Harvest of Slim Wheat Crop Draws to Close With Estimate Of Half-Million Bushel Yield

Yields Fail to Pay Cutting In Many Fields

Wheat harvest is three-fourths finished in the Perryton area, according to estimates of local elevator men, and another week will see the finishing of the slim 1953 harvest. Ochiltree county is expected to harvest 500,000 bushels of wheat this year, less than 15 per cent of a normal crop.

The wheat that is being cut now is averaging from 3-4 bushels per acre down to nothing. Some fields have been reported to be yielding seven and eight bushels per acre, but these are few and far between.

What is testing well, with most of it running from 58 to 60 pounds. Elevators in the county have received very little wheat thus far, and do not expect to receive much this year. Most of the wheat being harvested is going into farm storage, to be used for seed.

A combination of drought, late freeze, and hot winds in May and June have dropped the yield of county fields well below estimates made a month ago. Many instances have been reported where combines pulled into fields, but pulled out after cutting a few rounds because the few grains of wheat harvested would not pay for the harvesting.

An estimated 70 per cent of the wheat acreage in the county was abandoned prior to harvest. The remaining 30 per cent, or 105,000 acres, may produce a half million bushels of wheat, enough for reseeding the county, but little more.

Annual Meeting Of Red Cross Set for Tuesday

Tuesday, June 30, is the date for the annual meeting of the Ochiltree Red Cross chapter, and anyone interested in Red Cross activities is invited to attend.

The meeting will be in the courthouse annex at 8:30 p. m. Tuesday.

Officers will be elected for the coming year and annual reports will be presented.

READY FOR NEW YORK—Is Lawrence Ragan, 13-year-old son of Mrs. Sue Ragan, who leaves Wednesday for a four-weeks stay at Lake Chautauqua, N. Y., with the famous Columbus Boychoir. He was accepted for the camp at an audition with the Boychoir in Perryton last March.

Lawrence Ragan to Join Noted Columbus Boychoir in N. Y.

Lawrence Ragan, 13-year-old son of Mrs. Sue Ragan, leaves Wednesday for Chautauqua Lake, N. Y. for four weeks of music with the famed Columbus Boychoir which visited Perryton last March.

Lawrence auditioned with the choir at their Perryton visit and was invited by director Herbert Huffman to come to New York this summer to study music with the boys. He was the only Texas lad deemed promising enough to be invited to the summer camp and he is in line for membership in the famed musical organization.

However, Lawrence does not plan to go on tour with the choir next winter, preferring to remain in the Perryton school. But he does like the idea of a summer camp with the group.

An opera company and a symphony orchestra from New York City are at Chautauqua Lake, near Buffalo, and have daily rehearsals as well as performances several nights each week.

Members of the Boychoir spend two hours each day singing and studying music and the rest of their day is spent in various camp activities.

The boys attend the opera and symphony presentations during the week.

Lawrence has been singing in the Methodist church children's and young people's choir for several years. The only formal voice instruction was received last summer from Marvin Genuehl, former minister of music at the Methodist church.

Mrs. Ragan and two sisters, Mrs. Earl Smith of Guymon and Mrs. L. H. Anderson of Pampa, will take Lawrence to New York. They will leave next Wednesday and will visit points of interest in New York and in the East en route to Lake Chautauqua.

Dollar Day Is Tuesday, June 30

Tuesday is Dollar Day in Perryton. In addition to the many bargains offered by local merchants, the Chamber of Commerce is giving away ten silver dollars to persons who answer their phone Tuesday with "Hello, This Is Dollar Day in Perryton."

If you answer your phone correctly all day, you may get a call from the Chamber of Commerce telling you that you have won a silver dollar for the right answer.

All merchants have agreed to have an extra special Dollar Day bargain for the one day only. Some of these bargains are listed in a page in this issue of the Herald.

Other Dollar Day bargains are presented by merchants who are cooperating to make this bargain event one of the biggest trade promotions ever sponsored locally.

Sparrows Credited With Grain Theft

One wheat planter of this city said that after making four rounds with his combine on a section of wheat land he checked the grain bin to see how the yield was coming. "I looked, the bin was empty and I thought I had a leak until I noticed that a sparrow was grabbing the grain as it came out," the unhappy producer exclaimed.

REA Foreman Injured Monday By High Voltage

Wesley Pounds, line foreman for the North Plains Electric Co., was painfully injured Monday morning when he received a charge of electricity from the 69,000 volt transmission line at the Lipscomb substation.

He and two other REA employees were putting in another transformer at the substation and Pounds was working on the transformer with a brush. The brush came within eight or ten inches from the high voltage line and the electricity arced from the line to the brush.

Pounds said. The charge caught Pounds in the left hand, burning it badly, and came out in his leg, just behind his knee, where he was touching the metal transformer.

He was rushed to the Sanford Hospital by Carol Larkey, who was working with him. Pounds was treated for the severe burn on his hand and the lesser one on his leg, and was kept under observation for shock.

Lion Officers to Be Installed at Tuesday Banquet

New Lions club officers will be installed and a ladies night banquet are scheduled at 7:30 p. m. next Tuesday at the Hotel Perryton Harvester Room, Sam Hergert, president, reported today.

There will be no noon meeting next Tuesday.

The local club will also observe their 25th anniversary and all charter members will have a special reserved section. All former presidents will be introduced during the evening.

Wives have been asked to inform their husbands that the banquet will be informal. Ties and coats will not be tolerated. Irvin Hergert, arrangements chairman pointed out.

Officers to be installed are: Paul Loftin, president; Cole Harlow, 1st vice president; W. H. Lance, 2nd vice president; Irvin Hergert, 3rd vice president; A. P. Spicer, secretary; and

J. H. Woodward, Elliott Lee and Audie Conley, directors; Houston Maness, talltwister and Bill Allen, Liontamer. Holdover directors include: A. C. Witt, John Bolin and Kenneth Gibson.

Many Bargains To Be Found . . .

Bargains every week are to be found in Herald want ads. This week many farm ad bargains are listed and a wonderful selection of apartments and houses for rent. Club Presidents Meet Tonight on 400 Club Drive

Presidents of local civic clubs and organizations will meet tonight, Thursday, to make a final membership report on the progress of "The 400 Club."

Secretary John Mayfield of the club said that over 200 members are now enrolled and that the total is expected to climb toward 300 after reports are heard tonight.

Present plans call for the club to authorize construction of the center partition for the Veterans Memorial Building in either July or August. Estimates range around \$1,400 for the completion of the partition of the building.

Completion of the Memorial Building is first on the list of community projects to be undertaken by The 400 Club. Other projects will be considered as money becomes available.

Members of The 400 Club pay \$1 per month into the community project fund. The fund, and community projects, is administered by the officers and a steering committee chosen by the members.

PARCEL POST CHANGES—One of the results of a first class post office is smaller parcel post packages, and this photo shows the difference in size limits after July 1. On the left is the maximum size package after July 1, and on the right is the present size limit. Weight limits drop from 70 pounds to 40 and 20 pounds when the Perryton office goes first class. With the parcels is shown Leroy Hartman, clerk in the local office.

Perryton Post Office Goes to First Class Status On July 1

The Perryton post office will become a first class office on July 1, and with the change of status will come several changes in operation, announces postmaster Irvin Hergert.

Principal change, as far as patrons are concerned, will be in the mailing of parcel post. Size limits for parcels at present are 100 inches, length and girth combined, and after July 1, the limit will be 72 inches.

The weight limit for parcel post will be 40 pounds for local, first and second zones, and 20 pounds for zones three to eight. The present weight limit is 70 pounds for parcel post packages.

Rural route patrons may continue to mail packages up to 70 pounds to second, third or fourth class post offices.

Box rent goes up on July 1, too, to conform with the first class post office rates. The following increases are made: From 60 cents to 90 cents; from 75 cents to \$1.10; from \$1.00 to \$1.50; from

\$1.50 to \$2.25.

A number of other changes in the operation of the office will go into effect on July 1, but these are mainly internal operation changes which do not concern the patrons.

The operation of the post office will continue as at present, with the same staff and same hours of operation. No more clerks or carriers are authorized under first class status.

Perryton reached first class status by paying more than \$40,000 in postal receipts during the calendar year of 1952.

Services Held Saturday for Mrs. Wm. Kuhn

Funeral services were held Saturday afternoon at the First Christian church for Mrs. Pauline Christine Kuhn, resident of Perryton for 34 years, who died Thursday, June 18, after an extended illness.

Mrs. Kuhn, born August 1, 1878 in Wurttemberg, Germany, came with her husband, the late William Kuhn, to Perryton in 1919 and she had lived here since that time.

Rev. J. W. McKinney, pastor of the First Christian church, of which Mrs. Kuhn was a devoted member, conducted the final rites. Active pallbearers were Ellis Kelly, Gilmer LaMaster, Guy Allen, Leon Shrager, G. E. Mur-

Legion to Meet Amarillo Friday

The American Legion junior baseball team will meet Amarillo Friday night at the local park in a Panhandle district game. The game will begin at 8:30 p. m., coach Glynn rBaden has announced.

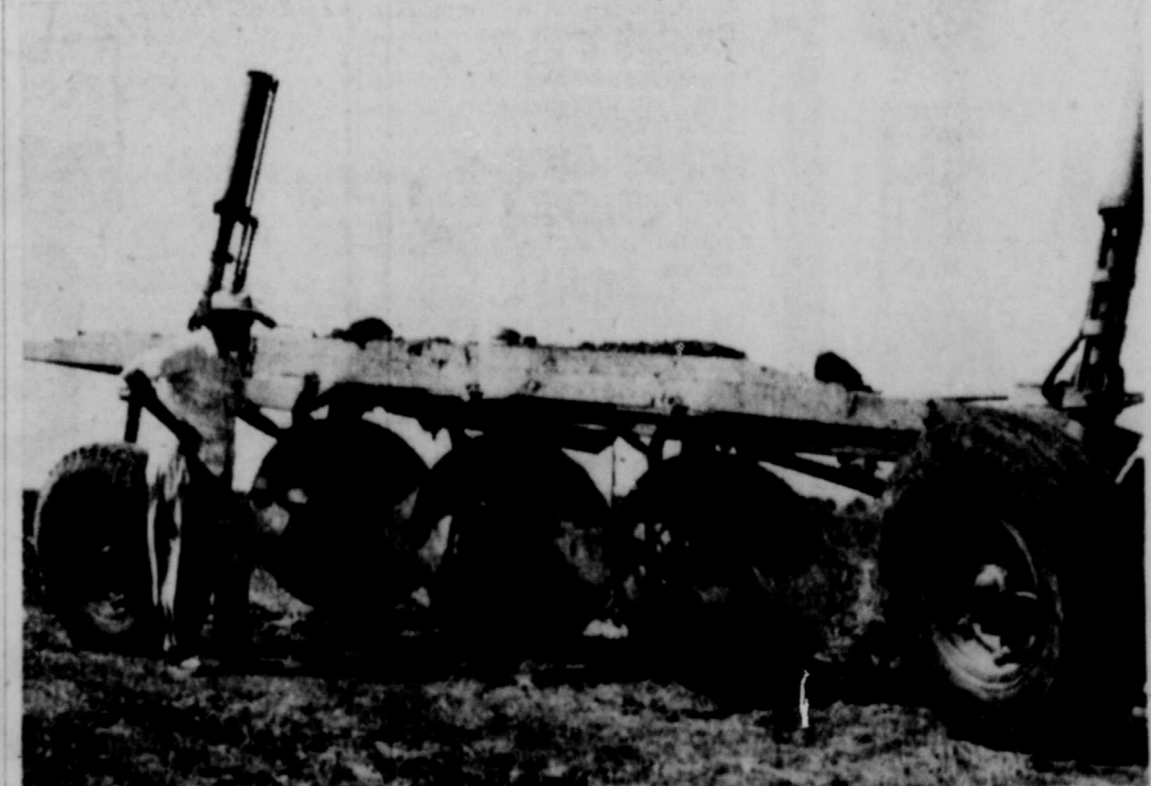

The Legion defeated Hedley Sunday by a score of 9-4. Shorty Dear pitched 5-hit ball to win his second game in as many starts. Billy Drake hit a 3-run homer in the third inning to pace the Legion hitters. Perryton collected 9 hits to 5 for Hedley.

'Aid to Korea' Drive Opens

"Aid to Korea Week", which is being held in Texas June 28 to July 5, will be observed in Perryton and Ochiltree county next week. Governor Allan Shivers has appointed a chairman in each of Texas' 254 counties to lead the drive on a local basis.

42-INCH DISCS are really tearing up the land on the G. E. Irvin farm 3 1/2 miles south of Farnsworth. Elliott Lee, county PMA manager, is standing by one of the discs for a size comparison. Lee is about six feet tall. Irvin is experimenting with the type plowing that is used in sandy land in the cotton country. The discs rip the ground from 14 to 16 inches in depth. He hopes to harvest a bumper wheat crop in 1955.

New City Well Connected to Water System

The new city water well, with a pumping capacity of 550 gallons per minute was turned into the city water system Monday afternoon to relieve the strain on present pumping facilities.

The booster pump for the new well has not arrived, but the well was connected into the city system because water consumption the past few weeks has kept storage facilities low.

Perryton has been using about 2,000,000 gallons of water a day, according to city manager J. B. Whigham. The towers and ground reservoirs are filled at night, then with all pumps operating during the day, consumption exceeded the pumping capacity.

The new well will deliver over 750,000 gallons per day, at full capacity, and this will relieve the pumping shortage. The other three city wells can pump about 125,000 gallons an hour.

City water consumption is running about 15 per cent higher than this time a year ago. Whigham said. Consumption has not yet reached the peak recorded last July and August, however.

Ellis, Pioneer, Dies June 18

The gap in the thinning of Ochiltree county pioneers was left Thursday night by the passing of Smith Ellis, the county's earliest settler.

Ellis died a few hours before his 92nd birthday. He had lived for several years, living in the home of his son, Carl Ellis, his daughter, Mrs. Virby Ellis. He was at the Conley home when death came.

Smith Ellis was born in 1861, in Jefferson county, Mo., and moved to Missouri

Mr. Ellis was always proud of the fact that he made the trip from Perryton to Kansas on the back of a mule.

He died on land in the southern part of Ochiltree county in living there in a dugout to "keep it up" and meanwhile part of his time in the Oklahoma strip, in the now defunct town north of Darrouzett. He and Mr. Fisk operated a store. He was married on Dec. 17, 1885, in Unionville, Mo., to Lydia

SOIL CONSERVATION TEAM—Neal Flathers and Lewis Waggoner, left, will participate in a state 4-H Club soil conservation demonstration at College Station today, using stubble mulch farming as their subject. They presented the program at Lions Club Tuesday. With them are Coke Harlow of the Perryton National Bank and Red Edwards of the First National Bank. The two local banks are paying the boys' expenses to the state contest.

Guests in the Bill Gray home the past week are Mrs. Theodora Foster of Las Cruces, N. Mex., and Mrs. A. C. Rogers of Oklahoma City. During their visit the group attended the Dixie Dice Musical in Amarillo in

which Billie Mae and Brenda Gray took part.

DEEP PLOWING of wheat land in Ochiltree county is something new and Elliott Lee, county PMA manager, is examining the soil in the 14 to 16-inch furrow cut by the plow. A test of the soil indicated that it was about as fertile at the bottom as on top. The land is owned by G. E. Irvin, Gage, Oklahoma and is located about 3 1/2 miles south of Farnsworth.

Canadian Expects Big Crowd At Annual July 4 Rodeo

CANADIAN, Texas, June 22—The "kick off" of the annual Canadian Rodeo will be a dance to the music of Bobby Burns of Amarillo, the night of Friday, July 3rd, followed by a dance Saturday, July 4, to the music of Phil Phillips, of Amarillo, and his orchestra.

Canadian's annual rodeo will get under way the morning of July 4 at 10 a. m. when there will be a gigantic parade consisting of floats representing various business firms of the city, antiquated vehicles, and the theme will be transportation from its inception down to date.

Saturday, July 4, has been designated Old Settlers' day with Alex Simpson in charge of arrangements. Following the parade, the old timers will go to the American Legion Hall where lunch and entertainment has been provided. Special prices are to be arranged for the oldtimers.

Booster trips are being arranged to surrounding communities to advertise the local celebration. The first trip, Thursday, June 25, will be in Texas to the north and west when Lipscomb, Follett, Darrouzett, Booker, Perryton, Spearman, Borger, Pampa, and Miami will be visited. The second trip on June 27 will swing east into Oklahoma visiting Arnett, Cheyenne, Sayre, Elk City, Shamrock, Wheeler and thence home.

At 2 p. m. Saturday, the first of two rodeo performances will get into action in the park east of town, and the final performance will be 2 p. m. Sunday. The show sponsored by the Canadian Roping Club jointly with the Chamber of Commerce, is produced and directed by Claude Hays of Weatherford, Oklahoma.

All of the top amateur rodeo contestants of the North Panhandle and Oklahoma will be here to compete for the \$2,300 offered in purses as well as merchandise awards. The cowboy events include saddle bronc riding, bareback bronc riding, calf roping, steer wrestling, Brahma bull riding, Team Tying, and there is an additional \$200 in the Girls Barrel Race.

County Agent to Attend Summer Range School

County agent Delbert Timmons will attend the sixth summer range school, sponsored by Texas A & M College, and will be gone until July 17.

He left Tuesday for College Station, taking two 4-H Club boys, Neal Flathers and Lewis Waggoner, to the state 4-H judging contests and will report June 29 at Tarleton State College in Stephenville to begin the range school.

The school will be attended by 16 county agents and nine vocational agriculture teachers. Major items to be covered in the school include range plant identification; proper stocking rates for ranges; brush control; deferred and rotation grazing and range economics.

During the three weeks the class will visit 13 ranches, two experiment stations, the Luling Foundation and will travel some 1,500 miles.

Travel will be by college bus with each student providing the equipment needed for working and sleeping in the field.

The trip will start in the Stephenville area, and will take the group to Jacksboro, Graham, Luling, Boerne, Kerrville and Sonora.

Glen and The Wind Have Double Trouble

Last year about this time the wind disrupted Glen Castleberry's fireworks business east of the city and again Monday night "Glen and the wind" had trouble. He said, "you remember last year—well, the same thing happened, but it didn't damage the building as much."

The Boy Scout fireworks stand on North Main was not damaged and Scouters will use their profit for local Scouting activities.

Cars Damaged in Sunday Accident

Two cars were damaged, but no one was injured in a collision early Monday morning about three miles west of Perryton on highway 117.

Earl Dean LaFever, driving a 1950 Ford, hit a parked 1950 Oldsmobile owned by D. O. Reynolds of Spearman.

State highway patrolman Bob Loving said that LaFever apparently went to sleep and ran off the road, hitting the Oldsmobile. No one was in the parked car.

Damage to the Ford was estimated at \$350; the Oldsmobile was estimated to have received \$450 in damage.

The area of Formosa is slightly more than that of Massachusetts and Connecticut combined.

Q. May I take institutional on-farm training under the Korean GI Bill on a part-time basis? I want to get a job in a factory in a nearby town the rest of the time.

A. Under the law, institutional on-farm training must occupy your full time.

Q. I was totally disabled in an automobile accident over six months ago, and my National Service Life Insurance premiums are under waiver. I have a permanent plan policy. Will my policy continue to build up guaranteed values, like it did while I was paying my own premiums?

A. Yes. A permanent plan pol-

icy under waiver of premiums provides increasing guaranteed values—including the loan privilege and the right to dividends—just as though you were paying premiums.

Q. I'm getting a VA pension for a total and permanent disability, and I live in a house that I received through an inheritance. If I sell the house, how much of the proceeds must be considered as income, in figuring whether I come under the income limitations for a pension?

A. In the case of a house that came into your possession through inheritance, all the proceeds will be considered as income, for pension purposes.

Q. I was released from service in July, 1952. By what date must I start training under the Korean GI Bill?

A. Veterans such as yourself released from service before August 20, 1952, must begin their training under the Korean GI Bill by August 20, 1954. Those released after August 20, 1952, have two years from date of separation in which to begin.

Farm Bureau Asks Help In Drought Area

WACO—The Texas Farm Bureau Federation asked President Eisenhower June 18 to "give serious consideration" to five proposals designed to alleviate the hardship suffered by livestock producers in the drought-stricken area of the state.

In a telegram to the chief executive, the TFBF board in session in Waco requested that immediate emergency measures be instituted to "relieve this drastic situation." The message, signed by President J. Walter Hammond, contained the following proposals:

1. That the drought-stricken portion of the state be declared a disaster area.

2. Provide through existing channels, or otherwise, a system of credit to enable livestock producers to maintain possession of foundation herds.

3. Provide necessary long-term credit for essential feed.

4. Make available surplus CCC feedstuffs at prices as low as those offered to foreign countries.

5. That the United States Department of Agriculture initiate a beef purchase and promotion program that will restore confidence, strengthen the market and tide the industry over this emergency.

The telegram also urged that a "thorough investigation be made of the disparity between producer and consumer prices" by Agriculture Secretary Benson's Livestock Advisory Committee which was to meet June 20 in Chicago.

The directors stated that livestock producers and credit agencies in this state "prepare for ordinary droughts, but this unprecedented drought has not only depleted ranges of forage, but has also depleted the sources of credit."

The telegram added that the situation has become so drastic that it has caused a near panic in the movement of livestock to market.

"We feel that this situation is

THE ROSENBERGS: This letter is being written shortly before the Rosenbergs are scheduled to be electrocuted. Capitol Hill has been a seething mass of humanity during the Supreme Court hearings. The White House has been under continual picketing by those opposed to the Rosenberg death sentence.

Large groups of people came in from New York and descended upon the Capitol and House and Senate Office Buildings. For several hours it was almost impossible to get through the halls in the Capitol outside of the Congressional chambers. Congress has been requested to investigate how these people were able to obtain transportation from New York to Washington and return for \$5.00, when the usual fare is approximately \$17.00.

Such an investigation could turn up some most interesting points. After all of the arguments from both factual and sympathetic standpoints, the one fact remains that the Rosenbergs committed acts of treason against this country for which they stand duly convicted and sentenced to death. Their acts of treason could result in the death and maiming of millions of people in this country. If there was ever a case where punishment fits the crime, it appears to me to be in the Rosenberg case.

THE DROUGHT SITUATION: Congressman Ikard of Wichita Falls, Congressman Mahon, of Lubbock, and myself called upon the Secretary of Agriculture, Ezra A. Benson, this afternoon to discuss with him the possibility of early action in meeting the requirements of the farmers and the ranchers in the drought stricken areas of the Southwest.

On June 1 the entire Panhandle of Texas was shown in the U. S. Department of Agriculture Crop Report as being an area of near failure insofar as crop production is concerned. It is temporary, but that if not halted immediately, will result in the forced sale of breeding herds which would eventually be reflected in higher prices to consumers. In addition, it could wreck the economy in a vast livestock-growing area," the telegram stated.

Dysentery On Increase In Texas Areas

AUSTIN—Commenting on the unusually high incidence of dysentery in Texas at the present time, Dr. Geo. W. Cox, State Health Officer described dysentery as being an infectious disease characterized by diarrhea, pain in the abdomen and toxemia. It is caused by a specific bacteria or germ. These germs cause inflammation of the lining of the intestinal tract which produces pain throughout the abdomen and the discharge of many loose stools that frequently contain blood and mucus. Toxemia results from absorption of the poisonous substances produced by the germs.

"The germs gain entrance to the body through the mouth," Dr. Cox said, "and then make their way to the intestines in the same manner in which food does. When they reach the intestines they find conditions favorable to their growth, and there they establish themselves at the expense of the person infected and produce their harmful effects."

Dr. Cox warned that dysentery affects young children more often and more seriously than adults, frequently resulting fatally; however, he said it may occur at any age. It is usually more prevalent during the summer season, and the great number of cases now being reported are unusual for spring.

"The germ is always expelled with the excreta of persons sick with dysentery and may continue to be expelled for some time after the patient recovers from the disease. The persons who still discharge the germs after they recover are called carriers, and they occur more frequently in this disease than in the majority of other infectious diseases."

"Food protection and adequate sanitary measures are more urgently needed now than ever before if we control the potential possibilities of epidemic dysentery in this State."

pects are concerned and in the same category insofar as pasture-feed conditions are concerned. This situation has grown worse since June 1st and there are no signs of relief from the weather standpoint. It would be my prayer that you have been blessed by a soaking rain when this letter reaches you.

Several days ago members of Congress representing this drought stricken area in the Southwest met with representatives of the Farmers Home Administration, The Commodity Credit Corporation, and the Bureau of the Budget. The purpose of the meeting was to speed up the mechanics of bringing some relief to the stricken areas. The has indicated its willingness under its present powers to go as far as possible under its loan program. If further authority is needed to meet the situation, I believe the Congress will provide it without delay.

In the meantime, request has been made for use of the Presidential Emergency Fund, which was created to meet disasters. The representative of the Bureau of the Budget indicated that there might be some hesitancy to consider a drought the type of disaster intended by the law creating this fund. He seemed to feel that there was some thinking to the effect that the disaster intended was an immediate and temporary type of occurrence.

We quickly briefed him on the fact that a drought is not an immediate or temporary disaster and that "drought" was listed in the major disaster definitions contained in Public Law 875 of the 81st Congress, which is the law creating this fund. I wrote the President that I could not too strongly urge early action as the situation is extremely bad

and growing worse. Only recently I was discussing the problem with a lawyer friend of mine from the Panhandle who was in Washington.

I asked him to tell me in exact terms just exactly how bad the situation was. He replied that if it was any place except the Panhandle of Texas, a lot of the people would have already moved out. I think this is one of the highest compliments that could be paid to the people there who have fought the elements thru the years and have built one of the finest stocks of Americans in the United States today.

Fire Damage at Master Cleaners

A fire in the boiler room of the Master Cleaners did an estimated \$75 in damage Saturday, but none of the clothes at the plant were harmed.

Calvin Phillely of the shop said that defective wiring around the boiler apparently caused the blaze, which set fire to some lumber and damaged the boiler.

Up to 1930, far more males than females immigrated to the United States, but in that year the proportions were reversed and each year since that time there have been more female than male immigrants.

Among the Zuni Indians of New Mexico, many of the jewelers are women.

This Is The New Medium-Priced Car
For Folks Who Want a Lot of Car for Their Money

The New Packard CLIPPER

If you've reached the point where you want more car... a larger car, a smarter car, a finer car... here it is!

MAYBE you're saying: "Wait a minute! I've got to keep it around twenty-five hundred dollars. Why isn't a dressed-up, low-priced car about what I want?"

We're glad you said "about what you want" because you'd soon discover that a low-priced car dressed up like a "big car" is still a lighter, smaller car by a good deal than a Packard CLIPPER.

And besides, a Clipper gives you the choice of adding power steering, power braking or power shifting... all three, if you want them. These are real big-car features really needed for today's tough, teeming traffic.

"Is this Clipper really big?"

Well, check the dimensions: 122-inch wheelbase, 213-inch over-all length. Big as it is, it's still perfectly parkable in tight places. And out on the open highway,

you'll find that it's a big-car riding dream!

You ask, "Has it got a good engine?" Yes, sir!—the most famous engine in automotive history—a Packard engine.

Has it got big-car feel on the road? Why not try a ride for yourself—with you at the wheel, and over a road of your own choosing.

So, if you've reached the point where you want more car... be sure to see and drive the new Packard CLIPPER and compare it with other medium-priced cars. The Packard dealer nearest you is listed below—see him soon!

New Packard CLIPPER

In addition to the Clipper, PACKARD is building today a car so beautiful and fine that it is applauded everywhere as "America's new choice in fine cars."

Citizens Asked to Express Views On Price Supports

Citizens of Colorado and Texas are being offered the opportunity to express their views as to the agricultural program this week through publication of a ballot in their weekly papers and in Texas, the editors of the home town papers are helping in the survey.

The secret ballot, which need not be signed, is being carried this week in regular edition. The reason for this poll is the apparent differences of opinion between some organized groups and the rank and file producers who say that statements of a few members of these organizations do not reflect the true feelings of the majority of the livestock producers and farmers.

The state livestock paper of Colorado, The Denver Record-Stockman, last week ran the ballot. A partial count of the ballots revealed that 43 percent voted in favor of livestock and grain supports. Thirty-eight percent favor removal of all supports. Only one and one-half percent favor the present rigid supports of grain, while livestock remains unsupported. Let's see how Texans feel about it and what type program is favored.

The Herald will co-operate in this poll and Ted Gouldy of the Live Stock News Service in Fort Worth has offered to tabulate the returns from the some 350

Texas county newspapers and we will carry a complete story of the results of the Texas opinion poll when this is completed.

The ballot is secret, you need not sign it.

I FAVOR

- Check One
- () 1. I favor removal of all price supports in agriculture.
 - () 2. I favor price supports on cattle, hogs and sheep as well as other agricultural commodities.
 - () 3. I favor flexible price supports on agriculture, excluding cattle, hogs and sheep.
 - () 4. I favor continuation of the present program of fixed price supports on grain but no supports on livestock.
 - () 5. My own plan, which is

India Seeks Middle East Oil

NEW DELHI (AP)—India will explore possibilities of purchasing crude oil in South-east Asia for the projected Caltex Oil Refinery on the East Indian coast of Vishakapatnam, production minister K. C. Reddy says.

He added that Middle Eastern oil would prove nearest for new refineries under construction in Bombay Harbor.

India will save \$21,000,000 annually in foreign exchange thru the refineries, Deputy Commerce Minister D. P. Karmarkar says.

Jane Parrish and the couple were living in the Beaver county strip when their oldest son, Carl, was born in 1891. Three other children were born to the couple—Pearl, later Mrs. Paul Schoeny, who died in 1921 at Las Vegas, N. M.; Chancy, a son who died in infancy; and Helen, now Mrs. Virby Conley of Perryton.

The family moved to Las Vegas, N. M. in 1905, where it was thought the climate would improve the failing health of Mrs. Ellis. She died in 1915 at Las Vegas and in 1925, Mr. Ellis was married at Las Vegas to Mrs. Louise Turner, who survives him.

Smith Ellis was one of the few remaining pioneers who could recount from first hand experience the hardships of the early days on these plains before the days of fences or even roads. He was one of the handful that organized the county in 1886 and saw it develop from a wide expanse of grassland to a prosperous wheat and cattle country.

In addition to his wife, son and daughter, he is survived by seven grandchildren and 11 great-grandchildren.

Rev. H. L. Thurston of Stamford, Rev. J. W. McKinney of the First Christian church and Rev. A. B. Cockrell, pastor of the First Methodist church conducted the final rites at the First Methodist church Sunday afternoon in a Knights Templar service.

The Ochiltree Lodge conducted graveside services.

Pallbearers were Carl Ellis, Drew Ellis, Dan Ellis, Donald Ellis, Virby Conley, W. Logan, Ellis Schoeny and Lloyd Schoeny.

Interment was in the Ochiltree cemetery.

generously to the emergency relief fund to aid Korean civilians.

Paul Loftin is chairman of the Ochiltree county committee. Serving with him are Otis Burk, Irvin Hergert and Howard Slaughter.

Churches have been asked to aid the campaign on the opening Sunday of the Texas phase by calling attention to the need for funds, and wherever possible to make special collections to be turned into the county fund for Korean relief.

The Texas effort is part of a nation-wide observance to raise \$5,000,000 in an emergency campaign to provide immediate aid to millions of displaced sick and injured persons and orphans in Korea. U. S. troops in Korea have contributed more than \$13,000,000 in the past three years from their soldier pay to aid the Koreans.

Hospitals, homes and orphanages are being maintained solely by funds donated by these men. American civilians are asked to do as much.

Contributions may be sent to chairman Loftin of the county committee. Checks should be made payable to The American-Korean Foundation.

Report Four Checks Stolen From PO Boxes

Apparent theft of four checks from boxes at the Perryton post office was discovered Sunday afternoon when two children discovered the checks blowing in the wind a block away from the office.

Bill Seitz, Canadian, and Lynn Mir of Durango, Colo., grandchildren of Mrs. Ruth Seitz of Perryton, found the checks in the tree row near the home of Mrs. G. D. Holt, 221 S. Baylor. There were no envelopes with them.

Three of the checks were made out to the Chamber of Commerce and one was made to the Hergert Flower and Gift Shop. Investigation revealed that all four checks had been mailed Saturday.

The children gave the checks to Mrs. Seitz, and she took them to W. E. McMillen, who called sheriff Ray Phagan.

Postmaster Irvin Hergert said that a postal inspector had been called to work on the case. Theft of government mail is, of course, one of the most serious of federal offenses.

Mrs. Cora Palmer, mother of Mrs. Berniece Wells, celebrated her eighty-second birthday, June 14, at her home. Her granddaughters, Kathleen Pinkerton, Jeanne Howard and husband, all of Amarillo, her daughter, Mrs. Wells, and great granddaughter, Kay Lynn Shapley, helped her celebrate.

Mercury now brings you POWER STEERING

POWER BRAKES

4-way POWER SEAT

3 times easier handling Whenever more than finger-tip pressure is needed on the wheel, new Mercury power steering goes to work . . . removes the strain from parking and turning, yet doesn't sacrifice that safe "feel of the road."

50% easier stopping An ounce of toe pressure is multiplied hydraulically into pounds of braking power. Your foot pivots effortlessly from accelerator to the closer, lower suspended brake pedal, giving faster, smoother stops.

MOVES up and down, too New first-in-class 4-way power seat gives you the position from which you can see the best, drive the easiest. Handy for raising you out of the sun's glare and shifting your position for more relaxation.

Here are three big reasons for adding Mercury to your "must" list to see and try.

For Mercury's far-advanced power steering removes all the real work from driving and parking. Mercury's power brakes take little more toe pressure than the accelerator. And Mercury's power seat adjusts four ways to give you new driving comfort and safety.

Add Mercury's years-ahead styling, famous economy, proven V-8 engine backed by our exclusively V-8 history, and a reputation for the highest trade-in value in its field—and you get more for your money with Mercury.

Drop around and try a Mercury real soon. How about now?

MR. and MRS. KENNETH CAWTHRON

Nuptial Vows Are Solemnized for Darline Payne, Kenneth Cawthron

On Saturday evening, June 13, at 6:30 o'clock in the First Christian Church of Amarillo, Miss Darline Payne, 2608 Van Buren, and Kenneth Cawthron exchanged single-ring nuptial vows. Dr. Newton J. Robison, pastor, read the service.

Parents of the bride are Mr. and Mrs. J. W. Payne of Perryton and the bridegroom is the son of Mr. and Mrs. J. K. Cawthron, 2113-A Taylor, Amarillo.

Pedestal baskets of white gladioli and white chrysanthemums and potted palms decorated the altar for the exchange of vows.

Mrs. Leta Crudgington, organist played a medley of nuptial selections and the traditional wedding marches.

Escorted to the altar and given in marriage by her father, the bride wore a ballerina-length gown of white net and chantilly lace over white satin. The shirred strapless bodice was topped with a fitted lace jacket designed with a small collar and long fitted sleeves which came to points over her hands. Scalloped lace formed a peplum and lace insets adorned the bouffant skirt of net. Her fingertip veil of illusion fell from a calot of illusion trimmed with seed pearls. She carried a bouquet of white roses and stephanotis showered with satin streamers.

Miss Grace Payne was her sister's maid-of-honor. She was attired in a gown of pink satin and chiffon and carried a fan interlaced with spring flowers. The bridesmaid, Miss June Payne, sister of the bride, wore a gown identical to the honor attendant and carried a fan.

Miss Shirley Payne was her sister's flower girl. She wore pink net and carried a basket of spring flowers.

Bill Felty was best man and ushers were Bob Woods of Lubbock and Louis A. Monti.

Mrs. Payne, mother of the bride, was attired in a navy blue frock complemented with pink accessories and a corsage of pink carnations. The bridegroom's mother wore a light blue dress, white accessories and a corsage of white carnations.

A reception was held in the home of Mr. and Mrs. Louis A. Monti, 3501 Van Buren. White daisies and carnations centered the serving table, which was laid with a white organdy cloth. Punch was served by Mrs. H. L. Cawthron and Mrs. Bill Felty served the tiered cake.

Miss Allred Is Honoree At Personal Shower

Miss Clara Jean Allred, bride-elect of Gean McLain, was the honoree at a personal shower, June 16, from 6 until 8 p. m., in the home of Miss Glenda Foster, 1201 South Eton.

Co-hostesses were Misses Valda Day, Janice Miller, Molly Clark, Patricia Carter, Mrs. Bill Combs and Mrs. Kenneth Davis.

A corsage of red and white carnations was presented Miss Allred.

The refreshment table was laid with a white lace cloth and centered with green and white carnations flanked with white candles. White tea napkins were inscribed with "Clara Jean and Gean."

Approximately twenty-four guests called or sent gifts during the appointed hours.

Birthday Party Held June 12

Kay Lynn Shapley celebrated her eighth birthday Saturday afternoon, June 12, with a party at her home.

Games were played and Kodak pictures and movies were taken of the group.

Refreshments of ice cream, cake, punch and cookies were served.

Those present were Pam and Paulette Schroeder, Janie Burk, Cherry Smith, Leola Phillips, Judy Miller, Ann Beck, Sandra Moleworth, Peter Jacquot, Bill Buckland, Mary Lee Nitschke, Betty Joyce Snider, Deanna Bennett and the honoree.

Places were laid for the honoree and Mrs. LaRue Norris, Mrs. Kenneth Fuelscher, Mrs. Irvin Hergert, Mrs. H. P. Richardson and the hostesses.

Formal Installation of Officers Held June 18 In Harvester Room

Formal installation of incoming officers of the Business and Professional Women's Club was held at the regular dinner meeting, June 18 at 6:30 p. m. in the Harvester Room of Hotel Perryton.

Ann Sultor was mistress of ceremonies. Moina Caldwell gave the invocation. Pat Hayward gave a vocal solo and Donna Reitz entertained with a reading.

The club chorus composed of Moina Caldwell, Leah Ward, Hulda Schmidt, Maxine Frazier and Beulah Owens, sang two selections.

Nellie Bryan gave the club history.

Mary Watson Jones read the club collect, which was used as the installation theme.

Margaret Benson of Borger installed the new officers. Leah Ward was installed president of the club. Others installed were Nellie Bryan, first vice-president; Anna Lee, second vice-president; Kathleen Lee, treasurer; Leola Jennrich, recording secretary; Dorothy Wilson, parliamentarian.

Committee chairmen appointed were as follows: education and vocation, Rose Powell; health and safety, Bertha McNally; international relations, Leola Lee Busch; public affairs, Virginia McWilliams; news service, Pearl B. Teeter; national defense, Hazel I. Jackson; finance, Maude Cox; legislation, Edith Dorrance.

membership, Ann Sultor; program coordinator, Anna Lee; radio and television, Mary Watson Jones; historian, Frances Foster; hospitality, Moina Caldwell; youth council, Mildred Hudson; music, Mildred Holt; entertainment and decorations, Frances Russell; emblem, Nellie Bryan; birthday, Beulah Owens; telephone, Hulda Schmidt and scrap book, Marie Wade.

Mrs. Benson presented Mrs. Ward with a white Bible. Ann Sultor in behalf of the club, presented a gift to Mrs. Benson and Dorothy Wilson presented the club's gift, a guard for past president's pin, to Ann Sultor.

Guests for the evening were fourteen club members from Liberal, four from Guyton, four from Beaver, four from Borger, also Pat Hayward, Donna Reitz and Shirley Smith.

Twenty-one members of the local club were present for the occasion.

Visitor Honored

Mrs. Giltner LaMaster, 605 So. Drake, was hostess for a bridge foursome last Tuesday afternoon honoring Mrs. Marion Tucker of Albuquerque, N. M.

Mrs. Tucker and children visited relatives and friends here last week.

Those present were the honoree and Mrs. L. T. Tucker, Mrs. Clifton Bell, Mrs. H. J. Boisdorf and the hostess.

Nuptials Read June 14 for Rita Stone and Gene Johnson

In a double-ring ceremony Sunday, June 14, Miss Rita Stone became the bride of Gene Johnson, Mrs. Inez Hargrave of Perryton and Samuel Edward Stone of Seattle, Washington are parents of the bride. Mrs. Texie Ann Johnson of Perryton is the mother of the bridegroom.

Reverend Wayne Parish, pastor of the First Christian Church, read the ceremony in the home of the bridegroom's brother and sister-in-law, Mr. and Mrs. Tom Johnson, Portales, New Mexico.

Vows were exchanged before the mantel which was banked with white larkspur and baby's breath, with white candles in silver holders at either side.

Flanking the mantel were arrangements of yellow gladioli and yellow and white daisies.

Mrs. D. E. Munroe played "Always," "I Love You Truly" and "Nocturne." The traditional wedding marches were played for the processional and recessional.

The bride wore a ballerina-length dress of white organdy and lace, styled with a fitted bodice, a small high collar and cap sleeves. Her shoulder length veil fell from a lace Dutch cap. She carried a white Bible topped with blue carnations and a shower of blue and white streamers.

Observing tradition, she wore for something old, heirloom diamond ear screws, which had belonged to her grandmother.

Something new was a blue sapphire brooch, a gift of the bridegroom. Something borrowed was her white Bible.

Mrs. Hargrove wore a beige linen dress with matching lace trim. Her accessories were brown and her corsage was of pink carnations.

Following the wedding a reception honored the bridal party. The bride's table was decorated with seasonal flowers flanked by white tapers in silver holders. A three-tiered wedding cake and punch were served.

For a wedding trip to points in New Mexico, Mrs. Johnson traveled in a green and white linen dress with white accessories.

Mrs. Johnson is a graduate of Bentonville, Arkansas high school and Draughton's Business College, Amarillo. She is employed by Dr. Reese Nowlin, Mr. Johnson graduated from Perryton high school and College of Pharmacy, Denver, Colorado. He is employed by Burk Drug.

The couple will make their home in Perryton.

Wedding guests included members of the immediate families.

Former Residents Honored On 60th Anniversary

Mr. and Mrs. E. B. Gyger and grandson Randy Gyger and Mrs. M. T. McLain were in Glendale, Arizona, Sunday, June 7, to attend the sixtieth wedding anniversary celebration of Mr. and Mrs. E. E. Gyger of Glendale, formerly of Perryton.

All ten of Mr. and Mrs. Gyger's children, as well as a number of the twenty-nine living grandchildren, and seventeen great-grandchildren were present at an anniversary dinner which was held at the home Sunday.

On June 18, 1893 in Procter, Texas, Mr. and Mrs. Gyger were married by Rev. Lynn Davis. Commenting on the wedding, the bride of 60 years ago remarked that the marriage followed a horse and buggy elopement.

Prior to moving to Glendale, Mr. Gyger was a diesel engineer in a power plant in Liberal, Kansas, and before that time they made their home in the Gray, Okla. community. However, the couple has resided in Glendale for 28 years and before Mr. Gyger's retirement, he was engaged in the trucking business.

Attending the lawn dinner and family reunion on June 7 were Mrs. Maurice Smith and Fred Gyger and family of Glendale, Alvin K. Gyger and family of Phoenix, Floyd Gyger and family of Wickenburg, Mrs. J. L. Comer of Prescott, W. Glen Gyger and family of Flagstaff, Mrs. M. T. McLain and Ernest B. Gyger and family of Perryton, Cecil E. Gyger and family of Denver and Roy R. Gyger and family of Pasadena, Calif.

Guests in the Tom Morris home this week are her brother and sister-in-law, Mr. and Mrs. Charles Salzman and their grandson, Larry Welton all of Fullerton, Calif. and also a sister, Mrs. Carrie Nass of Kingman, Kansas.

Gene Brillhart underwent surgery at the Perryton Hospital Thursday.

Presidential Golf

Some of the comments about President Eisenhower's fondness for golf are made in a spirit of fun that is characteristic of American humor. Jokes were made about President Truman's piano playing in much the same manner.

But not all the remarks by anti-administration writers are so god-natured. Some are made maliciously by petty columnists who create the impression that the President is spending too much time away from his office.

And the CIO even employed some "watchers" to check upon how much time Ike spends on the golf course.

We are glad to see the President is a golfer. There is no finer sport for relaxation and there is no more exacting job in the world than the presidency of the United States. The hours are long, the decisions are heavy. He needs relaxation of some sort or another, time away from the pressing chores of office to rebuild his strength and rest his mind.

Politics Later

It is agreed by practically everybody that the drought and the cattle slump have reached disaster proportions.

In Washington, emergency measures are in the mill. But there has been some petty political cross-fire that threatens to slow up the relief.

The important thing is not who gets credit for what's done. The important thing is to get something done. After the rains come will be time to get back to the political bickering; time to file claims for political credit.

The only way to get out of the present emergency is for everybody to get together quickly on a sensible program of relief. We're all in the same boat now. And complaining about what this crowd or that politician said last November isn't going to open up any credit at the bank.

Admittedly, some of us were slow in waking up. Disasters of this sort have a habit of sneaking up on you. They are cumulative. In the cattle business the marginal operators, the shoestring boys, the little speculators are hit first. Then the small, legitimate farmer and cattle raiser, who is not as well known at the bank as the bigger operators, begins to feel the pinch. Finally, as the sun bears down, the grass dries up, and cattle are hurried to market prematurely, the biggest operators begin to wonder how they're going to keep their business solvent. By this time the cattle industry as a whole feels the cold hand of disaster.

It has been the stated policy of the present administration that federal aid to farmers should be based first on emergency. This is an emergency. It is regrettable that a program to meet such emergencies was not already available.

The big need, according to almost everybody involved, is quick and long-term credit for the legitimate rancher and cattle raiser. Congressmen from Southwestern states; cattlemen's organizations—even those that spurned government aid before the emergency reached present proportions; and the Department of Agriculture, itself, agree to this. The second need is an emergency feed supply.

Under present banking laws, there is little private banks can do for the desperate cattlemen. It has always been an axiom in the business that the less a cattleman needs money the easier it is for him to borrow it.

If the Farm Home Administration can't do the job and supply the credit that is needed, then Congress should act to see that the credit emergency is met.

In the matter of feed, the government could quickly make emergency supplies available to ranchers in disaster areas. As somebody in Washington pointed out, if the government can send several ship loads of surplus wheat to Pakistan, it should be able to direct some cattle feed down this way for the benefit of ranchers in the disaster area.

A program will be worked out. The emergency is too serious to be delayed. We hope it is not slowed by politicians wanting credit. It is not important now whether the Democrats or the Republicans; this congressman or that; the CCC or the FHA; or a man named Sam or a man named Jack get the credit. It is not important now whether the Texas and Southwestern Cattle Raisers Association once said they didn't want help from the government. It is not important now whether New Mexico cattlemen threatened to withdraw from the national association over the issue of price supports. And the controversy over parity has nothing to do with this problem.

What is important is that the drought and the cattle slump have become a major disaster. If the federal government means anything at all to the people, it means disaster relief. Differences over farm policy in normal times should not be permitted to slow such relief.

After the rains come will be time enough for finger-pointing.—Amarillo Daily News

From the SIDELINE with HAROLD HUDSON

M. J. Wolfrum, the local highway boss, says he is glad we had something to say last week about the slick stretch of highway 117 near Waka. This is the piece of pavement that has caused some eight wrecks and killed two persons in recent years because it gets slick as grease when it is wet.

Wolfrum says he has been trying for two years to get some authorization to fix the road, and maybe the district engineer will give him the word once the Am- arillo office realizes how dangerous this pavement is in wet weather.

We received a complaint from Gene Akers last week about our coverage of the summer baseball program for youngsters. Gene said we weren't giving the Ranger Club credit for sponsoring the program, and perhaps we haven't been giving credit where credit is due. This is called the Church League, you know, and we made the mistake of thinking everyone knew it was sponsored by the Ranger Club which has a great deal of money invested in the program.

"The 400 Club" is about to realize its goal of 400 members, if enough club presidents contact their members, that is. After the meeting of presidents last week, the membership jumped about 100, and it is close to the goal now. There is some money in the till, enough to start work next month on the initial project, the completion of the Veterans Memorial Building, according to secretary John Mayfield.

Anyone that wants to join the club for \$1 per month can do so by calling the Chamber of Commerce office. It isn't necessary for a formal invitation to be issued.

We were one of three judges last Friday night at the beauty contest in Guymon, where the 1953 "Miss Guymon" was selected. This turned out to be harder work than we anticipated. Looking at the girls wasn't too bad, but the selection of three winners was difficult. The judges were placed at a table just in front of the stage, out in full view of all the mothers, fathers, aunts, uncles, nephews, nieces and friends.

After the selections had been made, we slipped quietly out a side door and lit a shuck for home.

Down at Denver City, they have something new in the way of movie entertainment. It is a "Movie Marathon" at the drive-in theatre, where the show starts at dusk and continues until dawn. All the glassy-eyed patrons who last until sunrise are given free coffee and doughnuts, compliments of the management.

We went down to the city park Monday afternoon where Les Albright, J. D. Maberry and J. B. Whigham were connecting the new city well into the reservoir. Learned that it takes all pumps and all wells to keep the water towers filled during these hot days and the new well was turned into the system although the booster pump that raises water from the ground to the tower has not yet arrived.

A gauge showed the water in the tower down about 30 feet when we were there. Whigham said this would last the town about 35 minutes. Therefore, there was considerable rushing around with the pipe for the new well so that pumps could be started again and more water put into the tower.

Down at Stamford and Throckmorton, where there is a severe water shortage, they have lifted water restrictions. But they have raised the price. It costs \$2.50 per 1000 gallons for all over 8,000 gallons a month at Stamford and \$25 per 1000 for all over 10,000 gallons a month at Throckmorton.

We checked our water bill here at Perryton last month and found that we used 27,200 gallons of water. At the Stamford rate, we would have paid \$51.76 for this water but at the Throckmorton rate, we would owe a whopping \$448 water bill for the month of May. We can't afford it. Neither can those folks down at Throckmorton, we suspect, and the water consumption will drop sharply.

The Perryton water rate is \$2.25 for the first 4,000 gallons and 25 cents per 1,000 gallons over that. That made our bill for 27,200 gallons of water come to \$8.25 which we can afford.

Wolf Creek Philosopher Cutting Expenses Not So Appealing

(Ed. note: The Wolf Creek Philosopher no doubt is misinterpreting the intentions of the man he's writing about this week, which is not unusual with him.)

I was out here the other day speculating on the economic situation, when a man ain't never quite made ends meet, any discussion of times gettin' harder or better is mostly academic. It's like worryin' over what the fare on the first trip to the moon is gonna be, most likely you won't be aboard any way, when I noticed a puff of wind swirlin' a newspaper along over my pasture and I watched it for a while and noticed it caught on a bobwire fence and later on in the mornin' when the sun went behind a cloud I got up and walked down there and picked it up and got back under my tree and flipped through it.

Over on an inside page I read where some government official was discussin' the same thing I'd been thinkin' about, the economic situation, and his advice was that while there's nothin' to get panicky about, things may be tightenin' up a little and he was advisin' people to cut down a little on expenses.

Now cuttin' down on expenses is sound advice, I probably could have thought of it on my own, but what disturbed me about this man's advice was his ideas of how you ought to go about cuttin' down on expenses.

In 1880, they include the following: Store must be open from 6 a. m. to 9 p. m. the year 'round. Store must be swept, counters, shelves and showcases dusted; lamps trimmed, filled and chimneys cleaned; doors and windows given free coffee and doughnuts, compliments of the management.

The employee who is in the habit of smoking Spanish cigars, being shaved at the barber's, going to dances and other places of amusement, will assuredly give his employer reason to be suspicious of his integrity and honesty. Each employee must pay not less than \$5 to the church each year and must attend Sunday School regularly. Men employees are given one evening a week for courting. After 14 hours in the store the leisure hours should be spent for the most part in reading.

Ask Me About My Business
CECIL DODD

down on smokin' and rodeos ain't necessarily the answer either. Winston Churchill smokes twelve one-dollar cigars a day, and he ain't in a financial strain. Gene Autry attends rodeos nearly every week, some times even seven times a week, and look where he is. Personally, I don't want to vary my diet, but I would like to see my grocery bill cut a little.

Groendyke Driver First '53 Fatality In Beaver County

Beaver county's first fatality this year resulted about 4:30 p. m. Thursday when Ernest Leonard, Enid, Okla., was killed when the Groendyke gasoline transport he was driving overturned about 20 miles south of Beaver, just north of the Texas line on Oklahoma 15 highway.

The empty gasoline transport was completely wrecked, according to Beaver county sheriff Bud Campbell, who investigated the wreck with Oklahoma highway patrolmen from Guyton.

Campbell said Leonard, who

was headed north, apparently went to sleep at the wheel.

Orchestra Comparison

PITTSBURGH (AP)—William Marain, manager of the Pittsburgh Symphony, tells this story of one he had recently in Schenectady, N. Y.:

A rehearsal was scheduled for a movie theater and at the last minute Martin learned the orchestra would have to be gone by 12 o'clock noon. Martin pleaded for more time. But the theater manager was unmoved. He said:

"We're very proud to have the Pittsburgh Symphony Orchestra and Conductor William Steinberg with us. But even if it was Phil Spitalny and his All-Girl Orchestra, I couldn't do it."

School for Waitresses

SALT LAKE CITY (AP)—Hash slingers are plentiful but well trained waitresses are scarce.

To overcome the scarcity in this section, a school is conducted to teach how to tote that tray and lay that platter down. The Salt Lake Area Vocational School, with the co-operation of the Utah State Restaurant Association, gives a six-week course to waitresses.

Students are lectured on personal appearance, how to keep the thumb out of the soup, and safe ways to carry large trays of food or an armload of crockery.

Mrs. J. D. Wright, Nancy, Tim and Roger Dee returned Thursday from Dallas where they have been visiting relatives the past three weeks.

Mr. and Mrs. W. B. LaMaster, Mr. and Mrs. Giltner LaMaster and family, Phil and Cy LaMaster were dinner guests on Father's Day in the Ellis Kelly home.

French Telephone Shortage

PARIS (AP)—The use of the telephone for both domestic and international calls has increased 50 per cent in France since 1939. Six million hook-ups between the nation's 2,650,000 telephones are made every day. The French telephone service is unable to meet 60,000 long-standing requests for telephones.

Mr. and Mrs. Roy Jeffroy of Amarillo, formerly of Perryton, were in town several days last week attending to farming interests.

Mr. and Mrs. L. M. Davis of Borger visited her mother, Mrs. F. C. Spencer, Sunday.

Mr. and Mrs. Raymond Wright of Lockhart are in Perryton attending to harvest interests.

'Smoky' Favorite Of Youngsters

"Smoky," the story of a horse written by famous Western author Will James, returns to the Ranger Theatre on Friday and Saturday, starring Fred MacMurray and Anne Baxter, with Burl Ives.

MacMurray is the hard-hitting cowpuncher who finds a close bond with a horse named Smoky whom he trains from a colt. Anne Baxter is the trim ranch boss, and Ives is the famous American ballad singer.

The picture, in Technicolor, was filmed near Kanab, Utah, famed for its spectacular scenic beauty.

Men Tabbed Easy Pickings

While it's Jean Peters who gets her pocket picked by Richard Widmark in "Pickup on South Street," coming to the Ellis Theatre on Sunday and Monday, the director, Samuel Fuller, learned that men are by far easier marks than women for pickpockets.

Since the plot of this hard-hitting spy drama is pegged on

the operations of a small-time grifter, Director Fuller, one-time New York police reporter, went straight to home base to do research on the latest pickpocket procedure.

First off, Widmark was identified as a "moll-buzzing cannon," translated for the uninitiated as a light-finger expert who concentrates on robbing women, but his like is comparatively rare. It's the men who should be on guard. In fact the only safe place for a man to carry his valuables is in an inside vest pocket, with which European clothes are equipped. If a man insists on carrying loose bills in his pocket, he should mix it up with loose change. And if a man is a race track addict, he should carry his money in a coat pocket with a bag of peanuts. The picker can get his hand in but can't get it out without attracting the victim's attention.

So unsuspecting is the average citizen, that nine out of ten of those advertisements in newspapers for "lost articles" aren't lost at all. Some pickpocket has them.

Eagles often attack fishing ospreys, making them drop fish they have caught and then seizing the food; but sometimes a group of ospreys will attack an eagle and drive it out of the neighborhood.

New Hit Has Action, Romance

"Woman of the North Country," which comes Sunday-Tuesday to the Ranger Theatre, stars Ruth Hussey, Rod Cameron, John Agar and Gale Storm in a story of the early days of open pit iron mining in the great Mesabi range of the state of Minnesota.

The picture is not without strong drama and romantic conflict that finds two women vying for the love of one man, Rod Cameron, who becomes enamored of both.

Miss Hussey is the scheming head of the Powell dynasty, richest mining empire of the era. But she finds the Powell mine deposits diminishing. The Mesabi range represents a new area, and she must overcome Cameron, a mining engineer, to secure the ore.

Blazing Action, Many Thrills In 'Tomahawk Gap'

Rugged action, brawling violence and Indian fighting are coupled with an outlaw search for blood-stained loot in a Western ghost town, in "Ambush at Tomahawk Gap," which comes Friday and Saturday to the Ellis Theatre.

John Hodiak, John Derek and Maria Marques star in the picture, an action blazing drama of a single man who hunted three killers and then joined them to fight against ruthless Apaches.

Hodiak is cast as the man who wanted what was coming to him, even if he has to kill to get it. At gunpoint, he cuts himself in on a share of the loot from an Army payroll holdup cached away in a ghost town by the outlaws before they were sent to the penitentiary. Framed to cover a member of the desperado ring, Hodiak serves his prison rap and then goes gunning for vengeance.

Draft Regulations

(Ed. note: This is one of a series of 10 short articles on the draft law and its rules and regulations.)

The draft law requires every man registered with a local board to report any change in personal status to his board.

"Young men have asked us just what changes they should report," Brig. Gen. Paul L. Wakefield, state draft director, says. "Generally, anything which has a bearing on classification should be reported."

The state director pointed to the following things which should be regarded as change of personal status:

1. Current change of mail address should always be sent to the board.
2. Marriage should be reported at once.
3. If a wife becomes pregnant with a couple's first child, a physician's certificate must be sent to the board immediately after the fact is known.
4. All additions to the family must be reported.
5. Any and all deaths in a man's family should be reported.
6. If a man and wife are divorced or they no longer live together, this must be reported.
7. Permanent change of job should be reported.
8. Serious injury or physical defect should be reported.
9. If a man becomes a student in a college or university, this fact should be reported.
10. If a man enters the Reserves or National Guard, he should ask his commanding officer to notify his board. He should assure himself that it is done.
11. If a man has attempted to volunteer for armed forces service and has been rejected, he should advise his local board.

Perryton Students At East Texas State

COMMERCE, June 22—Approximately 1300 students have enrolled for the first term of the summer session at East Texas State Teachers college.

Attending from Perryton, according to files in the news service office, are Bryson T. Kisner and Mrs. Evelyn Alice Kisner.

Mr. and Mrs. M. T. McLain and Mr. and Mrs. Roy Jeffroy of Amarillo and Mr. and Mrs. C. W. Callaway of Canadian were in Perryton Saturday afternoon to attend the funeral of Mrs. Wm. Kuhn.

Mr. and Mrs. C. E. Gunnels, San Antonio, are visiting his mother, Mrs. F. A. Gunnels, and sister, Mrs. F. A. Edwards in Perryton this week.

Mrs. C. B. Bendinella of Rock, Arkansas and Mrs. Helen Mullins of Adino, Calif. were in Perryton on business last Friday, enroute to California. Mullins had visited a dleman in Little Rock, March and Mrs. Bendinella accompanied her home. Several informal conversations were had with Mrs. Mullins during their stay.

ANNOUNCEMENT

I am pleased to announce the formulation of plans which, when carried out, will result in being home practically all the time. As soon as possible I will move my office downtown to return my family to Perryton.

It will take a little more time to carry out these plans so to reduce client inconvenience I will be home definitely on Fridays, Saturdays and Sundays except those falling in the week of the month. I will also try to be home as much as possible in between, especially during the first 11 days. During my absence I can usually be reached in Dallas at Logan 3477.

There were sixteen young people from the First Christian Church at Beaver who were taken Sunday. Glen Myers took a car load of young people. Those from this neighborhood were: Myrtle Bobbitt, Kay and Ann Myers, Lynn Bobbitt and Judy Morris. The week will be spent in study, recreation and handicraft.

The Lloyd Browns had surprise company from Colorado to drive in Sunday morning.

Mrs. Lonam Fogleman and children of Albuquerque, New Mexico spent a few hours in the J. L. Wallace home Monday afternoon.

Mr. and Mrs. J. L. Wallace, Mr. and Mrs. Leroy Bobbitt and Janet called on Leslie Bobbitt Sunday.

Mrs. Lem Vandeburgh and daughters and Mrs. Floyd Myers called in the Ralph Bobbitt home Friday evening.

Bill Thomas, son of Mr. and Mrs. Roger Thomas, formerly of this neighborhood is helping Floyd Myers harvest.

Mrs. Ray Kutch and daughter Joan of Amarillo, spent the day in the Carl Carter home Friday.

Mrs. Ralph Bobbitt and children called in the Carl Carter, Glen Myers and Leon Morris homes Friday.

Light travels from the sun to the earth in about eight minutes. South Carolina leads the United States in production of finished cotton woven goods. U. S. honey production is expected to equal 1 1/2 pounds per person in 1952.

USED CARS

- Two 1953 STUDEBAKER**
Trucks with 2-speed axle, 8.25 tires
AT COST
- 1952 Studebaker 2-door**
Auto. trans., new guarantee, only 10,000 miles, a dream.
- 1951 Studebaker Pickup**
1/2-ton model, heater and overdrive, cream of the crop, a slick chick.
- 1947 CHEVROLET 2-dr.**
Music and good heater, easy terms.

1950 PACKARD 4-door

Completely loaded, positively ready for years of economical transportation. PLUS a double opportunity to participate in Perryton's Big \$5,000 event.

Double Value Easy Terms \$595

WE TRADE FOR ANYTHING FINANCE ANYTHING WE SELL

- 1947 Chevrolet 4-door**
You won't need the heater, but it's good. Radio is swell, tires wonderful, has been broke to ride single or double.
- 1946 OLDS**
Hyd. trans. heater, driven by young couple to get mail and groceries (they lived 45 miles from town). Just needs loving care and a good home.
- 1946 Chevrolet 4-door**
Would consider clean 41 model as down payment. No-Rain Collingsworth will make you think you're stealing this one.

There's only one answer...
Chevrolet trucks must be the best buy!

Fleet operators, farmers, independent truckers—truck users everywhere—buy more Chevrolets than any other make. There can be only one reason for that: Chevrolet trucks offer more of what you want.

As the official registration figures keep rolling in, they keep telling the same positive story about truck popularity and truck value: Again in 1953, for the twelfth straight production year, truck buyers show a clear-cut and decisive preference for Chevrolet trucks. If you're a truck user, this fact is mighty important to you. Why? Well, as you know, trucks are built and bought for just one reason—to do a job. So isn't it logical then that since Chevrolet trucks outsell all others, they must do a better job at lower cost? That's why it will pay you to stop in and see us before you buy your next truck.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!
