YEAR'S FIRST

Major Viet Clash Told

By THOMAS A. REEDY

SAIGON, South Viet Nam (AP)—Allied forces reported today 91 Viet Cong were killed and at least 123 captured in their first sizable clashes since the end of the lunar New Year truce four days ago.

The South Vietnamese army's 9th Regiment struck the hardest single blow in a surprise attack on a Viet Cong training camp in the upper reaches of the Mekong Delta near the Cambodian border.

A government spokesman said 14 hardcore guerrillas were killed and 114 captured, including a training chief. The government troops also seized 117 suspects, many of them thought to be new recruits, and a batch of weapons and ammunition.

The 9th Division carried off the strike Wednesday morning by sending a spearhead of infantrymen into the camp 80 miles southwest of Saigon while another regiment in armored personnel carriers blocked the enemy retreat. Government casualties were reported light.

A South Korean platoon patroling Route 1, the main north-south highway, bumped into a force of about 70 Reds Wednesday night near Bong Son, 275 miles northeast of Saigon. In the fight 35 Viet Cong were killed, two captured and two carbines seized while the Koreans took only light casualties, a spokesman said.

The U.S. 1st Cavalry, Airmobile, Division, operating in the same coastal plains as the Koreans, reported 27 Viet Cong killed and 78 suspects and eight tons of Communist rice stores seized.

U.S. Marines on similar missions outside the sprawling Da Nang military complex, 380 miles northeast of Saigon, counted seven Viet Cong dead and three captured. Three of the guerrillas were hit when the Leathernecks exploded grenades in a large tunnel, which also yielded three Soviet and two American rifles.

But 20 to 30 guerrillas caught a Leatherneck squad waiting in ambush 5 miles northwest of Chu Lai, another Marine coastal base 50 miles south of Da Nang, and inflicted heavy casualties, spokesman said.

Worker Killed In Contact With Wire

DALLAS (AP)—One man died and another sustained serious burns Wednesday when a cable touched a high tension power line they were using to install lights at a junior high school.

James Wesley Simmons, 28, was killed. Wallace Harlow, 57, suffered severe burns on his hands and feet.

Tower To Speak

MONAHANS Tex. (AP)—Sen. John Tower, R-Tex., will speak Thursday night at the annual Monahans Chamber of Commerce dinner.

Red Denied Burial Plot In Arlington

WASHINGTON (AP) — The Defense Department today barred convicted Communist party leader Robert G. Thompson, a decorated veteran of World War II, from burial in Arlington National Cemetery.

The action was disclosed in a terse statement which said: "The decision followed a review of the facts, including an opinion from the attorney general of the United States."

The Pentagon said Thompson, who won the Distinguished Service Cross for valor in the New Guinea campaign of World War II, "will not be interred in Arlington cemetery."

Disclosure last week by Thompson's wife that he would be buried in Arlington Jan. 31 caused a wave of protests from veterans organizations and individuals.

Two days ago, the Pentagon ordered the burial delayed pending a legal opinion from the Justice Department.

Thompson died last October at the age of 50. He was cremated and his ashes were to be interred in Arlington.

In announcing its action today, the Pentagon released a letter from Atty. Gen. Nicholas Katzenbach which noted that Thompson had been sentenced to three years in prison after conviction in 1949 of conspiracy to advocate forcible overthrow of the government. He jumped bail and on being arrested again was sentenced to four more years. He served a total of five years and one month.

Reds Make Statement On Mott

By FRED COLEMAN

MOSCOW (AP)—Moscow Radio asserted today the U.S. Embassy had not exhausted bail or exchange possibilities in the case of Newcomb Mott and furnished the razor blade with which he cut his throat. The embassy called the account "a rather distorted version of the facts."

The broadcast said Mott, 27, received the razor blade in a package of personal effects from the embassy. An embassy spokesman retorted that the Russians still have not identified the instrument that made the fatal wound.

The embassy also showed irritation at the charge regarding bail and an exchange of prisoners. Mott, from Sheffield, Mass., died Jan. 20 on a Soviet train taking him from a Murmansk jail to a labor camp to complete an 18-month sentence for entering the Soviet Union illegally.

The spokesman declared the embassy had exhausted all possibilities in an attempt to get Mott released on bail.

The embassy has refused to accept or reject the Soviet suicide explanation pending the outcome of a full investigation promised by the Russians.

Moscow Radio said Mott was in a compartment of a prisoner train and had beat himself against the walls before cutting his own throat in a "state of violent nervous disorder."

Mott's parents, Mr. and Mrs. Howard Mott, have said they think the Russians murdered their son.

The embassy, meanwhile, took possession of the body of Mott, a book company salesman arrested last Sept. 4. The body will be shipped home by plane Friday night.

Tug Regains Some Control

PORTSMOUTH, Va. (AP) — An 8,000 ton merchant ship with 39 crewmen aboard regained steering control early today, the Coast Guard said. But the danger of shifting cargo still posed a threat in choppy seas off North Carolina.

Efforts to stabilize a cargo of truck trailers and railroad cars on the Sea Train New Jersey were apparently successful, the Coast Guard said, but storm churned waves could still cause new trouble.

The 483-foot vessel, en route from Puerto Rico to New York, had earlier indicated that some of her cargo had broken loose. Early morning visual contact was made by the tanker Hess Voyager. Two other tankers, the Esso Miami and the Esso Houston, were in the area.

PROMINENT BANQUET ROLES — These three have prominent roles in plans for the annual banquet of the Snyder Chamber of Commerce scheduled for Saturday night at Snyder High School. Bentley Baize, left, chamber vice president, and Bill Seale, right, chamber president, display tickets to the event. At center is Mrs. Wendell Rehm who will present piano music in the high school auditorium at the outset of the banquet program. Dr. Robert F. McDermott, dean of the faculty at the U.S. Air Force Academy, will be the banquet speaker, and special entertainment will be presented by the Snyder High School stage band. Tickets to the banquet, priced at $3 each, are still on sale. A final planning session for the banquet was held this morning at the chamber office in the city hall.

Johnson Offers New N-Disarmament Plan

GENEVA (AP) — President Johnson formally proposed today a seven-point program to halt the spread of nuclear weapons.

The President acted in the face of escalating war in Southeast Asia and the possibility of acquiring atomic weapons by at least 10 nations in addition to the existing atomic powers.

In a message to the 17-nation disarmament conference opening in Geneva, Johnson urged that the atomic arms race be stopped and that existing stockpiles eventually be eliminated.

Pope Paul VI also sent an urgent appeal to the conferees to do their utmost to erase the spectre of war.

Johnson pledged to work for peace and disarmament "even while our own nation is engaged in necessary resistance to aggression in Southeast Asia."

"We must press on with our work in Geneva," the President's message said. "It is true that our meeting is shadowed by continuing aggression against the people and government of South Viet Nam.

"There are differences among the members of this conference on Viet Nam, but these differences make our common interest in preventing nuclear spread and curbing the nuclear arms race all the more important to pursue."

U.N. Secretary-General U Thant's representative delivered the Pope's message at the resumption of the negotiations here today.

"It is becoming more and more obvious that no lasting peace can be established until there has been an effective, general and controlled reduction in armament," the message said.

The talks resumed with a flicker of hope.

The United States and the Soviet Union, cochairmen and major antagonists in the 4-year-old discussions, seem to have moved a bit closer to each other during the four-month recess of the conference.

In disarmament discussions in the U.N. General Assembly in New York, both sides have warned that time for agreement soon may run out. They have drawn a grim picture of the threat of a spread of atomic arms.

Dies In Shooting

DALLAS (AP)—James Alton Lewis, 42, died of gunshot wounds Wednesday night in his bedroom. Police said a 32-year-old man was placed in jail for investigation of murder.

Says Caution Is Essential

By DOUGLAS B. CORNELL

WASHINGTON (AP) — President Johnson said today the nation has achieved the ability to ward off recessions, hold booms in bounds and keep an American economic miracle going in 1966.

Johnson attached a condition to this glowing outlook: wage and price decisions by labor and business must be "sound and responsible — just as I am determined that public decisions will be fully responsible."

"If they are," the President said, "the American economic miracle will remain in 1966 the single most important force in the economic progress of mankind."

This was in an 8,000-word message he sent to Congress along with the annual report of his Council of Economic Advisers.

The report was a bit less exuberant in languange than the message. But sprinkled through both were sentences and phrases of unvarnished optimism, qualified here and there with a word of restraint or caution.

The forecasts are for more business, more jobs, more profits, more spending and what Johnson called a "strong thrust of progress."

The President said: "Our nation's industries, shops and farms — our workers, owners of business, professional men and women — prosper today far beyond the dreams of any people, anytime, anywhere."

The President made some other points:

"Recessions are not inevitable."

"We have learned how to achieve prosperity."

"Our prosperity does not depend on our military effort."

"Our defense needs are great; but our growth is far greater."

"In only seven other countries of the world is TOTAL output in a year as large the INCREASE in our output last year."

"I am unwilling to declare a moratorium on our progress toward the Great Society."

"Excansion need not generate inflation."

Throughout the message and the economic report, nevertheless, there was repeated emphasis on holding the line against inflation.

Johnson told labor and industry, repeatedly and in various ways, that it is vitally important for them to follow guideposts set out by the three-man Council of Economic Advisers headed by Gardner Ackley.

Designed to keep wage and price increases with noninflationary limits, the guidelines are pegged to increased productivity. The council — and it gets some arguments on this — figures that increase at 3.2 per cent a year.

It specifically recommends sticking to that percentage and holding all boosts within that boundary.

"Perhaps our most serious economic challenge in 1966," he told Congress, "will be to preserve the essential stability of costs and prices which has contributed significantly to our balanced progress."

New requirements of the war in Viet Nam make it more difficult to keep prices stable, the President said. Again he warned of possible tax increases rather than more reductions.

Mrs. Jones Dies Today

Mrs. Virginia Lee Jones 51, died at 8:50 a.m. today at Cogdell Hospital after a lengthy illness.

Funeral services are set for 2 p.m. Saturday at the Union Baptist Church, with Dr. A. B. Lightfoot, pastor of First Baptist Church, and Rev. Guy White, pastor of Union Baptist Church, officiating. Burial will be in Snyder Cemetery under direction of Bolger Funeral Home.

Mrs. Jones is survived by her husband, Hollis Jones.

Mrs. Jones was born Jan. 16, 1915, in Tuscaloosa, Ala., and was married to Mr. Jones Aug. 22, 1929 in Tuscaloosa. She had been a Scurry County resident for 19 years, and was a member of the First Baptist Church.

Newton To Seek Legislative Post

Gene Newton, 30-year-old Snyder school teacher, has announced that he will be a candidate for State Representative of the 74th District in the May 7 Democratic Primary.

Newton, the son of Harry and Merle Newton, was born in Beaumont and is a graduate of Snyder High School and of McMurry College. He has done graduate work at Denver University, Texas A&M University and Texas Tech.

At present he is a teacher in the Travis Junior High School in Snyder.

He is a member of the Methodist Church, Phi Kappa Sigma fraternity, the NEA, TSTA, CTA and NSTA.

"I believe a representative should represent the people and his voting record should reflect their wishes," Newton said in announcing as a candidate. "I would like to be the 'man in Austin' for the people of the 74th District."

Based on the recent Reapportionment Act, the 74th legislative district of Texas is composed of Baylor, Borden, Fisher, Garza, Kent, King, Knox, Scurry and Stonewall Counties.

Newton is the second candidate to announce for the post this week. Renal B. Rosson, the incumbent, announced Wednesday that he would seek reelection.

BIOLOGICAL MYSTERY

Orbiting Spud May Be Key

By WILLIAM J. SCHIFFEL

DETROIT (AP) — A common potato that sells for pennies a pound is going to be carried into space soon by a multimillion-dollar rocket to search for what scientists hope will be a key to a biological mystery.

Hoping to discover that key, Space Defense Corp. in suburban Birmingham, Mich., in conjunction with the National Aeronautics and Space Administration, plans to orbit the potato within the next two years.

The high-flying potato project has been christened "Spudnik."

Bruce Pinc, a biologist with Space Defense Corp., says "the possibilities of this thing are enormous. If Spudnik accomplishes what we expect, its potential in the study of the entire area of biological science is staggering."

Spudnik is designed to probe what Pinc calls the "riddle of biorythmicity, one of the five most important questions in biological science."

Pinc said biorythmicity describes the tendency of living organisms to become active at regular, predictable intervals.

"It's all very well to say sudden spurts of growth in adolescents are due to an increased presence of the growth hormone," said Pinc. "What we want to know is what stimulates the gland which produces the hormone and why the stimulation occurs."

Pinc said one school of thought contends clock-like mechanisms inside the cell control activity and that no outside forces influence stimulation of cells.

Another view says outside forces such as the sun, moon and gravity dictate variations in organic activity. The greatest problem in attempting to prove the theory has been the near impossibility of eliminating such outside forces in experimentation.

"By taking advantage of space we get away from the exertion of all earth-bound forces," Pinc said. "We have a virtually empty environment, and if standard biorythmicity occurs we can be relatively sure the cause is inside the cell."

But why a potato?

Pinc says, "What's more simple than a potato? It is one of the most homogeneous masses existent."

Pinc and Dan Foster, another scientist, says results of their tests so far tend to back up the theory of outside influence on cellular activity. But they're not drawing any conclusions yet.

JEPTHA LANDRUM JR.

Landrum Is Candidate For Commissioner

Jeptha Landrum Jr. has thrown his hat in the ring as a condidate for county commissioner, Precinct No. 2.

Born and raised in Scurry County, Landrum said he was acquainted with the geography and history of the county.

"I am not a middle of the road man, but lean toward each individual and keep their interest at heart. And I will discharge my duties by putting the people first. I have the type of background necessary to constructively administer the office."

Landrum noted that his father ran as a candidate exactly 30 years ago and that he is exactly the age his father when he last ran.

Taylor Hint Of Renewed Strikes

WASHINGTON (AP) — Gen. Maxwell D. Taylor, a top adviser to President Johnson, says the reasons for continuing the lull in the bombing of North Viet Nam targets are exhausted and "we must keep the pressure on."

His declaration was viewed as one of the strongest indications yet that the United States soon will resume its air strikes.

Taylor, former ambassador to Saigon who now is a presidential consultant on Viet Nam, was at the President's side Tuesday night during a top-level White House meeting with congressional leaders.

Less than 24 hours later, Taylor told a New York news conference that he felt the bombing pause was justified "in spite of the obvious military disadvantages."

"We have shown friends and foes the sincerity of our peaceful purposes," he said.

"But the reasons for continuing it are exhausted."

He said, "We must keep the pressure on until the other side decides that there is no chance of our breaking."

Earlier in Washington, Secretary of State Dean Rusk said on Capitol Hill that the United States has carried its peace efforts "from A to Z and almost through Z.'

Democratic Senate Leader Mike Mansfield, who has opposed renewal of air attacks on North Viet Nam targets, credited the President with having accomplished at the Tuesday night meeting the kind of consultation with Congress that some critics have been demanding.

Sen. J.W. Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee, who wants the bombing pause extended, and Senate Republican Leader Everett M. Dirksen, who has taken no position on the matter, have urged such consultations.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I have been married only three weeks and already I have a problem. I work in a warehouse and we aren't allowed to smoke on the job, so I chew tobacco. Doing heavy work, I sweat a lot. When I come home from work and go to hug and kiss my bride, she pushes me away and says, "Go brush your teeth and take a shower; you smell terrible!" How is that for a welcome home?

I say if she really loved me she wouldn't care how I smelled. She says if I really loved HER I wouldn't come near her smelling like that. A big fight follows, and even after I clean up I wouldn't go near her if she got on her knees and begged me to.

So it's been five days and I haven't gone near her. Am I wrong, or is she?

BIG JOE

DEAR JOE: You're wrong. She loves you, but tobacco breath and perspiration are enough to wither any passion flower. So in the future, when you come home from work, head straight for the shower. Scrub up and wash out your mouth. (And a little men's deodorant and cologne wouldn't hurt, either.) Then take her in your arms and see what kind of welcome you get.

* * *

DEAR ABBY: I have been married for 18 years to a wonderful woman. We have no children at home. I own my own business, and give my wife $100 weekly for her own personal use while I pay all the bills. Here is the problem: Although we live in a 15-room house with nine bedrooms, my wife allows her mother, who is in excellent health, to be in a "rest home." I have asked my wife many times to bring her mother here to live with us. Her only excuse is that she will "upset the smooth running of our home." This is a laugh. There is nothing to do here, and my wife has help. If it were MY mother, I would insist that she live with us. But because it is my wife's mother I feel my wife should make the offer. She reads your column. Perhaps you can awaken her to her responsibility.

BEWILDERED

DEAR BEWILDERED: Consider the mother. She will probably be much happier at the rest home than living with a daughter who doesn't really want her.

* * *

DEAR ABBY: For years I had a wart on my finger. It didn't bother me much except when I'd catch it on something. Then it would bleed. But it never really hurt me or anythin like that. Well, I was at a neighbor's one afternoon and her mother was visiting her. She noticed the wart on my finger and told me if I wanted to get rid of it I should tie three knots in a piece of string and bury it in my yard. And when the string rotted, my wart would go away. Abby, I did what she told me to do, and within three weeks my wart was gone. How can you explain this? Nobody believes me.

SYLVIA

DEAR SYLVIA: There is no scientific explanation for some of the "cures" that seem to work. The removal of warts is a medical problem. There's no harm in burying a piece of string in the yard, providing one doesn't bury the string INSTEAD of seeing a doctor.

* * *

DEAR ABBY: Re the letter from the woman who complained that her 25-year-old brother is able-bodied, intelligent and unemployed. She said he lives at home, sleeps 'til noon, plays pool all day and tells his parents he is job hunting. His mother buys his clothes and provides him with a car and spending money. The mother was advised to throw him out, but she won't. The letter was signed "AUS-GESPIELT," which means "all played out" in German. Our 22-year-old son recently returned from Vietnam and landed a job in one week. He has no car, buys his own clothes and pays board and room. Would you please send him the address of "AUS-GESPIELT'S" mother? He'd like to move in.

Car Damaged In Fire Wednesday

A car owned by Dixie Fabricators Instruments Division, Houston, received considerable damage in a fire on the Old Colorado City Highway about three miles south of town at 9:45 a.m. Wednesday.

The vehicle, a 1963 Model Chevrolet, was driven by I. L. Butler, an employe of the firm. Firemen said he told them a wheel cylinder apparently burst, igniting a tire.

Couple Hurt In Mishap

An Ira couple was injured in a two-vehicle mishap some 10 miles south of town at the Dunn-Ira cutoff of the Colorado City Highway about 6 p.m. Wednesday.

Taken to Cogdell Hospital by Bell-Seale ambulance were Mr. and Mrs. J. H. Word of an Ira Star Route. They were admitted to the hospital where their condition was described this morning as satisfactory. They complained of chest injuries, but the extent of the injuries was undetermined.

Damage to Word's 1965 Model Dodge was estimated at $1,000. Damage to the other vehicle, a 1965 Model Chevrolet pickup operated by Bill Valentine of Snyder, was set at $900.

Highway patrolmen said the accident occurred as Valentine was going south on State Highway 208 while the Words were traveling west on FM 1606.

VFW Post 8231 and the Ladies Auxiliary will join to sponsor the Kelly Miller Brothers Circus, to show Thursday, April 7 at VFW Show grounds. This circus is the second largest 3-ring circus in the United States.

The circus will be held under canvas, with trapese artists, animal acts, clowns and many other acts to provide entertainment for young and old alike.

Free childrens' tickets may be obtained from local merchants who are participating to help make the event a success.

Portions of the funds raised will go to help equip the Boys' Club and for other community projects.

WOMEN

MALA RUBINSTEIN, niece of cosmetic firm founder, Helena Rubinstein wears a balenciaga suit in burgundy with pink scarf and amethyst jewelry for this photograph in her art-filled apartment.

She's No Carbon Copy

By JEAN SPRAIN WILSON
AP Newsfeatures Writer

NEW YORK (AP) — When Mala Rubinstein's doughty aunt died at age 94 last April leaving the vast cosmetic empire in her hands, someone said, "So you're going to be Helena Rubinstein the second"

"I'm going to be Mala Rubenstein the first," she snapped.

Mala's reply is indicative of her determination to have her own personality — this woman who for more than 30 years had trained for the day last spring when she was to step out of the shadows of the legendary Helena Rubinstein and into her own.

Mala the niece has the same erect carriage. She pulls her dark silky hair into a knot at the nape of her neck as her dynamic aunt did. She has expressive Rubinstein hands, she now has a marvelous milk white complexion — the kind that aided the shrewd Helena parlay a few jars of face cream into a multi - million dollar beauty aid empire.

But she is emphatically no carbon copy. Her indomitable aunt who thwarted jewel thieves in her apartment at age 93, always appreciated her spunky independence, friends say.

Actually, teen-age complexion problems which she cleared up after advice in letters from her aunt, inspired Mala to leave Cracow, Poland and join the then already renowned businesswoman in Paris 30 years ago. There she worked long hours in the laboratories in the sales division — anywhere she could learn. "My aunt believed in hard work," she says. Eventually, she came to America, and became before Helena Rubinstein died, not only her right hand, but her left hand, too.

Somehow there was time in the beginning to meet handsome, courtly Victor Silson, an industrial designer and to be won by him. Today he is in charge of creative packaging for the many cosmetic preparations which she, as head of the company, oversees today.

Once the day's tasks are done, they return to their tastefully opulent mid - town apartment where art treasures from their travels occupy every nook and cranny and nearly every patch of wall.

Theirs is a typically cultivated city life, they give intimate parties at home limited to a dozen guests, and regularly attend the theater, muscal performances, and the art museum. On weekends, as long as the weather is nice, they hurry to their seaside home in the West Hampton, L.I., where both love swimming in the chilly waters.

Although they are childless, the Silson household is a standard listening post for the troubles of nieces and nephews on both sides of the family.

Youth fascinated Helena Rubenstein, who miraculously preserved its quality within herself until her death. Youth also fascinates Mala Rubinstein.

For many years she has been interested in a variety of programs directed at teaching young women proper makeup manners. Now she is fascinated with the idea of teaching middle - aged women the tricks the young people may already know, cosmetic techniques that would erase years from their appearance.

She is especially enchanted over the cosmetic outlook for the new generation. As head of one of the world's largest firms with great research laboratories Mala Rubinstein knows of some of their beauty aids which will be theirs to use in four or five years. It takes that much time, she says, for a new product to be researched thoroughly and market tested before reaching the buying public.

Youth - preserving vitamins and hormones are being pumped into face creams at a rapid rate. Is there a chance that women may permanently overcome their wrinkles?

Mala Rubinstein is sure of it, although she does not believe that all wrinkles deserve to be conquered. Some are a woman's friend, she insists. They add character to what might otherwise be uninteresting countenances.

Will there be a possibility in the distant future that our beauty aids will be administered internally, by popping pills in our mouths?

"Well, vitamins and diet pills are beauty aids that we take in that manner already," she counters.

But it is within the realm of the imagination to predict that other kinds of pills may someday affect the color of hair, complexions, possibly even the eyes.

Isn't there an old adage somewhere that real beauty always comes from within?

TO PROMOTE 1968 HEMISFAIR

Connally To Tour South America

By GARTH JONES

AUSTIN (AP) — Gov. John Connally has plans to handshake his way across several South American countries inviting them to take part in San Antonio's 1968 HemisFair.

Connally said Wednesday he will leave Feb. 21 by commercial airline and will spend at least a week calling on the presidents of Venezuela, Brazil and Argentina.

If schedule arrangements can be made, Connally said he also hopes to visit Chile and Peru.

"In each of these countries I will try to call on the president and invite the country to take part in the Hemisfair," Connally told a news conference.

In 1964, Connally took an unprecedented flying tour of Mexican states bordering on Texas, stressing across-the-border business and social interests.

At a recent San Antonio news conference Connally proposed that the $4.5 million appropriation by the 1965 Legislature for a HemisFair building be upped another $5.5 million by the 1967 Legislature. The building would be used by state agencies after the HemisFair.

Connally will be accompanied by Mrs. Connally, Tom C. Frost Jr., San Antonio banker and HemisFair vice president in charge of international participation, and Carlos Freymann, HemisFair staff member in charge of Latin-American participation. Connally said HemisFair is footing the bill for the South America trip.

Connally also commented briefly on a number of other subjects at the press conference. They included:

Taxation—"it is almost inevitable we are going to be looking at increased expenditures in a substantial amount (in the 1967 Legislature), but I won't attempt to indicate the magnitude of any new tax program."

His gubernatorial opponent—"I did not see the (Stanley Woods) telecast but several who did told me it was like a very entertaining tag match with a great deal of sound and no substance."

His land holdings—"I don't think it is any secret that I own some ranch land and farm land and that is my business. I don't own 30,000 (as Woods said) but I wish I did." Connally added that he had acquired about 14,000 acres since becoming governor.

Young Mother Re-enrolled In High School

ALVIN, Tex. (AP) — Mrs. Kathy Ann Cooper, 16, mother of a seven-month old daughter, was back in Alvin High School Thursday despite a school board policy which prohibits married students with children to attend classes.

The school enrolled Mrs. Cooper as a sophomore last Monday after a district judge indicated he would grant an injunction against the school district if it refused to admit her.

However, the board plans to challenge her enrollment in the courts.

Mrs. Cooper dropped out of school a year ago, was married and gave birth in June, 1965. She is now seeking a divorce and wants to finish high school and enter college.

The school had refused to enroll her because of its policy and she sought the district court injunction.

At the injunction hearing last week Judge G. P. Hardy Jr. of Wharton, Tex., said if the school did not reach an agreement which would allow Mrs. Cooper to return to school Monday, he would grant the injunction.

He said his study of the law showed the young mother is entitled to attend school.

The school's policy states in part:

"If a married pupil wants to start her family, she must withdraw from public schools. Such a pupil will, however, be encouraged to continue her education in the local adult education program and correspondence courses."

Mrs. Cooper contends she cannot take sufficient correspondence courses to get her high school diploma and cannot enroll in adult education classes at Alvin Junior College because she is only 16.

Cougars Clip Bruins, 92-91

By The Associated Press

Houston University, clashing with three Southwest Conference teams in non-conference basketball games this week, started off by tripping Baylor 92 - 91 in overtime Wednesday night.

Texas Christian will invade the Houston Cougars' den tonight and Texas A&M, the league leaders, journeys there Saturday night.

Another Southwest Conference five, Arkansas, plays Mississippi State at Little Rock tonight. The Razorbacks will hit the road to meet Georgia Tech Friday night in Atlanta.

Conference action will be resumed Saturday as challenging Texas Tech takes on winless Rice at Houston in a day game which will be regionally televised, and Texas Christian rides the turnpike to Dallas for an important game with Southern Methodist.

In Wednesday night's game, Houston blew a four - point lead in the final minute of regulation play.

Darrell Hardy took a long pass and scored on a layup to put the Baylor Bears within a basket of tying the score. A charging foul by Joe Hamood of Houston gave Baylor the ball again and Hardy sank a shot from the corner to knot the count at 83-83 just before time ran out.

Hamood then sank a free throw with seven seconds left in the overtime for the winning margin. He missed a second shot, leaving Houston with a three-point margin.

The Bears managed a final desperation basket but still fell a point short of tying the score again.

Baylor led most of the first half and held a 47-40 margin at intermission. Houston caught up in the seocnd half and once forged ahead 78-70.

Hamood scored 27 points and teammate Elvis Hayes 26 for Houston. Hardy paced Baylor with 21.

Canadian Has Confidence

NEW YORK (AP) — Bill Crothers, a quiet, soft-spoken Canadian who doesn't waste words, laid it on the line about tonight's duel with Kenya's Kipchge Keino in the Wanamaker Mile at the Millrose Games.

"It'll just depend on how much guts I have," he said. "If I have lots, I'll run a 3:58. If I have none, I'll do a 4:10."

The match-up of the Kenyan, who has ripped off two world records in the last few months, and has become one of the world's most exciting runners, and Crothers, one of the world's finest middle-distance runners, easily tops the card for the first of the New York indoor meets.

But it has to share some of the glamor with spectacular fields in other events.

For example, John Pennel who set an indoor mark of 16-9¼ last week in Los Angeles, has announced an attempt at 17 feet in the pole vault.

John Thomas, attempting a comeback in the high jump, will be challenged by Frank Costello, a seven-footer from Maryland.

But it's the mile that will draw the most attention. Besides Keino and Crothers, the field includes Olympic 1,500-meter silver medalist Josef Odlozil of Czechoslovakia, Bob Day and Keith Forman, both sub-four milers, and Canadian veteran Ergas Leps.

Keino is the headliner. The 26-year-old Kenyan policeman has set world marks at 3,000 and 5,000 meters and has clipped off a 3:54.2 mile — all outdoors.

He has run only twice indoors, both last week in Los Angeles. He lost the mile to Jim Grelle's 4:00.9 effort; but came back and took the two mile.

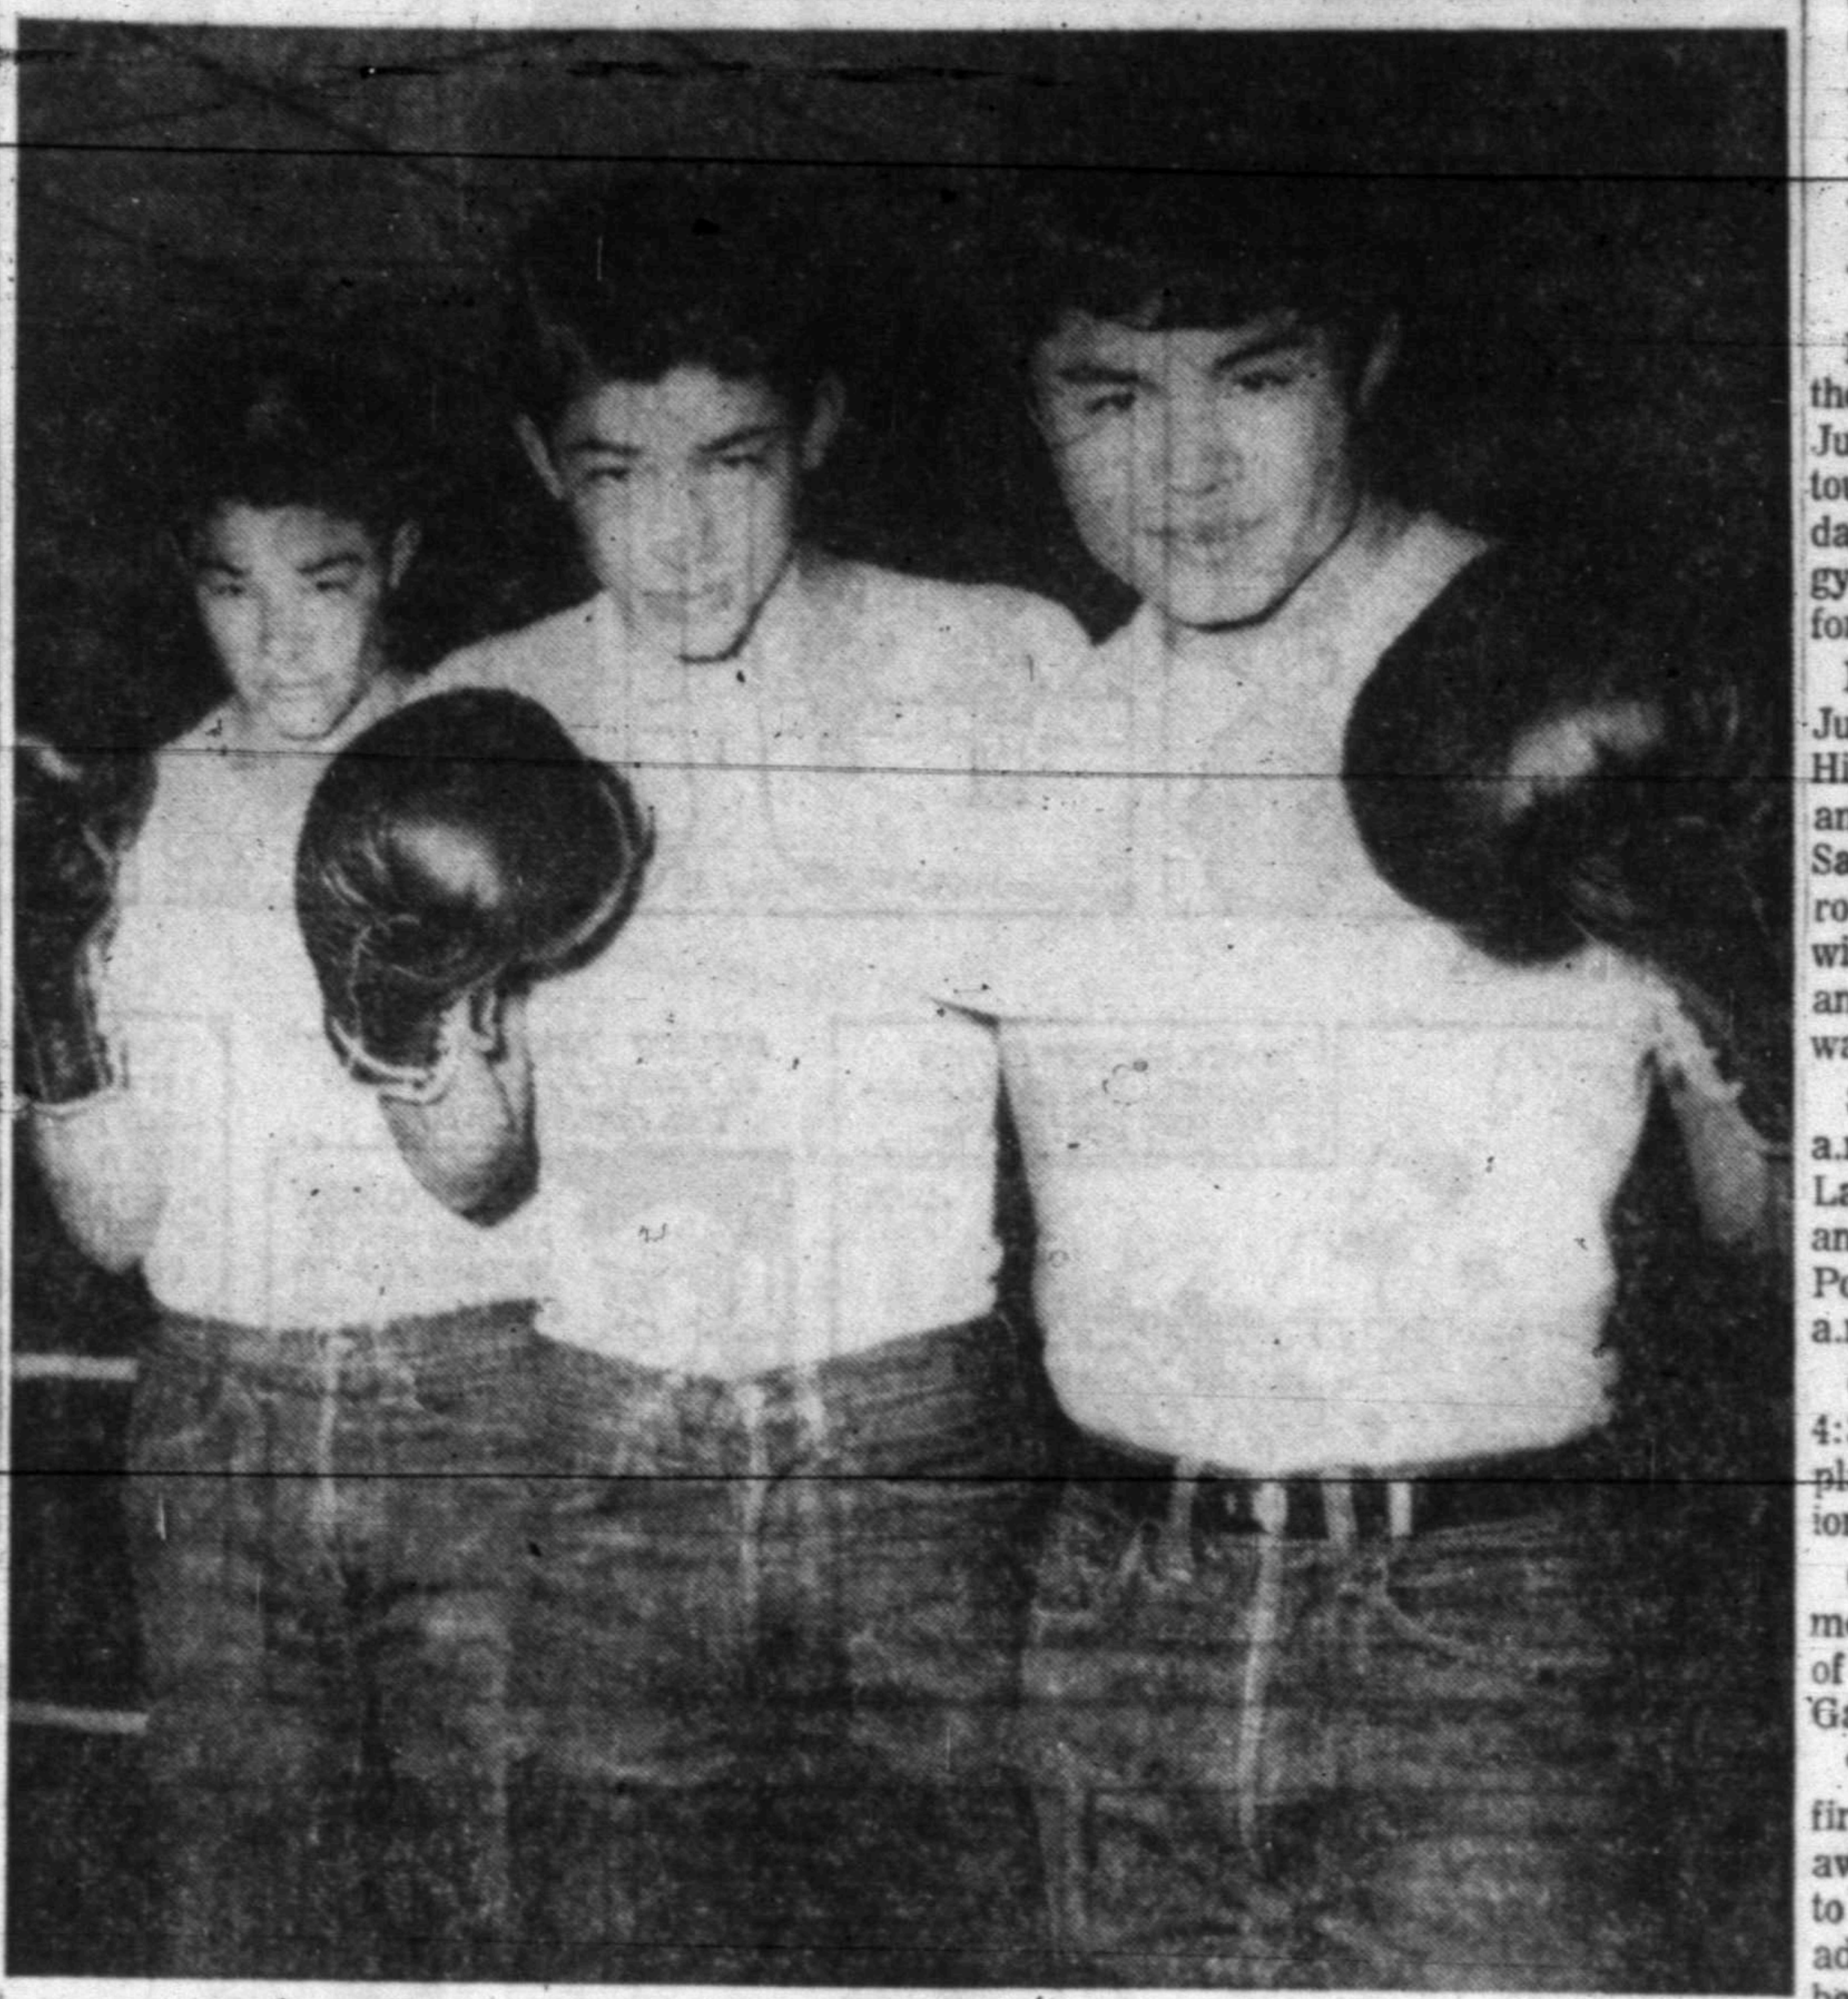
Junior High Tourney Set Friday At Travis



BOXING AGAIN — The Boys Club boxing program, halted temporarily after a recent fire, revives again tonight with several matches featuring younger boxers. The program will be held beginning at 7:30 p.m. tonight in the new temporary location of the Boys Club at 2403 Twenty-fifth Street on the Lamesa Highway in the old Snyder Lanes Bowling Alley building. Practicing for the bouts are the Benitez brothers, from left to right, Freddie, Eloy and Rudy who compete in the feather, bantam and flyweight divisions respectively. Boys Club members will be admitted to tonight's matches free. Adult tickets cost 75 cents and students get in for 50 cents. Future Boys Club matches will be held on Thursday nights. (Staff Photo).

Snyder 5's Draw First Round Byes

Preparations are complete for the annual Snyder Invitational Junior High School basketball tournament. It will be held Friday and Saturday in the Travis gym with six quintets competing for the crown.

Both Snyder schools—Travis Junior High and Lamar Junior High—drew first round byes and will not see action until Saturday morning. In the first round Friday, Lamesa collides with Colorado City at 4:30 p.m. and Post tangles with Sweetwater at 6 p.m.

Saturday action begins at 10 a.m. with a contest between the Lamesa-Colorado City winner and Lamar. Travis meets the Post-Sweetwater victor at 11:30 a.m.

Consolation finals is set for 4:30 p.m., the battle for third place at 6 p.m., and the championship clash at 7:30 p.m.

Co-directors of the tournament are Larry Roberts, coach of the Travis five, and John Gary, mentor of the Lamar 9th.

Trophies for teams finishing first, second and third will be awarded as well as a trophy to the Consolation winner. In addition, individual awards will be presented to the boys named to the All-Tournament team.

On the basis of past performances this year's Snyder Tournament shapes up as a close battle. The finals game could be decided in overtime.

The tournament originally was scheduled a week ago but was postponed due to snowy weather and hazardous roads. Eight teams comprised the original field, including two teams from Big Spring. However, these teams—Runnels and Goliad—had other commitments this weekend and are unable to compete in the tourney. Thus, the field was cut from eight teams to six.

Six Tilts Are On Tap Today

Six basketball games involving Snyder Junior High School teams are on tap today.

Travis' 8th and 9th grade teams will be at Lamesa for 5 p.m. and 5:45 p.m. tilts respectively. Lamar hosts Stamford with the 8th grade units set to battle at 6 p.m. and the 9th graders at 7:30 p.m.

The 7th grade teams of Lamar and Travis square off with the Travis Blue meeting the Lamar Red at 4:30 p.m. and the Lamar Gray clashing with the Travis White at 5:30 p.m. Both tilts are slated in the Travis gym.

Drake Tips Iowa State

By The Associated Press

Drake beat Iowa State 74-71 and eighth ranked Cincinnati defeated St. Joseph's of Indiana 71-66 to uphold Missouri Valley Conference basketball prestige Wednesday night.

St. Joseph's upset the Bearcats last season and it tried valiantly again. If it hadn't been for Cincinnati sophomore John Howard, who led the scoring with 26 points, the Pumas might have repeated.

Cincinnati led 35-32 at halftime.

Don Smith, Iowa State center, scored 30 points against Drake The Bulldogs countered with balanced scoring by Bob Netolicky with 16 points, Herman Watson and Harold Jeter with 15 each, Erwin Cox with 14 and Gary Lovemark with 12.

Smith also hauled down 24 rebounds, a single-game record for Iowa State.

The Cyclones, behind 30-29 at halftime, took charge the second half and held a five - point lead before Drake sprinted ahead. Iowa State matched Drake from the field but was ineffective at the foul line.

Palmer Gets A Good Start

By JACK STEVENSON
Associated Press Sports Writer

SAN FRANCISCO (AP) — Golf's leading money winner of all time, Arnold Palmer, opened play today in the $55,000 Lucky International Open after starting 1966 faster than any other year in his remarkable pro career,

Arnie won low pro honors in the pro-amateur prelude over the Harding Park municipal course to push his January earnings to $20,750.

Not a bad start for a fellow who many thought on the down grade when he placed only 10th on the money list in 1965 with $57,770 in official winnings and $82,989 over-all.

Today Palmer left the tee among the late starters for this first round of San Francisco's 72-hole event with its $7,500 top prize.

He had whipped around Harding in 65 Wednesday followed by a big gallery and playing with three amateur partners who helped him to a 56 in the team play, tied for second with a group headed by George Bayer, who individually had a 70.

Don Massengale, who hung on to beat Arnie by a stroke last Sunday at the Crosby, also found Harding to his liking in the pro-am and posted a 67. So did Randy Glover and Billy Maxwell.

The latter and his team of Californians won the team honors with a best-ball 55. With Maxwell were Erick Engman of San Francisco, Lloyd F. Fritzell of Red Bluff and Lou Spiro of Stockton.

Most of the interest centered on the big guns. Defending champion George Archer shot a 68, Ken Venturi a 69, Billy Casper a 70 and Tony Lema a 71.

Palmer started this year the same as he did 1963 with a victory at Los Angeles, but three years ago he was disqualified in the Crosby. In 1961, Arnie won at San Diego but didn't make the cut at Los Angeles after carding a 12 on one hole and he placed only fourth at the Crosby.

So this year has been the best of all.

Soldier Is Met Guest

NEW YORK (AP) — The New York Mets have received their first individual order for tickets for their 1966 home opener, and it came from an American soldier in South Viet Nam.

The soldier, SP4 John S. McNeil, not only will receive the first two tickets printed, said Mets' President George M. Weiss Wednesday, but he will be a guest of the club.

"Currently, I am on duty a few miles north of Quin Hom in South Viet Nam, McNeil wrote. "I will be discharged from the Army in April and plan to celebrate by watching the Mets' home opener.

"We would really have something to celebrate if the Mets win the opener."

Grambling Is No. 2 Team

By The Associated Press

The Southern Illinois Salukis, impressive victors in two games last week, have increased their lead in the Associated Press small-college basketball poll. Grambling has taken over second place from North Dakota.

The Salukis collected five first-place votes and 118 points in the balloting by a special panel of 15 regional experts. The voting was based on games through last Saturday.

Grambling had 88 points followed by North Dakota with 80, Youngstown 64, and Northern Michigan 55. Points were awarded on a basis of 10 for a first-place vote, 9 for second etc.

Southern Illinois downed Evansville 79-65 and Tennessee State 84-70, boosting its record to 10-3. Grambling was not scheduled last week.

North Dakota tumbled one place to third despite victories over Bemidji 91-76 and Parsons 97-75.

The Top Ten, with won-lost records through games of Jan. 22 and total points:

1. Southern IVll. 10-3	118
2. Grambling 14-2	88
3. North Dakota 16-2	80
4. Youngstown 10-1	64
5. Northern Mich. 8-2	55
6. Evansville 10-5	50
7. Akron 11-1	39
8. Cheyney State 15-0	35
9. Cent. State, Ohio 10-2	32
10. Valparaiso 12-3	27

Cornell Coach Has Loyalty

ITHACA, N.Y. (AP) — "Dartmouth has been good to me and I'm not going to raid its coaching staff," says Jack Musick, new head football coach at Cornell University.

Musick, 40, was named Wednesday from his post as line coach for Dartmouth College's undefeated Ivy League champions.

He succeeded Tom Harp, 38, who became head coach at Duke University after five years of guiding the Big Red.

During his 11 years with the Indians, Dartmouth gridders compiled a 69-27-3 record, including three Ivy titles and two unbeaten seasons.

Musick was a standout lineman at the University of Southern California from 1945 to 1947 and came to Dartmouth as part of head coach Bob Blackman's staff in 1953.

Musick is Cornell's 17th football coach. Terms of his contract were not announced.

Falcon 007 Lands Softly In Atlanta

ATLANTA, Ga. (AP) — The new head coach of the Atlanta Falcons sometimes goes by the name of J. Jones.

By now, those interested in National Football League affairs know that the Falcons' man is Norb Hecker.

He used the name 'J. Jones" to keep secret Falcon owner Rankin Smith's selection of a new head coach.

"I felt like agent 007 coming into Atlanta," said Hecker, 38, who for the past six years has been assistant coach with the Green Bay Packers. "I thought the game was up on an airplane when a stewardess recognized me and said, 'Hello, Mr. Hecker.' But no one else found out."

Hecker wasted little time getting to work. He started calling friends Wednesday afternoon in a search for five assistant coaches.

He said he dosn't plan to move his wife and five children to Atlanta until school is out "because I'm going to be so busy I wouldn't have time to spend with them anyway."

Hecker was first contacted by the Falcons last Saturday, and was told Tuesday to fly to Atlanta so he could be introduced at a news conference Wednesday.

Hecker said that he feels Atlanta has some top college players on its roster, "and with the 42 players we will get from the other teams I believe we will have pretty good talent."

The former Baldwin-Wallace College star, who played halfback for the Los Angeles Rams and the Washington Redskins before a knee injury ended his NFL career in 1957, said he will first build a strong defense with the Falcons.

"You can't win in the NFL without a good defense," said Hecker, who has been defensive backfield coach for the Packers. "And it is easier to build a defense than an offense."

Hecker has been considered one of Packer Coach Vince Lombardi's top aides. But he lacks Lombardi's brooding intensity and is slow to anger.

"Norb has all the qualifications of a paragon," Lombardi said. "He is a very fine young gentleman, highly intelligent and with a fine personality. He is extremely loyal and one of the finest workers I have ever seen on my staff."

Lombardi, who recommended Hecker for the Atlanta coaching post, said he didn't know his former aide's coaching policy. "He's been coaching with mine and now he'll have to coach with his own," said Lombardi.

The Los Angeles Dodgers, 1965 National League flag winners, tied the Pittsburgh Pirates for sixth place in 1964.

Baylor Leads Laker Quintet

By The Associated Press

The chronic knee trouble of Elgin Baylor, sufficiently serious to bench the Los Angeles sharpshooter earlier in the season, didn't seem to give him any trouble Wednesday night.

Baylor and Jerry West combined for the one-two punch in the Lakers 126-110 defeat of the Detroit Pistons in the nightcap of a National Basketball Association doubleheader in Detroit.

The New York Knicks spurted to a strong finish in the opener, downing the San Francisco Warriors 115-103 in the night's only other NBA game.

Baylor blazed to a fast start, dropping in 11 points and clearing the boards eight times in the first period. The Lakers took a 31-26 lead into the second period and led the rest of the way, increasing their Western Division lead to three games over the idle Baltimore Bullets.

Down 65-47 at halftime, Detroit surged to within eight points twice in the third period and to within six early in the fourth.

"The Nibbler"

The Freedom, The Economy, and the population of any city is in its greatest danger when it is nibbled away.

This nibbling should and can be stopped. To leave our future to chance is ridiculous. Chance is the bible of the fools, it is a word void of sense, for nothing can grow or exist without a cause.

Jan. 31st. is the last day to pay your poll taxes. If you are tired of seeing these empty houses, then sign the petitions.

Court Ruling On Poll Tax To Put Argument To Rest

By BARRY SCHWEID

WASHINGTON (AP) — Congress could have saved the Supreme Court a lot of trouble last year.

But it chose to pass the buck instead, and so the nine justices are wrestling with a problem as old as this country: Is the right to vote fundamental or does it spring from the states?

To the Justice Department "the franchise is a fundamental right implicit in the First Amendment's guarantees of political expression and in other provisions of the Constitution as well."

To the state of Virginia "it is a state-created right" and one of the few "vestigal rights" of the state in an era of increasing federal power.

These historical arguments go to the heart of the justices' current problem — passing on the constitutionality of the Virginia poll tax.

Their decision may, for all practical purposes, finally put the old arguments to rest.

If the court rules that the state may not tie a head tax in with voting, much of the emotion will have been squeezed out of the arguments.

But the court can reach a narrower decision — or toss the problem back into the laps of lower courts.

When Congress wrote the voting rights law last year it had a lot to say about poll taxes.

According to section 10: They impose unreasonable financial hardships upon poor people; they do not bear a reasonable relationship to conduct of elections; in some areas they deny the right to vote because of race.

Further, Congress directed the attorney general to go to court to test state laws which make payment of a poll tax a precondition to voting.

But Congress did not outlaw the poll tax as a qualification for voting in state elections — as the 24th Amendment to the U.S. Constitution did in 1964 for federal elections.

And so the poll tax as a voting qualification remains on the books in Virginia, Alabama, Texas, Mississippi and Vermont.

Because it does, U.S. Solicitor General Thurgood Marshall told the Supreme Court this week, thousands of newly registered Negroes in Mississippi and Alabama who did not pay their poll tax still won't be able to vote.

The poll tax, he said, is "the one weapon remaining" to bar them.

But is the poll tax aimed at Negroes or at any group of people? George D. Gibson, a learned Richmond attorney, said Virginia's tax is not.

"It does not discriminate against a race anymore than a marriage license or an auto license of fixed amount," he said. "These taxes are neutral on race, creed, color and sex."

Constitutional or not? A weapon of discrimination or a reasonable sort of test to ensure an intelligent electorate? Questions now for the highest court in the land to ponder.

QUESTION: What is the difference between direct and alternating current?

• • •

ANSWER: Direct current (D.C.) and alternating current (A.C.) are two different ways an electric current can pass along a wire. In a car (top of picture), many electric mechanisms operate by direct current. This is produced in the car by its electric generator (some of the newer cars have alternators, generating A.C. which is then turned into D.C.) The direct current, when turned on, moves in one direction around a circuit inside the car, operating such things as lights and the ignition system as it does so. A.C., the other kind of current, is that almost always used to bring electric power to our houses (center). Here, the current produced in a generating plant and flashes around a large circuit at inconceivable speed, supplying power to houses, towns and cities as it goes. It keeps on whizzing around in the same direction until it has built up its power as far as it can go, keeping on while its power decreases to the zero point. Then the current flow reverses itself, and now, as our simplified diagram suggests, it flows back along the path it came, whizzing round and round until it reaches its maximum and sinks to zero again. With this reverse movement complete, the current has made one cycle. Home current has 60 such cycles to the second.

• • •

FOR YOU TO DO: This is a difficult subject to understand, but it is a most fascinating and important one, since we are living in an electrical age. Save this article for your science scrap book or ask your science teacher to explain it further. 1-27

Boyle Holds Drill In Double Talk

By HAL BOYLE

NEW YORK (AP) — It is time we had another double-talk drill.

One can get in shape for playing baseball by a few weeks of intensive training. But double-talk is a demanding skill, one that must be exercised constantly. Otherwise you might slip and start saying what you do really think. And what will that get you — except possibly a bloody nose?

Double-talk, as we have pointed out, is the conversational salve that keeps the human social order from rubbing itself raw.

For the uninitiated, here are a few typical examples of double-talk — with the literal translations:

"Sorry, only one to a customer." Even we don't have the heart to unload more than one of these on you.

"Frankly, I don't like beards on most men, but on you, well—" Anything that hides even part of your face is an improvement.

"No, never mind pouring me another martini. I think I'll have a glass of cold water instead." This guy must make his own cheap gin. No liquor store could sell it and stay in business.

"Let me take the matter under advisement until such time as I can give it the full attention I know it deserves." I can't make heads or tails of it.

"Well, of course, if you insist on doing it your way—" I'll be too busy to attend your funeral.

"Congratulations, Roscoe. This is the third month in a row you've led your department in putting new ideas in the office suggestion box." When are you going to buckle down and start doing the work you're being paid to do.

"You have paid me a great honor, Horace, but I don't feel like I am ready yet to settle down and get married at—" At my age on your measly salary. But if you ever get promoted, you know where I live.

"You understand I don't give out my phone number to just anybody." Only to anybody who asks for it.

"This offer is good for only a limited time." From now until eternity.

"I thought that was you I saw." But I was hoping I could slip by without you seeing me.

"Please let me help you on with your coat." Anything to get you on your way.

"I don't know when I ever had a meal like that" Oh, yes, now I remember. It was when I was studying sociology in college, and the entire class ate at the state penitentiary.

"If you ever need a friend, just call on—" Someone besides me.

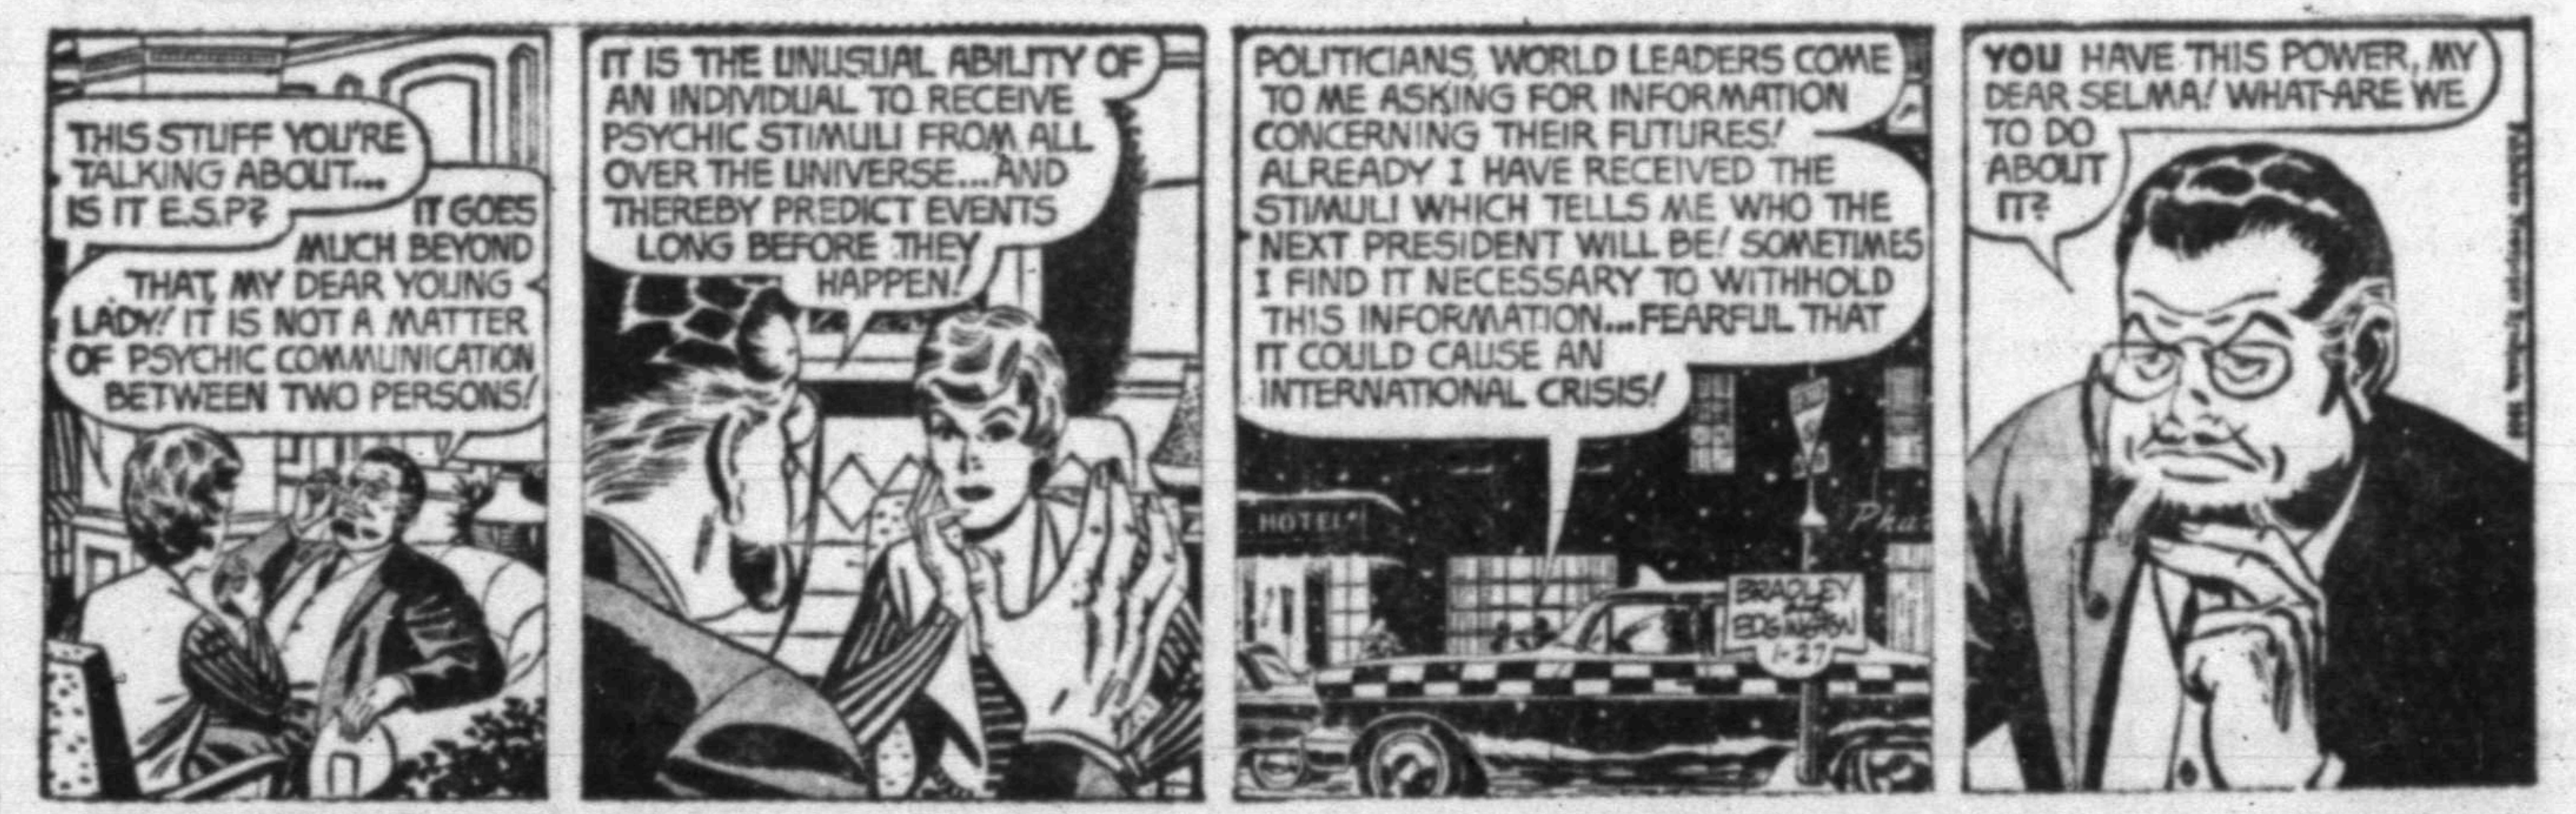
DOGGONE IT, MILLY...YOU ARE CUTE!
WELL, HOW DO YOU LIKE THAT!!—MY BEST FRIEND!
OUT! HERE ARE YOUR THINGS, MILLY—FROM NOW ON YOU CAN FIND YOUR OWN APARTMENT!

REX MORGAN



THIS STUFF YOU'RE TALKING ABOUT...IS IT E.S.P.?
IT GOES MUCH BEYOND THAT, MY DEAR YOUNG LADY! IT IS NOT A MATTER OF PSYCHIC COMMUNICATION BETWEEN TWO PERSONS!
IT IS THE UNUSUAL ABILITY OF AN INDIVIDUAL TO RECEIVE PSYCHIC STIMULI FROM ALL OVER THE UNIVERSE...AND THEREBY PREDICT EVENTS LONG BEFORE THEY HAPPEN!
POLITICIANS, WORLD LEADERS COME TO ME ASKING FOR INFORMATION CONCERNING THEIR FUTURES! ALREADY I HAVE RECEIVED THE STIMULI WHICH TELLS ME WHO THE NEXT PRESIDENT WILL BE! SOMETIMES I FIND IT NECESSARY TO WITHHOLD THIS INFORMATION...FEARFUL THAT IT COULD CAUSE AN INTERNATIONAL CRISIS!

HUGE ICICLE — Melting snow in the daytime and freezing temperatures at night combined forces to form on of the largest icicles ever seen here. The "over six-foot" slab of ice formed at a corner of the Maxie Boren residence at 2500, Thirty-seventh Street. Mr. Boren is minister of the Thirty-seventh Street Church of Christ. (Staff Photo).

Panel Eyes Increase In Sales Taxes

AUSTIN (AP) — A tax committee agreed Wednesday Texas' growing population should pay more taxes to cover increased demands for public services.

Rep. Ben Atwell, Dallas, chairman of the Committee on State and Local Tax Policy said two possibilities are raising the 2 per cent sales tax and eliminating some of the tax's exemptions.

Atwell told a news conference however, he did not think the legislature was ready to wipe out exemptions on food, prescription drugs or farm machinery.

"Personally, I'd rather increase the tax than eliminate these exemptions," he said.

He said his committee decided, without apparent dissent, that new taxes are needed.

Gov. John Connally, in a separate news conference, said, "We're undoubtedly looking at increased expenditures, but we're not ready to make specific recommendations."

The five-year-old sales tax, which also includes exemptions on alcoholic beverages and industrial and agricultural fuel and power, brings in an estimated $280 million each year to the state, said Jim McGrew, research director of the Texas Research League.

The league, a privately financed group, was asked to study the sales tax along with a method for making the state ad valorem tax more equitable.

Also on the league's agenda for study are possible levies of personal and corporate state income taxes and an increase in the state franchise tax.

Viet Sniper Kills Father Of Eight

MOUNT HOLLY, N.J. (AP) — It's not enough to send only young men to fight a war; someone older has to show them how, says a mother of eight children about the death of her husband in Viet Nam.

Mrs. Edward J. Cox, 36, said today she felt no bitterness that her husband was fighting in Asia although he had less than a year to go before retirement.

"It was his duty. He was one of the older ones. It's not enough to send the young soldiers. They have to have the older ones to show them how."

Staff Sgt. Cox, 35, was a platoon sergeant with the 327th Infantry Regiment, 101st Airborne Division and had been in Viet Nam eight months. A sniper's bullet killed him Monday. His family learned about it Tuesday, "just a little while after the children had taken a letter to him to the mailbox."

"We had a letter from him Tuesday, too," said Mrs. Cox He was "looking forward to coming home. He said he had less than 100 days to go, and talked about what he'd do when he got home."

Now alone with her children, six sons and two daughters, aged 5 to 15, Mrs. Cox said she will remain here rather than return to her native Germany, where she met and married her GI husband 15 yeas ago.

"We're going to stay here. This is our first real home, and we had so many plans for it."

Although her husband was a career soldier, Mrs. Cox said she never thought of death. 'After he had been over there so long, I never thought he wouldn't come home." She said only the two oldest children "seem to realize he won't be coming home."

Mrs. Cox said "looking after eight children doesn't give you much time to think about it. If I didn't have the children, I don't know what I'd do."

Cox, 35, was a native of Jeannette, Pa., and left high school to join the Army in 1949. The couple was married in Heidelberg, Germany, when he was stationed there.

Youth Is Acquitted

CANYON, Tex. (AP — Felix Fesmire Jr., 17, was acquitted of a murder charge Wednesday. Dist. Judge Gene Jordan said authorities took "unfair advantage" in obtaining a statement before the youth had counsel.

Fesmire testified that a companion held a shotgun on him during a June 8, 1964, chase through Southeast Amarillo in which an Amarillo policeman was killed.

The companion, Jimmy May, 14, was shot to death by pursuing Texas Highway Patrolmen moments after he fired a shotgun blast which killed Patrolman William S. Meadows.

Elton Cox, Fesmire's court-appointed lawyer, succeeded in keeping a statement taken by Randall County officials Nov. 8, 1965, from being entered in testimony.

"I think an unfair advantage was taken of this boy by Randall County officials," Jordan said. "To prevent this sitution from happening again, I do not want to see another statement in my court where the defendant has not been appointed counsel before the statement was taken."

Wagon Greasing Time!

One morning thirty years ago my father started out to electioneer. He said "Son that wagon has been squeaking a long time, run grease it". I got in a hurry and pulled the wheel out too far and it dropped on the ground, nearly hitting my foot. I called my father to change his clothes and help me. No, he just stood there and told me how.

Now I can put on a wagon wheel. But my father never told me how to electioneer, and that was thirty years ago.
