Sally Smith, daughter of Mr. and Mrs. J. D. Smith, Jr., made the highest academic average of any graduating girl and will be honored along with the valedictorian and salutatorian at the graduation exercise.

Sally's four-year average was 94.81 points. In addition to her studies, she has been active in the Wolverines for two years and in the CHS Choir. She is a member of "The Dreamers," popular mixed quartet chosen from the Choir.

Member of the National Honor Society, she was included in "Who's Who," and was a member of last year's typing team which took the district title. She will attend Jacksonville Baptist College in East Texas, and major in Business Administration.

According to Wallace Price, principal the 1969 class at Colorado High School has set an outstanding academic record. A total of 17 graduating seniors have four year averages of 90 points or more. Forty of the total of 111 students to graduate are finishing with averages of 85 or better.

Four of the 10 honor students to be saluted at commencement ceremonies are boys.

On the list of the high 10 honor graduates are the following students:

Vickie Cotton, daughter of Mr. and Mrs. T. A. (Arles) Cotton, with an average of 94.49 points.

Doris Mickey with 94.41, daughter of Mr. and Mrs. Leslie Mickey.

Mary Lou Wilkerson, daughter of Mr. and Mrs. J. C. Wilkerson, with an average of 94.10.

Destination Austin

Highway Hearing Monday

At least 25 Colorado City civic leaders will join a strong delegation headed for Austin Sunday and a hearing before the Texas Highway Commission Monday morning.

Colorado City will join representatives from Slaton, Post, Snyder, and Robert Lee, all members of the Interstate 20 Association formed early in February.

In Austin they will take part in presenting their case for the routing of the proposed new Interstate 27 through here, to cross Interstate 20 enroute to San Angelo.

Final study and appraisal of advantages for the Interstate 20 choice of route will be made in a five-city planning meeting at Snyder at noon today.

To attend the Snyder lunch-hour session from here are Charles C. Thompson, member of the Interstate 20 Association board of directors, Elmer Martin, county judge, J. Ralph Lee, chairman of the Colorado City Chamber of Commerce Highway Committee, and Sefton Pickens, manager of the Chamber and secretary of Interstate 20 Association.

Cars from the five-city delegation will begin leaving West Texas Saturday and Sunday afternoons.

Colorado Citians in the "Destination – Austin" party will be J. A. Sadler, Jr., city manager, Dr. John H. Chinn, mayor, Willie Landau, Woodrow Crabtree, Charles Godwin, James G. McMath, Frank Deregibus, Jay Adams, Jeff Taylor, Gus Chesney, Marcus Vest, Billy Wilkinson, Drew Ballard, Joe Bell, John T. Merritt, Mr. and Mrs. Hurno Dorn, Mr. and Mrs. A. T. Maddin, Thompson, Pickens, Lee, and Judge Martin.

Five-city delegation will be headed by Gerald C. Allen, Robert Lee banker who is chairman of Interstate 20 Association, Karl Mawharder of Snyder, and J. B. Potts, of Post, co-vice-chairmen.

Ted Weaver, Slaton Chamber manager, Jim Jackson, and David Hughes will leade the delegation from Slaton.

Snyder's representatives will be headed by Mayor Bobby McCormick, the Snyder city attorney, city manager, and manager of the Chamber of Commerce.

Originally set for Tuesday, April 1, the hearing before the Texas Highway Commission was postponed to the May 5 date because of school and city elections here and over the area.

Interstate 20 Association, organized in Colorado City Feb. 6, is actively seeking cooperation from the Texas Highway Commission for the new four-land Interstate 27 to be built from Lubbock to San Angelo via Highway 84 to Slaton and Snyder, then via Highway 208 to Colorado City, Robert Lee, San Angelo.

Final decision would be made in Washington, D. C. but Texas Highway Commission's recommendation would practically settle the question, backers of the Interstate 20 Association have stated here.

Alternative route would put the construction of the border-to-border new federal highway for Texas from Lubbock to San Angelo via Lamesa, Big Spring, Sterling City. San Angelo is one of the Texas cities already certain to have Interstate 27 come their way. Amarillo, Lubbock, and San Antonio are others included in the route to date.

Boosters of the route which wants the highway to cross Interstate 20 at the intersection at Highway 208 here (east of city cemetery) point out that it would be the shortest route and that rights-of-way over ranch territory would probably cost less than rights-of-way along the irrigated farms around Lamesa.

Already a certainty for Interstate 27 is its northern Texas route from Amarillo to Lubbock and the extreme southern route from San Angelo to San Antonio.

CONVERSATION CORNER

IT WAS one of those busier than busier days. The desk spindles were bulging with notes, mostly illegible, and both phones were ringing at once in a sort of twin rhythm act.

In the space of a few minutes, in-between telling one gentleman the official population of C-City as published in the 1969 Texas Almanac, and relaying to another the official rainfall, the news desk was taking down telephone numbers for the boss, the woman's editor, and the advertising manager.

It was one of those busier than busy days such as everybody alive inherits sometimes.

There were headlines to figure; stories spoiling for attention.

* * *

SO THE PHONE rang again. Whether you believe it or not, the conversation which followed went like this.

Voice on the other end, heavy with courtesy – "Is this where y'all sell Records at?"

Editor – "Yes, why yes it is." (It is, too, so long as people mean Colorado City Records.)

Voice on the other end of the line – "Well, do y'all have African Soul?"

Editor – after a minute of dead silence – "What did you say?"

Voice again – "I say do y'all have Africal Soul down there?"

* * *

THINGS went on like that longer than makes sense.

Editor again – "I'm sorry. Would you repeat that?"

Voice – "Yes mam. I'm huntin' African Soul."

Editor – silence.
Voice – "This IS where y'all sell Recors at, man?"

Editor – "Well. . ."

Voice – "You said you sell records. You got African Soul?"

Then came the light.

Editor – "We do and we don't. You mean MUSIC? You mean like recordings. . .disks you play on stereo?"

Voice – "Yes MAM. You got African Soul down there?"

* * *

IT WAS one of those busier than busy days and the other line began to jangle.

"I think," said the editor, "you want to call Kirschbaum's or somebody who sells that kind of records."

"That's right. Would y'all mind looking up that number for me, please mam?" came the voice, still patient.

So please mam did. And whether you believe a word of this or not, it happened. . .on a busier than busy day right in the middle of things. . .with the Brush Control fund and the Baptist Revival still Gentle On My Mind.

* * *

CLOUD NINE sails round and round the home on Dallas St. where Lena and G. B. Bullard live.

The Bullard son, Sp-4 Larry Bullard, is home from duty in Vietnam. You'll remember that he was here on leave last December then went back to Vietnam to complete his tour of duty.

Maybe you didn't know that Larry was wounded in January and has been recovering in a hospital in Japan. After his 30 day leave he will be stationed at Fort Hood until time for his discharge, come December.

Larry's wife Geneva lives at Lamesa.

HEAR TELL that our Roger Richards, son of Lloyd and Bea, is now aboard his submarine with the US Navy and that he visited our Cleve Moore who is stationed in the Philippines, recently.

Hear, too, that our Zollie (Rusty) Steakley was elected president of the sophomore class at Baylor University at Waco. Rusty will be a pre-law soph, come September. He is second son of Bobbie and Dr. H. Jene Steakley.

SEEN LATELYS included Nadine and Joe Leonard together at the Colorado Drug lunch counter.

Saw Shug (Mrs. Howard) Bynum. . .County Judge Elmer Martin and a bit later, his little wife Billie. Billie's Aunt Lutie Wilson, by the way, was visited by her cousin, Mrs. Durham of Sterling City, Tuesday.

The cousins, who look more like sisters, are both a beautiful 97 years old!

* * *

LITTLE BIT of Heaven was on exhibit at Colorado Federal Savings & Loan building, Friday. It was the day of the Garden Club's iris show. Never saw such beautiful examples or such a wide variety of blooms.

Among familiar faces there were those belonging to Velma Comer, Peggy Jenkins, Naomi Elliot. . .Also Mrs. Earl Brown, Mrs. A. H. Jackson, and Mrs. L. J. Taylor.

* * *

FAMILIAR FACES, other places, were worn by Linda and Jim Mauldin sharing a table at the Villa. . .Janice Miller was lunching with a guest.

Crickett Hrbacek, who has been living in El Paso, has moved to Midland. She was an office dropin, Tuesday. So was Margaret Oyler.

Had fun meeting the '69 honor grads, Ronnie Witten, Dan Steakley, and Sally Smith, at Colorado High. . .and chatting with our Freddie (Mrs. Don) Guitar and Wallace Price, CHS principal.

WANT to know something nice?

The grandsons of the Olson Sweats, Paul and Clark Hise of Alpine, played last Saturday at Odessa in the National Fraternity of Student Musicians auditions, and were international winners after playing 15 piano solos each!

Paul was graded 97, a rating of superior. Clark made 95, superior-minus. Paul is 12, Clark, 8. They're sons of the former Zora Mae Sweat and her husband Ross Hines of Alpine where Ross teaches at Sul Ross State College.

Piano teacher for the boys is their grandmother, Mrs. Sweat, public school music teacher at Primary School here – so their lessons are on the irregular side. They get instructions only when visiting here or when the Sweats go to Alpine.

The couple will be married in a morning ceremony in Memorial Chapel of First United Church May 28. Rev. Billy Wilkinson, church pastor, will officiate in the 10 o'clock vows.

Wedding reception will be in Fellowship Hall of the church.

Miss Karen Fugate was graduated from Colorado High School in 1966. She attended Southwestern University in Georgetown one year and is now attending Texas Technological College in Lubbock.

Mmes. Pratt, Riden Talk to Atheneums

Mrs. Woodrow Pratt and Mrs. T. J. Riden spoke about "The American Family" during a recent meeting of Atheneum Study Club in the Loraine home of Mrs. Glen Coon.

The speakers were introduced by Mrs. Lily Bennett, moderator for the afternoon.

Mrs. Pratt presented an analysis of John Steinbeck's book, "What's Happening to America?". She said that America came into being through bold pioneers who dared to face the dangers and toils of uncharted seas and uninhabited lands to gain religious freedom and a way of life more suitable to those who love liberty and the pursuit of happiness.

"Though they fought and died to attain these goals," she continued, "they gained America as our precious heritage."

She also reviewed a magazine article, "The Danger of Too Much Freedom".

Excerpts from "The New American Family" by Phyllis McGinty was reviewed by Mrs. Riden.

She explained that the American family has always been in crisis.

"A hundred years ago children were called selfish, willful and accused of juvenile depravity, while their parents were centured for delaying discipline.

"Today is not much different," said the author.

"Though we drown in affluence, our youthful families hardly remember hard times and refuse to worry about the rising cost of living because they expect to rise with it."

Mrs. Riden concluded her talk, "I believe the new American family has never before had a better chance for the ideal way of life as now."

Following a brief business session refreshments were served to Mrs. W. A. Taylor, Mrs. Riden, Mrs. Pratt, Mrs. C. H. Martin, Mrs. B. J. Johnson, Mrs. Doyle Hester, Mrs. C. R. Green, Mrs. T. L. Finley, Mrs. Percy Bond, Mrs. Lily Bennett, Mrs. Cora Johnson and Mrs. Coon.

TIMELY APPLAUSE

It's all coming along so fast now, this ending of another school term, you hardly get your breath before another event.

Interscholastic League finals, concerts, trips, yearbooks, parties and all the things which crowd the calendar of students.

For the entire year, from September through these final days of the spring semester, we should be proud of our students. . .their teachers. . .and our schools. Their conduct, their achievements. . .their plans and goals deserve our applause.

And my special congratulations to the gang of seniors who lead the honor list — Valedictorian Ronnie Witten, Salutatorian Dan Steakley, Honor Girl Sallie Smith and Vickie Cotton, Doris Mickey, Mary Lou Wilkerson, Christy Stubblefiend, Robert Tinsley, Pat Graham and Mattilea Crabtree. Their scholarship is a beacon for all.

What Are You Giving Them For Graduation?

They'll be in the processional before long in Colorado City, Loraine and Westbrook. Eager to face the future, confident, joyous.

Are they ready? Are they equipped with the essentials to leave home, go away to college, move out and make it on their own?

It's a rough world out there. Cruel at times. Vietnams are just one part of it all. Day to day grind... financial worries, health problems ... treacherous turns and detours... sorrows and disappointments sometimes overwhelming us.

How about it? Is their equipment from home only the newest slim-cut slacks or mini-skirts, a new car or jalopy... ready cash and plenty of leisure for fun?

You must be strong out there away from home and true strength comes from Faith... Faith in God and the teachings of His Son, Jesus Christ.

If you didn't give them Faith, then you have short-changed 'em on the road of life.

TEACHERS

From Page 1

"For, ladies and gentlemen," he added, "a rose by any other name is still a rose. A union by any other name, be it CIO, AFL, Texas State Teachers Association, American Medical Association, American Newspaper Guild – or what have you – is still a union.

"Colorado Classroom Teachers Association has just signed a Professional Communication Agreement with the school board," Bell said, "and you don't have to be a Ph.D. to understand those who belong to CTA have roots in the TSTA, also.

"By its own words, this agreement has as its primary concern the education and welfare of the students. This is the specific intention of those who in good faith drafted this first general statement of agreement.

However, it is a collective bargaining agreement and by its terms is subject to amendment, change. . .Make no mistake about it teacher organizations have jumped into the power struggle with both feet and hands," Bell said.

"A union in the power structure must be concerned with production. . .a teacher deals with minds, spirits, dreams, and hopes, and this must be different. It has to be – because right now, next to God's love, education is the great hope for this whirling, rickety, reeling world," the speaker said.

Bell then made a comparison. A customer can return shoddy merchandize, he said. But a boy or girl has no recourse.

"You can't call back a semester when a kid is marked by sloppy teaching," he said.

"I am telling you your professional teacher organization needs your personal interest, your personal concern, your personal action as never before. . .So make it your individual mission in education to be dedicated in a professional manner, in attitude, behavior, philosophy, and application.

"Avoid the trap of being professional for meat and potatoes only. Avoid it for the sake of your pupil, your school. . .your country," he concluded.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER TWO ON THE BALLOT (HJR9)

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section 49-d-1 to read as follows:

"Section 49-d-1. (a) In addition to Texas Water Development Bonds heretofore authorized to be issued by Sections 49-c and 49-d of Article III of the Constitution, the Texas Water Development Board is hereby authorized to issue $3,500,000,000 in aggregate principal amount of bonds. No part of such additional bonds shall be issued prior to approval thereof by the vote of two-thirds of the elected members of both houses of the Legislature.

"(b) The proceeds from the sale of such bonds shall be deposited in the Texas Water Development Fund.

"(c) The bonds herein authorized and all bonds authorized by such Sections 49-c and 49-d of Article III shall bear such interest and mature as the Texas Water Development Board shall prescribe subject to the limitations as may be imposed by the Legislature.

"(d) The Texas Water Development Fund shall be used for the purposes heretofore permitted by and subject to the limitations in said Sections 49-c and 49-d and in addition thereto for the purposes of developing water resources and facilities for the State of Texas, both within the State and without the State of Texas. Provided, however, that financial assistance may be made pursuant to the provisions of such Sections 49-c and 49-d subject only to the availability of funds and without regard to the provisions in Section 49-c that such financial assistance shall terminate after December 31, 1982.

"(e) Under such provisions as the Legislature may prescribe, the Texas Water Development Board may receive grants and, in addition, execute contracts with the United States or any of its agencies, other states of the United States, foreign governments and others, for the acquisition and development of such water resources and facilities for the State of Texas. Such contracts when executed may be secured by the general credit of the state, and if so secured shall constitute general obligations of the State of Texas in the same manner and with the same effect as Texas Water Development Bonds. If facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment. The aggregate principal amount of Texas Water Development Bonds authorized herein and in said Sections 49-c and 49-d shall be reduced by the aggregate of principal payments committed under such contracts constituting general obligations of the state. The provisions hereof shall not be construed to limit the authority of the Texas Water Development Board to execute contracts or issue revenue bonds when such contracts or bonds are not secured by the general credit of the state.

"(f) Texas Water Development Bonds and such contracts secured by the general credit of the state shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"(g) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory character."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on Tuesday, August 5, 1969, at which election all ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment broadening the powers of the Texas Water Development Board and the purposes of the Texas Water Development Fund; eliminating the interest limitations on Texas Water Development Bonds; raising the authorized amount of Texas Water Development Bonds by $3,500,000,000; extending the maturity schedule on Texas Water Development Bonds; eliminating the procedures for curtailment and the curtailment date of financial assistance to be provided by the Texas Water Development Board."

That means the county is taking a serious look at the costs involved and trying to fit the project into the county's pay-as-you-go policy which, while keeping Mitchell County out of debt, has provided a continuing program of improvements during late years.

Judge Martin praised the Jaycees for making every effort and considering all angles in trying to make the office project fit into the county's program of work.

Involved in the planning is the southeast area of Civic House, about 2700 square feet of floor space which extends from just east of the vacant National Guard Armory and extends along East First street east to Elm Street.

The Big Spring operator also will drill a northeast offset to the Albaugh No. 1 Reed, a Wolfcamp discovery in the northern part of Sterling County.

The No. 1 Reed is the discovery well for the newly named Albaugh-Cole Field, which produces from the lower Wolfcamp.

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section 49-d-1 to read as follows:

"Section 49-d-1. (a) In addition to Texas Water Development Bonds heretofore authorized to be issued by Sections 49-c and 49-d of Article III of the Constitution, the Texas Water Development Board is hereby authorized to issue $3,500,000,000 in aggregate principal amount of bonds. No part of such additional bonds shall be issued prior to approval thereof by the vote of two-thirds of the elected members of both houses of the Legislature.
