Naval And Aerial Attacks Pounding Port Of Chongjin

Building Wall Collapses

The interior of a women's clothing store and the second floor quarters of a laboratory service stand exposed after a 50-foot section of this brick building on the Independence, Mo., square collapsed into an excavation dug as a foundation for a new building. Medical equipment and supplies of the Clinical Laboratory Service, valued at $5,000, tumbled into the pit as the wall crumbled. No one was injured. A drug store in the damaged building was ordered closed because of the danger of further collapse.

Stalin Wishes North Koreans Well In Fight

MOSCOW, Oct. 12. (AP) — Premier Joseph Stalin has wished the North Koreans success in their struggle for "the creation of a united, independent, Democratic Korea."

The text of the telegram was featured on Moscow front pages beneath large headlines this morning, after it was previously broadcast by the Moscow radio.

The message was Stalin's reply in an exchange of greetings between the Soviet and North Korean governments on the second anniversary of establishment of diplomatic relations between them.

North Korean Premier Kim Il Sung wired the Russian leader expressing his country's "warmest gratitude" for the "friendly support given by the Soviet Union to our people in their struggle for the independence of our country."

Generalissimo Stalin replied:

"I wish (your) people, who are heroically defending the independence of their country, a successful completion of their struggle of many years for the creation of a united, independent, democratic Korea."

Barnyard Poll Shows Truman Forces To Win

MIAMI, Fla., Oct. 12. (AP) — The man on whose "barnyard polls" President Truman based his 1948 victory predictions last night forecast another Democratic victory in November.

Leslie L. Biffle, secretary of the U. S. Senate and confidante of the President, said in an interview that the Democrats will retain control of the House and increase their majority in the Senate.

"Without any ifs, ands or hesitations," Biffle said, "we will beat Taft in Ohio, we'll beat Capehart in Indiana and we'll beat Millikin in Colorado."

The three veteran Republican senators—Robert A. Taft, Homer E. Capehart and Eugene D. Millikin—are campaigning for re-election against administration-backed Democrats.

Will Seek To Enjoin Use Of New Color TV

By JACK ADAMS
(Associated Press Staff)

WASHINGTON, Oct. 12. — A threat of court action and further major delays hung over home color television today despite an official go-ahead for the Columbia Broadcasting System's method.

The Federal Communications Commission announced late yesterday that it had made final its previous tentative selection of the CBS system as the national color television plan. CBS immediately promised to "promote (it) to the hilt."

But Isidor Goldberg, president of the Pilot Radio Corp., said in New York his firm will seek an injunction to stay the FCC's action. Declaring that the commission should have delayed the decision for another nine months, Goldberg said "we very definitely plan injunctive proceedings."

MORE TROUBLE

The action also came under fire from the Radio Corp. of America, developer of one competing color TV system ruled out by the FCC. The other was developed by Color Television, Inc.

David Sarnoff, board chairman of RCA, said in a statement issued in New York that the public interest will not be served by forced adoption of a "degraded" and incompatible system.

What engineers call the incompatibility of the CBS system is the fact that its color signals cannot be picked up, even in black and white, by existing sets, of which nearly 8 million are in the hands of the public.

OPPOSITION STAND

"We regard this decision as scientifically unsound and against the public interest," Sarnoff said. "The hundreds of millions of dollars that present set owners would have to spend and that future set owners would have to pay to obtain a degraded picture. . . reduces today's order to an absurdity."

Sarnoff also hinted that RCA will not accept the FCC decision without a fight.

Truman Hopes Meeting Will Bring Peace

(By The Associated Press)

ST. LOUIS, Oct. 12. — President Truman held out hope today that he and Gen. Douglas MacArthur may find a way to counter the explosive threat of communism in the Far East.

He contended that the free nations are "making progress" toward peace "in spite of conditions which are prevailing in the Far East."

Out of his week-end conference in the Pacific, the President predicted, may come "some contribution to the peace of the world."

EN ROUTE

Mr. Truman's talk last night, to a meeting of the Missouri Order of the Eastern Star, highlighted his stopover here en route to the spectacular rendezvous with MacArthur, 6,500 miles away.

Although some 12,000 persons heard the President's speech, to a closed meeting of the Masonic affiliate, newspaper men were barred.

Typewritten transcripts of his remarks were made available to the press later by Presidential Secretary Charles G. Ross.

That Wake Island will be the scene of the week-end conference — the first face-to-face meeting of the President and the United Nations' commander — was the opinion of most members of the President's party.

NO COMMENT

Press Secretary Ross stoutly declined to say.

The President scheduled a 4 p.m. (EST) takeoff from Lambert-St. Louis Airport in the "Independence" on the second lap of his flight.

He is due at Fairfield-Suisan Airport in California at 715 p.m. (PST) and at Hickam Field, Honolulu, at 8 o'clock Friday morning Hawaiian time. A four-hour stop is planned in California, a 16-hour layover at Hickam Field.

The meeting with the general after MacArthur's spectacular victory in Korea may figure heavily in the congressional election campaign.

Mr. Truman will make it the basis for foreign policy speeches at San Francisco Oct. 17 and to the United Nations General Assembly in New York Oct. 24. The White House has labeled both of these talks "non-political."

Korea War In Brief

NORTH KOREA: Battleship Missouri leads heavy United Nations sea assault on Chongjin, 49 miles from Soviet Siberia, 34 miles from Red China.

Allied troops press ahead on three fronts north of Parallel 38, on roads leading to red capital at Pyongyang, against staggering Reds.

MOSCOW: Stalin sends wishes for success to government of North Korea, gets North Korean's expressions of gratitude for "friendly support."

ST. LOUIS, MO.: President Truman, en route for historic meeting with Gen. MacArthur, holds out hope they may find way to counter Communists expansion in east and light the way toward peace.

Northern Port Near Soviet Border Line

Battleship Missouri Leads Attacking Sea And Air Arms On City

By ELMAN MORIN
(Associated Press Staff)

TOKYO, Oct. 12. — The Battleship Missouri and allied warships set Chongjin port afire today with a thunderous bombardment and naval air strikes far north on Red Korea's east coast. The sea-air attacks were not many miles from the Communist China and Soviet Siberia borders.

There were indications the heavy shelling was continuing.

The burning red iron and steel center of 190,000 people is 34 miles southwest of Red China's Manchuria frontier and 49 miles southwest of Soviet Siberia. It is 140 miles from Siberian Vladivostok, a major supply head for Red Korea's heavy weapons.

FAR NORTH

Down the east coast 220 miles is Wonsan, northernmost advance point of allied spearheads pressing toward the Red capital, Pyongyang, near the west coast.

Carrier planes rocketed and strafed Chongjin in a fiery two-day prelude to the warship bombardment.

In addition to the Mighty Mo, the U. S. Heavy Cruiser Helena, and unidentified British, Canadian and Australian vessels took part. After an hour of shelling parts of the city were seen blazing.

The 45,000-ton Missouri blasted shore targets with one-ton missles from her 16-inch guns.

The Mo is the flagship of the task group commander, Vice Adm. Arthur D. Struble.

There had been speculation that the Missouri might be the setting of President Truman's conference in the Far Pacific with Gen. MacArthur this week end. After news of the shelling, the big warship was ruled out as a meeting place.

Adm. Struble said "we have a 400-round allowance for today." This mention of the number of big shells—presumably for the whole task group—was a further indication the bombardment is continuing.

AP Photographer - Correspondent Gene Herrick reported the shelling from aboard the Mighty Mo.

NEW LANDINGS

He did not indicate whether a new allied landing might be in prospect.

The bombardment was like the one that softened the west coast for the amphibious landings at Inchon in mid-September, but the Mighty Mo did not take part in that one; she was shelling the opposite coast at the time.

The Inchon landings and the liberation of Seoul, Korean republic capital 22 miles inland, marked the collapse of the Korean Red Army in the south and led to the rapid allied chase of the remnants inside the Communist north.

POSSIBILITY

A landing at Congjin could start another United Nations spearhead rolling across the peninsula to seal off the Reds from Soviet supplies.

Far south and southwest of Chongjin, allied ground troops pushed steadily ahead on three fronts toward Pyongyang. Tank-led columns above Parallel 38 were moving toward the Red capital from the south, southwest and east.

Three Scurry Schools Close; State Regulation Is Clarified

Three Scurry County school districts have dismissed school in order that the cotton crop can be harvested.

At Ira, schools recessed yesterday for an indefinite period of time.

FLUVANNA

In the Fluvanna district, schools will be dismissed tomorrow for a two-week recess. There are 139 enrolled there, and about 130 average daily attendance.

Hermleigh schools will close Monday for about three weeks, perhaps longer if there is a rainy spell during the recess. At present the Hermleigh schools have about 75 children of migratory families on the rolls, and the schools are unable to accommodate about 75 more who are eligible to attend there, according to Orville B. Paty, superintendent of Hermleigh schools.

Yesterday in Austin, State Education Commissioner J. W. Edgar said the state has no objections to local schools closing for any reason so long as they hold classes 175 days a year.

MANY QUESTIONS

His statement was in response to questions arising over the state in regard to a number of schools closing to free migrant and student labor from any violation of the federal child labor law.

"It has long been the practice to turn out for crop season, but it is more widespread this year, hence attempts are being made to enforce the federal child labor law," Edgar said.

How each school works out 175 days is left entirely to the local board, he said. There is no penalty unless the school falls under the 175 mark. If that happens, of course the school's accreditation and foundation is penalized, he noted.

The local board is also left free to work out salary arrangements with teachers during such recess. Frequently additional teaching time is given the teachers later in the summer to make up for harvest recesses.

Dr. Edgar said the state education agency has had a number of calls from superintendents this week to clear any responsibility the school might have to the state in such closings.

No record was kept on the number of calls, but a survey may be made simply for the purpose of information, he said.

Well In Salt Creek Flows 586.3 Barrels

General Crude Oil Co. and Percy Jones No. 1 D. R. Coleman, located on the northwest side of the Salt Creek field in Kent County has been completed for a daily flowing potential of 583.3 barrels of oil a day.

Production is coming from open hole at 6,406-6,560 feet. That interval was acidized with 500 gallons of acid. Total depth of the producer is 6,560 feet.

The No. 1 Coleman is 660 feet from the west and South lines of the east half of section 194, block G, W&NW survey.

It is also one location east of Superior Oil Co. No. 8 Wood which is being deepened to test the Ellenburger. No information is available on this project.

Gas - oil ratio on the production test on the No. 1 Coleman was 405-1. Gravity of the oil is 40 degrees.

The northwest field extension made no water on the potential test. Casing pressure was 300 and tubing pressure 275 pounds.

VEALMOOR STEPOUT

P. R. Rutherford and others of Houston will drill their No. 1 Lloyd G. Branon and others in Central-North Howard County, as a south stepout to production in the East Vealmoor field.

Location of the project will be 466 feet from the north and west lines of the south half of section 19, block 27, H&TC survey.

Destination of the exploration is 7,600 feet.

Drill site will be five miles east of Luther.

The No. 1 Branon will be about three-quarters of a mile south of production in the south extension to the East Vealmoor field. Drilling is scheduled to start by Oct. 20.

IN WELLMAN FIELD

Magnolia Petroleum Co. No. 1 Scales flowed at the rate of 3,013 barrels of oil a day in a two - hour drillstem test in the top of the reef lime in Southwest Terry County, to assure the second producer for the Wellman field.

Shivers Proclaims 2 Thanksgiving Days For State This Year

AUSTIN, Oct. 12. (AP) — Texas will have two Thanksgiving days by proclamation of Gov. Allan Shivers this year.

The governor yesterday designated the fourth and fifth Thursdays of November as Thanksgiving days to satisfy supporters of both dates.

He said confusion exists as to the proper date because the fourth Thursday is generally observed as the national Thanksgiving holiday while Texas traditionally has celebrated the final Thursday.

The days this year fall on Nov. 23 and Nov. 30.

"The state and the people of Texas have a great deal to be thankful for and should not necessarily be limited to one day a year on which to count their blessings," Shivers observed in his proclamation.

Banks will observe both holidays in keeping with state law, the governor's office said.

French Leave Thai Nguyen, Indochina Base

SAIGON, Indochina, Thursday Oct. 12. (AP)—The French today announced their withdrawal from the former key Vietminh base of Thai Nguyen, in North Indochina, which they seized less than two weeks ago.

A French military spokesman said the withdrawal had been made voluntarily, without any Vietminh pressure to a new defense line about 15 miles south of Thai Nguyen.

WHY OF IT

The spokesman explained that Thai Nguyen, 40 miles north of Hanoi and the center of a large area of fertile rice lands, had been occupied to destroy important Vietminh installations in the area. That had been accomplished, he declared.

However, Associated Press Correspondent Kenneth Likes reported in a delayed dispatch from Hanoi yesterday after accompanying French forces operating in the area that the French had planned to make Thai Nguyen the anchor fortification for a series of 30 brick fortresses guarding the area.

Likes pointed out that the French had met only scant opposition in their drive on Thai Nguyen but that the area would be difficult to hold against the elusive hit-and-run guerrillas, who had retired to mountain hideouts without suffering damage.

HARD-PRESSED

France's hard-pressed troops in North Indochina have been carrying out widespread regroupings in the face of mounting severe pressure by the Vietminh guerrilla legions of Communist Leader Ho Chi-Minh.

Already two key posts on the Indochina-China frontier have been abandoned by the French, leaving the Vietminh with an open road for wide stretches to Communist supplies and training in South China.

Governor of District Speaks at Rotary Meet

Lloyd A. Wicks of Ralls, Tex., governor of the 183rd district of the Rotary International, was the guest speaker today when the Rotary Club met at the Country Club.

Wicks spoke on the international aspects of Rotary.

Guests included Marshall Kemp, A. C. Bishop, E. J. Woodward, Ed Ireland, Fred Wimberly, and A. R. Norred, all of Sweetwater; Harley Sadler, D. L. Holley, and T. O. Pearson, all of Abilene; K. L. Towle, Hobbs, N.M. and John Schlaefli, Hutchinson, Kan.

Professor Says Columbus Had Other Ideas

BALTIMORE, Oct. 12., (AP) — It was not to a new world that Christopher Columbus sailed the ocean blue in 1942, a Johns Hopkins University geographer believes.

A well-beaten track between Asia and the Americas probably existed two or three thousand years before Columbus made his epic first voyage, Prof. George F. Carter writes in the current issue of the "southern journal of anthropology."

Americans pay tribute today to Columbus as America's discoverer.

Dr. Carter suggests the Asiatic peoples made contact with the Western Hemisphere sometime before 1,000 B. C.—perhaps as early as 2,000 B. C.

His theory is based on the fact that plants such as the sweet potato, cotton, Mexican poppy and certain weeds existed in America and Asia and some Pacific islands long before "any written record of man's having traveled between the two points."

Plants can't originate twice, the geographer holds.

"The answer to this puzzle," Prof. Carter concludes, "is that man did make such unrecorded ocean voyages—probably in elaborate, giant canoes.

"In addition to plants, ancient explorers from Asia could have brought to the new world such skills as hieroglyphic writing, metallurgy and weaving techniques.

Kerr Predicts Democrats To Gain In Vote

(By The Associated Press)

WASHINGTON, Oct. 12, (AP) —Sen. Kerr (D-Okla) predicted today that the Democrats will chalk up a net gain of at least two Senate seats in the Nov. 7 elections.

"You can be sure that there will be more Democrats in the Senate in January, when the new Congress convenes, than there are now," he told a reporter.

Kerr, a member of the Democratic Senatorial Campaign Committee, said he was not so familiar with races for House seats. But he added that the Democrats' prospects for picking up additional strength in the House must be good, judging from the senatorial campaigns.

Republicans, of course, have been predicting that the gains will be made by their party. Sen. Brewster of Maine, chairman of the GOP Senatorial Campaign Committee, said last week that chances are "fairly good" that Republicans will capture control of both the Senate and the House.

Fifty Washington political writers polled by Newsweek Magazine predicted Republican gains in both branches but foresaw no upset of Democratic control. The magazine made the results public last night.

The magazine said the 50 correspondents predicted an average GOP gain of 31 seats in the House and four in the Senate. The Democrats now outnumber the Republicans 54 to 42 in the Senate and 262 to 172 in the House.

Gulf Hurricane Blows Self Out

MEXICO CITY, Oct. 12. (AP) — A hurricane, which sent ships scurrying for cover in the Gulf yesterday, then romped inland crippling communications and levelling crops, was reported today to have pretty much blown itself out.

The storm, which spent its final fury on Vera Cruz, turned south last night and was reported to have broken up in the mountains near the coast.

Some small ships were driven on the beach by the winds, but the bigger vessels managed either to ride it out or to skirt the outer edge of the storm and make for the nearest port.

Banana growers in the Tuxpam region north of Vera Cruz reported heavy damage to plantations. In Vera Cruz itself latest reports said little damage had been done. Trees were blown down, blocking some streets, and some coastal highways were flooded.

All communications within the stricken coastal area were disrupted.

Three Airmen Die In Crash

TOKYO, Oct. 12. (AP) — Three airmen were killed and five persons including three war correspondents were injured today when a C-119 cargo plane crashed and burned in southern Japan on returning from Korea.

The injured correspondents are Harold Faber, New York Times, broken left leg and burns on the right leg; John Jefferson, Columbia Broadcasting System, and John M. Colless, Reuter (British) News Agency. The latter two suffered shock.

Names of the other two injured — a military passenger and the plane's radio operator — and of the three dead crewmen were withheld.

The Air Force flying boxcar hit an embankment as it tried to land in bad weather.

Truman Cued On White House Phone Number

ST. LOUIS, Oct. 12. (AP) — President Truman came back to his hotel after the Eastern Star meet last night and decided to telephone Mrs. Truman in Washington.

"Operator, this is the President," he said. "I'd like to call the White House."

There was a pause while the operator got her breath.

"Charlie," he said, turning to his press secretary, Charles G. Ross, "What's that number?"

Gulf League Parley

ABILENE, Oct. 12. (AP) — Gulf Coast League President Howard Green announced the Class C baseball circuit would hold its annual fall meeting at the Galvez Hotel in Galveston Sunday.

Tars But No Feathers

Senator Glen Taylor (D-Idaho) matter of factly went about the task of tarring the roof of his garage in Pocatello, Idaho. Taylor has refused to return to Birmingham, Ala., to serve a six months jail term for disturbing the peace. "I'll be well tarred up by the time I finish this job," he said. "All those Alabama bulls have to do is throw the feathers on me."

Military Costs New Year Will Exceed 1950 National Budget

OMAHA, Neb., Oct. 12. (AP)—Secretary of the Navy Matthews said today the cost of operating the national military establishment alone next year may exceed this year's entire national budget. That would be more than $42 billion.

He said that the final sum, when determined, "will be painful to contemplate" and "will test the national character to face up to the reality."

Matthews went on to caution there must be "no hesitation or indecision" about going through with the plans for new military legislation now being drawn up for presentation to Congress when it reconvenes on Nov. 27.

"It must not be forgotten," he said, "that Korea is only a symptom of the political plague which afflicts the world. . .Total war may not be inevitable, but we dare not assume that it is avoidable."

The Navy chieftain voiced these views in an address prepared for a home state audience, the Nebraska Bankers Assn.

To finance the new defense effort he said, new taxes will have to be paid, controls endorsed and "the even tenor of our civilian pursuits will be violently disturbed."

City Tax Collections More Than $10,000

Collection of city taxes since Oct. 1 had totaled $8,100.43 by 5 o'clock yesterday afternoon, and about $2,000 has been received by the office today, according to F. W. Berry, tax assessor - collector for the city.

Some 1,792 property owners in the city have been assessed a total of $120,708.20 at a rate of $1.50 per $100 valuation. The total valuation for the city is listed as $8,047,215.

Today's collections are estimated to bring the total received since payments began the first of the month in excess of 8.2 per cent of the total assessment.

The Weather

WEST TEXAS: Generally fair this afternoon, tonight and Friday. No important temperature changes.

EAST TEXAS: Generally fair this afternoon, tonight and Friday. No important temperature changes. Gentle to moderate variable winds on the coast.

Jewelry Shop

Shown here displaying Rogers and Community silver for Mrs. Hulon Stanfield, right, is Mrs. A. L. Floyd of Martin's Jewelry. Martin's also has a watch repair service, as well as costume jewelry and a wide selection of clocks and music boxes. — (Staff photograph).

Freezers And Appliances At Stephens Firm

Winter, thoughts of warm things, even thoughts of Christmas, are once again coming upon us. But George Stephens, owner of Stephens Hardware Co., says there is one cold thing we should not forget. That is deep freezers.

Stephens urges anyone who is even slightly interested in a freezer of to give it deep thought, because there is a new 1 pc. cent federal tax being levied on them the first of next month.

His hardware store carries a full line of Coolerator freezers and refrigerators. If bought this month savings on some of the bigger freezers will run as high as $40 to $50.

The thought of Christmas is not a bad one either, Stephens says. His lay-away-plan will come in handy for anyone thinking of such gifts as mixers, toasters, or any kind of an electrical appliance.

He also has a lot of tricycles and wagons that can be bought on the lay-away-plan.

On thoughts of warm things he again has just what purchasers need. The store has just received a large shipment of gas heaters. Also there are some of the smaller type electric heaters in stock.

Carpenter tools, electric saws and drills are something he always has on hand.

With deer season coming up, Stephens suggests that prospective hunters look over his high-powered rifles. There are also sheepskin gun cases and such hunter's supplies as camp stoves and lanterns.

Stephens Hardware is an authorized dealer for Hoover vaccum cleaners.

Stephens give S&H green stamps.

Music Lovers Like Shooting Pistols, Too

NEW ORLEANS, Oct. 9. (AP)—Six jazz fans were wounded — none seriously — in a shooting melee at the Booker T. Washington High School last night.

Good Time Charles Brown and his Smarties were playing "The Troubled Blues" when firing broke out between two unidentified men in the balcony.

Police Capt. Edward Shisa said the pistol-packing music lovers started shooting from one end of the balcony to the other. Neither was injured and both fled in the confusion which found almost everyone scrambling for the exits.

Among the six slightly wounded was a woman on the main floor.

Shisa said no one was apparently hurt in the mass evacuation of both Negro and white jazz fans that followed the shooting.

Police restored order in about 20 minutes, Shisa reported, and the band played on.

Clothier Succumbs

FORT WORTH, Oct. 9. (AP)—John R. Cassidy, Sr., 60, who had operated clothing business in Waco, Paris, Fort Worth and Dallas, died yesterday.

Korean War Has Its Unknown Soldiers; Grave Check Made

BY PETER E. FAY
(Associated Press Staff)

WASHINGTON, Oct. 9. — The Korean war, like past wars, is creating its company of unknown soldier dead.

How many? That isn't settled yet.

The Defense Department said today they are unidentified American war dead in Korea. But how many won't be known until American graves registration teams can thoroughly explore the area over which United States forces were pushed back by the Red army advance in the first two months of fighting.

CLEAR UP SOME

The work of these highly trained teams probably will help clear up at least some of the 3,877 cases reported as "missing in action" in the latest official casualty announcement.

Many of the missing may be alive, taken prisoners by the advancing Communists. But others may have been killed in the fighting. The registration teams will find them, probably identify most. But inevitably there will be some nameless ones.

Whatever the number of dead without names in the Korean war, it won't approach the total of World War II.

CLOSE CHECK

From the battlegrounds of Europe and the Pacific, the armed forces recovered the remains of 8,325 men who could not be identified at the time. But the painstaking investigation by the armed force's registration teams by last Aug. 31 had reduced the number to the 2,163 who are still carried on the records as unidentified.

These were among the total 280,574 American military dead in the war, the great majority of them never listed as missing or unidentified. Most of them were killed in action on the ground, in the air or at sea.

Some of them died in enemy pris on camps and their bodies were recovered when advancing forces moved into former enemy areas or after the war had ended.

NOT ALL

But the 280,574 don't account for all of World War II casualties.

The Defense Department estimates that somewhere — in the wreckage of sunken ships in the oceans, in thick jungle areas like that along the old "hump" air route from Burma, lost sight of in now-tilled farmlands of former battlefields—are 78,000 others.

The Korean casualty lists are swelling, not because of the victorious counteroffensive launched by UN troops three weeks ago but more from the fact that a backlog of names is just reaching the publication stage.

A list made public last night was the heaviest to date. It contained 1,211 names, of whom 255 were dead, 822 wounded, 73 missing in action.

An Associated Press tally of 20,359 Korean war casualties by states shows that Pennsylvania has had the greatest total number, 1,509. California was second with 1,444, Texas third with 1,273 and New York fourth with 1,249.

U. N. Medical Group Innoculates 150,000 Citizens of Seoul

TOKYO, Oct. 9. (AP) — War-torn Seoul's 150,000th citizen was innoculated today by the medical group attached to the vast United Nations relief project in devastated South Korea.

Headed by Brig. Gen. Rawford Sams, the UN relief team includes medical corpsmen from Denmark, the United States, Britain, Peru, Canada and The Netherlands. They were recruited through the World Health Organization and the International Refugee Organization.

Believe Dynamite Blast Cause of Virginia Scare

LYNCHBURG, Va., Oct. 9 (AP)—State police believe a dynamite blast caused the violent explosion which threw Lynchburgers into a frenzy of activity for an hour or so Saturday night.

A large hole where dynamite apparently had been detonated was discovered yesterday by State Police Sgt. C. E. Rives atop Candler's Mountain, about five miles southeast of Lynchburg.

The size of the cavity and the number of uprooted, split and denuded trees in the area led Sgt. Rives to the belief that at least a case of dynamite had been set off.

Weather officials Saturday night had said the explosion could have been caused by a high-altitude thunderstorm. Rumbling noises and the shaking of many buildings in this area led many residents to telephone newspapers and police to seek the cause of the tremors.

It's Exciting Work

LONDON, Ont. (AP)—Walter Albert Stevens is wondering whether he took the right job. One day he had to chase two men for several blocks after they refused to pay for their breakfast. The next day he was knocked down when a customer punched him in the stomach when refused a free cup of coffee.

Interior of Hardware Store

Above is an interior view of Carter-Vicars Hardware. This busy store has been open for about five and a half months. George W. Carter and Norwood Vicars, owners, say they have found their home here in Snyder after looking for more than a year for a place to locate their business. — (J. Lawrence Devers photograph)

Flagpole Sitter May Record His Philosophy

AKRON, O., Oct. 9. (AP) — Zan (Red) Norman, the new holder of the world's flag pole sitting record, today started looking around for a new job.

The automobile racer came off his pole at nearby Barberton Saturday after 122 days. That broke the record of 119 days set by T. J. Ward of Savannah, Ga.

"I feel rather weak and wobbly now and will wait until I have a physical checkup, before I return to racing," he said. He reported he has an offer to appear at a Columbus, O., night club and is thinking about writing a book called "Flagpole Philosophies."

Many Gifts Available In Dress Shop

A gift shop in Snyder which specializes in quality items is the Justice Shop.

This shop, which has built a reputation of being a fashion leader in ladies' ready-to-wear, has in stock now a variety of gifts which are appropriate for any occasion.

For instance they have china made by Bavarian, Syracuse and Shelley. There are many crystal gifts made by Heisey.

Mrs. Myron Caraway, manager, says that they have silver dishes and compotes, as well as some in brass. They also have silver and wooden trays. The selection of Belgian glass at the shop is wide.

Hand painted vases and bowls are also featured there, Mrs. Caraway said.

In addition the Justice Shop carries the latest styles in women's clothing. The fall styles have arrived and they have many coats, suits and blouses.

There are also winter hand bags

San [illegible] Mgr. Heads Crippled [illegible]

HOUSTON, Oct. 9. [illegible] Flowers of San Marcos [illegible] president of the Texas Society for Crippled Children, Inc.

The group ended its annual meeting yesterday with the election of officers.

New directors include John W. Broome, Lubbock, Jack Roe, Kerrville, George Confield, Beaumont, and J. T. Canales, Brownsville.

In the early days of experiments in television and long before radio, researchers talked about "seeing by telegraph."

Forest G. Sears' New Home Shows Work of Many Years

Gracious living quarters are desired by everyone, but they are not achieved overnight, and in the case of the new home just occupied by Mr. and Mrs. Forest Sears, they reflect five years of painstaking and loving care and plans.

Mrs. Sears has ingeniously turned her natural flair for the artistic into the decorating of her roomy seven-room home. From an artistic family, with a brother a well known etcher and a sister supervisor of art in the Roswell, N. M. schools, Mrs. Sears possesses a tasteful sense of beauty which shows throughout the new place.

The home is of a purposely conservative design, with a brief front portico opening directly into an immense living room where muted shades of green are blended with richer yellows, deep roses. Mrs. Sears has hung in a deservedly conspicuous area her sister's original oil tapestry, which gives a dramatic effect. Two graceful end lamps of flame yellow rest at either end of an oversize divan in brocaded satin, the divan in rose. Two comfortable overstuffed chairs are in a gold hue. The lush carpeting runs through this large, liveable room into the dining area, also swaths the hallway.

Mrs. Sears has created a powder room and bath that would be the envy of every woman. Feminine violet and green organdy ruffles trim the small windows, a gleaming glass wall separates the lavatory and powder table whose utility is prettily camaflouged by green tile and expansive mirrors.

The master bedroom at the rear of the house is enormous, richly carpeted, and carrying out the 18th century motif in its massive furniture. Another bedroom uses the idea of a floral wallpaper for one wall and ceiling, a muted complimentary color for the other walls.

These rooms and the ones pictured here are thoughtfully designed for good living day by day. "My husband, our daughter, and I feel our home is the place most important to us, not as a showplace, but as a relaxing place where we may recieve our friends and enjoy them in a pleasant atmosphere," Mrs. Sears said.

NEWS FROM DUNN

BY MRS. BAMA CLARK

In Dunn this week, we find everyone digging warm clothes out of storage, and the farmers busy getting their grain harvested and their cotton gathered.

Mrs. R. L. Jacobs and son, Kennan, of Lubbock spent Tuesday and Wednesday in the home of Mr. and Mrs. W. A. Johnston.

Mrs. L. E. Russel has moved into her new home.

Two new homes are being erected here. Mrs. Betty Smith and Archie Crabtree are both building.

Mrs. Martin Murphy is home and improving following a serious operation in the Root Memorial Hospital in Colorado City.

Mrs. W. A. Johnston received word from Nevada that her nephew, S. A. Cure, has died. He had recently visited here.

Little W. D. and Forrest Wemken spent the week with their grand parents Mr. and Mrs. J. W. Wemken at Hermleigh.

Mr. and Mrs. Jackson Ellis have recently moved to Colorado City.

Mr. and Mrs. Johnie Wemken spent the week end in Odessa.

Mr. and Mrs. C. J. Ryan and Mickie of San Angelo are visiting her parents, Mr. and Mrs. Dildy Smith.

Mrs. Bessie Hooker of Colorado City were week end visitors with Mrs. Harmer Harrison.

Mrs. I. N. Johnson, 93, died here on Sept. 26 in the home of her daughter, Mrs. R. D. Sherrod.

Mrs. Johnson moved to Shelby County from Mississippi when she was a child. She married in 1875 and had seven children.

Burial was in Center, Tex. on Sept. 28.

Ignorance About Polio Strains Facilities

HOUSTON, Oct. 12 (AP) — The things people don't know about polio are straining facilities available here for treatment and rehabilitation of victims of the disease, a Houston doctor says.

Dr. William A. Spencer yesterday said the average person doesn't realize his chances of dying from polio are about one-eighth or one-tenth of his chances of dying in an automobile accident.

And he said insistence that a sick child be rushed to a hospital immediately when polio is only suspected not only is unreasonable but limits facilities available for victims really in need of treatment.

Isolation of persons with acute polio, he said, is rather meaningless since there are so many people in circulation with mild attacks of the disease and who are just as capable of spreading the virus.

Spencer is medical director of the Southwest Polio Respiratory center here.

New Teachers On Faculty At High School

A total of 25 teachers are on the faculty of the Snyder high school this year, eleven more than there were last year.

Two Texas Technological college graduates are Jesse C. Evans and Miss Vera Periman. Miss Periman is a Snyder High School graduate herself and has taught here before. This year she will teach foods in the home economics department. Evans, a veteran of the Air Force with foreign service, is in charge of the new distributive education course.

Another Tech graduate, Mr. J. W. Henderson, is teaching vocational agriculture. Mr. Henderson is from Levelland.

Miss Elsie Ramsdell, who received her master's degree from the University of Houston, will teach sophomore English. Miss Ramsdell is from Colorado City, and comes to Snyder from Port Arthur, Tex.

Mr. and Mrs. Clois Henry, both graduates of Hardin - Simmons are the only couple at the high school this year. Mrs. Henry is teaching bookkeeping, typing and shorthand while Henry teaches science, physics, freshman mathematics and solid geometry.

Mrs. Mary Faver, pep squad sponsor and freshman English teacher, received her B.A. degree from Texas State College for Women. Mrs. Faver is a graduate of Mertzon High School and has taught at Ozona for the last four years.

The new band instructor, Jimmy Verner, comes from Loraine and is a graduate of McMurry College, Abilene. Also from McMurry is Clive Killough who teaches freshman mathematics and commercial law. Killough is from Ralls, Tex.

An additional teacher was added after school started.

Mrs. Faye Jordan was hired after school started when the enrollment increased again. Mrs. Jordan is teaching English and history.

Mayor Suggests All Wichita Falls City Councilmen Resign

WICHITA FALLS, Oct. 12 (AP) — Mayor Harold Jones suggested today that the entire city council resign after calling a special election to elect a new one.

He broached his suggestion because of the council's inability to agree on a successor to Alderman Berry Brown, who resigned about two months ago.

"It is a disgraceful situation that we cannot find and agree upon one honest, capable person out of the many who are available," the mayor said. He did not know if his proposal is legally practicable.

"We are in a critical period of city expansion," Jones pointed out, "and Wichita Falls must have a council that can take action on a variety of vital issues. If our present council cannot agree on who is to become its sixth member, then it likely will be unable to reach accord on other things."

Saturday's Games

GAMES OF OCTOBER 14

By FRANK ECK

AP Newsfeatures Sports Editor

EAST

ARMY to wallop MICHIGAN (Blaik to Foldberg too much).
BROWN to rout RHODE ISLAND STATE (By at least six TDs).
HOLY CROSS to outscore COLGATE (Wide open game likely).
COLUMBIA to defeat YALE (Lions don't like 33-7 loss in '49).
CORNELL to crush HARVARD (Big Red by big score).
DARTMOUTH to nip PENN (Clayton's passing the difference).
MARYLAND to rout GEORGETOWN (Terps due to pour it on).
*LAFAYETTE over MUHLENBERG (It could be one-sided).
NAVY to edge PRINCETON (Tars mightier than Tiger).
*NYU to rout BROOKLYN (Easy for the Violet).
*SYRACUSE to upset PENN STATE (Army softened Nittany Lion).
RICE to edge PITT (Owls will find Panther tough though).
TEMPLE to nip RUTGERS (It figures very close).

*Night game.

MIDWEST

*MARQUETTE to conquer DETROIT (It was 24-14 last time).
OHIO STATE to crush INDIANA (Buckeyes have class).
WISCONSIN over IOWA (Badgers won last 35-15).
IOWA STATE to beat KANSAS (It figures close).
MISSOURI to halt KANSAS STATE (Wide open game in prospect).
MICHIGAN STATE over WM. and MARY (Spartans won by 42-13 in '49).
MINNESOTA to defeat NORTHWESTERN (Gophers could tame Wildcats).
PURDUE to edge MIAMI (Florida team on upgrade).
TULSA to beat VILLANOVA (But watch out for D'Alonzo).

*Night game.

SOUTH

WEST VIRGINIA to take RICHMOND (It may not be close).
FLORIDA over AUBURN (Played 14-14 thriller in '49).
DUKE to rout NO. CAROLINA STATE (The Blue Devils are strong).
GEORGIA to take MISSISSIPPI STATE (Bulldogs a big surprise).
*LSU to conquer GEORGIA TECH (Louisiana a Southeast power).
*KENTUCKY to crush CINCINNATI (Wildcats stronger this year).
VANDERBILT to take MISSISSIPPI (It was 28-27 thriller last year).
WAKE FOREST over NORTH CAROLINA (Choo Choo has gone).
NOTRE DAME to crush TULANE (Maybe by 46-7 again).
VIRGINIA over WASHINGTON and LEE (Cavaliers have Papit pitching).

*Night game.

SOUTHWEST

BAYLOR to conquer ARKANSAS (Could be a tight one).
*SMU to beat OKLAHOMA AGGIES (Rote pitching for Mustangs).
OKLAHOMA over TEXAS (Big Dallas game of year).
*TEXAS AGGIES to beat VMI (Might be a one-sided margin).
*TEXAS TECH over TCU (Tech stronger than rated).

*Night game.

ROCKY MOUNTAINS

COLORADO AGGIES to beat BRIGHAM YOUNG (Figures very close).
NEBRASKA to take COLORADO (Won it by 25-14 last year).
WYOMING to rout UTAH STATE (Might even be a shutout).

FAR WEST

CALIFORNIA over SOUTHERN CAL (It was 16-10 last time).
OREGON to trounce IDAHO (They're not in the same league).
WASHINGTON STATE over MONTANA (By about two touchdowns).
OREGON STATE to nip WASHINGTON (Looks like a tossup).
STANFORD to rout SANTA CLARA (Forget last year's 7-7 tie).

RECORD: 44 Right, 12 Wrong, 2 Ties.—Pct.: .786.

Six Women In Quarter Finals

FORT WORTH, Oct. 12 (AP) — Defending Champion Beverly Hanson, the Bauer Sisters, and five other veteran golfers teed off today in the quarter-finals of the Texas Women's Open Tournament.

Miss Hanson, women's National Amateur champion, yesterday ousted Curtis Cup teammate Polly Riley of Fort Worth, 2 and 1.

Alice Bauer rallied to defeat Dot Kielty, 1 up, and sister Marlene downed Mrs. Gordon Perrin of El Dorado, Ark., 7 and 6.

Medalist Betsy Rawls of Austin, breezed into the quarterfinals with a 7 and 6 victory over Mrs. H. C. Reidel of Dallas.

Patty Berg, veteran professional from Savage, Minn., ousted red-headed Betty Dodd of San Antonio, 4 and 3, and Betty Jameson, San Antonio, defeated Helen Detweiler, Indio, Calif., 3 and 2.

Pat Devaney of Grosse Ile, Mich. clipped Marilyn Smith, Wichita, Kan., 2 up, and Betty MacKinnon Dallas, downed Bee McWane, Birmingham, 3 and 2.

Miss Berg and Alice Bauer squared off today, while Miss Jameson meets her sister, Rawls faces MacKinnon and Hanson meets Devany.

Ask Contributions For Cemetery in Fluvanna

Contributions have been asked for the Fluvanna cemetery, in order that a rabbit - proof fence can be built and heavy lawn mowers be bought.

"We have had a lot of rain this year, and we can no longer work with ordinary tools," Mrs. Bob Browning of Fluvanna said. "We have an unusually good grass turf. To keep it mowed will take a few hundred dollars, as the cemetery is large."

Contributions should be mailed at once to Mrs. Bob Browning, Box 787, Fluvanna.

Shortage Of Pickers Seen

Farm labor from the South is still coming into the county at a steady stream. The cotton harvest is in early season with more than 2,200 bales ginned in all Scurry County ginning companies.

Officials of the Texas Employment Commission said this week that supply remains to meet demand in this county, with only one problem arising at the present time.

Officials are concerned about alien labor in the county with children under 16 who, under federal law, cannot permit them to work during school hours. Many of these laborers may be forced to leave the county and go back to their homes because they need their younger children working to help pay bills and clothe themselves.

So far this has not created a very large problem but may cause a shortage when the season gets into full swing.

A few of the workers who cannot put their children to work during school hours have placed them in county schools.

The number of bales ginned in Scurry County so far includes Jo-vee, 369; Snyder Co-op, 260; Planters, 40; Hermleigh, 645; China Grove, 365; Dunn, 210; and Fluvanna, 246. No report was available on ginning at Ira.

Two-County Meeting Of Baptist Men

The Rev. Jesse Davis, pastor of the Second Baptist Church of Lamesa, will be the principal speaker at the Mitchell - Scurry Association quarterly meeting tonight of the Baptist Brotherhood.

The session will begin at 8 o'clock at the new Union Baptist Church, four miles west of Snyder.

Opening the program will be a song service by Bud Richburg, of the Dunn Baptist Church. He will be accompanied by James Allen Patrick of the First Baptist Church of Snyder.

Owen C. Taylor, district brotherhood president of Lamesa, will lead the devotional, and E. E. Williamson of the Union Baptist Church will make the report of the brotherhood from his church.

C. E. McGaw, president of the Scurry - Mitchell association of the brotherhood, will lead the business session, which will include the annual election of officers.

Before Mr. Davis's address the brotherhood quartet of the First Baptist Church, Lamesa, will give a program of special music.

Christian Church Names R. E. Humphrey Deacon;

At a meeting of the board of the First Christian Church held last Sunday, R. E. Humphrey was elected a deacon to fill a vacancy on the board.

John Boren was elected secretary of the board, succeeding C. L. Cannon, recalled to duty with the Marine Corps.

It was decided that men of the local congregation would fill the pulpit for morning and evening services Oct. 15 while the Rev. Clifford Taylor, minister, is attending the International Convention of Disciples of Christ (Christian Churches) in Oklahoma City.

No other full-size Pickup is PRICED LOWER than the 6-cylinder 95-horsepower Ford Model F-1 including oil filter and oil-bath air cleaner at no extra cost.

No other truck matches Ford's LONG LIFE service record. Using data on 6,592,000 trucks, life insurance experts prove Ford Trucks last longer.

No Pickup truck other than Ford offers an economy choice of V-8 OR 6-CYLINDER POWER—100 horsepower in the V-8 engine, 95 horsepower in the Six.

There isn't a 6½-ft. Pickup in America with a lower suggested list price than the 95-h.p. 6-cylinder Ford Model F-1 Pickup shown here.

Here's America's Economy Pickup!

10 WAYS BETTER THAN THE 4 OTHER POPULAR MAKES!

1. Lowest loading height (24 inches).
2. Up to 15% greater frame section modulus.
3. Up to 18% more brake lining area.
4. "10" Gyro-Grip clutch with needle bearing release levers.
5. Lower curb weight—only 3,220 lbs.
6. Higher net torque.
7. Higher compression ratio.
8. Oil filter (standard).
9. One-quart oil bath air cleaner (standard).
10. "Million Dollar" Cab for extra driver comfort, roominess and safety.

HERE'S MORE CAPACITY FOR BIGGER LOADS

Ford Series F-2 rated at 5,700 lbs. G.V.W. offers an 8-ft. long, 54-inch wide Express Body. An 8-ft. Express is also available for the 6,800-lb. G.V.W. Ford Series F-3.

It's smart to join the SWITCH TO FORD

Truck-wise users are switching to Ford Truck economy. That's why Ford Trucks are making bigger sales gains than all other makes combined. Ford economy starts with low price and continues with year after year of low cost operation. See your Ford Dealer today.

Ford Trucking Costs Less Because—

Using latest registration data on 6,592,000 trucks, life insurance experts prove Ford Trucks last longer!

Well In Salt

This new oil well is calculated to have at least 445 feet of pay in the reef above the water level in the lime formation which is making the oil.

The flow came from the 9,345 feet of the pay.

After topping the reef lime at 9,415, which is on a datum of minus 6,155 feet, operator deepened to 9,460 feet and took a two-hour drillstem test.

The packer was set at 9,400 feet in hard lime above the top of the pay.

A one-inch top choke and a ¾ inch bottom hole choke was used.

The 1,100 foot water blanket started flowing out in 22 minutes. Gas appeared in the water blanket in 27 minutes.

The drill pipe began to unload oil and gas in 29 minutes.

The fluid was run to pits for three minutes and then turned to tanks. In the first 15 minutes of flowing the new section produced 32 barrels of oil. In the next 15 minutes it made 31.26 barrels of oil.

Flow during the next 30 minutes was 63.25 barrels of oil and in the last 28 minutes, it made 57.95 barrels of oil for a total flow of 184.45 barrels of oil in one hour and 28 minutes of flowing.

The oil left in the pipe when the tool was closed at the end of the two-hour test was reversed out. There was no water.

Open flowing bottom hole pressure during the test was 3,710 pounds. Shut-in bottom hole pressure at the end of 30 minutes was 4,000 pounds.

Operator plans to drill 50 feet deeper to 9,515 feet and cement casing on bottom. That pipe would be run through the top 100 feet of the pay.

After the casing is secured, they plan to drill the plug and drill about 100 feet deeper and complete the project from the open hole zone.

This development is 268 feet high on the top of the lime reef on the same marker in Anderson Prichard Oil Corp. No. 1 Bevers, a one-quarter of a mile west, which is the discovery well of the Wellman field.

Anderson Prichard No. 2 Bevers, one-quarter of a mile west of the discovery and one half of a mile due west of the prolific Magnolia No. 1 Scales, was 225 feet low to the Wellman discovery.

It ran a drill stem test on that zone at 9,950-90 feet and made 1,800 feet of sulphur water and no petroleum during a two-hour investigation. It is going on down to explore the Silurian.

Magnolia No. 1 Scales is located 660 feet from the north, and west lines of section 12, block 336, psl survey.

GARZA WILDCAT

Continental Oil Co. has filed application to drill an 8,600-foot wildcat in Central-North Garza County.

Continental will drill the exploration at the No. 2 Swenson Land and CattleCo. Location will be 1,980 feet from the north and west lines of section 43, block 2, H&GN survey.

Drill site will be 20 miles northeast of Post. Work will start in the immediate future.

Destination of the wildcat is the Strawn.

NO. 1 WILLIAMS

American Liberty Oil Co. No.1 G. W. Williams, will be drilled in East Central Garza County as an 8,000 foot wildcat. It will be dug 1,980 feet from the north and 660 feet from the east lines of section 71, block 5, H&GN survey.

That will make it eight miles northeast of Justiceburg and a west offset to Star Oil Co. and others No. 1 Blanche Young, Ellenburger prospect in Kent County.

PECOS WILDCAT

Curtis R. Inman of Midland has staked his No. 1 Unsicker as a wildcat 10 miles southwest of Imperial in Central - North Pecos County.

It will be drilled to 1,600 feet with combination cable and rotary tools.

The new prospector is located 990 feet from northwest and 2,130 feet from northeast lines of east quarter of section 15, block 10, H&GN survey.

NO.7 CORA WEATHERS

Amerada Petroleum Corp. spotted No. 7 Cora E. Weathers on the southeast side of the Von Roeder field of Central - East Borden County.

It is located 1,958 feet from east and 2,002 feet from south lines of section 94, block 25, H&TC survey. That makes it five miles west of Knapp.

It is scheduled to drill to 7,500 feet with rotary tools, beginning immediately.

REEF IN TERRY

Anderson - Prichard Oil Corp. No. 2 H. C. Bevers, west offset to that company's No. 1 Bevers, discovery of reef production in South-Central Terry County, topped the lime reef tentatively at 9,955 feet, 225 feet low to the top of the reef in the No. 1 Bevers.

Operator took a drillstem test at 9,950-90 feet. With tool open two hours, recovery was 1,800 feet of sulphur water. The project is now drilling ahead to test the Silurian.

The No. 1 Bevers is the only producing well in the Wellman field.

The No. 2 Bevers is 660 feet from north and west lines of the northeast quarter of section 39, block DD, John H. Gibson survey and 10 miles southwest of Brownfield.

THREE WELLS

Three 13,300-foot rotary tests have been staked in the Pegasus - Ellenburger field in Northwest Upton County by Magnolia Petroleum Co. All the projects are scheduled to begin by October 12.

No. 2 Virgil Powell will be 1,980 feet from north and 660 feet from east lines of section 48, block 41, T-4-S, T&P survey.

Location for No. 4-36 Dr. Roy Glass is 660 feet from south and 1,980 feet from west lines of section 36, block 41, T-4-S, T&P survey.

Magnolia No. 5 Dr. Roy Glass is 1,980 feet from south and east lines of section 30, block 40, T-4-S, T&P survey.

RUNNELS WILDCAT

Ryan Consolidated Petroleum Co., Dallas, will drill a 4,800-foot wildcat in Northeast Runnels County as its No. 1 E. C. Linderman.

Location is 2,311 feet from west and 1,548 feet from north lines of section 527, John J. Eakin survey, A-142.

Drillsite is two and one-half miles south of the Aldridge pool and four miles northeast of the recently opened Cree - Sykes field. It is on a 150-acre lease.

Pan American Production farmed out 420 acres to Ryan Consolidated for the test, and Ryan has 250 acres surrounding the acreage farmed out. Pan American retained an over ride.

CROCKETT WELL

A shallow wildcat has been spotted in Northeast Crockett County 13 miles southeast of Barnhart as C. P. Laubenheim and associates of Fort Worth No. 1-B University.

Cable tools will be used to drill to 2,000 feet. Operations will begin in the near future.

Location is 2,389.9 feet from north and 330 feet from west lines of section 13, block 39, University survey.

ABANDONED

A wildcat failure in Central Sterling County has been abandoned by Republic Natural Gas Co. at total depth of 2,044 feet in Clear Fork.

The dry hole is the No. 1 E. F. McEntire, 330 feet from north and west lines of southwest quarter of section 3, block T, T&P survey and four miles southwest of Sterling City.

LAWRENCE BROOKS

Wilshire Oil Company, Inc., and Balboa Oil Co., are preparing to complete their No. 1-A Lawrence Brooks, Central - East Irion County wildcat, as a gas and distillate producer from the Wolfcamp sand of the lower Permian, and put it on regular production.

The project had tested for 10,500,000 cubic feet of gas per day, with and estimated distillate yield of 50 barrels each 24 hours from pay at 5,945-6,000 feet.

The flow was through a 22-64th inch tubing choke, and came after the pay section had been shot with 320 quarts of nitro glycerin and then washed with 500 gallons of mud acid.

There was no formation water in the fluid being recovered.

Flowing tubing pressure during the testing was 300 pounds and pressure on the casing during the flowing was 600 pounds.

After a two hour shut-in the casing and tubing pressure equalized at 1,800 pounds, and both pressures were still increasing at the end of the two hours.

Operator representatives expect the well to show a maximum shut-in pressure of around 2,000 pounds.

Location is 660 feet from north and west lines of section 21, block D, H&TC survey. That makes the discovery 13 miles north of the Tankersley pool and five miles southwest of the town of Tankersley.

This wildcat drilled to a little below 7,500 feet in the Ellenburger. That zone made water.

It has been plugged back and tested from the Ellenburger all the way to the present level of operations. Some of the zones investigated showed some slight signs of oil and gas, but none of them yielded any commercial petroleum until the 5,945-6,000 foot section in the Wolfcamp sand was reached.

KING COUNTY

Humble Oil & Refining Co. has staked a 6,800-foot wildcat in East-Central King County, midway between the Bateman Ranch and Ross pools.

No. 69 Bateman Trust Estate is 2,640 feet from south and 660 feet from east lines of section 133, block A, J. B. Rector survey. It is 11 1-2 miles east of Guthrie.

Rotary tools will be used to drill this new prospector, beginning immediately.

NEAR OZONA

A shallow wildcat has been staked in the center of the northeast part of Crockett County as Texas Pacific Coal & Oil Company No. 1-H University.

It is located fifteen miles north of Ozona and 2,365 feet from west and 2,310 feet from south lines of section 30, block 45, University survey.

It is scheduled to go to 1,700 feet with cable tools.

UPTON COUNTY

Phillips Petroleum Co. has spotted a 13,400-foot rotary test in the Pegasus - Ellenburger field in Northwest Upton County.

The company's No. 3-DD TXL will be 665 feet from north and 660 feet from east lines of section 31, block 40, T-4-S, T&P survey. It will be 1,319 feet east of Phillips No. 1-DD TL, producing east offset to the discovery of the field.

NEAR SAN ANGELO

John K. Dorrance, trustee, of Houston No. 1 C. D. Atkins and C. L. Atkins will be drilled as a 7,300-foot rotary wildcat five miles northwest of Christoval in Southwest Tom Green County.

Exact location for the proposed wildcat will be 466.6 feet south of the north line and 466.6 feet west of the west line of Robert Smith survey 98, but in section 949 1-2, P. H. Johnson survey.

Empire Drilling Co. of Dallas has the rotary contract.

Drillsite will also be three-quarters of a mile west of American Republics No. 1 Atkins, a 5,329-foot Ellenburger failure.

SCURRY LOCATIONS

Lone Star Producing Co. spotted its No. 3-B J. E. Davis seven miles west of Ira der in the Kelley-Snyder field of Scurry County.

It is located 2,606 feet from south and 2,887 feet from east lines of section 255, block 97, H&TC survey.

Rotary tools will be used to drill to 7,000 feet. Operations will begin immediately.

Magnolia Petroleum Co. will begin drilling immediately on its No. 1-I McDonnell Estate, new project in the Kelley-Snyder field of Scurry County.

Rotary tools will be used to drill to projected depth of 7,050 feet.

Location is 467 feet from south and west lines of northwest quarter of section 298, block 97, H&TC survey and six and one-half miles northwest of Snyder.

In the Cogdell field of Central-North Scurry County, Stanolind Oil & Gas Co. staked No. 6 Dora E. Cunningham, 1,927 feet from south and 1,929 feet from east lines of section 613, block 97, H&TC survey.

Projected depth is 7,200 feet. Rotary tools will be moved in and drilling will begin in the near future.

Drillsite is eight miles north of Snyder.

GARZA FAILURE

Aurora Gasoline Co. and N. Appleman Co. No. 1 Swenson, Northwest Garza County wildcat 12 miles northeast of Post, has been abandoned at total depth of 7,525 feet.

Last operation reported from that project was a drillstem test at 7,380-7,525 feet. With tool open three hours, recovery was 1,830 feet of salt water.

Location of the failure is 653 feet from north and 661 feet from west lines of section 7, block 7, H&GN survey.

ECTOR DRY HOLE

Ander - Prichard Oil Corp. and Stanolind Oil & Gas Company No. 1-E-32 Faskan, wildcat failure in Northeast Ector County, has been plugged and abandoned at total depth of 4,915 feet.

On the last reported drillstem test with packer set at 4,832 feet the tool open one hour, recovery was 4,900 feet of salt water. There was no trace of oil or gas.

This venture was one of eight such wildcats the two concerns contracted to drill by April 1, 1951.

Retail Prices Show Decline

By The Associated Press

Retail prices of seventy fresh foods declined a little in most stores this week—the first time in months that mark-downs appeared to outnumber advances.

Most meats either edged lower or held unchanged, with the sharpest price cuts in pork items—down two to as much as 16 cents a pound in competitive chain stores. Retail mark-downs on beef ranged from two to six cents a pound, and there were scattered cuts of one to four cents a pound on some lamb and poultry items.

The meat reductions marked the beginning of the seasonal downtrend which usually accompanies the growing volume of livestock supplies reaching markets.

EGGS LOWER

Eggs also were slightly lower in many places. The Agriculture Department reported that egg production will be rising soon and market supplies will increase, holding prices for the rest of 1950 below last year. The nation's hens laid 3,894,000,000 eggs last month —a new record for September and 25 per cent above the September average.

Fresh foods lower-priced in most produce departments this week included snap beans, brussel sprouts and carrots. Also, cucumbers, Idaho potatoes and California tomatoes. Melons, good quality celery and sweet corn were up slightly.

At wholesale, the food price trend this week—as measured by the Dun & Bradstreet Wholesale Food Index —was just a shade lower. The index declined for the fourth week in a row, down two cents from last week to $6.48. Prices about the level of last July 25 when wholesale prices were on their steep uptrend to the Aug. 29 peak of $6.69. A year ago the index was $5.57. The figure represents the total wholesale cost of a pound each of 31 foods in general use.

STILL CLIMB

The Bureau of Labor Statistics reported this week that retail food prices were still climbing during the last two weeks of September. The gain was 1.4 per cent, with 19 of the 25 foods surveyed in 13 large cities showing increases.

Cabbage and sweet potatoes are the headliners on the Agriculture Department's most-plentiful-foods list for this week.

The Production and Marketing Administration also pointed out that a substantial part of the 1950 turkey crop already is being marketed. That crop is expected to reach 44,500,000 birds—six per cent over last year and the largest on record.

Fluvanna Man Gains

Billy Gene Pylant of Fluvanna, who suffered a broken ankle Sunday, was reported to be in good condition today at the Snyder Hospital. Attending physicians said they probably would put on a cast today.

Markets Are Closed

NEW YORK, Oct. 12. (AP)—Major security and commodity markets in the United States were closed today in observance of Columbus Day. Some livestock centers were open.

Advertising Official Dies In California

BEVERLY HILLS, Calif., Oct. 12. (AP)—The president of the North Texas Advertising Co., W. A. Gibson, Jr., 58, died after a heart attack yesterday.

Gibson had been here with his wife several weeks because his daughter, Mrs. Virginia Eden, is critically ill with polio.

Hadacol Helped Arkansas' Oldest Timber Estimator

He Suffered Deficiencies of Vitamins B1, B2, Niacin and Iron.

B. J. Chandler, 518 Lacer Blvd., in Hot Springs National Park, Ark. will be 85 years old in October and is believed to be the oldest timber estimator in Arkansas. He feels better now than he has in a long time since HADACOL has helped him relieve deficiencies of Vitamins B1, B2, Niacin, and Iron.

Here is Mr. Chandler's statement: "I suffered with aches and pains in the shoulders, hips, and knees. It was almost impossible to sleep and I had lost my appetite. HADACOL has done me more good than anything else. I have taken about 35 bottles of HADACOL. The pains have been greatly reduced."

Why HADACOL Gives Such Fine Results

HADACOL does not just bring symptomatic relief — HADACOL now makes it possible to actually relieve the cause of aches and pains in the shoulders, legs and arms, certain nervous disorders, and a general run - down weakened condition due to such deficiencies in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B1, B2, Iron, and Niacin but also helpful amounts of important Calcium and Phosphorus elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come In Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'

After reading Mr. Chandler's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B1, B2, Iron, and Niacin?

What HADACOL did for Mr. Chandler, it can do for you if you're suffering annoying pains and aches and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you should start taking immediately!

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin of red blood cells (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ, to every part of the body, lungs, heart, kidneys. No wonder HADACOL helps you feel wonderful.

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family — when relief may be as close at hand as your nearest drugstore if your system lacks B1, B2, Niacin, and Iron. This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only $1.25. Large family or hospital size, $3.50.

The next meeting Mrs. Mabel Germa tieth Street.

If Tigers Win, Long Chain Of Colorado City Wins Will Break

Rivalry between two of the strongest teams in the district will run high Friday night when the Tigers go to Colorado City to meet the Wolves.

For many years Snyder and Roscoe were considered top rivals, like Midland and Odessa, San Angelo and Abilene, and Fort Worth and Dallas.

MANY PENALTIES

But the feeling among sportsfans that Colorado City was the team to beat, for honor's sake, began in 1946, when the Tigers were confident they would win. Penalties during the game, however, called back touchdowns and set them farther and farther back down field until the Wolves raced across the goal line to score a 6-0 victory.

Fans were not satisfied with the outcome of that game and indicated their dissatisfaction immediately after it was over by engaging in a brawl in midfield.

Since that time, Tigers and fans have been set on defeating the ever-strong eleven.

Coach Speedy Moffett is anticipating a rough game with no view as to who will win out Friday night, and he wants some hearty backing from fanms. However, Moffett does not want the same kind of backing the team got when fans assaulted the officials in '46.

SUSPENSION

"If anyone pulls something like that," the coach stressed, "the Interscholastic League will not only suspend us for two years, buf will suspend any school which plays us after that for the same length of time."

The Tigers last beat the Wolves in 1942, when Coach Rex Thurston and his eleven defeated them on the Tiger Stadium 33-0.

Here are the scores for the years following

1944	Colorado City	25,	Snyder 0
1945	Colorado City	42,	Snyder 0
1946	Colorado City	6,	Snyder 0
1947	Colorado City	30,	Snyder 0
1948	Colorado City	27,	Snyder 18
1949	Colorado City	28,	Snyder. 7

The Wolves have taken second in this district for the past two years, while the Tigers ran fifth last year and last the year before.

Women's Culture Club Has Program on Cities

The Women's Culture Club, meeting Tuesday with Mrs. Bernard Longbotham, 2112 Thirtieth Street, heard a brief business session presided over by Mrs. A. P. Morris, president, and then held their program.

Mrs. A. C. Alexander was in charge of the day's topic of study, "Cities of America." Mrs. H. L. Wren gave a paper on Vicksburg, Miss., Mrs. Roy Stewart reported on Albuquerque, N.M. and Mrs. Lora Miller discussed Ozona, Tex.

Mrs. Longbotham served chicken salad topped with cranberry jelly, wafers and punch to these members: Mrs. Alexander, Mrs. Stewart, Mrs. Wren, Mrs. Morris, Mrs. Miller, Mrs. W. W. Gross, Mrs. J. P. Avery, Mrs. J. W. Clawson, Mrs. R. W. Cunningham, Mrs. Mabel German, Mrs. Henry Kelley, Mrs. A. C. Martin, Mrs. D.P. Strayhorn, Mrs. J. A. Woodfin, and one guest, Mrs. Hattie Nisbett from Fort Worth.

The next meeting will be with Mrs. Mabel German, 1904 Thirtieth Street.

J. D. Church Scurry Rancher Rites Tomorrow

Funeral services will be held at 10 o'clock tomorrow for Joseph D. Church, 76, Scurry County pioneer who died of a heart attack yesterday in Kermit.

The services will be held in the Church of Christ in Colorado City and burial will be at Dunn.

Widely - known in Scurry and Mitchell Counties, Mr. Church had been active in ranching and farming interests here most of his adult life.

SETTLED HERE

Born March 7, 1874, in Union, Miss., he moved with his family to Texas in a covered wagon when he was 4 years old. In 1894 he married Seatta Benton at Saledo, in Bell County, Texas, and they moved at once to Scurry County, settling in a half-dugout near Dunn.

Mr. Church's first ranch was the one now known as the Carl Gray ranch between Dunn and Hermleigh. Later he acquired land and ranched in the Arah and Cottonwood Flat areas. In all the communities in which he ranched, he gave land for schools and for gins.

Before World War I he broke up some of his grasslands for farming, and in 1918 he sent cattle to Mexico, a venture which did not end successfully.

Mrs. Mollie Pinkerton, 707 Twenty-eight Street, his daughter, recalls that in the early days her father would help to drive cattle to market in Kansas City, being absent from home for two or three months. He also helped to haul lumber by mule cart from Fort Worth to Lubbock when the plains city was first being built.

In the early days of this county, his ranch was a favorite overnight stop for travelers, who used his pens to confine stock they were moving across the country.

TO COLORADO CITY

In 1920 he moved to Mitchell County and had lived in Colorado City ever since. Mrs. Church died in Colorado City in 1935.

At the time of his death he was visiting in Kermit with a son, O. T. Church.

Besides his son in Kermit, he leaves three daughters, Mrs. E. D. Caple and Mrs. James Hough, both of Sweetwater, and Mrs. Pinkerton; four other sons, A. R. Church of Tishomingo, Okla., Steve Church of Stanton, Tex., Barton Church of Dallas, and Warren E. Church of Corsicana, Tex.; 19 grandchildren; and 10 great-grandchildren.

Officiating minister will be Paul Foutz, pastor of the Lamar Street Church of Christ, Sweetwater, assisted by H. E. Johnson, Colorado City Church of Christ.

Two Brothers in the Navy

Two sons of Mr. and Mrs. C. H. Stephens, 1605 Avenue S, are shown above. C. H. Stephens, Jr., 20, left, is now in Korea with the Navy. He participated in the Inchon invasion, where his cruiser, the U.S.S. Rochester, was part of a 7th Fleet detachment which shelled the invasion coast. He wrote his parents that he and shipmates were at their battle stations almost constantly for eight days. Wayne Stephens, 19, right, is in the naval air corps on Kwajoline. He is in a rescue squadron. Mr. and Mrs. Sephens have been Snyder residents since January.

Party in Hermleigh For Man Called To Duty With Reserves

About 30 persons attended a farewell party in Hermleigh Monday night for Bill Love, former city secretary and chief of police, who left for Fort Hood yesterday as a recalled army reservist.

The party was given in the home of Love's sister and brother-in-law, the Rev. Bob Creswell and Mrs. Creswell.

Among those present were Mr. and Mrs. Lloyd H. Merritt, Mr. and Mrs. E. W. Green; and Mr. and Mrs. LaWayne Hulse, all of Snyder; Mr. and Mrs. Faxon Williams, Mr. and Mrs. G. B. Williams, Mr. and Mrs. Mark Search, Mr. and Mrs. M. R. Gladson, Mr. and Mrs. Bob Collier, Mr. and Mrs. Olen Culp, Mr. and Mrs. Jeff Norris, and Mr. and Mrs. J. F. Creswell, all of Hermleigh.

Disabled Vet Representative Here Monday

Problems of disability compensation will be explained to disabled veterans of Scurry County at 8 o'clock Monday night at the courthouse.

Charles J. Walker, department organizer for the Disabled Veterfrom his headquarters in Waco to form a chapter of D.A.V.

"There are many benefits due to disabled veterans which they will want to know, and I would like to see them come and bring wives and husbands to form a chapter of D.A.V. and a ladies auxilary along with it," Walker said today.

There are 118,000 disabled veterans in Texas, and more are coming in from Korea all the time, Walker said, adding that the goal of the organization is to have every one a member.

Any veteran is eligible for membership if he was gassed, wounded, or injured while serving in the U.S. armed forces during any war.

Tennis Court Dance Tonight for Center

There will be a dance tonight on the tennis courts of the Youth Center with music furnished by Zeke Williams of Abilene.

Proceeds from the dance, sponsored by the Veterans of Foreign Wars and the American Legion, will be used to help complete construction of the Youth Center.

Building Warehouse For Schools Postponed By Board of Trustees

The Snyder school board last night voted to postpone indefinitely the building of a brick warehouse at the site of the old football stadium and to purchase a frame building for temporary use there instead.

The frame building, which measures 20 by 68 feet, has already been moved to the site from its former location on the East Highway, where it was used by the B&E Company, of San Angelo, for storing surplus commodities.

The school board, in connection with the postponement of the new building, agreed to pay the Buford & Feinberg architectural firm of Dallas for drawing the plans, which will be kept until the new warehouse is started.

"We will probably build the brick warehouse some time next year," M. E. Stanfield, superintendent of schools, said, "but we are in need of storage space right now and can use the frame building for the rest of this school year."

Driver Not Injured In Train-Car Wreck

Severe property damages resulted this morning when the car of Clarence L. Nelson, 40, of 1801 Avenue S, was struck by a train at the Avenue S crossing near the Santa Fe depot.

Traveling north on Avenue S, Nelson, a Snyder caslng contractor, did not see the engine as it was entering the station yard from the east.

Hitting Nelson's 1948 Chevrolet on the right side, the Santa Fe train knocked it off the tracks. The train was traveling at a low rate of speed.

Texan Is Elected

Harold Selleck, Bacliff, Tex., was elected recording clerk yesterday at the 79th Kansas annual meeting of friends.

TALK OF THE TOWN

By FRANCES BIOW

The Daily News was cute out of a little business in its classified department yesterday when a ringtail monkey returned to his worried owner, KENNETH STEPHENS, manager here for the Rightway Pipe & Supply of Dallas.

Stephens has had his simian six months now, and wouldn't be without him. Junior, the monkey, left Stephens's apartment at mid - day recently, and the owner inserted an ad in the lost and found column. But the following morning, before the ad could run, Stephens called with the good news that Junior had come home—he was hungry.

Junior's diet presents no problems to Stephens, who lives alone in an apartment at the Rightway supply house on the Post highway. The monkey, Stephens said, cares nothing for traditional monkey food—bananas and peanuts. But he craves other fruits, raw eggs, fritos, and such strictly human nutriments as meat and potatoes.

Junior also is happy in the wide open spaces, but behaves himself when confined indoors. When Stephens first took Junior as a roommate there was a lot of training to do.

"He was worse than a baby," Stephens said, recalling how Junior's curiosity led him into everything in the house. But now he's perfectly adapted, doesn't turn the ashtrays over, and comports himself like a gentleman.

Junior's lineage is a little hazy. He was born in Florida, the offspring of parents who immigrated to this country in the dufflebag of a GI. Stephens got him by a roundabout route and isn't too sure about what tropical island he really comes from.

Stephens recently saw a female monkey, a resident of Dallas, Tex. which was 15 years old. Ringtail monkeys usually grow until their fifth, he said.

More news from the classified ad department, where there is seemingly never a dull moment. Everybody said, "Why didn't I think of that" when an ad was received stating that a wedding will be held Thursday night at 8 o'clock at the Hermleigh's High School. Admission, 14c and 40c. It further states that it will be a womanless wedding, which taxes the imagination too much. We strongly suspect the Thespian touch. A school play?

Who's New

(The following will be a regular feature in the Snyder Daily News. The information is furnished by greeter services of Snyder.)

Snyder's population has recently been augmented by some twelve families.

From Crane, Tex., come Mr. and Mrs. T. J. Hollis and son Allen Hollis, 13, who are living at 611½ Thirty-second Street. Crane is employed at the Longhorn Construction Co. They are Baptists.

Mr. and Mrs. Travis Jenkins, daughters Joyce, 16, Jennie, 16, and son, Jerry, 12 have moved here from Levelland, Tex. They are residing at 3302 Avenue K. Jenkins is employed at the National Construction Co. The Jenkins are Baptists.

Formerly of Austin, Dr. J. R. Sims, Mrs. Sims, and their eight-month-old son, James Richard, are now living at 3006 Avenue V. They are Baptist.

Mr. and Mrs. E. F. Cole and children Mary, Elton and James are living at 2803 Avenue T. Baptists, they moved here from Monohans. Mr. Cole is a tool pusher for the Humble Oil Co.

From Lubbock come the J. L. Kales and children, Jack and Margie. The Kales are Methodists and live at 3011 Avenue T. Kale is owner of Kale and Lancaster.

Mr. and Mrs. H. G. Brown have moved here from Tenaha, Tex., and are living at 2906 Avenue N. Mr. Brown is a maintainer driver for the county. They are Baptist.

A salesman for the Reed Roller Bit Co. is J. L. Bell. He and Mrs. Bell have moved here from Tatum, N. M. Presbyterians, the Bells reside at 2706 Avenue M.

NEWS FROM IRA

BY MRS. J. B. ADAMS

The cool weather has slowed up the gathering of cotton for a few days.

Leonard Carnes of Houston visited his sister, Mrs. Marie Kruse, and his brother, Hubert Carnes, the first of the week.

Mrs. Amil Kruse is very ill in the Root Memorial Hospital, Colorado City.

Mrs. John Moore of Odessa is visiting this week in the A. H. Kruse home.

Harley Sadler of Abilene is visiting in this area in the interest of his oil holdings.

The Rev. R. E. Bowden of Sweetwater filled his regular appointment at the Church of God Sunday night.

The home economics girls and their teacher, Miss Johnston, accompanied by the superintendent, attended the cooking school sponsored by Furr's Super Market in Snyder Tuesday.

Coming here to be musical director of the Baptist Church is Ralph J. Wesson. The Wessons and small son, Robert live at 1600 Twenty-seventh Street. They came here from Borger, Tex.

From Centralia, Ill., come Mr. and Mrs. A. K. Wood. They are living at 2409 Twenty-sixth Street. Mr. Wood is a driller with Moran Drilling Co. The Woods are Methodists.

The J. M. Hazelwoods and son Gene, 14, have come here from Oklahoma City. Mr. Hazelwood is foreman with the Longhorn Construction Co. They are living at 1009 Thirty-second Street.

R. A. McClinton with the Wellshire Drilling Co. has moved here from Tahoka. He is living at 2906 Avenue L.

Mr. and Mrs. V. S. Permenter and children, R. H., Weldon, Jerry, Donald, and Wanda June have come here from Camp Springs. Mr. Permenter is a farmer, and the family lives at 1893 Avenue N. They are Baptists.

Better Buy Buick!

PERHAPS you've noticed that there seem to be a lot of these brawny beauties running around on America's highways—and it isn't just that boldly gleaming forefront that spreads this impression.

It isn't just the fact that folks who own a Buick get such a bang out of it that they do a lot of driving.

Back of all this is another fact. It's a fact that contains a broad hint to anyone who'd like to know what's what in motorcar buys. *1950 Buicks are breaking all past popularity records, as registered in sales.*

So we suggest that you do some personal investigating.

Find out, for example, how masterful you feel, with Fireball power purring away the miles, at a polite touch of your toe on the gas treadle.

Find out how the jolts and jars seem to disappear, when you have big soft coil springs on all four wheels, and fat low-pressure tires on wide Safety-Ride rims.

Then there's Dynaflow Drive,* which Buick owners vote the biggest automotive hit that has come along in years.

With all this, there's room, and comfort, and road-hugging heft combined with a light and willing response to your hand on the wheel—*and prices that start down with the sixes.*

Seems like almost everyone wants to own one of these Buicks—and most people can. How about you? Isn't it a smart idea to see your Buick dealer now and get your name on his list?

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Only BUICK has Dynaflow—and with it goes: HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD forefront, super-through fenders • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

NEWS FROM UNION

BY MRS. BEN WEATHERS

Mr. and Mrs. J. M. Sterling of Knapp are parents of a son, James Thomas Sterling, born Oct. 2. His weight at birth was nine pounds, two and one-half ounces. His grandparents are Mr. and Mrs. J. E. Sorrells, Knapp, and Mr. and Mrs. T. J. Sterling of Snyder.

Mr. and Mrs. Howard Brooks and children of Midland, and the Rev. Larry Molane and Mrs. Molane of Snyder were dinner guests Sunday of Mr. and Mrs. J. G. Davis.

Sherman Carter visited early this week at Hominy, Okla., returning Wednesday. With him was his mother, Mrs. Della Carter, who will visit 10 days in the Clarence Carter home.

Mr. and Mrs. Alvis Minton, Mrs. Bruce Murphy and son, Michael were Sunday guests in the Ed Murphy home.

The First Baptist Church of Knapp and the community are grateful to Mrs. Cora Weathers of Snyder for her $500 gift to the parsonage fund.

Mr. and Mrs. A. R. (Sport) Barrett visited this week in the Ben Weathers home with Mr. Barrett's sister and her husband. The visitors were en route to Trenton to visit Mr. Barrett's parents, Mr. and Mrs. Ira Barrett, who are in failing health.

Mr. and Mrs. Carol McClutchen and two children, who have been living on the L. S. McDowell ranch for the last several months, will soon be moving to Big Spring. Effective Nov. 1, Dewey Everett and sons of Snyder have a three-year lease on the McDowell ranch.

Aubrey Cornwall of Illinois is visiting his sister, Mrs. Clarence Carter and family.

Mr. and Mrs. Robert Green and daughter and Mr. and Mrs. Alton Beck and two sons visited Sunday with Mr. and Mrs. Harley Smith and Mr. and Mrs. H. A. Smith, Jr.

Mr. and Mrs. Cliff Skelton of Midland and Mrs. Rosa Cotton of Seagraves visited with Mr. and Mrs. J. G. Davis during the week.

Mrs. Cora Weathers and Gene Warren of Snyder visited here last week end.

Mrs. Marvin Key, Wayne, and Mr. and Mrs. Garnet Kelley spent Wednesday with their parents at Andrews, Tex.

Marvin Davis, son of Mr. and Mrs. Marshal Davis, won the 4-H Club boys' feed contest of Borden County.

Ben Weathers was in Big Spring Monday for hay fever and sinus treatment.

Mrs. Walker Huddleston spent Saturday with her sister, Mrs. Ada Henderson, 2801 Avenue M, Snyder.

Mr. and Mrs. Charles Marr visited Sunday with Mrs. Marr's father, the Rev. McGaha of Canyon.

Hermleigh H-D Club Meets With Mrs. Davidson

Mrs. James Davidson was hostess to the Hermleigh Home Demonstration club Tuesday. Mrs. Ernest Corley presided, and a roll call was answered by each member repeating the flag pledge.

Mrs. A. B. Casstevens gave a demonstration on cleaning and caring for a sewing machine.

A nominating committee composed of Mrs. Davidson, Mrs. B. F. Henderson and Mrs. G. L. Wall named the following officers who will serve during 1951: Mrs. Frank Nachlinger, president; Mrs. Henderson, vice president; Mrs. Davidson, treasurer, and Miss Minnie Lee Williams, secretary and reporter.

Other committee reports were given, and the club voted to present Mrs. K. B. Rector with a gift in appreciation of the pictures screened at the club picnic recently.

Mrs. Wall was in charge of a social hour, game prizes going to Mrs. Casstevens, Mrs. Corley and Mrs. Fred Campbell. Mrs. Wall won the lucky number prize.

Refreshments were served to the following: Mrs. Emory Hall, a visitor; Mrs. Henderson, Mrs. Nachlinger, Mrs. Fred Campbell, Mrs. W. G. Mayo, Mrs. Corley, Mrs. Casstevens, Mrs. T. E. Shelburne, Mrs. L. H. Terrell, Mrs. Wall, Miss Minnie Lee Williams and the hostess.

Mrs. Nachlinger will be hostess to the club Tuesday, Oct. 24.

Alpha Club Studies Industries in Texas

The Alpha Study Club met in the home of Mrs. Garrett Harrell, 1312 Twenty-eighth Street, Tuesday afternoon to study industries in Texas. Miss Myrtle Harrell was hostess.

Miss Faye Harrell read a paper on ranching, pursuing the general theme, and Mrs. V. V. McGrew spoke on oil. Mrs. Helen Trix McMullan read from the lives of George Mahon and Omar Burleson.

Miss Harrell served the group a shrimp salad with punch and cookies, olives and garnishes. The group will next meet with Mrs. L. W. Dumas at her home, 3214 Avenue U.

Present were Miss Faye Harrell, Miss Myrtle Harrell, Mrs. Harrell, Mrs. McGrew, Mrs. McMullan, Mrs. Dumas, Mrs. O. R. Weber, Mrs. Forest Sears, Mrs. C. C. Kent, Mrs. Wilson Connell, Mrs. Wraymond Sims, and Miss Eula Stimson.

Baptist Honor New Choir Director, Wife

A food shower was given at the First Baptist Church Wednesday night for Mr. and Mrs. Ralph Wesson, who moved here recently from Borger, Tex., to work with the church.

Wesson recently assumed duties here as the choir leader and educational director of the Sunday School and Baptist Training Union of the church.

The shower was given at the close of the mid-week prayer service.

Snyder Fire Pumper Team Wins Contest

Fire Chief N. W. Autry and about 20 Snyder volunteer firemen took honors in Rotan yesterday at the Mid-West Fireman's Association semi-annual meeting as they outraced others with a six-man pumper team to win with a time of 22.8 seconds.

Members of the team were W. J. Ramsey, D. T. Pierce, Bill Brown, Bill Hardy, Gerald Sheid, and Doug Burney.

Following Roby's 14.7 time on the two-man hookup, the Snyder team placed second with 15.5. Hamlin's six-man hookup team took that race in 14 seconds and Snyder did not place.

Approximately 300 volunteer firemen took wives and visitors to the meeting as the Rev. Earl Creswell of the North Side Baptist Church, Snyder, opened activities with his invocation.

Autry, past president of the association, made the response to the welcome address given by L. E. Newton, formerly of Rotan. Principal speaker of the afternoon program was Col. H. R. Brayton of College Station, supervisor of the Fireman's Training Schol, who made a talk on butane fires.

Five hundred people were present to feast at the chuck wagon supper at the swimming pool grounds in the evening and to dance at the VFW hall after the supper.

Cities who had representatives there other than Snyder were Rotan, Roby, Baird, Cisco, Albany, Post, Merkel, Stamford, and Colorado City.

Hamlin was decided as host for the next meeting in April.

Ira Man's Right Leg Fractured in Accident

A 26-year-old service station attendant, H. V. Dosier, of Ira, suffered a broken right leg in an accident about noon today at the Arnett & Foster Service Station, 2200 Twenty-fifth Street.

Ralph Foster, one of the station owners, said the brakes on an automobile which he was driving onto a grease rack failed to hold, the car striking Dosier and pinning his leg against the brick wall.

Foster said Dosier had been an employee there two days. The accident occurred at 12:20 o'clock. Dosier was rushed to the Snyder Hospital in a Bolger-Barnes ambulance. His condition was not considered dangerous.

Rev. E. K. Shepherd Heads Pastors' Group

The ministerial alliance in a recent meeting elected the Rev. E. K. Shepherd to succeed the Rev. W. W. Adcock as president.

Other officers are the Rev. Robert Owens, minister of the Assembly of God Church, vice-president, and the Rev. Clifford Taylor, secre-

TALK OF THE TOWN

BY FRANCES BIOW

Of all the jobs women in Snyder take and hold, perhaps the hardiest is MRS. F. C. JOHNSON'S choice. This vigorous lady, who lives at 315 Thirty-first Street, look the situation over. She's naturally partial to carpentry and alhead of the large motel going up out on the "Y" and went out to lied fields, as her husband is a carpenter. She promptly hired herself out as a laborer, job being to pick up dropped building materials, fill in anywhere there is a need on the construction job. She's quite pleased with it, loves the outdoors. Funny thing, too, she's not the sturdy type. Small and fragile and lithe, she will surely help make that Chrsitmas deadline on construction.

AROUND TOWN: Luncheon with MRS. GERALD SHEID, who worried because a fire whistle sounded. "It would with half the boys on the volunteer force out of town for a fire convention in Rotan."

MRS. AUBREY STOKES very unhappy with a "crick", which kept her away from her busy desk at Snyder National Bank for all of several hours . . . A. L. SHELTON back on duty, smiling his amit is elsewhere in the city, 30 iable smile around the square, except when the parking meter says VIOLATION . . . Change of weather leaving cases of sniffles in its wake, discussion among the girls of what-on-earth to wear. MRS. R. E. PATTERSON says a suit is the only thing . . . Much flurry going on around Western Union re the robbery . . . MRS. LAWRENCE DUMAS describing the wonderful-smelling apples in such abundance in the Fort Davis mountains where the Dumases weekended. "Mr. Dumas said 'Let's buy some and go home and make fifty apple pies', as if we have time to make one apple pie, however good pie is these zippy fall days.'

Swenson's grandfather was a gunsmith and his father was a jeweler, so he cames naturally by his ability. It's slow, exacting, precision work but, says Swenson, it "beats fighting all hollow."

The best Christmas trees are raised widely spaced to allow symmetrical growth.

20th Century Club Has Study Meeting

Mrs. D. P. Strayhorn, 1203 Twenty-fourth Street, entertained the Twentieth Century Study Club Tuesday afternoon.

Mrs. W. J. Ely gave a talk on "The Magic of Music," and Mrs. H. J. Brice spoke on "The Magic of Books."

Mrs. Strayhorn served a salad course to Mrs. I. W. Boren, Mrs. W. H. Cauble, Mrs. Nelson Dunn, Mrs. W. D. Harrel, Mrs. L. M. Irion, Mrs. Ola B. Leath, Mrs. L. A. McClanahan, Mrs. Fritz R. Smith, Mrs. Ernest Sneed, Mrs. B. M. West, Mrs. Ely, and Mrs. Brice.

The club will next meet Oct. 17 in the home of Mrs. I. W. Boren, 2901 Avenue T.

Altrurian Daughters Continue Study Course

Mrs. Herman Doak was hostess Wednesday to the Altrurian Daughters at her home, 3104 Avenue W.

Pursuing the study club's theme of "Other People's Lives," Mrs. J. D. Scott read a paper on "Garner of Texas."

The hostess had decorated her rooms in roses in dainty shades of pink and yellow. She served a salad plate and coffee.

Present were Mrs. Harold Brown, Mrs. N. R. Clements, Mrs. Charles Cooper, Mrs. Lee Stinson, Mrs. R. E. Patterson, Mrs. R. C. Miller, Mrs. Marcel Josephson, Mrs. Borden Gray, Mrs. D. K. Ratliff, Mrs. J. B. Turner, Mrs. Bert Dennis, Mrs. Billy Long, Mrs. B. L. McKinley, and Mrs. Scott.

The next meeting will be with Mrs. N. R. Clements Oct. 16.

Snyder Women Attend Flower Club Meeting

Representatives of the Snyder Garden Club who went to Lubbock this week to attend a meeting of the Lubbock Garden Club were Miss Myrtle Harrell, president, Miss Faye Harrell, Mrs. O. R. Littell, Mrs. Forest Sears, and Mrs. W. R. Bell, Sr.

The speaker at the flower fanciers' meeting was J. Gregory Conway from Fullerton, Calif., who has lectured on floral art for the Mexican and Cuban governments as well as the University of California, the University of Minnesota, Stanford, and the University of Hawaii.

New Equipment Is Available In Soil District

A whirlwind terracing machine, a two-row grass and legume planter and an eight-foot grass seed drill are among the latest pieces of equipment purchased by the Upper Colorado Soil Conservation District board for use in this district.

"The district-owned equipment is available for conservation use to all farmers within this soil conservation district," stated Charlie Hunnicutt, chairman of the board.

It is available for rent, the fee being used to cover maintenance, depreciation and operating costs. This is in compliance with the regulations set by the State Legislature which appropriated the funds for use in soil conservation districts.

John Zalman, Jr., a member of the board who lives six miles south of Hermleigh, is in charge of the equipment. He reported that currently there is considerable demand for the two-row planter. Those wishing to use the equipment should contact or write Zalman in Hermleigh.

The whirlwind terracing machine is available at a rate of 65 cents an hour plus $1 per day for each day kept. Rental on the two-row planter and the grass seed drill is 40 cents per acre plus $1 per day. This equipment should be picked up and returned to the Zalman farm.

Bridge Club Meets With Mrs. R. B. Sears

Chez les Amies Bridge Club met with Mrs. R. B. Sears Thursday afternoon. Mrs. Sears had decorated her home with ceramic figurines which she makes, filling each with marigolds.

Mrs. Charles Cooper took the high score prize; Mrs. N. R. Clements the traveling prize; and Mrs. R. C. Miller, the bingo prize. Mrs. Sears had as guests Mrs. R. C. Miller and Mrs. J. D. Scott.

The hostess served a frozen salad course to her guests and to the following members: Mrs. Bob Bierstaff, Mrs. D. S. Bodie, Mrs. Harold Brown, Mrs. Myron Hubbard, Mrs. V. V. McGraw, Mrs. R. A. Schooling, Mrs. W. B. Thurmon, Mrs. C. V. McClatchey, Mrs. L. Baucum, Mrs. Cooper, and Mrs. Clements.

Mrs. Thurmon will be hostess to the group next meeting at her home if the Country Club still is not available.

Party Marks Birthday Of G. L. Hartley,

G. L. Hartley, 2703 Twenty-fifth Street, was honored with a birthday party on his eightieth birthday Sunday.

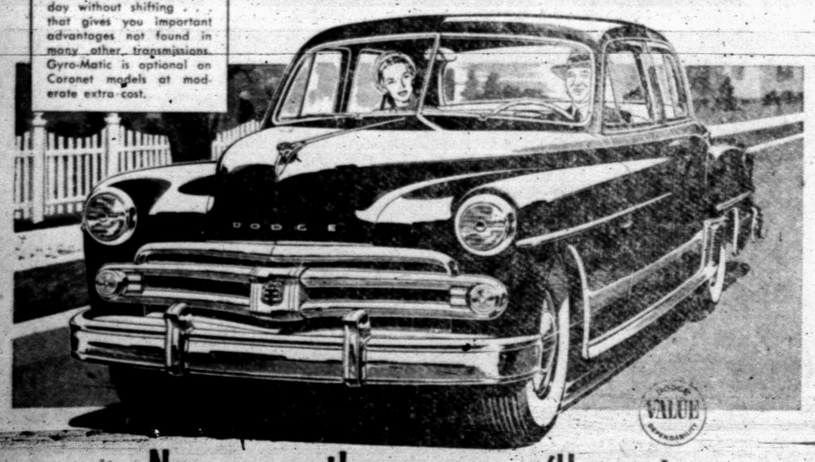

Present for the dinner and celebrating were Mr. and Mrs. Ralph Johnston and children; Mr. and Mrs. George Frank and children; Mr. and Mrs. Glorice Hartley; Mr. and Mrs. Ben Hartley and children of Big Spring; and Hollie Hartley.

Who Runs America?

the Congress? the President?

OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA *is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!*

IN MUCH OF THE WORLD *today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.*

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

- General Federation of Women's Clubs
- American Farm Bureau Federation
- National Grange
- Veterans of Foreign Wars
- National Conference of Catholic Charities
- American Protestant Hospital Association
- American Legion
- National Association of Small Business Men
- United States Chamber of Commerce
- National Association of Retail Grocers
- National Retail Dry Goods Association
- American Bar Association

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the prideful security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today in America—70 million people are protected by Voluntary Health Insurance! • Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. • For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

You and Your Neighbor Run America!

Brownwood Woman Is Bride Of Sig E. Line of Snyder

Mr. and Mrs. Sig Line following their wedding Sept. 1 in Hobbs, N. M.

Episcopal Service in New Mexico Performed September 1

Miss Marie Scott, daughter of Mrs. Milton Scott of Brownwood, was married Sept. 1 in Hobbs, N. M., to Sig E. Line, son of Mrs. Carrie Line, 2512 Avenue N.

The evening service was performed in the Episcopal Church in Hobbs. Fred Boyd, of Hobbs, brother-in-law of the bridegroom gave the bride in marriage.

Mrs. Line wore a lace dress with a long train and a finger-tip veil. She carried a bouquet of red roses on a white Bible.

Attending the bride was Mrs. Fred Boyd of Hobbs, who wore a blue evening gown. Mrs. Boyd is a sister of the bridegroom.

Bill Line of Snyder, brother of the bridegroom, was best man.

Large baskets of gladioli decorated the church for the double ring ceremony. Special music was provided by Mrs. C. T. Corbett of Hobbs, organist.

A reception at the home of Mr. and Mrs. Boyd followed the ceremony. After the reception the couple left for a trip in New Mexico.

Mrs. Line is a graduate of Sweetwater High School and attended Howard Payne College. Before her marriage she was employed by the telephone company.

Mr. Line is a graduate of Snyder High School and attended Texas Technological College at Lubbock. For the last few months he has operated the Sig Line Chevron Service Station on Twenty-fifth Street.

The couple are living at 3009 Avenue U here.

Home Ec Girls To Stage Hobo Day Saturday

High school home economics students will dress in blue jeans and plaid shirts next Saturday for Hobo Day, when they will do odd jobs to make money for the home economics department.

The 186 girls will divide themselves into teams and canvass the entire town, knocking on doors and offering to do a variety of jobs about the house or yard.

Mrs. Joel Hodges and Miss Vera Periman, home economics teachers, explained that money the girls make will be used for such items as draperies for the home economics room, accessories for the bedroom and living-dining room, and other materials needed in home economics courses.

Some of the jobs for which girls have volunteered include washing windows, baby sitting, cleaning house, washing dishes, washing cars, polishing silver, baking cakes, or cookies, sewing on buttons and mending, ironing, picking cotton and running errands.

Anyone wishing to have any work done should contact any girl taking home economics, Miss Perman and Hodges said, but asked that no calls be made to the school.

A contest is being held among classes to see which one brings in the biggest sum of money.

Class chairman Mary Sue Boren, Wanda Griffith, Georgia Wall, Louise King, Charlene Stewart, Allena Higgins, Ruth Schooling, and Betty Toan Norred.

Some who hold regular jobs are donating part of their salaries for the project.

Donations made during the campaign to improve the home economics department have included Roe Home and Auto Store and a set of dishes with service for 12 given by Mrs. L. N. Periman, mother of Miss Vera Periman.

The home economics department is housed this year in new rooms constructed during the summer above the old science and home economics laboratories at the high school. The teachers said that, with the additional space provided, last year's equipment is no longer adequate.

Walter Randermann's Hearing Postponed To Tomorrow Morning

The examining trial of Walter Randermann, 33-year-old suspect accused of the Oct. 3 armed robbery of Snyder's Western Union office, was postponed twice today because of the absence of witnesses.

The trial—which is only for the purpose of determining whether there is sufficient evidence to warrant the justice court's binding of the defendant over to the grand jury at its next session—was originally set for 9:30 o'clock this morning.

John Ford, Snyder attorney representing Randermann, was granted a postponement of the examining trial this morning to allow him more time to produce witnesses in behalf of the defendant.

The time of the trial was then set for 1:30 this afternoon, but it was postponed again at the request of the county attorney, Ben Thorpe, because of the absence of another witness.

This witness, O. P. Williams, an oil field employee, walked into the telegraph office while the robbery was taking place, and since that time has not seen Randermann to identify him. Williams will be asked to identify the hold-up man from a group of men if possible for him to do so, Thorpe said.

Thorpe said other victims in the robbery told him they were not sure that Randermann was the gunman.

Oil Deal for County Tract Is Rejected By Commissioners Court

The commissioners court this morning declined to accept an offer by independent oil operators, W. Dale Martin and Clyde Cantrell, allowing the county one-sixteenth royalty from a proposed well to be drilled adjacent to county property near the Country Club.

The proposal was to drill the well at an angle from a drillsite on the Haynes farm, west and adjacent to the county's tract of land, which measures 100 feet in width and parallels the Lubbock highway for approximately 2,370 feet, allowing the Haynes farm one-eighth royalty and the county one-sixteenth.

No drillsites can be established on the country's property, which, according to law, can be used for road right-of-way purposes. The proposed well, however, would be drilled at an angle from the Haynes farm to tap the county tract below.

No action was taken by the court concerning the proposal, but each of the commissioners stated informally that he would not consent to the proposal allowing the county only one-sixteenth royalty.

Snyder Man's Orders To Active Duty Are Revoked By 4th Army

Bob Davie, Snyder lawyer, yesterday received orders from Fort Sam Houston, San Antonio, revoking an earlier call to active duty with the reserves.

He was to have reported Nov. 6.

The orders were revoked by 4th Army headquarters in view of World War II service, wounds, and disability compensation.

Courtroom Balcony Is Converted to Offices

The completion of two offices and a waiting room for use by the county attorney's office will give the district courtroom a new look soon and provide for utilizing approximately 1,250 square feet of floor space which has seldom been used in the courthouse.

The rooms, which have been under construction since Tuesday morning, will replace the entire balcony of the district courtroom.

Three steel sash windows overlooking the courtroom have been installed in the partition which separates the offices from the courtroom and extends the full length of the balcony.

Old timers say they recall few times when the balcony was needed. O. A. McAlister, owner of the McAlister Transfer & Storage.

The rooms are being built by Storage.

America's ice plants freeze a total of 103,000,000 gallons of water daily.

Reunion For Mrs. S. W. Yoakum Held On Her 74th Birthday

A family reunion was held Friday night for Mrs. S. W. Yoakum on her 74th birthday in her home at 2307 Avenue I.

At the dinner party were her daughters, Mrs. Vivan Fikes, Mrs. Ellery Kirkland, and Mrs. Gib Tatum. One son, E. E. Sutton of Shreveport, La., was unable to attend. Mrs. Mattie Weems and daughter, Johnnie, were guests. Also there were many of Mrs. Yoakums 17 grand children present.

University Students Stage An All Night Wake For Tickets

AUSTIN, Oct. 12. (AP) — An all-night wake at Gregory Gymnasium rewarded 610 University of Texas students with football tickets to the Texas-Oklahoma game at Dallas Saturday.

The ticket-hungry students began lining up on the gym steps at 5 o'clock yesterday afternoon. They came equipped with food, drinks and bedding. Starting at 7 today they each paid $1.30 and sleepily walked away with one ticket each.

"I don't think it was worth it," said one bedraggled co-ed who arose from a blanket on the floor and lined up for her ticket.

"Yeah, horns," said one freshman weakly.

SPECULATORS

The 610 additional tickets were put on sale after the student body had quickly gobbled up the original assignment of 6,500 certs Tuesday. Officials suspected many of the first pasteboards were grabbed by speculators.

The only thing that marred the party-like atmosphere of the all-night vigil (and prevented long naps, too) were the roll-calls every hour. Members of Service Fraternity Alpha Phi Omega, in order to assure the early comers, took all students' names and assigned them a place in the line.

When a student missed a roll-call, his name was dropped from the list. About 20 Longhorn rooters dropped out during the night.

The eager Texas supporters brought radios, guitars, ukes and harmonicas. They played bridge, chess and poker. They guzzled from thermos bottles filled with water, coffee and other concoctions.

ROUGH SITUATION

"This is a rough deal," said a student as he arose from his mattress at 3:30 o'clock this morning to answer a roll-call.

"I've got a date for the game and the only way I could get her a ticket was to bring her down here to wait with me."

The enthusiasm of the music and singing began dying out about with the approach of dawn.

Alpha Phi Omega did a good job, Business Mgr. Ed Olle commenced after it was all over. Nobody waited in vain for a ticket. The few tickets remaining after the last vigilant waiter was served went quickly to students who joined the line early this morning.

Two Abilene Men Are Speakers At Kiwanis

Visiting Kiwanians furnished a program for local members of the Kiwanis Club today in their luncheon at the Country Club.

Coming from the Abilene Kiwanis Club, two members spoke to orginazation as they were introduced by Sid Pass of the Abilene chapter.

Tom Wagley, Abilene real estate man, spoke to the members on the inoividual Kiwanian. Mack Eden, former district official of Kiwanis Clubs, told attendants of leadership in the club, along with explanation of club officers' duties and responsibilities.

WANTED

A barber shop built in Fluvanna, a barber and beauty operator, and need a tourist court built here.

Mrs. Foster Is Coffee Honoree

Complimenting Mrs. Bobby Glyn Foster, the former Griffa Burrow, Mrs. J. W. Burleson recently entertained with a gift coffee at her home at 811 Twenty-ninth Street.

Garden flowers decorated the party rooms where guests were received and registered by Mrs. Philip Fisher, aunt of the honoree. Others in the house party were her mother, Mrs. M. O. Burrow, her grandmother, Mrs. F. S. Burrow, and another aunt, Mrs. Lois Leech, who read a poem to the bride.

The lace-laid table was graced with a silver coffee service and centered with an arrangement of yellow dahlias and blue morning glories.

Attending and sending gifts were: Mrs. J. H. Trussel, Mrs. E. B. McLemore, Miss Barbara Riley, Mrs. Claude Ingram, Mrs. Grady Moore, Mrs. Myrtle Gee, John Cole, Mrs. D. T. James, Mrs. Philip Fisher, Mrs. R. S. Burrow, Mrs. Roberta Taylor, Mrs. Maude Taylor, Mrs. Jess King, Mrs. Bert Baugh, Mrs. Doc Merton, Mrs. Ernest Adams, Mrs. Lois Leech of Hermleigh, Mrs. C. D. Burrow of Fluvanna, Mrs. J. W. Burleson, Jr., Lubbock, and Mrs. E. M. Burleson, Lubbock.

Modern European and North American cities owe their checkerboard plans to the layout of Roman military camps.

Christmas Decorations In City Planned

About $1,500 will be needed to purchase Christmas decorations for Snyder this season, it was decided at a meeting last week of the Chamber of Commerce.

Chamber members will be solicited soon for funds to purchase about 100 30-inch wreathes, made of plastic, securely wired, and illuminated by eight lights. These will be suspended from light poles along the square and business streets leading into the central shopping district.

"The initial cost of the decorations will be heavy," Harold Bennett, manager of the Chamber of Commerce, told the merchants group, "but the lights can be used season after season if we buy high-quality decorations."

Civic clubs will be asked to build representations of Biblical scenes on each side of the courthouse square.

The committee also decided to open the Christmas season here with a parade Dec. 1.

Other action by the merchant's committee included recommendations to the chamber board of directors that rules be passed controlling solicitations, and that the city council be petitioned to pass laws controlling itinerant peddlers.

Boner Causes Apology

KHARTOUM, Angelo-Eyptian Sudan, (AP)—The Official Sudan Monthly Record entered a red-faced apology for its report on "anti-natal" clinics proposed for Port Sudan. After a correspondent pointed out that such clinics would make unnecessary a projected midwifery school there, the record said it regreatted the error—that "ante-natal" was, of course, intended.

Junior High Kittens Tramp On Rotan Team

Ernest Kinney's Junior High School Kittens spatted out a 20-0 score against Rotan's young eleven Thursday afternoon in a rough-and-tough first game.

Scoring back for the Kittens was Fullback Robert Hagins, who began with a 10 yard run over and 6-0 in the second quarter. This was not enough for Hagins, who went back downfield, kicked off to Rotan, and ran downfield to cover the ball he kicked as it crossed the goal line. He kicked another point to put the score up to 13-0.

Morris Hataway, quarterback, picked up the third scoring in an eight yard run in the third quarter, and Hagins kicked a point again for 20-0 and the final scoring of the game.

Horace Bostick's Rotan boys gave several scares in Kitten territory, but never succeeded in getting near enough to the goal.

Outstanding linemen for the Kittens named by Kinney were Hilton Horton, end; Junior McCormick, guard; and Frankie Minton and Stephen Blaire, tackles.

Officials for the game were Snyder coaches Speedy Moffett, Mule Kayser, and Jack Blanchard.

The next Kitten game will be with Hobbs on the high school practice field here next Thursday at four o'clock.

The National Geographic Society says the roseate spoonbill is returning to U. S. Gulf Coast nesting places after nearly 50 years' absence.

Fifty engineers worked a week to effect the first network hookup of two radio stations in 1923 — WEAF of New York and WNAC of Boston.
