NEW YORK, Sept. 19. (AP)—A late rally in metal issues again pulled the stock market out of a ditch today and enabled a number of the more depressed leaders to pare or cancel early losses of 1 to 3 or more points. The recovery was attributed partly to short covering by professionals following a sharp morning slump. The close was steady to firm. Approximately 2,650,000 shares changed hands.

Anti-Trust Law Hearings Begun

RELIEF BONDS ACTION IS DELAYED UNTIL REPORTS MADE

(By The Associated Press)

AUSTIN, Sept. 19—The Texas senate resolved itself into a committee of the whole today and decided to start hearings at 2 p. m. on bills to modify the state anti-trust laws so as to eliminate any possibility of conflict with the National Recovery act.

On motion of Senator Walter C. Woodward of Coleman, the committee of the whole voted to consider the anti trust modification legislation this afternoon and most of tomorrow and postpone hearings on the $20,000,000 unemployment relief bond issue legislation until Thursday afternoon.

To Study Costs

Senator Woodward pointed out that relief authorities had been given until Thursday noon to file detailed reports concerning the costs of disbursing funds to the needy.

"I don't want to go into this relief matter until I have a chance to see those reports and get my bearings," Woodward said.

The house judiciary committee planned to meet with the senate committee of the whole this afternoon in the consideration of proposed changes in the anti-trust statutes.

The senate voted to join the house tomorrow morning in listening to a discussion by Aubrey Williams, regional representative of the federal unemployment relief organization. The house state affairs committee meanwhile postponed the start of its hearings on relief matters until next Monday.

The house was in session less than an hour when it adjourned until tomorrow.

Homesick Slayer Escapes Again

LITTLE ROCK, Ark., Sept. 19 (AP)—Helen Spence Eaton, the girl who killed her father's accused slayer and then, after parole, confessed she killed another man, explaining that her conscience "hurt" her, has escaped again—the second time within a week.

Homesickness led the pretty twice-convicted slayer to flee the prison farm at Jacksonville and head for the White river country last Thursday. Bloodhounds cornered her in a corn field and back she went to prison.

Last night she disappeared again and guards once more headed toward White river on the theory that the girl was homesick again.

REPEAL TESTS TO BE TODAY

IDAHO DRYS FORECAST VICTORY; NEW MEXICO WETS CONFIDENT

(By The Associated Press)

New Mexico and Idaho were having their say about prohibition today—the former lackadaisically, the latter with a wider display of interest.

Clear skies, beckoning the rural vote to the polls, encouraged the drys in Idaho, home state of that long-time friend of prohibition Senator Borah. Allied drys predicted a vote of more than 100,000 with "well over 50,000" opposing repeal William Healy, a repeal candidate, envisioned a 15,000 repeal majority out of a total vote of 75,000.

Wets Confident

In New Mexico, foes of prohibition predicted at least a 2 to 1 majority for repeal. The voters, however, displayed much more interest in another matter on the ballot—the question of limiting property tax levies.

These two states, the only ones to vote on repeal this week, are the 30th and 31st to ballot on the question. The other 29 all have approved wiping the 18th amendment from the constitution.

Repealists hope for final success by Nov. 7, when at least 39 states will have made their decision. Drys are striving to hold their lines. Approval of 36 states is necessary to amend the constitution.

Cultivated Land In Mexico Is Flooded

MEXICO, D. F., Sept. 19 (AP)—More than 50,000 acres of cultivated land north of Ciudad Victoria were under water today as a dam gave way under the force of floods resulting from Friday's storms.

The number of dead grew to 135 as streams receded and soldiers recovered more bodies in San Luis Potosi and Tampico. Sugar plantations and factories in the flooded zone were destroyed.

GIRL IS INJURED

Mary Lou May, 6-year-old daughter of C. E. May, a school teacher at Sundown, was received at Lubbock sanitarium this morning, suffering from a skull fracture and a severe laceration above the left eye. She was conscious and her condition this afternoon was good. The child was injured when thrown against a windshield early last Thursday as her father's car ran into a ditch in the rain about four miles east of Wolfforth.

Would Reorganize Two Detroit Banks

DETROIT, Sept. 19 (AP)—Efforts to reorganize Detroit's two closed national banks were being made today following a grand jury report which said the banks were solvent when closed and no evidence had been found of criminality on the part of the officers.

Judge Harry B. Keidan, who as a one-man grand jury conducted a three month investigation into the causes for closing the two banks, unexpectedly terminated his inquiry last night and made public his findings.

Government Details Version Of Kidnaping

DEMAND FOR 20-CENT COTTON PUSHED

GROUP UNABLE TO PRESENT ITS PLEA

SOUTHERN DELEGATES FAIL TO SEE FDR OR WALLACE

(By The Associated Press)

WASHINGTON, Sept. 19. — Unable to see President Roosevelt and Secretary Wallace today to present their demands for inflation and higher cotton prices, the cotton states convention delegates heard a plea that the resolutions committee remain in Washington until they can obtain an audience with the president.

J. S. Wannamaker, president of the American Cotton association, and Thomas Linden of Atlanta, secretary to Governor Talmadge of Georgia, charged Secretary Wallace had "run out" on the delegates.

"I don't think we'll get anywhere unless we see the president," Linden said. "We ought to let our committee get an answer from him."

Referred To Peek

Wannamaker made the statement at a hearing before George N. Peek, agricultural adjustment administrator, to whom Secretary Wallace referred the cotton convention delegates after they left a copy of their demands for inflation and 20-cent cotton with a white house secretary.

President Roosevelt could not receive the delegates personally because of an indisposition.

When the group went to see Wallace, the agriculture secretary excused himself, saying he had a revious engagement with the budget director regarding a $10,000,000 appropriation he was seeking for the department.

"I don't want you to think I am running out on you", Wallace told the group and then referred them to Peek.

Addressing the conference with Peek, Wannamaker asserted: "Secretary Wallace ran out on us and the officials of the administration have refused to give us a hearing.

"Nero, it is said, fiddled while Rome was burning. "Our young secretary of agriculture is fiddling with a ten million dollar appropria-

No other reports of additional checks had been received this morning from surrounding counties.

Checks received by seven South Plains counties as reported up to Tuesday morning amounted to $384,841 for 1,206 checks.

King, Hill and Lubbock counties; Robert Weaver, Hunt county, and Claud Woods, Jasper county. King had been given eight years for burglary and robbery with fire arms. He was convicted in March 1931. Weaver was sentenced to two years for misapplication of city funds in May 1932. Woods was given eight years, in August 1931, for robbery with fire arms and theft.

MINISTER FLEES WITHOUT BIBLE OR SUSPENDERS

JONESBORO, Ark., Sept. 19 (AP)—A new minister's attempt to occupy the pulpit of the Jonesboro Baptist tabernacle, scene of bitter intra-congregation strife for weeks, ended last night in his flight from an attacking group of women, minus his suspenders and Bible.

The Rev. Doc Applegate, a former deputy constable and ordained minister, mounted the platform at tabernacle services and announced he had been sent to preach in place of the Rev. Dale S. Crowley, one of the rivals for the pastorate.

Immediately, according to reports to officers today, 15 or 20 women members of the Rev. Joe Jeffers faction, in possession of the tabernacle advanced upon him.

They seized Applegate, tore off his suspenders and part of his shirt and threw him off the platform, officers reported. He fled from the tabernacle, leaving his suspenders and Bible behind.

OAKLEY TRIAL UNDER WAY

DEFENSE EXPECTED TO PLEAD INSANITY IN "DEVIL SLAYING"

(By The Associated Press)

SULPHUR SPRINGS, Sept. 19—Only one juror remained to be selected today before the taking of testimony begins in the trial of Coy Oakley, religious zealot accused of murder in connection with the strange death of Bernice Clayton, 3-year-old cripple.

The eleven jurors chosen before court recessed last night were questioned closely by state attorneys concerning their attitude toward the death penalty. The defense indicated an insanity plea might be made for Oakley.

Weird Rites Performed

The child died last December at her father's cabin in an isolated East Texas community near Linden while weird rites were being performed over her, purportedly to "drive out the devil" which self-styled "faith healers" blamed for her ailment. In reality her condition was caused by an attack of infantile paralysis.

Investigators learned that Paul Oakley, claimant to supernatural powers, and his brother, Coy Oakley, described as a "disciple," had indulged in wild prying and singing over the child. Her father, Sherman Clayton, had been in the room where the ceremonies were going on and had participated in some of them. Murder indictments were returned against the three.

In a trial at Linden last May, Paul Oakley was convicted of murder and sentenced to 50-years imprisonment. Defense counsel sought acquittal on the grounds that he was insane. Testimony showed that the child died while Paul Oakley's hands were on her throat. He had told officers a "devil" told him to choke her.

HYDE RELATES WHAT IS TO BE PROVEN

DRAMATIC STORY TOLD BY YOUTHFUL FEDERAL DISTRICT ATTORNEY

(By The Associated Press)

OKLAHOMA CITY, Sept. 19. — Fiery words poured from the lips of Herbert K. Hyde, youthful United States district attorney, as he detailed today the government's version of how Charles F. Urschel, oil millionaire, was kidnaped and held nine days until ransomed for $200,000.

"This scene begins in Oklahoma City," Hyde began his opening statement to the jury in the trial of Harvey Bailey, Albert Bates and ten other defendants charged with the abduction under the new "Lindbergh" kidnap law.

"It's going to be closed in this courtroom."

Defense Objects

Ben H. Laska, of Denver, attorney for Bates, alleged to be one of the two machine gunmen who seized Urschel from a bridge game on the sunporch of his big brick home here the night of July 22, rose to his feet with an objection.

"That's argumentative," Judge Edgar S. Vaught told Hyde. "Confine yourself to what you intend to prove."

Hyde then began a dramatic story of "purple riders in the night bearing machine guns as arms," to hold "one of Oklahoma's finest citizens."

As court opened no seats were empty, and the spectators chiefly were gathered from the upper level of Oklahoma society, attending to learn first hand the true story of how the home of one of their members was invaded and its head taken from his family by force.

Long Indictment Read

The dozen defendants sat stolidly as Hyde began by reading the lengthy indictment charging conspiracy.

Bailey, called the "brains" of the kidnap gang, sat quietly beside his attorney, as did Bates, the alleged "strong-arm" man of the ring.

R. G. and Mrs. Shannon and their son, Armon, shifted slightly in their seats as Hyde got under way with his scathing denunciation of the crime.

Occasionally as Hyde spoke harshly of the kidnapers Mrs. Urschel, dressed modishly in dark blue near

UVALDE, Sept. 19. (AP)—The grand jury investigating the hammer slaying of Mrs. Albert Sidney Johnson returned a murder indictment against her daughter, Mrs. Beulah Johnson Jerome, who was held today without bail.

IMMEDIATE AND ADEQUATE RELIEF FOR WEST TEXAS COUNTIES RECOMMENDED

(By The Associated Press)

FORT WORTH, Sept. 19—Immediate and adequate relief projects for West Texas counties which face serious unemployment problems as a result of crop failures due to dry weather and for Rio Grande valley counties hit by the recent coast hurricane were recommended by Col. H. M. Waite Washington, deputy public works administrator, in a conference here today with state and reigonal PWA officials.

Any projects which are launched must be handled through the state and regional organizations, Col. Waite explained, but gave assurance that the emergency requests for the stricken sections would be rushed through to final approval.

Col. Waite and a staff of PWA men from the Washington office arrived here last night by airplane on a national tour to expedite the launching of the public works program. They went into executive session with advisory board members and engineers of the Texas, Louisiana and New Mexico organizations, and Clifford B. Jones, regional advisor for the three states.

At Col. Waite's request the army plane in which he and party were flying was flown at a low altitude Monday as they passed over the Texas Panhandle and other sections of West Texas on their way to Fort Worth so that he might get a first hand view of the territory.

"There is no doubt about the need in many of these western counties of this state," Col. Waite told the conference. "The lack of rain has dried up streams and many of the farmers and ranchers are in dire straits. We must make all haste in providing relief for them."

Another Revolt Looms For Cuba

REBELS REPORTED MARCHING TOWARD HAVANA AS NEW REVOLUTION THREATENS NATION; GRAU SAN MARTIN RESIGNATION ASKED

(By The Associated Press)

HAVANA, Sept. 19—Threats of another revolution and reports that 300 rebels were marching toward the capital reached the young Cuban government today almost simultaneously with demands that President Grau San Martin resign.

From unimpeachable sources it was learned that Captain Juan Blas Hernandez, veteran campaigner against former President Machado, left Moron in Camaguey province with a heavily armed band and was en route to Santa Clara, in the direction of Havana.

He left with the full authority of the local military commander, reports from Moron said, to resume the two-year revolt he ended when Carlos Manuel de Cespedes succeeded Machado.

There were mutterings in oppositionists' camps of revolution as Grau San Martin persisted in his refusal to accede to demands of five powerful political groups that he make way for a "national" government.

"I will quit", he countered, "when anybody who has a right to ask me to resign does so."

He made the statement at the conclusion of a meeting with a committee of Rotarians who, as meditors, gave him separate memoranda from the OCCR and ABC political societies, Col. Carlos Mendieta's nationalists, former President Menocal's group, and the Marianistas of Miguel Mariano Gomez.

"It doesn't matter who is president," Dr. Grau San Martin asserted, "so long as the revolutionary program is carried out."

A leader of the student pro-government faction interrupted him to say that "Grau San Martin can not resign unless we (the student di-

TRIO INDICTED FOR ROBBERY

STEVENS, HOWARD AND MAY CHARGED WITH T.-P. MAIL JOB

(By The Associated Press)

AMARILLO, Sept. 19—An indictment charging O. D. Stevens, D. W. "Bill" May, and M. T. Howard with participation in the $71,000 Texas and Pacific mail robbery in Fort Worth last spring was returned in a partial report of the grand jury in United States district court today.

Only two indictments were returned in the partial report, and both were ordered withheld from reporters.

Cases Speeded Up

The mail robbery charges were transferred to Amarillo in order that the indictments might be speeded up and the cases called for trial in Fort Worth during November.

The three men also are held for murder, which the state charges grew out of a division of the loot. The slain men were John Sturdevant, Hare Rutherford, and J. B. Rutherford. Stevens, May and Howard will go to trial on the murder charges October 2 in Tarrant district court.

Nine Jurors Chosen In Bradley's Case

LEVELLAND, Sept. 19 (Special)—Although a state motion for a change of venue had not been decided upon, nine jurors to hear the case of V. L. Bradley, 55, charged with murder, had been chosen early this afternoon in 72nd district court. Two were accepted Monday afternoon.

District Attorney Daniel A. Blair asked for a change of venue in the case. Ten witnesses, who testified they did not believe a fair and impartial jury could be secured in this county, were introduced by the state. Of jurors examined, two were excused because they had fixed opinions.

Bradley, produce station operator, is charged with slaying of Thomas W. Latimer, 53, here August 26, election day.

BIG SPRING MAN DIES AND THREE OTHERS BADLY INJURED

(By The Associated Press)

TULIA, Sept. 19—Floyd Gullidge, 33, of Big Spring, was killed and three others were critically injured last night in a head-on truck collision 12 miles north of Tulia on state highway No 9.

The injured were Gullidge's employer, J. P. Harman, also of Big Spring, and Perry and Roscoe Fort, brothers, of Silverton, who were operating the other truck. All were brought to a local hospital.

Reports here said both trucks were loaded, and both were demolished. Gullidge and Harman were returning to Big Spring with a load of oil well casing from the Panhandle field. The Fort brothers were driving an oil truck.

Control Of Retail Prices Before NRA

WASHINGTON, Sept. 18 (AP)—Retail price control today supplanted soft coal as NRA's big problem.

Hugh S. Johnson was in the midst of this job, pressing for completion of a master charter to embrace all retail trades, with their hundreds of thousands of stores and millions of employes, within a single fair competition code. Outstanding among its issues was a proposal to stabilize retail prices at 10 per cent above wholesale costs.

'I Like A Fight', Says Girl Lured From Society To Career As Lawyer

Louise Hart still has some time for dances and other social functions in her home city of Columbus Ga., but her chief interest is a career in criminal law. She's passed her examination and hung her shingle out.

COLUMBUS, Ga. (AP)—You won't find Louise Hart giving all her time to society from now on. That may be all right for others. As for her—

Miss Hart, 21, has chosen a career in criminal law. The gay social life must take second place.

Takes Career Seriously

That doesn't mean that she will put social activities entirely out of the picture—she's still president of the Cotillion club—but it does mean that, having passed the Georgia bar examination, she plans to follow the profession of criminal law seriously.

So far as attorneys here have learned, she is the only woman lawyer in Georgia to choose criminal law, rather than civil practice. Asked her reason for this choice, Miss Hart replied:

"Because I love people. I want to get out and mix with them, to feel the throb of life, even when it is ugly, rather than delve through musty books."

She is descended from a line of distinguished lawyers on her paternal side. She is a niece of Judge Samuel H. Sibley, and a descendant of Judge Hart, whose name is known throughout legal circles of this section.

Miss Hart is a graduate of Miss Harridge's school for girls at Plainfield, N. J., and did her college work at Vassar.

Three Cases Waiting

She had three cases waiting for her when she took her oath as a member of the Columbus bar.

"It is doubly hard for a woman," she said, "for she has so much prejudice to overcome. To succeed she has, not only to be as good as a man, but better. She has to make the public forget her sex and that isn't an easy thing to do. But I like a fight."

Legion Society Has Social Last Night

There was a social meeting of the American Legion auxiliary Monday evening at the Legion hall. Bridge was played. Mrs. Fred Childress scored high and Mrs. George Brewer was high in a cut.

Mrs. Cecil Cole of Post was a guest. Others who attended were Mesdames W. H. Waln, Louis Murfee, Herbert Stubbs, O. A. Terry, A. C. Magee, John L. Lacik, Thomas E. Boyd and George Berry.

TAX PROPOSAL UP IN NEW MEXICO

ALBUQUERQUE N. M., Sept. 19 (AP)—A tax limitation proposal placed on the ballot along with the question of repeal of the Eighteenth amendment almost relegated the national issue to the background today in New Mexico.

Most of the campaign oratory has been devoted to a drive waged by taxpayers seeking to have approved an amendment to the state constitution limiting property levies to 20 mills.

Gov. Arthur Seligman predicted the state would not have a single one of its 31 counties in the dry column after the election.

Three delegates to a state constitutional convention will be named to meet in Santa Fe, October 19, to cast the state's official vote.

UNIT SEEKS TO END STRIKES

NATIONAL BODY ASKS THAT BOTH SIDES AVOID DISPUTES

(By The Associated Press)

Strikes still speckled the industrial picture today.

Among them were:

Brockton, Mass.—shoe workers.

Pennsylvania—coal miners, truckmen.

New Jersey—silk workers.

Long Branch, Ont.—relief workers.

New York—underwear, doll and millinery workers.

Jersey City—can co. workers.

Brooklyn—cleaners, dyers.

Cape Cod, Mass. — cranberry pickers.

Senator Robert F. Wagner, head of the National Labor board, urged both sides to avoid disputes as much as possible and seek peaceful settlement before the board. In a statement published today he urged "patience, sincerity and efforts to make mutual concessions."

Question Remains

Now that the coal code bears President Roosevelt's signature, the question remained as to what 30,000 striking coal miners in Pennsylvania would do. Some strike leaders expressed belief the government "will see the code put into operation fairly." Others reserved comment.

Buckshot wounded a spectator when pickets and working miners clashed in North Scranton, Pa.

A strike of 5,000 teamsters, which would hamper flour, grocery and furniture delivery, was threatened in New York unless employers shortened hours. Truck operators in southeastern Pennsylvania refused to accede to demands of strikers for shorter hours, 1929 pay and union recognition. The dispute brought truck service to a virdtual standstill in some parts of the area.

Cotton Strike Looms

Talk of a cotton growers strike "if we cannot get relief otherwise" was heard in Washington at a meeting of cotton men and members of congress.

About 75 per cent of the shoe workers in Brockton, Mass., stayed away from the job yesterday. New Jersey silk mills remained closed, but some in Pennsylvania opened. Pickets patrolled outside a roller bearing factory in Detroit, protesting what they called discrimination against the union.

Eight hundred striking relief workers went to bed supperless last night in a federal camp at Long Branch, Ontario. Protesting the pay of 20 cents a day and keep, they rejected an ultimatum to work or leave the camp. The authorities then issued no more meals, and mounted police were put on guard against disorder.

HIGHWAY PROJECT BIDS ARE TAKEN

AUSTIN, Sept. 19 (AP)—Low bidders for road construction authorized under the federal emergency relief program have been tabulated for projects to cost $1,305,653.

Contracts for the work will not be formally awarded until the awards are approved by the federal bureau of public boards.

Counties in which this batch of construction is planned include Lubbock, Tyler, Rusk, Mills, Bexar, Kendall, Kimble, Howard, Parmer, Tom Green, Cherokee, Lamb, Lynn, Guadalupe, Hockley, Bailey, Carson, Panola, and Bell.

Disgrace Claimed

Wannamaker said it was "a disgrace," that the group should be in Washington "for three days and can't get a hearing."

Linden said:

"With Secretary Wallace running out on us as he has, I favor adjourning this meeting back to the hotel and there constituting a committee to stay here in Washington until the committee can see President Roosevelt."

The executive refused this time to treat directly with the oppositionists, but their demands were presented by the mediators. The five organizations with whom he has repeatedly conferred, met without the president and drew up their demands, each of which was understood to contain a demand for his resignation and the appointment of a coalition cabinet. Several opponents said his refusal might result in another revolution.

Four San Antonio Beer Charges Filed

Two were filed in county court at law number 1 and the other two in county court at law number 2. The defendants, who were arrested by deputy sheriffs in raids Saturday night, are Pedro Casaros, Richard Escamilla, Cecilio Salinas and Jessie Garza.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, Sept. 19 (AP)—Cotton opened somewhat easier today as Liverpool cables were lower than due although sterling was firm. First trades here showed losses of 8 points and there was more or less hedge-selling but buying orders about sufficed to absorb the offerings. October traded at 9.81 and December at 10.03, or ten points under yesterday's close. Later in the first hour the market rallied slightly on short covering, October moving up to 9.84 and December to 10.07, or 3 to 4 points up from the lows and 6 to 7 points under the previous close.

NEW YORK REPORT

NEW YORK, Sept. 19. (AP)—Cotton opened barely steady, 6-10 points decline in response to lower cables and under southern selling. Oct. 9.85; Dec 10.07; Jan 10.16; Mch 10.34; May 10.50; Jly 10.73.

Trade and commission house buying was less active than recently, and a slight bulge after the call was followed by nervous and irregular fluctuations. At the end of the first half hour, December contracts were selling around 10.03 and active months generally showed net declines of 8 to 13 points. At the high price of yesterday the market had shown an advance of about 130 points from recent low levels and a disposition to even up commitments pending further developments was noted during today's trading. Liverpool cables reported a reactionary tendency in that market.

Fluctuations were irregular later in the morning. December sold up from 10.08 ot 10.18, or about 2 points net higher and back to the high price of yesterday on trade buying and covering, but net increased offerings following an easier turn in the stock and wheat markets. These were sufficient to send December off to 10.01 with active months generally showing net losses of 10 to 15 points, but the decline brought in additional buying and the market at midday was quiet and steady, off 6 to 10 points.

Stock Market

WALL STREET REPORT

NEW YORK, Sept. 19 (AP)—Ghosts of uncertainties scampered through the security markets today and the rustling of their mysterious garments brought shivers to the more timid traders.

There was actually little to account for the erratic movements of stocks. The share market was only moderately irregular during the first hour, but there was a sharp and rather weird break in the second which flooded the list with losses of 1 to 3 or more points. For half an hour the selling was fast. Then short covering steadied the leaders and a moderate rally retrieved some of the more severe declines. The activity, however, dwindled noticeably on the recovery. The sudden relapse apparently found no answer in brokerage circles. Grains and cotton were barely steady. The dollar, while a bit easier, displayed some resistance in foreign exchange dealings. Bonds were again heavy.

Issues off 1 to 2 or more included American Telephone, U. S. Steel, Allied Chemical, American Can, Case, Chrysler, Johns-Manville, Industrial Rayon, Pu Pont, Western Union, U. S. Smelting, Santa Fe, Union Pacific, Pennsylvania, National Distillers, Consolidated Gas, and U. S. Industrial Alcohol. Freeport Texas and Texas Gulf Sulphur were up 1 to 2 points and the oils were not depressed.

CHECKS RECEIVED

Grain Market

CHICAGO REPORT

CHICAGO, Sept. 19 (AP)—Wheat advanced briskly in late dealings today, much more than overcoming the effects of sinking spells met with earlier.

Eastern buying support which developed on wheat price setbacks was associated with persistent efforts in various quarters looking toward currency inflation.

Wheat closed firm at virtually the day's top point 1 7-8 to 2 1-4 cents above yesterday's finish, corn 1-2 to 7-8 up, oats 1-8 advanced, and provisions unchanged to 5 cents decline.

How Black-Draught Stops Bad Feeling

"I have taken Thedford's Black-Draught for about twelve years, when needed, for dizziness, and it is a wonderful medicine," writes Mrs. Elmer Leverett, of Carrier Mills, Ill. URSCHEL CASE

(Continued from Page One)

the rail dividing the court room, nodded vigorously.

"The evidence will show that Bates and his companion went into the home of Mr. Urschel under cover of darkness," Hyde declared, "that they kidnaped Mr. Urschel and sped into the night, out of Oklahoma county and into Pottawatomie county, to the home of a relative of George Kelly."

Kellys till Sought

Kelly and his wife are still hunted as fugitives in the case. Mrs. Kelly is the daughter of Mrs. Shannon by a previous marriage.

"The proof will show that the defendant Kelly was on about July 15 or 16 in Dallas, Tex.; that he sent a wire to his friend Bates, who was in Denver, and that wire said 'when and where will I meet you in Oklahoma City?'

"It will show that Bates wired back to Kelly under the name of R. G. Shannon, and that he said, 'I'll meet you on July 19 at the Biltmore hotel,' which was just three days before the kidnaping."

"The proof will show that they met in Oklahoma City, and that Bates at that time had the car they hauled Urschel away in.

Linked With Car

"We will show that Bates owned that car in Denver. We'll show that by the apartment house owners in Denver where he stayed under the name of Davis and some other name I can't remember, I think Filton, that he had a Buick car, and that they changed to this car after hauling Urschel away.

"We'll show by three people—first the testimony of two young boys that were visiting their grandparents on a farm near Stratford, that George and Kathryn Kelly (George's wife) and Bates were near there for several days prior to the kidnaping. We will show that they made frequent trips to Oklahoma City at night, but always when these boys would get up in the morning they would be there, back at Stratford.

"We will show that they made trips Friday and Saturday nights in the same manner, transferring machine guns in black cases from one car to another. We will bring two boys before you who will tell you that at noontime on the day of July 22, down near Stratford, that George Kelly said to one of the boys 'there is going to be a kidnaping in Oklahoma City.'

"We will show further that Kathryn Kelly said also, 'we're going to be in the big money before long.'

"Yes, and we're going to show that George Kelly was there and that Bates was there. We'll put the old grandmother, a woman nearing 75 years of age, on the stand and the grandfather of Kathryn Kelly and they'll tell you that Kelly was there and that Bates was there and that Kathryn was there.

"They'll tell you that these men came to their house under cover of darkness the morning of July 23 and that they gassed their car, changed cars and drove away. They'll tell you that Kathryn Kelly drove to Fort Worth.

"Now the scene shifts to Oklahoma City, Charles Urschel and his wife were in their own home where they had a right to be, playing an innocent game. They were entertaining guests.

"At 11:15 o'clock at night, there came unwanted, two men. Urschel will identify the men. One of them said:

"'We want Urschel.' They leveled their machine guns at him. They marched him out of the house and started for Stratford. They drove out toward 63rd street and there let Jarrett (Walter Jarrett, kidnaped with Urschel) out of the car. They then drove on toward Harrah where Urschel recognized his whereabouts for the last time in nine days.

"There, near Harrah, they blindfolded him. They told him: 'We don't want to hurt you. When a car passes, you lie down in the back end of the car. If a car comes, we will be compelled to shoot.'

"They kept him in that cramped position until 2:30 p. m. the afternoon of Sunday. When they finally drove their car into a garage, Urschel asked them what time of day it was and how far they had gone.

"They told him they had traveled 350 miles in a straight line and that it was 2:30 o'clock.

"They kept him in the garage until after nightfall. They then took him into the home of R. G. Shannon."

Hyde bore down on the name Shannon, with especial emphasis.

USHER APPOINTED

WASHINGTON, Sept. 19 (AP)—President Roosevelt has appointed Raymond D. Muir of Boston head usher at the White House succeeding the late Irwin "Ike" Hoover.

SUICIDE OR ROBBERY? BOTH FAIL

GUIDE LEADS TO MAN SPRAWLED ON RAILROAD TRACKS BUT BOTH ESCAPE AT FIRST CHANCE

A man lay down on the Fort Worth & Denver railroad tracks last night with one plan and got up with another. The first plan perhaps was suicide; the last—well, doubtless he went in search of privacy.

Shortly before train time a grizzled young hobo informed the ticket agent that a man was lying drunk upon the tracks in a dark location a few hundred yards from the depot. The informant volunteered to act as guide and lend a flashlight.

Cecil Kersey, the ticket agent, faintly suspicious, invited two athletic young men awaiting the train to go along, and followed the hobo to the spot where a human figure stretched out to form an approximate "X."

With intentions of a Good Samaritan, Kersey inquired: "In trouble?"

The "drunk" hunched to his knees. "None of your damned business," he commented. He was hatless; a handkerchief covered his right hand.

The guide discovered he had "let another fellow get off" with his flashlight.

Furthering questioning of the man on the tracks revealed "it isn't anybody's business where I live;" that he had "no friends around here and don't want any;" and that he could take care of himself "better than anyone else could do it."

On discovering that the hobo-guide had slipped away into the dark, Kersey returned to the station, called police. They came and found no trace of a would-be suicide or would-be robbers. Small boys who happened near the scene reported the man crawled a few hundred feet and took to his heels as soon as his callers departed.

Anyhow, Kersey flagged the train and had the engineer proceed cautiously just in case the man really did intend to take that particular train to another world.

FATAL CRASH

(Continued from Page One)

Doctor and Mrs. Wagner; concussion of the brain; fracture of the nose; lacerations of the scalp.

Mrs. Emil Wagner, sister-in-law of Doctor Wagner, of Topeka, Kan.; fracture of the left shoulder.

Miss Jeanette Wilson, niece of Mrs. Wagner, of Monmouth, Ill.; concussion of the brain; fracture of the nose.

Withstands Operation

Lubbock sanitarium reported about noon that Howard Hodges was resting and conscious, the Brown girl had withstood an operation to relieve pressure on the brain, and the Hodges girl's condition was without marked change. David Hodges and the Barstow boy were resting well. Condition of the younger Hodges boy, the Brown girl, and the Hodges girl remained critical.

At West Texas hospital, condition of the Wagners and Miss Wilson was reported to be satisfactory about noon. Doctor Wagner's knee was operated upon early this morning. Examination indicated Mrs. Emil Wagner had not suffered internal injuries, nor Miss Wilson a skull fracture, as first feared.

The Hodgeses and Martin were returning from the home of J. W. Hodges, about three-quarters of a mile northwest of the accident scene, when the terrific crash occurred. Mr. Hodges formerly was Mrs. Hodges' husband, and is the father of the three children. David had entered the house to bring out a raincoat. Mr. Hodges said he did not see the car and did not know who was in it.

Soon after the automobile left, a neighbor went to the house, saying she had heard a crash on the highway. Mr. Hodges came to town. He went from room to room identifying the children, except the Barstow boy, and verifying identification of his former wife.

On Pleasure Drive

The Wagners and Miss Wilson were on a pleasure drive. Emil Wagner had come to Lubbock to undergo an operation by his brother. The Kansan underwent surgery this morning, and his condition at noon was satisfactory. His brother, however, was unable to perform the operation.

Confusion characterized the scene of collision. Motorists stopped there before the first ambulance arrived. Few spectators seemed to offer aid. Four of the injured children were placed on clothing and blankets on the highway until ambulances arrived. Thirty minutes passed before the last injured person was brought to Lubbock. Four ambulances in service had difficulty in traveling the first several hundred yards from the spot of the crash, as between 50 and 100 automobiles, aligned on the highway, congested traffic. Private automobiles were used to bring several of the injured here.

Hospital Facilities Taxed

Staffs of West Texas hospital and Lubbock sanitarium, their facilities taxed, described it was the worst accident case they had seen.

Mr. and Mrs. Brown heard ambulance sirens. They went to the scene, returned to town, and in a hospital room found their daughter near death.

The Barstow boy's grief-stricken mother reached the sanitarium about 11 o'clock. Not until then was his surname learned.

Doctor Wagner told acquaintances he believed the other car was turning over before the collision. Doctor Wagner was driving northwestward; the other pilot southeastward.

Martin's body was taken to Sanders Funeral home. A sister, Mrs. S. K. Isabell of near Smyer, arrived this morning. A brother, R. T. Martin of Amarillo; their mother, who lives with him there, and another brother, Bud Martin of Anson, were expected to arrive soon.

Arrested near Hurlwood, August 9, on wife abandonment charges filed in San Francisco, Martin was unsuccessful in fighting extradition. Papers in his clothing showed he had agreed to pay his wife $25 a month alimony. When he returned to Lubbock was not determined.

TAMMANY HAS TEST TODAY

DEMOCRATIC NOMINEE FOR MAYOR TO BE NAMED BY VOTES

BY DALE HARRISON

NEW YORK, Sept. 19 (AP)—The tammany wigwam, a bit teetery from the biting gales of Seabury investigations, stood today in the path of what one of its foes predicted would be a cyclone that would blow it over.

The "cyclone" which Congressman Loring M. Black has prophecied, must strike—if it strikes—in the six-hour period between 3 and 9 a. m. It is during these hours that today's primary election voting takes place.

The contest for the Democratic nomination for mayor is the focal point of vote interest. New York's 69-year-old mayor, John P. O'Brien, backed by Tammany, is challenged by Congressman Black and Assemblyman Jerome G. Ambro.

All three voiced confidence of nomination. Tammany leaders said Mayor O'Brien would walk away with the namination by a two-to-one vote.

Ambro, not so ambitious in his predictions, thought he would win by a 10,000 vote plurality.

The Republicans, who are outnumbered three-to-one in the registered voting strength of the city, had no contests. F. H. LaGuardia, former congressman, was unopposed for the mayoral nomination. He is the choice of the anti-Tammany fusionists and will contest in the November 7 election with the support of both Republicans and such Democrats as may decide to break from the regular party organization.

The only sign of excitement among Republicans today was in a fight to unseat Samuel F. Koenig who for 22 years has been Republican leader in New York county. Chase Mellen, jr., seeks Koenig's place.

AIRMAN FOUND BY WRECKAGE

MAN IS SEMI-CONSCIOUS AFTER SIXTY HOURS WITHOUT FOOD

JACKSON, Mich., Sept. 19 (AP)—Beside wreckage of the plane in which he dropped from sight early Saturday morning during a Toledo-Cleveland air mail flight, Harold L. Neff, 25-year-old mail pilot, was found last night in a swamp near Leoni, eight miles east of here. He was semi-conscious, suffering from a broken leg and arm and from exposure. He had been 60 hours without food or water.

Brought to a Jackson hospital, Neff told of losing his bearings in a fog, of flying blind for more than an hour and then attempting a landing.

Plane Hits Tree

His plane struck a tree and he suffered injuries in the crash that left him helpless. All he could do was to wrap himself in the folds of his parachute for warmth and protection.

Three school boys discovered him while hiking through the swamp. Then he was brought to Foote hospital here, where physicians said he would recover.

The 400 pounds of mail with which he took off was intact and Neff said he believed the metal construction of the plane saved his life.

Nicholson and his new bride will leave Sunday for New York and they will sail September 30 for Asuncion, the capitol of Paraguay.

Mrs. Lannon has been a friend of Nicholson and his family for many years and has been associated with him in his literary work.

War Veterans Plan Reunion In October

FORT WORTH, Sept. 19 (AP)—"On to old Camp Bowie" is the rallying cry of war time veterans of the thirty sixth division as they respond from all sections of Texas and Oklahoma to the invitation of Fort Worth to be its guest in the greatest reunion since war days Saturday and Sunday, Oct. 7 and 8.

Colonel Dallas Matthews, reunion chairman, is receiving letters from former officers and men of the division telling of plans being made at home to again bring together in Fort Worth for the first time since the war many units that covered themselves with glory in their first baptism of fire in the Champagne sector of France on Oct. 7 and 8, 1918.

Economy Or Safety?

The past month has brought a number of serious accidents to passenger trains on American railroads; and a good many citizens are apt to wonder if any of these accidents are due to the stringent economies the roads have had to make in the last year.

Has economy, in other words, been carried past the safety mark in certain cases? Have expenditures on equipment, on personnel, on maintenance of way and the like been cut just a little bit too much?

It goes without saying, of course, that the railroads economized because they had to and not because they wanted to. They have had a tremendously hard row to hoe this last year or so. It is very hard to see how the cuts they made could possibly have been avoided.

Nevertheless, the questions raised here need answering — if only to reassure the traveling public. And if government funds should be needed to enable hard-pressed roads to ease up a bit on their economy program, they should be forthcoming.

Despite All Wisecracks, Ambassador Sumner Welles Rates Higher With Administration Than Swanson, Says Dutcher

BY RODNEY DUTCHER
The Evening Journal's Washington Correspondent

WASHINGTON, Sept. 19.—Despite all wisecracks, Ambassador Sumner Welles rates much higher in high places here than Secretary of the Navy Claude Swanson.

Dutcher

Roosevelt and Secretary of State Hull still have full confidence in Welles, even though Cuba's bloodless revolution took him by surprise.

But they hope the next Cuban trouble finds Swanson in Honolulu.

Most newspapermen won't believe it, but Swanson's visit to Havana on a cruiser had been planned two months before. He planned to call on Welles. A more tactful secretary would have canceled the visit when the trouble came, since Roosevelt was straining to avoid intervention or the semblance of it, while concentrating warships toward Cuba.

Not Swanson. He made it appear that the crisis was taking him to Havana and somehow gave the impression that Roosevelt was sending him.

• • •

State Department Complained

State Department officials wailed. Welles commented sourly over the telephone. Privately Swanson was described as an audience-loving ex-senator who had succumbed to the limelight's call. The White House saw to it that the cruiser stayed but two hours at Havana, that Swanson didn't disembark and that he was greeted not by Welles, but by a mere secretary.

Welles has been criticized for being "asleep" before the junta's coup. Actually, he had been warning the department in effect not to be surprised to wake up some morning and find a new crowd in power.

Chance for the Marines

The well-known publicity itch of the Navy for its Marines has also given the diplomats a pain in the neck. Cuban ship and troop movements were accompanied by a maximum of ballyhoo.

The job could have been done much more quietly. But there has been talk of disbanding the Marine Corps and the Navy had been taken out of Haiti and the Virgin Islands. So here was a chance for the boys to strut their stuff.

Simpson's Responsibility

Kenneth Miller Simpson hopes his tombstone will bear the inscription that he was one of the most patient men of his time.

He is the NRA deputy administrator whom General Johnson chose to handle the great steel, oil and coal codes—involving far more responsibility than any other deputy has had.

A mining engineer and a metallurgist, Simpson had an office in a lower Broadway building on the floor below Johnson's office while Johnson was working for B. M. Baruch. For years the two men were frequent luncheon companions. Johnson picked deputy administrators from among personal friends whom he felt he could trust. Some have disappointed him.

• • •

Oil His Hardest Job

Simpson is an even-tempered, soft-spoken conciliator who avoids hard-boiled, spectacular tactics. His toughest job was oil, which brought here everyone from the one-pump, hot-dog filling station owner to Standard Oil of New Jersey. His problems included the fight between the price fixers and the big company anti-price fixers and strife over marketing methods, plus an incredibly bitter fight over the use of trading stamps.

Another deputy who once subbed for Simpson at the petroleum hearing became involved with a pugnacious oil man, went up in the air and called for cops. Simpson went to the oil man, put his arm on his shoulders, whispered. The oil man smiled and quietly left the platform.

Simpson's hobby is experiment and development in his metallurgical laboratory at Columbia University. He spends all his spare time there.

SPUR AIDS VALLEY

SPUR, (Special)—Several Dickens county communities, asked to raise funds for relief work in stricken Rio Grande valley towns, exceeded their quotas. The county was asked to raise $50. Spur sent $47, or more than its share. Dickens, asked for $5, sent $7.50; McAdoo, asked the same amount, sent as much.

FLASHES OF LIFE

As Brought Over Associated Press Wires Today

New Attraction

CHICAGO, — A black spider monkey, with a gray sailor beard played hookey from the monkey school at A Century of Progress. He escaped, mounted the tower of the sky ride to a dizzy height and defied all rescue attempts.

Bananas were offered. The monkey came down, snatched the fruit, mounted the tower and tossed the skins at his besiegers. Hundreds of spectators watched.

The monkey was still on the tower early today.

Age Doesn't Show

MONTICELLO, Wis.—Mrs. H. E. Theiler is 25 and has been married five years, but on a dare she donned a child's dress and went to the World's fair in Chicago. She got in on a five-cent ticket for "children under 12", and visited concessions at children's rates. Not a question was asked.

Arts And Letters

NEW YORK—Charles Pierre who carries letters for Uncle Sam, is going to art school. In his spare time he painted a picture of Lady Godiva on her snow white charger, and the picture won him a scholarship of the Arts Students league. Others who won were a preacher and a barber.

Why, Indeed?

SAN LEANDRO, Calif.—Why, out of hundreds of exhibits at the annual California flower show, did some thief steal one—a potted plant grown at San Quentin prison? Police said they couldn't explain it.

Have A Grievance

SEATTLE — The McCanns wish people would stop parking cars at a certain spot on Spring street. It's legal to do so, but as R. J. McCann told police: "It's on a hill, and five parked cars have slipped their brakes and come crashing downhill through the front window of the McCann Printing company. That's too many. There ought to be a law."

Danish Population Reaches A Balance

COPENHAGEN. Sept. 19 (AP)—Race theorists are painting a gloomy picture here because the Danish population has struck a balance with the number of births identical with the number of deaths.

The birth rate has been declining year by year, as has the death rate owing to steadily improved sanitary conditions in the larger cities.

Race theorists envision shortly a decline in the population and a future Denmark peopled with many old persons and few youngsters.

Economists, however, take a more optimistic view, claiming that when prosperity returns there will be larger families.

Few Danish families now have more than one or two children. Fifty years ago, 254 out of each 1,000 wives had children while today the ratio is only 87 for each 1,000.

In some sections, schools of the first form have been closed because of the scarcity of primary pupils.

Just when business appears to be waking up, along comes this sleeping sickness.

Ex-Convicts Held The Best Servants

LONDON, Sept. 19 (AP)—A native who has served one or more terms of imprisonment is regarded in the Gilbert and Ellice Islands as the best man to employ as a domestic servant, according to a report on that colony issued by the British colonial office.

Prisoners in colony jails are, as far as possible, trained in some useful occupation, and they acquire knowledge which they are able to turn to good account after their release.

"No air of gloom pervades a Gilbertese or Ellice prison," says the report, "nor does the fact of being imprisoned carry any social stigma among the natives."

SPYING ON SPORTS

BY COLLIER PARRIS

A veteran line, a somewhat new but probably classy backfield will be brought here Friday by Coach Obie Bristow of Big Spring to tangle with Weldon Chapman's Westerners in the opening skirmish of the season.

• • •

Bristow's forward wall, we gather, is practically the same which represented the school last year, except that it should be stronger, heavier and better. We know little about the backfield, but rumor hath it that speed and weight are combined therein. To say that the Steers will provide stiff competition for the Westerners is not telling it all. Big Spring undeniably is the favorite in the game, almost any way you look at it. Almost, we said. We reserve one way to look at it.

• • •

"Well," smiled Coach Chapman the other evening, "you can tell 'em that we'll have plenty of weight, at least, on our line, even if we don't have many experienced players." He went on then, still grinning, to tell about the "coming out" of one Duval, who tips the beam at 283 pounds and is all there. Young Duval is campaigning for a tackle job. But Chapman was smiling with tears in his eyes, because Duval knows not all a first class tackle should know about the game and the position. Maybe he'll improve. Maybe his huge bulk will serve a very definite purpose ere the season has run itself out. There's hope, anyway.

• • •

But don't take the Westerners too lightly. Come out and see them Friday night and then form an opinion. Let the opinion last a week and come back and see how they perform against Ranger. Again you may change your tune. They're looking better every day.

• • •

One of these days, Cotton McAfee is going to win a golf tournament. In the three big tournaments here this season, Cotton has advanced to the final round every time, only to be taken out at the last ditch. He seems to lack that finishing punch after a great start. Taken day in and day out, McAfee is one of the steadiest and classiest shooters on the South Plains. His form is not beautiful, to be sure, but he usually gets the job done. He played fine golf to reach the championship round of the three tournaments here, but "blew" on the last go 'round. That's tough luck, even if it is consistent golf. But he's about due to come out ahead at the tape, and next season ought to see him ready.

• • •

Golf has its ups and downs like any other game. Now you're champion, now you're not. You beat the best, then the best turns around and beats you. Or vice versa. Take the case of Carnes Wilson, the Abilene schoolboy who defeated Ranger's Jimmy Phillips for the West Texas Golf association championship in Wichita Falls in June. What a match that was! Either man deserved the title, but Wilson just a little more so. Then came Sunday and the finals in the San Angelo Invitational: The title match saw Wilson and Phillips facing each other. Phillips, who held the West Texas title until Wilson took it away at Wichita, beat Wilson. The day before had seen Wilson knock out John D. Munn's eye with a sub-par round. Not long ago, Munn defeated Wilson on the latter's home course. It goes like that.

• • •

Munn, now a full-fledged member of Lubbock Country club, will have another whack at Wilson next Sunday. The two meet in a special exhibition here, and if you want to see golf as she is played by experts, file out to the links on Sunday. Paul Denson, Country club pro, will tangle with Professional Bob Byrnes of the Abilene Country club, making it a pro-amateur affair that should knock the daylights out of Old Man Par. The matches, originally scheduled for two weeks ago, has been postponed twice, but it's due to come off for sure Sunday.

GIANTS, SENS IN REACH OF PENNANTS

LEADERS MAY CLINCH TITLES TODAY; NEW YORK ALMOST "IN"

BY HERBERT W. BARKER
Associated Press Sports Writer

Baseball prosperity, represented by the National and American league pennants, was just around the corner today for the New York Giants and Washington Senators, rivals in a dramatic world series just nine years ago.

All the Giants needed to clinch the National league flag for the first time since 1924 was one victory for themselves or a defeat for their only rival, Pittsburgh. Washington, seeking the American league bunting for the first time since its two-year reign in 1924-25, was just half as well off. The Senators needed two victories, two New York Yankee defeats or a combination of one triumph and one Yankee reverse.

May Be Clinched Today

It was possible neither flag would be clinched today but the Giants, slated to play their final game at St. Louis while the Pirates tangled with the Phillies in a double-header, expected to end the National league race by nightfall.

They let just such an opportunity slip through their fingers yesterday but the 4-3 decision they dropped to the St. Louis Cardinals worried them less than the narrow escape "Fat Fred" Fitzsimmons had from serious injury.

The veteran right hander held a 2-1 lead with two men out in the second inning when a line drive from Bob O'Farrell's bat cracked him on the neck. Fitz went down in the dirt and lay gasping as his teammates rushed to his aid. Soon he staggered to his feet and was led to the club house where an examination revealed he had suffered no serious hurt.

Herman Bell then took up the pitching burden and the Giants gave him a two-run lead in the fourth on Charley Dressen's double, a sacrifice and Blondy Ryan's single.

Hubbell Is Pounded

Herman couldn't stand prosperity and retired in some disorder in the fifth after O'Farrell and Pepper Martin had singled. That brought Carl Hubbell to the mound and for once the slender southpaw was not equal to the occasion. George Watkins' double drove O'Farrell across the plate and in the next inning O'Farrell's third straight single, a walk and another safety by Martin tied the score. The Cardinals then won the game in the eighth on Leo Durocher's triple and a single by Tex Carleton who gave the Giants only two hits in the last five innings.

Despite this defeat, the Giants moved closer to the pennant for Pittsburgh got no better than an even break in a twin bill with the Phils. Paul Waner's homer in the eighth gave the Corsairs the first game, 2-1, but Ed Holley came back with a four-hit shutout in the nightcap and the Phillies won, 6-0. The Boston Braves pounded out 14 hits to wallop the Cincinnati Reds, 8-2, while Brooklyn beat the Chicago Cubs, 6-4.

Senators Gain Notch

Following the Giants' lead, Washington also picked up ground although beaten. They bowed to the St. Louis Browns, 4-2, but moved one game closer to the flag when the Yankees split a double header with Chicago.

Sam Gray, who some weeks ago confessed to a sore arm and thus nullified a transaction by which he was to wear a Washington uniform and thus would have been eligible for a slice of world series money, held the Senators well in hand all the way although touched for ten hits. Bob Burke pitched well for seven innings but a double by Bruce Campbell, a walk to Oscar Melillo and a triple by Ted Gullic gave the Browns two runs and the game in the eighth.

Johnny Allen held the White Sox to two hits as the Yankees won the first game, 6-1, but the Pale Hose came back to take the nightcap, 4-3, behind the steady pitching of the Dallas recruit, Leslie Tietje. Lou Gehrig hit a homer in each game to bring his season's total to 29.

Oral Hildebrand also pitched two-hit ball as Cleveland blanked the Boston Red Sox, 9-0. Homers by Cramer, Johnson and Higgins helped the Philadelphia Athletics nose out Detroit, 9-8.

CALIFORNIANS TO BATTLE INVADERS

LOS ANGELES, Sept. 19 (AP)—Half a dozen of California's best tennis players were called upon to day to turn back foreign invaders in the third round of the men's singles in the Pacific Southwest championship.

Ellsworth Vines, jr., rated the best of the home guard in the draw, appeared to have too much experience and power for little Elkichi Itoh, Japan's junior champion.

On the other hand, Fred Perry, national champion and English Davis cup star, was a decided favorite to defeat Elbert Lewis of Los Angeles, former Pacific coast intercollegiate doubles champion.

By the same measure, Charles Otis, Stanford university player, was given no more than an outside opportunity to upset Don Turnbull of Australia.

The three remaining matches promised to hold primary interest.

Levinsky Beats Sharkey Easily

FORMER CHAMPION IS FLOORED; EX-GOB WINS ONE ROUND

CHICAGO, Sept. 19. (AP)—King Levinsky, Chicago west side battler, today had his eye on Primo Carnera's world heavyweight boxing title following his defeat of Jack Sharkey, former champion, in a rough and tumble battle at Comiskey park.

Matchmaker Nate Lewis of the Chicago stadium, much impressed by Levinsky's marvelous showing against Sharkey last night, said he would open negotiations with the Carnera management at once. The bout, if arranged, will take place in the Chicago stadium this fall. Carnera has met and defeated Levinsky twice.

No Longer A Threat

The defeat practically eliminated the ex-gob as a heavyweight threat although he has another bout booked with Tommy Loughran at Philadelphia on Sept. 27. However, his share of the receipts in both fights is $25,000.

Sharkey entered the ring a favorite, but the money of his backers went glimmering in the first round. Levinsky rocked Jack with a hard right and followed with another that floored the ex-champion for a seven count. Later in his dressing room Sharkey admitted that he never recovered from that first blow. King had Sharkey staggering in the second round when he again scored with rights.

When the bell ended the third round, the Boston fighter was so dazed from the constant hammering of Levinsky's fists that he walked to a neutral corner and had to be helped to his seat.

Sharkey Wins One

Sharkey was unable to use any boxing science against the bull like charging Ievinsky and hit low in the fifth round. The seventh was the only round that Jack won. He appeared to have recovered somewhat and peppered the King's head with his left and shot hooks to the body. King came near scoring a knockout in the next round with his wild swings and won the last two by wide margins.

Sharkey weighed 201 and Levinsky scaled 4 1-2 pounds more.

Promoter Sammy Wolff announced the show was a financial success. The attendance was 20,317 and the gross receipts $52,996.40. Sharkey received $25,000 and Levinsky about $8,600.

WOULD SETTLE RING TITLES

N. B. A. SEEKS TO REACH AGREEMENT ON ALL FIGHT CHAMPS

MINNEAPOLIS, Minn., Sept. 19. (AP)—One of the standing jokes of boxing was tottering today as the National Boxing association awaited solicited approval of a plan to agree on world's champions and have one list of title holders instead of two.

In annual convention here, the N. B. A. voted last night to ask New York, Pennsylvania, Massachusetts and California to sanction a working agreement for handling general ring affairs, especially concerning the champions in the various divisions.

James Brown, Detroit, N. B. A. president, enthusiastically terined the convention action as "a great stride toward elimination of a very severe headache." He added that the N. B. A. could not hope for direct affiliation with the four states as, he said, the existing political setup precludes this.

"But," continued Brown, "we are willing to concede that it is our duty to suggest that a working agreement will put the N. B. A. and the four states as close as possible in all angles of the ring game."

The convention, which last night backed up Mississippi and Kansas in their demands that Jack Dempsey be suspended until he makes restitution to promoters in those two states for losses because of Dempsey's unfilled refereeing dates, was ready today to act on several proposals.

These included non-recognition of championship fights of less than fifteen rounds duration, labelling as exhibitions matches where champions come in overweight, greater protection for amateurs, bonding of promoters, and withdrawal from the International Boxing union.

CHAIN SYSTEM OF BASEBALL FOUGHT BY WESTERN LOOP

KANSAS CITY, Sept. 19 (AP)—The Star says certain members of the Western league have adopted a resolution seeking to eliminate the domination of the "chain store system" in the baseball circuit.

The Omaha, St. Joseph, Topeka and Des Moines clubs, present members, and the Denver and Pueblo, Colo., clubs, which may return to the circuit after a year's leave of absence, voted at St. Joseph last Saturday, according to the Star, in favor of the following:

Moved by Des Moines, seconded by St. Joseph, that no member club of the Western league shall acquire a player on option, or any affiliated club holding any financial interest in the member club. After the opening of the season, no player deals between such affiliated clubs shall be permitted."

Other clubs now in the circuit include Springfield which was operated this season as a "farm" of the St. Louis Cardinals. Bartlesville and Muskogee, Okla., and Joplin, Mo., are the other present members.

Dale Gear, president of the league, was quoted by the Star as confirming the action from Topeka and saying:

"There is a difficult problem facing the minor leagues of the country with half of the franchises owned by the major leagues and half by the minors."

SPORTS WIN LOOP PLAYOFF SERIES

Scoring heavily in the first two innings, the J. and J. Sporting Goods company team won the second and deciding game of a scheduled three-game series with the Meinecke Hardware team yesterday to win the National softball league championship. The score was 12 to 6.

The victory cinched the title and ended the regulation season in the National league. The Sports will meet the Hule-Ribble team, American league champions, in a play-off series for the Lubbock Softball association title at an early date.

Home runs by McAllister, Swart and Hartson played a big part in the Sports' victory. They scored five runs in the first and five in the second, adding one in the third and the twelfth in the fourth as Pitcher Joe Chism warmed up for the second half champions.

Brooks, heavy-hitting and star fielding shortstop for the Hardware company, lashed out a home run in the third inning. The Sports were out hit, 1 to 8.

The lineups:

J. & J.—McAllister, Hambright, Mansell, Harston, Jones, pitcher; Swart, Price, Craig, Lockhart, Reeds, Girand, Harvey and R. Brooks.

Meinecke Bros.—Brooks, Brock, J. Logan, Galey, Chisum, H. Logan, Chase, Stahl, Thompson, Branch and Meinecke.

MATADORS AND PICADORS TO DO BATTLE

ANNUAL VARSITY-FISH SCRAMBLE WILL BE THURSDAY NIGHT

The football game season of 1933 will have its opening in Lubbock Thursday night when the Texas Tech Matadors, nearly half a hundred of them, tangle with the Picadors in the annual varsity-fish scramble at Matador Field.

It's to be a regulation ball game, and fans may expect anything. The Matadors, although heavy favorites, will be playing as hard and as seriously as if in a mid-season game, for future positions depend on the showing they make Thursday night.

Tickets On Sale

A small admission price will be charged, the proceeds to go toward purchasing new uniforms for the Matador band, that organization of musicians without which a college football game would be a drab affair indeed. New uniforms are needed, and the Matadors are willing to help the band boys get them. The ducats go on sale today, and are priced at 40 cents a throw. They are good for any seats, as the "first come, first served" rule will apply to grandstand seats. None will be placed on reserve. Tech's coaches issue an appeal to all fans to come out for the game, if not to see the gridsters themselves, then to help benefit the brass band. Members of the band will institute a ticket sales campaign this morning.

Yesterday's work consisted of routine drill as the Matadors started the second week of practice. In track suits, the squadsmen were put through warm-up exercises calculated to take off the last vestige of surplus fat. The entire repertoire of offensive plays taught during first week of practice were executed, sprint style, at the morning session.

It's Getting Tough

In gridiron togs for the afternoon workout, the huskies worked on blocking, passing, punting and the execution of plays. Line Coach Smith put his men against each other in a tough defensive practice. Backfield men engaged in a hectic session of blocking and "taking out" the defensive end in a mild scrimmage. Cawthon endeavored to perfect coordination in the shift.

While the heat of battle for positions centers around tackle, fullback and quarterback berths, these positions being left vacant by graduating and injured regulars of last year, the contest for right guard and center positions is nearly as hot.

Gaines Davis, 200-pound sophomore from Abilene, and Toby Greer, a regular guard last year and a two-letter man, are having an argument over the right guard position. Who'll win is yet a toss-up. The contest for center position wages warm as two Lubbock youths, Whacker Barton, a letter man, and Bob Crawford, rangy sophomore, vie with each other and with Elmer Fortner of Sherman and Larry Priddy of Gainesville.

Practice was not limited to two workouts on the field yesterday. Coach Cawthon directed a skull practice last night in which the football rule book played an important part.

TREAT AWAITS MEMBERS OF MATADOR CLUB

Old and new members of the Matador Club, an organization of local business men sometimes jokingly referred to as the "Downtown Coaches Association," are invited to the Texas Tech field this afternoon to be guests of the athletic department as a "special treat," Head Coach Pete Cawthon and Line Coach Dutchy Smith announced last night.

Although secret practice is the rule out at Tech now, and all visitors are barred from the workouts, for this afternoon only the Matador club members are invited to watch at least part of the drill. They are expected to congregate at the main entrance gate at 4:30 o'clock. Parker Prouty, recently elected president, urges all members to be present. A scrimmage, including everything, the first of the season, will be staged by the gridsters.

FORDHAM FOOTBALL PROSPECTS GOOD; SLEEPY JIM CROWLEY HAS EVERYTHING THAT GRIDIRON COACH COULD DESIRE

BY EDWARD J. NEIL
Associated Press Sports Writer

NEW YORK, Sept. 19 (AP)—A pleasant, round-faced fellow with the suspicion of a bulge in the waist region of his white sweat shirt grins a little as his eyes wander over forty or fifty of as fine looking football players as ever delighted the heart of a head coach.

"We should," murmurs Sleepy Jim Crowley, "beat the first two anyway. Don't you think so?"

Everything He Desires

His eyes never leave the Fordham football squad and the amazing legacy of 31 lettermen left him for his eastern coaching debut by the late Major Frank Cavanaugh. There is everything a coach could desire on the practice field—a host of big, fast, powerful backs, two of them among the best kickers in the east, several of them fine passers; heavy, agile tackles and guards; brawny centers and ends.

They never let up for a moment and the whistle that sends them into action at top speed rarely leaves Crowley's lips as he woulds his fine material into the Notre Dame system in which he rode famously as one of the "four horsemen."

The cry "bit 'em, hit 'em," rings up and down the field as they block and charge for hours, laying the foundation of what should be a devastating machine. It will start rolling against the "first two," at the end of this month. They're the two Jimmy expects to beat, Albright and Muhlenberg.

Style Is Changed

"The biggest task," Crowley says, "is changing over the style of play. They're all veterans and they're well drilled in Major Cavanaugh's system.

"For the first year we've decided not to try to change the whole business over at once. Instead of a seven-man line all the time, we'll drop the center back occasionally. These guards are strong enough for that style of play. The rest of it will be the football Rockne taught me. Perfection of detail is what we're after now."

Captain Ed Danowski, Jim Couhig, Andy Pavlicovic, Tony Sarausky, Bill Curran, Frank McDermott, Stan Piawlock are just a few of the outstanding backs at Crowley's call. The line bristles with power, with Joe Bonetski and Ted Nitka on the ends; Walt Uzdavinis and George Fenton in the tackles, Ralph Wolfendale and John Waldron, guards; and John Del Isola, center, yet there are two more elevens just about as good.

LUBBOCK HIGH BEARS DOWN

WESTERNERS TO MEET BIG SPRING SQUAD FRIDAY NIGHT

In spite of pessimistic reports from Obie Bristow regarding his Big Spring High school team and prospects, Lubbock's Westerners are bearing down this week in the business of perfecting an offense and defense to be sprung against the Steers here Friday night when the high school grid season opens.

Yesterday's drill gave particular attention toward the development of an air attack. The men went through a brisk scrimmage given over largely to forward lateral pass plays.

Three of the backfield slots in the Westerner secondary will undoubtedly be filled by Rayburn Hale at quarter, Waymond Newton at full, and Captain Rufus Ryan at running halfback, against Big Spring. Choice for the other half lies between Vergil Griner and Jesse Granbury.

Here They Are

Hale, a letter man of last year's team, is seventeen years of age and weighs 141 pounds. Ryan the other letter man of the squad, is also seventeen and weighs 158 pounds. Newton is eighteen and tips the scales at around 160. Granbury, ineligible last year, is the oldest man of the lot, 19. He weighs 142 pounds. Griner, 130 pound sixteen-year-old, except for spring training, is a totally inexperienced lad as far as football is concerned.

TOPEKANS WIN

TOPEKA, Kas., Sept. 19 (AP)—The Topeka Senators have vetoed the threats of the St. Joseph Saints to win the Western league pennant play-off series in four straight games.

Having dropped the first three tilts of the series at St. Joseph, the Senators returned to their home park last night and blanked the Missourians, 1 to 0.

When Zeke Bonura of Dallas was sold to the Chicago White Sox in mid-August he was leading the Texas league in home runs, runs scored and runs batted in.

DIXIE SERIES WILL START TOMORROW

SANTONE MISSIONS TO MEET PELICANS OF NEW ORLEANS

NEW ORLEANS, Sept. 19 (AP)—The New Orleans Pelicans, jubilant over the smashing 12 to 3 defeat handed Memphis yesterday in the final game of the Southern association playoff, swung into Texas today for the start of the Dixie series with San Antonio tomorrow night.

San Antonio, winner of the Texas league pennant, will cross bats with the Pelicans in their home city in three games before the teams renew hostilities here beginning Sunday.

Overcame Lead

The southern playoff, deadlocked at two games all before yesterday's contest, was terminated with a barrage of hits and a parade of runners crossing the plate as the Pelicans overcame Memphis' three-run lead.

The victory gave New Orleans its first pennant since 1927, and its ninth in the history of the association.

But the game yesterday decided more than the winner of the 1933 title. It ended the season-long dispute of the two teams in the split season.

New Orleans battled up near the top in the first half, only to trail Memphis by a few games at the close. The Pels forged to the top in a courageous drive in the second half, and edged out Memphis by only a few percentage points as the teams battled in a spectacular season-end series.

BOB QUINN TO GO TO THE DODGERS

NEW YORK, Sept. 19 (AP)—Judge Steve McKeever, president of the Brooklyn Dodgers today announced that Bob Quinn, former owner of the Boston Red Sox of the American league would succeed David Driscoll as business manager of the Dodgers.

Driscoll announced his resignation today and it was followed shortly by the announcement of the appointment of Quinn to take his place.

Quinn, former business manager of the St. Louis Browns, sold the Red Sox to Thomas Yawkey and Eddie Collins last spring and acquired control of the Reading team of the International league, which he operated through the season just closing.

DISTRICT COURT OF THE UNITED STATES NORTHERN DISTRICT OF TEXAS, AT LUBBOCK
THE PRESIDENT OF THE UNITED STATES OF AMERICA

To the Marshal of the Northern District of Texas, Greeting:

You are hereby commanded to summon by making publication of this citation in some newspaper published in Lubbock County, Texas, once in each week for four consecutive weeks previous to the return day hereof, Tony Lindhorst, to be and appear before the Honorable District Court of the United States at the next regular term thereof, to be holden for the 5th Judicial Circuit and Northern District of Texas, at the court room thereof, in the City of Lubbock, Texas, on the 2nd Monday in December, it being the 11th day of December next, to answer the Plaintiff's Original Petition filed in said Court on the 17th day of August, A. D., 1933, wherein L. B. Withers, Receiver of the First National Bank of Jayton, Jayton, Texas, is Plaintiff and Tony Lindhorst is Defendant.

And the nature of Plaintiff's demands as shown in his original petition filed in said cause No. 175 at law, as follows, to-wit:

That on or about June 17th, 1916, the First National Bank of Jayton, Jayton, Texas, issued to the defendant, Tony Lindhorst, Stock Certificate No. 55 for ten shares of the capital stock of the First National Bank of Jayton, Jayton, Texas, said stock being of the par value of One Hundred and No-100 ($100.00) Dollars per share; Which defendant Lindhorst duly receipted for.

That on or about the 26th day of January, 1920, the First National Bank of Jayton, Jayton, Texas, issued to said defendant, Stock Certificate No. 72 for five shares of the capital stock of the First National Bank of Jayton, Jayton, Texas, said stock being of the par value of One Hundred and No-100 ($100.00) Dollars per share, making a total value of Fifteen Hundred and No-100 ($1500.00) Dollars; that said certificates are now in the possession of defendant, Tony Lindhorst, and he is hereby notified to produce the same upon a trial hereof or secondary evidence will be offered as to their contents.

That the First National Bank of Jayton, Jayton, Texas, is an insolvent national banking association; that plaintiff was appointed by the Comptroller of the Currency of the United States of America, receiver thereof on the 8th day of June, 1932, and that the defendant was, at the time of the appointment of plaintiff as receiver thereof, the owner and holder of said fifteen shares of stock of the par value of Fifteen Hundred and No-100 ($1500.00) Dollars.

That on or about July 5th, 1932, by order issued on said date, J. W. Pole, Comptroller of the Currency of the United States of America, as prescribed as the Federal Reserve Act, and as prescribed by the Statutes and Laws of the United States of America, made an assessment and requisition upon the share-holders of the First National Bank of Jayton, Jayton, Texas, for Forty Thousand and No-100 ($40,000.00) Dollars to be paid by them at the office of the receiver at Jayton in Kent County, Texas, on or before the 12th day of August, 1932, and on said date the said J. W. Pole, made demand upon each and every one of said shareholders for the par value of each and every share of the capital stock of said association held or owned by them respectively, at the time of its failure and in said order directed the plaintiff, L. B. Withers, the receiver, to enforce to that extent, the individual liability of said shareholders; that said assessment and requisition of $40,000.00 constituted an assessment and requisition of 100 per cent of the par value of each and every share of stock of said association.

That said Tony Lindhorst, was notified of such assessment and requisition and he was also notified that he was required to pay the assessment on the fifteen shares of said stock of said bank standing in his name. That said Tony Lindhorst is hereby notified to produce said notice upon the trial of this cause or secondary evidence will be offered as to its contents.

That by reason of the ownership of said stock and under and by virtue of the assessment and requisition upon the shareholders as hereinabove set out, the defendant, Tony Lindhorst, became liable, bound and obligated to pay to the plaintiff herein, in his capacity as receiver of said bank, the sum of $1500.00, together with interest thereon from the 12th day of August, 1932, at the rate of 6 per cent per annum.

That the defendant, Tony Lindhorst, though often requested, has failed and refused and still fails and refuses to pay said assessment or any part thereof to plaintiff's damage in the sum of $1500.00 with interest thereon from the 12th day of August, 1932, at the rate of 6 per cent per annum.

Further that defendant, Tony Lindhorst is the owner of certain lands and premises situated in Kent and Stonewall Counties, Texas, within the Northern District of Texas, and that such lands as are situated in Kent County, Texas, are within the Lubbock Division of the Northern District of Texas;

LARGE PURSES ARE OFFERED

ABOUT $125,000 WILL BE DISTRIBUTED AT ARLINGTON DOWNS

FORT WORTH, Sept. 19 (AP)—Approximately $125,000 in purses will be distributed during the 21-day race meeting at Arlington Downs, near here, October 19 through November 11, it was announced today by Paul Waggoner. The minimum purse will be $600 with a scattering of $800 events during the daily seven-race programs.

Several handicaps already have been arranged in addition to the annual Texas Breeders' futurity, a classic for Texas bred and foaled 2-year-olds.

Begun 4 Years Ago

The latter race was started four years ago and has been continued since in the annual one day meets at Arlington Downs.

The Waggoner handicap, a $2,500 added race, is the richest of the handicaps already arranged. It will be for 3-year-olds and up over one and one-sixteenth miles.

Other handicaps are:

Inaugural handicap, 2-year-olds and up, $1,200 added, six furlongs.

Fort Worth handicap, all ages, $2,000 added, six furlongs.

Texas derby, 3-year-olds, $2,000 added, one and one-quarter miles.

Dallas handicap, two-year-olds, $2,000 added, three-quarter mile.

Leading Horses Entered

The handicaps are expected to draw many of the leading stake horses of the country. Among those already entered are Mr. Sponge and Pari-Mutuel, of the Leroy King stables at Memphis, Tenn. Anotner is Liqueur, owned by H. C. Rumage of Kansas City.

Pari-Mutuel, a five-year-old Fair Play-Quelle Chance gelding, won $8,060 in stakes as a 4-year-old in 1932.

Liqueur, 3-year-old Supremas-Triple Sac gelding, won the gold state claiming stakes and Wilmette claiming stakes in 1932, rewarding his owners with $3,540. Both victories were at Arlington park, Chicago

Due to the large number of reservations for stalls, construction on 300 additional ones was started. When completed, the Downs will be able to accommodate 800 visiting thoroughbreds. Four hundred stalls were constructed for the first race meeting a Arlington Downs in 1929, with 100 being added several weeks ago.

JEAN LOVES NEW HUBBY SO MUCH IT'S ALL RIGHT IF HE BEATS HER AT GOLF

HOLLYWOOD, Sept. 19. (AP)—Here is Jean Harlow's own story of the romance which led to her midnight airplane elopement to Yuma, Ariz., with Harold G. Rosson, movie cameraman:

"I love him so much I don't even care when he beats me at golf!

"And that just about tells it all, doesn't it; if you care that much about a man of course you want to marry him.

"Hal's and my romance began on the job. He has been my cameraman ever since I went to M-G-M studio. I remember seeing the first 'takes' of 'Red Headed Woman' and realizing I was in the hands of a wonderful photographer. You know a photographer can almost make or break a girl in pictures.

Confidence Grows

"And that feeling of confidence in Hal as a photographer grew and widened to other things until now I am as confident in him as a husband as I am that he is the best cameraman in the world.

"Our first real date, however, was for a game of golf—about six months ago. My stepfather, Marino Bello, had wanted me to take up the game for a long time and finally he got up a three-some consisting of Hal, himself and me. He and Hal were old friends.

"I remember I was pretty terrible—dubbed shots and made the usual mistakes—but from that time I realized that here was a man who would make a wonderful friend—a man who was interesting, considerate and charming.

"Natures Compatible"

"Later I found that our natures were wonderfully compatible—that we both liked music and the same books, that we liked to go sailing and that we could laugh together over maybe nothing at all. We were mentally and spiritually attuned.

"And so it was natural that we should fall in love, I think. To me love has always meant friendship, understanding, mutual tastes. And there was our work to bring us closer together.

"We never have been exactly 'engaged,' but we decided a week ago to get married sometime in the near future. That happened one night while we were on location on the Arizona desert, working on my new picture.

"The day's work was over. The picture was going well. And the stars were out in the desert sky.

"Hal said: 'Let's get married,' and I said 'all right.'

"We thought at first we would be married in Los Angeles but that would have meant that people would find out about it beforehand on account of California marriage laws.

"So—we went to Yuma."

Nature Provides A Way In Emergency

AMARILLO, Sept. 19 (AP)—Nature usually finds a way of providing in emergencies.

Cattlemen in the mesquite districts of the Texas Panhandle claim that their herds existed for weeks during the severe drouth this year almost entirely on mesquite beans—the heaviest crop oldtimers said they had ever seen.

The mesquite is a scraggly shrub, common to the arid regions of the southwest, and requires little moisture. The beans, sometimes a foot or more in length, grow in profusion, and are considered good feed for both cattle and horses.

Pioneer cattlemen did not recall that every dry year brings forth a heavier crop of beans, but said they look upon a bountiful crop as a sign of an approaching "hard winter."

GERMAN TRIAL IS THURSDAY

FIVE DEFENDANTS ARE CHARGED IN SETTING FIRE TO REICHSTAG

LEIPZIG, Germany, Sept. 19 (AP)—Germany's "trial of a century," with five defendants facing decapitation if convicted, will start Thursday.

They are accused of setting fire to the Reichstag building in Berlin, which burned with a loss of about 8,000,000 marks on Feb., 27, a week before national elections ushered in Germany's third reich under Chancellor Hitler.

The hearings before the fourth division of the supreme court are ranked in general opinion with the Dreyfus and Sacco-Vanzetti trials and the ministry for propaganda has arranged for dissemination of reports throughout the nation.

Under indictment for the burning are Marinus Van Der Lubbe, 24-year-old mason and alleged Dutch communist leader; Ernest Torgler, 42, former communist whip in the Reichstag; Georgi Dimitroff, Blagoi Popoff, and Wassil Taneff, Bulgarian political refugees charged by police with complicity in the 1925 bombing of the Sevti Kral cathedral in Sofia, in which 20 were killed.

Indications point to a long trial. More than 35 volumes of 250 pages each were needed for the state's charges. The prosecution has announced 110 witnesses would be summoned.

BEER SOLD AT LITTLEFIELD

THRONGS FLOCK IN TO LAMB COUNTY AFTER PERMITS ARE ISSUED

LITTLEFIELD, Sept. 19 (Special)—Sale of 3.2 per cent beer, legality of which is disputed by drys, began here about 11 o'clock Monday morning, after County Judge Simon D. Hay had granted licenses at Olton, and crowds soon arrived from other South Plains towns.

By noon, the town was flooded with visitors and the crowd increased throughout the afternoon until at night there were hundreds making their way through the streets. Cars from all over the South Plains were parked on the streets.

Sales Are Reported

Beer was available both in bottles and on tap.

One dealer reported he had sold 280 cases since noon. Others reported similar sales. Six places, the Littlefield hotel and five cafes, were retailing the beer while two wholesale dealers have been granted permits.

The celebration was orderly, no arrests being reported at 11 o'clock at night.

The retail dealers were preparing for a "rush" when members of a good will fair tour from Lubbock arrive at 9:15 a. m. today.

Tuberculosis deaths declined 25 per cent in Montana in 1932.

Not like any other cigarette

The United States Government granted Liggett & Myers Tobacco Company the right to use "Chesterfield" for cigarettes

THIS means that the Chesterfield formula—that is, the leaf and the manufacturing formula—is different from that of other cigarettes.

For a cigarette to be milder and to taste better, it has to have in it ripe, mild, mellow tobacco, and the right quantity of the right kinds of Turkish tobacco. Then the cigarette has to be made right.

You can prove for yourself that Chesterfields are not like other cigarettes. They're milder . . . they taste better.
