'It Gave Me Health', Says Plainview Man

"After Two Years Suffering, One Bottle Of Argotane Relieved Me"

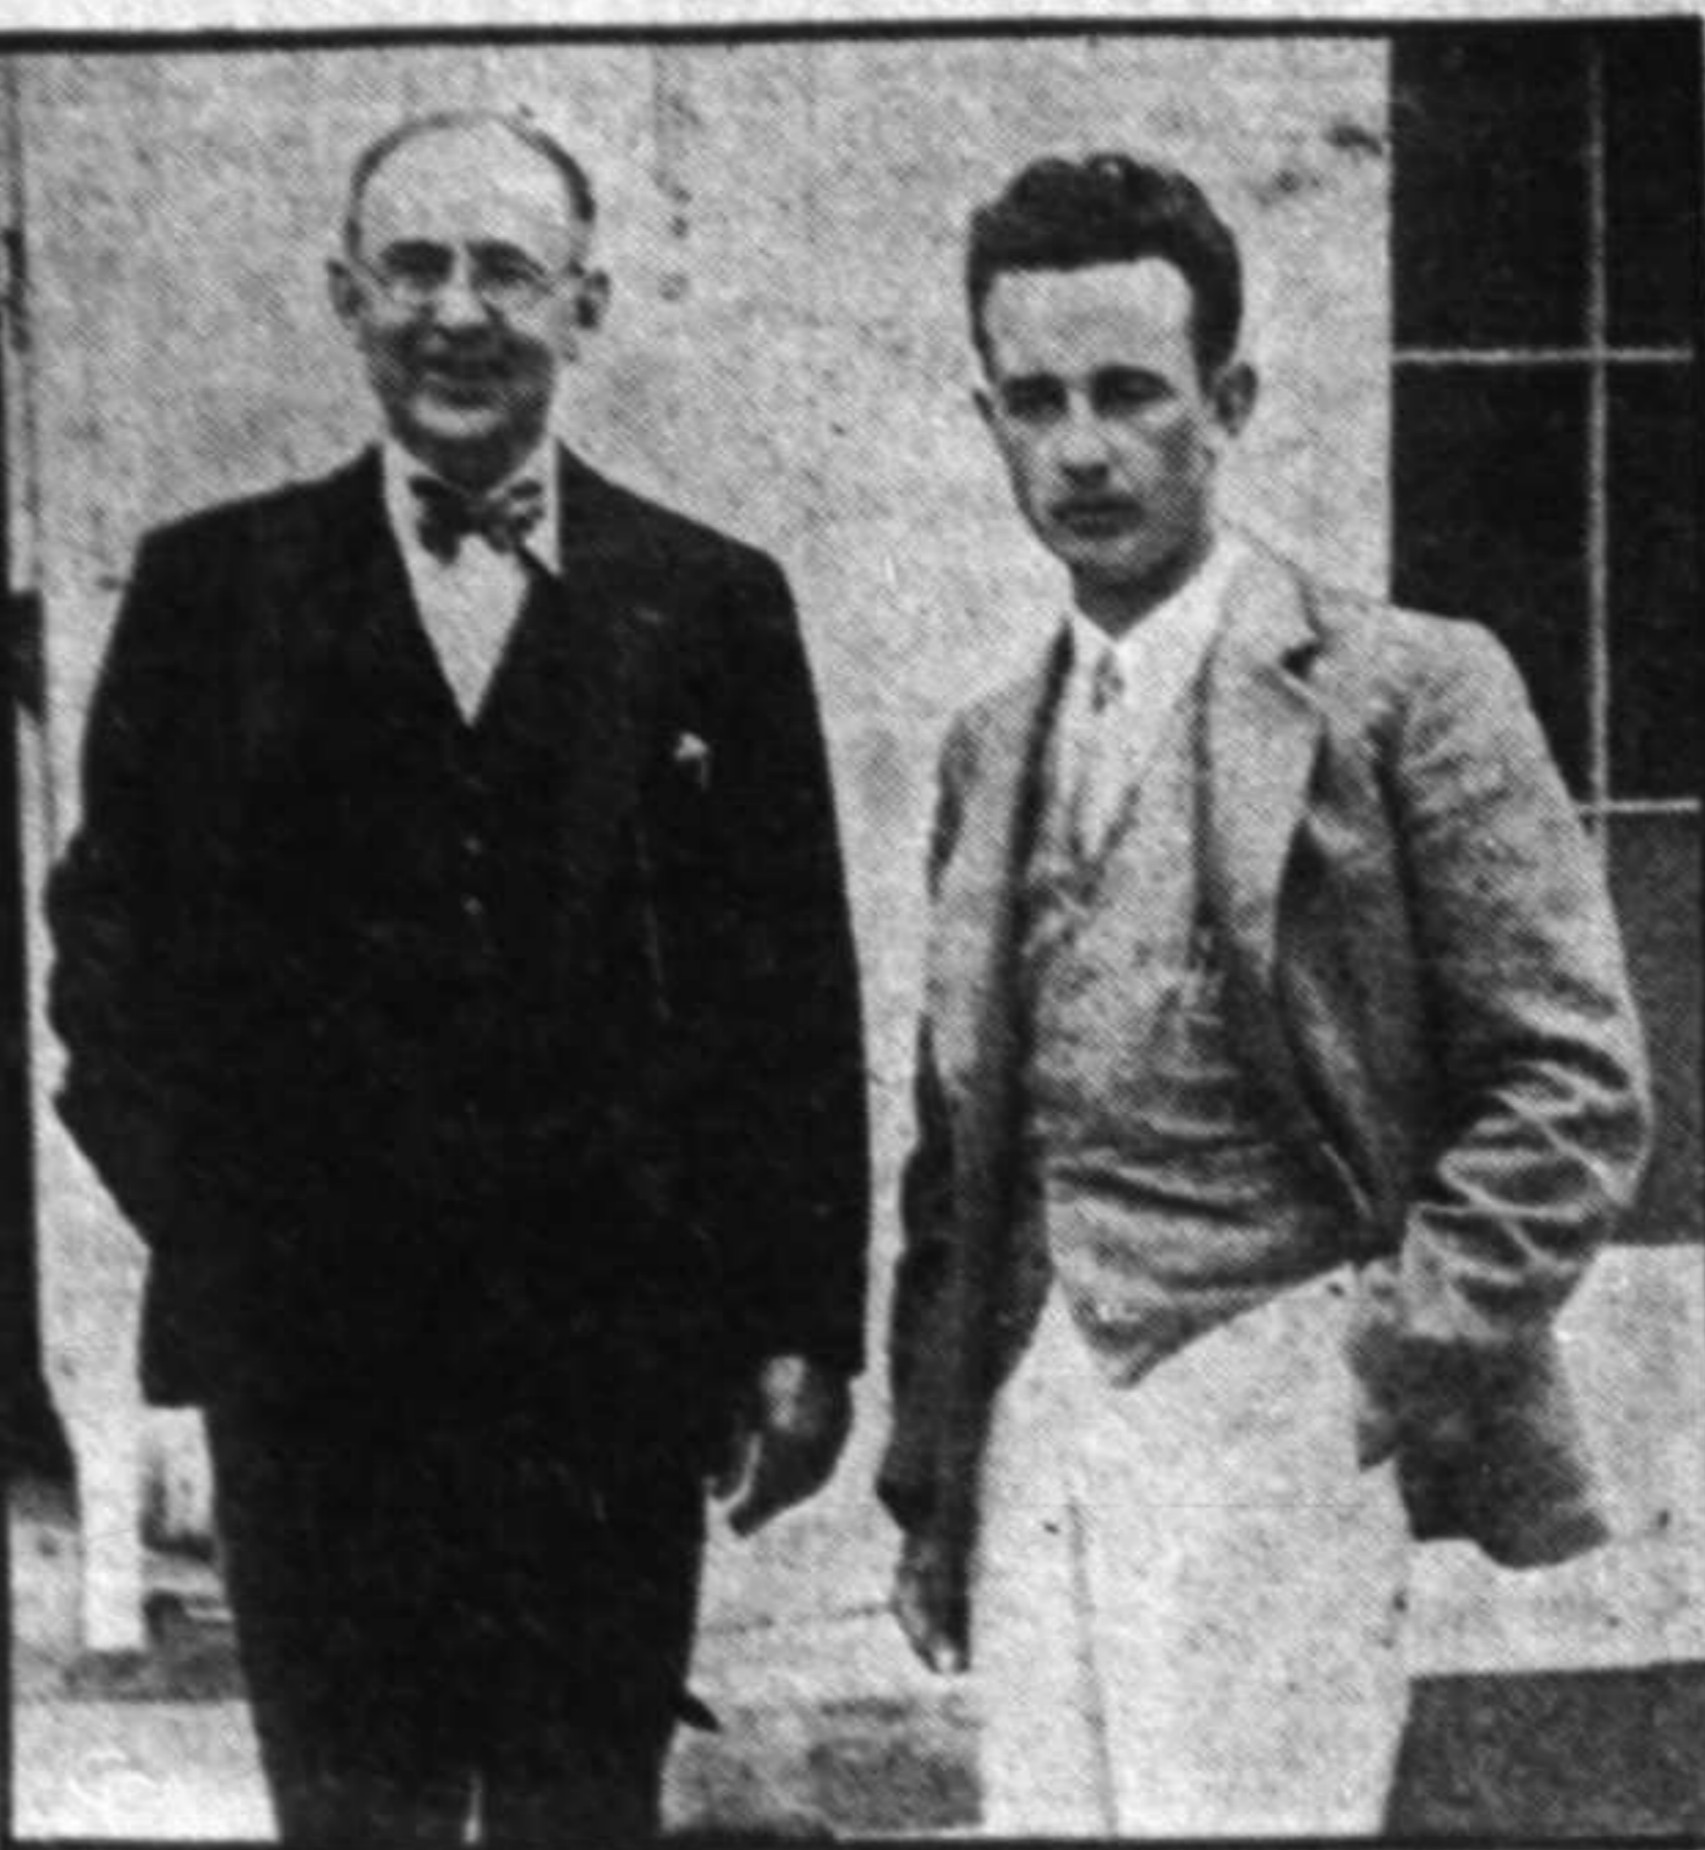

"I have been relieved of two years awful suffering and feel stronger and have more energy than I have had in several months and all this is due to Argotane," said T. H. Hammonds, living on rural route 1, Plainview, Texas, while talking with the Argotane man.

"I had a number of troubles," continued Mr. Hammonds, "but my worst trouble was my stomach and liver. I hardly had an appetite at all and if I would eat anything, I would suffer from indigestion and gas would form and at times I felt as if I would burst and would be very uncomfortable. I would have severe pains in my back which was caused from my liver and had as very bad case of constipation. I had an awful tired feeling and would wake up in the mornings feeling no better than if I would not want to get out of bed."

"I saw where Argotane was advertised so highly and began taking it. I have certainly gotten wonderful results from one bottle. I now have a good appetite and eat anything I want without the slightest trouble. I'm not bothered any more with gas on my stomach. Shortness of breath or other signs of indigestion. My constipation is entirely relieved and my liver does not trouble me any more. I sleep all night long without waking up and I am not nervous or feel as tired and worn out as I did. Argotane has given me strength and has saved me a lot of suffering. I am glad to give credit where credit is due—to Argotane."

Genuine Argotane may be purchased in Lubbock at the Bowen's Drug Store. Adv.

SENATOR MAYFIELD IS HEARD IN ADDRESS AT BROWNWOOD

(Special to the Journal) BROWNWOOD, June 4.—Speaking here last night, former United States Senator Earle B. Mayfield, candidate for governor, commented upon the inadequacy of the accommodations of the state for the care and treatment of the unfortunate. The speaker was introduced to an overflow crowd by Thomas H. Taylor, president of Howard Payne college.

Senator Mayfield said that there are more than two hundred and fifty men and women already adjudged insane who are languishing in the county jails because there is no room for them in the eleemosynary institutions.

Many Waiting
"Several hundred people, suffering from epilepsy, are on the waiting list for admission into the state hospital at Abilene. Over 150 persons afflicted with tuberculosis are, at this time, seeking admission into the State Tubercular Sanatorium at Carlsbad. Over 400 orphan children are on the waiting list for admission into the State Orphan Home at Corsicana, and over 200 children are on the waiting list for admission into the State Home for Dependent and Neglected Children at Waco."

"The chairman of the Board of Control," cited the candidate, "is authority for the statement that there are at least 20 girls under 12 years of age now in the training school for delinquent girls at Gainesville, because there is no room for them in the orphan home at Corsicana or in the home for dependent and neglected children at Waco. He stated that only recently a mere child not quite seven years old and weighing less than 30 pounds, was transferred from the Training School for Girls at Gainesville to the Children's Home at Waco. Many little boys who committed no crimes whatever are confined today in the juvenile training school for boys at Gatesville, because there is no room for them in the State Homes at Corsicana and Waco."

Widows In Need
"Over 200 destitute widows of Confederate soldiers, whose applications have been approved and who will soon pass over the river to meet with Lee and Jackson, are knocking at this hour for admission into the Confederate Women's Home at Austin," stated the speaker.

"Surely these conditions," said Senator Mayfield, "taken from the records of the Board of Control, constitute a reproach upon the fair name of Texas. The people of this state surely do not desire a continuation of such conditions. The time has come for plain talk. It will take money and lots of it for the state to enlarge its various eleemosynary and charitable institutions so as to be able to take care of all its unfortunate. This money certainly cannot be secured from the ad valorem tax, because that tax is already breaking the backs of the farmers, the ranchmen and the home owners of the state, and besides will not yield sufficient funds to enable the state to make adequate provision for all its unfortunate."

Study Ordered In Sooner Oil Status
TULSA, Okla., June 4.—A study of statistics and court decisions bearing upon the oil conservation and reversion orders of the Oklahoma Corporation commission was ordered today by C. C. Herndon, president of the Mid-Continent Oil and Gas association and chairman of the Oklahoma reversion committee.

Service corporations of the state are literally rolling in wealth and if they are placed under the Intangible Tax Law, as I advocate, the state would have sufficient funds to enable it to care for its unfortunate in keeping with the spirit of its best traditions.

Tomorrow afternoon, Senator Mayfield speaks at Goldthwaite at 2:30 p. m. and at night at San Saba.

T. B. SLICK BRINGS IN WELL MINUS FIRE DANGER; SAND TRAP IS USED

By Associated Press. OKLAHOMA CITY, June 4.—T. B. Slick tried out an experiment in bringing in a well Tuesday afternoon, which is to become useful in lessening the fire hazard and danger of wild wells, especially in the north end of the Oklahoma City field. In this populated area on the outskirts of the city rests the greatest danger of uncontrollable wells.

In completing the Slick and Anderson-Prechard Number 6 Hoopes well on the 31-11-24, south sector, a durable sand trap was rigged up on the derrick floor over the casing mouth. Into this the heavy gas well cleaned itself and vented the full force of the loose sand which had damaged the connections of many wells and caused all the wild wells of the field.

This is the first time such an experiment has been made and all operators were pleased with the results. The trap will serve a double purpose. Besides protecting connections from the sand blast of large producers in the sand area, it will tend to keep the oil and gas clear to the derrick and not blow it over the entire countryside.

Introduction Of The New Konjola Medicine Hailed

Many People Calling At The Bowen Drug Store To Learn Its Merits

Immediately following yesterday's announcement that the advanced medical preparation, Konjola, was to be introduced in Lubbock many local people were eagerly seeking this medicine and tell-

ing of reports about it which they had received from relatives and friends in cities where the herbal compound was previously introduced. Many who called at the Bowen Drug Store, stated they already knew about this medicine and some secured it through acquaintances at larger cities.

The extent to which this Konjola has aroused interest proves very clearly that health trouble, due to disordered stomach, liver, kidneys and bowels, are so common that hundreds are suffering daily. The forms of misery described by a great many sufferers interviewed yesterday, were as follows:

STOMACH—Indigestion and gas bloating, feeling like a rock in the stomach, which in reality is a mass of undigested food, dyspepsia, intense pain in the stomach and chest, wild heart palpitation, feeling like a rock from the throat to the pit of the stomach, awful headaches, loss of weight, strength and tissue, sour stomach, dizzy spells, cramps, spitting up bits of half-digested food and a hot, sour liquid.

LIVER—Attacks of biliousness, sick headaches that may last for days, constipation, dizzy spells, yellowish complexion.

KIDNEYS—Sharp pains over the kidneys, a dull aching feeling across the back, stiffness in the back and lower limbs, especially in the mornings just before arising, frequent getting out of bed during the night, dizziness, spots before the eyes, lack of vitality.

BOWELS—Painful, bloated feeling in the lower stomach, worn out feeling, sleeplessness.

Many other forms of suffering arise from the disordered condition of the system that results from a sluggish stomach, liver, kidneys and bowels. For instance, there may be rheumatic and neuritic troubles, with its agonizing aches and pains.

The above forms of suffering yield readily to the work of Konjola and this medical preparation has so completely ended the health troubles of so many thousands in larger cities that it is declared to be what countless sufferers in this section have long needed to actually reach their cases.

Konjola is now being sold for the first time in Lubbock at the Bowen drug store, where many people are calling throughout the day to find out about this surprising new medicine.—Adv.

ROOKIE HURLERS COMING THROUGH IN MAJOR LEAGUE CLASHES

Considerable sentiment is linked with the passing of old Grover Cleveland from the ranks of the major leagues. The veteran hurler, who earned the title of "Alexander the Great," and who has won more games in the National League than any other pitcher, was rated as one of the greatest pitchers of all time.

Alexander has been in organized baseball more than 20 years. During his brilliant career he was a big factor in the only pennant won by the Philadelphia Nationals. Modern day fans think of the classic world series of 1920, between the St. Louis Cardinals and the New York Yankees, under the name of "Old Pete" is mentioned. It was in the deciding game of the series that the Old Alex was called in from the bullpen by Manager Rogers Hornsby to rescue Jess Haines.

We recall a Sunday double header between the Cardinals and Giants at St. Louis in May, 1924, when some 28,000 fans packed Sportsman Park to see the two National League contenders fight it out in the bargain bill. It was in the nightcap and the Giants were lambasting the offerings of Frankhouse rather freely.

Late in the 1929 season Alexander broke the National League record in games won. His last season with the Cardinals—373 victories. But when he rejoined his old club in Philadelphia this year the old arm failed to respond. He realized his major league days were over long before Burt Shotton dared mention it to him.

The thinning ranks of Texas League baseball fans breathed a sigh of relief yesterday when the base-men-dwelling Dallas Steers ended a protracted losing streak by beating out Houston. It was the second victory for the Bobvines in eighteen starts. The win broke an eight-game losing streak but the club has lost at least one game a day for fifteen consecutive days. Manager Jake Atz and the Dallas owners have been revamping the Herd lineup frantically in an effort to bring the club out of its losing ways.

Along with the reports of the numerous deals made recently by Dallas come the complaints from J. Alvin Gardner that Texas League moguls are spending too much money for players. The league president believes there are too many high-priced players in the circuit.

WYATT, KOEPP AND TEACHOUT SHOW POWER

CUBS CLIMBING AFTER SETBACKS; MACKS CLING TO TOP

BY HUGH S. FULLERTON, JR. Associated Press Sports Writer Whitlow Wyatt, a big Georgian whom Detroit acquired from the Evansville club of the Three Eye league, has turned out to be one of the season's best pitchers in the box. Although he has but two complete games, both of them won, and two defeats to show for the 12 times he has appeared on the mound, Wyatt has probably done more good pitching than any other Detroit pitcher.

Such was the case yesterday as the Tigers dropped an 8 to 4 decision to Washington. The Senators had attacked Whitehill and Sullivan for seven runs in the second inning before Wyatt appeared, but he stopped them with three hits and a single counter in the next seven innings.

Another rookie, Art Teachout of the Chicago Cubs, led the way among the few pitchers who completed the games they started. He held the Boston Braves to seven hits while his mates attacked Grimes and Cooney for 17 runs in a 15 to 2 victory. Blair took the prize for the ninth and scoring the run that brought Brooklyn a 6 to 3 victory.

For sheer slugging, the 11 to 10 triumph of the St. Louis Cardinals over the Phillies took the prize for a day that saw 196 hits made in eight games. The Phillies got the biggest total of them all, 23 safe hits, but St. Louis inserted seven doubles and a triple in its total of 16 to get the decision.

When Pitebner Hal Carlson died and Rogers Hornsby broke his ankle last week, the Cub owner immediately began to canvass the major and minor league field for help. But since then the crippled champion has been unstopable, winning all their games, and the contemplated deals have been postponed.

"Bud" Teachout suddenly came to life and looks like he is ready to take Carlson's turn on the mound. Vic "Footsy" Blair took the Rajah's place at second and has been hitting better than .400 and fielding sensationally.

Few U.S. Golfers In British Open

CHANCES TO WIN ARE BELIEVED GOOD, HOWEVER

BY BRIAN BELL Associated Press Sports Writer NEW YORK, June 4 (AP)—Although the United States will be represented by the smallest field in years in the British Open golf championship, Uncle Sam may be conceded an excellent chance to win the classic.

The British, too, will have to combat the law of averages when they descend on the course of the Royal Liverpool Golf club, Hoylake, June 16 for the 1930 championship. In the last nine years only one British player, Arthur G. Havers in 1923, has won the title. The other eight British champions have been from the United States.

Jack Hutchinson, the winner in 1921, is a native Scot and Jim Barnes, the 1925 champion, is an Englishman, but they were playing from the United States. Walter Hagen, who has four times, starting his string in 1922, and Bobby Jones, winner in 1926 and 1927, were Americans born and bred.

STEERS BREAK LONG STREAK OF DEFEATS

BUFFS BEATEN AS OIL CLUB CLAMBERS UP ANOTHER NOTCH

BY GAYLE TALBOT, JR. Associated Press Sports Writer Running into a combination of tight pitching and lusty hitting at every turn, the four delegates from the south end of the Texas league suffered a complete rout in their first engagements on northern soil.

On the assumption that the unexpected comes first in reader interest, it is well to chronicle without further preamble that the Dallas Steers broke their latest reverse streak of eight straight by licking the Houston Buffs, 5 to 3, in their opener. The Mavericks took a lead off Allyn Stout in the very first inning, and what is more remarkable held it to the bitter end.

Lefty Jimmie Walkup realized every pitcher's dream as the Cats greeted Waco with an 8 to 5 thumping. His pitching was not exactly an epic, but his batting was. He bounced a homer off Stein in the fourth inning with two runners aboard and drove in two more with a single in the sixth, accounting for five runs. Also, he had a sacrifice and struck out five Cubs to round out his day. Gene Ely, with a homer and single, was the only Cub to break into the hit column twice.

HOODLUMS ARRESTED AND THOSE MISSING ARE SOUGHT

(By Associated Press)

CHICAGO, June 4.—As a sequel to the week-end of gang shootings in the Chicago area, comprising the killing and four wounded, police today were composing a list of those unaccounted for while trying to stop more serious trouble by arresting all hoodlums in the open.

Head this roll of missing they had the names of Terry Druggan, a beer baron, and Leo Monahan.

Druggan, erstwhile partner of Frankie Lake, who amassed a fortune in the liquor racket, has not been heard from since a burst of machine gun fire broke up a party at a Fox Lake resort early Sunday, killing three men and wounding two other persons, a lawyer's wife and George Druggan, Terry's brother.

Police were informed that Terry himself was host for the party, and believe that he perhaps was wounded and hurried into hiding by friends or kidnaped by the racketeers.

Mongroven Possible Victim

Mongroven a member of the Morning gang, which was decimated in the St. Valentine's Day massacre, since said, possibly was the victim of a machine gun foray which took place near his home a few days ago.

The death of Joseph Ferrari, 26, today was the ninth resulting from the week-end outbreak. He and two allies were shot down on North Clark street Saturday night.

Another gang kidnaping was expected today by Lawrence Miller, suburban contractor and Deputy Sheriff of Du Page county, who has since May 21, telephoned No. 10 from a town in Missouri, telling her he had been abducted and taken by a gang of bootleggers who thought he had "squawped" out a still in a barn he was remodeling.

Miss Hollins, well-known in New York society circles, recently received \$1,500,000 when a Kettleman Hills, Calif., oil well in which she held stock became a gusher.

FARMERS IRED BY MARKET ACTION

HOUSTON, June 4 (P)—Houston's million dollar farmers market this morning was seething with disgruntled farmers and arguing speculators.

The threat of "rebellion" was occasioned last night when officers attempted to put into effect a new ordinance prohibiting speculators from selling on the market and requiring every farmer to dispose of or move off the produce at 8 p. m. In the past the farmers had been spending the night with their trucks and produce on the market, getting an early start in the morning.

Fifty-nine farmers "stood pat" when authorities issued the order to "move on." They stayed with their trucks, police amidst hisses and boos of the overall and khaki clad farmers, took the license numbers of the trucks.

"They threatened us all with fines ranging from \$50 to \$150 at first," said L. P. Hobbs, one of the farmers on the market, "if we didn't move." Then they came down some, threatening to expell all of us that stayed, forcing us to keep away from the market seven days a week.

"But we stayed all right."

NEGROES IN NORTH CAROLINA BEING CHALLENGED ON PARTY AFFILIATION

(By Associated Press)

RALEIGH, N. C., June 4.—One name was removed from the rolls and the party designation of another was changed Tuesday as a result of the hearing of the first batch of approximately 400 challenges brought against Raleigh negroes registered as democrats. The hearings will continue today and Thursday.

The negroes were challenged by supporters of United States Senator P. M. Simmons, candidate for re-nomination by the democratic party, simply on the grounds "that they are negroes."

Of 263 persons summoned to appear for a hearing at the sixteenth precinct of Raleigh township, 184 failed to appear. Eight of those summoned turned out to be white persons and were discharged.

Two Others Challenged

The 41 who did appear were augmented by two others who were challenged on the spot.

When the hearing began Bart M. Gatling, Wake county manager for Senator Simmons, who brought the challenge, withdrew 46 of them. Eighteen others were overruled.

One of the registrants at his own request had his name withdrawn from the registration list entirely, and the designation of another was changed to "independent" when he stated he was neither a democrat nor a republican.

County election officials ruled the only questions which could be asked the registrants were whether they had ever voted the democratic ticket and whether they intended to support the democratic nominees in the November election.

The registrants challenged included numerous negro physicians, lawyers and college professors.

TRADITIONAL KISSES IN EXERCISES AT NAVAL COMMENCEMENT NOT GIVEN

(By Associated Press)

ANNAPOLIS, Md., June 4.—Midshipman T. B. Hughes, Kansas City was formally presented a flag Tuesday in the presence of all the midshipmen at the Naval academy. Senior Enrique Olaya, president elect of Colombia, and several thousand commence visitors but he did not get a public kiss, as he would have last June or in preceding years.

The presentation to him as commander of Company No. 1, which won in drill competition, was by Miss Alberta Ely, also of Kansas City. This year the traditional kiss was censured, but by whom nobody seems to know. No official ban was promulgated.

Engaged Anyway

It was just the same, however, as far as the principals are concerned, for several days ago it was revealed that Hughes, to be an ensign after Thursday's graduation ceremony, and Miss Ely are engaged to be married.

The kiss ban affected some hundreds of others expected at the an-

ual ring dance given by the second class last night. The ring dance in other years was featured by the exchange of kisses when the girls placed the coveted rings on the fingers of the midshipmen scheduled to graduate a year hence. But this year the word went out that public osculation was out.

Woman Placed On Hidalgo Committee

EDINBURG, June 4 (P)—For the first time in its history, the democratic executive committee of Hidalgo county has a woman member, Mrs. Marvin McAskill, representing the east Edinburg precinct.

She was seated at the special democratic meet held here today, when resignations of all old members of the committee were accepted and new members, elected yesterday at precinct conventions held over the county, were seated.

Resignation of Lloyd P. Bloodworth as chairman of the committee tendered at the meeting today, was not accepted. Bloodworth, named chairman to succeed M. McIlhenny, local publisher who had held the position for 14 years until his resignation about two weeks ago, was continued as temporary chairman until another meeting of the committee within a few days.

CAMELS are made to smoke

FROM THE DAY the choice leaves of sun-mellowed Turkish and Domestic tobaccos are first selected for Camel Cigarettes, every step in their manufacture is headed toward just one goal—the making of a thoroughly enjoyable smoke.

Pleasure, found at its best in Camels, is the only reason for smoking. That's why Camels make no pretense of being anything but a smoke. Camel is a blend of exquisite smoothness, mild and mellow and marvelously fragrant. Have a Camel!

HALL-BAKER COMPANY IS PURCHASE FOR HANDLING WORK

(By Associated Press) KANSAS CITY, June 4—Assets of the Hall-Baker Grain company today were transferred to the Farmers' National Grain corporation, government's sponsored grain handling agency, and the officers of the new Kansas City co-operative set-up were selected.

C. E. Huff was named president, and George S. Nims, vice-president and general manager. They hold the same offices in the national association.

To Take Over Branches In addition to the Kansas City offices the organization will take over the Hall-Baker branches in Wichita and Elsd. R. A. McClintock will remain in charge of the Elsd office.

It is the plan of the new set-up to handle grain of co-operative members in the states of Kansas, Nebraska, Texas, Colorado, Oklahoma, Utah and Wyoming.

Commenting on the extension of farm board activities, Mr. Huff said that substantial elevator space was now under consideration in several terminal markets.

The purchase price of the Hall-Baker company was set at three million dollars, which includes grain the lease on two elevators and good will.

IT'S THE NEWEST COLLEGE FAD!

No, these aren't two track athletes ready for a workout, nor are they a pair of very absent-minded young men. They're just a couple of University of Utah students who rebelled against wearing regulation clothes on hot days, in line with a new college fad. "It's simply shocking," cried Charbel Wallace, left, a co-ed, as she encountered the new devotees to Dame Fashion's latest fancy when they appeared on the campus.
