'Free Vote' Registration Slow In Mitchell County

Small Numbers Are Expected

Forty-three Mitchell County citizens registered under the new "free vote" law at the tax assessor-collector's office through noon Wednesday.

Deadline for registering under the new provision is March 17.

Tax Assessor-Collector Montie Hardegree reported that the registration had been slow in his office since beginning March 3.

Applicants may seek to register by mail or by appearing in person at the tax collector's office during regular working hours at the courthouse.

Mail applications must be "on a form prescribed by the registrar" who in Mitchell County is the tax collector. A printed form suitable for applying to vote by mail will be published in the Sunday and the March 17 issues of The Colorado City Record for the convenience of readers.

No persons are allowed to aid a voter with registration except the registrar, his deputy or the person's wife, husband, father, mother, son or daughter. Any other person aiding with registration is subject to a $500 fine.

The state will pay Mitchell and the county collector a 25 cent fee for the required work of registering each applicant.

Requirements for voting in Mitchell County remain primarily as under the poll tax system.

Any person 60 years of age before Jan. 1, 1965 is not required to register.

Persons already paying poll taxes or claiming exemptions are fully qualified to vote in coming elections.

Estimates of how many new voters the registration period will turn up in Mitchell County have varied.

After one week the total is expected to be around 50 new voters. If the remaining period goes like this, the number could be 100 or so additional voters for the county.

Over the state many observers think the registration will give impetus to some candidates for high office, but will detract little from their opponents.

Locally, the registration of new voters is not expected to have much effect on the outcome of most races providing the list is not swelled more than 100.

EXPLAINING SERVICE

Computer Meeting Set For March 18

Texas Agricultural Extension Service has initiated a new electronic computer service which tells the land-use combinations and row-patterns likely to produce the highest net return under the current cotton program according to Mitchell County Agent, Bobby Lemons.

The decision making tool will be explained in an educational meeting to be held March 18 in the City Natipnal Bank meeting room in Colorado City.

At the session, which is open to all interested people, John Seibert, Extension farm management specialist will discuss the new system.

Lemons said farmers using the service fill out forms to submit information on such things as land, cotton allotment, other allotments, yields and production costs.

A set of forms, available at the county agent's office, is prepared for each plot of land designated as an "ASCS farm."

The computer service costs $30 for each ASCS farm, but trial runs made at Texas A&M's Data Processing Center indicate the fee can be gotten back many times in better returns.

Growers using the tool tool should receive the computer analysis about one week after their information is received at Texas A&M.

Lemons said that for the analysis to be meaningful, information on such items as production expenses needs to be highly accurate. Farmers still undesided about diversion rates and row patterns are invited to attend this meeting and look into the possible combination that will yield the highest net return.

WITH FARM CROP

Heston Redwine Friends Help Out

Heston Redwine, seriously injured in a ginning accident January 2, can now testify to the true meaning and worth of friendship and the thing called neighborliness.

A group of Redwine's friends and neighbors met in a group this week and worked his farm projects up to date. They shredded and chiseled about 200 acres in the Payne Community for him.

Not only did Redwine's neighbors start the land for a new crop; they also finished stripping about 28 bales of cotton from last year's crop still unharvested at the time of his accident.

Redwine has been incapacitated since he caught his hand in a gin machine and has undergone surgery three times in St. Joseph's Hospital, Ft. Worth. Members of his family report him to be much improved.

Don Redwine, his son, has been seeing after the farm interest during his father's absence and convalescence, but he leaves for service in the United States Army soon.

Tuesday, eleven men showed up to help. They were Bill Wood, Malcolm Bruce, Bunky Girvin, Carlos Diaz, Charles Holman, Parker Jarman, Jack Long, Fred Warner, Bill Harris, Charles Frankling and Thomas Vest.

Earlier in the season, men instrumental in completing the cotton stripping were A. M. Holman, Jack Long, Bunky Girvin, Fred Warner and Noble Walker.

Respecting our bountiful heritage, the people of Texas should be constantly alerted," she said.

1921 Club Hears Poetry By Robert Traill Lowell

Members of 1921 Study Club heard Mrs. Ed Jones, Jr., as delegate to the Mesquite District convention of Federated Clubs in Snyder, March 18 and 19.

At the program hour the club observed Poetry Day with Mrs. J. P. Quinney as leader. Papers were prepared by Mrs. W. T. Doss, "Selected Poems and Applause for a Poet, Robert Lowell," by Mrs. Lee Lavendera, "Famous Forebears including Poets," and Mrs. W. C. Hooks, "His Views about the World."

"Robert Traill Spencer Lowell, Jr., is a poet — many say the best alive in America," Mrs. Doss began. He is also "A dramatist — one critic thinks our best since time out of mind."

Just after publication last fall of his seventh and best book of verse, "For the Union Dead," came the New York opening of Lowell's drama, "The Old Glory," Mrs. Doss told the club. Lowell won the Pulitzer prize in 1946 for "Lord Weary's Castle."

"He is one of the promising figures in new poetry," Mrs. Doss added. Part of his poetry is rooted in history, part is intensely personal — making no secret of the fact that he has been in mental hospitals and in prison as a conscientious objector," she said.

She climaxed her part of the program by reading a group of Lowell's verses.

Mrs. Lavendera reviewed the genealogy of Lowell's family ancestors, the Lowells of Boston — two poets, an astronomer, and a Civil War general. James Russell Lowell was his great-grand-uncle who was both poet and ambassador to England. Later, he succeeded Henry Wadsworth Longfellow as professor of modern language at Harvard and was minister to Spain, then Great Britian.

Amy Lowell was a distant cousin of Robert Lowell. The author and astronomer was Percival Lowell, the General was Charles Russell Lowell.

Mrs. Hooks summarized Lowell's views about words and the world. "My characters are purely imaginary except when I've used myself occasionally or named actual people in poems . . . My autobiographical poems are not always factually true. I've invented facts and changed things and the whole balance of the poem was something invented," Lowell told an interviewer from Life Magazine.

Lowell admires the works of T. S. Elliot and James Joyce, said Mrs. Hooks.

Of war, Lowell said, "This has been an age of barbarous manslaughter . . . we face the precariousness of keeping alert, staying alive in the triple threat between madness, death and life. We must not bend, not break. I believe we should rather die than drop our own bombs. Every man belongs to his nation and the world. He can only, as things are, belong to the world by belonging to his nation."

Hostess for the Friday, March 4, meeting and program was Mrs. Ed Jones, 538 East 6th St.

Attending were Mrs. H. B. Broaddus, Mrs. Glen Coon, Mrs. J. S. Craddock, Sr., Mrs. Doyle Hester, Mrs. P. K. Mackey, Mrs. Doris Martin, Mrs. R. P. Price, Mrs. J. T. Pritchett, Mrs. W. W. Rhode, Mrs. V. R. Trulock; Mmes. Doss, Lavendera, Hooks, Jones and Quinney.

Next club meeting will be Friday, March 25.

Let's see which big car gives you the most for your money—
and the longest warranty:*

Make	Wheelbase	Overall Length	V-8 Engine Cubic Inch Displacement	Base Monthly Payments	Difference Per Month
CHRYSLER NEWPORT	124"	219.0"	383	$65.80	—
FORD GALAXIE 500	119"	210.0"	289	$58.32	$7.48
CHEVROLET IMPALA	119"	213.2"	283	$58.45	$7.35

BASIS OF COMPARISON—All models are two-door hardtops equipped with V-8 engine, automatic transmission, power steering, power brakes, radio and heater. Monthly payments have been computed on manufacturer's suggested retail price, ⅓ down and 36 monthly payments. Not included are the extras you pay for on practically any new car: whitewall tires, deluxe wheel covers, destination charges, state and local taxes, interest, insurance, and licensing fees.

*CHRYSLER'S 5-YEAR/50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY WITH THIS COVERAGE: Chrysler Corporation warrants, for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, without charge for required parts and labor, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1966 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence, and (2) the car's then current mileage.

And now, about the warranty. Chrysler's is the only one that covers the engine and drive train for 5 years or 50,000 miles.

Card Of Thanks A-3

We would like to take this means of thanking each of our many friends and neighbors who has been so thoughtful and helpful during the past weeks of my illness.

The flowers, cards and letters were all appreciated and enjoyed during my stay in the hospital.

Our deepest appreciation go to the farmers who finished stripping the cotton and chisled the land.

May Gods richest blessing be bestowed on each of you.

Ruth Coffey's CONVERSATION CORNER

PEOPLE who have been critically hurt in an accident or gravely ill — and who have then recovered, against all odds, should organize themselves into a society. **The W. B.T.O., We Beat The Odds,** maybe.

Have believed all my adult life that **something good always comes out of something bad.** It may be a little bonus joy and not in the class with whatever catastrophe has been encountered. But the something good is there, just the same.

For people who have approached deaath very close too close — the something good is a new, limitless, unmitigated joy in just being alive! **Being alive!**

* * *

FOUND IT in the late spring of 1959. But didn't really find it to keep (for now) until late summer in 1960.

Once you find it, this special joy in being alive, **the whole world takes on a shine it never had before.**

Sunrise is more glorious. The light of night's stars can stab you with gladness. Any moon is magnificent. Any flower lovlier. **Any minor heartache bearable.** You can actually hear teh birds tell you "Sweet, sweet sweet!"

Friends on earth are nearer . . . those in Heaven dearer. And the gratitude spilling from the heart to the family who cared most is boundless. **These things I know. Know for sure.**

* * *

IT ALL CAME back, fresh and new, when Velma Comer stopped for a little conversation on downtown Second Street the other day.

Velma **(Mrs. Lucius L.) Comer,** who manages the Berman Hotel, was walking in a blaze of light. Her joy was as visible and as certain as the touch of her glad hand.

She was, you remember, struck by a car on Walnut Street, last December. She lay for many days a fraction away from death. Because of severe head and ear injuries, she doesn't even remember Christmas.

"But it was Christmas every day when I began to get better!" she exulted." People were so wonderful to me!"

* * *

THE COMER daughter Lou Ann, flew home from London, England, to be with her mother. She is the wife of **Hugh (Jerry) Graham, Colorado College geology graduate who works for Esso, British subsidiary of Standard of New Jersey.** The couple were married in London last August 7.

Jerry flew back to the States to accompany Lou Ann home. The couple also visited his mother **Mrs. Clarence Thompson of Littleton, Colorado,** and his brothers **Pat Graham of the Littleton Independent** (newspaper) and **Dick Graham,** attorney in Englewood, Colorado, for several days after Lou Ann's mother Velma recovered from her injuries.

"My daughter stayed with me for two whole months and five days," said Velma, "and my friends were so wonderful, wonderful!"

Welcome to the W.B.T.O., Mrs. Comer.

* * *

Life is hardly easy
And sometimes it's a pain
But oh, the magic of each day
When you get well again!

* * *

Ruth Coffey's CONVERSATION CORNER

PEOPLE who have been critically hurt in an accident or gravely ill — and who have then recovered, against all odds, should organize themselves into a society. **The W. B.T.O., We Beat The Odds,** maybe.

Have believed all my adult life that **something good always comes out of something bad.** It may be a little bonus joy and not in the class with whatever catastrophe has been encountered. But the something good is there, just the same.

For people who have approached deaath very close — too close — the something good is a new, limitless, unmitigated joy in just being alive! **Being alive!**

* * *

FOUND IT in the late spring of 1959. But didn't really find it to keep (for now) until late summer in 1960.

Once you find it, this special joy in being alive, **the whole world takes on a shine it never had before.**

Sunrise is more glorious. The light of night's stars can stab you with gladness. Any moon is magnificent. Any flower lovlier. **Any minor heartache bearable.** You can actually hear teh birds tell you "Sweet, sweet sweet!"

Friends on earth are nearer . . . those in Heaven dearer. And the gratitude spilling from the heart to the family who cared most is boundless. **These things I know. Know for sure.**

* * *

IT ALL CAME back, fresh and new, when Velma Comer stopped for a little conversation on downtown Second Street the other day.

Velma (Mrs. Lucius L.) Comer, who manages the Berman Hotel, was walking in a blaze of light. Her joy was as visible and as certain as the touch of her glad hand.

She was, you remember, struck by a car on Walnut Street, last December. She lay for many days a fraction away from death. Because of severe head and ear injuries, she doesn't even remember Christmas.

"But it was Christmas every day when I began to get better!" she exulted." People were so wonderful to me!"

* * *

THE COMER daughter Lou Ann, flew home from London, England, to be with her mother. She is the wife of **Hugh (Jerry) Graham, Colorado College geology graduate who works for Esso, British subsidiary of Standard of New Jersey.** The couple were married in London last August 7.

Jerry flew back to the States to accompany Lou Ann home. The couple also visited his mother **Mrs. Clarence Thompson of Littleton, Colorado,** and his brothers **Pat Graham of the Littleton Independent** (newspaper) and **Dick Graham,** attorney in Englewood, Colorado, for several days after Lou Ann's mother Velma recovered from her injuries.

"My daughter stayed with me for two whole months and five days," said Velma, "and my friends were so wonderful, wonderful!"

Welcome to the W.B.T.O., Mrs. Comer.

* * *

Life is hardly easy
And sometimes it's a pain
But oh, the magic of each day
When you get well again!

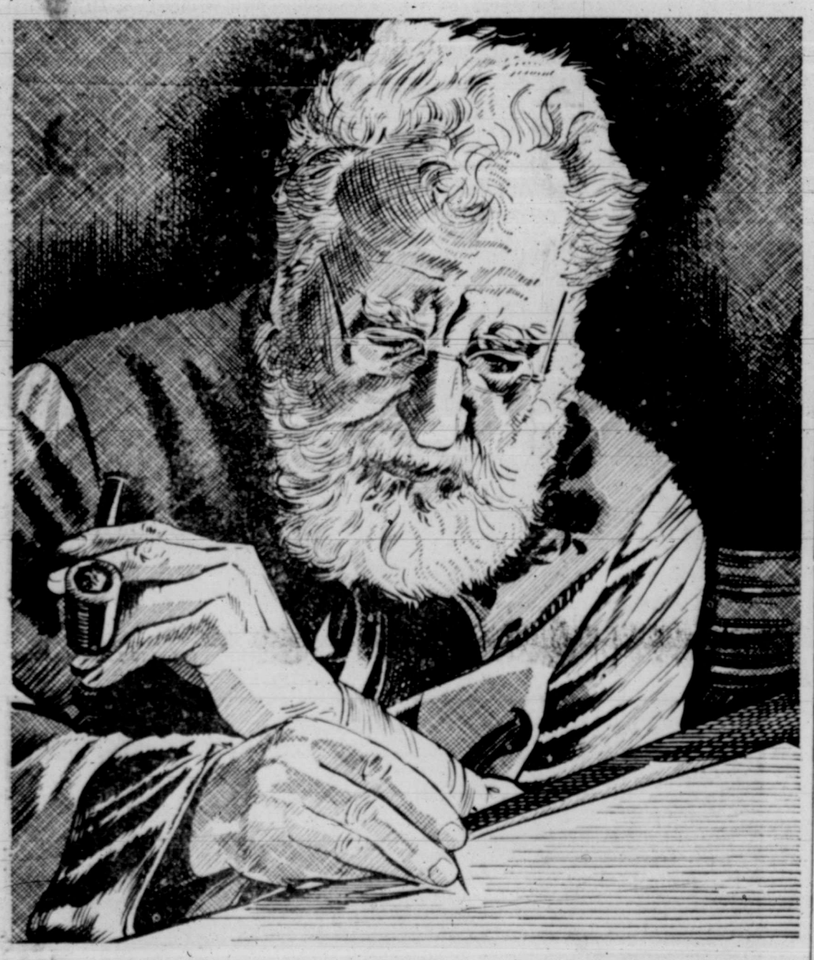
Doyce Edwards Gets Superior Rating

WESTBROOK — Doyce Edwards, son of the Rev. and Mrs. D. B. Edwards, received a superior rating in the hymn-playing division of the Baptist Hymn Festival held recently at College Baptist Church in Big Spring.

This entitled him to attend a State-wide Hymn-playing and Choir Clinic held at Baylor University, Waco, March 4-5. There he played for adjudication along with 20 other hymn players. Approximately 2,000 youth choir members sang for adjudication.



Mr. Bell liked to make things better...

After Alexander Graham Bell invented the telephone in 1876, he did not rest on his laurels. He helped form the National Geographic Society, developed the basic method of making phonograph records on wax discs and pioneered a method of locating icebergs by detecting echoes from them. He made suggestions and contributions that helped give us air conditioning and the iron lung. For 46 years after inventing the telephone, he lived a vigorous and creative life.

Southwestern Bell likes to make things better, too . . .
Six short years ago, we did not offer the Princess® telephone, Home Interphone, Wide Area Telephone Service, Centrex service, Data-Phone data communications service or Panel Phone. There was no electronic artificial larynx, no automatic dialer and no Speakerphone. Today, these new items help us provide the best telephone service in the world. But we want to make it better. That's our legacy from Mr. Bell.

CONGRESSIONAL RACE

Mahon Has Statement On District Campaign

Eldon Mahon, Abilene attorney and businessman, has issued the following statement concerning his candidacy for the office of U. S. Congressman from the 17th District:

"I feel that there is a definite need for a change in our district's representation in Washington. If I didn't feel this way — and if I had not found a substantial amount of agreement among voters with whom I've talked — I wouldn't be making the race.

"My reasons for feeling that we need a change are based on my belief that our district has not always been represented in the past with the kind of initiative and enthusiasm I think is required to get the results our district needs and deserves.

"Since announcing my candidacy originally, I have personally visited all twenty-four counties of the new 17th district and have been extremely gratified by the widespread support and encouragement I've encountered. There appear to be many who feel as I do that it is time for a change.

"If elected, I will start working immediately upon my arrival in Washington to be assigned to those committees which deal with the problems directly affecting our new district, and in this way endeavor to get something concrete accomplished for it.

"The scene of action is now in the national Congress. We of the new 17th district must make our voice heard in Washington, stronger than it has been in the past. We need a representative who is truly concerned with the new 17th district's needs, one who will listen closely to all the people, then champion their interests in an aggressive, effective manner. If elected, I intend to be that kind of Congressman.

"Although I have been a Democrat all my life, I will not be 'rubber-stamp' Congressman for the Administration's programs. Nor, on the other hand, will I be a rubber-stamp opponent of measures that mean real progress . . . saying 'no' automatically each time a worthwhile new proposal comes up.

"I believe that too much control of our government's affairs has passed out of the hands of Congress, and into the hands of the regulatory and administrative agencies. This authority, which has been lost by default, must be reclaimed by the Congress. The trend of surrendering authority to agencies and commissions — who are supposed to administer the laws instead of make them — should be halted. I think it is time that Congress recognize this usurpation of its power and authority for what it is: government by bureaucracy. When Congress loses its authority, then the people lose theirs, for Congress is the voice of the people.

"One of my most important objectives is to get something done about our district's water situation. There is no greater problem facing the new 17th district than the need for adequate water, now and in the future. I will work for and support any feasible legislation that promises to create greater water resources for our area. Such legislation is a must, because we don't have enough water as it is, and to neglect it further would be to compound a tragedy. The problem is of such magnitude that it is going to require great study, imagination and vision to solve it. I, for one, am ready to begin.

"Farming is another area in which something must be done that would be of direct benefit to our district. I believe that the present Omnibus Farm Bill places too much authority in the hands of the Agricultural Department and its Secretary. A glaring example of this is the arbitary policy ruling by the Department which changes skip-row planting in such a way that it works a great hardship on most of our district's farmers. If elected to Congress, I will start working at once to get skip-row planting rules amended so that our farmers can again engage in the kind of farming that is most productive and profitable for them.

"The oil and gas industry is, of course, vital to all of us in the district and — as a Congressman — I would support legislation aimed toward putting it in a healthier condition. Oil and gas is a prime business — an indispensable business — and contributes heavily to the welfare of the district. I am in full accord with the 27½% oil depletion allowance, and would resist any measure that would seek to change it.

"As to my position on government spending, I might point out that I have always been opposed to excessive federal spending, and see no excuse whatever for the kind of waste in government that we have tolerated in the past. There is no justification for deficit spending except during times of national emergency. These are prosperous times and it is now that we should be paying the national debt, rather than creating more of it. After all, if we don't pay off our debt during good times, when do we pay it?

"Regarding Viet Nam, I will always support an unyielding stand against communism, and I feel that there is no other tenable position for us to take in Asia than that which the President has taken. We simply cannot afford to be soft toward an ideology that has set out to destroy our own way of life. At all times, of course, I believe we should keep the doors open for possible negotiations that would bring about a peaceful solution to open conflicts such as we have in Viet Nam. Our goal there is to stop aggression on the part of the communists toward a peaceful people who have every right to seek their own destiny."

Mahon is running for the congressional seat now held by Rep. Omar Burleson of Anson. He is a native of Loraine, Texas, son of a pioneer West Texas family, and a graduate of McMurry College and the University of Texas.

A former District Judge and District Attorney, Mahon is a partner in the Abilene law firm of Mahon, Pope and Glandon, and is a partner and general manager of radio station KVMC in Colorado City, in addition to maintaining farming interests in Mitchell County, Texas. His wife is a registered nurse, a graduate of Kendrick Memorial Hospital School of Nursing in Abilene, where they own their own home.

Mahon is on the board of trustees of McMurry College, is active in the Chamber of Commerce, the Lions Club and many other civic Organizations, and is an overseas veteran of World War II.

A WORLD IN TROUBLE

What has happened to this marvelous world of ours in this twentieth century of God's grace? Mankind seems to be passing through a sea of troubles which has no counterpart in human history.

There are wars and rumors of wars among the nations, and many of the nations themselves are split into warring factions, each faction striving for supremacy, and each intolerant of the views, hopes, and rights of others.

The great trouble with the world is that men have forgotten God. They no longer seek spiritual guidance, but follow the vain ways of the modern world. We have become a cynical, materialistic generation.

If this drift toward world tragedy and chaos is ever stopped, the churches of the world must do it. The world's hope—our hope—is in God and His Church. He alone can save mankind from a sorrowful fate.

The Church seeks to turn the hearts of men from the ways of war and fear and hate to the ways of peace and love.

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Hesperians Hear Scenes Of Texas History Events

In the Terrace Room of Baker Hotel, Friday afternoon with Mrs. Bennett Scott as hostess, Hesperian Study Club members observed Texas Day.

Mrs. J. W. Watson was speaker for the program "Scenes of Texas History Making Events." The program is one of their year's series, "The Great U.S.A."

"It is said that Texas properly begins with San Antonio," said Mrs. Watson after an introduction stressing Texas motto, Lone Star flag, and the 267,339 square acres Texas covers.

She then cited the five old Spanish missions, particularly the cradle of Texas liberty, the Alamo, named for the cottonwood. San Jose mission, she added was the greatest missionary center of its kind in the new world.

San Antonio now "has the distinction of being the home of what is probably the largest military establishment in America. It includes a major army post, Fort Sam Houston, Brooks Army Medical Center, Kelly Air Force Base, Lackland Air Force Base. Also Randolph Air Force Base was known to a generation of flying cadets as 'The West Point of the Air,'" Mrs. Watson said.

Houston, Austin, Denison, birthplace of President Eisenhower, Johnson City, Dallas, San Angelo, Palo Duro Canyon, the Davis Mountains and Big Bend National Park on the Texas border were also discussed by the speaker.

Hesperian members voted to have their meeting scheduled for March 18 on March 11, instead. Mrs. Sam Wulfjen will be hostess in her home, 805 Walnut St. with Mrs. Perry O. Barber as leader, Mrs. Sam Thompson and Mrs. Charles C. Thompson as speakers.

Present at the March 4 meeting were Mrs. J. E. Hale, Mrs. Witt Hines, Mrs. Edgar Majors, Mrs. J. A. Sadler, Sr., Mrs. O. L. Simpson, Miss Mabel Smith, Mrs. E. H. Winn, Mrs. C. E. Cogswell, Mrs. Wulfjen, Mrs. Watson, Mrs. Scott, and Mrs. F. N. Thomas who led the club collect and pledge to the flag.
