WEeping LOVE GRASS EQUALS MORE GRAZING, MORE CASH

One of the finest stands of introduced grass in the Salt Fork Salt Conservation District is this 110 acre field on the T. C. Fike farm two miles north of Quail. Planted in 1953, the thick stand is holding down the top-soil these windy days. In summer it provides grazing for Fike's growing herd

of cattle, which he uses to turn grass into a cash crop. From left to right above are Jack Montgomery; T. C. Fike, owner of the grass; and C. T. Hubbard, executive vice-president of the Wellington State Bank.

All Merchants Needed in Buy-At Home Campaign

Dollar Day Set Monday, April 2 By Wellington Merchants

City-Wide Dollar Day, the biggest trade building event of the type Wellington merchants have held in years, will be Monday, April 2.

Sponsored by the Chamber of Commerce buy-at-home-committee, it is the first in the Dollar Day series that will be held on the first Monday of each month.

Chairman of the committee is Mack Saied Jr., and members are Sandy Parsons Jr., Jack Brisbin and Deskins Wells.

"It's town-wide. We've seen part of the merchants and someone from the Chamber of Commerce will contact all other merchants in town. We believe a majority of the business houses in Wellington will be represented in the big Dollar Day event," Saied declared.

Merchants who have already signed up to participate are The Leader Department Store, Hatch Dry Goods, The Fair, French Clothiers, The Fashion Shop, Parsons Drug, Palace Drug, Pruden Drug, Sullivan Hardware and Furniture, Pease Furniture,

Harrell's Ben Franklin Store, McClellan's Store, H&H Furniture, City Grocery, Cicero Smith Lumber Co., Lewis Grocery, Ralburn Grocery, and the Wellington Leader, Bratten Jewelry, Cochran Drug and Pease Hardware.

Merchants who have not yet been contacted and who wish to participate may get in touch either with The Wellington Leader or the Chamber of Commerce.

Advertisements in next week's issue of the newspaper will feature the Dollar Day Specials of many of these merchants.

"We hope to offer specials that will make Dollar Day worthwhile to everyone in the Wellington trade area and beyond that!" Parsons declared.

The committee points out that the Dollar Day specials will be priced for that day only.

Merchandise offered will be new, clean stock — something that is a real buy for everyone participating.

Wellington is a good place to

trade — one of the best in the lower Panhandle region. It's business men offer merchandise such as would be found in the big-city stores. Dollar Day on First Monday is one method by which the Wellington merchants, headed by the Chamber of Commerce-Buy-at-Home Committee are calling attention to this fact.

Rev. Bob Evans To Church At Roosevelt, Okla.

The Rev. Bob Evans has resigned as pastor of Faith Baptist Church to accept a call to First Baptist Church at Roosevelt, Oklahoma. He will preach his final sermon here Sunday, March 25, and he and Mrs. Evans will move immediately to their new home.

The came here November 6, 1954, from the pastorate of Corinth Baptist Church 10 miles south of Gould, Oklahoma. He has been in ministerial work four years.

Rev. Evans is executive vice president and finance chairman of the Pan-Fork Encampment, operated 10 miles northeast of Wellington by the Panhandle and North Fork Baptist Associations. He is also clerk of the North Fork Baptist Association, and a member of the Wellington Ministerial Alliance, which he formerly served as music director.

During the 17 months he has been here, Rev. Evans has had 55 additions to Faith Church.

Reared at McKinney, he is a graduate of Decatur Baptist College, attended Hardin Simmons University and received his bachelor of arts degree from Wayland College.

Mrs. Evans, who was reared at Decatur, attended Hardin Simmons. They plan later to enroll in Southwest Baptist Seminary in Fort Worth.

In moving to the Roosevelt Church, Rev. Evans will be pastor of a church with approximately twice the attendance of the Wellington church.

"We certainly appreciate the things the people of Wellington and the surrounding country have done for us. We leave with regret, but we feel the Lord has called us to 'this new work,'" he said.

Jack Boyd of Kerrville is Association Brotherhood president, and men from the 22 churches of the North Fork Association are expected.

Refreshments will be served at the end of the meeting.

Tax Office Open All Day Saturday

Sheriff John Rainey has announced that the Tax office will remain open Saturday afternoon both March 24 and 31, for the benefit of those who have not yet bought 1956 car and truck tags.

He urged that this be done as early as possible to avoid a last minute rush.

Youth Project Show Will Be Tops in Quality

An especially well-rounded Youth Project Show is shaping up for April 7, County Agent Lefty Thomas reported this week. "We'll have the best calf show in recent years," he declared. "This will apply both in number and quality, but especially in quality."

The show is sponsored by the Chamber of Commerce. Thomas predicted that Wellington Future Farmers and the 4-H Club boys will show the top calves in the show.

Quail Future Farmers are expected to show some exceptionally good hogs, that already have been judged in the annual Quail Youth Project Show.

Top dairy stock in the show should come from Samnorwood, the county agent continued.

Working in co-operation with Thomas are Melvin Burks, vocational ag instructor at Wellington; Frank Kennedy, instructor at Quail and Frank Claborn, instructor at Samnorwood.

Youth Show premium money amounts to \$550, divided three ways. The Future Farmers, 4-H Boys and girls with livestock projects show together, and receive \$275 of the premium money. Future Homemakers, who display their projects at the same time, receive \$137.50, while 4-H Girls, who display their work in the autumn, receive \$137.50.

Show superintendent this year is Gene Martin, while Rudy Tate, Norwood Future Farmer, is assistant superintendent.

The bulk of the steers in the show will be held for showing in the State Fair of Texas this fall, since that is considered most profitable for young feeders of all shows which the local boys and girls enter.

The stock show will be held on the REA lots across the street west of the community building, and the FHA show will be in the community building.

Enter One Act Play Contest

"Seeds of Suspicion" will be the entry of Wellington in the Inter-scholastic League one-act play contest at White Deer Saturday night March 24, at 8 p. m.

The play, set in a well-to-do English home, where the owner believes someone is trying to poison him by placing a chemical in his cocoa.

The cast include Harold Mummery, who thinks he is being poisoned, played by Gus Drake; Ethel Mummery, his wife, Mary McCaskill; Edward Brooks, in whom Mummery confides his suspicion, Reggie Smith; Mrs. Sutton, who is suspected, Patsy Bawcom; Lucy Brooks, Edward's wife, Carolyn Coburn; Carolyn Welbeck, who keeps everyone posted on newspaper accounts of another poisoning, Kay Hubbard; Arthur, Welbeck, her husband, Don Scott; Mr. Dinthorpe, a chemist, Ted Stansbury.

Stage crew members are John Alvin Horton, Carolyn Keller and Gayle Young.

Mrs. Bob McAlister is directing the play.

T.C. Fike Markets Weeping Love Grass Through Livestock Program

A 110 acre field of weeping love grass, a foot to 18 inches tall, is holding down the top-soil on the T. C. Fike sandy-land farm two miles north of Quail, a good example of the value Salt Fork Soil Conservation District co-operators are placing on this fine introduced grass.

This field is considered one of the best examples in the Salt Fork SCD of grass as a soil saver and provider of a cash crop as well, Fred Squyres, work unit conservationist of the Soil Conservation Service, said.

Fike, who lives on his 60-acre farm north of town bought the half section Quail place in 1947. He grew peanuts and feed for the next six years. The peanuts did well and feed was average. The

combination kept the sandy land from blowing badly.

In 1953, Fike planted 110 acres of weeping love grass at the rate of two pounds per acre. In 1955, he planted over some bare spots, covering about 25 acres altogether, and again using two pounds per acre, using the Soil conservation district drill for both plantings.

Last year he fenced 25 acres of weeping love grass and grazed it with 38 head of cattle all summer, from June 1 until after frost.

"They did fine, and I got nice gain," Fike told Squyres.

Fike is building up a good herd of mixed cattle.

Since he is turning grass into a money crop, through the cattle, he planted in a johnson grass field provides additional grazing

Red Cross to Make Final Push In Big Fund Drive

Only \$668, less than one third of the quota, has been reported in the Red Cross Drive, Bennett Goodloe, drive chairman, and Miss Kaherine Boverie, treasurer, said Tuesday morning, March 20. This leaves only 11 days to collect the remainder of the \$2,414 quota for the county in 1956.

A meeting of all group captains of this Red Cross drive has been called by Mr. Goodloe for Monday, March 26, at 7:30 P. M. at Jay's Drive-In to check on progress being made. All captains are urged to attend.

At the same time, workers were urged to turn in their donations as soon as they have completed work in their community or town area.

The need for funds on both a national and local level was explained by Miss Boverie this week. Money raised in the drive she explained, is divided equally between the local chapter and the national organization.

Two major disasters in the East have almost depleted the national treasury, and is making the present drive urgent from that standpoint.

At home, demands for Red Cross help are as heavy as at any time in recent years. Most of this work is in the Home Service Department, which Miss Boverie serves as volunteer chairman.

The Red Cross Home Service department is the link between a man in service and his family at home in many instances, and the telephone and telegraph charges for getting a man home from overseas or a distant base in case of an emergency is considerable, although the Red Cross pays no federal tax on these communications and there is no charge by the Red Cross for the service. Still the telephone and telegraph bill over a period of a year is considerable.

Temporary crisis in a local families accounts for much Red Cross Home Service work, and this is heavier than a year ago, Miss Boverie said. Some who are ordinarily doing farm work at this time of year, find that jobs are opening up later due to drought conditions, and some families are having to ask for temporary help.

The aged do not provide a problem for Red Cross, as they receive help through the old age pension program.

There are younger people, however, who because of illness or for some other reason beyond their control cannot provide for themselves or their families.

It is the policy of the Collingsworth County Red Cross not to help anyone it feels is able to help himself or who has a source of credit. But this leaves enough others who must have help to make heavy demands on the funds that the local chapter has available.

There are other services Red Cross provides the people of Collingsworth. At least one Red Cross First Aid course is offered each year, and a number of persons, both local and from adjoining areas, take advantage of the Red Cross Life Saving course at Marjain Airpark Pool each summer.

Requests have been made for a standard Red Cross Home Nursing Course here, and if that is provided, the expense must be borne out of the local chapter's funds, Miss Boverie explained.

Stolen Car Found Sunday

A 1951 Buick stolen from Joe Christoph in front of his home at 1010 Graham St. was one of three taken in lower Panhandle towns, apparently by the same person, late Saturday night and in the early hours Sunday, March 17 and 18, Sheriff John Rainey reported.

Police Chief Bill McCarver said Christoph parked his car at 11 p. m. Saturday and found it gone when awoke about 10 a. m. Sunday. It was found abandoned in Shamrock Sunday afternoon by Deputy Sheriff Luke Henley, the motor badly damaged.

Monday, Sheriff Rainey found the 1955 Oldsmobile stolen from Temple Deaver of Memphis late Saturday night, and left near the Moody Laundry at 105 7th Street, about three blocks from the Christoph home, that same night. Although the car was noticed by people of the neighborhood Sunday it was not reported until the following day.

Sheriff Rainey also learned that a 1951 Plymouth was stolen the same night in Shamrock, near where Christoph's car was found. It was owned by J. P. Hall and has not been found.

"We are certain the same person or persons are responsible for all three thefts," the sheriff said. He added that the keys had been left in all three cars taken.

First Case Here in Years

Rabies Kills Milk Cow Owned by L. W. Hartman

Laboratory reports received by

Dr. Curtis Thaxton Friday, March 16, show that a milk cow owned by L. W. Hartman, west of town, died of rabies. It is the first case of the death of a cow from that cause here in some years.

A gentle cow, she was discovered to be ill two weeks ago when she tried to fight Mrs. Hartman. Dr. Thaxton was contacted the following day and described her as a typical rabies case. A specimen for the laboratory test was taken after the cow died Monday, March

12.

Dr. Thaxton warned farmers in the Buck Creek, Wilulcer, and Rolla areas as well as other sections, to watch their farm animals. Rabies is spread by the bite of a rabid animal, or by contact of the rabies germs with a cut or wound, he pointed out, and the cow may have been bitten by a wild animal with the disease, or by a rabid cat or dog.

Mr. Hartman said he had no idea what might have bitten the cow.

For Awards Program

Salt Fork SCD Names Outstanding Farmers

Entries of the Salt Fork Soil Conservation District in the Save the Soil and Save Texas awards

program have been announced. These district entries will compete in the regional contest, and winners of that division will be judged in the state-wide contest.

Sponsor of the Save the Soil and Save Texas program is the Fort Worth Press, in co-operation with approximately 15 other firms and industries of the state.

L. A. Gilmore was chosen to represent the district as the farmer who has done the best job of reclaiming a worn-out farm.

John Robert Henard, president of the board of supervisors of the district, was selected to represent it as the Outstanding Conservation Farmer.

Mrs. W. R. Breeding is the entry in Conservation Homemaker division. Mrs. Roy Thomason placed second in the district, and both are entered in the regional competition.

Patsy White is representing the county in the essay contest for high school students. She was one of the 16 top contestants last year.

Virginia Robey, news editor of The Wellington Leader, is the district's entry as the business or professional person who has done outstanding work in behalf of soil conservation.

The Wellington Leader was entered in the division for outstanding Soil Conservation Edition.

The Salt Fork District itself is seeking the honor as the outstanding Soil Conservation District, an award it has won once on the reg-

ional level.

The district has consistently won awards in the Save the Soil and Save Texas Awards Program during the past six years.

John Brim, outstanding Conservation Farmer, and Deskins Wells, outstanding business man who contributed to soil conservation, were the first winners, receiving the honors in 1951.

Since then, J. C. Hartman Jr. has been named the outstanding Young Farmer; the district has been named the outstanding Conservation District in the Region; and Wood Coleman was named the Outstanding Conservation Farmer last year.

Dodson Talent Program Set

The Dodson Methodist Youth is sponsoring a talent program Saturday, April 14 at 7:30 in the Dodson high school auditorium.

"All surrounding churches are invited to have two numbers on this program," the Rev. Harmon Keelin, pastor, said.

Those wishing to have their church represented should contact Rev. Keelin; Mrs. A. V. Lowrie the youth sponsor; or Roger Hugh Painter, youth president.

"We know there is real talent in our churches, and we are looking forward to an outstanding program," Rev. Keelin said.

Several churches have already notified the Dodson group they will participate.

Do you bring home everything you've paid for?

It's a good question.

Which you can answer "yes" — if you always buy from the business people right here at home. Where you live.

Wherever you buy, part of your money goes to build and to keep up the community in which you spend. To support schools, churches, civic projects, to pay the people who work in that community, and to provide better business and job opportunities for those who live there.

When you buy in YOUR OWN town, you get about the same merchandise you'd get anywhere else — PLUS the enjoyment of these other things that your money pays for.

When you buy anywhere else, you get merchandise ONLY. And your home community is a little poorer because you carried off part of its resources. And the many things other than goods that your money pays for are left for somebody else to enjoy, while they wait for you to return and give them some more.

**It Pays to Buy
where you Live**

It's surprising how many people around Wellington have at one time worked on a newspaper. Clark Anderson was telling about being the printers devil on the Wellington Times, when Judge R. H. Templeton and Judge R. L. Templeton owned it.

Alma Crawley renewing The Leader for her parents, Mr. and Mrs. L. T. Alexander. Although neither can see to read the fine newspaper print now, they have taken the paper ever since there was a Wellington Leader, 48 years and they don't want to stop. To see this gracious pioneer couple on their trips down-town, you wouldn't guess that he soon will have his 92nd birthday and she her 86th.

Rev. Bob and Patsy Evans buying supplies for work at Faith Baptist Church ... Mayor J. B. Castleberry tending to some city errands. Wonder if any town in Texas has a mayor who devotes his full time to the job so completely as our does ... Linda Orr in a lovely white sweater that must have come from the family's travels while they were living in England.

Judge R. L. Templeton back in office after his recent heart flare-up. Said he was taking it easy, but couldn't tell by the amount of work he was doing ... At Dodson, Floyd Teutsch stopping work to show folks who came along through the new bank building ... Sonnie White one of them. The bank would be a credit to any town in this part of the country ... Cashier Nadine Birchfield was just finishing work. Who talks about "bankers hours?" This was past 5 o'clock.

Rev. Russell Pogue, before he was hardly settled as pastor of First Baptist, saying he knows where all the Wellington folks are who have left here -- they're at Hereford, where he came from. Just before he left, one of his members told him: "I was the first baby born in St. Joseph's Hospital at Wellington." She was June Marian Smith who used to be at Quail." Rev. Pogue said. Not long ago I married her and Walker Freeman of Hereford," he added. She's the daughter of Jewell and Orville Smith, and June Marian works in the school tax office.

Crossroads Report

Dear Editor:

I see where Mr. J. Edgar Hoover says parents had ought to be punished for any criminal acts of their over-spirited youngsters.

My teen-dad neighbor says Mr. Hoover, being a bachelor and unfamiliar with such matters, obviously needs to make a further study of child motivation.

Says if it was the custom for parents to take the rap for their kids, first thing you knew, wise youngsters would be getting the car every night just by threatening to do something that would land the old man in jail.

Neighbors Help on E.C. Clement Farm

Friends and neighbors met at the home of Mrs. E. C. Clement on Tuesday, March 6, and Thursday, March 8, to help get the farm in shape. Those coming on Tuesday cut stalks and those coming on Thursday listed the ground.

On Thursday Mrs. Sidney Elmore, Mrs. H. B. Lowrie, Mrs. John Eron Forbis, and Mrs. T. C. Clement brought food and helped prepare lunch for those working. Bringing or sending tractors were C. A. Kesler, Gayland Rip-petoe, D. F. Roberts, John Eron Forbis Woody Wood, Elvis Crawley, Jesse Barton, Earl Wayne James, Earl Reynolds and Sidney Elmore.

Drivers of the tractors other than the owners were George Albert Barton, Thurman Wyrick, Kenneth West, Rhoden Smart, and two colored men, Slim Carter, and Richard Roland.

T. C. Clement helped direct the work.

Pictures were taken of those participating.

The work was deeply appreciated by the recipients but just to know that people still care in time of sorrow meant more than anything.

Dodson Nazarene Church Begins Building Program

The Church of the Nazarene in Dodson will begin work this week on a new annex to house Sunday School rooms, the Rev. Lonnie Voorhies, pastor, announced this week.

The concrete foundation is due to be poured before the end of the week, he indicated.

The annex will be 32 by 33 feet, of one-story white frame construction, joining the church on the west. There will be four rooms for Sunday School class work, and two of these will have a moveable partition so that it can be opened up into one large room for a junior auditorium for special services.

Upon its completion, the church building will be an L shape, and sidewalks will be laid and the area landscaped, Rev. Voorhies said. Cost of the building will be around \$3,000 and it is due to be completed in about 60 days.

Members of the building committee are W. E. Patterson, Louis Patterson, Oscar Lewis, and Garland Hightower.

Nazarene Singer To Show Pictures

Rev. Mrs. Sylvia Anderson, singer for the Nazarene revival, will have charge of the service Sunday morning, March 25, during the Sunday School hour beginning at 10:00 o'clock.

She will show slides of her visit to the Holy Land. She visited Bethlehem during Christmas time and saw the place where Jesus was born which she will show pictures of. She will show slides on important places which are centered on the Life of Christ. Some of these will be of Jerusalem, the tomb where Jesus was placed, Calvary, Golgotha, and many other interesting things.

"Every member is urged to come and every visitor is welcome to attend this inspiring message that Mrs. Anderson has to bring us," quoted Rev. John Ferguson.

Funeral Held For Leonard P. Ashton

City Warned Of Hot Checks

Sheriff John Rainey today warned Wellington merchants that during the past week hot check artists have been operating in Memphis, Clarendon and Shamrock, although there have been no reports locally.

In none of the three towns have the merchants who were victimized been able to recall for officers what the person or persons looked like who have passed the checks, the sheriff said.

Norwood Parents Teach Students Plant Trees

What is usually a holiday for Samnorwood Students became a special day that included not only regular class work, but a school-ground improvement program as well, Friday, March 9.

Teachers were attending the annual meeting of District 9, Texas State Teachers Association, in Amarillo. Parents took over their classes.

The high school had classes until noon, then, with the assistance of a maintainer, planted 240 trees on the campus. The grade school was dismissed at 2 p. m.

Four men of the district, W. R. Breed, O. L. Tate, Marvin Knoll and Ernest Tate, set the upright posts in concrete for the fence that is to be built around the high school and grade school, giving the students some protection from the road and helping beautify the grounds.

After work was done, the high school boys played their dads and some other adults in a softball game.

"Several visitors came after noon, but students and some of the parents voiced disappointment at not seeing more of their neighbors at school that day," Supt. Orville Cunningham said.

Parents who taught were Mrs. Wallace Biter, first grade; Mrs. Joe Rountree, second; Mrs. L. A. Richards, third; Mrs. J. L. Alexander, fourth; Mrs. W. E. Merchant, fifth; Mrs. Ernest Tate, sixth; Rev. Harold Elliott, science; Mrs. Donald Coleman, commerce; Wendell Morgan, English;

Charlie Bradley, grade school principal and math; Mrs. Jimmie Ray, girls physical education; Troy Clark agriculture; Mrs. Robert Baxter, homemaking; Buck Martindale, high school principal; and Doyce Cochran, superintendent.

Kiwanis-Ritz Show Planned

The Wellington Kiwanis Club and Ritz Theatre will sponsor their traditional Kiddies Easter Show Saturday, March 31, Kiwanis David Robinson announced this week.

The show, a series of comedies, will begin at 10 a. m.

Complete details will be announced next week.

Dr. Jones Has Surgery Friday

Dr. Chas. B. Jones underwent major surgery in St. Joseph's Hospital Friday, March 16, and early this week he was reported doing fine.

He is due to go home at mid-week.

Although a hospital patient himself, Dr. Jones Monday went across the street to his office in the Wellington Clinic, treated two patients, then returned to the hospital.

He will have to rest for a time, but it isn't known yet how long he will be out of his office.

Who is at fault

Of course, since you are a careful driver, in case of an accident the "other fellow" is at fault. We feel that way, too, but if the jury disagrees it may cost you plenty. Make sure your automobile insurance is complete. If it is not, better call us.

The courses included three divisions, children, youth and adult, with visiting teachers for each, the Rev. W. E. Hamilton of Quanah, Mrs. H. W. Barnett of Childress and Mrs. Secord of Pampa.

Two lesson periods were held each evening.

The average attendance was approximately 50.

Finish Methodist Church Parking Lot

Completion of the parking lot for the First Methodist Church is due soon according to Lawrence Warrick, who with W. R. Franks is in charge of the work.

Grading was completed last week and either chat or pea gravel will be spread. When finished, it will hold approximately 50 cars.

The lot, across the street east of the church, was bought more than a year ago.

Premeasuring Of Cotton Offered

Pre-measuring of cotton acreage will be offered to farmers again this year. Applications will be accepted at the ASC county office during the period of April 2, to May 1. The rate of charge to the farmer for this service will be \$10.00 per farm plus \$2.00 for each plot over one.

Farmers who request this service should understand that the cotton acreage must be planted exactly as staked out in order for it to be considered as official measurements this summer when regular compliance is being checked. If the cotton acreage is not planted exactly as premeasured then the fields will have to be remeasured and the acreage redetermined at the regular compliance season.

Kiwanians Visit Henrietta Club

Thirteen Wellington Kiwanis Club members made an inter-club relations visit to the Henrietta Club recently, and presented that group with the Kiwanis traveling plaque. This had been received earlier from the Lawton, Oklahoma, club, and the group traveling the greatest distance to deliver it will receive a trophy. So far, the Wellington group hold the record.

The Wellington group spent most of the program hour answering questions of the Henrietta members about the town and county, and particularly about irrigation in the Wellington area. Speaking in this were James Sullivan, C. T. Hubbard, Maxey McKnight and Bobo Castleberry.

Making the trip were Castleberry, who was trip chairman, Sullivan, Hubbard, McKnight, John Hurley, Mack Bush, Jack Davis, David Robinson, John Holton, J. W. Holder, Ernest Lewis, Douglas Bevers, and Joe Peterson.

Mr. and Mrs. Leland Bonneau of Hale Center visited recently with her mother, Mrs. N. A. Brock and his parents, Mr. and Mrs. Van Bonneau of Dodson. The children, Linda and Charles who had been visiting here with their grandparents returned home with them.

Mr. and Mrs. W. E. Goforth of Sudan and Mr. and Mrs. Elwood Allen of Lubbock visited over the week end with Mrs. Goforth's mother, Mrs. N. E. Feemster, and other relatives.
