## Texas Tennis Champion Director Of Olton Club

Olton Tennis Club has employed a tennis director for the summer. Jako (pronounced Ya'Ko) Garos, ranked among Texas' Top Ten, will be tournament director for all the club's activities and will offer lessons for anyone interested in learning to play or improve their game.

Garos will be playing for Coach David Kent at West Texas State University this fall. He is a native of Holland and began playing tennis when he was 10 years old. He competed in the Dutch Junior Nationals in the 18 years group in 1973, winning second place. He played on the European Junior Circuit in 1975.

Asked why he chose Texas to further his tennis career, Garos

JAKO GAROS

says that Texas and California are the two top tennis states in America.

Garos attended St. Edwards University in Austin, playing on the team as a freshman. He qualified for the NAIA Nationals in Kansas City, Mo. in 1977 as State Champion of Texas.

Last summer he played the Missouri Valley Circuit where he gained his present top ten ranking. He has been an instructor at West Texas State Tennis camp this summer, teaching children from 9 to 18. He taught his little sister in Holland to play at age five. At ten, she shows great promise of becoming outstanding.

Superintendent of School  
Dear Sir:

I am writing to thank you for your band having a meal with us during the Canon City Apple Blossom festival. I would also like to take this opportunity to point out how well behaved and disciplined your band members were while they were in our

motel. They certainly are a good representation of your school and home town.

If we can serve you again sometime, we would be most happy to do so.

Sincerely,  
Tony DiOrio, general manager,

## GAS COOKING OUTDOORS

Gas cooking outdoors sure makes sense in the summertime. It keeps the heat out, so your house stays cool. You save on air conditioning. Plus there's no charcoal or lighter fluid to buy, and no wait. Gas reaches cooking temperature fast and cooks full family dinners, everything your inside range and oven can cook, with that great outdoor flavor.

MRS. BERTIE McLAIN

## Cook of the Week

Busy is the way Bertie McLain likes to be and her hands prove the point. She is one of those persons who loves "just about everything." The exception, she says, is housework.

A beautiful yard is proof of her enjoyment in working outside with her flowers and lawn. Keeping the yard leaves her little time in summer for the busy work she loves with her hands.

Sewing, needlepoint, hooking rugs - Bertie loves them all. She finds handwork good therapy when winter weather keeps her housebound. She also loves to do oil and tole painting.

Bertie loves to bowl but seldom gets to now. She used to bowl in women's leagues in Olton and Plainview.

Cooking is a part of housekeeping that Bertie loves. She likes collecting new recipes and shares a "luscious ice cream recipe" which was given her by a friend. One of her pet desserts is to substitute coconut for the nuts in pecan pie. Bertie's recipe for "Truly Different Cupcakes" are better, she says, if they are mixed only till blended. "Do not beat," she cautions.

Bertie's husband, "Tump" died in 1973. They lost a son, Gus, in 1971. She has two daughters living in Dimmitt, Dorothy (Mrs. Herb) Mayfield and Ruth (Mrs. Boyce) Carter. Her youngest daughter, Marlene (Mrs. Arnold) Gilcrease lives on the family farm. Bertie has eight grandchildren.

SNAKES ON THE PROWL - Quite a few snakes have been seen about this year. Pictured here is a rattlesnake killed by J.D. Rodgers Monday while poisoning prairie dogs on the Kim Williamson farm five miles west of the city. Mr. Snake had eight rattles. Rodgers killed another rattler and two escaped.
