Requests Appraisal Of Apartment Project

Bright Company's preliminary application for a Farmers Home Administration loan to build a 24-unit apartment complex at 10th and Eastover streets in Colorado City has received tentative approval and will be subject to field review, possibly this week.

David Marion, county supervisor for FmHA here, said that Bright Company's plans and specifications were ungraded and had passed this step in the process of getting additional housing in the city.

Marion sent a letter to FmHA state headquarters in Temple Friday afternoon requesting field appraisal of the project by the Rural Housing Program support staff.

If this appraisal is in order with other aspects of the project, the application will be reviewed by state FmHA director J. Lynn Futch for final consideration.

Bright Company, A Fort Worth firm, has successfully passed the other steps in the process of obtaining the loan:

--Step One, Bright Co. became interested in building rental housing in Colorado City and requested help from the Chamber of Commerce and local residents in conducting a housing survey to establish need for housing and their chances for renting any housing they might build.

--Step Two, more than 100 survey forms were turned in, and using the results of the survey and other information, Bright Co. filed a preliminary application with the FmHA, requesting a loan to build a 24-unit apartment complex.

--Step Three, the application has passed the review stage and awaits final appraisal and approval.

Marion said that three field appraisers are available from state headquarters to come to Colorado City to make the final appraisal and it depends on how heavy their workload is as to how soon one of them can visit the proposed site of the project.

Representatives of Bright Co., Roy Clark, president, and Carl Barron, Property Management Officer, visited the site before filling out the preliminary application May 23.

They were hoping at that time to complete arrangements for the loan so that construction could start the first of July, with an estimated completion date of mid-October.

The proposed project calls for a two-story unit, 12 apartments at ground level and 12 on the second floor.

Each 800-square-foot, two bedroom apartment will have its private terrace and is total electric.

Renting for \$110 per month, tenants will pay utility bills and have two parking spaces allotted each apartment.

The apartments will be for persons of moderate income, not exceeding an adjusted level of \$11,400 annually.

The possibility of building apartments for persons of higher income has also been discussed by representatives of the Bright Co. but will be delayed until this first project is completed.

The federal fiscal year ends June 30, Marion said, and Bright Co. was limited in the amount of time they had to make arrangements for applying for the FmHA loan.

The Bright Co. will own and operate the apartment units and will hire a local manager. Company representatives also said the apartments will be built using as many local contractors and suppliers as possible.

Final Planning For Market Set Tuesday

A second meeting for all persons interested in establishing a Farmer's Market for Colorado City is set for 7 p.m. Tuesday in the Charles C. Thompson Room of City National Bank annex.

Mrs. Charles C. Thompson, chairperson of the Mitchell County Bicentennial Commission, says that George Womack, Bicentennial Horizons chairman, and Mrs. Stephen A. Smith, market chairman, are progressing with plans for the market to open soon.

The market was first conceived as part of the Bicentennial celebration, a permanent and lasting establishment under the Horizons portion of the Bicentennial project.

Mrs. Smith said that permission has been granted to open the market temporarily in the south barn of the fairgrounds. Bob Benson, Mitchell County extension agent, requests only that the barn be left clean and orderly, she said, and that only one key be available to the market.

"The barn will be a temporary setting only," she said, "with plans being made for a permanent structure to be located in the downtown area."

Tuesday's meeting will be a working meeting, she said, with officers to be elected, rules and regulations to be set up, rental fees to be established, space allotment, hours, days and items to be offered for sale decided.

Tom Rees, attorney, will also be on hand to advise the interested group of any legal requirements that must be met. "All these things must be clearly understood by the sponsoring organization, farmers, gardeners and craftsmen in advance of the opening day of the market," Mrs. Smith emphasized.

Janis Choate, Mitchell County extension agent, has offered information and guidelines to be considered when offering home-canned items for sale, Mrs. Smith said. Mrs. Choate also advised that the market will be a two-story unit, 12 apartments at ground level and 12 on the second floor.

vised that the market should contact the county health officer and become familiar with the regulation code governing home-canned goods offered for sale. This information will also be available during the Tuesday meeting, Mrs. Smith said. "Artists, craftsmen, bakers and canners are urged to attend the meeting, as they will have an important role in a successful market. Produce will be our big drawing card; however,

art, pottery, handmade items, etc., will add a great deal to the atmosphere," she noted.

Art Exhibit Set June 22-28

The paintings of Lucille Bowman will be featured in a one-man show during the week of June 22-28.

An open house reception will be held from 1-4 p.m. Sunday, June 22 in the Hesperian Room of Mitchell County Library and the paintings will hang all week.

The art show is sponsored by the Brush and Palette Club in Colorado City.

Competes In Majorette Preliminary

Margie Ballard, 18-year old daughter of Mr. and Mrs. Drew Ballard and a recent graduate of Colorado High School, has been named runner-up in the Texas State Championships of the Miss Majorette of America preliminaries.

Margie was named second in the state of Texas in the Intermediate Division of the Miss Majorette of Texas competition in San Antonio June 7, after three days of competitive events.

Several hundred girls from throughout the state were in competition for the title of Miss Majorette of Texas, judged by experts from Arizona, Mississippi, California, Florida, Tennessee, Kansas, Wisconsin and Nebraska.

Competitive events included all types of twirling, modeling and interviews.

In other statewide competitive events, Margie placed second in the state in intermediate division of Flag Twirling, third in Strutting, fourth in Solo Twirling and fifth in Advanced Basic Strutting.

Margie has also participated in other twirling events across the state this summer and her honors include first in the Miss Hurst-Eulless-Bedford majorette competition in the Dallas area.

In the past two years, she has won first place trophies in a number of major twirling events, including National competition at Notre Dame University in 1974, top twirler in the Amarillo Band Festival in 1974, and other medals and awards.

She was chosen Miss Teenage Abilene in 1974 and was selected as feature twirler at Southwest Texas State University in San Marcos where she will be a freshman student this fall.

To Present Concert

Pictured above are part of the members of the Abilene chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America as they presented a program recently.

They will be presenting a guest concert Thursday evening in the Charles C. Thompson Room of City National Bank's annex, sponsored by the Cultural Affairs Committee of the Chamber of Commerce.

Reserve Tickets For Thursday Concert

Ticket sales for Thursday evening's Barbershop Quartet concert are continuing at both the Chamber of Commerce office in the Civic Center, phone 728-3403, or the City National Bank, phone 728-5221.

Tickets may be purchased or reserved for \$1 each, the money going to partially defray expenses of the large Big Country Men's Chorus, a member of the Abilene chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America (SPEBSQSA).

The concert is set for 8 p.m. Thursday in the Charles C. Thompson Room of City National Bank's annex, sponsored by the

Chamber of Commerce's Cultural Affairs Committee, Mrs. Frances Witten chairman.

"Barbershop singing as an art form is growing and prospering in the Big Country," Mrs. Witten said. "The Abilene chapter is an unusually fine group, featuring both quartettes and a full men's chorus."

"Last year the Abilene chapter received the award as the best small chapter in the Southwest District, based on new members, activities, competition and other criteria."

"Presently the Abilene Chapter ranks 33rd in the nation among literally hundreds of barbershop groups, both large and small," she concluded.

City Gets Check For \$10,376.27

Colorado City received a check in the amount of \$10,376.27 Friday from the office of state comptroller Bob Bullock for the city's portion of the state sales tax.

The check sent the city of Lorraine amounted to \$261.18. Bullock said in an accompanying letter that checks worth \$28.8 million went to more than 800 towns and cities in the

third round of monthly city sales tax rebates.

The June payments were considerably higher than the previous two months' because of big end of the quarter tax payments made by merchants following the April 30 deadline for reporting taxes they collected from the public in January, February and March.

Bullock converted the city sales tax payments to a monthly system in April to get away from the old quarterly rebate system which had been in use since the start of the city sales tax and which forced cities to wait 60 to 90 days for their money.

"The interest alone--at six per cent--on the \$1 million we paid in April and the \$19.9 million we paid in May was worth a good quarter of a million dollars to the cities just by not having to wait until now for a quarterly payment," Bullock said.

Every city which has adopted the one per cent local tax received payments this month regardless of the size of the rebate. Payments in the first and second month of each three-month cycle are not made on rebates of less than \$500.

Makeup Games Scheduled

Make-up games have been scheduled this next week for the church league softball teams to play games that could not be played this past week due to rain and wet grounds.

However, there was action in other city baseball leagues this past week.

In Little League action Thursday, the Yankees and Giants tied 10-10 and will continue their game next Saturday and the Rangers edged out the Tigers 12-11 to remain tied with the Giants for the league lead in the second half. The Dodgers and Indians won the first half. The Giants will have to win their game with the Yankees in order to remain tied for the lead with the Rangers.

Friday, the Indians downed the Pirates 14-13 and the Dodgers won over the Astros 12-3.

In Junior teenage league action, the Pirates won 7-3 over the Astros.

Dr. Billy B. Bridgford, who practices dentistry in Colorado City with his father, Dr. R. D. Bridgford, recently received notification that he will be honored by induction into the American College of Dentistry during the national meeting of the American Dental Association in Chicago in October.

Recommended by his fellow practitioners of dentistry, Dr. Bridgford was elected for induction on the basis of public service and involvement in civic affairs beyond the duties of dentistry.

The young doctor will be led through the colorful induction ceremony by his father, who was inducted into the College 25 years ago at the Washington, D. C. convocation.

He is a native of Colorado City, a graduate of Colorado High School and a member of the Regional football championship team which defeated Stamford in Bi-District competition.

After graduating from Baylor University, he served two years

in the Air Force in England, then returned to Colorado City about 10 years ago to go into practice with his dad.

He and his wife, Judy, have

two daughters, Brittany and Bridget.

His wife, mother and father will accompany him to Chicago for the induction ceremony.

A New Life

Robert Bracy

Pastor

St. James Baptist Church

Colorado City

And they were all filled with the Holy Ghost-- Acts 2:4.

And they continued steadfastly in the apostles' doctrine and fellowship, and in breaking of bread, and in prayers.-- Acts 2:42.

Picture in your minds the friends of Jesus after His Resurrection and Ascension. They are gathered together without the physical presence of this One who had been their leader for three years. Together they pray for guidance, direction, inspiration, asking the natural question, "What now? Where do we go from here?"

Somewhat, in a way imaginatively explained in the New Testament, they experience the power of God giving them new life. They become so excited, so stimulated, so on-fire with religious zeal, that some observers, say they are intoxicated.

That Pentecostal experience causes us to ask ourselves not simply, "Did it happen?" but more importantly, "Can't it happen to us?" The New Testament answer is in the promise of Christ, "I am with you always." That would say to us that no matter who we are or where we are, we may have new life because the Spirit of God is alive and present in this world. This is the message of Pentecost. Can we believe it?

But someone will ask, "How does this new life,

this power of God come to us?" One thing is certain--we cannot fit the Holy Spirit into a system, a formula, a program and say that this is the only way God's Spirit works.

His power is not limited to our understanding of it. At the same time, we may learn from the experience of others as to how that Spirit worked with them.

Some insight as to how the early disciples of Jesus experienced new life is given in Acts 2:42. It suggests four thoughts to us.

First, new life may come as we share with one another what we have learned about God and life and each other. Note--"they were all filled with the Holy Spirit," which would say that each one had some knowledge, some truth, some understanding to share with the others.

Secondly, new life may come when we share with one another our beliefs, our feelings, our hopes, our experiences. Fellowship, in the best sense of that word, is not some backslapping, "glad-to-see-you" sort of thing based on mutual hobbies, economic standing, or neighborhood associations. Fellowship of the New Testament variety is openness, sensitivity, a willingness to hear, running the risk of getting really known and possibly rejected.

Thirdly, new life may come

in the breaking of bread. In worship we call it the Holy Communion. Outside the worship service, it means having the courage to part with what we own, with what is important to us for the sake of others--as Christ gave us His body and blood.

Finally, new life may come through prayers, for in this way we do more than talk about ourselves to one another. Here we confess the need for a power beyond ourselves, and we commend ourselves and each other to the Source of life, asking that His way and His power may come, and that His purpose is accomplished in us, through us, and even in spite of us.

Consider the idea that our lack of power and enthusiasm is due to the fact that we block God's available power by our self-consciousness and our self-centeredness.

We worry and fret about what others think; we demand our own way; we are so certain that our methods and decisions are right. As a result we become frozen, unable to move and respond to the Spirit's power and inspiration. Pentecost reminds us that the Spirit of God is available and can do marvelous things for us if we share together, confess together, break bread together, learn together, be open together and pray together.

Tour Report

A range tour held recently on the Wylie Estate Chadbourne Ranch in southern Nolan and northern Runnels counties featured an indepth look at the short duration-high intensity grazing system now in use on the ranch.

The ranch has from six to eight pastures in each short duration grazing system. All of the livestock are put in one pasture and rotated when they have harvested the desired amount of grass.

Grazed pastures are then rested for about six to eight months before being turned in on and grazed again.

Key to the system is the brush management that each pasture was subjected to - rootplowed, raked and seeded to a mixture of grasses.

Prior to brush management, the stocking rate was 20 acres per animal unit.

The present stocking rate is 10 acres per animal unit with plans to increase this stocking rate.

About one-third of the brush was left in each pasture for wildlife. The present deer population is about one deer for each six acres, deer preferring to stay in pastures not being grazed by livestock.

Sen. Farabee Opposed School Finance Plan

State Senator Ray Farabee has termed the 64th Session of the Texas Legislature as "generally good and productive."

In reference to his legislative program Farabee explained that he had not gone to Austin with a suitcase full of bills. "However, as situations in need of legislative action were brought to my attention," the Senator said, "I was glad to be of help."

Farabee noted that while the introduction and passage of legislation is an important part of his responsibility, an equally important duty is to determine the impact of legislation on the 30th Senatorial District.

The Senator also noted that, "Many times legislation is introduced to take care of a specific problem in a particular area of the state but adversely affects another area of the state. For example, the Legislature considered a bill which would have regulated ambulance service in the state. The bill set up standards so rigid that it would have put many rural volunteer ambulance services out of operation."

Senator Farabee successfully amended the bill to exempt rural areas.

Farabee said he had some reservations about the major issues passed by the Legislature in terms of their impact on the 30th Senatorial District.

"In the area of utility regulation, I think a better job of regulation could be done at the local level. I would like to have seen a bill which required utilities to adopt uniform accounting procedures while providing local officials with any technical assistance they might request. In doing so I believe we could have kept control at the local level rather than shifting it to Austin," the Senator stated.

In the area of school finance reform Farabee said that it was inevitable that Texas' system of school finance be reformed. The Senator said, however, that he voted against the school finance bill because he felt its impact would be too severe on some schools in North and West Texas.

Farabee did indicate though that the taxing burden on many schools would not be significantly affected and some schools would have less of a burden under the new plan. As the Legis-

lature debated the bill Farabee and several other rural Senators amended it to ease the initial burden brought about for local school districts.
