The SDN Column

Several have inquired the past week about the beginning of Daylight Saving Time. It is still two weeks away because Congress never was able to agree on legislation that would have put it into effect in March. This means that DST will begin on the normal, pre-energy crisis date of the fourth Sunday in April. And, unless it is changed sometime during the summer, it will continue until the fourth Sunday in October.

Those who inquired mostly were pro-DST, we suspect. Those who are up and about early enough these days have discovered that the sun is making its appearance considerably earlier than it did in the winter time. And the pro-DST set prefers to have that extra daylight tacked on the end of the day, rather than at the beginning.

★ ★ ★

There is more and more indication as the days go by that we may not have an Easter frost. The old mesquite trees are leafing out and pecan trees are growing foliage rapidly. These two species usually hold back their buds until all danger of a killing frost has disappeared.

However, one confirmation of spring still had failed to appear the past week. The scissortail flycathers were still missing.

★ ★ ★

The Colorado River Municipal Water District's quarterly "Windmill" notes, however, that the buzzards returned on schedule to Lake J.B. Thomas. It seems that these big birds arrive at Lake Thomas around St. Patrick's Day each year, just about as regularly as the swallows return to Capistrano. They usually clear out and head south around Nov. 20-22 to be followed at the lake by the ravens.

★ ★ ★

Speaking of Lake Thomas and the water district, despite the dry winter and early spring, the lake in Southwestern Scurry County has about the same amount of water in it that it did this time a year ago, as does Lake E.V. Spence farther down the Colorado River. The state Water Development Board published figures recently showing 32,100 acre feet of water in Lake Thomas in late February of this year, compared to 32,400 acre feet at the same time in 1975. Lake Spence actually was up slightly, showing 164,300 acre feet this year, compared to 162,900 acre feet a year ago.—WACIL McNAIR.

Today In History

By The Associated Press

Today is Sunday, April 11, the 102nd day of 1976. There are 264 days left in the year.

Today's highlight in history:

On this date in 1814, Napoleon Bonaparte abdicated as emperor of France.

On this date:

In 1689, William and Mary were crowned king and queen of England.

In 1713, Spain ceded Gibraltar to England.

In 1899, the Philippine Islands were transferred from Spain to the United States.

In 1921, a telephone line between the United States and Cuba was opened by President Warren Harding.

In 1947, Jackie Robinson became the first black man to play for a major league baseball team when he joined with the Brooklyn Dodgers in an exhibition game with the New York Yankees.

In 1951, President Harry Truman relieved General Douglas MacArthur of his command in the Far East.

Ten years ago: A temporary shortage of bombs caused a cutback in the U.S. air war over South Vietnam.

Five years ago: U.S. Planes in South Vietnam broke a ring of enemy fire to resupply an American fire base under seige for 12 days in the Central Highlands.

One year ago: The U.S. used helicopters to evacuate the American Embassy in Phnom Penh, Cambodia as enemy forces were taking over the country.

Bicentennial footnote: Two hundred years ago today, American General Allen MacDonald, who had been captured at the Battle of Moore's Creek Bridge in North Carolina in February, was paroled by the British at Halifax, Nova Scotia.

★ ★ ★

The Weather

SNYDER TEMPERATURES: High Friday, 76 degrees; low, 47 degrees; reading at 7 a.m. Saturday, 51 degrees.

Northwest and Southwest Texas: Continued dry Monday through Wednesday. Cooler Monday then warmer Tuesday and Wednesday. Lows 30s Panhandle to 40s south Monday warming to 40s north and 50s south by Wednesday. Highs 60s north to 70s south Monday warming to 70s north and 80s south by Wednesday.

North Central and Northeast Texas: Mostly fair and cool Monday. Increasing cloudiness and warmer Tuesday through Wednesday. Highs Monday lower 60s to lower 70s warming by Wednesday to lower 70s to lower 80s. Lows Monday and Tuesday near 40 to mid-50s. Lows Wednesday in the 50s.

South Central and Southeast Texas: Extended outlook Monday through Wednesday, partly cloudy Monday through Wednesday. Chance of showers coastal sections Monday. Cool most sections Monday and east half Tuesday. Warmer all sections Wednesday. Highs 70 north to 83 south. Lows upper 40s north to low 60s south.

TO CURRY FAVOR WITH ANY GROUP

Ford Won't Offer Legislation

By FRANK CORMIER
Associated Press Writer

DALLAS (AP) — President Ford, while declaring himself the underdog in the Texas Republican primary, said today he would not offer any piece of legislation merely to solicit votes from blocs of voters or special interest groups.

Asked at a news conference what he would do to win the allegiance of black voters, Ford said:

"I would like as many supporters in the black community as possible." He added, however, he would not "go out and offer a particular piece of legislation" to curry favor with blacks or anyone else.

"I don't think that's the way for a presidential candidate to conduct himself," the President said.

Twice during the 30-minute session Ford declared himself the underdog to challenger Ronald Reagan in the state's May 1 Republican primary but asserted, "I think we may surprise some people."

Ford was asked if former Gov. John B. Connally, one of the state's most popular political figures, would eliminate himself from consideration for vice president and other high administration posts should he fail to endorse the President over Reagan.

Ford said he understood Connally was declining to endorse either candidate and said, "I respect his judgment."

He added that "I wouldn't think his failure to support me would in any way alter" Connally's prospects for serving in a new Ford administration.

The President's questioners asked several times about matters related to Watergate and former President Richard M. Nixon.

For example, one reporter inquired if Ford might commute the sentences or pardon any convicted Watergate conspirators.

Replying that he has received no such requests through the Justice Department's pardon attorney, he said, "Until and unless they do, it is inadvisable for me to make any conclusion one way or another."

Ford also was asked about reports that he found little useful substance in a report made available to the administration by Nixon following the former president's February trip to China. "It was very interesting," Ford said of the document. "It was very useful ... I was glad to get it."

But he said only time would tell how perceptive Nixon's comments and forecasts involving events in China would work out.

Another questioner wondered what the Ford administration might do in the event of any future efforts by Eastern Europeans, such as those in Czechoslovakia and Hungary in the past, to alter their situations.

Ford said he thought the nation should try to work through diplomatic and other peaceful channels to promote freedom in Eastern Europe, but declared he did not think a statement should be made that "the United States will go to war" because of events in that part of the world.

Earlier, Ford told a reception for area campaign workers that "I think we are coming from behind" in the search for votes in the Texas GOP primary and added, "I think we might surprise some people."

BACK TO SOUTH AMERICA—Dr. Helen Nixon, who has been in foreign mission work for Southern Baptists in South America for the past 27 years, left Thursday to return to Argentina. Here, she holds a suit she made from Argentine wool. Dr. Nixon, who was baptized at Bison in Scurry County when she was 11, says mission work is the fulfillment of a childhood dream.

MISSIONARY TO ARGENTINA

Dr. Helen Nixon Returns To Her 'Childhood Dream'

BY BUCK SITTON

"If you love them, they tend to overlook your nationality," said Dr. Helen Nixon, who has been in missionary work in South America for almost 27 years.

She was describing the Argentine people she has known after 25 years on the foreign mission field there. She returned there the past week.

Dr. Nixon said the Argentines are very lovable in spite of their nationalistic tendencies. She said nationalism primarily is caused "by jealousy over another country and what they have."

Dr. Nixon was born at Powderly north of Paris, Tex., but she attended grade school at Dunn, Ira and Knapp when it was called Bison. She was converted at age 11 during a revival meeting at Murphy held by the Rev. Lawrence Hayes who was pastor of the Snyder First Baptist Church at the time. She was baptized by Rev. R.E. Bratton at Bison.

Work as a foreign missionary had been a "childhood dream." She said by the time she was 15 years of age she "was fully aware that foreign mission work was God's will for her life.

Dr. Nixon, however, cautions young people who are considering work in a foreign mission to "be sure it is the will of the Lord" before going. Also, she pointed out, any call involves preparation before anything else.

Dr. Nixon graduated from High School at Whiteface and earned a B.A. Degree in Bible from Baylor University in 1945. Subsequently, she received a Master of Arts Degree in Religious Education at Berkeley, and a Doctorate in Religious Education from Southwestern Baptist Theological Seminary at Fort Worth.

Continuing her preparations, Dr. Nixon went to a Spanish language school at Medellin, Colombia, for one year. Then, she became an educational director for a local church at Rosario, Argentina. She served in Rosario 22 years, and was transferred to Mendoza, Argentina three years ago. For the past 10 years, she also has served as Convention vacation Bible school promoter for the entire country of Argentina.

Her work in South America is under the sponsorship of the Foreign Mission Board of the Southern Baptist Convention.

There were only about 10,000 Baptists in Argentina when she first began serving there. Now, there are 30,000 to 40,000 Baptists in Argentina. She said all Baptists in Argentina--conservative, regular and Swedish--have organized together in one Convention.

Discussing Argentina, Dr. Nixon noted there has been a change in government within the past couple of weeks. Videla, a military governor, heads the government now. Dr. Nixon said she believes all of the presidents or heads of state in Argentina have been "well-intentioned and had noble motives."

However, she said Americans tend to judge Argentina without all of the facts. She said the government's attitude during her stay in Argentina has, for the most part, been "generally favorable." She admitted there had been some discrimination, but stated it seldom blossoms into persecution.

"They are an affectionate people and will accept anyone who loves them," Dr. Nixon declared.

Like Baptists in the United States, the Argentine Baptists do not allow women to serve as pastors, but they can and do preach sermons on occasion. Dr. Nixon said she has been allowed to preach a few times in addition to her duties as an educational director.

Dr. Nixon is the daughter of the late James Bunyan Nixon and Beulah Bills Nixon, who now lives in San Antonio. She has three brothers, John Nixon who lives in North San Juan, Calif.; Russell Nixon, who lives in Amarillo; and, Joe Nixon, of Carlsbad, N.M.; and two sisters, Mrs. Leota Nixon Condray of San Antonio and Mrs. Fred (Mavis) Overton of Snyder. She also has a cousin, Weldon Bills, who lives southeast of Snyder.

Argentina has a population of some 25,000,000. Mendoza province, where Dr. Nixon has been serving, is the richest part of the country. The main in-

(See Nixon, page 2)

Pressure Mounts On Italian Elections

By EDWARD MAGRI
Associated Press Writer

ROME (AP) — Masked youths armed with iron bars and sticks carried out a "proletariat expropriation" at a supermarket today as social and economic pressures increased for Premier Aldo Moro's minority government to call early elections. A bombing and suspicious fires added to the tension.

The Communist party called a massive rally in front of St. John Lateran Basilica in Rome.

In Milan, about 30 young toughs raided a supermarket and forced some shoppers to leave without paying.

"Today the shopping is free," one of the youths yelled. "We can't remain indifferent when one pays 508 lire for a kilo of potatoes (30 cents a pound) and 6,000 lire for a kilo of meat ($3.60 a pound). Consider this a proletariat expropriation."

The youths then loaded $3,600 worth of soft and hard drinks, meat and other goods into their car and fled, officials reported.

Also in Milan, an empty car abandoned near a police station exploded, damaging nearby automobiles and shattering windows. No injuries were reported.

In Turin, fires of suspicious origin destroyed a warehouse of the grocery chain Standa and damaged a Standa branch. No injuries were reported, but damage to property and goods was estimated in the hundreds of thousands of dollars.

Moro, opposed to giving the Communists a voice in the government, appeared to have failed in a bid to prevent elections that could give the Communists added power. The party, largest Communist group in the West, captured 33.4 per cent of the vote in nationwide regional elections last June, only slightly behind the 35.3 per cent won by Moro's Christian Democrats.

The Communists called off all other party meetings scheduled earlier in the Rome area and urged militants to push for a huge turnout at the Lateran. It took on the tone of the opening event of what promised to be the most tense electoral campaign in decades.

The final decision on disbanding the parliament and calling general elections a year ahead of schedule rested with President Giovanni Leone.

With no party controlling a majority, the crisis reached a peak this week when the Socialists asked Moro to grant the Communists a formal role in making policy as the price for helping his minority government to survive. Moro formed his government, the 33rd Italian government in 30 years, in February.

After a hectic day of consultations with most parties, including the Communists, Christian Democrat leaders rejected the Socialist demand Friday night.

Christian Democrat party secretary Benito Zaccagnini said his party and the Communists belonged apart — one in the government and the other at the opposition.

The Communists hope they can score new gains at the polls to enter the central government despite opposition from the Vatican and the United States, which has expressed concern over the prospect of Communists in the government of a NATO nation.

A final decision whether to dissolve the parliament was expected to to be postponed until next week when parliament reconvenes. Sessions were suspended this week to allow the Liberals, a small centrist party, to hold a national congress.

Moro was believed considering a debate and a vote on his economic and monetary policies. This would set the stage for a confrontation between the varous parties.

Italy's three big unions have already rejected Moro's austerity measures including a moderate wage freeze, as exacting too much from the workers.

Schools Set Holidays For Easter Here

Public school students in Snyder will begin their Easter Holidays at 2:30 p.m., Wednesday. They are to return to classes at the regular time on Tuesday morning, April 20.

Teachers in the Snyder schools will participate in an in-service day on Thursday, after which their holidays will begin.

Elementary teachers will convene at Central Elementary School for their morning in-service activities. Secondary personnel will report to their respective buildings for faculty meetings and curriculum development sessions.

A general faculty meeting is scheduled for 1 p.m. at the High School Auditorium for an orientation meeting to acquaint them further with the accreditation self-study which will be conducted throughout the 1976-77 school year.

Dr. Dwight Kirk, education professor at Texas Tech University and the consultant for the self-study process, will give an overview of the project.

Dr. Thomas Scannicchio, local Assistant Superintendent-Instruction, will present a progress report of the Educational Goals Project Committee which was appointed by the Snyder Board of Trustees in its March meeting.

Lee Rites Are Pending

James Ernest Lee, 76, died at 11:53 p.m. Friday in Cogdell Memorial Hospital.

Services are pending at Bell-Seale Funeral Home.

He was born March 24, 1900 in Nacogdoches, Tex.

Surviving are two daughter, Mrs. Opal Watson of Waco and Mrs. Billie Mae Ivison of Albuquerque, N.M.; five sons, Melvin Lee and J.B. Lee, both of Snyder, Elton Lee of Albuquerque, N.M., Eschol Lee of Waco and DeWayne Lee of Rotan; four sisters, Mrs. Elsie Campbell of Rotan; Mrs. Bessie Harris and Mrs. Clyde Johnson, both of Abilene and Mrs. Maudie Mae Domoiseaux of Dallas; two brothers, Robert Lee of Snyder and Eugene Lee of Abilene.

Democracy Is Alive And Well In Mt. Pleasant

MT. PLEASANT, Tex. (AP) — Democracy is alive and well and fluorishing in the lush farm and timberlands of East Texas.

And crusty old John William Wright Patman, the late dean of the U.S. House of Representatives, would have been proud and probably delighted at the hullabaloo.

In name, and surely in spirit, Patman was back in his old stomping grounds the other night.

Billed simply as Forum '76, the occasion smacked of political yesteryear, when good old boys emerged from rural America with lofty ambitions and noble promises. They were all there — the farmers, the lawyers, the housewives — a virtual lawn of grassroots America.

And big government took a beating.

More important, there were assurances that America can be saved, most likely by any one of the 12 candidates in the 12th Congressional District of Texas.

Ten of the 12 paraded into the Titus County Civic Center to tell in 10 minutes or less why he or she is the only candidate of, by and for the people.

One brought a band, which climbed aboard a flatbed trailer and urged voters between C&W hits to "say yes to Jess."

Jess, meanwhile, arose from behind a cracker barrel platform on the civic center stage to lay claim to the "best looking wife and the best music" of the campaign.

A news photographer admiring the former allowed that Jess, at his worst, spoke in half-truths.

Most of the campaigners found longstanding philosophical kinship with Patman, a vintage populist who was elected to Congress nearly half a century ago, before most, if not all, of the candidates were born.

When he died in March at age 82, Patman left a legacy of hostility toward big banks, big money and high interest rates. Few of his conservative East Texas constituents ever argued that issue.

Nor do his would-be successors, who include six lawyers, three college professors, a dentist, a dairy farmer, and a housewife who declared: "That's the reason I'm running--to give you a choice."

At least by inference, most all the candidates share the highest ideals of Lincoln, Washington and Truman, who in the course of the evening became Abe, George, and Harry — good pals, if not kissing cousins.

Mostly, it was a bad night for big government, gun control, inflation, waste, fraud, corruption, deficit spending, utility rates, welfare, aid to New York City, wheat for Russia, special interest groups, Commie nations, union shops, corporate bribery and Richard Nixon.

Incidentally, the lone woman candidate, a Republican, suggested that if Nixon had been favored with a GOP Congress, "we'd never have heard the word Watergate."

Nobody laughed.

A couple did smile, however, when Jess, in the feverish final seconds of his 10-minute allotment, modestly predicted: "I intend to go to Congress and become the best congressman who ever lived...and that includes men like Sam Rayburn and Wright Patman."

It was a good night for patriotism, tax reform, fiscal responsibility, quality education, the average person, honesty, integrity, free enterprise, lower taxes, the will of the people, and true leadership.

Letters To Editor

To the Daily News:

It is only fitting that we should take this means of expressing our appreciation to a fine young man of Scurry County who has just made a very important decision in his life. Neeley Landrum was asked to fill the pulpit of our church Sunday in the absence of our pastor, Rev. Wayland Dowden. Having only recently dedicated his life to serve our God and become a preacher, it was a privilege to hear Neeley's first sermon and the sincere remarks he deliverd that day.

He is a good example of the dedicated young people who make up our country today that we seldom hear about.

It is our prayer that more young men and women will awaken to the needs of today's population, as Neeley Landrum has done.

Members of
Ira United Methodist Church

To The Daily News:

There are times when a fellow really feels good knocking around on this mundane sphere.

One of those times was quite recently when my wife and I arrived in Snyder around 2 a.m. to look up some friends. A police officer directed us to the house where they had been living but they had moved out into the country so we about gave up trying to find them and decided to stay in Snyder until daylight and then continue on home to Arkansas. However, there wasn't a motel open at that late hour so we simply parked our car in the public square, admired the attractive court house and waited.

That is where the Good Samaritan entered. A police car driven by Officer Henry Holley pulled up beside us and we gave him the situation. He didn't know the people we were looking for but suggested that we sit tight until he could try to locate them.

In less than a half hour Mr. Holley was back. He had located our friends but said that they lived on a country road and we would never be able to find them, especially at night. Then he did a grand thing, offering to lead us out there. We found our friends and spent a couple of very pleasant days in Snyder.

Warms the heart, doesn't it?

Our hats are off to the Snyder Police Department and to the kind of Good Samaritans Officer Holley turned out to be.

(Rt. Rev.) David Baxter
Holy Trinity Orthodox Church
Rogers, kArk.

To The Daily News:

The West Texas Chamber of Commerce wishes to express its appreciation for your part in making the "Free Enterprise, for 200 years, America's Strength" educational program a great success.

Your support of this West-Texas-wide effort enabled West Texans, Texans, and Americans to be reminded about the American Free Enterprise System.

During this Bicentennial year, it is more important than ever for each of us to reflect on the things that made our country great, including the right to Free Enterprise, and that our quality of life here in West Texas is a result of the benefits derived from the Free Enterprise System.

The WTCC believes the Free Enterprise System is strong in West Texas and that we have the best Free Enterprise climate in the nation.

We are pleased that you feel the same way we do, and were willing to assist in saluting the Free Enterprise System in America.

Thank you for your continuing efforts on behalf of West Texas.

J. Fike Godfrey

Emergency Hearing Set On Lo-Vaca

AUSTIN, Tex. (AP) — The Texas Railroad Commission will hold an emergency hearing Monday on Lo-Vaca Gathering Co.'s natural gas prices and indicated it will issue the long-awaited final order in the case.

Critics have contended the commission's failure to issue a final order has prevented a court test of the temporary order allowing Lo-Vaca to pass through to consumers 100 per cent of its natural gas costs, plus a service charge of five cents per 1,000 cubic feet of gas.

In its notice, the commission said an emergency hearing was required "because the continual rise in utility costs is a matter of urgent public necessity requiring consideration of a final order in this matter."

Lo-Vaca has received the 100 per cent pass through since the commission issued a temporary order Sept. 27, 1973.

Candidates for railroad commission have criticized the order, saying it resulted in higher utility costs because Lo-Vaca had no incentive to bargain down the price it pays for gas.

Lo-Vaca's gas costs have shown up in tremendous rises in electric bills in San Antonio, Austin, Corpus Christi and other areas whose generators are powered by boilers fired with Lo-Vaca gas.

Household natural gas rates also posted big increases this winter.

An estimated 13,500 acres of Mount Jacinto Wilderness, about an hour east of Riverside, Calif., has some 10,000 acres of wilderness as primitive as it was when Capt. Juan Baptista de Anza came across it in 1774.

NIXON

(Continued from page 1)

dustry is wine, oil and irrigation farming. Mendoza is the richest province in the country and is the top producer of oil in Argentina. Mendoza City is the capitol of the province, and it lies west of Buenos Aires and Santiago, Chile.

Dr. Nixon said the climate of Argentina is the reverse of what it is here because it is as far south of the equator as Snyder is north of it.

"I'll be teaching in depth Bible studies to lay workers at the Guaymallea Baptist Church," Dr. Nixon pointed out.

She said Mendoza is cold at night 10 months out of the year because it is close to the mountains. Snow from the mountains melts and is diverted through canals for irrigation.

The population of Argentina includes Spanish, Italian and other European descendants, according to Dr. Nixon, who said the food is too heavy in Italian pastries and too light in vegetables. However, meat is abundant and inexpensive.

Dr. Nixon has visited most of the South American countries, and she said during future furloughs she would like to visit Europe and the Holy Land and the Orient.

Dr. Nixon has been in Snyder for 9½ months. The first 4½ months were on furlough, and the past four months she was on leave of absence.

"I'm going to remain in Argentina for four years when I return," said Dr. Nixon, "So that I can get a year's furlough.

She said she has already purchased a "furlough house" in Snyder and plans to retire here someday where she has several friends and relatives.

While in Snyder, Dr. Nixon has spoken to church groups at Avenue D, Bethel, First Baptist and Colonial Hill Baptist Churches. In addition, she has presented programs at Dunn, Ira, Knapp, Union, Hermleigh, Loraine, the Kiwanis Club and the Leisure Lodge as well as in Odessa, Ralls, San Antonio and Glorietta, N.M.

Asked if she had any problems in adjusting to the United States after such a long stay in Argentina, Dr. Nixon said she tended to put verbs before nouns as the language is spoken in Spanish.

Dr. Nixon boarded a plane Thursday to Miami where she will make connections for Chile and Argentina.

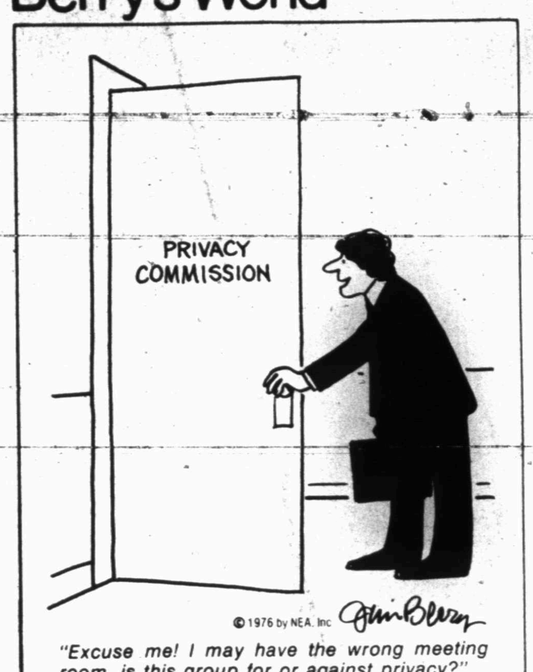

Asked if she has a favorite verse in the Bible, Dr. Nixon said: "Romans 8:28 'All things work together for good for those who love the Lord and are called according to His purpose.'

Texas Traffic Deaths Off 6%

AUSTIN, Tex. (AP) — Traffic deaths and accidents are running 6 per cent lower than last year, the Department of Public Safety said Saturday.

The DPS said there have been a total of 700 deaths this year compared to 744 in 1975. There have been a total of 612 accidents in which deaths occurred, compared to 653 in 1975.

DIVERSIFIED

BY BILLY E. ROACH
COUNTY EXTENSION AGENT

ALFALFA WEEVILS:

If you have noticed the terminal growth on your alfalfa turning yellow and dying you have probably had an infestation of alfalfa weevils. Some damage has been noted during the past couple of weeks.

It appears from the alfalfa I have checked that most of the damage has already been done. The damage is caused by the larvae of the alfalfa weevil, and most of these have pupated and many have already become adult weevils. This weevil will not cause damage to the alfalfa since it will migrate to protective areas for the summer.

It is rather hard to detect the first damage to alfalfa from the weevil. When cool weather begins in the fall the weevil return to the alfalfa for mating and egg laying. The weevil lays its eggs in the stems of the alfalfa plant. Most of the eggs do not hatch until early spring in our area.

When the eggs hatch the tiny larva feed inside the stem for a period, then feed on the lower leaves. Most of the damage occurs when the plant is about six inches tall. The larvae usually feed on the plants three to four weeks.

As the larva reaches maturity they spin cocoons on the plant or in the dead leaves on the ground. They pupate within the cocoon and change to adults in one to two weeks.

Most of the overwintered weevils die by the time the first cutting has been harvested. The newly hatched weevils leave the field, so the damage is already done for the year.

Once a field becomes infested with weevils, damage usually occurs year after year. Damage can be lessened by encouraging dense vigorous growth, cutting the first crop when most of the plants are in the bud stage, and cutting as close and clean as possible to expose as many larvae to the sun as possible. Hot sun usually kills the exposed larvae.

Insecticides can be used successfully if necessary. Control measures should be applied when 25 per cent of the alfalfa terminals show feeding damage.

SOIL TESTING:

Now is a very good time to send in your soil for testing. It usually takes 7 - 10 days for the return of this information and by then maybe it will have rained and if you wish to fertilize, you won't have to wait. The cost of only $2 per sample can well be justified with the cost of fertilizer what it is. It is still the best guide to the amount needed on your soil.

"Spells" Might Be Hysteria

MT. PLEASANT, Miss. (AP) — In the past week, 15 teen-age girls have fallen to the ground at a public school, writhing and kicking before passing out. The principal says it's not voodoo, narcotics agents say it's not drugs, but parents are keeping nearly a third of the school's students at home.

"My head was hurting bad," said Shirley Benton, 14, one of the girls who fainted. "It wasn't like a headache. It felt like something was sticking in it. ... I couldn't get enough air. Then I fell out — fainted."

A state narcotics officer on Friday visited the 900-student Sand Flat High School in this rural town 50 miles southeast of Memphis, Tenn.

"Our investigation indicates there is no evidence of drugs," said Cindy Carr, spokeswoman for the Mississippi Bureau of Narcotics. "The agent ... said he believes it's hysteria, but he can't back it up."

Teachers and students who have seen the spells said the girls suddenly fall to the ground, kicking and shouting, "Don't let it get me!" or "Get it off!" before passing out. The attacks last from a few minutes to as long as 15 minutes.

Some pupils contend that one girl has been putting voodoo hexes on her classmates as the result of an argument over a boy.

Homer Byers, the principal, rejected the voodoo theory, blaming the spells on hysteria and excitement.

"Some of the students have told me if I got rid of this girl, all the trouble would stop," Byers said. "Of course, I've talked to her. She says she doesn't believe in voodoo."

Byers and Marshall County Sheriff Kenneth Smith said some of the girls have histories of fainting spells. They theorized that the girls became hysterical when they saw their classmates collapsing.

A WEEK AT WTC

MONDAY

1:30 p.m.-3:30 p.m., Representative of Eastern New Mexico University to visit with students in Student Center.

5:45 p.m., Board of Trustees meets in board room.

TUESDAY

9 a.m. - 2 p.m., Blood drive in Student Center.

6:30 p.m., Adult basic education class meets, 203 Learning Resource Center.

8 p.m., Rodeo Club meets, 105 Applied Science Building.

WEDNESDAY

1 p.m., Film, "The Drama of Metal Forming," in science lecture hall.

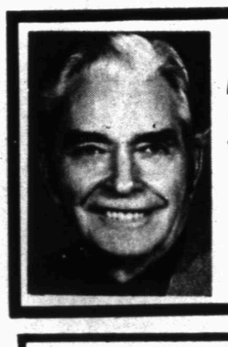

THURSDAY

12 noon, High Noon Discussion Group meets in faculty dining room.

6:30 p.m., Adult basic education class meets, 203 Learning Resource Center.

8 p.m., Spring formal, National Guard Armory.

Bill Atwood Jr.
The Peoples Choice
The people of Texas are paying higher prices for natural gas because we are furnishing most of the cost of distribution and collection of fuel sources distributed to produce energy in the eastern states. Any more suggestions of a ceiling price on gas at the wellhead will cause serious consequences for our state economy.
The people of Texas have the right to expect their government to work effectively to solve a crisis. However, people do not expect more government regulations to solve a crisis.
Our country was built on the basis of free enterprise, not bureaucratic monilistic views.
PLEASE VOTE BILL ATWOOD JR.—YOUR STATE REPRESENTATIVE, MAY 1.

Mr. And Miss WTC Presentation To Highlight Spring Formal

The fifth annual presentation of Mr. and Miss WTC will highlight the college's spring formal scheduled Thursday night in the National Guard Armory.

Titlists have been selected from a field of 10 nominees by votes of the student body. The names of the winners will be revealed for the first time at the presentation, Mrs. Mickey Baird, Director of Student Activities, said.

Last year's winners were Sharon Johns of Snyder and Bob Miller of Seaford, N.Y.

Nominees this year are Dennis Bellah, Ira Harris, Shelley Howle, Randall King, Becky Sledge, Stanley Covington, Harrison Johnson, Cindy Hanson, Christy Holder and Debbie Young.

Bellah, whose hometown is Woodson, is a freshman art major and vice president of the Artisans Club. He is also a member of Phi Theta Kappa, national honor fraternity for two-year college students, and was nominated for the Trailhand title.

In high school, Bellah was named Mr. WHS for 1973-74 and 1974-75 and was Class Favorite in 1972-73. He was a member of the Beta Club and was named to Who's Who in Outstanding Teenagers of America for 1974-75. He received the Bauch and Lamb Science Award for 1974-75. He enjoys tennis, drawing, cars, stereo equipment, basketball and officiating as hobbies.

His parents are Mr. and Mrs. Donald Bellah.

Covington, a sophomore from Washington, D.C., is majoring in Recreation Administration. He has been a member of the WTC varsity basketball squad for two years and toured South America with the U.S. Basketball team which participated in the Pan-American games in the summer of 1975.

"That was a great experience, and it strengthened my beliefs in the American way of life," Covington commented.

Covington is a member of the WTC Student Senate. He served as vice president of his senior class in high school and was named a Pre All-American in football, playing defensive back.

His hobbies include dancing, sports and "meeting people." He is the son of Mrs. Beulah Covington.

Miss Hanson, a theatre major from Fort Worth, is a sophomore at WTC. She is a member of Delta Psi Omega, the honor fraternity for drama students, and of Phi Theta Kappa. She was recipient of the Best Supporting Actress and Best Props awards last year and was recognized as the Outstanding Freshman English student.

Miss Hanson was an honor graduate of her high school and was named Senior Favorite. She was also active in high school speech and drama and participated in state UIL contests.

Hobbies listed by Miss Hanson are theatre activities, ceramics and skiing. She is the daughter of R.H. Hanson, Jr.

Harris, a freshman from Aspermont, is majoring in business administration and serves on the WTC Student Senate.

He was named All-District Defensive End on the Aspermont High School football team and participated in track and basketball. He served as president of the 4-H Club and was a member of the state Dairy Products Judging Team, the Farm Skills Team and the Meat Judging Team.

Harris was a member of the high school annual staff, Future Farmers of America and the Texas History Club, and was elected "Biggest Flirt." He was cast in the junior and senior class plays.

The son of Mr. and Mrs. Ira Harris, this young man lists sports, woodworking and music as his hobbies. He likes meeting people and finds his weekend job at Piggly Wiggly more enjoyable on this account.

Miss Holder, from Wichita Falls, is a freshman secondary education major and the daughter of Mr. and Mrs. Robert L. Holder. She is a member of the WTC Rodeo Club and was a Homecoming Queen nominee.

In high school, she was a school beauty and served as cheerleader. Her hobbies include tennis and reading.

Miss Howle comes from Breckenridge and is a dental hygiene major in her freshman year at WTC. She served as a cheerleader during the fall semester and is a member of Los Vaqueros, the college spirit club.

Miss Howle served as a high school cheerleader for two years, received a volleyball award and was Senior Favorite. She was active in 4-H work and showed and rode horses. She lists riding, traveling and sports as favorite hobbies, and in high school was a member of the doubles team which advanced to regional competition.

Her parents are Mr. and Mrs. Arlen G. Howle, Jr.

Johnson, a sophomore from El Paso, is president of the WTC Student Senate and has been a member of the Westerners basketball team for two years. He lists singing and playing the piano among his hobbies and is a member of a gospel singing group made up mostly of WTC students. His major is sociology.

In high school, he was vice president of the senior class, Class Favorite in his junior and senior years, an All-District Basketball Team member and ROTC commander. His parents are the Rev. and Mrs. H.B. Johnson, Sr.

King, a graduate of Roby High School, is a freshman agriculture major at WTC. He is a member of the WTC Rodeo Team and was named Basketball Beau by the Dusters this year. He was also a nominee for the Trailhand title.

Hobbies preferred by King include rodeo, golf and tennis. He is an associate member of the Snyder chapter of the Southwest Basketball Officials Association, and started officiating at the age of 13. He participated in WTC intra-mural basketball and football as an official.

In high school, he was named Most Likely to Succeed in 1974-75 and Class Favorite, received the FFA Leadership Award for 1973-74, earned the High School Leadership Award in 1972-73 and the Outstanding Athlete Award. He was a member of the Beta Club and was listed in Who's Who of Outstanding Teenagers of America. He tied for state medalist honors in golf and was a member of the ag mechanics team which went to state. He was listed in the Top of Texas Football Magazine for 1972-73.

King's parents are Mr. and Mrs. Bill King.

Miss Sledge is a freshman from Sweetwater majoring in business. She was a Homecoming Queen nominee and is a member of the Student Senate, Phi Theta Kappa and Beta Mu Sigma.

She was a member of the high school Student Council and sweetheart and secretary of the FFA chapter. She participated in poultry judging in FFA. She was one of five finalists for the title of Miss Rattlesnake Charmer and a New Year's Girl nominee.

Her parents are Mr. and Mrs. Bobby Sledge.

Miss Young has served as a cheerleader at WTC during the spring semester and was a reserve member of the Dusters basketball team. A graduate of Haskell High School, she is a freshman physical education major at WTC and a member of Phi Theta Kappa. Her parents are Mr. and Mrs. Jackie Young.

Miss Young was also nominated for the title of Miss Trailhand.

Firemen Called To House Fire

A house fire occurred Friday at 5:35 p.m. at 1213 Thirteenth Street, city firemen reported. Moderate damages were reported to the house owned by Joe Sickler. Firemen from three units answered the alarm. It is not known what started the fire.

Central, whole-house office or business building air conditioning will be one of the three or four major purchases you will make just like your home and automobile or business; therefore, you cannot afford to make a mistake when making the purchase.

Every year we hear how "dependable" someone is in the air conditioning business, check it out to see how "dependable" the dealer really is. How long has he been in business? How many years (or weeks) has he handled a competent brand? Is he offering me "something for nothing"? Is his main business selling and servicing his "indoor comfort" customers? Or does he sell anything and everything? Will he be here to take care of your comfort needs two years from now?

The simple fact is that if an air conditioning system is not designed perfectly, installed perfectly, and serviced perfectly, it simply cannot perform perfectly. At Snyder Heating Air Conditioning, every home gets a complete survey; that is, glass, exposed walls etc. are all measured to calculate the actual B.T.U. required to cool your home. Proper selection of the unit is a must. If your system is undersized, you don't get proper cooling, If it's oversized, it doesn't dehumidify properly and you get that "sticky or clammy" feeling.

Snyder Heating & Air Conditioning Co. is celebrating its 25th year as your Lennox dealer in the Scurry County Area. Twenty-five (25) years of dependable service.-Now that's real dependability! They offer nothing "free"; nothing at "½ price"; in fact, they offer no gimmicks at all. However, they do offer you the best service and finest reputation of progressive air conditioning contracting in this Area.-And they offer famous Lennox Air Conditioning. Lennox means quality and this quality costs you less in the long run than a cheaper brand. The installation and service add to the future savings. It's large, efficient cooling coils, quiet compressor, and other features will insure a long-lasting, trouble-free system. The firm's employees bring over 75 years of factory-trained experience into the air conditioning business.

Call Snyder Heating & Air Conditioning Co. today and find out how really economical the best air conditioning is to own. Snyder Heating & Air Conditioning has a full warehouse of Lennox equipment ready for selection and installation. They invite you to come by their showroom or call them today. Bank rate financing of up to 5 years to pay is available for their customers.

Do it now! Now is the time to call the professional people to take care of your air conditioning needs. Snyder Heating & Air Conditioning, your Lennox dealer for 25 years - they know their business. Don't trade 20 years of comfort for a "free" offer or a "good" deal!

Choose the best-choose Lennox from Snyder Heating & Air Conditioning Co., 4702 College, Snyder, Texas, 573-2411.

Borden County Makes Plans For Bicentennial Celebration In May

Citizens of Borden County are making plans for one of the biggest events to take place in their county in several years. The entire community has become involved in preparing for the bicentennial celebration which will be held May 29-30.

During the bicentennial celebration, the Arts and Crafts Committee will sponsor a Country Store which will feature beautiful handmade items by Borden County women. These will include needlework of every nature, handcrafts, baked goods. Everything will be for sale. The committee has invited area artists and craftsmen to exhibit their work at the same time. A concession stand will serve patrons, all these will be held in the new Borden County 4-H barn.

The Arts and Crafts Committee members include Mrs. Bert Dennis, chairman; Mrs. Roland Key, co-chairman; Mrs. Jack McPhaul. Mrs. Ben Jarrett, Mrs. Larry Doyle, Mrs. Brent Murphy, Mrs. T.L. Griffin, Jr., Mrs. Don Jones, Mrs. Aubrey Stokes, Mrs. Rav Herring, Mrs. Sid Land, Mrs. Roger Williams, Mrs. Billy Wills, Mrs. Earnest Kiker, Mrs. Dee Burrus, Mrs. Richard Shaw, Mrs. Jerry Stone and Mrs. Royce Patterson.

Several unusual events are planned for the two day celebration, one of which will be a buffalo herd which will be herded down the main street of the the town. Also of particular interest will be the "Wild West Show" complete with a real hanging, to be done by a stunt man from out of town.

Buffalo meat will be served at the noon meal on Saturday.

A parade is scheduled to kick off the bicentennial celebration at 10 a.m. Saturday and is expected to be a very memorable event with floats from various clubs and organizations, including a square dance group with western music.

Exhibitions will be set up throughout the area with such things as horse shoeing, leather work and Indian jewelry from South Dakota.

The unique attraction at the bicentennial celebration will be the lovely handmade historical quilt of Borden County. The quilt is a project of the Arts and Crafts Committee and subcommittee, composed of Mrs. Jack McPhaul, Mrs. Herman Ledbetter and Mrs. Shorty Farmer handling the quilt details.

The queen size quilt is made up of 76 blocks, 8 inches square with a center 16 inch square that is a detailed map of Borden County. The 76 blocks are of unbleached muslin, each being embroidered or appliqued. Each block is bordered in red print calico with a small blue square at the corners.

The original designs of each block were done by Mrs. McPhaul and the construction was share by Mrs. McPhaul, Mrs. Farmer and Mrs. Ledbetter. The quilting was done by Mrs. Delia Edwards, 1812 South Second, Lamesa.

The quilt blocks were designed in October and given to interested Borden County women to embroidery or applique. The quilt tells the background history of Borden County and features the following blocks: Historical-The first courthouse (with watermelon patch in the yard) and a native pecan tree; the first and second schools; church; cemetery; first Gail buildings; the annual Christmas tree; Mushaway Peak; Gail Mountain; Bible and saddle (depicting the early day circuit riders); first hack; covered wagon; dugout; Indians; Cavalrymen; Way of Ribbons. Nature-animals and birds native to the area; deer, antelope, coyote, bobcat, skunk, quail, roadrunner, prairie dog, cattle, sheep, horses, pigs. Reminiscent of times past-cistern; campfire; rope; boots and hat; violin; yoke, first telephone; first car; cook pot; church; wash pot; branding iron; gun; lamp and a grandmother in a rocker. Center 16 inch block is a map of Borden County that details the lakes, streams, roads, oldest ranches, Gail and first oil fields. Farming and ranching themes-cotton stripper; tractor; combine; disc plow; hay baler; bale of cotton; hay stack; boy showing pig (4-H); cattle of every variety; planes rounding up cattle and sheep; windmill.

And to bring the quilt up to date there is an oil well and a blue pickup with a CB radio antenna. And of course it wouldn't be complete without the 1776 emblem, the first flag and a 1976 emblem.

During the bicentennial celebration May 29-30, the quilt will be displayed in an old fashioned bedroom setting next to the Country Store and everyone is invited to see it. The quilt will be given away May 30. For further information contact Mrs. Roland Key, Box 135, Gail, Tx. 79738.

On Sunday, May 30, an old-fashioned singing will precede the church service which will feature Grant Teaff, Baylor Football Coach, as guest speaker. At noon a barbeque lunch will be served and everyone will enjoy an afternoon of visiting.

BICENTENNIAL QUILT—Borden County will be proud to display their unique bicentennial quilt at their big celebration May 29-30 at Gail. The quilt depicts history of the county since its beginning and was made by many residents of the community. Pictured above are members of the Arts and Crafts Committee (from left) Mary John Phinizy, Comelle Williams and Karan Key. In the picture above a map of the county can be seen and below many of the unique blocks which were embroidered or appliqued are visible.

Pastor Collects Makondes Art

GRAND RAPIDS, Mich. (AP) — Father Dino Beretta, pastor of Our Lady of Sorrows Church here, collected some 150 sculptures by the Makondes while serving as a missionary in Tanzania.

The Makondes, a branch of the Bantu tribe, live in a southern sector of Tanzania, isolated by the Livingston Mountains and six-month rainy seasons that cut off river travel.

This African people, who have been sculpting for centuries, seem to have the jump on the "mind-expanding" drug culture of the west, Father Beretta says. "The men take drugs — herbs — to communicate with the spirits. They carve the sculptures after they come out of the trance," he said.

Machine Breaks Many More Eggs

PRAGUE (AP) — Eight-thousand eggs was the maximum a woman worker could break by hand per shift in a south Czechoslovakian poultry plant. A machin recently installed there can break 65,000 per shift, Prague radio announced.

HEALTH TIP from DEAN

Osteoporosis is a gradual weakening of bones, usually among the elderly. The bones lose their calcium content, become porous and are more likely to fracture. The need is both for more calcium, and for certain hormones to help regenerate the bones. The best preventive measure is a reasonably high calcium intake throughout life. Physicians often emphasize milk (or skim milk) and cheese, shellfish, sardines and salmon (with bones.) Adequate calcium plus regular exercise should avoid loss of mineral from bones due to lack of activity.

Opening lead — Q ♣

By Oswald & James Jacoby

South looked over the dummy. He counted 12 easy tricks. The 13th was there if he could drop the queen of hearts, singleton, doubleton or tripleton or finesse successfully against it. Then there just might be a squeeze. South decided to keep open as many options as possible.

He won the club in his hand; played three rounds of trumps and his ace and king of spades. He ruffed his last spade; came back to his hand with the king of hearts and cashed his next to last trump to leave himself with one trump; one heart and two clubs.

West had to come down to four cards also. He had already discarded a club and a heart; he had to chuck one more heart.

South didn't have any further worries. He simply discarded dummy's nine of clubs, led a heart to the ace, ruffed a heart and made the last two tricks with dummy's jack of heart and ace of clubs.

Ask the Jacobys

A Montana reader wants to know the correct response to one notrump with:

♠ Q J x x x x x ♥ x x ♦ Q J x ♣ x.

The standard American response is four spades. If you are playing Jacoby transfer you first transfer and then take your partner to four spades. Either way you are gambling but the gamble is a good one.

(Do you have a question for the experts? Write "Ask the Jacobys" care of this newspaper. The Jacobys will answer individual questions if stamped, self-addressed envelopes are enclosed. The most interesting questions will be used in this column and will receive copies of JACOBY MODERN.)

Dog Receives Good, Bad News

READING, Pa. (AP) — Princess, a blind stray dog, received both good and bad news recently.

Bad news was that she would be blind permanently. The dog, who had been taken in by a local humane society, was first diagnosed as having congenital cataracts. So, the society raised some $600 toward an operation by an appeal through a newspaper. However, when the dog was sent to the University of Pennsylvania for the operation, veterinarians there found that she had inoperable cataracts and retinal detachment.

Good news was that she had been adopted by Mrs. Gary Eberhart. Princess now romps with Mrs. Eberhart's two other dogs and two children.

Chinese rebels destroyed the Kaifeng seawall in 1624 and 300,000 drowned.

MAY WEDDING PLANNED—Mr. and Mrs. Ray Devers, of Snyder, announce the engagement and approaching marriage of their daughter, Connie Day Pevateaux, to John Irvine, son of T.V. Irvine of Snyder. The couple plan to be married in May.

Woman Finds Gold In Duck

PRAGUE (AP) — A Czech farm worker killed a duck she had been feeding for some weeks for Sunday dinner. When emptying its stomach she saw a curious goldish-colored piece, which she put into her pocket. A trip to the local apothecary confirmed she had enough gold for a ring.

Rogers, Gafford Exchange Vows At Hartsville, S.C.

New Merket United Methodist Church located on Lake Robinson, Hartsville, South Carolina was the setting for the wedding of Miss Dora Lee Rogers and the Reverend Ben Michael Gafford. The ceremony, performed by District Superintendent of Hartsville District United Methodist Church, Reverend Ernest Heape and the pastor, Reverend Cecil Houston, was held April 2 at 7:30 p.m.

Marion Watkins, organist, provided the wedding music. He sang several selections including "Sweet, Sweet Spirit," "O Perfect Love," and "The Lord's Prayer." Wedding guests joined in the singing of "Love Divine."

The bride is the daughter of Mr. and Mrs. Rozier Rudolph Rogers of Hartsville. She attended the Hartsville Schools and graduated with a BS degree from Winthrop College. She also attended the University of South Carolina and Coker College. Following several years of teaching in the Hartsville Schools, she entered Asbury Theological Seminary, Wilmore, Kentucky, where she will graduate in May receiving a Master of Divinity.

The bridegroom is the son of Mrs. Doris N. Gafford of Snyder and the late Henry Grady Gafford, Sr. He attended the Snyder Schools and received a BA degree from McMurry College, Abilene. He is now attending Asbury Theological Seminary, Wilmore, Kentucky where he will graduate in May receiving a Master of Divinity.

The bride's father, Rozier Rogers, gave his daughter in marriage. For her wedding, she chose a lovely designer formal gown of ivory Sata Peau enhanced with re-embroidered alencon lace and delustered satin. The wedding ring collar and slim sleeves added to the elegance of the gown which featured an empire waist and A-line silhouette with an elegant attached chapel train. She carried a bridal bouquet of daisies interwoven with bridal ribbon.

Serving as matron of honor was Mrs. Ronald Haney, sister of the bride, of Hartsville. She wore a floor length gown of mint green dotted swiss. The skirt fell gracefully from an empire waist. She carried a large mum interwoven with net and streamers.

Serving as bridesmaids were Mrs. Cooper Segars, sister of the bride of Hartsville; Mrs. Leon Gaddy, sister of the bride of Florence; Cindy Yancy of Abilene; Martha Huggins of Thomasville, North Carolina; and Dee Dee Segars, niece of the bride of Hartsville. The bridesmaids were gowned identical to the matron of honor and the bouquets that they carried were identical to that of the matron of honor.

Mrs. Marion Weatherford was the bride's only honorary bridesmaid. She carried a large mum centered with roses and baby breath to add to the elegance of her gown.

The groom's brother, Henry Grady Gafford, Jr., served as his best man. Usher-groomsmen included Steven Moore of Arlington; Cooper Segars, brother-in-law of the bride of Hartsville; Leon Gaddy, brother-in-law of the bride of Florence; Ronald Haney, brother-in-law of the bride of Hartsville; and Dan Craig of Fort Sumner, New Mexico.

MRS. BEN MICHAEL GAFFORD

A reception followed the ceremony in the banquet room of the Lakeview Club.

After a wedding trip to Gatlinburg, Tennessee, the couple will return to Asbury Theological Seminary in Wilmore, Kentucky until May. They will be associated with the South Carolina Conference of the United Methodist Church.

PRESENT PROGRAM—The fifth grade class of Mrs. Roy J. McCloskey presented the program, "Voices of America" to the Art Guild Study Club, Tuesday evening, April 6 at the Martha Ann Woman's Club. Mrs. Troy Scott accompanied at the piano as they sang American folk songs and presented the story of the United States as it is "moving on." A special feature of the program was added by students from Mrs. Floyd's first grade class and Mrs. Elizabeth Beaver's kindergarten class. This group of youngsters presented a soft shoe rythm as the class sang "Give My Regards to Broadway." Pictured at left are (from left, front row) Shaun Kennedy, Shaunda Wiman, Angelia Franklin, Judson Morrison, (2nd row) Carla Harper, Patty Baker Gleastine, (3rd row) John Overton, Monty Key, Randy Martin, (4th row) Mella Dee Gilbert, Penny Wolf, Todd Englehardt. Pictured at right are (1st row) Richard Stallcup, Sam Raborn, (2nd row) Jennie Dennis, Doug Scott, James Ford, Ronald LaPointe, (3rd row) Trey McWilliams, Jay Eiland, Casey Peterson and not pictured James League.

To Present Senior Recital

Miss Wendy Monroney, daughter of Mr. and Mrs. Wayne Monroney, 3614 Ave. B, will be presented in senior piano recital by Mrs. R. Virgil Mott Tuesday, April 13th, at 7:30 p.m. at the Martha Ann Woman's Club.

Miss Monroney has been a student of Mrs. Mott since the first grade. She has taken part in the National Guild of Piano Teachers' Auditions for six years, receiving superior ratings each year. Since 1971 she has competed in the American Association of Piano Teachers' Auditions and has received the Top Talent award for Superior Performance four of those years.

Wendy served as Sweetheart of the Noon Kiwanis Club for three years. She has played for the Snyder Nursing Home Sunday school the last two years and has been accompanist for the First Baptist Church Youth Choir since 1974.

The public is invited.

MISS WENDY MONRONEY

Sentell, Copeland To Wed May 22

John Sears Sentell, formerly of Snyder, announces the engagement and approaching marriage of his daughter, Kelley Sue, to John Gay Copeland, son of Mr. and Mrs. John Copeland, Jr., of Sterling City. The bride-elect is the granddaughter of Mrs. John E. Sentell of Snyder.

The bride-elect is a 1972 graduate of Sonora High School and attended Angelo State University and Texas Tech University.

The prospective bridegroom is a 1967 graduate of Sterling City High School and attended Sul Ross State University and Texas Tech University. He is engaged in the ranching business in Sterling County.

The couple plan a May 22 wedding at the bride-elect's home in San Angelo.

Iowa became the 29th state, Dec. 28, 1846.

MUSICAL PROGRAM—The Snyder High School Stage Band presented a very enjoyable program of rock music for members of Musical Coterie, affiliated with State and National Federation of Music Clubs, last evening at their meeting at Martha Ann Woman's Club. The stage band, under the direction of Charles Shaw, is composed of approximately 25 very fine musicians from the high school. Mrs. Virgil Mott, hostess, is pictured as she serves refreshments to Ricky Tate and Larry Huddleston, members of the band.

SHS Stage Band Presents Rock Program

Musical Coterie, affiliated with State and National Federation of Music Clubs, met Thursday, April 8 at the Martha Ann Woman's Club with Mrs. Virgil Mott serving as hostess. Eleven members and one guest Mrs. Lesley Shelburne attended the meeting, along with approximately twenty-five members of the Snyder High School Stage Band.

The stage band entertained the group with a number of selections of rock music.

Mrs. Anna Mae Sears, president, presided over the business session at which time she announced that the Musical Coterie Scholarship auditions has been set for May 4. Any interested student wanting to audition for the WTC should contact James Lamb at WTC.

A tenative date of May 6 was set for the end of the year meeting at which time new officers will be installed for the 1976-77 year. The meeting will be a salad supper at the home of Mrs. Anna Mae Sears.

For a Bicentennial cake, cut paper patterns for 1776 and place the numbers over the center of a square unfrosted cake. Cut four paper patterns in star design; place on at each corner of the cake. Generously sift confectioners' sugar over the cake; carefully remove the patterns.

On June 28, 1914, Archduke Francis Ferdinand, heir to the Austrian throne, was assassinated, with his wife, by Gavrillo Princip.

WTC Paper First Again

The Western Texan, official student newspaper of Western Texas College in Snyder, has received its third consecutive first class rating from the Associated Collegiate Press, national critical service in Minneapolis, Minn.

The publication was honored for the fall semester, 1975, and rated against biweekly junior colleges across the nation, according to Mike McBride, publications adviser.

Categories of judging and point totals include: coverage and content, 770; writing and editing, 860; editorial leadership, 200; physical appearance, 1070; and photography, 300.

Critic judge was Paul O'Connor, contributing editor to Scholastic Editor magazine.

Shrink Believes in Matching Dinner Guests

By Abigail Van Buren

© 1976 by Chicago Tribune-N. Y. News Synd. Inc.

DEAR ABBY: Where do you live that you have not heard of a hostess who plans a successful dinner party by matching her guests' interests and, yes, sexes?

I am a female psychiatrist, and I wouldn't even think of starting a therapeutic group unless the sexes were matched more or less equally.

Who, male or female, feels comfortable in a group of, say, six females and two males? Do you?

N. Y. PSYCHIATRIST

DEAR PSYCHIATRIST: Certainly! A dinner party is not a therapeutic group, and all one needs for a successful party is stimulating company—be they male or female—unless they plan to pair off and go to bed.

DEAR ABBY: John and I were married just three months after my father died, so Mom talked us into moving in with her. We get free room and board, although John and I both work and can afford to pay her. (Dad left her fairly well off.)

Now the problem: Mom expects us to take her everywhere we go. If we don't, she pouts for a week. When we have company, Mom dominates the conversation. We've never had a trip without her. We have no privacy at all.

It's been six years, and John is fed up. So am I, but every time I mention leaving, Mom cries and begs us to stay. If we live with her, she has promised that she'll leave the house and everything to me when she dies. (I have two married brothers.)

Mom is only 52, but she won't even try to make a life of her own. She keeps nagging us to have a baby, but we're not even sure we want children. Please help me.

TRAPPED

DEAR TRAPPED: Your "free" room and board is costing you far more than it's worth. Move out. Your mother will never make a life of her own as long as you make one for her—and sacrifice your own privacy in the process.

DEAR ABBY: I am going steady with a girl on my block. She's 10 and I'm 11. She gave me her I.D. bracelet, and I gave her my frog. She has gotten very bossy lately, and I would like to break off with her. How should I go about it?

ALLEN

DEAR ALLEN: Return her I.D. bracelet and tell her you don't want to go steady anymore. Then ask for your frog. But hurry before the frog croaks.

CONFIDENTIAL TO JOHN C.: Even if you aren't without sin, cast the first stone. And make it a diamond.

Hate to write letters? Send $1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212, for Abby's booklet "How to Write Letters for All Occasions." Please enclose a long, self-addressed, stamped (26¢) envelope.

Students At Rotan Plan Variety Show

ROTAN—Rotan Student Congress will sponsor a variety show in the Rotan High School Auditorium on Thursday evening, April 15, starting at 7:30 p.m. The public is invited to attend. Tickets will be $1 for adults and 50 cents for students.

Outstanding talent has been obtained from primary by Mrs. W.T. Edwards, from junior high by Mrs. Leon Donham, and from high school by Floyd Garcia.

Kim Gray is in charge of publicity, assisted by Melody Walker and Patti Williams.

Decorations are under the direction of Tammy Strickland.

Dee Ann Weathersbee, Robert Posey, Melody Walker, and Bryan Cave are responsible for ticket sales and accounting.

Working backstage during the show and in charge of props will be Donny Mullins, Donna Smith, Tim Allen, and Clay Wilfong.

Ken Holt is responsible for the public address system and curtains.

Lighting will be directed by Wes Morrow, assisted by Mark Henderson and Robin Bowers.

Writing the script and serving as emcees will be Kim Gray and Tammy Strickland.

Ushering will be Donna Smith and Patti Williams.

Mrs. Rudy V. Hamric, Student Congress Sponsor, will be working with performers in the dressing rooms.

Proceeds from the variety show will go toward expenses of bringing an exchange student to the school and for other school projects sponsored by Student Congress.

A continuing boundary dispute between the U.S. and Mexico in 1853 was settled when James Gadsden, minister to Mexico, was authorized by President Pierce to purchase a small piece of territory that now forms the southern part of Arizona and New Mexico.

AWARD WINNER—June Harbin, center, holds the plaque she received as winner of the Phi Theta Kappa national art show. With her are Dr. Ed Barkowsky, left, and Dr. Mary Hood, right, faculty sponsors of the WTC Phi Theta Kappa chapter.

PTK Award Won By WTC Student

A Western Texas College student, June Harbin, won the coveted Phi Theta Kappa art award at the national convention in Biloxi, Miss., last week.

Phi Theta Kappa (PTK) is the national honor fraternity for students in two-year colleges. Ten members from the WTC chapter attended the national convention this year, along with Dr. Mary Hood and Dr. Edward Barkowsky, faculty sponsors. Barkowsky estimated there were between 60 and 70 entries in the show, and only one award is made each year to the entry judged best overall.

As winner, Mrs. Harbin received a plaque and a tuition scholarship to the PTK Honors Institute, a two-week session of study sponsored by the fraternity each year. The 1976 Institute will be held at Oxford, Miss., and participants may earn three hours of college credit in English there.

Other WTC students entering works in the show were Carol Kozelsky and Karen Lunsford.

Mrs. Harbin is a sophomore pre-nursing student at WTC and plans to continue her education at Angelo State University. She and her husband, Bob, are the parents of three children.

Cancer Film On TV Cable

A film titled "The Embattled Cells" will be presented by the local unit of the American Cancer Society at 6:30 p.m. Tuesday on television channel two on the Snyder cable (SCAT).

The film shows actual cultures from cancerous lungs, how the cancer cells develop and how the white cells battle to protect the individual involved.

The local cancer unit has encouraged the public to view the film.

RSVP Coffee At Fluvanna

Retired Senior Volunteer Program (RSVP) members in Fluvanna will host a coffee for members and guests at 9:30 Tuesday morning in the Fluvanna Community Center.

Prospective members are welcome to attend the coffee and games session which will continue until 11:30 a.m.

MEET JOE SENTELL

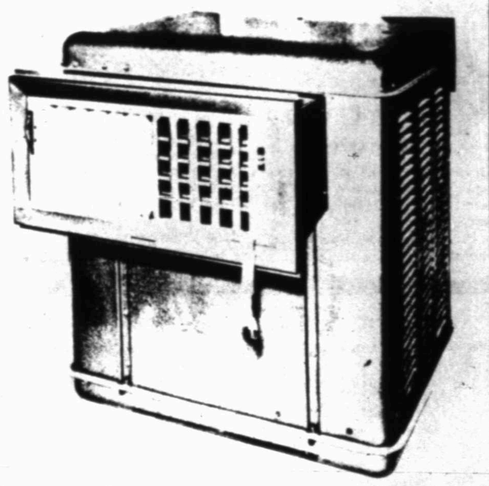

If you are an inveterate fisherman, and if you really wanted to find the big ones, it's likely that you would go to your favorite spot and hire a guide. Right? In that event you would never enroll the services of Joe Snetell.

This man couldn't locate tuna at Fisherman's Wharf. The only barracuda he ever saw was parked in his neighbor's garage.

Still, you couldn't find a sharper or more competent fellow to guide you in matters of insurance. Whatever coverage you may require, whatever the amount, it will be worth your while to compare notes with Joe Sentell. You can fish him out at 2615 College, 573-3742.

Dr. Lamb

Couple achieves normal relations

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB—I just had to write and thank you for all you've done. I don't know if you remember my letter or not. My husband and I had been married for six years with no children. I had such severe pain whenever he tried to penetrate me that normal relations were out of the question.

After receiving your letter, I became pregnant in two months. We are expecting very soon. I can't begin to thank you for your help. With your help and the Lord's blessing we are going to have a baby.

My husband and I, not to mention our families, are all excited. Again, thank you for being able to help me and give me the confidence and hope I needed.

DEAR READER—You can add me to the list of those who are delighted for you. I'm always pleased to learn that one of the columns has helped someone since that is its purpose.

For the benefit of other readers let me explain that your problem was vaginismus. Whenever you were approached your vaginal muscles would go into spasm. The woman with this problem has no control over her condition. It is a reflex response.

It can be cured by gradually dilating the opening with one well lubricated finger and gradually progressing, being careful not to cause pain, until the woman is able to be penetrated without having pain or spasm.

Until this is done such a woman will have pain even when the doctor tries to examine her for a pap smear or for any other reason. The reflex action will occur like the blink of an eye as soon as she is approached in any way.

Doctors have a set of graduated dilators, called Hegar dilators that are just round cylinders of different sizes that are used for treatment. One starts with the smallest and gradually works up.

So you have followed my directions and are going to have a baby. That isn't all. Your success means that you now have a normal marriage which must be a great plus for both you and your husband.

I'd like to comment here that your problem is one reason why every young woman should have instructions on preparing for marriage. This is especially true for virgins, and there are still young virgins who enter into marriage. If the doctor isn't too old-fashioned and prudish he will teach the young girl to gradually dilate herself before the wedding so she will have a successful honeymoon rather than a disaster that may ruin her marriage and result in her never having a satisfactory sex life. What a horrible price to pay for prudishness and ignorance!

In another vein I would like to add that the old tale about a man being caught by vaginal spasm so the couple cannot be separated is so much hokum.

There are wild stories about how such a couple would be brought to the hospital emergency room and the woman would have to have an anesthetic to relax her so the man could be released. The original hoax was even printed in a medical journal. The doctor who pulled off the hoax was none other than the dignified father of modern medicine, Sir William Osler. He prepared the article under an assumed name and got it published to embarrass an editor whom Osler felt was too pompous for his own good. The tale was too good to disappear and is still often repeated as fact rather than the fiction it really is.

DEAR DR. LAMB—I too have benefited from the whole wheat, fruit and cereal diet. I use some bran every day, either Bran Flakes or All-Bran. The one thing I don't understand is that I began to lose weight as soon as I started this diet. It certainly straightened out all of my bowel problems. I went from 125 to 110 pounds. I am a 72 year old female and am 5 feet 5 inches. I have had a physical checkup (no blood count this time) and everything was okay. My blood pressure was 140 over 80 which pleased my doctor. He also didn't seem to be alarmed about my weight loss but I am concerned so I thought you might give me an idea as to whether a blood count might help.

I feel great otherwise except my fingernails peel off and my hair has thinned so that I am about to get a wig. I do hope you can enlighten me as what to do next.

DEAR READER—I am pleased to hear that your bowel problem has been corrected. A large number of people who have had chronic constipation and spastic colon problems benefit by increasing bulk in their diet. Others who want this information can send 50 cents for The Health Letter, number 2-1, Spastic and Irritable Colon and Constipation. Send a long, stamped, self-addressed envelope for mailing. Address your letter to me in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

Your main problem now is weight loss. There is only one way that a person loses weight and that is by taking in fewer calories than their body uses. Something has happened to increase your calorie use or else you are eating less. I would guess that the latter may be the case. This if often a side benefit of an increase in bulk in the diet. If you have cut down on sugars and sweets that you may have been using in the past and converted to more bulky foods you may be satisfied with foods that provide less calories.

I would like to point out that many people who lose a modest amount of weight will have a significant decrease in their blood pressure. This is true even in people who previously had normal blood pressure. The decrease in the level of blood pressure is good because it decreases the risk of heart and vascular disease. No wonder your doctor is pleased.

There are many other reasons for weight loss besides a change in the diet. These include diabetes, cancer, tuberculosis and an overactive thyroid. It requires a fairly extensive medical examination to track down the real cause of unexplained weight loss not related to a decrease in calorie intake.

Don't blame your fingernails and loss of hair on your change in eating habits. Many other people who have gone on this diet have no such responses. The truth is as one gets older there are changes which occur. Until we understand more about aging they just have to be expected. Regardless of what you have done about your diet you had probably started to develop increased thinning of hair and you may also have had changes in your nails.

Be sure to get an adequate amount of good protein (milk and meat) in your diet. Both hair and fingernails come from protein. Many women tell me that after they stopped using fingernail polish their fingernails were perfectly normal. From the dietary point of view, getting adequate protein plus adequate calcium from milk products is about the most that can be accomplished.

(Newspaper Enterprise Assn.)

The governor of Indiana received more powers when the state government was reorganized in 1933.

ASTRO-GRAPH

Bernice Bede Osol

For Sunday, April 11, 1976

ARIES (March 21-April 19) You'll be very energetic and enterprising today, but channel your activities toward a specific goal. Otherwise you'll just spin your wheels.

TAURUS (April 20-May 20) While you'll be in a mood to enjoy yourself today, you could be greatly perturbed by those who put on false airs. Steer clear of these types.

GEMINI (May 21-June 20) It's likely you'll be too generous with your resources today. Unfortunately, one who covets what you have may try to take advantage.

CANCER (June 21-July 22) You're a good starter today, but you tend to be a poor finisher. Chances are you'll open up full of zest, but lose your momentum too quickly.

LEO (July 23-Aug. 22) Financially your situation may be like a will-o'-the-wisp today. What you gain may quickly fly out the window on another venture.

VIRGO(Aug.23-Sept. 22) Avoid those who are not doers today, but who would rather lie in the shade. You're a go-getter. You won't be able to tolerate idlers.

LIBRA (Sept. 23-Oct. 23) Your initiative is likely to desert you early today. The plans you contrive will probably fall by the boards. The spirit is willing, but ...

SCORPIO (Oct. 24-Nov. 22) Make it a point today to draw a fine line between business and pleasure. Deals you attempt to make with friends are not likely to jell.

SAGITTARIUS (Nov. 23-Dec. 21) Evaluate your offering carefully today in business dealings. Don't dilute your position to the point where you make needless concessions.

CAPRICORN (Dec. 22-Jan. 19) You're reluctant to take the initiative today, but you'll be wary of delegating responsibility. Why not save ulcers and do it yourself?

AQUARIUS (Jan. 20-Feb. 19) Today you may be called upon to do something for a friend. It's best to lock down the terms beforehand to avoid a misunderstanding.

PISCES (Feb. 20-March 20) Make no agreement with a loved one that you may later have to renege on. Promise nothing you're not sure you can perform.

your birthday

April 11, 1976

An enterprise in which you become involved with a member of your family can be highly beneficial this coming year if each of you extends his best effort.

For Monday, April 12, 1976

ARIES (March 21-April 19) An unexpected disruption in your routine today may suddenly throw you off course. Don't use it as an excuse to avoid responsibility.

TAURUS (April 20-May 20) This is one of those days when you could create more work for yourself by trying to do things the easy way. Forget the short cuts.

GEMINI (May 21-June 20) If you're committed to do something special with a friend today, don't back out at the last minute. You could lose a pal.

CANCER (June 21-July 22) It might be very difficult for you to keep secrets today. Be careful what you say to others or put in writing.

LEO (July 23-Aug. 22) The edge will be taken off something nice you do for a friend today, if you boast of your deed. And it won't help your image.

VIRGO (Aug. 23-Sept. 22) Don't let your aptitude for details desert you today. Overlooking minor points where business is concerned could be costly.

LIBRA (Sept. 23-Oct. 23) Be willing to share today, but it isn't necessary to reward others for something they don't deserve. Be sensible and discriminating.

SCORPIO (Oct. 24-Nov. 22) People you'll be associating with may try to shift their burdens to your shoulders if given the slightest opportunity.

SAGITTARIUS (Nov. 23-Dec. 21) Be persistent in what you set out to do or you may quit before you accomplish your goal. Success requires extra effort today.

CAPRICORN (Dec. 22-Jan. 19) You're likely to be better at formulating plans today than you will in implementing them. Follow your blueprints.

AQUARIUS (Jan. 20-Feb. 19) It would be a mistake to rely too heavily upon others. They may promise you more than they can deliver. Do things yourself.

PISCES (Feb. 20-March 20) Be careful how you negotiate commercial transactions today or you may wind up being taken.

your birthday

April 12, 1976

Be alert this coming year for opportunities where your work or career is concerned. They could come through persons you'll get to know socially.

Demand For Water Above '75 Figures

Member cities and customers of the Colorado River Municipal Water District used substantially more water through the first quarter of 1976 than for the same period of a year ago.

The initial three-months total was 4,154,771,023 gallons, up 12.29 per cent over the initial quarter of 1975. Of this, 2,513,618,900 gallons were for municipal use, an increase of 17.34 per cent. The mining and industrial portion was 1,516,103,240 gallons, up 9.07 per cent.

During March, member cities and other municipalities used 939,505,900 gallons, an increase of 9.17 per cent over March a year ago.

Odessa took 380,777,000 gallons, up 61 million, Big Spring 227,000,000, up 10 million, Snyder 66,409,000 gallons, up six million; Stanton 8,533,000, up six million; Midland 251,370,000 gallons, down five million; and Robert Lee 185,900 gallons.

The mining and industrial total of 581,597,340 for March was up 47 million gallons, thanks mostly to 66 million gallon increase to TESCO's Ward County unit and a five-million gallon increase by American Magnesium, which now is in full production in Scurry County.

Baptists To Meet Tuesday

The Mitchell-Scurry Baptist Association will hold its monthly conference Tuesday night at Bethel Baptist Church.

Supper will be served by the host church at 6 p.m. The executive board and Womens Missionary Union meetings will follow at 6:45 p.m. The program will begin at 7:15 p.m., with singing led by Virgil Mott.

The theme of the conference is "The Doctrine of the Spirit." Three pastors will be featured on the program. Bob Brayson, pastor of Calvary Baptist Church in Colorado City, will speak on "The Power of the Spirit." Charles Bridges, pastor of Central Baptist Church in Hermleigh, will speak on "The Fruits of the Spirit." Gerald Langdon, pastor of Union Baptist Church, will speak on "The Holy Spirit and Evangelism."

A large group is expected from the 21 churches and two missions that make up the association, according to Malcolm Brown, director of missions.

WTC Journalists Win TIPA Awards

NACOGDOCHES—Western Texas College journalists won a number of awards and its general magazine, Phase V, tied for third place in its division in Texas Intercollegiate Press Association contests.

Awards were announced Saturday at the annual TIPA convention here. College and university journalists from across the state gathered for the convention hosted this year by Stephen F. Austin State University.

Entries in newspaper, yearbook general and literary magazine, radio and television competition were judged by professionals in four states.

In the Newspaper Division II (which includes junior colleges), Amy Ellison of WTC placed first in the news feature contest, Barbara Gilbert was first in ad campaign and second in the single ad contest, Jeff Box was second in news features, Jill Groff was third in editorial and Paul Williams was third in the general column contest.

WTC photographer Paul Gilbert was first in special effects photography and second in color feature photography in the yearbook division. Also, in the yearbook division, Jeff Box was first in the sports copy contest and Katie Bullock of WTC was second in student life copy and third in academic copy.

Gilbert won three other awards in the general magazine division, placing first in color feature photos, second in sports photos and second in feature photos, while Paula Cornoyer placed second in cartoons in the general magazine division.

Child Welfare Board To Meet

The public is invited to attend the 13th annual meeting of the Scurry County Child Welfare Board Monday night.

The meeting is set for 7 p.m. in the community room at Snyder Savings and Loan Association.

The annual report will be submitted to the county commissioners court and the public at this time. A slide presentation titled "Lift a Finger," loaned by the Region XUV Education Service Center in Abilene, will be viewed.

Snyder, Angelo, C-City Jr. High Track Winners

Snyder, San Angelo Lee and Colorado City swept two team titles each in the Junior High Track meet held Friday afternoon in Tiger Stadium.

Snyder took the 9th grade titles in both boys and girls events, with the boys rolling up 188 points and the girls scoring 145.

San Angelo Lee's 8th grade girls won their division with 133 points and the Lee 7th grade girls scored 172 points to finish ahead of the pack in their division.

Colorado City's 8th grade boys, with 107 points, took the team title in their division and the C-City 7th grade boys had 147 points to triumph.

The Snyder 9th grade girls won the 880 yard relay and Williams won the high jump with a 4-8 leap.

The Snyder 9th grade boys took five first places, including the medley relay. Ernest Duncan won the 70 yard hurdles at 9.9, and the 230 yard hurdles at 28.9, Tom Luera won the 660 yard run at 46.3 and Clay Johnson won the 100 yard dash at 10.5. The Medley relay team had a winning time of 2:49.6. Vickers won the 1320 yard run at 3:39.2 and Mitch Birdsall won the high jump at 5-6.

Point totals were as follows:

Ninth Grade Boys—Snyder 188; Big Spring 161; C-City 79½; Lake View 60½; Sweetwater 36; Crosbyton 31.

Eighth Grade Boys—C-City 107; Big Spring Goliad 97; Big Spring Runnels 88; Crosbyton 76; San Angelo Lincoln 67½; Snyder 60; Sweetwater 59½.

Seventh Grade Boys—C-City 147; San Angelo Lincoln 129; Big Spring Runnels, 95; Snyder 80; Big Spring Goliad, 58; Crosbyton 36.

Ninth Grade Girls—Snyder 145; San Angelo Lee 129; Lake View 107; San Angelo Edison 72; San Angelo Glenn 59.

Eighth Grade Girls—San Angelo Lee 133; San Angelo Lincoln 109½; Snyder 100; Roby 71½; San Angelo Glenn 61; San Angelo Edison 53.

Seventh Grade Girls—San Angelo Lee 172; San Angelo Edison 119; San Angelo Lincoln 91; San Angelo Glenn 74; Snyder 37; Midland 16; Roby 8.

Tigers Decision Lamesa By 11-1

The Snyder Tigers came out swinging and before the dust of the first inning had cleared they had a 5-0 jump on Lamesa and then coasted to an 11-1 decision over the Golden Tors here Friday afternoon in a District 3-3A baseball games.

The Bengals combed the offerings of K. Lee for four hits in the big first frame, including a punishing two-bagger by Alivin Ollison, and Lee gave them some help by issuing three free passes in the inning.

Lamesa, when came into town leading the district with a 3-0 record, made an effort to get back into the ball game in the third inning, but could manage only one run. After that, it was downhill all the way for Coach Speedy Moffett's Tigers.

Rickey Beard held the Tors in check with four hits, all of them singles. Two of the Lamesa safties bracked around a walk resulted in the only run of the game for the Tors in the second inning. In all, Beard struck out five and walked four.

The victory put the Tigers on the winning side of the district ledger at 2-1, their only defeat being administered earlier by Lamesa. The Snyder team went to Brownfield for another district game Saturday afternoon, hoping for a victory that would put them in a tie for first place with the Tornadoes.

WTC Awards Trophies For Arm Wrestling

Winners of the first annual Arm Wrestling Tournament at Western Texas College received trophies Thursday at the conclusion of the championship matches.

Students competed in four divisions before enthusiastic audiences in the Student Center.

Winner of the Feather Weight Class (under 150 pounds) was Joel Carter of Tahoka. His opponent in the championship match was Rick Harughty.

Leight Weight Champion (150-175 pounds) was Hector de Hoyos of Ozona, who defeated Ira Harris.

Ralph Lewis of Snyder took the Middle Weight title (175-200 pounds), defeating Rick Kruger.

Heavy Weight winner was Randy Jackson of Wichita Falls, who took the title by downing James Parks. Heavyweights were over 200 pounds.

"We're planning to have a second tournament next year, and would like to express our appreciation to the students who participated in this first tournament," Mrs. Mickey Baird, Director of Student Activities, said.

Midwest Wins Aloha Classic

HONOLULU (AP) — Kansas State's Chuckie Williams scored 24 points in leading the Midwest All-Stars to a runaway 105-81 victory over the West in the Aloha Classic basketball tournament Friday night.

Williams, a 6-foot-3 sharpshooting guard, hit 12 of 21 field goals, most of them coming from the 20-to 25-foot range.

Michigan State's Terry Furlow contributed 15 points while Marquette's Earl Tatum added 14 points for the Midwest.

The Midwest out-rebounded the West as a team, 56-39.

Al Felming of Arizona and Clarence Ramsey of Washington scored 15 and 14 points respectively for the West.

In the opening game of the doubleheader, Maryland's Mo Howard led his South teammates to a 107-103 victory over the East.

Rutgers' Mike Dabney and Phil Sellers combined for 47 points in the losing cause, Dabney scoring 26 and Sellers 21 while Virginia's Wally Walker added 24 points for the East.

There were nearly $66,000 in uncashed mutuel tickets following the 1974 Green Mountain thoroughbred racing season at the Pownal, Vt., track. After two years the money will become part of Vermont's state racing fund.

Tournaments Eyed By Women Golfers

Coming events were discussed and two new members were welcomed at a meeting of the Snyder Country Club Women's Golf Association held at the club Tuesday.

New members are Pat Gallagher and Gean Scholler.

The upcoming tournament schedule was announced as follows:

April 13, Abilene Country Club Invitational Handicap Tournament.

April 27, Dyess Air Force Base One-Day Invitational.

May 1-2, Brownfield Country Club Jack and Jill Invitational Tournament.

April 29, Midland, Hogan Park Course.

The Play Day West schedule is as follows:

April 27, Big Lake Country Club.

May 25, Big Spring Country Club.

June 22, Big Spring Municipal Course.

July 27, Lamesa Country Club.

Aug. 24, Snyder Country Club.

The first mixed foursome tournament will be held the first weekend in May.

Rhylene Stoker presided at the meeting and Lour Keeble presented the treasurer's report. The luncheon was hosted by the social committee which is composed of Mrs. Gene Best, Mrs. Joe League, Mrs. Tommy Mills and Mrs. Clyde Lewis.

Thirty-four members were present. The next meeting will be held May 4, with members of the social committee as hostesses.

'Who's He' Draftees Prevail As NFL Completes Selections

NEW YORK (AP) — In the first two rounds, they drafted the Selmon Brothers. In the 12th round they drafted the Buckey Brothers. If it had gone one more than the appointed 17 rounds, they probably would have drafted the Marx Brothers.

As the National Football League draft ran to its conclusion Friday, the list of 487 collegians was packed with "who's he?" players.

Leroy and Dewey Selmon, Oklahoma's star defensive linemen, had been picked by Tampa Bay long ago. The other super names—running backs Joe Washington, Chuck Muncie and Archie Griffin, quarterback Richard Todd and all the rest—had long since been gobbled up.

On Thursday, the Selmons became the fifth set of brothers to be selected in the same draft and the third to be taken by the same team. On Friday, a new record was set.

Wide receiver Don Buckey and quarterback Dave Buckey of North Carolina State were selected in succession by their former coach, Lou Holtz of the New York Jets, on the seventh and eighth picks of the 12th round, thus becoming the first twin brothers to be chosen by the same team in the same round of the same draft.

Occasionally, a name which had once received national attention was called out. Occasionally, it had nothing to do with football.

In the eighth round—Friday's first—Seattle started it all off by picking Larry Shipp. He was listed as a wide receiver from Louisiana State. He's better known as a world-class sprinter and hurdles champ.

In the 12th round, San Diego chose Ron Lee. He was listed as a defensive back from Oregon. The thing is, Lee has never played football. He's a second-team All-American guard in basketball.

In the 13th and 14th rounds, Washington did the same as San Diego. First they took Waymon Britt from Michigan. He was listed as a wide receiver-defensive back. He, too, never played football. He was a starting forward on the Wolverines' basketball team.

Signup Set For Little League Baseball

Sign-ups for boys from 9-12 years of age who want to play Little League Baseball will be held Monday and Tuesday in the Texas Electric Service Co. office from 7:30-9 p.m.

All boys must be accompanied by a parent and present a birth certificate. Any boy who will be 9 by July 31 and who has not reached his 13th birthday before August 31 is eligible.

Games will be played on Friday and Saturday nights only until school is out. The season will end about July 4.

Try-outs will be held at the Farm League Field in Towle Park starting at 5 p.m. on April 19-22 according to the following schedule:

April 19....12 years olds
April 20....11 year olds
April 21....10 year olds

Shop Goodyear Today!

'All-Weather' 78
$17 B78-13 blackwall with trade
E78-14 $22.45 | F78-14 $24.70
G78-14 $25.80 | G78-15 $26.95
blackwall with trade
Plus $1.82 to $2.65 F.E.T., depending on size.
Here's Goodyear quality in every detail — at real budget prices. You get dependable bias-ply construction, durable polyester cord body, even a 'reverse molded' tread (for *flat* road contact shoulder to shoulder). A very good buy.
Listed sizes fit models of Dart, Falcon, Maverick, Mustang, Camaro, Chevrolet, Charger, Cougar, Ford, Century, Cutlass, Buick, Grand Prix, Olds, American Motors, Dodge and others.
WHITEWALLS available at slightly higher prices.

'Custom Power Cushion Polyglas'

Blackwall	Price
E78-14	$30.95
F78-14	$33.95
G78-14	$35.52
G78-15	$36.49
H78-15	$39.25
J78-15	$39.95

Plus $1.75 to $3.03 F.E.T., depending on size.
$25 A78-13 blackwall with trade
WHITEWALLS available at slightly higher prices.
• On many 1976 new cars
• Fiberglass cord belts
• America's best seller
Other sizes low priced too.

'Polyglas' Radial Whitewall
$34.95 AR78-13 whitewall with trade

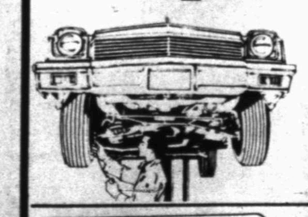

• True radial handling
• Belted for long wear
• Very moderately priced
Other sizes low priced too.

Whitewall	Price
DR78-14	$44.16

PUBLIC NOTICES

NOTICE OF
ZONING HEARING

NOTICE is hereby given to owners of the properties hereinafter described or referred to and to all other interested persons, as provided by law, that the Planning and Zoning Commission will hold a Public Hearing on the 27th day of April, 1976, at 7:00 p.m., at City Hall in Snyder, Texas, to consider the recommendation it will make to the City Council concerning the Zoning of the following described properties; and at said Hearing all interested persons will be given an opportunity to be heard.

ZONE CASE NO. 187
Request of the County of Scurry to change the East 300 feet of the North 532 feet of the Old Travis Junior High School Tract, Original Town Addition to the City of Snyder, Scurry County, Texas, from a R-2 Zone (two family residential) to a C-2 (business) Zoning District.

ZONE CASE NO. 188
Request of Wadleigh Construction Co. to change the North 126.6 feet of Section 179, Block 3, Boothe Homesite, Bootheland Addition to the City of Snyder, Scurry County, Texas, from a C-1 (neighborhood commercial) to a C-2 (business) Zoning District.

ZONE CASE NO. 189
Request of Mr. Guy Sullivan to change the South 62 feet of Lot 2, Block 5, all of Lots 5 and 6, Block 8; abandoned roadway between Lot 2, Block 5, and Lots 5 and 6, Block 8, Dodson Addition to the City of Snyder, Scurry County, Texas, from a R-1 (single family) to a C-1 (neighborhood commercial) Zoning District.

ZONE CASE NO. 190
Request of Mr. J. Murry Bowden to change 16.3 acres, more or less, out of a Tract of land commonly known as the Cogdell Center, situated in the northwest corner of Section 152, Block 3, H&GN Railroad Company Survey to the City of Snyder, Scurry County, Texas, said 16.3 acres being South of Martha Ann Blvd. and East of College Ave, from a R-1 (single family) to a C-1 (neighborhood commercial) Zoning District.

The City Council will hold a Public Hearing on the above cases at 7:00 p.m. on the 3rd day of May, 1976, to consider the recommendation of the Planning and Zoning Commission. All interested persons will be given an opportunity to be heard at that time.

Juanita Farren, City Secretary
Charles Cullar, Secretary of the Planning and Zoning Commission

INVITATION TO BID
SCURRY COUNTY JUNIOR COLLEGE DISTRICT Owner

Sealed proposals for the construction of Welding Shop, Western Texas College will be received by the Board of Trustees in the Administrtion Building on the College Campus, Snyder, Texas, until 1:30 p.m., local time, May 3, 1976 at which time and place, bids will be publicly opened and read aloud.

Certain portions of the work are based upon performance specifications and the information requested shall be submitted with the Contractor's proposal. The base proposal shall be submitted strictly in accordance with the drawings and specifications and no conditional bids will be acceptable.

The project will be bid under one General Contract.

The Instructions for Bidders, Proposal, Agreement, Plans, Specifications and Forms of Bid Bond, Performance Bond, Payment Bond, and other contract documents may be examined at the following:
E.G. Hickman, Business Manager
Western Texas College
Snyder, Texas

General contractors may secure one (1) set of plans and specifications at the office of the business manager upon deposit of $25.00. Bidder, upon returning the set of plans and specifications promptly and in good condition, will be refunded his deposit.

Tired of Empty promises?

IN OUR first two short years, MAINTENANCE ENGINEERING has become the fastest growing and most progressive industrial lighting company in America, without empty promises. And we intend on doing even better in 1976!

OVER 90% of our professional sales reps who call on industrial & commercial accounts have been paid MORE than $16,000 EACH in first year commissions. Your earnings (and also management growth) are completely limitless!

THE KEYS to our successful high repeat business are very simple . . . Quality lighting products for virtually every type of account . . . Honest local service . . . Competitive pricing . . . and DYNAMIC PEOPLE who are willing to work hard for the success that they know they must achieve.

WE WILL provide you with complete field training and sales seminars. Electrical knowledge not required. No evenings or weekends. No relocation necessary. NO EMPTY PROMISES! "IF you lack opportunity and want success, why not share some of ours?"

OUR recruiter will be in your area, (Big Spring) for local interviews. Wednesday Apr. 14, 1976.

TO arrange for your confidential personal interview, call our special toll free appointment line (Monday, Apr. 12, 1976.

SCHOOL COSTS SOARING

Community College Has Best Education Bargain

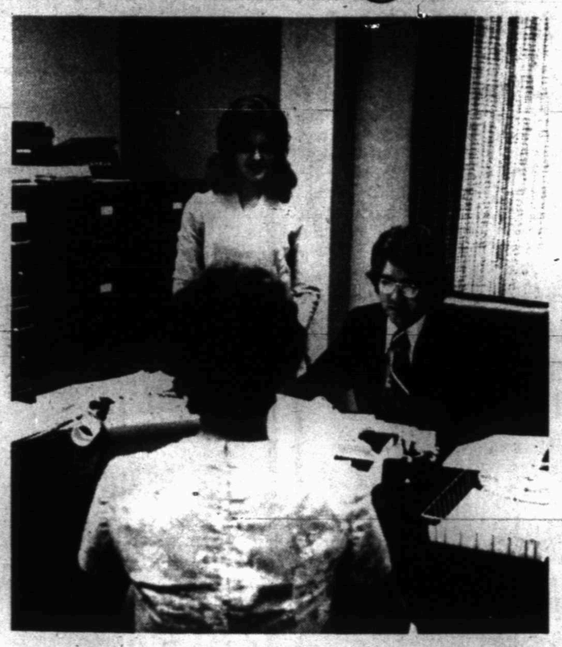

"Costs of going to college in the U.S. still are climbing relentlessly to new peaks year after year," Sylvia Porter wrote in her syndicated newspaper column recently.

She cited figures from the College Entrance Examination Board showing that during the academic year starting in September typical college expenses jumped 6 to 9 per cent.

Are there any bargains left in higher education? The experts agree that community colleges such as Western Texas College do offer students the most for their dollar as they continue their education whether in preparation for a four-year degree or for career training in occupational-technical fields.

"WTC makes every effort to see that any student who wants to attend college can do it," Glenn Davis, Financial Aid Officer, says. "We offer a wide range of financial aids, some in the form of grants, some in loans and some in scholarships.

"For students who qualify on the basis of financial need, we have work-study programs which provide students with part-time jobs on campus or with non-profit organizations in the community to supplement grants or loans. We also help students not eligible for work-study to locate part-time jobs to help pay their expenses."

PLANNING—Glenn Davis, seated, Financial Aid Officer at WTC, and his secretary, Mrs. Xan Harris, standing left, discuss financial aids available at the college with a student. All applications for loans and grants are processed through this office, as well as many scholarships and the work-study program.

WTC has not increased its tuition since it first opened in 1971. Students still pay $4 per semester hour. With required incidental fees added, this means that one three-hour course costs $36 plus any lab fees required. Students enrolled for six hours pay only $42 plus lab fees.

Lab fees for most courses are $5 per semester. These include biology, chemistry, physics, geology, agriculture, art, business machines, drama, foreign language, journalism, reading, etc. Applied music, which offers personal instruction, has the highest lab fee of $60. Many other courses – English, history, government, math, for example – require no lab fee. A complete schedule of these fees is always available from the office of the registrar.

For the student who would like to enter WTC with limited financial resources, a visit to the Financial Aid office is the first step. Davis will discuss with the student the types of aid which can be given and help him complete the required forms.

One of the newest additions to the financial aids offered is the Texas Public Educational Grant. It is designed to supplement and add flexibility to other aid programs.

The college also has scholarships available on a regular basis. Some of these are designated for particular students, such as those for high school valedictorians. Art and music students may apply for scholarships in those fields, and the Social Sciences department each year offers four scholarships to high school students who win contests sponsored by the department.

The VA offers educational benefits for veterans, and the Law Enforcement Education Program (LEEP) is designed to aid students employed in certain local or state law enforcement and correctional agencies.

Students who need financial assistance are advised to contact Davis well in advance of the time they plan to enroll at WTC.

"We need time to complete arrangements before registration dates," Davis points out, "and sometimes we need to work out a special program for the student because of his situation. We're always interested in talking to students and their families, and we will make appointments with those coming from out of town or others who prefer to schedule appointments."

The Financial Aid office at WTC is located in the Administration Building and is open Monday through Friday each week.

CELEBRITIES ON THE COUCH

By Dick Maurice

Cloris Leachman once entered a beauty contest as a lark – and ended up in the finals of the 1946 Miss America contest! Originally from Des Moines, Iowa, she's married to producer George Englund and is the mother of five children. She loves her starring role as "Phyllis", but likes to do serious drama, too.

MAURICE: Describe that world that you remember as a child.

LEACHMAN: I remember at a very early age, maybe 7 or 8, thinking, "I'm not going to be able in my lifetime to solve the problems about women, so I will accept what seems to have made them happy through the ages. To be fulfilled, you would be a mother. To be a mother you must be a wife. If all else fails and I don't do well on my own. I can always get married and have my husband support me." I thought those things.

MAURICE: Because of your mother?

LEACHMAN: I'm sure I measured it all against her. I saw her slaving away, up at 4 a.m. to do the laundry...with a handwringer. Before that, there were 2 acres to cross with a little red wagon to the well, pump it and bring the water back through a barbed wire fence. Then heating that water in a huge copper kettle on the gas stove in the basement, then somehow getting that water in the machine. Water was the bane of her life. She'd wash the asparagus, then wash me in the same water, then scrub the kitchen and bathroom floors, and throw what was left on the flowers. And she was not just that kind of woman! She was prodigious reader, she read by candlelight (we had electricity) so as not to waken my father. And she was a woman with a sense of humor, like in "The Egg and I" or "Please Don't Eat the Daisies." With this intelligence and humor, for her to be out in the country in this isolated life was amazing.

MAURICE: You don't mention your father that much. Why is that?

LEACHMAN: I don't talk about Daddy a lot because he was, in a sense, the missing link. The tragedy of our early lives is that fathers, especially those in business for themselves, have to spend such long hours to earn a living and when they do come home are so tired that we and they miss a great deal. I don't know where or what I would be if not for my mother, but my father supported her and us in every way.

MAURICE: What are the most important elements in marriage?

LEACHMAN: Today I'm not sure I believe in marriage. Like God and love it's a concept into which people pour their needs and hatred and unfulfilled and unfulfillable longings. They foul and inhibit what should be beautiful by labelling it. Whatever you feel that's meaningful, don't label. But I couldn't have thought this way years ago.

MAURICE: Why do you talk about your vegetarianism and fasting in so many interviews?

LEACHMAN: Fasting is simply wonderful, but you have to know how to do it. I eat better and I feel better than anybody and why shouldn't I say so? I believe in truth, whatever it is, and I don't believe in covering up.

MAURICE: How would you define stardom?

LEACHMAN: It simply means more interviews to give, more letters to answer. It's the manifestation of a disease.

MAURICE: You've won an Oscar and four Emmy's. What's your opinion of awards?

LEACHMAN: They are unimportant. They are simply the symbol of the experience that you have achieved. It's easy to win awards.

MAURICE: How would you describe your ideal leading man?

LEACHMAN: I don't like good-looking leading men. I like bald heads and bushy eyebrows and men with character in their faces.

Los Angeles in 1860 was a cattle town of about 5,000 residents.

Doyle To Head Geographic Society

WASHINGTON (AP) — Robert E. Doyle has been elected president of the nine million-member National Geographic Society.

Doyle, 60, now vice president and secretary of the society, will succeed Melvin M. Payne, who will become chairman of the board after reaching the retirement age of 65 next month. The changes are effective June 1.

Melville Bell Grosvenor, who has been chairman since 1967, will become chairman emeritus at that time, but will remain as editor-in-chief of National Geographic magazine, the society said Thursday.

Shipwrecks Are Studied

BOWLING GREEN, Ohio (AP) — In what they believe is the first Great Lakes shipwreck study ever done, the Northwest Ohio-Great Lakes Research Center at Bowling Green State University has collected information on 1,321 ships lost in Michigan waters.

The two-year study, dealing only with those portions of Lakes Erie, Michigan, Huron, St. Clair and Superior in Michigan's domain, was conducted for the Michigan Department of Natural Resources.

It is estimated there have been some 6,000 shipwrecks in the entire Great Lakes.

Only one cotton herbicide really fits the sandy soil conditions in West Texas.

Sancap.® The cotton herbicide made for sand, loamy sands and sandy loams. Made for the soil conditions that make growing cotton in West Texas different from most any other place in the world.

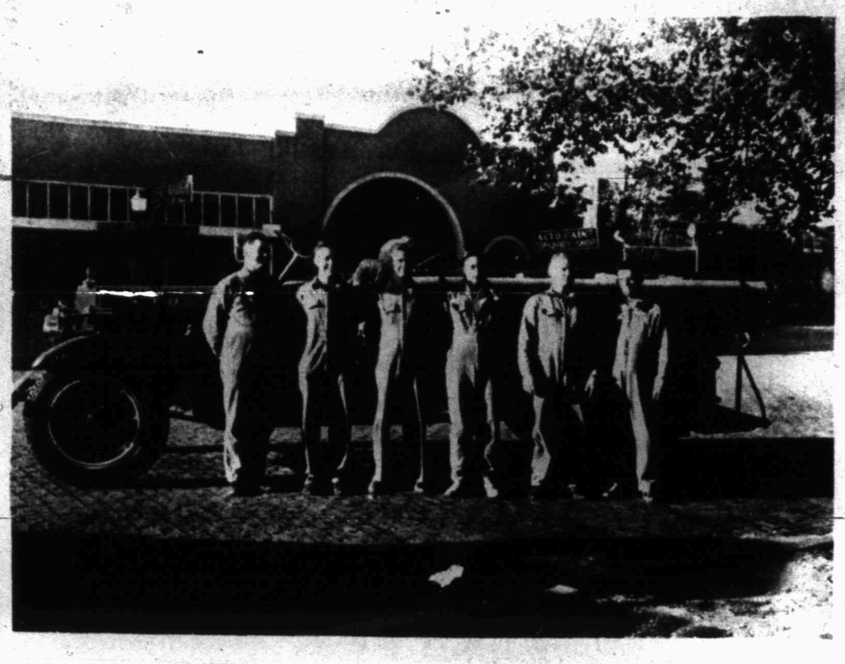

Sancap controls your toughest weed problems. Carelessweed and Russian thistle.

And Sancap does the job without injuring your cotton. Just follow the label. There's no guesswork about rates. No worry about applying too much or too little.

So build your weed control program around Sancap this year. Then watch your cotton come through clean and healthy. Because now you've got a herbicide that really fits your conditions.

ON CALL—Six Snyder firemen pose by their truck in about 1939. From left are L. O. (Doc) Bynum, Chalmer Watkins, Jack Martin, Lovell Baize, Buddy Martin and Emmitt Butts.

A Little About One Or Two Hundred Things

By JEAN EVERETT

It's a great comfort to know someone will answer when you call "HELP". Whether you realize it or not, there are men in Snyder waiting to respond to your call for aid. At the same time, they hope that you won't need them. I speak of the members of the Snyder Fire Department, thirty-three volunteers and ten fulltime paid firemen.

Snyder's Fire Department is 65 years old this month. It was organized on April 15, 1911, with 13 members. A.C. Wilmeth, elected first fire chief, served until 1913.

Before organization, firefighters were citizens who arrived at the fire to start a bucket brigade. If the fire happened to be in the business section, water was obtained from the public windmill on the corner of the courthouse square.

Most residences also had windmills and storage tanks from which water was used.

In 1910 the city voted a $44,000 bond to install a water system. This was done and four fire hydrants were placed on the town square, one at each corner.

The department purchased a hose cart which could be pulled by men or a horse, a great improvement over the cone shaped buckets previously used.

Melvin Newton, volunteer fireman since 1913, recalls "Pack" Wolf pulling the hose cart on his big bay horse. Of the buckets, he teases that they were cone shaped so the men couldn't set them down and quit fighting a fire. Actually there was a scientific reason for the shape: water could be thrown further from them than from a flat bottomed bucket. Newton is the only man with the department who has served under every chief. At age 84, he is still active, as fire policeman.

Fire chiefs have been: H.G. Towle, 1912-1925; Norman Autry, 1925-1955; Addison Casstevens served from the time Autry resigned in 1955 until D.A. Porter became chief in 1956. Porter served until 1960, followed by Warren Boyd from 1960 to 1964, when the present chief, A.A. Kohl was hired. Porter was the first paid chief.

The constitution and by laws of the department were drafted in 1911 by E.J. Anderson, W.B. Lee, and A.B. Alexander.

In 1916 the fire department became motorized when it purchased a Maxwell hose truck. In the 1920s more equipment was bought – their first pumper which was a 500 gallon Southern truck – and a 40 gallon chemical tank mounted on an International truck. Also in the '20s they hired the first paid fireman. He was John Johnson.

By 1937 there were 12 members of the fire department, 13 regular members, 8 reserves and 1 paid fireman, Carl Keller, the truck driver.

After the oil boom hit Snyder and the population jumped from 3800 to 12,000, firemen and equipment alike were answering calls night and day. Two substations were built during the 1950s, one at Twenty-ninth Street and Ave E (opened for service July 30, 1951) and the other at corner of El Paso and Thirty-fourth Street began serving the people on June 1, 1957.

In 1962 the fire fighting equipment included 2,750-gallon pumpers; 2,550-gallon pumpers and 3 booster trucks; a mobile floodlight unit; an ambulance equipped with a resuscitator; and an inboard boat equipped for rescue and grappling operations at Lake Thomas.

Chief Kohl says that over the last 10 years the fire department has been updated and upgraded more than ever before so that they offer better and more efficient service with their 6 pumper trucks and 2 booster trucks. A booster truck and a pumper responds to every fire call in town. The booster truck carries its own water (1600 gallons) and is used to contain the fire until the pumper gets into position and hooked up to the water plugs. On most calls out of the city, two booster trucks answer, unless they know there is a nearby stock tank from which they can draw water, then a pumper might also go.

The department answers an average of 3 fire calls a day. Both the city and county support the Snyder Fire Department.

The men of the Fire Department do more than answer and fight fire calls. "We help in any way that's needed. If we know of a need, we try to assist," Kohl, said, adding, "They are a good bunch of fellows."

The firemen have been known to rescue kids from the tops of trees; search for lost children; assist in floods; and are on the constant watch for storm clouds during the tornado season. They contribute to a fund which they use in helping people who get burned out or who have other emergencies. Once such instance was a transit family on their way to California. Their old car wore out on them when they reached Snyder. The Department found out about it, bought a second hand car for the family of 8, and sent them on their way. The man returned about a year later to pay the firemen for his car. If the fund is low when someone needs financial aid, the men add to it from their pockets.

Volunteer fireman are paid $2.50 for answering a "dry" fire call; $5 for responding to a "wet" call; but of those amounts they return half to the Fireman's Fund. (A "dry" call is one on which they do not have to lay a line from a plug.)

Chief Kohl recounted the time they answered a fire call during a rain storm. A house between Snyder and Fluvanna had been struck by lightning. "When we got there, so much water was standing in the yard, that we were able to draft the water off the yard to pour onto the housetop."

"We train twice a month. Since both our paid people and our volunteers are certified, we have state guidelines we must follow; and constant training is required," Kohl said. "We are allowed 40 volunteers. At present we have 33. The department has never solicited its volunteer firemen. Volunteer applicants are interviewed before a credential committee. They are voted onto the department for a 6 months period; at the end of which time they are reviewed and voted on again. Paid men are hired through city channels.

Members of the Snyder Fire Department, we salute you for your dedication and service to the community! It is a comfort to know you are "on call".

Choirs Combine In Cantata Here

The Chancel Choirs of the First United Methodist and Colonial Hill Baptist Churches will combine under the direction of James Lamb for a performance of Theodore Dubois' "Seven Last Words of Christ" in a special Palm Sunday service at 7:30 p.m. tonight. The performance will be in the Colonial Hill Baptist Church sanctuary. Accompanying will be Lynn Bethel. Soloists are Jane Womack, soprano; Bill Lyon, tenor; and William Hartwell, baritone.

Hartwell is a native of Spokane, Wash. presently completing work on the dissertation for the Doctor of Music degree in voice, literature, and pedagogy at Indiana University. In addition to many cantata and oratorio performances, he has done leading roles in "La Boheme," "The Marriage of Figaro," "La Traviata," "La Forza del Destino," "Love on Trial," "The Play of the Risen Christ," "The Darkened City," "Madame Butterfly," "Carmen," "The Barber of Seville," and the World Premeir NET production of "Myshkin," which received the Peabody award and was recently shown in Latin America, Europe, and the Soviet Union under the auspices of the U.S. Information Agency.

Hartwell has served both as soloist and director of music for Methodist, Lutheran, and Presbyterian churches. He has sung with symphony orchestras in the Northwest, Mid-West, Canada, and the Southwest. His teaching credits include Eastern Washington State College, Whitworth College, Indiana University, Alma College, and Texas Tech University where he directs the Opera Stage Chorus the Texas Tech Women's Swing Choir, teaches private voice, vocal pedagogy, and literature.

Bill Lyon, a native of Friendswood, Tex. is the choir director at Snyder High School. He received the B.S. degree from Abilene Christian College and the M.A. degree from Sam Houston State University. He has directed school choirs in Houston and Cayon. Lyon has performed in cantatas and operas in Houston and Abilene.

Jane Womack, Instructor in voice at Western Texas College, is a native of Cisco. She is a past director of the First Methodist Church Choir and is well known to most Snyder audiences.

English Teacher Is Mystery Fan

CHURCHVILLE, N.Y. (AP) — Stephen Clarke, an English teacher, is a mystery fan.

At Spencerport High School, he teaches a course in detective fiction which he created a few years ago, and he has written a textbook on the subject.

Clarke said he used mysteries as a device for teaching the principles of logic and orderly composition.

Shoplifters Get Sweets, Coffee

PRAGUE (AP) — Sweets and high quality coffee are the most frequent target of shoplifters in Bratislava supermarkets, a local paper reports.

Alcohol, which holds third place, represents about one third of all the thefts.

Shoplifting is not due to poverty, the daily said. Among recent culprits were an engineer, a philharmonic musician, and a lawyer.

Jaycees Are In Session

Bob Clifton presented a history of the Jaycee movement as the program for Friday's luncheon meeting of the Snyder Jaycees at the Smorgasbord House.

Reports on several projects were heard. Ron Kelley reported on the Hike-Bike conducted by the Teens Aid Retarded and Clyde Ferguson announced that a newsletter was being prepared for next month and urged outgoing officers to prepare articles for it.

Clifton reported on the Jaycees voter registration drive. He said some 150 people were registered during their initial drive. Vice-president Lynn Smith presided over the meeting.
