HORSE KILLS LYNN YOUTH

Orville James Found Near Death In Lot After Returning From Party

Orville James, a youth living in the New Lynn community, was fatally injured Thursday night of last week in falling or being thrown from a horse. No one saw the accident which resulted in his death and the exact manner in which he was injured is unknown.

He and a neighbor boy had been to an entertainment that night, riding the same horse, which belonged to the other boy. Upon arriving at the other boy's home, he alighted, suggesting that Orville might ride the horse on to his home, which was a short distance away, and return in the next morning. Orville was found the next morning, unconscious. Apparently the horse had run into a wire gate at the lot, throwing the rider, and it is believed that the horn of the saddle struck the back of the boy's head. At any rate, the skull was fractured and the youth rendered unconscious.

Upon being found he was rushed to a sanitarium in Lubbock for treatment but died Friday night. His remains were brought to Tahoka for burial the next day.

The James family live on the Boy Edwards farm in the New Lynn community. They have the sympathy of many friends in this sad bereavement.

GRASSLAND WILL GIVE PLAY AT WILSON JUNE 13

"The Little Old-Hopper" will be presented at Wilson Saturday night, June 13, in the high school building by the Grassland 4-H Club.

The play consists of three acts, 24 hours long, and is full of bright and ludicrous situations. There will also be entertainment between acts.

Those appearing on the cast are: Smith Lawson, Romilda Young, Alma Elliott, Carvie Tew, Zelma Thrallhill, Walter Langford and Erlene Bosworth.

Admission will be 10c and 15c and the proceeds will go to send one of our members to A. & M. We will appreciate all interest taken.

WELLS LITERARY SOCIETY PRESENTS ANOTHER PLAY

The Wells Literary Society announces that another play will be presented Friday night, June 5, entitled "Mary Comes Home From School". This is a comedy-drama of three scenes, playing time of one and one-half hours. "This is primarily a comedy but paths will be found that will pull your heart strings", writes Miss Ornah McLaurin in making the announcement. The cast is exceptionally strong with Fred McGinty, Mabel Draper, Evelyn Triplett, C. Bokch, and Raymond McLaurin. Plenty of music interspersed during the program.

"Due to the numerous requests from readers of The Lynn County News, we are announcing our program in the News and we feel that we are justified in so doing because the News has a county-wide circulation and our society is a county-wide society", Miss McLaurin states. "The organization of the Wells Literary Society was perfected and our first meeting was held the third Friday night in January, and from that time until our last meeting we met on the first and third Friday nights of each month with some sort of entertainment. At our last meeting it was decided to present an entertainment once a month, the first Friday night of each month.

"To give some idea of what we are doing, we have sponsored three plays, three school entertainments, one musical entertainment, one old-fashioned spelling match, and two local talent exhibitions. Our membership has grown from 27 at the first meeting to a capacity house at the last four performances. The Wells auditorium seats 350 people but arrangements are being made for more.

"No admission is charged for our entertainment, because it costs us nothing but work and we are interested in that. . . . Be there Friday night and see for yourself what we are doing."

While driving a truck in Atlanta Norman Long ran into another truck driven by Will Short.

Colorado Loses Two To Tahoka

Tahoka got revenge on Colorado City here Monday and Tuesday by taking a two-game series from the baseball team from that town. A few weeks ago the local team went down to Colorado and lost three games to the Mitchell county boys.

Tahoka ran away with the first game 9 to 2 and secured 16 hits to the visitors' nine. Balze pitched for the home team. Tuesday's game was a little more closely contested, but Tahoka managed to win by a 6 to 4 score and collected 12 hits to the visitors' 7. Rose pitching.

Tahoka has a good team again this year in spite of the fact that several of last year's team members are away this year playing on league teams.

Take Bill Starr To Wharton Co.

J. C. Willis, sheriff of Wharton county, and his deputy, Tom Brooks, were here Tuesday for a prisoner wanted in their county for car theft. Deputy Sheriff Bulman turned over to them Bill Starr, who has been in jail here for several weeks after having entered a plea of guilty to a charge of theft. Starr was charged here with having stolen some gasoline from a filling station a mile south of town.

Sheriff Willis told John Bulman that the grand jury at Wharton recently returned 69 felony indictments while the preceding jury returned 41, and he usually has from 25 to 40 prisoners in jail. Usually there are only a few prisoners in jail here.

LITTLE CADE GIRL HAS BIRTHDAY PARTY

On Thursday, May 28, little Iris Deane Cade celebrated her eight birthday with a party. Several of her little friends came to help make the evening a success. Many nice and useful gifts were presented her in honor of the occasion. After the youngsters had romped and played games for an hour or more, refreshments of ice cream cones and cake were served to the following: Jack and Billie Swafford, Laverne Hoover, Polly, Jerry, and Donna Sue Milliken, Genese Edwards, H. P. McCord, Mabel Orman, J. H. and Edwin Lee Bulman, and Jeanette Oliver.

Two New Home Couples Married

Two New Home couples hid themselves over into New Mexico recently and took upon themselves the vows of matrimony, it became known a few days ago. Publicity was avoided at the time for the reason that the two brides were teachers in the school there. The information was made public after the close of school.

One of these couples was Voyd Smith, son of Mr. and Mrs. R. L. Smith of New Home, and Miss Audrey Campbell of Lubbock. Mr. Smith is a graduate of Tahoka High School, having graduated here a year ago.

The other couple was Cecil Peak, son of Mr. and Mrs. J. E. Peak of New Home, and Miss Cleo Jackson of Lubbock.

Both the young ladies are said to have been popular teachers while the grooms are fine young citizens of the New Home community.

It is our understanding that both couples will reside at New Home and that the young women will teach again next year in the New Home school.

Montgomery Has Visitors
Mr. and Mrs. John Montgomery of Brownwood, their daughter, Mrs. J. T. Saunders of Coleman, and their son, John Jr., a student in Texas Tech, came in Tuesday for a visit of several days with the former's brother, Will Montgomery, and family. Mrs. Elwin Wheelock, a niece of the two Messrs. Montgomery, and three daughters of Lubbock are also visiting here. Mr. Montgomery says this country has made quite a change since his first trip out here in 1903 just before the county was organized. The Montgomerys are old time friends of Rev. and Mrs. O. J. Hull, the preacher having once been a student under Mrs. John Montgomery.

CROPS BEGIN TO NEED RAIN

Hot, Dry Days Hurting Some Crops Only .81 Inches Of Rain Fell In May

Crops throughout Lynn county are beginning to need rain badly. Some of the very young cotton is said to be dying as a result of the hot weather which has prevailed the past two or three days. May was a seemingly cool month, though there were a number of unusually warm days, which brought the mean temperature for the month almost up to normal.

The lowest temperature registered during the month was 40 degrees, just eight degrees above the freezing point, on May 7. The highest temperature was registered on May 25 when the mercury rose to 98. The mean maximum temperature for the month was 79.19; the mean minimum temperature was 42.61. The rainfall during the month was very meagre, amounting to only .81 of an inch, of which amount .64 fell on May 3.

Farmers are not quite done planting yet. Some of them have quit until rain comes.

Mrs. Sherrod To Teach
Mrs. G. B. Sherrod, formerly Miss Thelma Greenwade, county home demonstration agent, has been elected to teach in O'Donnell high school next year, according to the O'Donnell Index.

Everything Is Set For Legion 'Feed'

Everybody is "all set" for the big chicken barbecue to be held at the lake six miles south of town this evening by the American Legion posts here and at O'Donnell and the Women's Auxiliaries, according to K. C. Holmes, who is one of the committeemen in charge.

In addition to the feast that will be spread, there will be a few short addresses, but the main features of the occasion will be the "eats" and the social feature.

A large crowd is expected to be present, one of whom we are which.

COUNTY SCHOOL BOARD WILL MEET SATURDAY

The new county school board will meet in the court house at 2:30 P. M. Saturday, June 6, when important matters will receive attention. J. N. Thomas, Acting President.

L. O. Mitchell and family visited relatives in Quitaque Sunday.

Mrs. R. E. Townzen, T-Bar, Tells How She Improved Living Room For \$9.85

Mrs. R. E. Townzen of T-Bar was second place winner in the Lynn county Improved Living Room contest. Below is her own story of how she made her room more comfortable for only \$9.85: Having decided to enter the living room contest upon the suggestion of our county agent and also upon earnest request of my children, I converted an empty unsightly living room into one of which I can justly feel proud.

When I began remodeling my room and furnishings it was, as it still is, a room 14x14 feet of floor surface. The border around the linoleum was bare and unpainted. My furniture consisted of a 17 year old lounge badly worn. The springs were protruding through the upholstery. A Morris chair of the same age, an iron bedstead, piano and victrola, and a library table which needed repairs. There were two windows with old curtains to renew and renovate. All this with very little money was the task that confronted me.

I worked to get my husband interested first. With his help I made arms and back for the old lounge, thereby converting it into a settee. We found an old worn out Ford car and utilized the springs in one and a half of its seats for the back of settee and with coil springs out of an old cast off bedstead we replaced the old worn out springs of the lounge and after using the cotton out of an old home-made mattress for padding we covered this with

DEAD SERVICE MEN HONORED

Soldiers' Graves Decorated By The Legion Sunday; Special Service Held At Night

In the presence of a congregation that well filled the auditorium at the high school building Sunday night, Rev. O. J. Hull delivered a most interesting message to the members of the Marion G. Bradley Post of the American Legion. It was a most timely and interesting discourse well presented. Rev. J. W. Shepherd was to have had a place on the program but was called away Sunday afternoon by the illness of a daughter. Elder N. W. Allphin of the Church of Christ also participated in the program.

Happy Smith as post commander presided, and preceding the sermon a most excellent quartet was rendered by Messrs. G. H. Nelson, C. T. Burnett, R. E. Key, and W. S. Taylor. Members of the Post sat in a body throughout the services. Elaborate arrangements had been made by the boys for this service and the entire program moved with clock-like precision. The stage was profusely decorated with flowers and each member of the Legion as well as some others wore a holly.

In the afternoon preceding this service, members of the Legion assembled and repaired to the City Cemetery, where the graves of the dead were decorated with impressive ceremonies.

Equalizers At Work This Week

The board of equalization for the Tahoka Independent School District, recently appointed by the school board, met Tuesday morning and entered upon their duties of equalizing the property valuations in the district. The board intends to make a very careful revision of valuations, according to Sid Sanders, one of the members. The board will take the time and trouble to inspect much of the property in the district. Mr. Sanders stated, and that will require considerable time.

The board is composed of the following gentlemen: Judge J. W. Elliott, J. S. Wells, R. C. Wood, S. E. Reid, and Sid Sanders.

Cub Cafe Opens

J. L. Ragdale of Lamesa has removed to Tahoka and opened the Club Cafe on the west side of the square. This eating house has been closed the past few months. Mr. Ragdale is an experienced cafe man and hopes to do a good business.

Scouts Arriving For Field Events Friday

Elect Central Ward Principal

One Mr. Powers of Mitchell county was elected principal of the Central Ward school here for next year at a meeting of the board of trustees several days ago, we learned this week. Mr. Powers has been principal of a five-teacher school in that county the past year, it is said, and comes highly recommended. He is a man of scholarly attainments and pleasing personality and has had considerable experience as a teacher. He is a married man and has one child.

Mrs. B. L. Parker Is Critically Sick

Reports from the sanitarium seem to indicate that Mrs. B. L. Parker, wife of the sheriff, who has been so seriously ill the past few days, now has a good chance to recover.

Mrs. Parker was rushed to a sanitarium in Lubbock Monday, suffering from blood poison. On Tuesday, she underwent an operation, and on Wednesday a transfusion of blood was given her, a pint of blood being drawn from the arteries of Norvell Redwine for the purpose. The transfusion of new blood seems to be having the desired effect and it is now hoped that she will be able to overcome the poisonous infection in her system.

The little babe, which was born on Monday of last week, was also in a most critical condition for two or three days the first of this week, having imbibed the poison from the mother into its own system, but it was so much improved Wednesday that it was pronounced out of danger and was brought home.

Many friends here and throughout the county deeply sympathize with Sheriff and Mrs. Parker in this trying hour.

Miss Galloway And Jim Burleson Wed

Friends here had a pleasant surprise Monday when they learned that Jim Burleson and Miss Imogene Galloway had become husband and wife, the wedding ceremony having been performed on Friday, May 22, out in New Mexico. The bride and groom returned to Tahoka Monday and will be at home to their friends in the Mrs. Gladys Stokes apartments.

Mr. Burleson has been a prominent business man of this city for the past several years, being engaged in the feed, grain, and coal business. The bride was a teacher in the public schools here for several years, leaving Tahoka about two years ago. She is a cousin of Mrs. R. C. Wells and is very popular here.

The News joins hosts of friends in extending congratulations.

Local Teacher And Lubbock Man Wed

A beautiful home wedding was consummated at New Home last Saturday night, when Miss Beulah Smith, daughter of Mr. and Mrs. S. L. Smith, became the bride of Mr. Joe Pridmore of Lubbock. Rev. W. H. Izard of New Home officiated, only the family and a few relatives being present.

Miss Smith was a teacher in the Tahoka high school the past year and was one of the most popular members of the faculty. A sister of county clerk Truett Smith, she was reared at New Home and had hosts of friends there as well as here.

Mr. Pridmore is a young business man of Lubbock, and is said to be a young man of much promise. Following the ceremony the couple left for El Paso, and after spending a couple of weeks there and at Colorado Springs, Colo., they will make their home in Lubbock.

A preacher in Elgin, Ill., trying to increase attendance at his services hung out this sign: "A heart is a poor vehicle to come to church in. Why wait?"

WILL CAMP AT HIGH SCHOOL

140 Boys And Men Are Expected To Be Here; Contest Will Be Held Tomorrow

All necessary arrangements seem to have been made for the entertainment of the Boy Scout troops that are to be here tonight and Friday from the Southern Division of the South Plains Area, according to Judge C. H. Cain, chairman of the arrangements committee, and G. A. Brasfield, scoutmaster of troop 21.

The scouts of this district are to have a field meet Friday and they are to spend the preceding night here. Camps will be pitched out on the campus of the high school and the field events will also take place there. More than a hundred visitors are expected, coming from Slaton, Post, Lamesa, O'Donnell, and Wilson.

Local Boy Scouts will be on duty Thursday afternoon receiving the visitors and looking after their needs.

It is expected and hoped that a large number of Tahoka people will attend the field meet Friday morning, not only because the field events will themselves be interesting but also in order to extend a glad hand to the visitors.

150 Attend Sunday School Barbecue

Fully 150 people assembled on the lawn of Rev. O. J. Hull, Baptist pastor, on Monday night to enjoy a chicken barbecue prepared and served by the members of the Business Men's Bible Class which meets each Sunday morning at the Lavelle Theatre, with the pastor as the teacher.

Members of the class and their wives and a number of invited guests constituted the personnel of the party. Several visitors were also present from Brownfield, among whom was Rev. J. M. Hale, pastor of the Baptist Church there, who delivered a most excellent and happy address.

A brief program, consisting of singing, a "spiritualistic" performance and a "wedding", was rendered.

In addition to the chicken feast, refreshments of ice cream and cake were served. It was the first party that this class has perpetrated and it was pronounced by all as a great success.

The class meets each Sunday morning at 9:45 in the Lavelle Theatre and extends a cordial invitation to all men who do not attend some Sunday School to come and join the class. There were 47 present last Sunday.

Triplets, two boys and a girl, were born to Mr. and Mrs. Levi Deaton at Wick, Ky., and were promptly named Amos, Andy, and Madam Queen.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

It is not universal high prices that help nor universal low prices that hurt, but it is the sudden drop in prices that brings ruin to the masses. During an era of gradually rising prices, everybody is encouraged to invest and to go in debt. Then when prices suddenly fall, the debtor is left out on a limb. As long as a few men can control the wealth of the world, they have it in their power to bring on a period of prosperity—which always tempts the masses to spend freely and to go in debt heavily. Then these few men can burst the inflated bubble and rob the masses of their hard-earned dollars and cents. Debts contracted when money is plentiful and cheap must be paid when money is scarce and high, and hence the big money lenders profit immensely at the expense of the borrowers. We do not pretend to know the cause of the present period of depression but it does look as if it might have been deliberately planned by those

who control the wealth of the world. All of which breeds a spirit of rebellion among the people and makes converts by the thousands to socialism or communism. "Big Business" in this country should profit by the experience of Russia.

We have always opposed the principle of the protective tariff. So has the Democratic party—at least it did until 1928. In 1928 it yielded to the lure of the protectionists and declared for protection on certain commodities. Then the Republicans wrote the most radical protective tariff measure ever enacted into law in this country. If the theory of the protectionists is correct, then we should be enjoying a period of unprecedented prosperity today. But what have we? The cry of the Democrats should be, "Back to your tents, O Israel!" Back to the good old Democratic doctrine of a tariff for revenue only. A protective tariff is a robber tariff. The protectionists should be scourged and driven from the Democratic temple. Kick the Raskobs out. On with the battle.

With millions of people struggling for bread in a land where millions of bushels of wheat can not be sold for a price sufficient to pay the expenses of raising it, and with millions of people wearing ragged clothes in a land that has produced so much cotton that farmers can not find a market for it, our wet friends of the North are insisting that the right to buy and sell something to drink must be the paramount issue in the next campaign. We insist that this is a false issue. The big issue should not be what we are to drink but what we are to eat and wear. The Raskobs and the Smiths and the Richies should be relegated to the rear and statesmen who are inter-

ested in the welfare of the masses should be given the places of leadership in the Democratic party.

Reports from Central Texas are to the effect that an immense crop of oats is being harvested but farmers are said to be realizing only 18 or 20 cents per bushel for them. This means that the big crop will afford an abundance of feed but will bring in no money with which to pay debts. Wheat is likewise very low and cotton is dropping lower almost every week. If this condition continues through the Fall, we see no chance for prosperity to stage a comeback this year. We don't know just what's the matter but it looks very much like the wealthy few are squeezing the very life out of the masses.

It seems that when a big convention comes to town, officers feel that the liquor laws should be suspended. Bootleggers should be allowed to ply their vocations unmolested and everybody permitted to get on a big drunk—if they wish to. There is a growing element of the best citizenship that is becoming disgusted with this state of affairs. It is to be hoped that when the West Texas Chamber of Commerce meets in Sweetwater next year, the officers will slam every bootlegger in jail and run in all the drunks. Officers who wink at open violations of the law should be kicked out of office.

The remedy they offer us for the low price of cotton is a cut in the acreage. Likewise, the remedy for the low price of wheat is a decreased wheat acreage. Then, pray, what is the farmer to plant? Oats are now being harvested at starvation prices. Other feedstuffs, if a normal crop is produced, promises to be correspondingly low. Then what shall we plant—onions and garlic? There's a nigger in the woodpile somewhere.

Wilson

A survey of the Wilson territory discloses that there is one of the best prospects so far for a crop we have ever had. Everything is up to a good stand and growing off fine. We could use a good rain to a great advantage as the late planters are experiencing considerable dryness where the soil was plowed up.

Mrs. Crowe who operates a beauty parlor in our city was taken to a hospital at Slaton last Sunday afternoon after several days illness. Unintentional Suicide

Many people are slowly poisoning themselves just as surely as if they drank iodine every morning for breakfast. They are daily absorbing the toxins, or poisons, created by accumulated waste matter in their congested digestive systems. Sooner or later disease will conquer their weakened bodies.

If you have headache, coated tongue, bad breath, no appetite, bilious attacks, you are probably suffering from self poisoning caused by constipation. A relief for this condition is Herbine, the vegetable cathartic which acts in the natural way. Get a bottle today from THOMAS BROS. DRUG CO.

Matchless economy

with six-cylinder smoothness

"Better than 20 miles to the gallon." "Its cost-per-mile is the lowest of any car." "Never have to add oil between crankcase changes." "Drove from Ohio to California on a repair expense of \$1.05." "It just runs and runs and runs."

—typical comments from owners of the Chevrolet Six

Chevrolet's 152" frame supports the body through out its entire length

Why is it that Chevrolet—a big, powerful, smooth-running six—actually costs less to operate and maintain than any other car you can buy? The answer lies in five outstanding factors of Chevrolet economy:

1. **Efficient Engine Design** makes Chevrolet fuel consumption so low that 20 miles to the gallon of gasoline is nothing unusual for a Chevrolet owner.

2. **Modern Chassis Design**—as evidenced by Chevrolet's long heavy frame, four parallel-mounted springs, and smooth-running six-cylinder engine—increases the ability of the Chevrolet Six to run dependably, day after day.

3. **Excellence of Manufacture** also adds to Chevrolet dependability and long life. Chevrolet pistons, for instance, are built so carefully, and held true to such close limits of pre-

cision, that many owners have gone 20,000 miles or more without having their motors opened for major servicing.

4. **High-Quality Materials** are used throughout the Chevrolet car—costly nickel steel, chrome-vanadium steels, chrome-nickel steels—to assure trouble-free, low-cost service for tens of thousands of miles.

5. **Economical Nationwide Service**, with its low flat-rate charges on labor and genuine parts, is available at 10,000 dealers throughout the country, who also offer the protection of the most liberal owner's service policy ever to back a low-priced car.

Remember—in addition to all these basic economies—Chevrolet offers the extra dollar-and-cents advantage of one of the lowest delivered prices on the market.

And this cost may be spread over a period of many months by the liberal G.M.A.C. plan.

Chevrolet's Owner's Service Policy is the most liberal ever offered in connection with a low-priced car

WHAT OTHERS THINK

THE OTHER CHEEK

To paraphrase the words of the popular song, the legislature "has given West Texas plenty to remember it by". The remembrances were gratuitously given, too. West Texas didn't ask for them.

The first slap came when the Metcalf Congressional redistricting bill failed to win Senate approval. The Metcalf bill, carefully built upon the census bureau's figures of population increases, gave South Texas one, Central West Texas the second and the Panhandle the third of the state's three new congressmen. The Metcalf bill was basically fair, but unless a special session recognizes the justice of her claims, West Texas will not get her two new representatives.

Now for the other cheek: For a long time West Texas has been asking the legislature to reimburse her for losses sustained in the quarantine against the pink boll weevil of some years ago. This year a measure was introduced and passed in the house, appropriating \$300,000 for purpose of satisfying these claims of West Texas farmers. It went to the Senate, where an amendment was added appropriating \$500,000 for reimbursement of East Texas farmers who suffered loss in the tick-eradication campaign in East Texas. Result: the funds not being available, the governor has no alternative but to veto the bill.

To a disinterested observer, it must appear that the legislature has rather gone out of its way to discriminate against West Texas and West Texas interests. Such tactics may be good politics, but they don't square with the Texas estimate of fairness and justice.

Meanwhile, it might help some of our legislators who have large political ambitions to take another look at West Texas. In the last gubernatorial campaign, she demonstrated the fact that she can vote "en bloc". Moreover, she casts a whole of a big vote, and she's growing by leaps and bounds. Most sane men would hesitate to spank her, for the simple reason that she's grown too big to spank.

THE DEADLY RATTLER

Llano reports that a five-year-old boy was bitten three times on the leg by a rattlesnake. Happily, serum saved his life, but serum is not a 100 percent antidote. Often it fails, even under most favorable conditions.

It is best not to be bitten by a rattlesnake. It is something the human system never gets over, even if the life is preserved.

Thousands of Texans are taking to the open these spring days. They should remember that the rattler is deadly and may be encountered anywhere, anytime. After their winter's sleep they are more than normally vicious and poisonous. In the rattles-

snake country—and that is practically the whole of the Southwest—one should watch his step.

A good many lives will be lost, as usual, to this enemy of mankind this year. Only complete extermination of the snakes will prevent loss of life in such manner. There should be a bounty of at least one dollar on every rattlesnake skin. — Abilene Reporter-News.

I PLANTED A ROSE

I planted a rose and I talked with God;
I looked straight into the high, bright blue,
And said, "Dear God, you do the best,
I have done all that I can do."

The sun shone warm on the moist brown earth;
The wind from the South cooled my lifted face,
And I think God came from the far, blue sky
To watch in my small, sweet space.

For this morning I found it, the lovely thing,
A pink rose, proud in its red-thorned stem;
And there, like brown candles lit,
Were the pink tipped buds, a score of them.

I believe God comes for a little while
When any new flower takes root and grows,
And I am quite sure that He comes and stays
Where a woman prays as she plants a rose.

Tahoka Boy Writes From Sanatorium

Dear Editor and Everybody:

This is from the home town boy that left there about two months ago to go to the State T. B. Sanatorium at San Antonio near San Angelo.

A better place to take the rest cure for T. B. can't be found. We have a wonderful staff of nurses and doctors, and when one does as he is told to do he will get well. My cure is as sure as if it were already complete, as I am going to continue the rest cure after I get out of here. That is the only cure for T. B.—rest, and more rest.

And what is rest? This is it: Go to bed just like it was night and go to sleep if possible. If not, relax—let only your body but your mind. Just forget everything. In other words, just pass out, so to speak.

Our rest hours are: To bed at 9 A. M.; up at 11:30 A. M.; to bed again at 1:30 P. M. and then complete quiet till 4 P. M. when patients may get up and shave and take a bath. Then we go to bed at 9 P. M. to get up at 7 A. M. We take our temperature at 7 A. M., 11:30 A. M., and 5 P. M. We also count our pulse when we take our temperature. I am so lazy that I stay in bed most of the time.

We eat at 7:30 A. M., 12 noon, and 6 P. M., and we have plenty of good wholesome food. At breakfast we have cereal, toast, eggs, or bacon, butter, coffee, milk, cocoa, and on Friday hot cakes. For lunch or dinner we have at least one meat and two or three vegetables, corn bread, sweet milk. Supper is about like lunch.

I am in the men's "lean-to", which was one of the first buildings erected in 1912. The "lean-to" holds 16 patients and has a room for a night nurse, and it is full most of the time. At present it has one vacant bed.

For pastime we have the radio, and we play cards, checkers, and dominoes. * * * We are a very happy crowd and get along fine. If one gets sore at another, he tells him where to head in, and that is all there is to it.

I am in very good condition. I am in class M. A. A. (Modern Advanced A). I have gained nine pounds since I came here but have lost 2½ pounds. I now weigh 153½, and I can afford to lose several pounds more.

The doctors give us a lecture every Thursday morning. They talk on T. B. and tell us how to take care of ourselves. Dr. McKnight gave us a lecture last Thursday on Childhood type of T. B., and I wish every one of you could have heard him.

The grounds and buildings are very beautiful and well arranged. There are about 600 patients, children and all. There are 160 children patients. It makes one very sad to see the little fellows off here away from their parents.

Several men and women have died since I came. T. B. is the friend of nobody, whether rich or poor. Will this disease ever be stopped? I don't think so; but it will be checked to a certain extent. T. B. is very prone to hang itself on to youth, and the only weapon youth has to fight with is knowledge. The more we learn about it the better chance we have of fighting it down.

I will be glad to see any one coming down by here that cares to stop and say Hello to me. And any one that wants to, please write to me, as that is about all I have to do—write—and I surely do enjoy it, and the more the better.

Dr. McKnight says that to have T. B. is not a disgrace but to die with it is a disgrace. Any one wanting literature is invited to write to the Bureau of Correspondence, State Tuberculosis Sanatorium, Sanatorium, Texas.

Friends, do not forget me, because I don't forget you. I am very thankful that I have such fine friends. Will answer any letters you care to write. Hoping to be with you all about Christmas, I remain as ever your sincere friend.

LUTHER E. KEY, Box 177, Sanatorium, Texas.

Patient: "Why is it, doctor, that so many men are having nervous prostration? They didn't used to have it in the old days."

Petty

Last Thursday night the Anton Municipal Band came to Petty and gave the people a concert. In return Petty had an old-time picnic spread for them. Besides the usual basket lunches there was beef and a goat. From the looks of the tables one could hardly realize that times are so hard. Mr. Hartley of the Petty community cooked the beef and made a large pot of coffee.

About six-thirty the band played a few numbers outside and then they were called to supper. An address of welcome was made by Joe H. Owen. Benediction was given by D. C. Baker.

After supper everyone was called into the auditorium for the main program. Several delightful numbers were rendered. Barnett Smith, formerly of Petty and now living at Anton, played with the band. He arranged the concert. Mr. and Mrs. Thad Smith, formerly of Petty, were also visitors with the band.

After the concert, a play party was announced at the school house in honor of the visitors. A dance was also given at the home of Brooks Smith.

The Petty community was well entertained by the visitors and is looking forward to another visit from them some time.—Reporter.

Englishman, Frenchman, and Negro playing poker. All have good hands.

Frenchman: "I bet 100 francs." Englishman: "I bet 10 pounds." Negro (ignorant of French and English currency): "Ah bets a ton."

"How did you find that piece of steak, sir?" asked the smiling waiter, in anticipation of a liberal tip. "I really don't know," said the large man, "I just happened to move that little piece of potato and the steak was under it."

Wife: "My, you look frightened. What's the matter?"

Hubby: "Great scot, woman! You've left the baby carriage somewhere and have wheeled our baby home in somebody's Austin."

STEREOPTICON PICTURES OF ORPHANS' HOME TO BE SHOWN HERE SOON

Mr. Gaston Russell, Secretary of the Tipton Orphans Home, will present at the local Church of Christ Saturday, June 6, 8:30 P. M., slide pictures of all buildings and equipment of the Tipton plant with pictures also of many, if not all, the present inmates.

This Home has never turned away a dependent orphan. And besides being supported by Churches of Christ in general, there are persons in Tahoka and other places who though not members of this church, have contributed frequently to its maintenance. These and all others will doubtless be glad to see these pictures and hear explanatory remarks therewith. This will be instructive as well as entertaining; and everybody that approves this phase of Christian service should attend this demonstration program. No admittance fee charged; no collection taken.

This service is to inform the donors, who have never seen the home, and who may never see it, as to how all contributions are used. Come, bring your friends, and see and hear what is being done at Tipton, how it is done, by whom, etc.—N. W. Allphin.

Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restless sleep, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults—White's Cream Vermifuge, which you can get at THOMAS BROS. DRUG CO.

When BABIES are Upset

BABY ill and ailments seem twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhea. How would you meet this emergency—tonight? Have you a bottle of Castoria ready?

For the protection of your wee one—for your own peace of mind—keep this old, reliable preparation always on hand. But don't keep it just for emergencies; let it be an everyday aid. It's gentle influence will ease and soothe the infant who cannot sleep. It's mild regulation will help an older child whose tongue is coated because of sluggish bowels. All druggists have Castoria.

plane, after which I painted the bare
edges around the rug with buff col-
ored paint and the window and door
facings and baseboards with ivory
colored enamel.

Finding that the paper on walls
and ceiling harmonized with the oth-
er colors in the room, it was not
changed.

Next I purchased Chintz at 5
cents per yard. It was deep cream
colored and after making them neat-
ly and adjusting them on the old
rods I had my windows looking as
nice as if I had expensive curtains.

Last I took old picture frames and
after giving them a new coat of
stain I placed the oil paintings
which my daughter and myself had
painted in them and hung them
tastefully on the walls.

After all this was done I can sur-
vey the results of my work with
pride and pleasure and especially
when I reflect that this only cost me

DIXIE TEACHERS ARE
ENTERTAINED AT TABER'S

Mr. and Mrs. Jess Taber enter-
tained Prof. and Mrs. James, prin-
cipal and teacher in the Dixie school
the past year, on Thursday night,
May 28, the occasion being Mr.
Taber's birthday. The entertainment
was one day late, however, as a
birthday function, since Mr. Taber's
birthday came on May 27.

Refreshments of cake and ice
cream galore were served and the
games played were quite interesting.
Mr. Blair and his partner won over
two tables but not the third one.
Every one enjoyed the splendid hos-
pitality of Mr. and Mrs. Taber, who
were assisted by some of Mrs. Ta-
ber's friends, and all reported an
excellent time.

The guests were Mr. and Mrs.
Blair, Dorothy and Sam; Mr. and
Mrs. Otto Carter, Joy and Kenneth;
Mr. and Mrs. Means, Monroe, Mary,
and James; and Mr. and Mrs. James.

Midway

School was out Friday and the
play given by the school was a suc-
cess.

Miss Grace Draper is at home for
a two weeks vacation.

B. C. Cavender left Saturday for
New Mexico.

Mr. and Mrs. C. H. Richardson
and family were the guests at the
H. Richardson home Sunday.

Mr. and Mrs. R. E. Appling and
daughter Eugenia visited at the
Pollard home Sunday afternoon.

An entertainment was given at
the Pollard home Saturday night.

Misses Montie and Grace Draper
are going to Fort Worth Thursday.

Miss Vern Headstream left Satur-
day for her home at Ropesville.

Mr. and Mrs. Head left Sunday
for Canyon where they will attend
school.

Mr. and Mrs. M. A. Dorman spent
the week end with their son at Post.

Mrs. M. "L." Sosebee went to
Shallowater to spend a few days.

Miss Berta Dorman is visiting in
Post this week.

Singing was well attended Sun-
day night and we had some real
good singing. We have singing at
Midway every Sunday night. You
are cordially invited to attend.—Re-
porter.

Dixie

Farmers are busy everywhere this
week working crops out. Same are
pretty weedy. Everything looks
good though, even if we do need
rain.

Some Dixie families attended the
singing at Slaton Sunday. Some fine
singing!

Frank Barton and family visited
in Pride and Loa communities last
week-end. McDell Barton remained
for a week with her grandparents,
Mr. and Mrs. Coor of Lou.

Leonard Yandle, little nephew of
Frank Barton, who has been visiting
him for the last two months, left for
his home in Henrietta, Oklahoma,
Monday.

Prof. and Mrs. James are leaving
for Lubbock this week to attend
school this summer and be ready
for school work this fall.

Mrs. Biffie Cabe and daughter,
Mary Louise, are home from the
sanitarium. Glad to have them home.
—Reporter.

West Wilson

We are in need of rain out this
way—do hope we get rain soon. All
the crops look fairly well. Gardens
are real pretty.

We are glad to report that Mrs.
E. Evans is improving nicely after
having the flu.

Mrs. Tommie Mitchell and brother
Truett Ayres, of Breckenridge, are
visiting their mother, Mrs. E. L.
Swope, for a few days.

Jim Johnson of Lubbock and W.
C. Huffaker went to Avoca Saturday
afternoon. They will visit for a few
days in the home of Mr. Huffaker's
parents.

John Hamilton had the misfor-
tune to lose a fat yearling. It was
sick only a few days.

Several of the young people at-
tended the Hi-League meeting last
Thursday evening in Tahoka.
