MUSIC DEPARTMENT OF PUBLIC SCHOOLS TO PRESENT OPERETTA

—o—

The operetta, "Spring Glow", which will be presented by the Public School Music Department on Thursday evening, May 1, is going forward with great progress.

The enthusiasm that has been manifested in the Public School Music Department throughout the year is continued in the preparation of this operetta. Both teachers and pupils are taking the greatest interest and delight in working up this program and hope the public will not miss an opportunity of seeing it. The story of the operetta is as follows:

The Bluebird comes in to awaken the sleeping Pussy Willows telling them that Spring is coming. They protest shivering but finally wake up and sing and talk. Suddenly Jack Frost and his Elves come in to plan a party in the fields scattering the Pussy Willows and deciding to freeze them as a part of the fun. This is interrupted by Bluebird, but they will not believe in her when she announces the coming of Spring, declaring they will not permit Spring to come.

They defy her; and when Spring's maidens appear with the crown these are captured by Jack Frost and hidden in his cave. Various groups of Spring's people come to demand the maiden's release and warn Jack Frost of punishment but he is still defiant till the Sunshine Fairies appear to check him.

Then the Brownies capture him and take him to Spring who banish him to the Northland, after which Spring is crowned by her people and all are happy.

Need for United Charity Group Is Considered Here

—o—

The urgent need of a United Charity organization in Slaton, as a means of helping worthy people who are destitute and also for the purpose of saving hundreds of dollars each year for local business men by eliminating many unworthy calls made upon them for charity, was considered at length by the board of directors of the Slaton Chamber of Commerce and Board of City Development at its meeting on Tuesday night.

Plans for a tentative nature were made to set about formation of such an organization here, asking cooperation of all local citizens, and of various organizations of Slaton.

Such a movement was begun by the Chamber of Commerce about eighteen months ago, but was not carried to completion. It is considered vitually necessary that the work be finished now.

Through proper operation of such an agency, it is believed a more effective work can be done for those deserving aid, and that sizable economies can be effected for the citizens of this community, especially the business interests of the city.

Entries In Lawn Contest Must Be Filed By May 15

—o—

Do you plan to enter the "Pretty Lawn Contest" being conducted again this year by the Slaton Chamber of Commerce? If so, officers of that organization would have you remember that May 15 is the final date upon which an entry may be made. You are urged, therefore, to make your entry at once.

Numbers of entries are being received, and many others are expected. Prizes will total $100 in four classes, three for homes and one for business firms having lawn frontage.

It is hoped by the committeemen in charge of this contest that there will be more entries this year than there has ever been in any of the three previous years of the contest.

Use the coupon published elsewhere in this paper, fill it out, and mail or carry it in person to the Chamber of Commerce office, in the city hall.

Bud Gentry of Maybanks, Sam Gentry of Denton and Robert Gentry of Dallas have arrived to be at the bedside of their mother, Mrs. Bob Gentyr of this city, who is reported to be seriously ill.

HAVE YOU BEEN ENUMERATED?

If not, or if you have any doubt, fill out this coupon and mail to

Texas Grocery Made Improvements

—o—

The Texas Grocery and Market on Texas Avenue have recently made decided improvements.

The store has been extended the entire length of the building making entrances available on Eighth street and Texas Avenue. The walls have been re-calcimined and the fixtures finished in white, giving the store a neat appearance.

Mr. H. G. Sanders, owner of the store, states that according to the arrangement of the store now, a customer may use the "help yourself" method, as well as the clerks answering the wants of the customer.

Rotary-Anns and Rotarians Enjoy Banquet Friday

—o—

The annual ladies' night program of the Slaton Rotary Club was held last Friday night at the Slaton Clubhouse. The attendance was about 50, several members of the club being out of town.

The program was opened with the singing of "America" by the audience followed by the invocation, which was said by Rev. W. F. Ferguson.

Dinner was served by women of the Slaton Rebekah Lodge.

W. H. (Bill) Smith was to have been toastmaster, but because of illness he could not attend. Lloyd A. Wilson, club vice president, substituted for him, presiding during the evening's program.

A special roll call was the first feature of the program after the dinner had been served. The first names of the Rotary-Anns were called, each answering to her name as called, while each person present sought to remember who each first name belonged to, in order to fill out the names on a blank sheet of paper which had been furnished to each guest. The stunt served to start the meeting off with everyone in good spirits.

Miss Lois Stallings presented two vocal solo numbers, accompanied by Mrs. L. A. Wilson at the piano. Miss Stallings was elected as the "Sweetheart of the Slaton Rotary Club," and responded with expressions of her appreciation of the honor conferred upon her. Miss Stallings is a teacher in East Ward School here.

L. T. Green gave an address on "Why Rotary-Anns Should Be Proud of Their Title." He pointed out a number of reasons for the Anns to be glad their husbands are members of the Rotary Club.

A prize contest was part of the program. The Rotary-Anns were requested to write the best reason why "The Best Rotarians Are Married Men." Mrs. Will P. Florence was awarded the prize for suggesting the best reason. She was given a beautiful box of Easter candy as the club prize of the evening. This part of the program was not intended to be serous in its nature, but many of the answers given indicated that the majority of the women believed the best Rotarians to be married men. It was suggested that the cause for this belief might be that a large majority of the women present at the banquet were married women.

An address on "The Value of a Rotary Club to a Community" was given by W. F. (Rilly) Ferguson. His talk was said by club members to have been a very excellent discussion of the subject assigned him, although he is the newest member of the local club.

The closing song for the program was "Let Me Call You Sweetheart," after which the meeting was adjourned.

Retail Merchants Request Rating Lists Completed May 5

—o—

Retail Merchants association met in the regular full membership meeting last Monday evening in the office of the association secretary in the City Hall.

In the absence of the president, T. E. Roderick, the vicepresidnt, T. R. Cobb, presided.

Several matters of vital importance to the association and merchants of Slaton were discussed and a special request has been made, according to Mrs. Lee Green, secretary, that the merchants have their rating lists completed by the next meeting of the association, which will be May 5.

POPULATION OF CITY GIVEN OUT

—o—

Preliminary Figure Is 3,869, Increase of 2,344 in Decade

—o—

Slaton's population is 3,869, according to preliminary census figures announced this week by Dr. I. E. Barr, of Lubbock, district supervisor. The count showed a gain of 2,344 as compared with the census ten years ago. This is an increase of 153.6 per cent, or more than one and one-half the city's population whn the 1920 census was completed.

The census figures as announced for Slaton are subject to change, it was stated by Dr. Barr.

The local enumerators who made the count in Slaton are: Howard Swanner, Ward No. 1; Mrs. Nan Tudor, Ward No. 2; Mrs. J. I. Bradley, Ward No. 3, and C. A. Bruner, Ward No. 4.

In order that there be no mistake in the Slaton census figures because of someone being overlooked, officers of the local Chamber of Commerce have asked that anyone who thinks he has not been enumerated should report the fact to the Chamber of Commerce office in the city hall, telephone number 344, and the census enumerators will be notified. Then if the person reporting should prove to have been counted, no harm will have been done, but in case it should be found that he was overlooked, a correction could be made, it was pointed out.

The final date for these corrections and additions to be made to the census rolls is May 1, hence no delay should be made in turning in your report if you have failed to be counted, it is declared.

"Slaton will be known for ten years as a city with the population shown by this census, and the effect of the figures will be of great importance to all of us. We are anxious to have every person counted, and therefore ask for your hearty co-operation," according to W. H. Smith, newly elected president of the Slaton Chamber of Commerce and Board of City Development.

Mr. Smith said anyone having any doubt about whether he had been enumerated or not, should report to the Chamber of Commerce so a check-up could be made to ascertain the true facts in the case. Also, anyone knowing of someone else who may not have been counted should furnish such information to the Chamber of Commerce.

Benefit Dance By Alumni Ass'n.

—o—

The dance to be given next Thursday night at the Selman skating rink in this city promises to be a gala affair.

The Alumni Association is sponsoring the dance for the benefit of the class of 1929 of the Slaton High School, who in endeavoring to issue the best annual for the school went into debt. This fine class has been working hard to clear their books of this debt, and now are going to give the proceeds of this dance to clear themselves of this debt.

The Class of 1929 is a big part of the Alumni association and with the cooperation of the public and personal friends they can clear their name of this obligation.

The music for the occasion will be furnished by the Buffalo Rythm Stompers, a popular six-piece orchestra who have planned special numbers and this affair promises to be the biggest of its kind ever staged in Slaton.

Majority of Stores Closing at 6:30 P. M.

—o—

The larger precent of the merchants of Slaton are to be complimented on their prompt response to the matter of closing their business houses at 6:30 p. m. each evening except pay days and Saturdays.

Although there were several of the merchants who did not sign the petition recently circulated, the majority of them are closing promptly. According to reports all of the grocery and dry goods merchants are closing at the designated hour.

It is hoped that the firms who have not been abiding by the agreed time for closing will start doing so

JUNIOR CLUB HOSTESSES FOR GUEST DAY MEET

—o—

The Junior Civic and Culture club held their annual Guest Day Night meeting Tuesday evening, April 22, at home of Miss Frankie McAtee. Joint hostesses for the occasion were, Misses Hazel Bruner, and Ollie Mae Gaither and Mrs. Inez Ferrel.

After a short business meeting the following very interesting program was given: The Life of M. Barrie, Miss Eunice Florence; A Review of "Quality Street," Miss Lois Cone, she was assisted by Misses Frances Adams and Hazel Mansker who dramatized a part of the first act. The last number was a summary of the Life of Maud Adams by Miss Elizabeth Smith.

A short social hour followed during which an interesting contest was conducted by Mrs. Ferrel on "flowers." Mrs. S. H. Adams was pronounced the winner and awarded the prize. A delicious two course luncheon consisting of salad, olives, sandwiches, iced tea, cake and ice cream was served.

The club had as its guests the members of the Senior Civic and Culture club.

METHODIST W. M. S. HAVE VOICE PROGRAM

—o—

The Woman's Missionary Society met Monday, April twenty-first with sixteen ladies present. Mrs. S. H. Adams led the meeting in the absence of the president.

The lesson was from the Missionary Voice, Mrs. L. W. Smith as leader.

In the Memorial Service write-up of last Monday it is very much regretted that the name of Mrs. A. T. Kuykendall was overlooked.

"Nobody Knows How I Did Suffer," Says Mrs. Watts

—o—

All Her Troubles Have Gone Since Taking Orgatone (Argotane) And She Says She Would Like to Tell the Whole World About It.

—o—

"Nobody can ever realize the torture I suffered for nearly five years until Orgatone (Argotane) restored my health," said Mrs. Gladys Watts, residing on Rural Route 1, Abilene, Texas, when talking to the Orgatone (Argotane) representative in Harvey Hays Drug Store, a few days ago.

"I had the most terrible dizzy headaches that any human being ever suffered with," she continued, "and sometimes, for several days at a time. Of course all this suffering got me in an awful weak run-down condition and very often I would just have to stay in bed, too miserable to move.

"Well, sir, this medicine just seemed to make me all over again. I have not had a single headache since I started taking it. I feel so much better that I just want to go out and tell the whole world what a wonderful medicine Orgatone (Argotane) is. Everything I eat now tastes so good and I have such an appetite that I am almost ashamed of myself. Why, my family accuses me of eating between meals. I have gained in weight, I don't know how much, but I can tell by the way my clothes are all getting tight that it's a whole lot, and I sleep fine every night and get up full of energy. I'm not troubled with constipation any more and I just feel strong all over."

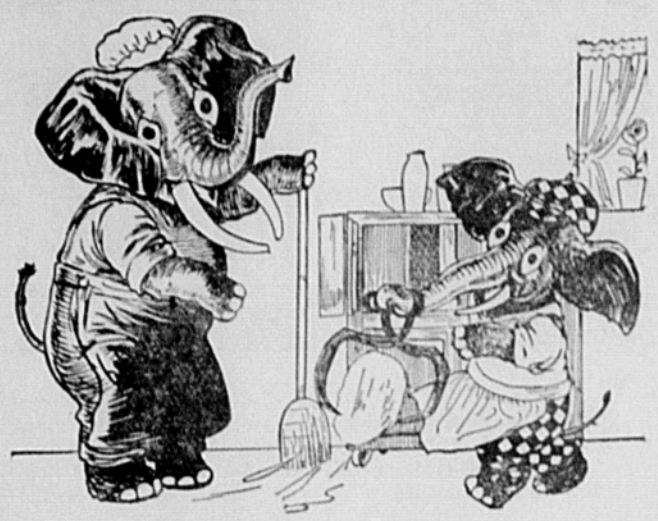

Genuine Argotane may be bought in Slaton at the Teague Drug Co.

Thin, Pale, Weak

"I HAD been through a bad spell of sickness which left me very weak," says Mrs. Virginia Spruce, of Stapleton, Va. "I was pale and felt lifeless, and my strength did not return.

"I spent most of my time on the bed. I was very nervous, and the least thing upset me. I did not have strength enough to lift a broom. At times I would have bad headaches, which would hurt me until I could hardly see.

"Someone asked me why I did not try Cardui. I had read of it, so I thought I would see what it would do for me. It was really remarkable how I came out. My strength returned, and my health was better than it had been in years. I gained in weight about ten pounds. My color was good, and I ceased to suffer from headaches. I have told my friends about Cardui because I was benefited after taking it."

KEEPING THE WOLF AWAY

—o—

Much is said by hopeful people about the possibility of abolishing poverty from this land of plenty. It ought to be done. But to accomplish that, a lot of folks will have to begin early on their policy of thrift. If they act like spendthrifts all through their early youth, poverty will probably follow them like the traditional wolf at the door.

Every winter there are many people who are close to the wall, and who can hear the wolf scratching quite fiercely at their door. Many of them never began to wrestle with that old wolf, until a too late date.

To abolish poverty, people need to begin as boys and girls. Many schools start them in a course of saving money at an early age, and they form such habits of economy and prudence that the old wolf will never get them. But there are others, probably more of them, who as young people spend money very extravagantly, at least until they get married. The boys blow in all they can earn. They like to show off before their girl friends, to take them around to expensive amusements and do everything in the most costly way. Many of the girls also blow in considerable sums of money that they might save. They constantly fritted away sums for things they do not need, and that could be deposited in a good bank.

It is not suggested in the above that either young men or young women should economize stringently on clothes. It pays them to dress nicely, but many of them go in for dressing far beyond their means, which accomplishes nothing worth while.

When young people get ready to marry, both of them should have sums of money saved up for the expenses of family life. Once they have that reserve against emergencies, and have formed the habit of economy and thrift, the chances that the wolf will ever get them are very much less.

City and School Grounds Improved With Evergreens

—o—

Through the cooperative work of several local organizations, nearly $300 worth of evergreens have been planted during the past week on school and municipal grounds here. The work was in charge of a special committee, organized two months ago by the Slaton Chamber of Commerce. C. A. Bruner was chairman of the committee, and Mrs. R. A. Baldwin was secretary-treasurer.

Each cooperating organization was represented on the committee and detailed plans were laid out for the planting before any purchases were made.

Funds were supplied by the following organizations, which contributed the amounts shown: High school senior class, $100; Board of City Development, $50; West Ward school, P.-T. A. $25.00; Civic and Culture Club, $22.00; East Ward school P.-T. A., $21.50; and a tag day campaign netted an income of $46.25, making a grand total in cash receipts of $263.75.

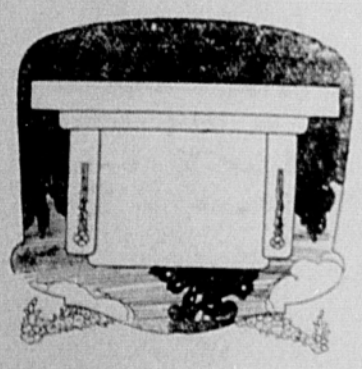

The money received from the tag day campaign, in which many school children assisted, was divided proportionately between the various buildings where plantings were made. Total expenditures for evergreens and other planting material at the various buildings are: High school, $132.47; city hall, $53.60; West Ward school, 32.40; and East Ward school, $28.3

City and school officials will furnish water and care for the trees during the summer months as their part of the contribution to the campaign.

The planting program is not completed, according to Mr. Bruner. He said the committee had merely done foundation planting this year, expecting to add to the work in successive years. Landscaping authorities helped plan the initial work, and the general plans will be followed in future years when additional planting is done.

All the material planted at the city hall was placed on the west side of the building. At each of the school buildings, most of the planting was done on only one side of the structures.

The beautification campaign for these public buildings is in line with the program of civic beautification that has been sponsored here for the past several years by the Slaton Chamber of Commerce in conducting annual prize contests in improvement of lawns, it is pointed out by officers of that body.

...one or two of these co-operatives were organized on a national scale, however, so that their existence was hardly known to the general public. Washington knew which one had been most sucessfully managed.

The work of the Farm Board has brought some bitter criticism from the grain dealers who have objected to the building up of farmer owned organizations of the type provided in the marketing act. They are probably more scared than hurt. The whole organization has been created for the benefit of the farmer to bring about a great measure of farm relief.

The act provides for the protection of the elevator men and others, that if the marketing organizations wish to take over their business they must give adequate and proper compensations, etc. There is no tendency on the part of either the farmer or the Farm Board to do injustice to anybody. The primary purpose is to build the farm up in strength so that the farmer controls the destiny of his own crops.

It is interesting to note the method by which the Farm Board was selected that would truly represent the farmers themselves. As soon as the Marketing Act was passed, and even before, certain political farmers in Washington began to demand that none but dirt farmers, including themselves, should be appointed.

Administration by emotion is as repugnant to the President as legislation by emotion. He wanted the facts. Telegrams were sent to several hundred of the leading agricultural co-operative associations asking direct questions—whether they thought the new law should be administered by men of experience in co-operative marketing of farmers products and whether they should not also have a leading business man on the Board. The unanimous reply was that that was exactly what was wanted.

These co-operatives have been in business of marketing the products of their members long enough to know that the problems involved called for the highest kind of ability and acumen. The President then dispatched telegrams to the various associations asking them to suggest men who had this basis of experience. Five of the men appointed to the Board were the five who received the largest number of recommendations from the existing co-operative associations that were themselves the actual representatives of the farmers. There had to be representatives from some sections of the country where there were not sufficiently strong co-operatives and the President added to the Board Mr. Alexander Legge, whom he induced to give up the Presidency of the International Harvester Company to become its chairman.

The Board is truly a farmer's board and its purpose is to build up farmer owned, farmer controlled organizations for marketing the farmer's own crop.

Mrs. Lee Green, Mrs. R. W. Ragsdale and Mrs. H. W. Ragsdale visited with friends in Lubbock Sunday afternoon.

Many Ailments Yield Quickly To New Konjola

—o—

Manager of East Side Stone Yard Eagerly Praises Merits of New Medicine.

—o—

MR. JAMES A. COX

"Stomach trouble, disordered kidneys and constipation over a period of six months, had placed me in a badly run-down condition," said Mr. James A. Cox, 630 Mathewson street, Wichita. "Gas and bloating followed even the simplest meals. Kidney weakness gave me frightful back pains and I was subject to frequent bladder actions. I was restless and found it difficult to sleep for any length of time. I had no appetite and was weak and listless. For two weeks I was utterly unable to work and it was during this time that Konjola was recommended to me by my friends."

"My appetite increased from the very day I began taking Konjola. My stomach gradually began to function as it should and the back pains left me. Today I eat heartily without any discomfort whatever and am free from bloating. My kidneys are in excellent condition and I am entirely free from constipation. My general health is better than it has been in a long time. I owe all this to Konjola."

It is logical to believe that what Konjola has done for others, it will do for you—for everyone. This is especially true if Konjola is given a fair trial. Six to eight weeks is recommended as a fair trial in stubborn cases.

Konjola is sold in Slaton, Texas, at the Red Cross Pharmacy, and by all the best druggists in all towns throughout this entire section.—Adv.

SEWING CLUB MET WEDNESDAY AFTERNOON

—o—

Mrs. Frank Merrill was a very delightful hostess to the Blue Bonnett Sewing club at her home on West Garza, Wednesday afternoon, April 8th.

After a brief business session during which time the new president, Mrs. L. W. Smith, was in the chair. A pleasant hour was spent in sewing, work was done in costumes for the newly adopted orphan.

Refreshments were served to the members, including two new members, Mrs. McAtee and Mrs. Kent, and to an out-of-town guest, Mrs. Joe McDonald of Plainview.

The next meting will be with Mrs. W. B. Jones at 350 North Eighth Street.

Jimmie McGinnis, of Wellington, Kansas, spent the week-end here with Mrs. McGinnis and friends.

MISS JOSEPHINE WOLFE SLUMBER PARTY HOSTESS

—o—

Miss Josephine Wolfe was hostess to a Slumber Party Friday evening at the home of her parents, Mr. and Mrs. J. Wolfe, 710 South 11th Street.

The young ladies enjoyed cooking their supper out and later in the evening the hostess served ice cream and cake. Miss Daurice Rust won the prize by finding the nickel in the cake. As a midnight surprise the hostess was showered with numerous beautiful gifts in remembrance of her 14th birthday.

The next morning the following enjoyed a sunrise breakfast on the lawn: Katy Reese, Evelyn Mansker, Vena Bell Wilson, Almo Garland, Clara Elizabeth Bruner, Viola Kahlich, Birdie Lee Terry, Flora Aloce Alcorn, Joan Coleman, Marie Bloodworth, Daurice Rust and Mr. and Mrs. D. D. Keese and children of Lubbock and the hostess.

Mr. and Mrs. C. G. Finley left the latter part of last week for Kingfisher, Okla., where they will make their home. Mr. Finley has accepted a position with a Dry Goods firm and will travel out of that point.

THE STATE OF TEXAS

—o—

To the Sheriff or any Constable of Lubbock County—Greeting:

You are Hereby Commanded to summon John Clymer, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the 72nd District Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the fourth Monday in May, A. D. 1930, the same being the 26th day of May, A. D. 1930, then and there to answer a petition filed in said Court on the 21st day of March, A. D. 1930 in a suit, numbered on the docket of Said Court No. 4115, wherein Thurber Brick Co., a corporation, is Plaintiff, and John Clymer, C. C. Hoffman, Jr., William Howard Hoffman, Mrs. Frances Douglas and husband, Richard L. Douglas, and C. C. Hoffman, Jr. and Richard L. Douglas as Executors of the Will of Mrs. Wilhelmina P. Hoffman, deceased, are Defendants, and said petition alleging that the City of Slaton, Texas, a municipal corporation, by ordinance, after election, on Nov. 17, 1925, adopted the benefits of the State Paving Lien law, Chap. 9, Title 28, R. S. 1925, and thereafter under contract with L. H. Howard, said Howard improved Lot 5, Block 93, Original Town of Slaton, Lubbock County, Texas, by paving and improving Panhandle Avenue and Lubbock St. on which said lot abutts, in accordance with the specifications therefor, which work said city accepted, and on Dec. 10, 1926, issued to said Howard Certificates of Special Assessment Nos. 28 and 67, against C. C. Hoffman, now deceased, who owned said property at time of fixing said paving liens thereon. By virtue of said ordinances and proceedings of said city, said L. H. Howard acquired under the law a valid first lien on said property to secure payment of the cost of such improvements. Certificate No. 28 was issued for $278.97, the cost of paving abutting on said lot on Panhandle Ave., and Certificate No. 67 was issued for $516.35, the cost of paving abutting on said lot on Lubbock St., each Certificate payable in six annual installments, on Dec. 10th each year, beginning Dec. 10, 1926, and provided for 8% per annum interest thereon, payable annually, and reasonable attorney's fees, if incurred.

The installments on each Certificate maturing December 10th of the years 1926, 1927, 1928 and 1929 were not paid at maturity, but same and all accrued interest on both certificates remain unpaid and in default.

Plaintiff by proper transfer for value became and now is the owner and holder of said certificates, and has declared all of both certificates matured, and payable, because of such default, and has been obliged to employ an attorney and to file suit on said certificates to collect same, and has incurred a reasonable attorney's fee for said service of $250.00, and there is now owing on both of said certificates $795.32, with 8% per annum interest, payable annually, from Dec. 10, 1926, and $250.00 attorney's fees.

Defendant John Clymer claims some sort of right, title or interest in said property, which, if any, is subordinate and inferior to plaintiff's said first and prior liens thereon, and said defendant is here notified to appear and show what interest, if any, he has in said property.

Plaintiff prays for judgment for its debt evidenced by said certificates, with reasonable attorney's fees as pleaded, and costs of suit, and foreclosure of its said liens on said property against all defendants, for sale of said property and application of the proceeds of sale as the law directs, and for general and special relief, in law and equity.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under my Hand and the Seal of said Court, at office in Lubbock, Texas, this, the 21st day of March, A. D. 1930. (SEAL)
