Number 29

Part of State Study

County Pioneer Heads Historic Survey Team

County Judge Zook Thomas has announced the appointment of the Collingsworth County Historical Survey Committee, to be in charge of the Historical Marking and Preservation program in the county.

The new committee will also cooperate with the State Program of Recordation, Appreciation, Marking, Preservation and Surveys (RAMPS) of Texas History.

Chairman of the committee is John Forbis of Wellington, who has lived in the county as long as any other resident, having come in 1888 with his parents, the late Mr. and Mrs. W. T. Forbis.

Others on the committee are members of families prominent in the early history of the county and include Mrs. Chester Fires, Mrs. Roy Horn, Mrs. J. Frank Johnson, Mrs. Clyde Drake, Mrs. L. E. Ward, all of Wellington, and Mrs. Jess Deger of Samnorwood.

Their terms run until Dec. 31, 1970.

The RAMPS program of work is spearheaded by the Texas State Historical Survey Committee, a state agency, with the cooperation and implementation of all the county committees.

"The committee has been appointed at this time to prepare their plans for the coming two years," said Judge Thomas.

He pointed out that the overall objective of the committee's work is the development of the county's history as a tourist attraction by working with the Commissioners' Court and local tourist-related organizations, and for the preservation of this history for future generations.

"The RAMPS program for Texas affords the possibilities of increased tourist business and travel to assist the economy in every county which works to carry out these objectives," Judge Thomas went on to say. "Our newly appointed committee is qualified to handle this important work for us with the help and support of our citizens."

Donald Settle

Donald Settle Elected State Jaycee Director

Area I Jaycees elected Donald Settle one of the five state directors to represent the Panhandle and South Plains area during the business meeting of their winter convention in Dallas Sunday, Jan. 26.

Mr. Settle, president of the Wellington Jaycees, also served on the convention credentials committee.

Others representing Wellington were Mrs. Settle, Mr. and Mrs. Duggie Jameson, Mr. and Mrs. Doug Seal, and Mr. and Mrs. Billy Wilkerson.

The other directors elected to make up the five from Area I are Dale Wacaskey of Levelland, Bob Brown of Dumas, Harold Stanley of Borger and Tommy Young of Post. Q. N. Stapleton of Amarillo and Don Knox of Vega were elected state vice presidents from Area I.

Youth Council Meets Jan. 22

The Skyrocket Youth Council met Wednesday, January 22, in fellowship hall of First Baptist Church. Judy Porter, president, presided. Sharon Gaston and Billy McAlister presented the program.

Members decided to send valentines to servicemen in Viet Nam. Anyone having addresses of these men should contact a member of the Council, said Mrs. Lorene Jenkins, a sponsor. The dates of the 1969 Texas Youth Conference are July 31 through August 31 meeting in Austin on the Campus of St. Edward University. Also it was announced that the spring officers workshop will be held March 22-23 in Austin with registration beginning February 1.

Youth Week

Due at Dodson

This will be Youth Week in the Nazarene Church at Dodson, the Rev. Howard Smith, pastor, has announced.

The young men and women will be in charge of the morning service Sunday morning, Feb. 2, with Miss Cindy Highwater directing the choir and with others teaching the Sunday School classes.

The Dodson Nazarene Church had an attendance of 75 Sunday, with Sunday School attendance averaging more than 70 during January, according to Mrs. Roy Tisdale.

The church will hold its monthly Sunday School executive meeting Monday night, Feb. 3, at 6:30 p.m. Later the Nazarene Young People's Society will serve a salad supper and the young people of the church will give a skit, "What It Takes to Make a Good Sunday School."

Quails, Bobwhites Schedule One Game for Week

The Quail Quails and Bobwhites have only one game scheduled during the coming week, a contest with Hedley Friday night, January 31. The double header will be at Quail.

Hedley boys are leading District 4-B, and so far they have not lost a conference game. Just one game behind is Quail, and if the Quails win this game, it will put the two teams in a tie, Coach Billy Wilson explained.

The teams have met twice earlier in the season, and Quail boys lost both. Hedley was the winner by three points in the Clarendon tournament and by two points when the teams met at Hedley.

Hedley girls are a fairly good team, but not nearly so strong as the boys.

At this time, Quail girls rank third in District 4-B, while Hedley is fourth.

The Quail teams rest Tuesday, February 4.

Rockettes Near End

WHS Teams to Meet Electra, Shamrock

Wellington boys and girls will entertain the Electra teams Friday night, January 31, then travel to Shamrock Tuesday, February 4, for their second game with the Irish.

This date will close the district schedule for the girls, although the boys have several games yet to play.

In the first meeting with Electra, just after the Christmas holidays on their court, the Wellington boys were victors by about 7 points, and the girls won by about 15. However, this late in the season, they are considered to have improved greatly.

"There are several 'ifs' in the district now and our kids

COUNTY PARK SITE

These young trees mark the site of the Collingsworth County park to be developed. It is bordered by Salt Fork on the north, with broad sandy beaches seen here, and U. S. 83 on the east.

License Plates Go On Sale Here Monday

For the first time, Texas motor vehicles will wear luminous tags—a safety factor which should help reduce traffic accidents, it is believed.

The license plates will be on sale Monday, February 3, since the opening date, February 1, falls on Saturday.

Plates will have a cream colored background and figures and numerals will be black, said Mrs. Rita Owens, county tax assessor-collector.

The numerals on these tags were announced this week by Mrs. Owens.

Passenger plates will run from BMG 300 to BMG 999, BMH 10 to BMH 999 and BMJ 10 to BMJ 574. Each year the prefix letters are changed.

Commercial truck tags will start at ID 9825 and go to ID 9999, and from 1E 25 to 1E 449. Farm trucks will be 8A 8650 to 8A 9474.

Truck tractor numbers are from J1675 to J1714.

Trailers carrying up to 10,000 pounds are numbered A 14210 to A 14459; trailers carrying from 10 to 18,000 pounds have these numbers: Y665 to Y675.

Trailers with a capacity in excess of 18,000 pounds will be numbered Z1430 to Z1474.

The numbers of other type tags will be: House trailers, M1490 to M-1514; motorcycles, X3325 to X-3354; tractors, S24 to S29; farm trailers, 14F22 to 15F50 and 16F10 to 16F181; and machinery, 13M33 to 13M42.

Houston Later

4-H Steer Feeders to Show at San Antonio

Collingsworth County 4-H steer feeders have entries for the San Antonio and Houston shows for 1969.

The San Antonio Livestock show starts Feb. 3 for Allen Havens, Keith Martin, Teddy Martin and Bruce Oney.

Two steers, a Charolais-Angus cross, owned by Keith Martin, and a Brahman cross owned by Havens, are entered in the Quality Beef Contest, which is their carcass show.

Wayne Martin will accompany the boys to San Antonio. He, Neal Davis and J. B. Oney will make the Houston trip.

Angus was bred by Bobby Hart of Childress and his Charolais-Herford was bred by Johnny Burson of Silverton.

Last year Teddy Martin showed the reserve champion Brahman in the carcass division of the Fort Worth Fat Stock Show, and the year before his younger brother, Keith, had the reserve champion Charolais in the carcass class at the Fort Worth show.

Wayne Martin will accompany the boys to San Antonio. He, Neal Davis and J. B. Oney will make the Houston trip.

Granddaughter of City Couple Dies in Accident

Karen Jane Hennegar, 9 year old daughter of Mr. and Mrs. Jimmy Hennegar and the granddaughter of Mr. and Mrs. Frank Anderson, died in a traffic accident in Bakersfield, Calif., Friday night, January 24.

Mrs. Hennegar, the former Sue Anderson, received broken ribs and internal injuries and is in Mercy Hospital in Bakersfield. Her condition is reported as satisfactory. Mr. Hennegar had cuts and bruises about the head and arms, but he was not hospitalized, according to information received here.

The family moved from Longview to Bakersfield early this month and stopped in Wellington for a short visit.

Mr. Hennegar is with Atlantic Richfield Petroleum Co. According to word received by relatives here, the accident occurred as the Hennegar car was coming onto a freeway in Bakersfield.

Mr. and Mrs. Anderson flew to Bakersfield Monday to be with their daughter.

Karen Jane was born in Dallas May 9, 1959. The family moved from there to Tyler and later to Longview. Karen was a fourth grade student and had enrolled in the Bakersfield Schools.

Funeral services were conducted at 2:30 p.m. Wednesday, January 29, at Restland Memorial Chapel in Dallas with Dr. Derwood Blackwell in charge of the services. Arrangements were under the direction of Restland Funeral Home, Dallas.

Karen is survived by her parents; her grandparents, Mr. and Mrs. Anderson and Mrs. Pauline Hennegar of Dallas; an aunt Mrs. Bill Shirley and one cousin, also of Dallas.

Mrs. Langford at Hospital

Mrs. Dan Langford has begun work in the bookkeeping department of St. Joseph's Hospital, Sister Perpetua, administrator, announced this week.

Mrs. Langford, the former Ann Henard, was graduated from West Texas State University with a degree in business administration.

She was employed by an accountant in Canyon while her husband continued his college work.

Jan. 31 School Census Deadline

Friday, January 31, is the final date for students to be included in the 1969 school census, County Supt. T. E. Lennon reminded this week.

The parents of any child missed should contact his office or the superintendent of the school in his district. Each child missed means a loss of \$102.70 for the district.

Improvement of County Park Nearer Reality

Collingsworth's first county-owned park comes nearer to reality as preliminary plans are begun for its development, County Judge Zook Thomas revealed.

The land, acquired by the Commissioners Court last year, is on the South Side of Salt Fork River at Highway 83 bridge, and extends in a wedge shape south to FM Road 1981.

At present, agencies who might help with the landscaping are being contacted. It is considered likely that the work will be carried out through the local county agent's office, with advice and suggestions coming from the state Extension Service.

The park improvement committee, headed by Mrs. Clyde Drake, has reported that in order to minimize maintenance

the committee recommends that the area contain only native plants, shrubs, trees, rustic tables, and benches and toilet and garbage facilities be provided in a natural setting.

As little as possible would be done to disturb the natural beauty of this spot.

The committee, which also includes Mrs. Olan Farris of

Dodson, Mrs. Carl Wischkaemper of Quail and Mrs. Jess Deger of Samnorwood, also recommends that individuals and organizations be invited to participate in building and maintaining the park.

A final suggestion was that the park be enlarged, if possible, to accommodate large gatherings.

FIRST '69 FATALITY

The county's first traffic fatality came Monday, January 27, when this truck overturned on the outskirts of Dodson, killing a Shamrock man.

Rev. Jack Tutor Becomes Pastor of Morse Church

The Rev. Jack Tutor, pastor of Faith Baptist Church for 21 months, has resigned to become pastor of First Baptist Church at Morse.

He conducted his final service at the church here, and on Wednesday the Rev. and Mrs. Tutor and their 6-year-old son, Brent, will move to Morse from Childress, where they have continued to make their home.

In addition to serving as pastor of the church here, Rev. Tutor was employed at City Grocery.

Rev. Tutor has been a minister 21 years. Born in Texas and reared in Los Angeles, he returned to Plainview to receive his degree from Wayland College. Ten years of his ministry was with churches in the Riverside and Pomona area, and he again came to Texas nine years ago.

In addition to Brent, the couple has a son, the Rev. Phillip Tutor, who is a missionary at Burkstown, Australia, and a daughter, Mrs. Gene Keys, of Childress.

The Morse church is larger than the one he served here, Rev. Tutor said.

Sunday was also Laymen's Day at Faith Baptist Church, with the Men's Brotherhood, under the direction of Shorty Lucas, in charge of the services. A dinner at the church followed.

Up to \$300,000

Hunting Leases Source of Additional Income

Collingsworth farmers and ranchers may be overlooking an opportunity to put an additional \$100,000 to \$300,000 in their pockets each year—and from a source that would require little, if any, work.

This untapped potential would come from hunting leases, and its feasibility was outlined for

a group here Thursday night, Jan. 23, by Charles Ramsey, extension wildlife specialist of the Texas Agricultural Extension Service.

County Agent Don Reeves was in charge.

Mr. Ramsey cited some of the economics of hunting leases as they are carried out in other counties, and it was here the \$100,000-to-\$300,000 figure was injected, should hunting leases become a big thing in the county.

A hunting lease, as both he and Mr. Reeves defined it, is strictly an agreement between the landowner and hunter, as to when and where the hunting may be done.

There are no set rules for a lease and probably no two hunting leases are exactly alike, it was pointed out. It may run for an entire season or for one day.

"The landowner should remember he's selling recreation not birds or meat or anything else. As long as the hunter is happy he will come back," said the county agent after the meeting.

Mr. Ramsey explained the Motley County program of hunting leases, which many counties are using as a pattern for their own.

Shamrock Man

County Has First '69 Traffic Death Mon.

A Shamrock man, John Ervin Rhodes, 45, was killed when his truck overturned as he entered Dodson about 12:45 p.m. Monday, Jan. 27.

This was Collingsworth County's first traffic fatality of 1969 as well as the first traffic accident for January, according to Highway Patrolman Doug Wright.

Willie James Menefield, also of Shamrock, and a passenger in the truck, told Patrolman James Haley that he was not injured.

According to Patrolman Wright, Rhodes lost control of the vehicle on the second of two curves on FM 338 going into Dodson. The semi-trailer truck, carrying an estimated 20,000 pounds of cottonseed, rolled onto its side, then the top, pinning the driver under the cab, he said.

The truck and seed were identified as belonging to J. M. Tindall of Shamrock and Twitty. Mr. Rhodes was en route

to the cottonseed oil mill at Hollis. The truck, a 1964 International, was described as a total loss.

Investigating the accident were Patrolman James Haley, Sheriff John Rainey, Deputy Alvin Minatrea and Police Chief Donald Nunnolley.

Norwood Teams Play Next Two Games at Home

Samnorwood Eagles and Eaglesettes will have their next two games at home, and that will end their season on their own court.

They will host Dodson Friday, January 31, and Lakeview Tuesday, February 4. Both begin at 7 p.m.

"Lakeview is tough," said Coach Kenneth Martindale. "Their girls are leading the district with a perfect record, and they beat Samnorwood girls one point, 50 to 49, at Lakeview."

"If we can handle Quail and Dodson, it will make this game of utmost importance, putting the teams in a tie.

Samnorwood girls rank second in District 4-B with only one loss. Quail is third with three losses; Hedley fourth with one win and four losses, and Dodson is fifth. This was the standing before the Tuesday night game.

Lakeview boys will be strong, too. The Eagles beat them only two points, 69 to 67, at Lakeview.

"If they have a hot night, they are capable of beating anyone in the district." Lakeview is able to do this with almost no depth, having only six boys on the team.

Norwood Trio Up for Honors

Three Samnorwood High School students, all juniors, have been chosen to participate in state-wide youth assemblies next summer, Supt. Robert Dwight announced Tuesday, Jan. 28.

Ray Dwyer, son of Mr. and Mrs. John Dwyer, will represent Samnorwood at the American Legion Boys State.

The Girls State representative will be Ruth Dwight, the daughter of Mr. and Mrs. Robert Dwight.

Attending the Texas Youth Conference will be Kim Janes, son of Mr. and Mrs. Bill Janes. All three of these events will be held in Austin.

Killian's "Big Two" Wins for Jr. Varsity

Mark Killian came up with the Big 2 just as the buzzer sounded to give Wellington's Junior Varsity boys a 53 to 52 win over Paducah Thursday night, Jan. 23, on the Dragon court.

This had been a nip and tuck game through the last half and in the final 27 seconds the Wellington boys played some of their strongest ball this season. The same night, Wellington B Team girls lost to Paducah 46 to 21.

The Junior Varsity challenged the strong Childress Junior Bobcats Tuesday, Jan. 21, and were edged out right at the end of the game 42 to 38. This filled the double header whose feature game was the Wellington Skyrockets vs Childress Bobcats.

Wellington Junior Varsity was out two points as the game with Paducah went in the final half-minute. Sam Dyess fouled for a one and one. He had just lost a contact lens and although time out was called to hunt it, it wasn't found.

Paducah rebounded and scored to go three points ahead. Wellington came back and made two.

With the press on, Paducah put the ball out of bounds and Wellington got possession. A shot at the basket missed, Mark Killian got the rebound and made the big two points as the game ended.

Dyess led Wellington's scoring with 13 points and Bobby Saied had 10. Killian totaled 6. Paducah's Danny James scored 14.

Wellington	16	31	38	53
Paducah	11	24	36	52

Rockette B girls played their hearts out but just couldn't hit the basket. Both the Paducah coach and game officials commented to Coach Tank Forrester that they never saw a team hustle like that.

Leigh Nall and Mary Lou Davis accounted for 8 points each. Irene Rekieta scored 20 and Kathy Bates 19 for Paducah.

Wellington Junior Varsity led much of the game against Childress until the final two minutes, when the Bobcat B edged them out.

"The boys played a good game and hustled well but their shots were down to 25 percent," said Coach Forrester. "We just can't win hitting one out of four shots. Other than that, they did a real fine job."

Dyess led Wellington scoring with 15 and Jones made 16 for Childress.

Wellington	6	18	30	38
Childress	12	18	29	42

CJC Registration Deadline Feb. 12

The last day for registration by students attending Clarendon Junior College will be Wednesday, Feb. 12.

However, those planning to attend the college are urged to register as early as possible, in order to miss as little class-work as possible.

Both day and night classes are offered, and an enrollment of approximately 300 is expected in both categories this semester.

All great rivers of Central Europe originate in the Alps.

UNBLINKING OPTIC of a radar outpost keeps watch through the night on North America's Arctic frontier; one link in a 5,000-mile chain of stations.

Solicitation Permits Here to Carry Date, Hours of Selling

Solicitation permits, which out-of-town salesmen must have in order to sell door-to-door in Wellington, now designate the days and hours when solicitation will be permitted. Police Chief Donald Nunnelley announced Saturday.

These permits are obtained at the Chamber of Commerce and bear the signature of the Mayor and C-C president.

"We don't intend for any citizens to be high pressured," said Mr. Nunnelley. "If they are not interested in the product, they can advise the salesman, and if he persists or lingers, they can contact the police or sheriff's office."

"If the salesman lingers, he is guilty of trespassing, since he was not invited, or of creating a disturbance." But residents also received a reminder:

"Occasionally people will answer a card or letter that they

want information on something and that is an invitation. Some companies use the telephone to contact prospects, and have a salesman located here who will come by."

Several times recently citizens and business firms have been contacted by phone with the caller saying he is working for the sheriff's or police department and asking for donations or subscriptions.

"Any time the sheriff's office or police department works with any law enforcement group or publication, we will contact the local people in person, with a representative of the firm," said Mr. Nunnelley.

Astronomers say that the earth's home galaxy, slowly wheeling its way through space, has 200 billion suns. Our earth's sun makes a full revolution in the galaxy every 230 million years.

VA Liberalizes Educational Assistance to Veterans

Veterans separated from service after Jan. 31, 1955, were reminded recently by the Veterans Administration that they are now entitled to one and one-half months of educational assistance—up to a maximum of 36 months—for each month of military service.

A law which went into effect last Dec. 1 liberalized the previous Post-Korean G.I. Bill limit of one month of educational assistance for each month of service for veterans with at least 181 days of service, including some after Jan. 31, -1955.

Another provision of the law which went into effect Dec. 1 grants veterans with at least 18 months of continuous service after Jan. 31, 1955, who have satisfied their military obligation, the maximum of 36 months of educational assistance entitlement.

Unchanged by this new law is the amount of educational assistance allowance which a veteran may receive. Currently, a single veteran taking full-time institutional training is paid \$130 a month by the VA. The amount of additional allowance he may receive depends on the number of his dependents.

Post-Korean veterans have 8 years from the date of their

separation from service to complete training under the third generation G.I. Bill.

Some Post-Korean veterans have earned entitlement to educational assistance under more than one VA program—the Korean Conflict G.I. Bill as well as the current measure, for example. Previously they were limited to aggregate benefits of 36 months. Now, however, under the new law which went into effect Dec. 1, they will be entitled to aggregate benefits of no more than 48 months.

The VA especially urged Post-Korean veterans who did not return to school because they could complete only a couple of years of college under the old formula—one month entitlement for each one month service—to contact their nearest VA office.

Disabled Widows Helped by Social Security Change

An important change in the social security law now permits payments to many widows who are between 50 and 60 years old and who are unable to work because of disability. She may lose benefits unless she files an application.

Like other benefits under social security, there are certain requirements which must be met before a disabled widow can qualify for these new benefits. One of the requirements is that she must be between 50 and 60 years old.

Since these are disability ben-

efits, she must be disabled. A widow is disabled if she has a mental or physical impairment which keeps her from doing any gainful work. She must submit medical evidence from her doctor or hospital to show the severity of her disability. The Social Security Administration will make a determination of her disability on the basis of medical evidence only.

Another requirement is that the disabled widow must have become disabled during a specific period. Her disability must have started before her husband's death, or within 7 years after his death.

Kentucky, Pennsylvania, Virginia and Massachusetts are commonwealths, not states.

Dr. Chester L. Harrison

Wellington Takes Duo From Iowa Park Teams

Wellington boys rolled up one of their highest scores ever, if not the highest, in district competition to win over the Iowa Park Hawks 82 to 51 in Skyrocket Gym Friday night, Jan. 24.

This followed one of their best games of the season Tuesday night, although they lost to the Childress Bobcats 59 to 57 in overtime play.

Wellington girls completely outscored Iowa Park to take a 63-27 victory.

The loss to Childress has put the Skyrockets in the position of having to win all remaining games if they are to capture the district 2-AA title.

This had been an even game from the start, and Wellington missed a crucial one-and-one free shot with 18 seconds left in regulation play, letting the game end in a 51-51 tie.

Childress scored first in the overtime, then Wellington came back and scored six consecutive points, giving the Rockets a 4-point lead. Mistakes that were made were factors that influenced the eventual outcome, however, and Childress moved ahead to the 2-point win.

In the last quarter and overtime Childress made 8 out of 9 free throws, while Wellington was less successful.

"I really feel we have a better ball club than Childress," said Coach James Stavenhagen. "The breaks just didn't fall in the right places for us."

"I feel the boys are improving every game and I think we can win all the other games."

Leading Wellington scoring was Lester Robinson with 15, while Larry Robinson had 14, Chuck Wilbur 11 and Glen Barber 10.

Wellington 12 25 38 51 57
Childress 10 24 35 51 59

Wellington-Iowa Park

The Skyrockets turned in their finest offensive display of the season to overcome Iowa Park boys 82 to 51. This they did by jumping to an early lead, coming through strong and coasting to victory. For much of the play, it looked as if the Wellington boys could do no wrong.

All the Skyrocket reserves got action and ten scored, Glen Barber heading the list with 19 points. Others in two figures were Larry Robinson 14, Lester Robinson 13 and Tony Hurst 10.

Bill Lemond had 17 for Iowa

Park and Jim Clapp made 16.

Wellington 24 43 58 82
Iowa Park 8 21 28 51

Wellington girls looked a little ragged in their play against Iowa Park, due to their not having played in a week and a half, but they did enough things well and were able to score a little better than in the past and win the game 63 to 27.

"Our defensive unit was probably the strongest part of this game. We held Iowa Park to eight field goals during the entire ball game and we were playing our second team guards a lot of this time," Coach Stavenhagen pointed out.

"We feel the guards are doing us a better job. They have to play good defense, because size-wise they are not large enough to get too many rebounds."

Mary Lou Holton led Wellington's scoring with 21 points. Pam Guthrie had 16, Cathy Singley 12 and Betsy Trapp 10.

Scotta Lavender had 23 for Iowa Park.

Poor Practices Cause Many Hospital Visits for Aging

COLLEGE STATION.— One out of every six older people will enter a hospital during 1969, many because of poor health and safety practices, according to a specialist for aging with the Texas Agricultural Extension Service.

Most people more than 65 years old stay in the hospital an average of two weeks, twice as long as the average stay for younger people. And the bill will be twice as large, adds Dorothy Taylor.

Persons more than 65 years of age often wait to see a physician until it is too late because they have inadequate resources to meet medical expenses, explains Miss Taylor at Texas A&M University.

Some are modest, some hope to avoid charity and others do not want to burden their families. So they put off seeking medical attention and hope the ailment cures itself.

Sometimes senior citizens try to treat themselves. From previous experiences, they feel capable of diagnosing their own ailment. They may use home

cures, medications from friends or the wrong medicines, warns Miss Taylor.

Senior citizens often are victims of poor diets. Food fads, food habits and lack of interest in eating when dining alone may lead to poor nutrition, says the specialist.

The older person's diet may be determined less by good judgment and more by the cost of the food or the ease with which it may be prepared.

Poor safety habits also can bring poor health. Two out of three accidents in which aged persons are involved occur in the home.

JESUS' LANGUAGE

At the time of Jesus, the spoken language of Palestine was western Aramaic. Three dialects of this language were spoken in Galilee, Samaria and Judea, and Jesus spoke the Galilean, recognizable by its confusion of gutturals. Only three villages along the Syrian-Lebanese border use western Aramaic today.

Junior High Patriotic Art Contest Set

The 1924 Study Club, in continuing its year's theme, "Aspects of America — Awareness and Action," is sponsoring a patriotic art contest in Wellington Junior High School, including the sixth, seventh and eighth grades.

It is the second contest the club has held this year and is again in cooperation with Frank King Post of the American Legion.

The art work includes posters and a map of the United States showing many of its features—trains, planes, boats, forests, mountains and waters, animals and marine life, and others.

Prizes, supplied by the club, will be flags on stands for individual grade winners, and a flag kit for outdoor display to the overall school winner.

Representing the sponsors are Mrs. J. B. King, 1924 Study Club president, and Riley Dunsen, American Legion Service Officer.

Earlier in the year an art contest was held in Elementary School and a third contest is planned in high school later this term.

Taxpayers Ask IRS

Q. Why did you use color on the 1040 tax form you mailed me?

A. Color is used to draw attention to the lines on the tax form that give people the most trouble. It is hoped that the number of errors made on tax returns will thereby be reduced.

Last year, one of every nine income tax returns filed contained an error that slowed the processing. If the taxpayer was expecting a refund, it was delayed until the error could be corrected.

Two-color forms were sent to about 30 million taxpayers. The balance of the forms mailed to taxpayers and those which will be available at local banks, post offices and IRS offices, are printed in black ink.

Q. I mailed a check to a charity in December but it was not cashed until this January. Does this mean I can't deduct it on my 1968 return?

A. You may take the deduction in the year you wrote and

mailed the check. This means that a check dated by you in December 1968 can be deducted on your 1968 return.

Q. The label on the tax return I received in the mail is wrong. What should I do?

A. Draw a line through the incorrect part and put in the proper information. Return the corrected label with your return when you file so that your return will be properly identified and the needed correction can be made on your tax account.

Q. What insurance premiums are deductible as a medical expense?

A. Premiums paid for policies providing medical care are deductible as a medical expense for taxpayers who itemize. No deduction can be taken for life insurance premiums or for those paid to provide weekly benefits in case of disability.

Don't forget that medical insurance premiums should be handled differently than other medical expenses. Most medical

expenses need to be reduced by 3 percent of the taxpayers gross income before they are deducted.

For medical insurance premiums, however, one half of this cost up to a maximum of \$150 may be deducted without regard to the 3 percent rule. The excess is then subject to the 3 percent rule. This is explained in the 1040 instructions.

Q. If I file for a refund of taxes withheld on a summer job, will my parents lose their exemption for me? I'm a college student and not married.

A. No, your parents will not lose you as an exemption, so long as they furnished over half of your support. In this situation the same exemption can be claimed on two returns, yours and your parents'.

Q. When is the next payment due on my maid's Social Security?

A. The next quarterly return and payment is due Jan. 31 for the calendar quarter ending on Dec. 31, 1968.

Also due by Jan. 31 is a statement to your maid covering the total amount of wages paid and Social Security taxes withheld during 1968.

Oyster Eaters Get Protection

AUSTIN.—Oyster eating Texans are assured of wholesome oysters by one Federal agency and two State agencies, according to J. B. Phillips, law enforcement coordinator for the Texas Parks and Wildlife Department.

The Parks and Wildlife Department, the Texas State Health Department, and the U. S. Public Health Service participate in the "Cooperative Program for the Certification of Interstate Shellfish Shippers."

Game management officers of the Parks and Wildlife Department patrol areas closed or restricted by the State Health Department which monitors the bays for pollution.

The Public Health Service is interested in seeing that only certified oysters cross the State line.

Bottle charts are maps showing the courses of sealed bottles thrown into the ocean.

NESTLED in a handsome valley, the Alpine town of Issimi, Italy, boasts this interesting Romanesque church with 15th-century frescoes on its facade. The 500-year-old paintings have survived time, rain, bright sun and winter snow.

Quail News

By Mrs. G. T. Stephens

• Mr. and Mrs. T. C. Crabtree attended the open house service at the new Church of Christ in Memphis Sunday afternoon.

• Mr. and Mrs. W. F. Howard and boys of Mobeetie, Mr. and Mrs. Eugene Vernon and children, Larry Gollighugh and Evon Gollighugh of Wellington, and Johnny Gollighugh and son, Randy of Amarillo, were guests of Mr. and Mrs. Albert Gollighugh Sunday.

• Mrs. Mabel Mitchell of Fairfax, Ala., has been here since January 11 visiting in the home of her parents, Mr. and Mrs. Roy Peggram.

• Rutherford Jones of Littlefield and his grandson, Kennan Shields of Lelia Lake, spent Friday night in the home of his mother, Mrs. H. D. Jones.

• Carroll Blevins and his grandson, Craig Holton of Wellington, visited with Wilbur DePauw Saturday afternoon in the High Plains Hospital in Ama-

• Mr. DePauw underwent surgery Monday morning, Jan. 27. At present his condition is reported as satisfactory.

• Mrs. E. L. King of Wellington and Mrs. R. D. Jones visited with Mrs. King's sister, Mrs. Ed Seeds of Shamrock Monday afternoon.

• Mr. and Mrs. Albert Gollighugh visited in the home of Mr. and Mrs. W. F. Howard at Mobeetie last Monday.

• Mr. and Mrs. Jimmy Peggram and girls of Plainview spent last week end in the home of Mr. and Mrs. Roy Peggram.

• Lloyd Jones of Tucson, Ariz. spent Friday night in the home of his father, Mr. and Mrs. R. D. Jones.

• Mr. and Mrs. T. B. Johnson and Boss Johnson went to Odessa Tuesday to attend the funeral of a niece, Mrs. Katharine Anders, who passed away Sunday night in a Dallas Hospital after undergoing open

Bird Population Tops 100 Billion

The total number of birds in the world can only be very roughly estimated. Peterson (1948) estimates that there are 7,600 million breeding birds in the U.S., and that between two-thirds and three-quarters of them are land birds.

For North America north of Mexico he estimates between 12,000-million and 20,000-million birds. For the entire world, Fisher (1951) estimates in the neighborhood of 100,000-million birds.

This is only one-third as many as a single pair of robins might leave as descendants in 16 years, if we apply the assumption that all offsprings will reproduce eight young each year.

heart surgery. The funeral was in Odessa Wednesday, Jan. 29.

• R. D. Jones visited with his brother, Cecil (Stuff) Jones of Bula who is in St. Anthony's Hospital in Amarillo, Monday, Jan. 27. He is scheduled to have surgery Thursday morning.

Mrs. Sessions Joins Center

Mrs. Bob Sessions has joined the staff of the Community Action Center in Wellington as a neighborhood aide, County Judge Zook Thomas announced this week.

The Community Action Center conducts a day nursery for the children of low-income working mothers, and Mrs. Sessions will help plan the program of work, and assist in teaching after the program is set up. She will buy food for the center and plan the meals.

Mrs. Sessions become the fifth employee of which Mrs. James Masten is co-ordinator. Mrs. W. E. Franks is a neighborhood aide, while Mrs. Henry Sullivan assists with teaching. Margaret Garza is assigned to the center under the local NYC program.

Between 25 and 30 pre-school children are cared for by the Community Action Center.

YF Feedlot Tour Set

The Area I Young Farmer Feedlot Tour will be held on Thursday and Friday, Feb. 20 and 21, and members of this organization in the Wellington area are urged to attend.

The tour will cover feed lots in the Lubbock, Clovis, Hereford and Friona area, and will include: growing cattle for the feedlot, feedlot finishing, farrowing to finish hog operation, packing plant, agriculture computing center, wet grain feeding to cattle, purebred hog operation, hybrid sorghum silage vs. corn silage feeding.

The trip will be made by bus and a minimum of 33 is needed, according to Bud Higginbotham, power use advisor for Greenbelt Electric Co-operative, Inc. A deposit of \$13 per person must be mailed to Larry Dobbs, Area I Young Farmer treasurer, Route 3, Hereford, by Feb. 14.

Young Farmers may invite non-members to make the trip.

Additional information concerning the trip and its cost may be had from Mr. Higginbotham, of the Young Farmers advisors, Jimmy Brown of Samnorwood or Doyle Messer of Quail.

SAMNORWOOD EAGLETTES

Samnorwood Eaglettes are showing an altogether successful season and presently stand near the top in District 4-B play. From left, standing, the Eaglettes are Laura Whitson, manager Tressie Kirkland, Rita Lackey, Debra Clement, Odessa

Stice, Karen Waters and Coach Kenneth Martindale. Kneeling from left are Ruth Dwight, Mary Schaub, and Beth Sanderson. Regina Glazner, Janet Christner, and Betty Coleman.

Father of Pat Bouchelle Dies

Carroll M. Bouchelle, 95 years old and a Texan 93 years, died in the Lampasas Rest Home Friday, Jan. 24. He was the father of Pat Bouchelle of the Loco community.

Born in North Carolina May 3, 1873, he moved to Killeen when he was three and grew up breaking sod with oxen and wooden beam plows — implements made by his father and brother. He tended cattle when that country was open range and the only means of transportation an ox wagon. The family's first home was built from logs hauled from a river.

In 1901 he moved to Lampasas County and lived in the same house 68 years, enlarging it as his family grew. Mr. Bouchelle was one of the first sheep and goat men in that area. At first he shipped his

wool and mohair to Boston, Mass., to market. It went by ship from the coast.

He was a firm believer in progress. Mr. Bouchelle followed a number of trades along with ranching. He was a carpenter and carried mail by horseback. He was a butcher and livestock trader and feeder. When he butchered livestock, he peddled the meat with a hack and team, carrying it in a screened-in box. His means of refrigeration was wet cloths laid over the box, kept cool by evaporation.

As early as 1897, Mr. Bouchelle surveyed land and until recent months he could find his neighbors where to find the landmarks, often a pile of rock or a notch cut in an old oak tree.

His livestock water was drawn by bucket and rope from

THE WELLINGTON (TEXAS) LEADER

Thursday, January 30, 1969

hand-dug wells, then poured in troughs. He was the first rancher in his area to build caliche tanks on hill sides, using scrapers and mules. Some are still in use. Two ox yokes and the skulls and bones of three oxen bought in 1875 are at the family home.

He was married to Miss Laura Lee Patteson in 1909. The family weathered many hardships but the only real disaster was a storm in 1912 that destroyed barns and hundreds of trees around the house, but spared the mother and her two small children.

Mr. Bouchelle was self-educated and never quit reading and learning.

Funeral services were conducted at 3 p.m. Sunday at P. M. Briggs-Gamel Funeral Chapel, Lampasas. Burial was in

Smith Cemetery. Survivors are three sons, four daughters, a brother and sister, 11 grandchildren and 8 great grandchildren.

OWL SIZES

Smallest of owls is the tiny elf owl, which is hardly six inches long; largest is the great gray owl, which is 30 inches in length and has a wingspread of between 54 and 60 inches.

FIRST MAGNETS

The world's first magnets were stones discovered in an ancient country of Asia Minor, called Magnesia. The terms magnet and magnetism came from Magnesia. The stones were a type of iron ore called magnetite.

Collingsworth County FARM NEWS

By Don Reeves
County Agricultural Agent

Shade Tree Fertilization
Shade trees seldom require supplemental fertilization in lawn areas where a good lawn maintenance program is followed. Occasionally it is necessary to provide additional fertilizer in areas where the tree roots are confined due to street and curb conditions as well as other structural features.

Over fertilization of trees can force excessive top growth, making them vulnerable to storm damage. Tree fertilization is seldom necessary more than once every three years except in extremely sandy soils.

The recommendations usually made are based on the trunk diameter and make no allowance for the fact that the root zone may be confined to a limited area. If these recommendations were followed, it would result in over fertilization and damage to the tree.

The safest method of computing the amount of fertilizer to be applied is to base it on the number of square feet included in the branch spread of the tree, using 2 pounds of actual nitrogen per 1,000 square feet covered. As an example, a tree having a 36-foot branch spread would cover approximately 1,000 square feet. It would require 24 pounds of a complete fertilizer with an analysis of 8-8-8 to supply the two pounds of actual nitrogen required. A fertilizer analysis of 16-20-0 would require 12 pounds of the material to supply the needed nitrogen. The same complete fertilizer recommended for lawn use will be satisfactory for fertilizing trees in a given region.

If the root zone of the tree described above is confined, for example, to an area of 12 feet by 20 feet due to buildings, curbs, walks, or streets, the fertilizer application should be computed on the basis of actual root zone—in this case 240 square feet, rather than the 1,000 square feet; therefore use only one-fourth as much fertilizer.

Normally the fertilizer would be applied in late winter or early spring but in the case of trees with restricted root systems a second application can be made in late fall.

The fertilizer may be spread evenly beneath the branch spread of the tree and watered thoroughly. Without moisture the roots cannot utilize the nutrients.

If the tree is in a lawn area and it is not desired to fertilize the grass, the material may be distributed to the root zone by punching holes with a bar or pick or by drilling holes with an auger to a depth of 8 to 16 inches depending upon the depth of the top soil.

The holes should be spaced every two to three feet beneath the branch spread. The greater portion of the holes should be within the area extending three to six feet on each side of the drip line or outer edge of the branch spread.

On young trees stay at least 3 feet away from the trunk and on older trees 6 to 8 feet away. Divide the fertilizer and apply equally to each of the holes, then fill the holes with sand or a mixture of sand and peat-moss. Water the area thoroughly in order to facilitate uptake of the nutrients.

Trio Attends Coaches Clinic

Three members of the Wellington High School coaching staff attended the Kodak Coach of the Year Clinic held recently in Dallas.

They were head football coach Thayne Amonette and assistants Dick Hamilton and Jim Forrester.

Some of the nation's leading coaches were speakers at the sessions, including Duffy Daugherty of Michigan State, John McKay of the University of Southern California, and several of his assistants, Bennie Elender of Arkansas State, Pepper Rogers of the University of Kansas, and Joe Paterno of Pennsylvania State.

Gunsmoke's Festus, left, and Kenneth Wyatt

At Stock Show

"Festus" Buys Wyatt Western Paintings

Gunsmoke's Festus Hagen, Ken Curtis, is shown here with Kenneth Wyatt, Tulsa artist, with one of seven paintings by the Western artist which the TV star character bought during the Amarillo Stock Show and Rodeo. Wyatt, a Methodist minister, has been on sabbatical leave and has concentrated on his paintings which have been enthusiastically received.

The parents of Mrs. Wyatt are Mr. and Mrs. O. A. Kiker of Wellington. Mrs. Wyatt, Veda

Maie Kiker, is a graduate of Wellington High School and McMurry College. The couple has two children.

Festus saw one of Wyatt's paintings at the stock show office and liked it so well that he and his wife spent several hours at the High Plains Galleries in selecting their seven paintings.

Mr. and Mrs. Wyatt and their children were special guests of Festus and his wife, Torrie, at the Amarillo Rodeo.

Hunting Dollar Has High Impact

HEREFORD.— To determine on a small scale the economic impact of hunting on certain towns, personnel of the Texas Parks and Wildlife Department examined hunter expenditures in motels for one night during a recent pheasant season in Hereford, a city of approximately 10,000 persons.

The game management officer assigned to the area said the spot check involved just the one item, room rent, and did not include meals, gasoline, sporting goods, and related expenses.

Some 164 hunters spent \$1,349 in eight motels.

Fireplaces Again Functional Instead of Ornamental

COLLEGE STATION.— Fireplace equipment will be common and popular in the home furnishings market this year, predicts a Texas A&M University housing specialist.

One reason, explain Bonny Lay, Extension specialist, is that more new homes are being built with one to three fireplaces. People like the warm feeling associated with fireplaces.

Fireplaces are again becoming functional instead of decorative, says Miss Lay, who cites as evidence the decline in imitation log sales and the increased sale of screens.

Fireplace equipment is available in many styles, Mediterranean, Spanish, Early American and Colonial are the most popular. These styles are closely related to other furnishings, says the specialist.

The most popular materials will be brass and wrought iron, according to Miss Lay. Wright iron and pewter-like materials will replace highly polished brass because brass requires more care.

Fireplace sets are available at many prices, ranging from about \$25 to \$300 for custom made, hand crafted sets.

REAL CHARACTER

Brunhilde, heroine of Wagner's operas, was a real character. She was the daughter of a king of the Visigoths and lived in the sixth century. Her life was full of intrigue.

Norwood 6-Weeks Semester Honor Roll Announced

Sammorwood students on the semester and 6-weeks high school honor rolls, and elementary boys and girls with outstanding achievements were announced this week by Supt. Robert Dwight.

Elementary School

Thirty-one students were listed in elementary school and included:

Level I through IV: Cheryl Birkey, Rex Paschall, David Tarver, Elaine Bentley, Deann Brittan and William Thompson.

Levels VI through VIII: Danny Blair, Lowry Schaub and Rickey Martinez.

Levels IX through XII: John Birkey, Donnie Knoll, Mark Tarver, Margaret Sanderson, Dianna Schaub, Leitha Martindale and Mary Pendergraft.

Levels XIII through XV: Leonardo Segura, Billy Bob Blair, Bobby Myers, Robert Cruz, Althea Ray and Rebecca Graves.

Levels XVI through XVIII: Jan Bentley, Elaine Purkey, Teresa Ray, Johnny Segura, Robin Waters, Jerry Cantrell, David Deger, Jayne Morgan and Debra Roehr.

High School

Thirty-seven boys and girls in the seventh through twelfth grades attained special distinction in their academic work during the first semester by attaining an average of B or above in their classes as a whole.

Their grade point average is based on A being the equivalent of 4.0; B, the equivalent of 3.0; and F the equivalent of 1.0.

Those students who have an asterisk by their names had no grade below B. A 4.0 GPA indicates the student had all A's in academic work.

Seniors: 4.0 GPA, Betty Coleman*, Gary Oldham*, Karen Waters*, and Kenneth Wischkaemper*; 3.50, Sandra Hankins*; 3.0 GPA, Macon Paschall*.

Juniors: 4.0 GPA, Ruth Dwight*, Laura Whitson*; 3.75 GPA, Ray Dwyer; 3.6, Janet Christner* and Johnny Breeding; 3.50, Kim Janes and Rita Lackey*; 3.4, Johnny Breeding; 3.2, Ray Dwyer*.

Sophomores: 3.0 GPA, Mary Schaub*, and Robert Dwight; 3.2, Richard Barker; 3.0, Larry Oldham and Larry Waters.

Freshmen: 3.25 GPA, Sandra Gowin*, 3.20, Feliciano Segura*, and Kay Snead*; 3.0, Debra Deger, Anna Oldham and Wanell Blair.

Eighth grade: 4.0 GPA, Nan-

Virginia Browder Describes "Saint's Roost Saga" at Domestic Science

"Saint's Roost Saga," the drama of Old Clarendon, was described for members of the Domestic Science Club Thursday, January 23, by Virginia Browder of Memphis, its author and director.

She spoke at the club's guest day and luncheon, held in the dining room of Cherokee Inn Restaurant. Mrs. Jerry Nix was hostess, and Mrs. L. C. Hill, president, directed the business session.

Miss Browder wrote "Saint's Roost Saga" at the suggestion of two Clarendon women. It has been given over the July Fourth holiday for the last two years, and requests have come in for a third year's performance.

A three-minute color film gave the group a background for Miss Browder's talk.

Men of Clarendon built the stage, complete with a saloon, church, blacksmith shop, tonorial parlor and other buildings. A local minister was the narrator. (All acting was in pantomime.) A part was found for every Clarendon resident wanting to appear.

Real cowboys came in to portray stage cowboys. They brought their mounts, but instead of trading miles on foot, these handsome horses rode in trailers. Prominent business men turned blacksmiths and saloon keepers and horse thieves.

Uninhibited by rules of acting the townspeople turned in highly realistic performances.

Much action centered around

the church, for the Rev. Mr. Carhart's colony was actually called "Saint's Roost" by the less godly, Miss Browder recalled.

Audiences that filled the bleachers and spilled over onto the gridiron turf watched as Thomas Bugbee of Boston arrived to establish the first ranch in the area. Col. Charles Goodnight and his wife and the Irish Adairs rode 400 miles on horseback to begin the famed JA Ranch. The English ranchers and the Irish railroad workers came, as did the nesters.

Dr. Tate's Medicine Show arrived. (The real-life Dr. Tate once lived at Hedley.)

Flesh and blood people who build the town of Clarendon appeared again in make-believe performances in which their grandchildren and great grandchildren were actors.

There was the unexpected, Miss Browder recalled. A team of spotted mules, "a sporty pair," ran away during the performance. The big set had to be moved every day so the turf beneath wouldn't turn yellow. Crowds exceeded the seating capacity.

Club members and guests attending were Mrs. Paul Bell, Mrs. Raymond Ross, Mrs. Zook Thomas, Mrs. B. M. Sims, Mrs. L. E. Ward, Miss Virginia Robey, Mrs. Hill, Mrs. Sandy Parsons, Mrs. A. L. Elliott, Mrs. Farris Wood, Mrs. Clyde Drake, Mrs. J. Frank Johnson, Mrs. J. B. Stevenson, Miss Browder, and the hostess, Mrs. Nix.

Karen Waters

1969 Betty Crocker Homemaker Named in Three County Schools

The 1969 Betty Crocker Homemaker of Tomorrow for three county high schools have been announced, based on their scores in a written knowledge and aptitude test on homemaking given senior girls Dec. 31.

June Popwell represents the Wellington High School and Janis Gosnell was the winner from Quail High School, and Karen Waters at Samnorwood.

June's and Janice's achievements made them eligible for state and national scholarships. They also were awarded a specially designed silver charm from General Mills, sponsor of the Betty Crocker Search for the American Homemaker of Tomorrow.

Janice is the daughter of Mr. and Mrs. Robert Gosnell. She is treasurer of the Future Homemakers of America, vice-president of the senior class, editor of the annual and plays basketball. Mrs. Eunice Ratliff is the FHA Advisor.

June, daughter of Mr. and Mrs. Leo Popwell, is in her third year of homemaking at WHS and her ninth year in 4-H Club. She has represented Extension District 1 two years in the state foods contest at the 4-H Roundup, and she was winner of the county dress revue.

She received the 4-H Club Gold Star Award one year.

June is president of Junior Hospital Auxiliary, of the Pep Squad and of T-I-C-A. She is historian of the Skyrocket Youth Council and a member of the Future Teachers of America and Beta Club.

Mrs. P. M. Scott is her homemaking instructor and Mrs. Creed Hill her 4-H advisor.

Karen is the daughter of Mr. and Mrs. Billy Waters. She is editor of her school's annual, and was chosen Basketball Sweetheart, Miss Samnorwood, and the school's entry in Shamrock's Irish Colleen Contest.

Karen went to Girls' State last year and won the Crisco Best Homemaking Award in 1967. She is president of Samnorwood Beta Club and vice-president of the Future Homemakers Chapter. Her advisor is Miss Judy Barber.

The State Homemaker of Tomorrow will receive a \$1,500 college scholarship and her school will be awarded a set of the Encyclopedia Britannica. The runner-up will earn a \$500 educational grant. The winner and her advisor will receive an

expense paid tour of Washington, D.C., and Colonial Williamsburg, Va., next spring when the national winner will be named. Her scholarship award will be increased to \$5,000.

Mrs. Elliott Speaks at YH

Mrs. A. L. Elliott of Wellington presented a program on centerpieces for special occasions at the meeting of Quail Young Homemakers on Monday evening, January 27.

For the bridal shower, lighted candles outlined the first initials of the bride and groom. Flowers surrounded the candles, and the entire arrangement was on a florists' foam base.

Six regular-size diapers were folded, with the pins coming together in the center to form a cradle, as the centerpiece for a baby shower. Flowers peeped from the diaper folds, and a miniature baby completed the arrangement.

A red bandana knapsack holding gifts was an original idea for a party honoring someone who is moving away.

Mrs. Deibert White, president, directed the business meeting when plans were made to redecorate the Quail homemaking cottage, and the Sweetheart Party honoring husbands was set for February 8. Secret Pal names were drawn.

Attending were Mrs. Carl Wischkaemper, Mrs. Roy Canada, Mrs. Loyd Langley, Mrs. Raymond Ross, Mrs. Woodrow Wilson, Mrs. Donald Langley, Mrs. Ralph Tension, Mrs. N. E. Childers, Mrs. White, Mrs. John Alf Thomas, the advisor, Mrs. Eunice Ratliff, and guests Mrs. J. F. Michael, Mrs. Elliott and LaVonda Thomas.

Mrs. Leon Roberts, her daughter and granddaughter, Mrs. Ronny Ford and Kandi of Dodson, visited Mrs. Roberts' parents, Mr. and Mrs. J. H. Simpson in Hereford over the week end. Mrs. Simpson is in the hospital there. The trio also visited her brothers, Mr. and Mrs. J. C. Simpson and Robert Simpson and families, then went to Friona to visit her sister and brother-in-law, Mr. and Mrs. Sam Lindley, who moved there recently from Brownwood.

Mr. and Mrs. Bill Harris to Be Honored on their Golden Wedding

Mr. and Mrs. W. B. (Bill) Harris will observe their golden wedding Sunday, February 2, when an open house in their honor is held at the home of their son and daughter-in-law, Mr. and Mrs. Milford Harris, 1301 12th Street.

All friends are invited to call

between the hours of 2 and 4:30 p.m.

Another son and daughter-in-law, Mr. and Mrs. Leroy Harris, will join them as co-hosts. These two sons are the only children.

Mr. and Mrs. Harris are long-time residents of Collingsworth County and Wellington.

Belles Lettres Has Style Show

Mrs. F. A. Hatch was hostess to the Belles Lettres Club Tuesday, January 21, for the presentation of a spring fashion show. Mrs. A. J. Fires was in charge of the program.

Fashions from Hatch Dry Goods and Helen's Hats were modeled by Mrs. S. B. Owen, Mrs. Bob Hightower, Mrs. Henry Vaughan and Mrs. Hurshel Tyler.

During the business session, members voted to make a contribution to the Hospital Auxiliary fund drive.

Members attending were Mrs. A. B. Clark, Mrs. Howard Riggs, Mrs. Joe Thompson, Mrs. Coy Vaughan, Mrs. Henry Vaughan, Mrs. Jim Wood, Mrs. Hightower, Mrs. Owen, Mrs. Tyler, and a guest, Mrs. A. J. Fires, and the hostess, Mrs. Hatch.

Party Honors Mrs. Hudson

Mrs. Kenneth Hudson of Dodson was surprised with a birthday party at her home recently by her granddaughter, Gena Dennis, and her mother, Mrs. W. R. Crownover.

Cake and punch were served after she had opened her gifts.

Those present were Mrs. Lloyd Patterson, Mrs. J. C. Talley, Mrs. Billy J. Hudspeth and W. J. of Hollis, Mrs. Don Dennis, Ferris and Donna, Mrs. Ruth Brannagan, Mrs. Elton Conway, Mrs. Thurman Crownover, Mrs. Pearl Dennis and Lee of Hollis, Mrs. Wayne Moore and Luann of Hollis, Mrs. Harold Dennis of Hollis, Gena and Mark Dennis, Mrs. Crownover and Mrs. Hudson.

Regina Ferguson, student at North Texas State University, Denton, was home between semesters to visit her mother, Mrs. Tom Ferguson and Bill.

Mike Brown, NTSU student, was a guest in the home of Mrs. Tom Ferguson over the week end.

Future Homemakers to Hear Foreign Exchange Student from Shamrock

Edna Leiva, foreign exchange student in Shamrock High School, will be the guest speaker at the meeting of the Future Homemakers Chapter of Wellington High School Monday, February 3.

The meeting will be in the

high school auditorium and begin at 7:30 p.m.

Miss Leiva is from Guatemala City, Guatemala, where her father owns and operates a drug store and also has farming interests.

Her American parents are Mr. and Mrs. James Reneau of Shamrock. She is sponsored by various organizations in that town, including the Shamrock Future Homemaker Chapter.

Parents of FHA members and members of the Wellington Young Homemakers Chapter will be special guests at this meeting, said Mrs. P. M. Scott, homemaking instructor and advisor of both Wellington organizations.

Students and adults who would be interested in hearing Miss Leiva speak are also invited to attend, Mrs. Scott said.

Col. and Mrs. Kenneth Carman of Ft. Walton Beach, Fla., visited recently with her parents, Mr. and Mrs. J. G. Hunt, and with her brother and sister, Randolph Hunt and Mrs. Betty Conant and son. Before coming here, they visited in Tucson and Nogales, Ariz., El Paso and Juarez, Mexico.

Members attending were Mrs. Raymond Dyess, Mrs. Lloyd Woodridge, Mrs. Jennie Holcomb, Mrs. J. F. Michael, Mrs. Fred Watkins, Mrs. G. L. Jones, Mrs. Byron Duncan, Mrs. Anita White, Mrs. John Forbis, Mrs. Pearl Aaron, Mrs. Glenn, Mrs. Davis and the hostess, Mrs. Owens.

Mrs. John Ingram, owner of Fabric and Ready-to-Wear, attended the summer fabric market in Dallas during the early part of this week.

Guild Begins New Study

The Wesleyan Service Guild of First United Methodist Church met in the chapel Thursday night, January 23, with Mrs. Guy Owens as hostess.

Mrs. Barney Glenn, vice president, directed the meeting and Mrs. Jack Davis introduced the study which the Guild will take up, "New Forms of Mission."

This will continue for four meetings. Mrs. Davis also presented many posters showing contrasts of present day living.

Members attending were Mrs. Raymond Dyess, Mrs. Lloyd Woodridge, Mrs. Jennie Holcomb, Mrs. J. F. Michael, Mrs. Fred Watkins, Mrs. G. L. Jones, Mrs. Byron Duncan, Mrs. Anita White, Mrs. John Forbis, Mrs. Pearl Aaron, Mrs. Glenn, Mrs. Davis and the hostess, Mrs. Owens.

Mrs. John Ingram, owner of Fabric and Ready-to-Wear, attended the summer fabric market in Dallas during the early part of this week.

Notes from Your County Home Demonstration Agent

By Mrs. Leta Hill

Dry Beans

A bountiful supply of dry beans is headed to market.

More plentiful varieties are pintos, peas or Navy beans, baby limas and blackeye peas. One pound of dry beans yields seven to nine servings of about 3/4 cup cooked beans.

Dry beans is a protein food and can cut the meat from your menu. To get your money's worth from them, save all possible nutrients in cooking.

Because some of the nutrients are soluble in water, only use the amount of water the beans can absorb and cook them in the same water in which they were soaked.

To cut cooking time, boil the beans for two minutes, remove from heat, soak them for one hour. They are then ready to cook. If soaking over night fits your plans better, start with the two minute boil because there will be fewer hard skins.

A small amount of bacon drippings or other fat added to the cooking water will cut down on the amount of foam that usually develops during the cooking.

Cook the beans at simmering temperature and stir as little as possible so the skins will not break. Add tomatoes, catsup or vinegar to beans when they are cooked to the almost tender stage. The addition of such acids early in the cooking will delay the softening of the beans.

Years ago in Louisiana a pot of red beans was set at the back of the stove to simmer on washday Mondays. Now many New Orleans hotels feature this at lunch.

Bayou Red Beans and Rice

- 1 lb. dried red kidney beans
- 1 quart water
- 1 ham bone with ham *
- 1 large onion
- 1/2 cup chopped celery or leaves
- 1 tsp. salt

- 1/2 tsp. Tabasco
- 3 cups hot cooked rice
- bay leaves

Soak beans overnight in water. Pour into large heavy pan or Dutch oven. Add remaining ingredients except rice. Simmer until beans are tender. Remove ham bone, cut off meat and add to beans. Add water when necessary during cooking. Water should barely cover the beans at end of cooking time. Remove 1 cup beans and mash to paste. Add to beans and stir until liquid thickened. Serve hot over white rice. Six servings.

*Plan to have 1 cup chopped ham to cook with beans.

Hams

Hams are being featured in many grocery stores—but before you buy, do you know your ham?

Test your ham I.Q.

1. Should you cook ham before eating? Not necessarily. There are two types of ham; fully cooked and those which need to be cooked after purchase. The fully cooked ham, indicated by the label, needs no further treatment. It has been heated during processing.

In cook-before-eating hams the temperature reached in the processing was not high enough to actually cook the meat. Any ham not labeled "fully cooked," "cooked" or "ready-to-eat" must be cooked before eating.

Which part of the ham offers the best value? The butt half of the ham has a smaller percentage of bone and other waste—but the price is higher than the shank half. Center slices have little waste and higher price tags.

3. What is meant by labels reading "ham," "ham, water added," and "imitation ham"? Moisture is added during the ham curing process. When hams are shrunk to original fresh weight the label reads "ham". If the products have up to 10 percent added moisture, the label will read "ham, water added". "Imitation ham" has more than 10 percent moisture added.

Who's New in the Wellington Area

Mr. and Mrs. Bruce Ward are the parents of a son, Jimmy Wayne, born January 14 in Shamrock Hospital. He weighed six pounds and eleven ounces.

Mr. and Mrs. John M. Archer, Route 2, Shamrock, are the parents of a son, Craig Alan, born January 24 in St. Joseph's Hospital. He weighed seven pounds, twelve and one half ounces.

Weekend visitors in the home of Mr. and Mrs. A. R. Valance were Mr. and Mrs. W. S. Francis, Linda, Joyce, Janet and William Lee of Rison, Ark.; Mr. and Mrs. Doug Mendenhall, Glen and Glenda Wilson of Amarillo; Mrs. Wanda Bullocks, Paul William, Alvin, Dale, and Mr. and Mrs. James Jarrell, Jr., and James Jarrell, Sr., all of Memphis; Mr. and Mrs. Nolan Garrison, Johnnie, and Brenda Jarrell and Garland Townson of Oxnard, Calif.

Good Neighbors Meet January 24

The Houselog Good Neighbor Club met Friday, January 24 in the home of Mrs. Earl Alexander, with the president, Mrs. Gene Bawcom, directing the meeting.

Mrs. Willie Smith gave the opening prayer and the minutes of the last meeting were read by Mrs. Robert Karnes.

As the program, members discussed their favorite president. Later games were directed by Mrs. Bawcom.

Refreshments were served to Mrs. Doshia Dix, Mrs. Merritt James, Mrs. Bob Stephenson, Mrs. Karnes, Mrs. Bawcom, Mrs. Smith, Mrs. Paul Hardy, Bryan Wilbur, and the hostess, Mrs. Alexander.

Marie Johnson Begins Nursing Course in AJC

Marie Johnson, who was graduated from Quail High School in 1967, has enrolled in the nursing program of Amarillo Junior College. After two years academic work, she will complete the nursing course at St. Anthony's Hospital School of Nursing.

She is the daughter of Mr. and Mrs. Julius Johnson and was employed at St. Joseph's Hospital.

US Quarantine Inspectors Busy

Agricultural quarantine inspectors work with their Government agencies at the nation's airports, seaports and border crossings to keep out destructive foreign plant and animal pests and diseases.

Last year they stopped an inbound foreign plant pest an average of once every 12 minutes and seized nearly 125,000 pounds of foreign meat from countries known to have such dreaded animal diseases as foot-and-mouth and rinderpest.

A fathom, used principally as a marine measure, is 6 feet.

Personal

Mrs. W. R. Crownover returned recently from Missouri where she visited for a month with her sisters and brother. This reunion was their first time together in several years.

Harold Pigg, a student in the University of Texas School of Law, was here between semesters visiting his parents, Mr. and Mrs. Kelly Pigg, and his grandmother, Mrs. M. M. Kern.

Mrs. John Adams, the former Juanita Higgins, and Mrs. Tom Stancell, sister of John Forbis, both of Olton, were here Sunday to visit relatives and friends.

Attending the funeral of the Rev. Claude Hunt of McLean on Monday were his brother, J. G. Hunt, Mrs. Hunt, Randolph Hunt and Mrs. Betty Conant and son, David.

Mr. and Mrs. Thurman Crownover spent the week end at Dumas with their son and family, Mr. and Mrs. Ted Crownover and Ricky.

Mrs. Lyndon Crella and daughters, Belinda and Cathy, of McLean were here Monday and Tuesday to visit her parents, Mr. and Mrs. Sandy Parsons, and with friends.

Mr. and Mrs. Jeff Martin of Ralls visited this week end with her mother and brother, Mrs. Edith Estes, and Mr. and Mrs. Virgil Estes.

Miss Hythen Moore of St. Louis, Mo., spent the week end in the home of Mr. and Mrs. D. C. Thomason and Cathy. Miss Moore is a sister-in-law of Mrs. Thomason.

Mr. and Mrs. Boly Tabor of Dodson are spending two weeks in Shawnee, Oklahoma visiting her daughter, Mr. and Mrs. William Horton and Lesa.

Texas has 23 metropolitan centers of 50,000-plus population—more than any other state.

HIGH SCHOOL PAYS OFF

COLLEGE STATION. — Four years of high school on the average will return 16% more income at age 21 and 38% more income over a lifetime, reports an Extension home management specialist at Texas A&M University.

The average income in 1966 of 21-year-old men who had completed high school was \$3,021. According to Wanda Meyer, expected lifetime income for the high school graduate was \$341,000 and for the elementary school graduate \$247,000.

At 18 the high school graduate has the disadvantage of no work experience. On the average, the specialist reports his income is below that of elementary school graduates who have been working for some time. However, at age 19 the high school graduate may anticipate income nearly equal to that of elementary school graduate, and from 20 on to have considerably higher income, reaching a peak of \$8,387 at age 48.

This contrasts to peak income for elementary school graduate of \$6,054 at age 44, says Mrs. Meyer.

Colorado has the greatest number of high peaks of any state in the nation.

There are 80 small islands in the Aleutian chain.

Financial Facts

By Jeff Wilson

CURRENCY COUNTERFEITING

In addition to providing security for the President of the United States and other dignitaries, the Secret Service under the Treasury Department administration carries on a relentless war against counterfeiters.

Most counterfeiters are well organized and operate under regular commercial type management. This consists of the manufacturing, the wholesaling and the retailing.

The manufacturer produces the plates from which the spurious bills are printed.

The wholesalers purchase the bills in large quantities at a big discount. Then they sell to "retailers" who employ "shovers" to pass the notes.

Shovers resort to many sneaky methods for getting rid of their fake wares. They are skilled in selecting trusting and uninformed tradesmen, paying for small purchases with five, ten or twenty dollar counterfeit bills.

County Park Improvement Will Begin in Near Future

Work will begin soon on improvement of the County Park which the commissioners court acquired last year on the south side of Salt Fork at Highway 83 bridge.

Most of those who have discussed the park feel that the natural beauty of the area should be left intact insofar as this can be done. Weeds and underbrush will have to be cleared out and picnic facilities will be installed. But the beauty along Salt Fork is our own particular heritage to be long enjoyed. Landscaping can be done to enhance and improve this tract, but not to radically change or destroy what is already there.

And once this park is completed, why can we not have other county parks, some along or near our highways, others more remote. This would be beauty that all of us can enjoy.

Before you wonder how the other fellow could have been so stupid, check what you have done during the last day or so.

There are three views of any disagreement: Yours, the other fellow's and the correct one.

Long for the good old days? Just try and find a house number by the light of a buggy lamp.

Some people who go to half-a-dozen doctors constantly are enjoying ill health.

Big Enough to Drive a Truck Through

AUSTIN — Immediate implementation of the Texas Water Development Board's \$10-billion water plan (to take water to every part of Texas), lowering the voting age to 18, lifting the constitutional ceiling on state public welfare contributions and a gradual revision of the State Constitution were some of the surprises Gov. Preston Smith offered the Legislature.

All 181 Legislators had been pacing themselves for the first two weeks of the session, waiting to see what their new governor wanted from them, and now they know his aims. But he has yet to reveal his bud-

get and tax recommendations, which will have tremendous bearing on whether his programs are enacted.

Gov. Smith lauded the Coordinating Board, Texas College and University System's plan to provide upper-level senior colleges in Midland-Odessa, Corpus Christi, Houston and Dallas and a four-year college in San Antonio, but he did not adopt it specifically. However, he did embrace the board's recommendation for new state medical schools in Houston and Lubbock, a new dental school in San Antonio, and state partici-

pation in Baylor University's dental and medical schools.

He called for a state police certification program for prisoners, an "implied consent" D.W.I. test to cut down on traffic accidents involving alcohol, "enlarging" the Parks & Wildlife Commission to obtain better geographical distribution, and raising workmen's compensation benefits from \$35 to \$45 a week.

Tuition Hike Proposed
Finance committee of Coordinating Board, Texas College and University System found tuitions of students must be doubled to help pay the expected \$404.2-million biennial operating cost of higher education facilities by 1975-76.

Committee also proposed \$165 a year student buildings use fee to float bonds for a \$401-million college construction program. Fee would apply only on six new campuses recommend-

CROSSROADS REPORT

Large national magazine, called Barron's, which deals with great financial matters, says fiscally speaking, the City of New York is a terminal case. Seems it has got too big for its riches.

Towns die, of course, or just sort of evaporate off the face of the earth, but NYC has fouled up so much landscape that it can't just vanish like so many country towns have done.

But after it has spent itself to death, the people with money invested in this monstrous people-hive may get a little of their funds back from tourists and sightseers coming to gawk at the world's largest ghost town.

D. E. SCOTT....

ed during the next decade.

Tuition suggested by the committee would be \$7 per semester credit hour for Texas residents and \$20 per credit hour for non-residents. This would raise an additional \$22-million a year. Present tuition rate, unchanged since 1957, is \$50 a semester. It is one of the lowest in the nation.

Committee strongly recommended a uniform building system and standardized construction components for new campuses, as well as new procedures to cut down operating costs.

Report will be acted on at the Feb. 10 Coordinating Board meeting, together with a request to merge South Texas College of Law at Houston with Texas A&M University.

Dies Is Secretary of State

Gov. Smith's first official appointment was his secretary of state. He selected former Lufkin Sen. Martin Dies, Jr., and Dies was immediately confirmed by the Senate.

Smith described Dies, who did not seek re-election in 1966 after eight years in office, as one of the most popular senators in recent history. His main work has been in the areas of retardation in children, and in parks development.

"I have turned to one of the most able and dedicated men in public life during this era of government," Smith said. "I am sure Senator Dies is destined to become one of the great secretaries of state in Texas history."

Constitutional Amendment
Freshman Rep. Lynn Nabers of Brownwood plans to intro-

duce a proposed constitutional amendment to allow the state to give aid to private colleges and universities.

In the proposal, a committee would determine what it costs to educate the average student at state-supported schools. The State would then deduct from that the tuition students pay at state institutions—now \$100 per year—and send the rest to the private schools as credit toward the educational costs.

System would be complicated at those private schools which teach religion courses. Some state aid would have to be deducted for that, because of the constitutional provision on separation of church and state.

Ethics Code

Rep. Jim Nugent of Kerrville is making another run with a bill he has carried some 10 years. It is designed to improve and strengthen the Code of Ethics for state officials. Every session, Nugent's ethics bill has been passed by the House, but failed in the Senate. He is optimistic this time, since so many senators—and Lieutenant Governor Barnes—are former House members who have voted for the proposal in past sessions.

Courts Speak

A San Antonio Negro got a new trial for robbery because the prosecutor asked a witness if the defendant was a Black Muslim. Court of Criminal Appeals said a mis-trial should have been granted.

State Supreme Court turned down a suit for damages by a man who claimed he developed cancer from handling radioactive material at the nuclear weapons assembly point at the Medina Base.

High court threw out the state's appeal from an Amarillo court finding that the guilt of juvenile offenders must be proved "beyond reasonable doubt" as is the case with adults.

Attorney General Opinions

Texas Technological College may create a medical school on the Lubbock campus without passage of implementing legislation, Atty. Gen. Crawford C. Martin said in an opinion requested by Gov. Smith.

Martin warned, however, that the legislature, through its control over appropriations of funds, has the power to "accept or reject this method" of creating medical facilities.

In another opinion he also ruled that a school board has the authority to expel a student for violation of a published policy against drug use, after fair hearing. But he said an indict-

By Wick Fowler

Texas established a liaison office at Washington, D.C., so our congressmen can keep up with what's going on in the federal government.

ment alone is not grounds for expelling.

Registering Cars Properly
Auto registration regulations will be enforced tighter due to computerization, Highway Commission and Department of Public Safety warns.

Highway Department says that many motorists have cars registered illegally in counties where they do not reside. Others who live in cities show only a post office box number instead of the required residence address.

Computerization also will aid in law enforcement, and reduce the waiting-in-line time to obtain a license. Motorist will get forms to fill out in advance, saving typing time at busy license distributing points.

SDEC Expands

State Democratic Committee, which took in a tidy sum from its inauguration-eve victory dinner, has approved plans to expand work in three fields and to publish a monthly political magazine.

New committees were authorized on youth activities, women's organization and communications. Latter department will supervise the magazine.

Short Snorts

• Texas Farm Bureau unveiled a legislative program which includes opposition to minimum wage and compulsory collective bargaining for farm workers.

• December's activity in Texas unemployment insurance claims increased over the previous month by 7,684 due mainly to unfavorable weather conditions, says the Texas Employment Commission.

• House Water Study Committee headed by Rep. Bill Clayton of Springlake has recommended that Texans support a \$3.5-billion bond issue to help finance the \$10-billion Texas Water Plan.

• Texas Liquor Control Board announced that 1968 saw an all-time high in the number of juveniles arrested for possessing or buying alcoholic beverages—some 14,186 above the 1967 arrest figures.

• Acre originally meant the amount of land one man could plow in a day.

INTELLIGRAM

How are you on recent events? Complete the following six statements, checking your answers with those below to find out.

1—Vice President Hubert Humphrey has endorsed Oklahoma Sen. (Ray Bilss) (Fred Harris) as new national chairman of the Democratic party.

- The new chairman succeeds (Lawrence O'Brien) (John Bailey).
- (Princeton) (Yale) has become the latest Ivy League college to announce it will begin accepting female students.
- A member of the U.S. Air Force's (Blue Angels) (Thunderbirds) aerobatic team was killed in a mid-air collision over the Nevada desert.
- Production of (Phantom jets) (Apollo spacecraft) was halted by a machinists' strike at the McDonnell Douglas Corp. plant at St. Louis, Mo.
- The Supreme Court has rejected an appeal to reverse a federal narcotics conviction against reputed Cosa Nostra kingpin (Joe Valachi) (Vito Genovese) who is now serving a prison term at Leavenworth.

Count 10 for each correct choice. A score of 60 is excellent; 50, good; 40, fair; less than 40, poor.

Norwood, Hedley Split Pair of Games Friday

Samnorwood Eaglettes defeated the Hedley girls 41 to 25 Friday, Jan. 24, to maintain their second place rank in District 4-B girls basketball.

On the same evening, the Eagles, tensing up after an early lead, dropped behind the Hedley boys 78 to 43.

The girls game was never close, although it was not the run-away the score may seem to indicate, Coach Kenneth Martindale said.

Karen Waters led Samnorwood scoring with 24 points, while Debbie Clement had 10 and Rita Lackey 7.

The Eagles jumped out to 1-point leads twice in the first quarter, then failed to make some easy shots and after that they appeared to become tense and fell behind.

Glen Bruton, who played the last three quarters and had a fine night, led Samnorwood scoring with 18 points, and Robby Dwight had 12.

Leon Ward had 21 points for Hedley, R Ward 17, Larry Holland 15, and Gay Hill 13.

"They had a balanced attack and just didn't miss after they got started," said Coach Martindale.

Herb Reavis of Dumas Is Named "Manager of the Year"

Herb Reavis, Dumas district manager for the Southwestern Public Service Company, received a "Manager of the Year" award Monday, Jan. 13, at the annual sales meeting for the electric company's Panhandle division.

Mr. Reavis, formerly with West Texas Utilities Company here, won the award in competition against 12 other managers in communities of similar size to Dumas. It was presented for top sales achievement in 13 different areas of competition. The Dumas effort earned more points than any of the 55 other towns in Southwestern Public Service Company's system.

This was his fifth "Manager of the Year" award, with the other four earned at Texhoma, where he was manager prior to his promotion to district manager in Dumas in June 1967.

He is active in community affairs in Dumas, serving as Moore District Boy Scout chairman, a member of the

Herb Reavis

Mr. Reavis has had 17 years experience in the electric utility industry. A native of Clarendon, he attended Midwestern University at Wichita Falls. His wife is the former Effie Spear, daughter of Mr. and Mrs. O. R. Spear. They have one son, Herb Jr., 12.

They moved from Wellington to Guymon in 1959.

Marco Polo was first to call Japan the Land of the Rising Sun.

Band Boosters Meeting Called

Jesse Peters, president of the Band Boosters Club, has called a meeting for Monday, Feb. 3 at 7:30 p.m. in the Bandhouse.

Officers for next year will be elected and plans made for the pops concert and band banquet. All members are urged to be present.

THE WELLINGTON (TEXAS) LEADER
Thursday, January 30, 1969

Mrs. Caison Dies at Dumas

Mrs. G. D. Caison Sr., 77, of Dumas, a former long-time resident of Wellington, died at 1 a.m. Wednesday, Jan. 22 in Dumas Memorial Hospital.

She had moved to Dumas two months ago from Hereford, her home for 28 years.

Mrs. Caison, the former Hattie Lucinda Wilson, was born at Troop Sept. 27, 1891. She and her husband moved to Wellington in 1907 and lived here until 1940, when they moved to Hereford.

Funeral services were conducted at 2 p.m. Thursday, Jan. 23 at First Baptist Church in Hereford. The Rev. Russell Wingert, pastor of First Presbyterian Church, officiated, assisted by the Rev. Gerald Mann. Burial was in Rest Lawn Memorial Park, Hereford.

Survivors are three daughters and two sons: Mrs. Wayland Smith of Hereford, Mrs. Don Manzer and Mrs. W. C. Stansel of Dumas, Claude Caison of Hereford; three brothers and four sisters: B. W. Wilson of Pampa, Leonard Wilson of Lubbock, Virgil Wilson of Spur, Mrs. R. C. Copeland of Altus, Mrs. R. Z. Taylor of Blair, Owa., Mrs. Tom Helton of Ft. Collins, Colo., and Mrs. J. A. Turner of Friday Harbor, Wash.

There are 11 grandchildren and nine great grandchildren.

4-H Club Names Project Leaders

Members of the Wellington Girls 4-H Club met Wednesday, January 22 to divide into project groups and select leaders for these groups.

June Popwell, president, directed the meeting and explained the definition of 4-H and what 4-Hers do.

The group gave the motto and pledge. The emblem of 4-H and the colors of 4-H were pointed out by the president.

Leaders of the project groups are Miss Popwell, Mrs. John Coffee, Mrs. Leo Popwell and Mrs. Dan Langford. These groups will begin studying food and nutrition in preparation for the county 4-H Food Show on April 19.

Officers will be elected at the next meeting.

Those present at the meeting, which was held in the county courtroom at 4:15 p.m., were June Popwell, Rosemary Popwell, Beth Peters, Pam Black, Peggy Popwell, Tammy Futch, Jeannie Morris, Angie Mitchell, Pam Mitchell, Kay Coffee, Linda Coffee, Pam Marsh, Mrs. Coffee, and Mrs. Popwell.

New Curb, Traffic Signs Up at School

New curb markings and traffic signs have gone up around Wellington schools on 15th St., and because of the number of questions city officials have received, Police Chief Donald Nunnelley has explained their meaning.

He added that after a grace period, strict enforcement of traffic laws will begin.

These are the signs:
NO PARKING, LOADING ZONE 8 to 5: "No cars are to be parked and left. This is for stopping or standing to load or unload passengers and the car should be within 18 inches of the curb," said Chief Nunnelley.

NO DOUBLE PARKING (in the same zone): "State law does not allow double parking at any time and this has been one of our problems at the school that has caused a lot of traffic congestion and is a hazard," he continued.

NO PARKING, BUS ZONE: "In the past cars have parked, standing next to the curb, and buses have had to stop in the street to load or unload students, which is a hazard in its own."

"State law has always been no parking in 15 feet of the corner, within 15 feet of a fire hydrant or within 20 feet of a crosswalk."

To help the driver further, the curbs along the loading zones and bus zones were painted yellow. Crosswalk, fire hydrant and corner zones were painted red.

A person must park on the right hand side of the street, the City of Wellington further points out.

"We have too many cars driving to the left side of the street for loading and unloading. The driver has three violations, plus the hazard of letting the passenger out into the line of traffic," Nunnelley said.

There has been a double yellow stripe down that part of 15th Street for years, and it means just what it does anywhere else, no passing.

When the city's new flashing lights begin operation, the posted speed limit of 20 miles per hour is to be observed between East Avenue and Dalhart St.

Other parking changes along 15th Street and around the courthouse square were discussed by Chief Nunnelley.

Parallel parking is due in the area of St. Joseph's Hospital, the Wellington Clinic, the Thomas Nursing Home and the First Baptist Church, to conform to the state law, since 15th Street is State Highway 338.

This violation has been pointed out by state highway engineers.

Downtown, the city plans to repaint the curb and center parking stripes, again in yellow, with red marking the fire zones and corners.

Parking angles will be deeper, and easier to drive into and back out of. Doors can be opened without touching the car next to it and they will be easier for the passengers to get into and out of.

"Some engineers I have talked to say it makes the street approximately six feet wider," said Chief Nunnelley.

"At present, I will make a rough guess that the auto accident damage on the square that is reported will run about \$12,000 per year, not to speak of the ones people settle themselves."

HIS CONTRIBUTION
 Hector Berlioz laid the foundation of modern orchestration in the musical world. He also is known as a creator of music based on a specific story or program music.

Aluminum is the most abundant of metallic elements.

NEW HEAD of the United States Information Agency (USIA) is Frank Shakespeare, A CBS television executive. Shakespeare, 43, was named to the post by President-elect Nixon, whom he served as a key advisor during his campaign. He was the man who developed Nixon's campaign television format in which the President-elect answered questions from panels of citizens. Shakespeare succeeds Leonard Marks, who recently resigned as USIA chief.

Betans Attend State Meeting

Thirteen Beta Club members represented Wellington High School at the annual State Beta Club meeting in Dallas Friday and Saturday, Jan. 24 and 25.

Their program included many speakers of note, election of state officers, and the annual banquet and other evening entertainment.

Attending were Jerry Woolridge, Beta president, and Yates Parker, Barry Johnson, Mary Bearden, Judy Porter, Billy McAllister, Truitt Holton, John Scott, Kathy King, Mike Davis, Kathy Scott, Barbara Wilbur and Beth Peters.

Adults accompanying the group were Bob McAllister and the three sponsors, Mrs. Ben Ratliff, Ronald Cummings and E. W. Clement.

Snakebite Antidote

An antidote for snakebite, cobra antivenin, is prepared from the blood of horses that have been injected with gradually increased amounts of venom.

GETTING UP NIGHTS MAKES MANY FEEL OLD

Common Kidney or Bladder Irritations make many men and women feel tense and nervous from frequent, burning or itching urination night and day. Secondly, you may lose sleep and have Headache, Backache and feel older, tired, depressed. In such cases, CYS-TEX usually brings relaxing comfort by curbing irritating germs in acid urine and quickly easing pain. Get CYS-TEX at druggists.

Patrolman James Haley

Highway SAFETY Guidelines

Patrolman Doug Wright

Q. What are the meanings of flashing traffic control lights?

A. A flashing red light means stop completely and then proceed when the way is clear or it is safe to do so. A flashing yellow light means slow your vehicle to a safe and reasonable speed and proceed with caution.

Q. Are lights required on a parked vehicle at night and if so what type is required?

A. Vehicle park lights (or low beam) must be on when a vehicle is stopped or parked at night on a roadway or shoulder of a highway. A city ordinance can alter this regulation when parked in accordance with local parking regulations.

Q. When you hear a siren

approaching what should you do?

A. You should drive as close as is safe to the right hand side of the highway or street clear of any intersection, stop and remain stopped until the emergency vehicle has passed, unless otherwise directed by a police officer.

Q. According to highway law when are you not to drive left of the center line on a two-lane, two-way roadway even when passing?

A. When you are within 100 feet of the approach to a bridge, a tunnel, a railroad crossing, an intersection, a viaduct, while crossing an intersection or railroad crossing, before coming within 100 feet of an oncoming vehicle, and when

within a marked no-passing zone.

Q. The law requires you to have your car re-inspected if you lose the MVI sticker. What other situation would require the re-inspection of your car?

A. If your car is involved in an accident where there is damage to your vehicle it must be re-inspected.

Q. What does a double yellow line in the center of the roadway prohibit?

A. A double yellow line in the center of a roadway prohibits driving on the left side of a roadway or crossing over the double yellow line to pass another vehicle.

"Beerography" Is Now a Science

Ever hear of "beerography"? Scientists are fishing up discarded beer cans from the ocean depths to measure sediment. They call it "beerography".

They know the approximate dates the cans were manufactured, and can then tell how much sediment has accumulated from that date.

Dortha Coleman Goes to Amarillo

Mrs. Dortha Coleman, an employee of the Wellington State Bank five years, has resigned and will make her home in Amarillo. She moved there Monday.

A Collingsworth County resident most of her life, Mrs. Coleman received her education here. She was employed in the offices of the City of Wellington nine years.

Mrs. Coleman has sold her home at 1212 Bowie Street to Mr. and Mrs. J. I. Morgan,

who will move in from their farm near Quail. Mrs. Morgan teaches in Wellington Elementary School.

Mrs. Coleman's daughter, Mrs. Jim Ferguson, and family now live in Arlington, moving there from Lubbock in January.

OLD CUSTOM

The custom of wearing wigs is very old. Egyptian mummies have been found with them and we know also that the ancient Greeks and Romans wore them.

Deck's DIDACTICS

—By Deskins Wells

Startling information from a real estate letter: "Twelve years ago only 8 percent of the population in the United States lived in apartment houses. In five years it went to 28 percent. Then in 1966 it went up to 49 percent and today it is 57 percent."

To a person who never lived within the city limits of even a small town until he set forth to attend college at the Normal in Canyon City, this information concerning the geometric expansion of the cliff dwellers as compared to the prairie and mountain people is astounding and sad.

The thought of elderly people living in an air conditioned apartment where comfortable services are provided is pleasant to think about and in many instances is the best way of life and housing for them. The apartment houses, both individual and massive high rise, have their place for the young people of a romantic age, the college students, and the young career people. There are apartments to suit all of these people and the number of these behives is increasing in the midst and on the outskirts of every megalopolis at an incredible rate.

These apartments serve the best need of a large segment of our population. But what about the young family, the couple with children, who can find only an apartment house in which to live? They have them built and advertised for such families. There are supervised playgrounds in a small enclosure for fair weather, supervised playrooms for foul weather, supervised swimming pools. In the summer there are camps along the streams, at the seashore and in the mountains and in these the children are watched over and instructed by strangers. What becomes of family life and the parental discipline and love children need and want instinctively under apartment living? The answer is they disappear.

With these thought in mind let us continue to sing the merits of life in a small town and education in a small town school.

Don't let the propaganda fool you about the superiority of the weather to the east and south of the Panhandle. As a whole the vast state of Texas has more beautiful and enjoyable days weather-wise than any state in the union with the possible exception of Hawaii which enjoys volcanic eruptions, earthquakes, typhoons and tidal waves as interludes. In spite of the desirability and comfort of our weather as a whole over the state, there are misguided chauvinists in the eastern and southern part of the state who continue to slant their headlines against the prevalent sunny, balmy brilliant sunny days in the Panhandle.

Last Saturday, January 25, I was in Houston and the weather was cold and raw and it had been worse the evening before. Workmen on an unfinished building wore ear muffs, gloves and heavy coats. (The unfinished building in which I was staying was the new Royal Coach Inn, which is located about five miles southwest of the Astrodome.) The natives were uncomfortable and the visitors from the northern part of the state were near freezing.

Saturday evening we drove to Austin and left there Sunday morning January 26, while it was still cool enough to need the heater in the car. At Cross Plains, which is near Abilene, we had to turn on the air conditioner to adjust to the bright sunny weather of West Texas and when we arrived in Wellington about 5 o'clock in the afternoon, the temperature was 74 degrees.

The coastal plane of Texas is a magic place full of wonders. And I am not talking about the growing number of apartments, the Astrodome, the oil, sulphur, industries, shipping or even NASA itself. The wonder was a sight that may have been there on the level marshes adjoining the Gulf of Mexico a thousand years ago. The views that left me open mouthed were two tremendous congregations of Blue Geese and Snow Geese grazing on land west of Houston in the vicinity of Katy and Brookshire. I have seen limited number of the clearly marked black, white and gray backed Canada Geese grazing on alfalfa

ROCKET-ROCKETTE ROYALTY

Wellington high school's basketball Queen and King, Mary Lou Holton and Tony Hurst, were crowned between games Friday night, January 24. Their attendants were left, Nicky Watts and

Linda Williams, and Sharon Gaston and Chuck Wilbur, right. The crown bearers were Dee Ann Williams and Scott Cochran.

Lowes Visit Rice Campus

Mr. and Mrs. Bill Lowe and their son, Andy Lowe, visited the Rice University Campus in Houston over the week end. Coach Harold Mayo, head freshman football coach, had contacted Andy earlier this winter relative to his attending Rice. Andy stayed on campus with other students. The family was also guest of the college at the international track meet at the Astrodome, and saw 9 world records broken.

and wheat fields in this area, and I have seen geese of all kinds on lakes.

The experience near Brookshire was the first time I ever saw thousands and thousands of white and blue geese eating in daylight on land. Imagine six or seven or maybe more acres of land covered with blue and white geese not more than two or three feet apart. The whites outnumbered the blues perhaps as much as two to one. On the edge of this vast gathering of geese stood the sentinels, white mingled with blue and all standing erect and facing outward while the rest of the geese gobbled up the food.

We saw the same flocks twice. On Friday at noon they were all on the ground. Saturday afternoon around 4 o'clock many were wheeling in the air.

When you think of the strife in the cities it is comforting to know that man has allowed these great birds to survive and that they pursue the life of a thousand and perhaps a million years ago.

And now let us think for the second time of the serenity of life in a small town. It is true that the great developments in art, science, literature came in the cities of the ages. Pause a moment. Ask yourself where some of your favorite great men spent their childhood. Shakespeare spent his early years in a quiet village named Stratford on Avon.

Quail Splits Double Header With Lakeview

The Quail Quails defeated the Lakeview boys 73 to 65 in overtime play Friday night, January 24, and when that period ended, Lakeview had fouled all but two of its players off the court.

Quail girls had a fair first quarter but couldn't contain the larger Lakeview team and lost that one 70 to 44.

The boys game was tied 59-59 as regulation play ended but it was not until they were a minute into overtime that Quail boys for the first time went ahead of their opponents. With only 6 men on the team, Lakeview lacked the depth of the Quails.

"Lakeview played a real good ball game. They had us beat till they started fouling out," said Coach Bill Wilson. "They couldn't adjust and they just kept on fouling."

Gary Barton led Quail's scoring with 20 points, while Richard Gilbreth made 31 for Lakeview.

Quail Boys	12	22	35	59	73
Lakeview	13	39	48	59	65

High scorer for the Quail girls was Joyce Johnson with 21 points. Tonda Hatley led for Lakeview with 25.

Quail Girls	12	19	29	44
Lakeview	18	37	55	70

Donald Settle

Both the directors and vice presidents will be installed at the state Jaycee Convention to be held in May and their terms of office will begin June 1. Bob Buck, state president, was the speaker at the awards luncheon Sunday and earlier in the day met with local presidents to discuss problems faced by the organization and possible solutions. During the business session also, Levelland was chosen as the Area I summer convention site.

The Dumas convention opened Saturday afternoon and a series of Jaycee clinics lasted until 6 p.m. The banquet and dance were Saturday night, and the convention ended Sunday afternoon.

Quail School Has PESO Workshop

Quail School was host to a workshop on audio visual teaching Wednesday, Jan. 23, beginning at 2:30 p.m. Mr. Young of PESO, Amarillo, was the director.

Emphasis was placed on laminating and transparencies. Schools invited to send representatives to the workshop were Wellington, Dodson, Samnorwood, Estelline and Hedley.

Daves Reopen Dairy Mart on Highway 83

Mr. and Mrs. Carroll Daves have reopened the Dairy Mart, formerly operated by Mr. and Mrs. Walter Williams, under the name of Carroll's Dairy Mart.

"We will continue to handle all kinds of burgers, sandwiches, steak fingers, hot dogs, sea food, malts, shakes and soda drinks. We have facilities to serve people indoors from 9 in the morning until closing hours," Mr. Daves said.

Car hops will be on duty in the drive-in from 4 p.m. until closing. Closing hours will be at 10 p.m. on week days, and midnight Saturday and Sunday.

"Our feature items will be juicy hamburgers and really thick malts," Mr. Daves said. "We have a game room for the young people and invite them to make use of it. We extend an invitation to all the old customers and to those who may not have been customers to come to see us."

SUGGESTED NAME
Martin Waldiseemuller, in a book he wrote in 1507, requested that our mainland be called America "because Americus (Amerigo Vespucci) discovered it." Though Vespucci's claim that he reached America a year before Columbus was never completely verified, Waldiseemuller's suggestion took hold.

Alabama seceded from the Union Jan. 11, 1861, and entered July 13, 1868.

Hunting Leases

Most counties go through an already-existing organization, such as the Chamber of Commerce, for its publicity and to acquaint the hunting public with its advantages.

Mr. Reeves described this as a "bull-session" type meeting, and said if there is sufficient interest, a county-wide meeting will be held later, probably in March or April.

Attending the meeting with Mr. Ramsey were Mr. Reeves, Millard Brown of the ASCS, Raymond Hodges of FHA, Gary Reed of SCS, Jack Moreman, David Baumgardner, Dwane Scott and County Commissioner W. R. Breeding.

LAST APPEARANCE

George Washington made his last military appearance in Cumberland, Md. As president, he here in 1794 reviewed the troops called out to suppress the Whiskey Rebellion.

Services for Mrs. John McGill Here Friday

Mrs. John McGill, 71, died early Wednesday, Jan. 29, in Amarillo, where she had made her home for the last four years. She lived in Wellington 38 years prior to that.

Funeral services will be conducted at First Baptist Church in Wellington at 11 a.m. Friday, Jan. 31. The Rev. Leroy Gaston, pastor, and the Rev. Winfred Moore, pastor of First Baptist Church, Amarillo, will officiate.

Burial will be in Fairview Cemetery under the direction of Kelso Funeral Home.

Surviving Mrs. McGill are two daughters and three sons: Mrs. Helen Walters, Mrs. C. F. Youngblood, Reuben McGill and Raymond McGill of Amarillo, and John K. McGill of Denver. Two brothers, two sisters, 12 grandchildren and four great grandchildren also survive.

Hawleys Buy Dixie Maid from Doc Turners

Mr. and Mrs. Fred Hawley of Shamrock announced this week that they have bought the Dixie Maid from Mr. and Mrs. Doc Turner and will continue to operate the popular restaurant under the same name.

Free coffee will be served from 9 till 11 Thursday as a get-acquainted offer.

"We intend to serve the same type food and render the same kind of service the public has known at the Dixie Maid during the twenty years it has been run by Mr. and Mrs. Turner," Mr. Hawley said. "We will have open house Thursday from 9 till 11, serving free coffee in order to get better acquainted with the people of the Wellington area."

The Turners started the Dixie Maid as a drive-in on the southeast corner of the intersection of Highway 83 and FM 338 twenty years ago. Four years ago they moved it to the present location at the end of 13th Street and started operating a regular restaurant with breakfast, luncheons and short orders.

Major James Crosby * * * Col. A. D. Pickard * * *

Wellington Officer Cited at Sandia Base

SANDIA BASE, Albuquerque, N.M.—Army Colonel A. D. Pickard, commanding officers of Sandia Base recently awarded the Joint Service Commendation Medal to Army Major James C. Crosby in ceremonies at the base, a joint service installation.

The honored officer was cited for meritorious service from 1966 through 1968 while assigned as Missile Officer in Joint Task Force TWO, a tenant organization on Sandia Base. Since the disestablishment of the Task Force in December 1968, Major Crosby has been transferred to the Sandia Base Engineer Division and serves as Plans & Operations Officer. A native of Wellington, he is the son of H. E. Crosby, and a 1952 graduate of Wellington High School, where he was better known as Bing Crosby. He holds a B.S. degree from West

Texas State University where he was commissioned in June 1956. Since that time he has served in Germany, Vietnam, Michigan, and Texas. In addition to his present award, Major Crosby holds the Bronze Star, Combat Infantryman Badge and Air Medal. Major Crosby is married to the former Joan Hill, daughter of E. D. Hill, Childress. They reside at 1514 15th Loop, Sandia Base, and have three daughters: Linda, 10; Cheryl, 6; and Teresa, 7 months.

Thanks Friends:

We have sold the Dixie Maid to Mr. and Mrs. Fred Hawley and invite you to continue your splendid patronage. We know they will serve you well with good food and courteous treatment.

We have greatly appreciated your friendship and your business during the 20 years we have served you, 16 on the corner and 4 in our present location.

You were a loyal and understanding group of people and we have appreciated you as friends and customers. We will continue to remember each one of you with appreciation.

And Remember, Keep on Coming to the Dixie Maid

Mr. and Mrs. Doc Turner
