Bandits Pose As 'Census Takers'

THREE MEN INVADE CHICAGO MANSION, ESCAPE WITH \$50,000 IN JEWELRY; GUESTS AND OWNERS ARE BOUND AND GAGGED

(By Associated Press)
CHICAGO, April 1.—Three men, posing as census takers, invaded a Sheridan Road mansion yesterday and escaped with jewelry valued around \$50,000 after six members of the household and guests had been bound, gagged, and blindfolded with adhesive tape and ropes.
Mrs. Lottie Brenner Von Buslow, owner of the home, and her estranged husband, Enrique Dembow Von Buslow, German World war aviator, whom she is suing for divorce, were two of the victims.
Called Twice
The "census takers" called at the Von Buslow home twice, but on the first visit, Mrs. Von Buslow had not yet returned from shopping. Several hours later, they called again.

HILL OUT FOR LEGISLATURE FROM LUBBOCK

EDITOR OF LOCAL FARM PAPER ANNOUNCES CANDIDACY

Al Hill, editor of the South Plains Farmer, and agricultural editor of the Avalanche-Journal publications, last night announced his candidacy for the State Legislature, 119th district. In his announcement Mr. Hill stresses a platform in favor of a square deal for West Texas and Texas Technological college.

"This is the first political aspiration of my life," said Mr. Hill, "and in announcing my candidacy I am responding to solicitations of numerous friends in the nine counties composing the district."

To Aid Agriculture
"West Texas has the most progressive class of farmers in the state of Texas or the southwest, and it will be my endeavor as a member of the State Legislature to aid in measures promoting agricultural conditions within this area and to oppose legislation harmful to interests of the farmers."

Furthermore, it appears to the that appropriations for Texas Technological college have been far inadequate in view of the significant niche this institution fills in the educational life and activity of this state. If elected to this office I will work diligently for the financial support which is due this great college.

Tech Must Be Served
"Texas Tech has had a phenomenal growth which I daresay surpasses that of any other similar institution in the United States, and the whole state should be educated to the fact that this infant has outgrown knee trousers and has now put on adult clothing. Approximately 3,500 students enroll here annually. We must not fail in our obligation to supply the facilities for them."

Mr. Hill has lived in Lubbock two years. Twenty-two years of experience with newspapers of the state, at intervals of which he has served as political writer, have enriched him with state-wide acquaintances, and he has been a close student of

FLASHES OF LIFE

As Brought Over Associated Press Wires Today

(By Associated Press)

Not Foolish

NEW YORK—There's nothing foolish about today for sundry holders of stock in American corporations. It is their first big pay day of the year. Some \$750,000,000 is coming to them in dividends. And this is the 25th birthday of the United States Steel Corporation.

Forfeit \$3,000

NEW YORK—Rather than produce two Anti-German war plays, British actors have forfeited \$3,000. The will of J. Hartley Manners, playwright, left the Royal General Theatrical fund of London \$500 a year for six years on condition that specified plays be produced annually. The forfeiture of the fund of the actors' union by the Germans on the English people be kept alive. An appraisal reveals that the bequest has been declined.

Mother Aided

LOS ANGELES—Mabel Normand's estate of \$9,000 cash, \$35,000 realty and \$50,000 jewelry is left to her mother. Her will says that her husband, Lew Cody, is amply provided for. He is administrator and worth \$75,000, he told a judge on posting bond.

Heydler Worried

NEW YORK—John A. Heydler, president of the National League, is worried. Over the coming opening of the baseball season? No. His golf game is worse than when he went south a few weeks ago to brush it up.

political problems. He has been a staff writer for the Beaumont Enterprise, the Houston Post-Dispatch and many other newspapers. Lubbock, Crosby, Hockley, Cochran, Lynn, Terry, Yoakum, Dawson and Gaines counties compose the 119th district.

The Truth About Fat

Science has found that excess fat is largely due to a weakened gland. Now physicians the world over, in treating obesity, combat that major cause. Starvation is not advised.

The chief factors they use are embodied in Marmola prescription tablets. People have used them for 22 years—millions of boxes of them. In late years, excess fat has been fast disappearing, as everybody knows.

The method and formula are explained in every box of Marmola. As you gain new plumpness, beauty and vim, you know why. Go try the method which has done so much. Watch the amazing results. All druggists supply Marmola at \$1 a box.

Senate: Considers Norris Muscle Shoals resolution. Commerce committee meets to consider unemployment legislation.

House: Considers Snell "universal draft" resolution for study of methods of equalizing burdens and minimizing profits of war.

Rules committee works on special rule for tariff procedure.

He pointed out that the pipe line bill would not become effective until 90 days after adjournment of the fifth special session of the legislature or June 20.

Fund Not Needed
"There will be two months and 10 days remaining of the present fiscal year when this bill goes into effect," he said. "I think that anyone would recognize the absurdity of the contention that the oil and gas division would need any such sum as approximately \$37,000 to meet the expense of operating this law for the last two months and 10 days of this fiscal year. If this money is not needed it should not be taken from the general revenue fund."

In the general departmental appropriation bill the railroad commission is given three contingent funds as follows: gas utilities division, \$5,300 for each year of the biennium; oil and gas division, \$52,500 for each year of the biennium; and the main office \$15,900 for each year of the biennium, a total of \$105,600 in contingent funds for the biennium.

He said expenses the railroad commission might incur in enforcing the pipe line bill from the time it becomes effective until the end of the present fiscal year legally could be paid out of the contingent fund appropriated to the oil and gas division or to the main office of the railroad commission, and should this fund prove inadequate he said he would be willing to supplement it with any needed from deficiency appropriations.

JUDGE DROPS DEAD
CHICAGO, April 1 (AP)—Judge William N. Gemmell of the Cook county superior court dropped dead in the lobby of the South Side hotel where he resided.

Capone's Aide Is Arrested At Miami

MIAMI, Fla., April 1 (AP)—Jack McGurn, whom officers described as Al Capone's right hand man, was arrested at a Miami Beach golf course Monday as a fugitive from justice. A man known as Tony McGurn, and believed to be Jack's brother, who was arrested at the same time, was held for investigation.

Officials said Jack McGurn was arrested March 20 here during a liquor raid on the Capone home, and was booked on a charge of vagrancy as "Jack Vincent." He was at liberty under \$500 bond on that charge when he was arrested Monday.

After a brief career as a medical practitioner, he devoted himself to writing, publishing a magazine, and numerous books. Among them were "Mental Dynamite," "Warm Wireless Waves," "Mak's Grammar," and "Riverology." In his writings he referred to himself as "The Pool Killer."

Wash styled the \$160,000,000 tax reduction as almost a routine process in sealing down the revenues from the war time height.

Good roads appropriations, he added, were a yearly product "and have been ever since Woodrow Wilson started the system of federal co-operation."

WOULD LIMIT NAVY PARLEY PRESS ROOMS

AMERICAN DELEGATION DISTURBED BY PUBLIC OF INFLUENCE

LONDON, April 1 (AP)—The American delegation to the naval conference, disturbed by what it considered to be the increase of efforts to influence unduly public opinion at home last night moved the privileges of representatives of the press to the press room.

Sentiment was for the imposition of a rule that only those who send daily telegraphic reports of conference developments should be allowed to attend press conference or enjoy the full use of the press room. Press correspondents who accompanied the delegation to London have frequently made informal protests against alleged misuse of the press room.

Listed in the official press directory of the conference are a number of organizations that the American delegation feels have over-emphasized peace propaganda, though with the most sincere motives.

Among those listed by the secretariat in the press directory are: The American committee for the outlawry of war.

The Carnegie Foundation for international peace, the foreign policy association, and the national council for the prevention of war.

THREE DROWN NEAR HOUSTON

RESCUERS DRAG RIVER FOR THREE MISSING VICTIMS

HOUSTON, April 1 (AP)—A hundred rescuers who for hours had dragged the San Jacinto river here for three men believed to have drowned in a sinking motorboat had met no success this morning.

Two white men, Joe Scott, 35, and Albert Miller, 26, and Peter McGee, negro, were missing.

Six men were in the boat. The other three swam ashore. They were W. P. Cunningham, Nick Gress and Robert Malley.

The survivors said they were in a motorboat and were en route to McGee's house to make preparations for a fishing party.

When they reached a point about

(READ THE STORY, THEN COLOR THE PICTURE)

The pilot of the great big plane said, "Well, my wait's not been in vain. I see I have some passengers to fly to say Parve. If all you boys have never tried a trip like this, you'll like this ride and I am going to be real glad to have you all with me."

Then Scouty spoke up, "This is great. We're sorry if we made you wait, but now we all are ready to be taken in the air. This is a trip we wouldn't miss. We've been in planes, but not like this. No matter how high up you go, it will not give us a scare."

"Well, well, come on! Let's climb aboard," the Travel Man then loudly roared. "When we arrive in Paris, there are dandy sights in store. The trip is really rather short, but while we're up we'll have real sport. Oh, look! The engine's going, and just listen to it roar."

The big propeller whizzed around. The Tines hopped up off the ground and climbed into the great big plane. "All right, let's go," cried one. "We all can sit right here in ease and with right through the balmy breeze. I'll bet the pilot, on such trips, has heaps and heaps of fun."

Then, slow, but sure, the plane fifty yards north of the bridge on Market street, the boat began filling rapidly with water and sank before they could start it ashore. Cunningham said the water hose came loose in the engine's cooling system, causing water to pour into the boat.

Those who escaped the currents attempted to save their companions but were unable to do so. Cunningham said. At the time of the accident, the night was so dark they were unable to see.

rose high and went sailing through the sky. The Tines were so thrilled they simply couldn't say a thing. The plane swooped on across the air and gave a flock of birds a scare. The big machine itself seemed like it was a bird on wing.

The pilot then said, "Look below. The water there, I guess you know, is just the English Channel. This is no good place to stop. An unexpected thrill you'll get. And also, you'd be soaking wet if something would go wrong right now and this big plane would drop."

(The Tines arrive at Le Bourget flying field in the next story.)

Mrs. Schroeder Is Shipped To Miles

The body of Miss Bertha Schroeder, 22, of Lubbock, was shipped at noon today by Rix-Sanders to Miles, Texas, for burial, following death in a local hospital Monday evening at 6 o'clock.

No definite funeral arrangements have been announced. Survivors are five brothers, Henry Schroeder, Lubbock; L. H. Schroeder, Sagerton; Edd Schroeder, Lubbock; Will Schroeder, Wellman; Otis Schroeder, Hurwood, and two sisters, Mrs. W. C. Pruitt, Carlsbad, Texas, and Mrs. Augusta Teal, Hurwood.

ESCAPED CONVICT HELD

LOS ANGELES, April 1 (AP)—Margaret White, 36, under arrest here, was declared by the police to be an escaped convict from the Huntsville penitentiary in Texas where she was serving five years for burglary. Records showed she was sentenced at Amarillo Nov. 1, 1927, and escaped in June, 1928. Texas officials were notified.

CLEANUP WILL BE HELD HERE

DATES FOR DRIVE SET FOR APRIL 21 TO MAY THIRD

At a meeting yesterday afternoon at the city hall, the cleanup committee of the Lubbock Board of City Development recommended that a steering organization be appointed for the purpose of conducting a clean-up drive in this city April 21 to May 3.

The committee, named recently by President R. J. Murray, of the B. C. D., is composed of W. B. Atkins, Ross Edwards, A. Sansom, Roy Furr, D. Jarrett, Norton Baker, W. G. Alderson, J. G. Haynes and Joe Nislar.

Directors of the organization will consider the recommendations at next Friday's meeting.

ENGINEERS TO PRESENT SHOW

OVER 3,000 EXPECTED HERE FOR SECOND ANNUAL EVENT

Expected to attract an attendance of from 3,000 to 4,000 citizens of the South Plains and Eastern New Mexico, the second annual Engineers' show will be held in this city April 11 and 12, at which time seven departments of Texas Technological college will be represented with displays.

Textile, architectural, mechanical, electrical, civil, geological and chemical exhibits will furnish a wide range of educational information.

"Extensive preparations are being made for the chemical display," said J. B. Calvert, senior student, who is in charge of that division of the show.

Haynie Spencer, senior student, is general manager of the show.

VIDOVICH CONVICTED

HOUSTON, April 1 (AP)—Marino Vidovich was found guilty and R. R. Owen was acquitted today on charges of conspiracy to violate the customs laws. A sealed verdict returned Friday by the jury, was read by Federal Judge J. C. Hutcheson today. Judge Hutcheson did not indicate when he would impose sentence. The men were charged in connection with the seizure of the Lena and Imperator, rum ships, in May, 1928.

A rare Chelsea group depicting shepherd, sheepherders, sheep and dogs standing only 16 inches high was sold recently in London for \$16,250, a record price.

STINSON OPENS CLEANING PLANT

The only cleaning and dyeing plant in the state of Texas which handles women's work exclusively opened its doors at Broadway and Avenue Q this morning.

It is operated by Mr. and Mrs. J. A. Stinson, under their own name and is modern throughout, including its chemical plant moved here from Dallas by Mr. Stinson, who has been connected with the Brannon plant there.

A graduate of the National Association Institute of Cleaning and Dyeing at Silver Springs, Maryland, member of the American Chemical society and with 20 years of experience in the cleaning and dyeing business, Mr. Stinson was optimistic concerning the success of his local venture today. He has been connected with a number of large

EATON WARNS ON CANE SEED

SUDAN GRASS GROWERS ADVISED BY COUNTY AGENT HERE

Growers of sudan grass and cane seed should be extremely careful in the kind of seed planted and the plants over the country and, prior to this, has also been in business for himself.

land where these crops are planted, D. F. Eaton, Lubbock county agricultural agent, declared today.

While these crops produce well in other sections, it is a recognized fact that the seed produced in other sections of the nation are not suitable for replanting, hence, the Plains of Texas seem destined to hold the monopoly that it now has as the seed producing section of the nation for sudan and cane seeds.

There is one serious question mark in the future of this seed business, however, Eaton says, and that is the future demand of growers in other sections.

This question mark comes from neglect on the part of a certain per cent of growers on the Plains, rather than from any quality of the pure product. In the past few years, Plains growers of sudan grass and cane seed have been too lax, in many cases, by planting these seeds in lands infested with Johnson grass, or the seeds that have been planted have been mixed with Johnson grass, or other hybrids and

as a result the crop when harvested had these impurities.

In permitting such a practice, the farmer is killing the "goose that laid the golden egg," Eaton states. England's post office department showed, in the last fiscal year, a surplus of nearly \$20,000,000, the largest surplus on record.

NEWS... For People Who Want a NEW Coffee

Try the piquant tang and rich mellow body of coffees from the Mountains of Central America

WHEN you're tired of ordinary coffee. And you want a coffee that is really different—Try coffee from the mountains of Central America.

From certain high volcanic valleys along the West Coast of Central America come the choicest flavored coffees known today.

They have a winey tang, a deliciously rich mellow body that experts concede are not duplicated anywhere else in the world.

Years ago, this coffee was first served in the famous Bohemian restaurants of San Francisco. Travelers tasting it there spread its fame. From all parts of the world they wrote back for ship-

ments. For that was the only way it could be obtained. Today, however, your grocer has it packed by Folger in flavor-tight vacuum tins.

Why Most Coffees Taste Alike

Ordinarily you note little real difference when you change from one brand of coffee to another. For over 70 per cent of all the coffee entering the United States comes from one common region—giving it the same common taste.

Nature herself makes Folger's coffee utterly different. For it is grown in a different region altogether—in the high mountains along the West Coast of Central America.

You will realize that this is no ordinary coffee with the very first rush of fragrance that comes with the opening of the tin.

The Flavor Test

Because Folger flavor is so distinctly different, we make an unusual offer. Buy a pound of this coffee today. Drink it tomorrow morning. Next morning drink the coffee you have been using. The third morning serve Folger's again. If for any reason you do not choose Folger's, your grocer will gladly refund the full price. We'll pay him. That's fair, isn't it? Why not try it today?

TAHOKA AND LUBBOCK CLASH IN DUAL TRACK MEET TODAY

NEW YORK GIANTS MIGHT ESTABLISH NEW HOME RUN MARK IF THEY COULD PLAY IN TEXAS PARK; GET 7 HOMERS

(By Associated Press)
NEW YORK, April 1. — If they could play all their games in Texas League parks, the New York Giants might set a few home run records. In two games since they broke camp at San Antonio, the Giants have collected seven four base blows, five of them in yesterday's 11-7 victory over Shreveport. Freddy Lindstrom, making his first appearance in a game this year, and Johnny Mostil, playing his first full contest, were among the home run hitters.

With the opening of the season only two weeks away, Manager Shotton is about ready to concede the Phillies are rapidly getting to know the Giants. "When we start hitting we'll start winning," he said. "That's our trouble now."

George Earnshaw, right-hander of the Philadelphia Athletics, said today he would scale more than 200 pounds when the champions open the season.

Cubs in Final Week
Chicago's Cubs today headed into the final week of their stay on the Pacific coast, which includes a series with Los Angeles and another with the Hollywood club of the Coast League.

Four Triumphs
Boasting four successive dual track triumphs in as many starts, the Bulldog aggregation is conceded an even chance to outscore the undefeated Lubbock team in this afternoon's engagement.

Plan For Amarello
Today's practice meet will likely be the last bit of outside competition the locals will have before they go to Amarello on April 10 and 11 to compete in the annual New-England invitation meet.

Another member of the Slaton squad who is likely to make things hot for Lubbock's ambitious tracksters in the district meet is "Bones" Armes, pivot man on the Tiger eleven, who has thrown himself when the high jumping starts. His leap of six feet, three inches was good enough for first place in the county meet Saturday and is likely to be too good for the boys who enter this event in the district April 13 and 14.

One staunch supporter of the Slaton cause told this correspondent Saturday that the "Westerners" had any intention of winning the district championship again.

John Simmons, the crack Slaton miler, stepped the four laps Saturday in four minutes, 34 seconds on a track that measures exactly seven yards more than the regulation 440. As usual he was not pushed to win. His coach, Paul Wright, explains that he has allowed Simmons to take things easy thus far and that the lad continues to improve.

At Austin last year, John won the mile in four minutes, 36 seconds and the Tiger flash seems destined to break the existing record this season. Four minutes, 33 and a fraction seconds is the present record, held by a Denton High school athlete.

We have just recently discovered why pool is an easier game than golf—simply because in the pool game you start out on the green.

LUBBOCK ASSURED TWILIGHT LEAGUE

CLOSE BATTLE PROMISED FOR FIELD EVENTS

LYNN COUNTY TRACK STARS HAVE THREE FIELD TRIUMPHS

Tahoka High school's flying cinder artists are in Lubbock this afternoon to match strides with E. J. Lowrey's Westerner tracksters in a dual skirmish which promises to be a close battle for points from the first to the last event.

The Lynn county squad, together with its coach, Winfield Nicklaus, arrived here at mid-afternoon and the opening gun will be fired at 4 o'clock.

Four Triumphs
Boasting four successive dual track triumphs in as many starts, the Bulldog aggregation is conceded an even chance to outscore the undefeated Lubbock team in this afternoon's engagement.

With the opening of the National League pennant race only a couple of weeks away, the Pittsburgh Pirates are confronted with a growing list of injured and sick. The Pirates reached Houston today on their exhibition tour.

Lack of punch by the St. Louis Browns has already started to worry Manager Bill Killefer as his proteges start the homeward trek for the big league opening.

While other clubs were skip-stopping northward, the St. Louis Cardinals are trying to keep the season from slipping away until time for the annual spring city series with the Browns. The International League farm of the Cardinals, Rochester, moved to Bradenton for the final week or so of training.

A day spent in gazing out of a train window while the Cincinnati Reds traveled northward from Florida didn't help Dan Howley much in his search for a promising backstop.

Spurred by their fourth victory yesterday out of five games with New Orleans the Cleveland Indians today welcomed their first test against major league opposition with John McGraw's Giants.

Stanley Harris' Detroit Tigers were completing a two day exhibition stand at Daytona Beach today with the Montreal International League club as opponents.

Sad Sam Jones and Garland Braxton, Washington pitchers, were drawn to divide the box honors in today's game between the Senators and the Chattanooga Lookouts.

SIX BATTLES ARE PLANNED

MADISON GARDEN SETS DATES FOR TWO OF BOXING EVENTS

NEW YORK, April 1. (AP)—Madison Square Garden plans a half dozen big battles for the 1930 outdoor season, and dates for two have been fixed.

Max Schmeling and Jack Sharkey are to meet for the heavyweight championship at the Yankee Stadium June 12, and Sammy Mandell lightweight king, will defend his title against Al Singer in the same arena July 17.

In addition the Garden plans a flyweight battle between Midget Wolgast of Philadelphia and Frankie Genuaro of New York. A match for Kid Chocolate, featherweight champion, or come good lightweight, a welterweight match between Jackie Fields, titleholder and Jimmy McLarnin, and possibly a tussle between the heavyweight Behemoth, Primo Carnera and Victorio Campolo.

Mustangs Will Get Baseball Workout

DALLAS, April 1. (AP)—Coach Jerry Mann planned to send his S. M. U. Mustangs through a final workout today in preparation for the baseball opener against the Baylor Bears tomorrow.

Showing unusual strength in early exhibition games, the Mustangs look as confident contenders for the conference crown. The Baylor team opened its season by splitting a two game series with Texas Christian University.

SIXTEEN QUALIFY

PINEBURST, N. C., April 1. (AP)—Sixteen out of 113 starters qualified for today's first round north and south amateur golf championship.

Miss Maureen O'Connell of New York won the qualifying medal yesterday with 80. Miss Helen Hicks did 81 and Miss Glenna Collet, 82.

McNamara Wins

NEW YORK, April 1. (AP)—Jimmy McNamara, New York lightweight, won a decisive victory over Al Bryant of Newark, N. J., in a 10-round bout on the St. Nicolas arena card last night.

JONES LEADS IN GOLF OPEN

ATLANTA AMATEUR HAS THREE STROKE LEAD OVER FIELD

AUGUSTA, Ga., April 1. (AP)—With a three stroke lead over the field, Bobby Jones led today for the final 36 holes of play in the \$5,000 Southeastern open golf tournament.

The Atlanta amateur and national open champion shot two par rounds of golf yesterday for 144 to take first day's honors. Horton Smith, professional, was found strokes behind him in fourth place.

A gallery of 2,000 watched Jones and Smith play together yesterday over the well trodden hill course at the Augusta country club. Today Jones will be playing late. Smith has an engagement in Boston Thursday, and arrangements have been made for him to play both rounds in the morning and leave here by airplane tomorrow afternoon.

Johnny Farrell and Tom Kerrigan tied for second place honors in yesterday's play. They were three strokes behind Jones.

DALLAS STEERS HOPE TO WIN TWO IN ROW FROM CUBS WITH TODAY'S GAME

Still chuckling over yesterday's victory, Skipper Jackie Atz of the Dallas Steers has decided April Fool's day would be ideal to make it two in a row over the Chicago club of the American league, patron saint of the Steers.

To make the game more interesting, Atz planned to start Homer Blankenship on the mound, with the tacit promise from Donnie Bush, Home Mogul, that Homer's big brother, Ted, would take the rubber for the White Sox. After today's game the Sox will proceed to Fort Worth, for a game tomorrow, leaving behind pitcher Louis Garland as an addition to the Dallas ranks.

Babe Gets Homer
At San Antonio, the Indians did not do so well against their big league rival, the New York Yankees. Babe Ruth led the Yankees' scoring, garnering a home run, a double, a single, two walks, and a sacrifice in his trips to bat, and helping materially in piling up the 14 to 4 score.

The Shreveport Sports were equal to the task, dropping a track meet sort of game to the New York Giants 11 to 7.

Teams in other camps held themselves to intra-squad practice yesterday, preparing for games today and tomorrow. Besides the Dallas White Sox go. Fort Worth will meet the T. C. Horned Frogs today, and the White Sox Wednesday. Waco will meet the Yankees Wednesday, and Beaumont will clash with the Pittsburgh Pirates the same day.

Hopes Shattered

South Texas hopes for a class D league were shattered with announcement by President Ankenman that the Houston Buffs temporarily had abandoned plans for the league. Corpus Christi was the hardest hit, fans in the city having planned on a farm for the St. Louis Cards.

Ankenman also announced several releases from the Buffs. Dinky Dean, pitcher, Vernon Deck, outfielder, and Blaine Kunes, infielder, were sold to St. Joseph, Mo. Eddie Willford, second baseman; Joe Morgenthaler, pitcher; William Brown, pitcher; and Paul Evans, outfielder, were shipped to the Shamrock, Okla., training camp of the Cardinals.

OUTLINE PLAN OF CITY BALL RACE TUESDAY

AT LEAST FOUR TEAMS TO BE ENTERED IN COMPETITION

Lubbock was assured an amateur twilight baseball league last night when it became known that at least four clubs will compete in the 1930 race for city league honors.

Plans for a bigger and better city league were formulated at the city hall with more than a score of local diamond enthusiasts met at the city hall and perfected an organization for the season.

With promise of four teams in the pennant fight, rules and regulations were drawn up for a season of thirty games. Preliminary arrangements call for the four teams to play two games each per week. Monday to Thursday inclusive are to be the regular playing days while Friday and Saturday will be used for alternative games.

Delaney Is President

S. M. Delaney, local real estate agent, was elected president of the league. The new twilight head will also handle league funds as well as look after the club rosters. Each manager is to turn over his player list to the president before the season starts on April 28.

Although all details for the operation of the league have not been worked out, it was voted last night to limit each club to four players from Texas Tech.

A small admission fee will be charged this year to take care of minor expenses, especially the buying of baseballs. All children are to be admitted free of charge.

Four Teams In

The following teams were represented at last night's meeting: Auto Barbers, Santa Fe, Lubbock Advertisers, and Carpenter-Painters. D. Walker was appointed manager of the Carpenter-Painters, succeeding the previous manager.

A team from the Texas Utilities company are expected to seek admission into the local amateur circuit. In the event the Utilities team is taken into the organization, one of the aforementioned clubs may be absorbed in the transaction.

FAL MOORE GETS DECISION

CHICAGO, April 1. (AP)—Fal Moore, veteran Memphis bantamweight last night claimed a 10 round decision victory over Bobbie Allen, of Chicago.

OKUN GETS DECISION

ROCHESTER, N. Y., April 1. (AP)—Yale Okun, New York light heavyweight, won the judges' decision over Frankie Wine of Montreal, here last night, after 10 rounds of miking. Okun weighed 172, and Wine 182 3-4.

Helen Hick, Virginia Van Wile and Maureen O'Connell, three of this country's greatest women golfers, will be making their debut in foreign competition when they participate in the informal international match between an American group and England's best—Ray Benge, who flings baseballs for Burt Shotton's Phils, played baseball in Mexico, once. "I was warming up to pitch in the said Benge," says a guy attired in sombrero, chaps and all the silver trimmings, rode a pinto onto the diamond and started blazing away with his gun. "The senior gringo loses today, eh?" he says to me and stuck the cannon under my nose. "Not only today, brother, but right now, I told him and ran like hell out of the park and into Texas. That's the last baseball I played in Mexico," said Ray.

HIGH BASKETBALL TOURNEY STARTS

CHICAGO, April 1. (AP)—The title of national prep basketball champion today changed before 36 teams awaiting the signal for battle in the twelfth annual interscholastic tournament at the University of Chicago.

Starting at 11 a. m. today the sturdy youths from all parts of the country faced morning, noon and night of basketball in the championship round at the consolation series.

Langley Institute of Wheeling, W. Va., and John Hagan High of Houston, Tex., were the opening game contenders.

GUS SONNENBERG DEFENDS TITLE

KANSAS CITY, April 1. (AP)—Gus Sonnenberg, recognized in some states as the world's heavyweight wrestling champion, successfully defended his claim to the title here last night by winning two falls out of three from Ed Koloff, Russian champion.

Ed (Strangler) Lewis, former world's wrestling champion, and Henri Degasse, French heavyweight and light-heavyweight champion, posed George McLeod of Minneapolis to the mat in 21 minutes, 30 seconds with a body slam.

Pete McEnpaulle, welterweight, used a body slam to subdue Charlie Carr of Shreveport, La., in 13 minutes, 12 seconds.

Vernon Burdette, light heavyweight champion, used just nine minutes and a hammerlock to flop Billy Vandine, Kansas City.

ANNUAL SHOW OF ENGINEERS WILL BE HELD

DETAILS WORKED OUT
FOR TECH AFFAIR
APRIL 11, 12

All details are now practically worked out for the second annual Engineers' Show at the Texas Technological college, Haynie Spencer, of Cross Plains, senior student at the college, manager of the show has announced.

The show will be held Friday evening, April 11, and all day Saturday, April 12.

Invitations Broadcast
Invitations are being broadcast through the newspapers of this section, to everyone interested, to attend this free show. Everyone is invited, Spencer says, and we are particularly anxious to have engineers come see the equipment we have, and the manner in which the future engineers of this section are being trained.

High school and grammar school students are likewise extended a special invitation to attend the show as well as business men.

Special invitations will be sent out to state officials and others. Spencer, a student in the electrical engineering department of the school of engineering at the college, is assisted by Cary Lodal, of Gordon.

MURDER TRIAL IS ADJOURNED

LILA JIMMERSON'S CASE
DELAYED BECAUSE OF
HER ILLNESS

(By Associated Press.)
BUFFALO, N. Y., April 1.—The trial of Lila Jimmerson, consumptive Indian woman accused of complicity in the murder of Clothilde Marchand, was adjourned until tomorrow morning, apparently because of illness of the defendant.

Judge F. Bret Thorne, when the jurors filed into the box this morning, immediately announced:

Held Necessary
"Circumstances have arisen which necessitate adjournment of this court until tomorrow morning at 9:15 o'clock."

The jury was ordered kept together until tomorrow, the first time since the beginning of the trial such an order had been given by Judge Thorne.

Lila came into the courtroom with the matron at the time set for the opening of court. She began coughing, and, as the cough wracked her body, adjournment was ordered.

Taken to Hospital
She was taken from the room by the matron and shortly after word reached the courtroom she had been removed to a hospital.

The adjournment was ordered after the woman's counsel, John V. Maloney and John S. Knibbe, and District Attorney Guy B. Moore had conferred in the judges' chambers with Judge Thorne.

The trial came to a halt at the moment when both defense and prosecution were prepared to give their summations and only a few hours before the case was expected to go to the jury.

LEAVES CITY

J. D. Everhart, for the past six months manager of the Lubbock Carter-Houston store, leaves tomorrow for Clovis, where he will assume the management of the Joyce-Fruit store, associated with the Carter-Houston company. Mr. Everhart, who is well known here, will be succeeded by Jim Wily, former manager of the Joyce-Fruit store at Clovis.

don, as assistant manager, and a student assistant from each of the seven engineering departments.

Inspection Planned

The three engineering buildings with all the equipment, machinery, tools and other material will be arranged for inspection, while some 250 to 400 students will assist in demonstrating machinery and tools and the methods students are following in learning practical work in this school.

Last year 2,200 attended the first annual show in eight hours. This year, this figure is expected to be far better than doubled.

The inspection tour will begin in the main engineering building. The machine shops will be the next building to be visited and the textile engineering building will be the final building to be visited.

Students in charge of the various departments for the show follow: Ed McDonald, Plainview, electrical engineering; Hugh Hancock, Lubbock, civil engineering; Robert L. Taylor, Childress, mechanical engineering; Charlie Woodbridge, Plainview, textile engineering; J. B. Calvert, Amarillo, chemical engineering; Miss Edna Houghton, architectural engineering and Clyde Drake, Lubbock, geological engineering.

Slaton Man Taken On Liquor Charge

His residence raided and a small quantity of liquor confiscated late Monday afternoon by Lubbock county officers. Dad Hoffman, of Slaton, was arrested and lodged in the county jail.

Hoffman was acquitted of a charge of violation of the prohibition laws March 17 by a jury in the 72nd district court in this city.

SETTLE PARTY DIFFERENCES OVER TARIFF

PROCEDURE AGREED ON
IN COMPROMISE AT
CAPITAL TODAY

(By Associated Press.)
WASHINGTON, April 1.—Party differences over procedure having been settled by compromise, republican leaders of the house today directed their efforts toward getting the much disputed tariff measure into conference with the senate at the earliest possible time.

The rules committee was called in to session to report a "rule" under which a conference would be requested tomorrow or Thursday and the house conferees instructed not to agree upon sugar, lumber, shingles and cement rates until separate votes had been taken on those items.

Adoption Assured

Adoption of this course was regarded as assured. It was agreed upon by the republican chiefs late yesterday after nearly a week had been spent in conferences designed to bring into harmony conflicting demands of various groups within the party.

A vote on the "rule" could not be taken until tomorrow as house procedure made it necessary that it "lie on the table" for twenty-four hours after being reported. There was some doubt, too, that it could be brought up tomorrow as providing parliamentary conditions will be such that the objection of one member of the house will be sufficient to postpone action until Thursday.

Agree On Procedure

The procedure agreed upon was a compromise between the desires of administration leaders that the bill follow the usual course and be sent directly to conference, the demand of an eastern group for a separate pre-conference vote on sugar and the demand of a middle western group for similar votes on cement, lumber and shingles. The middle westerners, a sizeable bloc from the beet sugar producing section, opposed at the same time any separate vote on sugar, preferring

Amazed! Way Tanlac Relieves "Rheumatism"

For years the remarkable results obtained from Tanlac in the treatment of general rundown conditions have amazed its users, but most surprising of all is the quick relief this remarkable medicine gives in cases of "rheumatism" and stomach ills that yield to nothing else.

Men and women who thought themselves beyond human aid, who suffered for years with pains from stomach and bowel troubles, neuritis, chronic headache, distress, sleeplessness, constipation who saw themselves daily going down like a sickly early old age have, through the amazing stimulating and cleansing action of this REAL MEDICINE, Tanlac, found themselves once more in the possession of a strong healthy stomach and a body free from pain. One user says, "I suffered tortures from muscular rheumatism but after taking Tanlac for a couple of weeks I was over the rheumatism, my kidneys acting fine, my digestion in apple-pie order." Try it—get a bottle from the nearest druggist. Satisfaction guaranteed or money back. Accept no substitute.

JAPANESE TO ACCEPT PACT AT CONCLAVE

DELEGATION TOLD TO
SIGN FORMULA WITH
RESERVATIONS

(By Associated Press.)
TOKYO, April 1.—The Japanese government today instructed its delegation in London to accept the

Reed-Matsudaira naval formula without altering tonnage figures, but with reservations which, it was authoritatively stated, should present no difficulties for an early conclusion of a tripartite naval limitation pact.

As a result of its decision, the Tokyo government confidently expects the success of the London conference, at least as far as Japan, America and Great Britain are concerned.

With Premier Hamaguchi presiding, and Baron Shidehara, foreign minister, stating the case for an agreement, the cabinet decided to instruct Reijiro Wakatsuki, head of the Japanese delegation in London, to accept the Reed-Matsudaira formula with the tonnage figures unaltered, but with reservations.

After adjournment of the cabi-

net's four hour session, Premier Hamaguchi proceeded to the imperial palace and received Emperor Hirohito's sanction to the decision. Soon the cables were carrying the instructions to London.

The government did not make public the instructions, but an authoritative source outlined them as follows:

The tonnage schedules of the Reed-Matsudaira formula are accepted without alteration.

Under Four Heads
The reservations are set forth under four heads, namely:

First, Japan's acceptance in no wise prejudices her right to reopen the question of tonnage ratio and eight-inch gun cruisers when the present agreement terminates.

Second, Japan reserves the right to arrange her submarine program

by replacing vessels before they reach their age limit, but keeping within the limit of 50,000 tons as as to insure continuous employment of skilled dock yard labor specializing therein.

Third, Japan desires a definite understanding that the agreement is to terminate at the end of 1936.

Fourth, Japan insists that an agreement for extension of the capital ship holiday be bound up in this auxiliary limitation pact.

MAYOR DROPS DEAD
BOSTON, April 1. (By Associated Press.)—James Marshall, twice mayor of Nashville, Tenn., fell dead at a democratic mayor's banquet in the Hotel Statler here tonight. In 1923 he was mentioned by the late William Jennings Bryan as a possible democratic candidate for the presidency.

INSURANCE ANNOUNCEMENT!

We have entered into contract with insurance companies involved allowing us the right to acquire, after audit now being conducted by public accountants, all insurance business, expirations, accounts and bills receivable, furniture and fixtures, good-will, agency agreements, and assets of every kind belonging to the insurance agency of

HEMPHILL THOMPSON CO.

(Or by whatever name said business may be known, such as Lubbock

Insurance Agency, Hemphill & Young, Hemphill & Woods, J. S.

Hemphill, etc.)

The affairs of said agency are now in the hands temporarily of Mr. M. D. Kinney, trustee, representing all insuring companies. Until said audit is completed and the agency transferred, we can see no reason for uneasiness on the part of any policy holder. All business will receive proper attention and all expiring policies will be rewritten. Policies in force are binding upon the companies.

In the event we finally acquire said business we can assure all patrons and policy holders that they may look to us to protect their interests with honesty, efficiency, promptness and courtesy.

We believe our record in this community, coupled with our financial responsibility, and the fact that in acquiring the business we will have made an additional investment of several thousand dollars, amply justifies us in earnestly requesting that the patrons and policy holders of the above agency save their business for us and avoid replacement with other agencies until the ownership of said agency is established.

In the event any policy holders in said agency (or any other) become uneasy or dissatisfied and desire to change agencies for any reason, we offer our services in writing their business in a manner entirely satisfactory to such customers.

CITY ELECTION NOTICE

Pursuant to law and City Charter of City of Lubbock, notice is hereby given that an Election will be held on the 1st day of April, 1930, at City Hall, the same being the place designated by City Commission as the voting place of said City on the date heretofore mentioned, City of Lubbock, County of Lubbock, Texas, for the purpose of electing a mayor and two commissioners — H. D. Woods, Mayor of the City of Lubbock, Texas.

ELECTION ORDER

On this the 24th day of March, A. D. 1930, the Commissioners' Court of Lubbock County, Texas, convened in a regular session of the Court at the regular meeting place thereof in the Courthouse, at Lubbock, Texas, all members of the Court being present, to-wit:

Robt. H. Beane, County Judge.

N. A. Penney, Commissioner, Precinct No. 1.

J. T. Pinkston, Commissioner, Precinct No. 2.

W. L. Brasher, Commissioner, Precinct No. 3.

L. C. Denton, Commissioner, Precinct No. 4.

and among other proceedings, passed the following order, to-wit:

WHEREAS, the County Commissioners' Court of the County of Lubbock, State of Texas, deems it advisable to issue bonds of said County of Lubbock for the purpose hereinafter stated;

THEREFORE, it is hereby ordered by the Commissioners' Court of Lubbock County, Texas, that all persons interested in all the voting precincts of said County on Saturday, April 26th, 1930, at which election the following proposition shall be submitted to the qualified property taxpayers voters of said County:

Whether or not the bonds of said County, in the amount of \$250,000, shall be issued for the purpose of the erection of a county courthouse and jail, and which bonds may mature, serially over forty years from their date and shall bear five percent interest per annum; and

Whether or not an ad valorem tax shall be annually levied upon the property of said County, subject to taxation for the purpose of paying the annual interest on said bonds and to provide a sinking fund to pay the bonds at maturity.

All persons who are legally qualified voters of this State and County, and who are resident property taxpayers of this County shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed upon the words:

"For the issuance of bonds."

And those opposed shall have written or printed on their ballots the words:

"Against the issuance of bonds."

Said election shall be held under the provisions of Chapter 92 and Two, Title 22, of the Revised Civil Statutes of the State of Texas, of 1925, and the manner of holding said election and making returns thereof shall be governed by the general laws relating to general elections in this State.

THREE-POWER NAVY TREATY IS PROPOSED

CHAIRMAN BRITTEN OF
NAVAL COMMITTEE
HAS PLAN

(By Associated Press)
WASHINGTON, April 1.—Chairman Britten of the House Naval Committee has decided a plan for a three-power naval reduction treaty which he urges that the American delegation to the London conference propose as a means of measuring the sincerity of Great Britain.

His proposal was issued for publication today. He called upon delegates of the United States to "stop talking about impossible consultation pacts and lay cold figures on the table."

Scrapping Proposed
Britten proposed that America scrap the battleships *Scotia*, *Utah*, *Wyoming* and *Arkansas*, and England the battleships *Benbow*, *Iron Duke*, *Marborough*, and *Emperor of India*, with Japan retaining her present 10 battleships. This would give the United States, he said, fourteen battleships, with a total tonnage of 427,400, England sixteen ships of 401,450 tons total and Japan ten with 292,400 tons.

Turning to the cruiser problem he suggested that the United States Great Britain, and Japan, complete the construction of all vessels of this category now authorized, with England scrapping her fifteen oldest cruisers, from the *Dartmouth* down to the *Concord*.

World Fleet British
"Our destroyer tonnage of 226,312 could be scrapped down to meet the British tonnage of 190,781 and Japan could retain her 129,375 tons," he said, "or it might be agreed that England could build up to our 226,000 tons so as to insure her superiority over the combined French and Italian 218,000 tons."

The submarine tonnage of America and Great Britain, he added, is approximately the same and could remain so by agreement.

CITY ELECTION

tion of utilities, is opposed by J. E. Roach, local grain shipper, George E. Benson, local automobile dealer and George W. Pickle, contractor are candidates for commissioner of streets, parks and alleys. A. V. Weaver is not a candidate for reelection.

Amendments Up
Aside from the question of electing three officers, voters also are deciding on seven proposed charter amendments to the city charter.

Five of the seven are classed as routine amendments, while the other two, one dealing with sale of municipality owned utilities and properties and another with street improvements, perhaps command greater attention.

D. N. Leaverton, contractor, and John F. Bacon, capitalist, who hold the commissions of fire and police and finance, respectively, will hold their offices for another two years.

Death Toll In Boat
Collision To Eight

ST. HELENS, Ore., April 1 (AP)—Death toll of the collision between the coastwise freighter *Davenport* and the dance barge *Swan* and its pushboat *Dix* stood at eight today while four still were missing.

Richard Belland, Jr., son of the owner-operator of the barge, whose body previously was reported to have been seen in the pushboat's pilot house as the vessel lay in 60 feet of water in the main channel of the Columbia river near here, was not found when the boat was raised last night.

An investigation was ordered to start today at Marshfield, Ore., by United States inspectors.

PAMPA VOTES TO NAME NEW HEADS TODAY

ELECTION COMPLICATED
BY ARREST OF MISS
BEULAH ALLRED

(By Associated Press)
PAMPA, April 1.—Pampa voters went to the polls today to vote for municipal officers in an election vaguely complicated by the arrest of Miss Beulah Allred, prohibition crusader, and the visit of two state rangers.

At the request of business men, who feared the rangers' presence on election day might cast discredit on the town, the latter left last night. Before leaving they assured Pampa citizens no signs of possible disorder at the election had been found, and said they had been impressed by many statements that Pampa had no "crime problem."

To Probe Case
Governor Moody asserted the rangers were sent here to investigate a specific case unconnected with the election or Miss Allred's arrest on charges of transporting liquor. He said three citizens had asked for the rangers, and the belief was expressed here the request was a political move.

One of the tickets in today's election was sponsored by the Pampa law and order league, an organization with about 75 members. This ticket included R. C. Campbell for mayor, and J. G. Ganiz and Charles Kentling for commissioners. On the other side, Mayor D. W. Osborne and Commissioner Lynn Boyd sought re-election, and Clyde Featherstone, president of the chamber of commerce, was a candidate for the other commissioner.

Few Efforts Made
The incumbents made few efforts in the campaign, declaring their case rested on their administration, which included construction of a new city hall auditorium to be started soon. The next administration will supervise 75 blocks of paving.

BANDITS PUT ON REIGN OF DESTRUCTION

MISSIONARIES TAKEN
BY CHINESE GANGS;
FEAR EXPRESSED

SHANGHAI, April 1. (AP)—Further dispatches today confirmed scattered reports that bandit armies were conducting a virtual reign of terror in several provinces of China south of the Yangtze river.

From Hankow came information that the bandits who last Thursday raided and looted the city of Yuan-chow, western Kiangsi province, besides capturing three missionaries had boiled the district magistrate in oil, killed a Chinese Christian pastor and forced the residents to pay \$80,000 Mexican "good will money" before they departed.

Fears Expressed
Grave fears were expressed for the safety of the kidnapped trio which included Miss Nina Eleanor Gemmel, 33, formerly of Olered, Kas., and Tacoma, Wash. The other captured missionaries were the Rev. and Mrs. R. W. Porteus, of England.

An expected general evacuation of foreigners from Kiangsi province, long ravaged by lawless bands, was reported from Nanchang, capital of the province, because of increasing danger from bandits moving northward. Eight thousand organized brigands under the leadership of Chu Teh, bandit leader educated in Europe, were said to be menacing Nanchang. Chu Teh was believed to have 30,000 well armed henchmen under his control.

Bandits were reported in dispatches as having captured Quinsan, south of Soochow, fifty miles from Shanghai, killing many who opposed them and carrying away 51 wealthy Chinese residents after announcing they would be killed unless ransom money was paid.

Other dispatches told of police and soldiers firing on boats carrying 500 bandits and littering the craft with dead and wounded. The boats and many bandits were captured, although others escaped shore.

Hankow dispatches said that 1,000 bandits had raided and looted Tupchen in southern Hupeh province. They killed 50 Chinese officials and residents before departing with loot. A Chinese press dispatch from Amoy said Reds were looting indiscriminately south of Fukien province and officials were helpless.

PEDDLERS PLAN SESSIONS HERE

"Come one, come all"—seems to be the cry of the Lubbock Chamber of Commerce to the traveling world. In announcing the eighth annual Peddlers' Jubilee, which will be staged at Hotel Lubbock, the last Saturday in April.

Under direction of R. C. "Dick" Smith, a number of committees of the chamber are getting ready to give the traveling men of this state another big day of entertainment.

Peddlers all over the country, as in the past, are willing into the Chamber of Commerce, asking the committee "to save a bean for me."

Every "knight of the grip" regardless of where he makes his headquarters, who makes Lubbock and the South Plains section, once in a lifetime, is invited to this party. Mr. Smith states.

NORTH BEACH, N. Y., April 1 (AP)—Captain Lewis A. Yancey and two companions took off at 9:30 a. m. today on an attempt to make a non-stop flight to Bermuda.

The plane rose from the water of Long Island sound on the sixth attempt of the fliers to get into the air. In attempting to lift the ship Yancey and his companions used more than one hour's supply of gasoline. Observers estimated that at the time of the takeoff there remained in the ship's tanks about nine and one-half hours' supply of fuel. The fliers will attempt to make the 750-mile overwater flight in eight hours.

Progress Reported In Naval Sessions

LONDON, April 1 (AP)—A British naval conference spokesman announced this morning that "distinct progress" was made during the past 24 hours toward finding a security formula satisfactory to great Britain and France.

The announcement represented a distinct change from the gloom which pervaded conference circles yesterday over the Anglo-French negotiations in which Great Britain had endeavored to satisfy French desire for a guaranteed security in exchange for reduction of the French naval program. It was understood generally the two delegations had reached an impasse.

Farmer Kills Wife; Takes His Own Life

SHREVEPORT, La., April 1 (AP)—E. Burleigh Yearwood, 35, farmer of prominent family, today shot and fatally wounded his wife and took his own life.

The tragedy occurred in their home at Belcher, twenty miles from here, where Yearwood was operating a plantation in partnership with Dr. T. B. Tooke, physician at Belcher.

Coroner Willis P. Butler expressed belief Yearwood shot his wife and committed suicide because of financial worries.

WITNESSES IN THEFT SOUGHT

ARNOLD AFTER MEN TO
REFUTE TESTIMONY
OF PARTNER

HOUSTON, April 1. (AP)—Pictured as one of two sneak thieves who "prowled" picknickers' cars and fled after the fatal shooting of Charles (Duster) Gouge last July 2, Jimmie Arnold today sought witnesses to refute testimony of his alleged partner in the thefts, Marion Stanley, star state witness at Arnold's examining trial on a charge of murder.

Gouge was shot and fatally wounded and his companion, Miss Lilian Beitt, was wounded at Morgan's Point, late July 2. The girl did not see their assailant.

At Arnold's request the examining trial was recessed until Friday so that he might prepare a defense. The charge was filed against him yesterday.

Stanley said that he and Arnold had been "prowling" the cars at Morgan's point, and that while he was examining a purse he had taken Arnold went toward the Gouge car. A few minutes later, he said, Arnold came running from the direction of the car, saying, "I've played hell," and they both fled.

The district attorney indicated charges against two other youths recently named for the murder would be dropped.

away diligence against possible fire was not relaxed.

Valve Check Fails
The critical situation developed after workmen apparently had succeeded in their battle to subdue the "outlaw" and clamped a master valve on the gusher. The valve failed to check the rampage of the well, however, and gas and oil continued to top the crownblock of the 122-foot derrick.

The well, property of the Indian Territory Illuminating Oil and the Foster Petroleum companies, began to run wild last Wednesday. It first came in as a gasser, with scarcely a trace of oil. Gradually the "color" increased, until now the oil flow is estimated at from 2,000 to 3,000 barrels an hour, and the gas pressure at 200,000,000 cubic feet a day.

travel principally on horseback. He described some of the difficulties before her as follows:
"Leaving Alpine (in Brewster county) she will travel eighty miles before she reaches her first place to enumerate."

"She must take with her a tent, cookstove, and bed and prepare to camp out, as there is absolutely nowhere for a person to stay in those entire districts."

"After she has enumerated the west part, it will be necessary for her to come back to Alpine and take another road south to get to the middle part of the district, moving her tent and camp she must come back to Alpine again and take another road to the eastern part of the district."

"It is impossible to cross from east to west in any part of this district, except the far south end where canyons empty into the river. There are no roads back up the canyons from the river. These canyons have to be entered from the north."

The name of this feminine camping-out census taker in Texas was not reported by Supervisor Case to the bureau here.

the entrance and enveloped the three men. It was thought by the men that a back-fire from the electric light motor ignited the gas-filled underground chamber.

Each of the men was burned about the face and shoulders, and the two in the dug-out suffered painful burns about the arms and hands.

Flame Described
Dr. Harry Bloom, least injured of the three, described the blast as a "sudden sheet of flame which belched from the dug-out and completely covered me before I knew what happened."

"I don't see how the other two escaped alive," he continued. "I felt sure they were dead when the flames burst forth, but in a few minutes they came out of the dug-out and we drove to town."

SHANNON IMPROVES AFTER ACCIDENT

The condition of E. L. Shannon, of Brownfield, injured last night when his automobile overturned three times near the intersection of 19th street and College Avenue, this morning was reported as greatly improved by physicians at the West Texas hospital.

When taken to the hospital Shannon was in a semi-conscious state and could tell little of what had happened. Examination revealed that he suffered a fracture near the base and a lullie to the rear of the right ear.

The accident occurred about 7:30 o'clock and passerby called a Bynum Brothers ambulance. A witness stated that Shannon was driving a Ford automobile and that the machine rolled over three times.

Identity was not established until shortly before midnight. When asked his name shortly after arrival at the hospital, he answered at times with the words Shannon

CLAIM 3,000,000 ARE UNEMPLOYED

(By Associated Press)
WASHINGTON, April 1.—William Green, president of the American Federation of Labor, estimated today before a senate committee that 3,700,000 wage earners were out of work in February, losing over \$400,000,000 in pay envelopes.

Green was the first witness as the commerce committee returned to consideration of the unemployment question.

He said in the first three months of this year "those out of work lost well nigh \$1,000,000,000." He explained this estimate on losses was based on the theory that the men standing idle might have created more than \$1,000,000,000 worth of wealth.

Most of the 30,000 additional acres in Sumatra planted to rubber in the last year are owned by Americans.

The British Broadcasting Service will attempt to broadcast the roar of Niagara Falls.

LOST TIRED, WEARY FEELING

Lady Tells of Taking Cardui in
The Spring With Resulting
Benefit.

Portsmouth, Ohio.—Mrs. E. H. Penn, who lives at 539 Front Street, this city, has written the following account of her use of Cardui, for the interest of other women who have suffered similarly:

"I was tired all the time—had misery in back and sides that kept me feeling bad. I was in a nervous and weakening condition. I lost in weight until I was very thin."

"During childbirth, mother had given me Cardui, and it had helped me so much then that I decided to take it again. I took several bottles and my strength began to return and I gained in weight. I soon lost that tired and weary feeling."

"Cardui has done me a great deal of good since then. I have taken Cardui several times in the spring and have been benefited. It does me lots of good, and I am always ready to recommend it."

"Thousands of women have written to tell how they had been benefited by taking Cardui. Cardui is purely vegetable. Try it for your troubles."
