ROOSEVELT FACES FIRST DEFEAT

Russian Judges Laugh Scornfully As Briton Denies Confession

PAMPA
TOPICS OF OUR CITY
By G. E. H.

TWINKLES

Borger people are praying for political peace. Cities with such strife eventually arrive at a stage where no political news is good news. Hating requires energy, and the spring fever isn't far off.

The appendicitis epidemic is getting serious. Few days pass without one of our friends taking a pain and being opened to remove the offending "insides." We'd like to know the cause, if there is any cause in particular, for irritation of our innards.

We suppose trading at home means trading with home beer salesmen. But dispensers of soft drinks face a lot of competition from persons who pay little to community projects.

Oil men tell us that conditions in East Texas are "inconceivable." That's fine—we won't feel so bad about not understanding every step in that greasy drama they're staging down there from week to week.

Uncle Sam is dispensing lots of relief, but we have hunch the man will be coming back to all of us for relief for himself for some time.

Somehow we can't worry much about the fate of rich, fat brewers placed on the spot by bloody Chicago gangsters.

Airplane freight carriers can have the laugh on trucks—nature provides the air without any paying bonds or upkeep.

JUST A SAMPLE

Three little boys, age 6, 4, and 2, were talking, according to C. H. Walker, one of the city's premier story tellers.

The oldest boy said, "If I had my life to live over, I wouldn't eat any carrots and spinach."

"If I had my life to live over," added the 4-year-old, "I would not take any castor oil."

"And if I had my life to live over," concluded the 2-year-old, "I would be a bottle-fed baby so the cleanest dimes wouldn't fall in my chest."

It's Hub's story telling style, as well as his yarns, which get the never-failing reactions.

ABOUT ADVERTISING

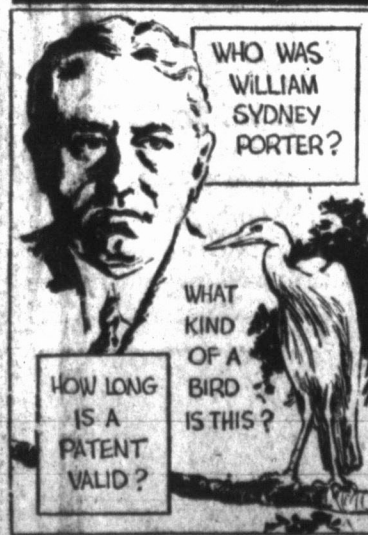

Sometimes people with little information but a desire to talk say that newspapers how to every whim of the advertisers and that newspapers are not free to work in the public interest. Generally speaking, this accusation is false. It should be false. Advertisers know it is false. No advertiser wants to think that he, or his competitor, is an unduly influence the newspaper. The smart advertiser does not try to "buy" editorial favor, but to merit it.

CONSIDER THE FRENCH

Those who cannot appreciate how free is the American source of news—embodied by the great Associated Press, which knows no advertiser—should study the French newspapers. The French papers print little real news, and steal most of it from other publications. In France, news is as often paid for as advertising. The readers never know whether they are reading news or paid propaganda, or even intrusions. Editorials are unbiased and can be bought in the same manner as advertising. We know of no institution more important, more clean and accurate from source to reader, than the

WORST SANDSTORM SWEEPS PLAINS

MANEUVERS OF SECRET POLICE ARE EXPOSED

1 DEFENDANT ADMITS HIS GUILT OF ALL CHARGES

NO REPUDIATION IS MADE

STATEMENT NOT MADE UNDER DURESS IS TESTIMONY

MOSCOW, April 13. (AP)—Two British engineers accused of espionage and sabotage faced each other today across the court room, one turning state's evidence and the other denying every charge.

William H. MacDonald, the only one of six accused employees of the Metropolitan-Vickers Electrical company to plead guilty when the trial began yesterday, amplified previous testimony to the effect that he acted under the instructions of L. C. Thornton, another defendant, in gathering military and economic information which subsequently was sent to England.

As today's sessions began MacDonald caused something of a sensation by declaring he had made incriminating statements at the time of his arrest because of the methods of the Russian secret police. He said they had shown him a statement which they said had been made by Thornton in which Thornton admitted having used MacDonald to collect information.

For a moment it looked as though he was going to repudiate his original confession, but later acknowl-

(See TRIAL, Page 8.)

Dehnert Youth Wins First In Lions Contest

Kenneth Dehnert was awarded first prize in the Lions club essay contest today and Miss Iris Gillis, second prize for essays on the subject, "What I Would Like for My Lions Club to Do If I Were a Lion."

Kenneth, high school senior, will compete in the Lions district for a gold medal offered by C. H. Walker, district governor.

The Lions enjoyed exceptionally good musical entertainment today. Roy Waldbenstein, German violinist of Amarillo played a variety of solos, accompanied by Mrs. A. A. Henneman of Amarillo. Especially enjoyed were his medley of range songs, ending with The Eyes of Texas, and Meditation from Thais.

The high school mixed quartet, accompanied by Miss Helen Marie Jones at the piano, delighted the audience with their rendition of Dorothy Dodd and Clotilde McCallister. Chas. Frost, and Howard Zimmerman, with Miss Marjorie Enloe and Miss McCallister alternating.

Judge Ivy E. Duncan and Olin E. Hinkle were elected official club delegates to the Amarillo district Lions convention opening Monday. It was announced that the local delegation, which will have a model luncheon at the Herring hotel at 12:15 p. m. Monday, will leave the city hall at 8 a. m.

A committee composed of Bonnie W. Rose, Raeburn Burke, and Dr. H. H. Hicks was appointed to organize a Lions playground baseball league.

I HEARD--

Eyron Low declaring that he was wearing colored glasses for protection and not for "pink eye" this morning.

Walter Biery telling some friends that the sand and dust was so bad south of Pampa this morning that all the cars were driving with lights burning.

That Pug Grubbs, Borger boxer, told a number of friends here last night that he didn't like to fight and that he had his heart set on entering Missouri university to study medicine.

J. L. Stroope, Pioneer, Dies

Death Comes For 52-Year Resident, Trail - Driver, Cowboy of Old West.

By Archer Fullingim.
JAMES L. STROOPE, 71, pioneer citizen who has been known and beloved by old-timers throughout the length and breadth of the Panhandle for 52 years, died at his home at 102 West Browning at 5:12 o'clock this morning after an illness of four months.

Funeral services will be held at the First Baptist church here Saturday afternoon at 3 o'clock under the direction of G. C. Malone funeral home and with the Rev. C. E. Lancaster in charge. Pallbearers will be Rex McKay, G. C. Stockstill, John Haggard, Bill Hulse, Emmitt LePore, and Lloyd Wharton. Survivors include his widow, a daughter, Miss Donnie Lee Stroope; two nephews, J. S. Stroope, White Deer; G. B. Stroope, Adrian; six nieces, Mrs. Annie Kimball, Pampa; May Cude, Kingsmill; Mrs. Hattie Tillman, Thomas, N. M.; Mrs. Dovie Halbert, Morgan's Mill. Flower ladies will Mrs. L. H. Green, Mrs. Bill Benton, Mrs. J. H. Ayres, Mrs. Harry Groves, and Mrs. G. C. Malone. Music will be in charge of Miss Loma Groom.

The body will lie in state at the Malone funeral home until 10 a. m. Saturday, when it will be taken to the residence. Burial will be in Pampa cemetery.

Mr. Stroope had lived in Pampa since 1919 when he moved with his

(See J. L. STROOPE, Page 8.)

Pampa Girl Hurt In Car Accident

Elizabeth Barrett, daughter of Mr. and Mrs. E. G. Barrett, long-time Pampa residents, was critically injured in an automobile accident near Waco yesterday afternoon. Her parents and two sisters, Miss Bernice Barrett and Mrs. Aaron Meek, and son, Roscoe, left yesterday for Waco, arriving there at 4 o'clock this morning.

A telegram received by Mr. Meek this morning stated that Miss Barrett suffered a broken jaw, broken collar bone, several cracked teeth, and a broken pelvis. She had a fairly restful night, and hope was held for her recovery.

Miss Barrett is a student at Baylor university. She graduated from Pampa high school with the class of 1932. The accident occurred when a party of Baylor students were returning from a field biology trip and their car was struck by another car.

Miss Charlotte Van Dyck received a fractured skull in the accident. Miss Lydia Hamilton, the other victim, received a broken collar bone.

WEST TEXAS: Cloudy, thunder-showers in southeast portion, colder, freezing in north and frost in southwest portion tonight. Friday fair, colder in southeast portion.

—AND A FROWN
FORT WORTH—During trial of a theft case, County Judge McGee grew thirsty. He called for a five-minute recess and strolled over to the water cooler. Just long enough to down a drink of water did he turn his back. He went back to bench, rapped for order, then blurted out to started court room: "My watch is gone!"

WORKERS IN FAIR TRIP CONTEST ADVISED TO SIGN BY SATURDAY

WORKERS in the Pampa Daily News trip-to-worlds fair contest are requested to call and sign the contest agreement before Saturday, when the first votes must be turned in for accounting.

There are a number of persons busily at work who have not signed up, and while their votes will be counted, they have not complied with all the details of the contest.

There is still time to enter the contest and win, but those already in the contest are of course hoping they will not have any stronger competition than they now have.

BANKER CARRIED INTO COURT

MUFFLED IN BLANKETS, Joseph W. Harriman, former head of the closed Harriman National Bank and Trust company, of New York, is carried into the Federal Building in New York where he pleaded not guilty to an indictment charging him with false entries totaling \$1,713,225. Harriman is ill with heart disease. Mrs. Harriman is at the upper left.

ARRESTS MADE AND MORE ARE ORDERED IN BURGLARIZING OF TWO GROCERY STORES RECENTLY

AUSTIN, April 13. (AP)—The Texas senate today passed its substitute for the house mortgage foreclosure moratorium bill. The vote was 22 to 7. The house bill would have called for a general moratorium on one year. The senate substitute would provide for a moratorium in individual cases until May 1, 1934.

AUSTIN, April 13. (AP)—A resolution calling on James V. Allred, attorney general, for an opinion on the constitutionality of the manufacture and sale of 3.2 per cent beer in Texas, was introduced in the house of the state legislature today. No action had been taken on the resolution at the noon recess.

LONDON, April 13. (AP)—Lieut. Norman Baile-Nairn, convicted by court-martial of violation of the official secrets act, was sentenced today to dishonorable discharge from the army and to five years penal servitude.

Identity of Man Who Was With Ritter Believed Known

AFTER working hard for several days on clues which were gradually put together to form a composite picture of a number of recent burglaries, Gray county officers have made arrests and issued warrants which, it is indicated, will explain many recent happenings to the grand jury when it convenes Saturday.

The grand jurors will be told who in the officers' opinion, robbed the Brown McLain store here April 2, who broke into the Furr Food Store No. 1 March 20 and on March 25, and who was with R. Frank Ritter in the fatal encounter at the Cox Bros. grocery store last Saturday morning.

Acting swiftly on information uncovered early Saturday by The NEWS, the sheriff's department, County Attorney Sherman White, and Justice W. S. Baxter worked up a lead which has been steadily productive of information. Many sworn statements have been taken and part of the loot taken in the Brown McLain burglary has been recovered.

One of the first arrested was Lloyd Hitt, charged with entering the Furr Food store. Several other warrants were issued and one other man is in jail awaiting return of the county attorney from McLain for formal charge and arraignment.

THOMAS RETURNS

Ralph R. Thomas, county agent, has returned from Plainview, where he was official tester and superintendent of the butterfat division of the dairy show.

The winning cow, Chester Eliff's Mon Plaisir's Katris, produced 51 pounds of milk testing 5.5 per cent butterfat, or 2,772 pounds in 24 hours.

The cow, a 5-year-old Jersey, was raised by a club boy at Tulla.

CARS UNABLE TO FACE WIND AT PERRYTON

SNOW AND SAND WHIP PAMPA VICINITY AT NOON

TOP SOIL IS REMOVED

STORM CALLED WORST IN HISTORY OF NATION

A PRE-EASTER weather disturbance of astonishing proportions and freakish manifestations brought a dust storm of near-unprecedented severity to the plains last night and early this afternoon the temperature had dropped until there were flakes of snow in the air.

Housewives, especially those of more recent arrival in this section, were dismayed on awakening today to find a thin film—and not always thin—of dust "over everything." Houses of every type of construction "leaked" dust.

Everything movable moved from one block to miles. Breathing was made annoying because of dust. But little extra damage was done to wheat, in opinion of farmers who were in the city.

(See SANDSTORM, Page 8.)

Sandstorm Stops Building of Pool

Work at the municipal swimming pool was suspended today because of the sandstorm.

When weather permits, digging of a ditch for installation of a gas line to the site will be started. The pool will be heated by a boiler and circulating system. A filter which will remove most bacteria from the water every 24 hours is being constructed.

The dressing rooms and main entrance had been partly completed before the dust storm, and the floors had been poured. About half the concrete walks remain to be laid. Rapid progress on the pool had been made in the early part of the week.

Masons Observe Maundy Tonight

A message from the Sovereign Grand Inspector General in Texas, the Honorable Sam P. Cochran, 33rd degree Mason, will be read at the Maundy, Thursday, Easter Sunday services for all Scottish Rite and Knights Rose Croix Masons in the lodge hall in the White Deer Land building at 8 o'clock tonight.

An interesting program has been arranged by Mack Graham. It is obligatory that all Knights Rose Croix in this vicinity should attend the services and celebrate the "Mystic Banquet." Many Pampa Masons are eligible to attend the services.

ROOSEVELT URGES REFINANCING OF MORTGAGES ON SMALL HOMES

WASHINGTON, April 13. (AP)—President Roosevelt added to his emergency program on capitol hill today the proposal to refinance the mortgages on small homes.

In another special message to congress, he asked for legislation to permit readjustment of existing mortgage debts together with a postponement of both interest and principal payments in cases of "extreme need."

He suggested action along the same lines as the refinancing of agricultural mortgages now before congress with a bond issue to meet the needs.

He told congress the plan of settlement "will provide a standard which should put an end to present uncertain and chaotic conditions that create fear and despair among both home owners and investors."

Bills were introduced in senate

PIONEER DIES

JAMES L. STROOPE, 71, above, 52-year resident of the Plains, and a cowboy and trail driver of the old west died at his home here this morning.

OVER 800 TOTS BRING EGGS TO THEATER PARTY

Eggs Being Prepared For Big Hunt On Saturday

Instantly responsive to The NEWS-LA NORA "egg matinee" yesterday, more than 600 children took two boiled eggs for admission to see George Arliss in "King's Holiday" and added attractions.

These eggs will be dyed and used in The NEWS-LA NORA Easter egg hunt for children of the unemployed west of Harvester athletic park Saturday. To be eligible to attend, children must obtain tickets from the Welfare Board office in the basement of the city hall. Children and parents are getting the tickets there steadily. The children should be at the park promptly at 2 p. m. Saturday, when they will be directed by Boy Scouts, who also will assist in hiding the eggs Saturday morning and guarding them until the afternoon.

Last night 1300 eggs were cooked by Clarence Kennedy and Olin E. Hinkle in the dining vat at De Luxe cleaners. The eggs were placed in the vat and covered with water, then steam was slowly added until the water was at 175 degrees. Thirty minutes of slow cooking followed, then the water was cooled to hydrant temperature. Campfire Girls and the Parent-Teacher association of Baker school will dye these eggs and those received at the egg matinee. Other eggs will be cooked and dyed by girls of the high school home economics classes, directed by Mrs. J. B. Massa and Miss Angela Strnad.

With all this cooperation, The NEWS and La Nora theater can assure the children of the unemployed that, weather permitting, they are going to have a great party. The little tots will have a special section. The party is for children of 14 years and under. If weather Saturday is too bad, the hunt will be postponed to Sunday, but no "ordinary" sandstorm will stop it.

On 100 plain, white eggs will appear the signature of George Lime-rick, manager of La Nora theater. Children finding these eggs will be admitted to the theater on either Saturday night, Sunday, or Monday.

HOUSE PASSES MORTGAGE ACT IN BIG VOTE

AMENDMENT TO FARM BILL OPPOSED BY PRESIDENT

GUARANTEES A 'PROFIT'

DEMOCRATS IN SENATE VOTE WITH G. O. P. COALITION

WASHINGTON, April 13. (AP)—By six votes, the senate today, handed the administration its first defeat—inserting a cost of production guarantee into the big farm relief bill.

A coalition of democratic and republican independents put it thru—47 to 41—in the face of repeatedly registered administration disapproval.

This followed within a few minutes approval by the house of the farm mortgage refinancing section of the relief bill, voted on by that branch separately. It went through by 387 to 12 after Speaker Rainey had blocked an attempt to have a big currency inflation plan substituted for the entire plan.

The house, which long ago approved the farm relief bill, voted on the mortgage bill to shorten the time needed to bring both branches in agreement once the consolidated bill gets through the senate.

The amendment the senate added to the bill is not mandatory, but merely authorizes the secretary of agriculture in helping the farmer to get more for his crops, to use the Simpson-Norris plan under which the farmer would be guaranteed enough for his crops to cover his cost of production, and a "reasonable profit."

Party lines were forgotten in the voting, 28 democrats kicking over the administration traces to line up with 18 republicans and the lone Farmer-Laborite Shipstead of Minnesota, to keep the provision in the bill.

It was the first record vote in the senate on the farm program or any section of it.

Immediately after the senate vote, Senator Harrison (D., Miss.) made a motion to reconsider the action but Senator Norris compelled a roll call by which the Harrison motion was tabled 46 to 41 preventing any further reconsideration.

Legion Band To Attend Dalkhart District Meet

The Pampa American Legion band will accompany the local delegation to the district convention at Dalkhart, April 29 and 30. All members are urged to attend practice in the Legion hut on West Foster avenue at 8 o'clock tomorrow night. The band has attended all conventions in this section of the state since its organization. Plans are also under way to attend the Wichita Falls convention later in the summer.

Members of the band who make the trip to Dalkhart will have to report for rehearsal.

Hopkins Bridge District Meet

Plans are going forward for a large bridge tournament to be sponsored by Hopkins Parent-Teacher association tomorrow evening at 8 o'clock in the community hall. The public is invited to attend, the admission charge to be 25 cents. Those who do not play bridge may play whatever game they choose.

Mrs. W. O. Christian is general chairman; Mrs. M. L. H. Base, chairman of arrangements; Mrs. Burton Fitzsimmons, refreshment chairman; Miss Nan Crouch, ticket chairman. A short broadcast will be directed by Ben Guill.

Local persons wishing to attend are asked to notify the B. C. D. office.

MISS GRUBBS HERE
Miss Minnie Mae Grubbs, district home demonstration agent, is here today and was to meet the county council of club women this afternoon.

BEER VOTE SET
OKLAHOMA CITY, April 13. (AP)—House proponents of 32 per cent beer for Oklahoma decided today to accept the July 11 election day

fixed by the senate for submitting the legalization bill to the people.
J. E. Carlson of Skellytown visited in Pampa last night.

INQUIRIES DETERMINED
X-ray pictures taken this morning showed that Herbert Davis, son of Mr. and Mrs. W. H. Davis, had received two fractured ribs and a

strained hip when his car overturned east of Pampa Monday night. He is at the home of his parents, having been removed from Pampa hospital yesterday.

AFTER 63 YEARS
VATICAN CITY, April 13. (AP)—A pope carried the blessed sacrament from its tabernacle in the Sistine Chapel to the Pauline

Chapel for the first time since 1870 today. There it will be exposed until tomorrow, Good Friday.
Miss Garnett Christopher of Lake-

ton was admitted to Pampa hospital yesterday for an operation.
Lefty Freshour, Mack Harlow, and Vern Underhill of the Phillips "66"

baseball team, Borger, visited in Pampa today.
Joe Duby of LeFors was a Pampa visitor yesterday.

INITIATORY WORK ALSO TAKES PLACE AT MEETING

MRS. INEZ SUMPTER of Follett, deputy grand matron of the Order of the Eastern Star, gave instructions to sixty persons at a gathering of the Pampa chapter and several visitors last evening at the Masonic hall.

Initiatory work also took place, and refreshments of angel food cake and ice cream were served. Mrs. W. C. Mitchell, worthy matron of the Pampa chapter, presided.

Mrs. Sumpter was accompanied by Mrs. Thelma Courtney, also of Follett, and other special guests included three Miami visitors, Mrs. W. P. Thornhill, worthy matron of the Miami chapter, Charles F. Burnett, husband of the worthy grand matron of Texas, and Mrs. Ollie Dunivan. Mrs. Burnett is conducting schools throughout Texas at this time. Mrs. Kincaid of Amarillo was another guest.

Mrs. Sumpter left this morning for McLean, where she will attend a session this afternoon.

Mr. and Mrs. W. W. Hughes of Pampa went to Amarillo Tuesday evening for an Eastern Star meeting held by the Bonita chapter.

Thurman Murdock To Fight Joe Ward

Thurman Murdock, little brother of Eddie Murdock, will meet Jay Ward of Borger in the main event at the Yellow Dog gymnasium in Borger tomorrow night. Murdock won a surprise semi-final victory over Ward in Borger last week and the fans howled for a main event.

It was Ward's first defeat. Murdock showed worlds of speed and a punch that carried all the way. Murdock weighed 112 pounds and Ward 115 pounds.

The second main event will be between Jack "Red" Graves, 60, of Amarillo, and Dick Hedgepath, 161, of Perryton. Both are sluggers and a knockout is expected.

Four good preliminaries will open the big show. Membership cards are available at the Recreation pool hall, Maxwell drug store, and Whitlock drug store.

TWO GIRLS DROWN
ALVA, Okla., April 13. (AP)—Two tiny girls drowned in a drainage ditch on the stock farm of Pat Skinner near Medicine Lodge, Kan., yesterday. They were Patricia Skinner, daughter of the stockman, and La Verne Schultz, daughter of Lee Schultz, Medicine Lodge contractor. The girls, each 3 years old, had been playing in the yard.

G. B. Shaw Asserts He Never Offends 'Those Dear Old Boobs'—Americans

By MORRIS WATSON
NEW YORK, April 13. (AP)—George Bernard Shaw was still insisting today that he had no intention to offend anybody as he prepared to leave the land of "those dear old boobs."

Giving the interview which he refused yesterday, the Irish wit told more than a hundred newspaper and magazine writers that, "I never offend anybody. Occasionally you write ill-natured stories that I haven't said."

Immediately the name of Helen Keller was brought up. Shaw has already denied that he had said in the presence of Miss Keller that all Americans are "blind, deaf—and dumb."

"Now look here," said the be-whiskered Shaw, raising his hands aloft. "The facts were, I complimented Helen Keller, saying that she could see and hear and speak better than the majority of Americans. Some idiot or other tried to make it an insult."

The S. S. Empress of Britain, on which Shaw received his interview, was scheduled to sail for Southampton at noon. When Shaw arrives there, he will have completed a cruise which took him around the world.

Shaw sat on a sofa in the lounge and talked to the press. He frequently roared with laughter at his own barbs which he shot at his interviewers.

The question which drew from him the most vociferous answer was: "Mr. Shaw, where do you expect to go when you die?"

"In the first place," he replied, "I sincerely hope that when I die it will be the end of me. Like Napoleon, another celebrated man of whom you possibly have heard, I have no doubt that people will breathe a little easier when I am gone. I cannot contemplate Bernard Shaw going on forever—good heavens!"

M. S. Nottingham of Clinton, Okla., is a Pampa visitor today.

Preacher Ousted After Love Affair

SPRINGFIELD, Mo., April 13. (AP)—The Cave Springs Presbyterian church is without a pastor; the Ozarks Presbytery having announced the suspension of the Rev. S. C. Inman, 35, married and the father of two children, following his alleged admission of love for a 20-year-old blonde.

The girl was named as Miss Edia Holdridge in a report of the minister's love and suspension.

Mrs. Inman, appearing before the Presbytery at its spring meeting, told of her invitation to the girl to live at the Inman home hoping, she explained, to cause her to forsake the minister after seeing his children. The girl lived there more than a month but, with Inman, now has left.

Oil Production Of East Texas Underestimated

KILGORE, April 13. (AP)—Amazed by the realization that the potential output of the big East Texas oil field has been greatly underestimated, engineers of the Texas railroad commission were ready today to proceed with further tests on a "zoning and key well basis."

Captain E. N. Stanley, chief inspector for the commission, said information obtained from a two-hour open flow test on 60 of the 10,000 wells in the field yesterday indicated the field would produce approximately 100,000,000 barrels of oil in 24 hours if it were opened to flush production.

Other wells in the field were closed, while the commission conducted the potential survey permitted by Federal Judge Randolph Bryant in a modification of an injunction held by the Lucey Petroleum corporation and others.

The court directed that no more than 20 per cent of the total number of "key" wells—approximately 300—be tested in any 24-hour period, thus making it likely the tests would continue through next Saturday.

Bufs To Meet Tech Eleven In Gridiron Tilt

CANYON, April 13. (AP)—Coach "Sad Sam" Burton has announced that his Buffaloes of West Texas State Teachers college would engage the Texas Tech Matadors of Lubbock in a spring football game on April 28.

The Buffaloes began spring training on March 21 and are on the practice field daily now. Howard "Cow" Williams, who has been the chief ball lugger of the Buffaloes three seasons, has been elected captain.

Burton is faced with the problem of filling the shoes of Bill McClenodon, Clovis, N. M., who played four years at center; Otis Burk, Rails, who won three letters at end and quarterback, and "Gallo" Bellange of Canyon, veteran tackle. He has good reserve material, however, in his 40 candidates.

NOTICE—It is not the intention of this newspaper to cast reflection upon the character of anyone knowingly and if through error it should, the management will appreciate having attention called to same, and will gladly and fully correct any erroneous statement made.

RECOVERY MUST BE WORLD WIDE

The things which are attracting the most attention at Washington these days are the spectacular developments in domestic policy—the banking measures, the farm relief proposals, the work relief projects and so on.

But in the long run the most important steps may be those to which we aren't paying a great deal of attention right now—the preparations for long, patient and involved negotiations with other nations which have as their goal the restoration of international confidence, world trade and general prosperity.

It is well known that the administration is making elaborate plans for this work. But the subjects to be covered are so complicated, so far removed from the obvious bread-and-butter requirements of the moment, so difficult, in fact, for the ordinary citizen to comprehend, that most of us have paid very little attention to them.

Yet whether prosperity is to return to us may easily depend, in the last analysis, on our government's foreign policy rather than on its domestic policy.

Whether the depression came chiefly because of things that happened in America, or whether it was caused by developments overseas, one thing is pretty certain; we can't get full prosperity back again unless all nations have a share in it.

The world has grown so small in the last generation that there is no longer any such thing as complete economic independence. We live too close to our neighbors; sickness in one house is very apt to mean sickness in every other house—especially so since our ideas of economic sanitation are of the sketchiest and no such thing as an adequate quarantine is possible.

And in the long run, whether we like it or not, we must admit that prosperity has to be pretty much a world-wide affair. The measures proposed at Washington for setting our own house in order are vitally important, of course; but unless international trade, international credit and international confidence can be restored we aren't likely to come to the end of our troubles.

For finger exercises, a piano teacher has invented a silent piano. Just the very thing for that little girl in the next apartment.

Hollywood chorus girls, though beautiful, are not dumb, reports a California professor of psychology who tested 54 of them. Perhaps the girls did best in the tests where figures were involved.

After many years, roller skating by adults is returning in many cities as a spring sport. We had hardly expected this before the fall of the year.

ONE BIG HAPPY FAMILY
CHICAGO—No less an authority than the appellate court has decided when a house is not an apartment. It's when it's occupied by one big happy family.
It affirmed the order of a lower court which held that the 17 children, sons-in-law, daughters-in-law and grandchildren of Mrs. Ellen W. Reagan constituted one big happy family and therefore their happy roomed place of residence was not in violation of the ban the village of Riverside had placed on apartment houses.
Since the matter came up, however, the family has scattered. Mrs. Reagan, social leader, is now living in Rome. She's the wife of Mario Saint-Cyr, poet, author and musician.
E. O. White and O. C. Watkins of Abilene are Pampa visitors today.

TRADE PACT IS ONE BIG HOPE OF CANADIANS

REVIVAL OF COMMERCE IS AN AIM OF CONFERENCE

(Copyright, 1933, by The Associated Press.)

OTTAWA, April 13. (AP)—The people of Canada look to the approaching conference at Washington, preceding the world economic conference, with much hope. Premier R. B. Bennett will visit the United States capital at a date not yet decided upon and it is expected in discussion there will include the possibility of a trade agreement between Canada and the United States as well as such questions as stabilizing the price of silver and provisions to guard against future gluts in the wheat market.

These latter problems will require the cooperation of several nations to make effective any solution.

The prime minister in his speech in the house of commons February 20 dealt with the prospects of a trade agreement between Canada and the United States when he said all parties in the house "speaking for the whole of Canada have expressed the desirability of such an agreement being made if possible."

In view of the great importance which the government places on the negotiations for a trade agreement with the United States, absolute silence has been maintained in ministerial circles as to the proposals which have been made or will be made to Washington.

It is felt here, however, that much can be done to revive the immense trade that once was carried on between the two countries. In the fiscal year 1929, Canada bought goods from her southern neighbors to the value of \$868,012,239 and sold the value of \$499,612,145. The trade between the two countries has been diminishing for several years. The premier of the United States dollar over the Canadian dollar, approximately 20 per cent, not only makes much heavier the interest burden Canada has to meet each year in New York but is one of the most important factors in making it difficult for U. S. firms to sell goods in Canada.

Some steps will likely be studied to make the tariffs between the two countries less liable to change due to fluctuations in exchange and the application of dumping or unfair competition duties.

BEER, CO-EDS AND DATES
AMES, Iowa—Apparently there is no masculine disapproval of co-eds who quaff the 3.2 per cent beverage. Replying to a questionnaire circulated by the Rev. J. S. Dancy of the Collegiate Methodist church, a majority of the men students of Iowa State college who answered said it was all right to date girls who drink beer. As for the women, 60 per cent said they would date men beer drinkers, but only 38 per cent expressed a willingness to marry them.

FIST BATTLES DUE IN JUNE

Baer-Schmelling and Sharkey-Carnera Fights To Be 21 Days Apart.

NEW YORK, April 13. (AP)—Barring further moves in the struggle between Jack Dempsey and associates and the Madison Square Garden corporation in their struggle to get the best early summer date for a heavyweight fight in New York, the two big scraps of the summer, Max Baer vs. Max Schmelling and Jack Sharkey vs. Pimino Carnera, are scheduled to take place just 21 days apart in June.

The Garden picked June 29 for Sharkey's title defense against the big Italian fighter yesterday and Promoter Jimmy Johnston promptly claimed he had outpointed Dempsey. The former heavyweight champion previously had succeeded in getting June 8 for the battle of the Maxes after his first choice, June 1, proved impractical.

The New York State Athletic commission, which had ruled against holding two big fights within 20 days, refused to consider the possibility of a postponement of the Schmelling-Baer fight when it approved the Garden's June 29 plan. Johnston said he expected to have better weather later in June and he would make a fight if Dempsey was forced to postpone his rival attraction so that it came within the 20-day period.

Shoppers Beat Jungle 10 to 3

The Diamond Shoppers won a 10 to 3 playground ball game from the Jitney Jungle crew in a windstorm yesterday afternoon on the South Pampa Diamond. Heavy hitting and erratic fielding in the wind were outstanding factors.

Cahill, Wagner, and Sturgeon were the heavy hitters for the shoppers, while Coburn, Cahill, and Woodward provided the fielding sensations. The Olsen brothers and Stout played good games for the Jungle boys.

Olsen went the route in the box for the Jitney Jungle team while

PANHANDLE TO HOLD RACING MEET IN JUNE

THREE DAYS OF RACES EXPECTED TO BRING BIG CROWDS

Pampa horse-racing fans were looking forward to June this week, for one June 16, 17, and 18, another race meet will be held at Panhandle under the auspices of the Southwest Race Meet and Stock Show.

Last fall a highly successful meet at Panhandle was attended by many from this community. Because of crowds then increased 100 per cent over the attendance at the previous meet, directors confidently expect the June attendance to show another big jump.

Another program of racing, more ambitious than that of last fall, has been announced in booklets sent out by M. B. Davidson, superintendent of races. A new grandstand, seating 1,000 persons, has been completed and will be dedicated at the June meet. The horses this year will include the best in the southwest, Mr. Davidson said.

The races and prizes for the three days will be as follows:

Friday.
One-fourth mile, \$40; three-eighths mile, \$40; one-half mile, \$50; three-fourths mile, \$50; Roman race, one-half mile and 70 yards, \$40.

Saturday.
550 yards, \$40; about three-eighths mile, \$40; one-half mile and 70 yards, \$50; six and one-half furlongs, \$50; relay race one-half mile, \$35.

Sunday.
One-fourth mile, \$40; one-half mile and 70 yards, \$50; three-eighths, \$40; mile, \$60; Roman race, \$40.

Robert C. Coulter of Tucumcari, N. M., is visiting friends here for a few days.

Poe and Drain did the hurrying for the Shoppers.

1934 Cage Squad To Begin Spring Work-Outs Soon

Basketball paraphernalia was to be issued this afternoon at the high school. Coach Odus Mitchell will start spring basketball practice as soon as the weather becomes suitable to allow the tennis team to practice out of doors. Twenty-eight boys, turned in their names for uniforms at a meeting yesterday afternoon.

Track and field practice will continue, but football practice will be discontinued for two weeks when it will be resumed with both coaches on duty. Then the "Grads" will be challenged to another game, it was hinted yesterday.

Basketball prospects are promising. Three stars of last season's team will be in uniform and with some promising substitutes from last season and ex-Gorillas available, Coach Mitchell hopes to have another winning team. Captain Elect Miles Marbaugh, Jess Patton, and Orville Heiskell will be the veterans. Heiskell will be the only one of the three missing from spring training. He will continue with his track activities. Marbaugh will also continue with his field work but it will not keep him from basketball.

A game has been matched with the Amarillo Sandies to be played here in two weeks. Coach Davis Hill has had his boys out for nearly two weeks. The game will give both coaches an idea of the material available.

Coach Mitchell's experienced boys will include Leslie Martin, Bert Stevens, Lloyd Hamilton and J. R. Green. A newcomer who is expected to make trouble from the start is Bill Dunaway, formerly of Panhandle. He was seen in action here two years ago when only a freshman. Several members of Coach Warren Moore's Gorillas should step to the front. They received good ground work last season and should be ready this season.

The first practice hour had not been set this morning.
Preliminary boxers in New York state now receive a minimum pay of \$10 per round, as against \$20 in more prosperous times.

The White Cockatoo

by Mignon G. Eberhart

SYNOPSIS: James Sundeen shares a large hotel in Armand, Southern France, with a curious group of guests, and a depleted staff. He distrusts the manager, Lovschlem, and is ill at ease with all the others—excepting an American girl named Tally. Suddenly he is awakened from a dose by Miss Tally's hysterical plea to be allowed to enter his room. He calms her, learns she has just escaped an abductor who followed her into the hotel. She will not permit Sundeen to give an alarm, but allows him to go for the key of her room, which she has left in the hotel office. Sundeen bids his frightened guest to remain under cover until he returns.

Chapter 6 DRIPPING HANDS

THE corridors were still dimly lit. I glanced over the railing into the lounge as I went past, but it was a black well with a lightish strip along the floor from the faint light of the corridor back of me. I had no trouble getting down the stairs, for I could follow the railing, but when I had once crossed the twilight of the faintly lighted strip in the lounge I was in complete darkness.

Thus it took me some time to fumble about in the blackness for the electric light switches, and all the time the wind was rattling and shrieking in the court just outside. I couldn't find a match in my pockets, and although in hunting for the light switch my fingers encountered

it and into the corridor, and then I could see it in the light from my own room.

It was a man. I did not know who he was. He was dead. I knew that at once. And it was a very ugly death, for he'd been stabbed. I remember saying to myself: "Don't touch anything, this is murder. Don't touch anything."

Then I was in my room. No one was there. Sue was gone. I was pressing the bell with my thumb, I finally released the button, noted that my thumb had stained the white button in a perfect and gruesome thumb mark, and hurried to the bathroom, where I washed my hands. And then I came back to the bell and washed it, too, with a corner of the towel, and rang again.

I was still pushing the bell and wishing the dead man wouldn't stare so, and in the same moment cursing myself for being so shaken, when I heard the door away down at the beginning of the north corridor open. I stepped out into the hall, avoiding a hand which had fallen slowly outward.

Lovschlem himself, fully dressed, wavered out of the gloom.

He didn't ask me anything for a moment. He just fell on his fat knees and stared at the dead man.

Lovschlem fell on his knees and stared.

tered the keyboard, I couldn't, of course, tell which key was nineteen. I don't know just how long it was—several moments, at least—when I finally encountered the switch. Touching it threw the little lobby into a light that looked bright but probably wasn't. And even after that it took a moment or two to convince myself that not one of the keys hanging so trustfully on the board on the wall bore the number nineteen.

I finally snapped out the light. The switch was near the door into the courtyard, and I glanced through the glass. The court was still black with flying shadows, but there was a light—it was from the door of my own room. The door was open. The light streamed out.

And at that very instant a dark figure flashed across the light, was silhouetted for a fleeting moment against it and was gone. I caught only a glimpse of a dark figure, but I was sure it was Sue Tally's.

The door of the lobby was locked, but the key was in it, and I had unlocked and opened the door and was running across the courtyard. The wind took the breath out of my lungs, and my heart was pounding by the time I had reached the little winding stairway.

ONE step more to the door. I could see no one against the light streaming from the still open door into my room.

I took the step. There was something on the landing. I was stumbling. I was plunging down upon it. I was confused with it and couldn't extricate myself.

My hands were pushing against it and I was kneeling. I brought my hands up and tried to see them through the dim half light. They were wet, and I could barely see that they were darkly stained.

The next few moments are not very clear in my memory. I managed somehow to get the door open and the limp thing dragged through

Sundeen finds himself in unexpected danger, Monday.

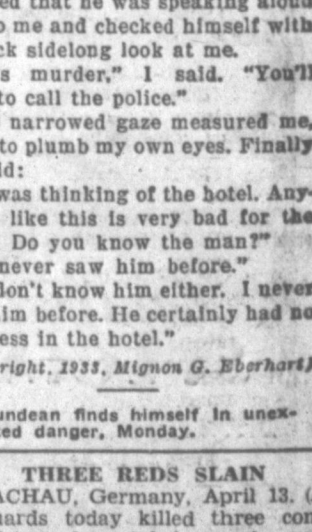

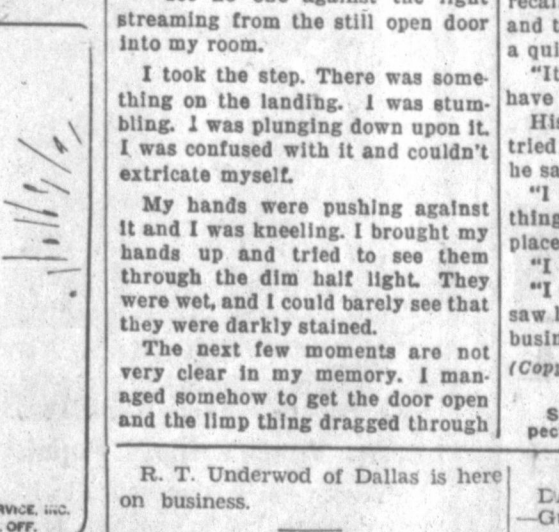

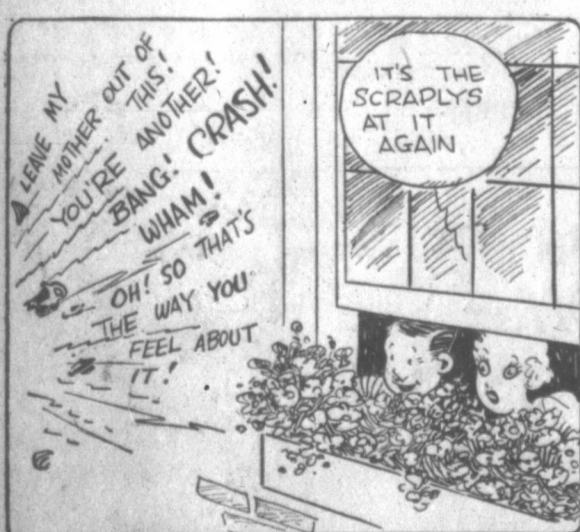

R. T. Underwood of Dallas is here on business.

Mrs. Robert W. Chafin was a visitor in Amarillo Tuesday.

DISCOVERY IS MADE SHORTLY AFTER DEATH

PARTLY CLAD BODY IS FOUND BY NEGROES UNDER BRIDGE

NEW YORK, April 13. (AP)—The body of an unidentified woman of about 35 years was found in a small steamer trunk today in front of a Madison avenue residence near 138th street.

"Examiners said that she had not been dead long. They were unable to discover in cursory examination how she had been killed.

The body was discovered by two negroes who had been warming themselves by a fire in a metal can under the approach to the Madison avenue bridge over the Harlem river.

The negroes said they left the spot at about 4 a. m. to gather wood with which to replenish the fire. The trunk was not there at that time. On their return at 6 a. m. they noticed it. Opening the lid, which was unlocked, they saw the partly clad body, face downward, and notified police.

The dead woman appeared to be about 5 feet and 1 inch tall and weighing about 120 pounds. She wore a dark dress, a pink slip and gray stockings.

TIED OF NEW DEAL?

WASHINGTON, April 13. (AP)—Calling the administration's pending mortgage bill a "half baked piece of legislation," Representative Hopwood (D., Calif.) told the house today that "in my opinion the American people are beginning to get tired of the 'new deal'." The farm mortgage bill, he said, "will be wonderful music for the bankers of the country, while the farmer won't even hear a tune."

MORE THAN HALF OF STUDENTS OF UNIVERSITY OF TEXAS LIVE OVER 100 MILES FROM AUSTIN

By CHARLES E. SIMONS.

AUSTIN, April 13. (AP)—More than one half the enrollment of the University of Texas is comprised of students whose homes are more than 100 miles distant from the state capital, reports of the legislative committee on economy and organization state.

The largest number of students from any county reside in Travis county. This county, the seat of the state government, has 1,324 enrolled or 20.6 per cent.

Approximately five per cent of the student body resides within 50 miles of Travis county, while 1,049, or 16.3 per cent, reside from 50 to 100 miles distant. Students whose homes are more than 100 miles away number 3,775, or 58.5 per cent of the total enrollment.

Of the total enrollment 5,906 reside in Texas; 469 are from other states, ten from United States possessions, and 43 are from foreign countries.

The total enrollment was listed at 6,421.

The organization and economy committee has recommended that the law restricting the use of the income from the university's permanent fund for construction and repair of buildings be repealed. This would allow a part of the income to be used for current expenses, thereby reducing the amount appropriated from the general revenue fund by the legislature for the support and maintenance of the institution.

Recommendation has been made that tuition for undergraduates be increased to \$60 per school year and to \$125 per year for graduate students.

The committee proposed that the last year of the law school and the last two years of the medical college be considered graduate courses and that students be charged the higher fee. This, alone, would increase the income of the university by more than \$300,000 annually, the committee reported.

Senator's Son Falls To Death

WASHINGTON, April 13. (AP)—Captain Paul B. King, 3, world war aviator and son of Senator William H. King of Utah, was killed last night in a plunge from a window of his seventh-floor hotel room.

The body was found in a paved airway by passers-by. It was clad in pajamas.

Senator King said he was certain the death was accidental. He said he had talked with his son recently and that he was in good spirits.

King was a test pilot at Langley field, Virginia, until six months ago when he suffered a nervous trouble and was admitted to a sanitarium in New York. Senator King said his son was discharged two weeks ago.

King was married, but his wife and 17-year-old daughter were living in an apartment house here.

Hollis Davis of Vernon is a visitor here today.

A. H. Eckland of Wichita, Kan., was here early this week.

Cherokee Once Had Railroad Of Wood Rails

JACKSONVILLE, April 13. (AP)—Cherokee county once boasted a fifteen-mile railroad line built entirely of hardwood rails.

The line has long been abandoned and the rails torn up but some of the grading still remains. It will be pointed out to visitors to the East Texas chamber of commerce convention on a series of scenic tours over the country.

The history of the wooden rail line dates back more than a half century. In the early days of the development of Cherokee county, Jacksonville became a shipping center but had no direct railroad connection with Rusk, the county seat.

Only a dirt highway connected the two towns and Jacksonville, feeling that it was the logical county seat, started a move to have the court house brought here. Rusk's answer was to build the fifteen-mile wooden railroad which served until a more efficient means of transportation could be provided.

The East Texas chamber convention will open here April 23 for a three-day session. It will be the seventh annual gathering of the organization.

WAGE LAW FAVORED
WASHINGTON, April 13. (AP)—President Roosevelt has despatched telegrams to the governors of 13 industrial states urging their consideration of the minimum wage law provided by New York state. The message pointed to the recently enacted New York law as representing a "great forward step."

J. A. Clayton of White Deer was a Pampa visitor Wednesday.

Thomas H. Park of Canadian visited in Pampa yesterday.

tation could be provided.

The East Texas chamber convention will open here April 23 for a three-day session. It will be the seventh annual gathering of the organization.

Thousands Expected To Attend Legion Meet at Dalhart

DALHART, April 13. (AP)—Preparations are being made to entertain at least one thousand delegates at the eighteenth district American Legion and auxiliary convention in Dalhart April 29-30, according to Elmer D. Elliott, chairman of the steering committee.

A big barbecue will be one of the outstanding features of the two-day event, Elliott said.

State and national officials are expected to be present and posts from adjoining towns in other states will be honor guests. Formal invitations will be sent soon, it is announced.

J. E. Harwitz of Fort Worth is a Pampa visitor today.

M. B. Johnson of Amarillo is a Pampa visitor for a few days.

MAJOR LEAGUES TO HAVE THREE OPENING GAMES TODAY

A'S SET DOWN BY SENATORS IN 4-1 TILT

'NATION'S FIRST FAN', ROOSEVELT, HURLS WILD PITCH

By HUGH S. FULLERTON, Jr., Associated Press Sports Writer.

The grand opening of baseball has begun its 40th parade through America's stadiums by crowds only slightly smaller than those of a year ago and with a lot of very unpleasant weather to account for the decrease.

Opening day is still to come in New York where 40,000 or more are expected to see the world champion Yankees open their new season against the Boston Red Sox; in Boston, where the Braves face the New York Giants and in Philadelphia, where the aspiring Phillies tackle the equally hopeful Brooklyn Dodgers.

With clearing weather predicted, all three delayed openings were due today.

President Roosevelt, assuming his new role as the nation's first fan, was one of the 24,000 who saw the Washington Senators under the new management of Joe Cronin, give their first demonstration of their threats to the American league supremacy of the Yankees by setting down a makeshift team of Philadelphia Athletics, 4 to 1.

Vice President Garner led the parade to the flag pole then the president officially opened the season with a wild pitch as he tossed out the first ball.

Cronin, showing no evident strain from his new role as manager, led the assault on Tony Freitas, Connie Mack's surprise pitching selection. He smacked three singles in four tries while "General" Al Crowder pitched himself out of trouble several times and, with the aid of Alphonse Thomas, held the A's to six hits.

Only 19,000, fewer than expected, were on hand at Detroit where Clint Brown and Tommy Bridges battled on the hill for four extra innings before an error turned the tide and gave the Cleveland Indians a 4 to 1 triumph. Bridges gave Cleveland only four hits in 12 innings, but in the 13th Gerald Walker dropped Cissell's fly, and after two were out and two on base the Tiger hurler cracked and allowed three straight hits for as many runs.

Lonnie Warneke, young mound ace of the National league hurlers last season was a four-hit mounder as he started the Chicago Cubs along

BUCCANEER TUBBS GETS HIS REVENGE FOR 1932 DEFEAT

Loepp Suspended; Held Out For Bigger Salary Just Once Too Often.

By BILL PARKER, Associated Press Sports Writer.

Frank Tubbs, Galveston right-hand pitcher, is convinced there is justice even though sometimes delayed.

Last year when Galveston and Beaumont played their league inaugural, Tubbs was defeated by the exporters, 3 to 2, in a hotly contested 13-inning battle. It was a defeat Tubbs could not forget the remainder of the season.

Last Sunday when these teams played an exhibition, Tubbs settled the score by beating the Exporters 1 to 0, in 14 innings. He did not pitch the entire game but received credit for the victory. He worked the last three innings, pitching to nine Exporters.

Bird Imitator.

There will be a new kind of coaching in the Texas league this season. Don't be startled to hear the chirping of a flock of birds when the Fort Worth Cats play.

Walter Holke, new Fort Worth skipper, has uncanny talent as a bird imitator. On the coaching line he is always whistling like some bird loud enough to be heard over the entire park. In Sunday's exhibition game at Dallas he started his imitations and had fans whistling with him before the game was over.

A Mistake.

Unqualified release suggests that George Loepp, outfielder, held out for more salary once too often. Last year at Dallas, Loepp was a holdout but finally signed and later was traded to Fort Worth for Tex Jensen.

He played good ball for Fort Worth but it was said when this year's contract was unraveled he did not like the terms and refused to sign although he joined the Cats at Mineral Wells and worked out.

When he still refused to sign after Sunday's exhibition game at Dallas, Manager Walter Holke handed him an unconditional release.

Loepp, last season, was ranked as one of the best ball hawkers in the league but his hitting was weak.

Not Worried.

Manager Hap Morse of the Dallas Steers was not worried when his club suspended Rip Radcliff for being a holdout.

Morse admitted Radcliff was a 360 threat at the plate but in the same breath pointed out that Sam Langford, who will replace Rip in right field, has a better throwing arm, is faster on the bases, a better fielder and will hit around 300.

Langford is hustling this spring and Morse believes the veteran will have a successful season.

WOODIN'S MOTHER DIES

NEW YORK, April 13. (P)—Mrs. C. R. Woodin, mother of secretary of the treasury William H. Woodin, died early today at the Woodin home at 32 East 64th street. Mrs. Woodin was in her 86th year.

REDUCTION OPPOSED

PLAINVIEW, April 13. (P)—The Panhandle Plains Dairy association has gone on record as opposing "rampant" reduction in Texas colleges teaching vocational and technical subjects.

the right road toward their second championship in the elder circuit by shutting out the St. Louis Cardinals, 3 to 0. After a first inning, Warneke pitched near perfect ball while the Cubs clouted Dizzy Dean for three runs in the second frame.

Pittsburgh's Pirates, considered the most serious threat to the Cubs, got the benefit of five-hit twirling with Bill Swift doing the elbowing, and defeated the Cincinnati Reds, 4 to 1.

Eddie Durham, ex-Bostonian, and Joe Heving, up from Indianapolis, combined for the second four-hit game, and with the aid of Red Kress and Al Simmons gave the Chicago White Sox a 4 to 2 victory over the St. Louis Browns. The day's smallest crowd, 4,500, saw this game. Kress batted in three runs while Simmons, who came to the Sox from the Athletics in one of the many winter trades, clouted the first home run of the season in the fourth inning.

WHITLOW WINS DECISIVE BOUT FROM GRUBBS

PUG KNOCKED DOWN 2 TIMES WHILE TAKING SEVERE WHIPPING

Allen Whitlow left no doubt in the minds of Pampa fight fans that he is head and shoulders over Pug Grubbs in the fight game when he won a clear-cut victory over the Borger boy in the main event at the Pla-Mor auditorium last night. Whitlow chased Grubbs all over the ring and hit him almost at will. He dropped the Borger boy to the mat twice during the 10-round engagement.

Whitlow tried every trick in the game to make Grubbs lead the fight, but was unsuccessful. Grubbs would swing wildly and then pedal. When he saw that he couldn't hit the Indianapolis flash, Grubbs tried to pull a Delgado stunt on Whitlow and make him look bad, but he was unsuccessful, as the winner kept boring in with jabs and swings.

Grubbs injured a hand early in the fight but continued without comment. The hand was swollen at the end of the fight.

Borger "Takes It"

Eddie Brock hit Doyle Owensby of Borger with everything from jabs to uppercuts from the floor in the semi-final, but failed to lift the giant Borger from his feet. He did drive him through the ropes into spectators' laps on two occasions, but Owensby came back for more. The Amarillo boy cut Owensby until he was bleeding freely but the game man carried on and stayed the eight rounds.

It appeared to be the kind of fight the fans like. They howled with glee as Brock's terrific punches rocked Owensby around the ring, and they yelled praise at the Borger's gameness in staying in the ring with the slugging Brock who took every round. Owensby connected several times, but his blows appeared to lack steam. Brock weighed 172 pounds and Owensby 10 pounds more.

Fat Franklin of Borger proved much too heavy for Hates Saltzman, speediest him badly in the last round. Saltzman got in the more telling blows early in the fight and rocked the big Franklin several times. Blood flowed freely during the terrific four rounds.

Youngsters in Draw

Grier Bowers and Jack Hickman went four rounds, to a draw in the second preliminary. The boys hit hard and often and showed remarkable footwork for youngsters. Bowers opened the fight fast and had Hickman missing but he recovered in the last two rounds to punish Bowers with lefts to the face.

Ray Young of Borger won a decision from Sammy Daniels of Stinnett in the opening bout. Young used a nice cross to punish the Stinnett boy, especially in the last round. The exhibition was one of the best on the card. Tuffy Simons of Borger challenged the winner.

Whitlow opened the main event by meeting Grubbs as the latter came out of his corner. He slung a right and left to Grubbs' head and that worthy got on his "bicycle" and pedaled, with Whitlow after him. The Indianapolis boy carried the fight all the way and Grubbs failed to lay a glove on him. The second round was a weak attempt to counter fight. Whitlow's right was working to perfection.

Works Too Fast

Grubbs landed his first blows in the third round as Whitlow stepped in wide open to try and make Grubbs fight, but it was an error, as Whitlow landed three sweeping blows to the head and followed with some nice jabs. Whitlow worked too hard in the fourth and missed several blows and Grubbs landed lightly to the head.

The crowd went to its feet in the fifth round as Whitlow landed a right to Grubbs' jaw and the Borger boy hit the canvass. Referee Sam Fenberg had counted eight when Grubbs got to his feet. Whitlow continued to carry the fight and had Grubbs in a bad way at the bell. Grubbs carried on his careful work early in the sixth but later woke up for the first time during the fight. He appeared to have come to life as he hit Whitlow several times. The crowd encouraged him but he subsided in the seventh when Whitlow landed a left, this time, and the count was three when the bell sounded with Grubbs lying on the mat. He jumped up and went to his corner as the crowd gave him the Bronx cheer.

Will Fight Regal

Whitlow carried the last three rounds with ease. He chased Grubbs from corner to corner pounding him with right and lefts unopposed in the last round and the Borger boy was in bad shape at the bell. Grubbs failed to land anything that looked like an effective blow. His best showing was his jabs to the head as Whitlow tried to make him lead.

Whitlow will meet Pete Regal of Fort Worth in the main event next week. Regal is the toughest boy in the southwest and also packs a terrific punch in either hand. He is hoped to give Whitlow the toughest evening of his career.

Bowling Scores

The race in the City Bowling league became more complicated Tuesday night when the Voss Cleaners took two out of three games from the league leading Phillips team to become tied for third place with the Kiwanis No. 2 team which lost three straight games to the lowly Texas company. The Jaysees are only one game out of first place as a result of the Phillips losses.

The Jaysees will meet the Kiwanis No. 1 tonight while the Kiwanis No. 2 and Texas company will be on the same card.

HUNDREDS ATTEND REVIVAL MEETINGS OF THIS WEEK

SUBJECTS OF PRESENT-DAY INTEREST IN RELIGION ARE USED BY THREE PREACHERS

PENANCE TOWARD CHRIST, REASONABLENESS OF RELIGION, AND SIN DISCUSSED; GOOD MUSIC IS PROVIDED

"O, worship the Lord in the beauty of holiness"—such passages have been remembered by Pampanas this year at the approach of Easter, and both the old and young have turned minds, hearts and hands to worship and religious service. Three revivals have held predominant interests, those at the First Baptist, the First Methodist, and the First Christian churches.

The revivals are conducted chiefly by home forces, but at the First Baptist church this week Dr. G. L. Yates, pastor of the First Baptist church of Amarillo, is doing the preaching.

Last evening Dr. Yates discussed sin, using as his text "Be sure your sins will find you out." He offered proof to show that sins would be found out both here and in eternity. There were two additions to the church.

A splendid choir, directed by Miss Loma Groom, with Mrs. T. E. Rose at the piano, is assisting.

Prayer services are held each evening at 7:30 o'clock in four divisions, for juniors, for young people, for women, and for men. The juniors are led by Mrs. W. B. Henry and the young people will be directed this evening by Miss Doris Price.

Mrs. Yates and other guests from Amarillo attended services yesterday.

Daily services are held morning and evening.

SPECIAL MUSIC IS OF MUCH INTEREST

Directed by Supt. R. B. Fisher, with Mrs. Irvin Cole and Mrs. May F. Carr at the organ, music of unusual interest has been provided in connection with the Methodist revival. Roy Tinsley has assisted with violin selections, and last evening a quartet composed of Emmitt Smith, R. B. Fisher, E. D. Zimmerman, and Howard Zimmerman sang "The Haven of Rest."

Morning and evening services are held at the church, and crowds are increasing daily.

The Rev. C. A. Long, pastor, is doing the preaching. Last evening he discussed the reasonableness of religion, saying in part:

"God is not an arbitrary despot, compelling obedience of his subjects, but a compassionate, considerate Father, inviting his children to reason with Him about life. Religion is common sense applied to

Novel Program Is Held at Sam Houston School

Both children and adults contributed to the entertaining program sponsored by Miss Jewel Montague's room at the chapel period yesterday morning at Sam Houston school.

Mrs. May F. Carr opened the program with three piano selections, and a devotional period was conducted by the Rev. John Mullien, new pastor of the First Christian church.

A comic strip interpretation of characters in Moon Mullens, presented by Junior high pupils of Miss Ida Poole's room, delighted the children.

Betty Lee Thompson of Miss Montague's room sang Shanty in Old Shanty town, with ukulele accompaniment.

The crowd marveled when little Nell Walters, 6-year-old daughter of Mr. and Mrs. L. C. Walters, read verse and at sight, the books which were given her at random. Nell has never gone to school.

Two piano selections were played, one, Woodland Echoes, by Gloria Conley, and the other, Slumber Song, by Clara Mae Lemm. Both little girls won places in the Panhandle Music Festival with the selections they played.

Mrs. Raymond W. Harrah, a popular entertainer, gave two musical readings, Little Boy Blue and Pickaninny Kid, with Mrs. Philip Wolfe at the piano. She also gave a vocal solo, A Little Bit of Honey.

Fourth Birthday Is Occasion of Party

Mrs. L. S. Young, 515 N. West, entertained for her son, Gene Maynard, Wednesday afternoon from 2 to 4 o'clock to celebrate his fourth birthday.

Games and an Easter egg hunt were enjoyed by the following children: Jay and Kitty O'Keefe Harold Geppelt, Barbara Powell, Mary Lou Anderson, Billie Sullins, Colleen Cockerill, Bobby Rae Hill, Charles Stephens, and Lola Jo Henderson. Adults present were the honoree's grandmother, Mrs. Wesley Williams of Shamrock, and Mesdames J. M. Fowell, C. L. Stephens, O. Geppelt, J. F. Henderson, and Mary Jo Mayes.

COMING EVENTS

THURSDAY
Junior high Parent-Teacher association, 3:30, school cafeteria.

Second grade mothers club of Baker school, 3:30.

First grade mothers club of Baker school, 3 o'clock.

Child Study club, Mrs. H. R. Thompson.

Chatter Box club, 2 o'clock, Mrs. M. S. Fager.

Merry Mixers, 2:30, Mrs. G. L. Green.

Livingstone B. T. S. Easter party, 4:30, First Baptist church.

Seventh Birthday Celebrated Monday

Little friends of Walta Jean Workman gathered to help her celebrate her seventh birthday Monday afternoon in the home of her parents, Mr. and Mrs. W. O. Workman.

The house was decorated to suggest Easter, and guests were given candy rabbits, Easter eggs, and chickens.

Jig-saw puzzles furnished much amusement, and games were played. Mrs. John I. Bradley and some of the children told stories.

Angel food cake and ice cream were served to the following: Joella Shelton, Betty and Boots Roundtree, Kenneth Johnson, A. L. Patrick Jr., Bonnie Ruth Speer, Norma Jean Turner, Doris Ann Davis, Billie Nell Rice, Charles de Cordova, Shirley Mae Sone, Carolyn Darnell, Sheri Shaw, Frances Workman, W. O. Workman Jr., the young honoree, and Mrs. Bradley.

From Horse to Mud Falls First Lady of Country

WASHINGTON, April 13. (AP)—Mrs. Franklin D. Roosevelt was thrown into a mud puddle in Potomac Park early today when her horse slipped down.

The wife of the president was uninjured and remounted and continued her morning ride.

The horse, traveling along a slippery course, fell to its knees and, as Mrs. Roosevelt described it later: "I slid off very gracefully right into the mud."

FIRST LADY WEARS NET DINNER GOWN

WASHINGTON (AP)—Intricate and dainty workmanship went into the black chiffon and net dinner gown introduced here by Mrs. Franklin D. Roosevelt. In the latest fashion, the gown is made with long sleeves and a high neckline. Insets of finely ticked net and black lace trim sleeves and neckline.

SERVICES TO BE VARIED AT LOCAL CHURCH

MASS SUNG AT 7:30 IS TO OPEN DAY FOR CATHOLICS

TOMORROW the services at the Holy Souls church will be of a more varied nature than usual, and at such a time that will make it possible for all who desire to attend one or another of the services. The Mass of the Presanctified will be sung at 7:30 a. m., so called because the host or particle of bread used in it was consecrated or presanctified in the mass on Holy Thursday.

Then will follow immediately the service termed "Adoration of the Cross," not adoration in the strict sense which is paid to God alone, but rather the proper reverence to this symbol of universal salvation similar to that paid to a remembrance of a dear departed one.

From 12 until 3 p. m. the usual 3-hour service will be held, a series of prayers, hymns, and meditations on the sufferings of Christ, and of

Parent-Teacher Association To Meet On Friday

Inclement weather caused the postponement of the Junior high school Parent-Teacher association meeting from this afternoon to tomorrow afternoon. It will be held at 3:30 o'clock in the school cafeteria, and a study of health will be made.

Following the opening song and prayer, a business session will be held and election of officers will take place.

Mrs. R. B. Fisher will discuss the children's charter, Mrs. Bob Chaffin and Mrs. A. W. Mann, with Mrs. J. F. Curtis at the piano, will sing a duet, Miss Ivan Mayfield will discuss health habits, and Mrs. E. C. Will is to give current events.

EASTER HUNT PLANNED

Children in the beginners department of the First Baptist church will have an Easter egg hunt tomorrow afternoon at 2 o'clock at the church.

A duration that corresponds to the length of time Christ hung on the Cross. In the evening at 8 o'clock the Way of the Cross and some of the prayers and hymns used in the afternoon services will be repeated for those who were unable to attend during the day. Confessions will be heard from 4 to 6 and from 7 to 9 p. m.

Wonders of West Are Studied By Club on Tuesday

El Progresso club members, meeting in the home of Mrs. W. Purviance Tuesday afternoon, elected Mrs. Purviance as delegate and Mrs. W. R. Ewing as alternate to the meeting of the seventh district, Texas Federation of Women's clubs, which will be held this month in Hereford.

Roll call was answered with names of American painters, and a program of Mexico and Arizona was directed by Mrs. J. M. Dodson.

The leader gave high lights of the history of New Mexico. She used Santa Fe, the second oldest town in the United States, as a starting point, and took the club members, in imagination on a trip to several points of interest. She stated that American architecture originated in Santa Fe, and that the Pueblo structures were the beginning of the modern sky scrapers. She declared that a person needed an interpreter more than he needed a sight seeing car while traveling in this part of the country. She also mentioned the Yucca, which is the state flower.

Various interesting places were discussed by Mrs. W. R. Ewing, who pointed out that the "Sunshine State" was the fourth largest in the United States and ranked second in

MRS. HOBART RETURNS

Mrs. T. D. Hobart returned yesterday from Kansas. She spent a week visiting her daughter, Mrs. Guy Hutchinson of Arkansas City, and went to Wichita to have her glasses re-adjusted.

H. S. Barnes of Fort Worth is here on business this week.

good roads. Out of Roswell, she called attention to the white sand which resembles water waves, and on the edge of which is son. vegetation. It was interesting to note that the field mice of this section were white. Mrs. Ewing also discussed Elephant Butte dam and Carlsbad cavern.

Mrs. Dodson then told of the dwelling places of the Hopi Indians and the marvelous snake dance, after which Mrs. Charlie Thut spoke on Arizona as a scenic wonderland. She told of the geology of Grand canyon and took the group on two trails, one the Angel trail, the other leading over the suspension bridge. She also told of the Painted desert, so called because of the coloring in the rocks.

Mrs. John V. Andrews favored the group with a song, Out Where the West Begins.

A delightful plate lunch was served to the following: Mesdames John Andrews, J. M. Dodson, C. P. Buckler, William M. Craven, S. G. Surrah, C. T. Hunkapillar, P. C. Laddick, Carson Loftus, J. M. McDonauld, Dave Pope, W. Purviance, John K. Sweet, Charlie Thut, George Walstad, W. R. Ewing.

Children and Their Mothers To Attend

The beginners department of the Methodist church will have an Easter egg hunt tomorrow afternoon at 3 o'clock at the church, and mothers also will be given a party during the afternoon. Each mother has been asked to bring six Easter eggs.

CANADIAN NEWS

Jack Rogers of Amarillo is in Canadian on business.

Calvin Isaacs was in Amarillo yesterday.

Lenard Stroud and Harold Bess from Rocky Ford, Col., are in town making plans for a rodeo.

S. E. Allison is in Oklahoma City on business.

Opal Tepe is in Oklahoma City for a short visit with friends.

EASTERN STARS TO MEET
Persons interested in the Eastern Star drill have been requested to meet at the Masonic hall tomorrow evening at 7:30 o'clock.

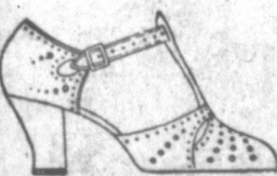

EASTER HUNT ANNOUNCED
The nursery department of the Methodist church will have an Easter hunt at 2:30 o'clock Saturday afternoon at the church.

TWO LINES OF CARS—TWO PRICE RANGES ONE HIGH STANDARD OF QUALITY

First, came the Chevrolet Master Six—and America responded with the greatest welcome given Chevrolet since 1929. Then, up stepped the leader with another entirely new line of cars, the Standard Six. And down went the Chevrolet base-price to the lowest figure in history for a full-size six-cylinder closed car. Now—for the first time—there are two Chevrolet Sixes—the Standard and the Master. Body-styles for everybody. Prices for several different groups of buyers. But only one standard of quality running throughout the complete line. And that's the very same high standard that has made CHEVROLET the greatest name in low-price transportation!

Both Standard and Master models offer wood-and-steel bodies by Fisher—equipped with safety plate glass in the windshields, and featuring Fisher No Draft Ventilation. Both have silent second gears and smooth, fast, six-cylinder engines. In the Standard Six, you enjoy all these advantages—at the lowest operating cost of any full-size car. In the Master Six, you get all these advantages, and many more, in an unusually large, luxurious car, along with the greatest all-round economy of any car of its size. And Chevrolet prices are now as low as \$445—for the Standard Six Coupe!

SIMON DENIES TRUTH OF ALL 'SPY' CHARGES

WILL USE EMBARGO IF BRITONS ARE NOT TRIED FAIRLY

LONDON, April 13. (P)—The house of commons was notified today that the king signed the measure whereby the government can place an embargo on all Russian goods.

This measure was a direct outgrowth of the arrest of the Metropolitan-Vickers Electrical company employees who are undergoing trial in Moscow. The government said it would not use the embargo unless it was found necessary to assure the British engineers a fair trial.

In connection with the trial in progress at Moscow, Sir John Simon, foreign secretary, today made this statement in the house of commons:

"In view of the nature of charges made against six British subjects at the trial in Moscow I desire to make a specific statement.

"None of these men ever has been employed directly or indirectly in any connection with any branch of our intelligence service. None of them ever has supplied any information to any such branch. None of them ever has been paid or promised any reward for such information nor ever has been supplied with any money to obtain it. None of them ever has made any report to us on behalf of our intelligence service.

"All of the statements are equally true of the Metropolitan-Vickers company itself. That company has not and never has had any connection whatever with our intelligence service."

Many Expected At Jaysees' Dance

Many out-of-town guests will attend the Junior chamber of commerce dance in the Knights of Pythias hall in the Wynne-Merten building Saturday night. Responses to invitations have been received from Canadian, Miami, White Deer, Panhandle and Borger.

Music will be furnished by the Thrill Harmony orchestra which will be enlarged to 10 pieces for the occasion. More than 200 invitations have been mailed. Those not receiving invitations are urged to get in touch with Jack Dunn or Bob Fuller.

Hosts and hostesses will mingle with the dancers and a good time is assured all. Members of the B. & P. W. club will assist the Jaysees.

Mr. and Mrs. M. L. Gibson and Mrs. Jerry McCartney of the Hopkins community are in Amarillo today.

Mrs. R. H. Dilley of Hopkins community has been quite ill but is improving.

(Continued from Page 1)

American daily newspaper served by reputable news services. President Roosevelt would have been misled in a morass of rumor, half-truths, and disastrous untruths if he had tried to approach the banking problem through the press of many other nations.

FRENCH PROPAGANDA

Recently it was reported from Paris that the French government would try to get propaganda before the American people through news agencies. Concerning this subject, the Associated Press issued this statement:

"The Associated Press is not engaged in any propaganda and will not engage in any propaganda service for any country which of course, includes France.

"The Associated Press has now, has had and will continue to have its own American news staff in France which is responsible to the Associated Press for covering the news of France.

"More than that, the Associated Press has never been entreated by the Havas Agency or any department of the French government to engage on its own account or jointly with Havas or any one else in the carrying of French propaganda."

ROGERS HAS BILL

Among the several bills introduced at Austin by Representative B. L. Rogers of the 12th district is one to require publication of itemized statements of county expenses and expenditures. There already is such a law, but it has no penalty. The penalty Rogers proposes would

CHILD'S GARDEN CONTEST

Contest Editor: I am a child under 15 years of age. My age is... I wish to enter the Children's garden prize contest and will plant and cultivate a small vegetable garden and next summer I will write you a letter telling of my garden. I understand that my garden will be judged after I write my letter.

Name.....
Street address.....
Mail address.....
Size of garden..... feet by..... feet.
(Fill out and mail this blank to Contest Editor, Pampa Daily News.)

provide that the county judge would have to furnish an affidavit of publication of the statement before drawing his salary for the last month of each quarter. The idea is that if the people know how their tax money is being spent they will watch it more closely and tend to demand economies. If the law was ever any good, it is worth bolstering with an effective penalty for non-observance.

Limits placed upon earnings of

Markets

New York Stocks

NEW YORK, April 13. (AP)—The stock market rallied sharply today, after a sluggish start. Yesterday's losses were more than recaptured, as strength of commodities lent vigor to the movement in shares. The closing tone was strong. Transfers approximated 1,600,000 shares.

KANSAS CITY LIVESTOCK
KANSAS CITY, April 13. (P)—(U. S. D. A.) Hogs 4,500; fairly active, 140-350 lbs 3.20-55; packing sows 275-550 lbs 2.80-3.20; stock pigs 70-130 lbs 2.75-3.15.

Cattle 2,000; calves 300; fairly steady; early sales fed steers 3.75-5.00; steers 5.00-15.00 lbs 4.00-6.50; heifers 5.00-9.00 lbs 4.00-5.50; cows 3.75-5.15; vealers (milk fed) 3.00-6.50; stocker and feeder steers 4.25-6.00.

POULTRY
CHICAGO, April 13. (P)—Poultry, steady. Hens 12-13; leghorn hens 10; roosters 8; turkeys 12-18; old ducks 12-13; spring ducks 12-14; Geese 11; leghorn broilers 17; colored broilers 21; rock broilers 21-22.

CHICAGO GRAIN
CHICAGO, April 13. (P)—Grain prices averaged lower early today, influenced by reports of heavy wet snowfalls west and southwest. Some trade authorities contended, however, that the wheat crop in Kansas had reached a point where weather conditions were of but small importance over the western half of the state.

Wheat closed strong, 1 1/2-2 cents above yesterday's finish, corn 1 1/2-1 3/4 up, oats 1/2-3/4 advanced, and provisions varying from 5 cents decline to a rise of 5 cents.

NEW ORLEANS COTTON
NEW ORLEANS, April 13. (P)—Cotton opened quiet but steady today. Cables came in considerably better than due but first trades here showed losses of one to three points on pre-holiday evening up.

Prices improved slightly after the "tar" partly on the favorable cables and partly on trade buying and vice fixing.

The market became more active and firmer as the morning progressed. There was fair trade buying and a good deal of short covering for over the holidays. Higher

county officials, likely to be passed in this session of the legislature, are not going to have much effect on Gray county. The range of this county's population would, under the bill which passed the senate, be 13,250 for top compensation of the most important county officials.

Reorganizing valuations have automatically did for Gray county all this law contemplates. Reorganization would give fewer offices would afford only relief. Present conditions would hardly be worse, working an especially hardship upon justices of the peace, surveyor, and sheriff and even imperiling the enforcement of law.

prices were stimulated also by another upturn in wheat and firm stocks. May advanced to 6.65, July to 6.80 and October to 7.03, or 8 to 11 points up from the early lows and 7 to 8 points above yesterday's close.

Near noon the market was very steady, at the highs, and showing a continued upward tendency with a scarcity of contracts in evidence.

David Forsythe arrived in the city yesterday after spending a month with relatives in Winfield, Kansas.

LAKEHURST, N. J., April 13. (P)—Lieut. Charles J. Maguire, chief aviator at the naval station, testified today at the Akron hearing that, weather research since the disaster indicated that by taking "any other course except that taken in the last few minutes" the airship might have avoided the storm in which it crashed.

AUSTIN, April 13. (P)—The Texas senate this afternoon began consideration of a house bill to set up the machinery whereby Texas may vote on repeal of the 18th amendment. The bill was expected to provoke considerable debate. The bill is amended by the senate state affairs committee, called for an election next November 7.

J. L. STROOPE

(Continued from Page 1)

family from his farm in the Farrington community. For many years he worked on ranches over the Panhandle, and for a time lived in Miami. Mr. Stroope was known and loved by hundreds of early residents all over the Panhandle. He came to the Panhandle when cattle were still being driven over the trail to Kansas, and he helped take one herd of cattle over the trail.

Once during one of the hundreds of conversations Mr. Stroope had with the writer, he said in answer to a question concerning his happiest experiences, "Well, I tell you, Slim I reckon that I've never liked anything better than just running cattle... riding and ropin' and tyin' 'em."

He was a frontiersman in temperament and in generosity, and remained one until he was stricken with illness. He "rolled his own" until he was freed to stop smoking. Mr. Stroope often said he enjoyed the Frontier Days celebration held here last spring, and that he was glad such a reunion of old timers was held before death should take him.

Throughout the day, scores of old-timers called at the Stroope residence, and many from all parts of the plains are expected to attend the funeral.

Born in Arkansas, Mr. Stroope was born in Lafayette county, Arkansas, September 4, 1861. When four years old he moved with his mother to Meridian, Texas, in Borden county. He attended his first school there in a building made of lime rocks. His mother later moved to Stephenville and bought a farm three miles from that town.

In 1876, he moved with his parents to the Chickasaw nation in the Indian Territory.

In 1879, Mr. Stroope came back to Erath county where his brother,

Oliver, lived. In 1880 he went to work for the M. H. A. outfit on the Clear Fork of the Brazos river in Shackelford county, herding horses and helping with the cattle. In 1881, he went to work for Turner Titus and helped bring a herd of D. B. L. cattle to the Panhandle.

Worked on Many Ranches. He furnished his own horse and got 323 a month. In 1882, he made his first and only trip over the trail with a herd of cattle to Dodge City.

In 1883, Mrs. Stroope began riding the I. X. ranch. The next year he went to N. M. near Red River Springs, and worked for Lackey and Lamar.

In 1888, he came back to the Panhandle and worked for the L. X. people until 1888. During the summer months, he was an "outside man," that is, he rode from place to place to "work" the cattle on outside ranches. In '88, he came back to Erath county but the next year saw him in the Panhandle again; this time on the T-A ranch. In '91 and '92 he worked on the Quarter Circle Heart ranch near Shelden, and in '93 for old J. M. Shelton down south of Mobeetie.

Soon afterward, Mr. Stroope acquired a small bunch of cattle and grazed them down on McClellan creek in Gray county. In '95, he punched cattle for old man Minor.

Began Farming. At the beginning of the present century, Mr. Stroope sold his cattle and bought a livery stable in Miami. He operated this almost two years and then traded it for a farm in the Farrington community, where he lived for many years and which he owned at the time of his death. After he bought the farm, Mr. Stroope kept away from the ranches and stuck to farming. In 1906 at the age of 46, Mr. Stroope married Miss Dora Stone of Ivan, Texas. Their only child, Miss Donnie Lee Stroope, is a graduate of Prima high school and has attended Simmons university and West Texas State Teachers college.

After coming to the Panhandle ranches, Mr. Stroope specialized in roping and many an old timer yet living testify that he was one of the best ropers that ever hit the plains. The buffalo herds were gone when Mr. Stroope began riding the Texas pampas, but a stray would be seen now and then. He shot a buffalo calf just west of Panhandle after some of the boys working with him had run it about 12 miles.

During his residence of 52 years in the Panhandle, Mr. Stroope had occasion to meet, as he expressed it, "everybody worth knowing." That procession of colorful personalities—Temple Houston, Col. Goodnight, Capt. Arrington and others—who made the Panhandle an exciting place to live in the 'eighties were all known by Mr. Stroope.

FAIR TRIP
(Continued from Page 1)

and designers of the Texas exhibit. In addition to displays of the agricultural, mineral and industrial development of the state, the rich history and promises of greater future development will be told in mural paintings and with dioramas, the new display in three dimensions.

The story of wheat from the pre-

paration of the ground, through the harvesting and milling, will be shown in an elaborate action diorama, as will also the production and uses of petroleum and its products.

The port facilities along the Texas Gulf coast at Port Arthur, Galveston, Houston, Corpus Christi, and Port Isabel, will be graphically shown in moving dioramas which will show tonnage figures of the various commodities originating in Texas.

A cross section of the sulphur industry, agriculture, livestock raising, winter vegetable growing and the citrus industry will also be shown in action dioramas.

Since the legislature is prohibited by the state constitution from making a direct appropriation toward placing and maintaining the Texas exhibit at Chicago, the work of raising necessary funds is being handled by patriotic citizens throughout the state and considerable interest and progress is now being made, according to L. E. Snavely, citrus fruit grower and shipper of Earlington.

SANDSTORM

(Continued from Page 1)

PERRYTON, April 13. (P)—The worst sandstorm in history swept the northern Panhandle of Texas today, stalling automobiles and turning day into night.

Homes and business houses had to turn on lights as the dust obscured the sun and buildings a block away were not visible at times.

Many automobiles were stalled, mechanics said, because the dust and static electricity killed their motors. Those cars which still ran were proceeding cautiously, vision being only several feet at best.

At Plainview, the annual parade of prize winners in the Panhandle Plains Dairy show was called off because of the storm and owners of the blue ribbon animals stayed close indoors, chatting over problems of their industry and the merits of the best entries.

Wheat Blown Away
KANSAS CITY, April 13. (P)—One of the worst dust and sand storms in years raked portions of the Texas Panhandle and the western sections of Oklahoma and Kansas last night and early today.

Top soil was whipped about in the teeth of a gale which reached a maximum velocity of 50 miles an hour.

Reports from Meade, Kan., said livestock snorted mud from their nostrils while wheat fields were swept bare and dust and sand drifted on highways like snow.

R. L. BonTrebbia of the state experiment farm at Garden City, Kan., expressed belief that the storm put the "finishing touches" to much of the wheat in that section which he said was already "on the edge of going."

At Dodge City, Kan., the wind was gauged at 40 miles. The observer at Larned, Kan., said a "fierce dust storm" yesterday and last night was the worst in the history of the nation.

Snow was falling in northwestern

Kansas today and snow or rain was forecast over most of the area.

AMARILLO, April 13. (P)—Amarillo and the Panhandle today were under the worst pall of dust experienced yet this spring as a cold north wind promised to push the temperature below 30 degrees tonight. A minimum of 32 degrees was reported this morning.

The forecast was partly cloudy and colder tonight, with a predicted low of 26 degrees; Friday fair.

TRIAL

(Continued from Page 1)

edged his guilt of all the charges against him.

"I was affected by the testimony of Thornton (L. C. Thornton, one of the Englishmen) in which he said he had used me to collect information and I considered it useless on my part to deny it," MacDonald testified.

Thus he disclosed that the method of investigation had included the showing of each of the six British prisoners separately what the investigators said were statements by their colleagues.

Thornton denied "confessions" made at the time of his arrest, declaring he had been frightened and thought he would have a chance to correct his statements later. He stuck to that story despite the scornful laughter of the audience, in which the prosecutor and the judges joined.

The audience held its breath, expecting Thornton to tell what he knew about how the Cypu works, but he admitted his original statement was made without duress. He still insisted it was not true, however.

MacDonald, lame since childhood, told the court he had collected military, economical and political information at Leningrad and at

Each time Thornton's answer was "No." The only information he ever collected or ordered collected he said, concerned the operation of machinery installed at Russian plants

Saves Her Husband Lost 16 Pounds In 4 Weeks

"I have never found a medicine that 'peps' you up like Kruschen Salts and better still, leaves you 'pepped up.' I take it two or three times a week—not to reduce but merely to feel good and clean. My husband took it to reduce, he lost 16 pounds in 4 weeks." Mrs. E. A. Ferris, Washington, D. C. (December 29, 1932).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts 4 weeks costs but a trifle at Richards Drug Co., Inc., or any drug store in the world but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar. (Adv.)

Keep Your Figure Looking Youthful

GIVING figures a new accentuated, uplift silhouette is the duty of this new spiral-designed Vassarette Bandeau... and it does it in the most comfortable way imaginable! You'll like its freedom and elasticity... you'll like the way it supports so perfectly, without binding or making you feel "choked." And it gives such youthful, natural lines! And the new little Vassarette Girdle, with its ribbed elastic top and bottom, makes the lower figure slimmer and smarter.

by his company. Zlatoust on Thornton's instruction. He also said he had wrecked machinery at Zlatoust, where there is an important power plant, in an effort to cripple factories making war materials.

Everytime MacDonald made a statement of this kind the prosecutor turned to Thornton.

"Do you admit that?" he would ask.
