furniture

By ELIZABETH HILLIER A mint of money is nice to dip into if you want unusual furniture. But get-up and get ideas can get it

### BRIDAL PICTURES DEADLINE FRIDAY

Planning an August or September wedding? Then you will want to know how to facilitate publication of the news of this important event.

Brides-to-be should request a wedding information blank at The Herald. Bridal pictures should be arranged in advance with your photographer, but in no case will a picture or story be printed later than seven days after the date of the wedding. Unscheduled pictures seldom can be printed.

### Mrs. Johnson Wins Costume Prize At NCO Club Party

Mrs. Helen Johnson won the prize for the best costume when members of the NCO Wives Club met Monday for a kiddie party.

### Beta Sigma Phi's Hear Book Review

A book review of "The Green Light" by Lloyd C. Douglas was given by Mrs. Jess Bell Monday evening at the meeting of the Mu Zeta chapter of Beta Sigma Phi in the home of Mrs. Zollie Mae Rawlins, 610 Goliad.

### Royal Neighbors

Fannie Sue Broughton, president, has announced that an important meeting of the Royal Neighbors will be held Thursday at 2:30 p.m. at the WOW Hall. All members are urged to attend.

### 'Lyn George, Bride-Elect, Honored At Shower Tuesday

Lyn George, bride-elect of Dan Smith of Amarillo was honored at a shower given Tuesday morning in the home of Mrs. W. F. Taylor, 609 W. 15th.

Co-hostesses were Mrs. Horace Reagan, Mrs. Billie Addy and Mrs. Ray Hillis.

In the receiving line were Mrs. Taylor, the honoree and the latter's mother, Mrs. R. C. George.

Others in the house party were Mrs. A. B. Muncie, Mrs. Guy Manning, Mrs. Edwin L. Ferebee, Mrs. J. H. Agee, Darlene Agee, Jan Brooks and Judy Reagan.

The table was laid with a brown linen cloth and arrangements of bouzou, yellow and green summer flowers were used on the table and throughout the reception rooms.

Guests served themselves from a green and chaireuse lazy susan, and soft drinks were dressed as bridesmaids in dresses fashioned from apricot-colored dollies. Approximately 35 guests called.

### Mary Zinn Circle Entertained Tuesday

Mrs. Knox Chad conducted the lesson from the second chapter of "The Family—A Christian Concern" when the Mary Zinn Circle of First Methodist Church met Tuesday in the home of Mrs. Hugh Duncan.

Mrs. W. A. Laswell read the scripture, and Mrs. J. T. Walker presided at the business session. The closing prayer was given by Mrs. Bernard Lamun.

### Mrs. W. R. Douglass Entertains WMS Circle

Mrs. M. E. Harlan was in charge of the program on community missions when the Mary Hatch Circle of First Baptist WMS met in the home of Mrs. W. R. Douglass, 1505 Johnson.

Mrs. R. C. George led the prayer, and Mrs. C. O. Hill gave the devotional from Matthew 6. Nine attended.

### New Liquid Kills Roaches and Ants

ROACHES and ants are the most difficult household pests to control, and they can be brought into the home at any time. Science has just come forth with a new discovery, a colorless coating that kills cockroaches and ants, and that stays effective for months. It is called Johnston's NO-ROACH.

It's just as simple and easy to use as it looks. You paint the coating on surfaces frequented by roaches and ants, woodwork near the sink, baseboards, garbage pails, window and door sills. When these crawling pests come in contact with this invisible, odorless, stainless coating they slowly become paralyzed, turn over on their backs with legs waving in the air, and die. Then the coating stays effective for months to kill any strays that get into the home and that walk over it.

Science has seen to it, too, that this product contains no DDT, no sodium fluoride, and no phosphorus. Johnston's NO-ROACH is not a contaminating spray or a messy powder. It is colorless, and may be brushed just where you want it, without having to move all your dishes and pots and pans. Guard against crawling insects this modern NO-ROACH way. Prices are 8 oz. for 80c, pint for \$1.50, and a quart for \$2.95.

## Ike Is Talking Strategy With Three Backers

By MARVIN L. ARROWSMITH  
DENVER — Gen. Dwight D. Eisenhower arranged to talk campaign strategy today with three key supporters at his vacation ranch in the Rocky Mountains.

And the three may join the Republican presidential nominee in a bit of trout fishing after the conference.

They are Sen. James H. Duff of Pennsylvania; Ralph Cate, GOP national committeeman from Oregon; and Gov. Dan Thornton of Colorado.

Palmer Hoyt, editor and publisher of the Denver Post, was accompanying the trio to the cattle ranch near Fraser, Colo., where Eisenhower has been vacationing since last Thursday. The party planned to drive from Denver, 72 miles east of Fraser, arriving in time for breakfast.

Eisenhower and Aksel Nielsen, an old friend who owns the ranch, have been cooking their own meals at the hideaway.

Today's visitors, traveling with a group of newsmen from Eisenhower's Denver headquarters, were to be the first the general has had at the ranch from the political world.

However, he has been in touch daily by telephone with his headquarters staff.

The general will confer at the ranch Sunday with his vice presidential running mate, Sen. Richard M. Nixon of California.

Later next week Eisenhower may meet, probably in Denver, with Gov. Sherman Adams of New Hampshire, who agreed yesterday to serve as the general's political chief of staff. Adams also will be liaison man between Eisenhower and the Republican National Committee headquarters.

Still to be decided by the general is whether to name a campaign manager to succeed Sen. Henry Cabot Lodge of Massachusetts, who resigned after the nominating convention to push his own bid for re-election to the Senate.

There has been some talk that a successor may be named in a few days. On the other hand, Eisenhower reportedly has been giving some thought to the idea of doing without a manager, leaving direction of the campaign to himself, Adams and Arthur F. Summerfield of Michigan, the new chairman of the GOP National Committee.

Eisenhower aides say he has been passing up radio accounts of the Democratic National Convention in Chicago in favor of trout fishing and dabbling with his oil paints. He is an amateur artist.

## Art Instructor Is Put In Jail

FAIRMONT, W. Va. — Dr. Luella R. Mundel, former art instructor who recently lost a \$100,000 slander suit against a West Virginia State Board of Education member, was in jail today on assault and larceny warrants. She is scheduled for a hearing Thursday before the Marion County Mental Hygiene Commission.

The lunacy warrant was issued on petition of Mrs. Eric Barnitz, wife of the resigned head of the Sociology Department of Fairmont State College, where Dr. Mundel taught until she was dismissed.

Dr. Mundel, 32, brought a damage suit against Mrs. Thelma B. Loudin of the Board of Education, contending Mrs. Loudin slandered her and influenced the board to dismiss her.

A Circuit Court jury found Mrs. Loudin innocent about two weeks ago.

Mrs. Barnitz also swore out an assault warrant against Dr. Mundel after telling Police Chief John Austin the art instructor had attacked her with a letter opener Monday night while in a nervous and excited condition.

## Club Hears Report On Airport Plans

Jack Cook, aviation enthusiast, chairman of the Chamber of Commerce Aeronautics Committee and former municipal airport manager, Tuesday carried to the Big Spring Rotary Club his group's drive for a new public airport.

The civil aviation booster called attention to the lack of private and commercial flight facilities here and warned that Big Spring is fast becoming the ghost town of the airways.

He said the former municipal airport, now occupied by the Air Force, was considered one of the best civil flying facilities in the country.

"We may as well kiss that field good bye," Cook declared. "If it's ever given up by the Air Force, it will be a white elephant for municipal operation."

The flyer said it would cost \$600 per month simply for electricity for operation of the high intensity lighting system on the north-south runway. The east-west runway is being "killed" by construction of a warehouse across its end, he claimed.

An Aeronautics Committee proposal that the Chamber of Commerce make acquisition of new airport facilities the No. 1 project in its program was approved by directors of the organization Monday.

Cook read the resolution to Rotarians Tuesday, asking that they join the chamber in working for a new airport.

The former airport manager was introduced by Truman Jones, Rotarian and chamber president. He described what he called "a developing situation" resulting from reactivation of the Air Force base here.

"We've gained a lot through activation of Webb Air Force Base. We've contributed a lot to national defense. But we stand to lose a lot because we're left without facilities for private and commercial aviation," Cook asserted.

Big Spring now is the only city of any size without a municipal airport. At the same time there's more air traffic in this immediate area than around any other city.

She managed to get back to her home and phone for help. Mrs. Morgan was rushed to a Big Spring hospital where 15 stitches were tacked. She lost considerable amount of blood, but she was able to return home after treatment.

## Woman Recovering From Unique Mishap

GARDEN CITY, July 23. — Mrs. J. W. Morgan is recovering from an unique mishap suffered here last Friday.

She had gone to a rent house at the rear of her home to wash dishes left by a vacated tenant.

Her eyesight has been impaired for a number of years and when she stooped over her head struck some object and inflicted a severe gash to her forehead and cheek.

She managed to get back to her home and phone for help. Mrs. Morgan was rushed to a Big Spring hospital where 15 stitches were tacked. She lost considerable amount of blood, but she was able to return home after treatment.

town of this size in Texas, said the speaker.

He declared that civil aviation is as essential as military, particularly in time of war or disaster. At least 5,000 lives were saved by small private planes in 1948 when an explosion of nitrates wrecked Texas City, it was claimed.

Cook said Big Spring has about 70 private pilots with only a half dozen private planes—simply because there is no place to base the craft. The city may also lose its commercial airlines service, he stated.

To illustrate the stature of the former municipal airport, Cook pointed out that the city had accounts with about 40 large companies and some 80 individuals from all parts of the nation. To regain that position, a new airport must be constructed, he said. Cook then said he would recommend that the job be done "without federal aid—so that we'll have an airport we can call our own, with no strings attached."

Guests at the Rotary Club luncheon were the speaker, Maribel Rickard Rogers of Oroville, Calif.; Richard Beam and Ike Robb of Big Spring; Iva Honeycutt of San Gabriel, Calif.; George D. Holland of Lubbock, and C. H. Harrison, Waco.

## Campbell Service Is Held Wednesday

COLORADO CITY, July 23. — Funeral services for G. W. Campbell, 73-year-old retired farmer of Colorado City, were held Wednesday at 3 p.m. from the Kiker and Son Chapel. Burial was in the Colorado City cemetery.

Mr. Campbell had lived in the county for 21 years, and was born July 4, 1879 in Kentucky. He was a Presbyterian and had married Leora Dailey in 1908 in Kentucky. He died here early Tuesday.

He is survived by Mrs. Campbell, a son, Marvin Campbell of Monahans, four daughters, Mrs. Alene Smith, Sherman; Mrs. Virgie Pugs, of Big Spring; Mrs. Marguerite Nicholas of Bentonville, Arkansas, and Mrs. J. J. Loveless, of Winters.

## Mounties Hunting Plane Saboteurs

HALIFAX, Nova Scotia — Royal Canadian mounted police patiently sifted clues today that might lead them to the person responsible for stuffing rags and metal waste into the engines of nine Canadian Air Force bombers.

The condition was discovered July 18 when a Lancaster bomber limped back to its base at Greenwood, N. S., with one engine dead, the Canadian Air Force announced last night. An examination of the other 49 planes at the base disclosed that eight other Lancasters were similarly crippled.

## GOP Assailed By Speakers On Demo Slate

CHICAGO — Sen. William Benton went before the Democratic convention last night to assail the Republicans' 1952 platform as a "mumbo jumbo of empty words" preaching peace but seeking war.

"I do not deny," said the Connecticut lawmaker, "that we Democrats have made mistakes, plenty of them. I even concede that we are going—unhappily—to make plenty more."

"But the overall record of the Democratic party in the last 20 years . . . is a record of courage and action, of faith and achievement."

Benton addressed the delegates on a reshuffled program which left little but speaking. In a last-minute effort to avert controversy, scheduled reports from the Rules and Credentials Committees were postponed until today.

The principal address, that of House Speaker Sam Rayburn, was also deferred. Until the rules were turned in, Rayburn cannot take over as permanent chairman and make his speech of acceptance. That is now scheduled for tonight.

On corruption - in government, a prime target of GOP attacks, Benton said businessmen who give bribes are as guilty as people who accept them. "Pressures to debase the tax laws on behalf of the oil and other lobbies" constitute corruption too, he said.

Sharing the rostrum with Benton were Mrs. Franklin D. Roosevelt, widow of the late President, and Mrs. India Edwards, Democratic National Committee vice chairman.

Mrs. Edwards, who lost her first husband in the First World War and her only son in the Second, declared no speaker at the Republican convention paid tribute to the men fighting in Korea.

"No," she said, "you heard that those who have died have died in vain. . . . Do not listen to those who would make you feel that your sons have been killed in a useless war. The Korean War is the least useless war in our history."

## Commies Kill 20 At Seaside Resort

SAIGON, Indochina — The French announced today that Communist-led Vietminh, in a hit-and-run attack on the seaside resort of Cap St. Jacques, killed 20 persons, including 10 children and two women, and wounded another 20.

Sixteen of the dead and all of the wounded were French.

## Compromise On Loyalty Rule Is Expected To Avert Party Rift

CHICAGO — A North-South compromise on a loyalty pledge—drafted reportedly on direct orders from the White House—put the damper today on the hottest threat to Democratic unity: a 1948-type party split at this convention.

The compromise, approved by the Convention Credentials Committee last midnight, goes to the convention floor today. There was only the slimmest possibility of opposition there.

The bid for party harmony seemed to have taken much of the sting out of Dixie's defeat Monday night on the loyalty pledge issue. The convention then adopted a rule requiring delegates to promise they would do their utmost to place the convention's nominees on their home-state ballots.

The compromise was a proviso added to the pledge saying no delegate would be forced to sign the promise if it went against state laws or state party rules.

The pledge rule—with the old party-splitting issue of civil rights at its core—was rammed through the convention over loud Southern protests. Chief ramrods were Michigan's Sen. Blair Moody and New York's Rep. Franklin D. Roosevelt Jr.

Early today Moody told a reporter how the compromise provision came into being. Moody said he got a telephone call from Washington, from Charles Murphy, legal adviser to President Truman. The President reportedly was kept up to the minute on what was taking place.

Moody said Murphy suggested "clarifying" the pledge rule by tacking into it some of the explanations offered Monday night by Roosevelt and Moody.

These two had said then that the pledge would not force any delegates to go against state laws or state party rules—the main argument advanced by the rebellious Southern states.

"That's what we did in the proviso," Moody said.

"The amendment in no wise weakens the Moody resolution. It merely states the obvious. The additional wording does not in any way let anyone off the hook who planned to walk away from the convention and run out on the candidates.

"If he does, he's a dishonorable man because he's violating his

pledge." Key Southerners, for the most part, indicate satisfaction with the pledge - plus - proviso. There was only one public reservation—Sen. John Stennis said he was not sure Mississippi would go along.

The convention time-table called for all loyalty pledges to be signed and turned in to the Credentials Committee before it filed its report today.

The Credentials Committee also unbundled itself of a companion row. It voted, 38-to-13 and 23-to-17 respectively, last night to seat Texas and Mississippi delegations which oppose the Truman administration.

This sent the struggle over Mississippi's 18 votes and Texas' 52 spinning toward the convention floor. In both cases, the battle was between anti-administration

factions claiming a majority and "loyalists" asserting they did not bolt the party in 1948.

Both disputes — loyalty pledge and delegate seating — are swatches from the same cloth.

The over-riding issue is civil rights, just as it was four years ago, and the danger to party unity is the same—the possible loss of Southern states in the November election and of the electoral votes at stake.

# Broncs Sweep Midland Set Behind Reggi Corrales

## Locals Defeat Eddie Jacome

Spacing nine hits over the route, Reggi Corrales flashed a return to pitching form as he led the Big Spring Broncs to a 6-2 win over the Midland Indians here Tuesday night.

That score should ring a bell in the minds of the readers, for that was the same tally by which the Steeds had humbled the Warriors the previous evening.

Corrales was ahead from the start. His mates hopped on the slants of steady Eddie Jacome for four runs in the 'hello' frame and the Braves were never able to catch up.

The big blow of the initial canto was a base-loaded double by Pat Stacey, who put the ball just out of Third baseman Julio Colatorre's reach between him and the hot corner.

The bingle was produced with Rick Gonzales, Ossie Alvarez and Witty Quintana up front. Stacey later ambled home on a safety by Buddy Grimes.

Jacome, who was seeking his 14th win of the season and instead had to settle for his seventh loss, settled after that and got the Broncs out until the seventh when, with one out, Al Costa delivered his third home run of the year over the left field wall.

The Broncs added another in the eighth on a one-baser by Pat Stacey and Juan Visteur's long double over the center fielder's head.

Pat O'Keefe hit his seventh home run of the year as the lead off man for Midland in the second round.

The Warriors pulled to within two runs of the Cayuses in the top half of the seventh when Scooper Hughes tripled and jaunted home on an infield out.

DIAMOND DUST—The victory enabled the locals to make a clean sweep in their four-game home stand...They had previously beaten San Angelo twice...Two double plays started by Costa helped to make the task easier for Corrales, who walked only one batter...

Corrales, who walked only one batter...The win was Corrales' eighth...He has lost as many...It stopped a five-game losing skid on his part...Stacey has now batted in nine runs in the last three games, which runs his total to 86 for the year...

He batted an even .500 in the home stand, getting eight blows in 16 trips...Manager Zeke Bonura of the visitors used two pinch hitters, Pat Waters and Woody Pennington, in the ninth but to no avail...

That's about the only thing that didn't occur in the major leagues. And that, too, came within one pitch...of being accomplished.

The star, or is it victim? Of that pitching feat was Virgil Trucks, already the author of a Hitchcock the American League's sole no-hitter of the 1932 season.

Detroit Tiger righthander gave up just one hit, a single by Eddie Yost, in hurling the Tigers to a 1-0 victory over the Washington Senators.

Yost's hit came on Truck's first pitch of the game.

Other highlights included: The New York Yankees swept a doubleheader from the vanishing Indians in Cleveland, 7-3 and 8-1, to increase their first-place margin over Boston's Red Sox to five games. The Yanks got 30 hits in the two games.

Bobby Shantz continued on his way to his 30-victory goal, pitching the Philadelphia Athletics to a 3-2 win over the St. Louis Browns. Shantz yielded eight blows for his 17th triumph against three losses. Billy Hitchcock drove in the winning run in the ninth.

Dave Kosko registered his fifth straight success over the St. Louis Cardinals this season, his 12th in a row over them in three years as the New York Giants' earned a 3-2 triumph on Hank Thompson's two-run homer in the sixth.

Brooklyn's Dodgers met a four-run 10th inning by Cincinnati with a five-run outburst of their own to nip the Reds, 7-6, and retain their 7½-game bulge over the Giants in the National League race.

Big Spring (Texas) Herald, Wed., July 23, 1932 11

## LOOKING 'EM OVER

With Tommy Hart

The first of the football brochures has reached this desk and it concerns a college which most every one in this area is interested—Texas Tech.

The school is big and getting bigger and some day might become a part of the Southwest Conference. It, of course, is a Lubbock institution and is that city's best asset but Big Spring came fairly close to landing the school back in the early '20s. Water, and a lack of it, was the determining factor when it came time to placing it in one of the West Texas cities.

All that, of course, is beside the point. Big Spring's football loving fans should be drawn to it because it is the biggest thing out this way.

Apparently, Coach DeWitt Weaver isn't going to let the people down, either. Though the Raiders lost Jerrill Price and Aubrey Phillips, two crackerjack linemen, Tech may come up with its greatest team in history.

The Techs have a fine football program mapped out for them this year, by the way. They'll meet West Texas State, Texas Western, Baylor, University of Houston, Tulsa and North Carolina State at home and you can see all those games if you care to invest \$18 for a season ticket.

The season tickets went on sale last Tuesday. If you're interested in same, you can write to Jimmie Wilson, Business Manager of Athletics, including 25 cents for mailing.

MOST OF LETTERMEN WILL TURN OUT When Weaver issues the first call for practice, he'll be greeted by 37 lettermen.

Among the lads of this immediate area who will be out are Paul Erwin of Odessa, best receiver among the returning wings; Alton Linne, Monahan, and Bill Bryan, Pecos, and Delbert (Red) Thompson, Colorado City, tackle; Hilton Hayes, San Angelo, guard; Jerry Fairley, Pecos, back; and Rick Spinks, back, Kermitt.

Weaver is using an unusual number of out-of-state boys too, which shows that his hand-picked coaching aides have been busy scouting the country for the last couple of years. No less than 20 of the Tech players hail from places other than Texas.

The Raiders have defeated five of the seven Southwest Conference teams and have yet to play Arkansas. Only team the Raiders have not been able to beat in the SWC is Texas, which holds seven wins over Tech.

The Raiders have broken even in six games with SMU, nipped Texas A & M twice in 12 games, romped on TCU five times in 12 outings, humbled Baylor four times as against nine losses to the Baptists and tripped Rice only once in nine tries.

Tech and Baylor also played to a 7-7 tie back in 1945.

ODESSA HAD TO GO HIGH FOR ITS TALENT It is not improbable that the Odessa Oilers have the highest talent payroll in the history of the Longhorn League. Ball players like Leo Eastham, Roman Loyko, Charley Weber, Evilio Ortega and Felix Castro don't play for peanuts.

HAD ONE, ALREADY Diz Trout Almost Gets A No-Hitter

By JOE REICHLER AP Sports Writer Baseball fans looked back at last night's thrill-packed action and cracked, "What, no no-hitter?"

That's about the only thing that didn't occur in the major leagues. And that, too, came within one pitch...of being accomplished.

The star, or is it victim? Of that pitching feat was Virgil Trucks, already the author of a Hitchcock the American League's sole no-hitter of the 1932 season.

Detroit Tiger righthander gave up just one hit, a single by Eddie Yost, in hurling the Tigers to a 1-0 victory over the Washington Senators.

Yost's hit came on Truck's first pitch of the game.

## Racing's Agony

Joshua James Agajanian, whose automobiles have set records in three straight years at Indianapolis, says the ultimate speed for the big track is not yet in sight.

## Shreveport May Take Top Spot

By CHARLEY ESKEW Associated Press Sports Writer Shreveport's drive toward the top of the Texas League is leaving the frustrated front-runners, Dallas, fit to be tied—or rather, on the verge of falling off the top of the ladder.

The Eagles threw their ace, Hal Erickson, at the sports Tuesday night. The ace threw a two-hitter, and Umpire Bob Smith threw out the argument Shreveport manager, Jockey Livingston. But the leaders suffered through their fifth straight setback at the Sportsman's hands, 3-0.

Shreveport could win against Dallas tonight and take the lead. Fort Worth added its ninth victory in 12 games when Pete Wojey pinned a three-hit, 3-2, defeat on Beaumont.

Oklahoma City won, 4-2, pulling alongside its victim, San Antonio, in fifth place.

Houston scored twice in the top of the 11th and later staved off Tulsa at one run to take a 6-5 verdict.

## Hurley Claims The Kid Ready For Marciano

By JACK HAND NEW YORK (AP)—Harry Matthews has the fight mob puzzled. The boys ride the subway down to 11th Street and climb two flights to watch him work every afternoon. They wait and wait. Nothing happens.

Jack Hurley's protegee glides through a couple of rounds with husky Keesie Simmons of Bayonne, N. J., and calls it a day. They have been waiting for him to cut loose. So far he hasn't. But he's ready for Rocky Marciano Monday at Yankee Stadium.

"He's ready right now," said Manager Hurley. "He was ready when he came east from Seattle."

Simmons, a technical knockout cut eye victim of Rocky Marciano, senses a gradual improvement in Matthews.

"He hits a little better every day," said Simmons. "He hit me a pretty good right hand yesterday. No, not much in the stomach. He's taking it easy on me."

Matthews' best move is to slide away to his right and then throw a quick counter right. He does it once or twice a day with Simmons. In his shadow boxing later, he digs those hard rights to the body.

"Don't take this boy too light," said Johnny Attell, the promoter. "Do you think Marciano would have taken a match with Bob Murphy a year ago? Murphy was the hottest guy around until Matthews cooled him off. If Marciano is another Dempsey, Matthews is a new Tunney. He's a smart fighter who knows all the moves. I think Matthews is a cinch."

Over in a corner, two veteran trainers sat side by side. They had been daily visitors at the C. Y. O. Gym where Matthews works.

"Who do you like?" somebody asked. "I got to go with Marciano," came the answer. "This guy ain't showed nothing yet."

## Bonura Named West Manager

ABILENE, July 23 (AP)—Zeke Bonura will manage the West and Mark Christman will pilot the East in the Longhorn League All-Star game Friday night at San Angelo.

Bonura is in charge of the Midland Indians and Christman is manager of the San Angelo Colts.

The players who will participate in the game made the selections, announced yesterday.

## Cook's To Play Rendezvous Troupe Here This Evening

Cook's Appliance Company fastball team will host the strong Rendezvous Cafe club of Midland in an exhibition at 8 p.m. today.

The Cook's brigade recently won both halves of the YMCA Industrial Fastball League race. Only team to beat them this year is Webb Air Base and that in a practice game.

Cook's has also entered the state tournament, which takes place in Lubbock next month. The local contingent had filed a notice of entry with the state fastball tournament in San Angelo earlier this month but the meet was cancelled.

Fastball managers of teams within the city will gather at the Thursday evening to discuss formation of a new league, which would run through August.

Indications are as many as five teams will compete for the crown.

## NEW ZEALANDER FIRST

# Women's Broad Jump Record Is Shattered In Olympics

HELSINKI (AP)—Another Olympic record fell today as the fourth day of track and field competition began in the big Olympic Stadium with qualifying trials in three events.

The women's broad jump mark of 3.59 meters (11 feet, 8.03 inches) was shattered by a mass assault and one American, within a short time after competition started.

Yvete Williams of New Zealand got off the best jump of the early trials, clearing 6.16 meters (20 feet, 2.52 inches), nearly two feet beyond the old Olympic standard, established in 1948 by Olga Gyarmati of Hungary.

Right behind Miss Williams in the qualifying for this afternoon's final came Mabel Landry of Chicago with a jump of 19 feet, 3.50 inches. Two Russian girls, Aleksandra Chudina and Nina Djerkina, also exceeded the former record.

American men, who have been setting the pace in this unprecedented record-breaking carnival, contented themselves with ordinary performances as they had to attain only comparatively easy qualifying distances.

All three American entries qualified for the javelin throw final without removing their sweat suits, which served as protection against raw, cold weather.

Franklin (Bud) Held of Lake-side, Calif., former Stanford athlete, got off the best American toss, 225 feet, 1.63 inches. Cy Young of Modesto, Calif., did 220 feet, 8.03 inches on his second try after missing on his first and Bill Miller of Phoenix, Ariz., threw 212 feet, 7.62 inches. The minimum qualifying distance was 209 feet, 11.74 inches.

Walter Ashbaugh, Cornell University athlete from East Liverpool, O., and Jim Gerhardt of San Antonio, Tex., qualified for the final of the hop, step and jump in the first half of the afternoon.

More than 20,000 spectators turned out for the morning session despite rainy weather and for the first time since the opening ceremonies the 70,000-seat stadium was sold out for the afternoon events.

Russia is leading the unofficial Olympic scoring parade with the United States in second place after three days of competition.

Due to strength in the gymnastic competition, the Soviet's athletes have piled up 126.5 points. The United States with eight firsts in track and field has scored 115.

Records have been broken so often in the first three days of track and field — that the crowds have come to regard anything less than a record as a pretty poor show.

Three more new marks went into the books yesterday. Sim Iness of Los Angeles pulled a real surprise by out-throwing Defending Champion Adolfo Consolini in the discus with a record 55.63 meters (180 feet, 5.83 inches). Consolini, who finished second, also bettered the previous record which he set at London four years ago.

Bob Richards of Laverne, Calif., raised the pole vault record to within a fraction of 15 feet when he cleared 4.53 meters.

And Herbert Schade, an effortless runner from West Germany, chopped three full seconds off the 5,000-meter record when he won his heat in 14:15.4.

Olympic records were equaled in the other two track and field finals yesterday. Mal Whitfield of Columbus, O., repeated his 1948 success his time of 1:45.2. Marjorie Jackson of Australia won the 100-meter dash for women in 11.5 seconds, the same as Fanny Blankers-Koen posted four years ago. The Dutch housewife scratched yesterday because of illness.

For the first time since the games started last Saturday, track and field will have a serious rival for the fans' interest. The seven finals in rowing will be run off at 30-minute intervals this afternoon.

## Gold Sox Upset By Eagles In Little League Battle

The Eagles came from behind to defeat the Gold Sox in a Little League baseball game played here Tuesday evening, 7-5.

The War Birds made the most of four hits to turn back the Sox. The Golden Hose tapped Billy White for eight hits.

Trailing by a 5-1 count going into the third, the Eagles got into the third, the Eagles got into their remaining runs in that round on four hits and as many walks.

Wayne Fields stroked a first inning home run for the losers while Mickey Musgrove and Gerald Davidson crashed out doubles.

Two of the Eagles' four hits were two-basers, one hit by Atherton and the other by White. White also had a triple, which figured strongly in the big third inning.

COLOrado CITY — With four teams entering the Jaycee-Softball League playoffs, Coahoma and Col-Tex came out on top Tuesday night to win their first in a two-out-of-three series. The two teams with the best records in the playoffs will enter the finals.

In the opening game, Lou Huebel scored in the top of the third, to put Sun Oil ahead. A homer in Coahoma's half of the third by Raymond Morrison knotted the count and another counter by Jim Ward in the fourth meant the ball game. A three bagger by George Ray scored Rule Baker to make the final score, Coahoma 3, Sun Oil 1. Kirby pitched for the winners, Roy Overturf for Sun Oil.

Col-Tex swamped Cuthbert, 10 and 2, in the final game of the night. Col-Tex scored first in the third inning, when Pitcher Raymond Uzzle filled the bases and walked a batter to force Gene Parham in for a score, sending Col-Tex ahead, 1-0.

Rex Klepper singled in the fourth, and brought the tying run across the plate on a double by Morris Copeland. A single by L. A. Strain, scored Copeland and put the Cuthberts ahead, 2 and 1. Col-Tex began to measure Uzzle in the 5th, and a rash of doubles scored Parham, Roy Swatt, and M. L. Johnson and the inning ended with Col-Tex leading 4-2.

Col-Tex strung six runs down the scorekeeper's box in the sixth, with Tom Fulton, Parham, Swatt, Robertson, Johnson and Eddie Redwine all making tallies. Gene Parham was the winning pitcher.

The seventh was scoreless. All four teams play again Thursday night.

## Amarillo Sails Into 4th Place

By The Associated Press Amarillo brushed into the first division of the West Texas-New Mexico League Tuesday night with the finish of a clean sweep from the Berger Caseros in six games.

Amarillo clinched a rushing four-day jump from last place to fourth with a 11-hit binge at bat, including four homers, good for a 9-7 triumph.

The league-leading Clovis Pioneers won their 9th victory in 10 starts by stopping Albuquerque a fifth straight time, 14-4.

Pampa vacated fourth place in favor of Amarillo when it lost to Lubbock, 8-1. In the other game John Kirk tossed a two-hitter to enable Lamesa to beat Abilene 5-1.

Dear John: Take me to the American Drive Inn for a piece of that delicious Home-made pie and all is forgiven.

## Dillard, Morrison Return From Visit To Two Tracks

J. R. Dillard, president of the Texas Horse Breeders Association, and H. J. Morrison, secretary, have returned from a visit at La Mesa Park in Raton, N. M., and at the Centennial Park in Denver.

The Texas Association officials, who maintain state-wide headquarters here, were guests of Senator Lattimer and the Centennial Association in Denver.

In Raton the J. R. and H. J. Dillard-owned Equichall finished a close second to another Texas owned horse in the week-end feature stake, the Gay Dalton memorial Handicap. Fair Reeper, owned by W. C. Martin, Stratford, was victor by a head.

The two Texas horses far out-

## Giants, Midland Tangle Tonight

The Big Spring Giants take over Steer Park tonight in a game with the Midland Black Indians. The game is slated to begin at 8:15 p.m.

Harry Dooley or Jimmy Lee Jolley will probably twirl for the locals, who have been one of the most successful baseball clubs in the state this year.

Why Fight Drouth?
Why continue to suffer drouth losses when good land with plenty of underground water to insure uniformly heavy production under irrigation is available at low prices and on easy terms?
The Stribling ranch in the famous San Luis Valley of Southern Colorado, originally consisting of 80,000 acres, is now in early stages of development into a productive and prosperous farming community. Land values, now low, are due to advance enormously as this fertile land is brought into heavy production under irrigation. REA power for pumping and domestic use. Crops now growing leave no doubt as to fertility of soil. Potatoes will produce 400 to 600 bushels per acre, wheat 40 to 50, and oats and barley up to 100 bushels. But it is best suited for balanced stock farming with livestock wintered on alfalfa or other hay and summered on permanent irrigated pastures of alfalfa, clover, and desirable grasses. Summer gains of cattle or sheep on such pastures range upward of 500 pounds per acre.
Any size tracts of smooth land with ample underground water for development into irrigated farms are now available at from \$50 to \$75 per acre, with no down payment required and 20 years in which to pay if you are able and willing to invest an additional \$40 to \$50 to develop for heavy production under irrigation. Adjacent hill land, \$10 per acre.
For appointment to see, call owner, collect, at address below between 8 and 9 A.M. or after 10 P.M.
JOHN B. STRIBLING
615 1/2 Main St., Tel. 314, Alamosa, Colo.

# Thundershowers Hit In Texas Panhandle

By The Associated Press.
Thundershowers, blowing dust and light rain struck the Texas Panhandle early Wednesday as a mild cold front moved in.
A squall line preceding the front kicked up blowing dust at Dalhart, reducing visibility to six miles. A thundershowers and light rain hit Amarillo simultaneously.
The front dropped temperatures at Amarillo from 75 to 63 degrees.
The Weather Bureau said the front was slowing down and probably would become stationary during the day.
At mid-morning, the front lay from north of Lubbock to between Childress and Wichita Falls. A towering line of thunderclouds loomed north of Lubbock. The clouds represented a squall line, or group of thundershowers, that often precede cold fronts.
Panhandle area rain totals through 6:30 a.m. Wednesday gave Amarillo .06 of an inch, Claude .72, Follie .34, and Panhandle .27.
There was scattered rain elsewhere in the state. Corpus Christi on the Gulf Coast had .10 of an inch, Alice .03 and El Paso .44. Elsewhere skies were generally clear to partly cloudy.
Temperatures weren't expected to change much over most of the state.
Nationally, cooler weather moved into the Midwest, bringing relief to some sections of the swelterbelt.
But temperatures are expected to continue high from Texas eastward to the Coast.
It was hot yesterday in the area extending from the Southern Rockies, eastward over the Plains and Mississippi Valley to the Atlantic Coast.
Baltimore had nine heat deaths today and six Tuesday, bringing the summer's total to 25 for Maryland. The mercury reached 100 and tenth straight day of above-90 readings.
W. B. Miller, San Antonio, reported a case of theft which occurred here a month ago.
Miller advised local police that a fender skirt was stolen from his 1950 Cadillac while the machine was parked in the 300 block of Johnson on June 23.

Local Lodge Is Host To Visitors
TOOF Lodge No. 317 was host to lodge members from neighboring towns at a hot-dog supper here last week end.
Following the serving of refreshments, nine candidates were given the Second Degree, a lodge ritual. About 90 members witnessed the impressive ceremony, which was held out of doors.
Lodges participating in the ceremony included Mullen Lodge, Knott; Kermitt; Odessa numbers 22 and 76; Lamesa, Andrews, Midland, Golden 11th, Brownfield, Lamesa, Seminole, Quana, Capitol Hill of Oklahoma City, Pecos, Big Lake, Sundown and Levelland.
Among those present were Deputy Grand Master Leonard Miller of Midland and Deputy Commander Willis Severe.

Month-Old Theft Is Reported Here
F. W. Bettie, city building inspector, left today on a 10-day vacation to be spent in the Midwest.
He will meet Mrs. Bettie, who has been visiting relatives in the East, in St. Louis this week. The couple will return to Big Spring early in August.

Building Inspector Is Taking Vacation
F. W. Bettie, city building inspector, left today on a 10-day vacation to be spent in the Midwest.

**STEVENSON GAINS FAST**

**Demo Race No Longer Appears To Be A 'Wide Open' Affair**

By RELMAN MORIN  
CHICAGO (U) — Suppose it is Adlai Stevenson vs. Dwight D. Eisenhower in the finals for the presidency?

The prospect that the Democrats will nominate Stevenson is now being taken almost as a foregone conclusion in Chicago. And there is talk that the three other principal candidates — Sen. Estes Kefauver, Sen. Richard Russell and Averell Harriman — are adding columns of delegates to see what their combined total might be.

In short, this "wide-open race" of three days ago now looks like a runaway.  
If Stevenson opposes Eisenhower, when all this conventioneering is

done, the American voter will be called upon to choose between two men who are very much alike in some ways, totally different in others.  
Both are of the West by birth—Eisenhower in Texas, Stevenson in California—and of the great plains by residence—Eisenhower in Kansas, Stevenson in Illinois.

Stevenson is 32. Eisenhower will be 62 in October.  
They are both of average stature, stocky, and partly bald. Each has more than an average share of that rare quality that quickly wins over people, all types of people.  
Each has a famous smile, a quick, springy step, electric gestures. They are both great and tireless conversationalists, and they have, in common, instant animation when an idea strikes fire.

Stevenson's background is crowded with well-to-do people, many of them distinguished, many of them public servants. One was a vice president of the United States. One was an adviser to Lincoln.

Eisenhower's forebears were simple people, strong, hard-bitten, pioneers in spirit, people who answered the call of the West in the century of American expansion and building.  
Thus, in his speech, Eisenhower uses the figures and anecdotes of the plains states and the farms. Stevenson, the scholar, quotes from Tacitus and St. Francis.  
The governor works hard over a speech, writes innumerable drafts, comes to the platform, finally with a polished text — and then embroiders it with extemporaneous gems as he goes along.  
Eisenhower is best when he is speaking off the cuff.  
Neither is a professional politician. Neither came up from the grass roots, through the ranks, to the apex of the party.  
Stevenson is serving the first term of his first elective office. Eisenhower has barely taken the plunge toward an office.

**Rayburn Talk Is Set Again**

CHICAGO (U) — The tentative program for today's session of the Democratic National Convention (all times are Eastern Standard):  
12 noon: Gov. Paul A. Dever of Massachusetts, temporary chairman, opens the session.  
Invocation: Dr. W. Alfred Diman, executive secretary, Chicago Baptist Association.  
Resolutions: Reports of Committee on Credentials (Calvin Rawlings of Utah, chairman); of Committee on Rules and Order of Business (Sen. Blair Moody of Michigan, chairman); and of Committee on Permanent Organization (Gov. Johnston Murray of Oklahoma, chairman).  
Election of permanent chairman (House Speaker Sam Rayburn of Texas) and other permanent officers.  
Recess.  
Evening session, 8 p.m.  
Gov. Dever opens the session.  
Installation of the permanent chairman.  
Addresses: Speaker Rayburn, permanent chairman; Vice President Alben W. Barkley.  
Resolutions: Report of Committee on Platform and Resolutions; Roll call by states for speeches placing in nomination candidates for President.

**Loyalty Rule Watered Down**

CHICAGO (U) — Following is the complete text of the compromise loyalty pledge provision which will be presented to the Democratic National Convention today for inclusion in the permanent convention rules:  
"Be it further resolved, that this convention believes in the great American principles of majority rule. No delegate shall be seated unless he shall give assurance to the Credentials Committee of the convention that he will exert every honorable means available to him in any official capacity he may have, to provide that the nominees of the convention for President and vice president, through their names or those of electors pledged to them, appear on the election ballot under the heading, names or designation of the Democratic party. Such assurance shall be given by the chairman of each delegation, and shall not be binding upon those delegates who shall so signify to the Credentials Committee of the convention prior to its report to this convention, and for this convention only such assurance shall not be in contravention of existing law of the state or of the instructions of the state Democratic governing body."

**Gen. Grow Goes On Trial Today**

FT. MEADE, Md. (U) — Maj. Gen. Robert W. Grow, former military attache at the U. S. Embassy in Moscow, went on trial before eight generals today on charges of improperly writing classified information in private records and failing to safeguard such data.  
The 56-year-old general's diary reportedly was photographed by Russian agents while Grow was in Frankfurt, Germany, in March, 1951.

The Russians put alleged excerpts into wide circulation for propaganda purposes. They quoted his diary as containing such statements as:  
"War! As soon as possible! Now!  
"We must learn that in this war it is fair to hit below the belt."

**Body Of Drowning Victim Recovered**

BURNET, July 23 (U) — The body of M. E. Hightower, 29, who drowned in Lake Buchanan near here, will be taken to his home at Wichita Falls today.  
He was drowned while swimming after his windswept fishing boat Monday, but his body was not recovered until yesterday.

**Hiss' Appeal For Third Trial Is Denied By Court**

NEW YORK (U) — Alger Hiss' appeal for a third trial — based largely on his contention that he was a victim of forgery by typewriter — was denied yesterday in Federal District Court.  
Of the convicted perjurer's motion, Federal Judge Henry W. Goddard wrote in his opinion:  
"There is no newly discovered evidence which would justify the conclusion that, if it were presented to a jury, it would probably result in a verdict of acquittal."  
Hiss, 47, one-time high State Department official, was convicted at his second trial in January, 1950. An initial trial the previous year ended with the jury deadlocked. He now is serving a five-year term at Lewisburg, Pa., Federal Prison.  
The indictment against Hiss said he lied to a federal grand jury when he testified he never gave State Department secrets to Whitaker Chambers, a former Communist spy ring courier, before World War II.  
At his sentencing 2½ years ago, Hiss told Goddard that he was "confident that in the future all the facts will be brought out to show how Whitaker Chambers was able to carry out forgery by typewriter."  
Last January, months after Hiss had gone to prison and the U. S. Supreme Court had declined to review the case, Hiss' attorneys made the bid for the new trial on grounds of the allegedly faked type-

writer and other "new evidence."  
Goddard said yesterday that the Hiss attorneys had submitted no proof to support the "defendant's supposition . . . that Chambers constructed the alleged duplicate typewriter from the typewritten characters in the Hiss letters, or that it was done for him by some Communist friends."  
The typewriter was entered as evidence at the two trials. Chambers produced documents and testified they were copies of government papers made for the Soviet spy ring on the typewriter by Hiss and his wife.  
Chester T. Lane, Hiss' attorney, said he would decide whether to appeal Goddard's decision after reading the opinion.  
**Czechs Organizing Air Raid Defenses**  
VIENNA, Austria (U) — Communist Czechoslovakian officials have started organizing air raid defenses in their capital city of Prague, the Czech trade union newspaper Prace disclosed today.  
The Prague-edited Red paper reported that house conferences had been called throughout the city to select one "fire guard" and one "health guard" for each house in the Czech capital.
