ROY HUDSPETH DONATES $50,000 TO SONORA HOSPITAL FUND

Services Sunday For John Kring

DIED SUDDENLY SATURDAY AFTER SHORT ILLNESS

Funeral services for John Augustus Kring, 76, were held Sunday afternoon at 4 o'clock at the home of his daughter, Mrs. B. M. Halbert, Jr. Kring died suddenly Saturday morning while he was having breakfast. He had been ill several days last week, but was not thought to be in a serious condition.

Born June 24, 1871, Kring moved here in 1925 from Lampasas and Lometa. Mrs. Kring, the former Miss Ruthie Ann Pope, preceded him in death January 19. Mr. and Mrs. Kring observed their Golden Wedding Anniversary two years ago.

Services were read by the Rev. W. P. Carmichael, pastor of the Methodist Church. Pallbearers included, Wayland Stubblefield, Nelson Stubblefield, J. F. Hamby, Sam Allison, Lloyd Earwood and Louie Trainer. Interment was in the Sonora Cemetery.

Survivors include a daughter, Mrs. Halbert, a grandson, B. M. Halbert, III, a brother, Joe Kring of Lometa, a nephew, Jesse Kring and three neices and one other nephew.

Boy Scouts Now Using New Hall

The Boy Scout Troop 119, which includes Scouts from beginners through Eagle Scouts, meets every Monday night at 7:30 o'clock in the new Scout hall. C. W. Blalock is the Scoutmaster and C. E. Brown, Jr. is the assistant Scoutmaster.

Lions Get $5,000 In School Drive

USE OF GATE RECEIPTS EXPLAINED TO PUBLIC

The Lions Club's one-day drive to raise approximately $9,000 to pay for a $6,000 football stadium, $2,600 worth of new band uniforms and a payment toward financing Boy Scout activities, passed the $5,000 mark Friday morning, after having been extended when it became evident that there was not enough time Tuesday morning to contact everybody in the county. The Tuesday morning drive, however, did raise almost $4,000.

Split into three groups, a "special gift" committee composed of J. M. Vander Stucken, B. M. Halbert, Jr., and Bryan Hunt, and two teams of Lions headed by H. M. Smith and Wesley Sawyer, raised $3,952.50 Tuesday morning. By Friday, however, this total had been pushed beyond $5,000. Both team captains estimated that from one-fourth to one-third of their lists of names had yet to be contacted.

Disposition of Money

Apportionment of the money collected for the three porjects will be left up to the board of directors of the Lions Club. Many have asked solicitors what becomes of gate receipts for the football games.

Game Receipts Told

Each week Supt. Wells submits a financial report of the preceding week's game to the school board. The News presents two of these to show how low the net profit is in comparison with the gross, and points out that all football equipment, as well as much of the basketball, track and baseball expenses are borne by receipts from football games.

The gross of the Eldorado game was $675.25. Expenses, including federal tax, Eldorado guarantee, officials, gate keepers, and car parking attendants ran to $256.57, leaving a net of $418.78. In the Miles game, however, the gate only ran $315.39, while expenses were $219.58, leaving a net of $95.81.

Football equipment, the costliest of any high school sport, cost $1,409.35 at the beginning of the year, and does not cover other necessary costs such as athletic insurance, scouting other schools, out of town trips by the team, maintenance of the field, posters, and coaching school expense, which amounted to about an extra $500.

Financial statements of the Eldorado and Miles games, as well as expense statements will be posted on the window of the News Building, since they are too detailed for complete presentation here.

Donations for the drive will be taken tonight at the game by S. M. Kerbow and Tom aRtliff. Both will be at the 50 yard line on each side of the field.

SELLS MOTOR CO. INTEREST

Louie Smith has sold out his interest in the Smith Motor Company to Fred Carter of Cedartown, Georgia, effective Monday. C. C. Smith, the other partner in the business, is retaining his interest in the firm and will continue to act as manager.

WITCHES AND GOBLINS —

Streets Roped Off Saturday When Schools Put On Halloween Carnival

Witches, hobgoblins and all manner of eerie looking apparitions will chill the hearts of Sonora citizens Saturday night, November 1, at 7 o'clock when students in the Sonora schools parade down Main Street to touch off the Third Annual Halloween Carnival put on by the Sonora Elementary and High School.

Prizes Awarded

Following the parade of the costumed youngsters, led by the Bronco Band, from the courthouse to the intersection of Main and Concho, will be the awarding of prizes for the best costume in each grade, frist through twelfth, best in the Elementary School, best in the Junior High School, best in the High School, grand prize for the best costume in all schools and the best costume for a pre-school child.

Coronation Ceremony

The awarding of prizes will be followed by coronation ceremonies for the King and Queen of the carnival. This innovation, which was started last year when Evelyn Newman and Norbert McIntire were elected, has become a permanent part of the annual fiesta. One candidate from each class in the High School has been nominated for queen and votes are sold for a penny each at voting boxes placed at the schools and in downtown stores. The Queen chooses her King.

Candidates this year are Senior girl: Edwina Hawley; Junior girl: Betty Spoon; Sophomore girl: Patsy Moore; Freshman Girl: Flora Dell Davis.

Seventh grade students have chosen Yvonne West and Eighth graders have named Bobbie Ann Drennan to run for Princess. After the Queen and Princess have been named, other candidates will serve as members of the court.

Will Sponsor Booths

Each class and organization will sponsor a booth which includes raffling, chance drawing, bingo, a street dance; cake coffee and pink lemonade stand; WALDO, a great special attraction will be auctioned off to the highest bidder; hot dog stand, penny pitching, ball throwing, carnival items of all sorts, Little Casino that will have a horse racing wheel and dart board. There will be a cake walk and a country store.

The proceeds are to go to the respective classes and organizations for their functions and activities for the year, according to Supt. A. E. Wells.

The costume contestants are to meet at the courthouse at 6:30 o'clock.

A large stand will be erected on Main Street. Here the Queen will be crowned immediately following the parade and all the prizes will be given.

Junior High Colts Nip Angoras 40 - 6

In the Junior High game Thursday night, October 16, the Colts tromped the Rocksprings Angoras 40 to 6. Henderson made 3 of the six touchdowns, Baldwin 1, Jack Drennan 1, H. W. Kile 1. Four extra points were made passing. Nine first downs were made by Sonora to Rocksprings' 11. Sam Shanklin made Rocksprings' lone touchdown.

Citizens, Federal Govt. To Be Asked For $50,000 Each For Project

Sutton County's long-hoped-for and much-needed hostpital stood an excellent chance of becoming a reality this week when Roy Hudspeth, prominent Sutton County and West Texas ranchman and banker, deposited a check for $50,000 in the First National Bank here last Wednesday. The money was given "for the purpose of matching a like amount to be raised by the citizens of Sutton County."

The Federal Government, now engaged in a hospital building program throughout the nation, is giving aid to local hospitals through the state health departments. Indications are that the local project would definitely receive one-half of the amount given locally or $50,000, making the hospital a $150,000 project.

Organization details for the hospital, which will be a non-profit and charitable institution and will be open to all physicians accredited by the American Medical Association, are being worked out this week by L. W. Elliott.

It is proposed to ask persons who have made donations to the memorial building to transfer these donations to the hospital fund. The hospital will be named the Lillian M. Hudspeth Memorial Hospital and will have plaques placed in the halls in memory of Sutton County service men who gave their lives in World War I and World War II.

Directors Named

Administration of the hospital will be handled by a local board of directors composed of seventeen members. These are: R. A. Halbert, Ed C. Mayfield, Fred T. Earwood, Ben F. Meckel, Bryan Hunt, L. W. Elliott, George H. Neill, Joseph Vander Stucken, Clay Puckett, Dan Cauthorn, S. H. Allison, Joe Berger, B. W. Hutcherson, Mrs. Roy E. Aldwell, Mrs. W. R. Cusenbary, Mrs. Mack Cauthorn and Mrs. G. H. Davis. An organizational meeting of this group will be held next week, and definite plans for building, site, solicitation and other matters will be started.

It is probable, however, that an eighteen to twenty-room hospital, complete with laboratory, operating room, delivery room, and air conditioning system throughout may be built for the proposed amount of money and still leave sufficient operating capital.

Present plans are to allow individuals to equip a room in memory of some loved one and to place a small plaque on the door of that room.

Donations Deductible

Since the hospital will be non-profit in organization, donations to it may be deducted from taxable income. According to law, up to 15 percent of an individual's gross income may be donated to such a project in any one year. This means that 15 percent may be donated this year, and another 15 percent in 1948.

Roy Hudspeth

The idea of a community center memorial building was dropped last spring when Hudspeth approached the group in charge of that project with the idea of a hospital for Sutton County. The hospital will take the place of the county's tribute to its veterans and will be in part dedicated to them.

Hospital Need Is Great

Sutton County's need for a hospital is pressing to say the least and it is hardly necessary to point out that few counties are fortunate enough to have a citizen who will donate such a large amount of money and ask only that the citizens match it.

Patients from this area flow in a constant stream to San Angelo, San Antonio, Houston, Dallas and Temple for surgery and other medical treatment which could easily be performed here. Many specialists in Texas own their own planes and fly to various parts of the state to treat their patients. Last week there were three Sonorans operated on in San Angelo hospitals. All three could have been cared for here, IF we had a hospital.

Robt. Halbert Bull Grand Champion At Dallas Fair

A total of 19 prizes, including grand champion bull, reserve champion female, 8 first, 7 seconds and 2 thirds, is the record hung up last week at the State Fair at Dallas by Robert Halbert's herd of Polled Herefords.

Domestic Mischief 73rd, bred on the Halebtr ranch here, was judged grand champion Polled Hereford bull. Miss Domestic Woodrow 24th was named reserve champion female.

The Lions Roar

Bob Baker was presented with a Lions Key Tuesday in recognition of having brought three new members into the club. Guests were L. M. Roueche, Harvey Cooper and M. R. Brackett of San Angelo.

The special gift committee announced that it had raised $3,415 for the drive, Wesley Sawyer's team, $327.50 and H. M. Smith's team, $210. It was decided to continue the drive. Announcement was also made that the losing team would entertain the winning team. Friday morning, Smith's team was leading by $300.

Sonora Scores In All Quarters To Beat Miles 64-0

FIRST, SECOND TEAMS SCORE AT WILL ON OUTCLASSED BULLDOGS

By Melton Jackson

The Sonora Broncos racked up a score of 64 to 0 over the Miles Bulldogs last Friday night. Sonora won the toss, and received, scoring on the second play. Conversion was no good. Miles took the kick-off on the 35 yard line in the Bulldogs' territory, only to be held for four downs, punting out of bounds on the Sonora 43 yard line. McIntire galloped 45 yards for the second score on the next play. Sharp's conversion was good, making the score 13 to 0. Substitutes came in. After the kick-off, Miles attempted to pass but Johnson intercepted and carried the ball to the 3 yard line. Haines plunged over as the first quarter ended. The conversion was no good; score, 10 to 0.

Sonora was heavily penalized throughout the second and third quarters for clipping and being off side. During the second quarter, Haines carried the pigskin 23 yards for the fourth touchdown. Try for extra point was no good. Second string gained the ball, and carried it down field to Miles' 35 yard line. First string came in.

A pass to Ogden on the first play netted the fifth touchdown. Try for extra point was good, making the score 32 to 0. Subs reentered as the first half ended. First string started at the half. During the third quarter, McIntire intercepted a pass for a 15 yard gain, making it first down and 10 to go on the Miles 36 yard line.

Smith picked up to the 25 yard line around right end. Allen plunged over for the pay dirt making the score 38 to 0. Conversion was good. Second string entered and forced Miles to punt. Barker ran the punt back for a touchdown from the 40 yard line. Smith's attempt at kicking the extra point was no good; score, 46-0.

Miles attempted to pass, but Barker intercepted and gained 30 yards, making it first down and 15 yards to goal line.

Hamilton lost 10 yards, only to plunge over for a touchdown on the next play. Conversion no good, score 52 to 0, ending the third quarter. In the last quarter, Miles punted. Sonora took over on Miles' 40 yard line. Barker skirted right end for a touchdown, only to be called back on a clipping penalty. On the next play Barker picked up 7 yards, losing the ball to Miles. Miles kicked on fourth down, and Sonora drove the ball 30 yards before Allen went over for the touchdown.

Hamilton's attempt for extra point was no good, making the score 58 to 0. Johnson intercepted another pass attempted by Miles giving Sonora the ball on Miles' 23 yard line. West picked up 8 yards around right end. Sonora was penalized 15 yards for clipping. West went around left end for 15 yards, good for a first down. Next play, Hamilton hit off left end for a touchdown. Conversion was no good. Sonora kicked off as the game ended.

Plenty Of Winter Grazing Needed To Save Grain

It's going to take plenty of winter and spring grazing to fall in line with the government program of saving feed grain.

E. A. Miller, agronomist of Texas A. & M. College, offers a few pointers on planting winter grain crops. He says that as soon as there is enough moisture in the ground, forage crops can go into the soil. If the land is not too hard, it's safe to go ahead and plant in dry soil. The seed will germinate when it finally rains.

Grain planted for grazing can be planted a lot thicker to provide more forage. Oats, wheat, barley, rye and Italian rye grass are good winter grazing crops. A mixture of oats, wheat and barley makes a good combination for grazing when no harvesting is planned. In this mixture, barley provides more grazing in the fall and early winter, while oats and wheat will usually offer good grazing in the spring. Rye, especially abruzzi and balbo are good crops on the sandy soils of East Texas and the West Texas Timbers area.

Vetch or other winter legumes can be planted with grain to improve the grazing. Over a large area of Texas, hairy vetch is planted with rye or other grain crops for seed production and soil improvement as well as grazing.

In the southern half of Texas, when enough moisture is in the soil, hubam and anual yellow clover are first-rate crops, good for grazing, seed and soil improvement.

Miller says that winter and spring grazing not only will help to save badly needed grain, but will also cut down on the cost of livestock production.

Will Attend OES Meet

Leaving Sunday to attend the Grand Chapter of the Eastern Star in San Antonio will be Mesdames O. C. Ogden, Rose Thorp, A. E. Prugel, Seth Lancaster and Tom Driskell. They plan to be gone about a week.

Mr. and Mrs. Joe Norris left Thursday for a visit in Houston.

Texas State Fair Stays The 'Biggest'

DALLAS, Texas, Oct. 23—Texans have something new to brag about this week, as their State Fair of Texas set a new all-time high attendance record. When the gates swung shut Sunday midnight on the 62nd anniversary show, count showed that 1,763,921 persons had been to the Fair during its 16-day run.

This is 123,935 more visitors than attended the 1946 Fair which itself broke all previous records.

The new record upholds Texas' claim to having the world's biggest state fair. Biggest single day was the middle Sunday, October 12, when 221,320 visitors swarmed over the 187-acre grounds and through the mammoth exhibit halls. Attendance went past the 100,000 mark on eight out of the 16 days of the Fair.

Simultaneously with the close of the 1947 season, R. L. Thornton, president of the big statewide institution, announced that the Fair would take bids immediately on construction of a new $700,000 Automobile, Aviation and Recreation Building, to be ready for next year's Fair.

Top Fair officials also are contemplating visits to West Texas to bring even bigger exhibitors and entertainment attractions to the Fair in 1948. This year every square foot of exhibit space was sold months before opening date of the Fair, but Exhibit Director Fred E. Tennant, Sr. and directors of the institution have their eyes on some additional big national firms.

Top attractions this year, according to most visitors, were the $1, 500,000 art show of world-famed masterpieces loaned by New York's Metropolitan Museum; the livestock show, the Quarter Horse Show -- biggest ever held in the nation -- and the Broadway production of "Annie Get Your Gun" starring Mary Martin. The Fair also had more big free events than ever before.

To California's challenge that they are going to take away Texas' title to the biggest state exposition, State Fair officials this week pledge that they mean to keep the title in the Lone Star State.

Flattering

HOLLYWOOD, CAL.—Flattering to gown and lady is the brilliant sparkle of diamonds set off by the subtle flash of mirror-polished palladium which Marian Carr, attractive young starlet, wears. The necklace is a simple snakechain choker, to which five bow-knots of palladium and diamond loops are attached. Especially nice about this combination, which reflects the current trend to elegance, is that each piece is equally impressive worn singly.

From where I sit ... *by* Joe Marsh

"Take Pen in Hand"

This column has been running for so long that its readers, in towns like ours all over the country, are beginning to "take pen in hand" and write us what they think.

Some of them take me over the coals for what I say—like the column I ran on planting alfalfa. Others write, "I liked your column yesterday, *but*...." All of them have different points of view.

From where I sit, that's the way it should be. Everybody's entitled to an opinion—and it's those very differences, and friendly criticism, that make for tolerance and better understanding—whether it's ideas on planting alfalfa or choosing between beer and cider.

The more folks air their differences right out in public, with a neighborly respect for the other person's liberties and point of view, the closer we are to the American principle of individual freedom—whether it's in a choice of crops or beverages.

Scarlet Fever Warning Issued

INCREASE NOTED FROM OCTOBER TO FEBRUARY

The State Department of Health has issued a warning in regard to scarlet fever, since the number of cases usually increases during the fall months. The majority of deaths from this disease occur during the months from October through February.

Scarlet fever is a very contagious and serious disease. Grown people may contract it, but children under 15 years are especially apt to have it, if exposed. It is especially dangerous for children under 5 years, and Dr. Geo. W. Cox, State Health Officer, warns mothers to "not let your children take any chances with scarlet fever. Call the doctor as soon as any suspicious symptoms appear."

Symptoms Listed

Dr. Cox said that the first signs you may notice are that the child seems tired, restless and out of sorts. Usually, there is a sore throat, chills, vomiting, or in some cases convulsions and fever. The skin is dry and hot, the tongue is furred, and, under this furry covering, it is red and swollen. In the ordinary cases, these early signs are followed in a day or two by a rash. Little flat red points, close together, appear first on the neck and chest and soon the rash, very red in color, spreads over most of the body.

The doctor is required by law to report the case to the local health officer. It is important that the family follow carefully the quarantine instructions which the health officer issues, since a severe or fatal case of scarlet fever may develop from contract with some one who has only a light attack. Children who have had scarlet fever, or who have been exposed, must not return to school until permission is given by the health officer and physician.

For the Love of Jim Grilliky

Stories of West Texas ...

by N. H. Kincaid

Joe McCombs wanted that black stallion. "I tell you, boys," he declared, "he's the finest hoss in all West Texas!" and Joe, official skinner and camp jester of the Poe-Jacobs buffalo hunting outfit, made plans for the day. "I'm a-goin' to get him, or bust a hamstring," he muttered. "I'll just crease old 'Jim Grilliky' with my Sharps so's I can tie him up good and then I'll break him in for my special mount."

Early the next morning Joe left camp to go catch his 'Jim Grilliky', as he had named the stallion. Luck was with him and just after getting out over the rise to their east, he saw the big black stallion and his harem. Slowly he inched his way forward, keeping to the lee side of the herd so they could not get his smell. But old Jim Grilliky soon scented trouble and before long the entire herd was restless. Joe knew that he had better shoot before they stampeded.

To "rease" a horse he must be shot exactly on a certain nerve of the neck just back of the head. This produces temporary paralysis. Only an expert shot would risk this, but Joe was an expert shot. He was credited with having killed 4,900 buffalo in the Signal Peak vicinity during the one hunting season.

So Joe "ups and bust loose" with his old buffalo rifle and succeeded in hitting his stallion right in the exact spot on the neck. Jim Grilliky stretched out neatly and Joe fairly cut the breezes getting to him. He must tie him up while he was yet stunned. Reaching for his lariat Joe suddenly realized what he had done. His rope had been left at camp!

But Joe was determined to have that stallion. Hestitating briefly he pulled off his trousers, picked up his skinning knife, and set to work. Within the time allotted himself he had his horse all securetied with his improvised lariat, and stepped back to watch the fun.

But something had gone wrong. Jim Grilliky lifted his head feebly, and then, dropping it with a deep sigh, stretched out, stiff.

Eventually Joe had to face the facts. There he was, afoot, in the midst of cactus and catclaw, and dressed only in his soiled old shirt. And it was four torturous miles back to camp!

Back at the hunt, the day had passed with its usual amount of excitement and Poe and Jacob had paid little attention to Joe's failure to return. But around midnight, as they were cooking a delayed supper, Joe came limping in.

And a most disreputable looking object he was! Scratched, bleeding and blistered but strangest of all, quite trouserless and "in the altogther" from his waist down!

But Joe was not seriously hurt and try as they might, the two men could not keep a straight face. "Why, man," Jacobs ejactulated heartily, "the Comanches have scalped the wrong end of you."

"And I don't mean electric *light* bill, either. It's a service bill today!

Because lights are only a small part of it. It's a cooking bill and a cleaning bill a heating bill and a cooling bill and a hot-water bill, as well. It covers food preservation and entertainment washing and ironing time-telling and sewing and a lot of other things besides. It's the biggest bargain in your family budget. When the cost of practically everything else has gone *UP*, the price of your electric service has stayed modestly *LOW*. You are now getting twice as much electricity for your budget dollar as you did 20 years ago—electricity is doing many, many more jobs than it did then."

Music Club Hears Address By Head Of Texas Federation Thursday

The Sonora Music Club held its second special program of the year Thursday afternoon in the home of Mrs. George Barrow, who was assisted as hostess by Mrs. S. M. Loeffler.

In the receiving line were Mrs. Few Brewster, special guest of the afternoon; Mrs. A. E. Prugel, program chairman; Mrs. E. D. Shurley, leader for the afternoon, and Mrs. Ben H. Cusenbary.

A musical program was presented by Mrs. Ed Lewis, Jr., who sang "The Laff With The Delicate Air" by Thomas Arne and "A Heart That's Free" by Alfred Robyn. Mrs. Lewis was accompanied by Mrs. Brock Jones, also of Ozona. Mrs. Charles F. Browne played on the piano "Ruffles of Spring" by Sinding and "Clare de Lune" by DeBussey. Darlene Barrow played "Edelweiss Glide" by Vanderlieck.

Mrs. Few Brewster of Austin, president of the Texas Federation of Music Clubs, dicussed briefly the development of the Federation and its importance in the lives of its members and community.

During the social hour, tea was served by Mrs. Cusenbary and Mrs. O. G. Babcock. Mrs. Brewster, who is an outstanding musician, played three piano selections: "The Lark" by Glinka, "Dance of the Gnomes" by Rizt and "Etude" by Chopin.

Out-of-town guests were Mesdames Weaver Baker of Junction; L. B. Horton, Edwin Mayer, George Needham and James Caldwell of San Angelo; Mrs. Jones, Mrs. Lewis and Miss Wanda Watson of Ozona.

Members of the Sonora Music Club who attended the Sixth District Convention in Abilene Saturday are Mesdames Loeffler, Prugel, Cusenbary, Sterling Baker, James Wilson and Charles F. Browne.

All Plastic Room

The room shown above as pictured in the October issue of House Beautiful magazine is full of plastics that don't look as you would expect them to. Except for the rug, the metal lamp base, a few desk bibelots, and the picture on the wall, everything in it traces its lineage back to the test tube.

W.S.C.S. Conducts Business Session

The Women's Society of Christian Service met Wednesday afternoon at the Methodist Church. A short business meeting was held with Mrs. J. F. Howell, president, presiding. The members voted to give a baby life membership to William Gaddy Lyles, son of Mr. and Mrs. Lenoy Lyles.

Mrs. H. M. Smith announced that the Week of Prayer service is to be observed October 27 from 4:30 o'clock to 9 o'clock in the main auditorium of the church.

A light supper will be served at 6:30 o'clock. Members of the Weslyn Service Guild will be in charge of the program after the evening meal.

All church members are urged to be present and the entire public is invited to attend.

NANCY HUNT HONORED WITH HALLOWEEN PARTY

Nancy Bryan Hunt was honored on her ninth birthday Tuesday afternoon at their ranch home by her mother, Mrs. Bryan Hunt.

The guests came dressed in Halloween costumes. The table was decorated with orange zenias, pumkins and black cats. Favors were nut baskets shaped like pumkins and Halloween caps.

Games were played and refreshments consisting of sandwiches in the shape of pumpkins, potato chips, stuffed celery, punch and cake were served to thirty members of the fourth grade.

MRS. PRUITT IMPROVED

The Rev. Charles Tally of San Angelo conducted services at the First Baptist Church Sunday in the absence of Rev. J. E. Jack Allen, a student at the University of Texas, will accompany Miss Howell to Weatherford and will be an usher in the wedding. They plan on returning to Austin Sunday.

Visits Sister In Doss

Mr. and Mrs. S. M. Loeffler and sons, Norris and Carlos, spent the week-end in Doss visiting Mrs. Loeffler's sister, Mrs. T. J. Neffendorf, and family.

Kenneth Taliferrio, former Sonora resident, was in town Tuesday afternoon.

Mrs. Lem Johnson is ill this week with the flu.

When the main dish of a meal can be cooked by merely clicking on the flame of the broiler, that means more leisure for the busy housewife. Here's a *Hawaiian Grill* that's simple, nourishing and tasty. After preheating broiling compartment and pan 5 minutes to broiling temperature (about 550°), put on broiler grid about 3" from tip of gas flame *4 lamb shoulder steaks* (2 lbs.) seasoned with *salt* and *pepper*, broil 8 min., turn. Cut up *6 pineapple strips* and cover with *⅓ cup brown sugar* and *3 tbsp. melted butter* blended together; cut in half *4 small tomatoes* which have been marinated in French dressing, top them with *1 tsp. minced onion* and *½ cup buttered bread crumbs*, place on broiler grid with steaks and pineapple. Broil 8 min. longer. Yield: 4 servings.

★ ★ ★

Because of their high protein content, eggs tend to toughen when overcooked. They should be cooked slowly over the simmer flame on top of the gas range or with low flame if broiled or baked.

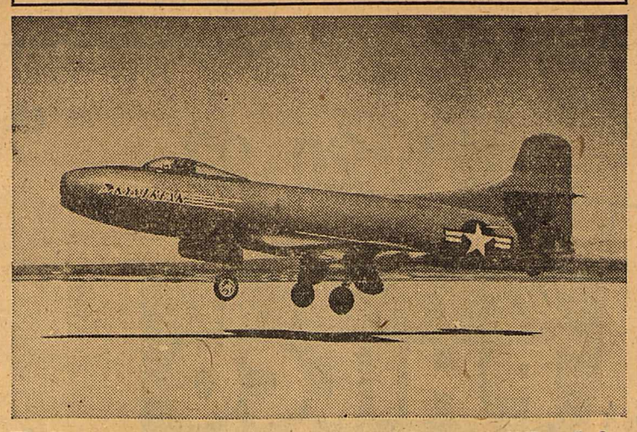

★ ★ ★

It helps to keep down gas bills if gas range parts are always spotlessly clean. Top burners, trays and grates can be washed easily with warm soap and water, then rinsed in clear water. All parts should be dried thoroughly before replacing. An easy simple habit to keep the porcelain top shining-clean is to wash it off after each dishwashing. A quick wipe with warm water and soap does it.

★ ★ ★

A light accompaniment to cool summer drinks are potato chips sprinkled with grated Parmesan or American cheese. Turn the gas flame to moderate heat, leave cheese and chips in the oven until cheese is slightly "runny." Serve while hot.

SKYSTREAKS TO RECORD

The Navy captured the world's speed record in August, 1947, and, five days later, broke it with the jet-propelled "Skystreak," shown above. Piloted by Comdr. Turner E. Caldwell, Jr., USN, the plane flew 640.7 miles per hour in the first test at Muroc Field, Calif. Within a week Maj. Marion Carl, USMC, set a new mark of 650.6 miles per hour in the same plane. *(Official U. S. Navy Photograph)*

Miss Brinkley's Engagement Told

Word has been received this week announcing the coming marriage of Miss Norma Jean Brinkley, daughter of the Reverend and Mrs. R. C. Brinkley, to J. K. Andress, son of Mr. and Mrs. E. L. Andress of El Dorado, Arkansas.

The wedding has been set for November 27 at 10 o'clock in the morning at the Immanuel Baptist Church in El Dorado.

The Reverend Brinkley was pastor of the First Baptist Church here from 1936 to 1040. Both his daughters, Kathleen and Norma Jean, attended local schools.

Aprroximately 396,000 farm families and other rural consumers in 44 states and Alaska will get electricity as the result of loans approved by REA during 1947.

Son-of-a-gun

The Friday night football fiasco, more of a statistical three-ring circus than a football game, left most customers with but two disappointments. First, Debbo West, junior team halfback who certainly seems destined to go places in a couple of years, did not get to score, although he made some nice gains.

Debbo, who weighs approximately 118 pounds with an anvil in each hand, gets started in a hurry and leaves it in second until somebody stops him. The other disappointment was that Miles failed to score. The final tally, after they got the adding machine out, was somewhere in the neighborhood of 64-0. We may be off 40 or 50 points one way or the other, however.

—(?*½$*?)—

Miles had about as many reserves as Sonora had a few years ago, so most of the team had to play the full 60 minutes. Lake View, coming here tonight for a non-district game, hasn't heard or isn't impressed by last week's score. Lake View is a Class A team, this marking Sonora's second venture out of the Class B. brackets.

—(?*½$*?)—

Speaking of the game tonight, we would like to introduce Melton Jackson to our readers. Jackson wrote the two football stories on page one, and serves as announcer between halves at the local games. Last year Jackson was one of the Broncos outstanding linemen, then transferred to the backfield and made good there.

A 25 pound boar badger was exhibited Tuesday morning downtown by Johnny Hamby. Hamby said he ran over the animal Monday night on the highway near the Mack Cauthorn ranch. The last badger reported killed here was last year. Hamby's speciman had 2-inch claws on all feet and looked as though, if alive, he could kill a dog with his forefeet and dig a hole to put it in with his hind feet all at the same time.

—(?*½$*?)—

The Lions got about halfway through with the stadium drive Tuesday morning and decided at the luncheon to continue the drive at least until everyone in the county has been contacted. Not one refusal was reported by team captains Wesley Sawyer and H. M. Smith, but more than half the people have yet to be seen.

There will probably be many who won't be contacted by the Lions, because they can't be located or for some other reason. Those not contacted are asked to give their donation to any Lion.

BOYCE HOUSE "Gives You Texas"

Upon what little things, great achievements sometimes depend. Many years ago, there came to the mining rush town of Virginia City, the most famous humorist of the day--Artemus Ward. After the lecture that night, Ward and several newspapermen did a little celebrating which climaxed with Ward and a young and obscure reporter walking over the roof-tops in the business district. They were almost fired upon as burglars. The reporter was Mark Twain.

Did you ever hear the "rebel yell?" I. Hardin, secretary of the Kentucky Historical Society, wrote your columnist, asking for assistance in preserving the battle-cry of the Confederacy for posterity . . . The distinction of being the youngest member of a Chamber of Commerce goes to Vanessa Sharyl Bryan, one day old. Her father, Vance Bryan,(a former Texan, is owner of the luxurious Jack Tar Courts in Hot Springs, Ark. . . . Neal Estes, Carthage editor, stops his car at all railroad crossings.

He said that he once drove across soon after a train had passed and his brother, an attorney remarked, "It's true that one train went by just a little bit ago but the railroad owns the line and it reserves the right to run a train every minute."

And that reminds me of the story of the young ranchman who was strolling along with a pretty girl when they saw a calf on one side of a fence thrust its head through the fence and rub its nose against its mother's face, in the adjoining pasture. The rancher sighed romantically and said, "I wish I could do that." The girl said, "Well, why don't you? It's your cow, isn't it?"

Man has conquered the sea and the air; he has harnessed the lightning and compelled it to work for him. Who shall say that he can not evolve a means of bringing lasting peace to a world whose people want peace.

SWING OF SOUTHWEST MARKETS

Many southwest farm products set lower trends last week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Texas hog markets closed steady for the week, while other southwest terminals suffered losses up to 50 cents or more. Top hogs sold late in the week at $28.50 at San Antonio, $29 at Fort Worth, $28.85 at Wichita, $29.50 at Denver, and $29.95 at Oklahoma City. Sows ranged mostly from $25 to $27.50, and pigs $20 to $26.

Most cattle markets lost 25 cents to $1 compared with a week earlier. One exception was Houston, where common to medium cows sold steady at $12 to $14.50. Another was San Antonio, where cutter and common cows brought $11 to $14. Cutter and common cows turned at $11.25 to $13.50 at Fort Worth, and $10.50 to $13 at Oklahoma City. Wichita took common and medium grades at $13 to $15.

Most lamb prices weakened by 50 cents to $1.50, and ewes 25 to 50 cents per hundred pounds for the week. However, lambs sold 50 to 75 cents higher at Denver, where choice range Colorados closed at the week's top of $23.50. Late top at Oklahoma City was $19.50, while Wichita bought good and choice truck-ins at $19.50 to $20.

NAVY STATIONS MOBILE SURGERY AT HOUSTON

A mobile operating room, mounted in an automobile trailer and equipped with facilties comparable to those of large hospitals, will be stationed by the Navy at the Naval Hospital in Houston, for disaster relief work, Eighth Naval District headquarters announced today.

Texas City Cited

Pointing out that Houston is centrally located in possible hurricane territory, the Navy said that the Texas City disaster and Gulf Coast hurricane demonstrated the desirability of providing a mobile type surgical unit to augment emergency supplies in the district.

A separate generator mounted on a trailer supplies electricity for surgery, lights, hot water, air conditioning and for operating instrument and dressing sterilizers.

NAVY PHOTOGS TAKE PART IN NAVY DAY CELEBRATIONS MONDAY

Navy photographers are reviewing an 85-year service record in connection with Navy Day ceremonies on October 27, Eighth Naval District headquarters in New Orleans announced.

The service cameramen, who paved the way for ship and plane successes against Japanese strongholds in World War II, can lay claim to being successors to no less than Matthew Brady, celebrated Civil War photographer.

In 1862 Brady stood on the deck of the Federal ironclad MONITOR and exposed a photographic plate which was to become one of the first film records in the Navy files. Brady took his historic picture following the battle between the MONITOR and the Confederate ironclad MERRIMAC in Hampton Roads, Va.

During World War II the Navy had 5,000 enlisted photographers, 375 photographic officers and 373 Naval aviators trained in photography. Newest experiments in Navol photography have included work with aerial and underwater television.

REVENUE COLLECTIONS CONTINUE TO CLIMB

With no signs of relief in sight, Texas taxpayers kept feeding Uncle Sam's till during September to the tune of $109,097,551.

Total federal internal revenue collections for the State from July 1 through September 30 reached $241,309,020 to exceed last year's intake for the same period by 5 percent.

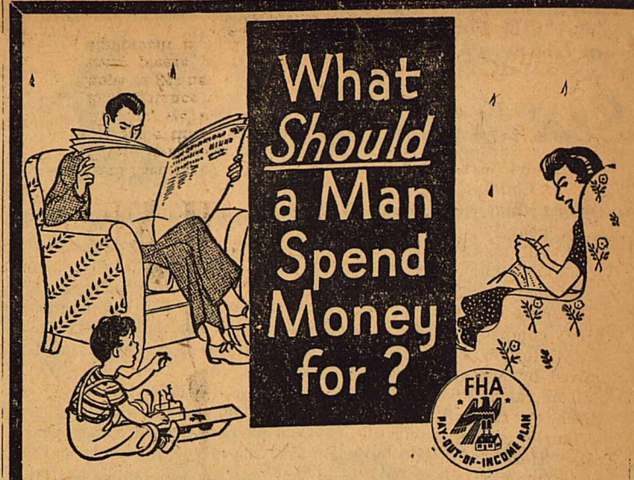

Income taxes slid 4 percent lower than during the three-month period in the 1946-47 fiscal year, but all other kinds of taxes shoveled more money into government coffers. Employment taxes brought in 22 percent more revenue, withholding taxes were up 19 percent, and miscellaneous taxes advanced 7 percent.

Almost as many World War II veterans will be alive at the turn of the 21st century as there are living veterans of World War I today, according to the latest Veterans Administration estimate.

However, although the average age of War I veterans now is approximately 54 years, the average age of the War II yeterans expected to be living in the year 2000 will be slightly over 77 years.

The War II figures come from a projection that VA made to determine what its administrative and operating requirements for these veterans will be in the future.

In 1947, 19.5 million pounds of meat at retail weight were consumed in the United States at an average price of 55.5 cents per pound in comparison with 14 million pounds at an average price of 29 cents per pound in 1937.

Spending for home repairs to prevent property deterioration is a wise investment. Neglect of needed repairs can lead only to a loss which might have been avoided.

It's easy to pay for repairs and property improvements on the FHA Pay-out-of-Income Plan. FHA loans are repayable in monthly payments over periods up to three years and at low rates—$5 discount per $100 per year. No down-payment is required.

Practically any kind of repair and improvement work can be financed on the FHA Plan. Come in for further details.

NEEDED:
SIX HANDS

Every good housewife has been faced with trying to do six things at once—and has found it impossible. We have been faced with the same situation in telephone service. Often, it seems, everyone in town wants to make a call at the same time. Naturally, we can't serve everyone at once. As it is, we're handling a record amount of both local and long distance telephone traffic with limited equipment. We hope to get new supplies to expand our facilities soon. Until then, please understand that you wait only when all our equipment is busy.
